CAPITALISM

Nothing is superior except by comparison

WHEN we compare the conditions of nations and people in various parts of the world, we find that the United States, under its democratic, capitalistic system, has achieved a standard of living which is superior to that of any other nation.

The basic principle of the free, capitalistic system is that each individual is free to use his talents to the best of his ability and to produce and consume as much as he can. This system has resulted in a higher standard of living for all our people.

The following facts give us a deep appreciation of what capitalism has done and is doing for our country and its people:

- Our participation in World War II has left us today with a national debt of two hundred fifty-seven billion dollars, but on the credit side we find that our annual national income, at the current rate, is equal to 90% of our total national debt.
- The United States free enterprise business system is operating at its highest level, furnishing employment to sixty-two million people at the highest hourly and weekly earnings ever recorded.
- Our farmers had cash income from marketing last year amounting to twenty-seven billion five hundred million dollars, the highest on record.
- Total farm assets of our country amount to slightly more than one hundred twenty-seven billion dollars, against which there is an indebtedness of only twelve billion four hundred million dollars.
- In our farm homes, counting apartment buildings with four or less families, and all valued at a total of two hundred billion dollars, our home owners have an equity of one hundred fifty-eight billion dollars—a substantial ownership of 79 per cent.
- Therefore, as a result of the opportunity provided by our free-enterprise capitalistic system, the people of our nation have a free and clear ownership in their homes and farms of 83.4 per cent.
- Our people have savings of more than one hundred thirty-six billion dollars in government bonds and savings accounts.
- An additional ninety-seven billion dollars are on deposit in commercial bank accounts.
- Our men and women have a cash investment of sixty billion dollars in life insurance policies.

A high percentage of our working people are provided with unemployment insurance, sickness, accident and retirement benefits, financed by employers, employees and government. Others who are not covered by these plans and who find themselves in need are provided for by governmental and social institutions.

We are increasing our efforts to improve the standard of living of the people in the lower income brackets.

The United States, with only six per cent of the world population and seven per cent of its land area, under its democratic, capitalistic system, before World War II, produced forty-seven per cent of the world's manufactured goods, but what is more important, ninety per cent of that production was consumed within our own borders. Today we are producing over fifty per cent of the world's manufactured goods, of which a substantial percentage is for other countries.

Capitalism is backing freedom of worship and providing increasing educational opportunities by constantly giving more and more support to the two things upon which our democratic, cultural civilization depends—spiritual and educational values.

We have a permanent investment in churches and schools of eighteen billion five hundred million dollars and are spending annually eight billion dollars for religious and educational purposes.

Membership in the churches is increasing at a much faster rate than the increase in the population, and in our Sunday Schools at an even greater rate.

In the past thirty years, elementary school enrollment has increased 13.5 per cent, high school enrollment 146.1 per cent and college and university enrollment 351.6 per cent.

Our public school expenditures per pupil enrolled have gone up from \$48.02 in 1920 to \$132.06 in 1947, or 175.0 per cent.

Since 1920 the population of our country has increased 43 per cent and the investment in school and college equipment has increased 571 per cent.

Since the beginning of our industrial and scientific development in the early 1800's, the capitalistic system, due to individual freedom, initiative and ingenuity, has given the world more of the comforts and conveniences of life than mankind had received in the previous 5000 years of civilization.

Under this system our people as a whole are happy and united, are increasing their capital and enjoying a fuller spiritual, cultural and material life.

Today our scientific and industrial knowledge and experience in the various fields of peaceful activity are open to the rest of the world, and in this respect we have joined with other like-minded nations in contributing to the technical assistance program of the United Nations.

No nation, no individual, no venture, no private or public institution, no program for the welfare of people can progress without capital.

It is each individual's duty to contribute to the preservation, protection and improvement of our democratic civilization on a basis which is sound and fair to all our people.

Acting And Teaching

More of a jump than a step in the employment of television for education has been made in Baltimore. Television has been used to place a picture of a distant instructor before a class; a second circuit was added to place the picture of the class before the instructor.

The Yellow Peril

Is the old phrase, "the yellow peril," becoming a reality? Whoever originated it, it was first popularized by Kaiser Wilhelm II of Germany, who envisioned China's unnumbered hordes sweeping over and destroying Western civilization.

