PRES. T. E. TUCKER makes Florida State Bank move official with help of Police Chief Williams, Sheriff Hobby, other guards.

CUSTOMERS GET SERVICE in new modern, lavishly equipped Florida State building starting today.

BEAUTIFICATION of the ACL freight building downtown begins with tearing away the front end of structure for replacement. (Herald Photos)

New Bank Highlights Improvements

The Florida State Bank opened for business today in new quarters on W. First St. and at the same time another downtown beautification program underway as Atlantic Coast Line crews started tearing down the old freight station at First and the railroad.

The bank move into the new half million dollar building was completed Friday night and Saturday. Customers were served this morning in the new facility.

The bank has scheduled a special press tour Wednesday and grand opening April 10.

The Downtown Improvement Committee of the Chamber of Commerce was notified that work on improving the freight building front would begin "immediately." Work started about the same time the new bank opened.

In a letter to the committee, ACL President W. Thomas Rice said that an investigation was made and "we have concluded that the front or office portion of the building will be razed and suitable end wall constructed to the warehouse portion of the building and premises otherwise improved."

Other recent improvements in the downtown section have included remodeling the front of the Herald building, store front remodeling along Second St. between Oak and Park and the start of improving the Hill Hardware Bldg. with the purchase of that site by Manuel Jacobson.

W. George also started work on tearing down his store at 200 West First St. and putting up a two-unit store building.

Southside First Grader Conference Scheduled Friday

The annual spring roundup of youngsters who will be starting the first grade at Southside School next fall will be held at 1:30 p. m. Friday at the school.

Parents of children who will be six years old on or before Jan. 1, 1962, are urged to bring them to the school for the conference. Parents in the Southside School area also are requested to advise other families with first grade pupils to attend.

The school nurse, Mrs. Evelyn Hayes, and Dr. Clyde Brothers, county health director, will examine the children and discuss school entry with the parents in the school lunchroom. Children will visit in first grade rooms while the parents confer with school officials.

Graham To Seek To Collegiate

PORT LAUDERDALE (UPI)—Evangelist Billy Graham said Monday he had accepted an invitation by Mayor Edwin Johns to speak Tuesday to 40,000 college students on vacation here.

Last week, the site of two student deaths involved more than 100 persons and resulted in a tragedy.

"I will speak in Port Lauderdale," Graham said when he was in Boca

Bulletin

LOS ANGELES (UPI)—Judge David Coleman told the jury today to consider only the gas chamber or life imprisonment for convicted murderer Carole Tregoff as the panel met to decide on punishment for the one time model and her lover, Dr. R. Bernard Finch.

News Briefs

21 Die On Roads
TALLAHASSEE (UPI)—At least 21 persons were killed on Florida's roads and highways in traffic accidents during the Easter weekend, the States Patrol reported today.

UN Troops Posted
LEOPOLDVILLE (UPI)—The United Nations command today concentrated rugged Indian Gurkha troops at the Kamina base in North Katanga despite threats by Katanga President Moise Tshombe that their presence could cause war. No incidents were reported between Katangese soldiers and the Gurkhas.

Emergency Averted
BOSTON (UPI)—Landing gear trouble Sunday night forced two giant prop-jet airliners with 114 persons aboard to make emergency landings at Boston and Montreal airports. No one was injured in either of the safe landings although a few passengers fainted when the Trans-Canada plane from Tampa, Fla., with 49 persons aboard skidded to a halt at Montreal's International Airport.

Gambling Probed
TALLAHASSEE (UPI)—Gov. Farris Bryant sent an investigator into Bay County today to make a thorough probe of law enforcement activities following reports of widespread bolita, gambling and moonshining activities. The assignment of State Attorney Gordon Oldham Jr. of Leesburg to Bay County followed a conference last Thursday between Bryant and Bay Sheriff M. J. Daffin.

Citrus Outlook Mixed
LAKELAND (UPI)—Florida Citrus Mutual expects a fast sale of Florida concentrate during the remainder of the season, but said the prospect for late season Valencia oranges present a dark picture. Executive Vice President Robert W. Rutledge said Saturday he expected the fast concentrate sale due to a high consumer disposable income, increased use, a short California orange crop, and increased consumption of 12-ounce can sizes.

Gun Pointer Looks 'Pretty Cool'

"He may have lost his nerve, but he looked pretty cool to me when he pointed that gun," O. D. Farrell said today as he described the attempted robbery of his package store Friday afternoon.

Police reported they are looking for the man and said he "apparently lost his nerve and ran out the store" on E. First St.

Here's what Farrell said today about the attempted robbery:

"This guy came in about 1 p. m. and I asked him what he wanted. He pointed this gun at me, it looked like a 38.

"I tried to stall him. He said hand over your money. He said it in a well measured tone. There was nothing shaky about the way he spoke.

"I asked him where he got the gun. He answered 'a little while ago' and put the gun in his pocket and darted out. By the time I got to the door he was gone.

The man was described as in his middle 30's, heavily built and wearing a dark shirt and pants. His face was covered with dark comic glasses which covered most of his face Farrell said.

"He sure had me worried," Farrell added.

Negro Stabbed

A 36-year-old Midway Negro was hospitalized today in a "fair" condition at Seminole Memorial Hospital today after he was stabbed in the left chest Sunday night, the sheriff's office reported. Deputy J. Q. Galloway said that Charles Wilson, 910 Willow Ave., was stabbed by an unknown assailant in Bookertown.

Chinese Threaten Laos

United Press International
A Communist Chinese threat to send troops into Laos raised the specter today of a new Korean-type war unless the major powers can agree on diplomatic means to stop it.

With Moscow and Washington still at odds over how to settle the jungle kingdom's crisis, Peking let the world know it too must be reckoned with.

Red Chinese Foreign Minister Chen Yi issued the challenge Sunday in a statement at Jakarta, Indonesia.

"If SEATO is sending troops to Laos, we are prepared to send troops also if requested by Lao Premier Souvanna Phouma," he said. "Such a SEATO decision would be very unfortunate and would expand the civil war."

Peking voiced similar warnings just before hordes of Chinese swept across the Yalu River into the Korean War 11 years ago.

At the eight-nation Southeast Asia Treaty Organization meeting in Bangkok last week, the United States and its Allies made it clear they would fight if necessary to stop a Communist takeover of Laos.

They would not act, however, without a bid from the government of Laos. Prince Boun Oum is the present premier, but the Communist recognize Souvanna Phouma as premier, although he is in self exile.

While there is little indication

Car Smashed Up Piling Into Pumping Station

Eight Accidents Pile Up On Weekend

The Easter weekend kept Florida Highway patrol troopers busy investigating eight accidents in Seminole County including three that occurred within minutes of each other and less than a mile apart.

Damage in the accidents was estimated at well over \$5,000 and there were seven injuries.

Trooper J. S. Foster investigated four of the accidents while Trooper J. L. Sikes handled the others.

It all started at 2:30 p. m. Friday when a car operated by C. Weathington of Longwood apparently went out of control south of Sanford on Hwy. 17-92 and slammed into a pumping station.

The accident occurred during a brief driving rainstorm.

Damage to the car was estimated at \$1,000 and \$300 to the station. Weathington was charged with failure to have his vehicle under control.

Minutes afterward, a car driven by Betty Newman of Casselberry slammed into the back end of a car operated by Vernon Gill. Miss Newman said she ran into the car when Gill slowed down at the Weathington mishap.

Miss Newman was charged with following too close. That accident was investigated by Sikes. At about the same time, less than a mile away, a car operated by Barbara Ann Holland, of Tangerine Dr., Sanford, ran over the curb on Hwy. 17-92 and hit a sign. No charges were filed.

The most serious accident of the weekend occurred Saturday night on 27th St. when a motor scooter operated by Herman Richardson of Sunland Estates ran into a vehicle operated by Mrs. Florence McKendree.

Richardson suffered severe multiple lacerations of the body and a fractured leg and was hospitalized. Foster charged Richardson with driving a motor scooter without proper headlights. Damage to the accident totaled over \$300.

Cancer Society Appeal Made

An urgent appeal is being sent out today by the local unit of the American Cancer Society for old sheets, pillowcases, or other clean unprinted cloths, which are needed to make sterile dressings for outpatients.

This equipment is provided by the Loan Closet Service, of which Bud Moughton is chairman, and the dressings are prepared by local civic groups, through voluntary service.

Local citizens who have cloths that can be of use may leave them at the Moughton Insurance office at 205 W. First St. and they will be picked up by Cancer Society members.

'Gold Bugs' Take \$200,000 In Loot

GRAND RAPIDS, Mich. (UPI)—Police pressed a search today for daring professional "gold bugs" who braved tear gas on Easter Sunday to loot \$200,000 in gold and some diamonds from one of the nation's largest makers of school and fraternity rings.

The burglary of eight safes shut down the H. R. Thornberry Co., also a top manufacturer of jewelry emblems for fraternal and scholastic groups, pending an inventory of the exact loss.

C. R. Armstrong, co-owner of the firm, said it "may take weeks" to find out what the thieves got. An estimated 300 gold sheets were known to be missing plus an unknown number of silver sheets.

Company officials described the interior of the looted building a mess. There was no burglary alarm at the firm but several of the company safes were looted, trapped with tear gas. Police said one of those broken open was so guarded but apparently the thieves were prepared for it.

Kennedy To Visit DeGaulle In Paris

PALM BEACH (UPI)—President Kennedy, accompanied by his wife, will visit France next month at the invitation of President Charles de Gaulle for the three-day state visit and discussion of a broad range of problems involving their two nations. The White House announced today.

De Gaulle's office also announced today that President Kennedy will visit Paris May 31 to June 2.

The Kennedys will arrive in Paris on what was described as a "modified" state visit. This meant some of the ceremonies involved in such a visit will be dispensed with to permit De Gaulle and Kennedy greater opportunity to discuss business.

B & E Charge

Arthur Stephens, a Midway Negro was charged with breaking and entering Sunday after he was apprehended in Frank's Place in Midway Saturday night. Stephens is being held under \$1,000 bond, the sheriff's office said.

The Chinese Communists have interfered in Laos directly so far, Western officials believe they have helped the Pathet Lao rebels through the Communist North Vietnamese. Laos has a common border with both countries.

It appeared there would be no major diplomatic developments on Laos until President Kennedy and British Prime Minister Harold Macmillan confer in Washington Wednesday.

Western officials were dissatisfied with a Russian note last week and were expected to go back for clarification.

An earlier British note to Moscow had said a cease-fire in Laos must go into effect before there can be diplomatic negotiations on the kingdom's future by a 14-nation conference, including Communist China.

The Russians appeared to agree to the principle of a cease-fire, supervised by the three-nation International Control Commission on Indochina, but indicated they wanted the multi-nation conference convened regardless of when or whether it is carried out.

Security Heavy Around Kennedy
PALM BEACH, Fla. (UPI)—President Kennedy and his family remained under tight protective security today—the last full day of their Easter visit to Florida.

