Duquesne Is Given Even Chance To Win National Invitation Tournament Honors

NEW YORK — An unexpected team will play in the finals of the National Invitation Basketball tournament Saturday night and probably will rest almost an even chance of winning the 12 team show.

Duquesne, which dumped third-seeded Western Kentucky, 69-61, last night, tangles with St. John's, St. John's, Monday's upset conqueror of second-seeded La Salle. In one of the semifinals tomorrow night for the 11th seed, the seeding committee left blank.

The tournament begins at 8 o'clock tonight at Madison Square Garden. St. John's, top-seeded Seton Hall, which won its desperate battle over Niagara, 79-74, last night, and fourth-seeded Manhattan, an easy winner over Louisville the night before.

"I think I would pick Duquesne to go all the way," declared Eddie Mickey, whose St. Louis University team was founded by St. John's surprising Redmen in the first round.

Seton Hall trailed Niagara for almost three quarters and led by only a single point with two minutes to play.

"They really made us sweat to get even," Coach Mickey assured.

Seton Hall will be the favorite when Niagara is a bell of a ball club.

The game wasn't in the bag until the last 30 seconds."

Southern Association Nines Start Spring Training In Florida Camps

By The Associated Press

Seven Southern Association baseball clubs are starting today to spring training in Florida camps, while the eighth-New Orleans-won't start work until March 15.

Nashville's pitchers and catchers reported Monday at their camp in Melbourne and already are at work. Other players are due to reach camp tomorrow.

Mobile's Rock's Travelers opened their spring training at Lake Wales. Twenty-two players had checked in last night, among them was pitcher Dutch McCall, only unsigned player in the group. He said he wanted to talk about salary before signing his contract.

A few familiar faces showed up at the Memphis Chicks' camp in Fort Pierce yesterday. Heretofore, the club has been unable to find a manager, Manager Jim Appling reported a roster of 21 men.

New Orleans' Pelicans will be in their home town.

Second baseman Ellis Clary announced his arrival at Chattanooga's Winter Park training camp with a parking ticket and a firecracker. But he quickly settled down in a lively hitting and fielding session. Lookout prey Joe

Engel expressed confidence today that manager Cal Ermer will lead his Lookouts to another Southern Association pennant.

The Mobile Bears are looking to four ex-service men for a battery and an outfielder. While manager Ed Head put his team through batting drills at Vero Beach, he named pitchers Melvin Waters and Joseph E. May, catcher Ewing Turner and outfielder Ted Barnes the former armed forces members expected to bid heavily for team positions.

Manager Mayo Smith welcomed three more Birmingham Barons to the Ocala training base yesterday and heard from three others expected soon. Pitcher Frank Criswell, first baseman Chuck Weiss and outfielder Milton Jolley were the newest arrivals. Smith said the first intra-squad game will be played Thursday.

Manager Gene Mauch of the Atlanta Crackers put his two-platoon training system to work at Miami Beach and announced that Mike Forline will start the Crackers' first exhibition game against Baltimore Sunday at Hollywood, Fla.

Fifteen Crackers took to the practice field.

New Federal Setup Plan Is Handed Solons

Eisenhower Presents Scheme To Congress

WASHINGTON, D.C.—President Eisenhower laid before Congress today a reorganization plan setting up a new federal department of health, education and welfare to take over the functions of the present Federal Security Agency.

The White House said the present FSA administrator, Mrs. Oveta Culp Hobby, would become secretary of the new department if it passes. If the Senate of House adopts meantime a resolution of disapproval,

Eisenhower submitted his proposal under a general law permitting him to draft plans for reshuffling government agencies in the interest of economy and efficiency.

This law provides that such plans, once submitted to Congress, become effective 60 days later unless the Senate or House adopts meantime a resolution of disapproval.

To be adopted, such a resolution must have the votes of at least half of the 435 House members.

Some lawmakers have questioned whether the general reorganization act is broad enough to permit creation of a new Cabinet-level department.

In a letter transmitting his plan to Congress, Eisenhower said the reorganization would "improve the administration of the vital health, education and social security functions now being carried on in the Federal Security Agency by giving them departmental tank."

"Such action," he said, "is demanded by the importance and magnitude of these functions, which affect the well-being of millions of our citizens."

Eisenhower's plan calls for the head of the new department to be assisted by an underscretary and two assistant secretaries.

The President said this would make it possible for the officials to have greater initiative of their responsibilities and salaries comparable to those received by their counterparts in other executive departments.

As federal security administrator

"Voice" Project, Believed Dead, Is Still Costing

WASHINGTON, D.C.—A State Department lawyer testified today that in Florida a much-criticized "Voice of America" radio project near Sanford, announced as suspended, is still costing the government \$29,000 a month.

The testimony, in the Senate investigation subcommittee, came from Thomas E. Bracken, who handles legal matters for the Voice. He said the expenses include reimbursement of the contractor

New Classes Slated For Telegraphers

New evening classes for railroad telegraphers and agents will begin Monday night at Seminole High School for men between the ages of 18-55. It was announced today by W. E. Howard, Negro Boy Scout Camp.

In a function completed yesterday, the Central Florida Council was voted over eight acres of beach and lake property just south of Paola on the Longwood-Markham Road.

Mr. Howard, owner of that property, agreed to offer six acres of camp property in return for the lakefront land. The deal was a private transaction and not made in connection with his official capacity.

Camp Howard is located in an ideal hill and lake section of the county and during the past few years has become a training and recreation center for Negroes not only of youth from other sections as well.

