

KNOTT CATTS CATTS KNOTT KNOTT CATTS

EVERY LITTLE RECOUNT HAS A MEANING OF ITS OWN

Table with 2 columns: Recounting body, Count. Rows include From state canvassing board, Clay Co. complete, Marion Co. complete, etc.

In addition, friends of Knott are claiming that there will be gains for him in Walton and in Lee counties...

Attorney Flournoy, for Catts, claims that the gains made by Knott since the state canvassing board acted cannot be counted on account of an alleged plea of res adjudicata...

Gainesville, Fla., Oct. 2.—Judge Wills of the circuit court Saturday overruled the answer filed by eleven sets of inspectors of Alachua county to the alternative writ of mandamus requiring them to recount the vote of this county and issued a peremptory writ ordering that the recount be completed by four o'clock Monday afternoon...

This writ requires the inspector and clerk of precinct number three to count it along with other precincts of the county. Whatever gains Mr. Catts is entitled to in precinct three will be certified along with the other recounted precincts.

Jacksonville, Fla., Oct. 2.—It was announced at Catts' headquarters that the Alachua vote would give Mr. Catts a lead of 48 votes, that is as the returns are to be certified to Tallahassee with only Alachua, precinct included. By recounts in 13 precincts in Alachua Knott gained 21 votes. Recounts in thirteen other precincts are still pending, but will be made today.

Should the votes gained by Knott and Catts since the last meeting of the state canvassing board be counted, the result would put Catts two ahead, the Catts people claim, granting Catts the vote in Alachua precinct.

The Upper St. Johns Wars are sometimes fought for the sake of annexing desirable territory. But in the Everglades and in such extensive overflowed tracts as lie at the head waters of the St. Johns, Florida desires to annex territory which, while it lies within the state limits is not even so profitable now as would be a body of water occupying the same area.

It is the richest of lands, too. For centuries the elements have been adding richness to its soil. The charge is made that Florida lands too often are lacking in humus. Here is abundance of humus, or the decaying organic matter which becomes humus in time. It has been well said that much of the most fertile land in this state lies under water and there is so much of it that general reclamation would naturally increase the potential wealth of the state.

The plans for the reclamation of the lands at the headwaters of the river have been approved by the War Department and promise to add directly an area of 265,000 acres of rich marsh land to the tillable acres of Florida. Three main canals, each 14 miles long, with many feeder canals, will draw the water of this body of land and keep it drained.

They will be of sufficient depth and width to allow of navigation by small craft and thus increase the marketing facilities of future settlers. With other territory made available by this improvement, some 350,000 acres in all, may be brought under cultivation. This is equivalent to nearly one half of the gross area of the state of Rhode Island.—Jacksonville Times Union.

Kannan Editor Moralizes Whenever a town girl gets too proud to marry a man with 100 acres of land and 20 red pigs just because he can't tell the tango from a sloe gin rickey you can set it down as a fact that she will either die an old maid or marry a \$6 a week clerk with a head full of ozone and only one change of holeproofs.

We would rather see her hooked up with some fellow who wears 4 cent overalls and knows when to hit the top of the market than to be yoked to some Cuthbert who plays the mandolin, smokes Turkish Cigarettes and lives off his father's pension. Still, there's no accounting for tastes. That's why they are establishing courts of domestic relations here and there.—Great Bend Tribune.

Notice to Farmers

Mr. Ray R. Flint will address the growers and shippers of Seminole county in behalf of the Farmers' Cooperative Shipping League at the court house Tuesday, Oct. 3rd, at 8 p. m.—All interested are cordially invited.

W. C. T. U. Meeting

The Sanford W. C. T. U. will meet at the Baptist Temple next Thursday afternoon at three o'clock and every member is urged to be present.

CITY SCHOOLS ARE OPEN FOR A NEW TERM

BEST SCHOOLS AND EQUIPMENT AND LARGEST ATTENDANCE

Sanford public schools opened yesterday under most auspicious circumstances in fact it is probably the first opening of the Sanford schools in years when the school board and principal probably knew exactly where they would have room for the children. This is not on account of the attendance, for the attendance this year will be far above any in the history of the schools, but the new buildings that will soon be finished will give the pupils more commodious quarters and the grammar grades that have been occupying the high school buildings will get back into their own new building and the little tots of the west side who have been forced to walk across town now have their own little primary school—a brand new one and all up to date.

The grammar school annex and the new primary will be ready in a few weeks and these new buildings added to what we have will make the Sanford school system one of the most comprehensive and best equipped in the state of Florida.

The schools opened yesterday unostentatiously, the only exercises being at the high school and these were not public. F. P. Forster, chairman of the county school board and C. R. Walker made short addresses to the pupils, followed by Prof. Ezell, who gave a brief review of the school improvements and what had been accomplished in the last year.

In the afternoon the teachers' meeting was well attended and was a general get together meeting at which F. P. Forster and D. L. Thrasher were present and addressed the teachers. This was Mr. Thrasher's farewell to Sanford schools and the teachers and officials who had been associated with him in the school work were sorry to hear of his resignation as superintendent to take up his new duties in the Insurance business in Tampa.

The exact attendance cannot be given today but the figures will be greater than ever before and the opening of the schools marks another epoch in our fine educational system.

PAPER PULP MATERIALS IN FLORIDA

STATE CAN MANUFACTURE NEWSPAPER AND CUT PRICE

Jacksonville, Oct. 3.—In a letter to Cacar T. Conklin of Miami, president of the Florida State Press Association, which has been called in special session here next Friday for the purpose of discussing the acute print paper situation, C. F. Logan, specialist of Washington, D. C., declares that Washington now has, going to waste, ample raw material other than wood pine, to more than supply the publishers of the state with newspaper print paper.

Mr. Logan asserts that an investigation recently conducted in Florida has divulged the information that paper stock made from Florida materials contains more strength than the average newspaper, which contains 20 per cent of spruce sulphite pulp and 80 per cent of ground wood pulp.

At the first announcement of the meeting of publishers to be held in Jacksonville next Friday it was believed that it would be necessary, in the event of the location of a factory in Florida to secure the basic materials from foreign countries. Mr. Logan's suggestion will doubtless receive serious consideration at the hands of the publishers.

THRASHER RESIGNS

County Superintendent of Public Instruction to Leave Yesterday Hon. D. L. Thrasher read the following letter to the Board of Public Instruction for Seminole county:

October 2, 1916. To His Excellency, Park Trammell, Governor of the State of Florida, Tallahassee, Florida:

I hand you herewith my resignation from the office of Superintendent of Public Instruction, in and for Seminole county, state of Florida. Effective this 2nd day of October, A. D. 1916.

Respectfully yours, D. L. Thrasher.

This means that Mr. Thrasher has resigned his office as Superintendent of Public Instruction for Seminole county and that the Seminole school system is to lose one of its best organizers, as Mr. Thrasher has been superintendent since the creation of the county.

Each member of the board expressed his deep regret that Mr. Thrasher had decided on such a course, but wished him all manner of success in his new undertaking. It is understood that Mr. Schelle Maines will have charge of the superintendent's office until the Governor makes an appointment.

Annual Promotion Day

Last Sunday was annual promotion day at the Baptist Sunday school. Quite an attractive and instructive program was arranged for the occasion. Mr. J. D. Jenkins, superintendent of the Sunday school opened the exercises and stated what the day was and its meaning and then turned the services over to Dr. Hyman, the pastor, who after an address to the students and patrons of the Baptist Sunday school, and congratulating the successful ones upon attaining that degree of perfection, where they could be promoted from one department to another, delivered the promotion certificates and diplomas to the successful students. This took considerable time as there were a great many ready for promotion. After the certificates had been delivered to their owners the superintendents of the various departments were asked to go to their halls and there have a social period whereby all people could get acquainted.

The annual promotion day is an event looked forward to from one year to another.

Remember that at the Herald office you can get office supplies, legal blanks, typewriter paper and carbon papers, pencils, pens, tablets, correspondence cards and everything needed. All this material is advancing every day but our prices are the same.

AIR RAIDS CONTINUE IN ENGLAND

ONE BROUGHT DOWN BY GUN FIRE IN LONDON

Paris, Oct. 3.—Following up the advantage gained over the Bulgarians at Kaimaktsalan last night, on the western end of the Macedonian front the Serbians advanced 2 1/2 miles north of the height, and occupied the village of Kotchovic, the war office announced today.

London, Oct. 3.—Ten Zeppelins took part in last night's raid over England. Two of them attempted to attack London. One of them was driven away and the other was reported last night was destroyed. No reports of casualties have been received. Following is an official account of the raid:

Ten airships crossed the east coast last night between 9 o'clock and midnight. One airship approached the north of London at about 10 p. m., but was driven off by gunfire and pursued by aeroplanes. She attempted to return from the northwest, but was attacked by guns and aeroplanes and brought to earth in flames in the neighborhood of Potter's Bar, shortly before midnight.

A second airship attempted to attack London from the northwest and was driven off. Bombs were dropped. No report of casualties or damage have been received.

The remaining airships wandered aimlessly over the eastern counties. In Lincolnshire bombs were dropped promiscuously. Most of them appear to have been dropped in open country without doing damage.

The airship destroyed was of the latest type.

Friends of Count Zeppelin were alarmed when they heard that another airship had been brought down in England last night, says the Amsterdam correspondent of the Exchange Telegraph Company.

The Count intended to take part in the raid, the correspondent cables but a message sent to Germany elicited the information that at the last moment, owing to the persuasion of his family he decided not to join the raiders.

High Noon Wedding

On last Sunday morning Mr. Kias Alliman and Miss Bertha Chesner were united in marriage. The home was beautifully decorated and many friends were present to witness the ceremony.