The extra-heavy security precautions, due to kidnap and murder threats against the First Family by pro-Castro Cubans in the area, will continue until the president, his wife and their two children fly back to Washington Tuesday afternoon.

Seldom have a president and his wife been more heavily protected in peacetime than the Kennedys were Sunday when they attended Easter Mass at St. Edward's Roman Catholic Church here. The number of Secret Service agents in and around the church was about twice the normal complement. They also were augmented by state and local police.

Once the Kennedys are back in the well-guarded safety of the White House, the current federal investigation of the recently reported threats may take a different direction.

Voters To Meet

Members of the Precinct 12 Assn. meeting today at 7:30 p. m. today at the home of Mr. and Mrs. W. D. McGinnis, Forest Lake Dr., Forest City, will continue work on drawing up acceptable working laws to be included in the charter.

Thrift, Harmony Appear Themes For Legislatures

TALLAHASSEE (UPI)—Thrift, harmony and confidence seem to be the themes of state lawmakers gathered here for the 1961 session of the Florida Legislature beginning Tuesday.

Key legislators, gathering here for opening of the 1961 session, said today that \$300 a year is the very highest Florida will be able to raise its teachers this year without new tax revenue. Some said \$200 was a more likely figure.

Faced with the task of upholding Gov. Farris Bryant's "tight belt" policy of no new taxes, the legislators have expressed the belief the feat actually might be accomplished.

But nothing could make them more aware that a bumpy road lies ahead than the cost of living quarters in the Capital. Homes are renting from \$200 to \$500 a month, with some monthly rents as high as \$1,000.

Some lawmakers, with that stark reality hitting them in the pocketbook, were somewhat re-luctant Sunday when Bryant offered to carry the bill for them toward the no-new-tax goal.

The governor let it be known that he would lay down a detailed blueprint to solve the state's financial dilemma when the 60-

Duffy To Speak

James Duffy, president of the DeBary Civic Assn., will be guest speaker at the 8 p. m. meeting today of the North Orlando Civic Assn. in Village Mall.

New Altamonte Post Office Set By June 1

By ATLANTA MCGINNIS
E. N. Mitchell, Altamonte Springs postmaster, reports that he hopes to move into the new post office by June 1. The new building will have brand new equipment throughout and two restroom facilities in addition to an office with private restroom for the postmaster, Mitchell said. The number of boxes will be increased to 675 from the present 484, however, the office still will not handle any rural deliveries.

Joe Ponder, building supervisor for Banner Builders Const. Co., said that remaining work to be done on the building includes painting, installing the service counter and slot boxes and completing the paved parking lot in the rear.

The exterior, he says, will be in beige tones with white trim and on the interior, "post office green" in two shades and in general use, will be the color scheme.

Flata glass doors are to be placed at the service entrance and fluorescent lighting will be used in all departments. The building also is to be air conditioned and centrally heated.

Seminole Calendar

- MONDAY
Lake Mary Boy Scouts, Troop 242, Scout Hut, 7 p. m.
Longwood Boy Scouts, Old Baptist Church, 7 p. m.
Orlando Town Council meeting, City Hall, 8 p. m.

MRS. LOIS HOUSHOLDER

PAUL LEWIS

Manager's Course To Start Tuesday

The adult Vocational Departments of Seminole and Orange Counties are sponsoring a special course in service station management. The courses will begin on Tuesday and continue for 10 consecutive Tuesdays, meeting in the auditorium of the State Office Building, 941 West Morse Blvd., Winter Park from 7 p. m. to 10 p. m. Each course will be taught by guest instructors, who are actually associated in the petroleum industry and management personnel in related fields. Lecturers from Sanford include CPA Bert Hollingsworth, who will teach Bookkeeping and Cost Control; Mrs. Ralph Smith, who will teach Good Housekeeping for Greater Profit; Paul D. Lewis Jr., manager of the Credit Bureau, who will teach Credit and Collection; and Mrs. Lois Housholder and Attorney S. J. Davis, who will collaborate on Legal and Financial Aid for Service Station Management and Business Law and Finance.

North Orlando Plans First Teen Hop Saturday

By MONA GRINSTEAD
Young people of the North Orlando community will be entertained at the first Teen-Hop of the village Saturday from 7:30 p. m. until 10 p. m. Mrs. Edmund D. Jones, 21 N. Coriex Ave., and Mrs. Leo Gluchereau, 70 N. Edgemon Ave., serving as voluntary chairmen, have arranged for the party to be held outdoors at the Village Hall. All residents "from 10 to 100" are invited. Members of the Catholic Women's Society will serve as chaperones and the North Orlando Co. has donated lighting. The necessary items for this first event all have been donated and admission funds will be used to pay for records and miscellaneous expenses. Plans for more such entertainments will be made if the Saturday night party and dance is successful.

C. H. Gilbert Jr. Dies In Georgia

Mr. Clifford H. Gilbert Jr., 46, of Altamonte Springs, died Saturday after suffering a heart attack in Moultrie, Ga., where he and his family were visiting his parents for the Easter holidays. He was born in Newman, Ga., was a USDA fruit inspector and a member of the Altamonte Springs Community Chapel. Survivors are his wife, Mrs. Mildred Gilbert; two sons, Ronald and Michael; and a brother, H. D. Gilbert, all of Altamonte Springs; his parents, Mr. and Mrs. Clifford H. Gilbert Sr., of Moultrie and a sister, Mrs. William Christ of Mobile, Ala. Funeral services will be held at the Altamonte Springs Community Chapel Tuesday at 4 p. m. Cox-Parker Funeral Home, Winter Park, is in charge of arrangements.

Mrs. Emma Dorr Dies In Hospital

Mrs. Emma B. Dorr, 88, died Sunday in Seminole Memorial Hospital following a long illness. A native of Masonville, N. Y., she had lived in Sanford for the past eight years at 121 N. Virginia Ave. and was a member of the First Presbyterian Church here. Survivors include one brother, Stanley Bartow, one niece, Mrs. Wilmer Breese and a cousin, Mrs. Claude Hardy, all of Oneonta, N. Y. Funeral services will be held at 3 p. m. Tuesday at Brison Funeral Home with Rev. Grover Sewell officiating. Burial will be in Oaklawn Memorial Park.

Upchurch Services To Be Conducted In Atlanta, Texas

The body of Mr. Howard H. Upchurch who was killed here in an automobile accident March 24 will be shipped to Atlanta, Texas, Tuesday for funeral services and burial. He was born Sept. 19, 1913, in Cass County, Texas and had made his home in Sanford at 201 Maple Ave. for the past year. He was a veteran of World War II and was a painter. He is survived by his wife, Mrs. Ann Upchurch of Sanford, a son in Germany and several brothers and sisters living in Atlanta, Texas. Brison Funeral Home is in charge of local arrangements.

School Needs Clinic Help

Mrs. Annie Sue Banks, health clinic chairman at Altamonte Elementary School, again has issued an appeal for more adult assistance in the work. Mrs. Banks reports that at this time of year when measles and mumps are so prevalent the clinic room is occupied most of the time. Mothers of children attending the school are requested to contact Mrs. Banks at the earliest possible convenience if they have any free time which could be devoted to this work.

Bryant Discusses Legislative Problems

By GOV. FARRIS BRYANT
Written especially for United Press International
TALLAHASSEE (UPI)—Never in my memory has a Legislature convened with such dedication on the part of its members to explore every avenue of wise utilization of the taxpayer's dollar before considering new revenue sources. Never in my memory has there been so extensive a meeting of the minds between legislative and administration leaders on the needs for improving efficiency in government and for providing safeguards against the wasteful application of tax dollars to state functions. Because so many functions of government are vital to our growth and development, some new revenue sources must be

found to meet the needs of local government and to maintain a high level of service by state agencies. There is not need for, and there will not be, any broad or general spread of new taxes for state functions. There will be a tightening of some existing laws and the elimination of some tax inequities. I am confident the Legislature will agree with my recommendations for the repeal of the unfair increase in the intangible property tax and for revision of fees levied against pleasure boats. Reapportionment is long overdue and has too long suffered for lack of compromise. I will advocate a reapportionment plan which . . . will reflect the growing urbanization of our state and will, I am sure, find widespread support. To facilitate business-like oper-

ation and to stimulate economies I will make a series of recommendations to eliminate waste, duplication of efforts and a multiplicity of record-keeping. This decade cries out for an ever-increasing emphasis on the quality of education offered our children. I believe we can meet this need in much the same way we faced up to the need for expansion in 1947 and I will make recommendations for action in this area. Our existing universities need to expand, and we have immediate need for two new universities to serve the growing populations of West and South Florida. I believe that during the course of this administration the majority of these needs can be met. Outstanding instructors must be attracted to our institutions of higher learning and, once there,

held by our meeting the prevailing professional pay scale. I will advance a plan which will enable us to join hands with private enterprise in the accomplishment of this goal. In many other areas will progress be achieved by the 1961 session. The important job of constitutional revision; the controversial job of congressional redistricting; the stimulation of tourism; the development of industry; the broadening of our flood and erosion control programs; the consideration of salary adjustments in keeping with the economy of our times, and the protection of our lives through increased emphasis on safety measures and the betterment of our minds through new emphasis on decent literature: All these and many other matters will occupy our attention in the days ahead.

Mother Climbs In Well To Rescue Daughter

HAMILTON, N. Y. (UPI)—Mrs. Robert Lindsey is the kind of mother who takes precautions and thinks quick in an emergency. Her care and ability paid off today in immeasurable dividends: Her 4-year-old daughter is still alive and healthy. The little girl, Barbara, whose father is a Colgate University professor, fell down a 24-foot well shaft into seven feet of water on an Easter Sunday excursion.

Mother Climbs In Well To Rescue Daughter

Mrs. Lindsey kept her wits and quickly sent her three-year-old son David, running a half-mile to the nearest house for help. Then she climbed down protruding stones on the well wall, grabbed Barbara and held her head out of the water for 20 minutes until firemen rescued them with ropes. Mrs. Lindsey said she had taken the care to teach her daughter

how to hold her breath under water last summer. This probably prevented the girl from panicking and enabled her to look around for a jutting rock which she grasped near the surface of the water. Mrs. Lindsey said Barbara fell into the well when she leaned over the side while exploring an abandoned house two miles from her home here.

Runway Heiress Give Birth To Son Sunday

NEW YORK (UPI)—Gamble Bendy Perumbeanu, who ran away from her wealthy home to marry the man of her life, gave birth to a boy Sunday. Dr. John Langstaff, Gamble's doctor, said she and her husband Andra became the parents of a 6-pound 12-ounce son. Gamble, 28, heir to a Remington fortune, said she would name the child George. She is the daughter of her 35-year-old Romanian-born husband, Langstaff, said the mother and child are doing "very well" in their New Jersey hospital which he visited Sunday. Gamble eloped twice with Andra a year ago—the first time to France.

DeBary BPW To Install Officers

The DeBary Business and Professional Women's Club will hold a dinner meeting and election of officers Tuesday at 6:30 p. m. at the Chimer Corner Restaurant. Ida Dummett, president of the DeBary club, will be installing officer Ed Ruth Bon Fleur. Daytona Beach, director of District Four will be guest speaker. Nearly one half of the total home accidents occur either in bedrooms or stairways.

