

Lake Monroe Jottings . . .

... H. L. Johnson Another Thursday. And it's also Kids Day at the Fair. Have you been to the Fair yet? There are some nice displays this year. . . . Thanks Ray Slayton for the nice compliment. Also Helen Walker, in the County School office. Ray's daughter Betty was one of the Glee Club girls who went to Miami with us recently. She is certainly a sweet girl. . . . Mr. and Mrs. W. P. Underwood, Mrs. Annie Hecot, and Mrs. Nora Aldridge of Waycross, Ga.

have all been visiting with their aunt Mrs. G. B. Sapp and Myrtle Nettles on the Upsala Road. . . . The Upsala Presbyterian Church is having a family supper night on Feb. 23 starting at 6:30 p. m. The Dorcas Circle will have an old fashioned cake walk. So keep it in mind. . . . Steve Cain and Raymond Freeman went to the Tampa State Fair last Friday. They certainly had a wonderful time. Also having a good time at the Fair was Linda Stapler and Sue Orseno who were with the Girl Scout Troop, Lorena Tundel and I are going down Saturday with the 4-H Group from the County. . . . Happy Birthday Wendell Allison. Wonder if I should tell them you are now at the old age of 15. . . . With somebody would lend me some of their spare time if they have any. I sure do need it. There just doesn't seem to be enough hours in the day anymore. . . . Eight Home Demonstration ladies enjoyed a craft workshop at Olga Hunters the other night. We made planters out of empty oil cans. They are certainly nice. . . . While we worked Olga served us coffee and good nie homemade cookies. She is a wonderful person and it's always a pleasure to be with her. . . . The other evening while I was preparing the evening meal my wee granddaughter Cindy came up to me and said "You are sure cute Granny." I thanked her and went on about the meal. Again she said "You are sure a pretty Granny." Again I thanked her and asked her what she was wanting and she said "Supper Granny." I knew there was a catch to it somewhere. . . . I see that a lot of the trees are starting to have leaves on them and I saw a peach tree blooming. Maybe it's a good sign of Spring. . . . Ruth and Tommy Swaggerty are planting gladiolus bulbs. And they are planting them right where I can look out of my window and see them. They are so pretty. . . . Well the Road Dept. finally has started

paving the Paola road. That road has caused more inconvenience for the people than First Street has so far. Oh well, just another sign of progress. . . . So very sorry to hear that the Thomas McWaters both are in the local hospital because of an auto accident in front of their home. Sure hope they get well quick. . . . L. C. Hobby and daughters are going to Doerun, Ga., this weekend to bring Pauline home. She has been there for the past two weeks visiting with relatives. . . . I hate to remind you but there is only one week left to purchase the license tags for your cars. Avoid the last minute rush. I got mine last week and I had to wait 35 minutes. So it won't slow up now and there are four persons waiting on the customers at that. . . . The Dorcas Circle of the Upsala Presbyterian Church meets next Thursday evening at White Hall. All ladies of the church are invited to attend. The meeting will start at 7:30 p. m. . . . When you go out to the Fair be sure to notice the beautiful plastic and foam rubber hand bags made by Mrs. B. H. Gray of Longwood. They are simply out of this world. She belongs to the Longwood H. D. Club. The other evening while out there I stood there and watched her make a gorgeous hat to match one of her purses. I'm telling you we certainly have some SMART ladies in our County Home Demonstration Clubs. That's in evidence out there when you look at all of the exhibits. . . . Our thought this week is a very good one on Life. It was given to me by Geneva Rungarner. I certainly thank her for it too.

LIFE
Is like a mirror, if you frown at it, it frowns back; if you SMILE it—returns the greeting.
—Thackeray
That is so right. Wouldn't it be wonderful if that could be done all of the time? There would be a lot of words that could be taken out of the Dictionary.

Forest Fire Report Issued For January

Seminole County Forest Ranger Jerry W. Laws of the Longwood tower station has released a report of forest fires occurring in the County last month as compared with records of January, 1961.

In January, 1961, there were 58 fires which burned a total of 408.1 acres. Of these, 23 were incendiary, or set fires, and 35 were the result of carelessness.

Last month 50 fires burned a total of 1,732.1 acres. Fourteen were incendiary and 36 were careless.

According to Laws' report, the worst day so far this year came on Jan. 30 when five fires occurred burning a total of 835 acres. The biggest fire that day burned 466 acres near the old Osceola Airfield.

Laws points out that although there was a marked decrease in the incendiary fires there also was a notable increase in those caused through carelessness by allowing trash fires and land clearing fires to escape to adjoining areas.

He again cautioned that the county is suffering an extreme dry period and that with the high winds of March approaching, residents are urged to take every precaution possible to prevent any further destruction of the county's pasture and timberlands.

OLD FASHIONED QUILTING is being revived by members of the WSGS Sunshine Circle of the Community Methodist Church in Casselberry. Quilts will be sold as they are completed to aid the circle's welfare projects. Busily working at the last meeting were, left to right, Mrs. James Allen, Mrs. Alfred Bechet, Mrs. John Birkheimer, Mrs. Darwin Shea, Mrs. Phil Casber and, in front, with assistance from Petey, the Allen's cat, is Mrs. Robert Deppen. Realtor's State Prexy Plans Visit

Seminole County Board of Realtors will join with Daytona Beach Board, DeLand-West Volusia, Ormond Beach and New Smyrna Beach Boards in entertaining a visit by James O. Buck, head of Florida's Realtors at a special dinner meeting of the above Boards at Morrison's Imperial House at Daytona Beach, Feb. 19 at 12:15 p. m. "We feel especially honored that the Seminole County Board has been included in the group to entertain our State President," Seminole Board President Byron Kimball stated. Other state and district officials will also attend.

Wives of local Realtors and Associates are invited to attend the dinner meeting and the principal address will be given by the visiting state president.

DeBary Democrat Hear Law Official

By Mrs. Adam Muller
Howard DeMott of the Volusia County Sheriff's Dept. was guest speaker at the Feb. 7 meeting of the DeBary Democratic Club held in the Fire House.

Outlining duties and history of the law enforcement office, DeMott said that the office was created in Florida in 1885 and that the first Sheriff in the state was elected for a four year term in 1888.

Duties of the sheriff revolve around the preservation of peace and power of the office supercedes all other police work. Officers of the department serve Grand Jury subpoenas and often are called for services in law suits, divorce actions and eviction cases, the speaker reported.

Work of the office also includes detection of crime and arrest of offenders, DeMott said. He pointed out that a sheriff must live within five miles of the county seat where he serves.

Club members were advised that the Volusia department handles some 75 prisoners each day and that traffic cases in the area come under jurisdiction of the Florida Highway Patrol. In addition the

office provides an identification division, a plac, clothes division, radio stations at DeLand and Daytona and boat patrols for the St. Johns River and the East Coast.

Mrs. DeMott attended the meeting with her husband.

Harris M. Saxo Volusia County commissioner of roads, is scheduled to be guest speaker at the March meeting of the DeBary political club.

DeBary Firemen Answer Call For Inhalator

By Mrs. Adam Muller
Members of the DeBary Volunteer Fire Dept. who answered an inhalator call at 2:15 p. m. last Friday for Alex Bremner of Juan Rd., report that he is recuperating satisfactorily at a DeLand hospital.

Volunteers, credited with saving many lives in the community by their prompt response, have installed a telephone gong in the new building in order that men working there can hear the telephone ring.

FLORIDA'S LARGEST SELLING BRAND OF ECONOMY GASOLINE

GULFTANE

In two short months, Gulf's new lower priced quality gasoline for 1 out of 2 cars is a proven success. Millions of motorists have proven, in over a billion driving miles, that Gulftane is lowering their cost of driving.

Gulf research developed Gulftane specifically to meet the needs of the 50% of cars on the road that don't need—in fact, can't even use—extra octanes.

All that extra octanes can do for these cars (and that includes older cars as well as many of the newer compacts on the road) is increase their gasoline costs.

Yet, for all the economy it offers, Gulftane is a quality gasoline. In your engine, it lubricates intake valves and upper parts of the piston. It is a specially blended gasoline to give you easy starting in all seasons.

The best way to find out if Gulftane was made for your car is to try a few tankfuls. If you are driving the one car in two that doesn't need extra octanes, Gulftane will give all the performance that was built into your engine—at a lower cost.

