

## HOUSE OKAYS AIR-MAIL ACT PROVISIONS

### Temporary Bill Goes To White House For Certain Signature; Vote Is Unanimous

WASHINGTON, Mar. 26.—(AP)—The House today approved the Administration's temporary air-mail bill, completing Congressional action on the measure. It now goes to the White House. There is no doubt on Capitol Hill that the President would sign it.

Without dissenting vote, the House passed the conference report on the bill.

In its final form, the bill authorized the postmaster-general to use Army airplanes and equipment for mail carrying; requires that planes be equipped for "safe" and night flying and that pilots be trained in the use of the equipment; allows payment of expenses incurred by men used in the mail service; permits replacement and repair of planes lost or damaged in the mail service; and directs the postmaster-general to tell Congress on the first day of the next session how much it cost to have the Army carry the mails.

The Senate today gave in to the House on the federal pay question, and then took up only the remaining controversy, relating to the veterans' benefits in the independent office bill.

By concurring in House pay provisions which are more acceptable to the White House, a \$43,000,000 saving was accomplished.

House amendments provide for a restoration of one-third of the 18 percent pay cut of Feb. 1 or about \$84,000,000, and another third July 1, which will cost \$26,000,000 for the next fiscal year.

Discarded Senate provisions would have restored the \$26,000,000 and the entire 18 percent on July 1 at a cost of \$189,000,000.

On the veterans question was whether to accept less liberal House provisions estimated to cost \$83,000,000 or the \$118,000,000 Senate sections.

## Intangible Tax Return Must Be Filed By Apr. 1

Saturday is the last day to file a return on intangible personal property, warned assistant Tax Assessor Sanford Doudney this morning.

Persons failing to file a return are liable to a fine not exceeding \$500, he stated, for such failure is in violation of a state law.

Mr. Doudney revealed that the assessed valuation of intangible personal property filed in a Seminole County for 1932 was \$1,256,554 from which the state derived a tax of \$105,123.

In 1933, property owners filed returns indicating that the assessed value of intangible personal property in the county was \$2,877,712. The state received \$179,824 in taxes on this valuation.

## Turpentine Still At Markham Is Destroyed

Fire of unknown origin destroyed the L. P. Hagan turpentine still at Markham early Saturday morning with damages estimated by Fire Chief Mac Cleveland as being at least \$3000.

The blaze attracted crowds from many sections of the county during the early morning hours, for the flames leaping upward into the sky from many barrels of burning turpentine and red glow that was noticeable for many miles.

The still had been in operation for the past 27 years, according to Mr. Hagan, its owner, who stated that he expected to rebuild at once.

## SNOW IS BAWED

At 10:30 p. m. Mar. 26—After a heavy snow storm, drift from the snow is so heavy that tractors and other machines get through, on roads of the Government and the army with some delay.

## New Orleans Suburb Struck By Storm

NEW ORLEANS, Mar. 26.—(AP)—A thunder squall of great intensity blew down at least 75 houses in a five block area in the Edgewood section of New Orleans today. At least a dozen persons were injured and brought from the wreckage. Live wires and open gas mains offered an after storm menace but no deaths were reported and an hour after the blow residents were still unable to give coherent details.

## SURVEY REVEALS SIZE OF STATE'S TOURIST CROP

### Miami Had 100 Percent More Visitors Than It Did Last Season

JACKSONVILLE, Mar. 26.—As proof of the oft-repeated statement during the past winter that Florida has had its best tourist year on record, the Florida State Chamber of Commerce now comes forward with the results of a survey made in virtually every section of the peninsula part of the state.

The survey was undertaken by the state chamber in connection with its campaign to raise \$100,000 to keep the Florida exhibit in a Century of Progress Exposition of 1934. The exhibit sponsors have maintained that last year's display went a long way toward attracting tourists to Florida the past winter.

Miami, the survey revealed, had something like 500,000 visitors during the winter, an increase of approximately 100 percent over last year. Miami Beach reported 250,000 visitors, an increase of 50 percent over last year. On the Gulf Coast, St. Petersburg estimated its visitors at about 200,000, or an increase of about 37 percent over last season.

Other percentages of increase include: Winter Haven, 100; Fort Lauderdale, 65; Palm Beach, 60; Lake Worth, 60; Avon Park, 50; Gainesville, 50; Hollywood, 50; Tarpon Springs, 50; Jacksonville, 40; Sarasota, 40; Tampa, 40; Melbourne, 40; Coral Gables, 35; Fort Myers, 35; Lake Wales, 35; Orlando, 35; West Palm Beach, 35; Clermont, 33; St. Augustine, 30; Winter Park, 30; Cocoa, 25; Daytona Beach, 25; Deland, 25; and Vero Beach, 25.

## Winn-Lovett Truck Loaded With Goods Destroyed By Fire

Nearly destroyed, a Ford ton and a half truck stood on the side of the State Road near the County Home early this afternoon in mute testimony to the force of flames which broke out suddenly when it was being driven toward Orlando by H. M. Cochran of Sanford.

The truck was the property of the Winn-Lovett Grocery Co., and it contained a large load of mixed groceries consigned to Figgly Wigly and Lovett stores in Central Florida.

Mr. Cochran stated that he had just passed the B. W. Anderson properties when he noticed flames darting from between the floor boards at his feet. Driving the truck off the highway, he leaped out of the cab and attempted to put out the flames with sand. His efforts were futile, and within 15 minutes, the truck and its load of groceries were consumed by the flames.

## Mrs. B. J. Ranew Buried In Lakeview Cemetery

Funeral services for Mrs. B. J. Ranew, who died at her home on Celery Avenue late Saturday afternoon, were held at the graveside in Lakeview Cemetery this morning at 10:00 o'clock with Captain Mitchell of the Salvation Army officiating. The Episcopalian Funeral Home directed arrangements.

Mrs. Ranew, a resident of this section for the past 10 years, was a native of Georgia. Her survivors include her husband, B. J. Ranew, a son, E. W. Ranew of Perry, and two daughters.

