## QUESTIONABLE GROUPS ARE BEHIND HARDING COX EXPLAINS THEM

### An Array That Should Bring Blushes To Americans

### ALL REACTIONARIES

**AND UN-AMERICAN, SPECULATORS, PROFITERS WHO WANT MORE WAR TO MAKE MONEY**

(By The Associated Press.)

COLUMBUS, O., Oct. 15.—Vigorous array of the forces he declared were in the opposition ranks was made here tonight by Gov. Cox, speaking at the capital in his home state campaign.

That Senator Harding, his Republican opponent, has behind him "the most motley array of questionable groups and influences that ever were behind a candidate—an array that to survey brings the crimson blush of humiliation to an American," and an assortment of influences that he must begin immediately after the election to repudiate should the unthinkable thing of a reactionary victory darken the happy prospects of a victorious and proud America.

"I assert upon the results of a canvass of these United States from the Atlantic to the Pacific that the reactionary forces do not place dependence for success upon one party—the historic Republican party which the evil influences of 1912 have again captured, and of which they are in full possession.

"I affirm that Senator Harding is the candidate of more than a dozen groups working through the present reactionary Republican leadership. I do this so that the sober thinking elements of all parties may know the uses to which the Republican organization has been put that they may repudiate those who have made of their temple a den of disrepute in the attempt to evade the issue of the League of Nations, and distract the public mind from our unswerving support of peace and progress."

"The Italian party, whose members place a futile Italian imperialism over the interests of this nation."

"The 'low wage' party an organization that wages must come down."

"The suppression party, whose members say or believe that every bit of progressive thought is to be checked."

"The Greek party and the Bulgarian party, with . . . a common purpose to punish those who considered the welfare of the world . . . superior to the claims of nationalistic ambition."

"The Rayonet party, which believes martial law is a solvent for all industrial disputes."

"The National Isolation party, whose object is to secure autocratic position in the world and whose creed is selfishness."

"The Liberty Bond Speculators party, now arranging a sudden coup d'état to the prejudice of the taxpayers."

"The Anti-Federal Reserve Act Party."

"The Profiteer party . . . which seeks . . . to escape payment of tax on incomes swollen by war profits."

"The Anti-League of Nations party, possession a perfect understanding with Senator Harding that he is to scuttle every plan looking to international peace."

"The munitions making party, an organization with a vast propaganda fund . . . ready and eager to embroil the world in fresh wars."

"The Afro-American party, whose sophisticated activity has attempted to stir up troubles among the negroes upon false claims that it can bring social equality."

With these arrangements, Governor Cox said he had NOT made a complete list of the opposition forces, but said that Senator Harding was the candidate of "more than a dozen groups working through the present reactionary republican leadership."

"That the party . . . had been sold to these several designing parties to be prostituted for this campaign" was asserted by the governor. The governor said:

"The campaign for the presidency of the United States has now reached the point where it is possible definitely to get fair appraisement of the forces that are allied on either side behind the candidates. It is well to take stock of these forces and to assess them at their real worth, patriotic or unpatriotic, to measure them as history will measure them, and to assay them in the light of pretensions to a monopoly in Americanism."

"In general, it is not seemly to question the forces arrayed behind one's leading opponent, but I deem this to be an instance in which there is a right to examine them carefully, and I say this because I have had no hesitancy in granting to my opponent full and free opportunity to examine the forces and influences behind my own candidacy. My nomination came in the open convention, as the result of the free choice of delegates there assembled. I was not nominated at any 2:11 a. m. conference in a smoky room of a hotel suite, and I am perfectly willing that the forces endorsing my candidacy be examined and compared with those behind the reactionary candidate as part of the issue of this campaign."

"I am, however, more interested in the groups of forces that have been allied rather than the individuals themselves."

"With this preliminary I assert candidly, rather with sympathy and

## NEWS OF WOMANS CLUB

### Social Department Holds First Meeting Of Season

#### SOCIAL DEPARTMENT

The social department of the Woman's Club held the first of the fall meetings, Tuesday afternoon, with an unusually large attendance for the opening meeting.

Mrs. A. P. Connelly, the new chairman of the department, made the membership—and it was a distinctively membership meeting—feel her enthusiasm in the short inspirational talk in which she presented the plans and programs for the year.

An important motion unanimously carried was "that each member of the department who will be unable to attend a meeting, will notify the hostess of the day to that effect."

