

Orange Bowl Is Enlarged For State Battle

MIAMI, Nov. 14.—(Special)—Workers are busy enlarging the Orange Bowl to its New Years Day capacity to be able to hold the throng of spectators for Sunday night's championship game between the University of Miami Hurricanes and the University of Florida Gators.

The extra seats will make room for 33,000 fans Saturday night and University of Miami officials expect the stadium to be sold out by game time. A record advance sale for the game has been reported for weeks and since the middle of last week the demand has increased. Lines formed at every ticket sale booth in Miami on Monday several hundreds being in line in several places.

While the Gators are favored to win—but not by their 1940 conqueror of 46-6, the astounding Miami sophomores have caught the fancy of the football public of South Florida in their successive victories to date and they'll be out Saturday night rooting for another such feat of giant killing as took

SEARCH INTERRUPTED

SPARTANBURG, S. C., Nov. 14.—(AP)—A Spartan newboy, after losing a dime in an automobile, searched and searched in vain. Finally he got his hands behind the seat upholstery—and things in that particular crevice were dark. So he struck a match. Events of the next few moments were blurred. But the fire liddle got on the scene in nothing flat.

Nope, he didn't find the dime.

The Bata shoe factory at Zlin, in Moravia, is making only wooden shoes as a result of the leather shortage; this plant once turned out an estimated 170,000 pairs of shoes daily.

place before 26,000 fans two weeks ago at Miami toppled unbeaten Texas Tech.

Miami's hopes may hinge on the might of a scrappy defensive line and the brilliance of Howard Plasmann's punting. While Coach Jack Harding may have some offensive surprises for the Gators, experts don't rate Miami highly on offense.

Plasmann, who has averaged 43 yards on his kicks this year, is a sophomore sensation whose kicking beat Texas Tech.

"Few Irreconcilable" Issues Between U.S., Japan Seen By Envoy

Diplomat Arrives In New York On Way To Conference With American Officials

Washington Takes Pessimistic View

Situation Is Explosive As Far East Diet Holds Meet

Sanburo Kurusu, Japan's special envoy to Washington, today said there were "very few irreconcilable" issues between this country and Japan.

He arrived in New York by plane from San Francisco and planned to leave at once for Washington to confer with American leaders on relations between the two nations.

Asked what he considered to be the outlook for peace, Kurusu said, "a single man's effort is too small in the present situation. We must all pull together."

Diplomatic circles in Washington are pessimistic over the visit of Japan's special envoy, saying previous conversations led to nothing.

In the Far East, Japan's diet met in extraordinary session today to raise new taxes and enact other laws.

The situation in the Pacific is considered explosive.

Deeper, graver Kurusu wouldn't say whether he was optimistic or pessimistic, but commented on typical American that "I have to break through the line and make a breakthrough. I must have a hope (for peace), why do you think I came such a long way?" Kurusu said as he stepped from a Honolulu clipper yesterday.

His visit is the first all-out assistance to my colleague, Ambassador Nomura in Washington. As a diplomat with an important mission, I am not in a position to say much. All I can say is that I fully realize the difficulty of my task."

Later, as he boarded a plane for Washington, Kurusu commented:

"There are many people who for their own advantages, want to bring our two countries into war. But we must look at things from our own point of view. Responsibility must have our own responsibility. It is our own people first, and then to the world. So what ever comes to pass, we should look out for our own good."

Persons in high authority have expressed the opinion that the course of peace or war with Japan rested on Kurusu's forthcoming conversation.

Ernest Krupp, Engineer, Dies This Morning

Services To Be Held For 71-Year-Old Resident Sunday

Ernest Krupp, resident of Sanford and retired Atlantic Coast Line engineer, died suddenly at his home this morning at 1:50 o'clock.

The 71 year old man began his railroad career on the New York, New Haven and Hartford Railroad and entered the service of the Atlantic Coast Line in 1908.

For his perfect record as an engineer, Mr. Krupp received 25 years service pin when he retired in 1932.

Among his other activities, Mr. Krupp for over 20 years held the office of secretary-treasurer of the Sanford Division of Brotherhood of Locomotive Engineers and was awarded the Emblem of 40 Year's Membership in that organization.

He was a member of the Sanford B. P. O. E. for 30 years and recently was elected to serve as trustee of the local Elks Lodge. This brotherhood will conduct the interment service at Lake View Cemetery.

The Rev. Martin J. Bram will officiate at the funeral service. (Continued From Page Two)

J. E. Chandler Dies Following Short Illness

James Allen Chandler, 62-year-old resident of this county died this morning at his home at 701 West Ninth Street following an illness of five months.

Mr. Chandler was born in Madison, Ga., on Mar. 30, 1879 and has lived in Sanford for the past 15 years. Prior to that time he resided in Ocala and Gainesville. He was employed as a salesman and was a member of the Baptist church.

Survivors of Mr. Chandler are his widow, Mrs. Agnes Nettie Chandler; two daughters, Mrs. James H. Pridgen of Orlando and Mrs. C. W. Brown, Jr., of Sanford; one son, Frank Chandler, of Sanford; and two granddaughters, Mrs. Jane Pridgen of Orlando, Florida; and Mrs. Mary Ellen Brown of Sanford; four sisters, Mrs. Emma Morgan of Sanford, Mrs. Mary Morgan of Sanford, Mrs. M. M. Morgan of Sanford, and Mrs. W. E. Weston of Clearwater, S. C.

Funeral services for the deceased will be held at 10 o'clock this morning at the funeral home of J. E. Chandler, 150 West Ninth Street.

Arrangements will be completed by the funeral home of J. E. Chandler, 150 West Ninth Street.

Jaycee Information Booth Opens Monday For Four-Month Season

The information booth of the Junior Chamber of Commerce will open Monday morning at 9 o'clock for a four-month period, to give information to tourists about lodgings in the city and sights of interest in this section. Henry White, Jr., chairman of the booth committee, said today.

Miss Corinne Palmer will be located at the booth and will be open every day from 9:00 o'clock in the morning until 5:00 o'clock in the afternoon. All the information furnished at the booth will be given free of charge. The booth will be located at the corner of West Ninth and West Tenth streets.

The Junior Chamber and the Chamber of Commerce are working to give information to make the tourist's stay in Sanford more enjoyable and profitable.

Here is the U. S. Navy "Prince Charming" who found his "Cinderella" on a park bench in New York. It all began when Willis (Bill) Langford insisted on buying a meal for hungry and homeless Josephine Phillips. She now has a home with relatives and is to wed her sailor "Prince." A Hollywood producer will film the story.

350 Seamen of Three Companies Get Raise

PHILADELPHIA, Nov. 15.—(AP)—Wage increases of \$10 a month for 350 Philadelphia seamen employed by three steamship companies are provided in an agreement with the company announced Friday by Harry Collins, business agent of the AFL Seafarers International Union.

The companies and the number of employees of each affected were the Waterman Steamship Company, 184; the Peninsular-Occidental Steamship Company, 80; and the South Atlantic Steamship Lines, 164.

Collins said the agreement brought the monthly salaries of most men to \$110. Other provisions include 80 cents per hour for work over an eight-hour shift and the women's maintenance. Collins said. The agreement is retroactive to Nov. 1.

Reprisals Occur In Yugoslavia

LONDON, Nov. 15.—(AP)—The Yugoslav Government in exile asserted today that in the past two weeks 1,800 Yugoslav civilians, including school boys, had been shot by German forces of occupation at Engjevac in reprisal for the killing of 26 Nazi soldiers.

