

DELTONA BOY SCOUT Troop 565 left recently for a week's stay at Camp La No Che, the Central Florida Boy Scout Council camp in the Ocala National Forest. Bob Cleveland is the scoutmaster of the local troop, sponsored by the Men's Fellowship of the Deltona United Methodist Church.

On Florida Highways Deaths Exceed Estimate

By THE ASSOCIATED PRESS
Twenty-eight persons died on Florida highways during the 76-hour Fourth of July weekend. The Highway Patrol predicted 20 traffic deaths.
Willie Ballinger, 37, of Delray Beach, died Monday night when he lost control of his vehicle while trying to pass a car on State Road 7 four miles north of Margate.
Julius Moore, 28, of Lake Wales, was killed Monday night on State Road 60 near Mulberry. Officers said he swerved to avoid cars in front of him, his vehicle crossed a median strip and collided head-on with another vehicle.
The deaths of three Alabama travelers whose small foreign car collided with an oil truck near DeFuniak Springs were among the latest added to the toll.
Officers said the Alabama car collided with the tanker truck on the Cochawatchee Bay Bridge. The dead were identified as Joe Collins and James Holly of Selma, and Phillip Pennington of Vernon, Ala.
Michael Mekenna, a 17-year-old motorcyclist from Dunedin, was killed when his cycle ran a stop sign in Clearwater and struck a truck.

Union Officials Dash Hopes Of Labor Unity

By NEIL GILBRIDE
MIAMI BEACH (AP) — High officials of the Teamsters and the United Auto Workers, the nation's two largest unions, have dashed cold water on speculation that they may soon re-align to form a new labor union.
Although officials close to AFL-CIO President George Meany have indicated interest in taking back the two unions to swell the labor federation's ranks to more than 17 million, the Teamsters and Auto Workers appear in no hurry to pick up the welcoming bid.
"We can't afford it," said President Leonard Woodcock, Auto Workers president who was here to address the Teamsters' convention.
Woodcock disclosed his union is still in serious financial trouble, from the General Motors strike that it had stopped, paying its five cents per member dues—\$65,000 per month—to its Alliance for Labor Action with the Teamsters.
"We can't afford a nickel, we can't afford a dime," said Woodcock, referring to the 10 cents per member dues of AFL-CIO unions.
The Auto Workers quit the AFL-CIO three years ago in a turn to the main body of American labor—the AFL-CIO.
Although officials close to AFL-CIO President George Meany have indicated interest in taking back the two unions to swell the labor federation's ranks to more than 17 million, the Teamsters and Auto Workers appear in no hurry to pick up the welcoming bid.

Woodcock disclosed his union is still in serious financial trouble, from the General Motors strike that it had stopped, paying its five cents per member dues—\$65,000 per month—to its Alliance for Labor Action with the Teamsters.

Nantucket Braces For Storm Arlene

MIAMI (AP) — Tropical Storm Arlene quickened its pace today as she bore down on Massachusetts bringing gale force winds and churning seas with her. The National Hurricane Center reported here.
The first tropical storm of the season, Arlene was expected to graze the Nantucket area shortly after sunrise and then head out to sea.
The storm came to life off the warm Virginia coast Monday with sustained winds of 30 m.p.h. and moved north-northeast at 12 m.p.h.
At 6 a. m., the storm was moving northeast about 15 m.p.h. with the center located some 125 miles south of Nantucket.
Dr. Robert Simpson, head of the center in Miami, said he did not expect the storm to increase in intensity but predicted its gale force winds would spread out.
He said the storm was expected to turn slowly toward the northeast during the night, bringing it to a position east of Nantucket Island.
"Of course, if we're wrong and it continues on its present course," he said, "it will go directly over the Cape (Cape Cod)."
Gale warnings were in effect from Block Island to Chatham, Mass.
Simpson said Long Island "will get a backwash" as the storm passes but the Massachusetts coast would be the area most affected by high seas and heavy winds.
"The storm formed when it detached itself from a frontal system and began feeding upon warm moist air over the Gulf Stream," he said.
"As long as you have warm water and tropical air," said Simpson, "it will sustain its winds."
However, he predicted the storm "should begin losing its qualities by about noon Tuesday and gradually diminish thereafter."
It shouldn't, but little things have a way of 'bugging' me, ... like the prayers in school controversy.
Did you know that both houses of Congress open their daily sessions with prayers?
Look, if it's O.K. with you guys ... it's certainly O.K. for me ...
And when, as was the case on Monday's edition, when if I didn't see the special, when it was the trip of Mayor Granville Brown last night, as Village Council instructed Village Attorney Thomas Freeman to prepare an ordinance initiating an across the board eight per cent utility tax for the municipality. Present tax is 10 per cent, with a 75 cent cap.
Councilman Charles Kelley, newly appointed to council, was vehemently opposed to the charge, noting that the eight per cent was "the highest tax structure in the U.S." He remarked that this was a 300 per cent increase in taxes, and that he felt that "the home owner has carried the tax load long enough ... it's time for the vacant land owners to carry their tax share."
Kelley was of the opinion that the tax would be "penalizing the home owners for owning a home."
On the reverse side of the coin, Councilman Charles Rowell concluded that the tax had "been overdue for five years." He went on to say that perhaps the change was too rapid from a 75 cents cap to eight per cent, but nevertheless this was in line with other cities. (Altamonte Springs recently passed such a tax over the vigorous opposition of citizens.)
Rowell agreed that land owners should pay, but noted that ad valorem taxes were "two years away." (Council recently tabled discussion on ad valorem taxes for 90 days, which have expired.) Rowell suggested that when ad valorem taxes are levied that the utility tax revert to a lesser figure, possibly five per cent.
Mayor Brown remarked that "even with an eight per cent utility tax."