Mr. Howard, in his wife, that day, is passing out clowns today after receiving information from Des Moines, Iowa, that son was born to his wife at 12:30 a.m.

The child weighed eight pounds, one ounce at birth and has been named Nelson Lee. Mrs. Howard is spending the winter in town.

Well, here we go again folks. So many of our friends and neighbors have asked me to resume the writing of our column that I decided to try it once again. I know you will all have patience with me if I miss your news items once in awhile because the place has grown so fast that I feel like a mother letting out a number her baby is hard to keep track of what is happening with all our chicks.

I think the first thing of interest to most people might be the Property Owners Association meeting which was held last Tuesday. It was a good meeting and I am sure we are fortunate in having Mr. Charles F. Fraser for our president. He has had a vast experience in managing and organizing and will be great help to us in learning to know how to make an organization such as ours a working machine. I am sure everyone will help him to build it and we can tell the world we are ready now, watch us go. We have been very fortunate in having four good presidents during our four years of existence. Mr. Fraser takes the fifth.

The Saturday Nite Dance Club—meeting every Saturday between 8 & 12—is being very active and lively these days. Each week brings some new form of entertainment besides the dancing and they have a right jolly time. The best way to find out what they are doing is to "Come up and see them some time!" Mrs. Robert Vance is president this year.

The Glee Club—meeting the second and fourth Wednesday of every month at 8:00 p.m. under their new president, Bill Williams, is going along its musical way, very nicely. Mrs. Whitaker has made a group of real good singers of her girls and guys.

Food Supplements May Be Waste Of Funds, Says Doctor

LOS ANGELES (AP)—High-potency vitamins and "shotgun" doses of such food supplements as iron, molybdenum and other minerals may be a waste of money in some cases, says a leading blood specialist.

"People would do better to buy meat and vegetables in the grocery store," said Dr. Maxwell M. Wintrobe, hematologist from Salt Lake City, Utah. "Persons of normal appetite or even slightly subnormal appetite will get all of these substances they need in the food they eat."

"Nowadays a person has to be pretty hard up or a fanatic to develop a nutritional deficiency."

Wintrobe addressed the convention of the Alumni Association College of Medical Evangelists. He also served yesterday as moderator of a convention program on common errors in diagnosis. The college, largest medical school west of Chicago, is operated by the Seventh Day Adventist church.

There is no justification, said Wintrobe, for the general use of such substances as vitamin B12, ascorbic acid and copper found in the all-inclusive supplement type of supplement tablets. The popular acceptance of supervitamin and food supplement pills, he added, "has led to the manufacture of capsules so large they are actually hard to swallow."

First Aid Trainees Get Fine Opportunity

TULSA, Okla. (AP)—Eleven members of a Boy Scout first aid training class, having been wrapping each other in bandages yesterday, had a rare opportunity.

Four automobiles collided in front of the church where the class was in progress. The ladies grabbed their equipment and began searching for victims.

The fourth one, member of the class who was around late, and diagnosed her injured leg as a compound fracture. Splints were applied and the women stood proudly by as an ambulance arrived.

Doctors later said the leg was only bruised, but praised the splinting job.

Formerly Free Book Now Sells For \$3.00

WASHINGTON (AP)—A new book on naturalization, which was the best-seller price of \$3 a copy.

It is the annual report of the Immigration and Naturalization Service, usually distributed free by the thousands.

A form letter told those receiving it that price of the \$3 a copy.

His sides explained this was "a part of the general economy move," and cited a 1951 congressional act authorizing a charge for government publications.

Medical Auxiliary Hears Mr. McCaslin

Joseph McCaslin, chairman of the Seminole County Red Cross blood program, was the guest speaker at a meeting of the Seminole County Medical Auxiliary held on Tuesday. The meeting began with a luncheon at the Mayfair Inn at 12:00 o'clock.

Mr. McCaslin explained the blood program and following his talk the members discussed its project, the setting up and conducting of future blood banks in conjunction with the national defense blood program. The Auxiliary also planned to handle all future publicity in connection with the blood program and, this morning, was heartily commended by Mrs. McCaslin for undertaking these most important tasks.

The meeting, following the luncheon, opened with the reading of the auxiliary pledge and prayer after which conducted the meeting.

Those attending were Mrs. C. L. Park, Mrs. O. L. Banks, Mrs. Harry Shiley, Mrs. John Mottram, Mrs. J. Frank Doherty, Mrs. J. A. Smith, Mrs. Edwin Updike, Mrs. Frank L. Quilliam, Mrs. E. J. Muir, Mrs. McDaniel, Mrs. Daisy Knox and Mr. McCaslin.

Grammar School By CHARMON MILLER ROOM 8 NEWS

We entered our button gardens in the Garden Show and they won a special award. We were all very happy over it. Everyone in the room made a garden except one person. Mrs. Anna and Sandy kindly offered to take the gardens for the Harry-Anne Hospital for us.

Mary Belle Evans has gone back to Canada. We were all sorry to see her go. Before she left she gave us a Canadian dime with Queen Elizabeth II's picture on it for our museum.

We have two new books in our room library. They are Hans Christian Andersen's Fairy Tales and "Little Women." They were given to us by Mrs. Sydney Chase.

An orchid for Sally Chase and Dorothy Dugren for coming early to help Miss Campbell with the stems for the daisies in our play. An orchid for Charles Koke for staying after school to clean out the fish bowl.

We sent Vera out in Germany an Easter egg last week. We put an Easter dress and a doll to go. Miss Margaret Davis sent some coffee to Vera's mother and candies, gum and other goodies to Vera. Charles Koke took the box down to the post office to mail it.

