

Viet-Nam Key To Pacific, Jaycees Told

"If we lose Viet-Nam, we will have lost all of Asia, and the Philippines to the Communists," Lt. Col. John Noel said Thursday speaking to the Jaycees at their luncheon meeting.

"The Soviet Union does not have any part on the China Sea, and if they gain control of the huge gulf at Saigon, they will have free access to the whole South Pacific," he explained.

Noel described how the Communist guerrillas have infiltrated the entire country and have been engaged in a constant harassment of the people there, killing off the village leaders, striking down one or two members of a family and "humiliating the others."

"The only way the Communists can take over there is by sheer terror tactics," Noel said. "The people have all they want to eat, employment is high and they can live well on the equivalent of 40 cents per day.

"So the Communists are not offering or promising them anything. They are terrorizing them into submission."

"We have made some bad mistakes in Viet-Nam, but now steps are being made to remedy this situation," Noel said.

"We tried to create a modern mechanized army in a backward country that has no roads," the Colonel said. "But now they are sending to Florida Everglades-inspired airplanes and helicopters."

Noel, who has just recently returned from a tour of duty with military personal advisors at the Viet-Nam Army training center there, showed the Jaycees maps and explained a little of the history of the country and the background of the "shooting war" that is going on there now.

West Germany Prepares For War But Its People Don't Want One

By PHEL NEWBOM
UPI Foreign News Analyst

MUNICH, West Germany—The West German government is preparing along with its NATO partners for possible war with Russia. But the West German people neither want war nor at the moment are prepared for it mentally.

These are among the conclusions that must be drawn at the end of three intensive weeks in Germany, during which almost the entire perimeter of West Germany was covered from Bonn through Hamburg, by train through East Germany to Berlin, thence through Hanover, along the Bavarian border with East Germany and Czechoslovakia, and finally to Munich.

Fall is festival time in Munich. This is the city in which Hitler made his first unsuccessful push and went to jail.

It is the city where the then prime minister of Britain, Neville Chamberlain, believed that in his meetings with Hitler, he successfully had preserved "peace in our time."

But aside from these unhappy memories, Munich is a center of culture and the city to which thousands of Germans flock at the time of celebration for the harvest to drink beer, and generally let themselves go.

Hotels are jammed and the thoughts and strains of war are far away.

In the Bavarian Alps the cows are being brought down from the summer pastures, their necks garlanded with green boughs and flowers, to be welcomed by the peasants for whom this is festival time, too.

But underlying the gaiety are grim portents which the people would prefer to ignore.

Foreign Minister Heinrich von Brentano has just gone on the air to remind the German people that they lost totally a "total war," and that a price still must be paid.

A month ago, no government officer would have made such a speech, for the national election campaign then was reaching its peak and no candidate could hope to win an election on the basis of such a speech.

There are other portents as West Germany and NATO approach what may be a showdown over Berlin and the future of German reunification.

One is the gradual realization by the German people that the split in their nation may last through their lifetime. In this, the people may have been ahead of their government. Immediate reunification is not discussed very seriously by many Germans now.

Cuba Holds Two Floridians

MIAMI (UPI) — Two Florida men and two others from British Guiana were in custody of Cuban authorities today after their

shrimp boat ran aground in Cuban territorial waters. A U.S. Coast Guard vessel was unable to get clearance to enter

Cuban waters and rescue the crew. When a Dutch tug attempted to get authorization to enter the area and remove the boat it was

... from the scene. The four men aboard the vessel, Wind, out of Fernandina Beach, Fla., are E. E. Lewis and Dale Dees of Fernandina Beach and Anthony Farris and Michael de Silva of British Guiana.

Coast Guard spokesman notified the State Department in Washington which said it was "fully apprised of the situation."

City Pauses To Honor Navy Men Killed Here

The city of Sanford and all of Seminole County today observed five minutes of silent memorial prayer for the six Navy fliers who were killed Thursday in the mid-air crash of the two Douglas A3D Skywarriors over west Sanford.

At 11 a. m. sirens blew all over the county to signal mass prayer for the bereaved families of the men, and

By LARRY VERNHIEL. Didn't another attorney withdraw his name from the county attorney's job? ... Only two in the running now. ... If the commission doesn't make a selection soon ... may be none and we'll have to get one from Orange County on a part-time basis.

Nobody asked me but why do people immediately look for political scapegoats after any disaster. These are probably the same clowns that blocked the road at last week's plane crash and made it practically impossible for fire trucks and ambulances to get through.

What would be so terrible if the County Commission admitted they were wrong and purchased a warning system for the county? I thought the County Commission was the voice of the people.

The Florida State Bank must be bursting at the seams with money. Some cracks were noted on the plate glass window at the front of the building.

An underground fallout shelter is now on display at the city parking lot behind the school administration building.

The City Commission will meet Thursday at 1:30 p. m. and then will attend the Florida Municipal League meeting from Oct. 22-24.

The city has already started a survey of condemned buildings to pave the way for demolitions in the near future. Over 500 buildings on the list.

The newly-organized Booster Club will meet at 8 p. m. today in the cafeteria of Seminole High School to see some films of recent football games, under the direction of Coach Jim Piggott.

President Mike Caplo announced that the remaining committees and committee members will be set up at the business session of the meeting and their duties outlined. The executive committee will meet at 7 p. m. and refreshments will be served after the general meeting.

Differences Force Shift In Berlin Strategy

LONDON (UPI) — Fresh Allied differences over Berlin policy forced a change in Western strategy today.

The difference came into the open over French demands that a scheduled four-power meeting of senior officials in London be put off.

The British Foreign Office said officially today that the meeting planned for this week in London was canceled at the request of the French government. Top officials from the United States, Britain, France and West Germany were to attend.