State News

Red Tide Slackens Along West Coast
SARASOTA, Fla. (AP) — A month-long Red Tide outbreak was reported slackening but motel owners along Florida's west coast complained tourists have been fleeing the stench of thousands of dead fish littering the beaches.
"The Red Tide has been bad and kept people off the beach," said Dotty Pace of Jamaica Royal motel apartments on Siesta Key. "There were only a few who went walking, but to see the maintenance man collecting three buckets of dead fish."
She and Annis said the situation seemed to be improving over the weekend.
"It's been here almost three weeks," said Annis. "I must have buried at least 400 gallons of fish in the last week alone. Everybody's hurting. Nobody in their right mind would come here."
He and other motel owners resorted empty rooms and slow business as tourists canceled reservations or demanded refunds during the usually busy holiday period.
Life guards warned would-be swimmers to stay out of the murky, bacteria-laden water and long stretches of the usually crowded beaches in the Tampa Bay area were deserted.

Titusville Is Quiet After Disturbances

TITUSVILLE, Fla. (AP) — After two days of racial disturbances, Titusville appeared to have returned to normal Monday.
"It is as quiet as a mouse," a police official said. "Not a thing is stirring."
However, a heeled-up tactical squad of 15 men was placed on alert. Police Chief Clarence Kirkland said he ordered his officers not to respond to any calls in the black area Monday night unless an emergency situation could be validated.
The unrest in the black community resulted in \$4,000 worth of damage and numerous minor injuries.
Kirkland said the trouble began Saturday when out of town blacks clashed with local blacks at a dance.
While police officers sent to the scene were greeted by some blacks who began hurling rocks and bottles at them. The crowd was eventually dispersed and three juveniles arrested.
Officers were attacked again Sunday night when they investigated in the district where the dance was held.

Farmer's Market Property Is Sold

By BILL SCOTT
Sale of 17 acres of Farmer's Auction property to Kim-Zay Realty for the establishment of a Zayre's Shopping Center along Highway 17-92 east at Onora Road was completed Tuesday night at a meeting of Farmer Auction property stockholders.
Reliable sources indicate the selling price for the property was \$180,000 with each shareholder receiving an estimated \$145 for each share of the stock.
Finally to the sale will hinge on whether proper zoning can be arranged with the Sanford officials to allow for the construction of the center, which, in addition to a Zayre's discount store, will also contain chain drug and grocery stores.
A \$3,000 deposit on the property was made by the purchaser with still an additional deposit to be made at the conclusion of arrangements, the source disclosed.
Also listed as a must before the property exchange is completed is the analysis of satisfactory soil borings to ascertain the suitability for construction.
An adjoining 14 acres, owned by Robert Williams is also reported to have been purchased along with the Farmer's Auction property, but The Herald was unable to contact Williams to verify this report.
If the city will approve the desired zoning and if soil borings are acceptable it is possible for construction to begin at the site within six months.

Headlines Inside THE HERALD

MIAMI — Seventeen Americans being held by Fidel Castro regime were freed today following the release by the U.S. government of four Cubans serving prison sentences for fishing in American waters.
WASHINGTON — Senate Democratic leader Mike Mansfield says the resistance capacity of the U.S. 7th Army in Europe has become questionable with its soldiers beset by problems of "drugs, race and field comforts."
SAN CLEMENTE, Calif. — President Nixon believes the United States is approaching a possible decline into decadence. But he says the news media "and perhaps even presidents and politicians" can help matters by occasionally emphasizing good things about America.
WEAVER — Yesterday's high 95 low 69 with 13 of an inch of rain. Partly cloudy to occasionally cloudy through Thursday with mainly afternoon and evening thundershowers.
Highs 86 to 94. Low tonight in the 70s.