## CONTROL OF PRODUCTION ON BIG SCALE

### Eventual Withdrawal Of 40 Million Acres Of Land Indicated In Davis' Report

WASHINGTON, Mar. 26.—(AP)—Eventual withdrawal of 40 million acres of land from production through corn, wheat, cotton, and tobacco reduction programs was indicated yesterday by Chester C. Davis, Agricultural Adjustment Administrator, in a report to Secretary Wallace.

The report, outlining the government's progress in regulating farm production from May 1933 to February, 1934, suggested abandonment of the scheme whereby separate contracts are employed for each commodity, and the substitution of control of all regulated farm products through a single association in each county.

"Total farm incomes from the crops in 1933," Davis said, "including rental and benefit payments, is estimated to have been \$3,271,000,000, as compared with \$2,113,000,000 in 1932, an increase of nearly 55 percent.

"Part of this recovery was undoubtedly due to the adjustment program getting under way. With livestock and livestock products, the production of which for market covers a longer period, it is not possible to make adjustments so rapidly. It should be added that the full results of a number of important projects, launched in 1933 have not yet been felt. It is expected they will become increasingly evident during 1934."

Removal of the prospective 40,000,000 acres of land from cultivation, he said, "raises puzzling questions as to regional and commodity competition, rotations, replacement crops, use of labor and the like."

Although "practical" plans have been worked out for use of the land in some regions, Davis continued, readjustments are "complicated" by the human problem, especially as to hired laborers and tenants. Retirement of sub-marginal land, he said, will bring even more difficult problems.

A warning was sounded against by the federal government or by other agencies, of settlement in "high pressure" promotion, either area and under conditions which cannot sustain a population on any but very low standard of living levels.

"The Agricultural Adjustment Administration," Davis said, "has no thought of preparing for a permanent scarcity. The American population is still increasing, though at a declining rate. Agriculture's goal is the economical production of ample raw materials to supply the nation's needs and to meet the demand for such at remunerative prices, while at the same time avoiding surpluses that destroy the buying power of farm commodities and wreck farmers' standards of living."

Estimated expenditures on existing programs for rental payments and surplus removal during 1933, 1934, and 1935 total \$847,176,000, with probable collections placed at \$872,595,805. Administrative and other expenses are expected to absorb the excess, Davis said, and the farm administration's budget reckons a deficit of \$2,293,996 in November, 1935, when programs now approved will be concluded.

## Herbert Felkel Dies After Long Illness

ST. AUGUSTINE, Mar. 26.—(AP)—Herbert Felkel, 44, editor of the St. Augustine Evening Record and vice-president of the Record Company, died at his home here this morning following a lingering illness. Mr. Felkel was widely known in newspaper and Democratic circles in the state. He served on the staffs of three governors, Hardie, Martin, and Carlton. He was a native of DeFuniak Springs, and he was formerly connected with the Pensacola News, and the Florida Record at Tallahassee.

He is survived by his widow and two children. The funeral will be held here tomorrow morning with burial at Tallahassee tomorrow afternoon.

## Nation's Business Again Shows Signs Of Expansion Despite Unusual Troubles

NEW YORK, Mar. 26.—(AP)—Undaunted by unseasonably cold weather, and in the face of disturbing labor controversies, the nation's business, as measured by the statistics and reports of the past week, has continued to expand.

Sweeping gains compared with a year ago were registered, but these were not viewed as particularly significant, since business had not yet recovered from the paralysis of the banking holiday at this time last year. More convincing were the statistics showing substantial betterment in contrast with the like period of 1932, and approximating in a few instances those of 1931.

With Easter near at hand, shoppers thronged to the stores in the largest numbers since Christmas.

## CITRUS AUCTION DAYTONA BEACH MART SALES OFF DROPS PROPOSED AS WERE PRICES SALES TAX PLAN

### Tangerines Advanced 82 Cents Per Box As Production Drops

TAMPA, Mar. 26.—(AP)—Comparative figures for this week and last given out Saturday by the Florida Citrus Exchange for the ten auction markets in Eastern United States showed that citrus sales declined 25 cents last week a total of 908 while the average box price on oranges was 8 cents lower this week. Grapefruit advanced 7 cents; tangerines in half boxes advanced 82 cents and in bushel boxes daily box prices for oranges and grapefruit remained about unchanged this week.

The log advance in tangerines in half boxes was attributed to the small supply. In bushel boxes, oranges opened at \$1.74 Monday, advanced 4 cents Tuesday and declined 18 cents Thursday. No stocks were sold Wednesday nor Friday. Tangerines in half boxes were sold only on Monday and Friday.

Orange sales this week were 621 cars, a decline of five cars from last week's sales. Average box prices for the week was \$2.74 against \$2.82 last week.

Grapefruit sales were 254 cars in the past five days, a decline of six cars from last week's total. Average box prices were \$2.48 this week and \$2.41 last.

Tangerines in half boxes sold this week amounted to two cars and a drop of four cars from last week. The average box price was \$2.14 this week against \$1.31 last week. In bushel boxes tangerines sold this week were four cars compared to 14 last week. The average box price for this week was \$2.02 against \$2.01 last week.

## STREAMERS IN COLLISION

CHERBOURG, France, Mar. 26.—A wireless from the Finnish steamer Bomsund yesterday said she had collided with the Estonian steamer Stella in a thick fog off Guernsey and believed the Stella sank. Three of the Stella's crew were reported killed. The Bomsund reported she was picking up the survivors.

## Negro Laborers Will Not Be Employed On FERA Projects For Several Weeks

Negro laborers who are qualified to work on local celery farms were served notice today that they will not be employed on any present or future FERA projects until after the celery harvesting season has ended.

The warning was issued by H. C. DuBoise, assistant regional administrator of the FERA in Seminole County.

Complaints reached Mr. DuBoise that scores of negroes were refusing jobs on farms with the excuse that they were about to be employed by the FERA. Walkouts are numerous. Mr. DuBoise stated today, and in almost every case the laborer explained his refusal to work by saying that he was going back to the FERA.

