Commies Open Up On 75-Mile Front

By GEORGE ESPER, Associated Press Writer
SAIGON (AP)—The North Vietnamese broadened their seven-day offensive below the demilitarized zone today and opened a new front, 75 miles north of Saigon with tank, infantry and artillery assaults. The enemy also intensified attacks in the central highlands, where North Vietnamese tanks were reported to have pushed to within four miles of a government fire base. All these operations made up what amounts to a three-front drive. Field reports said the attacks north of Saigon were directed at towns and bases near the Cambodian border.

"This is the decisive battle," President Nguyen Van Thieu declared in a nationwide television and radio address. "I call on the army to defend our country. I call on the people to do your best to support the battle front."

While the Saigon government's northern defense line held along the Cua Viet-Dong Ha River 10 miles below the DMZ, Quang Tri, the provincial capital nine miles to the south, was threatened by fighting on the southeast, south, southwest and north.

Two fights erupted six miles south and nine miles southeast of the town in the French-Indochina War's "Street Without Joy" area along the coast and Highway One. Government forces reported 47 of the enemy and two of their own men killed and six South Vietnamese wounded.

Ten miles southwest of the province capital, Fire Base Pedro was under heavy attack, but a marine battalion was reported holding on. Pedro was Quang Tri's last major defense position in that direction.

South Vietnamese bombers attacked tank columns on the

me 12 miles northwest of the southwest just over the Laotian border. Pilots claimed they destroyed 11 of the tanks and killed 40 North Vietnamese soldiers.

Ground fighting also was reported at points seven and 12 miles northwest of Quang Tri, and the Saigon command claimed 58 North Vietnamese killed. It said four government troops were killed and 17 wounded.

Allied officials believe that both Quang Tri and Hue, 35 miles to the southeast, are objectives of the North Vietnamese offensive, and today North Vietnamese troops ambushed a column on a jungle road about 15 miles southwest of Hue.

The column was a mixed force to fight its way through with the help of U.S. helicopter gunships flying through heavy anti-aircraft fire.

North Vietnamese gunners also kept up rocket and mortar attacks on two firebases southwest of Hue.

Meanwhile, a steady rain drenched the battlefield in Quang Tri Province, curtailing U.S. and North Vietnamese air strikes on North Vietnamese tanks and artillery positions south of the DMZ.

Before the rains set in, U.S. fighter-bombers flew nearly 200 strikes across the northern Viet Tuesday for the second successive day, and the B52 bomber fleet added another 40 strikes.

More than a score of fighters attacked radar and surface-to-air missile sites threatening allied planes from inside North Vietnam's half of the six-mile-wide DMZ and just to the north of it. The U.S. Command said four installations were destroyed.

Informants said the weather over North Vietnam had not

cleared enough for massive retaliatory raids there, but they are still planned within the clouds lift. They said continued rain is predicted for Thursday and Friday over the North Vietnamese panhandle, but broken to several skies are promised below the DMZ.

The U.S. Command announced that another UH1 helicopter is missing and believed to have crashed in support of the South Vietnamese troops on the northern front. The four crewmen were listed as missing. Seven American aircraft have been reported lost in the North Vietnamese offensive.

Longwood Looks To Future Purchase Of Utilities Co.

By DONNA ESTES

LONGWOOD—The possibility exists that the city may soon purchase the privately-owned Longwood Utilities Company, which provides water and sewer service to the city.

The city council meeting on Tuesday night was held in the city's new municipal building, which was opened for business on Tuesday night.

Longwood Utilities Company was founded in 1954 by Albert Beutel, who later sold the company to the Longwood Utilities Company. Beutel is now a resident of Woodlands, another resident of Woodlands, however, said a "lot of talk" has been heard pro and con on annexation to the city. He pointed out, at the same time, that whether Woodlands is annexed there will be difficulty in the city acquiring the utilities company. "Look at Casseberry," he said. Developer of Woodlands, Lester Mandel, is a principal in Longwood Utilities and the private company currently in the water and sewer business in Casseberry.

Councilman Dick Crenshaw called the meeting for the purpose of explaining that the current system whereby city residents pay taxes for fire protection while those in outlying areas are receiving the service gratis cannot continue. Beutel said, according to his insurance agent, change in fire rating from a 10 to the subdivision currently by the city would save over a \$20,000 a year. He also said that the city would save over a \$20,000 a year in fire insurance premiums.

In answer to a question from Council Chairman Eugene Jaques, Marchesano said he

would be willing to pay a fee for the city's fire and police protection while the city would save over a \$20,000 a year. He also said that the city would save over a \$20,000 a year in fire insurance premiums.

Kidnap-Robbery Trial Scheduled For May 8

By MARIAN BETHA
IN an arraignment held yesterday before Circuit Judge Dominick Salfi, trial was set for May 8 in the case of Michael Whalen, charged with kidnaping. The defendant pleaded not guilty. Whalen is also charged with first degree murder and a two-count information with robbery and use of a firearm by a convicted felon.

The charges in all three cases stem from the stabbing murder of Richard Day, Casseberry ABC liquor store assistant manager, on Dec. 27, 1971. According to a report by L.