Polk Dairies Ask Milk Price Jump

BARTOW, Nov. 15.—(AP)—A delegation of Polk county dairy men Friday urged an increase in the retail price of milk in this area to 19 cents a quart at a hearing presided over by Paul Fitch, administrator for the state milk control board.

Milk has been selling at 16 cents a quart most places in the county, and as low as 14 at some points, but the dairymen said increased costs of production made a raise in retail price necessary.

The board recently granted petitions of dairymen for price increases in several other counties.

Ark Royal To Be Revenged, Say British

Only Two Or Three Men Lost Lives On Carrier, Declares Lord Alexander

LONDON, Nov. 15.—(AP)—Britain's First Lord of the Admiralty, A. V. Alexander, today promised, "We shall avenge the Ark Royal as we avenged the Hood."

Alexander did not elaborate on the statement.

The big battle cruiser Hood was sunk last Spring in a battle with the German battleship Bismarck, which in turn was tracked down and sunk by pursuing British craft.

Alexander disclosed the loss of life aboard the great aircraft carrier Ark Royal would not be more than two or three men.

The 22,000-ton British aircraft carrier Ark Royal, which from the Arctic Circle to the Cape of Good Hope had carried on action against the Axis in honor of the Spanish armada, was sent down yesterday with mortal torpedo wounds.

She was attacked Thursday east of Gibraltar by a submarine—most likely by an Italian submarine although this point was not officially made—while she was enroute to that western Mediterranean fortress. She sank yesterday morning under tow enroute to port while some of her 1,600 men were working to the last, in the best of her traditions for quiet and persistent valor, to bring her safely into harbor.

Elephants' Deaths Charged As Murder

ATLANTA, Nov. 15.—(AP)—Edward Mullins, a Bureau detective, who travels with the Ringling Brothers circus, insisted Friday that the fatal poisoning of 11 elephants in the circus herd was not accidental.

Mullins held belief on a report by Dr. George T. Lewis, assistant professor of biochemistry at Emory University, who examined viscera of the dead elephants. Mullins said.

"The findings by Dr. Lewis bear out our theory that there was too much poison for the elephants to have gotten it accidentally."

Dr. Lewis is continuing his examination, but meanwhile no work was forthcoming as to investigations by circus officials and police. The circus was at Savannah Friday. No other deaths were reported.

Mullins had described the death of the elephants as "mass murder," and pointed out that those poisoned were the oldest and best trained in the big circus herd.

Parole Supervisor Named At Raiford

TALLAHASSEE, Nov. 15.—(AP)—Loris R. Bristol, 29, West Palm Beach, Friday received a provisional appointment as institutional parole supervisor for the Florida Parole Commission at the state prison.

Chairman Francis E. Bridges, Jr., said Bristol was named to the temporary post before the commission's nine supervisors were appointed because of the necessity for getting a parole and probation program under way at Raiford immediately.

The law permits the commission to take 90-day provisional appointments. Bristol has been regional director for the state board of social welfare for three years.

The commission hired Frank Yarnes, Jr., Fort Pierce, at \$100 a month as a clerk to assist Bristol. They will take over their new jobs at Raiford on Nov. 24.

Watson Explains Trade Name Law

OCALA, Nov. 15.—(AP)—Kenneth Ballinger of the state attorney general's office told the Florida Press Association Friday the state's fictitious name law should be clarified by amendments at the next session of the legislature.

Bussell Kay, Tampa, president of the association, said many persons had gained the false impression that the law was promoted by newspapers. It requires every firm not operating under the owner's name to publish in a legal advertisement the names of the owner or owners.

Bear Cubs Die When Deserted By Mother

CINCINNATI, Nov. 15.—(AP)—Death took the second of two polar bear cubs Friday, 43 hours after their birth in Cincinnati's zoo.

Andrew, their mother, had placed them and both were placed in private homes on a special bottled diet of goat milk. The first cub died last night.

Work Continues On Airport In Spite Of Rains

Williams Declares Site Highest And Driest In State

Despite heavy rains work is continuing on the new airport and two draglines are on the job with the men working night and day, Edward Higgins, chamber of commerce secretary, said today.

It can be expected that there will be some puddles on the ground but the men are fast draining them, and we have the highest and driest site for an airport in the state, Fred T. Williams, city engineer, today declared.

Some high water may be expected in the next two weeks on Lake Monroe. Mr. Williams added, since heavy rains on the Upper St. Johns River will begin to make an impression. If the rains are heavy in the localities of Kissimmee and Orlando the drainage will probably reach here by that time, he stated.

Dr. H. W. Ruprecht, of the United States Bureau of Entomology, reported an excess of rain for both this month and last month with a total of almost two inches of rain yesterday. If the weather clears in the future and a cool spell comes the vegetable crop will probably come through all right, he said.

Farmers will have to work their celery now in order to loosen and aerate the ground and the rain will probably wipe out the effects of the different times of planting, through the retardation of the plants, Dr. Ruprecht explained.

Yesterday's rain was the second heaviest fall in this county during the month of November as over an inch and a half fell on Nov. 5, and on two other days almost an inch of rain fell. It was reported.

College Students Ask Dancing Be Allowed

SHREVEPORT, La., Nov. 15.—(AP)—Centenary College students marched 300 strong to the annual Louisiana Methodist conference Friday morning and presented a resolution asking the conference to rescind its action of Thursday forbidding dancing on the college campus.

The demonstration was orderly and none of the students entered the conference hall except a committee.

The resolution pointed out that 75 percent of the students dance and did dance prior to the demonstration. It stated that the students entered the conference hall except a committee.

Legion Groups To Meet On Monday

MEMBERS of the Campbell-Losing Post of the American Legion will meet Monday night at 8:00 o'clock at the Legion Hotel to hear reports on the Armistice Day parade and celebration and make plans for the celebration for next year, Joel Field, post commander, said this morning.

Monday afternoon at 3:00 o'clock a session of the executive committee of the Legion has been called in conjunction with the meetings of the advisory committee of the Sons of the Legion, Mr. Field added.

Time Limit On Merchants' Slogan Contest Is Extended To December 1

The time limit of the Sanford Slogan Contest which is being sponsored by the Merchants Association and scheduled to close Nov. 18 has been extended to Dec. 1 in order to give contestants a longer opportunity to make their entries. Gene G. Baber, chairman of the contest, announced today.

The slogan which is chosen will be used by the Chamber of Commerce, stores, businesses and on stationery of various organizations. The phrase must be not longer than six words, containing what Sanford has to offer to tourists.

According to members of the merchants' group, the main disappointment in the contest is the

Library Moved To Tourist Center In Preparation For Formal Opening

The library of Mrs. Irving Feinberg, who for three years has managed the Sanford "Read Shop," is being moved into the Tourist Center which is located on the shore of Lake Monroe in preparation for the formal opening of the season Monday night when winter visitors in Seminole County, townspeople, who in previous years have participated in tourist club activities, and residents of this vicinity, who are interested in the organization of this year's tourist center, will meet for the purpose of "getting acquainted." The meeting will begin at 7:30 o'clock. Mrs. Maxine Hodgkin, director of the tourist entertainment department, declared today.

Two young women, Miss Helen Tamm and Miss Cornelia Finerman, will assist Mrs. Feinberg in the handling of her library from which townspeople may still rent volumes. The object in moving its location is merely as a convenience for tourists, the librarian pointed out.

