

# THE FAMOUS YOWELL VIOLET BRAND SALE

**FOR WHITE GOODS, LACES AND  
EMBROIDERIES TO BE REPEATED**

**BEGINS Wed. Jan. 17, ENDS Mon. Jan. 22**

**To Thos Who Have Attended One of Our Violet Brand Sales:**

A mere announcement of date is all that's necessary. To those who have never attended, we will say that after searching the large markets for the Annual Violet Brand Sale, we were very choice in selecting only the best from each of the larger manufacturers, and we must say we are more enthused over our purchases this year than ever, which means that the Violet Brand Sale beginning the 17th, will far surpass any sale or sales in our history. Store closed all day Tuesday, the 16th, and opens Wednesday morning, the 17th at 9 o'clock.

### Embroidery Window 10c

You will find our Ten Cent Embroidery window in quality, to be the most attractive one ever shown in this city; values up to 18c per yard; edging and insertion to match; choice per yard **10c**

### Beautiful Embroideries

You will hardly realize you are in your home town when you enter our store and see the magnificent showing of embroideries, any style, any width and the best of quality, at such prices. You'll certainly miss a treat if you do not see these on special display during the

**VIOLET BRAND SALE**

### Baby Sets

No, we did not forget the little ones, for we have a greater selection of narrow and dainty sets for the baby's wardrobe than ever; You will have to see this line to more thoroughly appreciate them.

### ALLOVER EMBROIDERY

In the newest and best designs, large and small figures, eyelets, etc., very good for spring and summer waists. A large assortment on display during the Violet Brand Sale at exceedingly low prices.

### EMBROIDERY FLOUNCING

Will be very good this spring and owing to its popularity we have bought an unlimited supply from 18 to 45 inches wide deep worked and in the newest and best patterns. Bandings to match

### Embroidery Window, 25

Another great surprise. Embroideries up to 29 inches wide, worked very deep and of the 35c and 50c kind, with insertions to match. See window display; choice **25c**

### Valeniennce Laces

It has always been our pleasure to show you the newest and prettiest patterns in Val Laces, and we have them in abundance. Edging and insertion to match laces that are worth up to 10c to 12 1/2c, only **5c**

### 10,000 Yards of Vals

If these Laces had been bought regularly it would be 18c to 20c. Nicely finished edge and a good strong lace that will stand the test. Get your share of these while they last, at per yard **10c**

### Torchon Laces

About 10,000 yards of the newest and best in Torchon Laces, narrow, medium and wide widths, values up to 12c per yard; very pretto and desirable for the undergarments, only **5c**

### White Goods

Over 5,00 yards of 30-inch Pride of the West Lawns in sheer and medium weights, worth from 12 1/2c to 15c per yard, bought specially for this sale at a reduced price; as long as it lasts **10c**

### Flaxons and Linaires

Now, comes the sheer goods, Flaxons and Linaires, the materials that have proven themselves to be the prettiest and most durable of thin white goods; they come in all white, plain or with corded checks, stripes, etc. Flaxon and Linaires are an exact likeness of linen and will give even better satisfaction.

### Sheer and Heavy Linens

We all know Linens, so will only give a few prices:  
90-in Linens, \$1.00 quality **85c**  
90-in Linens, \$1.25 quality **98c**  
36-in Linens, 50c quality **44c**  
36-in Linens, 35c quality **25c**  
36-in Heavy Linens, 50c quality **44c**  
35-in Heavy Linens, 75c quality **48c**  
Sheer Linen Lawns at **25c, 44c and 48c**

## ALL AROUND FLORIDA

### The General News of The Land of Flowers.

### CULLED FROM THE STATE PRESS

#### An Epitome of the Week's Most Important Happenings in the State's Domain.

Judge F. M. Robles of Tampa has rendered a decision in the City Library injunction case, granting to R. M. Price et al the writ enjoining the city of Tampa from purchasing a site for the library. It is held by the court that it would be legal for the city to raise by taxation money for the maintenance of the city library, but the lot would not be a municipal holding, inasmuch as the terms of the donation by Andrew Carnegie are such that the city is unable to control the ground or make any changes in the manner of its use.

The Pensacola Commercial Association has started upon the new year with a view of making it a big year for Pensacola and West Florida. Realizing that what was good for Pensacola was good for the whole of that part of the State, the committee decided to suggest the organization of a commercial association for West Florida. The idea is to get all towns and counties of West Florida into an organization, so that concerted work in the interest of progress may be carried on.

The city council of Live Oak did a wise thing when they passed an ordinance prohibiting the sale of cigarettes, tobacco and paper to make them to boys under eighteen years old.

Sarasota is to have a new passenger station and is well pleased over the prospect. The secretary of the board of trade has been notified by the Seaboard Air Line people that the new station will be conveniently located and will be commenced very soon upon the building.

At Leesburg a few days ago in the Lake View hotel, the Florida Fishing and Hunting club held its first meeting for the season and seventy-five members were enrolled. One of the first events for the entertainment of members was the club dinner, which was enjoyed at the Lake View hotel on January 10.

Hon. Arthur E. Donegan, has resigned his position as Clerk of the Osceola Circuit Court in order to enter the lists as a candidate for State Senator. Mr. Donegan does not believe in going after a public position while holding one.

Incensed because a young man called to see his wife from whom he had been separated for six months, W. D. Moore Sunday afternoon quarreled with his wife's father, J. R. Robinson, shot him three times through the body, inflicting fatal wounds and was in turn killed by John Lawrence Robinson, his brother-in-law at Arcadia. Young Robinson was wounded, but not seriously.

At Lakeland the jury in the case of the Mate vs. W. C. Robertson, brought in a verdict yesterday morning at 10 o'clock, finding the defendant guilty of manslaughter. Sentence has not yet been pronounced, but those informed state the maximum penalty is twenty years in the penitentiary. The convicted man will probably be sentenced Wednesday or Thursday, four days being allowed to prepare grounds for a new trial.

The DeSoto County News is sending out its greeting to its patrons, and announces that in addition to its own paper the Baptist Witness and the Florida Christian Advocate will both be printed on its presses this year. The deal for the publishing of the Florida Christian Advocate was made a few days ago.

Tampa is to be the winter headquarters of the leading moving picture manufacturing companies of the country, according to a special dispatch in the Billboard of current issue.

### Automobile Parade

All those who intend taking part in the automobile parade which is to be one of the opening features of the Orange County Fair to be held in Orlando in a few weeks are requested to meet the committee at the Sanford House Saturday morning, 10 o'clock, where they will be shown the pictures and samples and material for decorating the cars.

Mrs. FORREST LAKE, Chm.  
Mrs. GEO. H. FERNALD,  
Mrs. T. A. NEAL,  
Committee.

## REPORT FROM THE ASSOCIATION

### Rumors Regarding Prices on Certain Crops Without Foundation

Jan. 15, 1912.  
Mr. E. J. Holly, Editor Sanford Herald, Sanford, Florida.

There is a story in circulation on the streets and in public places generally, which is a very great injustice to the management of the Association, and we wish you to give us a little space in your paper to correct the same, believing that you are interested in fair play and the truth at all times. The story as it comes to our office is as follows:

The Association had a car of very poor lettuce loaded by their members, which they had no means of disposing of and sold it to Mr. Moses, a buyer in Sanford at 50c per package. Mr. Moses rolled this car to New York and sold it for \$5.50 per basket, realizing a net profit to himself of over \$1,000, which money naturally would have gone to the growers, had the car not been sold to Mr. Moses.

All of the above story so far as the Association is concerned is without one syllable or letter of truth. We have not sold Mr. Moses or anybody else in Sanford this year a package of anything. We have not had a package of lettuce, to say nothing of a car, that we have not been able to dispose of to a good advantage on the markets.

How such a story as that mentioned above could be circulated regarding us is beyond our understanding, but we presume some of our dear friends' having nothing else to do concocted the story from their imaginative and fertile brains.

The only connection of any sort in a business way, which we have had with Mr. Moses was, that we put in two cars which he was loading for New York, a few hampers of lettuce and these hampers were sold by our salaried representative on the dock in New York.