Kennedy Starts Recruiting Drive for Trained Negroes

WASHINGTON (AP) — Kennedy administration has launched on the first in a nationwide drive to recruit trained Negroes for federal jobs in the federal government.

It is in line with a program President Kennedy has announced to take "positive steps for the elimination of racial discrimination, direct or indirect, which now exists in government hiring."

Ross Clinchy, a Civil Rights Commission official, said today on a six-week tour of predominantly Negro colleges he will visit 70 additional colleges with heavy Negro enrollment.

There, according to the commission's announcement, he will try "to encourage more qualified Negroes to apply for federal employment through a merit system."

Clinchy's mission—what he

have eventual political importance—is the branch of Commission Chairman John W. Macy Jr. and is strongly backed by Vice President Lyndon B. Johnson, chairman of the President's Committee on Equal Employment Opportunity.

The endeavor is the first concrete move by the new committee to implement what Johnson has described as "the basic policy of this administration" that federal jobs shall not be denied on the basis of race, creed, color or national origin.

ODIS G. RICHARDSON AO2, right, was awarded a commendation by Capt. R. W. Slye, USN, NAS commanding officer, here recently in brief ceremonies in the Captain's Office. The commendation cited Richardson's "exceptional abilities in leadership demonstrated through his voluntary position as coach of the Naval Air Station Sanford varsity Basketball team during the past two years."

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL DISTRICT OF FLORIDA, IN AND FOR SEMINOLE COUNTY, FLORIDA. CHERRYRY No. 1109. In re: CHERRYRY No. 1109. In re: Public Records of Seminole County, Florida.

JOHN J. NICOLINO and PHYLLIS J. NICOLINO, vs. HUI BULLIMBER, INC., a Florida corporation.

NOTICE OF SUIT: To John J. Nicolino and Phyllis J. Nicolino, the undersigned is hereby notified that a suit to foreclose a mortgage on the below described property has been commenced against you in the Circuit Court of the 11th Judicial District, Seminole County, Florida.

The abbreviated title of this case is First Federal Savings and Loan Association of Florida, Inc. vs. John J. Nicolino, et al. The description of the property is as follows: Lot 151, of Lot 15, Block 12, of the Public Records of Seminole County, Florida.

You are required to answer or other pleadings in this case by the Clerk of the Circuit Court of the 11th Judicial District, Seminole County, Florida, 150 South Court Street, Sanford, Florida, before April 18, 1961. If you fail to do so, a default judgment will be entered against you for the relief demanded in the complaint.

Witness my hand and the seal of said Court at Sanford, Florida, this 27th day of March, 1961.

Arthur H. Beckwith, Clerk of the Circuit Court, Seminole County, Florida. 150 South Court Street, Sanford, Florida.

David W. Hedrick, of the 11th Judicial District, 115 South Court Street, Sanford, Florida, Attorney for Plaintiff. Publish Mar. 13, 14, 17, 20, 23, 27, 30, 1961.

NOTICE OF SUIT: THE STATE OF FLORIDA, vs. JAMES P. TURNER, et al. PARKER A. LYTO, Plaintiff. A sworn complaint having been filed against you in the Circuit Court in and for the County of Florida, by PARKER A. LYTO, Plaintiff, versus JAMES P. TURNER, et al. Defendants, these proceedings to command you to answer or other pleadings in this case on or before the 23rd day of April, 1961, at 10:00 A.M. in the Circuit Court of the 11th Judicial District, Seminole County, Florida, 150 South Court Street, Sanford, Florida.

Witness my hand and the seal of said Court at Sanford, Florida, this 15th day of March, 1961.

Arthur H. Beckwith, Clerk of the Circuit Court, Seminole County, Florida. 150 South Court Street, Sanford, Florida.

NOTICE OF SUIT: THE STATE OF FLORIDA, vs. GORDON WILLARD GUSTAVSON, et al. Defendant. You are hereby notified that a suit has been filed against you and Joyce Bryan Gustavson in the Circuit Court of the 11th Judicial District, Seminole County, Florida, by PARKER A. LYTO, Plaintiff, versus GORDON WILLARD GUSTAVSON, et al. Defendants, these proceedings to command you to answer or other pleadings in this case on or before the 23rd day of April, 1961, at 10:00 A.M. in the Circuit Court of the 11th Judicial District, Seminole County, Florida, 150 South Court Street, Sanford, Florida.

Witness my hand and the seal of said Court at Sanford, Florida, this 15th day of March, 1961.

Arthur H. Beckwith, Clerk of the Circuit Court, Seminole County, Florida. 150 South Court Street, Sanford, Florida.

Don't Forget That Fruit Fly When You Discuss Atom Energy

By DICK WEST
WASHINGTON (UPI) — When I think of atomic energy, I tend to think of it in terms of mushroom clouds, radioactive fallout and other dreadful symbols.

Seldom have I thought of it in terms of the sex life of a tropical fruit fly, which shows that I have been missing a lot.

I didn't know exactly how much I had been missing until I read over some of the testimony given at recent hearings by the Joint Congressional Atomic Energy Committee.

The atom, I learned, is being put to many strange and wondrous uses, including one that provides some rather racy reading. So before we get into this any further, perhaps you had better send the children from the room.

Now let us proceed. I assume that most of us are familiar with the epic struggle in recent years to eradicate the screw worm fly by dosing young male insects with radiation from Cobalt-60.

This, as you know, renders the male flies sterile and causes the females to lay infertile eggs. Thus the screw worm population goes into a decline and eventually vanishes.

If you have been stirred by this adventure, it may thrill you to know that the government now is conducting similar birth control experiments among fruit flies.

The fruit fly presents a different problem because, unlike the screw worm fly, it mates more than once. In fact, L. D. Christenson, an Agriculture Department research official, used the word "frequently."

"This—shall we say 'prolific'—trait on the part of the fruit fly increases the odds that a female will get together with a potent male in addition to one that has received the cobalt treatment.

You can immediately see how that would complicate matters. Nevertheless, Christenson was able to tell the joint committee that the fruit fly program shows indications of being successful.

There is hope that the same technique can be applied to such other pests as the mosquito, pink bollworm, codling moth, corn earworm, sugar cane stalk borer, tobacco budworm, and blowfly and tsetse fly.

The fruit flies are sterilized in Hawaii and then airlifted to Guam, whence they are taken to Rota, a small island being used as the test area.

Between Nov. 26, 1960, and March 5, 1961, 21,582,000 sterile fruit flies and 15,158,000 sterile melon flies were released on Rota. Christenson didn't say who counted them but it must have been quite a job.

It is believed that the island now has enough barren immigrants to outnumber the productive natives by about 10 to 1. This ratio should insure that a larger number of fruit flies will be fruitless.

Use Your Imagination

The other day an analyst totted up the aid the United States had extended to foreign lands during World War II and in the long aftermath of the cold war. It came to a massive \$188 billion.

Suppose there had been no war, no devastation, and that most populated areas of the earth were sufficiently blessed economically not to need our steady help. What would that \$188 billion have bought?

Just for a sample, we could have built more than three times over the 41,000-mile interstate highway system not due for completion until 1972. We could have built all the new schools, hospitals and other facilities we need as a growing nation—and have replaced some of the old.

There's only one catch. Most of the money was voted in crisis, real, imagined, or manufactured. Without that prod, would Congress have voted for it?

WORRY CLINIC by Dr. G. W. Crane

CASE H-44: Tommy G., aged 5, has just entered kindergarten. "Dr. Crane," his splendid teacher informed me, "Tommy uses very vile language."
"In fact, he will employ profanity without even knowing he is using improper language."
"So he is a detriment to all the other youngsters in the room. Wouldn't you please remind parents that they should at least help their children in school instead of hindering them?"
Conradi was a great psychologist who decided to test the effect of heredity vs. environment.
By he took the eggs of English sparrows and placed them in the nests of canaries.
When the sparrow eggs hatched, the canaries accepted the baby birds as their own.
Remember, the little sparrows never saw or heard their own kind. So what type of sounds do you suppose they used when they began to chirp?
Did they imitate their own sparrow ancestors? Or make trills like canaries? Go to your library and read a few chapters in my college text "Psychology Applied" for a full answer.
But I'll digest the results briefly. Conradi tells us that when the sparrows were 8 months of age, they began to trill, like their foster parents, the canaries.
"None of these sparrows," adds Conradi, "ever had the characteristic call notes of the wild species, but by and by adopted those of the canary."
Parents, let that be a lesson to you, for your children will not only subconsciously imitate your manner of speech, as regards dialect or lisp or sturred letters, but they will quickly adopt your very words.
Even if you parents never went to college or lack a high school diploma, you can still give your children a running head start toward "A" marks in school.
Just engage in a little sugar-coated home tutoring. It will help Daddy and Mother use correct English, and serve as a splendid

"priming" of your youngsters.
"Aw, I'm just a dumb farmer or plain workin' man," many a father may protest.
Nobody is dumb who reads this column, for I give you the very essence of a dozen college courses in psychology.
If you folks can understand what I write here, you can understand my college textbooks, too. And you can do a dandy job of tutoring your children for top marks in grade school.
A lot of our best students come from farm and workmen's homes, so don't get an inferiority complex because you never went to college.
But play fairly with your kids! Lean over backwards to start them out with the correct conversational English.
And take them to Sunday school where they can pick up many ideals and moral virtues that will pay rich dividends all through their lives.
Edgar Guest once wrote a beautiful poem, which was read at the funeral service for our oldest son when he crashed in his jet plane. The opening line says:
"I'll lend you for a little while a child of mine, he said . . ."
We parents are simply temporary custodians of our children. We can hinder and hamper their entire future, as Tommy's daddy has done, or realize the serious job devolving on our shoulders and at least TRY to act like cultured parents.
Begin by sending for the non-profit newspaper booklet "How to Make Your Child's School Marks," enclosing a stamped, return envelope, plus 20 cents.
It offers specific helps, plus educational games and strategy by which you can make your child a top reader.
It also shows how to room his arithmetic scores. It illustrates the most common errors in English.
It is a superb for parents, as well as their children, so don't delay another minute. Order it today and you can room your child's entire future career!

"I'll lend you for a little while a child of mine, he said . . ."

Parents, let that be a lesson to you, for your children will not only subconsciously imitate your manner of speech, as regards dialect or lisp or sturred letters, but they will quickly adopt your very words.

"Why just got over acting silly, and now he still hasn't time for me because he's interested in science fiction!"