L. J. Kriy, Day was forced to hand over a large sum of money to his killers before they drove him to the Trinity Preparatory School campus and stabbed him several times in the chest. Whalen is stipulated that he is willing to consolidate the trials on the kidnaping and robbery charges.

A co-defendant in the case, Fulton Perkins, also facing the same charges, had his arraignment continued until April 11. Judge Salfi said that Richard Day, Casseberry May 1, and trial will be consolidated also if the defendant agrees.

Arraignment is continued until April 11 in the case of Ronald Turner and Ulysses Walker, both charged with robbery in separate cases in a grand jury indictment last Friday. Both appeared without counsel, and the court indicated that a special public defender will be appointed Tuesday. Trial is set for May 1 in the case of Cecil Gerry, charged with larceny of a motorcycle. Gerry pleaded not guilty.

Also continued for arraignment until April 11 are the cases of Gary Williams, charged with perjury, and Ronald Revels, charged with breaking and entering with intent to commit a felony. Both are continued for arraignment of counsel.

City Drops Georgetown Paving Plan

By BILL SCOTT

City of Sanford Tuesday acceded to demands of Georgetown property owners and dropped plans for the paving of north-south streets in that area. City Commission's action followed advice by City Attorney W. C. Hutchison to continue with a law suit filed by the property owners would be expensive.

The suit was filed by a group of Georgetown residents in U.S. District Court to enjoin the city from proceeding with a plan to pave the streets at an expected \$227,000 cost, which would be assessed to the city's own property.

Filed by Horace Hill, Daytona Beach attorney, the suit alleges discrimination and accuses the city of charging property owners for paving the black community while participating monetarily in the street paving made in the mostly white city area.

Hutchison disclosed the suit has no drawn additional legal counsel and financial aid on the part of the plaintiffs, who have filed a set of amended interrogatories, which seemingly would indicate a desire to make the law suit a scrutiny into various aspects of the city.

In the past the city was prevented from going through with the paving plans as long as the suit was hanging. With Tuesday's action, the Commission thus indicates it has no intention of continuing the efforts to pave the streets under any circumstances.

City Manager W. E. Knowles said the property owners in the affected area were offered a plan to pave the streets whereby the city would pay one-third and property owners pay two-thirds but this was not accepted.

Knowles said the majority of property owners who attended several Commission meetings indicated they preferred the assessment route since it would allow the owners' share to be repaid over a longer period with a lien taken on the property until the balance is paid.

Hutchison said the most the

Altamonte Correcting Error 'Hotel' License Revoked

By DONNA ESTES

ALTAMONTE SPRINGS—Revocation of the occupational license for Capistrano Apartments was ordered by City Council Tuesday night on recommendation of Councilman T. A. Radloff.

Radloff, who has been an opponent of the city's present occupational license fee schedule, is to be replaced with a new ordinance setting lighter fees in D-100, insisted the apartment building permit be revoked.

Starting the present "hotel" license issued for fee of \$150 was in error, the Councilman said the complex should be paying instead a fee of \$1175. "I am not in favor of charging this much," he declared, pointing out smaller businesses are having to pay large fees. He added the ordinance has to be enforced since it remains on the books.

Vote on Radloff's motion was unanimous.

Capistrano management was instructed to re-apply for a proper license.

In other business, Council: On request of Councilman Dan Dorfman placed on agenda for Thursday's 7 p.m. work session consideration of implementation of a limited moratorium on issuance of apartment building permits for 90 days or until City Planner Harlan Hanson's report on proper land use is submitted.

Heard report from City Sup. Donald Bundy that cost estimates of a metal building to house the planned fire station number two range from \$23,000 to \$25,000. It was agreed the station will have to be located west of the intersection of SR 436 and Interstate 4.

Appointed Logan Browning of the firm of Pierce, Welborn and Murphy as the city's fiscal agent.

Approved payment of \$21,819 to general contractors, Sorenson and Fletcher for work on the civic center and \$22,624.53 to city engineers, Glace and Radcliffe as partial payment for the engineering work on the northwest water supply.

Arson Charges Dropped Against Two Suspects

By MARIAN BETHA

The state has dropped charges in the cases of two defendants charged in the Feb. 22, 1971, burning of a marine dealership owned by Zouma May. Flames were visible several miles along the lakefront from the intense conflagration which was fed by flammable materials.

A passing motorist alerted authorities but by the time the first fire department arrived in the scene, the building had collapsed.

One of the defendants, Tommy Russell, had filed a motion for a speedy trial in the charges of second degree arson and conspiracy to commit a felony.

The case, which had received a continuance, had to be tried by April 4 under the speedy trial law.

The state also dropped charges against Dewey Greene, who also faced the same charges as Russell. In addition to the arson of the building, both were charged with the theft of several outboard motors from the dealership.

A third defendant, Eddie B. Williams, has had his case continued and has waived right to a speedy trial.

According to Assistant State Attorney Newman Brock the charges were dropped by the state due to the fact that an important material witness in the case has fled and cannot be located to testify.

