

GRAND JURY PRESENTMENT MAKES GOOD SUGGESTIONS FOR MANY IMPROVEMENTS

County Property Re- ceives Careful Inspec- tion and Report WATER AND LIGHTS

The grand jury made the following report to the circuit court:

We, the grand jurors impaneled by the court to inquire in and for the body of Seminole County, and true presentment make, having heretofore rendered to the court true bills against such persons as the evidence before us justified, and having otherwise finished our labors, respectfully present to the court, to-wit:

Court House and Jail

We have inspected the county court house and find same to be in very satisfactory condition and we have only the following to recommend:

1st.—That the sheriff's office be furnished with additional chairs as the sheriff may direct.

2nd.—The wire protectors be placed over all electric lights on the basement floor; protectors to be such that the bulbs cannot be removed by petty thieves.

3rd.—That a suitable filing cabinet be furnished for the office of the Justice of the Peace according to his needs.

4th.—That all plastering in the building be gone over and repaired.

We carefully inspected the county jail and make the following recommendations:

1st.—That all mattresses and bedding be replaced with new ones, which request was made by the grand jury of the spring term of 1921, and which has not been attended to.

2nd.—That the old bunks in the colored quarters be replaced with iron ones.

3rd.—That all toilets be equipped with seats and kept in that condition at all times.

4th.—That the jail officials see that the toilets are kept in a sanitary condition at all times.

Poor Farm and Convict Camp.

After a careful investigation and inspection of the County Poor Farm and the County Convict Camp, including the equipment thereof, we make the following report and recommendations:

1st.—That the water supply at the poor farm is very unsatisfactory and inadequate, and the supply should be piped from the tank located at the convict's camp.

2nd.—That the city electric lights be installed.

3rd.—That inside toilets be placed in the poor house and the keeper's house and connected with the cess pool at the convict camp.

The conditions of the Convict Camp was such that we have no recommendations to make, as the one nuisance, the "bunk wagons," have been replaced by a new and sanitary bunk house.

We recommend that the Atlantic Coast Line Railroad be required to make the necessary repairs to all railroad crossings in the county at once.

We recommend that the proper governing body be interviewed with the object of compelling the Atlantic Coast Line Railroad to use the west end of their yard for switching instead of the east end, thus eliminating the dangers and inconveniences of the First Street crossing at the ice plant.

We further recommend that the county commissioners secure the services of a competent man to act as county motor speed officer to enforce the existing state laws.

We recommend that the county commissioners take such steps as necessary to repair the road from the city limits west, to Stenstrom's corner. The shoulders are particularly dangerous and should have immediate attention.

We are grateful to the court for his full and lucid explanation of the law touching our official duties and his uniform thoughtfulness of our welfare. We also thank the state attorney, Hon. Geo. A. DeCottes, for the lawyer-like manner in which he has enabled us to perform our work expeditiously; and we are likewise appreciative of the valuable services

NO REPLIES FROM BIDDERS MUSCLE SHOALS

ON COUNTER PROPOSAL AND COMMITTEE ADJOURNED UN- TIL TUESDAY

(By The Associated Press)
WASHINGTON, May 29.—Failure to receive any replies from bidders competing for congressional authority to develop Muscle Shoals on counter proposal given Saturday by the House Military committee caused the committee to adjourn today until Thursday or at a call of the chairman in event an answer is received before then.

McCUMBER PLAN ON THE BONUS HAS MAJORITY

IN SENATE FINANCE COMMIT- TEE TODAY IT IS SAID

WASHINGTON, May 29.—The McCumber plan apparently commanded a majority in the senate finance committee today but formal vote deferred until Wednesday to give senators additional time to consider amendments suggested.

rendered us, when needed, by the sheriff, C. M. Hand, and his deputies and others.

And having finished our labors, we now respectfully ask the court to discharge us.

EDWARD FRANKLIN LANE,
Foreman.

OTHER COURT MATTERS

The grand jury here entered open court and presented the following indictments:

The State of Florida vs. J. C. Denaro, embezzlement. A true bill.

The State of Florida vs. Jeff Parish, having unlawfully intoxicating liquors, second offense. A true bill.

The State of Florida vs. Ellis Herring and J. P. Sellers, larceny of automobile. A true bill.

The State of Florida vs. Amos Pickett, murder in the first degree. A true bill.

The State of Florida vs. Chas. Bollen, manslaughter. A true bill.

The grand jury here retired to their room to consider such other matters as might come before them.

Charles Bollen, for manslaughter, was arraigned in open court, attended by his mother, he being only 13 years of age, and after hearing the reading of the indictment, pleads guilty.

Amos Pickett, murder in the first degree. His attorneys, Messrs. Thetford & Wilkinson filed a motion to quash the indictment and after arguments of counsel, the motion to quash is denied by the court. The attorneys for the defendant then filed a plea in abatement, and State Attorney Geo. A. DeCottes filed a demurrer to said plea in abatement, and after arguments of counsel, the court sustained the demurrer to the plea in abatement.

Schelle Maines was here sworn by the clerk as assistant state attorney. The above named defendant being arraigned in open court, attended by his counsel, Thetford & Wilkinson, and after hearing the reading of the indictment pleads not guilty. The following named jurors were called, examined and accepted by both the state attorney, and counsel for the defendant, after which they were sworn according to law: C. A. Betts, W. E. Oglesby, E. H. Kilbee, A. A. Moran, C. F. Proctor, J. H. Lee, C. M. Williams, E. A. Farnell, A. V. McGuin, O. T. Pearson, A. J. King and E. L. Brown. After hearing all the evidence and the arguments of counsel for both the state and the defendant, Amos Pickett and after hearing the charge of the court, the jury retired to their room to consider their verdict. The jury brought in the following verdict:

"We the jury find the defendant guilty of murder in the second degree. So say we all."

Naturalization petitions were continued until Thursday, May 25th.

ONE MILLION DOLLARS WORTH OF NEW BUILDINGS CONTEMPLATED FOR SANFORD

Many of Them Are Being Started This Week and Next

Visitors to the city are amazed at the great amount of old buildings being torn down and the many new ones that will soon be started or that are already started. At the principal corners of the city at the intersection of Park avenue and First street the old Miller building is being torn down to make room for the new six story First National Bank building. Directly opposite on the other corner the old Phillips building is being demolished and this corner will house a four or five story building. The owners, Messrs. Puleston and Brumley, have not yet decided how tall the building will be. At another fine location on First street where the old Sanford House formerly stood the Meisch Realty Co. will erect a two or three story building for stores and offices. This building is next to the postoffice and is a fine business location.

First street is not the only business street to be graced with new buildings or to have old ones torn down. Magnolia avenue is having a share in the improvements and the old Magnolia House is being torn down to make way for a new business block built by the owner, Charles Merriweather, and the old Star Theatre, owned by O. P. Herndon, recently removed will give way to a fine new theatre. On Park avenue the corner formerly occupied by a livery stable and owned by I. W. Phillips of Orlando, will soon be graced with a new business block or an apartment house, the owner not having made up his mind about the building.

On Second street Mrs. DeForest is building several new store rooms having already built three new ones on this property. Just south of this property on Sanford avenue the B. & O. Garage have purchased the corner lot and an old frame building will give

way to a fine new brick garage. At the corner of First street and Myrtle avenue John Parker, the former owner, has sold this fine corner to the San Juan Garage of Orlando who will build a fine new brick garage and salesroom for their Sanford branch of the automobile business. There are several other new deals contemplated for property and building in the business portion among them being a new garage and stock room and a large plumbing establishment on lower Park avenue near the lake front by Mahoney & Walker and the Kent Vulcanizing Works and these buildings will attract other business houses to the lake front. These business blocks together with the many new residences now being erected and the many that are being planned will force the building record for the summer into the million dollar mark which is going some even for busy Sanford.

