NEW IRISH TREATY

MAY NOT SUIT DAIL EIREANN
AND CLOUDS ARE ON THE
HORIZON

(By The Associated Press)
LONDON, Dec. 19.—Civil war in Ireland arising from Ulster's opposition to the proposed revision of her boundaries under the Irish peace treaty is seriously threatened according to the political correspondent of the Westminster Gazette.

DUBLIN, Dec. 19.—The Dail Eireann remained in secret session until late Saturday night in an endeavor to thrash out personal political difficulties among the members, with the prospect that it might come out into public session today reconciled at least to the extent of presenting a solid front to the world in their attitude towards the Anglo-Irish treaty.

There appeared to be no question last night but that the treaty would be ratified, but in view of the fact that so many members of the Irish legislative body wish to proclaim their respective positions it was considered hardly likely that a final vote could be taken before next Wednesday.

If reports reaching Dublin from other parts of Ireland may be accepted as correct, the general public apparently is becoming irritated at the delay in settling the big question that is on everybody's mind. These reports indicate that the general Irish public would like to see the Dail quickly ratify the treaty, and let the leaders of the opposing factions settle their own political fights afterward.

GERMANY OFFERS TO PAY HALF OF REPARATIONS DUE

MEETING BETWEEN LLOYD
GEORGE AND BRIAND DE-
SCRIBED AS "FATAL"

LONDON, Dec. 19.—Today's conference in Downing street between Premier Lloyd George and the French premier, M. Briand, relative to reparations, is described by the newspapers here as the most fateful since the Versailles treaty was concluded.

The meeting was arranged before Germany's official declaration of her inability to pay the forthcoming reparations installments, and there is a disposition in some sections of the press to regard the German move as a maneuver to bring pressure to bear on the premiers' meeting. This view is confined mainly to those newspapers known for their strong advocacy of a firmer alliance between Great Britain and France. The general opinion is that the British government has honestly tried to meet its obligations and that it will be necessary to grant Germany a delay of a few months, if not actual moratorium.

According to the Evening Standard, Germany has offered to pay the allies on account the equivalent of 10,000,000 pounds in January, 11,000,000 or 12,000,000 pounds in February or about half the actual sums due, but there is no confirmation, either from Paris or Berlin, that such an offer has been made. M. Briand, however, it is learned, received the German ambassador at Paris, who made certain explanations, and it is considered possible the offer was made then.

That there are only two alternatives is the common opinion here—either to grant a moratorium or insist that Germany is able to pay, the latter probably entailing the fall of the German government. The reparations commission, it is pointed out, may insist under article 234 of the treaty of Versailles, that Germany provide proof of her inability to pay.

PEACEFUL PICKETING CAN BE WORKED BY ARIZONA ACT

KANSAS CITY SPECIAL ON SOUTHERN RAILWAY WRECKED IN ALABAMA

OUR JOYFULEST FEAST

So, now is come our joyfulst feast!
Let every man be jolly,
Each room with ivy leaves is drest
And every post with holly.
Now all our neighbors' chimneys smoke
And Christmas blocks are burning;
Their ovens they with baked meats choke
And all their spits are turning.

So run the lines of an old ballad and so run our thoughts today. What- ever may be on our Christmas board the sauce for it all will be the love and good will that we bear to mankind, an echo of that song of the ages, "Peace on earth, good will toward men."

It is a pretty custom in some homes to place "the stranger's plate" on the Christmas table and bid the unexpected, the not unwelcome, guest come in. It is suggestive of the sharing of the cup which proved to be the holy grail in the story so beautifully told by the poet Lowell in "The Vision of Sir Launfal."

This custom might bring gladness to many homes where there is no opportunity to lengthen the board for the entertainment of returning members of the family. In Florida there should be no board lacking in good cheer and enough of good things to eat to satisfy hungry hearts and keen appetites.—S. W. Partridge.