The service was conducted by Rev. George Hyman, pastor of the Baptist church.

Mr. Alliman is in the employ of the Sanitary Market of this city and is well and favorably known to a large number of friends.

Miss Chesner has a large circle of friends who extend her best wishes.

They will make their home on Union avenue.

Suwannee Farmers Want Grain Elevator

Lack of a market has held corn production in Florida far below what it would naturally be if facilities for distributing the crop were available. Farmers have difficulty in storing corn on account of the weevils and few of them are financially able to build cribs with which to care for large crops. Consequently they have turned their attention to other crops and have allowed outside sources to supply the local demands for corn.

Suwannee county farmers, however are planning to provide accommodations for their corn. They have a large crop this year and are inclined to raise more if they can develop methods of handling it. O. W. Caswell, agent for the University of Florida Extension Division in that county, says that a movement is on foot to build a grain elevator. This should not only take care of the corn and provide a suitable storage place for it until highest prices can be obtained, but it will provide a means of protecting other crops that are attacked by weevils.

There is no reason why farmers in other corn growing sections of the state cannot form cooperative eleva-

tors and warehouse associations and take care of their crops in that way. Cooperative elevators have been successful in the north and west and while the amount of grain to be handled in this state is not so large, the profits which would come to the farmer engaging in such business would be relatively larger owing to the better prices which they can command for their grain.

Substantial Reduction on Pennsylvania Tires

Word has been received by the Wight Grocery Co., local distributors for Pennsylvania Tires that a new reduced schedule of prices covering the entire Pennsylvania Line is effective Oct. 1st, 1916.

Notwithstanding the average high level of raw materials, the large volume for the first eight months of this year, together with saving in cost, has enabled the Pennsylvania Rubber Company to reduce prices on Vacuum Cup, Ebony Tread and Bar Circle Tires and at the same time maintain the established quality.

The reputation of the Company is sufficient assurance that the irrevocable policy of QUALITY FIRST will continue. The reduction will in no ways change this policy.

Pioneer Sells Out

C. A. Reed of this city bears the distinction of being the oldest drayman in the state, being 70 years of age and has been in business of hauling and draying here for 30 years. He sold his business to John Turner this week and hereafter will engage in the business of moving houses, as he feels young enough now to go into something heavy. Mr. Reed is a living example of what the Sanford climate will do toward the preservation of the human.

BOAT WORKS VERY BUSY BUILDING

WHEN BASIN IS FINISHED WILL BE ASSET TO SANFORD

One of the greatest assets of Sanford is the Sanford Boat Works, the firm that recently purchased the old fibre factory and remodeled the building to take care of a fleet of yachts and the manufacture of boats. S. Sherman, the presiding spirit of the enterprise is a boat builder of experience and formerly had a factory at Beresford, but came to Sanford where he could have a larger field. His principal trouble at present is obtaining a dredge that will give him a large basin for the protection of boats from the high winds that sweep Lake Monroe during the equinoctial gales and a safe harbor where the yacht owners can keep their boats during the time when they are not cruising.

The main idea of the move to Sanford was to obtain this basin and it is to be regretted that he cannot get action on this work, although he has hopes that the dredge Standard now at work on the bulkhead will have time to devote to the basin before it leaves Sanford.

The boat works presents a busy scene at present as there are several fine boats in the process of being built, one of them in particular being an elegant pleasure yacht belonging to Mr. Sprague of Seranton, Pa., that will be one of the finest boats on the inland waters of Florida. It is commodious and most comfortable and will have all the modern conveniences. It is called the Frances S. of Sanford and will be a good advertisement of this city wherever it may roam. Another launch is being built for Mr. Wood of DeLand and there are several other launches for local people.

Mr. Sherman would be doing twice as much work if he could be assured of the basin, as this would greatly facilitate the launching of the new boats after they are finished. This factory and the harbor will prove very valuable to Sanford as many of the millionaire yacht owners would winter here if they had proper accommodation for their boats.

Miss Vivian Jones of Orlando was the week-end guest of Miss Virginia Brady, returning to Orlando today.

DRAINAGE PROJECT IS LAUNCHED

CONTRACT FOR DRAINING FLORIDA GROVES PROPERTY AWARDED

Seminole county ranks among the leading counties in the state in the matter of drainage and especially is this true of the section around Oviedo. The large operations in that part of the county known as the Black Hammock finished last year was said to be one of the most comprehensive drainage schemes in the state and another will soon be started near the Black Hammock that will be larger.

The board of county commissioners granted the contract at their meeting yesterday to W. B. Williams of St. Petersburg, the man who drained Black Hammock and made such a good job of it and he has moved to Oviedo and will soon have his men busy on the new tract.

This new project embraces 1300 acres of fine hammock land belonging at present to the Florida Groves Co., who will place it on the market as soon as it is drained and ready for cultivation.

The drainage bonds sold some time ago at par and the money is in the bank ready for the work which will start next Monday.

The bond trustees are O. P. Swope, J. B. Jones and L. A. Sheldon, all good men and true and the work under their supervision will proceed in the proper manner.

The drainage of this fertile hammock land will open up hundreds of small farms where the intensive production of vegetables and the raising of fruits can be carried on with profit for all the willing worker needs in Florida is good land well drained and with water for irrigation and the Florida Groves property has all of these essential points.

Program for Citrus Seminar About Completed

The Seventh Annual Seminar which will be held at the University of Florida, October 17 to 20, promises to be the largest meeting that has been held. The program is about completed and it is more comprehensive and contains a greater number of authorities and exhibits than that of any previous meeting. Fertilizers, standardization of varieties and nursery problems will be discussed—the first day. An attempt is being made to obtain a noted speaker to address the meeting on standardization that day.

The following morning, Wednesday, has been given over to the discussion of marketing citrus fruits. Senator Duncan U. Fletcher will address the growers that morning on how citrus growers can make use of the Federal farm loan act. Citrus canker and eradication work will receive consideration during the afternoon and evening. Every grower should attend the session Wednesday since it will be one of great importance to the industry.

Thursday and Friday will be devoted to diseases and pests and methods of control, especially by spraying. M. B. Walte of the Bureau of Plant Industry will discuss spraying machinery and equipment Thursday afternoon. During his lecture and following it demonstrations of power sprayers will be made.

J. R. Watson, entomologist to the Experiment Station will discuss, on Thursday, a new whitefly parasite, which he has successfully imported.

Uniformity of School Attire

Just on the eve of the opening of the schools over the country there comes a wide and most timely discussion on simplicity of dress in the city schools. It was precipitated by the refusal of two Kansas City girls to attend school because they had no silk stockings to wear, as the others did. The incident led to a general investigation by club women, and they are now discussing the advisability of securing the adoption of a uniform style of dress throughout the schools in order to prevent overdressing and the corresponding humiliation felt by the girls whose garments are not able to array them with the best.

MANY THRONES HANG ON ISSUE OF GREAT WAR

Little Nations of Europe Keep Anxious Eye on Bulletins From Front.

VICTOR MAY UNSEAT ENEMIES

Fate of Portugal, Montenegro, Serbia, Greece, Poland and Other Nations in the Balance—Spain and Holland Happily Situated.

Berlin.—Prince Miguel of Braganza, duke of Viseu, the oldest son of the Portuguese pretender Don Miguel, and husband of the former Anita Stewart of New York, has been appointed an

honorary first lieutenant of the German army, with the uniform of the Sixth Thuringen regiment of Uhlanen. The prince is thirty-eight years old and lives with his father in the castle of Belchenau, Lower Austria. His appointment as a German officer is an interesting event, because Portugal is at war with Germany. It may have political significance.

Ex-King Manuel of Portugal, who lives in England with his young German wife, is enthusiastically supporting the allies in the hope that England and France will place him on the throne of Portugal.

The central powers, Germany, Austria and their allies, are expected to

capture the crown worn by his grandfather.

The marriage of the prince to Miss Stewart took place in Tulloch castle, Scotland, September 15, 1909. If the war ends with a victory for Germany and Austria there is a strong probability that the Austrian heiress may become queen of Portugal.

The extinct throne of the now republican nation of Portugal is not the only one whose possessions hinge directly on the outcome of the great war.

Besides the obvious possibility that the victorious side may unseat some or all of their monarchic enemies, the little nations of Europe have an anxious eye on the war bulletins every day, for their interests are directly affected.

As to Serbia.

The Germans and Austrians have not decided just what they will do with Serbia should they be able to retain their Balkan conquests. Two things are certain. First, Austria will keep a large section of the country and Bulgaria, another large slice. Second, no member of the Karageorgevitch family will be allowed to reign, unless the entente allies win. Probably one of the host of profligate German princelings will get the seat.

In Montenegro the situation is clear. King Nicholas and Crown Prince Danilo have taken up their residence in France. If the allies win they will return to their rocky eyrie. If they lose, Prince Mirko, the king's second son, who is now in Austria and hand and glove with his father's enemies, will be installed at Cetinje.

In Greece, too, King Constantine's tenure depends plainly on the great battles now being fought in the East and West. Greece could never have gained or kept her independence from Turkey without the aid of Great Britain and France.

Constantine has a German wife; indeed, the queen is the Kaiser's own sister. While basing his actions on patriotic motives, the king's course of conduct has all along been marked by hostility to the Kaiser's enemies.

First he refused to come to the assistance of Serbia, as he was bound to do by treaty. He allowed German negotiators full sway in his country.

Next, he mobilized his army, thus kept the majority of the population

Lithuanian sections of the Russian empire, but it is improbable that Germany and Austria will carry self-abnegation so far as to add their own shares in the three partitions of the unhappy nation to the new state. Many candidates for the Polish throne have been suggested. Perhaps the new king will be a Pole, but more likely a German or Austrian of German blood.