Miss Tamm and Miss Finerman will also act as junior hostesses by greeting guests and attending any requests the visitors might make, such as arranging for car games. The recreation director is particularly enthusiastic about the hostesses, prominent women of this city, who will receive guests at the center on the various days when tea will be served.

NEW YORK, Nov. 15.—(AP)—Trustworthy advisers tracing the Associated Press today said France is close to a decision to enter unprovoked into Adolf Hitler's "new order" in Europe.

France, it was said, is seriously considering a signed declaration of adherence to this order as one of several concessions in return for the relaxing of French war prisoners and withdrawal of German troops from most of the now occupied French territory.

The concessions would also call for the use of the French fleet for Axis Mediterranean convoys and the ousting of Gen. Maxim Weygand, commander of Vichy troops in Africa.

ANCESTORS

(From The Providence Journal)
 If resourcefulness is needed, think of Michael Rudolf. Who, accompanied by two henchmen and a coop of poultry, took a British agent in the War of 1812. With gusto and a minimum exchange of bullets.

And if coolness is desired, consider Sarah Chase. Who, opening a clothes press where a thief was hid, said in her Quaker fashion: "Friend, all honest folk should be in bed. I'll light thee out. And didst thou steal?"

WEARING THIN

I have put on my old soldier's coat and will not take it off until we achieve victory.—Adolf Hitler, Sept. 1, 1939.

Oh, Adolf, dear, and did you hear, the old coat's getting shabby. The sleeves are patched, the buttons scratched. The stained lapels are flabby. With lining torn and shoulders worn.

It offers poor protection—If winds should blow the Russian way. From a Northeast direction. Round Leningrad the weather's bad. At Moscow it's terrific. The Baltic port has winter storms. That are not caloric.

Oh, Adolf, please, you must not freeze. Your old coat now discard, sir. Napoleon was a three-wind man. The Russian climate's hard, sir!

ADIN BALLOU

You won't hear so much about "hull until it harts" in this war. With so many people, it harts already.

When we start celebrating Armistice Day II, we hope don't have to be looking forward to World War III.

John L. Lewis could make himself one of the big men of the country by being a little bigger about the coal strike.

If it doesn't stop raining pretty soon, some of us are going to have some sorry looking noses as well as socks, before long.

Bob Swager, former member of the Legislature and Clearwater newspaper publisher, is a candidate for railroad commissioner.

Senator Pepper's reference to "the night" reminds us that the night man will be a candidate for progress—large next year.

How would you like to be a news writer and have tight on your phobias in your head at a moment's notice. That would be a good trade for this world.

If the Junior Chamber of Commerce succeeds in beautifying the front drive, it will have a white contribution for the white town should be made.

The Unfortunate Darky

Seminole County negroes who have heard lush tales of fabulous fortunes from the rich industrial centers of the north should think twice before they begin a similar quest in search of the proverbial pot of gold at the end of the rainbow. Most southern darkies who have migrated north have lived to regret it.

The New York Herald Tribune tells of a current crime wave in Harlem, colored section of New York City, and reports that a group of negro social workers themselves attribute the almost daily killings, robberies and other crimes, "to unemployment, congested and faulty dwelling conditions, inadequate social facilities and cultural isolation over a long period of years."

The Herald Tribune editorially comments that "Living conditions in Harlem are such as to make that region a real focus of crime infection—a major economic difficulties—difficulties which are fundamental to the unhappy conditions that prevail there—may be traced directly to prejudice and intolerance. To achieve any real and lasting improvement greater opportunity must be afforded the negro to earn a living."

This is quite a different picture from that which one ordinarily finds painted by northern agitators for the benefit of the southern negro. Where are the easy jobs at big wages? The swing bands on every corner? The elaborate living quarters with windows, bathtubs and parlors? The night clubs and the high yellow gals? Where is all that easy money to be made by anyone without the aid of pick or shovel?

As a matter of fact all this rarely exists at all in the big cities for the average southern darky. Only those with exceptional talents, or who manage somehow to keep one jump ahead of the law for a short time, ever find living conditions any better in the north than they are in the south. Wages in some instances may be higher, but living costs are higher too and when the job wears out the living costs are still higher.

The average negro is far better off in the South where he is among friends who understand him and his problems and where the climate is much more suited to his nature. The anxiety of those to return who have wandered so far afield is adequate proof of this.

After The War

A review of business developments during the past twenty years, a period now known as the post-war era, brings up the question of what will happen after the present war is over. That it will be an entirely different world from anything we have known in the past goes almost without saying. But how will these changes affect business?

"It is too early today to say what is in store for American industry," wrote Paul Gesner and John Beckley in their syndicated column "How's business?" once the present war rages abroad is over. Businesswise, however, sweeping changes are certain—changes, industrialists say, which will create a better, more comfortable world.

Here are some of the post-war things business planners are anticipating, they write:

1. New low-cost housing—construction of new millions of modern, light, air-conditioned dwellings to fit all types of pocketbooks.
2. Reduction in electric power rates—the result of mass utility plant construction now under way.
3. A new, slightly smaller automobile, to sell under \$500 and travel 60 or 70 miles a gallon on new, more powerful gasoline.
4. Air line travel at rates under present rail fares.
5. Air express shipments at tariffs under present parcel post rates.
6. A plethora of aluminum, selling for under 12 cents a pound, competing with steel and used for such things as ship construction. Because of its lightness, aluminum long has appealed to ship builders as hull metal but steel has been so much cheaper.
7. Broader use of plywood in airplane construction, home building, furniture and, possibly, some automobile parts.
8. Wider use of plastics in manufacture of automobiles, electrical appliances, kitchenware, radios, school equipment, gadgets, arts and decorations.
9. Invasion of steel into the small home building field as a more widely used structural metal. Some construction men predict steel may replace wood as basic beams and rafters in small frame dwellings.
10. Continued low interest rates on borrowing—with the Government broadening lending activities of the FHA and RFC to cover a diversity of personal and corporate needs.

Garden Club Notes

Shorter days and cooler weather naturally mean more time spent indoors. It is fitting, therefore, that some of our gardening efforts should be directed toward brightening up the interior of our homes. We bring in our tender ferns, pot up ivy, start a sweet potato or two in water, and then give our attention to growing bulbs indoors for the joy of having something bloom.

Not all bulbs are suitable for this purpose. When you make your selection be sure to get the variety that has been lighted in the refrigerator for at least a month or two before planting. This will insure that the bulb will bloom in the house.

The Junior Chamber of Commerce is beautifying the front drive, it will have a white contribution for the white town should be made.

"Voodoo" Doctor Found Guilty By Municipal Court

The "voodoo" doctor, E. J. Hall was fined \$35 or 90 days by Judge Miller yesterday afternoon at City Court on a charge of disorderly conduct and drunkenness, when his case was brought before the judge for trial.

The plaintiff, a negro woman, told the court Hall said he could "fix her stomach" and she paid him the sum of \$5 but she complained that all he did was to get drunk each day and "beat her". Hall, pleading "not guilty," did not refer to his "bully" powers and admitted to the taking of the money.

Other cases were as follows: William Cavers, drunk and disorderly, fined \$10 or 10 days; Thomas G. Cavers, drunk and disorderly, fined \$10 or 10 days; and William Cavers, drunk and disorderly, fined \$10 or 10 days.

Choice Of Plants Studied By Club

Mrs. H. L. Covington gave a talk on the wise choice of house plants and their care at the meeting of the Rose Circle of the Sanford Garden Club which was held yesterday morning at the home of Mrs. D. L. Thrasber in Rose Court.