Your Gulf dealer has always been proud to offer the finest products for your money. Now he has done it again with Gulftane New No-Nox • Good Gulf • Gulftane

THREE GREAT GASOLINES TO LOWER YOUR COST OF DRIVING

By LARRY VERSHEL.
I'm getting off the turkey, beans and meat circuit right now.
I spoke at the Civitan Club Thursday night . . . The fella that introduced me had a steak and the guest of honor (me?) had stew and cold rice. Just as the waitress poured me a cup of coffee they introduced me and that was that . . . and to top it off one good buddy kept asking me about "Terry And The Pirates."

We were besieged by telephone calls Thursday morning on why the school children were let out of school early to attend the county fair. Some mothers felt their kids were in school to learn. Anyway, school officials at first refused to let the youngsters go, but later in the morning changed their minds.
Speaking about phone calls we received two Thursday from the same old source. What to do about stray dogs. There isn't much I can tell them with an inactive humane society.

Interesting to note that the U. S. Chamber of Commerce asked Congress to investigate the House and Home Finance Agency. Yes, ask them about the rumormongers that gave our county board in Atlanta a few months back.

Did you know that the low bidder on the proposed post office had his \$15,000 bond forfeited.

Have you noticed the way that vacant lot on Sanford Ave. between Fourth and Fifth was cleaned up

City Tax Collector Henry Tamm Jr. reported this morning that the city will start clamping down on delinquent occupational licenses.

The State Board of Health has asked the city to relocate the chlorinator room at the Ft. Mellon Park Swimming pool, or they will lose their permit. Pete Knowles says the work will be accomplished in 10 days.

It sure was a shame that our Legislative delegation wasn't invited to that meeting on a mass transportation system Thursday night.

The first phase of the courthouse renovation program will be repairing windows in the facility.

Work has already started on fixing up the stockade for the county agent. The bars will stay on the windows.

We looked at preliminary sketches for the proposed Sanford Shopping Center across from Kattiff's Salvage Yard.

Hope to have a complete picture for release by next week.

Commissioner John Fitzpatrick tells us that part-time Health Director W. H. Sisk likes it so much here that he will forget about that \$100 per month supplementary pay and will work for nothing.

Insiders believe that the city won't accomplish much by going about this \$1,000,000 water improvement program phase-by-phase. All or nothing at all, is the way they feel about it. We'll know Monday night.

The local Moose Club is planning an extensive membership drive and will kick it off Feb. 26 at the Lake Mary Lodge Hall with a meeting open to the public. The highlight will be Magician Fred Terrell, (one of the best). Oops, forgot to mention it, but it's free and the kids are invited.

Look for an announcement soon on a proposed inter-city bus system. A group of local men plan to ask the city for a franchise agreement.

Jaycees are planning a big push to get new registered voters in the county.

Seminole County Fair Is A Picnic For All

Trophy Award Tonight

The President's Award, an engraved loving cup, will be presented at 8 tonight to the best all-around exhibit at the Seminole County Fair.
The presentation will take place during a band concert by the Seminole High School Band in front of the Legion Fair Bldg. around the flag pole. The presentation will be made by Joel Fields, president of the Legion Fair Assn.
Yesterday the Legion post presented two bicycles to youngsters in the county. The presentation was made by Robert Mahan, commander of the post, assisted by John McCloskey and Chester Miller.

Baby Killed, Five In Family Hurt

LAKE WALES (UPI) — An eight-month-old baby was killed early today and five members of the same family injured when a car rammed into the rear of a stopped bus near here in a dense fog.
The victim was identified as Lori Smith, daughter of Mr. and Mrs. Jack Smith of Ocala.
The mother was hospitalized with fractures of both ankles, the pelvis, jaw and ribs, and severe cuts to the head and face. The father suffered multiple cuts and a back injury.
Three other Smith children were injured. Cynthia Gale, 4, suffered a fractured jaw and collar bone; Gerry, 7, and Jacqueline, 3, suffered multiple cuts and bruises.

Jailed In Theft

PALM BEACH (UPI) — Bobby Deirdorf, 21, was in jail today charged with embezzling \$15,500 from an Eau Gallie construction firm and taking off on a cross-country spree.

New Restaurant Is Different

Press, radio and television writers, producers and advertising personnel from all over Central Florida were present Thursday night at a Press Party given at the new Rikaha Inn on Hwy. 17-92 by owner Jeno Paulucci.

Mr. and Mrs. Jeno Paulucci

Guests entering the eye-catching new-style restaurant all stopped to gaze at the beautiful entrance garden, graced with a statue of Kwan Yen, goddess of kind and good spirits, made brilliant with a blue flame dancing on the surface of the tiny pool.
In the receiving line in the Tree Room were Paulucci, general manager Bob D'Aversa and Mrs. D'Aversa; projects director Joseph Puglisi; Ray Denlow and Hostess Josephine Burgess. Meeting and mingling with the guests were public relations director Jim Lee, designer Kenneth McCorkell, contractor and builder, A. K. (Kay) Shoemaker, and others.
In the Good Fortune room where guests were served their choice of beverages along with delicious egg rolls, were seen the panels with

Chinese figures painted upon them, with wishes for good health, good fortune and long life.
Another striking note are the two genuine rickshaws, just waiting for their coolie man-power and looking Orientally romantic on their high wheels, with their cozy, colorful cushions.
There is a patio outside complete with comfortable chairs and tables for outdoor dining, with quick and efficient service.
The temple-styled dramatic sign that stands high in front of the restaurant proclaims glowing old holly on the huge gong hanging beneath it.
Heralding an entirely new kind of family-style dining out, the Rikaha Inn promises to stand high on the list of "musts" for Central Florida and tourists alike.

Congo Arrests Two In Attache's Death

LEOPOLDVILLE, The Congo (UPI)—Police brought in two Congolese for questioning today in the slaying of Lt. Col. Hulien Boris Stogner, the assistant U. S. military attache here.
One of the men being questioned by top local and United Nations police officials is the chauffeur of Col. Ben Matlick, the U. S. air attache.
The chauffeur was brought to the one-story brick Congolese police headquarters from the U. S. air quarters, where he had been undergoing questioning since Thursday.

Group Protests Ban On Tshombe To Florida

NEW YORK (UPI) — The State Department has been accused of denying Katanga's Moise Tshombe a visa in order to prevent the American public from hearing the other side of the Congo question.
The accusation came Thursday from a spokesman for Young Americans for Freedom, a conservative group. Tshombe was to have addressed the organization's March 7 rally in Madison Square Garden.
The State Department, in effect, barred a visit by the Katanga president to this country, saying it would "interrupt and jeopardize" efforts to restore peace to the Congo and unify that nation under the central government.
The state was interpreted as a flat rejection of Tshombe's bid for an entry visa.

Bonds Validated

TALLAHASSEE (UPI) — Circuit Judge Ben W. H. H. Thursday validated \$600,000 in road revenue bonds to finance the acquisition of right-of-way to four-lane U. S. 1 through Stuart.

Glenn Orbit Now Scheduled For Tuesday

CAPE CANAVERAL (UPI) — It happened again to John Glenn today. Because of bad landing-area weather, his effort to orbit the globe was postponed for the 10th time and rescheduled for next Tuesday.
For the third day in a row, the 49-year-old astronaut and all his equipment were ready. But the wind-tossed Atlantic Ocean was not. Shortly after 1 a. m. EST, project Director Walter Williams said through a spokesman: "Weather conditions preclude a launching attempt."
Fuel will be drained from his Atlas rocket, to be replaced after the preliminary countdown resumes on Monday.
Lt. Col. John A. Powers, chief spokesman for Project Mercury, said weather experts were "more optimistic" about the outlook for landing conditions Tuesday.