Mrs. Conrad And Miss Brock Honored

Mrs. Fred Dyson and Miss Elizabeth Dyson entertained Saturday with a luncheon in honor of Mrs. William Conrad and Miss Betty Jo Brock.

Individual tables were attractively overlaid with linen, cloths and centered with Christmas lanterns. The dining room table was covered with a beautiful white and gold cloth and centered with white gladioluses, balanced by a Christmas tree scene. A Christmas Church scene formed the setting for the buffet.

The hostesses presented the honorees with crystal and china in their chosen pattern.

Those invited to be with Mrs. Conrad and Miss Brock were Mrs. Grady Duncan, Mrs. Nancy Brock, Mrs. Ralph Loring, Mrs. J. E. Terwilliger, Jr., Mrs. Allen DeLaney, Miss Daphne Connolly, Miss Margaret Dinefelder, Mrs. Helen Baker, Miss Toi Livingston, and Miss Minnie Ruth Odham.

Miss Catherine Clark Honored At Party

Mrs. Al Hunt and Mrs. Al Lee were co-hostesses at a bridge and cannasta party Saturday afternoon at Mrs. Hunt's home honoring Miss Catherine Clark.

The living room was decorated beautifully with a large green Christmas wreath tied with a red bow placed on the mantle above an all white five place. Different colored tapes were placed on each side of the wreath, and a large lighted Christmas tree completed the holiday motif for the room.

Prizes were awarded to Mrs. Hugh Wheeler, Mrs. Blake Sawyer, Mrs. Walter Steele, and Miss Betty Moore. A delightful salad course was then served from a table centered with an attractive Christmas scene featuring Santa and his reindeer.

Those invited for the occasion were Mrs. Wheeler, Mrs. Sawyer, Mrs. Steele, Mrs. John Clark, Mrs. Ashley Jones, Mrs. Wright Kirtley, Mrs. George Speer, Mrs. M. L. Babson, Jr., Mrs. Harold Heckenbach, Mrs. Ruby Sloan, Miss Louise Clark, Miss Betty Moore, Miss Daphne Connolly, Miss Margaret Dinefelder, Miss Betty Jo Brock, and Miss Jean Williams.

Mrs. Richard Farrell Entertains Chapter

St. Monica Chapter of the Episcopal Church held a meeting last Tuesday night at the home of Mrs. Richard Farrell. Mrs. Ralph Wright was co-hostess.

Due to the absence of the chairman, Mrs. Fred Dyson, Mrs. H. W. Williams presided over the business meeting. Plans for decorating the Church for the Christmas Eve service were discussed, and several members volunteered to help.

It was announced that the January meeting would be at the home of Mrs. Roy Spines, Jr.

Mrs. B. J. Goodie, Mrs. S. J. Nix presented the Devotional, and Mrs. B. C. Moore presided at a short business meeting. A clothing shower for a needy family was held, and gifts were distributed from a beautiful Christmas tree.

Chatter Party Given For Miss Clark

Miss Catherine Clark, whose marriage to Howard Wheeler will be an event of this month, was honored with a "chatter" party Tuesday afternoon given by Mrs. Walter Steele and Mrs. Blake Sawyer at Mrs. Sawyer's home on Palmetto Avenue.

The party rooms were opened on suite and were beautifully decorated to carry out the Christmas motif with Christmas berries, choir angels, and candles used in the living room.

The dining table from which refreshments were served was overlaid with an extra lace cloth and centered with a miniature Christmas tree, bedecked with bright colored balls, tiny Santas, and center on a reflector.

Mrs. Ruby Sloan poured coffee from a beautiful silver service, and dainty open faced sandwiches, party cookies and cakes, nuts, and nuts were served from crystal appointments.

Miss Clark was presented with a piece of her crystal from her hostesses, and Miss Betty Jo Brock, bride-elect of this month, was presented with a piece in her chosen silver pattern.