In the social department, especially where tables are arranged for bridge and refreshments are served, it is essential that the hostess be notified and with the duties devolving upon her as entertainer, it should not be expected that she will call up each member to ask if they will be present. It is not supposed that members should require invitations to department meetings. Having joined the club, with the year books at hand, there is no reason why a member of any department should fail in her duty or the obligation she has assumed, without a good and reasonable excuse for staying away.

Mrs. Connelly was also hostess for the afternoon and at the close of the business meeting an interesting game of bridge was enjoyed and a fruit salad course was served at the refreshment hour. Top score was made by Mrs. B. W. Herndon to whom was presented a lovely basket of roses. Autumn flowers decorated the club room.

Mrs. Connelly was assisted in the discharge of her social duties by Mrs. R. C. Bower and Mrs. D. P. Drummond.

Mrs. S. Puleston will be hostess of the dance, October 20th.

Literature and Music Departments.

About midway of the club year of 1919-20 the Literature and Music departments of the Woman's Club decided to hold their meetings together thus hoping to secure a better attendance of the members of the department, and thereby create a more active interest. The plan worked admirably, the attendance did increase and the joint programs were wonderfully pleasing. Having tested successfully the new line of departure, the same plan is in operation for the 1920-21 programs. The first regular meeting of the two departments was held Wednesday afternoon with Mrs. A. M. Phillips, chairman of the music department, graciously presiding.

The meeting opened with a few pleasing words by the chairman, who announced the topic of the afternoon to be "Vacation Echoes" and that the study of the Literature department for the year would be "Florida," the Music department co-operating with music and songs by Florida composers.

The first musical number on the program Wednesday afternoon was "Florida, My Florida." Most delightfully rendered by the music department quartette, Mrs. Phillips, Mrs. Ed. Higgins, Mrs. Frank Woodruff and Mrs. M. A. Maines. Mrs. Bob Walthour was the accompanist.

This was followed by vacation echoes from Mrs. L. R. Phillips, Mrs. A. D. Key, Mrs. Stella Arrington, Mrs. W. L. Morgan and Mrs. W. B. Blackman representing the literary department, the meeting being thrown open to all present.

Mrs. Phillips gave a pleasing talk on her two weeks trip down the East Coast, including delightful reminiscences of a premier trip twenty-five years ago, and drew realistic and graphic comparisons between the Miami and Plant City of the "then and now."

Mrs. Key made one enjoy with her the delights of her vacation spent in Virginia with her, one visited Richmond, the White House of the Confederacy, enjoyed the museum, Lee's chapel, the natural bridge and in fancy, saw the statues of Lee and of Washington, the latter sculptured from the living model; "Monticello" the home of Jefferson and the University of Washington and Lee. Beautiful scenery and amusing little anecdotes of the state, its people and of individuals found a place in the charming recital.

In the salmagundi of Mrs. Arrington's interesting Chautauqua experiences, bits of play and work interspersed with educational treats and rare opportunities to enjoy one's own particular hobby or lecture and to meet prominent and eminent people in the various departments of life. In answer to a question, Mrs. Arrington replied that she had met and heard Mrs. Thomas G. Winter, president of the General Federation, with whom she was most favorably impressed, giving as her opinion that Mrs. Winter would make an ideal president.

Mrs. Morgan, president of the local club, had spent her summer touring her home state, Florida, and spoke briefly on the pleasures of the trip and emphasizing a delightful visit at Miami with Mrs. John W. Dickins, the former popular president of the Sanford club.

Mrs. W. B. Blackman closed the vacation echoes with a pleasing little talk on the delights of spending one's vacation at home on a ranch and touched briefly on the good things in store for those who would attend the Federation meeting at Tallahassee next month. Included on the ex-

cellent program would be a play, presented on the closing night, written by Mrs. Edgar Lewis, former beloved president of the Florida Federation, in which members of the Federation would take part.

The enjoyable program was concluded with a charming little song, "The Kiss in the Rain" by Mrs. A. M. Phillips. There was a good attendance of the members of the two departments which sustains the faith of the officers in believing that this is going to be one of the most successful years in the history of the Club.

The music department held its business meeting immediately after the conclusion of the program at which time the election of the present officers was ratified. The official personnel of the department includes: Mrs. A. M. Phillips, chairman; Mrs. Gwynn Fox, vice-chairman; Mrs. Vance, Douglas, secretary-treasurer; Mrs. Frank Woodruff, house committee; Mrs. Schelle Malnes, chairman of finance. The treasurer was instructed to pay into the general club fund, ten dollars on expenses.