Mr. Moses has had some lettuce in one car which we were loading out and his own people sold this lettuce on arrival in New York. We have not sold to him or bought from him, or handled in any way any of his lettuce, and we know Mr. Moses, if called upon can verify this statement. We do not believe, however, it will be necessary to ask him.

We are glad to be able to say the Association, under the present selling arrangement does not need to call on anyone for assistance to sell their shipments, and as we are doing good work and everybody who has used our system are perfectly satisfied, we know of no reason why we shall be obliged to call for help along this line.

We regret to learn that quite a few of the growers in the community take occasion to sneer at the efforts of the Association. We see no reason why they should, because it won't be anybody's funeral but their own, should the Association have to retire from the field, which is not at all likely, if we are not working for the glory or benefit of any one person or set of people in particular. Our efforts are being directed for the benefit of our members and the growers generally in the Sanford district.

The organization who are marketing our shipments are doing so on a remarkably low basis, and we are confident they are not making a penny out of us, at this time. Every economy is being practiced, so far as the Association in Sanford is concerned to keep the expenses at the lowest possible point. And right here it might be well to state that the General Manager and the Treasurer, who are reported to be drawing large salaries from the organization are not drawing one penny, but are giving up their time gratuitously for the building up of the Association and the good of the business generally.

Both of them own pretty good size farms and realize that unless the market conditions are much improved in the future over what they have been in the past, there is little hope for them to make any money out of their investment.

We know of no reason why any grower in the Sanford district should sneer at or make light of the work the Association is trying to do, which is all for the betterment of their condition and the proposition generally, and if they would only stop long enough to analyze the situation, they could see that it would be to their benefit to encourage rather than discourage the movement.

The management has been told that some of the merchants in Sanford talk discouragingly regarding the work of the Association. We can scarcely believe this is possible, but it might be true. We do not know any ground for criticism of

## SANFORD FIELD DAY

### Two Whole Days Devoted To Sports and Horse Show.

### COMMITTEE HARD AT WORK

#### Sanford Expects To Have a Record Breaking Crowd For Two Days.

Sanford expects to give the people of the state of Florida and the tourists one of the best celebrations of the winter season.

There will be two days of fetes and exhibitions, February 13th and 14th, and aside from the field sports there will be a flower parade, an automobile parade and the grand horse show.

The latter is one of the very newest wrinkles in this part of the country and will be under the direction of a competent official. Some of the finest stock in the state will take part in this horse show and the beautiful steeds and fine equipments and beautiful ladies will make a fine array. The program committee is busy arranging the attractions and a full account of the Field Day and Horse Show will be given later.

Remember the date, February 13th and 14th.

### New Poultry Farm

The Lakemont Poultry Farm of C. Fred Ward, the well known chicken raiser and writer on poultry subjects at Winter Park, has combined with the Southern Poultry Yards and the Oak Ola Poultry Farm, and application has been made for letters patent under the name of the Lakemont Poultry Farm (Incorporated). The incorporators are C. Fred Ward, H. E. Cole, C. H. Ward and L. C. Smith. All of these gentlemen had years of experience in the poultry raising business before coming into this state, and have been engaged in breeding chickens in Florida for some years, always with success. The company is incorporated for \$20,000. Its president is C. Fred Ward, and its secretary-treasurer, H. E. Cole.

Every movement to establish a poultry farm on a sufficiently large scale to promise a large output is to be hailed with pleasure as foreshadowing the day when Florida, instead of depending on Tennessee and other states for her supply of poultry and eggs, will be able to furnish them for export. These incorporators are convinced that there is a great future for Florida in the poultry line and plan to put in the largest and most up-to-date plant south of Atlanta, they announce.

### Imperial's Fine Attraction

Manager DeCottes deserves great credit for bringing high class attractions to Sanford and it is to be hoped they will receive the patronage good plays deserve. Tomorrow night one of the finest productions of the season will be staged at the Imperial and the people that really enjoy a good play should see "The Thief." Press notices from every city in Florida write in praising the play of "The Thief." On January 24th the popular favorites in Sanford, The Lyman Twins will present their new production "The Spectators," a big musical comedy, one of the best of this fine company of artists. The Imperial will be the center of attraction every week as Manager DeCottes has some fine plays contemplated.

### Death of J. C. Ensminger

Mr. J. C. Ensminger, one of the old citizens and business men of the city, passed quietly away at two o'clock this morning. He has been a sufferer for many years. The funeral takes place at the Congregational church on Wednesday afternoon at two o'clock.

part of any of the merchants, or for that matter any man, woman or child in the entire section.

If the Association succeeds it means the general success of the entire proposition. If we do not succeed, it simply means there is no good in the business. If the Association is not able to live, managed as economically as it is, backed by the magnificent selling organization handling their products, then no other organization can, whether it be on a commission basis or any other system.

We thank you for giving us this space to make the correction, which we feel is due the Association.

Yours very truly,  
FLORIDA VEGETABLE GROWERS' ASS'N,  
By R. L. Hughes, Pres't.

## THE CALIFORNIA FREEZE.

### Estimated at 10,000 to 20,000 Cars Total Loss of Fruit.

The Los Angeles Times, not prone to speak of any disaster in Southern California, has this story of the estimate of the damage done to the citrus crop by the freeze during the holiday week:

"The best informed experts, who have visited the district, differ widely in their views as to the amount of damage done. Members of the citrus union have come to the conclusion from their own observations and from partial reports from forces in the field, that when the final account is made at the end of the crop season, the damage to the whole crop may not amount to more than 20 per cent. Basing this calculation on the output of the last crop year, this would mean a loss of eight to ten thousand car loads, including both oranges and lemons and would leave a crop for the season of something like 35,000 carloads, or the equal of the season before last. It is generally conceded that the lemons being in more sheltered places where the frost did not touch, suffered comparatively little.

"Independent investigators outside of the citrus union, in some cases at least take a different view. Their views are pessimistic compared with the judgment of the others. Some of these who have gone carefully over all districts are of the positive opinion that at least half the orange crop will be lost. Persons with this view express the earnest hope that they are wrong, and to this aspiration all Californians will say 'Amen.' If they are right then the crop of the season cannot reach much above 20,000 carloads.

### Moving Pictures at the Fair

A great triumph for the management of the Orange County Fair will be the presence here of a motion picture artist from the Pathe Co. of New York to reproduce the automobile parade.

It is the assurance from the Pathe people that a representative will be here. This will be of inestimable benefit to Orlando as an advertising feature. It will mean that millions of people over the entire country will view this scene.

The reputation of Pathe as the greatest photographic institution in the world will insure a splendid view and this may be announced to be one of the most pleasing features, looking to future good, that has yet been announced by the fair management.

There will be seen a greater quantity and variety of agricultural and horticultural exhibits than ever offered to view before in this section. There will be agricultural implements on view that have never been seen before in Florida.

On the spectacular side of the exhibition, in addition to the daily aeroplane flight and the balloon ascension, there will be one of the most spectacular high divers, in the person of a woman, ever seen at any performance. She will dive from a height of 120 feet into a shallow tank of water.—Reporter Star.

### "Polly of the Circus"

Mrs. William Calvin Chilton, the fourth number of the High School Lyceum course will give "Polly of the Circus," the greatest success of the season, which has been arranged by Mrs. Chilton into a monodramatic recital from the play by Margaret Mayo. Mrs. Chilton is enthusiastically endorsed by the press all over the country. Excerpts from only two of the flattering eulogisms accorded this brilliant woman will be more than convincing. "Memphis (Tenn.) Appeal: Mrs. Chilton is one of the best known entertainers in the south and naturally a very brilliant woman." "Mississippi has produced a talented woman in the person of Mrs. Chilton, of whom the state is justly proud. On the occasion of the first Shakesperian Symposium, Stratford-on-Avon, England, she rendered a selection from 'King John' which was much praised. She is a woman of prepossessing appearance, is highly cultivated and deservedly popular."—Woman's Magazine, New York. This delightful entertainment will be given in the High School auditorium Monday evening, Jan. 22 at 8:30. Reserved seats, 50c. Reserved seats for pupils, 25c. Seats reserved at Thrasher's store Monday, from 3:30 to 6 p. m. Remember date, Monday evening, Jan. 22nd.