By School Board Tax Increase Is Voted

Seminole County School Board Tuesday afternoon approved the budget recommendations of School Supt. John Angel and eliminated a proposed \$310,000 teacher pay raise, but levied an additional quarter-mill against the taxpayers.
The additional quarter-mill boosts the county school mill to 10.25 mills, the highest rate permitted under the millage cap imposed by the legislature.
The extra quarter millage was allowed under a new state law just passed by the legislature, which allows for the recovery of funds the Board must contribute to the state retirement system.
Approval of the tax increase was slow as Pat Ruiz voted against the proposal and there were indications that the other Democratic member of the Board Ray Slaton would also oppose, when A. F. Koeth, chairman, pointed out that due to the absence of Dr. Stuart Culpeper, the fifth member, the Board would have a tie (two-two) vote.
Koeth said quick Board action was needed to approve the overall \$18,898,270 budget, which must be passed and sent on Tallahassee.
This prompted Ruiz to change his vote and the measure passed without opposition.
A July 28 Board meeting set for 7:30 p.m. at Lyman High School was changed to conform with state law, which requires the budget public hearing to be held in the county office. Lyman Board meetings will continue as usual after the budget were indicated that the other Democratic member of the Board Ray Slaton would also oppose, when A. F. Koeth, chairman, pointed out that due to the absence of Dr. Stuart Culpeper, the fifth member, the Board would have a tie (two-two) vote.
Koeth said quick Board action was needed to approve the overall \$18,898,270 budget, which must be passed and sent on Tallahassee.
This prompted Ruiz to change his vote and the measure passed without opposition.

JOHN ANGEL ... budget approved

Escapee Captured By Deputy

The recapture of an escaped Volusia County man and the apprehension of two youths inside breaking and entering charges highlighted the activities of Seminole Sheriff's Department during the last 24 hours.
Ralph Edward Nesmith, an escaped Volusia County prisoner was arrested by Deputy Tom Bernosky after he reportedly stole a car from Volusia's Lemon Bluff Fish Camp and was making his way toward Orlando on U.S. 1792 when Deputy Bernosky spotted the 1958 Oldsmobile and gave chase finally stopping the man near the Dynatronics plant at Longwood at SR 419.
Bernosky was joined by Lt. Roy Rice and they reported the escapee offered no resistance. Nesmith was identified by his driver's license, which he showed to the officers when captured. The man was returned to Volusia authorities today and was removed to the county jail at DeLand.
Deputy Robert Hendry reported he caught two youths inside the Disabled American Veterans (DAV) building early today as he was making his routine check.
Deputy Hendry reported the pair, one was a 16-year-old juvenile, tried to run when he shined a light into the window, but were apprehended as they ran out the front door.
Terry Beckhorn, 18, of Lake Mary and the juvenile were charged with breaking and entering with intent to commit a misdemeanor. Beckhorn had a knife inside his shirt, according to the deputy, and he was charged with carrying a concealed weapon.

BULLETIN

ORLANDO, Fla. (AP) — A 41-year-old Bradenton man was killed at Walt Disney World near here Tuesday when sheet metal dropped 29 feet from a crane hoist and crushed him, officials said.

CHARLES KELLEY ... opposes increase

300 Per Cent Increase Seen Village Taxes Going Up

By MARION BETHA
NORTH ORLANDO — "Get your stories ready boys," this was the quip of Mayor Granville Brown last night, as Village Council instructed Village Attorney Thomas Freeman to prepare an ordinance initiating an across the board eight per cent utility tax for the municipality. Present tax is 10 per cent, with a 75 cent cap.
Councilman Charles Kelley, newly appointed to council, was vehemently opposed to the charge, noting that the eight per cent was "the highest tax structure in the U.S." He remarked that this was a 300 per cent increase in taxes, and that he felt that "the home owner has carried the tax load long enough ... it's time for the vacant land owners to carry their tax share."
Kelley was of the opinion that the tax would be "penalizing the home owners for owning a home."
On the reverse side of the coin, Councilman Charles Rowell concluded that the tax had "been overdue for five years." He went on to say that perhaps the change was too rapid from a 75 cents cap to eight per cent, but nevertheless this was in line with other cities. (Altamonte Springs recently passed such a tax over the vigorous opposition of citizens.)
Rowell agreed that land owners should pay, but noted that ad valorem taxes were "two years away." (Council recently tabled discussion on ad valorem taxes for 90 days, which have expired.) Rowell suggested that when ad valorem taxes are levied that the utility tax revert to a lesser figure, possibly five per cent.
Mayor Brown remarked that "even with an eight per cent utility tax."

To Permit Sunday Sales Altamonte Reads New Ordinance

By KATHY NIBLACK
ALTAMONTE SPRINGS — The council last night approved the mayor's appointment of Mrs. Jane Richards as new city clerk. Mrs. Richards replaces former clerk, Red Loyer, who recently left the job to take a position as county administrative assistant. Mrs. Richards received unanimous approval by the council, and was sworn in at last night's meeting.
Council decided last night to deny a request which has been made by Dr. J. W. Hickman for a hearing on the matter of rezoning a block of land known as "Block 4." A public hearing was held on this matter last week, and many rate citizens were on hand to protest this rezoning. Council at that time voted to deny the request for rezoning. Hickman, however, in a letter to the council, protested that ruling saying that the public hearing had not been properly posted and advertised. He requested a rehearing, but the council last night decided that such a rehearing was not warranted.
In other action at last night's regular meeting, the council adopted on first reading a new severance ordinance for the city. This ordinance prohibits the sale of wine and beer at certain times, and it also allows such sale to occur on Sunday from 7 a.m. to 11 p.m. (off premises consumption only). The ordinance had previously prohibited this sale on Sunday during church hours, but council changed this due to the difficulty of enforcing such a stipulation. Both Mayor Swafford and Councilman Helen Keyser voted against the ordinance.
A new sewer ordinance was adopted last night after second reading. In further action, the council approved several sewer reports made by the city engineer, voted to pay all city bills (except one for typewriter repair because of a mixup in billing for it), and discussed the growing number of deposits which are coming in to reserve city sewer space. Mayor Swafford told the council he would like to notify developers, who are sending in the money, that their deposit has been accepted, and then use this money to pay for the sewer expansion. City Attorney S. J. Davis advised against this unless the fee is made non-refundable. Otherwise, the city would end up returning money to developers who did not carry on with their projects.
Mayor Swafford expressed his concern at the large number of reserve deposits which are coming into the city, saying that the city will not be able to serve many more people until the sewer expansion is carried out (two years from now). "Some one is going to get left out," he said.