Transportation, Water, Land Survey Urged

Officials and civic leaders of three Central Florida counties were told Thursday night that the area's greatest need at the present time is a "transportation, water and land uses survey" which could be of unlimited value to development expected within the next few years.
"Such a survey is particularly needed for planning transportation, water management and recreation if we are to meet the demands of the next 10 years," Carl Peterson of the engineering firm, Howard, Needles, Tammen and Bergendoff, told the group.
The meeting, held at the north branch of Winter Park Savings and Loan Assn. in Fern Park, was called for the purpose of bringing together leaders of Orange, Lake and Seminole counties to discuss the feasibility of a monorial system from Orlando to Cape Canaveral.
Methods of financing the estimated million-a-mile project, needed rights of way and possible routes for connecting lines to Seminole and Lake Counties were principal factors considered. Serving as a moderator for the discussion was Douglas Stenstrom, Seminole's Long Range Planning and Development Committee chairman.
According to Peterson, mass transportation definitely will be a problem in Central Florida by 1970 and monorial could prove to be the ideal system vehicle.
The proposed system now under study would provide pick-up cars traveling at 15 to 20 miles per hour through outlying areas before joining at a major entrance station. From there the cars would move to major employment centers at an estimated 150 miles per hour, the engineer advised.
Representing Seminole County at the meeting, other than Stenstrom, were County Commissioners John Fitzpatrick and Jim Avery, Zoning Board Member George Bobrow, Hibbard and Leonard Caselberry and Scott Burns, Florida Power and Light Co. manager.

British Troops Go To Guiana Upheaval

GEORGETOWN, British Guiana (UPI) — Gov. Sir Ralph Grey asked Great Britain today for troops to prevent a general strike from developing into civil strife.
In London, the Defense Ministry said two companies of combat-ready troops will be flown immediately to Georgetown "for the sole purpose of maintaining law and order."
Twenty thousand striking workers paraded through Georgetown Thursday night. It was the second full-scale public protest movement against policies of the leftist government of Premier Cheddi Jagan.
The general strike, in its third day, already has forced Jagan to announce modification of certain budget policies.
Grey asked London for aid after proclaiming a state of siege throughout British Guiana. His action was taken at cabinet request.
Jagan said he will drop plans to increase duties on most "nonessential" imports and apply his compulsory-savings plan only to those who earn \$200 or more a month instead of making it effective at the \$100-a-month level.
It was not certain that these concessions would satisfy the strikers.

Cuba UN Case 'Red Setback'

UNITED NATIONS, N. Y. (UPI)—Diplomats today regarded the rejection of Cuba's Communist-backed "aggression" charges against the United States as a major UN setback for Soviet prestige.
Only Cuba and the Dominican Soviet bloc voted for the measure when the General Assembly's Main Political Committee rejected by a 50-11 vote with 29 abstentions a Communist resolution calling on the United States to end its "interference" with Fidel Castro's regime.

Consider Probe Of Shell Houses

TALLAHASSEE (UPI)—A state legislative subcommittee investigating the shell house industry will sound out local chambers of commerce to see if there is enough interest to have public hearings around the state.
Rep. William O'Neill of Ocala, chairman of the committee, said Thursday, "I have seen shell houses falling apart that have not been standing even three years."
Some diplomats felt Khrushchev's current strategy might be directed toward bringing pressure on both points mentioned by the President.
Officials said two other possible explanations for the Russian efforts to restrict Allied air traffic also occurred to them:
—Khrushchev may be trying to see whether Allied preoccupation with a multitude of other matters has caused the Western powers to relax their firmness on Berlin.

Red Flights May Be Summit Stampede Move

WASHINGTON (UPI) — American officials said today Soviet Premier Nikita Khrushchev may be trying to stampede President Kennedy into a summit conference by increasing tension over Berlin.
That could be one explanation, they said, for Soviet harassment of Allied air traffic to the city at the very time Khrushchev is plugging for a top-level meeting to establish better relations.
The United States, Britain and France warned Russia Thursday they would take "necessary action" to insure the safety of their planes unless Soviet fighters stop "aggressive and dangerous" passes in the three air corridors from West Germany to Red-encircled West Berlin.
In identical notes, the three Allies said Russia was running the "greatest of risks" by trying to exclude Allied traffic from the corridors during specific periods.
Kennedy said Wednesday he would think a summit conference worthwhile only if it promised real progress on critical issues or "if there was a major crisis which threatened to involve us all in a war."
Some diplomats felt Khrushchev's current strategy might be directed toward bringing pressure on both points mentioned by the President.
Officials said two other possible explanations for the Russian efforts to restrict Allied air traffic also occurred to them:

Agency To Meet

TALLAHASSEE (UPI)—The Florida Game and Fresh Water Fish Commission will hold its regular monthly meeting here Feb. 23, Director A. D. Aldrich said today.

Gas Kills One

CAPE CANAVERAL (UPI)—Two German merchant seamen overcome by chemical gas poisoning were rushed by Coast Guard helicopter to a hospital here Thursday, but one was dead on arrival.

Power Off

ORLANDO (UPI)—A shear pin broke on a winch here Thursday, shot like a bullet into a major power line and left the business district of an East Orlando shopping center without electricity for 24 minutes.

Two Youths Killed

PLANT CITY (UPI)—Two Lithia teenagers were killed and four injured early today in a two-car accident on State Road 29, six miles south of here. They were identified as Donald Ray Odom, 16, and Volume Buddy Blevins, 15.

Peace Plea

WASHINGTON (UPI)—Hundreds of college students arrived here today in an attempt to convince administration officials and congressmen that it is time to "turn toward peace" by ending the arms race.

Attack Newsmen

SANTO DOMINGO (UPI)—"Yankee go home" demonstrators manhandled two American newsmen in the streets here Thursday and burned a U. S. flag outside the Dominican presidential house, it was reported today.

LINDA HITTELL, president of the Future Nurses Club of Seminole High School, chats with Mayor J. H. Crapps as he prepares to sign a proclamation declaring Saturday Future Nurses Day in Sanford. On this day the girls plan to present little favors of nurses caps to hospital patients, as well as bouquets of flowers to brighten the reception room. The club also plans to pay a visit to the crippled children at the Harry-Anna Home in Umatilla. (Herald Photo)

Presbyterians Set Statewide Workshop

The Methodist Youth Camp at Leesburg has been announced as the site for a statewide workshop on many phases of church recreation by the Presbyterian, U. S. Synod for March 8 through March 9.

The scheduled course is designed for ministers, education directors, church school teachers, parents, fellowship committees and others who lead or work in church recreation.

Each participant will be allowed to choose only two of the eight instructional areas offered but will be invited to take part in demonstrations of all other topics. General sessions will feature discussion of the philosophy of church recreation and how to effect the total program in the local churches.

Including food and lodging, workshop costs have been set at \$14.50. Registrations, with a deposit of \$5, should be made no later than March 1 with Rev. William M. Balk, regional director of Christian Education for Florida, Suite B-8, 320 N. Magnolia Ave., Orlando.

Each registrant should state the choice of study groups which include construction and use of puppets, camp recreation, conference recreation, creative activities for children, recreation for older adults, scrap service, party planning and square and folk dance leading.

The workshop will be open to members of all denominations.

Junior MYF Entertained At Banquet

Some 43 young people and their guests of the First Methodist Church of Sanford Junior MYF attended a Valentine Banquet held in McKinley Hall of the Church on Tuesday evening.

Preparations were under direction of members of the Dependable Class who used red streamers against white tablecloths and red paper hearts and paper cups of candy hearts as table decorations. Floral arrangements of red and white carnations were used as centerpieces.

Ashby Jones, MYF counselor, served as master of ceremonies for the program which featured entertainment presented by Mrs. John Morgan, L. E. Ferguson, and Rev. John Adams, pastor of the church.

Among special guests present for the banquet were Mrs. Ben Wiggin, former MYF counselor, Mrs. L. E. Ferguson, Mrs. Adams, Mrs. Jones and W. H. Harris of Enterprise.

Chuluota WCF Plans Supper

By Carol Jopson

The Women's Christian Fellowship of the Chuluota Community Church will sponsor a spaghetti supper at the Community Building next Thursday from 5:30 p. m. until 8 p. m.

The menu will consist of spaghetti, cold stew, French bread and coffee with homemade pies and cakes for dessert.

Tickets, priced at less than \$1, are on sale by all members of the sponsoring group. Dinner music will be provided by the Geneva Community Band.

Baptists Plan Church Drama At Stetson

Florida Baptists will direct their attention toward a comparatively new area of work next week when they meet in DeLand on the Stetson University Campus for a festival of Church Drama.

The program is scheduled to open at 7 p. m. on Thursday and will be continued until noon on Saturday.

C. J. Smyly, program director and secretary of the Training Union Dept. with the Florida Baptist Convention, said today that this is the first program of its type to be sponsored by the Florida Baptists.