The Beginning of an Endless March

His gun has turned to rust, his body turned to dust, but the American Hero buried Armistice Day at Arlington National Cemetery goes marching on through the ages with those who lie in Flanders' poppy fields. WORLD WILL BE SHAKEN TO THE VERY FOUNDATIONS IN THE YEAR OF 1926

Physically and Politically Says British Journal of
Astrology

(By The Associated Press)
LONDON, Dec. 19.—The year 1926 is destined to shake the world to its foundation, both physically and politically. There will be succession of plagues, famines, floods, shipwrecks, rioting and revolution, no says the British Journal of Astrology, which has drawn horoscope for that year,

when the planets Mars and Mercury will be in conjunction. "Six years later the great Armageddon is to take place. It will be final conflict between Mohammedanism, allied with Bolshevism against united Anglo-Saxon world. It will end in universal peace in 1932 but so few of us will be left that peace would happen anyhow," says the Horoscope.

HIGH SCHOOL STUDENTS GO ON A STRIKE TODAY, DEMANDING MORE HOLIDAYS

Ocala High School Wants Two Weeks Off Instead
of One

(By The Associated Press)
OCALA, Dec. 19.—Students of Ocala High School today went on a strike in an effort to enforce the demand that they be given two weeks vacation during the holidays instead of one week as announced by the faculty. At the hour of opening school this morning instead of entering the class rooms the students formed procession and

cheering marched through the streets to the office of the county superintendent of public instruction where they asked for additional week off. The superintendent stated that under the law they could be given only one week and he could do nothing for them. At 11 o'clock the students were still on a strike and the faculty and popular sympathy were with the students.

BOOZE PARTY WINDS UP IN SCRAP; TWO MEN KILLED

(By The Associated Press)

Bicketts and Mauterer were shot in what was described as a free-for-all fight in a house in the suburbs as the climax to a gay party in which a dozen participated. Police reported the discovery of evidence that whiskey flowed freely.

WALL STREET GUARDED TODAY EXPECTING BOMBS AND MORE EXPLOSIONS

BIG STORM FLOODS BUFFALO CAUSES HAVOC

WRECKS VESSELS AND CAUSES
MILLION DOLLARS
DAMAGE

BUFFALO, Dec. 19.—A ninety-five mile an hour gale swept the city yesterday, uprooting trees, tearing down chimneys, smashing plate glass windows and piling up the water in the harbor to an unprecedented stage. One man was killed in the storm.

The damage throughout the city was great, but heaviest losses occurred along the water front, where a 300-foot wireless tower was demolished, boat houses and small docks were swept away and several hundred pleasure craft were smashed or carried down the river.

The property loss will run into hundreds of thousands of dollars.

A window hatch, torn from the top of a business block, fell on a passing automobile killing Frank E. Kiefer, one of the two occupants, and injuring the other seriously. The hatch went through the windshield and pinned Kiefer to the seat. The automobile, with both occupants unconscious, ran about a block before it swerved and crashed into a store front.

Two women were caught under a falling tree near the water front. One of them, Miss Margaret Cochran, sustained both legs broken. Her sister Katharine, was internally injured, and fireman had to cut away part of the tree trunk before she could be released.

The wind, blowing from the southwest, directly down Lake Erie, piled up the water until Bird Island pier and Squaw Island were almost completely submerged. Nearly 100 squatters' shanties were carried out into Niagara river. Their occupants were rescued by police, firemen and coast guard crews.

Three ferryboats used in the service between Buffalo and Fort Erie were piled up on the rocks between the river and the canal.

At Tonawanda the water rose eight feet above normal, flooding the large lumber yards there and carrying thousands of feet of timber into the river and over Niagara Falls. A dredge anchored off Grand Island began to drift toward the falls, but managed to find anchorage by digging its steel dipper into the mud on the river bed.

Seldom has such a volume of water poured over the brink of the Niagara cataract as yesterday. The waters of Lake Erie, crowded into the Niagara river, caused a swirling flood where usually there are only a few scant inches. Floods poured over the precipice, so that the pier of the Maid of the Mist was submerged.

Many islands just above the falls were submerged for the first time in years. Great property damage was done on the upper river between LaSalle and Niagara Falls to riverside boat houses and motor boats. One estimate of the property loss there is \$300,000. No loss of life reported. All the large lake boats here weathered the storm. Some dragged their anchors, but none was beached.