Pat Murphy was in the city yesterday getting copy for his railroad guide. Pat has just recovered from an attack of typhoid fever and looks like a character in Dante's Inferno.

## NEWS OF THE WORLD

### Items of Interest Gleaned From Various Sources

### HAPPENINGS DURING THE WEEK

#### Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

The close of the fourth month since its outbreak brings the Chinese revolution to another turning point. The coming week probably will decide whether order is to be restored or hostilities are to reopen after a six weeks' armistice. In the latter event the bloodshed and reign of terror probably will far exceed any previous record.

The breach between the forces of Speaker Champ Clark and former Governor Jos. W. Folk, who are striving for the Missouri delegation at the Democratic National Convention was widened today by the Democratic State Committee selecting February 20 as the date for holding the State convention at Joplin. The Folk adherents fought for a date in March.

Government attorneys prosecuting Chicago meat packers on charges of violating the Sherman anti-trust law brought out today the first direct evidence by which they expect to show that the packers concealed profits and set up a false cost price upon which to base the price at which retailers got their supplies. The government's accusation is that the packers, in making up this arbitrary "test cost" price, overstated the actual cost and subtracted from it only substantially half the actual profit from by-products thereby compelling the retailer and consumer to pay prices based on a cost much greater than the actual cost.

The Rev. Clarence V. F. Richeson will make public a more detail confession or explanation of his resignation of Avis Linnell than already given out. It is the opinion of one of his counsel, William A. Morse, who today visited the condemned clergyman for the first time since he pleaded guilty last Tuesday.

Acquisition of the telegraph lines of the Union by the government and their operation as a part of the postal service will be recommended to Congress in a short time by Postmaster General Hitchcock. For a year or more Mr. Hitchcock has had this recommendation under consideration. After a thorough study of the operation of the government controlled government lines and postal telegraph systems of foreign countries, he has decided to urge the matter upon Congress.

Fifty passengers on Big Four train, No. 1, from Detroit to Cincinnati are reported to have been hurt in a wreck which occurred early Monday afternoon four miles south of Carey, Ohio. Two of the day coaches left the track on account of spreading rails and went into a ditch.

The body of Wm. Campion, the aged watchman who lost his life in the Equitable fire Tuesday last was found today in a kneeling position behind a great steel gate leading to the street from the vaults of the Mercantile Trust Co. A heavy steel beam from the roof of the vault pinned down the man's back.

Relief from the intense cold which has prevailed in all sections of the country during the past few days is promised during the coming week. "The general pressure distribution as shown by the weather map of the northern hemisphere during the last several days," says a bulletin issued tonight by the Weather Bureau, "is such as to indicate a general reaction to normal temperature conditions over the eastern half of the country by the middle of the week and to temperature above the seasonable average in western districts throughout the week."

There have been twenty-five cases of meningitis, fourteen of which resulted fatally in Oklahoma since the disease made its appearance in Texas, according to a report made today by Dr. J. C. Mahr, state commissioner of health.

### Masons Notice

The funeral of Bro. J. C. Ensminger will be held at Peoples Congregational Church Wednesday at 2 p. m. All members of Sanford Lodge No. 62 are hereby requested to meet at Masonic Hall at 1 p. m. Wednesday for the purpose of attending.

### Banks Closed

Friday Jan. 19th being Robt. E. Lee's birthday the banks of the city will be closed.

**CURBSTONE GLEANINGS**

**A Budget of Opinion "Just Between You and Me"**

**EVEN THE GATE POST NOT IN IT**

**A Chief is Among Ye Taking Notes and Faith, He'll Prent 'Em'— So Says Saunterer.**

Governing a city is no sinecure and every council has troubles of their own. If you make improvements you are bankrupting the town and if you don't make any you are old fogies and asleep at the switch. It would seem that our sister city of Orlando is also having trouble, as the following from the Orlando Citizen breathes a note of alarm:

"Perhaps at no time in the history of the city has a new city council organized with affairs of so great importance as now.

It requires intelligent men, wise men, capable men, practical men to successfully originate and bring to pass what is needed in so rapidly a growing city with the funds available. It will require clear-headed thinking and working to improve our streets, provide a suitable drainage and sewer system, adjust the lights and water, keep the town in sanitary condition, provide for the debt and interest and make the much needed improvements really necessary in our parks and city property. The most important matter seems to be sewerage and sanitation. We are in danger. The sanitary department may have been doing its best, but there needs to be some more active and positive attention given to it. We are informed that there are not teams sufficient for the purpose. We notice that sometimes two weeks and even three have passed by without service. There are some very dirty places right within the fire limits that need constant attention. The sewerage matter should not delay a day. This wet winter, filling the ground with moisture, added to the miserable open cesspools, should teach us the necessity for immediate action. Many of our streets are simply atrocious and there is great complaint. We are not in the business of telling the "powers that be" how to do these things, but in the face of the demand and the necessity we believe they have the biggest kind of a job to get right down to brass tacks and do them. We know 'tis easy to criticize and that the city council is generally paid in this kind of coin. Still, when a spectre stares one in the face it is a mistake to say there are no ghosts. The new council deserves our good will and sympathy and has it. The job is big and we hope it is big enough for the job and that this year of grace will bring glory upon its work."

A word to the cocky and self conceited tin can tourist! Just because you come to Florida for the winter and spend a few cents while here is no valid reason for cursing the town and the inhabitants thereof. Because you can come to Florida, bring your trunks full of apples and potatoes and dried beef, rent a cheap room and spend ten cents a day for crackers does not give you license to make funny cracks about Florida and the people who reside here the year round.

We welcome the real tourists to Florida. They come down here for the winter from good homes. They are accustomed to having good things where they come from and they are willing to pay for accommodation here. They take life easy, pay as they go and have no kicks to register. If they don't like one place they move to another.

Not so with the cheap skate who poses as a millionaire, and is really a retired corner grocery loafer "back home." He settles himself in an attic at 50 cents per month and starts out to cuss the whole blooming south. His forefathers fit in the Revolution and he fit in the war of '61, and he gets a pension by gum and he don't propose to let his money go to any damned Florida merchants—and he usually makes good on the latter promise.

Nothing suits him!

He has left zero weather at home, and yet the balmy climate of Florida does not suit him.

He paid as much for his groceries through the mail order house at home as he does in Florida and every store keeper here is a robber and a thief and every hotel keeper a gold brick man.

He gets the Bingville Bugle at home for 50 cents every ten years and the papers here don't suit him at all. Nothing suits him and it is a lead pipe cinch that he doesn't suit us either, so I hereby pay my respects to the tip cat species and all his progeny. We don't want them. We lived here before this species ever had enough money to come to Florida and we can live here after they stop coming altogether.

We welcome the real gentleman tourist and give him a taste of southern hospitality. But here in the south where the real chivalry of the United States has been cradled, we recognize the shoddy,

cheap looking, loud mouthed, would be gentlemen more quickly than in any other place in the world.

Like the old song, "We may be easy, but we ain't no fools."

I wish the people of Sanford would take up the library question. I just know the good ladies could accomplish wonders along this line if they would get after it. I would respectfully call the attention of the city council to the idea of placing the library in one of the city parks. I believe this could be done and the present lot either sold or utilized for enough money to build a small library. As we grow the building could be enlarged and our visitors could have a place to sit down and pass a few hours daily.

I would commend the action of the ladies who gave the entertainment at the school and raised enough money to plant trees around the school. A noble deed and noble ladies. They can always be depended upon to work these miracles.

That field day for the Hospital is good and I expect to see a record breaking crowd here on the 14th of February. There are so many attractions that we can put on that Sanford ought to have several days of enjoyment and make it a gala week.