The bond issue of week before last when bonds to the amount of \$625,000 were carried with but very little opposition has also caused a big jump in property values and caused many people to contemplate building since they will now have the requisite streets and sewers and other improvements in many parts of the city that never had them before.

The work of the Central Florida Water Traffic League in advocating twenty feet of water in the St. Johns river from Sanford to Jacksonville and ten feet from Sanford into Indian river and on to Miami has also given this city a great impetus and is causing the eyes of many investors to turn this way. Sanford has no special building boom but is certainly attaining a remarkable and steady growth that will land this city in the ten thousand class in the matter of inhabitants in the next two years.

SIX FIREMEN ARE KILLED THREE OTHERS INJURED WHEN STEAMER RAMMED

Welsh Prince Run Down By Freighter Iowan in Columbia River

BOTH ARE SINKING

LATER MESSAGE SAYS IOWAN STANDING BY WELSH PRINCE TO TAKE OFF THE CREW

PRESIDENT AND PARTY AT ACADEMY

PAY UNEXPECTED VISIT TO GRADUATING CLASS OF MIDSHIPMEN

(By The Associated Press)
ANNAPOLIS, May 29.—Hundreds attending the graduation exercises of the naval academy received a complete surprise today when the yacht Mayflower, on which President Harding left Washington Saturday with Mrs. Harding and party of friends for a cruise on Chesapeake Bay dropped anchor here to permit the president to participate in the commencement day program today.

(By The Associated Press)

PORTLAND, Oregon, May 29.—Six firemen asleep in the forecabin of Furness Prince Lines' cargo steamer Welsh Prince, were killed, three injured late last night when that vessel was rammed by the freighter Iowan in the Columbia river off Altona, Washington. Radio message said Welsh Prince sank within thirty minutes and Iowan, a sixty-five hundred ton vessel operated by the American-Hawaiian Steamship Company, was sinking slowly. Welsh Prince left Seattle yesterday for Orient, and the Iowan was inbound from New York. Later a radio message, unsigned but apparently from the Iowan reported: "Lying alongside, attempting to put out fire on Welsh Prince." The message indicated the Prince was not submerged completely and that her upper works were afloat. Report from Fort Stephens wireless operator added Welsh Prince resting on bottom, boilers apparently exploded and part of the craft above water was burning.

NEW PLACE OF AMUSEMENT AT LAKE MARY

GEORGE PHILLIPS BUILDS NEW PLACE THAT WILL BE POPULAR

At last Sanford and all of this part of the state will have a real amusement park and an amusement place that will be "big city stuff." The new park is located on Lake Mary and has been building for some time and when it is thrown open to the public Thursday afternoon it will be a genuine surprise. One of the finest dance floors south of Jacksonville in the way it is advertised and aside from the dance floor there will be bath rooms and a fine sandy beach where you can enjoy the lake bathing a recreation pier 100 feet long, a safety pool for the little folks and everything. This new resort will be a splendid place for Sunday school picnics and picnic parties of all kinds and it is something that has been needed here for many years. George Phillips is the presiding genius of the new pavilion and amusement park and he knows the kind of park that is needed and will give the people what they want in the way of amusements. The new picnic grounds should have the patronage of all those who are going on picnics and the folks who like dancing will find their delight on the new dancing floor.

THE VERY LATEST METHOD IN ELUDING PROHIBITION AGENTS

(By The Associated Press)

TAMPA, May 29.—A new method of evading prohibition agents was revealed here Saturday by A. L. Allen, state prohibition enforcement director, who displayed what he called a "cow shoe," as the latest thing from the haunts of moonshiners. The cow shoe is a slip of metal to which is tacked a wooden block curved to resemble the hoof of a cow, which may be strapped to the human foot. A man shod with a pair of them would leave a trail resembling that of a cow. The shoe found was picked up near Port Tampa, where a still was located some time ago. It will be sent to the prohibition department at Washington. Officers believe the inventor got his idea from a Sherlock Holmes tragedy in which the villain shod his horse with shoes the imprint which resembled those of a cow's hoof.

AMERICAN MINISTER TO BULGARIA ASKS FOR PROTECTION

(By The Associated Press)

SOBRIA, May 29.—Charles S. Wilson, American Minister, understood to have told the Bulgarian Government he might find it necessary to have guard American sailors in consequence of differences of views between himself and the government concerning sufficiency of police protection for American legation during present unrest.

ENGINEER AND FIREMAN ON SANTE FE ROAD KILLED IN WRECK TODAY

(By The Associated Press)

CHICAGO, May 29.—An engineer and fireman on the west bound California limited on the Santa Fe railroad were killed near Fort Madison, Iowa, today when the train collided with an east bound passenger train. No passengers were injured.

AUDREY MUNSON WHO TOOK POISON IS OUT OF DANGER

(By The Associated Press)

SYRACUSE, N. Y., May 29.—Audrey Munson, nationally known model, who took poison Saturday at his home near here, is reported out of danger today.

CHARLESTOWN, W. Va., May 29.

—The prosecution today upset a tentative agreement to postpone the Logan county armed march cases until late in the summer and asked that Reverend J. E. Wilburn, who is charged with murder, be placed on trial June twelfth.

LOOKS LIKE BIG STRIKE RAILROADS

CUTTING WAGES MANY MILLIONS WILL BRING TROUBLE

(By The Associated Press)
DETROIT, May 29.—The belief that a strike vote would be ordered by the Executive Council United Brotherhood maintenance of way employees and shop laborers was expressed today by E. F. Grable, president of organization, as council went into session to consider a wage reduction which was ordered yesterday by the Railroad Labor Board.

CHICAGO, May 29.—Readjustment of the wages of approximately 400,000 maintenance of way employees of the railways of the country effective July 1, in accordance with decreases in the cost of living and wages in similar outside employments since the decision of the board last July, was provided for in a decision by the United States Railroad Labor Board and made public last night.

The decision is expected to reduce present pay-rolls of the railroads about \$48,000,000 per year and to reduce the pay of the majority of the maintenance of way men five cents per hour, but important classes of the employees were given a smaller cut. Under the majority head were included track laborers and other classes usually designated as "common laborers."

CHANG'S SOLDIERS HAVE MUTINIED— FAVORS WU PEI FU

(By The Associated Press)
HARBIN, May 29.—The soldiers of General Chang Tso Lin along the Chinese Eastern railroad have mutinied and declared themselves in favor of Wu Pei Fu, who defeated General Chang in recent battles around Peking.

WASHINGTON, May 27.—Con-

siderable cloudiness, with occasional showers, moderate temperature is the forecast for the week beginning Sunday.

MEMORIAL DAY OBSERVED HERE YESTERDAY

FITTING EXERCISES HELD AT CENTRAL PARK BY VETER- ANS OF ALL WARS

The veterans of all wars held memorial exercises at Central Park yesterday that were attended by a large crowd even though the heavens threatened to weep in sympathy with the heroic dead. The American Legion, the machine gun company, civil war veterans and Spanish War Veterans all gathered at the Court House and marched to the park where they formed a hollow square around the monument. R. J. Holly acted as master of ceremonies and introduced the speakers. The invocation was given by Dr. George Hyman after which the band rendered "My Country 'Tis of Thee" followed by the oration of Capt. George G. Herring that was given in his usual true American spirit. Capt. Herring is a veteran of the Spanish American war in which he served as Captain and a veteran of the world war in which he served as captain and his thoughts of the departed heroes yesterday came straight from his heart. This address was followed by a selection by the Stetson Quartette and Dr. F. D. King, the new pastor of the Baptist Church, being introduced, gave a stirring address upon the American Army and Navy and told why we should hold memorial days and commemorate the heroes of all our wars.