UNOBLIGING HUMPTY DUMPTY

Cuba's Reds Set Sights On All Latin America

By RAY CROWLEY
Newspaper Enterprise Assn.
WASHINGTON—The U. S. position is worsening in Latin America. Castro-communism is gaining.
Cuban leaders make no secret that they aim at 10 more Cuba-type revolutions in Latin America.
The Castro men have built calls in a dozen Latin countries. In Panama, they're known as the Committee for Defense of the Cuban Revolution, in Costa Rica, as the Committee of Friends of the Cuban Revolution. In some countries these units are pledged to become shock brigades that will rush to Cuba. "If Cuba is attacked by the U. S.," Other units are pledged to sabotage U. S. property.
While they wait for the "U. S. attack" they agitate against the U. S. push for adoption of closer ties with Cuba, spread admiration for what Cuba has done, bring pressure on their governments to follow the Castro line. These calls have strong effects in shaky Latin countries.

Somewhat over 100 Latin American students, teachers, labor men and intellectuals have been brought to Cuba, trained, sent back with a strong working knowledge of Castro-type politics, Castro aims and indoctrination on how Castro and his men won their revolution.
Some of the ablest of these trainees have been siphoned off, sent to the Soviet Union and other Communist block lands for advanced training.
The Castro-Communist team aims primarily at control of labor organizations, student associations, professional groups, press associations and other influential in molding public opinion and deciding elections.
Copies of Ernesto Guevara's book on guerrilla warfare are being circulated to key men through Central and South America.
Thirty thousand tons of Communist arms have been shipped to Cuba. Reports have come from somewhat over 100 sources that these arms are being soaked underground to pro-Red pro-Cuba groups in a dozen Latin lands.
Castro agents move through Latin America, telling how Castro "wiped out illiteracy" in Cuba in three years," how Castro "took the land from the rich and gave it to the poor," how Castro "stood up to the mighty U. S.," how Castro is "bringing better living conditions to the workers."
This unchallenged propaganda is heavy stuff for poverty-stricken Latin America. It makes Castro a hero to many South and Central Americans who know only what they hear.
The Communist bloc—set in-

cluding Cuba—beams 176 hours of Red propaganda weekly into the Latin countries.
There are 250,000 Communists in Latin America. These are being built into compact, dedicated and well-trained cadres. They are backed with \$100 million a year in Soviet bloc subsidies. Another \$200 million a year goes into Cuba to keep Castro's regime going.
Evidence suggests a small minority of Communists in strategically placed official positions control Latin labor organizations with one million members, mostly non-Communists. Infiltration into university student organizations is significant.
The Cubans and the Red Chinese are now aiming their sights on the farmers. A plantation workers conference, just held almost unnoticed in Cuba, was set up to sell the organization of farmer cells. In northeast Brazil, already strong rural Communist-dominated farmer units are being organized. They're modeled after the farmer organizations in Red China. A Latin Cuba-Red-dominated women's conference is in the offing. A Latin youth conference is planned.
Castro men moved in fast in many Latin countries. They've had the Communist apparatus—built up over two decades—given to their use, lock, stock and barrel.

ASSIGNMENT WASHINGTON by Ed Koterba

WASHINGTON — That secret letter of Fatima. What is it? Are the contents of this document what a Catholic lady in Sharon, Pa., believes them to be?
What the Pennsylvania states in a note to this writer may be simply conjecture. But then, again, the coincidences are numerous. Or are they coincidences?
It was in 1917 that three children tending sheep in the countryside of Fatima, some miles from Lisbon, Portugal, witnessed a phenomenon on six different dates, according to published accounts. They saw the Virgin Mary, so goes the story, and she imparted three principal revelations.
The vision appeared first in the month of May of that year—a date which brought to the world another event destined to become significant in 1960.
Two of the three secrets were revealed by the surviving member of the childhood trio, Lucy Dos Santos, now a nun, Sister Dolores. This was in 1941.
For one, Lucy disclosed that the Virgin Mary had placed before her the vision of hell.
The second disclosure, as purportedly laid before Lucy in 1917, was that a new atheistic nation (presumably Russia) would arise and become engaged in a global conflagration (World War II) and that a number of nations would be annihilated.
But the third secret — what about it? Lucy said she could not reveal it, at least not until 1960.
Why the specific date of 1960?
No one knew except Lucy, who wrote down the revelation and placed it in a sealed envelope.
Throughout last year there was much publicity indicating the contents would be read and revealed, roughly around August.
August came and went, and the Vatican remained mum.
Word is that Lucy's letter was unopened and read by the Archbishop of the diocese which takes in the area of Fatima. There is also strong belief that the secret was learned by Pope John XXIII.
Then why was it not revealed?
If it had been, it may have thrown the U. S. national election into a violent turmoil, for, according to the theory of the lady of Sharon, the contents may well have read that:
In the year 1960, a Catholic President would be elected in America for the first time in history.
If these were the contents, there could have been no alternative but to withhold the revelation until after the election.
Or was the proposed revelation date of 1960 and John F. Kennedy's election a coincidence?
It may have been a bizarre coincidence, too, that the month in which the first apparition was seen — May, 1917 — was the very month in which John F. Kennedy was born.
To carry the coincidences one step further: The new son of the president was christened "John," carried the same name as that of Pope John.
The boy was born November 29, the anniversary of the birth of the Pope!

Discoverer Flops; Human Tissue On

VANDENBERG AFB, Calif. (UPI)—Valuable biomedical samples, including human tissue that had been in space before, burned up high over the Pacific when Discoverer XXII failed to go into orbit late Thursday.
Scientists and engineers today studied bits and scraps of information radioed back from the satellite before it plunged back to earth to try to determine exactly what happened.
Launched with a new precision guidance system, the 21-foot rocket appeared perfect when it streamed from its pad here and disappeared into an overcast sky.
A recoverable capsule in the satellite nose carried samples of human joint tissue that had been aboard either Discoverer XVII or XVIII both of which were recovered by high-flying planes off Hawaii.

New Proposal
NEW YORK (UPI) — The State Social Welfare Department recommended Thursday that New York City parish parsons who are unmarried girls to remain in high school.
The proposal was made after a study of 100 parsons in New York City who are unmarried girls to remain in high school. The study was conducted by the State Social Welfare Department. It found that many parsons in New York City who are unmarried girls to remain in high school. The study was conducted by the State Social Welfare Department. It found that many parsons in New York City who are unmarried girls to remain in high school.

Dear Abby:

By: Van Buren

DEAR ABBY: I work with a man who says he's in love with me. I care for him, too, but I'm not as emotional about it as he is. My problem is that the moment we are alone on the job he tries to kiss me. And he expects me to tell him every few minutes that I love him, too. I don't care for that kind of stuff while I'm working, especially since we are not always alone and we never know when someone is going to walk in on us. How can I let him know I would rather be just "friends" during working hours? He is very sensitive and easily hurt.
CAREFUL

DEAR CAREFUL: Since you obviously have better judgment than the Romeo who is trying to make time on company time, it is up to you to call the tune. Tell him to control his flame during working hours or you both could be fired.

DEAR ABBY: I know there is an "Alcoholics Anonymous" and a "Gamblers Anonymous," but is there a "Charge Accounts Anonymous" for people like me? I don't know why I do it, but I run up charge accounts and can't seem to help myself. It is the craziest thing . . . when I get into a store I go wild buying things I don't really need. If I don't get help with this problem soon, I am going to lose my husband.
OVER MY HEAD

DEAR OVER: Go on a CASH basis and budget your monthly spending. And tell

We The Women:

By: Milliet

"Men buy because they need something. Women buy because they want to feel like something." So says a motivation researcher—one of those fellows who asks loaded questions to find out what makes the rest of us tick.
Any saleswoman who sells clothes to other women would certainly vouch for that second statement. In fact, a tape recorder hidden in a dressing room of any of the "better" women's shops would serve to prove the point.
Over and over it would record such giveaway statements as these:
"It's a nice dress—but it doesn't DO anything for me."
"There's no need of my even

Employment Unit Control Sought

TALLAHASSEE (UPI) — The state should establish tighter control over private employment agencies, a Dade County attorney active in the field told a legislative subcommittee Wednesday.

Charles H. Ashman, attorney for the Dade Personnel Association, said agency license fees, now pegged at about \$100, should be raised to \$250 or \$300. He recommended the fee charged agency managers should be upped from \$50 to \$100.
Ashman asked for a "close lock" on the so-called three-day rule, under which a person must forfeit the full fee to an agency which finds him a job if he quits the job after three days. Ashman said the fee is sometimes more than pay on the job in such cases.

Evening Circle Plans Project At Monthly Meeting

Members of the Evening Circle of the Grace Methodist Church met at the home of Mrs. L. G. Sheets with Mrs. Charles Clemmer as co-hosts.

Mrs. Clemmer, acting chairman, presided at the meeting and heard reports from the general business meeting.

Mrs. Robert Jones reported that dishes had been bought for the church and that cooking utensils will be purchased later.

Mrs. Robert Bennett explained the new "Gold Bond" group project that has been started by the WSCS and will include all the church families. Cards were signed by those wishing to help add up points for merchandise for the kitchen or parsonage.

Mrs. John Dominy, president, announced that the Florida state conference of the WSCS will be held in April at West Palm Beach. Anyone who would like to go may give their name to Mrs. Dominy.

The next general business program meeting will be at the home of Mrs. R. B. Kuitner, 1808 Holly Ave., Tuesday at 11:30 a.m. A covered dish luncheon will be served at noon.

Mrs. C. E. Williams, study chairman, gave the lesson from the study book, "Basic Christian Beliefs." She was assisted by Mrs. C. C. Brooks, who read the poem, "Tributes to the Bible," followed by prayer, led by Mrs. E. L. Adams.

Delicious cheese cake, coffee and Easter candies were served by the hostesses to 16 members and one guest, Mrs. W. F. Jones, of Appalachia, Va. Mrs. Jones is the mother of Mrs. Sheeta.

Officers Wives Hold Coffee At McGraw Home

Officers Wives of VAH-13 met at the home of Mrs. D. R. McGraw for the monthly coffee. Upon arrival Mrs. McGraw served her tasty pastries to the guests with coffee.

Two newcomers to the squadron, Mrs. T. P. Stewart and Mrs. C. V. Choyce, were welcomed by the group.

Others attending were Mrs. J. G. Carl, Mrs. D. B. Dally, Mrs. P. S. Goldman, Mrs. P. S. Howard, Mrs. H. H. Hosen, Mrs. M. L. Jones, Mrs. G. Koen, Mrs. D. R. McGraw, Mrs. R. G. McKee, Mrs. L. D. Tomison Jr. and Mrs. G. Marshall.

Dr. Lindsey And Garnet White Show Cancer Film To Navy Wives

Navy Wives Club No. 211 was hostess to all the Navy Wives clubs at the Naval Air Station ballroom last Monday night for a cancer film program.

Guest speakers were Garnet White and Dr. Edwin L. Lindsey. They stressed the importance of research work, explained the seven danger signals and stressed regular check-ups. They stated that a loan closet for cancer patients is available in Sanford.

A cancer film was shown, followed by a question and answer period, conducted by Dr. Lindsey.

April is designated as Cancer Crusade month and Mrs. W. H. Kinnard, cancer drive chairman, announced that there would be a house to house canvass.

It was announced that several club members met at the home of Mrs. Scott Robertson on Lake Dot Drive, recently to make cancer pads from old sheets. There is a great need for the dressings and anyone having old sheets they would like to donate are requested to call Mrs. William J. Leighty.