Those invited to be with Miss Clark were Mrs. J. L. Clark, Mrs. Hugh Wheeler, Mrs. Harold Heckenbach, Mrs. Ruby Sloan, Mrs. Marvin Dyal, Mrs. Roger Harris, Mrs. Ashley Jones, Mrs. Robert Jones, Mrs. Raymond Knier, Mrs. Fred Jones, Mrs. Ray Williams, Mrs. David Dyal of West Palm Beach, Miss Louise Clark, Miss Jean Williams, Miss Betty Jo Brock, Miss Jean Sawyer, Miss Lyl Boyd, Miss Nancy Williams, Miss Mary Touchton, and Miss Barbara Chastman.

Hearn And Maglie, Bullpen Artists, Are Best Pitchers

By WILL GRIMSLEY
NEW YORK, Dec. 20 (AP)—Fugitives from the bullpen—Jim Hearn and Sal Maglie, both of the New York Giants—turned out to be the most effective pitchers in the National League last season. Official averages, out today, showed that Hearn, a St. Louis Cardinal castoff, led in the department that determines mound greatness with an earned run average of 2.49.

His teammate, Maglie, who wore his trousers thin on the bullpen bench for half the campaign, posted the circuit's highest winning percentage with 18 victories and four defeats for .818.

Between them, they were 1-2 in both the important phases of pitching excellence—earned run average and winning percentage. Maglie was second to Hearn in E.R.A. with 2.71. Hearn followed Maglie in the percentage list with 11.4 for .525.

The Giants furnished three of the top four fingers. Larry Jansen was fourth in E.R.A. behind Ewell Blackwell. Blackwell had a 2.97 mark. Jansen 3.01.

Ed Levy Appointed To Manage Senators

Ed Levy, former pilot of the Sanford Giants, has been appointed manager of the Orlando Senators for the 1951 Baseball season.

Levy was Florida State League home run king during the past season and is a veteran of 16 years in baseball. The gangling first baseman hit 33 circuit clouts and batted .333 last year in one of his best years.

Levy, a former Rollins college student, was signed by the New York Yankees in 1936 and has been in professional baseball ever since except for a wartime hitch in the Coast Guard.

He has made no plans for the Senators 1951 team as yet but will attend all baseball schools in the area. He pointed out that until the military draft gets in full swing it won't be possible to decide on a definite player roster.

Yale was the first football team to use signals (1882), the tacking dummy (1890) and cleats (1890).

Defensive end Harold Loehlein of Army came to West Point from Nogoya, Japan, where he served in the Army of Occupation.

Army grizzer Ed Tixer is captain-coach of the Cadet basketball team.

Cravath Reported Through As Coach Of U. S. C. Trojans

LOS ANGELES, Dec. 20 (AP)—Jeff Cravath is through as football coach at the University of Southern California, the Los Angeles Times said today. The newspaper added he will be asked to resign in a few days.

The coach himself said he had no comment whatever to make on the report.

The Trojans, normally a powerhouse in college football, have just finished one of their worst seasons, with five defeats, two ties and only two victories.

The Times said the decision to ask for Cravath's resignation was reached last night at a closed meeting of top Trojan officials.

Willis O. Hunter, the school's athletic director, declined comment.

It has been known for some time that alumni were not too happy with the performance of the Trojan team. There have been many audible complaints.

However, to the team, the student body and most of the university officials have stood back of the coach during the past drab season.

His contract has two more years to run. It is believed his salary was raised to \$14,000 annually a year ago when he signed a three-year pact.

The Times said his salary will be brought up.

Cravath, 47, is the only alumnus ever to coach football at USC. He was one of the greatest linemen in Trojan history and captained the 1917 team.

He took over as head coach in 1942, his teams winning four Pacific Coast Conference championships and two Rose Bowl games. His over-all 80 record is 54 wins, 28 losses and eight ties. He previously coached at Denver University, Chaffey (Calif.) Junior College and the University of San Francisco.

Bo McMillin Quits As Detroit Mentor

By CHARLES C. CAIN
DETROIT, Dec. 20 (AP)—The Detroit Lions are in the market for a new head coach and general manager. The veteran Alvin "Bo" McMillin resigned the dual post in a surprise move yesterday.

The 36-year-old McMillin, who headed Detroit's National Football League club for three seasons, said he had reached a "good settlement" with the \$20,000-a-year contract which had two years to run.