In Paris, a spokesman said his government was "surprised" by the publicity given to the differences of opinion over a possible strategy meeting.

He described the issue as one of "procedure." He added that France wants consultations to continue in the permanent group in Washington on a joint Western stand on future negotiations with the Soviet Union.

Here in London, Foreign Secretary Lord Home began a round of urgent consultations with Western envoys.

Some informed diplomats suggested that nothing short of a Western summit would be able to fix the Western position in regard to East-West negotiations and to the stand on Berlin itself.

Food Store Looted; Two Others Tried

One food store was broken into over the past weekend and attempts were made to break into two others, police reported.

Police said that a burglar broke into Richardson's Curb Market on Fifth St. and French Ave. Saturday and assorted boxes of candy, gum and cigars were stolen.

Attempts were made to break into the Thriftway Store at 25th St. and Park Ave. and Little Giant on French Ave. Both break-in attempts were unsuccessful.

"Apparently they were scared away," Chief Roy Williams said.

Blood Sought For Sanford Child's Heart Operation

By DOTTIE HIGGINBOTHAM. A special appeal is being made here for blood donations for little six-year old blonde Joanne Cappa, who is soon to undergo heart surgery for the correction of a congenital heart defect.

The operation will take place at Children's Cardiac Hospital in Miami, sometime in the near future.

Local pediatricians explain Joanne's heart defect in this way: All normal unborn infants have a special blood vessel the function of which is to let blood from the heart by-pass the lungs, as

open the chest, find the blood vessel, located just above the heart, clamp it off and remove it.

Sometimes in heart surgery, doctors stop the function of the heart, and attach a heart-lung machine which keeps the blood circulating through the body and allows the heart to lie still for a period of time.

This machine needs a good deal of blood, at least half of the amount in the patient's body at any given time, and for this reason 20 pints of blood are being asked for in Joanne's name.

Air Station heard about Joanne's case Thursday and 11 of them have come into the Seminole County Blood Bank and given a donation in her name.

The men are Marvin Aeder, Gerald Dobbins, Joseph Troup, Charles Simmons, Robert Inna, Neal Seigle, Richard Rome, Paul Martin, John Otto, Robert Combs and Dan Tepler. Civilian Harry Edelberger has also made a donation.

This brings the total to 12 pints and eight more are needed to complete the total of 20 pints which will be necessary.

Pediatricians, Dr. Gordon Stanley and Dr. Vann Parker pointed out that little Joanne's heart defect was discovered by a pre-school check-up conducted by the Seminole County Health Department, followed up by local physicians, and referred to the Crippled Children's Commission for help.

"This case is an example of the excellent detection work that can be done by an adequate and fully-staffed county health department," Drs. Stanley and Parker pointed out, and emphasizes the need for periodic health examinations and especial

ly pre-school physical check-ups. "This particular operation will effect a complete cure for this heart defect," Dr. Parker said, "which is unusual in that there are very few cases in which a heart can be permanently and completely restored to normal function."

Joanne is the daughter of a local commercial fisherman and is one of seven children. The Seminole County Blood Bank hours are from noon to 9 p. m. on Mondays and from 9 a. m. to 1 p. m. on Wednesday, Friday and Saturday. Mrs. James Doucette, R.N. is in charge.

'All Phases' To Be Taken Up At Tuesday Meeting

A three-man committee made up of county commissioners met Sunday to map out a comprehensive Civil Defense program for the county, Commissioner Ted Williams said today.

However, Williams declined to comment on just what the program would include.

Members of the committee also include John Fitzpatrick and James P. Avery.

Williams said that Civil Defense Director A. R. Peterson Sr. also attended the meeting.

Avery said that all phases of Civil Defense were discussed and "investigated." He also declined to comment on just what the report would include.

He declined comment on whether there would be any amending of the budget.

Fitzpatrick also declined comment on what the program would include.

"It will all be discussed at an open meeting Tuesday afternoon. You'll get a full report," he added.

The commission will meet at 1:30 p. m. Tuesday.

Friday, the grand jury filed a report finding the commission was "woefully neglect" in assigning adequate means to assist in providing a warning system for the county.

The grand jury requested that the board "immediately review their position of responsibility for the welfare and security of the people and take whatever steps necessary to provide and maintain an approved warning system."

Only \$10,000 was appropriated for Civil Defense during the current fiscal year despite the pleas of Peterson on the need for an adequate warning system.

Peterson requested \$25,000 to beef up the Civil Defense office including a warning system, with the cost shared by the federal government and the county.

Gov. Farris Bryant sent down an executive order urging this county as well as all counties in the state to build up civil defense and Bryant also asked for an investigation by State CD officials on the Civil Defense status in Seminole County.

Reds 'Booby Trap' Border

BERLIN (UPI)—The East German Communists have booby trapped their barbed wire border with blank ammunition to help catch fleeing refugees, West Berlin police reported today.

Despite searchlights, machine-guns and thousands of guards, the East German regime has been embarrassed by a continual trickle of refugees through and over its wall between East and West Berlin.

Sunday an unmarried couple and a child who had banded together crawled under the barbed wire at the Neukoeln district border and a 60-year-old woman did the same at another point.

Finn Chief Arrives

WASHINGTON (UPI)—President Erho Kekkonen of Finland arrived here today for the first American visit of a Finnish chief of state.

Orlando Hunts For \$150,000 Gem Thief

ORLANDO (UPI) — Police and federal agents widened their search today for a jewel thief who took \$150,000 worth of sample diamonds from the hotel room of a jewelry salesman while he was out for coffee.

Gene Delbertis, a traveling jewelry salesman from Hartford, Conn. said he left his room before 9 a. m. for breakfast.

When he returned, he said, his sample case containing 140 men's and women's diamond rings was missing.

Detective Lt. Charles Rutenis said the thief apparently entered Delbertis' room with a pass key.