Mrs. Fred Gammie gave us the piano left over from the Garden Show and Janice Shiley, wife of Ozier, Charles, Koke, and Benny Kelly are making plans for the 11th, the was the grand opening day.

Our class enjoyed the lessons on flower arrangements and candle shades by Mrs. George Harden, Mrs. Harry Cushing and Mrs. W. E. Erichhoff.

Our room is learning to dance "The Tarantella." Even the boys like it.

GREECE By JUDY SINGER

Greece is an island-nation in the Mediterranean sea. Although Greece is located about 10 degrees North Latitude, because of the mountains and water, Southern Greek farmers can raise some of the things we raise in Florida. Greece has many fine harbors, too.

Our country has given so much to the world. It has given the world poets like Homer who wrote the Iliad and the Odyssey; orators like Demosthenes; teachers like Socrates; Plato who wrote "The Republic"; the Apostle who later taught Alexander the Great; the bathes of Mycenae; the teller of fables; and Phidias the architect who built the Parthenon were Greeks.

Greece has been invaded many times. The people are poor but the United States is helping Greece by sending gifts of food, clothing, and other supplies. But our best gifts is teaching them how to build bridges, roads, drain swamps, and reclaim their waste lands.

De Bary Doings By KAY A. HENNINGER

EMERGENCY! Joseph Noll, who has been a resident in De Bary for three years, is extremely ill and in dire need of Type "O" Negative blood. Do you know anyone who can help this neighbor? He needs at least three more pints of this rare type of blood. If you can help, please call Lawton Moffitt at Turner and Swift's office in DeBary. Telephone: Sanford 1536.

The Property Owners Association of Plantation Estates will observe St. Patrick's Day on Tuesday evening with a bridge party to be held at the mansion. There will be prizes and refreshments. All members are invited to attend.

The honor of DeBary was upheld by Mrs. Ray E. Peck, who is a member of the Minnow Club of the Sanford Garden Club. She received a gift basket from the Flower Show for the flower arrangement which she placed in the show.

The DeBary Association will hold a card party on Mar. 20 at 8:00 p.m. in the Wickliffe Memorial Library in Orange City. Mr. and Mrs. Jules Voigt have planned the evening which they call "Young Florida." It is requested that the members attempt to get word to Miss Voigt after her arrival. The program chairman, Mrs. W. E. Peck, will furnish the music until midnight. There will be no admission charge, however, it will be necessary for you to show your ID card and Liberty Card at the door before entering the Armorium for the festivities.

After six months in the Class of the Wickliffe School, Ralph Casman, Ralph Casman was returned to Sanford. Ralph was a member of FASRON 821 when he left Sanford for the school and when he completed the course he received orders to FASRON 811 which is now stationed here. He finished the photographic course and is a man out of a class of 24 students. He is certainly an excellent standing. Many of you will remember that before leaving Sanford for school, Ralph was a co-writer of this column. Welcome back, Ralph. It will be especially welcome.

On Monday morning at 10:00 o'clock, the Home Demonstration Club will have a work meeting at the home of Mrs. Herman Lederer.

There will be demonstration of hat making and renovating, Hot dog lunch. The hostess will furnish the beverage.

Meeting will start at 2:00 p.m. Final plans will be made for "Achievement Day" to be held in DeLand later in the month.

Eleven men reported aboard NAAS this week, nine of whom came to Sanford directly from switch training. Four young apprentices to report here after completing their "boot" in Balchard, Mr. and Mrs. E. Stepp, John W. Shepard, Hopkins, and John and John A. Lewellen. The other five men received their "boot" at Great Lakes, Ill., and came to NAAS as advanced apprentices. They are: Hobby C. Arnold, Lowell N. Austinson, Richard P. Bennett, Robert R. Berg, and Edward Boes.

Vernon C. Down, damage controller, formerly employed with the American Legion School in San Francisco.

Chester H. Chapin Jr., chief commissioners, has replaced James L. Findley, chief commissioners, in the NAAS. Chapin reported aboard from the U.S. Naval Receiving Station at Chincoteague, S. C., and Findley has been transferred to the same station.

Among the NAAS men at the American Legion Fair in Sanford last night were John Manning, Bill Brennan, George Powell and Red Gallagher. The luckiest one in the group turned out to be Red Gallagher, who returned to the beach early in the large crowd here. It'll cost you quite a bit to send that all the way to Tampa, Ohio, until it's Red 7777.

Chief Machinist A. B. Murray is now the Special Services Officer of NAAS. He replaces Lieutenant Mrs. W. H. Rainey, who has been transferred from the station. The Murray is the Asst. Security Officer before his recent assignment.

Present at the meeting were Mr. Volie Williams Sr., Mrs. G. S. Selman, Mrs. W. D. Gardner, Mrs. J. F. Thomas, Mrs. B. E. Conner, Mrs. E. Lewis, Mrs. B. R. Beck, and Mrs. M. N. Nelson.

Circle 2 was presided over by Mrs. L. Findley, chief commissioners, in the NAAS. Chapin reported aboard from the U.S. Naval Receiving Station at Chincoteague, S. C., and Findley has been transferred to the same station.

Striking Workers At Club Are Fined \$5 Each By Court

BOCA RATON (AP) — Municipal Judge H. D. Gates found 40 striking employees of the luxurious Boca Raton Hotel guilty of misdemeanors Tuesday and fined each of them \$5 and costs.