In passing the choice house plants, Mrs. Covington recommended the use of sphagnum moss which retains moisture for several days, rather than soil. Straining the use of citrus trees as house plants, Mrs. Covington named the Calceolonia and kumquat as the most suitable for this purpose.

For the care of the popular maidenhair fern the speaker advised a periodic application of lime for the benefit of the root system, whereas the use of used tea leaves will induce the dark green color and vigorous foliage. If fungus or larvae of insects are found on foliage, Mrs. Covington urged first their removal with a piece of cotton, followed by the spraying of a weak soap and water solution or oil emulsion, which has been diluted with 50 parts of water to one part of emulsion. As a "tonic" the use of castor oil was recommended.

Displaying some of her own plants to illustrate her talk, Mrs. Covington stated in conclusion, "Although flowering plants want to be pot-bound to induce a more profuse bloom, ferns should be transplanted twice a year in order for the soil to remain well aerated. Regardless of how thrifty house plants seem to be, I give them a periodic change in the garden for the essential absorption of oxygen."

Mrs. Thrasber announced the plant sale to be held in the Garden Center, located in the Smith Furniture Store, on Saturday, Nov. 22, from 10:00 o'clock in the morning until 4:00 o'clock in the afternoon. The public has been invited to buy plants, shrubs and small trees at reasonable prices from the Center. A total of 223 plants was reported as being exchanged among the members during the past month.

Mrs. Eador Curlett, beautification chairman, solicited plants for the beautification of the Florida-Lake Wales Highway. Special church services will begin on Tuesday, Nov. 19, and urged anyone having the plants which were listed recently in The Sanford Herald to bring them there.

Mrs. Sadie Brooks, horticultural chairman, gave a talk pertaining to the right soil for the preparation of flower seed beds. She stressed the use of sand, preferably of river banks, mixed with peat humus, also a free of undesirable foreign seeds and porous for the tender root system of young plants.

Present at the meeting were: Mrs. A. A. Newman, Mrs. Thrasber, Mrs. A. Colclough, Mrs. Sadie Brooks, Mrs. J. M. McCaskill, Mrs. J. C. Bills, Mrs. George A. DeCotton, Mrs. James Conner, Mrs. Curlett, Mrs. Covington, Mrs. H. G. Cole and Mrs. J. Dingfield.

State Regent Talks On D. A. R. Work

"We are waving the flag which we carry on the work of the society of the Daughters of the American Revolution," stated Mrs. R. S. Abernethy, state regent of the D. A. R. from Winter Haven at the meeting of the Sallie Harrison Chapter which was held in the Woman's Club on Thursday afternoon.

In waving the flag, Mrs. Abernethy mentioned the work of the D. A. R. in regards to the Red Cross, war relief and the work that is being done on Ellis Island. Mrs. Abernethy told of the "Real Daughters" of the American Revolution in the United States, namely, Mrs. Gregory of Pennsylvania and Mrs. Randall of New Hampshire, who are the only two surviving daughters of Revolutionary soldiers.

The work that is being done by the D. A. R. in connection with soldiers in camps and the education of Indiana was outlined by Mrs. Abernethy who stressed the importance of recognizing American music composers and of marking historical spots in the United States.

The meeting was presided over by Mrs. W. L. Henley, regent of the Sallie Harrison Chapter, who stated that Constitution Day had been observed by the chapter when she entertained at her home with a social meeting at which time a paper on the Constitution was read by Mrs. J. B. Root. The ritual was given by Mrs. J. H. Menick, chaplain.

The meeting was followed by the singing of the "American" and the singing of "America."

Woman's Club Has Benefit Card Party

Members were reminded by Mrs. M. S. Wiggins to bring the gifts for Ellis Island to the December meeting. Mrs. F. Roumillat, chairman of the Founders' Day committee, announced that the marking of the first cemetery in Seminole County would be sponsored by the chapter as its Founders' Day project.

Mrs. Henley thanked the committee on decoration of the float which was entered in the Armistice Day Parade, including Mrs. J. B. Root, Mrs. J. H. Menick, Mrs. J. H. Menick, Mrs. Harry Tooke.

Following the business meeting a tea was given by the chapter honoring Mrs. Abernethy.

Present at the meeting were: Mrs. Henley, Mrs. J. L. Lehman, Mrs. W. B. Kay, Mrs. J. B. Ray, Mrs. W. H. Bellard, Mrs. R. L. Dean, Mrs. J. H. Menick, Mrs. Roumillat, Mrs. W. H. Tunnicliffe, Mrs. W. M. Thigpen, Mrs. P. Campbell and Mrs. L. T. Hagan.

Mrs. John L. Miller was general chairman in charge of arrangements for the party, as stated by Mrs. Earl King and Mrs. Charles Ward. Mrs. W. E. Dodson and Mrs. Herbert Moses were on the prizes committee, and Mrs. C. Higgins, Mrs. Henry Wright, III, and Mrs. Fred H. Williams formed the refreshments committee.

At the conclusion of the game refreshments in keeping with the Thanksgiving theme were served.

Holland Welcomes Talmadge To State

MIAMI, Nov. 15.—(AP)—From Governor Holland himself, Governor Talmadge, of Georgia got official assurance that he is a welcomed visitor in Florida. A Both governors attended a luncheon of service clubs, and Talmadge alluded in a brief address to the controversy over the dismissal of two Georgia College professors.

Because of the controversy, University of Florida students delivered a letter to Talmadge telling him he was unwelcome at the Georgia-Florida football game.

Thursday Holland opened his remarks with the statement: Governor Talmadge always is welcome in Florida. "I must remind you that your own governor was educated in Georgia."

Holland is a graduate of Emory University, Decatur.

New Sherman Action Drama Has Fun, Romance, Mystery

Keeping pace with the changing entertainment tastes is a specialty for veteran producer Harry Sherman. He again demonstrates his ability to season a dish of entertainment for popular taste with the newest of his Hopalong Cassidy productions, "Pirates on Horseback," which comes next Friday and Saturday to the Ritz Theater.

Here is a picture that has a slanting action, the pitched small of a skiff, and gunpowder, and the thrilling scenic spots that fans are accustomed to find in all the Hopalong Cassidy sagas of the sagabush. But it doesn't depend on action thrills alone for its appeal, and favors up the dish with romance and an appealing comedy element.

The story of "Pirates on Horseback" deals with Hoppy's hunt for a gold mine left by a prospector who died to keep the secret of its location. Hoppy's intervention in the case is brought about when Andy Clyde, the grizzled sidekick from Bay 20, learns that he has inherited the mine.

Her 20's cowpokes find an extremely attractive young lady already in possession of the mine. She's one of the heirs of the mine.

and as played by Eleanor Stewart, she proves to be a romantic incentive for Lucky, played by Russell Hayden.

With Lucky mooning over the young lady and Andy Clyde indulging a sudden passion for growing vegetables, the burden of the hunt for the old mine shaft falls squarely on Will m. Boyd's shoulders.

Complications in the story enter in the person of Morris Ankrum. He's the man who recently caused the prospector's murder, but he's been careful to cover up his tracks and he now impresses Eleanor Stewart with his efforts to be friendly.

The plot takes a sudden comical twist when Old Andy Clyde mistakenly starts a fire gold rush. Then William Boyd happens on a strange note left by the dead prospector which puts him feverishly on the trail of the million-dollar mine.