Orlando police said the Federal Bureau of Investigation was called in on the case.

U. S., Reds Agree On UN Secretary

UNITED NATIONS, N. Y. (UPI)—Adlai Stevenson said Sunday the United States and Russia agree that Burmese Ambassador U. Thant should become acting UN secretary general in place of the late Dag Hammarskjold.

America's chief UN delegate added, however, that the two nations are still at odds over the number of undersecretaries there should be in Thant's "cabinet," and what parts of the world they should represent.

On his bi-weekly TV program Stevenson said Russia has dropped its demand for a "troika"—three undersecretaries, each with the veto power.

Because we try to print what we judge is interesting to you, it is what YOU think and do that makes things "news." Your letters are one of the vital parts of the paper. It is no exaggeration that a paper and its readers are inseparable.

Saturn Awaits Test

CAPE CANAVERAL (UPI)—A 16-ton rocket with the chugging burr of 200,000 automobiles stands on a launching pad today, eight minutes from opening a new era in U. S. space exploration.

This is Saturn, the "super-rocket" America has spent four years and millions of dollars planning and building as the first world's answer to the mighty space machines of the Soviet Union.

The question now is: can it fly and if so, how well?

The answer will come within a few days, when scientists flick the switches to unleash the energy of 300 tons of fuel that, hopefully, will send the 65,000-pound rocket on its maiden flight into space.

There will be a test flight to orbit a satellite with this first Saturn. It will fly eight minutes at the most, about 90 miles up and 250 miles over the Atlantic at a top speed of 2,700 miles per hour if all goes well.

It's a deliberately modest plan for the inaugural flight. But scientists have had enough confidence in the program to have the next decade of America's space exploration plans on this awesome machine and its even more awesome descendants now on the drawing boards.

Yet America probably will face few periods as critical to its space program as this one of eight minutes, a little less time than the average coffee break.

A "reasonable" success would spell the end to the days when Russia could taunt the United States with jibes of "grapefruit satellites."

Saturn, when equipped with upper stages, will be able to orbit 20 tons or more, twice the weight of the largest Soviet satellite to date.

Failure, on the other hand, could set back U. S. plans to send teams of astronauts into earth orbits aboard Apollo vehicles starting around 1964-65.

Saturn's booster engines for this first flight will develop 1.3 million pounds of thrust, or about four times greater than the output of the largest intercontinental ballistic missile America has flown.

The maiden shot will carry "Jummy second and third stages, filled with 95 tons of water to simulate the weight of future "live" stages.

To The Polls

Seminole County voters will go to the polls Tuesday to elect three directors to the Soil Conservation District Board.

Polling places will be open from 8 a. m. until 5 p. m. at the Oviedo Drug Store, Geneva Service Center, Herman Jones in Longwood, Tindell's Grocery in Lake Monroe and at the Chamber of Commerce in Sanford.

Candidates are C. A. Wales, Elbert Cammack and W. W. Linn.

Qualified voters, according to Robert Lee, chairman of the board, are those who are eligible to vote in any general election and who, in addition are landowners within the district which includes all of Seminole County.

Hospital Benefit Show Scheduled Here Thursday

Headlining the annual fund-raising benefit show being staged by the Seminole Memorial Hospital Auxiliary, Thursday at 8 p. m. in the Seminole High School auditorium is the famous "Mr. Magic," television and stage performer, who appears regularly on the Uncle Walt show.

Of added interest in the fact that Mr. Magic, is in reality, Harry Wise, a native son. Born and reared in Sanford, he attended local schools. Mr. Magic has appeared here many times in behalf of charitable organizations and has been working at his profession since he was 18 years old.

He has toured the United States with his show many times and is a regular participant on the Central Fairsy telethon each year, being a special favorite of children. He now makes his home in Orlando.

Another well-known local artist, Mrs. K. W. Clark, soprano, will also entertain as well as the local Navy and Marine Corp. marching units.

The Comanche Band, national champions, will be one of the acts as will the Royal Dancers variety show, a special Brass Quartette and a repertoire of songs from the Broadway musical, "The King and I."

Cuban Refugees Exchange Gunfire

KEY WEST (UPI)—Forty-five hungry Cuban refugees reported they exchanged gunfire with a Cuban government gunboat disguised as a fishing vessel during their escape from Castro's Cuba.

The Cubans, more than a fourth of them children under 12, landed at the Coast Guard dock in Key West Sunday afternoon after being marooned since Saturday without food and water on a tiny island between Cuba and Florida.

The Navy quickly treated them to hot lunch and hot coffee.

Many of the exiles were barefooted and had makeshift clothing.

The refugees said they reached Cay Sal, a tiny British island 35 miles north of Cuba in three boats Saturday. The island is one of the most southerly of the Bahamas and has long served as a rendezvous point for gun-runners.

Peace Corps Probes Remarks About Nigeria

WASHINGTON (UPI)—Peace Corps officials today investigated a 21-year-old American teacher's remarks about "primitive living conditions" in Nigeria that touched off student protests.

The Peace Corps said that pending the inquiry into the statements by Margery Michelmore of Foxboro, Mass., no action would be taken on her offer to resign from the corps.

One Peace Corps spokesman suggested the incident might have been exploited by "Communist agitation." But Corps Director R. Sargent Shriver said this would be a "premature judgment."

Shriver said the U. S. ambassador and Peace Corps representatives in Nigeria had "full authority for taking any action that seems warranted." He said such incidents "should not interrupt the mission or obscure the purpose of the Peace Corps."

Miss Michelmore, who is in training at the University College of Ibadan in Nigeria, apologized to the university's president-general for her remarks and said she was submitting her resignation.

The Peace Corps denied she had been asked to leave Nigeria. Reports from Ibadan said university students, angered by her remarks had demanded deportation of U. S. Peace Corps members in Nigeria.