The judge then gave them 20 days in which to pay the fine.

The employees were arrested on warrants charging trespass in refusing to vacate rooms provided for the strike.

Judge Gates could have imposed maximum fines of \$500 and imposed maximum jail sentences of 60 days on the charge, but the court held that no greater punishment than a misdemeanor seemed to have been involved in the reported slowdown strike.

The strike began last Thursday and involved 112 employees, all members of the Hotel and Restaurant Employees and Bartenders Union (AFL) Local 329.

Paul McCastland, Ft. Lauderdale, the union secretary, said the workers staged an organized shutdown strike over working conditions. Some 30 workers were on the beach at the time and when they returned to their posts they found they had been locked out of their quarters.

On Friday in West Palm Beach, Circuit Court Judge Joseph S. White ruled that if the employees refused to work the hotel management had the right to evict them.

James J. Carroll, the hotel manager, refused business as usual at the hotel and said everything had been peaceful since the strikers were removed.

Proposed Give-Away Of Car Held Illegal

TALLAHASSEE, Fla., April 15.—Rep. Gen. Richard Ervin yesterday voted illegal a proposed automobile give-away by the American Legion when it holds its state convention at Orlando this year.

Orange County Sheriff Dave Starnes told Ervin the Legion planned to hold its drum and bugle contest and honor guard competition in the Tangerine Bowl stadium.

The public will be invited to attend at admission of \$1 for adults and 50 cents for children. To attract state delegations, the Legion proposed to hold a drawing for a new automobile, the lucky ticket holder to get the car free.

Ervin said since the car drawing was designated to advertise the Legion program, increase attendance and increase the take-at-the-box office it would fall with Florida's anti-lottery laws and be illegal.

Minesweeper Drags Gulf Area For Plane

PENSACOLA, Fla., April 15.—A U. S. Navy minesweeper has dredged up the floor of the Gulf of Mexico for signs of a crashed National Airlines DC-3 that plunged into the water Feb. 14.

The Civil Aeronautics Board requested the resumption of the search for the plane, which had been believed to contain bodies of 29 victims.

Bodies of 17 were recovered shortly after the crash. The Navy and Coast Guard also recovered bits of the plane from Gulf waters.

The search is centered about 12 miles south of Fort Morgan at the entrance to Mobile Bay. The plane crashed during a storm on a flight from Tampa, Fla., to New Orleans.

Baby Found Deserted Claimed By Miamian

PALM BEACH (AP) — A five-week-old baby girl was found abandoned in a car in Palm Beach early today and a few hours later a Miami man claimed he was the child's father.

Palm Beach Police Chief Eddie Longo and Thomas M. Campbell, a Palm Beach resident, found the tiny girl in his car at 2 a.m. when he came out of an eating place on Royal Poinciana Way.

Campbell immediately notified police and the infant was taken to the Children's Home in Lake Worth.

Campbell said he received a phone call from a Miami boat 16-46 inquiring if an abandoned baby had been found in Palm Beach.

The police chief said the man claimed he was the child's father and that he was withholding the man's name until he talked with him in person.

The boy was expected to return to Miami from Miami.

Carolina Law Maker Dies In Washington

WASHINGTON (AP) — Rep. Joseph R. Bryson, 60, of South Carolina, died last night of a cerebral hemorrhage.

The Democratic veteran of 14 years in Congress was stricken just after he had said grace at a dinner of the Cotton Textile Manufacturers Association.

He was born in Battleground, N.C., and died at 11:15 p.m.

He had been in apparent good health and had put in a busy day attending two committee meetings and the debate in the House on statehood for Hawaii.

Bryson served in both houses of the South Carolina legislature before going to Congress in 1939. He was re-elected continuously since then.

Survivors include his widow and five children. Dr. Joseph R. Bryson, physician in Greenville, S. C.; William J. Bryson, an attorney there; Mrs. Carl R. Thackery, of Anderson; Va.; David E. Bryson, a student in Florida; Culver Bryson, and Judy Bryson, a student at Anderson (S. C.) College.

Funeral arrangements had not been completed.

Gamblers In Florida Doing Good Business

JACKSONVILLE, Fla., April 15—Tax payments indicate Florida gamblers do their biggest business in a long time, though January.

The total paid \$50,000 in January business, Laurie W. Tamplin, director of internal revenue, reported Tuesday. The tax calls for a 10 per cent tax, indicating half a million dollars bet in January by numbers, lotteries and bookmakers.

This was the biggest payment for Florida since the law went into effect in November, 1931. And it was more than double last January's payments of \$21,327.5.

Previous record payment was \$10,000 last July.

Bartow Man Is Given Year For TaxEvasion

JACKSONVILLE, Fla., April 15—For evading his 1946 income taxes, Philip Berkovitz, Bartow department store owner and citrus grower, was sentenced Tuesday to \$100 fine and a year and a day in prison.

Federal Judge Bryan Simpson denied a motion for a new trial.

Ford Empire Head Tells Jax Leaders Of Role In Future

JACKSONVILLE, Fla., April 15—Henry Ford II said today the "role of conservative leadership" by industry should "promote the aspirations of the American people through private rather than government action."

The Ford Motor Company president in a speech prepared for delivery (12 noon EST) to the Jacksonville Chamber of Commerce said American businessmen face "a challenge above and beyond the call of business as usual" to become a "more and more constructive force in our national scene."

"I believe it is the duty of American business to keep itself intelligently informed . . . so it may deal with the government on a basis of mutual understanding and respect," he went on.