"The local farm situation comes first," Mr. DuBoise stated, "and until farming operations have ceased, we do not intend to employ any negro laborer. At present 33 negroes are at work on FERA projects in the city, but they are employed because they are qualified to do the type of work they are engaged upon."

Mr. DuBoise stated that negroes are turning down jobs paying \$1.25 per day for 10 hours labor, cutting cabbage, a task which is considered as not overly burdensome.

It also was reported that negroes are turning down jobs paying \$1 per day, a house to live in, and all the vegetables they can eat.

Mr. DuBoise's order is not peculiar to this section alone, for similar orders have been given in other counties where labor troubles have arisen.

At the Court House FERA office it was learned that the same crews which resumed work on the city sewer system, the County Home, and the Court House last week, will work this week as well. Laborers and foremen on these crews will work only 24 hours.

## WIRT ASKS FOR OFFICIAL QUIZ OF HIS CHARGE

### Educator Who Credited Communist Plot To 'Brain Trusters' Wants To Prove It

WASHINGTON, Mar. 26.—(AP)—A resolution for Congressional investigation of statements by Dr. William Wirt, educator that members of the Roosevelt cabinet had plotted to overthrow the present government was introduced today by Representative Hunkle, North Carolina Democrat.

Dr. Wirt, educator that members of the Roosevelt cabinet had plotted to overthrow the present government was introduced today by Representative Hunkle, North Carolina Democrat.

GARY, Ind., Mar. 26.—(AP)—Dr. William A. Wirt, founder and head of Gary's "model school system," yesterday asked investigation by a special Congressional committee of his charges that certain members of the so-called "brain trust" plotted revolution.

Wirt's charges were read into the record at a hearing of the U. S. state commerce commission committee Friday by James Rand, Jr., and declared that one of the President's advisors said he believed "we can keep Mr. Roosevelt there until we are ready to supplant him with a Stalin."

"I shall be glad to appear before a special Congressional committee to investigate the charges made in my letter read by Mr. Rand," Wirt said, "and if the committee asks me and I am convinced the welfare of the nation demands it, I shall name the 'brain trust' who made the statements."

Wirt added, however, that he preferred not appearing before the House interstate commerce committee headed by Representative Rayburn, Texas, Democrat.

"I don't intend," he said, "to be used as a single screen to single out any one or two of these so-called intellectual radicals to take the blame for the whole program."

Wirt said he believed any investigation of his charges should be made by a committee charged especially with that duty.

The educator said he was convinced that the next two months would determine the entire fate of the Administration's "new deal" program.

"By the end of that time it will be obvious," he said, "whether the program will become permanent or whether it shall be abandoned."

Wirt said that he didn't mind "being made the goat in this affair," but he thought it was a good idea to stop parts of the program he regarded as dangerous from becoming permanent.

## Occupants Of Missing Plane Believed Robbed

PUENTE DEL INCA, Argentina, Mar. 26.—(AP)—Indications were reported yesterday that the week of the airliner San Jose was found months ago by men who robbed its nine dead passengers without revealing their discovery of the plane.

The craft crashed into a mountain side near here 20 months ago and was found Thursday at the foot of the highest Andean peak.

A member of an unofficial expedition sent to investigate returned Saturday afternoon and said it appeared that billfolds lying on the floor of the cabin had been rifled.

His story heightened the mystery prevalent since the disaster as to whether one passenger carried a belt filled with gold which he was smuggling from Chile.

## KILLED IN WRECK

GRIFFIN, Ga., Mar. 26.—(AP)—A railroad man, his wife and daughter were killed when a Central of Georgia passenger train struck their automobile at a crossing near here yesterday. The dead all of Atlanta: Henry Arnold Weems, 45, yard conductor for the Central of Georgia railroad, Mrs. Merle Star Weems, 40, his wife, and Annie Elsie Weems, 21, their daughter.

## THIRD BAD BREAK

SOUTHGATE, Calif., Mar. 26.—For the third time in three years Robert Morse, 20, fractured his arm while cranking an automobile, incurring the break in the same spot each time.

## "Business As Usual" Is Order As Threat Of Auto Strike Ends

### SHIPPERS STUDY NEW MARKETING PACT FOR CELERY

### Secretary Wallace Has Okeyed Agreement; Growers To Meet

The Administration-approved celery marketing agreement which is proposed shall be put into effect as quickly as possible for the benefit of the celery growers and shippers of this state, reached Sanford this morning.

With one or two exceptions, it is a duplicate of the agreement which was read, amended, and approved at a public hearing in Lakeland early this month. The principal change is that the agreement will terminate on July 1, 1935.

Copies of the agreement were being distributed among the various celery shipping agencies in Florida today, and prompt action is anticipated for the reason that officials of these shipping organizations have called meetings of directing boards to discuss the agreement.

The boards of directors of the Sanford-Oviedo Truck Growers, Inc., the Standard Growers Association, the Palmer Farms Corporation and the Manatee County Growers Association are to meet tonight or tomorrow night, it was understood, to discuss the agreement.

W. M. Scott, local American Fruit Growers, Inc., representative, stated that he had mailed a copy of the agreement to officials at Pittsburgh. Action on the agreement requires a resolution passed by the directors of the corporation, he stated.

It is anticipated that the agreement again will be discussed during the mass meeting of Central Florida celery growers, scheduled to be held in the Court House here tomorrow night at 8:00 o'clock.

Prominent growers, carrying petitions bearing the names of every known celery grower in Seminole County, have been busy over the weekend calling on these growers and requesting that they sign the petition as well as set down their 1934 and 1935 acreage.

The petition is an appeal to Secretary Wallace that he give final approval to the agreement if a majority of the shippers sign it.

Establishment of orderly marketing with better returns through promotion of shipments is a principal aim of the agreement. A committee of 14 men, seven growers and seven shippers' representatives, would control shipments after having first determined requirements.

Three of the seven grower-members of the committee are to be selected at the mass meeting tomorrow night. Growers from producing sections at Avon Park, Winter Garden, Titusville, Sanford, and Oviedo are expected to attend.