If the allies win, Russia will frown upon outside dictation of Polish affairs in the peace conference. She will certainly take as big a share of Poland as she ever had and is likely to grab a little more. But economic reforms have been promised by Russian leaders to the Poles and Russia, unless the functionaries again come into complete control, is likely to grant them.

Sweden is anxious for the success of Germany. Her neutrality has leaned in favor of Russia's enemies. If Rus-

Prince Alexander of Serbia.

support Prince Miguel if he tries to

King of Greece.

sin and her allies win, the czar will laugh at Swedish claims that the Aland islands, lying near Sweden in the Baltic sea, may not stay fortified. If Germany wins, Sweden will be suitably rewarded. It is not thought the entente allies have any idea of unseating the reigning dynasty in Sweden.

Spain and Holland are happily situated in not having incurred the enmity of either of the two powerful groups locked in death struggle. In both countries partisans of the two sides have poured broadsides of ink on each other, but the governments have held the scales fairly even and Queen Wilhelmina and King Alfonso are assured of their positions unless the latter is disturbed by internal revolution due to the economic distress occasioned primarily by the war.

Would Germany, victorious, return his throne to Albert of Belgium? Hardly. If she did, it would be a shadow of his former busy little kingdom. Germany would demand control of the port of Antwerp, the annexation of territory on the east and the autonomy of the Flemish-speaking provinces. If Germany is defeated, Albert's domain and prestige will likely be increased over what they were in that fatal July, 1914.

Ex-King Manuel.

from voting and prevented Venizelos, the popular idol, from taking the place of power which his natural majority of the electorate should give him. In this way the Greek constitution was defied by the king.

The entente powers could not stand this long. They have forced Greece to demobilize. With the soldiers voting, Venizelos is almost certain to return to power in the elections to be held this summer. He desires that Greece assist the entente.

Then Constantine's power will certainly be reduced to constitutional limits and there is fair prospect of his being driven from the throne altogether and probably one of his sons put in his place.

But should the hosts of Germany prevail over their foes, all this will be changed. "Tito," as the Kaiser affectionately refers to his brother-in-law, will be able to impress those Prussian methods, which in his speeches he constantly sets before his soldiers as a model, upon all classes of his population, and the Athens parliament will become a debating society, like the German reichstag.

Buffer Kingdom of Poland. If the Germans win the war they are determined to set up some sort of a buffer kingdom of Poland. This will include the Polish and probably the

DUMB BOY IS NOW NORMAL

His Vocal Organs Are Perfect and He Must Learn to Talk as Baby Does.

Antigo, Wis.—Marvin Worden, who has been unable to talk since he was six years old because of a paralysis of the throat, now has normal vocal organs, according to Mayo brothers, Rochester, Minn.

They found it unnecessary to perform an operation, as the growth that was believed to have impeded his speech is external. His hearing is perfect, but he must learn to talk much as a baby does. Happiness shone on Marvin's face when he learned that there was nothing to prevent him from learning to talk.

He graduated from the eighth grade of the school for the deaf here this year, and an attempt will be made to give him higher education. Marvin was taken to Rochester through the kindness of Mrs. Thomas Kavanaugh, this city. Division Superintendent G. J. Quigley, Northwestern railway, saw that the boy got transportation.

KITCHENER PREDICTED DEATH

Story Told in Paris of How War Minister Said He Would Die at Sea.

Paris.—When Lord Kitchener was in France some months ago, visiting the British front, he met his friend, the naval Captain Testu de Bellecourt, then on service at Dunkirk, whom Lord Kitchener asked to be his special aid if he should need one later during the war.

Lord Kitchener told his friend how a heavy shell had burst close to him while on this visit, but added, "that did not disturb me, for I know that I shall die at sea."

Trust the Cabmen.

I trust a cabinet minister exactly as I trust a cabman. He is a man; and there is no reason to suppose he is mad. He is not generally so entertaining as a cabman; but it happens to be his business at the moment to drive the political cab, and he will not get us through the block any better because I am continually snatching at the reins.—Chesterton.

Speaking of Crop Profit

Net Return	\$1.00
Cost to Produce	.20
Your NET PROFIT	\$.80

You grow crops for net profit. A 700-crate crop grown on ONE acre costs less per crate and makes more net profit than 700 crates grown on TWO acres; you know that. Good commercial fertilizer, rightly used, usually makes the difference between 350 crates, or less, and 700 crates, or more, per acre—the fertilizer cuts down what it costs you to grow each crate!

The better your fertilizer, the more crates you get from each acre and the less each crate costs you. Armour Fertilizer, (the result of more than 30 years' manufacturing experience—25 years in Florida—careful study of crop needs by trained scientists, and the work of a nation-wide organization), makes most crates with biggest cash difference FOR YOU between cost and net return. Make Armour Fertilizer YOUR fertilizer. Booklets free.

An Apron for the Housewife

6882

Bungalow apron of checked percale, closing at the center-back and having sleeves cut in one with the body.

The sphere of this practical model is not limited, however, for the housemaid may use it and surely will like

of plain gingham to correspond with the neck trimming. The apron closes at the back and has a large pocket of self-material.

To reproduce the design in medium size requires 4 1/2 yards 36-inch percale with 1/2 yard of gingham for the trimming. Whatever changes are desired should be made before the pattern is placed on the material. For instance, if a shorter length apron is preferred, cut off from lower edges of the tissue front and back the desired amount. Section "A" containing front back and sleeve in one, is placed on a lengthwise fold of the gingham. This takes up most of the percale, but enough room is left to the right for the piecing for the front, piecing for back strap, pocket and trimming, all except the last named, being laid on a lengthwise thread of material.

The simple instructions for making the apron are easy to follow. Slash through the fold in back from neck edge to large "O" perforation. Lap right back edge on left, center-backs even, and stitch to position at lower edge of slash. Finish for a closing. Next, close the underarm and sleeve seams as notched and adjust trimming piece to position on front and back. Turn hem in lower edge of apron on small "o" perforations.

Now, gather the sleeve along cross-line of small "o" perforations and 1 1/2 inches above. Adjust strap to position over gathers.

Next, stitch a straight band of material to position on upper edge of pocket. This band should be about 1 1/2 inches wide when finished. Adjust the pocket to position on front, upper edge between small "o" perforations. Stitch a straight strip of material to position underneath the apron with upper edge along crossline of small "o" perforations, which also indicate waistline. Either an elastic

TARS IN BROOKLYN'S SPURT

Mowrey and Olson, Cast-Off Veterans, Playing Brilliant Ball in Robinson's Infield.

The Brooklyn Superbas, who seem to be the best bet to date in the National League, are upsetting lots of good dope by playing fast and snappy ball in spite of the several veterans on their pay roll.

Willbert Robinson is highly pleased with the showing made so far this season by his boys, and affirms that they

Ivan Olson.

are now started toward the pennant in too determined a way to be denied.

Much of the pep shown by the Superbas should be credited to Mike Mowrey and Ivan Olson, two veteran infielders, who have been even cast-offs and yet who are skipping about the infield for Brooklyn with a great show of spirits. Much of the enliven-

ment of the rest of the team may be attributed to Mowrey and Olson, who have put almost everyone right up on his toes. Mike Mowrey is also hitting the ball regularly and is climbing toward the .300 mark.

Jake Daubert has been leading the league at the bat and playing his fastest game around first. Zack Wheat, Stengel and Hi Myers in the outfield have given the Brooklyn pitchers the

Mike Mowrey.

most thorough support, though their hitting has not burned up the league. The catching staff, however, has been coming across with some nice, reliable stickwork. McCarty, Miller and Meyers all producing hits that were more timely than brilliant.

Could Find Something.

"I should think you would find it hard to know what to give her for her birthday. She has everything, you know." "Yes, I know; still, there are always some new useless things coming up."—Puck.

Good Stove Polisher.

A piece of burlap is very good for polishing the kitchen stove or range. It does not burn readily, and for that reason is better than flannel or cotton or paper.

The New Note For Autumn

COSTUME 6874 SKIRT 6433

exclusive shops, the next thing to do is look for the new hints in Autumn costumes. Away and ahead of future rivals this costume has put in an appearance. It is fashioned of handsome broadcloth in the rich shade of brown which is to be so fashionable and trimmed with moire silk and braid. The back gore of the gathered skirt is cut in one with the back of the waist and with the sides and front, may be perforated for shorter length to be worn as a tunic. In medium size the costume requires 4 1/2 yards 54-inch material, with 1 1/2 yard lining 36 inches wide for front and back.

The lining should be of satin taffeta and is folded in half so that the two sections of the pattern may be placed upon it, as shown in the cutting guide.

The broadcloth is folded carefully in half for the arrangement of the costume sections. The belt is placed into position first, directly on the lengthwise fold with the lower sleeve section next to it, on a lengthwise thread. The blouse back and back gore comes next, laid on the fold of broadcloth followed by the front gore of the skirt, arranged in the same way. The collar is sandwiched between sections "E" and "G." Along the upper row are laid the side gore of the skirt, the cuff, front of the waist, upper sleeve section and facing, all on a lengthwise thread of the material.

If made of velours or plush this costume may be used until late in the season without an extra wrap. It is equally charming, however, of the soft, shimmering light materials.

The lines of such a frock may be practically straight, with or without belting that does not draw the frock into the figure. There are many such models in serge, but there are even more that, while not fitted or boned, are brought in a little at the waist line by a very narrow waistband or belt or merely by a seam, and blouse

One of the advance fall models in street costumes developed in rich brown broadcloth and trimmed with moire and braid.