If the optimistic plans of the department are carried out with the enthusiasm of their earnest leader, there will be programs throughout the year of unusual interest and "something different" will be an additional WOMAN'S CLUB—GAL TRO.

ed attraction to develop and hold the interest of not only department members but of the entire club.

There is wonderful musical talent and ability represented in the club membership, vocalists, pianists, violinists, cornettists and other musical instruments have their talented players. Every musician who is a member of the club should and ought to be a member of the music department. Think it over, you musicians and help to build up the finest music department in the Federation. It can be done and what do you think of a club orchestra, as well as chorus, quartettes, trios and all the rest of the musical combinations. Let's begin and do it right now.

LOOKOUT CLUB ENTERTAINED

John Russell entertained the Lookout Club at his elegant new home on Union avenue on Wednesday night and having one of the finest homes in the state and being one of the best entertainers in the city the Lookout Club had the time of their young lives and at an early hour (in the morning) bade their genial host "bon jour" and then some, with the feeling that they had enjoyed the evening to the fullest. Music and dancing and a general good time had to pass the hours all too quickly and a delicious luncheon was served during the evening. Among those present were the following: Mr. and Mrs. J. S. Wilson, Mr. and Mrs. D. C. Marlowe, Mr. and Mrs. John Smith, Mr. and Mrs. Dan Smith, Mr. and Mrs. Ed. F. Lane, Mrs. S. M. Lovd, Mr. and Mrs. Reg. Holly, Mr. Archie Betts, Mr. Clarence Mahoney, Mr. and Mrs. B. L. Perkins, Mr. and Mrs. Chas. Britt and Miss Brain.

CONSIDERABLE INTEREST  
BEING TAKEN IN ARMISTICE  
DAY PREPARATIONS

At last night's meeting of the American Legion, the members of the local post showed that they were prepared to make the Armistice Day celebration just about the biggest event that Seminole County has enjoyed for years.

Hudson Barr will be in charge of the army dinner to be served on that day and he with his force of K.P.'s are going to put on a good feed for everybody at a nearly unheard of price in these days of the H. C. L.

Arrangements were made last night to secure a prisoner of war under the escort of an M. P. who will appear in the parade. Watch for him!

The tug-of-war between the army and navy will offer a new phase of that time honored sport. We promise you that it will be a real fight, for the teams will have an incentive to win that will be quite different from any prize that can be given.

Come and see something new in the tug-of-war!

### GATOR GRABS MAN'S FOOT; HOLDS ON UNTIL IT IS BEAT TO DEATH

(By The Associated Press.)

CAMP WALTON, Oct. 14.—Harrison Davis, 28 years of age, is reported to have had a narrow escape from a horrible death a few days ago while assisting in floating some ties down East river. The young man is the son of the aged couple who were murdered by the Blackwell brothers and Will Boyd, the man who recently was sentenced to lifetime in the state penitentiary.

Young Davis lost his balance and fell into the water and was horribly mangled when an alligator seized one of his feet and held on. The foot, however, was protected by a stiff shoe, but at that it was badly lacerated by the alligator's teeth before the young man was free. When he found that he was in the grasp of an alligator he called to friends, and the latter, who were engaged in the cutting work, grabbed Davis by the shoulders and attempted to shake loose the alligator, all to no avail. The boat was hurriedly rowed to the shore, the alligator still clinging to the foot, and even after the victim of the gator was taken ashore the alligator still held on and kept tight hold until actually beaten to death. It was then ascertained that it was more than eight feet in length.

This is the only instance in a long time, it is stated, where an alligator had seized a human being. Pigs and dogs, however, very frequently fell prey to the hungry reptiles in this section, and it appears that dogs are the favorite morsels for the larger alligators.

## Making Body A Chamber of Commerce With a

### PAID SECRETARY

AND EVERYTHING THAT GOES WITH A REAL CHAMBER OF COMMERCE

The Sanford Board of Trade took a long step forward today when it was decided to change the name to the Sanford Chamber of Commerce and to employ a paid secretary, to take up advertising, to ask for a sum of money each year from the city and county and to increase the membership fee from ten dollars to twenty-five dollars per member and then to go after five hundred paid members.