Three gasoline fishing boats were sunk in the harbor at Dunkirk.

MOTOR BOAT FOR PARTIES

Capt. G. E. Atkinson has arrived in the city and will operate his new motor boat "Sanford" on Lake Monroe in passenger service between Sanford and Enterprise on a schedule to be announced later. The motor boat will also be available for parties for hunting and fishing, etc. This is something that Sanford has needed and the new boat will fill a long felt want. Capt. Atkinson is accompanied by his son and family, has son having been in the U. S. navy during the war and in the U. S. Shipping Board service as was his father. They will put on their new service after the first of January and Sanford is giving them a warm welcome.

Mr. and Mrs. H. T. Brown, of Litchell, S. C., are spending some time here at the Montezuma.

Warnings Sent to Broker
Advising Him to

ANY CHANCES ON RADI-
CAL OUTHREAK

(By The Associated Press)
NEW YORK, Dec. 19.—Wall Street's principal financial institutions were guarded today in anticipation of another bomb explosion, warning of which was sent to a broker advising him to leave town or the vicinity of the stock exchange. The police are inclined to treat anonymous prediction with skepticism but extra precautions were taken.

TROUBLE AT DANCE WINDS UP IN KILLING OF MAN AND WOMAN

(By The Associated Press)
CLEARWATER, Dec. 19.—Carter Pierson, residing between Tarpon Springs and Oldsmar, was arrested today by Sheriff Lindsey charged with the killing Saturday night of Mrs. E. Pierson and a man named Durrance at a dance at Safety Harbor. Lindsey said the trouble started when Pierson, a brother-in-law of the slain woman, ordered her not to dance with Durrance. She disregarded his order and Pierson started an argument. Witnesses said Durrance fired first. When the shooting began the woman tried to escape. She passed between the two men and fell dead with a bullet in her head. Durrance, wounded, was removed in an automobile and died before reaching home. According to reports from Sutherland where Mrs. Pierson and Durrance lived, they were buried yesterday afternoon although the coroner was not notified and no inquest was held.

20 MILLIONS FOR RUS- SIANS RELIEF PLAN

WASHINGTON, Dec. 18.—A bill authorizing the President to expend \$20,000,000 out of the funds of the United States grain corporation for relief of the distressed and starving people of Russia was passed Saturday by the House, 114 to 51.

Opponents of the measure fought it to the last and forced roll call on the ground that the vote as announced did not include a quorum of the House. The roll call resulted 181 to 71, and the bill now goes to the Senate.

In wrangling over the measure the House attempted to chop it to pieces with amendments. The first actual test was on an amendment by Representative Bankhead, Democrat, Alabama, to reduce the amount from twenty million to ten million, which was defeated 78 to 60.

There had been two solid hours of debate during which a flood of eloquence was let loose on the argument that the starving children of Russia regardless of the Bolshevik ruin that has brought about their distress should have their cry for bread silenced with American food, when a new fight was started over proposals to tear the bill to pieces.

Ollie Howard and son are among the quota of Jacksonville visitors in Sanford yesterday.

Christmas oranges are rolling northward by the solid car now and bringing good prices.

Capt. G. E. Atkinson and his son, Capt. G. E. Atkinson, Jr., are among the new arrivals to the city and they will spend the winter here.

Mr. and Mrs. R. S. Holly, of Gainesville, arrived in the city last night and will be the guests of their parents, Mr. and Mrs. R. J. Holly for the holidays.

Clifford Walker and sister, Miss Claire Walker, are spending a few days with Sanford friends and relatives. Clifford is a student at Florida University and Miss Claire is teaching school at Winter Garden.

The Band concert yesterday afternoon was one of the best of the season and the large crowd present enjoyed it to the fullest. The rendering of the Holy City by Mr. Brady was well received and the entire program was good. The continued applause after each number attested to the enjoyment of the big crowd. As usual the seats were missing and many were obliged to stand.