"I've got no immediate plans and no ties in the fire on any coaching job," declared the white-haired McMillin.

McMillin issued a three-page statement explaining his reasons for the decision to quit the NFL post. He had been under fire from some quarters since his team went into a mid-season slump it finished strong to wind up with a six-six record for the season.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, Dec. 20 (AP)—Two Well, what do you know? A basketball coach who agrees with Phog Allen—almost—Yale's Howard Hobson, one of the game's keenest technicians, doesn't think Phog's idea of waiving all fouls answers one big problem completely, but he agrees that the Kansas coach has pointed up the need for increasing the penalty for fouls.

Utah's Vadal Peterson, a conservative guy who says he never had a six-foot-five basketball player scout an opponent before this season, tabs Southern California as the best team he has seen this season. He had advance warning from the late Sam Barry, who told him last summer "I have it this year."

Frustration Dept.
Tired of footing the repair bills on a basketball time clock that wouldn't work last season, Bucknell Athletic Director Al Humphreys had a new one installed during the summer.

It was a dilly of a gadget, with colored lights, electric timer and almost everything but a seven-foot pivot span. At tested it a week before the opener and it was perfect.

Then came the opening game and the clock ran just 40 seconds, then quit for the evening.

One-Minute Sports Page
Schoolboy basketball in New England is making such headway that the opening Boston garden program, Dec. 9, started at 9:30 A. M. and two other all-afternoon cards are planned.

In All, 146 teams from six states are due to appear. But head-man Walter Brown means "I don't think the schoolboys could learn much from watching our pro team the last few years."

The Jeffords stable of Philadelphia, just arrived in Florida for winter racing, probably is the only one divided into masculine and feminine divisions. All the colts and horses are raced in the name of Walter M. Jeffords the Fillies and Mares in Mrs. Jeffords' colors.

Anonymous Sniper Continues Attacks In Frightened City

PHILADELPHIA, Dec. 20—(AP)—A man walking with friends on a south Philadelphia street early today was mysteriously wounded by a bullet his companions said

they did not hear fired. Richard C. Lavery, 54, was admitted to St. Agnes Hospital in critical condition. He was the eighth target of an unexplained shooting here in recent weeks. Detective Sgt. Harry McCann said he had been unable to discover any link between the wounding of Lavery, and the slaying of Mrs. Claire Cohen in her West Oak Lane home last Saturday night. The two shootings took place in opposite ends of the city, more

\$20 Billion

(Continued from Page One) organize the government for the mobilization effort.

In the House, immediate consideration of this legislation was blocked by an objection from Rep. Hallock (R-Ind.).

Chairman McClellan (D-Ad.) of the Senate committee told a reporter the group will call in Charles E. Wilson, director of the new office of Defense Mobilization, to justify the reorganization proposal before deciding its fate.

He said testimony of Budget Director Frederick J. Lawton had not convinced the committee that this plan can't wait until the next Congress convenes Jan. 3.

Senator Taft (R-Ohio) led GOP opposition to the general reorganization. He told Lawton "you want powers to do something without any idea of what you are going to do."

House Democratic leader, McCormack suggested a general manufacturers' excise tax as a means of gathering additional billions to put the defense effort on a pay-as-you-go basis.

This was his answer to newsmen's questions on how Congress can raise the \$16,000,000,000 needed to balance out the defense budget.

Manufacturers excise taxes already are in effect on some products, including refrigerators, ra-

than five miles apart. Police have said they believe Mrs. Cohen was killed and several other persons wounded in recent weeks by a man in a car who was driving without notice at people whom he may not even have known.

Lavery was shot in the back, the slug passing through his chest and entering near his heart. Police who recovered the bullet said it appeared to be of .32 calibre and could have been fired either from a pistol or rifle. Early a hospital source had reported Lavery had been struck by a shotgun slug. Mrs. Cohen was killed and at least two other persons wounded by .32 calibre bullets.

Lavery and two companions, James J. Durning and Roger Regan, had just left the headquarters of the Durning String Band, one of the musical organizations which marches each year in Philadelphia's famed New Year's Day Mummers parade. Durning is president of the band association.