At the close of the meeting refreshments were served to those present.

THE LOCAL DISABLED AMERICAN VETERANS Auxiliary, Chapter 30, was honored recently, when members of Auxiliary Unit 16, of Orlando, paid them an official visit. Shown at the meeting from left are, Mrs. Mamie Williams, commander of Auxiliary 16, Mrs. Doris Williams, Sanford Commander, Mrs. Delphia Rowe, sixth district commander and Mrs. Evelyn Dean, senior vice commander.

Navy Families Welcomed To Area By WW Hostesses

Welcome Wagon hostesses report the newest Navy families welcomed to the Sanford area by the group are Mr. and Mrs. Ernest Hodge and children, Johnny, Timmy and Eddie, from Fort Lauderdale; Mr. and Mrs. W. Peacock and Charles Pavey, from Memphis Tenn.

Chief and Mrs. Jerald Jahr and children, Michael and Clinton, from Millington, Tenn.; Mr. and Mrs. P. R. Brassie, from Jacksonville; Mr. and Mrs. Paul Dean, Diane, Ricky and Paul, also from Jacksonville.

Mr. and Mrs. Larry Chandler, from Oklahoma City, Okla.; Mr. and Mrs. Walt Suttler and baby, from San Diego, Calif.; Mr. and Mrs. Leroy Hoover and children, Kathy and Stevie, from Jacksonville.

Mr. and Mrs. Gordon Brain, from Memphis Tenn.; Mr. and Mrs. John Buckman and Bucky, also from Memphis and Mr. and Mrs. J. N. Sutton, from Jacksonville.

DeBary

Personals

Mrs. Charles Wagner, Narranja Rd. has been entertaining friends from Brooklyn, N. Y., Mr. and Mrs. Frank Mock, who after visiting places of interest in and around Central Florida, will reside in their new home in St. Petersburg.

Alpha Nu Members Enjoy Luncheon

The Alpha Nu Chapter of Alpha Delta Kappa, teacher's honorary sorority, met for a luncheon at the Langford Hotel in Winter Park.

Spring was evident with the yellow and violet flower arrangement and the lovely many-colored chapeaus of the ladies present.

Guest speaker Dr. Drinkwater, professor of history, at Rollins College gave an interesting and enlightening talk on "Our Latin American Neighbors". Dr. Drinkwater's talk was made more vivid by relating experiences of her travels and the history of America's first interest and influence in the Latin American countries.

Members attending were Mrs. Roberts Richards, Miss Ollie Reese Whittle, Mrs. Mildred Lind, Mrs. Joyce Roberts, Mrs. Mary Groom, Mrs. Ester Williams, Mrs. Belle Rumbley, and Mrs. Mary Rogers. Guests included Miss Martha Webster, Mrs. Marie Stumpf, Mrs. Marion Nichols, Mrs. Lorraine Whitting, and Mrs. Leonard.

All members of the Alpha Nu Chapter have recently become members of the Seminole County Juvenile Council.

Personals

Bill Park, son of Dr. and Mrs. C. L. Park Sr., arrived from New York City by plane Friday, for a 10 day visit with his parents. He is a commercial artist. Another son, Robert, who is a law student at the University of Florida, in Gainesville, also arrived home Friday for the Easter weekend holiday.

Mr. and Mrs. Edward C. Daniels and children, of Miami, spent the weekend with relatives in Sanford. They visited Mr. and Mrs. Chester Daniels, Mr. and Mrs. J. R. Wells Sr., Mr. and Mrs. J. R. Wells Jr., and Mr. and Mrs. Johnny Davis.

Friends of Jack Burney will be glad to know that he returned to his home at 879 East 20th St., Thursday, and is recuperating after undergoing surgery at the Orange Memorial Hospital in Orlando. He is able to have visitors.

Mrs. S. J. Nix spent the Easter weekend with her daughter, Mrs. Henry Elliott Jr., and family, at De Funiak Springs.

Mr. and Mrs. Evans McCoy had all of their sons home for the Easter weekend. Bruce and Don, students at the University of Florida and Mr. and Mrs. Wayne McCoy and daughter, of Eau Gallie joined their parents and brother Ladd for the family get-together.

Lake Mary

Personals

Mrs. Margaret Bassell of Dade City arrived Friday morning to spend the Easter weekend with her son-in-law and daughter, Mr. and Mrs. Fred Wells of Lake Mary and with her granddaughters, Gini and Judi Taylor.

Molding the Character of a New Generation

Church is not a place. It is a personal experience with God. A rediscovery of human worth. The tapping of a limitless reservoir of inner power. An awareness of our blessings and the needs of others. Worship knots together the loose ends of individual lives, bringing love, purpose and harmony to families and communities.

Religious freedom is an inherent right of every American. Today's business management must continue to uphold this right and give its support to individuals and groups who seek to exercise it.

Flower Show Scheduled For April 25

The second annual DeBary Garden Club flower show will be held at the Community Center, April 25 from 2 to 9 p.m.

The theme will be "April the Capricious." All those who wish to enter arrangements are asked to contact Mrs. A. Diaz, Mrs. Frank Eakin or Mrs. H. P. Newton.

The larger flower arrangements, 28 inches high overall, will include floral themes such as "Spring Rain", "Luncheon on the Terrace," "Blossoms on the Bough," "Clear and Windy" and "Sunny and Warmer."

For the amateurs there will be six classes for Easter Bunny and flower arrangements. Five classes for miniatures, "The Spirit of Spring," six inches overall and corsages for that important date.

In the horticulture division there are seven sections under potted plants and cut specimens. Single flowers will be in charge of Mrs. A. D. Diaz. Please contact her in advance.

Contact Mrs. Elmo Moore, concerning flowering shrubs and trees by April 20.

Eleanor Storrs and Lillian L. Beisel

Casselberry Women Enjoy Cruise To Nassau

Two Casselberry women are enjoying pleasant memories of their recent cruise to Nassau. Eleanor Storrs and Lillian L. Beisel, Lake Triplet Drive residents boarded the SS Bahama Star at Miami for the enjoyable tropical cruise.

While in Nassau they had the opportunity of viewing the historic sights of the quaint "Old World" City while riding through the winding streets in a surrey. They also browsed leisurely through the many British shops, bargained with the natives in the "Straw Market" and visited the popular Paradise Beach.

Church Calendar

TUESDAY

WSCS of First Methodist Church meets in McKinley Hall for business and program. Executive board 9 a.m. business and program 9:45 followed by covered dish luncheon, climaxing contest between the various circles.

Gleaners S. S. Class of First Baptist Church will meet with Mrs. W. H. Duncan, 805 Catalina Drive, at 7:30 p.m.

Grace Methodist WSCS meets at 11:30 a.m. at the home of Mrs. R. B. Kuitner, 1808 Holly Ave. Covered dish luncheon will be served at noon.

Mrs. Osteen Entertains

Mrs. Harry Osteen entertained a group of friends at her home Friday evening. Games were played and refreshments served by the hostess.

Those attending were, Mrs. Joe Masters, Mrs. Albert Pell, Mrs. J. S. Peterson, Mrs. Raymond Lawson, Mrs. Lola Brooke, Mrs. Clarence Snyder, Mrs. James Wallin, Mrs. John Helms, Mrs. L. W. Jones, Mrs. Edith Lee and the hostess.

Local Events

MONDAY

Jaycees Wives Club meets at the home of Mrs. Bud Stewart, 70 Edgemoor Ave., North Orlando. Executive board meets at 7:30 p.m. followed by business and program at 8 p.m.

Mrs. Joseph Stock will be hostess to the Ethel Root Circle, at her home, 811 Palmetto Ave., at 7:45 p.m.

TUESDAY

Chicken barbecue at the Elks Club grounds, sponsored by the Seminole Federation of Women's Club. Serving starts at 5 p.m. Take out boxes will be available.

Sorority Presents Telephone Program

Robert F. Shedden, manager of the Southern Bell Telephone and Telegraph Co., was the guest of the Gamma Omega Chapter of Epsilon Sigma Alpha at their model meeting held Tuesday night at the home of Mrs. Eugene Estridge, III, in Loch Arbor.

Mr. Shedden explained the direct dialing system and demonstrated how it worked by calling Hawaii, Halifax, Nova Scotia, and Winnipeg, Canada.

Winnipeg was buried under a 20 inch snow storm, so they were promised that some of the Florida sunshine would be sent up their way. He also direct-dialed the dog pound in San Francisco, Calif. To reach it the letters L-O-S-T D-O-G which is their code numbers, were dialed.

Attached to his equipment was a loud speaker system so that all of the members could hear the conversations. Members were delighted when he let them call their friends and relatives via direct dialing to all parts of the United States.

During the business meeting the officers of Epsilon Sigma Alpha explained their duties to the rushers that were present. Members voted to purchase the drapery material necessary to cover all windows in the Little Red School House (Seminole County School for Mentally Retarded Children.)

After adjournment, members and guests enjoyed refreshments in the newly completed Florida room of the Estridges.

Woman's Club Schedules Joint Meeting

Members of the Sanford Woman's Club will meet Wednesday at 12 noon for the general business luncheon meeting, followed at 2 p.m. by the Social Department.

Mrs. B. C. Moore and her committee will be in charge of the luncheon and Mrs. N. R. Whitney and her committee will be hostesses at the bridge and canasta games.

For reservations to the luncheon, call Mrs. S. J. Nix, reservation chairman, no later than tomorrow.

Florida now leads the nation in the number of educational television stations. The state state has five ETV stations and four more planned. More than three million Floridians, or almost 80 per cent of the state's population are able to view educational TV.

Spencer Golf Tourney To Open Here Thursday

100 Set To Compete

Dr. Harold Ring looks like the man to beat in the sixth annual George W. Spencer Memorial Golf Tournament which opens Thursday at the Mayfair Golf Club.

The amateur play, which will run through Sunday is shaping up as one of the best tournaments in central Florida.

In the first round of qualifying Sunday, Ring was the low man with a torrid 73. Other top qualifiers were Al Kelley, 75; Bill Bault, 76; Abe Fenell, 77; George Hardon, 78; Art Williams, 79; Jack Davis, 77 and Earl Higginbotham, 79.

Championship flight medal play is scheduled Thursday with the top medalist to get a \$125 prize.

Ring is defending champion of the play and has taken first place twice. Some 100 of the top amateur golfers from central Florida are expected to qualify and compete in the tournament.

Entries will close at Wednesday at 5 p. m. The tourney will be a 72 hole affair.

Russell Named Golf President

New officers of the Sanford Women's Golf Assn., were elected at the recent awards luncheon held at the Mayfair Country Club.

Chosen to serve next year were Mrs. O. A. Russell, president; Mrs. C. S. McKibbin, vice-president; Mrs. Robert Mahan, recording secretary; Mrs. John Schirrad, treasurer and Mrs. W. H. Fouk, corresponding secretary.

The husband and wife and singles tournament will be held on April 16 with a "Bring your own steak" cookout to follow the play. On April 20th the regularly scheduled tournament and luncheon will be held.