Although a fugitive warrant was issued and several "lets" given as to his whereabouts in Georgia and South Carolina the witness has disappeared.

"It is a perplexing problem," said Brock, who added that the state will not relinquish its pursuit in the matter.

General Motors Calls Back Vegas

DETROIT (AP)—General Motors is recalling approximately 130,000 1972-model Chevrolet Vegas to correct a carburetor defect which consumer advocate Ralph Nader charges could cause the subcompact car to burst into flames.

In a statement issued in Detroit late Tuesday, GM said the defect had been found only in cars with the optional 90-horsepower engine. GM said it had developed a method to correct the problem.

Required parts for the recall are scheduled to be in the hands of dealers during the latter part of the month, GM said.

The automaker's announcement coincided with release in Washington of Nader's letter to the National Highway Traffic Safety Administration detailing the charges. Nader said they were based on "numerous" reports he has received of fires in Vegas.

GM said preparations for the recall were under way before it learned of Nader's letter. The Vegas are being recalled at company expense and make up about 40 per cent of the 1972 model year production, GM said.

Nader said the fires start because of the design of the carburetor.

SANFORD telephone operator, Mrs. Carlene Milam, was honored at a luncheon Tuesday for her part in saving the life of John Bacon of Deltona, Dec. 28, 1970. She was presented with a cash award and citation from Southern Bell Telephone and Telegraph Co. by J. L. Dees, general traffic manager. Mrs. Milam assisted in locating respiratory equipment needed for the polio victim in Georgia and it arrived just in time through the efforts of the Georgia and Florida State Patrols. She was previously awarded a National American Legion citation.

No Rift Exists: Kelley

By BILL SCOTT

An explanation of a reported rift between the Seminole County Industrial Development Authority (SCIDA) and John Kridler, Greater Sanford Chamber of Commerce manager, was released today by David P. Kelley, SCIDA executive.

"In regard to the article that appeared Sunday April 2, 1972, I may strongly say that there is no rift between the Chamber of Commerce executive John Kridler and SCIDA.

"Since I have lived in Sanford, I personally have found Mr. Kridler to be a most devoted, hard-working and energetic individual working on behalf of the citizens of Sanford and Seminole County.

"During the SCIDA meeting, an authority member stated that Mr. Kridler had recently brought a prospect to his place of business. The authority member wanted to know if I knew of this prospect, and I stated that I did not, well realizing that there are other individuals working with prospects throughout Seminole County that we are unaware of at the time," Kelley stated.

The SCIDA director stated, "I would like to emphasize that the function of SCIDA is to advise and promote the county and to work with individuals dealing with prospective industrialists and to assist our already established industrialists."

Peter Owens Meted 20 Years In Prison

Peter Owens, 57, found guilty of second degree murder by a Circuit Court on Oct. 6, 1971, has been sentenced by Circuit Judge Thomas Waddell Jr. to 20 years in state prison.

Owens was convicted of shooting his wife, Winifred Tyson Owens, 53, a licensed practical nurse at Seminole Memorial Hospital, on April 21, 1971.

Owens contended the slaying was accidental and said while awaiting his wife's return from her duties at the hospital he was disturbed by a prowler.

Relating the incident to Mrs. Owens when she returned, the defendant testified his wife queried as to what he would do if he encountered a prowler.

Owens said he picked up a pistol, which he thought was unloaded, and said, "I'd go ka-pow." The gun accidentally discharged, he contended, and his wife fell forward.

However, the state argued the defendant was negligent in not checking the pistol to ascertain if the chamber was empty and further that the gun was only 12 inches from Mrs. Owens chin when it was fired.

For Voc-Tech Program SJC Receives Three Grants

Seminole Junior College has received \$257,100 in three state grants aimed at beefing-up the college's vocational-technical program. This was disclosed by President Dr. Earl Weldon at Tuesday night's trustee meeting.

Dr. Weldon stated the college would receive \$222,100 for vocational construction as provided in the passage of legislative acts.

An additional \$20,000 has been approved by the Florida Education Department for projects aimed at senior citizens' education, which is the first grant received by a state junior college for education of the elderly. The grant came from the Division of Family Services division under the State Department of Health Services, Dr. Weldon advised.

A \$15,000 grant was awarded to SJC from the state vocational-educational division at Tallahassee for education of the deaf, Weldon added.

The trustees after hearing of the \$2,569 grant approved hiring an interpreter to set up courses in the voc-tech division at the college for deaf students.

Joseph White, dean of instruction, said SJC has many places in which the \$222,100

Lizzie Anna Wilson Honored At Fete On 101st Birthday

By DORIS WILLIAMS
Secretary Editor

There are birthdays, and then there are more birthdays. To reach the century mark is rare and deserves more than ordinary commendation. Last year I was invited to the 100th birthday celebration of Lizzie Anna Wilson. This was a "first" for me so I was there with bells on and shared the festive occasion with the family.

Upon my departure, I informed the family and lovely home I would see them "next year" for 101.