The monument was decorated with a beautiful wreath placed thereupon by a marine and a sailor of the American Legion and after the benediction by Dr. Brownlee and taps by Bandmaster Ball the exercises were closed by the band playing the Star Spangled Banner.

STORM WARNINGS ARE POSTED FOR FLORIDA TODAY

(By The Associated Press)
WASHINGTON, May 29.—Storm warnings from the Louisiana coast to Carrabelle and small craft warnings for the remainder of West Florida coast were issued this morning.

CHICAGO AMERICANS BUY WILLIE KAHN

(By The Associated Press)
SAN FRANCISCO, May 29.—The Chicago Americans have bought Willie Kahn, San Francisco's third baseman for one hundred thousand dollars and two players worth twenty five thousand.

TAMPA OFFICIALS WILL ENFORCE SUNDAY LAWS

(By The Associated Press)
TAMPA, May 29.—Sheriff Spencer announced he would enforce to the letter state law prohibiting activities on Sunday. The sheriff said the announcement was the result of complaints of local citizens to the Governor that officials here were lax in enforcement laws.

NEGRO WAS KILLED BY GEORGIA MOB AND BODY BURNED

(By The Associated Press)
SAVANNAH, Ga., May 29.—William Byrd, negro, was shot to death in Wayne county yesterday by a mob and his body was burned. He had killed B. W. Moody, a well to do farmer and seriously wounded and slightly wounded two other men. The killing resulted from a quarrel with Moody.

BISHOP KILGO RESTING COMFORTABLE

(By The Associated Press)
MEMPHIS, May 29.—Bishop Kilgo had a fairly good night and was resting comfortably today.

MOBLEY'S DRUG STORE

COMMENCEMENT EXERCISES FOR THE WEEK BEGINNING THURSDAY NIGHT, MAY 25TH

The commencement exercises of the Sanford schools begin Thursday night with the banquet of the Juniors to the Seniors at the Valdez Hotel. Friday night Miss Williams' Class in Expression will give a play at the High School auditorium. Sunday morning at 11 o'clock Dr. Hyman will preach the Baccalaureate sermon to the graduating class at the High School auditorium. Monday morning at the Grammar School auditorium the graduation exercises of the Eighth Grade will take place. Monday afternoon at 5 o'clock will be class day at the High School. Monday night Mrs. Munson's classes in music will give a recital at the High School Auditorium at 8:00 o'clock. Tuesday night graduation exercises of the Class of 1922 at the High School Auditorium beginning at eight o'clock. Wednesday night Sanford High School Alumni banquet at the Valdez Hotel.

PERSONALS

Curtis Barber, who is attending the Florida State University at Gainesville, arrived today to take in the commencement exercises at the high school. Curtis was in the class of '21.

Get a Sanford booklet at the Chamber of Commerce headquarters in the rear of the Seminole Hotel. You will want to know more about the city of Sanford now that you have seen a part of it.

W. T. Bodiford, the popular drug salesman of Gainesville, is in the city today taking in the festivities. Mr. Bodiford makes Sanford every month and has many friends here who are always glad to see him.

The Herald would like to have a list of the Shriners who are stopping in the city but as many are at private homes it is almost impossible to get them all. We give you a list of some of the hotels and you can find your friends there tonight.

The many friends of Mrs. Couper Godwin will be sorry to learn that she is very ill and threatened with appendicitis. Mrs. Godwin is the efficient bookkeeper for the Ball Hardware Co. and has a host of friends here who are hoping for her speedy recovery.

R. C. Maxwell has joined the rod and reel fishermen and yesterday caught his first one that proved to be a ten pound bass. Dick had a time landing him but he finally succeeded and brought the big one to town to prove the story. Arthur Yowell was with him and of course that accounts for the catching of the fish.

Saw a little Ford runabout on the streets this morning with three people riding in it and a big sign on the wind shield that read "Howdy Nobles, Get in and Ride." We have not seen very many real thin Nobles in the city but if they get in that little car and ride they will be going some.

The many friends of Dr. George Hyman are glad to see him here today. Dr. Hyman is attending the Shriners Ceremonial and will deliver the baccalaureate address to the Seniors at the High School tomorrow morning. He is looking exceptionally well and is making a fine record in church work in Tampa. His friends here are rejoicing in his success in his new field of endeavor.

The biggest bass of the season so far to be caught in Seminole county is reposing in state today in the window of the Ball Hardware Co. This big one weighed 13 3/4 pounds when caught and has been on cold storage for several days but he looks the part today and is taking a part in the Shriners' celebration. This fish was caught by Ned Harrison several days ago. The Ball Hardware Co. is offering prizes for the largest fish caught in Seminole county this season.

E. B. Brown, of Jacksonville, wearing an Egypt fez of Tampa and claiming to be a citizen of Sanford is here taking in the festivities of Shriners' Day. Mr. Brown formerly resided here but is now located in Jax, where he is state sales manager of the Virginia-Carolina Chemical Co. The many friends of Mrs. E. B. Brown will be delighted to know that she is now enjoying a trip to California where she is the guest of her brother, George S. Tyner, at the Sacramento "49" celebration.

Billy Hoffman, the presiding genius of the Hof-Mac Battery Service, saved the day for the Herald this morning when a part of one of the typesetting machines broke and would have been useless for the day only Billy was called in and missed the morning's festivities working on the machine and with his acetylene weld-

ing plant soon had the broken piece welded and the machine going. On account of the rush of work in the Herald office all of the typesetting machines are running day and night and the excellent work of Dr. Billy was appreciated. It saved our life.

Mr. and Mrs. Martin McDaniel, of Bunnell, are in the city the guests of relatives. Mr. and Mrs. McDaniel are former Sanford folks and while they like their home in Bunnell they always like to get back to the old town and see the many changes in Sanford since they were here.

Mr. and Mrs. Herbert Lyman, of Winter Haven, are in the city taking in the Shrine festivities. Mr. and Mrs. Lyman have many friends here who are always glad to see them and to know that they are prospering in their new home.

B. A. Howard, of Okeechobee City, is visiting home folks and expects to come back for the summer months in a few weeks. Mr. Howard is shipping tomatoes now and reports a good yield and good prices.

Mr. and Mrs. Edw. Fitzgerald, of Daytona, are in the city to attend the Shrine festivities. Mr. Fitzgerald is the editor of the Daytona News and one of the most prominent and popular editors in the state.

Mr. and Mrs. Ernest Rowland and Mrs. Chris Codrington of DeLand are in the city, Mr. Rowland being one of the candidates for the Shrine.

Jimmy Thornton, of the S. P. Richards Paper Co., of Atlanta, was in the city today calling on the local trade.

LOST—Parasol in Masonic hall. Finder please return to Herald office and receive reward. 53-6tp

LEBOURGET, France, May 27—Major Blake and companions in an attempted flight around the world took the air at ten forty-five for Turin, Italy, on the second leg of their journey.

BISHOP KILGO VERY WEAK TODAY

(By The Associated Press) MEMPHIS, May 27.—Bishop Kilgo was extremely weak this morning after a restless night. Physicians said in the Camarose state and condition again critical.

\$1,000 Guaranteed Roach Killer at L. P. McCuller's. 50-tfc

Headlines in Orlando Sentinel says that "local attorneys will meet to arrange a bar meeting." If you have any trouble arranging a bar meeting in Orlando come to Sanford. You can always arrange one here.

The Dixie Highway Association is following the proper plans in road building. Those states and counties that will not arrange for roads or fix the bad spots will not have the Dixie Highway. People that have no gumption should have no roads.