## Dillinger Gang Chiefs Taken On Last Ride

LIMO, Ohio, Mar. 26.—(AP)—Harry Pierpont, Charles Makley and Russel Clark, the pick of John Dillinger's gang, waited last night in the county jail where Sheriff Jess L. Sarber was murdered last October for what probably will be the last ride they will ever take to the Ohio penitentiary.

Pierpont and Makley were sentenced Saturday to die in the electric chair Friday, July 13. Clark was convicted of the sheriff's slaying Saturday and will be sentenced to life imprisonment in the Ohio penitentiary today.

## DEATH ATTENDS WEDDING

PADUCAH, Ky., Mar. 26.—(AP)—J. V. Dalton died yesterday, victim of an automobile wreck Saturday night 30 minutes after his marriage. The accident also cost the life of one of the wedding attendants, Miss Henrietta Seck, 23, who was killed when the machine, driven by Dalton, struck a tree.

## Coughlin Predicted Just, Sane End Of Auto Strike Threat

DETROIT, Mar. 26.—(AP)—The Rev. Father Charles E. Coughlin in a address yesterday said "there is every indication that the government will act swiftly, justly and sanely" to settle the threatened strike in the automobile industry.

The issue, Father Coughlin said, "the real question behind the smoke screen, is why the automobile industry shall continue to pay wages for the eight months of its seasonal duration while the stockholders draw dividends for 12 months."

The issue must be solved, he said, by the government, "which is bigger than any labor organization and bigger than any industry."

Father Coughlin defended the principle on which labor unions are based but criticized the American Federation of Labor for failing to live up to what he said were its "immense resources."

The priest said the income of the American Federation of Labor amounts to approximately \$30,000,000. "With that income the federation should have accomplished 30 times as much each year," he said.

Coughlin said the automobile workers "must organize, thanks to the attitude of the automobile manufacturers, which for 30 years have opposed every attempt of the workers to do so. There is only one organization to which the workers can turn, the American Federation of Labor. That organization no one will deny, has accomplished much good, but not so much as its financial support warrants. Also, the federation has suffered much in the public mind from a belief that it has been run for profit."

## Sanford Girls Play In Orchestra At College

FALLAHASSEE, Mar. 24.—The Misses Marjorie Tillis, and Alice De Coursey of Sanford will appear in the Girls Club of Florida State College for Women here, Tuesday evening, Mar. 27, when the club presents its annual spring concert in the College Auditorium.

Miss Tillis will be in the section composed of first contraltos, and Miss De Coursey will be in the section composed of second sopranos. The director of the club is Miss Eliza Robertson, associate professor of voice.

## LAKE MONROE

Mr. and Mrs. Carl Rabun and daughter, Evelyn, Mrs. Ollie Bryant and daughter, June, and Charles Meyers visited Bok's Tower recently.

Newton Davis of New Orleans visited relatives here recently. Ruby and Donny Johnson of White Haven were guests of their cousin, Susie Merritt, Thursday.

Mrs. Conick and Mrs. Albert Hawkins spent Monday in Orlando.

Mrs. P. J. Egger, Mrs. A. J. Gorton, and Mr. Holise were in Miami Monday and visited Mr. and Mrs. C. G. Bell.

Miss Grace Merritt is visiting her sister, Mrs. Newton Davis, of New Orleans.

Toby Swaggerty has recovered from the measles and is able to be out.

Mr. and Mrs. Raymond Bass have purchased the C. J. Cates Place.

Mr. and Mrs. Alvin Hittell announce the birth of a daughter Mar. 21.

Mr. and Mrs. C. F. Meloy announce the birth of a daughter Mar. 16.

Mr. and Mrs. C. P. Rabun announce the birth of a daughter Mar. 16.

An entertainment will be given at the Lake Monroe school Friday, Mar. 30. The public is urged to attend.

## State Has Collected Big Sum From Beer Tax

FALLAHASSEE, Mar. 24.—(AP)—Florida has collected \$453,557.37 from beer and wine taxes since the 32 beer became legal on May 8, 1933.

The figure was announced Saturday by the beverage department, which estimated additional revenue to May 8 would bring the first year's collections to approximately \$525,000.

Beer and wine drinkers themselves have paid \$281,782.72 in taxes on their drinks while wholesale and retail vendors, and brewers, have paid \$171,774.65 in license taxes.

Up to Mar. 1, beer sales were reported as 25,641,503 bottles, and 1,537,176 gallons of draught beer. A gallon contains 10 2-3 bottles.

Present sales the beverage department said, approximate 2,500,000 bottles, and 200,000 gallons a month.

Revenue from the beer department goes into the state school funds to be apportioned to counties for payment of salaries to teachers and bus drivers.

## Stetson's Grid Coach Undergoes Operation

DELAND, Mar. 24.—H. R. McQuillan, director of athletics at John S. Stetson University here for the last 10 years underwent an operation for acute appendicitis at a Wichita Falls, Tex. hospital Saturday according to a telegram received here. His condition was reported as favorable. McQuillan left Deland for a trip through Texas and New Mexico several days ago. That he was seriously ill is indicated by the fact that a telegram received here in the day, made no mention of his illness.

## Personals

Edward Guberman, formerly of this city, spent a few days here on business recently.

Friends of Dr. J. N. Tolar will regret to learn that he is ill at his home on East Tenth Street.

Miss Mary Pike of DeLand spent the week-end here with Miss Mildred Nix at her home, 2471 Palmetto Avenue.

Mrs. John Bolly and guests, Mrs. Rose Warwick and Mrs. Elizabeth John, have returned from Clermont where they spent a few days.

Mr. and Mrs. R. G. Pittman, Jr. of Bartow spent the week-end here with the latter's parents, Mr. and Mrs. John Schirard, West Tenth Street.

Mr. and Mrs. Frank M. Cori returned today to their home in Cleveland, Ohio after spending a week here with their uncle and aunt, Mr. and Mrs. Fred Williams, 220 Oak Avenue.