Editorial Comment

Economic Issue Gets Top '72 Election Billing

You can just bet on it that the hard-headed Democrats who are the chairmen of the county committees are not trying to help President Nixon get re-elected — if he runs.

Interest. Whether or not this is to move the Indochina war and the Pentagon Papers off the front burners and back to the "summer" spot is not obvious.

This is a political fact of life that the Nixon administration has been giving some lip service but which, in a practical manner, has not been backed up with leadership which would create jobs for the veterans.

Surely these are the months when the fast-changing factors in the Indochina war and the United States role in that misadventure will keep the Nixon leadership on its toes.

But they all happened at the convention of the 2 million member Teamsters here this week.

Together we can make steady advances in our common objectives. Nixon said, after listing the goals of a healthy economy and jobs at good wages.

Louis of the warm attention from the Nixon Administration.

Officials, but it seemed clear the Hoffa era is over.

Blurred Barrier

The Supreme Court has deepened rather than clarified the confusion that exists over the extent that public funds can be used to assist non-public schools.

Decisions on whether tax funds should be provided to non-public institutions should be based on something more substantial than how one institution or another uses the funds.

The barrier is hardly less blurred and indistinct in the light of the new decisions.

Political Notebook: Jackson Pins Hopes On Florida

WASHINGTON (NEA) — Sen. Henry M. Jackson of Washington will make his key early run in the 81-vote Florida primary next March—if he decides late this year to become an avowed 1972 Democratic presidential bidder.

Senator Henry M. Jackson

Indicate. The questions for Jackson are whether he might make a respectable showing, as his supporters contend, and whether he needs to take the risk of trying to build quick credibility as a challenging candidate.

Prisoner Exchange Announced

MIAMI (AP) — Cuba's Fidel Castro's regime today announced the exchange of 18 American citizens in Cuba for four Cuban fishermen held prisoner by the United States.

MIAMI (AP) — Cuba's Fidel Castro's regime today announced the exchange of 18 American citizens in Cuba for four Cuban fishermen held prisoner by the United States.

Graduating Doctors Take Different Oath

MIAMI (AP) — Rejecting Hippocrates because his physicians' oath bans abortions, graduating doctors at the University of Miami turned to Maimonides whom they considered more humanitarian and modern.

Red Tide Intensifying As It Moves Up Coast

ST. PETERSBURG Fla. (AP) — The month-long Red Tide plaguing Florida's Gulf Coast has intensified as it moved north, St. Petersburg officials said, causing them to suspend fishing for shellfish.

Global View: Policy Shifts Must Inch Ahead

WASHINGTON (NEA) — To make sense of the President's foreign policy one needs to understand just how firmly convinced Richard Nixon is that all change must take place slowly.

Ray Cromley

Don Oakley Says: Gold Still Lures Optimistic

There's no more gold in them hills, or hardly any. Yet judging by inquiries received each year by the U.S. Geological Survey, prospecting for gold offers a special excitement for many people.

Candid Chatter

By DORIS WILLIAMS
Society Editor
The name of the game—newspaper game, that is—is dedication, 48 hours a day, 14 days per week.

This was evidenced Sunday when JOHN (SCOOP) SPOLSKI whisked off on a tip while whisking off his whiskers to provide a recreation area (tennis court, swimming pool, etc.).

MISS BONNIE Van Pelt, of Clerdale, Inc., is spending her vacation with her parents, Mr. and Mrs. Fred Van Pelt, of Princeton Avenue.

Perhaps the most honored guest of them all ever the Independence Day festivities was Mrs. D. L. (AGNES) HARPER, who celebrated her birthday July 2.

My nomination for the "Good Citizenship Award" goes to Sanford's Postmaster, CECILE HEARD.

The story goes that one of "Uncles" local carriers was "nipped" by two dogs in FRED VAN PELT'S yard.

MR. AND MRS. FRED DUPREE
Mrs. Virginia Hughey exchanged wedding vows with Fred Dupree on Saturday, June 19 at 2 p.m. at the First Church of the Nazarene with the pastor, Rev. William Morris officiating.

Incidentally Agnes has visited the "first family" on two occasions in Tallahassee, which she enjoyed immensely.