When one sees velvet hats of new

Vintage on the fashionable thorough-fares and advance models in furs in just enough for becomingness without sacrifice of trimness.

Pictorial Review Costume, No. 6874. 34 to 42 inches bust. Price, 15 cents.

Scientific Proof of Maxwell Fuel Economy

In a test made by David L. Gallup, M. E., Professor of Gas Engineering, Worcester Polytechnic Institute, a stock Maxwell Touring Car made from 23 to 33.7 miles per gallon of gasoline at speeds ranging from 10 to 35 miles per hour. We reproduce a letter from Professor Gallup concerning this test.

Deferred Payments If Desired

NOTE that no unusual means were employed to get these results. The car used was taken from stock; the test was made with a full load and with top and windshield up; the regular Maxwell carburetor was used. Any Maxwell car is capable of giving this same economy in gasoline consumption. Maxwell operating economy matches its economy in first cost, making it *The World's Greatest Motor Car Value.*

SEMINOLE COUNTY GARAGE

115 MAGNOLIA AVENUE

Maxwell \$595

F. O. B. DETROIT

Fully Equipped—No Extras to Buy

DAVID L. GALLUP, M. E.
Consulting Engineer

Sept. 1st, 1916.

Maxwell Motor Co., Inc.,
Detroit, Michigan.

Gentlemen:-

I beg leave to submit the enclosed blue print giving the results of an economy test made on a 1917 Stock Maxwell Touring Car, furnished by your Boston representatives.

The curve is self-explanatory and needs no discussion other than the statement that the carburetor, which was stock, was adjusted to give the best combination of power, flexibility, speed and economy, for such conditions of touring as would ordinarily be encountered.

In tabular form the results (taken from the curve sheet) are as follows:

SPEED (Miles per hour)	ECONOMY (Miles per gallon)
10	33.7
15	32.7
20	31.2
25	29.8
30	26.1
35	23.0

Respectfully submitted,
D. L. Gallup

ALWAYS READY TO HELP
With the characteristic generosity for which all Florida newspapers are noted when it comes to local boosting, the last issue of the Sanford Herald gives up the entire front page to promoting the building of a much needed tourist and commercial hotel in that city.

THOSE AMENDMENTS
Three proposed amendments to the constitution of Florida will be voted on at the general election in November.

The first reduces the property exemption in case of failure from homestead and \$1000 in merchandise, as at present, to \$500 for widows with dependent families or cripples, and nothing for others.

Another proposed amendment is intended to eliminate the negro from voting. It contains what is known as the "grandfather's clause," which is intended to eliminate the negro, who cannot read or write, and to permit the illiterate white man to vote.

The most important proposed amendment, however, is one relating to reapportionment of members of the house of representatives.

The legislature that shall convene in the year of 1919 and thereafter shall consist of one member of the senate from each county in the state, and of one member of the house of representatives from each county in the state for every ten thousand of population therein, or the major fraction thereof where there may be a major fraction left over after dividing the whole number of population of the county by the number ten thousand; Provided, That each county shall have at least one representative and that no county shall have more than three representatives in the house of representatives.

Notice to Farmers
Mr. Ray R. Flint will address the growers and shippers of Seminole county in behalf of the Farmers' Cooperative Shipping League at the court house Tuesday, Oct. 3rd, at 8 p. m. All interested are cordially invited.

HD

Baptist Church Next Sunday
9:30 Annual promotion day in the Sunday school. A large number of graduates will receive their diplomas. It is hoped that all the members and friends of the school will make a special effort to be present.

11:00 The pastor will speak on the subject, "The Relation of the Baptist Church to the Schools of Sanford." This subject has been chosen on account of the fact that the schools open Monday.
3:30 There will be baptism at Mr. Brisson's pool on Celery avenue. There are two men and three ladies to be baptized.
6:30 The B. Y. P. U. services of the church will be held in their respective quarters.

shall be elected for a term of four years, the term to begin on the first Tuesday after the first Monday in April of the following year, except that when a new county is created, the legislature shall at that time fix the length of the term of the first senator to be elected therefrom, at two or four years with the end in view of keeping the number of old senators in a balance with the number of the new.

Section 3 of Article VII of the constitution is hereby amended so as to read as follows:

"The regular session of the legislature that shall meet in 1917 shall apportion the representation in the house of representatives, as in this article, provided, which apportionment shall be based upon the last census taken by the state of Florida or by the United States, whichever is the last taken, in the several counties of the state, and those that shall meet every ten years thereafter shall apportion the representation in the house of representatives in the manner in this article provided, which apportionment shall be based upon the last census enumeration taken by the state of Florida, or by the United States, which ever is the last taken next before the legislature so apportioning the representation shall convene."

Section 4 of Article VII of the constitution is hereby amended so as to read as follows:

"When any new county is created by the legislature it shall be entitled to one senator and one member of the house of representatives, until the next enumeration provided for in Section 5, of this article, that shall be taken after the creation of the said new county, or until the next census enumeration that shall be taken by the United States of America, after the creation of the said new county, whichever shall the sooner be taken after the creation of said new county, when it shall be entitled to one member of the house of representatives for every ten thousand of population, or the major fraction thereof the same as other counties."—DeLand News.

SANFORD BOY SHOT

Young Henderson Among Those Wounded by Homestead Robbers.

L. H. Henderson, a well known farmer residing on the West Side left yesterday for Miami where he was summoned by wire to attend his son, William, who was recently shot by the bank robbers of Homestead.

At the same time the two brothers of L. H. Henderson, Allie and William were killed and another member of the posse named Williams died later from his wounds.

The bandits robbed the bank of Homestead in broad daylight holding up the employees of the bank with guns and making off with \$6,000 of the bank's money. In the chase after them the Hendersons were fired upon at night from a water tank along the tracks of the F. E. C. Railway and the men were killed and young Henderson wounded. The officials were unable to locate L. H. Henderson until last Wednesday when they wired him to come to Miami. Two of his brothers are there now, joining in the chase for the robbers, but up to this time they have not been able to capture them.

A Farm Bargain

Sanford subsidized lands will never be any cheaper. There are only a few farms now on the market that have the advantages of brick roads, loading station, etc. A. P. Connelly, the real estate man has a ten acre tract three miles from Sanford on brick road and railroad, four acres cleared and farmed, soil in excellent shape for crops, entire ten under fence and ditched and well drained. This farm will be sold in the next ten days or taken off the market. The price will astonish you and terms to suit.

All Schools to Begin Next Monday

The superintendent's office announces that all of Seminole's schools that are not already in operation will begin next Monday. This means that Seminole starts a better and a more systematized school system this year, than has been before, since the creation of Seminole, and if the patrons will lend their hearty cooperation a great work will be accomplished.

Methodist Program for Sunday

Sunday school 9:30 Short, bright service.
What, How, Why. 11. Followed by the Communion.
Senior League 6:30.
Evening sermon, 7:30. Subject, Safety First.
Special music in all the services of the day.

Board of Trade Meeting

The Board of Governors of the Board of Trade met last evening at the Hotel Carnes as is their custom

7:30 The pastor will speak on the subject "Speeding." He wants to hold up the high life of the high livers in Sanford and show that it is destructive and will land the liver in destruction.

Yours truly,
George Hyman, Pastor.

PRESBYTERIAN CHURCH

Night Service Begins at 7
Sunday is Rally Day for the Presbyterian Sunday school and it is hoped that every adherent of the Presbyterian church will seek to be there at 9:45 Sunday morning.

The 11 o'clock service will be a communion service.

The night service begins at 7 o'clock instead of 7:30.

Miss Shelton will play Sunday. This will be her last Sabbath appearance here, as she leaves next week for DeLand.

Dr. H. H. McCaslin will serve as organist from now on. Dr. McCaslin is an accomplished musician and served as pianist to the Y. M. C. A. at Vanderbilt University and for several years has been pipe organist in Sweet Water, Tenn. We are delighted over securing him.

New Bank in Orlando

The Bank of Orange, the youngest financial institution in this county, threw open its doors yesterday morning at 9 o'clock, and from that time after the close of business at 3 p. m., a steady stream of depositors were going in and out of the building.

The officers and every one connected with the bank have a perfect right to feel proud of the excellent showing made, for the first day's deposits totalled the handsome sum of \$53,354.90! There is more in this showing than meets the eye. Here is prima facie evidence of the high financial plane on which the affairs of this solidly founded bank will be conducted.

The officers of the Bank of Orange are especially thankful for the courtesies extended them by the other banks of Orlando.—Orlando Sentinel.

New Theatre in Orlando

A theatre for Orlando is an assured fact as a result of action taken recently by Dr. P. Phillips, promoter of the enterprise. The structure will be located at the corner of Pine street and Orange avenue, on the Phillips, Smith and Happersett lots, with a frontage on Orange avenue of 75 feet and 124 feet on Pine street. The cost of the new play house will approximate \$50,000, with outside capital interested. It will be modern in every respect. Contractors will bid for construction soon. M. S. King is the architect.—Orlando Sentinel.

The Court House Clock Club

It is said that a city, town, community or township can be more up to date than the people that compose it, and this may be true about a county court house—not being no more up to date than the people that work in it. If this be a fact, then a minute can boast of a court house as up to date as the next one, and the people that are in the court house as up to date as any people in any community, etc.

Last Wednesday a petition was circulated among the officials and office forces in the court house with the result that a Court House Clock Club was organized, each person signing the petition agreeing that he would pay a sum per month for the maintenance of a Western Union "correct time" clock, and in less time than it takes to tell it Schelle Maines, who circulated the petition had signed up with the Western Union for a Big New Clock to be installed in the lobby of the Court House. Now all the officers can tell when to go to work, and the other folk can tell when to quit, and do all these things by the correct time.