Included in the program will be four one act plays presented by drama groups from First Baptist Church, West Palm Beach; First Baptist Church, Orlando; Southside Baptist Church, Jacksonville and the Baptist Student Union of Florida State University. There also will be conferences on church drama and workshops on creative drama.

Enlisted Wives Of VAH-9 Hold Luncheon Meeting

Members of the VAH-9 Enlisted Wives Club held the February meeting at the Tiki Restaurant.

Following the luncheon a short business session was conducted. The group voted to help collect donations for the heart fund drive.

A pair of ear rings with the squadron insignia was presented to Mrs. T. C. McAnally as a going away gift. Mrs. T. B. Gwartyney won the door prize.

Serving as hostesses for the day were Mrs. C. D. Noto and Mrs. J. D. Bullin.

Other members attending included Mrs. R. T. King, Mrs. V. Ward, Mrs. B. J. Weddeke, Mrs. L. F. Paradis, Mrs. E. E. Mabey, Mrs. J. V. Summers and Mrs. W. E. Treptor.

Guests were Mrs. Roscoe Ferrin, Mrs. Marie Cate, Mrs. G. D. Feeney and Mrs. W. G. Downer.

Catholic Men Plan Supper For Saturday

The Holy Name Society of All Souls Catholic Church of Sanford will sponsor another of its Third Saturday Suppers from 8 p. m. until 8 p. m. in the All Souls Social Hall, corner of Eighth and Oak Ave.

The announced menu for this Saturday's supper consists of baked ham, potato salad, baked beans, coffee and rolls.

Entertainment is planned to follow the supper from 8 p. m. until 10 p. m.

Members of the committee in charge of the monthly suppers have offered this bit of advice: "Now is the time to get into the habit... eat out and give Mama a rest. Our suppers feature regular prices for adults, half-price for children and NO CHARGE for seconds."

Sanford Attorney To Address Group At Lake Mary Church

By Frances Weston

Sanford Attorney Joe Davis will speak on the subject of "Wills and their Importance" at the Sunday evening service at the Lake Mary Community Presbyterian Church following a pot luck Fellowship Supper for all members and friends of the church in the Educational Building at 6:30 p. m.

"As Christians we are aware that our life is to be planned in accordance with our Christian Faith but often we forget that our death also should reflect our faith," Rev. John Pilley, pastor of the church reminded in announcing the special program. "Davis will share with our group information regarding the preparation of a will in accordance with Florida laws," he advised.

Richard Keogh, speaking for the Session of the Church urges all members to attend and cordially invites all interested friends of the church to join in this fellowship supper and take advantage of the opportunity to hear a study on wills by an expert.

Timmy Grinstead Celebrates Fourth Birthday

Timmy Grinstead recently celebrated his fourth birthday. A weekend was spent in Brandon with his grandparents, Mr. and Mrs. G. J. Grinstead on their farm.

Family members and friends were on hand to help him celebrate the big day. They included Mr. and Mrs. C. M. Grinstead and children, Ricky, Kenny, Susan and Sarah, his parents, Mr. and Mrs. Jim Grinstead and brother Therman, Earl Stewart of Orlando and the grandparents. Grandmother made and served a big birthday cake, decorated with yellow cowboys, Indians and blue candies.

Everybody sang "Happy Birthday" and presented the honor guest with a quarter from each guest, instead of gifts.

It's Just Good Business

"Why shop in Sanford?" How often have you heard that question asked by your friends and neighbors?

The majority of those asking the question know why they should shop at home but find it easier to shove the answer to another part of their minds. They find it more convenient to rationalize their reasons for traveling to surrounding counties to buy necessities and luxuries that many times could be purchased from a local store.

Many say that it is more fun to drive 25 or 50 miles for their shopping trip. They express delight in "getting away from home" calling in a restaurant, and being able to "shop around" in larger stores than Sanford or Seminole can offer.

Others fall back on the argument that "there's no selection" in Sanford or that Sanford stores don't carry the particular items they seek. Others contend prices are too high in Sanford.

There is, perhaps, some truth in these arguments but certainly not enough to warrant the mass exodus by some families to neighboring counties.

We can agree that "eating out" occasionally is fun, but we don't believe that is has to be associated with a shopping trip to another city. There are several excellent restaurants in Sanford and South Seminole that can provide even the most discriminating with a delightful meal, probably for less money than a majority of eating

places in other cities. Selection in local stores cannot be as wide as in large chain stores. This is simply a matter of economics. But there are few times when you can't locate the item we desire. Often the storeowner or clerk offers to order a particular item if it is not in stock—a method that probably could be used to advantage by all local businesses.

The contention that Sanford prices are too high, even were it true, is not valid if the time and expense of driving to a nearby county is figured in the purchase cost.

Quite naturally there are times when it is impossible to find a desired item in Sanford and we are forced to shop elsewhere. But the decision to go elsewhere should be reached only after the shopper has exhausted every possible local avenue of purchase.

If the arguments we've heard for shopping outside the county were worthy of some merit, the obligation to support our own community should outweigh all other considerations. The more money we all spend in Sanford the greater the prospect for our continued growth and development. Where sales increase, salaries go up, stores are expanded, inventories are enlarged and the community prospers.

In short, it isn't logical to support the economy of another county at the expense of the expansion of Seminole. It's simply good business to shop at home.

Dr. Crane's

Worry Clinic

Marsha noticed that her husband began to give her little pecks on the cheek, instead of the thriller-diller type of movie kiss. But she corrected that and meanwhile helped add an extra \$11.75 as an Easter offering for her church. Take up her plan with your priest or minister.

CASE L-410: Martha M., aged 39, has a common wife problem.

"Dr. Crane," she confessed, "you can see that I am too fat."

"In fact, I now weigh 158, though I was only 124 on my wedding day."

"But I have 3 children, and with each pregnancy, I added about 10 pounds that never left me."

"Besides, when the youngsters leave half a piece of cake or some other delicacy on their plate, I eat it to keep it from going to waste."

"My husband seems to be growing somewhat indifferent, as I wonder if he would perk up in his order if I went on a diet?"

Frustrated mothers often imitate Marsha and try to satisfy the unquenched delicacies on their children's plates.

They think this will prevent such good food from going to waste, but it simply goes to "wast!"

So keep a cat or dog as a pet. Then you can discard the waste food with a clearer conscience, for it will serve as pet food.

Meanwhile, try to get your male or a neighbor to join you in a dieting contest.

For example, urge your women's group of the church to use this dieting plan as an excellent way to raise money for the Easter fund. Remember, each pound you lose off, saves you dollars about \$2.50 in groceries.

And if your male now smokes, he will save about \$2.50 per week by breaking this nuisance habit.

Many church groups have thus raised from \$500 to \$1,000 extra for an Easter offering, just by promoting a widespread dieting contest. Discuss this with your priest or minister.

Not only will your church benefit tremendously, but you folks who slenderize or quit tobacco, likewise gain in allure and health.

Marsha agreed to diet and her husband meanwhile vowed he would quit his tobacco habit.

Since they belonged to a young married group at their church, they got 9 other couples to join in this healthful experiment.

Marsha thus lost 10 pounds in the first 10 days, so she earned \$25 thereby for her church.

But she continued through Lent and by Easter Sunday her weight was down from 158 to 139.

So she was able to contribute \$17.50 extra to the church without disturbing her household budget a iota. And her husband also added \$20 more that he had saved by quitting cigarettes, so this couple made an Easter offering of \$67.50 and didn't suffer any financial pinch at all in so doing.

Moreover, Marsha began to feel and look more like a young bride. So her husband perked up in his order. He now gave her real thriller-diller movie kisses, instead of dull pecks on the cheek.

And those 10 couples contributed \$315.75 to the Easter offering.

So send for my booklet "How to Lose 10 Lbs. in 10 Days," enclosing a stamped return envelope, plus 20c. Use it in your church group, too.

Textile Imposition Urged Of Board

WASHINGTON (UPI)—Textile state congressman appealed to the U. S. Tariff Commission today for a prompt imposition of an 8 1/2 cent per pound fee on the cotton content of textile imports.

Rep. W. J. Bryan Dorn, D-S. C., presented the plea on behalf of the 125-member

House textile group. He was accompanied to the hearing by Reps. Carl Vinson, D-Ga., chairman of the group, Phil M. Landrum, D-Ga., and Clifford G. McIntire, R-Maine.