Another honored guest recently was Herald scribe, CHARLES LANSING, who now calls Cocoa Beach. Her lawyer has hand, FRED, has accepted a position there so it was with reluctance that the family moved from Sanford which they both just were loose.

In the meantime, our super-sleuth detective, Sports Editor, GARY TAYLOR, went into operation to disclose Fred had no dogs and closed the files on the "Case of the Carnivorous Canines" after reporting to Madam Postmaster, who had located the rightful owners in the meantime and all lived happily ever after.

FRED AND LORENE went "ditty-bopping" off on a vacation to the Midwest and had informed the P.O. of their departure.

So I would say Cecile went beyond the call of duty in executing the loyalty of the U. S. Postal Service. On top of that, she is one of our favorite people here at the Herald.

A real grandmother was never more radiant than GINNY SHEDDEN recently when she was showing an adorable babykins with only the TLC that a grandmother knows a pampering. . . quite different!

The beautiful bambino is the daughter of DONNA HOGAN LIGHT (who was also along, and I might add, just darling) and SHE'S FASHION HERO, MIKE LONG, who now reside in Winter Park.

For her Sanford debut, the potential cover girl was a fluff of pink and absolutely heavenly all covered in pink crepe, satin, lace and ribbons.

CHARLES LANSING and his wife, Louise, left, are shown receiving a warm welcome from Dr. and Mrs. George Edwards, president of the Seminole Zoological Society. (Ann Sieczkowski Photo)

Ball Benefits Zoo

By ANN SIECZKOWSKI
Overized caricatures of purple hippopotami, orange lions, hot pink elephants and various other shades of favorite animals of our zoo, painted by Mrs. Jane Ravell of Winter Park, adorned the walls of the Civic Center, Saturday night and large stuffed animals hung from the rafters. Human animals were also on hand to enjoy the gala "Save the Zoo" benefit dance sponsored by the Seminole Zoological Society.

DOROTHY POWELL, chairman of the ball, (second from right) is introduced to Mrs. A. A. Baker on the left and her husband, who are neighbors of lovely Val Colbert, right, secretary of the SZS. (Ann Sieczkowski Photo)

Listen To Music And Eat

By TOM HOGGE
Associated Press Writer

Summer time sets the scene for all sorts of festivals, and outdoor concerts are being staged all over America. Music buff, yearning for the strains of Bach or the rock beat can satisfy both his spiritual and gustatory appetites by attending such amusements with "bugling picnic baskets in hand."

To keep in step with the times, John Becher, executive chef at New York City's Biltmore Hotel, offers a basket that features such intriguing delicacies as Balalaika Salad, Claret (Sangria and pumpernickel bread).

Becher learned how to make the salad a number of years ago from a Russian friend who was accomplished on the balalaika and played the instrument in summer concerts.

"It is a mixture of sliced potatoes, beefs, veal, ham, cheese, parsley, chives and tarragon, all tossed with mayonnaise and topped off with minced capers and sliced eggs."

"Mixing the salad is quite colorful," said Becher, "and so easy. You can even save on dishes by serving it in the empty ingredient containers."

Becher created a basket that became a personal favorite when he was courting his wife on cruises up the Hudson River to Bear Mountain.

The Becher special contains green pepper shells stuffed with lobster salad. He also recommends French bread, camembert cheese and chilled Chablis.

For dessert, he likes cranberry main filling with champagne and marinated with a few ounces of Fuguandy. The chef noted the capillary action of both the pepper and main keep the stuffing cool.

Becher has other memories of baskets filled with all manner of goodies, but for the moment he is content to pass the following on for those who have a fondness for picnic fare.

BALALAIKA SALAD
4 medium size boiled potatoes
2 large boiled beets
1 pound roast veal
1/2 pound roast ham
1/4 pound Swiss cheese
Dash of chopped parsley, chives, tarragon
Dash of salt and pepper
2 cups mayonnaise
1/2 cup chopped capers
2 hard boiled eggs, separated and sieved
1 cup white wine for marinating

CLARET SANGRIA
Mix two bottles of Claret, one bottle soda water, a glass of Sherry two sliced lemons, one sliced cucumber, one cup sugar and pieces of ice.

By CECILY BROWNSTONE
AP Food Editor

RANGETOP DINNER
Swiss Steak Rice Soup Beans Bread Tray Fruit Salad Beverage

SWISS STEAK
Lots of flavorful gravy.
5 slices (1 inch thick) bone-in chuck roast (2 pounds)
3/4 cup flour
2 teaspoons salt
1 medium pepper
1 medium onion, finely diced (about 1/2 cup)
1 medium green pepper, finely diced (about 1/2 cup)
1 cup (1 pound) stewed tomatoes

Put any fat and sinew away from around meat. Mix together flour, salt and pepper; pound into both sides of meat. Melt a small piece of beef fat in a 12-inch skillet—enough to give a heavy film of fat. Brown steak thoroughly on all sides. Add remaining ingredients. Cover tightly and simmer until meat is tender—about 1 1/2 hours. Makes 4 to 6 servings. (The chuck roast should be the kind with very little bone.)