Polk County will put on a prosperity week program in which the entire county will take part. There will be big times in Lakeland and amusement together with all the merchants putting on special sales for the occasion. Orlando is putting on a big Dollar Day to stimulate business and it begins to look as though south Florida will go after trade this summer as never before.

The Sanford Shrine Club deserves full credit for putting on one of the biggest days ever held in Sanford. It must have cost something to put it over but Shriners never worry about costs—they just go ahead and do big things—and Saturday goes down in history as another big Shriners day and another big success. The Herald hopes that Sanford Shrine Club will pull this big ceremonial every year but will pull it earlier if possible and get away from the rainy season.

Another week and the election will be over and then we can settle down to business again and be friendly again. Elections make us tired. The candidates look at you cross eyed all the time and your own friends look at you cross eyed and everybody is pussyfooting around trying to find out how you stand. Thank goodness, The Herald is not bothered with any politics. We have ceased to play politics and intend to stick to this decision. Good sense comes with old age.

TAKING JOY INTO FARM LIFE

Commendable and gratifying efforts, both sensible and practical, are being made throughout Florida to make life on the farm more comfortable more attractive and less a thing to be hated and avoided because of its needless drudgery and the too great absence of those modern aids to enjoyment and happiness that it is but natural for human beings to long for, especially on the part of boys and girls.

The people on the farms are doing much by way of lifting themselves out of farm ruts that have hampered both their progress and their pleasures of life, such as all people everywhere, in a civilized country are entitled to have and enjoy. In this they are being helped to a very large extent, by those who dwell in towns and cities and who realize the need, to them, of farms

diligently cultivated by those who are native thereto, or attracted thereunto, and who reasonably expect to get some pleasure out of life while "feeding a hungry world."

One need only to go into some of the farming regions of Florida to find there happy, contented, progressing, prosperous people, boys and girls included. They have, mainly through their own efforts, put joy and happiness into their farm lives, have provided themselves with the conditions and the facilities that make possible the enjoyment, the pleasures which lighten the necessary burdens of the farm and the farm home and that brighten the days, the months and the years in which they continue there to labor and abide. This is as it should be, only more generally than is the case.

There is no denying of the fact that nowhere is life more enjoyable more free from the cares that corrode and kill, than on the farm, under proper conditions. These conditions can and ought to be established and maintained. It is encouraging, therefore, to observe that efforts are constantly and persistently being made to bring about these conditions in order that the lure and charm of the farm, and of farm life, will be more felt and appreciated. These conditions must be made to apply particularly to the boys and girls in order that they may be able to resist the call of the towns and cities, which call, most frequently has in it the false notes of deception and chagrin, in order that they will see and realize that on the farm, more likely than in the city, is it possible to get out of life life's richest blessings.

What has here been said is inspired particularly by the work that is being done in some Florida cities and towns, by the Rotarians, the Kiwanians, the Civitans, and others, to lead the way, for those who dwell and work in the country districts, to brighter, happier lives. Hence it is that in Jacksonville, in Miami, in Tampa, in Lake Worth, in West Palm Beach, work is being done in the interest of the boys and girls of the respective counties in which the cities named, and others, are located. It is work that is entirely commendable, for its results mean much of good, to those engaged therein and for those for whose welfare and happiness it is intended.

This is work, a labor of love, that has in it the joy of living and is inspired by sincere desire to broadcast that joy throughout the rural sections of the state that all may know and feel that the place of one's abiding is of less consequence than the manner and method of that abiding in other words, that life on the farm can be made just as full of happiness as is possible in any other place on earth, and, in most instances, more so, according to the efforts put forth by those who seek to be happy even while they work, and especially by those who labor on the farms and in farm homes.—Times Union.

RETURN DOLLAR FOR DOLLAR

Extremists are urging that the United States should be extremely lenient as regards the sums borrowed from this government by foreign nations—many thinking the value of the dollar should be reckoned on the buying basis and should be repaid on that calculation. Plainly put, the plan would resolve itself into this situation: If France borrowed a dollar when that dollar would buy three pounds of sugar, now that dollar will buy twelve pounds of sugar, the borrower should return but one-fourth the sum first secured. This might be all right if the nation had borrowed sugar—and was to repay in the same goods. In the present case and at the present time the practice would be radically wrong.

If a grocer borrows a neighborhood grocer one hundred pounds of prunes to fill a hurry-up order he is supposed—and the courts would so hold—that there must be returned the same weight of the same quality of fruit—irrespective of whether the prices went up or dropped. This case was made plain during the war period when a wholesale grocer in West Palm Beach "borrowed" five hundred pounds of sugar from a baker—sugar that had cost the baker thirty-one cents the pound. Then came the sudden drop among the sugar thieves to less than half that price—and right then and there the wholesale firm returned the "borrowed" goods which it had bought for less than half what the baker paid. The courts held that as the borrower had returned the same weight and quality as it had received the loss had to fall upon the baker.

The extremists are seeking to "forgive them their debts"—or almost so. There is a class that would wipe off the interest charges on all foreign debts—interest which Uncle Sam must pay private individuals who advanced the money; and that might not be a bad idea. However, to reduce the debts in proportion to what the dollar will buy at the present

MICKIE SAYS

DO NOT COME DASHIN' IN HERE, YA POOR PRUNCE, EVRY TIME YA FIND A LETTER OUT OF PLACE IN TH' PAPER, FER WE AINT GOINTA BUST OUT INVO YEARS OVER IT! TH' ONLY FELLERS WHO NEVER MAKE NO MISTAKES ARE THEM WHO NEVER DO NUTHIN', LIKE YOU!

CHARLES SCOTT

time would seem most unjust to America. A month ago at a forced sale on a farm in Georgia a good mule sold for fifteen dollars. Four years ago he would have sold at three hundred dollars. If the foreign debts are to be collected on this basis a debt owed this government amounting to two million dollars might be settled by the creditor accepting one hundred thousand dollars. Of course this is an extreme case—but it is barely possible that pacifists might insist upon something just as silly. This government should collect one hundred cents for every dollar it loaned any and all foreign nations.—Kissimmee Gazette.

FROM OTHER SANCTUMS

STILL "THE ART PRESERVATIVE."

In the sessions of the semi-annual meeting of the South Florida Press Association, held at Lakeland last week, there was much that is of direct interest to every citizen of Florida whether that person has any connection with a newspaper or printing plant or not.

Only a short time ago it was brot home to us very strongly that printing is the "art preservative" just as much as it was in the days of Benjamin Franklin and Horace Greeley. This was proved in an instance where we represented interests in a contested claim covering a period of months. In the dispute were alleged facts pending for their proof and support upon letters, telegrams, telephone messages and verbal statements. Of these only the letters and telegrams could be depended upon. They alone had preserved the record and they had preserved it because they had printed it on the typewriter.

So, when in these days when "radio bugs" and wireless devotees are reaching into the atmosphere to wrest from it secrets that no one will ever entrust to that medium, when great power is being waged by individuals and groups of individuals who have waxed fat and rich beyond the dreams of Midas through circumstances not even Mother Shippey ever foresaw, the general public is prone to forget just what constitutes "The Fourth Estate" and the part it plays in the affairs of every community. Yet that estate is not dimmed but is brighter today than it ever was in the days when the more ignorant took every word in it for Gospel. Today the printed word is weighed in the scales of the reader's understanding and he gains knowledge through it, whether it be exact in fact or divergent because of the bias of the human mind back of what is written.