"I believe industry should be moderate and fair in its dealings with labor and in its group policies particularly in matters which are vital to our national security and economic stability. The best way I know to guarantee the growth of government power is for industry, labor and agriculture to oust each other in pursuing its help and hinderance."

"Finally, I believe that business should take the long view, avoiding the easy advantage which robs us of tomorrow's progress. Black markets cannot grow, controls and regulation have no place in an industry which steadfastly refuses to sell out the future for quick gains."

"I believe the industry should lend real support not just lip service to sound national policies which serve industry as a whole."

A statement, elsewhere reprinted, was signed by Fred Holton, Linton Springs, John P. Morrissey, Miami Beach, A. Lowell Hunt, Ft. Myers, John F. Alsop, Jacksonville, and H. Guy Green, Pensacola.

They are succeeded by Richard E. Pope Sr., developer of Cypress Gardens and an experienced publisher in Lakeland; McLean Thomas, publisher of the Miami Beach Sun; Frank J. Frazer, bottler and chairman of the West Palm Beach Advertising Committee; Frank M. King, Jacksonville, former president of the Florida Broadcasting Co. and A. C. Johnson, Pensacola petroleum distributor.

This man, said Woodcock, was placed in jail at Gray, Jones, Woodcock & Frazee, a large force of officers pressed an investigation into the robbery.

The bank president quoted the man as saying the car was his but had been stolen before the bank robbery.

The burning car was abandoned on a country road between here and Gray. Officials took blood samples to try to pick up the bandit's trail.

Woodcock said no charges have been brought against the man held at Gray. He identified the man as a native of Jones County who has been living in Florida.

Woodcock reported that the bandits, both of whom had been drinking, entered the bank about 2:25

To Women Who Have Changed Shampoos During the Past Year

If you have changed your shampoo in the last twelve months, you've had lots of company. For like yourself, literally millions of women are constantly switching from one brand to another, almost all with unhappy results.

Of course there's a good reason for all this coast-to-coast shopping around—two reasons, in fact:

1. A great many shampoos now on the market are so-called "all-purpose" shampoos.
2. Hair conditions differ just as skin conditions do. And each requires a different type of shampoo.

After all, what is an "all-purpose" shampoo but a shampoo that tries to be "a jack of all trades?" The result: it ends up being "master of none." On the other hand, your hair is as individual as your skin. Your hair is either dry, all normal or tinted and bleached. So how could any "all-purpose" shampoo be right for all these types of hair?

There is only one sensible, scientific solution to the shampoo problem: 4 DIFFERENT SHAMPOOS FOR THE FOUR TYPES OF HAIR.

These 4 custom-formulated shampoos are now available for the first time. They bear a famous name — "Aqua Marine Shampoo" by Revlon. While each is expressly formulated for a different type of hair, all work their wonders through a new exclusive shampoo principle—magnesium.

An unequal new shampoo ingredient, discovered by Revlon chemists, called "Magnitol" gives you complete control over your hair immediately after

shampooing. It is almost as though each bottle came complete with a hairdresser: your hair is so amazingly manageable.

Here's how "Magnitol" works: As you probably know, when your hair is thoroughly cleaned, many important natural oils have been removed along with the dirt. "Magnitol" replaces those oils, because this ingredient is extremely attracted to hair. In other words, clean hair actually attracts "Magnitol" to it, and thus "Magnitol" practically becomes part of the hair-shaft, so that your hair has more "body" immediately after your shampoo. In fact, it becomes as beautiful manageable as minutes as it would be after three days of an ordinary shampoo!

This unique product you'll never again say, "I just washed my hair and I can't do a thing with it."

You know which type of hair you have. Every woman does. Now at long last you can do something positive about it. Simply ask for Aqua Marine Shampoo for Dry Hair . . . Oily Hair . . . Normal Hair . . . Tinted and Bleached Hair.

You'll get what you've always been looking for—a perfect shampoo for your type of hair . . . a shampoo that cannot fail to give you shimmering, beautifully clean hair, alive with dancing highlights . . . hair that is manageable instantly instead of 2 or 3 days later.

Unbreakable plastic bottles—so safe, so economical to use. 12¢ each. No Federal tax.

Chicken Is Called Barnyard Heroine By Food Specialist

ST. LOUIS (AP) — Scientists pointed today to the chicken as the heroine of the barnyard. They said if all the creatures would become as efficient as the hen, Americans need never worry about eating well.

Fifty years ago the average hen produced about 87 eggs as a year's work. Today each hen turns out about 194 eggs in a year.

Her efficiency increased in still another way. She now requires 9.25 pounds of feed for a dozen eggs, now she gets the same 12 eggs on only 0.9 pounds.

These figures came out today at the National Farm Chemurgic meeting, a conference of farm leaders, industrialists and scientists on how to make farming more profitable and efficient.

In an interview Dr. H. M. Belknap, director of research for theRalston Purina Company feed producers, said the chicken also has increased in meat producing efficiency about one-fourth. Chickens now are turned out in about four-fourths the time it formerly required.

The hen's efficiency has been increased by breeding, by development of new feeding methods, by eliminating disease and by creating new feed elements, the feed experts said.

President Selects 7 Consultants To Security Council

WASHINGTON (AP) — President Eisenhower today named seven consultants to the National Security Council, top policy-making group for foreign affairs and national defense.

In a statement, Eisenhower said that the men will be serving as individual consultants rather than as a committee.

Half Of Stolen Bank Money Is Recovered

HADDOCK, Ga., April 15—Half of \$19,300 two drunken hoodlums took from the bank of Haddock has been recovered, bank president L. M. Woodcock said today.