Mrs. T. M. Demery and three sons of Jacksonville have arrived to spend some time here. They are living with Mr. Demery in the Barber Apartments, East Eighth Street.

Mr. and Mrs. Sam Fleischer returned yesterday to their home at Bradenton after spending several days here with the former's mother, Mrs. J. Fleischer, East Tenth Street.

Mrs. Joe Williams and Miss Margaret Booker will arrive today or tomorrow from their home at Gadsden, Tenn. to spend a few weeks here with their uncle and aunt, Mr. and Mrs. T. W. Williams, 302 Oak Avenue.

Mrs. R. L. Glenn and Mrs. Joe Barnes left Sunday for Washington, D. C. and Philadelphia. In Washington they will join Mr. Glenn who has been there for the past two weeks in connection with the Railway Labor Bill. At Philadelphia they will be the guests of Mrs. Glenn's parents, Mr. and Mrs. F. M. Brower.

Mrs. Ralph A. Smith returned Saturday from Tallahassee where she attended a meeting of the Florida Federation of Women's Clubs. She was accompanied by Mrs. J. W. Dickins of Fort Lauderdale, treasurer of the Federation, who is the guest this week of Mrs. Henry Wright, Park Avenue.

Mrs. Dickins is a former president of the Sanford Woman's Club.

## Nation's Business Expanding Despite Unusual Setbacks

(Continued From Page One) torces during a possible shutdown. But increased buying by the railroads and seasonal gains in orders for structural materials, checked the decline in steel operations of the previous week. The American Iron and Steel Institute reported a slight gain in steel input output, which held just under 50 percent of capacity.

Automobile production, as estimated by Gram, totalled 81,806 units last week, 223 over the preceding week, and nearly four times the volume for the like week of 1933. The total was the largest for any week since April of 1931, and was not far from the corresponding level of 1930.

Despite the lengthening of the day, electric power consumption continued to gain during the week. The total for the latest week was not only 25 percent over the like period of last year, but slightly better than the preceding week. Moody's seasonally adjusted index rose to 104.4, from 103.7 for the previous week.

Carloadings also showed a distinctly better than seasonal gain. The total of 625,773 cars for the latest week was 2.3 percent over the previous seven-day period, as much as 37.9 percent over the like period of last year and 7 percent over the same week two years ago. The 625,773 cars were well under the like week of 1931, however, when the total was 741,253.

## Shippers Study New Marketing Pact For Celery

(Continued From Page 2)

shippers shall severally keep books and records which will clearly reflect all financial transactions of their respective businesses and the financial condition thereof.

SECTION 6. All information furnished the Secretary pursuant to this Article shall remain confidential in accordance with the applicable General Regulations, Agricultural Adjustment Administration.

SECTION 7. If information shall come to the knowledge of any Shipper of the violation of any of the terms or conditions of this Agreement by any other Shipper, the Shipper having such information shall notify the Control Committee of such violation by a written statement containing the charges and all available substantiating evidence.

SECTION 8. If the Control Committee, upon receipt of any information from any source, shall have evidence that any Shipper is violating any of the terms or conditions of this Agreement, it shall thereupon be the duty of said Control Committee to investigate such supposed violation. The Control Committee may call upon any Shipper to furnish a statement of facts under oath. After due investigation, if it is the opinion of the Control Committee that the Agreement is being violated, it shall order such Shipper to discontinue such violation, and in the event of noncompliance by the Shipper with such order, it shall report such non-compliance to the Secretary.

SECTION 9. A Control Committee shall be established forthwith, the membership to be composed of representatives of Shippers, parties to the Agreement, and growers as follows:

(a) Each shipper who shipped 500 or more carloads of celery during the shipping season next preceding the date of such selection shall be entitled to one representative on the Control Committee;

(b) Shippers (not included in (a) above) in the Sanford-Oviedo District—one representative to be elected by majority vote;

(c) Growers (who are not Shippers) in the Sanford-Oviedo District—three representatives to be elected by majority vote;

(d) Shippers (not included in (a) above) in the Manatee-Sarasota District—one representative to be elected by

majority vote; (e) Growers (who are not shippers) in the Manatee District—two representatives to be elected by majority vote;

(f) Growers (who are not shippers) in the Sarasota District—two representatives to be elected by majority vote.

provided, that in the event one or more of the large Shippers mentioned in subdivision (a) of this Section in either the Manatee-Sarasota or the Sanford-Oviedo District shall fail to become a party or parties signatory to this Agreement, then in such event the other Shippers of the same district, mentioned in subdivision (b) or (c), as the case may be, shall be entitled to elect an additional representative or representatives to take the place of the large Shipper or Shippers so disqualified from representation, to the end that representation on the Control Committee, as between said two districts and between Shippers and growers shall remain equal.

SECTION 2. Each of the above groups or persons selecting a member of the Control Committee is empowered to select an alternate member to serve as a member of the Control Committee in the absence of, or in the event of the removal, resignation or disqualification of, the original member, with full power to act in the place and stead of such original member.

SECTION 3. Upon the designation or election of at least four-fifths of the members, pursuant to the preceding Section, the Control Committee may organize and function, and the members of the Control Committee shall serve for one shipping season or until their successors are elected, as hereinafter provided, of the original members.