Golf pro Rudy Goff requested the assistance of the ladies during the playing the G. W. Spencer Tournament April 2 to 9 and during the State High School Tournament, April 13 to 15.

Retiring president Blanche Nicely thanked the members for their cooperation, and they presented her with a gold pin in appreciation, together with a unique "Bon Voyage" card on her forthcoming golfing trip to the British Isles.

Griffith New Weller Champion

MIAMI BEACH, Fla. (UPI)—Emile Griffith, new welterweight champion of the world at the age of 22, flew back home to New York today with hard training and a quick ring appearance planned for his immediate future.

"He's a young, strong kid and we want to keep him as busy as possible," said co-manager Gil Clancy, who talked roughly and scuffed Griffith in the face Saturday night just before the youngster belted out Benny Kid Paret to win the title. "He's plenty good right now, but he knows and we know he can be better with more experience."

Griffith showed a distinct lack of ring savvy during the 12 rounds he faced the 23-year-old Paret before using two left hooks and a sharp right to equalize Paret's wide edge in experience. But Clancy said Griffith's inability to take charge in the ring was due more to his pride than anything else.

"I told him not to run away from Paret," Clancy said. "I meant for him to move around, jab him, use his reach, and to counterpunch when Paret charged him. But he went in there with the idea he wasn't going to move back one step, and it almost lost him the fight."

Until the 12th, Griffith was losing points by not retreating from Paret's rushes. Paret, a wind-mill-punching Cuban making the second title defense of his 10-month reign, scored heavily in concentrating on the body.

Zone Final

LUCKNOW, India (UPI)—India took an unbeatable 3-0 lead over Thailand in Asian Zone Davis Cup competition Sunday when its doubles team of Rameshnan Krishnan and Premjit Lal defeated S. Karalak and Seri Charuchinda, 6-0, 6-1, India now meets the winner of the Japan-Philippines encounter in the zone final.

JIMMY MILES current International Water Ski Champion from Brandon, is determined to make a good showing in the Annual Dixie Water Ski Tournament at Cypress Gardens, April 8-9. Miles won the Men's International Title in Acapulco while still in the boys class. The Dixie will be his first tournament in the U. S. against the men.

Greene Seen As Likely Prospect For Boxing Commissioner Post

NEW YORK (UPI)—Willie Gilzenberg, Newark and Miami promoter "run out of boxing by the racketeers," voiced the hope today that former NBA president Abe J. Greene might be considered for the impending post of national boxing commissioner.

"The right man, one with nerve and guts, could clean up boxing in three months," Gilzenberg asserted. "Greene, who knows the boxing racket inside and out, would be that man if he had federal backing."

There's no question but what the mobsters at the moment are in almost complete control, Gilzenberg insisted.

"Let's say there are two clean fighters in the country," said Willie, meaning boxers not managed by hoodlum-controlled fronts. "And I wouldn't be surprised if that wasn't one too high."

Willie, known as "The Beard" because of a perpetual nine o'clock shadow, can be said to know whereof he speaks.

"I was a boxing promoter for 38 years and I was wiped out," he explained. "It got so no promoter could run a fight successfully. You know why? Well, first you had to deal with the element that owned all the fighters."

"So if you did that, right away you had 16 partners 'helping' you with the promotion. These guys were some partners. They weren't partners when you lost money, only when you made it."

The Beard turned, in despair, to rasping promotions. Which, no matter how lucrative, is an indication of true desperation.

"The guy who takes on the government job of boxing commissioner has got to know his way around the fight racket or he's gonna be lost," Willie pointed out. "It would take a stranger to the business five years to learn the ropes. It'd be like going to college for a four-year course. But boxing can't wait that long."

Under the terms of the bill introduced by Sen. Estes Kefauver, the proposed national boxing commissioner would license boxers, managers, promoters and matchmakers. Failure to comply with regulations would carry criminal penalties.

"Promoters know when they're dealing with a straight manager or with one who is only fronting for some racketeer," Gilzenberg said. "You can tell who the real manager is when he makes his own points and arrives at his own decisions. But when he hands you that 'I'll think it over and see you later' you know he's gonna see Uncle Frankie."

That would, of course, be Frank Carbo, currently on trial on the West Coast.

"Nobody'd pull the wool over Greene's eyes," Gilzenberg asserted. "He was a New Jersey boxing commissioner 19 years and head of the National Boxing Association, too. The trouble was he had no real power, what with New York being outside the NBA."

"But, as a guy run out of business by them bums, I'd sure like to see the right guy picked for the job."

Jackson's Pace DeBary Keglers

Standings in the DeBary Social Bowling League, finds Jackson Service Station first with 66 wins, DeBary Business Men second with 65, Fern Builders No. One, 57 and Peck Real Estate 56 1/2.

High individual scores went to Robert Finn with a 226, and he also made the high scratch with a 626. DeBary Radio made 1020 in the individual team singles and Jackson Service Station topped the team series with 2841 points.

Au Revoir Race To Wrap-Up SOKC Season Tonight

It'll all be over until next season when the last greyhound crosses the finish line tonight in the Au Revoir Handicap at the Sanford-Orlando Kennel Club.

The featured 11th race, a marathon event, will ring down the curtain on the most successful season ever at SOKC. Attendance and mutuels handle already have broken all previous records.

Aside from these marks, the Fred Whitehead greyhounds established a new season's mark by winning 111 races through the matinee program Saturday.

A new record for the 3/16th mile distance was established by Herold Express. Jack Herold's dog stepped off the distance in 30.60.

In tonight's curtain-closer, Suzy Gay looks like the early favorite for the 9th miller. Paul Boone marathon specialist has been in the money in 12 of 25 starts.

Also on tonight's program is a pair of Grade A races, the eighth and ninth. Charles Lovely's Gal L. will be going for her third straight win in the eighth and Paul Boone's Gesto will be looking for his third-in-a-row in the ninth.

HALLANDALE, Fla. — Carry Back, owned and trained by Jack Price of Miami, Fla., won the \$115,100 Florida Derby by a head.

LONDON, Eng.—With two former Harvard oarsmen, Cambridge University beat Oxford in their 107th race on the Thames.

NEW HAVEN, Conn. — Steve Clark, 18-year-old Los Altos, Calif. high school senior, swam the 100-meter freestyle in 46.5, lowest in history, during the national AAU swimming championships in the Yale Pool.

TORONTO — The Detroit Red Wings clinched a berth in the final of the Stanley Cup playoffs by beating the Toronto Maple Leafs, 3-2.

Celtics Topple Hawks In NBA

BOSTON (UPI)—The defending Boston Celtics are pegging Wednesday night's game here as the crucial one in their National Basketball Association championship playoff series with the St. Louis Hawks.

Veterans Bob Cousy and Bill Sharman agree that if the Celtics can win their second straight before the action switches to St. Louis the series won't go the full seven games.

Boston humiliated the Hawks, 129-95, in the opener here Sunday afternoon, handing St. Louis its worst playoff defeat in history.

"If we win here Wednesday night we'll take the series in five games," said Cousy. "And if we lose, it'll go seven."

Sherman edged just a bit from Cousy's confident but not cocky prediction.

"If we can win the second one it won't go the full distance," he said. "It will be under seven games."

Spahn, Ford Turn In 'Dazzling' Jobs

United Press International

There was many a dazzling Easter performance but it took a pair by Warren Spahn and Whitey Ford to put the Milwaukee Braves and New York Yankees in clover.

This is the time of year when every manager's chief concern is picking an opening day pitcher

Weekend Sports

SATURDAY

ST. LOUIS — The St. Louis Hawks beat the Los Angeles Lakers, 105-103, and advanced into the championship round of the National Basketball Association playoffs.

HALLANDALE, Fla. — Carry Back, owned and trained by Jack Price of Miami, Fla., won the \$115,100 Florida Derby by a head.

LONDON, Eng.—With two former Harvard oarsmen, Cambridge University beat Oxford in their 107th race on the Thames.

NEW HAVEN, Conn. — Steve Clark, 18-year-old Los Altos, Calif. high school senior, swam the 100-meter freestyle in 46.5, lowest in history, during the national AAU swimming championships in the Yale Pool.

TORONTO — The Detroit Red Wings clinched a berth in the final of the Stanley Cup playoffs by beating the Toronto Maple Leafs, 3-2.

SUNDAY

MIAMI BEACH, Fla. — Roy Emerson of Australia beat Wolfgang Stuck of West Germany, 5-7, 6-4, 6-3, 3-6, 6-3, to win the men's title of the Good Neighbor tennis tournament.

LUCKNOW, India—India's Rameshnan Krishnan and Premjit Lal defeated Thailand's S. Karalak and Seri Charuchinda, 6-0, 6-2, 6-1, to give India an insurmountable 3-0 lead over Thailand in semi-final round play of the Asian Zone Davis Cup competition.

but it's no problem today for either Charlie Dressen or Ralph Houk. Spahn and Ford took care of that Sunday with brilliant route going performances that make the choices automatic.

Spahn, who'll be 40 this month, flashed a five-hitter to pitch the Braves to a 9-2 victory over the Kansas City Athletics while Ford, key man of the New York staff, turned in a six-hitter that gave the Yankees a 1-0 decision over the Cincinnati Reds.

Spahn, who has compiled a 4-1 spring record to prove his amazing supplie arm is as good as ever, faced only 30 batters and had a shutout until the seventh inning.

Ford, seeking to bounce back after a mediocre 12-9 record in 1960, became the first New York pitcher to go nine innings in spring training since Bob Turley in 1958.

Hank Aaron hit three homers

and drove in six runs to lead the Braves' 12-hit attack while Bill Skowron homered off Jay Hook in the second inning to provide the Yankees with their winning margin.

Sandy Koufax, the Los Angeles Dodger's fireballing left-hander, also went the nine-inning distance Sunday with an 11-hit, 7-3 victory over the Minnesota Twins. Koufax, who pitched seven no-hit innings in a previous appearance

this spring, had a shutout until the ninth.

The San Francisco Giants beat the Cleveland Indians, 6-1, the Baltimore Orioles downed the Chicago White Sox, 11-3, the Philadelphia Phillies topped the Detroit Tigers, 7-4, the Pittsburgh Pirates edged the St. Louis Cardinals, 4-2, and the Chicago Cubs defeated the Boston Red Sox, 5-3, in other Easter Sunday exhibition games.

Tension Marks Sandspur Action

Suspense and tension marked the last week's game in the Sandspur Bowling League.

The second place Robson Sporting Goods team has been pushing the first place Stiemper Agency for the past four weeks. But determination wasn't quite enough and Robson's dropped all four points to the Wilson Mater Furniture, making it clear sailing for Stiemper, who won three points from hard-fighting Food Mart team.

Davis Builders is in third place, Wilson Maker in fourth, Food Mart, fifth and Pierre Mfg. last.

Rolling some high scoring gam were Margie Woods with a 530 series, Lil Ouden with a 204,522 and Lil Donat with 206,527.