Woodcock reported the money was found in the apartment of the sister of a man sought for last month's robbery. He added that the man was seized late yesterday in the vicinity of a blaring automobile believed to have been used in the getaway.

This man, said Woodcock, was placed in jail at Gray, Jones, Woodcock & Frazee, a large force of officers pressed an investigation into the robbery.

The bank president quoted the man as saying the car was his but had been stolen before the bank robbery.

The burning car was abandoned on a country road between here and Gray. Officials took blood samples to try to pick up the bandit's trail.

If Hawaii Becomes 49th State Flag Will Change First Time In 40 Years

WASHINGTON (AP) — If Hawaii becomes the 49th state, the U. S. flag will change for the first time in more than 40 years.

Not since 1912, when New Mexico and Arizona came into the Union, has a new state been added. What happens to the new flag?

Only, there's no set pattern for this. But the Library of Congress experts on flags say that the last time Old Glory was designed with six stars of eight stars, the President asked the Navy to do the job. Presumably the same procedure would be followed again.

Oddly, there's no set pattern for this. But the Library of Congress experts on flags say that the last time Old Glory was designed with six stars of eight stars, the President asked the Navy to do the job. Presumably the same procedure would be followed again.

The fight to make Hawaii the 49th state shifted to the Senate recently after the House passed a statehood bill for the third time yesterday.

Senate leaders have predicted committee approval within a few days to clear the way for Senate action on April 19.

The House passed the bill writing in among other things provision for another congressional vote to ratify the new state's constitution before Hawaii could officially be admitted. Then it passed the amended bill on a 274-136 roll-call vote. Democratic leaders lost a bitter battle to return it to committee.

The House first passed a Hawaii statehood bill in 1947 by a vote of 180-133, and again in 1948 by 262-116.

The recommended motion, made by Rep. Walter Rodgers, D-Calif., was supported by Democrats seeking to force action on the Alaska statehood bill, as well as opponents of statehood for both territories. The move was defeated on a 212-162 roll-call.

House Democratic leader Rayburn (Tex.), former speaker of the House, argued that it was "unconstitutional" to add a new state to the union without the consent of the other states.

Rep. John E. Mulligan, D-Ill., argued that the House had the right to decide the issue.

Rep. John E. Mulligan, D-Ill., argued that the House had the right to decide the issue.

The House made two major changes in the bill as it was passed by the House Interior Committee.

It voted, 188-134, to limit Hawaii's representation in the House to one member, although the territory's population of 399,740 in 1950 would

normally entitle it to two House members.

The House also voted to require Hawaii to come back to Congress later for approval of its state constitution instead of leaving it up to the President to determine that the constitution conforms with the provisions of the bill and the United States Constitution.

Ohio Physicist Won't Testify If He's Commie University's Head Suspends Teacher

WASHINGTON (AP) — An Ohio State University physicist, now working on an Air Force project, today refused to tell House investigators whether he is or has been a member of the Communist Party.

Byron T. Darling, 41, invoked the Fifth Amendment to the Constitution, refusing to answer questions put by the House Un-American Activities Committee.

"The amendment says if one may be forced to give testimony against himself,

In Columbus Dr. Howard L. Bevis, president of Ohio State University, today suspended Darling pending an inquiry into his action before the committee.

"Until the university can make a complete study of the record of his appearance before the Velde Committee," said Dr. Bevis in a statement, "Prof. Byron T. Darling is relieved of all duties at Ohio State University."

One question Darling refused to answer was whether he ever gave secret information to any Communist Party members or agents.

Darling said the FBI project he is working on is a study of organic molecules. He added that it is known as project 381.

Asked whether he had had access to secret information in connection with his work, Darling again refused to answer.

WASHINGTON (AP) — Lewis J. McKeon, a former Voice of America engineer, suggested today a million dollars could have been saved on a project for beaming broadcasts from shipboard to listeners behind the Iron Curtain.

He identified before the Senate Investigations subcommittee as it turned its search for waste and possible subversion into the spy phase of the espionage transfer phase. The Voice is a major part of the State Department's counteroffensive to Communist propaganda.

McKeon, who left the Voice last October, contended that funds had been wasted on a ship, equipped with broadcasting equipment which "operating from the island of Rhodes in the eastern Mediterranean."

A wartime Navy commander, McKeon said that he had recommended use of a CVE, a baby carrier type, but that instead small cargo ship had to be strengthened to carry a heavy load.

School Board To Request Testing Center For City

Czech Fliers Flee To British Airfield

PRAGUE, Austria (AP) — Three youthful members of Communist Czechoslovakian Air Force defected to Austria today in a World War II German aircraft and fled to Britain, fully informed about a boatload and two aircraft and a British military plane at an American-owned airport on the outskirts of Graz, in the Austrian capital zone.

On their flight and evidently planning to return early morning flight of 115 miles from the Czech city of Bratislava, the three asked British soldiers who immediately surrounded them plane: "Is this Graz?"

Told that it was, they asked for asylum. They were taken into custody by British authorities. The Czechs, who used a training plane for fighter pilots, was taxied by British drivers into a closed garage and placed under guard.

Mr. Milwee pointed out that such a center would fall in line with the adult education program being stressed at the present time and would eliminate the necessity of many women going to the theater for the test.

Through the program, adults are enabled to obtain the equivalent of a high school diploma.

Upon the request of teachers in the county, the Board agreed that beginning with the 1953-54 school year, three schools will be opened for post school education.