SECTION 4. The powers and duties of the Control Committee shall be:

(a) to perform the functions set forth in this Agreement to be performed by the Control Committee;

(b) to supervise the performance of this Agreement and to act as intermediary between the Secretary and the Shippers;

(c) to appoint such employees as it deems necessary and determine the salaries and define the duties of all such employees;

(d) by appropriate resolution, from time to time, to appoint and define the duties of additional committees or sub-committees to assist the Control Committee in the performance of any of its duties and functions hereunder;

(e) to dispose of all disputes, questions and complaints arising in connection with the performance of this Agreement; provided, that if a member of the Control Com-

mittee shall be an interested party to any complaint or dispute or a representative of such an interested party, he shall for the purpose of the consideration of such complaint or dispute be disqualified as a member of the Control Committee;

(f) to investigate from time to time and assemble data on the growing, shipping and marketing conditions in the Florida celery industry;

(g) to negotiate and confer with representatives of Shippers of celery produced in areas outside the State of Florida with regard to the formulation of a marketing agreement providing for the proration of shipments as between the several areas in the United States where celery is grown, to be submitted to the Secretary for his consideration. The Shippers authorize the Control Committee to enter into any such agreement on their behalf and agree to be bound by the terms and provisions of any such agreement, provided the same shall have been approved by at least 75 percent of the membership of the Control Committee and by the Secretary. Nothing in this subdivision shall be construed to be in derogation of the right of interested parties to a hearing upon any such marketing agreement in accordance with the provisions of the Act.

SECTION 5. The Control Committee is authorized to incur such expenses and to make such expenditures as may be necessary to carry out the provisions of this Agreement. All moneys collected shall be deposited and disbursed in the name of one of the members of the Control Committee designated as treasurer who shall fur-

nish bond in an amount satisfactory to the Control Committee. The members of the Control Committee shall serve without compensation, but shall be entitled to their expenses which are necessarily incurred in the performance of their duties hereunder.

SECTION 6. Each Shipper shall pay to the Control Committee his prorate share of all the expenses incurred in the maintenance and functioning of the Control Committee and its activities, and shall make payment upon due notice from the Control Committee of his share of such expenses and after opportunity for a hearing to any party dissatisfied with the amount of his respective assessment. Such prorate share shall be based upon volume of shipments; provided, that no assessment shall exceed one dollar per carload of 152 crates. The Control Committee shall have power to institute legal proceedings in its own name and to take any other steps which may be necessary to collect such assessments from the Shippers.

SECTION 7. The Control Committee may, in its discretion, for the purpose of (1) collecting money for administration, execution of shipments and sales by means as provided in the preceding section, and (2) keeping ac-

counts from the Control Committee, before or during each shipping season, permits to be issued (Continued On Page 4)

## Korda Directed Film Making At Milan

"Catherine the Great," the London Film production which opened at the Milano Theatre yesterday Alexander Korda's successor to the Private Life of Henry VIII.

It marks the American debut of Elizabeth Bergner, the most talked-of actress of the European stage and screen, starring this season in "Catherine the Great," the London stage success which Arch Selwyn will bring to the New York stage this fall with Miss Bergner in her original role.

Co-starring with Miss Bergner in "Catherine the Great" is Douglas Fairbanks, Jr., playing the erratic Peter III in his first English production.

Sir Gerald du Maurier, of the royal family of England's theatre, and son of the immortal of "Tyranny" and "Peter the Great," is featured in the role of Tsar Peter's shrewd valet. Also featured is Flora Robson, British character actress of note, who plays the notorious Empress Elizabeth.

The scene which opens the events of Catherine's life at the Russian court, from the day of her arrival to her triumphal march to the throne, was written by Leon Blou, Melchior Lengyel and Arthur Wimperis. Paul Csanader, husband of Miss Bergner and director of "Arland" and "The Dreaming Mouth," has the greatest film success, handled the megaphone on this United Artists release.

## Dr. Wynkoop Refused Request For Trial

CHICAGO, Mar. 24.—(AP)—Dr. Alice Linday Wynkoop was refused a new trial yesterday and was ordered to prison for the "operating table" murder of her daughter-in-law, Ethel.

She will be taken to the new institution at Dwight, Ill., with the next shipment of prisoners, probably Thursday. Her attorneys have the usual 30 days in which to appeal, but Judge Harry E. Miller refused a stay of sentence.

Dr. Wynkoop, stronger than when she was tried, accepted the judge's ruling with a resignation.

"The only thing I can say," she said in answer to the formal question, "is what I have already said, I am not guilty."

**"YOU LEARN WHAT Safety is worth ON A JOB LIKE MINE!"**  
A CERTIFIED INTERVIEW WITH MISS DOLENA MacDONALD—NURSE—OF BOSTON, MASS.

**"That's why I bought a Plymouth...it's got Hydraulic Brakes and a Safety-Steel Body"**

IT'S SECOND NATURE for a nurse to think about safety first. So when Miss MacDONALD set out to buy a new car, safety was in her mind. And after looking at "All Three" low-priced cars... she picked Plymouth. She feels safer with Hydraulic Brakes. For they are always equalized... they stop her more quickly, and without side-sliding. And common sense told her a Safety-Steel Body, of steel reinforced with steel, is safer than other types. Miss MacDONALD found that Plymouth alone, in the lowest-price field, offered her both these safety features.

THINK ABOUT SAFETY when you buy your next car. And about comfort, too. Plymouth's Individual Wheel Springing plus Heating Power engine mountings give you a smoother, more comfortable ride. Any Dodge, DeSoto or Chrysler dealer will gladly demonstrate the New Plymouth at your convenience.

### Shippers Study New Marketing Pact For Celery

(Continued from Page 2)

SECTION 8. The members of the Control Committee and of any other committee created hereunder and any agent or employee appointed or employed by any such committee shall be subject to removal by the Secretary at any time with or without cause. Each and every act of the Control Committee and of any other committee created hereunder shall be subject to the disapproval of, or to modification by, the Secretary at any time; any act so disapproved shall be null and void. Nothing in this Section contained shall be construed to modify any provision of this Agreement requiring the prior approval of the Secretary with respect to certain types of action by the Control Committee.

SECTION 9. An appeal in writing may be taken to the Secretary from any decision of the Control Committee by any shipper or grower aggrieved thereby, within ten days after the decision is announced. Pending the disposition of the Secretary of any appeal, the parties involved shall abide by the decision rendered by the Control Committee unless the Secretary shall rule otherwise pending such disposition. In the event of an appeal, it shall be the duty of the Control Committee to forward to the Secretary its complete record with regard to the matter.

SECTION 10. Any Shipper or Grower, or their representatives, may attend meetings of any and all committees created hereby; provided, however, that a Shipper or his representatives may be excluded from the meeting of any committee which is considering a dispute or controversy to which such shipper is a party.