Several members of the politically-powerful group have made it clear the textile state congressmen will look with

more favor on President Kennedy's trade program if he takes steps to help the domestic industry.

At the same time, the White House announced that it will release a statement later in the day pertaining to the recently concluded five-year agreement on textiles negotiated at Geneva.

Some details of the agreement were disclosed by Japanese textile exporters.

They revealed that the agreement would permit "unilateral imposition of quotas by importing nations" and provide for a roll-back period for determining the actual amount permitted to enter an importing country.

Dorn testified on the third day of hearings by the commission on an Agriculture Department proposal to add an 8 1/2-cent per pound fee on the cotton content of textile imports.

Phil Newsom Says . . .

Summit Call Nikita Device

(UPI)—Over the last 17 years it is doubtful that even the governments involved have kept accurate track of the millions of words and documents written and filed away in the dead-end search for world disarmament.

In those years, the United States possessed and lost a monopoly of atomic weapons.

The Soviet Union first achieved the ability to hurl an inter-continental missile to any part of the globe, and quickly lost that monopoly.

Former President Eisenhower proposed the "open skies" plan which would have opened all nations to free aerial inspection.

A Polish Foreign Minister Adam Rapacki proposed an atom-free zone for Central Europe embracing Czechoslovakia, Poland and East and West Germany.

Throughout the years of proposals, counter-proposals and deadlocks has run a single consistent thread.

That has been Soviet refusal to accept an effective system of inspection and control as a first step toward disarmament, whether applied to nuclear or conventional weapons.

Soviet objectives, meanwhile, have remained consistent. These have included removal of U. S. forces from the continent of Europe, the permanent division of Germany, and opposition to rearmament of West Germany.

Within recent days, the Communist party newspaper Pravda said the Soviet Union never would alter its stand on the question of inspection and controls.

Nor has there been any indication that Soviet objectives have changed.

What then did Premier Khrushchev hope to achieve with his proposal that next month's 18-nation disarmament conference begin with a summit meeting of the 18 heads of government?

Obviously, the time-consuming oratory in such an unwholly session could contribute little toward hard decisions which must be reached by the big powers.

The Communist central committee meets in Moscow just a week before the scheduled opening of the Geneva conference. A Khrushchev able to report a summit meeting in the offing might be in a better position than a Khrushchev able only to discuss the Soviet Union's agricultural ills and its quarrel with Red China.

Dick West Says

How Twist Began

WASHINGTON (UPI)—The Food and Drug Administration is not the type of agency you would ordinarily contact for information on the origin of the twist.

It is true that the FDA protects us from impurities, but its concern generally is limited to things intended for internal consumption.

Nothing in the Pure Food and Drug Act can be construed as extending its jurisdiction to contaminated chirography.

I was a mite startled, therefore, to hear a witness from the FDA inject a reference to the twist in testimony presented Wednesday to a Senate antitrust subcommittee.

The subject was introduced by Mrs. Carla Williams, director of FDA consumer programming, who appeared at a hearing on deceptive packaging and labeling practices in the food industry.

"You may still believe that the twist was invented in that now famous Peppermint Lounge in New York," she told the subcommittee.

"But let me tell you," she added, "what shoppers have been doing the twist for the last five or ten years."

Mrs. Williams said that housewives must waste a lot

of time twisting packages on supermarket shelves in an effort to determine whether a "king size" box is as big as the "giant size."

Warning up to her subject she asserted that "the battle of boxes, brands and balloons" has turned the supermarkets into "a jungle of gelatin, jingles and jumbo quarts."

As you can see, Mrs. Williams goes in heavily for alliteration.

It so happens that I have been foraging in the gelatin jungle quite a bit recently, owing to the fact that the regular shopper in my household has been pre-occupied with an influenza epidemic.

The experience prompts me to believe that Mrs. Williams may have correctly pinpointed the birthplace of the twist, but misjudged the manner in which it originated.

I find that the twisting I do in supermarkets stems not so much from comparing box sizes as from trying to avoid being run down by push carts.

But regardless of how the twist got started, I give Mrs. Williams credit for an important discovery. She was the first to establish an evolutionary link between supermarkets and night clubs.

WASHINGTON—(NEA)—Nothing quite like the Communications Satellite Corp. which President Kennedy has just proposed to Congress has ever appeared on the U. S. private enterprise horizon.

It would be a government-created monopoly to handle the business of bouncing messages off earth-orbiting satellites. It would be a privately owned company subject to strict regulation right straight from the White House.

Hearings on the President's proposal are scheduled to begin Feb. 25 before the Senate Aeronautical and Space Sciences Committee, with no telling what outcome. Chairman Warren G. Magnuson, D-Wash., of the Senate Commerce Committee has deferred jurisdiction over this legislation for the time being, but he may start his own hearings later.

In addition to the new administration proposal, there is already before Congress a bill introduced by Senate Space Committee Chairman Robert S. Kerr, D-Okla., and House Space Committee Chairman George P. Miller, D-Calif.

This Kerr-Miller bill has been endorsed by leading U. S. companies in the international phone and cable business. Spokesmen for these companies are now pleased that President Kennedy did not propose that the new communications satellite business be run by a government corporation, which was feared. But beyond that point the companies have a lot of unanswered questions about financing and control.

It is nothing for small business. The President's bill calls for a \$1 billion corporation. It would be authorized to issue up to a million shares of Class A voting stock offered at not less than \$1,000 a share. Anyone could buy it but no one could own more than 15 percent of the shares outstanding up to a maximum of \$150,000.

No profits are expected on this business for the first 10 years, so there's some question of who would buy stock.

The first tentative answer given is that companies wanting to get into the space communications business might have to buy shares just to obtain

Probe Of HHFA

WASHINGTON (UPI)—The U. S. Chamber of Commerce told Congress today that it should investigate the Housing and Home Finance Agency rather than elevate it to a department of urban affairs and housing.

A chamber spokesman, arguing against President Kennedy's plan to create the department through a government reorganization plan, said there were "serious weaknesses and abuses" in the HHFA's handling of federal community programs.

Colliers rose to fame among dogs after Queen Victoria expressed admiration for them.

tain voting rights. Class A shares might, however, become just taken stock, with actual financing through Class B nonvoting stock.

Ten thousand shares of this Class B stock are authorized. The price is not specified but official guesses are that its value might run as high as \$100,000 a share, to raise another \$1 billion. Only companies in the communications business could own Class B stock, which pays no dividends.

The new corporation would ostensibly be managed by a board, elected by Class A voting stockholders. No director could receive a salary from any other source, to avoid a conflict of interest.

Governmental control over the new corporation would be reserved to the president of the United States, but he could delegate specific functions. A new Director of Telecommunications Management would protect the government interest, with rights to inspect the books.

National Aeronautics and Space Administration would launch the satellites, charging the corporation for services. Federal Communications Commission would regulate the corporation like any other common carrier. Agreements with foreign countries (many of which operate their own postal, telegraph and radio communications services as government owned monopolies) would be conducted through the U. S. State Department.

Nobody has any idea what it will cost to send an international communication by satellite relay.

But the companies hope to get the charge down to levels comparable to the \$12 to \$15 for a three-minute phone call

to any place on earth, including Viet Nam or the Congo. Cost of launching a satellite is estimated at \$450,000 to \$10.5 million, depending on altitude. Cost of building ground stations for transmitting and receiving are estimated at \$6.5 to \$9 million each. The companies hope to own and operate these stations individually. This point is not made clear in the President's proposal, however, and it is a major item of controversy in pending legislation.

Seminoles Eliminated In OBC Cage Tournament

By Ronnie Broadway
The Sanford High Seminoles were eliminated from the Orange Belt conference basketball tournament Thursday night as Winter Park toppled them, 47-41.

Action in the tourney saw Leesburg, Wildwood and Winter Park emerge victorious.

In the first action of the evening, Leesburg came out ahead of the Lakeview Red Devils by the score of 43-37. The Yellow Jackets went ahead in the first period and were in the lead at the end of every stanza. This enabled the Jackets to go on to the second round of tournament play, in which they will meet the Wildcats from Wildwood at 7 p.m. in Fleming Gym tonight.

Max Wettstein led the Leesburg attack, hitting for 14 points as he led the team to a first period lead of 10-4. The Yellow Jackets still led by six at the end of the first half, 23-17.