Next year, March 31, 1972, rolled around and sure enough I was invited to join the family luncheon celebration at DeBary Manor Nursing Home where Mrs. Wilson is a resident.

Looking as though she just stepped from a band box, the guest of honor had her appearance attired in soft beige, wearing a corsage donated by Lois McDonough. Her shining hair was styled in a smart coiffure and she was wearing a captivating smile.

Family members and close friends called bearing gifts and best wishes to the gracious honoree.

Although the birthday girl is semi-invalid resulting from a broken leg, she is very alert and graced the luncheon with an inspiring prayer.

The beautifully embossed tiered birthday cake, made by Corda Hunt, was shared with other residents at the Manor.

Mrs. Hunt made and decorated the cake for Mrs. Wilson's 99th birthday and 100th birthday and commented she would travel 100 miles to make the cake for the 101st birthday.

Present in Sanford social, civic and philanthropic circles through the years, Mrs. Wilson is a monument of a successful and happy life.

Her only living relatives are two nephews, Byron Fox and John Fox, and their families, all of Sanford.

Once again, upon departing from the touching festivity, I leave the family a fond adieu and told them I would see them at the 102nd celebration.

The following is a brief biography of a truly great lady: Lizzie Anna Wilson was born in Middleport, N. Y. on March 31, 1871, the daughter of Charles A. Fox and wife, Mary Harrington Fox. She was the eldest of five children.

She gave to the City of Sanford a pair of peacocks when the Sanford Zoo was first started. She donated land to the School Board upon which is now located the Wilson School.

Several years ago the school PTA honored her in appreciation for her donation of the land.

Mrs. Wilson continued to live in her home until about two years ago when, as a result of a fall and a broken leg, she went to DeBary Manor, DeBary.

Her father's grave was wiped out in the Big Freeze of '96. She became secretary to Thomas Emmet Wilson, a practicing attorney in the area.

On July 8, 1906, she married Mr. Wilson and went to his home in his law practice until his death in 1924. There were no children.

About 1915 they took into their home to raise, two young nephews from Charlotte, N.C., Bryon and Emmet Fox. In 1920, her sister, Catherine Fox, and another nephew, John E. Fox, came to live with them. Mrs. Wilson passed away in 1943.

Mrs. Wilson is an accomplished pianist and enjoyed many operas during her visit to New York City. She is a charter member of the Sanford Woman's Club and was honored by the Club in recent years. She has long been a member of All Soul's Catholic Church.

Suitcase Lectures Studied

By MARILYN GORDON

Once again, something new for Seminole County. Richard Barrett, coordinator of Social Studies for the Seminole County District School Board, spoke to the Altamonte Springs Home Extension Club about a new concept in education called the Suitcase Lecture Series.

Social studies, he explained are often boring, drab and dull to young people. The only exception they get is with the pictures in the books. Children learn through seeing as well as hearing.

The lecturer is important not just because of its content but its appearance. Seeing and hearing are not enough for today's youngster. He must touch in order to benefit the most.

Three counties in Florida were given money through a Federal grant to implement a mobile museum. Much of this money was misspent because of the speed in which it had to be implemented. Now, after three years, they are unable to fund this Barrett told the group.

"Our idea is to produce large suitcases that can be equipped and maintained by the Central Florida Museum," he stated.

Well, Seminole Junior College Department of Vocational Education has read your mind and everything is all ready for this Planetarium. They would be transported by volunteers that would be trained in lecturing to the first, second and third grades. Plans have been made for 11 cases and one volunteer would become proficient in five of the cases," he stated.

The response from the Altamonte Springs Home Extension Club was excellent. Members realized the vital need in the community for such a service.

The program was initiated in September 1971 and met in the sewing rooms at Seminole High School. In January of 1972, the class moved into the present location at the Central Adult High School.

Sewing classes are held to fit all ability levels from beginner to advanced. The highly skilled professional methods. Classes are conducted both during the day and at night.

The class is also directed toward future wage earning capabilities for those who wish that emphasis on their training in order to acquire positions as alterations, custom dressmaking, tailoring or industrial sewing.

One of the more interesting side lines in the sewing classes is the instruction in making dress forms for home use. A visit to the class found the women being wrapped in long strips of sticky paper which, when removed, would resemble their form. LIZZIE ANNA WILSON, who celebrated her 101st birthday March 31, 1972, at DeBary Manor Nursing Home, poses with her two nephews, Byron Fox, left, and John Fox, and her beautifully embossed birthday cake.

Two nephews, Byron Fox and John Fox, and their families, all of Sanford.

Once again, upon departing from the touching festivity, I leave the family a fond adieu and told them I would see them at the 102nd celebration.

The following is a brief biography of a truly great lady: Lizzie Anna Wilson was born in Middleport, N. Y. on March 31, 1871, the daughter of Charles A. Fox and wife, Mary Harrington Fox. She was the eldest of five children.

She gave to the City of Sanford a pair of peacocks when the Sanford Zoo was first started. She donated land to the School Board upon which is now located the Wilson School.

Several years ago the school PTA honored her in appreciation for her donation of the land.