STANDING
A man's standing in the community is materially secured by his bank account. An account with the PEOPLES BANK means more to you than mere security for your working capital and more than mere checking service.
It means that the POWERS-THAT-BE in the business world have an eye on you and that you are affiliated with one of the strong factors in business progress.
PEOPLES BANK OF SANFORD

each week and transacted the usual amount of business.

The principal matter before the board was the hotel proposition and Mr. Fletcher, architect, was present with his plans and specifications for the inspection of the board. Sealed bids are being received today from local contractors of plumbing, wiring, heating, roofing, etc., and it is expected that by tomorrow evening a definite plan will be completed for building the hotel.

On account of the meeting of the East Coast Chamber of Commerce to be held at Stuart, Fla., on Oct. 10-11 it was decided that the regular October meeting of the Board of Trade be postponed from October 10th to Oct. 17th, one week later. Several of the members expect to attend the Stuart meeting as matters of vital importance to Sanford will come up at that meeting.

Notice Republicans

A mass meeting will be held at the court house September 30th at 2:30 p. m., for the purpose of perfecting the organization of the Republican party in Seminole county. All Republican voters urged to be present. By Order Committee.

C. F. Haskins
B. G. Smith
E. T. Woodruff.

Business Licenses Expire Sept. 30

Please take notice that all business and occupation licenses expire on Sept. 30 and should be renewed at once.

JNO. D. JNKINS, Tax Collector.

Notice to Business Men of the City of Sanford

All business and occupation licenses expire on Sept. 30th and should be renewed at once.

J. C. ROBERTS, City Tax Collector.

Board Meeting

There will be a board meeting at the Woman's Club Monday evening (Oct. 2) at 7 o'clock. All members of the board are urged to attend.

REGISTER! REGISTER!

Democrats who voted in the June primary should bear in mind the fact that registration in the primary books does not qualify for participation in the November election, whether his party affiliation be Democratic or otherwise, must be properly registered in the general registration books.

Persons who registered in the general registration books two years ago, however, are not required to register again this year.

The registration books for Seminole county are now open in each precinct and will remain open until October 14th.

Be sure your name is on the general registration books if you expect to vote in the general election. Register—do it now, before you forget it. 11-6tp

Woman.

A woman may be a fool, a sleepy fool, an agitated fool, a too awfully noxious fool, and she may even be simply stupid. But she is never dense. She's never made of wood through and through, as some men are. There is in woman, always, somewhere, a spring. Whatever men don't know about women (and it may be a lot or it may be very little), men and even fathers do know that much. And that is why so many men are afraid of them.—Conrad.

Imitation Gold.

By combining ninety-four parts of copper and six parts of antimony and adding a small quantity of magnesium carbonate to increase the weight; a substitute for gold is produced. This alloy, it is said, can be drawn, worked and sold for much the same as gold and it also takes and retains a gold polish. It can be made for about 25 cents a pound when its constituents can be bought at normal prices.

Little Happenings—Mention of Matters in Brief—Personal Items of Interest

Summary of the Floating Small Talks Succinctly Arranged for Hurried Herald Readers

Woman's club meeting Wednesday, Oct. 4th. Halsey Heule has returned to Cocoa, after spending a week with his mother, Mrs. Kathryn Heule of the Seminole Hotel.

Get your school supplies at The Herald office. 12-2tc

Mrs. Hall, the popular manager of the Western Union Telegraph Co., has returned from a vacation spent at Jacksonville, Waycross and other points.

Mrs. D. S. Babbitt returned to Sanford Thursday after spending a week very delightfully with her sister, Mrs. B. E. Haley in Kissimmee.

For Sale—Delayed order just arrived—Celery seed American and French. H. H. Chappell, Celery avenue. 7-tfc

Mrs. J. C. Higgins, who has been visiting her daughter, Mrs. H. N. Dickson, returned yesterday afternoon to her home in Sanford. —Orlando Sentinel.

Musson's pool will close on October 1st for the season after a very successful year. Mr. Musson expects to reopen the pool next spring about June 1st as usual.

Buy your school supplies in quantities at The Herald office and save money. 12-2tc

Ernest W. Shepard will leave for Atlanta Friday where he will enter the Atlanta Dental College.

Miss May Holly has returned from Tampa where for the past month she has been the guest of her grandmother, Mrs. E. G. Tyner.

Use Juba Self Rising Flour for delicious hot Biscuits—At all grocers. 6-tf

It would be a good thing for the city officials to insist upon auto drivers to dim their brilliant lights on the city streets at night.

Wallace and Aline Lipford have returned from Memphis, Tennessee, where they visited their sister, Mrs. Gibertson. They will attend Sanford schools to resume their studies.

The 3 in 1 Store is headquarters for work shoes, shirts and overalls. 12-1tc

Clean up campaign Oct. 4-9. Get busy.

Walter Beatty, an old Sanford boy is here for a visit and his many friends are extending him the glad hand. Walter is now residing in Washington, North Carolina, where the Beatty family moved several years ago and is making good. This is not strange for he has always been a hustling business man and would make good if he was dropped in the middle of the Atlantic Ocean.

For delicious hot biscuits use Juba Self Rising Flour—At all grocers. 6-tf

Iowa City is the name of a new town that is in the process of being built near Ovidio on the Ekonlock-hatchee creek. The O. P. Swope Land Co. of Ovidio is placing the new town on the map.

Mr. and Mrs. M. Fleischer and family have arrived home in the city after spending the summer in New York and will be at home at their residence on Tenth street. Mr. Fleischer predicts a good season for Florida and everything in the north

SCHOOL SUPPLIES

We Have Added a Line of SCHOOL SUPPLIES to our Office Supply department and are now prepared to furnish school children

THE HERALD PRINTING CO.

moving briskly but the street car strike in New York is tying up the business greatly and inconveniencing the public. Mr. Fleischer is one of the cash buyers and big shippers of Sanford products and has enough faith in Sanford to own his home and call Sanford home.

Children's gingham dresses, ladies' and children's middies and ladies' skirts, at the 3 in 1 Store. 12-1tc

Comfort Cottage opens for the winter season next Monday and those wishing reservations—for the winter should make them at once as the house will soon be filled.

Comfort Cottage opens on Monday, October 2nd for the winter season and reservations can be made now for the winter season. The hotel is limited and those who come first will be served first.

Use Juba Self Rising Flour for delicious hot Biscuits—At all grocers. 6-tf

Just what the name implies, is the motto of Comfort Cottage and the rule holds good every day during the winter season. You get the conveniences of the home place, the home cooking, the neat, sanitary conditions that are dear to the heart of the home people and the tourists. Comfort Cottage opens a month earlier to accommodate the popular clamor for a real comfortable home.

For delicious hot biscuits use Juba Self Rising Flour—At all grocers. 6-tf

The Sanford fans will be delighted to learn that LaVerne Hurt will furnish the world's series again this year beginning Saturday, Oct. 7th, with the electric effects and the series will be shown on the curtain at the old Imperial Theatre. Seats will be placed in the building to accommodate a large crowd and the enterprise should receive the support of those who are interested. This showing of the world's series shows enterprise in Sanford for only in a few of the larger cities can this same effect be given. Begins Saturday, Oct. 7th.

Messalines, taffetas and silk poplins the same old price at the 3 in 1 Store. 12-1tc

Callie Zim, son of Senator Zim of St. Augustine was the guest of Reginald Holly Wednesday evening, coming over with him Wednesday afternoon and remaining for the dance at Miss Stafford's.

Mrs. Dr. Murphy and two children of Mulberry are spending a few days in the city coming over to attend the Purdon-Grovenstein wedding. Mrs. Murphy has many friends here where she resided for many years. Her mother, Mrs. Purdon of Deland was here also and Mrs. Murphy expects to accompany her home to Deland and spend a few days ere returning to Mulberry.

Use Juba Self Rising Flour for delicious hot Biscuits—At all grocers. 6-tf

Palmer, Wilson, Chapman, Burdick and several other ball players are in the city from the Lake county series and will remain here during the week saying good bye to their many Sanford friends. The boys say they are in love with Sanford and expect to return some time in the near future.

H. B. Mackenson, prominent in the hardware business and also in real estate in Kissimmee was in the city yesterday on business. Mr. Mackenson is still interested in the Sanford Hotel Co., and has other property in this city.

Ladies' velvet street hats, children's corduroy hats for sale at the 3 in 1 store. 12-1tc

The store room in the Peoples Bank building is being fitted with shelving and other improvements being made ready for the J. W. Dickins Shoe Store that will occupy the room about the first of October. This is one of the best locations in Sanford and will make an elegant shoe store.

For delicious hot biscuits use Juba Self Rising Flour—At all grocers. 6-tf

Don't forget to burn up old rubbish preparatory to cleaning up week.

The Herald Printing Co. has installed all kinds of office supplies and pencils, tablets, etc., and solicits your patronage.

Writing ink, stamp pad ink, paste, mullage, fountain pen ink, numbering machine ink, cash register ink, in fact every kind of ink known, at the Herald office. 7-tf

Mr. R. G. Boyd of Charlotte, N. C., arrived in the city Wednesday. Mr. Boyd has been in the custom of spending his winters in Sanford, but comes at this time to invest in some property and possibly to make his home here.

Use Juba Self Rising Flour for delicious hot Biscuits—At all grocers. 6-tf

Rev. Mr. Reid, who supplied the Baptist Temple here during the month of July was shaking hands with his many friends here Wednesday. The young preacher was on his way to Louisville where he ex-

pects to finish his theological course during the winter, and then return to Florida to take up his work as a minister.