Miss Michelmore complained about the "squalor and absolutely primitive living conditions" in Nigeria in a postcard to a friend in the United States.

She wrote that Peace Corps members initially were shocked to find that the Nigerian lives in the streets, cooks in the bathroom and "even goes to the bathroom in the streets." After her first shock, she said, she found her assignment "a very rewarding experience."

The postcard was intercepted in the mail by unidentified persons, reproduced and copies distributed among the students at the university.

A Peace Corps spokesman said the reproduction might have been promoted by "outright Communist agitation." He conceded that Miss Michelmore's statements "could offend the pride" of Nigerians.

Exercise Indicates NORAD Can Spot Enemy Air Attack

COLORADO SPRINGS, Colo. (UPI)—A 12-hour weekend exercise of detection and interception forces indicated the North American Air Defense Command is capable of spotting and destroying an enemy air attack.

Gen. Laurence Kuter, NORAD commander in chief, said at headquarters here the practice—Sky Shield II—"was of inestimable value in improving aerospace defense" of the continent.

For 12 hours, from noon EST Saturday to midnight, waves of "enemy" forces—comprising more than 250 U. S. Strategic Air Command and British Royal Air Force bombers—flew missions plotted for maximum use of NORAD defenses.

Kuter said Sky Shield II's "very great advantage" was the experience of "working under electronic counter measures, communications jamming and navigational aid interference. These are conditions approaching those we might find in actual attack."

These conditions of all commercial airliners and other civilian aircraft as well as non-participating military planes during the 12 hours—the largest suspension of civil aviation in history.

The order affected thousands of passengers, including weekend football traffic, and muted air terminals in unnatural calm. A Dallas airport employe described the effect as "spooky."

There were a handful of exceptions to the grounding. Two planes were allowed to dump fire control chemicals on a California forest fire and another took part in a manhunt for a murder suspect in the wilderness of north-west Colorado.

Kuter said there were 6,000 simulated interceptions of attacking aircraft by jet interceptors. In addition, Nike Hercules, Nike Ajax and Bomarc missiles guarding key industrial and military facilities were put through simulated launch procedures.

An apparent tragedy marred the exercise. A B52G SAC bomber carrying eight crewmen, disappeared over the Atlantic. The plane was three hours overdue at Seymour Johnson Air Force Base, Goldsboro, N. C., when Sky Shield II ended.

UPW Circle Meets In Lake Mary

By FRANCES WESTER
Mrs. Martha Riley was hostess for Circle 1 of the UPW of the Community Presbyterian Church of Lake Mary when the members met at the home of Mrs. Robert Regenstein on Crystal Lake.

Mrs. James M. Thompson announced that a district workshop would be held on Nov. 8 in Lake Mary at the church and urged all members to attend.

Plans for the Harvest Festival on Nov. 18 were discussed by Mrs. Maxine Hopkins, co-chairman of the festival.

Mrs. Thompson discussed Chapter IX in "The Gospel of John" study book. Refreshments were served at the close of the program.

Other members attending were Mrs. J. R. Williams, Mrs. Ruby Sjoblom, Mrs. Phyllis Rugenstein, Mrs. Martha Riley, Mrs. P. D. Anderson, Mrs. F. E. Donaldson, Mrs. Richard Keogh, Mrs. Evelyn True, Mrs. Jim Shipman, Mrs. Mabel Brown, Mrs. Kay Sasman, Mrs. Ola Cochran, and Mrs. R. H. Goble.

the Winter Park Federal Savings and Loan Association, nearing completion at The Crossroads, in Fern Park, this facility is to be known as the "North Branch."

The new one story structure is modeled on the pattern of the main office building in Winter Park. It measures 44' facing 17-92 and 87' on Route 436, is a one story building trimmed with Roman brick and has spacious plate glass windows.

Inside will be a manager's office, three teller windows, a drive-in window, work area, vault and a customer reception area. There will be a paved parking area for about 25 cars. Designed by James Gamble Rogers, Lovelock and Fritz and constructed by Allen Trovillion, Inc., this building will be a handsome architectural addition to the fast growing area of Casselberry and Fern Park.

Bureau To Hear Dr. P. J. Westgate

Seminole County Farm Bureau members will hear Dr. P. J. Westgate from the Central Florida Experiment Station speak on "What's New In Agriculture," at their monthly supper meeting to be held at 7 p. m. Tuesday in the Longwood Civic League Bldg. The meeting is open to the public.

Seminoles Continue To Roll

By PETE LEVEQUE
Herald Sports Editor

With almost incredible gridiron agility, the still unvanquished Seminoles of Seminole High School turned the tables of destiny on Friday the 13th superstition as they subdued the Seabreeze Sandcrabs 20-0 in a Daytona Beach Memorial Stadium encounter Friday night that gave the Seminoles their fourth successive win of the season.

Crowded stadiums, with an estimated over 5,000 football fans, among the largest crowds in Seabreeze High School turnouts in several years, watched the Seminoles stalemated in the first quarter of the ball game as yardage was gained for both the Sandcrabs and the Seminoles, but leaving both teams scoreless at the end of the first quarter.

With 2:57 minutes remaining in the second quarter, 187 lb. Seminole right tackle Eugene Williams blocked a Seabreeze punt on the Sandcrabs' 14 yard line and recovered the pigskin for the Seminoles in the end zone for a touchdown. Gary Davidson attempted and scored the conversion point for the Seminoles, giving the Seminoles a 7-0 lead at halftime.

In a spectacular third quarter 14 yard downfield lunge not at all

unlike that of a Texas jackrabbit, 165 lb. Seminole leading point-scorer left halfback Bubba Davis leaped over the goal line to score the touchdown and six points for the Seminoles. An attempt for the extra point was made by Gary Davidson and was prevented by Seabreeze.