ARTICLE VII—LICENSING  
SECTION 1. The Shippers hereby apply for and consent to licensing by the Secretary. Such license shall be in accordance with applicable regulations heretofore and hereafter prescribed by the Secretary and approved by the President, and shall be subject to the rights and powers of the Secretary, from time to time, to modify or amend any license issued pursuant to the foregoing.

ARTICLE VIII—EFFECTIVE TIME AND TERMINATION  
SECTION 1. This Agreement shall become effective at such time as the Secretary may declare above his signature attached hereto, and this Agreement shall continue in force until July 1, 1935, subject to termination prior thereto, as follows:

- (a) The Secretary may at any time terminate this Agreement as to all parties thereto by giving at least one day's notice by means of a press release or in any other manner which the Secretary may determine;
- (b) The Secretary may at any time terminate this Agreement as to any party signatory thereto, by giving at least one day's notice, by depositing the same in the mail and addressed to such party at his last known address;
- (c) The Secretary shall terminate this Agreement upon the request of Shippers, parties to this Agreement, who handled not less than 75 percent of the total shipments of all such Shippers during the preceding season, by giving notice in the same manner as provided in paragraph (a) above;
- (d) This Agreement shall in any event terminate whenever the provisions of the Act authorizing it cease to be in effect.

ARTICLE IX—BENEFITS AND IMMUNITIES  
SECTION 1. The benefits, privileges, and immunities conferred by virtue of this Agreement shall cease upon its termination, except with respect to acts done prior thereto, and the benefits, privileges and immunities conferred by this Agreement upon any party signatory hereto shall cease upon its termination as to such party except with respect to acts done prior thereto.

ARTICLE X—COUNTERPARTS  
SECTION 1. This Agreement may be executed in multiple counterparts, which when signed by the Secretary shall constitute, when taken together, one and the same agreement.

#### LEGAL NOTICE

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 218 OF THE GENERAL STATUTES OF THE STATE OF FLORIDA.  
Notice is hereby given that EUGENE H. HARRIS, purchaser of Tax Certificate No. 1335, dated the 23rd day of August, A. D. 1931, has filed his application for tax deed to issue in accordance with law, said certificate is subject to the following described property situated in Seminole County, Florida, to-wit:

### THE REAL DRIVER

7—Knows the Feeling of Having His Car Under Control—DO YOU?

A car is under control when its speed is such that it can be brought safely to a dead stop at any time, as demanded by circumstances. A skilful driver endeavors to know the stopping distance of his brakes at various speeds and how to overcome possible skidding by the correct use of gas, clutch and brakes under different conditions of road surfaces.

COURTESY SEMINOLE COUNTY SAFETY COUNCIL

same instruments if all such signatures were contained in one original.

#### ARTICLE XI—ADDITIONAL PARTIES

SECTION 1. After this Agreement first takes effect, any Shipper may become a party to this Agreement, if a counterpart thereof is executed by him and by the Secretary. This Agreement shall take effect as to such new contracting party at such time as the Secretary may declare above his signature attached to such counterpart, and the benefits, privileges and immunities conferred by this Agreement shall then be effective as to such new contracting party.

#### ARTICLE XII—AMENDMENTS

SECTION 1. The Control Committee may, from time to time, propose amendments to this Agreement, and any such amendment shall become effective upon approval by the Secretary, at such time as the Secretary shall designate; provided that the amendment shall have first been approved by Shippers, parties to this Agreement, who handled not less than 75 percent of the total shipments of all such Shippers during the preceding season.

#### ARTICLE XIII—AGENTS

SECTION 1. The Secretary may be a designation in writing, naming any person, or persons, including any officer or employee of the Government, to act as his agent in connection with any of the provisions of this Agreement.

#### ARTICLE XIV

Any exemption from the anti-trust laws, and of violation of any acts or things which would otherwise have been unlawful, which may result from the execution of this Agreement by the Secretary, shall not extend or be construed to extend further than is absolutely necessary for the purpose of carrying out the provisions of this Agreement.

#### ARTICLE XV

Nothing herein contained is or shall be construed to be in derogation of, or modification of, the rights of the Secretary, or of the United States (a) to exercise any powers granted by the Act; or (b) in accordance with such powers to act in the premises whenever such action is deemed advisable.

#### ARTICLE XVI—SIGNATURE OF PARTIES

In witness whereof the contracting parties, acting under the provisions of the Agricultural Adjustmentment Act, for the purpose and subject to the limitations herein contained, and not otherwise, have hereunto set their respective hands and seals.

WHEREAS, it is provided by Section 8 of the Act as follows: In order to effectuate the declared policy, the Secretary of Agriculture shall have power to enter into marketing agreements with processors, associations of producers, and others engaged in the handling in the current of interstate or foreign commerce of any agricultural commodity or product thereof, after due notice and opportunity for hearing to interested parties. The making of any such agreement shall not be held to be in violation of any of the anti-trust laws of the United States, and any such agreement shall be deemed to be lawful. Provided, That no such agreement shall remain in force after the termination of this Act;

And WHEREAS, due notice and opportunity for hearing to interested parties has been given pursuant to the provision of the Act, and the regulations issued thereunder; and

WHEREAS, the Secretary finds (1) that the Shippers, parties to this Agreement, are engaged in the handling of celery in the current of interstate (and or foreign) commerce; and

WHEREAS, it appears, after due consideration that this agreement will tend to effectuate the policy of Congress declared in Section 2 of the Act, as herein before in this Agreement set forth;

NOW THEREFORE, I, Secretary of Agriculture, acting under the provisions of the Agricultural Adjustment Act, for the purpose and within the limitations therein contained, and not otherwise, do hereby execute this Agreement under my hand and official seal of the Department of Agriculture, in the City of Washington, D. C., on the \_\_\_\_\_ day of \_\_\_\_\_, 1933, and pursuant to the after-mentioned standard time provisions hereof declare this

### 'Business As Usual' Is Order As Threat Of AutoStrike Ends

(Continued From Page One)

Roosevelt said the agreement stipulated that employees shall have the right to choose their own representatives to bargain with employers and there should be no discrimination "in any way against any employee on the ground of his union labor affiliations."