Miss Nettie Maines arrived in the city Tuesday and is the guest of her brother, Schelle Maines. Miss Maines expects to teach at Monroes this winter.

Mr. and Mrs. L. A. Brumley are expected home Saturday.

For delicious hot biscuits use Juba Self Rising Flour—At all grocers. 6-tf

R. E. Reddith of the Lake Howell section was a business visitor in Sanford this week. Mr. Reddith has had the contract for the transportation of the school children from Lake Howell to Winter Park for the past five years, and tried to give it to some others of the patrons, but Mr. Reddith has been so pleasing in the exercise of his duty that he was persuaded to take the job for another year.

Frank Durden of Orlando was here on business this week.

Use Juba Self Rising Flour for delicious hot Biscuits—At all grocers. 6-tf

Mrs. H. G. Dieterick and the children are now located in Jacksonville where Mr. Dieterick will make headquarters. He will be in Sanford part of the time as assistant manager of the Virginia Carolina Chemical Co. for Florida.

The many friends of McG. Carraway are glad to see him out again after his collision with the Walker car in which he had his wagon smashed, his horse injured and he was injured so badly that he is now out on crutches.

For delicious hot biscuits use Juba Self Rising Flour—At all grocers. 6-tf

Mr. and Mrs. A. J. Ross, Mr. J. K. Fyke, Mrs. Grace Earl Williams and Miss Ison motored over to Daytona Beach yesterday, spending the day and had a delightful time.

Use Juba Self Rising Flour for delicious hot Biscuits—At all grocers. 6-tf

Mrs. J. F. Karnatz and children have gone to Fort Lauderdale where they will reside, the children starting into school last Monday. Mr. Karnatz will join them in a few days and engage in business at Lauderdale. The many friends of this family hate to lose them from the citizenship of Sanford but wish them success in their new home.

Cut the grass, rake up the backyard and clean up generally.

For delicious hot biscuits use Juba Self Rising Flour—At all grocers. 6-tf

PEOPLE AND EVENTS

(Continued from Page 3)

Delightful Birthday Party. Mr. R. N. Leon delightfully entertained in honor of his birthday on Tuesday evening at the home of Mrs. Fannie Lee. The house was

prettily decorated for the occasion with flowers and ferns, carrying out the color motif of green and pink. Graceful sprays of the Love's vine with roses were used extensively in the arrangement of the rooms.

Punch was served throughout the evening and at the refreshment hour ice cream and cake were served. Dancing, music and games whiled away the pleasant hour evening hours. Mr. Leon was assisted in looking after the pleasure of his guests by Mrs. Lee and her daughters, Misses Laura and Annie Lee. Others present were Misses Alva and Ruth Vaughn, Dottie McIntosh, Edna Middleton, Marie Blake, Abbie Doudney, Vera Woodcock, Ruth Phelps; Messrs. Geo. Huff, James Huff, Harry Cobb, Deams Herring, E. D. Ellis, Arthur Vaughn, Charlie Phelps, Allen and Middleton.

Altar Society Meets. The Altar Society of the Catholic church will meet at the parochial residence at four o'clock this afternoon (Friday).

Home Coming Day and Rally. Home coming day will be fittingly observed in the Methodist church at 11 o'clock on Sunday morning, following the Sunday school rally at the usual Sunday school hour. It is expected there will be a large attendance at both services, for which special programs will be arranged. Rev. F. E. Steinmeyer will preach a sermon appropriate to the occasion. Visitors are cordially invited.

Another Birthday Party. Particularly lovely was the birthday party given by Mrs. Martha Brown on Monday afternoon at the home of Mrs. W. M. Haynes on Sanford Heights. Pink roses and other pink flowers characterized the pretty decorations, the delicately hued tones of the color blending harmoniously with the bright green of asparagus fern which was used in profusion. In the window and in the arch between the living room and dining room hung pink baskets filled with ferns and sprays of pink vine.

The table was a charming bit of Joveliness with its little basket favors tied with ribbons and filled with pink and green candies and centered by the beautiful birthday cake resting upon a pretty white centerpiece edged with pink, and surrounded with the regulation pink and green candies, alternating over the cover trailed the fern. Pink shade-candles were placed at the corners, their rosette glow reflected in the sweet girl faces surrounding the table. Little white booklets tied with pink ribbon to which was attached white pencils with green ribbons were given the girls in which they were told to write extracts from their lives, using only words beginning with the initials of their name. The result was original and amusing. In the contest Ethel Henry won the prize and was given a pair of silk stockings. The advertising contest was also enjoyed. Serita Lake being the successful competitor was presented with a box of correspondence cards. The pink and green tones of the color scheme were carried out in the refreshments. Those present were Ethel and Florence Henry, Serita Lake, Mollie Abernathy, Dorothy Rumph, Perry Lee Bell, Ellen Chappell, Gladys Adams, Margaret Zachary, Julia Zachary, Helen Peck, Helen Shelton, Mary Howard, Elizabeth Steinmeyer and Katie Brown.

Complimentary Dance. A delightfully informal house dance was given on Wednesday evening by Miss Elizabeth Stafford complimentary to Miss May Thrasher who leaves next week for Tampa where the family will reside. This was only one of a charming series of entertainments that are being given in her honor. Mrs. Puleston gave a dance last week also. Those invited to meet Miss Thrasher on Wednesday were Misses Virginia Brady, Fannie Reba Munson, Frances Gonzales, Margaret Wight and Edna Chittenden; Messrs. Ned Chittenden, Allen Jones, Hume Rumph, George McLaughlin, Reginald Holly, Marshall and Carey Zim of St. Augustine. May Thrasher is very popular in the younger society set and will be greatly missed from her accustomed place in the circle.

Personal Mention. Miss Pearl Tillis of Green Cove Springs is the attractive guest of her aunt, Mrs. J. C. Roberts.

Mrs. D. L. Thrasher is the house guest of Mrs. A. P. Connelly this

1908 MILLINERY 1916 Fine Stock in Novelties and Trimmings Arriving Daily - MRS. GRACE E. WILLIAMS 106 East First Street Sanford, Florida

week, and will spend several days with Mrs. B. W. Herndon also, before leaving for Tampa. Mrs. C. A. Smith left Thursday morning for a few days visit to Mrs. D. G. Wagner at Kissimmee. Mrs. J. N. Robson and children returned Tuesday from a delightful summer visit in South Carolina. Mr. and Mrs. H. C. Gerror have returned from a two weeks' sojourn at Daytona Beach. Miss Evelyn Berner is at home again from a visit to Bristol, Va., where she was the recipient of many charming attentions. Mrs. C. A. Smith left Thursday morning for a few days visit to Mrs. D. G. Wagner at Kissimmee. Miss Laura Lee was the week-end guest of Mrs. Alfred Raebaugh of Mt. Dora. Mr. H. B. Rachels left for his home in Georgia on Tuesday, called (Continued on Page 8)

CHANDLER SIX \$1295 The Chandler Leads in Price and Style and Certainty of Service NEVER before has the Chandler leadership been so obvious to so many people as it is now, at the height of the 1916 season. At a time when so many cars are "marked up" a hundred dollars or more, the Chandler leads with the same low price established eighteen months ago. In the midst of a horde of new types and styles of engines, "The Marvelous Motor" leads in certainty of service. Built in the Chandler factory ever since the first Chandler car was marketed, this famous motor—refined, more powerful, more flexible,—still leads most distinctly because free from any hint of experimentation or uncertain theory. And Chandler leads quite as clearly in beauty of body design, refinement of finish in every detail and luxury of upholstery. It is not surprising that many thousands of new owners have joined the Chandler ranks this year. You will be delighted with your Chandler Seven-Passenger Touring Car - \$1295 Four-Passenger Roadster - \$1295 (U. S. D. Cleveland) W. A. STRINGFELLOW AGENT OFFICE B. & O. COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

MONROE ITEMS

Miss Georgia and Lee Walker, Jr. and Alfred Bailey spent a pleasant day at Mrs. Hutchins Thursday.

Mr. Cates has returned from a two months' visit to relatives in Kentucky and his friends are glad to welcome him home.

Mr. Hutchins enjoyed dinner at the home of Mr. and Mrs. J. L. Walker Wednesday.

Rev. Gorbett from near Ocoee preached Sunday morning in the Baptist church at Monroe, and Rev. Jenkins of Eagle Lake preached Sunday night. Mr. Jenkins organized the Christian church here. He is holding a week's meeting at Monroe now. All are invited to hear his most interesting sermons.

We had a very interesting program Sunday evening in our C. E. meeting. The subject was "Christianity and Other Faiths." The president, Mrs. B. F. Hutchins was the leader.

Mr. and Mrs. John Oglesby are the proud parents of a little girl.

Miss Gladys Leinhardt entertained the young people's Crochet Club last Wednesday, at her home on Lake Charm.

A meeting of the Oviedo school trustees will be held Friday, the 29th.

Supt. Thrasher made a short visit to the school last week, and seemed very much pleased with the prospects.

Next Sunday is Rally Day for the Methodist Episcopal church.

WEKIWA AND ETHEL ITEMS

Mr. and Mrs. White moved into the Lee place this week.

Miss Minnie Holiday returned to Winter Park Friday.

Mr. A. L. Woods made Wekiwa a short visit Thursday.

Mrs. Alvin Newcome helped Mrs. E. A. Rush quilt one day this week.

Mr. Martin S. Garwood, who has been staying with Mr. and Mrs. C. J. Vermillion for several weeks leaves soon to work in the packing house.

PAOLA POINTS

Mr. George Garwood is taking a fifteen days' vacation. Mr. L. B. Humphreys of Sanford is in charge of the section during his absence.