And the newspaper editors today, just as they have always done, are working continuously for what they believe is the public interest and they continue to stand as the barrier between the people and those who would mulch them. Even though we discover now and then an editor who permits a portion of his reading public to suffer when he knows the truth that would save them, such cases are offset thousands of times to one by such actions and wild and asinine assertions as that of Senator McCumber last week when he said that the reason the newspapers, both Democrat and Republican, were clamoring for tariff on farm products if manufactured articles are to be protected so greatly, is that the newspapers get their advertising from importers and they naturally have to work for the importers. If

there is any newspaper in America that gets as much as one per cent of its advertising patronage exclusively from importers, no one, not even that North Dakota Senator who started the dirty filibuster known as LaFollette's just before Wilson's second inauguration, knows what newspapers it is.

Newspapers represent the public just as truly as they ever did. The great trouble with many people's interpretation of this fact is that they fail to realize that no one newspaper ever represents the entire public. Unless there is some support for a certain attitude on the part of a newspaper, the paper will not take that attitude. There are few editors with so little brains that they will attempt to espouse a "cause" when they are its only adherent and every-one else against it. But when a majority of the newspapers of such a section as South Florida are represented at a meeting, it is very probable that the public welfare will stand highest in importance on all matters of a public nature. Because this was remarkably true at this meeting last week, and because besides there were handled in an intelligent manner a number of problems that interest both publishers and the public, this meeting was successful beyond the expectations of anyone.

One of the interesting features of the meeting was the report from various counties regarding the attitude of candidates for the Legislature towards the proposed bill providing for publishing statements of finances of all bodies, whether town, city, county or district, handling funds of the public. Dr. Ethridge, unopposed candidate for the Senate, was present from Avon Park and declared himself in favor of the bill. However, Dr. Ethridge is the one who nullified its effects in municipalities last session by having adopted an amendment exempting towns of less than 3,000 population. The bill died in committee in the House last session. The Lake County delegation is favorable to the bill, it having been full publicity anyway to the acts and expenditures of our officials. The only difference that will be made in the practice in this county to give this county is that towns will publish financial statements more frequently than they do now. The county commissioners are complying with the provisions of the bill voluntarily. At the proper time the Commercial will explain the matter of rates for these publications, this be-

ing one of the mooted points last session.

We wish every man in business in Leesburg or in our trade territory could have heard the talks on the building up of advertising accounts, co-operation between the newspaper and the advertiser, and the mutual attention to copy production. It probably would have been surprising to some of our business men to find an utter absence of any remark tending simply towards the securing of more money or more space out of the merchant. Instead, everything was directed towards the help to be given the advertiser so that he can become a larger space user and make more and more money for himself. Concrete instances were given in a spirit of bragging that the newspaper man knows how to run the other man's business, but no certain circumstances were altered and made to bring the advertiser profit instead of continued losses. If we can want to get some advertising man who is actually working out problems in some field like ours, to come here and meet our advertisers at a dinner where we can talk over concrete problems and all of us gain something from it.—Leesburg Commercial.

Second sheets, 8 1/2 x 11, only 50c per 1,000, while they last, at Herald office.

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK THE NATURAL COLOR, GLOSS AND ATTRACTIVENESS

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store, all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful; we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by mixing all gray hairs have disappeared, and after another application or two your hair becomes beautifully dark, glossy, soft and luxuriant.—Adv.

A COMMUNITY BUILDER

F. P. FORSTER, President

B. F. WHITNER, Cashier

**THURSDAY MADE POLITI-
CAL HISTORY—OPEN FOR-
UM HELD BY WOMEN**

O. P. Swope and Forest Lake are
Questioned by the Women Voters

Being the visitor O. P. Swope was
asked to address the League of Wom-
en Voters first and after a few com-
plimentary remarks got down to busi-
ness.

Mr. Swope's first plank was on the
much needed tax reform bill. Mr.
Swope stated that he believed in the
levying of a straight land tax, at so
much per acre regardless of the value
or location of the land, this being sole-
ly for state taxes and that the levy-
ing and assessing of the lands for
county purposes be left to the mon-
etary needs of the county.

Mr. Swope's next plank was on the
school situation. He was in favor of
putting a bill through that would raise
the school tax over 10 mills. That
there should be no limit on the millage
allowed for school purposes and that
the bill should provide that the amount
needed be left to the discretion of the
school board.

The next matter touched on was the
game and fish laws. Mr. Swope put
himself on record as favoring a closed
season on fishing for three or five
years but not in favor of a closed
season on hunting. He said that every
year that he was in favor of hunting
for 60 or 90 days.

Mr. Swope went on record as favor-
ing a state wide no fence law but not
in favor of a local option law unless
it was impossible to get a state wide
law through. He said that the large
cattle owners were prepared for the
change and that the little cattle man
was blinding himself to the trend of
affairs and depending on others to
fight his battle for him.

Mr. Swope said that he was in favor
of compulsory dipping but wanted the
law made so iron clad that there could
be no possible loop hole and that it
could be enforced.

He touched on the State Road De-
partment and said that in his estima-
tion it was a farce and should be done
away with.

Much laughter was provoked when
during the questioning Mr. Swope con-
fessed to having never heard of the
Shepherd-Towner Maternity bill.

Mr. Swope was then asked the ques-
tion, "Why did you aid in the removal
of the county agent over the protest
of the majority of the farmers?"
"I did work for the removal of
County Agent C. M. Berry and voted
for his removal. But Mr. Berry was
the cause and Mr. Berry alone. Mr.
Berry did two things that necessitated
his removal. The influence of the
business men of this town on main
street far over-balanced the influence
of the truckers. I am not against a
county agent and want to have one
next year that will do the work of a
county agent in all sections of the
county."

When questioned as to his stand on
Mrs. Blackman's Educational Bill he
spoke in favor of changing the board
as it now stands but thought that the
Board should be elective.

The question was asked Mr. Swope
why he opposed the road to Osceola
and he said his actions in this matter
were perfectly satisfactory to Mr.
Pfeitner, of Osceola, and to all the
people of Osceola as he had been so
assured by Mr. Pfeitner.

Forest Lake was then introduced
and after a few introductory remarks
stated that he was in favor of the tax
reform; in favor of some measure that
would give the schools of the state
more money to work on.

Mr. Lake was in favor of a closed
season on the fish for 3 to 5 years and
a closed season for deer for the same
period.

Mr. Lake differed with Mr. Swope
on the no-fence law saying that in
this state we had a great deal of
waste lands that were good for noth-
ing but the raising of cattle and that
each county should decide that mat-
ter for itself. He stood for the local
option no fence law.

Mr. Lake spoke of the bills that
had been passed while he was the rep-
resentative from this county and that
he had worked for and voted for.

He passed the first juvenile court
bill in the state, creating juvenile
courts in Tampa and Jacksonville. He
helped pass the vital statistics bill in
1911; he worked for the state educa-
tional bills for our state institutions
giving them for the first time an
adequate apportionment.

He divided Seminole county from
the county of Orange in 1913.

He said his interest in education
was shown by the fact that he helped
float the bonds for the Sanford High
School.

The road and bridge bill was an-
other act to his credit while in the
legislature.

Mr. Lake said that the present
Road Department was not perfect and
left much to be desired but that any
one that had ever had any experience
with new projects knew that it took
a good time to get them going satis-
factorily.

When asked if he was in favor of
the Shepherd-Towner bill Mr. Lake

said he was certainly in favor of the
bill and would work for it. That he
had always stood for anything for the
betterment of the mothers and chil-
dren.

Mr. Lake though with Mr. Swope
that Mrs. Blackman's educational bill
was dangerous in leaving the appoint-
ing of the members of the proposed
State School Board to the discretion
of the governor.

Mr. Lake said that he was in favor
of an increased appropriation for the
State Board of Health.