Lena Stays On

HOLLYWOOD (UPI)—Lena Turner, originally scheduled to tour for eight weeks in "Forty Carats," has lengthened her appearance in the play for two weeks in August.

Minerals In Diet Aid Health

Most homemakers know that iron is important in the daily diet, but couldn't care less about chromium, phosphorus and iodine.

Yet these minerals are essential too.

Many of the minerals that occur naturally in foods and those added to foods and beverages are necessary for proper growth and body function.

Take iron as an example. This mineral helps to avoid that tired blood syndrome. Recent studies reviewed by Food Engineering have shown that children under six and adults over 55 years of age are the most likely to suffer iron deficiencies.

Research by the U. S. Department of Health, Education and Welfare and the U. S. Department of Agriculture also revealed that lack of sufficient iron in the diet occurs more among low income groups of all ages than among the affluent.

The work of these government agencies has pointed up a need to increase iron enrichment of selected foods for the best health of the general public. This, food millers and bakers have petitioned the Federal Food and Drug Administration for permission to boost the iron content of their products. Bread, cereals and snack foods are other types of foods particularly suited to higher iron enrichment.

Government nutrition studies also revealed a significant recurrence of goiter in regions where the iodine content of water is too low. This was surprising because it had been felt that goiter was virtually eliminated a generation ago by adding iodine to salt. With the passage of time, however, the purpose of the iodized salt apparently was ignored and now iodine is again being added to salt on a large scale to combat goiter.

Calcium is another "must" in dietary minerals. Its nutritional functions are better understood than those of any other mineral.

Milk is a popular and inexpensive source of calcium. Calcium is needed to build and maintain bones and teeth and to facilitate blood clotting.

Not so well understood is the fact that the daily intake of phosphorus recommended by the National Research Council is as great as that for calcium (0.75 gram for children and adults and 1.5 grams for women during pregnancy or lactation). Phosphorus, found in such foods as soybeans, cheese and liver, helps build normal bone and skin structure and is essential to protein metabolism.

Although the dietary requirements are known for the most essential minerals, there remains a mystery about the effects of some trace amounts of minerals such as copper, cobalt and chromium.

Chromium is an essential nutrient and a large part of our population may have a marginal deficiency in this area, according to a report by Willis A. Gortner, director of the U. S. Department of Agriculture's Human Nutrition Research Division.

Gortner further states that "our very preliminary evidence suggests that as many as half of these individuals may be helped through chromium supplementation."

Food processors are concerned with the mineral content of their products for the principal reasons of better nutrition and top quality control.

The selective supplementation of foods with minerals, for which a definite deficiency has been established, is an extremely efficient and economical way of protecting the health of the general population.

SHS Registration

On July 7, 8 and 9 from 8 a.m. until 1 p.m. new students in the area may register at the Guidance Office at Seminole High School. Also, at this time, students may confer with a counselor in regard to changes they may wish to make in their schedules. This information is for students in 10th, 11th and 12th grades only.

Mashed Potato Salad

By **CECILY BROWNSTONE**
Associated Press Food Editor

DEAR CECILY: Some time ago I clipped a recipe for mashed potato salad made with olives and other ingredients, but I put it away in such a good place that now I can't find it! Can you supply the recipe? - **FAMILY COOK**.

DEAR FAMILY COOK: Yes, I can. But hang on to it because mashed potato salad recipes are hard to come by. They rarely appear - even in comprehensive cookbooks. By the way, this salad has been called Slip-and-Go-Down because devotees of it find it so easy to eat lots of it. It tastes particularly good with hamburgers or frankfurters. - C. B.

MASHED POTATO SALAD WITH OLIVES

- 2½ pounds potatoes
- ¼ cup mayonnaise
- 2 tablespoons cider vinegar
- 1 teaspoon salt
- White pepper to taste
- ¼ cup chopped pimiento-stuffed green olives
- ¼ cup sliced celery
- ¼ cup sliced scallion (green onion), with part of green top included

Pure potatoes, cover with boiling water and bring to a boil. Cover and boil until tender; drain. Put through a food mill or mash your favorite way - there should be about 4 cups.

Add remaining ingredients and mix thoroughly; taste and add more salt if desired.

Serve warm garnished with parsley and extra olives; or serve cold garnished with lettuce and extra olives. Makes 6 to 8 servings.

FAMILY SUPPER
Assorted Sliced Cold Meat
Mashed Potatoes
Green Peas
Cabbage
Rice with Cooked Onions
Dressing
Beverage

COOKED DRESSING
Excellent flavor and consistency.

- ¾ cup flour
- ¾ cup sugar
- 2 teaspoons dry mustard
- 2 teaspoons salt
- Pinch of white pepper
- 1½ cups cold water
- ¾ cup cider vinegar
- 1 tablespoon butter
- 4 egg yolks

In a heavy 3½-quart saucepan stir together all the dry ingredients. Gradually stir in water and vinegar, keeping smooth. Cook over moderate heat, stirring constantly, until thickened. Remove from heat. Add the butter, whisk in the yolk mixture one at a time and beat until smooth. Return to low heat and stir constantly, cook without boiling for about 1 minute. Cover and store in refrigerator; use cold. Makes 2 cups.