The groundwork for the third and final touchdown for the Seminoles was begun near the end of the third quarter as a bold second hand off by halfback Bubba Davis to quarterback Jim Terwilliger for a 35-yard run brought the Seminoles within three yards of the goal line.

A defiant and devastating run through the middle of the Seabreeze line by right halfback Butch Riser to land the touchdown for the Seminoles completed the play with fullback Bill Phagan making a run for the extra point bringing the final score 20-0 in favor of the Seminoles.

Ford Acclaimed Top American Loop '61 Hurler

NEW YORK (UPI) — Whitey Ford, who set a World Series record of 32 consecutive shutout innings after scoring 25 victories for the New York Yankees during the regular season, was acclaimed the American League's Pitcher of the Year today by the United Press International's board of experts.

The 32-year-old wisecracking left-hander was the choice of 23 of the 36 experts who took part in the voting to beat out Frank Lary of the Detroit Tigers and teammate Luis Arroyo for the honor. Lary, a 23-game winner for Detroit, received eight votes while Arroyo, the little relief specialist who appeared in 65 games for New York, had six votes.

Lyman Keeps Unblemished Record Intact

Plagued with nearly two inches of rain and a mushy, soggy football field, Lyman High School's yet undefeated fighting Greyhounds held fast to their winning streak to suppress the Cadets of DeLand's Florida Military School 23-0 in a gridiron contest which ended shortly after the beginning of the second half.

Lyman High's starting star offensive right halfback 170 lb. Jim Williams began Lyman's scoring onslaught as he crashed through the Florida Military School's line on a brilliant 21 yard run to score the six points for the Greyhounds. Williams tried for and made the conversion point.

Only moments later Lyman's starting defensive halfback Paul Blackford charged ahead to score again for the Greyhounds, bringing the score early in the ball game to 13-0. Blackford tried a run for the extra point which was stopped.

Before the end of the first quarter, halfback Blackford scored once again for the Greyhounds, bringing the final first quarter score to 20-0 in favor of Lyman High. Blackford tried for and made the extra point.

One of the more outstanding highlights of the game occurred in the second quarter when Lyman's starting fullback 130 lb. Carl Presly intercepted a pass intended for a Florida Military School receiver and ran an almost unbelievable 67 yards for a touchdown.

The final and fifth touchdown for the Greyhounds was made by 135 lb. starting left halfback Jerry Watkins just minutes before the end of the second quarter in a 16 yard run for the touchdown. The extra point was made by 135 lb. Fred Grant, a Lyman quarterback.

Sanford Wallops Junior Crabs, 20-0

By CHESTER OXFORD
Coach Ralph May's Junior High Light Squad kept their undefeated record intact Saturday night as they white-washed the Daytona Bulldogs 20 to 0. This ended a record for the Bulldogs of having never been defeated in their own Stadium.

Some 125 Sanford fans sat through the first half, only to see the Braves play par ball and the score to read 0-0 at the halfway mark.

Something must have happened at half-time because the Braves came back for the second half and Lightning struck the Bulldogs.

Within four minutes of the third quarter the Braves scored 20 points and lead 20 to 0—and this is how it went: Daytona kicked off, Sanford returned the ball to their own 46 yard line. On the first play Hinson handed off to Chuck Scott and the little Speedster found a hole—shot through it, shook one hip at one Daytona back, and other hip at another back, and away he went for a 54 yard jaunt and his first TD. The try for extra point was missed the score was 6 to 0 in favor of the Braves from Sanford Land.

Irish Meet Spartans Saturday

United Press International
Something's got to give next Saturday when Notre Dame and Michigan State match perfect records in the college football game of the week.

Sixth-ranked Michigan State rates as the probable favorite over the No. 7 Irish on the basis of a 20-touchdown defense this season. Both will carry 3-0 marks.

Irish Coach Joe Kuharich has his team honed to a fine psychological edge. The men from South Bend are aware he is the only football coach in modern Notre Dame history to have a losing record. A victory over the Spartans would bring Kuharich's career mark at Notre Dame to 11-13 and provide the incentive to perhaps furnish him with a winning standard by the end of the season.

Top-ranked Mississippi, boasting one of the finest attacks in the nation, meets an improved Tulane team in another major game Saturday. The Rebels have won four straight this season and have gone through 19 consecutive games without a defeat.

Texas, ranked third, takes on Southwestern Conference champion Arkansas, while fourth rated Alabama faces Tennessee. Iowa, No. 5, tangles with Wisconsin and eighth-ranked Ohio State is pitted against Northwestern in major Big Ten conference games.

Maryland and Baylor, which had been tied for ninth in the ratings, both seek to recover from weekend whippings. The Terrapins go against the Air Force while Baylor tries to bounce back against Texas Tech.

Michigan State, with only a field goal to mar its defensive scoring record, shut out second ranked Michigan, 28-0, last Saturday as sophomore backs Dewey Lincoln and Herm Johnson led the Spartan attack.

Notre Dame completely dazzled Southern California, 30-0, as the Irish used more than 20 different backfield men against the hapless Trojans. Southern Cal quarterback Bill Nelson was nailed 14 times while trying to pass.

Mississippi mauled Houston, 47-7, in the most top-heavy score among the nation's elite. Glynn Griffing threw three touchdown passes for the Rebels.

Texas, which gained more than 500 yards the previous week, didn't require that much yardage to trounce Oklahoma, 28-7. Mike Cotten figured in all four Longhorn scores, tallying twice himself and setting up two other touchdowns.

Alabama, the team that hopes to unseat Mississippi as Southeastern Conference king, beat North Carolina State, 28-7, when Pat Trammel outduelled Roman Gabriel by throwing two touchdown passes. Iowa pinned winless Indiana, 28-7.