Mr. Lake said that he was in favor
of a more restricted marriage law and
was then asked if he had not made
himself ridiculous by his stand on one
that was brought to the attention of
the legislature by the Woman's Clubs
of the State. Mr. Lake responded
that he had been for the bill before it
was amended but after it was amend-
ed it was a ridiculous law and as he
was always for marriage and as it
practically prohibited marriage he
was against it.

**BIG EATERS GET
KIDNEY TROUBLE**

TAKE SALTS AT FIRST SIGN OF
BLADDER IRRITATION OR
BACKACHE

The American men and women must
guard constantly against Kidney trou-
ble, because we eat too much and all
our food is rich. Our blood is filled
with uric acid which the kidney
strive to filter out, they weaken from
overwork, become sluggish; the elim-
inative tissues clog and the result is
kidney trouble, bladder weakness and
a general decline in health.

When your kidneys feel like lumps
of lead; your back hurts or the urine
is cloudy, full of sediment or you are
obliged to seek relief two or three
times during the night; if you suffer
with sick headache or dizzy, nervous
spells, acid stomach, or you have rheu-
matism when the weather is bad, get
from your pharmacist about four
ounces of Jad Salts; take a table-spoon-
ful in a glass of water before break-
fast for a few days and your kidneys
will then act fine. This famous salts
is made from the acid of grapes and
lemon juice, combined with lithia, and
has been used for generations to
flush and stimulate clogged kidneys;
to neutralize the acids in the urine so
it no longer is a source of irritation,
thus ending bladder disorders.

Jad Salts is inexpensive; cannot in-
jure, makes a delightful effervescent
lithia-water beverage, and belongs in
every home, because nobody can make
a mistake by having a good kidney
flushing any time.—Adv.

FLORIDIAN KILLED AS SHRAPNEL EXPLODES IN TARGET PRACTICE.

(By The Associated Press) FAYETTEVILLE, N. C., May 26.—Three enlisted men were killed and three men and one officer were injured at 10 o'clock yesterday morning when a shell from a gun fell short of its range, struck a tree and exploded during target practice at Camp Bragg it was stated by Major Bantson at the camp yesterday afternoon.

The accident occurred about 10 o'clock yesterday morning while the fifth veld artillery was doing some firing for the field officers artillery school conducted at the camp. A shrapnel projectile which officers believe was defective, was fired from a 75 millimetre gun and fell short in range, struck a tree and then ricocheted from the ground and exploded.

Privates Thomas L. Wood of Salisbury, N. C., Walter C. Ammons, of Milton, Fla., and Geo. L. McLeland of Noble, Ill., were instantly killed and privates William Owl, Lumerport, W. Va., Alonso Morgan, Blantyre, N. C., and Sergeant Donnet Smith of Fulton, N. Y., all members of battery E, fifth field artillery, were seriously injured. Camp Bragg officials did not announce the nature of their injuries. Captain M. A. Dawson was struck in the foot by a piece of shell, but his injuries are not considered serious.

Sergeant Smith was separated on and officials at the camp reported that he came through the operation successfully and is now resting easily. Privates Morgan and Owl were reported resting comfortably last night an dit is believed they will recover.

Many narrow escapes from the explosion were reported. There were a large number of officers and men in close proximity to the scene of the explosion and when the shell burst fragments were scattered for many yards in every direction.

ROLLINS COLLEGE COMMENCEMENT

TUESDAY, MAY 30, 2:30 P. M. Commencement meeting of the Board of Trustees in the President's Office, Carnegie Hall.

WEDNESDAY, MAY 31 11:00 A. M.—Alumni Reunion, 12:30 P. M.—Alumni Luncheon, College Commons.

Everybody is cordially invited to attend the Student's Recital, the Baccalaureate Sermon, the Festival of Music and Folk Dancing and the Graduating Exercises. The Alumni are especially urged to be present at all these exercises and the reunion Wednesday morning.

CITRUS CANKER FOUND NEAR DAVIE

(By The Associated Press) FORT LAUDERDALE, Fla., May 29.—The presence of citrus canker has been discovered at Davie, a settlement in the Everglades about nine miles from here, and State Plant Commissioner Wilmon Newell and General Inspector Frank Stirling, of the state plant board, assisted by a score of other inspectors, already are at work in an effort to stamp out the disease. Three hundred and sixty-six three on seven properties at Davie thus far have been found infected. The locality is isolated from all large citrus groves.

Bargains found each day by reading the Herald Ads.

Notice of Sale of \$325,000.00, 6 per cent Improvement Bonds of the City of Sanford, Florida, of an Issue of Bonds in the Sum of \$625,000.00 authorized at an Election Held in the City of Sanford, Florida, on May 17th, 1922.

Notice is hereby given that sealed proposals will be received by C. E. Henry, S. O. Chase and Forrest Lake as the City Commission of the City of Sanford, Florida, and as Ex-officio Bond Trustees of the City of Sanford, Florida, in connection with the issue of bonds in the sum of \$625,000, authorized at an election held in the City of Sanford, Florida, on the 17th day of May A. D. 1922, on or before the expiration of thirty days from the first publication of this notice, and up to and until six o'clock P. M. of the 22nd day of June A. D.

1922, at the City Hall, in the City of Sanford, Florida, for the purchase of \$325,000.00 of an issue of bonds of the City of Sanford, Florida, in the sum of \$625,000.00, authorized at an election held in the City of Sanford, Florida, on the 17th day of May A. D. 1922. Said bonds to bear interest at the rate of six per centum per annum, and are to be dated July 1st, 1922; interest payable semi-annually on July 1st and January 1st of each year, both principal and interest payable at New York, in the State of New York; said bonds being of the denomination of \$1,000.00 each and are to be bonds of said issue numbered from 301 to 625; all of

said bonds aggregating the said sum of \$325,000.00 to mature on July 1st 1952; said bonds to be sold subject to the approving opinion of John C. Thomson, obtained by the City Commission of the City of Sanford, Florida. All bids must be accompanied by a certified check for one and one-half per cent. of the amount of the bonds to be sold. The said C. E. Henry, S. O. Chase and Forrest Lake, as the City Commission of Sanford, Florida, and as said Ex-Officio Bond Trustees of the City of Sanford, Florida, reserve the right to reject any and all bids. Proposals should be addressed to C. E. Henry, S. O. Chase and Forrest Lake, as the City

Commission of Sanford, Florida, and as Ex-Officio Bond Trustees of the City of Sanford, Florida, at Sanford, Florida.

WITNESS our hands as the City Commission of Sanford, Florida, and as Ex-Officio Bond Trustees of the City of Sanford, Florida, and the seal of said City, this 22nd day of May A. D. 1922.

C. E. HENRY, S. O. CHASE, (SEAL) FORREST LAKE, As the City Commission of Sanford, Florida, and as Ex-Officio Bond Trustees of the City of Sanford, Florida.

Attest: L. R. PHILIPS, Clerk of the City of Sanford, Florida. 5-22-22; 6-5-12-19.

NOTICE OF SALE OF \$100,000.00, SEMI-ANNUAL IMPROVEMENT BONDS

D. 1922, at the Court House at Sanford, Seminole County, Florida, for the purchase of \$100,000.00, Improvement Bonds, 6 per cent interest at the rate of six per centum per annum, are to be dated July 1st, 1922, interest payable semi-annually on

January 1st and July 1st, of both principal and interest. Said bonds being of the denomination of \$1,000.00 each, and all of them to be sold subject to the opinion of John C. Thomson, obtained by the Board of County Commissioners of Seminole County, Florida, and as Ex-Officio Bond Trustees of the County of Seminole County, Florida, and as Ex-Officio Bond Trustees of the County of Seminole County, Florida, reserve the right to reject any and all bids. Proposals should be addressed to the Board of County Commissioners of Seminole County, Florida, at Sanford, Florida, on this the 22nd day of May, A. D. 1922. (SEAL) E. A. DORR, Clerk of the Board of County Commissioners, Seminole County, Florida. 5-22-22; 6-5-12-19

Sealdsweet
TRADE MARK REGISTERED

Sealdsweet
Florida Grapefruit and Oranges

Put joy in your life: "Pep" in your work

Sealdsweet Grapefruit

Sealdsweet Oranges

Sealdsweet Florida Citrus Exchange

Sealdsweet Florida Citrus Exchange, Tampa, Florida

Newspaper page, greatly reduced, containing Sealdsweet advertisement—showing how dealers support campaign with their copy.