**Train Frozen to Track**

Bristol, Tenn., Jan. 14.—A rare incident in the history of railroading in Virginia occurred on the Norfolk & Western Railroad at Lynchburg today when the Washington-Chattanooga fast train actually froze to the rails. Stopping in a swag, the dripping water from the pipes caught the wheels and the temperature being below zero, the train was locked so securely in the ice that it required the use of three engines to move it, bumping from the fear being resorted

to. It was 21 1/2 hours before the train could be moved and it arrived here several hours late.

### Lend A Hand Club

The Lend A Hand Club will hold their regular meeting in the Welaka Club rooms Friday afternoon at 3 o'clock. For the benefit of those who are interested in this club and the work they are endeavoring to do, the Constitution and By-Laws are given and their platform clearly defined.

### CONSTITUTION

Of The Lend A Hand Club of Sanford

The name of this association shall be the Lend A Hand Club, of Sanford, Fla.

The object of this club shall be mutual helpfulness, and the promotion of a broad spirit of neighborliness.

Membership in this club shall be of two classes, active and associate.

The active members shall consider themselves in honor bound as far as possible to enter into work undertaken by the club, and to perform such committee work as may be assigned them.

Associate members shall be entitled to attend any meetings of the club, but shall have no responsibility in regard to the work.

The officers of this club shall be president, vice-president, secretary, treasurer and chairman of the finance committee.

All officers shall be elected by ballot at the annual meeting, and continue in office one year, or until their successors are elected.

The annual meeting shall be held the second Friday in March of each year.

Regular meetings shall be held on second Fridays of each month.

Special meetings may be called by the president or by any three members, but no business shall be transacted except that for which the meeting was called.

The general management of the affairs of the club, shall be vested in an executive board which shall be composed of the officers of the club, and two directors to be elected by the club.

A quorum for conducting business in the club, shall consist of twelve members.

A quorum for the executive board shall consist of five members.

This constitution may be amended at any annual meeting by a two-thirds vote of all active members present, the proposed amendment having been submitted in writing at a previous regular meeting.

Amendments may also be made at any annual meeting without previous notice by the unanimous vote of all members present.

By-laws and standing rules may be adopted, amended or repealed at any annual or regular meeting by a two-thirds vote.

The annual dues of active members shall be one dollar and twenty cents, and those of associate members two dollars, payable quarterly in advance. The money derived from all dues shall be kept for purposes of relief of financial distress in this community.

By action of the executive board loans may be made to persons in temporary distress, provided this loan does not in any one year exceed 25 per cent of the available moneys received from membership dues.

The duties of officers shall be such as are implied by their respective titles, and such as are specified in these By-Laws.

The president shall appoint all monthly committees, and be ex-officio a member of the same, without the right of voting.

The secretary shall keep an accurate classified list of the membership of

the club, keep a record of all proceedings of the meetings and conduct the correspondence of the club under the direction of the president.

The treasurer shall pay all bills and make disbursements only upon warrants signed by the presidents and authorized by the board of officers. She shall keep an itemized account of all receipts and disbursements and present a complete statement at the regular meetings. The book in which is kept the record of money received and paid out, also the annual report of the treasurer shall be submitted to the chairman of the finance committee one week before each annual meeting.

The finance chairman shall examine the books of the treasurer and the annual report, and with a committee of four members of her own choosing she shall devise ways and means for raising such moneys as the work of the club shall demand.

There shall be two monthly committees, consisting of five members each, to be known as the sunshine committee and the committee on plans for work.

There shall be a house committee appointed quarterly, to see that the place of meeting is prepared each month and properly cared for, and closed after the meetings.

Applications for assistance either from individuals or organizations may be made through the president who shall bring them before the executive board.

In the case of an application for help from the club at large, in the way of effort for some special purpose, said application shall be brought by the president to the consideration of the club at a regular or called meeting, and action shall be determined by vote of the club.

The order of exercises for the club meetings shall be:

- Call to order
- Reading and approval of minutes
- Announcements
- Special orders
- Communications from the president
- Report of officers
- Reports of committees
- Unfinished business
- New business
- Prayer

The order of exercises for the annual meeting shall be:

- Call to order
- Reading and approval of minutes
- Announcements
- Annual report of secretary
- Annual report of treasurer
- Annual report of chairman of finance committee
- Annual address of president
- Miscellaneous business
- Election of officers
- Adjournment

The general subject of study and plan of work shall be decided by the club.

The rules of parliamentary practice comprise in Mrs. Fox's manual for the use of women's clubs, shall govern the proceedings of this club, subject to the special rules which have been or may be adopted.

THE SANFORD HERALD

Published Every Tuesday and Friday Morning By THE HERALD PRINTING COMPANY R. J. HOLLY, Editor W. M. HAYNES, Business Manager

Subscription Price, \$2.00 a Year in Advance

Delivered in the City by carrier \$2.00 per year in advance or 20c per month. Payments in advance must be made at office.

Entered as second-class mail matter August 22nd 1908, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building Telephone No. 148

No freeze for Florida.

Mighty fine weather for the growing celery crop in the Sanford celery delta.

Sanford expects to entertain the multitude on February 13th and 14th.

The thermometer in Sanford was 30 degrees last night, the coldest weather we have had.

Florida is the only state in the union that did not have a severe cold spell on Sunday.

It is an ill wind that blows nobody good. The cold weather in the north is bringing thousands of people to Florida.

Come to Sanford this week you bargain hunters. The stores are giving away dry goods, clothing, shoes and hats and everything.

The army mule is to be replaced by the automobile truck in the game of war. Missouri can now confine its attention to raising hogs.

Editor Holly expresses his opinions up on the subject of total abstinence last week in a two page article in the Sanford Herald. The two pages were absolutely blank—Palm Beach County

Again Sanford has escaped a killing frost and despite the rain of the past week the lettuce and celery is coming along in good shape and the prospects are bright for a good season. Cheer up!

The Miami Herald invites us to view the Everglades, get the information at first hand and then make a statement. If we continue to receive questions from homesekers regarding the "drainage scheme" the offer of the Herald will be taken and positively the last word will be spoken.

STATE BOARD OF TRADE

There are fully fifty commercial organizations in the state of Florida, working independently of each other, all doing a good work. How much more efficient work could be done with a state organization?

A fund could be created for advertising the state—say \$25,000 a year. All letters sent to the head organization, from which would be sent literature of all communities represented in the state organization.

There would be a unit of purpose. There would be strength sufficient to organization a "plant" where all statistics would be available, and kept up to the minute, where all information would be at hand on citrus and vegetable culture, possibilities of same, mineral resources, timber resources, and so on.

It would create a better understanding between various communities and efficient various sections of the state.

The possibilities of such an organization are unlimited and the worth to the state beyond understanding.

It would take money—lots of it—probably \$50,000 a year to accomplish something. Such an organization could exist on \$1,000 a year, but be a passive concern—an organization in name only, and would die a-borning. But a big, state-wide organization with some money behind it would cause interest—each community would want to know what results they were getting for their expenditure, and if the results were not forthcoming there would be a house-cleaning. That's the trouble with many of the town clubs—the dues are so small that the money is paid over with the same feeling that a nickel is given a Salvation Army solicitor—"It's for a good cause and I don't care how it is spent."

THE EVERGLADES

Editor Bob Holly, of The Sanford Herald, talks as follows regarding the literature being sent out concerning the great value of land in the Everglades:

"If the generous and great hearted who are sending that Everglades literature to The Herald would cease we will promise never to mention some of the facts about the 'drainage'. We don't care whether the custard apple grows there or custard pies. It is a dead moral certainty that we will never locate there as long as there is any dry land left in Florida. If

the Everglades is the proper place to locate why the road of so many circulars denying this charge and that? Let the satisfied customers make the statements and have them signed." "The 'satisfied customers,' Bro. Holly, are those who are either interested in this gigantic scheme, or who have been caught in the net of the promoters and hope to unload on others. The state has been and is a party to this land scheme, and it is going to prove the blackest page in Florida's history. The money used in this drainage scheme, for the benefit of the land syndicates and some others, properly belong to the public schools of the State, and from which source it should never have been diverted, and the Everglades left to the Indians at least until Florida became more thickly populated.—Gainesville Sun.