Mrs. Wilson continued to live in her home until about two years ago when, as a result of a fall and a broken leg, she went to DeBary Manor, DeBary.

Her father's grave was wiped out in the Big Freeze of '96. She became secretary to Thomas Emmet Wilson, a practicing attorney in the area.

On July 8, 1906, she married Mr. Wilson and went to his home in his law practice until his death in 1924. There were no children.

About 1915 they took into their home to raise, two young nephews from Charlotte, N.C., Bryon and Emmet Fox. In 1920, her sister, Catherine Fox, and another nephew, John E. Fox, came to live with them. Mrs. Wilson passed away in 1943.

Ace Has 5-1 Record Chumat No-Hits Oak Ridge, 6-0

Larry Chumat lived up to his reputation as the ace of the Lyman pitching staff as he pitched the Pioneers of Oak Ridge with a solid no-hit effort yesterday at the Lyman High field.

It was the sixth win of the season for Chumat against one less but more important it kept the Greyhounds abreast with the Trojans of Evans as the two only run in the first inning but later added single

the victory pushed the Greyhound Metro record to 10-2, the same as Evans which was idle yesterday.

During his masterful performance yesterday Chumat had but four runners on the base paths and never did he have a crucial situation to contend with. He struck out four and walked one.

Usan, shortstop Bob Costantine had to move to third where he dazzled the Pioneers with six flawless fielding chances.

Constantine was one of five Greyhounds who came up with two hits in the victory. Dan Radovic, Sam Parker, Randy Brooks and reserve shortstop Rick Nuss were the other top hit performers.

The Hounds have a crucial pair of contests coming up this week. On Friday afternoon they face cross-county rival Sanford Seminoles in a game slated for the Seminoles home field. Then comes the Saturday meeting at 7 p.m. with Evans at the Lyman Field.

Larsen's No-Hitter Nets FTU Eighth Win

Bill Larsen had turned quite a few heads this season with the display of hitting at the times he was supposed to be just pitching. Last night he attracted attention with his pitching as he served up a no-hitter in Florida Tech's 1-0 stumping of Lyndon State of Vermont at McCracken Field.

The former Bishop Moore star set down 15 batters via the strike out route and allowed only four of the visitors to reach base. Three of those came on free passes issued by Larsen.

Making things easy for Larsen was a 18 hit attack by the Gold Sox who put on their strongest hitting performance of the season. Tim Gillis led the Gold Sox attack with five hits in seven trips and five runs scored. It was Gillis and Allan Tuttle that helped the Gold Sox push ten runs across the plate in the fifth inning. Both players contributed two hits apiece in the 16-run outburst that gave Tech a 15-0 lead.

Tuttle's 29th hit came with the bases jammed and drove in four tallies. Among the five hits by Gillis was a booming double. Also scoring extra base hits in the triumph were Pat McCarty who rapped a double and Steve Halbach with a long triple.

Associated Press Sports Writer CHICAGO (AP) — Terming the demand for a 17 per cent hike in pension benefits "totally unreasonable," baseball's 24 major league teams posted "No Game Today" signs at their ballparks and tossed the ball back to their striking players on when was to have been opening day of the 1972 season.

An emergency five-hour meeting at which all of the clubs were represented, that the owners, reported that the teams had reaffirmed the position of their Player Relations Committee, which had earlier turned down the players' proposal to end the strike.

"There was no sentiment to accept the players' proposal," said Gabe Hanan, looking grim and worn. "The whole matter of a 17 per cent raise in pension benefits is vitally unreasonable, even in the light of the players' cost of living argument, which is not applicable in pension plan negotiations."

The players had offered to return to work on Monday, accepting the owners' original \$40,000 boost for their health care package provided they could use the surplus in their \$45 million fund for pension improvements. That proposal was rejected as "an imprudent ap-

'Strike' Tossed At Miller

CINCINNATI (AP) — Marvin Miller, executive director of the striking Major League Baseball Players Association, said Baltimore today after branding Cincinnati Red General Manager Bob Howsam "a liar."

Howsam had charged earlier in the day that without Miller there would be no players' strike and that baseball would be better off without him.

"Mr. Howsam is a liar," said Miller. "I appreciate the compliment, but it isn't true. I could go to Timbuctoo and it wouldn't make any difference. He assumes this is a one-man organization."

"But these are not the same players as there were in the game 20 years ago. Howsam and some of the other owners and general managers are living as if it was 20 years ago. The players today are more concerned, more sophisticated, more educated. They are aware how much money there is in this game, despite the owners' cry of poverty."

"This is ridiculous and absurd. Fortunately not all of management is this way."

Howsam was not immediately available for comment. He was at an owners meeting in Chicago on Tuesday night.

Miller said he was convinced the owners are not interested in reaching a settlement even though it will cost them money if the strike continues. He believes they are more interested in "breaking the back of the players association."

Miller met with Cincinnati Reds players. The Reds had been scheduled to meet the Houston Astros today in their season opener.

Miller maintained the money is in the pension plan to help the players demand for a 17 per cent increase in benefits. He said the actual money belongs to the players but the owners must agree to release this fund and they won't do it.