Ohio State's Bob Ferguson scored four TD's in the Buckeyes 44-0 triumph over Illinois; North Carolina recovered two of its own fumbles in the Maryland end zone to beat the Terps, 14-8, and Arkansas stopped Baylor, 23-13, on a pair of aerial scores by reserve quarterback Billy Moore.

In other top games, Dartmouth retained a perfect slate by rolling over Brown, 24-0, as did Memphis State, 21-7, over Mississippi Southern and Villanova by 28-8 over Buffalo.

Knocked from the perfect ranks were Yale, beaten by Columbia, 11-0; Duke, stopped by Georgia Tech, 21-0; Iowa State, beaten by Kansas, 21-7; and Northwestern, downed by Minnesota, 10-3.

Green Bay Comes Up With 3 Man Devastating Assault

United Press International
If there ever was a more devastating 1-2-3 backfield punch in pro football than Paul Hornung, Jim Taylor and Bart Starr, the Green Bay Packers would like to know about it.

Their names may not yet be as glamorized as Luckman - McAfee-Standlee of the 1941 Bears; Trippi-Harder-Angsman of the '48 Cardinals or Graham - Motley-Jones of Cleveland's great champions of 10 years ago.

But if you asked the stunned Cleveland Browns today, they'd tell you that Packers' backfield trio is plain dynamite. The Packers made a shambles of what had been billed as the National Football League's "game-of-the-week" when they routed the Browns, 49-17, Sunday before a crowd of 75,042 at Cleveland.

Taylor, the NFL's leading rusher, piled up 158 yards in 21 carries to gain more ground yardage than the entire Browns team. He scored four touchdowns, two

on runs of 35 and 45 yards, and now has a running average of 6.4 yards for 81 carries.

Starr, once regarded as something of a mediocrity as a quarterback, completed 15 out of 17 throws for a total of 266 yards. He now has a fusty 61.7 passing percentage that is tops in the league.

In between these efforts, Hornung did his normal day's work of ball-carrying, kicking and blocking. He went over for one touchdown and kicked seven conversions to swell his league-leading scoring total to 77 points.

And in case you don't know the fourth man in that backfield, he's Boyd Dowler, a flanker who caught a pair of long passes good for 66 yards.

All this time, the Browns, regarded as a title contender in the Eastern Division, floundered like semi-pros. Their only score in the first half was a 27-yard field goal by Lou Groza and they trailed 28-3 before Milt Plum threw a pair of futile late scoring plays.

Mrs. Heath Joins Husband In Germany

Mr. and Mrs. John Reaves of Lake Mary have received word from their daughter, Virginia (Mrs. Harold H. Heath), of her safe arrival at Frankfurt, Germany, after a jet flight that took only six hours from New York.

Mrs. Heath and her two young sons, Mark and Kevin, have been living in Lake Mary for several months. Mr. Heath has been stationed in Germany for over a year and has just received his commission to first lieutenant.

His wife and children were glad to join him and they will all stay there for two more years.

Mrs. Heath drove from Lake Mary to New York and stopped on the way to spend three days in Baltimore, with friends she made when she was in nurses training there.

Also back home in Lake Mary for the summer, was the Reaves son, James C. Reaves, who is staff sergeant in the U. S. Army. He returned to Lake Mary, in June, after being hospitalized at the Andrews Air Force Base, in

Washington, D.C. for 15 months. He has recently had a check-up and examination at Bay Pines Hospital. He was wounded in service and received a medical discharge from the Dover Air Force Base, in Dover, Del.

He must report to various hospitals for check-ups but is presently staying at his parent's home, in Lake Mary.

Garden Club Luncheon Planned For Thursday

The general luncheon and business meeting of the Sanford Garden Club will be held Thursday at 12:30 p.m. at the Capri.

Guest speaker will be Mrs. Louis Oakley, president of the St. Petersburg Garden Club, one of the largest clubs in the state. She will use as her topic, "World Gardening." Mrs. Oakley is also world gardening chairman of the Florida Federation of Garden Clubs.

During the luncheon informal modeling will be presented by the Mary Esther Shop, with hair styles by Harriett's Beauty Shop. Garden Club members must make reservations with their circle chairmen and the deadline is tonight.

Try to get as much rest as possible when you have a cold. And always cover your mouth when coughing or sneezing.

Flameless ELECTRIC Cooking heats the food ...not the kitchen

ELECTRIC cooking means there's direct contact between utensil and heating element. Heat goes quickly and directly into the food — not your kitchen.

FLAME cooking means heat spills up around utensil, heats up your kitchen — and you!

A modern automatic electric range will cook food just as fast as food will cook... without wasted heat that overheats the kitchen and you. Flameless electric cooking means no constant-burning pilot lights... also eliminates the by-products of flame... soot, fumes, greasy fuel grime. Dear Abby:

By Abigail Van Buren

DEAR ABBY: I am 46 and my husband is slightly older. We have been married 20 years. My husband, at his age, is still collecting stamps! He spends hours filling stamp albums. How embarrassed I am when I tell my friends my husband is busy with his stamps! For a young boy, this hobby is fine, but not for a full-grown man. Please set my husband straight. MRS. G.

DEAR MRS. G.: I am afraid it is YOU who should be set straight. Stamp collecting is a very worthy hobby for a person of any age. Why don't you take a leaf out of your husband's book? This is a hobby that really sticks!

DEAR ABBY: Do you think it is fair for parents to put their children in boarding schools and leave them? I started in the first grade, and now I am a senior. If you've spent only four years all told with your parents, could you love them? I can't. I have had all the material things that any child in this world could want but, in my opinion, the poorest child who lives at home in the slums has more than I will ever have. He has "love." Thank you Miss Abby, for letting me get this off my chest. I could never say this in confession without being punished. May

Mary bless you. Am I wrong. UNLOVED

DEAR UNLOVED: Perhaps you are. Most parents do what they feel is best for their children. You are not expected to understand the full meaning of this until you, too, are a parent. Save this and remember it.