Mr. Wm. Hartley of Jacksonville was the guest of Mr. Lester Schmelz for a few days recently.

Mr. Arthur Yowell of Sanford was a guest at the "Turtles" last week. We are glad to see Mr. Frank Brown out again, after being laid up for some day with a siege of boils.

Mr. A. L. Ingesson arrived from the east coast last evening. He will be the guest of A. A. Hicks and family while here.

Miss Sarah Smith left last Saturday to resume her school duties at Sorrento, where she was appointed for another term.

Mrs. Humphrey and baby are here for a few days visiting Mr. Humphreys.

The county is at work on the road between here and Sylvan Lake now, and we sincerely hope they lay the road through to Paola, though it is rumored they are only going to bring it about halfway.

UPSALA AND GRAPEVILLE

Mrs. J. E. Lundquist returned Sunday from a pleasant two weeks visit spent with her son, Hilmer and wife at Ft. Meade.

John Henry, son of Mr. and Mrs. H. G. Lundquist attained his twelfth last Saturday and his mother celebrated it by treat of ice cream and cakes on that and the following day.

N. B. C. GRAHAM CRACKERS

You don't have to coax the children to eat plenty of N. B. C. Graham Crackers. These are not only rich in the nourishment that builds bone and muscle, but their tempting taste makes the little appetites hungry for more.

N. B. C. Graham Crackers added an individuality and nut-like flavor that other graham crackers lacked. This makes them an almost universally popular article of everyday diet.

NATIONAL BISCUIT COMPANY

5c and 10c packages

Mr. and Mrs. Krimling of Monroe spent Sunday with them and his uncle, Mr. Elmer Lundquist, wife and two babies were callers, too.

The family afterwards spent a pleasant evening at the home of the grand parents, Mr. and Mrs. J. E. Lundquist.

Mr. and Mrs. J. A. Thompson, Miss Edna and Master Andrew were Sunday visitors at the home of his brother, Dan, on Celery avenue, calling also at Mr. D. Hart's.

We are enjoying fine fall weather for gardening, cool enough except at noon to make it pleasant to work.

A number of the farmers out our way are making hay, Mr. Walfred Pierson and Mr. Joe Neros among them.

We notice the weather man Hicks advises to prepare for an early winter.

Miss Edna Thompson has been employed this week in town and Miss Mabel Tyner is also away from home.

Mr. Norman Swanson and bride were guests at his parents Wednesday.

Mr. Nelson and sister, Mrs. White of Jacksonville were visitors at -Mr. Mrs. Nils Swanson last week.

Let us make next Sunday a real rally day at our Sunday school at the beginning of the fall work. The time is set for 2:30 p. m. and the collection will go for missionary work.

EAST SANFORD

W. A. Raynor, Sr., has been quite ill at his home on Celery avenue with a run of fever, but is reported slightly on the gain.

Mr. and Mrs. J. F. McClelland have moved back to the farm again from their home on Sanford Heights. They are now occupying what is known as the D. H. Moss house on Railroad street at Moore's Station, Mr. McClelland having recently purchased that place.

The young people gathered at the Sipes' house and had a jolly time dancing last Friday evening.

A neighborhood picnic is being planned for this week Friday at the grounds of Mr. and Mrs. S. A. Huston on Cameron avenue.

The East Side church members and friends are invited to be present at the M. E. church rally day services in town Sunday at morning service.

Rev. Mr. Mickey will preach on Sunday, Oct. 1 in the afternoon at Moore's Station church.

The Misses Gladys and Marian Deitrich were week end guests of Mr. and Mrs. G. C. Chamberlain, leaving with their parents for their new home in Jacksonville on Monday morning in their car.

Miss Callie Grant has returned to her home in Geneva after a four weeks visit with her sister, Mrs. Frank Pitts.

Graham Hunter is entertaining his friend, Joe Barrehill of Charlotte, N. C., who arrived last week.

G. C. McDougal was in Waycross, Ga., on a business trip over Sunday.

Mrs. W. O. Duke chaperoned a gay party of girls Thursday afternoon to the matinee at the Lyric and afterward to an ice cream parlor. The affair was planned as a surprise by Miss Martha Duke for her friends, the Misses Helen Chorpene, Edna Morris, Winnie Knight and Lizzie Flowers and was greatly enjoyed.

Shine Hasty is recovering from a snake bite received one night on a fishing trip. A ground rattler bit him on the side of his foot and young Mr. Wight happening along in his car carried him to Dr. Ste-

vens to be treated. It has been quite serious.

Seminole county is out a fine mule team this week. They lost their footing while at work on the Geneva side of the ferry bridge. The mule slipping and caving in and the poor things were drowned. About the same place Mr. Vaughn lost a mule team two or three years ago and where I. D. Hart's Ford went slipping down the bank this past July 1st. Seems as if some wise head would try some scheme to fix such a dangerous place.

Geneva ferry bridge is receiving a coat of gay red paint.

WEST GENEVA AVENUE

Mr. Fred Mansfield has returned to Tampa after spending several days with his aunt, Mrs. Jack Vaughn.

Mrs. Will Robinson and two daughters, Mrs. A. J. King and little Gladys Robinson and Mrs. Robinson's niece, Mrs. E. O. Whitman were the guests of Mrs. W. N. Culp on the east side Sunday.

Mr. Will Robinson and daughter, Mrs. A. J. King and baby were the dinner guests of Mrs. W. N. Culp Wednesday.

Messrs. Will Robinson and Neal Culp had quite an enjoyable time Wednesday afternoon as they went out fishing near Mr. Culp's home on the St. Johns river and brought home two fine trout, one weighing 8 1/2 lbs. and the other weighing 6 1/2 lbs. That was quite a lucky catch.

Mrs. Ballinger called on Mrs. Jack Vaughn Wednesday.

Mrs. Jack Vaughn and little Gladys Robinson were in town Wednesday attending to a little business and doing some shopping.

We're getting mighty dry in this neighborhood. If it don't rain soon we'll try and hunt a tiger.

The school children are getting busy these days, fixing for school again.

Mrs. Jack Vaughn was the dinner guest of Mrs. Will Robinson Tuesday.

Truck Efficiency

During the course of an efficiency demonstration held recently by motor truck dealers of Los Angeles, Cal., a very remarkable record was hung up by the Smith Form-a-Truck—a device by which any Ford car can easily and quickly be converted into a fully guaranteed one ton truck. This demonstration, according to Mr. J. L. Hurt, local distributor for the device is certain to have a far reaching influence on the motor truck industry inasmuch as it establishes definitely and finally the pronounced superiority of an entirely new method of truck construction.

The purpose of this test was to determine the relative merits of trucks of every size and class. Twelve trucks, all of well known makes, and ranging in capacity from one to six tons, were entered. There were no restrictions—small, and large competed on equal footing, the only stipulation being that each truck should be loaded to capacity and that the contest should include figures on oil

and gasoline consumption in addition to the general mechanical efficiency of the truck itself.

WESLEY BIBLE CLASSES

Great Gathering in Ocala October 10-12—Fine Program

Field Secretary A. H. Cole predicts an attendance of 600 or 800 Wesley Bible Class men and women at the big federation in Ocala October 10-12. There are about 400 classes in Florida and of course every class should be represented. This is a self entertaining body and each class or individual will provide for the expenses of the trip. Ocala hotels will give low rates for the two days. A fine program has been arranged, and a good time is expected. Those who are promoting the federation are leaving nothing undone to make it a great success. Ocala is making preparation for giving these Sunday school forces a cordial welcome. The Sunday school workers, especially those belonging to organized Bible classes, who do not include the federation in their plans will miss the most helpful event of the year.

Emerson's Poetry.

Emerson's poetry is a peculiar subject. Carlyle and Lowell, both eminent critics, did not condemn it, but at the same time they were slow to praise it. Dr. F. H. Hedge, who probably knew more about literature than either of them, considered it poetry of a very high order, and Rev. William Furness of Philadelphia, when someone spoke slightly of Emerson as a poet, exclaimed: "He is heaven high above our other poets."—Frank J. Stevens.

Taking Him Down a Little.

A somewhat conceited clergyman, who was more celebrated for the length of his sermons than for their eloquence, once asked the late Father Healy what he thought of the one just preached. "Well, sir," replied the humorist, "I like one passage exceedingly well." "Indeed, Father Healy, and pardon me for asking which passage you refer to?" "Well, my dear sir," replied the wit, "the passage I refer to was that from the pulpit to the vestry room."

High Standard.

Let us so live that when we are nominated for a public office we shall not have people saying of us that once upon a time we milked a widow woman's cow while the owner was at church.—Dallas News.

A Ford Car and \$350 will Form-A-Truck

THE SMITH FORM-A-TRUCK

Makes a One-Ton Truck When Attached to a Ford Chassis

It Solves The Delivery Problem

Just think of the possibilities of a delivery truck with the dependability, simplicity and low maintenance cost of a Ford and the strength and carrying capacity of a high standard one-ton truck! and at practically One-Half the Cost! It solves the delivery problem for the great mass of retail and wholesale merchants, contractors, etc. in fact all business men who want quick delivery at the lowest economical cost.

Beautiful Home Wedding

The marriage of Miss Essie Purdon to Mr. R. M. Grovenstein which took place Wednesday afternoon at half past two o'clock at the home of the bride's mother, Mrs. J. J. Purdon is surrounded with much cordial interest for both young people are popular with a large circle of friends here and elsewhere. The bride, who is the youngest daughter of Mrs. Purdon is very attractive and possesses a gracious personality and sweet disposition that has won for her an admiring host of friends. The groom is a man of sterling character, held in high esteem in business and by his associates. He holds a responsible position in the mechanical department of the Atlantic Coast Line.