Although Boyd is beset by Western rogues who try to wrest the secret from him, and although the girl, influenced by Ankrum, drives Boyd and his pals away, the mine is finally discovered to furnish a happy ending for the drama.

FRED MACMURRAY, Errol Flynn and Ralph Bellamy watch a comrade in a test maneuver in "Dive Bomber." Starred with these three is Alexis Smith. The picture, filmed in beautiful technicolor, will be shown at the Ritz Theater tomorrow and Monday.

PROGRAM FOR WEEK OF NOV. 16th

"Girl Without A Country" Appearing In "Ice Capades"

Vera Hruba, whose fate as a "girl without a country" thrilled her with deportation proceedings recently and brought her 3000 proposals of marriage in one week from American suitors, combines rare beauty with a notable reputation won in Europe as an ice skater.

Vera, who makes her American screen debut in Republic's production of "Ice-Capades" to be shown Tuesday at the Ritz Theater with Dorothy Lewis and Jimmy Ellison in the lead, was one of America's foremost figure skating stars prior to the recent war. She was born in Praha, capital of the now dismembered Czechoslovakian republic. In addition to receiving her education in that historic city Vera studied eight years in a ballet dancing school.

Her training as a dancer played a major part in the shaping of her career as a top-flight amateur figure skater. This factor, and three years' arduous practice in London under outstanding professional instructors, laid the groundwork for Vera's brilliant rise to fame.

She was featured for a time at the Winter Sport Show held at Madison Square Garden in New York, appearing for six months with an ice revue at the Hotel New Yorker, then joined the "Ice Vanities" and toured with the show. When the Ice-Capades company was formed in the spring of 1940 she was offered a contract as one of the featured stars and promptly accepted.

It was while she was touring with the Ice-Capades company some months ago that she became a cause celebre. As a "girl without a country," immigration authorities ruled that her visitor's permit had expired. When news of her plight became front page news, offers of marriage from American men poured in from every part of the country. The skater's case was taken to Washington, however, and satisfactorily ironed out. In May of 1941 Vera took out her first citizenship papers and she is quite impatient to become a full-fledged American citizen.

General Denies Aim Is Oversea Troops

WASHINGTON, Nov. 15.—(AP)—Gen. George C. Marshall, chief of staff, issued a formal statement declaring "there is no intention whatsoever for the expedition to Africa at this time."

The general was speaking at a news conference after a meeting with the War Department's top officials.

He said the expedition to Africa is a "long-range" plan, and that the War Department is "not at all concerned with it at this time."

Marshall also said that the War Department is "not at all concerned with the possibility of a general war at this time."

General Denies Aim Is Oversea Troops

(War department officials said late yesterday that selective service business and national guard members were being classified as to their willingness to enlist for regular three-year terms in the army and to serve overseas if necessary.)

The total number of deaths from the influenza epidemic in 1940 was 21,000.

Some saw a possibility that the Florida team, rebounding from the chagrin of last week's drubbing, might play the brand of ball which held a strong Miami lineup State, Maryland and Villanova to hard-fought victories.

The other reason, and a more solid one, is the pitching range in the arm of Sophomore Angelo Bertelli, who has completed 62 of 89 passes for 813 yards.

Japan's Destiny

Japan's destiny has, in the last 20 years, tended to indicate a war with the United States. This destiny has come to high marks in the last ten years—since the Japanese conquest of the Chinese province of Manchuria (renamed Manchukuo) in 1931, and the startling incidents within the last four years, namely the sinking of the United States gunboat, the PANAY, and the damaging of another gunboat, the TUTUILA, by Japan's aviators operating in war-torn China.

Japan's destiny leads to one objective—Jap domination of the Far East. This control can be obtained only after the United States and Great Britain are ousted from the Far East. The incidents mentioned in the preceding paragraphs have been "hints" to the English-speaking people to get out of the Orient and let Japan take over. But the Japs have been rebuked in the last few years by stiff resistance from the Anglo-American combine who have made definite treaties to the Nipponese. They are now waiting for an opportune time to strike and strike hard—maybe when the English are at a new low in their war with the German state. Japanese control of the Far East, including the vital Dutch East Indies, is stopped only by recent joint British-American action in stiff warnings to Japan. The Japs feel that they MIGHT jolt the Americans alone, but not the British Empire too.

This destiny has been guided by Japanese leaders—Konoys, Toyoda, Yonal, Matsuoka, Tojo—who have incited toward a dictatorship like that of Nazi Germany and Fascist Italy. Yosuke Matsuoka, former foreign minister, negotiated with Adolf Hitler about Japan's part in the new order and about Japan's possible action against the United States. Matsuoka has been tempted in his actions by an intense hate of this nation. Ex-Premier Prince Fumimaro Konoys, who was less violent in his hopes for Jap control of the Orient, was noted for his Fascist and Nazi leanings, but was removed when he failed to produce action in making a greater Nippon Empire.

Eiichi Tojo, Konoys successor, is known to have a distinct leaning toward Nazi tactics, and is causing much anxiety in this country by his latest actions concerning the United States' aid to Soviet Russia, a traditional enemy of the Japanese empire. Tojo, an army general, has a virtual dictatorship strengthened by army domination. The Emperor of Japan, Hirohito, no longer plays an outstanding part in forming Nipponese action, owing to the increased activity of the army. This dictatorship, Nazi inspired, realizes that Japan's destiny holds in store a battle with the United States. They want to avoid the conflict by bluff if possible—but at the same time are thinking of the complete Japanese domination of the Far East, obtained only through withdrawal of the United States in that part of the globe.

Will the Tojo government risk a battle with the United States? This question may be answered within the next two months with diplomacy, on the part of Japanese ambassador—Admiral Nomura—and American ambassador—Joseph Grew, an important role in this country as well as Japan.

Walter Stovall Placed On Dean's List At College

Walter Stovall who graduated from Seminole High School in 1939, began his college career in September of the same year and deserves state wide recognition for his achievements. He became a member of Phi Eta Sigma, a national honorary scholarship fraternity for freshmen and was also on the Dean's list.

Majoring in chemistry he made a brilliant record and was inducted to an honorary chemical fraternity, Gamma Sigma Epsilon. Also studying Spanish, Walter is being initiated this week to Los Pinos de Goveda, an honorary fraternity for this language. Stovall will graduate in June, accomplishing four years work in three years.

To top it all he has made A's in all his courses. Only two other students, Charlie Sherman, president of the student body, and one Clifton Brown, editor of the campus newspaper, have such a record. We would like to join Walter in saying, "Well done, Walter!"

Class Meeting Is Held By Freshmen

The first class meeting of the year was held at the school on Friday, Nov. 14. The meeting was presided over by the principal, Charles H. Brown, and the students were given a pep talk by the principal.

Sophomores Hold Regular Meeting

The Sophomore Class meeting was held Friday during Activity Period. It was called to order by Hugh Wheeler, the President. Bob Crumley then read the scripture and led the group in the Lord's Prayer. Due to the absence of Martha Perkins from the last meeting, no minutes were read.

Mrs. Callahan announced that a party, followed by a dance, would be given for the sophomore class after football season. Billy Epps, the Freshman Athletic Manager, informed the sophomore boys of a touch football game which was to be played between the freshman and sophomore boys Nov. 13.

Juniors Discuss Banquet Problems

The Junior Class meeting was called to order by the President Helen Hutchison, Friday, Nov. 7, in the club room hall of Seminole High School.