DEAR ABBY: Every boy I take an interest in starts telling me his troubles as though I was his sister. I listen sympathetically, but am very much annoyed when the evening turns out to be nothing more than an advice session. How can I establish the fact that I am not simply a shoulder to cry on, and have trouble of my own? EVERYBODY'S SISTER

DEAR SISTER: Quit acting like a sister—and the boys won't react like brothers. A girl can't expect to play the romantic lead in the life of every boy she meets, but if she is ALWAYS handed the sister part—there is something too sisterly about her approach.

What's troubling you? Write Abby, care of Box 3365, Beverly Hills, Calif. Include self-addressed stamped envelope.

We The Women:

By Ruth Millet

I see where a little word that used to give schoolteachers the shudders when I was sitting at a school desk has now wormed its way into social acceptance. The word that has finally made the grade is "ain't."

And again, to stretch a point: I thought you ought to know so that you won't cross the Smiths off your list if, when you phone to ask if they are going to be busy Saturday night, Mrs. Smith says, "No, we ain't."

is they didn't have the same English teachers I had or they never could have uttered "ain't" without blushing. Come to think of it, I feel rather sorry for those teachers who spent a lifetime trying to make "ain't" seem as repulsive a little word to their students as it did to them. And now here it is in the dictionary. And there ain't a thing the teachers can do about it. Ain't that a shame?

Jacoby On Bridge

By Oswald Jacoby

In response to numerous requests to discuss the bidding problems involved in opening in third and fourth seat and about responding after you have passed originally, I will devote several weeks' articles to the subject. In the early days of contract, the fourth hand opening was always a big hand. The theory was that you could pass and get a new deal, so why take a chance? Today, a good player will open in fourth seat any time he thinks that the odds favor his side making a profit. He won't always be right, but he will win more than he will lose if he will simply follow these rules:

- 1. Open any time with a proper first hand opening bid. 2. Shade a bid a trifle or maybe

even more, when there is a good spade holding. North's fourth hand spade bid follows rule two. He has 11 high card points and a hand that would not quite be worth a first or second seat bid. South makes his normal response of two hearts and North passes. When you open in third or fourth seat you reserve the right to pass your partner's new suit response. Playing at two hearts South makes three odd. He has to lose two clubs and the ace of hearts and his normal play in diamonds is to lead toward dummy's queen after he has drawn trumps. Hence, he loses one diamond trick only.

Highlights

7-7:30 p. m. ABC Expedition—"Treasure of the Sacred Well." Second of two-part program: Exploration of the 160-foot-wide sacred well in the State of Yucatan. Problem involved was assembling an underwater lift to bring to the surface relics of ancient Mayan culture. Somewhat hazardous undertaking, but results achieved in acquiring the artifacts seem worth the effort, historically, and from viewer's interest host is Col. John D. Craig.

8-8:30 p. m. CBS. Pete and Gladys—"Uncle Paul's New Wife." Has sufficient quota of laughs, thanks to smooth performances of regulars Harry Morgan and Cyra Williams, plus guest stars Gale Gordon and Reta Shaw. Gladys goes from one predicament to another when Uncle Paul arrives unexpectedly for a visit with his recent bride.

Lake Mary Couple Sees Friends, Relatives During Vacation Trip

By FRANCES WESTER
Mr. and Mrs. P. D. Anderson of Lake Mary returned recently from a fifteen day vacation. They flew from Orlando to Pittsburgh and visited not only their son and daughter-in-law, Mr. and Mrs. Raymond E. Anderson and four children in Beaver, Pa., but stayed briefly with other relatives there. In New Castle, they saw Mrs. Carl Haug and her three daughters, Mr. and Mrs. C. M. McNickle, Mr. and Mrs. William Smith and daughter, Mr. and Mrs. F. O. Alexander and Mrs. J. L. McConaghy; in Mahoningtown, Mr. and Mrs. E. H. McConaghy and Mr. and Mrs. Oliver Henry and two sons; in Harmony, Mrs. R. J. Anderson and her 85-year-old mother, Mrs. Eppinger; in Ellwood City, Mr. and Mrs. J. P. Meyer, Mr. and Mrs. Earl Meyer and daughter, Mr. and Mrs. James Fitzgerald, Mrs. Jack Gerlack and three children, and Mrs. Wilber McKim and three sons; in Allegheny, Mr. and Mrs. J. H. Hodges; in New Wilmington, Mr. and Mrs. Irving Mansell and Dr. and Mrs. John Mansell and two children. Navy personnel here will remember Dr. Mansell who spent two years at NAS, Sanford. He

now has a new office building, complete even to a telephone answering service for weekends and in the parking lot, a hitching rail for the horse-drawn buggies of the Amish. Perhaps the brightest memories of the trip for the Andersons are of the Rainbow Installation Service they saw when they were guests of their granddaughter, Miss Cheryl Anderson; the tour of Westminster College, where her brother, Raymond, is a freshman this year, and of three generations of Andersons attending the church service.

Seven of ten living Americans are too young to remember World War I.

Girl Scouts Find Canoeing Not As Easy As It Looks

By SUSIE WALBACK
There were many sore muscles at Seminole High School Monday morning as the 11 members of Senior Girl Scout Troop 10 limped back to classes after a fun filled weekend of camping, canoeing and eating. Early Saturday morning they arrived at Juniper Springs in the Ocala National Forest with their leaders, Mrs. James Buckler, Mrs. Jack Wilbur and their husbands. The girls pitched their tents and eagerly prepared for a 12-mile canoe trip.