COMPANY LUNCH
Stuffed Eggs on Salad Greens
with Cucumber and Tomatoes
Marinated Celery
Melba Toast
Fresh Peach Pie
Beverage

MARINATED CELERY
An elegant dish that is perfect for an hors-d'oeuvre style lunch.

- 2 heads of celery, quartered
- 2 cups fat-free chicken broth
- 1 clove garlic, peeled and halved (slightly smashed)
- 2½ cup olive oil
- 1/2 cup white vinegar
- ¼ teaspoon salt
- ½ teaspoon white pepper

Remove the ribs from the celery. To prepare the celery hearts, trim root ends, remove very large outside ribs and cut off leafy tops; wash hearts thoroughly. Use celery cooking liquid in a soup; use marinade for salads. Makes 8 servings.

63rd Year, No. 223 Price 10 Cents

Sanford's City Tax Millages Expected To Be Reduced!

By HILL SCOTT
Sanford can expect a reduction in tax millages for the coming year, according to information contained in the memorandum released today from City Manager W. E. Knowles with a copy of the 1971-72 proposed city budget.
Knowles pointed out the millage reduction resulted after the recent state legislation, concerning the added gas and cigarette taxes, both require that 80 per cent of the revenue received by any municipality have-

ing the operating millages in excess of 10 mills must be applied to the reduction in the tax millage.
Since Sanford is assessing at more than the 10 mill cap, then the city millage will be reduced and the added state revenue will not be available, except the 20 per cent. Knowles added.
The budget prepared by the city manager is unbalanced and reductions in the amount of \$193,600 will have to be made to bring the anticipated \$1,949,876 total expenditures down to the \$1,756,276 anticipated city revenue.
The proposal also includes \$421,437 for paying off the city's debt service obligations on bonds. Knowles said there were no capital improvements included in this year's budget as there are not sufficient funds to allow for this.
The city manager said there was a need for increasing personnel in police, fire and refuse departments.
Regarding operation of the municipal pool, which the city commission in a December action voted to phase out at the conclusion of the present budget year or Sept. 30, Knowles reflected the new budget reflected that commission action under which no change is contemplated.
The budget shows a total \$5,137 cost for a phase-out period of 90 days after the Sept. 30 closing date, but official city commission action must be taken before the amount can be spent.
Commission budget discussion sessions are expected to start sometime this month.

JUDICIAL CAUCUS
Members of the Girls State supreme court held their first meeting beside the replica of the Liberty Bell at the state capital. Members of the supreme court are, left to right, Chief Justice Vickie Fulcra of Tampa, Nancy Lusk of Miami Beach, Margaret Carey of Key West, Maribeth Cassels of Clearwater, Jacki Farrell of Sarasota, Debbie Haynes of Sanford, and Vicki Harvey of Orlando. Girls State is sponsored annually by the American Legion Auxiliary and is conducted at Florida State University.

Lake Howell Top Priority For County's Park Sites

A meeting was held this morning by the county parks acquisition committee for the purpose of updating appraisal activities during the past week and to receive a progress report as a result of establishing priority work schedules for Anderson Realty, which has been designated as the official county appraisers.
Further, the meeting was to discuss what additional activities the firm as well as St. Johns Realty will undertake.
According to County Commissioner Sid Vollen Jr., commissioner in charge of the acquisition, interim developments since the last meeting has been the citing of the Lake Howell site as of strategic importance due to its location off Red Bug Road. The commission, he said, feels that appraisal of this property should be expeditious.
Lake Howell has been designated by the County Commission as the number one priority, but according to County Planner David Farr the county is not putting all its "marbles" into this property, but is also designating Big Tree park area as number 1-A. The explanation for the decision of Lake Howell was given as being the population center in the south end of the county.
Tommy Peterson, representing St. Johns Realty, gave appraisal figures for Island Pond. Cost was stated as being \$8.00 per acre, as opposed to the previous estimate for the bond issue approved by voters last November of \$700 per acre. The approved bond issue was for \$247,300, and the actual appraisal value is \$280,570. Peterson said that if negotiations for the property are not amiable, court action will be necessitated.
Bob Anderson, representing Anderson Realty, outlined activities relative to the Big Tree Park site, noting that there had been several developments in the past few days. Anderson told the parks committee members that the owner of a tract of property had invested \$25,000 in a canal which changed the value of the property, making a more suitable. Anderson said that a multiple listing on the property was \$120,000 whereas it was formerly offered for \$60,000. (Cont. On Page 2A, Col. 5)