"All we're saying is the money in the plan has the capability of paying the increased health and pension benefits," he said.

"We have put our money where our mouth is," he said, noting that it was "strange" that the owners did not accept the contention that they have \$400,000,000 available in the fund.

"The plan employs and actuarial firm, Retirement Plans Inc., Cleveland. They have been doing this job for 17 years and they had three personal and I didn't want him stuck with four or five in the last half, when the going could have been better than it was."

West's first basket came at 7:40 of the third quarter and put the Lakers ahead 60-59. The Lakers led 77-78 after three periods, but outscored Chicago 31-23 in the fourth quarter. West had six of his baskets in that final period.

Lyman Records Topple

Lyman's boys swim team came up with a 5-1 victory over Bishop Moore and the Lyman girls set several school records in a 61-31 loss in their meet yesterday afternoon.

Rick Hartman and Karl Schoepflin sparked the boys' victory over the Hornets. Hartman won the 50 free and 100 free style events while Schoepflin brought first places in the 200 individual medley and the 100 backstroke.

In his 50 free win Hartman had a time of 23.6 while taking 51.8 in the 100 free. In the 100 backstroke he first in 2:15.7 and covered the 100 backstroke in 1:05.1.

Week's Layoff Hurt Saints Drop Second Decision

The Trinity Prep Saint baseball team just had too much time off between games and it showed yesterday afternoon when they dropped a 6-0 decision to Taylor Pierce.

"We had too much vacation," said Coach Steve Vaccarion, "I join their clubs so that the season may commence as soon as practicable," said Gabe Hanan. "It would certainly be an advantage to all concerned to get the season started. I'm calling on the players association in the interest of the public and the game of baseball to have the players re-

'Mr. Clutch' Paces LA To Sweep Of Chicago

Milwaukee took a 2-1 lead in that series by beating the Warriors 106-99 Tuesday night. The Bucks will try to wrap it up at the home Thursday night.

In Eastern Conference semifinal series, Baltimore took a 3-1 lead by edging the New York Knicks 104-103 behind Archie Clark's 25 points, while Pete Maravich tossed in 36 points in the second quarter. Milwaukee held only a 33-32 lead before that upset.

West did not score any points in the first half, but did commit three personal fouls. So Coach Bill Sharman decided to sit his star backcourtman down after 14 minutes of first half action.

"We had some words, Jerry never wants to leave a game," Sharman later explained. "But he had three personal and I didn't want him stuck with four or five in the last half, when the going could have been better than it was."

West's first basket came at 7:40 of the third quarter and put the Lakers ahead 60-59. The Lakers led 77-78 after three periods, but outscored Chicago 31-23 in the fourth quarter. West had six of his baskets in that final period.

Oviedo Defeats Apopka

APOPKA — The Oviedo Lions defeated Apopka 4-2 in an Orange Belt Conference (OBC) game played here. The victory raised the Lions' record to 3-4 for the season. The Lions, who have dropped five games by margins of just one run, have now put together two consecutive victories and seem to be picking up momentum as a district playoff time approaches on April 20.

The Lions were led by the pitching of Allen Daniels and the fifth, Daniels came on in relief with one out in the fifth inning. He hurled the last 2-3 innings, blanking his opponents on one hit while striking out four of the last seven batters he faced to save the victory.

At the plate Oviedo was led by the trio of third baseman Greg Sindbad, who was two for three with a run scored, and Davis and Daniels, who were each two for four at the plate.

The Lions, who appear to be on the rebound, will return to action April 23 at 1 p.m. against Kissimmee in Oviedo.

Casselberry Facing Decision On Golf Course

By KATHY NIBLACK

CASSELBERRY—Residents of Casselberry (known from its inception as "the tax-free area") later qualifying this with "reality" are facing a historic decision if the proposed referendum on ad valorem tax goes through.

The reason for the proposal is the desire on the part of many to retain the present golf course as a greenbelt and recreation area. This requires purchase by the city and that requires financing.

Many citizens expressed their opinions pro and con on the matter at City Council's continued meeting.

Donald Wilson requested the council to deny the idea of a referendum, saying, "I don't believe this board has a mandate from the people to call a referendum."

David McCoy also spoke out in opposition to the referendum, saying, "This deserves a lot more thought before a decision is made. Table this until some 'black and white figures' can be brought before the people."

Mrs. Margaret Driggers spoke out in favor of ad valorem taxes, saying, "To say that we are a 'tax free city' is a farce, because we are not. We have a utilities tax. We will have an ad valorem tax in two or three years anyway."

Ed Yokely said, "You have not done your homework. You should have your figures, not your words but by deeds. Don't keep anything from the public. Let them tell you what to do. You don't tell them what to do. You should be diligently seeking the facts for the people of Casselberry." He continued by saying, "If you don't hold the vote now and keep the golf course, it's going to go down to what I call purgatory."

The referendum will be held as soon as practicable. In the meantime, the city plans an appraisal of the golf course and other facilities in order to obtain an adequate millage rate. It is expected that this will be in the area of three mills. As soon as all figures and information are collected, they will be placed before the people so that the citizens of Casselberry can go to this referendum knowing what they are voting for.