This resolve to do something and do it now was strengthened by the presence of B. R. Kesler, secretary of the Jacksonville Chamber of Commerce and his assistant, R. W. Pearson, Jr., who were present at a big meeting of the Board of Trade last night in the Palm Room of the Hotel Valdes. The meeting was a special meeting called by President Miller to talk over these important phases of the past, present and future of the Board of Trade and these were about fifty members present.

Mr. Kesler made an earnest plea to the members to get together, to employ a good secretary, to improve the lake front, built a boat basin, have golf links and country club and other amusements and to advertise the many advantages of the city and county in a booklet and in newspapers and magazines. He pointed out the disadvantages of fake advertising of many other pitfalls for the feet of the unwary publicity committee and for over thirty minutes gave one of the most earnest talks that the Board of Trade has ever had.

He was applauded at the end of his address and R. T. Woodruff, F. P. Foster, Col. G. W. Knight, D. C. Marlowe and others present gave cordial talks thanking Mr. Kesler for his words of encouragement and asking him questions about the best manner in which to proceed to put the Board of Trade in working order.

It was resolved to ask the president to appoint a committee to confer with Mr. Kesler this morning and make definite arrangements for the changing of the Board of Trade to the Chamber of Commerce and to employ a secretary at once. This was done by the president appointing the Finance Committee and the Membership Committee acting as a committee of the whole with full power to act. This committee met with Mr. Kesler this morning and decided to employ R. W. Pearson, Jr., of the Jacksonville Chamber of Commerce, to establish headquarters at some central location and to get after the many things that are needed to put Sanford on the map and make it the largest city in the interior of the state.

One of our best friends is dead and while expected for some time none the less the blow fell heavily on us even in our busiest hour and yet we would turn aside just a moment to drop our tribute on the bier of one who could well be classed among Nature's noblemen. He loved nature as few loved her and he wooed her in his few leisure moments as few have wooed and wedded her for if ever mortal man was wedded to nature and all the living things of earth and air Albert Edwin Philips was that man. And from this very love of nature he gained his broad knowledge of human affairs and could look upon the world with an understanding that was given to but few men. Kindly of heart, broad of mind, a Godly man and a true Christian in every sense of the word, an upright and upstanding man who followed the straight and narrow path from his mother's knee to the throne of God where he is standing today with a clean and clear record of deeds well done and a life well filled with good and noble acts and but few left undone when the summons came. His life could well be envied by those who are left for it in we find a true example of man made in His image, living that he might be a help and inspiration to others and entering into that other life where there is no sorrow, no care, no suffering. Pass on, old friend. You have not lived in vain and the world has been made the better for your having lived in it. Your memory will be kept green by those friends who knew you best.

**THE SCHOOL MUDDLE.**

The patrons of the schools and the school board seem to be as far apart on the question of paying for hauling the children to school as the two poles. It seems that the meeting held the other night produced no results and only fanned the flames instead of pouring oil on the troubled waters. Like all other questions this school question has two sides and both sides have their own opinions. The Herald really believes that the controversy was started by the fact that the school board was paying more for the hauling of the school children on the west side than they were on the east side. The people living in the city limits have merely been on-lookers in the controversy and yet the people living in the city are paying the bulk of the taxes. The majority of the tax payers feel that the children should be hauled to school as they have always been. At the present time and for some time to come this will be the only method of transporting them. Having the schools in Sanford is only carrying out the centralization method of education and building school houses at every cross roads in the district would not solve the question. Most of the children being hauled to the city school are ready for the higher grades and all of the children should be carried in comfort if possible. Everyone knows that transportation costs more as well as other things and the school board in levying the dollar a month were only doing what in their opinion looked reasonable and yet the man in the country with five or six children feels the burden and naturally thinks that the children should be hauled free as they have always done. The Herald sees no reason why the school board and patrons and taxpayers should not get together on this question and settle it peaceably. At the present time it seems hopeless but no question is so tangled that it cannot be settled calmly and deliberately and peacefully. It is something that is very important and as stated before seems to be a question of which side of town gets the most money.

**GOLD MEDAL OFFERED BY E. D. MOBLEY FOR SCHOLARSHIP WORK IN THE S. H. S.**

The medal to be awarded under the following rules and regulations shall be known as the Mobley High School Medal.  
 The object of this medal shall be to promote the scholastic interests of the students of the Sanford High School. The award of this medal will be the highest honor in scholarship made in the Sanford High School throughout the entire year.