SANFORD'S TEMPERATURE

Man said cold weather today. He evidently lied. Man said he would pay us if he lived until Monday. He evidently died yesterday. Man said he would buy a certain piece of property if lettuce brought \$2.50. It is bringing it—so you see much depends upon the weather, does it not? Shop early and often.

Negro Chauffeur Badly Wounded By His Fares

Ike Frazier is Beaten Up By Two Men Who Had Hired Him to Drive

Ike Frazier, a well known Sanford negro chauffeur, who drives a car for hire, was badly beaten up Saturday night by two men named Sutton and Hilliard. They had engaged Frazier to take them to the convict camp near the county home and after they had him out on the edge of the city they attacked him, probably with the intention of possessing themselves of the car and he was badly beaten but managed to get to his home and give the alarm to the police who soon had the offenders in the toils of the law. They proved to be two Sanford men by the name of Hilliard and Sutton and they will get what is coming to them as soon as the case comes to court. At present the injuries of Frazier are awaited as he seems to be in a precarious condition and is not expected to live. Frazier is an inoffensive negro who is well known to everyone and the attack on him was cold-blooded and is condemned by all citizens white and black.

INFORMATION FOR MERCHANTS ABOUT TAXES

TREASURY DEPARTMENT REGULATIONS RELATING TO INCOME TAX RETURNS

The following statement is issued by Collector of Internal Revenue D. T. Gerow of the district of Florida:

"Merchants, manufacturers and business men generally need experience, no difficulty in taking their inventories for the year 1921 to conform with the new revenue act. The language of the Revenue Act of 1918 and the Revenue Act of 1921, (Sec. 203), relating to inventories are identical:

"That whenever in the opinion of the Commissioner the use of inventories is necessary in order clearly to determine the income of any taxpayer, inventories shall be taken by such taxpayer upon such basis as the Commissioner, with the approval of the Secretary, may prescribe as conforming as nearly as may be to the best accounting practice in the trade or business and as most clearly reflecting the income."

"Present treasury regulations provide that inventories must be valued at either 'cost' or 'cost or market, whichever is lower.' Taxpayers were permitted, regardless of their past practice, to adopt the 'cost or market basis, whichever is lower' in taking their inventories for 1920. Thereafter the regulations provide, changes can be made only after permission is obtained from the Commissioner of Internal Revenue.

"In the case of a merchant 'cost' means the invoice price less trade or other discounts, excepting strictly cash discounts approximating a fair rate of interest, which may be deducted or not at the option of the taxpayer providing a consistent course is followed. To the net invoice price should be added the cost of transportation and other necessary charges incurred in acquiring possession of the goods.

"In the case of a manufacturer 'cost' means the cost of raw materials and supplies, expenditures for labor and indirect costs incident to production, including a reasonable proportion of management expenses, but not including any cost of selling or securing return on capital.

"Market' means the current bid price prevailing at the date of the inventory for the particular merchandise. The burden of proof as to the correctness of the price rests upon the taxpayer in each case. Where no open market quotations are available, the taxpayer must use such evidence of a fair market price at the dates nearest the inventory as may be available, such as specific transactions or compensation paid for cancellation of contracts or purchase commitments.

"Where, because of abnormal conditions the taxpayer has regularly sold merchandise at prices lower than the market bid price, the inventory may be valued at such prices. The correctness of such prices will be determined by reference to the actual sales of the taxpayer for a reasonable period before and after the date of inventory. Prices which vary materially from the actual prices so ascertained will not be accepted as reflecting the market.

"The value of each item in the inventory may be measured by cost or market, whichever is lower. An entire stock may not be inventoried at cost and also at market price, and the lower of the two inventories used. Inventories on whatever basis taken will be subject to investigation by the Commissioner of Internal Revenue, and the taxpayer must satisfy the commissioner of the correctness of the prices adopted. He must be prepared to show both the cost and the market price of each article included in the inventory.

"In the conduct of modern business, it is of the utmost importance that every business, large or small, whether corporation, partnership or individual, shall maintain an exact record of receipts and expenses. No special system of accounts is prescribed by the Bureau of Internal Revenue, but the books should show in detail inventories, purchases, sales, capital investments, depreciation, and similar items in making up income tax returns."