We finance fun!

Eggnog Snow Light

By Cecily Brownstone
Associated Press Food Editor
Lemon Snow — whose basic ingredients are unflavored gelatin, egg whites and lemon juice — has been with us for years. But now comes something new in the "snow" category: an eggnog variation. The new variety, like the old, has a light and airy consistency that makes it great to serve after a hearty main course.

EGGNOG SNOW
1 envelope unflavored gelatin
1 1/4 cups cold water
1/3 cup sugar
1/8 teaspoon salt
1/4 cup light rum
2 teaspoons brandy
1 teaspoon lemon juice
2 egg whites
Eggnog Custard Sauce
a 1/4 quart saucepan
sprinkle the gelatin over 1/2 cup of the water. Stir over low heat until gelatin dissolves — about 3 minutes. Remove from heat. Add sugar and salt and stir until sugar dissolves, rum, brandy and lemon juice. Chill until mixture mounds slightly when dropped from a spoon. Turn into large bowl of electric mixer with unbeaten egg whites and beat at high speed until very fluffy and mixture holds its shape — 10 minutes.
Turn into custard cups or a 5- to 6-cup bowl. Chill until firm. Unmold and serve with Eggnog Custard Sauce. Makes 8 to 10 servings.

EGGNOG CUSTARD SAUCE
1 tablespoon cornstarch
1/2 cup sugar
2 1/4 cups milk
4 egg yolks
2 tablespoons light rum
1 teaspoon grated lemon rind
2 teaspoons lemon juice
1 teaspoon vanilla
In top of double boiler thoroughly stir together cornstarch and sugar. Gradually stir in milk, keeping smooth. Cook over direct low heat, stirring constantly, until slightly thickened. Remove from heat.
In a small mixing bowl beat egg yolks slightly. Stir a little of the hot milk mixture into yolks; stir back into mixture in double-boiler top. Cook over boiling water, stirring constantly, until mixture thickens and coats a spoon — about 5 minutes. Remove from heat and hot water; cool; stir in remaining ingredients. Cover and chill until ready to serve. Makes 2 1/4 cups.

Stuffed Cabbage Delight

By AILEEN CLAIRE
NEA Food Editor

Stuffed cabbage balls offer a change of pace meal that is filling. The cabbage is stuffed with either ground pork, beef or lamb and rice and cooked with a tomato sauce. The tasty combination is just right to wake up the taste buds. For those who like it, serve a dollop of dairy sour cream atop the cabbage balls.

- STUFFED CABBAGE BALLS**
- 1 head cabbage
 - 4 slices bacon, diced
 - 1/2 cup chopped onion
 - 1 cup cooked rice
 - 1 pound ground pork, lamb or beef
 - 1 egg, beaten
 - 1/4 teaspoon poultry seasoning
 - Salt and pepper
 - 1 can (1 pound) sliced tomatoes
 - 1 can (15 ounces) tomato sauce
 - Dairy sour cream, if desired

Remove core from cabbage. Invert head into a kettle of boiling water. Let stand 20 minutes. Remove. Gently separate leaves, drain on paper towels. Heat pressure cooker, add diced bacon. Saute onion. Turn into a bowl with rice, ground meat, egg and seasonings. Mix well. To make the balls, put a small leaf inside a 1 1/2 x 1 1/2 inch square of cabbage. Spoon 2 or 3 tablespoons filling in center. Place the filled leaves in center of a damp towel or napkin, bring leaf corners together and twist firmly. Repeat until filling is used up. The balls with a piece of soft string. Place stewed tomatoes and tomato sauce in pressure cooker. Arrange the cabbage balls in the sauce. (Do not fill cooker over 3/4 full.) Close cover securely and cook 20 minutes. Cool in cooker at once. Serve hot cabbage balls with sauce and topping of dairy sour cream, if desired. Makes 4 to 6 servings.

CASSEROLE SUPPER

- 2 tablespoons butter
- 1 cup chopped onion
- 1 can (15 ounces) tomato sauce
- 1 can (12 ounces) whole-kernel corn, drained
- 1 cup diced cheddar cheese
- Drain olives, saving liquid, chop olives coarsely. Cook tagliarini in the boiling water with the salt for 8 minutes; drain and rinse with cold water. Melt butter, add onion and cook until soft but not browned. Add tomato sauce, corn, olives and 2/3 cup olive liquid to onion and mix well; mix with tagliarini and cheese. Turn into a shallow 2 1/2 quart baking dish. Bake in a preheated 350-degree oven until thoroughly heated, about 25 minutes. Makes 4 to 8 servings.

DINNER FOR FOUR

Fresh Asparagus Soup, Lamb Chops, Potatoes, Mixed Chinese Vegetables, Rolls

Chocolate Mousse Beverage
FRESH ASPARAGUS SOUP. It's a pretty pale green color, and can be served hot or cold.

- 1 1/2 pounds fresh asparagus
- 1 teaspoon minced onion
- 1 teaspoon salt
- 1 can (13 3/4 ounces) chicken broth
- 1 1/2 cups light cream

what is the definition of a private brand?