The three men were walking toward Durning's car shortly after 1 A.M. when Lavery collapsed, mumbling "I'm shot." Durning and Regan told McCann they did not see who fired the shot, nor from what direction. They said they recalled hearing only a "bang" before Lavery stumbled and fell.

Police quickly threw a cordon around the area and made an intensive search, but said later they had found no trace of the gunman.

The new shooting intensified the widespread police search for the sniper. The police said their best lead so far had come provided by two teen-age boys who reported Monday night that a prowler, surmising what might have been a rifle, frightened them while they were hunting for objects on the porch of their home. The boys told police the man wore an unusually long black coat and black derby, was of medium size and drove away in a dark coupe.

dies, television sets, tobacco and whiskey. They are paid by the manufacturer and usually added to the price of the product. "During this state emergency, with the national debt already where it is," McCormack said, "it is vital that we meet the expenses of the emergency as they arise."

President Truman signed legislation extending rent controls to Mar. 31, 1951. The 90-day extension was voted by Congress at Mr. Truman's request. The idea is to give the incoming Congress time to review the national housing picture in the light of changed conditions created by the defense emergency.

Without the interim extension, rent controls would have expired Dec. 31 except in those communities acting to retain them until June 30.

Meanwhile Union labor has demanded that any government wage controls plan allow for pay increases to match rises in the cost of living.

A united labor policy committee, headed by AFL President William Green and CIO President Philip Murray, took this request to President Truman even as the Economic Stabilization Agency worked on a wage formula to go along with the voluntary price control system announced last night.

Members of the group said they also asked new legislation to permit greater controls over food prices and rents.

They gave reporters a statement which made these main points as to wages:

1. Any wage stabilization policy must permit adjustment of wage rates to make up for increases in the cost of living and "must recognize existing collective bargaining agreements which themselves assure stability."

2. That would protect the cost-of-living adjustment feature in contracts covering 85 industries, including the huge automobile industry.

3. Overtime payments for premium work now protected by collective bargaining agreements or existing law, that in work over 40 hours a week in the case of law, "must continue to be held inviolate."

President Truman also decided today to make another show of his confidence in Secretary of State Acheson by arranging to meet him late tonight at the airport upon his return from Brussels.

Mr. Truman, the White House

Mr. Gladstone Meredith, R. No. 107 2nd Valley Station, Ky., who works with Kropfage Florists in Louisville, says that while he's not an expert on flowers and plants, he does know that when the proper soil, sunshine and minerals they really do blossom out, and that folks are the same way—if one doesn't get the proper Vitamins and Minerals needed, one feels miserable a lot of the time.

Here is Mr. Meredith's own statement on how HADACOL helped him:

"Before I started taking HADACOL I didn't have a bit of appetite—seems like food didn't appeal to me a bit. Couldn't sleep either—sometimes I'd lay awake for hours before I'd get some rest. I was just as jumpy as I could be. I was really in sorry shape. Then I heard how other folks with the same trouble I had were being helped by HADACOL. I can say that after the first few bottles I could tell a definite improvement. Now I feel first rate—have a wonderful appetite—get plenty of sleep and am not the least bit nervous. I think HADACOL is wonderful—would never do without it myself."

There Are Thousands of folks all over the country whose systems were deficient in Vitamin B1, B2, Iron, and Nicotinamide. HADACOL can help you, too, if you will just give HADACOL a chance—if you suffer from stomach distress, certain nervous disturbances, insomnia when due to upset stomach, varicose veins and pains, or a general run-down condition when they are due to such deficiencies, let HADACOL help you as it has helped others all over the country.

Give remarkable HADACOL a chance. Remember, you have nothing to lose. HADACOL will make you feel better after the first few bottles you take, or your money will be refunded. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your drugist does not have HADACOL, order direct from The LeBlanc Corporation, Lafayette, Louisiana.

A&P'S PRICE POLICY

- Storewide low prices on hundreds of items every day... instead of just a few "one-day" or "week-end specials."
- Advertised prices are guaranteed for one week, even though market prices go up.
- We believe this policy helps our customers save more money.
- With the correct price marked on every item, plus an itemized cash register slip... you know what you save at A&P.