The secretary, Paul Hickman, read the minutes of the last meeting after which Jean Williams gave the treasurer's report. The amount of money needed for the banquet was discussed and it was decided that the class should raise the money by selling tickets.

Seminole High School Glee Club Members Compose Football Songs

Aren't we the smart ones? A few students of S. H. S. have written words for some music. This year the band got a new book of marching music, one of the marches was a Yale song, "Down the Field." This piece of music has such a pretty melody that David Gatchel decided to write some words to it. The song is about our high school and its football team, the Celery Feds. The Glee Club introduced it to the student body in chapel the other day.

The words are as follows: "On brave old Celery Feds Fight on to victory, Break through that forward wall Their strength is steady, We'll give 'em cheer for old Sanford High Our Alma mater, Fight team fight for good old S. H. S. And win this game." As the result of our hard thinking, the Glee Club members composed some words to go with the music. "Someone's in the Kitchen with Dinah." These words were also introduced by the Glee Club and both songs welcomed heartily by the students.

The Glee Club's composition is as follows: "Come along Celery Feds down that line, Come on 'em we'll win this time. Show 'em (waiting team) what we've got, (clap) Our team is really red hot. Fe, fi, fiddly, lo Fe, fi, fiddly lo Fe, fi, fiddly lo Fe, fi, fiddly lo (clap) Our team is really red hot. We've got half-backs, quarter-backs, fullbacks from way back Centers, tackles and guards. And when you see our team, A-crashing down the green, You know that we are gaining yards. They've got muscles like Superman, Heats of all the girls, Good gosh a'righty they're a gift to the world. They're a one letter, go getter, Couldn't ever find better, Celery Fed we're the best, You'd better leave 'em alone."

S. H. S. Ramblings

Drums, flags, floats, and marching feet. The biggest ARMISTICE DAY parade ever, has come and gone and now "TURKEY DAY" is on its way. In tune with the season was a hay ride making its way to SANLANDO—along for the fun were HERMAN BRUMLEY and MARJORIE BURDICK, HELEN HUTCHISON, a "PUZZY" MORELAND; ANN WIGGINS, n' BILLY FLEMING and the "regulars."

MRS. FORT'S BIOLOGY class had no interest for MARJORIE JONES last period Friday, not with FRED DYSON walking outside for her.

It ain't every gal who receives long distance calls and special delivery letters. But "GLAMOR-GAL" CALDWELL receives both from debonair man about GVILLE, GENE HARRISON.

"Here's wishing you many happy returns," MARTHA PAGE. May we drop-in and have a piece of candy from FRANK EVANS!

BO ADAMS up from WEST PALM BEACH, painted "ye ole tavern" red and then came back and striped it. Wow! LEROY HODGE and CONNIE McCALL, K. brought a lovely around the town EVERY SUNDAY AFTERNOON.

"There's nothing like an out of town interest," says VIRGINIA HARRIETT, whose steady CHARLEY BAIRD of PALATKA brought a lovely around the town EVERY SUNDAY AFTERNOON.

LUCILLE HALL has taken a shine to the northern part of the state, specially since her little Tallahassee fellow secured her to the JUNIOR DANCE.

HUDDINUT dunt again! We helped re-bring about the ideal romance between "KNOCK 'EM DOWN" ABE ODEAM and FRANCES DAGUE.

EUGENE PENNINGTON and LOUISE LEVY make a cute couple. Wonder who he doesn't pick on someone his own size.

PEGGY MAYER's brother of MIAMI is here visiting her and has he got all the girls hussling! He also is cute!

KINKIE WIGGINS seems to be just use the old homestead for a stopping place between weekends. Last week it was the G.A.F.L.A. game and this week she's returning the visit of BUSTER PERSONS of KIRKLAND.

Junior High News

The attendance banner this month was again won by Miss Coughton's eighth grade room with an attendance percentage of 98.18.

The girls gym classes have begun a new unit in volleyball. Last Monday the Junior High School chapel program was presented at 10:20 A.M. Miss Hart was in charge of the program.

The assembly first sang the School Song, after which the Star Spangled Banner and the pledge to the flag were given. The announcer, Billy Gray then read the scripture I Corinthians 13 and the assembly then repeated the Lord's Prayer. The assembly was then led in singing some songs by Miss Sharon, after which W. G. Becker, and George Ed-Scirard, and Anne Dunn.

The following recitations were given: The history of the Red Cross Bobo Reed; The history of the Junior Red Cross, Mary Elizabeth Carver; The meaning of the Red Cross as a symbol, George Townsend; How the National Children's Fund is being used, Sally Britton; Louise Clark; Phyllis Allen; Merry Ellen Dugger; Patay Wallace; Anne Lovell; Daphne Connolly; Lillian Boyle; Norma Jean Sawyer then gave a vocal trio "The Rose Of No Man's Land"

On Friday morning, Nov. 7, Mrs. Mitchell's second grade gave a playlet called "The Bookended Book." George Harnden took the part of the little boy who was dissatisfied with his birthday gift—a book. The part of the girl was taken by Ellen Deigert, the announcer was Donna Lee Barber. Book characters who came to life were: Leslie Holcombe, Donna Witte, Marjio Boyman, Bobbie Swain, Joan Humphrey, Anne Whitaker, Betty Walker, Dolores English, Barbara Woolley, Kay Iara Altman, Miss Wheeler, Beatrice Blake, Clarine Rogers, Robert Beckwith, Barbara Wathen, Joanne Wilson, Ronald Taylor, Ada Adams, Donna Lee Harper, Margie Dunlap, Shirley Sims, Marie Haynes, Willy Arvill, Jack Sehnrad, and Anne Dunn.

Everyone enjoyed our holiday on Armistice Day. We all went to the parade and had much discussion about the floats on Wednesday.

The Junior Garden Club was represented by a nice float, representing a garden. Mary Margaret Harnden and Billy Imboden rode on the float. The float was the work of the Junior Garden Club.

Glee Club Members Will Attend All State Chorus

Four members of the Seminole High School Glee Club have been selected to represent this club at the annual all-state chorus held at State University, Nov. 14 and 15.

This state chorus is composed of select singers from the outstanding glee clubs of the high schools of Florida. It is really the biggest event of the year for all Florida vocal people for here the 1942 festival-contest music is studied in preparation for the spring contest in Tampa.

This all-state chorus will be conducted by Florida's finest chorus-director, One of the chief features of the clinic will be a thorough study of the problems involved in choral sight-reading.

The students will leave at one o'clock, Friday afternoon, November 14. The first rehearsal is scheduled for Friday night and all day Saturday. The all-state chorus will close the occasion with a concert at eight o'clock on Saturday evening.

Seminole High School singers who have been selected to attend are as follows: Alma Guntham soprano; Gladys Pippin alto; Clifford Proctor tenor; Orren Farrell bass.

Strange Events Occur In S. H. S.

By Alice Temple

It's a strange world, where many strange things happen in many strange ways to persons in it; and, not to be outdone, Seminole High School witnesses its full share of unusual occurrences every day.

Of course, it's far from unusual to have Romance abounding in a school, but who would believe there was so much romantic Watch in S. H. S. W. Well, Dr. Root's watch has this distinction: being of such romantic inclinations that it HOLDS HANDS (with perfect timing) every time they get within calling distance of each other.

And while on the subject of timing, Earline Kelly didn't have it figured out just right when she tripped on the microphone wire during cheer practice, because Earline's watch, quite near enough to catch her.

What could it have been that made Mary Helen Tow-dell flat in the upstairs hall? Was it that sympathy was needed from Miss Buchanan who was passing just then; or was it that the floor was slippery?