Captured by The Thief

Those who were fortunate enough to see "The Thief" at the Opera House Thursday night, and the audience was composed almost entirely of the regular theatre goers competent to judge, pronounced the play one of the best, if not the best seen in Orlando. Every member of the entire company had been selected with care, fitting their parts so well that the play seemed to have been written for them. Disagreeable weather prevented a large audience from attending, but a crowded house will no doubt greet them if Orlando should be so fortunate as to secure a return engagement.—Reporter Star.

The Thief will be at The Imperial Theater tomorrow night.

Drop in Mercury

The mercury dropped with a startling rapidity during the past two days, being 40 on Sunday night and 30 last night. Although a serious cold was predicted on Sunday the cloudy atmosphere kept it away from the south central portions and a rising temperature is looked for now. The following report is fresh from the wire for today and Wednesday: "Fair tonight and Wednesday. Slowly rising temperature Wednesday. Temperature 20 to 24 degrees in north, and 24 to 28 degrees in central portion tonight. Frost in south portion."

How about your watermelon crop? Better buy your seed now. L. R. Phillips & Co. 34-8-1c

Meet me at the Violet Brand Sale. N. P. Yowell.

RAILWAY GARDEN PAYS

BEDS OF FLOWERS AND SODDED BANKS ARE EFFECTIVE.

Growing Association is Convincing Managers That Such Improvements Result in Better Service for Employees and Save Money.

It is to be noted with satisfaction that the persistent efforts of a small group of railroad gardeners to interest the railroads in the work of improving the appearance of station grounds and right of way land are meeting with increasing success. About thirty members of the Railway Gardeners' association were present at the annual convention which was held a short time ago in Chicago, and the meeting was marked by interested discussion of the technical phases of gardening.

This association was formed in 1907 with seventeen members. It has since held four conventions, and the membership has increased to 150, representing thirty-five roads. This progress is entirely due to the efforts of individual employees who are anxious to see the practice of horticulture on railway lands gain the recognition which it deserves.

Although several roads have maintained departments for carrying on such work, the gardeners in charge have in the main been denied encouragement by railway managers in enlarging the field of their work and in introducing it on new roads, says the Railway Age Gazette. An expenditure made for planting flowers or sodding a cut may not result in as definite an increase in gross earnings as a similar expenditure for operating a freight train.

However, the appearance of well kept parks and flower beds at stations, of neatly sodded banks in deep cuts and of fresh flowers on dining car tables are very effective in adding to the pleasure and comfort of travelers, and any such effort of a railway manager to please his patrons will win for his road many friends who not only will travel that way more often in the future but will also influence their

M'NAIR LUMBER COMPANY. Dyal-Upchurch Building, Jacksonville, Florida. Our stock is Well Manufactured, Carefully Graded, Price Low. If your dealer cannot furnish our stock write us for prices.

Friends to go with them. Such a body of friendly patrons is also of great value to the road in preventing radical and ill advised legislation. The roads which have practiced gardening have also found that the products of the gardener's work have a good influence on employes in making them more contented and influencing them to be more careful in their work, which usually means that they are saving the company money. The sodding of cuts has the further argument in its favor that it prevents washing, thereby reducing maintenance costs, and the maintaining of station parks can be justified on the ground that without proper surroundings the value of a well designed and costly station is considerably depreciated.

RAM'S HORN BROWN.

Going back often begins by looking back. The man who would be a leader must be the first to start. It never makes a sin any whiter to call it a mistake. To be a lion for a day would spoil a mouse forever. The man who goes out to look for trouble will have a short walk. A whole Noah's ark full of sin can hide behind a single doubt.

The man who always looks for good could not be in any better business. There is no pew in any church that the devil has not sometimes occupied. The millennium would soon be here if we all lived up to what we demand of others. Character is something that can never be taken to the graveyard in a hearse. Some people give according to their means, and others give according to their meanness. There are men who will talk to a Sunday school as if every child in it had the wisdom of Solomon. As long as prize fighting pays so much better than preaching the devil will have plenty of hired help. Don't forget that when you are in the wrong place your right place is empty.—Indianapolis News.

POINTED PARAGRAPHS.

Practical jokers are anything but joy-makers. Judge not your neighbor until you stand in his shoes. Broken heads, loosened plates, partly football, partly "frats." A soft answer will not turn away an agent with something to sell. A woman's idea of making a fifteen minute call is to stay two hours. We can't all get rich quickly. In fact, most of us can't even get rich slowly. A girl likes to be secretly engaged so that she can tell all her girl friends. Only a man who is known to be truthful can tell a lie big enough to attract attention. It is easy for a girl to believe that a certain young man is her affinity—until after they are married. Nothing is more disappointing than the actions of a pretty girl who thinks her good looks an excuse for impoliteness. Happy is the calm, unruffled man who takes life philosophically and grows old gracefully—even if he doesn't amount to much.—Chicago News.

Lost—A black leather pocket-book, containing little or no money, but papers of value to owner. Leave at Herald office and get reward. 38-1tp

SCHOOL GARDENS OF LONDON

Attempts to Grow Plants in Glums of Metropolis Elicit Praise of American Expert.

A very interesting report on English school gardens has recently been issued by the United States department of agricultural as bulletin 304. It was written by Miss Susan B. Sipe, a collaborator of the bureau of plant industry and teacher of botany and nature study in one of the normal schools in the city of Washington. This report is based upon investigations made by the author during a European trip. The local reader cannot but wish that some of the unfortunate children mentioned could be brought to California, where there is at last a small plot of earth for every child in the state. It is stated regarding a school in Whitechapel (London) where no unoccupied ground surrounds: "Each pupil has a small space assigned to her in the roof garden, boxes, scarcely more than a foot square, but even so, more than she has at home."

The writer regrets that lack of space forbids the reproduction of much of value and interest to be found in this report, but advises every one entrusted with the teaching of nature study or school gardening to get this most valuable bulletin. When we read of the futile attempts to grow plants in the London slums one marvels that our own school gardens where man and nature have both conspired to render conditions unusually favorable, are not overrun with a riotous profusion of leaf and blossom. On the window sills in the hall were some interesting though pathetic attempts of the East Side children to grow plants at home. The children were asked to bring pots and soil from home in which to plant seeds and bulbs. The response proved the scarcity of such things in their homes. The teachers then procured the material. Seeds were given them and when vacation came the plants were taken home to be cared for. In one pot were a half dozen varieties of weeds, the original plant having been choked out of existence, but the child-owner of the pot thought them so beautiful. Blighted and sickly merikolds and nasturtiums gave ample proof of the blighting effect of London smoke.

Notwithstanding the hard conditions under which they labor this school gardening is on a much broader, grander and more comprehensive scale than anything we attempt. No doubt there is far greater need of it. An exhibition was held in July in one of the Whitechapel districts and there were collections of wild flowers from two country schools, paintings of wild flowers and nature studies by many of the schools in London; collections of flowers and shrubs suitable for growing in London parks and gardens; a model back yard and garden on a reduced scale, showing what might be done in an ordinary London back yard at little expense; a model recreation ground 24 feet square, constructed to illustrate the many health-giving opportunities which might be introduced into public playgrounds under good management and good planning, and many other valuable features. It is said the exhibit was visited by 80,000 people, 25 schools sent in exhibitions, and altogether it was a great affair.

AN OLD CRIME IS REVEALED

Bones of Long Buried Woman Found Beneath the Brick Floor of a House.

Elkton, Md.—Bones of a woman, with several faded bits of red silk, two remnants of what were once side-combs and a gold plated pin, apparently evidence of a murder which probably never will be unraveled, were unearthed from beneath the brick flooring in the kitchen of the Thompson property at Centerville Landing, by William J. Eilers, a carpenter, who was removing the bricks preparatory to laying a wooden floor. When the bricks were removed Eilers noticed a black subsoil. Digging down he unearthed decayed pieces of wood and old hand-made nails, then pieces of bones began to make their appearance. The condition of the bones indicated that they had been buried half a century or more, but the oldest residents of the locality can recall no mysterious disappearance of a woman.