In the third period, Leesburg opened up its lead by one more point and led at the close of the third period, 35-28. Lakeview outscored the Jackets in the final eight minutes but could only close the gap by one and Leesburg was in front at the final gun, 43-37.

Wettstein led Leesburg with 14 points as Ted Huckabee had 12 for Lakeview and Kunceman scored 11.

Wildwood romped over DeLand in the second contest as the Wildcats came out on top by the score of 52-31.

Wildwood was in command all the way as they led at the end of the first period, 19-4, and had increased their lead to 26-11 by the end of the first half. The two Thomas boys were the stars for Wildwood as Robert dunked 20 points to lead all scoring and his brother Ronnie added eight.

The Wildcats really opened up in the third period as they scored 19 points to open the gap to 39-19 as the third period came to a close.

In the fourth quarter, they increased their lead by one to end the game 52 points ahead at 52-31.

Robert Thomas was tops for Wildwood with 20 points. Ken Parlin paced DeLand with a 12 point total.

Winter Park emerged the winner in the third period as they downed Coach Bud Lyster's Sanford Seminoles in a hard fought battle at 47-41.

Both teams played a splendid ball game and the win for the Wildcats was by no means an easy one. The first period proved to be the deciding one in the contest as the Wildcats held an 11-4 lead over the Seminoles at the end of the quarter. Sanford couldn't quite find the basket in the first quarter but then on out they outplayed the Wildcats.

The Seminoles closed the gap in the second period as they moved to within four points. The score at the end of the half was 23-21 in favor of the Wildcats. Butch Riser and Bubba Davis paced Sanford in the early periods with Billy Collier once more being the big man for Winter Park.

Sanford came from the dressing room with fire in their eyes and with the opening of the third period, immediately commenced to tie the ball game. From here until the closing moments it was nip and tuck. The Seminoles took a short lead at one time only to have the Wildcats come back and tie it up.

Height paid off for the Wildcats in the final stanza and they came up with the majority of the important rebounds. Don McMurray had been setting the pace for the Seminoles since the half and went on to be high point man. It was only in the final two minutes that the Wildcats were able to take the lead and emerge with the victory. The game kept the fans on the edge of their seats from start to finish and was a real thriller.

McMurray and Riser each had 10 points to lead the Seminoles scoring. Barry Brown netted nine while Bubba Davis racked up six. Collier led the Wildcats with 18 tallies as Don Wilkins added ten.

Tournament action continues tonight with Wildwood meeting Leesburg at 7 p.m. and Winter Park taking on Apopka at 8:30 p.m. The winners of these games will tangle Saturday night to determine the final winner.

WINTER PARK'S Jon Wilkins (53) comes down with a rebound in OBC action with Mike Woodruff (20) of Sanford defending. Sanford's Barry Brown (44) and Winter Park's Howden (23) and Don Wilkins (51) look on.

SANFORD'S BARRY BROWN (44) and Butch Riser (42) just miss a rebound as Winter Park's Jon Wilkins (53), Don Wilkins (51), Howden (23) and Born (55) watch the ball go by.

Uppercrust Hounds To Run In Feature

A splendid 11-race program at the Sanford-Orlando Kennel Club tonight sends many uppercrust greyhounds to the post. Carl Tracy has two of his stars slated for action in the featured tenth race and he is no doubt hoping for a Tracy quinella. Representing the Tracy outfit will be Wayne Roberts and A. R. Ewbanks.

Last season Ewbanks' clocking of 39.24 for the long 3.8ths mile course established a track record that has not yet been equalled.

Opposing the Tracy duo tonight will be Tippy Dixie, Don't, I'll Take Him, Archway, Tish Tray and Hedda Nug.

Tippy Dixie, owned by P. C. and E. J. Alderson, will be trying for her seventh win, her fourth in a row. Orville Moses' Don't has climbed to feature competition by posting wins in Grades D, C and B. Saturday night all roads lead to the kennel club for an important event is scheduled. It is the first running of the King and Queen Championship, which will become an annual affair. The contest sends the track's four fastest male greyhounds against the four fastest females.

Among the entries are Excellent, the 1962 Queen, and Fathom, the 1962 King. Both of these stars belong to Orville Moses, owner of the track's winningest kennel.

287 Spring Games Slated

BOSTON (UPI) — Major league teams will play 287 spring training games in a schedule opening March 10 and continuing through April 8, it was announced today.

The schedule will include a record 151 inter-league games between the 10 clubs in each of the expanded major leagues. Both of the National League teams new to baseball this season, the Houston Colt .45s and the New York Mets, are scheduled for opening-day spring training action March 10.

'Youngsters' Resume Play

DUNEDIN, Fla. (UPI) — The "youngsters" resumed play today in the \$25,000 PGA Seniors golf championship determined to accomplish what they failed to do Wednesday—take the lead from their oldest. Jimmy Donahue of Houston, Tex., and John Harnum of Belmont, Mich., appeared the most likely choices to zoom into the lead on the basis of their 67 scores in the first round.

After today's round, both divisions will have completed 36 holes and the field of nearly 400 golfers will be cut to the low 125 and ties.

Lynch Agrees To Salary Pact; Maris Still Out

United Press International General manager Bill De Witt of the Cincinnati Reds agrees today with National League pitchers who've said right along that pinch-hitter Jerry Lynch is a mighty tough hombre when the cash is on the line.

Lynch batted a cool .404 as a pinch hitter last season and announced he wanted plenty of cold cash in return. To prove it, he rejected DeWitt's first two salary offers and then went to Cincinnati Thursday to confront the boss in person.

N. L. pitchers predicted the result unanimously: Husky Jerry hit a fast ball right back into DeWitt's teeth.

Then DeWitt relented, husky Jerry smiled and said he'd even brush up a bit on his fielding and the two agreed to a salary estimated at \$23,500.

"It's time pinch hitters received the same recognition accorded top relief pitchers," said Lynch, who numbered five home runs among his 1961 pinch hits, "and I figure it's time I set a salary precedent."

Lynch, who is viewed primarily as a pinch-hitter although he did bat .315 in 96 games for the season, is pulling down one of the highest salaries in history for his specialty, Johnny Mize probably earned \$25,000 to \$27,000 as a pinch-hitting specialist for the Yankees and Dusty Rhodes may have been paid \$20,000 by the Giants after his fabulous pinch-hitting exploits in 1964.

Pitcher Ralph Terry (10-5) and utility man Hector Lopez (22-2) signed with the world champion Yankees—each for about \$24,000. Roger Maris, Elston Howard, Cletis Boyer and Bobby Richardson are the unsigned Yankees of whom general manager Roy Hamey remarks: "I expect no trouble at all from Howard, Boyer or Richardson."

Maris, whose 01 homers last season made him baseball's new all-time home run king, is believed to be demanding \$75,000 compared to an offer of \$60,000 by the club.

CHOREOGRAPHER and teacher for the more than 15 different numbers which will be performed in costume for the Melodee Rink Heart Benefit Show, Feb. 25, is Mrs. Dottie Rothwell, who has 15 years experience at her job. Mrs. Rothwell, a Navy wife who expects to call Sanford home permanently when her husband retires, is a former member of the Skating Vanities, a 150 member troupe, which toured all over Europe, the United States, South America and Canada. Mrs. Rothwell joined the troupe in Flint, Mich., just before they left for their European tour. FIAN REINHART

ANOTHER NAVY WIFE who is busy doing something for the benefit of others is Fian (Mrs. L. J. Reinhart), second vice president of the NAS Officers Wives Club, who is chairman of the Thrift Shop.

Plans have been made to relocate the present Thrift Shop to larger and better quarters in Building Seven, and expanding in the variety of items for sale. The shop was originally conducted by members of the Navy Relief Society with the main purpose that of providing a medium for sharing discarded or outgrown but still serviceable clothing and other household effects. Teams of women from the several squadrons aboard the station are busy renovating the new quarters to make them a bright and cheery place to shop for thrifty items. Grand opening is scheduled for sometime in March.

VALENTINE NAVY WIFE is Mrs. Jack Salisbury, nee Jackie Haley, teacher at Sanford Junior High, who became the bride of Lt. Jack Salisbury in the NAS Chapel on Valentine's Day. But before the wedding, the bride-elect's fellow teachers at SJHS gave an informal coffee for her at Helen (Mrs. P. J.) Westgate's home, just after the close of school one day, and said Mrs. Westgate, "We got to meet the groom, which is unusual at a bride party. He cut quite a figure at our hen party!"