Was Miss Hand's face red? She just couldn't understand why her sixth period class missed so many answers on the Readers Digest true-false quiz. David Gatchel, positive that he couldn't have missed so many, asked for the key and discovered that she had read Whitaker and Patty Hodge seem to be all thumbs and fingers when it comes to playing volleyball. It's terrible! And hand-ganged fingers are so awkward.

The untimely visit of a grasshopper in the fifth period General Science class sent Peggy Stavop scurrying to Mrs. Smith's desk for refuge.

It has just been learned that a certain group of Freshman boys, namely Billy Epps, Charlie Boyman, Frank Robinson and George and Louis Temple, planned to take Home class Economics to learn how to keep house (just like any good boy should do). But after consideration, they decided there were too many girls. Not that they minded that at all, but the girls might show a little bit.

Strange things happen all the time and who can tell what's next?

P. T. A. Meeting For Lake Mary Is Announced

An announcement has been received from Mrs. F. A. Hansen, Lake Mary P. T. A. Publicity Chairman, that a regular monthly meeting of the Lake Mary P. T. A. will be held Thursday, Nov. 20th in the school auditorium at 8:00 o'clock.

Mrs. Hansen urges all members to attend this meeting.

LYMAN SCHOOL

By John Dyer

The Junior Class enjoyed a Halloween party Friday night at the home of Mrs. Marion Thompson. The party was sponsored by their home room teacher, Miss Marchman. They enjoyed games, roasted marshmallows, and motor boat rides in the moonlight.

The Home Makers Club sponsored a box supper at the school house Monday evening. The program for the evening was as follows:

Vocal solo by Dorothy Mason accompanied by Mary E. North. Play, "Two Little Hitch-Hikers," this was a Family Relationship Play. The characters were Jewell Prescott, Eloise Largent, Eddie Meester, Ruth Weaver, and Marion Thompson.

Mr. J. P. Yates auctioned the boxes. The sales amounted to \$14.75.

The new officers of the Home Makers Club are as follows: president, Gwenn Howell; vice-president, Ruth Weaver; secretary, Jean Walker; treasurer, Lois Walker; program chairman, Marion Thompson; entertainment committee, Dorothy Mason and Gathel Eging; Club reporter, Eddie Meester; song leader, Wilda Livingston and Betty Rouben; finance committee, Jewell Prescott and Eloise Largent. The club colors are blue and white.

The juniors are glad to welcome two new girls to their class. They are Mary Jane Smith from Mt. Vernon, Ohio, who comes down to Lyman School every year and Mary Dunn from Orlando High School.

Lyman seems to have had luck with its candidates. The head custodian, Mr. Bedenbaugh fell ill several weeks ago and his assistant Old Tom fell and tore the muscles of his leg so he will not be able to work for several weeks.

The students of Lyman were honored by the "Purr" Animal Show. During his act Mr. Perry produced 12 wild animals that he had trained from babyhood. Some of the most interesting were the ant eater, a pair of gila monsters and a porcupine. It is said that the male porcupine has over 30,000 quills and the female has over 24,000.

Horror! "Spring has sprung! Fall has fell; winter's here, and it's cold as ice." At the Tallahassee-Seminole football game everyone showed up wearing coats and sweaters.

KATHERINE SPENCER wore a gold wool skirt and a green jacket while her cousin, LUCILLE GORMLEY, wore a cute basket of white wool pop-poms.

DAVID JACKSON was cheering with all his might in a white sweater while RAYMOND BEEBE's tan hat is hard to identify.

While in New York this summer MISS STEVENS made money for cold weather by buying a tweed coat, MISS RISER and MISS DUREN had beautiful red hats.

Reading herself before EARL LITTLE LILLY exchanged cheerleading for spectating and she looked scrumptious in a blue skirt, pastel plaid jacket, and a tan pork-pie hat. AUDREY BAUER's multi-colored sweater looked as cheerful as the gray flannel shirt and LOUISE LEVY was a study in black and white in her black coat with white accessories.

Among the cheerleaders at the game were BILLY LOREN MILLAN and CAROL LEE. LOREN was wearing green pants and a red and white sweater. CAROL was wearing a red and white sweater and a red hat.

Chapel Program Is Given By Seminole High Key Club

The Key Club, which is sponsored by the Sanford Kiwanis, was in charge of the regular chapel program at Seminole High School last Thursday, Nov. 13.

Edward Marshall, president of the Key Club, introduced Gene G. Baber, who made an announcement concerning the slogan campaign that is being sponsored by the Sanford Merchants Association.

Olin D. King, who spoke on "National Education Week," was introduced next. The speaker urged the students to get all of the knowledge they can, while they are in school, so that they will be prepared for the future.

At this point in the program, Professor G. E. McKay introduced John Galloway, who has recently been elected to the Seminole County Board of Trustees. Mr. Galloway stated that he will do everything in his power to help the students of Seminole High School get the most from their studies.

Mr. McKay next introduced three representatives of the Campbell-Losing Post of the American Legion. The first two, Joe Field and Ned Smith, thanked the students for the part they played in making the Armistice Parade such a success.

Dr. W. A. Brooks, pastor of the First Baptist Church, was the third representative from the American Legion. Mr. Brooks stated that National Education is sponsored by the American Legion, because they know the importance of the public school system.

The speaker discussed briefly the opportunities of the American youth. He concluded by urging the students to stay in school and get their education. In this way they can help National Defense more than if they were to join the Navy, Army, or Marines.

The remainder of the program consisted of a Major Doves Amateur Hour with Mack Cleveland acting as the Major himself. Gladys Pippin sang, Nell Powell danced, David Gatchel played the trumpet, Robert Evans and Fred Fields played piano solos, and Jack Herring did some swalloving feats.

The first prize which was a year's subscription to the "Celery" and also admission to the Ritz Theater, was awarded to Jack Herring. Jack did many different feats, but perhaps the most difficult one was when he swallowed a 21 inch sword.

The students enjoyed this program very much and they will look forward with enthusiasm to another program sponsored by the Key Club.

Tennis Club Shows Signs Of Activity

The Tennis Club is in full swing now, and the girls can be seen, requests in hand, making their way to the available tennis courts to do their best at winning the tournament.

The most promising team at the time is that of Betty Doris Williams and Mary Jane Robinson, who have won two out of three sets they have played. Her's hoping they keep up the good work.

Four other would-be-champions are Ann Stine and Alice Temple as one team and Shirley Eick and Corral McColl as another, who have won both of the sets which they have played.

Emily Anderson is a new member, taking place as Betty Koo's partner in the stand of Lucena Short, who has moved to Tallahassee.

The games must be played by Dec. 1, so "clear the courts for action."

Senator must be an inhabitant of the state from which he is elected. A Senator must be at least 30 years of age at the time he enters office. They can't have any other titles. The Senators have a term of six years. They meet in the south side of the capitol in Washington. The vice president is the president of the Senate.

The House of Representatives is the other part of Congress. The Representative must be at least 25 years of age at the time he enters office. They can't have any other titles. The Representatives have a term of two years. They meet in the north side of the capitol in Washington. The Speaker of the House is the president of the House.

Crisis In East Reaches Full Pitch With Tokyo Disclosing Demands

Japanese Ask To Be Unrestrained In Working Out Program Of Dominance

British-Chinese Ready For Action

Reversal Of Major U. S. Policies In China Demanded

SHANGHAI, Nov. 17.—(AP)—The Japanese are making it plain they intend to accept no limitations on their freedom of action in the Far East, and to believe some major development either against China or Thailand will occur before the end of November, according to trustworthy reports received here.