Woman of 96 Weds Man of 24. Troy, Mo.—Mrs. Nancy Edey, 96 years old, has become a bride for the sixth time, her newest husband being Ree Indow, 24 years old. The bride's fifth husband died six weeks previous at the county poor farm here.

# POULTRY

**I**N recent issues we have given you a few figures comparing Florida with the very best Northern States in the production of corn and potatoes. It is not possible to compare Florida with all of the states on all kinds of crops, because certain crops in Florida pay so much money to farmers that they do not care to give attention to some other crops which are staple in the North. In looking over the statistics on any crop that is grown both in Florida and the Northern States, we find that Florida has a decided advantage.

Owing to our wonderful climate, we have advantages along other lines—in the raising of stock, for instance. It is not necessary to protect stock from the weather, and consequently all kinds of stock run at large the year 'round and require no attention and but little feed. This is one of the most inviting fields for the cattle business in the country. We may have more to say on this subject later on.

**Just now we call your attention to the raising of Poultry.**

Poultry raising as an industry has made wonderful strides forward in the past few years, yet the demand for poultry products is increasing much more rapidly than the supply, and prices are advancing slightly each year. This fact is due to several reasons. Almost everybody enjoys eating poultry products. The general high cost of living along other lines undoubtedly adds to the consumption of poultry products and tends to increase prices. Still another, and we think a greater reason than any other, is due to the rapid increase of population in our cities and the decrease in population of our country districts. The census of 1910 reveals some startling facts. The State of Illinois, for instance, lost 45,000 population in the rural districts in the past ten years, while the state as a whole, including the cities, gained over 800,000. What is true of Illinois is true of practically every other state in the union. As people flock to the cities they, of course, cease to be producers, but still continue to be consumers. That this condition of affairs will continue for years to come is a practically settled fact.

For one of limited means we do not know of any field so inviting as poultry raising, and certainly if one is going into the poultry business, no place in the world offers the advantages today that Florida does.

In the Year Book of the Department of Agriculture of the United States for 1910, pages 643 and 644, are two tables giving prices in each state of eggs per dozen and chickens per hundred pounds for every month during the past two years. We have selected six representative states out of this list and figured the average price for two years on both eggs and chickens. They are as follows:

STATE	EGGS PER DOZ.	CHICKENS PER 100 LBS.
South Dakota .....	\$ .203 .....	\$ 9.04
Illinois .....	.216 .....	11.26
Indiana .....	.220 .....	11.48
Iowa .....	.203 .....	10.20
Missouri .....	.194 .....	10.80
Kansas .....	.195 .....	10.37
Average for the six states .....	.205	10.37

Now compare Florida from the same table: Eggs 24c and chickens \$13.34. This will show you that the price of eggs in Florida during the past two years has averaged  $3\frac{1}{2}c$  higher than the six states above mentioned, and that the price of chickens has averaged \$2.97 per 100 pounds higher than in the six states above. This difference of itself should be an attractive margin of profit.

In the vicinity of Sanford but few people pay any attention to poultry, probably because they are engaged in truck growing, from which they make enormous returns, and consequently do not care to fool with chickens.

Being near the great resorts of the country, and having such excellent transportation by both water and rail, the demand here is much greater than in other parts of the state and the prices at Sanford are consequently considerably above the average given.

We do not know of a better place or one more adapted to poultry raising than our Volusia Farms. This land is level, excellent quality of soil, well drained, has splendid transportation facilities by both water and rail and **CAN BE BOUGHT AT FROM \$30 TO \$50 PER ACRE**, depending upon location.

One of the finest poultry farms in this part of the state is located at Enterprise, only a short distance from our Volusia Farms. The owner of this farm, Mr. Throop, has a large number of hens, and in an article written for The Sanford Herald of recent date, this gentleman states that his hens average to pay him \$2.00 per head each year above all expenses.

Mr. Throop buys all his feed and does not attempt to grow any of it, as his farm is located on a few town lots.

It is so easy to grow anything or everything in Florida that we should certainly advise one who intended trying the poultry business to buy sufficient land to grow all his own feed, especially so when our Volusia Farms can be bought at the present low price. There is no question about an advance in value later on, and besides being able to raise feed for one's poultry, one would get the benefit of the advance in value of the land itself.

Let us show you over this splendid tract of land. No matter what you want land for in Florida, you will be pleased with our Volusia Farms. Sold on easy terms with small payments.

**Delightful Bridge Party**

Mrs. Cruse Barnes entertained Friday afternoon, complimentary to Mrs. Julian Carpenter of Jacksonville and Mrs. Hilton Hampton of Tampa, two charming visitors in the city. Three tables of bridge were played. The first prize, a very pretty hat pin holder was won by Mrs. Julian Carpenter, who won the highest score. Miss Rose Clayton of Atlanta, Ga., received the booby prize, a picture of St. Cecilia. The guests of honor were each presented with a dainty creation of velvet ribbon and Irish crochet for neckwear. After the games of cards delicious chicken salad, Pimento sandwiches, olives and coffee were served.

Mrs. Barnes invited guests were Mrs. Julian Carpenter, Mrs. Hilton Hampton, Mrs. Forrest Lake, Mrs. H. P. Driver, Mrs. J. W. Dickens, Mrs. S. O. Chase, Mrs. Cecil Gabbett, Mrs. R. H. Marks, Miss Rose Clayton, Mrs. C. O. McLaughlin, Mrs. D. L. Thrasher, Mrs. T. A. Neah, Mrs. H. Padworth.

**Mrs. Brady Entertains**

Saturday afternoon Mrs. O. W. Brady was hostess of a very pleasant bridge party. Three tables of bridge were played. Mrs. C. M. Vorce was the lucky winner of the first prize, a handsome silver teaspoon. The booby prize, a very pretty pin tray, was received by Mrs. W. D. Holden. After the conclusion of the games of cards, delicious chicken salad, sandwiches, olives and coffee were served. Mrs. Brady's guests were Mrs. C. M. Vorce, Mrs. W. D. Holden, Mrs. H. P. Driver, Mrs. R. L. Hughes, Mrs. Forrest Lake, Mrs. Julian Carpenter, Miss Maggie Hart of Orlando, Mrs. Cecil Gabbett, Mrs. C. O. McLaughlin, Mrs. W. W. Prather, Mrs. Frank Lane.

**Mrs. Brown Hostess**

Mrs. A. W. Brown was hostess of a very enjoyable bridge party, in the cosy tea room, Friday afternoon. Three tables of bridge were played. Mrs. Bob Newman made the highest score

and won the first prize, a handsome embroidered center piece. The booby prize, three wise monkeys, was received by Mrs. R. J. Holly. At the conclusion of the games of cards, dainty refreshments, consisting of prune whip, with whipped cream, cake and coffee were served. Mrs. Brown's guests were Mrs. R. S. Keelor, Mrs. W. D. Holden, Mrs. R. L. Hughes, Mrs. Paul Keely, Mrs. Brigg, Mrs. O. W. Brady, Mrs. Robt. Newman, Mrs. B. W. Herridon, Mrs. F. L. Miller, Mrs. G. F. Smith, Mrs. R. J. Holly, Mrs. J. H. Roumillatt, joined the ladies later in the afternoon.

**Book Circle**

Mrs. D. L. Thrasher, charmingly represented Mrs. Samuel Puleston, in entertaining the Book Circle, Saturday afternoon. On account of sickness in her family, Mrs. Puleston, was deprived of the pleasure of entertaining the circle in person.

**Auction Bridge**

Mrs. Robt. Newman entertained the Auction Bridge Club Monday afternoon in her charming home. Three tables of bridge were played. Miss Maggie Hart of Orlando, the pleasant guest of Mrs. Forrest Lake made the highest score and won the first prize, a pair of talk hose. The booby prize, a pair of embroidery scissors was received by Miss Charlotte Keelor. At the conclusion of the games of cards delicious chicken salad, sandwiches, devilled eggs, olives and coffee were served.