Lovely blooming camellias made a delightful setting for the repast of cookies, coffee, nuts and minis which the teachers enjoyed informally. Mrs. Westgate's tea table boasted a heart-shaped arrangement of pink camellias, with another heart of the red-petaled flowers on the table on the screened porch. The hostesses and guest of honor all wore camellia corsages, too, and a lovely gift was presented to the "then" Miss Haley from her friends. Sponsors for the party were Miss Nancy Davis, Miss Betty Mann, Miss LaVerne Sweeney and Mrs. Shirley Seard.

A PICTURE POSTCARD from our friends Henry and Ruth Simpson of Geneva, off on the first leg of their South Seas cruise, was mailed from Frisco and says, "A wonderful trip by train across Panama, delicious din-

ner at the Hilton Hotel, then back to Cristobal. Then through the Canal next day." "Saw some places outside Panama City that make the Panama Hotel look real classy!" The fame of our hotel is being carried around the world. The train ride across Panama, which Henry mentions in his card, is one that your reporter took some years ago, while living in the Canal Zone, and it's fabulous! For one thing, the train is about 1850 vintage and looks like something out of an old cowboy movie. It has the wicker seats, the hanging lanterns inside and runs on a narrow gauge track. And the track goes right through the heart of a jungle. All kinds of wild animals and birds can be seen, as well as gorgeous tropical flowers. The animals are so numerous it seems like they just come out to watch the train go by.

Tea Honors Miss Dorothy Fourakre

Herold Heckenbach and Mrs. Louise Hoop were co-hostesses recently for a tea at the Britt home on Catalina Drive, honoring Miss Dorothy Fourakre, bride-elect of James Ross Olla Fourakre. In the receiving line with the hostesses were the honoree and her mother, Mrs. Marie Stineclpher, Lida Sue borne Dorminy and Mrs. Willie B. Pippin.

of Longwood and sister of the bride-elect; Misses Grace Marie Stineclpher, Lida Sue borne Dorminy and Mrs. Willie B. Pippin. The honoree and her mother each received camellia corsages and the hostesses gave Miss Fourakre a place setting of her chosen china. The honoree was lovely in a green and white cotton satin print featuring a full skirt and green satin cummerbund. The refreshment table was centered with an arrangement of white gladioli, chrysanthemums, snapdragons and baby's breath, interspersed with large red carnations. Burning white tapers in silver candle holders were arranged with tiny red hearts nesting in fern and baby's breath. Floral arrangements of red and white were placed throughout the party rooms and clusters of wedding bells were suspended from the doorways. Assorted sandwiches, cakes, nuts, minis, cranberry punch and coffee were served to the more than 50 friends who called during the appointed hours.

Others enjoying the evening were Mr. and Mrs. Jack Erickson, Mr. and Mrs. Cameron Lawrence, Mr. and Mrs. Jack Little, Mr. and Mrs. Dun Smith, Mr. and Mrs. Garnet White, Mr. and Mrs. Randall Reynolds, Mr. and Mrs. Walter Bohannon, Mr. and Mrs. Iversen and Art Lee.

Newcomers Club Plans Luncheon At Mayfair Inn

The Welcome Wagon Club for Newcomers of Sanford will hold its regular meeting on Feb. 21, at the Mayfair Hotel. Those wanting to play bridge or canasta are asked to meet in the lobby at 10 a.m. Luncheon will be served at noon and reservations must be made no later than Monday, Feb. 20. For information concerning reservations call Mrs. S. Pierce, 1909 South Park Ave. The program following the luncheon will be given by Mrs. Eric Vihlen, president of the Sanford Garden Club. Her topic will be planting to prevent and resurrect frost damage. Anyone who has moved to Sanford within the past year is eligible to join the Welcome Wagon Newcomers Club and is cordially invited to attend this meeting. Unfilled reservations must be paid, unless you make a cancellation. This is an opportunity for new residents to make new friends and find people with mutual interests.

EASY ON THE STARCH

If you use an ironer, go easy on the starch. The ironer exerts a good deal more pressure than does the hand iron. About half the usual amount should prove to be sufficient.

SKIRT SERVES TWICE

A full skirt that is worn or faded can be turned into two large and generous aprons by cutting the skirt in two and attaching ribbons to the side seams.

Progressive Dinner Held By Chapter

Members of the Theta Epsilon Chapter of Beta Sigma Phi and their husbands recently enjoyed a progressive dinner.

The evening started with cocktails at the home of Mr. and Mrs. Stuart Stetson. After the cocktail hour everyone journeyed to the home of Mr. and Mrs. Burt Revels for the first course consisting of attractive fruit jello salad, molded in the shape of hearts. For those who like a variety, a tossed salad was also served. Dr. and Mrs. Thomas Largen were hosts for the main course. Tables were set up for the guests with lovely floral arrangements on each one. The buffet table held a Valentine arrangement with the picture of the sorority's Valentine Sweetheart, Mrs. Bob McKee, in the center.

A delicious dinner of veal paprikasirka, petite peas, tomato aspic molded in the shape of hearts and rolls were served. Before leaving the Largen residence two of the members were presented with gifts. One was to the Valentine Sweetheart, Mrs. McKee, and the other to Mrs. Reid Iversen, who will be moving to Lakeland in the near future. The group next went to the home of the McKees for a dessert of apple pie a la mode and coffee. At the conclusion of the dinner, everybody kicked off their shoes and spent the remainder of the evening doing the twist.

Others enjoying the evening were Mr. and Mrs. Jack Erickson, Mr. and Mrs. Cameron Lawrence, Mr. and Mrs. Jack Little, Mr. and Mrs. Dun Smith, Mr. and Mrs. Garnet White, Mr. and Mrs. Randall Reynolds, Mr. and Mrs. Walter Bohannon, Mr. and Mrs. Iversen and Art Lee.

DOTTY ROTHWELL

Central Florida—ice or otherwise!" said Dotty. "Most of the girls are making their own costumes, and there are plenty of boys in the show, too, including five or six of our very young Navy boys, who have a lot of talent," she added.

The show has been set to beautiful stereophonic music, and is going to provide gay, bright entertainment with breathtaking figure skating and hilarious comedy routines. The varied costumes from 13 different countries will make the whole show a rainbow of fast-moving color.

The amount of time which Mrs. Rothwell, Mr. and Mrs. Sheely Best, owners of the rink, and the 40 members of the Melodee Dance and Figure Skating Club have put into this heart benefit production already is past estimation and with only a little more than a week to go, the activity is reaching fever pitch.

All the skaters in the show, who range in age from 11 to 37 years old, are greenhorn amateurs with the exception of a few specialty numbers by some talented local amateurs, and Miss Barbara Meixell of Jacksonville, figure skating champion. Also from Jacksonville will be Phyllis Pappas, Fred Catton and Stacey Ilevens, who will join Barbara in a free style skate routine.

Tickets are on sale from all the seven Seminole High School girls who are contestants in the Queen of Hearts contest. The coronation of the Queen, which will be the girl with the most donations for the Heart Fund, will take place during the Skale Show. Contestants are Pam Jones, Linda Mills, Frankie Jones.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: What has happened to the lovely tradition of sending Christmas cards with cheery greetings? Last Christmas we got several "newsletters" from friends with pages of information about their doings of the past year. One was the pay-off. It was a 12-page mimeographed story beginning with how they had a flood in their basement. Then their dog was hit by a car. All their children were down with the mumps at once. "Grandpa Drexel" had his teeth extracted and "Cousin Hazel," who had been a widow for 12 years, was "still lonesome." We didn't even know these people. My husband had been in the service with this man years ago. We received another one. It was all about a kidney operation. I ask you! Is this your idea of a Christmas greeting?

BUCKET OF TEARS

DEAR BUCKET: Indeed not. It's only an excuse for not having written for a year and a device to keep in touch. Good intentions, but usually boring.

DEAR ABBY: My husband and I are having a heated argument about the length of skirts. I am 55, am 5 ft. 6 inches tall, and I contend that a woman of my age and height should not wear her skirts so her knees show, and he thinks I should. I think that skirts about 2 inches below the knee look better on me. What is your

opinion on this? MRS. X.