**Rules of Eligibility.**  
 1.—Those competing for this medal must be regular bona fide students in the Sanford High School. That is, the student must register within two weeks after school opens and carry at least FOUR studies offered in ONE of the following years as found in the Sanford High School Course of Study: Freshman, Sophomore, Junior, or Senior. Any student failing to remain in the Sanford High School throughout the entire year for any reason will be disqualified.

2.—No student will be eligible to compete for this medal if some of his studies, which are being counted as the "four" studies mentioned in Rule 1, are being taken for the second time for any reason.  
 3.—A student carrying four regular studies and also a fifth, either in that same year or another year, will not be disqualified. If that student carries five studies in the same year of High School work, the four highest averages will be counted in making the final general average in competition for the medal. If that student is carrying a fifth study which is in another year of High School work from the regular four studies, the final general averages of the regular four studies will be the only ones counted in competition for the medal.

4.—No student will be eligible to compete for this medal whose department grade falls below 90 per cent, or its equivalent, for any one of the eight months during the school year.

5.—A total of not more than five days absence on account of absolute necessity throughout the entire year will be allowed students competing for this medal without disqualification. Absence on account of sickness will not disqualify.

6.—No personal element will enter into the award of this medal. Absolute averages will make the decision. The final average of the four studies taken in the competition will be added together, and the sum will be divided by four to establish the grand average for each student.

7.—No student will be eligible to receive this medal two years in succession.

Signed: T. W. LAWTON,  
 C. S. OGLIVIE.

**DEATH OF DR. A. E. PHILLIPS**

Dr. A. E. Phillips died at his home on Magnolia avenue this morning at nine o'clock after a lingering illness of more than a year. He had been suffering for many months and only his indomitable will gave him a lease on life for the past year and his death, while not entirely unexpected, was none the less a shock to his many friends here and elsewhere in the state.

Dr. A. E. Phillips was born in Middleburg, Florida, on August 31st, 1846, where he passed his early youth on a farm. When the civil war broke out he shouldered his musket and marched and fought all through the war returning at the close of the war to the old farm in Putnam county. Shortly afterward he took up the study of medicine about the year 1866 finished from the medical college in 1870. He practiced medicine for several years and then opened a drug store in Jacksonville and afterward had stores in Tallahassee and Tampa and moving to Sanford opened a drug store here and from that time until about a year ago was actively engaged in this business here.

Dr. Phillips, though active in business affairs and farming for a period of years here found time to indulge in literature for which he was well fitted, being a close student of affairs and having a thorough knowledge of his native state, wrote several books that made him famous as a Florida author, among them being, "The Romance of Ten Thousand Islands," the story of Gasparilla, the pirate and his depredations interwoven with a romantic love tale and several other books descriptive of Florida.

He was a devout and faithful member of the Methodist church since early boyhood and the funeral will occur from the Methodist church in this city tomorrow afternoon at 3 o'clock, interment being made in Lakeview cemetery amid the murmuring Florida pines that he loved so well while living.

Deceased leaves a loving wife, three brothers and one sister to mourn his loss. The brothers are: L. R. Phillips, of this city; A. J. Phillips, of Atlanta; M. A. Phillips, of Atlanta; R. R. Phillips, of Evergreen, Ala.; and a sister, Mrs. S. A. Taylor, now residing in this city.

The community mourns the loss of one of its oldest and best citizens today and their sympathy is extended to the loved ones who are bowed in grief.

The following members of the Methodist church will act as pall bearers:

Active pall bearers: L. P. Hagan, R. M. Mason, W. M. Haynes, G. W. Spencer, T. F. Adams, D. S. Babbitt.

The honorary pall bearers are: F. P. Forster, C. H. Leffler, D. A. Caldwell, K. R. Murrell, T. J. Miller and Forest Lake.

Prominent visitors to the city today are B. R. Kessler, secretary of the Chamber of Commerce of Jacksonville and R. W. Pearman, Jr., the assistant secretary. Messrs. Kessler and Pearman have materially assisted in keeping Jacksonville on the map during the past four years and Sanford could always count on Jacksonville's help for any worthy object as long as Kessler is secretary and President Groover is at the helm. Both, Messrs. Kessler and Pearman were greatly surprised at the marvelous growth of Sanford and the appearance of progress on every hand.