Topping the splits were Erms Anderson, Gloria Accardie and Ann Conklin, who all made the 3-10, Dotty Waltz the 9-10 and Vickie Carter the 8-7.

Only one more game remains to be played in this season.

Seminole Play Apopka Tuesday

The Sanford Seminoles will host Apopka here Tuesday and will be looking for their second win of the baseball season.

The locals will be sending their ace Bobby Johnson to the mound. In his last outing, Johnson hurled a three hitter to give the Seminoles their first win.

Barber Takes Azalea Play In Sudden Death Bid

WILMINGTON, N. C. (UPI)—Little Jerry Barber of Los Angeles says he's "glad the younger fellows stepped aside and let the old pros have a chance to win."

He made the statement Sunday in a light-hearted remark to the gallery which followed him and Chandler Harper of Portsmouth, Va., on a sudden death playoff for the Azalea Invitational golf tournament crown.

It took only one hole for the 44-year-old Los Angeles man to win—his first victory since last year's Tournament of Champions. He dropped a 4 1/2 foot putt to take the \$1,200 top money.

"That just goes to show you what a little experience will do," he said, referring to his deadlock with Harper. The Virginia pro, who had been off the tour for six years, is 47 years old.

"It was a battle of the old pros," Barber added.

However, his consistency, 71-71-213, on the par-72 Cape Fear Country Club course, actually wore down the field of 83 which finished the 13th annual tournament.

Harper held a three-stroke lead after 18 holes of play in the 36-hole final, having a 68 to go with his opening round 71. But he blew to a 74 on the final turn of the tricky course, made even more hazardous by high winds. He picked up \$1,000 for second place.

Dow Finsterwald of Tequesta, who led the first round with a 68, ran into trouble on the final

day and finished in a third place at 215 with defending champion Tom Nieporie of Bronxville, N. Y., and George Knudson of Toronto, Canada.

Palmer, Player Favored In Masters

AUGUSTA, Ga. (UPI)—The 25th masters tournament starting Thursday will have its usual list of favorites, including Arnold Palmer and Gary Player, but there was a widespread feeling today that a lesser known golfer may win it this time.

Bill Collins and Bob Goalby, among the pros, and U. S. Amateur champion Jack Nicklaus are mentioned prominently as good bets to break the dominance which established touring professional stars have had on the championship.

A dark horse hasn't won it since Claude Harmon in 1948. While no one in a field as select as the Masters can properly be classed as a dark horse, there are some who rate well above the others. Palmer the defending champion and two time winner of the title, will be the favorite with Player, the little South African who is the leading money winner on the PGA tour this year, a close second choice.

Town Bands Together Under New Threat Of Extinction

EDITOR'S NOTE: What happens in a community of about 6,000 persons when it suddenly learns that 2,400 of them will be out of jobs? This is the problem faced today by Benicia, Calif., which last Thursday was notified by the Defense Department of a close-down in armament and military expenditures. Does such a community fight back? What levers of power and persuasion can it bring to bear on the federal government committed to budget economy? This is a story about how such a community reacts. What it thinks, feels and is doing to preserve its life.

BENICIA, Calif. (UPI)—Nothing unites a town like the threat of extinction.

Nearly 2,400 civilian employees at Benicia Arsenal, which was ticketed for oblivion by a Defense Department order Thursday, have joined townsmen in a struggle to preserve the 113-year-old depot in this community of about 6,000 persons.

Thursday night, citizens and public officials met to launch the fight, which many of them regarded as a life-or-death battle for the town.

Their first move was to select a 20-man steering committee, headed by a local businessman and former mayor, whose job it will

be to convince the Defense Department they have made a mistake.

"It doesn't make sense," said ex-Mayor Mike Fitzgerald. "This is creating a distressed area of the worst kind."

H. FRED WILLIAMS of Winter Garden will be the principal speaker at the quarterly meeting of the Seminole Baptist Association Brotherhood at the Orange City Baptist Church today. The Memphis, Tenn., native will speak on "Opportunity On Wheels" at the dinner meeting which is scheduled to begin at 7 p. m.

"We've been through this before," he added. "Thirteen years ago the government announced the arsenal would be transferred. But we fought it then and the order was changed. We'll fight it again."

Benicia has been a military base since 1849. Now it is a supply shipping point for tons of Army equipment destined for installations throughout the Pacific area. The trucks, tanks, personnel carriers, and holsters squat on rolling green hills bordering Suisun Bay about 25 miles east of San Francisco. The depot includes a missile repair and rebuilding facility.

Besides the local citizens, Fitzgerald said, "we have had offers of support throughout California, from congressmen, state legislators, and local officials."

Rep. John Baldwin, a Republican who represents Benicia, wired an immediate, strongly worded protest to President Kennedy.

"Benicia Arsenal is the only arsenal which the Army has on the Pacific Coast which is on deep water and can load . . . equipment directly on board ship for Army installations throughout the Pacific and Far East," Rep. Baldwin pointed out. He said in the telegram: "I should like to strongly urge that this decision be re-

considered from a defense standpoint."

Employees at the arsenal were dazed but not defeated.

"We heard a rumor that we would be transferred about a year ago," said personnel director Leslie Wagner, "but this came as a complete surprise. There was no warning."

"But we still feel we have a darn good chance," Wagner said.

"We're convinced that our operation is more economical than Tooele would be."

The Defense Dept. announced that Benicia's functions would be transferred to Tooele Ordnance Depot, west of Salt Lake City, Utah.

Some of the principal arguments that will be mobilized in defense of Benicia concern the additional time and expense it would require to ship equipment by rail from

Utah to the coast for reshipment to the Far East.

"I think when the facts and figures are given to Washington, the order might be changed," said Wagner.

The word went out to the Benicia employes Thursday, when the commanding officer, Col. Albert C. Wells Jr., called department chiefs together for the announcement.

Col. Wells asked workers to remain calm, to stay on the job,

and not to sell their homes. The Defense Department order calls for a three-year period for closing the arsenal.

"We will certainly be in operation here for a long time to come," he said.

The workers themselves were worried and confused. Many of them are veteran civil servants, whose services date from 1941 and 1942 when the arsenal swung into a full-scale wartime schedule.

"I'll have 20 years service in December," said Roland McQuivrey, a deputy storage chief. "I came here from Utah, but I don't want to go back. If I had to, though, I would. I have too much at stake."

"Almost everyone here either owns a home or is paying on one," he added. "It would be almost impossible to move."

Action Is Tabled On Racing Funds

District 4 County Commissioner Vernon Dunn today asked the board to rescind its action asking for the repeal of a law giving race track revenue to the school board.

Dunn called the board's action "hasty" and said "it came like a bolt out of the blue and we didn't realize the implications involved."

County Board Opposes Fresh Water Seining

The County Commission today adopted a resolution asking Gov. Farris Bryant to oppose any commercial seining in fresh water lakes and rivers in the state.

Col. E. L. Jennings, president of the Seminole County Sportsman's Assn., urged the commission to take "definite action" vouching opposition to a proposal now being studied by the Game and Fresh Water Commission on the seining.

Jennings called the matter of "serious concern" to the entire county and said the "county will suffer terribly unless something is done about it now."

In other business, the board heard a delegation from Lake Brantley area opposing the moving of a home into the area because it was below the standards required by the zoning board.

The delegation, headed by Don Ellis, said that a building permit was issued for the home although it was never inspected.

Zoning Director Robert Brown admitted the mistake and called "it an error in his office."

The board directed the county attorney to take legal steps to have the house removed. The house was moved from the right-of-way of the proposed new Interstate Hwy. 4.

Congo Province Is Mobilized

ELISABETHVILLE, The (UPI)—President Moise Tshombe ordered mobilization of the entire Katanga Province population today because he said United Nations action here "constitute a cause of war."

However, the situation eased at midday when the United Nations and the government tentatively compromised their differences.

The incident that touched off Tshombe's order occurred when a Swedish UN unit arrested 25 well-armed Katangese soldiers led by a Belgian officer when they invaded Luano airport at Elisabethville under cover of darkness.

The Katangese pushed several trucks onto a runway and were trying to break into the control tower. The Swedes, responsible for guarding the airfield, promptly moved in and seized the invaders.

The Swedes then sealed off all entrances to the airfield and barred Katangese military and civil air traffic.

Tshombe followed with a radio speech ordering full-scale mobilization, and Elisabethville quickly took on the appearance of a city preparing for a siege.

Tshombe and Interior Minister Godofroid Munoongo issued an order forbidding anyone in Katanga to "have relations with the United Nations, supply them with goods or provide them with services." Penalties for violation ranged through fines up to \$2,000 and imprisonment for as much as five years.

The Nations' Aeronautics and Space Administration said today that they will go to Johannesburg, Pa., "in the next week or so" for three days of intensive additional training in the Navy's huge centrifuge.

They will be whirled at high speeds to give them "current experience in the same acceleration profile they will experience in the manned Redstone flights" to get underway at Cape Canaveral some time this month or next.

Astronauts Get Added Whirl

WASHINGTON (UPI) — The three Mercury astronauts training for America's first man-in-space venture have been ordered to take a "refresher course" in a centrifuge to familiarize them again with the stresses of rocket flight.

The Nations' Aeronautics and Space Administration said today that they will go to Johannesburg, Pa., "in the next week or so" for three days of intensive additional training in the Navy's huge centrifuge.

They will be whirled at high speeds to give them "current experience in the same acceleration profile they will experience in the manned Redstone flights" to get underway at Cape Canaveral some time this month or next.

The Sanford Public Library will join in the observance of "National Library Week," April 16. The staff plans an extensive campaign to get our public to take a more active interest in books. This year's motto is "For a Richer, Fuller Life—Read." The staff also reminds us that a new program will start this summer under a children's incentive reading plan.

Last week was one of the hottest weeks in March on record here. The temperatures soared over the 85 mark for four days.

Reps. Mack Cleveland Jr. and Gordon Frederick said before leaving for Tallahassee Sunday that they would oppose Gov. Bryant's plan for a one and a half percent increase on the utility gross receipts tax for creating road right of way funds.

The deadline for members of the Jaycee organization to qualify for officers on the board of directors is Thursday.

The election committees urged interested Jaycees to qualify now as the race is wide open with only Don Ludwig and Ed Taft qualifying so far.

In the race for president are Glenn McCall, Garnett White and Jack Wilber.

Plans have been made for an election party to be held at the American Legion building April 20. The party will take place at the same location April 20.

A comedy magic show, entitled "Fun with Magic" is being presented in the Pinecrest School auditorium today, by the P.T.A. with a national show.

There will be a meeting of all classroom teachers in the Seminole High School auditorium at 7:30 p. m. today. This will be an important meeting and all teachers in Seminole County are urged to attend.

County Judge Vernon Mize today asked the County Commission to endorse statewide legislation abolishing the fees of the county judge's office.

Judge Mize said that he is not in favor of the fee system and said that "the majority" of county judges were also against it.

He asked the commission to notify the county delegation to support the repeal of the law. The board agreed to study the law before reaching any decision.