Greatly reduced reproduction of Sealdsweet magazine page advertisement, which as it appeared was illustrated in natural colors.

Who does the real Advertising of Florida Grapefruit and Oranges?

During the 1921-22 marketing season for Florida grapefruit and oranges, the Sealdsweet advertising of the co-operating Florida growers appeared in more than twenty-five million copies of nine of the leading home magazines of the United States—full color pages in excess of six million copies.

The advertising of no other marketing agency for Florida citrus fruits was carried by any of these magazines.

In the same period the advertising of Sealdsweet Florida grapefruit and oranges appeared in about half a million copies of eight of the leading and most influential medical and nursing journals of the country.

The advertising of no other marketing agency for Florida citrus fruits was carried by these periodicals.

Between November and March, Sealdsweet Florida grapefruit and orange advertisements appeared in approximately sixty million copies of two hundred and forty-five of the leading daily newspapers.

Advertising of other marketing agencies for Florida citrus fruits was carried in less than a dozen of these.

Who does the Real Advertising of Florida Grapefruit and Oranges? The Growers who market their fruit Co-operatively, of course.

Early in the history of co-operative marketing in Florida, the affliating growers became convinced that to make demand for Florida grapefruit and oranges keep pace with increasing production it would be necessary for the food and health values to be extensively advertised.

In each of the past ten or more marketing seasons, therefore, these growers have conducted educational advertising campaigns for Sealdsweet grapefruit and oranges, gradually enlarging the scope thereof until they have covered the greater portion of the United States.

At no time during this period has there been any consistent advertising effort on the part of other marketing agencies for Florida fruits. A careful survey of the leading advertising mediums of the country, summarized above, shows conclusively that the only co-operative citrus marketing agency remains the one factor adequately working to increase consumer demand.

That the advertising done by the co-operating citrus growers of Florida has been a good investment for them is conclusively proved by the fact that in practically every market of the country Sealdsweet grapefruit and oranges bring the high dollar. Often they command a premium of twenty-five to fifty cents a box at wholesale because they are efficiently advertised.

Do you want your grapefruit and oranges so advertised that the consumption may absorb the production without reducing prices to an unprofitable level?

Then join The Florida Citrus Exchange and market under the Sealdsweet trademark—of, by and for Florida.

Consult the manager of the nearest association or sub-Exchange or write the business manager at Tampa, Florida.

KNOWS WHEREOF HE SPEAK Harper, 416 Navarre St., San Antonio, Texas, writes: "I consider Honey and Tar absolutely the best remedy on the market. I have used it, having tried it whereof I speak, having tried it on my own family. My wife took it enough and at night it was all-incessant. I gave her a few boxes of Foley's Honey and Tar. In a while she went to sleep and slept the entire night. Your remedy is quickly and relief is permanent. Sold everywhere.—Adv.

CALENDAR

Monday—Pipe Organ Club will meet at the home of Mrs. Hall on West First street. Tuesday—Duplicate Bridge Club will meet at the home of Mrs. R. A. Newman on Fourth street, at one o'clock. Wednesday—Mrs. George Knight will entertain the members of the Evening Bridge Club. Wednesday—Mrs. Robert Hines will entertain the members of the Sans Souci Bridge Club at her home on Park avenue. Wednesday—S. H. S. Alumni Banquet at Valdez at 8 P. M. Thursday—Miss Elizabeth Munson and Mrs. Oscar May will entertain at the home of the former at 8 P. M., honoring Miss Ora Williams, a bride-elect of June. Friday—French Bridge Cabaret at the Parish House, at 8 P. M. under the auspices of the Women's Guild. D. L. Thrasher leaves this afternoon for California. Mr and Mrs. Lucius McLeod of Williston, arrived in their car, Saturday afternoon and are the guests of the latter's sister, Mrs. Ralph Wight, at her home on Tenth street. Mrs. Christine Hennessy, who has been spending the winter here at the Gables left yesterday by boat for Jacksonville, going from there to New York, Chicago and Detroit. She was accompanied as far as Jacksonville by Mrs. Mary Higgins and Miss Mary Armstrong.

BIRTHDAY PARTY

Little Mary Elizabeth Tolar, the winsome young daughter of Mr. and Mrs. R. E. Tolar, was the charming young hostess, Saturday afternoon when she entertained a number of her friends at her home on Magnolia avenue in celebration of her seventh birthday anniversary. The afternoon was delightfully spent with all kinds of games, and late in the afternoon dainty refreshments consisting of ice cream, cakes and candy were served. The favors were cunning little baskets filled with candies. The young hostess was assisted in entertaining her guests by her mother, Mrs. R. E. Tolar and Cameta Barber and Claire Zachary. She was the recipient of many beautiful gifts. About twenty-five children enjoyed this delightful afternoon.

ROAD THRU' GLADES FEASIBLE, REPORTS A CIVIL ENGINEER

(By The Associated Press) WEST PALM BEACH, Fla., May 29.—W. L. Harvey, a civil engineer of Syracuse, N. Y., employed by the Palm Beach and Western Railway finance company to make a preliminary survey, has reported that the construction of a railroad from West Palm Beach through the Everglades to Arcadia is practicable on the route proposed and that the project is feasible. His report and other data have been taken to New York city and will be put before financiers. (By The Associated Press) MOBILE, Ala., An intercepted radio message from the naval air station at Pensacola said the motor boat Swan which was believed lost in the storm last night with seventy excursionists aboard, was safe in the Pensacola harbor this morning. No details were given in the message. Chevrolet touring car, \$645.00 delivered. See A. C. Fort or Paul Biggers at Wight's Garage. 54-6tc