Chamber Seeking Additional \$\$\$

Greater Sanford Chamber of Commerce, after a meeting this morning of combined financial and executive committees, approved a motion to present a proposed industrial tour-ist budget to the Sanford City Commission.
The motion by George Touhy, would have Mark N. Cleveland Jr., chamber financial officer; John V. Merrer, chamber president and John Krider, chamber manager, approach the city commission, now looking into budgeting money for the 1972 city operations, with a \$140,000 budget to allow the chamber to operate as the city's industrial recruiter.
This morning's session disclosed a budget, which would allow for industrial functions \$1,400 for a secretary; \$2,000 for a manager; \$300 auto expense; \$200 telephone; \$2,000 travel; \$500 postage; \$600 office supplies; \$126 taxes and insurance; and \$264 for group insurance.
The effect of this proposal would have the city commission do away with the present Sanford Industrial Commission, which at present is costing \$43,000 a year to fund, or allow the change from an industrial board into an airport authority, for which the city has had a special act passed by the legislature, which created an airport authority.
The chamber group will also seek an additional \$15,000 from the city for its regular operations, which has an overall \$25,000 budget. Krider informed at this morning's meeting, "we are in the position of having to be properly funded or cease to be a chamber of commerce." This was in reference to the problem of too little funds for the chamber's present operations, which has prompted the group to seek additional money to finish out the fiscal year.
If the city commission accepts the chamber's industrial proposal, there is a question of what position the present SIC director David Kelley will hold, since the chamber manager will take over the industrial function.
Contacted today at his office, Kelley, when informed of the chamber's budget, commented "it sounds good, but you get what you pay for." He said such a reduction in industrial operations by the city might amount to being "penny wise and pound foolish."
Pointing out that the chamber would still have its tourism function, Kelley added, "if they can seek industry along with their other work, more power to them."
City Commission may take up the chamber's proposal at Monday night regular commission meeting at 8 p.m. in the city hall.

County Pursues Budget

Included in the Maintenance Department requests was sufficient funds for five additional helpers, eight postmen, three more laborers, caretaker for Mullet Lake Park and a boiler tender for the new boilerhouse. Ferguson also requested \$12,000 for a maintenance shop. His department is currently housed in the same building as the County Road Department.
County Engineer William Bush requested \$60,013 compared to \$51,257 budgeted this year. Most of the increase was for additional personnel.
County Sanitarian Val Robbins requested \$14,459 for the animal control program. Currently there is \$15,700 budgeted for the program. The request is to increase the pay scale for the two employees.
Requested for the Sanitary Landfill Operation is \$25,200 compared to \$16,112 for this year. Anticipated revenues are expected to equal or exceed the budget request. Of the amount requested, \$12,735 is for salaries and \$10,731 for capital outlay. The largest item under the capital outlay is a new pickup truck.

Headlines

Inside THE HERALD
MIRAMAR — Municipal employees in the South Florida city of Miramar probably enjoy the weekend more than most people — they have more weekend to enjoy.
ST. PETERSBURG — A state biologist says the worst outbreak of Red Tide in Florida waters in almost a quarter century may eventually outgrow its food supply.
MIAMI — Former Miami Police Officer David C. Waud is acquitted by a Criminal Court jury of manslaughter in the fatal shooting of a former mental patient.
WASHINGTON — The Senate votes to step up the fight against cancer by creating a new agency reporting directly to it. But House passage is questionable.
WASHINGTON — The Senate-Economic Committee opens a midyear review of the nation's financial posture with a Democratic bias at Nixon administration "doubletalk" and "pop talks" to boost the economy.
MIAMI BEACH — Frank E. Fitzsimmons rides thunderous Teamsters convention support towards virtually certain election to a five-year term as chief of the world's biggest and richest labor union.
LOS ANGELES — After 31 years of talk about the need for a downtown convention center, the nation's third largest city finally gets one this week.
WEATHER — Yesterday's high 96 low 72 with 1/4 of an inch of rain. Partly cloudy to occasionally cloudy through Friday with thundershowers most likely during the afternoons.
Highs 86 to 94 and low tonight 68 to 75.
Sultry summer weather held its grip today on much of the nation with only scattered thundershowers in the South, the Great Lake region and the southern Rockies providing some relief from the warm temperatures.

\$150,000 Bogus Bills Grabbed

TITUSVILLE, Fla. (AP) — A 35-year-old Melbourne man was arrested here Wednesday with a suitcase containing \$150,000 in fake \$10 bills, the Secret Service said.
Danny Wayne Pickett, 35, was charged with transferring and delivering bogus bills, U.S. Magistrate Thomas Henderson said.
Officials refused to disclose how the arrest was made. Pickett was picked up in his car in south Brevard County.
In area raids on counterfeit operations over the past four months authorities say they've seized \$200,000.
Last week in north Titusville a printing press was confiscated and officials said they believed it was used to print the bogus bills. On June 24, \$80,000 in phony \$20s was seized and in late March authorities netted \$50,000 in fake \$20s in a Cocoa Beach raid.

BULLETIN

A 11-year-old, visiting the area from New York, was struck by an automobile driven by Henrietta White, 1509 SW Road, Sanford around 11 a. m. today at the corner of 11th and Oak Streets in Sanford. Charges are pending.
Taken to the emergency room at the Seminoe Memorial Hospital for treatment was Linda Wilson. Her condition at press-time was unknown.
The youngster is visiting with her grandparents at 708 1/2 Oak Avenue in Sanford.