Mrs. Newman's guests were Mrs. O. W. Brady, Mrs. C. O. McLaughlin, Mrs. Forrest Lake, Mrs. Julian Carpenter, Miss Maggie Hart, Mrs. Frank Lane, Mrs. B. W. Herridon, Mrs. F. L. Miller, Mrs. Samuel Puleston, Mrs. G. F. Smith, Miss Keelor.

**Postponed**

 SANFORD - FLORIDA

# THE SANFORD HERALD

IN SANFORD—Life is Worth Living

Number 38

SANFORD, FLORIDA, FRIDAY, JANUARY 19, 1912

Volume IV

## ALL AROUND FLORIDA

### The General News of The Land of Flowers.

### CULLED FROM THE STATE PRESS

#### An Epitome of the Week's Most Important Happenings in the State's Domain.

Live Oak has a captain of industry who is also a philanthropist, who knows how to use money to the best advantage. Every school child of Live Oak who gets on the monthly honor roll is presented with a dollar by Mr. Hillman, and it is said that he has given away about \$1,000 in this way during the past year. It is also said that the general average of scholarship in the Live Oak school has been greatly raised by these benefactions.

Twenty-two Lakeland women have signed a petition asking ministers of the gospel, Sunday school superintendents and teachers and public school teachers to refrain from the use of tobacco. These women argue that their work against the tobacco habit is being hindered by example of those whom the children naturally expect to be the models of upright living.

The January term of the Federal Court convened in Ocala on Tuesday. Judge Locke, Marshall Herr, Clerk Locke and other court officials being present. The only case tried was that of Benjamin Roland Blitch for misappropriation of funds from the Ocala post-office. Blitch was represented by H. L. Anderson. He entered a plea of guilty and was fined \$500. This was the first time the court met in the new Federal building and Judge Locke made a beautiful speech dedicating the court building to truth, justice, honor and mercy.

News comes from Key West that the year 1911 was the greatest for the manufacture of clear Havana cigars in Key West's history with the single exception of the year 1890. Ninety-two million cigars were shipped from that city during the year just ended.

Miss Irene Rosaliter, a popular young lady of Ocala committed suicide Wednesday by taking strychnine. No cause is assigned for her rash deed.

The total shipments of citrus fruit to the close of last week were about 1,800,000 boxes. This represents more than half of the crop. The early blooms for the 1912 crop are showing and the February bloom promises to be heavy this year.

Twenty new members have been added to the police force in Jacksonville, placing the total strength of the department at 114 men.

Hillsborough county's first court house now stands in the way of progress in Tampa and is to be either removed or torn down. There is some talk of the Hillsborough County Historical Society buying the old structure and removing it to a new site, thus preserving the old "palace of justice."

Jacksonville has invited the National League of Commission Merchants to hold their 1913 convention in that city.

The year 1911 is said to have been a record-breaker in St. Augustine in the building line. Besides the many improvements that were made on the numerous hotels there a number of beautiful winter residences were built throughout the year.

West Garden street in Pensacola is to be paved with wooden blocks. These blocks are to be manufactured in Pensacola.

Judge F. A. Whitney overruled the motion for a new trial in the case of W. C. Robertson, charged with being an accessory to the death of a young lady at Lakeland, and sentenced him to ten years in the penitentiary.

William Jennings Bryan, the great orator, and several times candidate for President, will sit as the guest of honor tonight at a banquet to be given by the Tampa Woodrow Wilson Club.

Formal notice has been served on the Tampa Water Works Company that the city will make use of its privilege of buying the plant of the company after giving the company the notice provided for in its charter. When the next bonding election is held there will be provisions for the purchase of waterworks. In the event the voters at the same election signify their desire that the city shall acquire the plant.

## TENT SHOW BARRED

### C. W. Parks Dramatic Company Will Fight The Ordinance

Several months ago the city council through the city attorney framed up an ordinance to prevent the cheap class of carnivals and shows of a like nature from exhibiting in Sanford without paying a heavy license. As far as the carnival was concerned no one was sorry but the ordinance has proved to be a blanket law that covered every class of entertainment under canvas excepting a circus.

Several weeks ago the Jewell Kelly Co., showed here because through a mistake the license was only made \$25 when it should have been \$25 per day as per the ordinance. Since then the new city officials have taken their seats and are obliged to hand out the laws as they are on the book of ordinances and the Parks Co., refuse to pay the high license on the grounds of discrimination and other cause for complaint.

They have employed counsel and purpose to show in Sanford next week pending a settlement of the proper interpretation of the law.

The Parks Dramatic Co. is one of the cleanest and best shows on the road and give the people a high class entertainment at a very low admission giving every one a chance to enjoy good drama and comedy.

City Attorney DeCottes has offered to fight the case with no additional expense to the city and the outcome will be watched with great interest by all parties concerned.

### Killed at Miami

Leslie F. McGowan was shot and instantly killed in a cafe at Miami Wednesday night by Constable W. G. Delberry. Two pistol shots entered the left breast, piercing the lung and severing the aorta artery. The deceased was well known and popular. He was 34 years old and a brother of the cashier of the First National Bank of Miami. Coroner's jury today at 10 a. m. returned a verdict, charging Delberry with murder in the first degree.

### Three Small Blazes

The fire department was called out several times this week and rendered good service whenever it was needed. The French house was the first fire and was extinguished quickly. Another blaze on a launch at the foot of Park avenue called the department out on Tuesday night and yesterday a blaze out beyond the ball park proved the efficiency of the new truck in making a quick run.

### Madam Bouton Coming to Sanford

Madam Bouton of the Metropolitan Opera Company of New York—assisted by Madam Edith Keuster, accompanist and Pianiste will give a recital in the Congregational church, Jan. 29th at 8 o'clock. Madam Bouton comes to Sanford under the auspices of the Sanford Music Club. Sanford is assured of a rare treat in this coming program. All tickets 50 cents.

### Home-seekers Coming

Train No. 83 due here about two o'clock this morning was operated in two sections on account of the large crowd of home-seekers arriving in Florida. A number of them stopped off here and two cars were switched off to Groveland in Lake county.

### First Celery Shipped

The first celery of the season from Sanford and also from Florida went forward yesterday and brought \$2.00 per crate at the platform. The celery belonged to Dr. Davis Forster and was bought by the Florida Produce Co., J. D. Hood, manager.

### Unitarian Services

Rev. Eleanor E. Gordon will conduct services at 500 Oak Ave., Sunday afternoon Jan. 21st, at 3:30 p. m. The service on this occasion will be a lecture with a general discussion. Subject, "How Bibles Grow." Every one cordially invited to attend.

### Notice of Impounded Swine

The owner will take notice that I have impounded and hold two swine marked smooth crop and hole in one ear and split in the other, doing damage at his expense for feed and proper care, at my home at Sylvan Lake, and that unless he calls for them and settles the expense within five days after this notice, such swine will be sold to pay such cost and expense and for this advertisement.

THOS. E. WILSON  
Jan. 19-12 39-2c

## TO HAVE FINE EXHIBIT

### Sanford Expects To Have Good Place at Fair

### IRRIGATION SYSTEM EXPLOITED

#### All The Crops of The Great Sanford Section Will Be Found In Sanford Booth

Sanford will be at the Orange county fair in full force and the Sanford booth as usual will be the center of attraction. Mr. C. H. Leffler, the veteran display man, expects to have more space granted him and he will fill it with vegetables, fruits and all kinds of plants and flowers.

The Sanford system of sub irrigation and drainage will be exploited in full, a miniature farm being demonstrated in the Sanford section. Here the succulent celery that has made Sanford famous will be given away to the hungry tourists at certain hours during the day and it will keep our celery growers busy supplying the demand.

Mr. Forster is out this week arranging for celery and other vegetables and every grower who has celery or will have some ready by Jan. 30th should inform the committee composed of R. C. Maxwell, R. J. Holly and A. T. Rosseter or C. H. Leffler. The finance committee, composed of F. P. Forster, Geo. H. Fernald and Frank Woodruff are hard at work getting the necessary funds and report prepared. Sanford should have one of the finest exhibits at the fair and the ladies who have beautiful potted plants can be a great help to the exhibit by sending them in the car. All the exhibits will be carefully handled and returned safely. Any one desiring information on the subject can see C. H. Leffler, G. H. Fernald or any member of the committee.