BACCALAUREATE EXERCISES AT THE HIGH SCHOOL

DR. GEORGE HYMAN PREACHED MOST INSPIRING SERMON

The third event of the commencement season of the Sanford High School took place at the High School Auditorium yesterday morning when the Baccalaureate sermon was given to the members of the Senior Class and their friends by Dr. George Hyman, formerly pastor of the Baptist church of this city, and now director of the expansion department of the First Baptist church of Tampa. The spacious auditorium of the High School was crowded to capacity despite the threatening weather and extra seats were necessary to accommodate the big crowd. Mrs. P. M. Boyd, at the piano, played a march as the seniors filed into their seats preceded by the faculty and the local board members and they made a most imposing array with the caps and gowns, the large class attesting to the growth of this city and the high school. Dr. Brownlee acted as master of ceremonies and after giving the invocation the following program was rendered: Violin Solo—"Go Thou Sublime Sweet Evening Star," (Wagner), Mrs. P. M. Boyd. Dr. McCaslin, Accompanist. Selection—Quartet from Stetson. Scripture Reading—Dr. F. D. King. Vocal Solo—"Beyond the Open Gates" (Petrie), Lillie Ruth Spencer. Mrs. P. M. Boyd, Accompanist. Announcements. Baccalaureate Sermon—Dr. George Hyman. Hymn—"Come Thou Almighty King" Congregation. Benediction—Dr. Paul C. Burhans. The baccalaureate sermon delivered by Dr. Hyman was one of the best ever given here to a graduation class. Dr. Hyman was at his best, being in his former home and knowing personally every member of the graduating class and his theme was taken from the first chapter of Haggai, 23rd verse which says: "In this day saith the Lord of Hosts will I take thee, O Zerubbabel, my servant and will make thee a signet for I have chosen thee," exemplifying the cardinal virtues of strong men and women: Strength of body, strength of mind and strength of spirit as embodied in the teachings of the Holy word. He also dwelt at length upon the importance of strength, service and will power and gave many illustrations of the people in history who were prepared for all eventualities when the supreme moment came and they were ready. He cited the case that came under his own observation at Verdun, when Petain, a captain in the French army was called to take charge of the defense of Verdun, the key to the city of Paris and all of France and being prepared in strength of body and mind and spirit made history and saved the country and perhaps the world from the domination of the forces of the kaiser. Dr. Hyman gave the class and the pupils of other classes some wholesome advice about their four years of study in the high school and then the higher education of a college course and recited the fact that he had worked his way through college and there was no pupil anywhere in the state who could not do likewise and a college education was in reach of all of them if they had the body and the mind and the spirit to go ahead, surmount all obstacles and take what was the right of every American boy and girl. It was a sermon filled with inspiration to all who heard it and one that will be an inspiration to the members of the class of 1922 in the years to come. The Stetson Quartet composed of four young men of Stetson University rendered an excellent selection, and the violin solo by Mrs. Boyd and the solo of Miss Lillie Ruth Spencer were greatly enjoyed.

EIGHTH GRADE GRADUATION HELD TODAY

FINE CLASS OF BOYS AND GIRLS PASS FROM GRAMMAR SCHOOL

The graduation exercises of the Eighth Grade of the Grammar School took place this morning at ten o'clock at the Grammar School Auditorium, which was crowded to overflowing with friends and relatives of this popular class. Pink and blue, the class colors, were most effectively used in decorating, and blue hydrangea and potted ferns and palms were artistically used. A large American flag, was suspended over the center of the stage. The following program, with the subject, "Ideal Citizenship" was splendidly carried out: March—Class. Invocation—Dr. George Hyman. Salutatory—Claire Zachary. "Leaving the Nest"—Girls. "Duty—Faithfulness"—Clifford Shinholser. "Ambition"—Clinton Rines. Violin Solo—Acy Carraway. "Courage"—Briggs Arrington and Margaret Sprout. Reading—Virgie Hyman. "Thrift"—Althea Koons. "A True Gentleman"—Merrill Roberts. "Education"—Chester Walker. "The Schoolhouse Stands by the Flag"—Calvin McGahagin. Class song. Awarding U. D. C. Prize—Dr. E. D. Brownlee. History Medals—Mrs. John Leonardy. Presentation of Memorial—Mrs. Pearl Babbitt. Acceptance—Miss Clara Millen. Presentation of Diplomas—Supt. T. W. Lawton. Valedictory—Frank Dutton. Farewell Song. Orchestra—Selected. After the class song, Mrs. John Leonardy, in a few well chosen words presented the D. A. R. medal, given each year for the best year's average in history, and as two girls tied this year with an average of 98 and a fraction, two medals were awarded. These medals were presented to Camilla Puleston and Elizabeth Shoemaker. Dr. E. D. Brownlee, in a delightful little talk, presented the U. D. C. medal, offered for the best essay written on "Robert E. Lee" to Margaret Sprout. Mrs. Pearl Babbitt, in behalf of the graduating class presented the Memorial, a library table, to the school, it was given by the graduating class in memory of one of their members, Harold Smith, who passed away a short time ago, and who was one of the most popular boys at the grammar school. Supt. T. W. Lawton, made a splendid address, emphasizing the importance and value of an education, counting it as so much capital. He presented diplomas to a large class of sixty-three bright boys and girls. Chevrolet delivery \$645.00 delivered. See A. C. Fort or Paul Biggers at Wight's Garage. 54-6tc Rub-My-Tum for Rheumatism. 38-20c

TOUR OF INSPECTION OF FLORIDA FLYING FIELDS BY AIRPLANE

(By The Associated Press) WASHINGTON, May 29.—Major General Patrick, chief of the air service, who is making an inspection tour of flying fields, and other air service activities in the southern states, is traveling between the posts almost entirely by airplane, according to a summary of his trip made public. Starting from Miami, Fla., last Sunday and piloted by Major Dargue the air service chief flew 175 miles in a training plane across the Everglades to Carlstrom Field, and then to Jacksonville, Fla., covering 250 miles in four hours. On Wednesday the aerial inspection was continued with a 210 mile flight to Americus, Ga., made in two hours, thence to Camp Benning and in the afternoon to Montgomery. Next day the general made a non-top flight of 525 miles to Camp Bragg, Fayetteville, N. C., in six hours and twenty-five minutes, and returned to Washington, another 280 miles, in less than three hours. In all General Patrick spent approximately twenty hours in the air and covered ground that would have required twice the time had he traveled by train. He is scheduled to leave today for Milwaukee to attend the balloon race in which American entrants for the international contest in Belgium will be selected and later, to inspect air service activities in the middle west traveling entirely by airplane between posts.

H. S. NOTES

Last Monday night the Seniors were delightfully entertained by Misses Anna DeBose and Lillian Shinholser at a garden party at the home of the former on Oak avenue. The house and yard were beautifully decorated in the class colors, garnet and gold, while in the yard the electric lights which were strung from tree to tree added greatly to the charm of the occasion. Punch was served throughout the evening and at refreshment hour sherbert and cake were served. Games, contests and music occupied the time of the young people and at a late hour the guests departed. Those present besides the class were Mrs. Maxwell, class sponsor; Mr. Billie Parks and those assisting the hostesses, Mrs. DuBose, Miss Kittle DuBose, Mr. William DuBose, little Miss Marjorie DuBose and Mrs. Shinholser. Another event greatly enjoyed by the Seniors was the luncheon given them last Wednesday by Miss Pattye Lyles. The guests assembled at Miss Lyles's home on Seventh street at twelve o'clock when a delicious luncheon was served. The class colors, garnet and gold and the class flower, the brown eyed Susan were tastefully used in the decorations. Mrs. Maxwell, class sponsor, was also present. Miss Lyles was assisted by her mother, Mrs. Lyles, Mrs. Daly and Mrs. Harrison. The Senior girls and the faculty of the Sanford High School were the recipients of a lovely party at Silver Lake Friday evening given by the Senior boys. After a swim in the lake, dancing and games were enjoyed by the young folks and later in the evening ice cream and cakes were served. Every one had a big time and the Senior girls declared that "their boys" were the finest in the land. Chevrolet delivery \$645.00 delivered. See A. C. Fort or Paul Biggers at Wight's Garage. 54-6tc

Indigestion Forced Mr. Sol K. Simon to a Strict Diet

Severe Headaches and Dizziness Also Troubled Leading Albany Citizen. Within Two Days After Taking Ferraline Could Eat Anything.

Mr. Sol K. Simon, Albany, Georgia, the largest Mail Order Pecan Man in the world, has made the following startling statement: "I suffered with what the doctor called 'auto-intoxication,' or indigestion of the lower bowels. If I ate anything other than that prescribed in a strict diet, I suffered with severe headaches and dizziness. Instead of taking an expensive trip to a health resort, my brother persuaded me to visit him, and after each meal he gave me a dose of Ferraline. In two days I was eating anything without feeling the slightest discomfort. I ordered one dozen bottles sent to my home. I feel one hundred per cent better and have saved about \$200, by not taking a trip to a health resort as recommended by my physician—thanks to my brother and Ferraline." This letter is but one selected at random from the hundreds of testimonials in our files. Each letter tells the same story—the wonderful tale of returned health.—Adv.