The trailblazers in the first canoe were Bucky Buckler, Sharon Milko, and Jean Fletcher and they marked the way for the second group, Brenda Brown, Susie Halback, Gay Hunt, Judy Lavelle and Susan Deas. Bringing up the rear were Norma Whittier, Carol Oxford, Maria Rowland and Carol Samuel. The trip was off to a rousing start as Carol Samuel stood up, slipped and fell out of the canoe. Soon the intrepid canoeists were on their way, going sideways down the river and running into the bank at nearly every turn.

The stream began to widen into a sawgrass swamp and the fearless Girl Scouts ran aground only 20 or so times. As the day wore on they grew tired and hungry and never were a group of p-'s happier to find civilization once again. After eating supper and singing around the campfire, the girls crawled into sleeping bags, too tired even to talk. Sunday was anticlimax to the events of the day before and everyone spent it lying around eating and preparing to go home. They broke camp at 1 p.m. and in spite of colds and aching mus-

cles, declared it was a weekend never to be forgotten. E.A. note: We thought this was such a good story, we are printing it just the way Susie wrote it.

Nikita Makes Berlin Offer

West Welcomes Russian Move With Caution

MOSCOW (UPI)—Premier Nikita Khrushchev offered today to withdraw his year-end deadline for signing an East German peace treaty if the Western Allies "show readiness to negotiate" on Berlin.

WASHINGTON (UPI)—U.S. officials reacted cautiously today to Soviet Premier Nikita Khrushchev's proposal for a Berlin settlement.

He told the more than 5,000 delegates, Communist visitors from abroad and a handful of Western newsmen gathered in the glittering new, glass-walled House of Congress inside the Kremlin walls that the West appeared ready to settle the Berlin and German problems on a "mutually acceptable basis."

In London, Western European government sources gave an initial guarded welcome to Soviet Premier Nikita Khrushchev's dropping of the year-end deadline for a Berlin settlement.

The reaction was something like this: "The West has won the first round in the diplomatic battle with Russia over Berlin, but we must expect mounting Soviet pressures for early East-West negotiations of a settlement on Soviet terms."

(A preliminary diplomatic assessment of Khrushchev's let's-have-peace address to the Communist party congress in Moscow today interpreted Russia's climb-down from its 1961 German settlement deadline to be a result of Western firmness and defensive maneuvers in the face of Moscow's threats and ultimatums.)

Khrushchev previously has hinted that he might not carry out his threat to sign a separate treaty with Communist East Germany by Dec. 31 if negotiations could be stated. But his statement today was his first firm offer.

On announcing that the current nuclear test series would wind up this month with the massive explosion, he said that Russia already has a 100-megaton bomb.

"May God grant that we never have to explode it," he added, "because we might then blow in our windows."

Ask Probe Of North Orlando 'Promised' Program

Residents attending a special meeting called by the North Orlando Civic Assn. Monday, decided to send letters to F.H.A. district headquarters and to the Homebuilder's Assn. offices requesting that they make an investigation of the North Orlando Company to determine just what steps it will take on promised improvements and setbacks in the village.

The decision stemmed from a recent resolution, drawn by the association which criticized the company for lack of action on promised improvements and stated that within 14 days the group would go ahead with available steps to effect the desired action.

W.W. Anderson, president, read a letter from the company stating that its offers of financial and property assistance still remain and that the company, who drafted the association's resolution, explained that its purpose had been to find out when the work would get underway, particularly on the civic building much needed in the community.

Those at Monday's meeting also decided to take a membership vote at the groups next regular meeting on Nov. 6 to determine whether or not it will join the North Orlando Homeowner's Assn. in drafting a resolution calling for the matter of a new village charter to be put to a referendum vote of village residents.

Carrier Randolph Catches Fire As Tanker Rams It

NORFOLK, Va. (UPI)—The aircraft carrier Randolph collided with a Liberian tanker and caught fire Monday night, the Navy reported today.

Atlantic Fleet headquarters here said the collision scene was about 825 miles east of Charleston, S. C. at 6:20 p. m.

The Navy said neither the Randolph nor the oil tanker Atlantic Viscountess was in danger of sinking. There were no serious injuries reported.

A spokesman said the Atlantic Viscountess "knifed into" the port bow of the 40,000-ton aircraft carrier, which had a destroyer on its starboard side taking on fuel only moments earlier.

A gasoline line from the carrier ruptured upon collision and caused a flash fire aboard her, the spokesman said.

"Prompt, efficient firefighting extinguished the blaze in less than five minutes," he said.

A crewman aboard the tanker was injured and reported to have been suffering from shock.

There were "minor injuries to firefighters" aboard the Randolph the spokesman said. The number of injured was not reported, but none were said to have required hospitalization.

The Navy said the Randolph would remain at sea with the destroyers in its task group and would return to port upon "completion of her present schedule."

CAPE CANAVERAL (UPI)—The federal space agency said today it has postponed the maiden flight of America's first "super-rocket," the Saturn, to make improvements on the vehicle.

The launching of the 460-ton rocket had been scheduled within the next few days at this huge spaceport. The delay may push the firing date back a week or more.

"We'll have a better idea about a new launch date next week," a space agency spokesman said.

Scientists had planned to launch the 163-foot rocket, four times over launched in the free world, on a flight that would take it 80 miles into space and 225 miles over the Atlantic Ocean.

The eight-minute flight was designed to determine whether the superbooster can fly, and if so, how well.

The agency said today, however, that "project officials have determined that refinements in the control system . . . could result in a significant improvement in booster performance and resulting test data."

BONN, Germany (UPI)—Chancellor Konrad Adenauer today said he will retire from the post before his next four-year term is up, a party spokesman reported.

Adenauer's third term as chancellor automatically ended when the new parliament met today but the 65-year-old chancellor was an odds-on favorite to be re-elected.