This gives the right to the automobile workers to choose freely whether they wish to belong to a company union or to a union affiliated with the American Federation of Labor.

In arriving at the agreement the President laid down in plain terms the principles for general relations between employers and employees.

He reduced "to plain language" the much discussed section of the National Recovery Act granting the right of collective bargaining.

"Employees have the right," said the President, "to organize into a group or groups."

"Discrimination against employees because of their labor affiliations, or for any other unfair or unjust reason is barred."

William Green, president of the American Federation of Labor, headed the labor men who talked with the President at the executive mansion. Hugh S. Johnson, recovery administrator, also participated and was instrumental in bringing the manufacturers into the accord.

After the White House had announced the settlement, reached a long after nightfall, Green issued a statement saying:

"The terms of the settlement of the threatened automobile strike recommended by the President and accepted by the automobile manufacturers and the workers guarantee the workers the right to organize, to bargain collectively and to be represented by men of their own choosing."

"This means that while the workers gained the principal part for which they were contending—strict observance of section 7a of the National Recovery Act, the automobile manufacturers have simply given assurance of their full compliance with the labor agreement to be effective on and

### FILM FLICKERS

By GLADYS M. WILLIAMS

An excellent historical drama is "Catherine The Great." The plot of this British film deals with the match between the Grand Duke Peter, Douglas Fairbanks, Junior, and a German princess, Elizabeth Bergner, arranged by the Empress Elizabeth of Russia, Flora Robson. The action takes place toward the end of Empress Elizabeth's reign. In the glamorous setting of the dissolute Russian Imperial Court, the shy retiring princess fights her mad husband's cruelty, his intrigues, his other loves, and in so doing she becomes obsessed with two great passions—love and ambition. Although history is full of cruel, unique, and colorful stories of the "Great Catherine," Elizabeth Bergner, who has more finesse and displays greater ability than any of the screen's female imports, makes the young Catherine a hauntingly charming figure. Fairbanks Junior gives the most exciting and probably the finest performance of his career.

If you enjoy "Henry VIII" you will not want to miss this unusual picture which plays at the Mill Lane Theatre Sunday and Monday, Mar. 25 and 26.

"Let's Be Ritz" the bill for Tuesday, Mar. 27, at the Mill Lane is one of every day human appeal and interest. Two young working people, Lew Ayres and Patricia Ellis, get married on the old stagey that two can live as cheaply as one. When this plan fails, the couple tries to bluff their way by "Going Ritz." The entire situation might be the story of one's best friend.

"Roman Scandals" playing at the Mill Lane Mar. 28, 29, 30 is real

of their own industrial code of fair practice, their willingness to obey the law."

Green added that "the machinery for collective bargaining has now been set up" and that "there is no basis for a claim on the part of either side of the controversy, employers or employees, that either has gained a victory over the other."

STEEL MAINTAINS LEVEL  
CLEVELAND, Mar. 26 (AP)—The Magazine Steel, yesterday said that despite labor unrest steel production in the mills last week fell only one point to 48 percent capacity.

FARM LOANS AVAILABLE  
WASHINGTON, Mar. 26—Small farmers in Florida and other states who require loans of \$200 or \$300 will be able in a few days to make them, Congressman Peterson was informed by officials of the farm credit administration yesterday. Heretofore these small loans have not been made and many persons requiring them could not be accommodated. Details are expected to be announced within the next day or two.

ly a Roman Holiday of beauty, song and laughter. For beauty the lovely Gloria Stewart and the shapely Goldwyn Chorus Girls, the inimitable Ruth Etting, and for laughter our pop-eyed friend, Eddie Cantor. It is a hilarious tale about a small town boy wuffed back to antiquity. The Emperor's captive beauties, affairs of state, a thundering chariot race, and Ruth Etting singing "No More Love" and "Build a Little Home" will give you an evening of real entertainment.

"Get along, Little Doggie, Get Along"—yes, "The Last Round Up" is the title of the fast-moving gold rush film based on Zane Grey's "The Border Legion" with the handsome Randolph Scott in the leading role. A new feminine lead is Barbara Fritchie (her real name, his said). The story is typical of the early West before law and order had become the order of the day. This outdoor romance is a part of Saturday's program, Mar. 31.

Also on Saturday at the local theatre will be seen Lillian Gish in her triumphant return to the screen in "The Double Life" ably supported by the superb work of Roland Young. The story is of an abnormally sensitive artist who shies from the public. He sinks his identity into that of his dead butler, marries the man's mail-order fiancée and then complications set in. An amusing satire.

Don Jackson Wins Pole Vault At Event Meet

Donald Jackson former Seminole High School football star, won the pole vault event during the annual Southern Conference indoor track meet held in North Carolina last week. It was learned here today.

Jackson, running under the colors of the University of North Carolina where he is a star athlete, crossed the bar at a height of 11 feet, 10 inches to win the event from a field which included Carmen and Strow of Duke, Corbett and Laird of W. & L. McDonald of V. M. I., and McDonald of North Carolina.

FIRE VICTIM DIES  
BRADENTON, Mar. 26—Funeral services for Mrs. Caroline M. Hampel of Worth, Ill., winter resident of Braden Castle near here, who died from burns received when her clothing caught fire from a stove two weeks ago, was held Saturday night. Besides her husband, Paul Hampel, she is survived by a son, Emil, who arrived by plane from Illinois before her death.

### "I NEED SOME CLOTHES, JOHN, BUT THEY'VE SIMPLY GONE OUT OF SIGHT!"

### "YES, EVERYTHING SEEMS TO COST MORE EXCEPT OUR ELECTRICITY."

ELECTRICITY did not go up during the boom and it's being left behind again. Now the 2¢ electricity in your Thrifty Three rate is more of a bargain than ever.