### Sale a Record Breaker

The big sale of the Mettinger stock by the American Special Sales Company, which commenced Wednesday last has been marvelous. Long before the doors were opened a large crowd formed in front of the door seeking entrance, and finally when the doors were opened the crowds filled the store to its utmost capacity. A score of clerks were kept busy during the day to wait on the crowds. No sale was ever better advertised in this section, and the company carried out every promise made. The sales were enormous and a lot of goods were moved on the first day as well as since, however the stock was large, and will remain on sale until Saturday night, Jan. 27th. The crowds attending, and the interest taken in the sale, has been the talk of the entire community. It is indeed a record breaker.

### Good Man Gone Wrong

J. I. McKee Sr., the furniture salesman, has returned from a two weeks' trip through South and East Florida, and says the celery crop around Sanford and in the Manatee river country has been damaged about fifty per cent by the heavy rains. The rainfall in South Florida has been the greatest ever known in the winter season and the ponds and lakes are higher than usual, while the low flat woods are also flooded in some places—Gamesville Sun.

Mr. McKee is a good man and means to be truthful but he must have filled up on sulphur water while here. The celery crop has been damaged so little that it is hardly worth while to mention it.

### High School Lyceum Course

Mrs. William Calvin Chilton, will be pleased to see every man, woman and child in Sanford, in the Auditorium of the High School Monday evening Jan. 22nd, at 8:30 o'clock.

She is anxious to introduce them to a charming creation of fancy known as "Polly of the Circus". Reserved seats 50c. Reserved seats for pupils 25c. Seats reserved at D. L. Thrashers store, Monday afternoon, Jan. 22, from 3:30 p. m., to 6 p. m.

### Sanford Music Club

The Sanford Music Club will hold their regular meeting, at Comfort Cottage, Saturday afternoon, at 3 o'clock. Miss Florence Frank, Leader.

### On The Stork Express

Born to Mr. and Mrs. E. R. Potter on the West side a fine boy.  
Born to Mr. and Mrs. W. E. Hawkins a fine girl.

## PRIMARY FOR PRESIDENT

### State Committee Reached This Decision at Meeting.

The Democratic primaries for Florida will be held on April 30 and May 28, 1912, these dates being determined by the State Democratic Executive Committee, which met at Jacksonville Tuesday in the parlors of the Aragon Hotel. The session was particularly stormy, but finally ended in the proverbial love feast.

There was a wide difference of opinion expressed by members when the meeting opened as to just when the primaries should be held. W. B. Crawford's resolution, as presented, fixed the dates as mentioned, but it was necessary to refer the matter to a committee, which reported again at 2 o'clock, when the resolution was carried, but not until after an amendment proposing May 14 and June 11 was defeated.

Besides state, county and national officers, the electors will also vote for circuit court judges, state attorneys and assistant state auditor, also delegates to the national Democratic convention and for members of the national committee. These being added by amendment after the official call was adopted.

An early and determined fight was made to reorganize the committee and deprive Mr. Price of his seat as chairman. This fight was led by Frank Walpole of Manatee, backed up by Hal W. Adams of Lafayette and C. F. Venable of Sumter. The resolution introduced by Mr. Adams, however, finally being tabled, the vote being 29 to 12.

Florida Democracy will take a radical step in reference to the election of a President of the United States, as the names of prominent Democrats, mentioned in connection with the Presidency, will be printed on the official ballot, by request of the candidates, and the electors will thus have an opportunity to make an expression of their choice. In this connection, the delegates to the national convention will be bound by the action of the electors, supporting the candidate receiving the highest number of votes.

### Shipping Cabbage

J. F. Miller shipped some cabbage last Saturday that netted him \$1.15 per crate. Geo. Fox, Jr., the commission man, made the sale and the price is good. Several growers are shipping cabbage this week and expect good returns.

### Gard of Thanks

We wish to thank the friends who by many expressions of considerate sympathy made our burdens lighter on the occasion of the death of our beloved husband and father.

MRS. J. C. ENSMINGER AND FAMILY

### Cure for Sleeplessness

If one is restless and cannot sleep at night, take a cotton towel, double it four times, dip in cold water and pin around the waist with a dry towel on the outside. For cramp or sore throat, put the towels around the neck and they will give almost immediate relief.

### Strange.

One of the strangest things in this world is why the kind of woman who is proud of her intellectuality nearly always marries a man who likes to tinker with sick chickens.—Galveston News

### No Soft Winter.

"It's going to be a hard winter," said Mr. Growcher. "I hope so," replied the cheery citizen. "Let it freeze up and stay that way. I have no use for one of these mushy, thawing winters."

### One Risk Sufficient.

Mark—If you had to live your life over again would you marry the same woman? Parka—You just bet I would. I know what she is, and would are too uncertain for me to experiment with another one.

### Foster Innocent Amusement.

He is an enemy to the young who makes any innocent amusement appear to be sinful. Natural and wholesome amusements may easily be made to appear as temptations to wrong-doing.—Christian Register.

### Well Connected.

"Yes," remarked the telephone girl as she gazed out at the waves and wondered what their number was, "I am connected with the best families in our city."—Catholic Universe.

### HAPPENINGS DURING THE WEEK

#### Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

Having served notice yesterday afternoon on President Gomez, as head of the Cuban republic, that the United States expects Cuba to live fully up to the terms of her treaty engagements and maintain a thoroughly republican form of government, the state department is now awaiting developments.

How the people of the United States may have saved for them millions of dollars annually in the operation of their governmental machinery was outlined by President Taft today in a message to congress on "economy and efficiency in the government service." "What the government does with nearly \$1,000,000,000 each year," said the president, "is of as much concern to the average citizen as in the manner of obtaining this amount of money for the public use."

The plan urged by Postmaster-General Hitchcock of the government's purchasing all of the telegraph and telephone lines now in operation in the United States continues to be a topic in official circles. Members of congress, Democrats and Republicans alike, express surprise that the postmaster-general should have sprung such a plan at this time, and without talking his chief, President Taft, into his confidence. The general impression is that the postmaster-general is rather playing to the galleries, and that nothing will come of his outburst.

Presentations of American women at the English court are to be restricted in the future to those married to British subjects, or whose male relations hold high official positions in England. If a suggestion made by Queen Mary is adopted, says the Tribune's London correspondent today, it has long been known that the Queen does not view the American "invasion" with favor.

By a vote of 115 to 155 the Convention of United Mine Workers of America refused to adopt the resolution committing the organization to the Socialist party.

A sharp attack on President Gompers of the American Federation was made in the Senate by Senator Hoyburn, of Idaho, who protested that a communication from Gompers should not be received. He said no communication from that source should be accepted after relations of Gompers with the McNamaras.

After a conference with the President, Secretary of War Stimson declared that he did not believe the United States would have to intervene in Cuba.

President Taft, it is believed, will late today commute the fifteen-year sentence of Charles W. Morse, serving in the Federal prison, at Atlanta, for bank irregularities. Morse, according to the doctors, is desperately and hopelessly ill.

### Tamed at the Start.

Statistics show that in nearly all cases the college girl, when she marries, stays married. Probably she starts out by giving her husband a vivid description of the basing stunts she has participated in.—Cleveland Leader.

### An Explanation.

"Your nephew is a college graduate, isn't he?" "Yes," confessed honest Farmer Hornbank; "but in justice to the college I'll own up that he had no sense beforehand."—Woman's Home Companion.

### March of Progress.

"I see they have torn down a 20-story shack in New York to get a site to put a building on." "Yes; and they are using last year's draught-noughts for targets."

### Simple and Scant.

"She wore no jewels save the single splendid ruby set in her betrothal ring—anything more would have made her seem overdressed."—From "A Weaver of Dreams"

### He is Immune.

The furious thing is why the hook-worm never seems to attack the middleman.—St. Louis Post-Dispatch.