In the past, two weeks have been devoted at the start of the school year and the same number at the year's conclusion.

Superintendent Milwee stated the three week period would provide for a longer period of post-school training for teaching personnel.

On Mr. Milwee's recommendation, the Board adopted a policy by which each of the county's 21 schools will be given an individual budget beginning in September.

Mr. Milwee's action was welcomed by the Board and declared preliminary matters had been cleared up and all was in readiness to start advertising for bids for the Lyman School annex next week. Four rooms will be added during the new construction.

Mr. Milwee's group will be the second in this county to have a school in China as a part of the India organization.

Officers of the present class who will complete the course in May and who are expected to be installed as officers of D.C.L.E. for the next year are Ed Shinholster, president; Ed Higgins, vice-president; Mrs. Anna Boyce, secretary; and Ralph Smith, treasurer.

Mr. Field stated that he would bring the ranks from the two banks to the Legion Fair Saturday for the voting convention of the public. These will be returned to the banks Monday he added.

Last year's king and queen, Mr. and Mrs. Dick Farrell, sponsored by the Elks Club, abdicated their thrones when they moved from St. Louis to the Fair.

The male and female entrants receiving the most money will be crowned king and queen respectively. All proceeds will be split among the Kiwanis Club's underprivileged children's fund and the Little Theater group, staging the "Cuckoo on the Heath" production.

Five hot-air balloonists are to compete in Faust's International and Derby National and Florida State Banks.

Mr. Field stated that he would bring the ranks from the two banks to the Legion Fair Saturday for the voting convention of the public. These will be returned to the banks Monday he added.

Other directors have been Mr. Arch and Forrest Breckenridge, manager of the Chamber of Commerce, Ozzie Osgood of Montevideo is one of the leading instructors.

The first Kiwanis coronation was "King Edward I" crowned by the Rev. McKinley and Mrs. Renfrew Tench.

Mr. Field strongly urged every organization to support its candidates and every citizen to participate in the voting for the underprivileged children's fund and the Little Theater group.

According to Section 29 of the Sanford City Charter, during the absence or disability of the municipal judge, any licensed practicing attorney of Sanford or the Bimble County Court shall act in his stead, upon an order of the Mayor entered in the minutes of the Municipal Court.

School Children Get Time Off To See Fair

Schools throughout the county closed at noon today to permit the youngsters to attend Kiddie's Day at the Bimble County Legion Fair.

Slightly more than 5,500 free passes were distributed to the boys and girls, and J. D. Cordell, president of the Fair Association, expected helium to reign supreme throughout the afternoon with the influx of children bent on having a good time.

Crowds so far this week have been much greater than a year ago when inclement weather curtailed the program.

The Auxiliary also plans to handle all future publicity in connection with the blood program.

Mrs. T. F. McDaniels is president of the organization.

Britain Charges Soviet Union With Brutal Act Of Murder; U.S. Gives Warning To Czechs

Note Asks Apology And Compensation

WASHINGTON (AP) — The United States told Communist Czechoslovakia today in Germany to take the measures necessary to prevent further border attacks by Czech aircraft.

This notice was given in a second protest note demanding an apology and compensation for the shooting down of an American jet plane last Tuesday.

Two Communist MiG-15s flying out of Czechoslovakia jumped the U. S. plane while it was en route to a routine flight.

The pilot parachuted to safety.

The note was written in Prague to Ambassador George K. Marshall.

It charged the Czechoslovak government with "flagrantly" violating the neutrality of the Iron Curtain.

The note said that the American plane was shot down well within the border of the American zone.

The note said that the American plane was under U. S. surveillance at all times and declared, "The American aircraft did not cross the Czechoslovak border at any time."

The note continued:

The Czechoslovak government's attitude is a flagrant violation of facts designed to cover its responsibility for this inexcusable action.

In view of the attitude of the Czechoslovak government, the United States authorities in Germany will take no measures to restrain Czechoslovakia from attacking the neutrality of the border of the United States zone by Czechoslovak aircraft and any repetition of the present incident.

The note demanded expression of regret from the Czechoslovak government, and assurance that such incidents will occur again, disciplinary measures against the offending fliers, and immediate compensation for damage caused by these radicals to the payment of losses incurred in the operation of their passenger plane.

Smith escaped. (International Envelope)

School Board To Request Testing Center For City

Czech Fliers Flee To British Airfield

PRAGUE, Austria (AP) — Three youthful members of Communist Czechoslovakian Air Force defected to Austria today in a World War II German aircraft and fled to Britain, fully informed about a boatload and two aircraft and a British military plane at an American-owned airport on the outskirts of Graz, in the Austrian capital zone.

On their flight and evidently planning to return early morning flight of 115 miles from the Czech city of Bratislava, the three asked British soldiers who immediately surrounded them plane: "Is this Graz?"

Told that it was, they asked for asylum. They were taken into custody by British authorities. The Czechs, who used a training plane for fighter pilots, was taxied by British drivers into a closed garage and placed under guard.

Mr. Milwee pointed out that such a center would fall in line with the adult education program being stressed at the present time and would eliminate the necessity of many women going to local centers.

Through the program, adults are enabled to obtain the equivalent of a high school diploma.

Upon the request of teachers in the county, the Board agreed that beginning with the 1953-54 school year, three schools will be opened for post school education. In the past, two weeks have been devoted at the start of the school year and the same number at the year's conclusion.

Superintendent Milwee stated the three week period would provide for a longer period of post-school training for teaching personnel.