To some people, it is a retailer's own brand created with selling price first in importance and quality second.

To us at A&P, it's the opposite. Quality comes first.

Value...the best for the least is the rule for our private brands.

If this wasn't true, how foolish we'd be to invest, as we have, literally millions of dollars in processing plants and testing laboratories.

If all we wanted were products we could sell cheaply without quality control, anybody could produce them for us.

The idea of quality private brands isn't new at A&P. As a matter of fact, it's one of our oldest policies—and by golly, we're proud of it.

Are A&P Private Brands a good reason for shopping A&P? They're one of many.

Team Chicken & Kraut

By Cecily Brownstone
Associated Press Food Editor

DEAR CECILY: I tried your chicken and sauerkraut recipe and liked it so much I'd be grateful if you would give another recipe for this combination. I had never thought of putting the two ingredients together, but now I think they're especially tasty. — CURIOUS COOK

DEAR CURIOUS COOK: Yes, it is a little surprising that kraut and chicken are such good companions. I think you'll like the following recipe because the kraut is deliciously savory. — C. B.

- CHICKEN WITH TOMATO KRAUT**
- 1/4 cup butter
 - 3 pounds broiler-fryer chicken pieces
 - Salt and pepper
 - 2 medium onions, cut in thin strips
 - 1 large clove garlic, minced
 - 3 large carrots, grated medium-fine (2 cups lightly packed)
 - 1 can (1 pound and 15 ounces) sauerkraut, drained
 - 3 tablespoons light brown sugar
 - 2 cups dry red wine
 - 1 can (15 ounces) tomato sauce
 - 1/2 teaspoon dried crushed orange
 - 1/4 teaspoon dried crushed thyme
 - 1/4 cup minced parsley
- Preheat oven to 375 degrees. In a large skillet melt the butter, add chicken and brown slowly and thoroughly on all sides so that parts are almost cooked through. Remove chicken, sprinkle lightly with salt and pepper and set aside. In a large skillet add onion, garlic and carrots; cook gently, stirring often, until tender. Add remaining ingredients except chicken; mix well; simmer until moisture evaporates — about 3 minutes. Season to taste with salt and pepper.
- Into a 3-quart oblong glass baking dish (13 1/2 by 8 3/4 by 2 1/4 inches) or similar material turn the kraut mixture; top with chicken. Bake in a preheated 400-degree oven until chicken is tender — about 20 minutes.
- Makes 6 servings.
- Note: A 3-pound frying chicken, cut up, may be used in place of the 3 pounds broiler-fryer pieces. In either case have drumsticks separated from thighs.

FAMILY DINNER

Bake in a preheated 375-degree oven 1/2 hour; turn skin up and bake another 1/2 hour. Serve with rice. Makes 4 servings.

- 1 egg whites
- 1/2 cup chopped toasted walnuts

In a small saucepan thoroughly stir together the cornstarch, sugar and salt; gradually add water, stirring until smooth. Add undrained pineapple. Appreciate it... the chance to speak with the students at SJC... Mrs. Lenore Jones' State and Local Government Class.

Never realized how much these students were interested in the goings-on of our locally-elected officials. In view of the fact that I do use many of them as classic examples, I believe it's only fair that if any of these politicians would be interested in also attending this class, I'm certain that Mrs. Jones would welcome your presence... and your rebuttals to some of my charges. (Might have to use two class rooms now that the challenge has been made to them.)

Just have to check that birth certificate and see if I can't persuade Ed Edmonds of First Federal to let me bring my shovel along for his unique ground-breaking ceremony from 9 a.m. until 12 noon Saturday at the Longwood branch. Children will break the ground by digging for cash... (and it's not Confederate money, either!)

While most of the attention is being focused on the national political scene, don't forget about what's happening right here in Seminole. For example, there's a Bar-B-Q honoring John Polk-Kennedy of Seminole. It'll be at the Mid Florida Country Club on April 22nd. Twenty-five bucks a head, too... and I'll betcha there'll be nothing but Standing-Room-Only for this popular law enforcement officer.

Gotta hand it to the Baptists. I think that they're absolutely correct in making the U.S. Navy for damages on behalf of Cmdr. Andrew Jensen. The chaplain who was acquitted last week in a court-martial on adultery charge.

ON THIS DATE IN HISTORY... In 1306, Laos premier Luang Bang cut off all his whiskers and thereafter became a Buddhist monk. (O.K....No More. I promise!)

Thank you... those of you who did have your headlights on in the slight fog this a.m. Maybe if we start to blink our lights at those "forgetful" drivers, maybe we can get them into the habit... and maybe save a life along the way. Too. Like maybe yours or mine?

Never, never again will I take the time to wear an orchid... or lavender... or as King Derby says he'll mauve (pronounced mauve) shirt to look... but, no, that's not good enough for our Editor.

Willows... Yesterday's high 83 low 60. Partly cloudy through Friday. Highs 78 to 85. Low tonight in upper 50s and low 60s.