Plane Missing SANTIAGO, Chile (UPI) — A DC-3 plane of the Chilean Lineas Aereas Nacionales was reported missing today with 24 persons on board. The plane last reported its position at 8:30 p. m. Monday.

Larry Davis, state president of the Diversified Cooperative Training organizations, and Gary Folms, first vice president will leave Thursday for the convention of the Florida State Federation of DCT, being held this year at the Galt Ocean Mile Hotel in Fort Lauderdale.

Early Friday, convention delegates Gayle Bamber and Bill Lipthrot, alternates Charles Benham and Delton Parker, accompanied by DCT Director Louis Girard, will leave for the convention Friday and Saturday. The board of directors meets Thursday.

There are approximately 150 clubs in the state now which will send delegates to the convention. Specialists in all fields of employment will conduct individual and group workshops for the students, who go to school half a day and work half a day, in on the job training programs in high schools throughout the state.

Final Arguments MIAMI (UPI) — Final arguments were scheduled today in suits brought by a group of parents seeking to abolish religious practice in Dade County's public schools. Circuit Judge J. Fritz Gordon will hear summations by attorneys for the parents, the school board and by E. P. P. Brigham, representing nine churches who are intervening in the board's behalf.

South Changes NASHVILLE (UPI) — A special report released today spoofed the idea that the South was "rural." The "dramatic changes" reported in the first publication of the Peabody Center for Southern Education Studies at Georgia Peabody College that the South's national banks alone claimed nearly 23 per cent of the nation's total bank assets, manufacturing output increased 50 per cent in six years and only 13.7 per cent of Southern workers were in agriculture.

Reds Drop Troops Into Laos

VIENTIANE (UPI)—Hundreds of Communist paratroops dropped near the key Laotian airbase town of Vang Vieng Monday, Defense Minister Phoumi Nosavan told UPI today.

He said the paratroops were operating like those who overran the town of Thu Thom at the southern entrance to the Plain of Jars Friday. Phoumi said the paratroops landed about six miles west of Vang Vieng, which is situated 65 miles north of Vientiane.

This would put rebel troops 20 miles south of the fighting at Muong Kassy, where government forces last were said to be advancing. The aerial assault could cut off the loyalists at Muong Kassy from their supply lines leading from Vientiane.

Phoumi said four Soviet-built Ilyushin transports made three flights each over Vang Vieng, dropping about 360 soldiers.

The paratroop attack might spell an end to immediate hopes for a cease fire in Laos and the arrival here for a three-nation watchdog commission to police a military truce while East and West seek a political settlement.

Earlier, the Laotian government said it was willing to give up United States aid if Russia cuts off its help to the Communist in Laos and North Viet Nam.

Information Minister Bouavang Norasing said the United States and the Soviet Union should stop aid to the two sides simultaneously. Then a cease fire could go into effect.

He said that under such conditions Laos would accept the International Control Commission on Indochina — composed of Canada, India and Poland—to supervise a cease fire.

"We are ready for all aid to our country to pass through this commission," Bouavang said. "We are ready to accept the withdrawal of the Americans."

He made it clear, however, that this would depend on Moscow stopping the massive arms aid to both North Viet Nam and the Pathet Lao rebel forces in Laos.

Israel Prepares For Eichmann Trial As Executioner

JERUSALEM (UPI) — Adolf Eichmann goes on trial here a week from today on charges of having been Hitler's chief instrument in the murder, degradation and uprooting of millions of European Jews.

This is the trial Israel has wanted most since becoming a free nation in 1948. It has prepared carefully for the trial for almost a year — since the day Eichmann was abducted by the Israeli agents who found him hiding in Argentina.

Both prosecution and defense attorneys were believed ready for the momentous trial. Chief defense counsel Dr. Robert Servatius, the Cologne attorney who also represented some of the Nazi defendants at Nuremberg, will open the trial with preliminary arguments.

Prosecutor Gideon Hausner then will open his case with a detailed report on history of Germany's Third Reich and its extermination program, according to the sources close to the Israeli justice ministry.

In preparation for his trial, Eichmann has ordered, among other things, a liberal supply of headache pills. This was disclosed by the men who have been guarding ever since his capture.

Eichmann also ordered a supply of colored pencils, cigarettes, a filler for his ballpoint pen and writing paper—indicating he intends to keep personal notes as the trial progresses.

About 500 policemen and soldiers will maintain security inside and outside the Jerusalem cultural center, where the trial will be held. Gunpoint will command the scene in all directions.

A total of 420 newsmen from all over the world, plus 123 Israeli, have been accredited for the trial. They will have to submit to daily security checks.

Civic Club Meeting Place Changed The Altamonte Springs Civic Club has changed the place of its Wednesday meeting.

The meeting will be held at 2 p. m. in the educational building of the Altamonte Chapel instead of the Community House as previously planned. The speaker will be Rev. Richard Brown and his topic will be "How We Got Our Bible."

THE SEMINOLE 4-H CLUB land judging team finished ninth in the state contest held at Gainesville this past weekend. Over 20 teams competed. Team members left to right, are Jerry Arndt, Oviedo; John Jakubek, Slavia; Teddy Bellhorn, Slavia, and Owen Cammack, Geneva.

Act Asked To Regulate County Disposal System

The County Commission today agreed to get enabling legislation to regulate the pumping and repair of all sewage disposal systems in the county to safeguard against any health hazards.

The motion was made by Commissioner James P. Avery who declared "certain violations" in disposing of sewage is a "nuisance and health hazard."

Under the act, the board would be authorized to police and license any person, firm or corporation engaged in the business of pumping and repairing sewage disposal systems and to require that all work be done in a manner that will not create a health hazard.

In other business, the board agreed to secure rights of way for the paving of Vihlen Rd., under a joint participation basis with the Shoemaker Construction Co.

Heard a report from the road department that during March the cost of labor and materials was \$27,533.

News Briefs

Bomb Injures 12 PARIS (UPI)—A bomb exploded in the Paris stock exchange building today, shattering doors and windows and injuring at least 12 persons, two seriously. Police said the explosion occurred in a washroom on the second floor.

Six-Foot Bunny PALM BEACH (UPI)—A six-foot, 180-pound "chocolate" Easter bunny sent to Caroline Kennedy from Switzerland will be sent to charitable organizations here. The upright rabbit, received Monday by the Kennedy family, turned out to be only partially chocolate. It is made out of plaster with a heavy chocolate coating.

Final Arguments MIAMI (UPI) — Final arguments were scheduled today in suits brought by a group of parents seeking to abolish religious practice in Dade County's public schools. Circuit Judge J. Fritz Gordon will hear summations by attorneys for the parents, the school board and by E. P. P. Brigham, representing nine churches who are intervening in the board's behalf.

South Changes NASHVILLE (UPI) — A special report released today spoofed the idea that the South was "rural." The "dramatic changes" reported in the first publication of the Peabody Center for Southern Education Studies at Georgia Peabody College that the South's national banks alone claimed nearly 23 per cent of the nation's total bank assets, manufacturing output increased 50 per cent in six years and only 13.7 per cent of Southern workers were in agriculture.

Plea For Economy Opens Legislature

TALLAHASSEE (UPI) — Senate President Randolph Hodges and House Speaker William V. Chappell urged the 1961 Florida Legislature into session today with rapped pleas for economy.

Peeking from behind flower-bedecked desks, members listened intently as their presiding officers implored a cautious approach to spending less the flood-gates be opened to new taxes.

"We are beginning what could be the most critical legislative session in history," Hodges said as he took over the gavel from outgoing President Dewey Johnson.

"It will require all the ingenuity at our command to meet the tremendous governmental needs of a great and growing state at a time when the economy of the state and nation is fading."

Chappell and Hodges, both strong conservatives pledged against new taxes, and they urged their colleagues to face the issue squarely and do their best.

The speaker said Hodges would be to levy new taxes and give everyone all the money they ask. Chappell referred to the request of government agencies for a whopping \$952 million in appropriations against estimated revenues from present taxes of \$765 million.

"I caution you that the power to tax is the power to destroy," he said, "and urge you to explore every avenue of elimination of duplication by state agencies and of every unnecessary service before we direct our thoughts toward new taxes."

Both presiding officers have appointed tax chairmen pledged to hold the line on new tax bills.

Highlight of the day was to be the governor's message to a joint session at 3:15 p. m., when he was expected to renew his pledge against new taxes and adopt certain economy measures to make it possible.

In other opening day business, the Senate installed John Rawls of Marianna as president pro tempore and the House made Rep. George Stone of Escambia speaker pro tempore.

Opposition Heard On Contractors Law

The County Commission today was once again besieged by residents asking that the board not go through with enabling legislation on the licensing of contractors in the county.

John Evans of Oviedo said that the County Farm Bureau had opposed the proposed bill calling it "loose and inadequately worded."

Residents also complained that it would work a hardship on free enterprise in the county.

However, Commissioner John Fitzpatrick emphasized that this is only permissible legislation and asked that citizens leave it up to the County Commission to insure adequate safeguards.

Commissioner James P. Avery, for the second week in a row, asked that the motion asking for the law be rescinded but, once again his motion died for lack of a second.

Ad Rules Asked

WASHINGTON (UPI) — The government moved today to protect the public, especially amateur investors, from false or deceptive investment advertising.

Emergency Road Measure To Aid Building Backed

TALLAHASSEE (UPI) — An emergency measure to help Gov. Farris Bryant's administration begin its road program will be introduced early in the 1961 Legislature with the backing of the powerful Kelly-Roads Committee.

The measure, approved by the committee at a final meeting Monday, would put a three-month moratorium on the law requiring the Road Department to maintain a 20 percent cash reserve in its primary highway fund.

Bryant's legislative aide, Road Board member Max Brewer of Titusville, urged the committee to sponsor the legislation and said that without it the administration would have its hands tied on primary road projects until July 1.

Brewer explained that the Collins administration overran the primary fund by about \$7 million, and that without lifting the 20 percent cash reserve law the fund would not be built back up sufficiently before July to plan major highway projects.

The Kelly committee, which spent two years between legislative sessions investigating the Road Department, agreed to give its endorsement to the measure sought by Bryant, and to seek early introduction.

The committee, at its final session, also endorsed bills to put a professional career man at the head of the Road Department as state highway commissioner, and to give the counties more say in the spending of secondary gasoline tax monies.

The committee recommended that the Legislature also pass a strong "conflict of interest" law aimed at preventing payola among employees of every state agency, including elected officials and legislators.

The committee, headed by Sen. Scott Kelly of Lakeland, touched off payola scandals in the Road Department with its series of hearings around the state.

Among other bills endorsed by the committee, one would require the state to assume responsibility for buying rights-of-way for all primary road projects, and set up a revolving fund for purchase of rights-of-way.

W. First St. Hearing April 17

A public hearing on the W. First St. widening project will be held at 2 p. m. April 17 in the county commission chambers of the courthouse.

State Road Department Engineer Richey Green, in a letter to the board of county commissioners today urged that the board and all interested citizens attend the hearing.

LARRY DAVIS

GARY FOLMS