On Mr. Milwee's recommendation, the Board adopted a policy by which each of the county's 21 schools will be given an individual budget beginning in September.

Mr. Milwee's action was welcomed by the Board and declared preliminary matters had been cleared up and all was in readiness to start advertising for bids for the Lyman School annex next week. Four rooms will be added during the new construction.

Mr. Milwee's group will be the second in this county to have a school in China as a part of the India organization.

Officers of the present class who will complete the course in May and who are expected to be installed as officers of D.C.L.E. for the next year are Ed Shinholster, president; Ed Higgins, vice-president; Mrs. Anna Boyce, secretary; and Ralph Smith, treasurer.

Mr. Field stated that he would bring the ranks from the two banks to the Legion Fair Saturday for the voting convention of the public. These will be returned to the banks Monday he added.

Last year's king and queen, Mr. and Mrs. Dick Farrell, sponsored by the Elks Club, abdicated their thrones when they moved from St. Louis to the Fair.

The first king and queen saw "King Edward I" crowned by the Rev. Ed McKinley and Mrs. Renfrew Tench.

Mr. Field strongly urged every organization to support its candidates and every citizen to participate in the voting for the underprivileged children's fund and the Little Theater group.

Other directors have been Mr. Arch and Forrest Breckenridge, manager of the Chamber of Commerce; Ozzie Osgood of Montevideo is one of the leading instructors.

The Board was informed that Pope Beard, transportation superintendent, from the State Board of Education, along with Mr. Miller, will visit the county the latter part of the month to make a survey of the transportation routes and facilities.

Acting Judge Being Chosen By Williams

Willis Williams Jr., municipal judge, said today he has selected a replacement to fill in for him while he is attending the next session of the Legislature in Tallahassee.

Williams, who along with Mack N. Cleveland Jr., serve Seminole County as state representatives, will be in Tallahassee from April 7 through June 10 and consequently will be forced to relinquish temporarily his City duties.

According to Section 29 of the Sanford City Charter, during the absence or disability of the municipal judge, any licensed practicing attorney of Sanford will act in his stead, upon an order of the Mayor entered in the minutes of the Municipal Court.

Mayor R. E. Chas. today declared he had not yet been contacted by Mr. Williams in connection with the approval of the law selected.

USO GROUP TO MEET

The United Service Organization committee will hold a regular meeting next Wednesday night at 8:00 o'clock in the commission room at City Hall.

GIVE

Trained volunteers of the Red Cross bring comfort and recreational service to patients in civilian service. Details of a plan to bring service to the aging in homes and institutions help children by driving them to and from clinics, providing recreation for them in hospitals and at juvenile delinquency centers, and giving them instruction when they are confined to their homes by accident or illness. To help the Red Cross continue, give the 1953 Red Cross Fund campaign.

Additional details in connection with the defense blood drive planned for Mar. 10 at McKinley Hall in the First Methodist Church from 4:00 to 8:00 p.m. were given to Mrs. L. W. Muir, who is publicity chairman for the Medical Society Auxiliary.

The Auxiliary is composed of women members of the Seminole County Medical Society.

Mrs. C. L. Park will be in charge of nurses and nurses' aides while Mrs. John Morgan will obtain hoses. Mrs. J. Clifford Boyce will obtain the necessary doctors.

During a meeting of the Medical Auxiliary earlier in the week, the group accepted as its project the putting up and conducting of future blood banks in cooperation with the national defense blood program.

The Auxiliary also plans to handle all future publicity in connection with the blood program.

Mrs. T. F. McDaniel is president of the organization.

School Children Get Time Off To See Fair

Schools throughout the county closed at noon today to permit the youngsters to attend Kiddie's Day at the Bimbleton County Legion Fair.

Slightly more than 5,500 free passes were distributed to the boys and girls, and J. D. Cordell, president of the Fair Association, expected helium to reign supreme throughout the afternoon with the influx of children bent on having a good time.

Crowds so far this week have been much greater than a year ago when inclement weather curtailed the program.

The fairgrounds are located at the corner of Melville and Cemetery Avenues.

Britain Charges Soviet Union With Brutal Act Of Murder; U.S. Gives Warning To Czechs

Note Asks Apology And Compensation

WASHINGTON (AP) — The United States told Communist Czechoslovakia today that the American pilot in Germany would take the measures necessary to prevent further border attacks by Czech aircraft.

This notice was given in a second protest note demanding an apology and compensation for the shooting down of an American jet plane last Tuesday.

Two Communist MiG-15s flying out of Czechoslovakia jumped the U. S. plane while it was en route to a routine flight.

The pilot parachuted to safety.

The note was written in Prague to Ambassador George K. Marshall.

It charged the Czechoslovak government with "flagrantly" violating the neutrality of the Iron Curtain.

The note said that the American plane was shot down well within the border of the American zone.

The note said that the American plane was under U. S. control at all times and declared, "The American aircraft did not cross the Czechoslovak border at any time."

The note continued:

The Czechoslovak government's attitude is a flagrant violation of facts designed to cover its responsibility for this insensate action.

In view of the attitude of the Czechoslovak government, the United States authorities in Germany will take no measures to restrain Czechoslovakia from attacking the frontier of the United States zone by Czechoslovak aircraft and any repetition of the present incident.

The note demanded expression of regret from the Czechoslovak government, and assurance that such incidents will occur again, disciplinary measures against offending fliers, and immediate compensation for damage caused by Czechoslovak aircraft.

The note concluded:

The Czechoslovak government's attitude is a flagrant violation of facts designed to cover its responsibility for this insensate action.