The rooms of the lower floor were prettily decorated with quantities of vines, ferns and cut flowers. In the parlors a color motif of green and yellow prevailed, with overhead adornment of asparagus plumosa and in the further room an arch was formed of bamboo with a background of the graceful sprays of asparagus fern interlaced with yellow daisies. Large, potted ferns were banked beside the arch and to these were attached broad white ribbons, defining the aisle down which the bridal couple passed to be married. Between the parlors in the archway, suspended by ribbon was a fern dish and from this drooped yellow roses and ferns. Yellow roses and almanders, and yellow shaded globes through which the light filtered like sunshine completed the glowing charm of these rooms.

In the dining room pink and white roses were used effectively with the green of vines and ferns. The table on which the bride's cake rested was lovely with roses and pink shaded candles. One felt the exquisite charm of autumn in the hall decorations, for here autumn leaves in their variety of colors were used with pleasing effect.

Miss Margaret Davis played the wedding music which began with Carrie Jacobs Bond's exquisitely tender little song, "I Love You Truly," sung by a group of the bride's girl friends to the piano accompaniment of Miss Davis.

As the strains of Lohengrin's wedding march rang out the bride entered with her brother-in-law, Mr. R. L. Peck, by whom she was given in marriage, preceded by the groom and Rev. E. D. Brownlee. During the marriage service which was read by Dr. Brownlee, using the ring ceremony, Miss Davis softly played "O Promise Me" (De Koven) and while congratulations were being re-

ceived Mendelssohn's wedding march was rendered.

For the wedding the bride wore a handsome tailored coat suit of midnight blue serge. The stylish coat was made belted with inverted pleated back and straight front, finished with deep pointed collar of black velvet and cuffs of same and rows of buttons. The flare skirt was made with girdele top and pleated back. A black velvet Gainsborough hat trimmed with large white bird completed the becoming costume. Bride roses and ferns were carried in arm bouquet.

The beautiful wedding presents of cut glass, silver, china and lines were displayed in the front parlor.

Mr. and Mrs. Grovenstein left immediately after the ceremony for Savannah and Atlanta, Ga., where they will visit relatives of the bridegroom, after which the wedding trip will include cities of the north and east. Upon their return they will reside with Mrs. J. J. Purdon at 510 Palmetto avenue.

Out of town guests for the wedding were Mrs. D. H. Purdon of DeLand and Dr. and Mrs. Murphy of Mulberry.

Miss Robson Entertains

Among the pleasant events of the week was the social rally of the Methodist church, with Miss Sallie Robson hostess, at the home of her brother, Dr. J. N. Robson on Sanford Heights last Tuesday evening. It was conceded to be one of the prettiest and most enjoyable of church affairs in point of sociability and decorations. The attractive home with its large rooms and spacious verandas is so suitably adapted for social entertainments and on this occasion was transformed into a bower of beauty, with brilliant foliage and gorgeous flowers. In the dining room, which was most elaborate a color motif of pink and green prevailed. Windows were hung with draperies of delicate green and pink, with trailing vines, potted plants and pink roses were placed everywhere while the table was a gem of artistic arrangement with its pink shaded candles, roses and ferns. Red and yellow featured the hall decorations and in the library yellow tones were carried out with glowing yellow colors, offset with ferns. The parlor was attractive with blue hydrangeas against a background of green vines and potted plants.

Throughout the evening an enjoyable program was rendered, consisting of vocal and instrumental music and readings. Especially pleasing was the reading "The Song My Mother Loved" given by Miss Robson and followed by the song "The Old Church Choir," beautifully rendered by Mrs. F. E. Steinmeyer accompanied on the violin by Miss Jeanetta Sheldon. Others who rendered delightful selections in music and readings were Mrs. J. K. Mettinger, Mrs. Newton, Mrs. Hoohehan, Mrs. Ray, Mrs. Charles and Miss Lucille Rines. At one period of the evening cards were distributed with four subjects of conversation written upon them, the various groups progressing and insuring a good time for all. To Mrs. Abernathy was awarded the prize for having conversed with the largest number of people, eighty-four in all. She was given a box of Nunnally's sugar plums, topped with a beautiful bouquet of red roses. Reluctantly the guests wended their ways homeward at the close of one of the most enjoyable social affairs of the season.

Luncheon and Cards

Mrs. A. P. Connelly entertained on Wednesday with an informal luncheon and two tables of bridge in honor of her house guest, Mrs. D. L. Thrasher, inviting the most intimate friends of Mrs. Thrasher. Mrs. Frank Miller making highest score at bridge was given a deck of playing cards. The guest of honor was presented with a book. Other guests were Mrs. W. E. Watson, Mrs. B. W. Herndon, Mrs. Galloway Mrs. Puleston and Mrs. Newman.

Spend-the-Day Party

Mrs. C. H. Merriwether and Miss Margaret Davis were hostesses on Monday at an all day party in honor of Miss Essie Purdon, a group of twenty girls and young matrons gathering for the happy event at the home of Mrs. Merriwether. A buffet luncheon was served at one o'clock and the day which was passed in jollity and fun ended with an automobile ride in the late afternoon. Kodak pictures were taken of the group throughout the day, to be kept as souvenirs of the gay little get-together party. Enjoying the gracious hospitality of their young hostesses were Misses Purdon, Nellie Elder, Annie Lea, Caldwell, Lettie

Caldwell, Annet Whitner, Lucy Whitner, Clarissa Starling, Lillian Herring, Muriel Harrold, Ruth Hand, Helen Hand, Adelaide Higgins, Lucca Chappell, Mrs. Ralph Wight, Mrs. Zeb Ratliff, Mrs. Wm. Coulbourn and Mrs. Robert Rowe. (Continued on Page 5)

SQUIRREL SEASON OPENS

Big Game Protected Until Next Month

The penalty for hunting without a license is a fine not to exceed \$100 or imprisonment not to exceed sixty days. Eager nimrods who are already planning for a bit of surreptitious sport before the game season opens are put on notice that the game warden has several little surprises up his sleeve this season for the fellow who is not enough of a sportsman to wait until the season opens. There are other fines and penalties for individual offenses, and altogether the penalties may make a day's sport before the law allows a bit expensive.

The law requires a resident of the county shall pay a license fee of \$1.00 for hunting in the county, and a non resident of the county shall pay a license fee of \$3.00 for each county in which he hunts. Non-residents of the state shall pay a license fee of \$15.00 for each county in which he hunts.

The squirrel season opens October 1, and the quail, turkey and deer season opens on November 20, and closes March 10. Sunday hunting is prohibited and accordingly Monday will be the first day of the small game season.

Reports from the game districts this season indicate that there is an abundant supply, and prospects are good for sportsmen.

500 EXPECTED

At the Methodist Sunday School and Church Next Sunday

The annual Sunday school rally day will be observed at the Methodist church next Sunday morning.

The handsome new oak pews will be in place and other parts of the church will be prepared to care for the large audience expected to be present. The committee on arrangements is at work, and the church will be beautifully decorated.

The under classes will receive their promotions to higher classes and a simple program of songs, etc., will be the features to the Sunday school hour.

At eleven o'clock home coming services will be held. Many of our people are returning and others are coming to our city, who will be welcomed in these sessions.

At the conclusion of the morning hour the sacrament of the Lord's Supper will be administered.

The evening worship will be devoted to a specially prepared program for the young people.

Every Methodist member in the city and community is earnestly requested to attend at least one of the services on Sunday. Bring a friend.

Primary School Protection

For better protection of health of our smaller pupils the school board will use at the coming term a system of entrance cards in the primary schools. One of these cards will be given every child wishing to enter the primary school and the parents are requested to fill out the blanks, giving such information as they have, regarding the child's physical condition, also any information regarding treatment the child has had for adenoids, tonsils, hookworm, etc.

These cards will be filed by the teachers and will give them a valuable line on the individual care for their pupils, from the beginning of the school term.

All modern sanitary devices of the protection of the pupils have been installed in our primary schools now, and if the parents will cooperate, by giving as much information as is requested on the card, it will greatly help the teachers to keep down illness and disease in our schools.

All parents of primary school pupils are urgently requested to give these cards their prompt and thorough attention.

The Board of Trustees, Dist. No. Board of Trustees Dist. No. 1.

TALENT SELECTED FOR OUR COMING LYCEUM COURSE

Attractions For Season of 1916-17 Announced.

ALL TASTES CONSIDERED.

Local Committee Provides Select Year's Program at Popular Prices.

With more than 15,000 Lyceum courses in the United States, averaging five numbers each and attended annually by 10,000,000 people the supply of clean, wholesome winter's entertainment in this country is enjoying a substantial and healthy growth. Thousands of towns and cities have learned from experience that a Lyceum course is beneficial to community life in many ways. Only entertainment which is worth while can grow and stand the test of years as the Lyceum movement has done.

For the coming fall and winter in our community a choice program has been selected by the local auspices, and tickets will be sold at popular prices. A description of each number in this course follows:

Oct. 19th. The Fairchild Quartette will open the course. This quartette has had wide experience and comes at a large cost to the committee.

Nov. 15th. The Famous Make-up man, Mr. Roy E. Bendall will be here and give his entertainment.

Feb. 1st. The Shepherd of the Hills will be read by one of the most famous readers in America, Miss M. Beryl Burkloy.

These three attractions have already been engaged. It is the plan of the committee to add others as the proceeds permit.

Be sure to buy your tickets early. The single admission tickets will be 50 cents adults, and 35c children. Quite a saving by buying the tickets for the season.

Main Food of Asiatics. Fish, rice and vegetables are the principal articles of the Asiatic market basket.