The Japanese army in Indo-China is now estimated at 45,000.

WASHINGTON, Nov. 17.—(AP)—A formal conference of the United States and British governments is expected to open today to discuss the war in the Far East.

The war of nerves between Japan and the U. S. and their potential allies is at full crisis pitch today with Tokyo voicing formal demands that Japan be unrestrained in working out a program of dominance in East Asia, while British-Chinese military preparations were under way.

Indian troops arrived today at Singapore to bolster British defenses.

Japanese government leaders called for a reversal of major U. S. policies in the Orient and declared Japan's intention to reach its end. The press took the attitude that everything is depending on the U. S.

Foreign Minister Hirota today said that the time for negotiations with the United States was drawing toward a close and warned that it naturally is a limit to our conciliatory attitude.

After reaching the conclusion in an address prepared for the 25th session of the Diet and distributed throughout the world by Dowry News Agency in French, Japanese official view is the Far East situation.

High school girls from the election class of Mrs. Geo. A. Moffatt presented the program at the Rotary Club today under the sponsorship of Gordon E. Brown. The girls were Miss Elizabeth Fife, Miss Charlotte True, Miss Martha Page, and Miss Anne Sims.

Sanford Negro Asks Roosevelt To Help Him Get Into Army

Sanford, Nov. 17.—(AP)—A Negro man here today asked President Roosevelt to help him get into the army.

The man, whose name was not disclosed, said he had been in the army during World War I and had been discharged because of a physical disability. He said he was now in a state of financial straits and wanted to re-enlist in the army.

Roosevelt, in a letter to the man, said he would try to help him, but that it would depend on the army's needs.

Red Cross Canvas Of City District Has Not Started

Mrs. Mann Declares Work Held Up By Supply Shortage

Men who will canvass the business district of Sanford in connection with the Seminole County Red Cross roll call have not begun soliciting, since buttons, membership cards and other supplies for their use must be received from women workers after covering the residential sections.

Mrs. Roy Mann, publicity chairman of the organization, stated today.

As an explanation of the shortage of supplies, Mrs. Mann said that Seminole County's quota is twice as large as in the previous 24 years and the group had not ordered enough supplies.

Employees of the Sanford Atlantic National Bank have a 100 percent membership, the publicity director disclosed, and she requested that any business organization whose entire personnel has joined headquarters office of First Street.

According to a report made at one of the organization's previous meetings, the Seminole County Chapter of American Red Cross members of last year's 1941, which stayed in the County for running expenses such as telephone stamps, stationery and postage, while various other chapters spend from \$25 to \$50 per month, Mrs. Mann concluded.

Negro workers in the roll call are: J. K. Knowles from Goldsboro, Clara Johnson and Ella Sims from Georgetown. Also assisting in the drive are the city and County colored school teachers and their health nurse, Lois Nettles.

Three Storms Blew During Wind Season

MIAMI, Nov. 17.—(AP)—The 1941 hurricane season, officially over at midnight Saturday, produced only three storms in which winds reached 75-mile-an-hour velocity.

The weather bureau's around-the-clock hurricane warning service, which was discontinued at midnight until next July 15, links numerous coastal stations by teletype to facilitate the exchange of weather data.

Of the three groups of hurricanes intensely, one struck south of Port Everglades, another in Nicaragua and the third tore through the Bahamas Islands before coast.

Although extensive property damage and some loss of life resulted from each of the 1941 hurricanes, none approached in destructive force the storms of some previous years, and none was considered a national disaster.

The first storm for Chinese glider pilots will hold its first graduation exercises this Fall, at Changsha, Hunan province.

Kerch, Entry To Caucasus Claimed Taken

Nazis Announce Success Of Key City To Russian Oil Fields

The Germans today announced the capture of Kerch, eastern Crimea, the gateway to the Caucasus oilfields, opening a probable new theater of action at the southern front.

The Russians described determined counterattacks in wintry weather, throwing back the German drive at Tikhvin, near the Leningrad-Moscow-Archangel railway.

The Germans announced the appointment of Hilary of Alfred Rosenberg to the ministry in charge of civil administration in eastern occupied regions.

Snow and "Napoleon weather" balked the Germans yesterday along the whole Russian front, the Moscow radio reported for the first time the finding of German soldiers frozen to death.

Even the usually boldy Orlov, where Hitler's armies were battling for bitterly defended key points in the Russian outer defenses of the vital Caucasian oil supplies, was blanketed with heavy snow.

On the far northern spines of the front, the fighting in winter outside fighting next to impossible, although a Finnish communiqué said that about 100 fortified Russian positions on the eastern front had been destroyed and reported artillery dealing in various sectors.

German confirmation of the effectiveness of winter's aid to Russia appeared in the meager news of the claims of Soviet defenses and acknowledgment that in many places it was the Reds who attacked.

In the Leningrad area, Germans said they had captured 100 fortified positions around the city, including the important junction 100 miles east of Leningrad.

Another Nazi gain was claimed in Crimea, where the high command said a "tactically defended" fort in the river of Sevastopol defenses fell.

German predictions as to the taking of Sevastopol itself, however, freely made when the Nazis were approaching that dominant haven of the Red's Black Sea fleet, were absent.

Kerch, the Russian port on the eastern tip of the peninsula which could serve as a bridgehead for a water hop toward the Caucasus oil fields, was surrounded by German artillery and bombers but remained in Russian hands.

Severe Curtailment In Steel Production Expected As 53,000 Men Strike

Shortage Looked For In 2 Weeks

Lewis Lays Blame For Walkout On Bethlehem Head

WASHINGTON, Nov. 17.—(AP)—John L. Lewis, former President Roosevelt by letter today the United Mine Workers had refused to accept an open shop agreement in captive coal mines because it would "invalidate" other agreements in operation throughout the soft coal mining industry.

At the time the letter was released, Lewis was telling the U. M. W. policy committee he blamed the present strike in coal pits squarely on President Eugene C. Grace of the Bethlehem Steel Company.

Coal production in the Birmingham area halted today stopping the supply of coal to iron and steel plants in that area, and a severe curtailment of steel production is not more than two weeks off if the strike continues.

Approximately 8,000 captive miners in Alabama did not start work today.

Elsewhere, a survey of strikes in Pennsylvania coal mines showed fewer than 1,000 miners reported at work today.

Union and management negotiators in the captive coal mines yesterday still stalled on the open shop issue, and John L. Lewis, standing firmly on his order for a work stoppage by 5,000 miners, checked the next action up to President Roosevelt and maybe Congress.

With this development, it was apparent that government-labor relations in the light of the defense program had reached a crisis, for the President has cleared only Friday that production from the coal mines—owned by steel companies busy with armament orders—must continue without delay.

Highly valuable elements in an industry-wide strike in the soft coal fields and the possibility of an open break between the government and the U. M. W.

In Detroit yesterday, the executive board of the C. I. O. pledged its unqualified support for the efforts by the United Mine Workers (I. U. M. W.) to gain a union shop in the captive mines.

When yesterday's final and fruitless conference broke up, spokesmen for the steel industry declared flatly that they were "not in our opposition to a closed shop or a union shop."

Lewis, president of the miners, replied just as flatly that since the commercial mines operate under a union shop, which requires all workers to belong to the union, the miners "could not extend special favors to the steel companies."