DEAR MRS. X. Wear your skirts at whatever length you think they look best on you! I think your husband is pulling your leg—right up to the knee!

DEAR ABBY: I have a very perplexing problem to which I must have the answer immediately. My fiance and I are about to be married and we were discussing furniture. He says he wants twin beds so he can sleep alone. He says he has never slept with anyone and, if he tried, he probably wouldn't be able to get any sleep. I feel pretty bad about this because that is not the way I imagined it would be. Should I let him have his way or should I give him an argument? BED TROUBLE

DEAR TROUBLE: Tell him to surrender. If he hasn't tried it, he shouldn't knock it.

CONFIDENTIAL TO BYRON: Her face may be her fortune, but she won't draw any interest unless she can produce a decent figure.

How is the world treating you? Unload your problems on Abby, care of this paper.

JACK SOO, Nancy Kwan, Miyoshi Umeki and James Shigeta in a scene from "The Flower Drum Song" coming to the Ritz Theatre Sunday.

Musical Coming To Ritz

That motion picture screen at the Ritz Theatre is wearing its brightest and happiest smile these days, thanks to the magical music, the spectacular dances, and the heartwarming comedy and pathos of Universal-International's sparkling "Flower Drum Song" which makes a brilliant bow Sunday.

This fine Ross Hunter production, in association with Joseph Fields, adapted masterfully for the screen from the Rodgers and Hammerstein Broadway musical smash, literally explodes in color with musical meritment woven around a delightful and rickety conflict between the age-old customs of the Orient and the ring-a-ding modernities of life in San Francisco Chinatown today.

An even dozen great songs performed by a brilliant cast headed by Nancy Kwan, James Shigeta, Junitta Hall and Miyoshi Umeki keep "Flower Drum Song" zipping along with melody and terpsichore ranging from such explosive production numbers as "Chop Suey" and "Grant Avenue" to the wistful "You Are Beautiful" and "Love, Look Away," to mention just a few of the show-stoppers.

Producer Hunter, who has done more than any other Hollywood producer to bring glamor back to the movies, has dressed up "Flower Drum Song" with opulent settings.

SUSAN HAYWARD and John Gavin in a scene from "Back Street" coming to the Movieland Drive-In Sunday.

'Back Street' Drive-In Bound

A breath-taking collection of new fashion creations is displayed by Susan Hayward and Vera Miles who co-star with John Gavin in the Ross Hunter screen production of "Back Street." The Universal-International picture, based on Fannie Hurst's drama of unlawful romance, opens Sunday at the Movieland Drive-In theatre.

Already acclaimed for the opulence of his recent screen attractions, "Imitation of Life" and "Pillow Talk," producer Ross Hunter endowed "Back Street" with even greater feminine appeal by photographing fashion sequences as staged in New York, Rome and Paris.

To insure an exciting array of costumes that would be beautiful and at the same time blend in with the character portrayals of his stars, Susan Hayward and Vera Miles, Mr. Hunter called upon the internationally famous designer, Jean Louis.

The other feature on the program which will play through Tuesday is "A Place In The Sun" with Elizabeth Taylor and Montgomery Clift. On Wednesday and Thursday, "Party Girl" and "Under the Yoke" will play.

Three features are scheduled for Friday and Saturday. They are "Jailhouse Rock," "G. I. Blues" and "Hound Dog Man."

Highlights

TV Time Previews

7:30-8:30 p. m. (NBC) International Showtime. "Vienna Magic Show." Tonight's telecast was taped in the Raimund Theatre, Vienna, and is a departure from the series' usual circus - type presentations. Kalanag, a very deft and dexterous practitioner of the Prestidigitator's Art, stars in several different acts, including a rapid-fire sleight-of-hand demonstration, shooting a chalked bullet at a female assistant; the usually astonishing Levitation act, and the disappearing lady. A sequence featuring a Tyrolean Ballet is also subject to some "magical moments."

7:30-8:30 p. m. (CBS) Rawhide. That mother love knows no bounds is dramatically proved in this episode by guest star Mercedes McCambridge. She plays a woman zealously determined to prove her dead son wasn't a bank robber, even to the extent of spending a fortune to convert the previously damning testimony. It's a problem for Rowdy (Clint Eastwood) as one of his drover pals (Charles Gray) is picked by her as the hoped-for first witness to change his testimony. The sheriff is played by former "Rescue 8" star Jim Davis.

8:30-9:30 p. m. (CBS) Route 66. "Aren't You Surprised To See Me?" Filmed in Dallas, Texas, this episode is loaded with exciting action as Bus and Tod (George Maharis and Martin Miller) are kidnapped by a mentally deranged gunman, excellently played by David Wayne. You'll recognize the police captain as James Brown for many years the star of the "Rin Tin Tin" series.

9:30-10:30 p. m. (NBC) Bell Telephone Hour. (Color) "Portals of Music." There is little doubt that producer Barry Wood had variety in mind when he signed tonight's variety cast. They are Broadway star Carol Lawrence, concert violinist Isaac Stern, gospel singer Mahalia Jackson.

Jacoby On Bridge By Oswald Jacoby

No one needs to write and tell me that he doesn't think much of the bidding of today's hand because I agree in advance.

But that's the way it went and South found himself in a four-heart contract. The first trick accounted for West's jack of spades, dummy's king and East's ace. East continued with the queen and ten and when the hand was submitted to me the question was, "Which card should South use to ruff?"

Of course, there is an easy answer to the question. South should not ruff at all but should discard the deuce of clubs. If he ruffs with the

ly South will have to lose a club trick and go down.

If he ruffs with one of the high trumps, West will discard and eventually South will lose a trump and a club and go down just as surely.

If South does not ruff, East will hold the trick, but that will be the last trick the defense will take.

You will note that making just four hearts would not be a good score in duplicate, but this would be the fault of the bidding, not the play.

Let North play no-trump and he would make 11 or possibly 12 tricks depending on the opening lead and subsequent play.

We The Women: By Ruth Millet

"Higher education in the United States is merely 'an imitation rite for separating the upper-middle from the lower-middle class' says Prof. David Riesman, who has a new book out called 'The American College.'"

With all the talk of status symbols, somebody was bound to come up with that kind of superficial statement. Undoubtedly SOME parents do send their children to college for social advantages.

But the great majority of parents who are struggling to pay for college educations for their children aren't worrying about whether their children will wind up in the upper-middle or the lower-middle class.

What most parents are willing to invest a great deal of money in the education of their offspring are thinking about is giving their children the best possible kind of preparation for living.

They reason—and rightly so—that the one thing they owe their children is the best education they can help them get.

They figure, and wisely, too, that a college degree becomes more important every year in the competition for jobs.

They also figure that the young person who spends four years in getting a college degree is making a better investment of his time than the young person who gets a job right out of high school.

Parents also realize that when they give a son or daughter the opportunity for a college education, they are giving him something that no one can ever take away.

As a matter of fact, most middle class parents aren't even aware that there is such a distinction as upper-middle and lower-middle-class. They just aren't that class conscious.

They do, however, figure that they want their children to have the best education possible so that they can face the world equipped to make their own way.

Casselberry Marshal Offers To Turn In His Badge

Sawyer Stresses Need For Help

Casselberry Marshal Gus Sawyer, over strong protests from board members and a near capacity audience, offered to turn in his badge at Monday night's meeting of the Board of Aldermen after Road Board Chairman Don Willson asked that something be done about speeding on Hwy. 17-92.

Annexation Request Rapped

"I can't be expected to stay on the road 24 hours a day and at the salary you pay I think you're lucky to get anybody to take the job," Sawyer stated, suggesting that the town hire him some help if it wants "someone on the highway all of the time."

Sawyer said that his only interest in the job is as a public service to the town he chose to make his retirement home and that it "is a physical impossibility for one man to be everywhere at one time."

"What do you people expect?" he asked.

The office of marshal in Casselberry carries a monthly salary of \$100.

Discussing a possible solution to the problem after Sawyer was convinced to keep the office, the board considered requesting the State Road Dept. to relocate the speed limit signs which now are on the immediate entrances to the town's shopping district.

The board also discussed the traffic situation at the South Seminole Elementary School but tabled any action on the problem until the County School Board is consulted on the matter.

Lady, who lives in the nearby first class residential area and opposing the development of an industrial site there, explained that the area in question has long been a controversial one and said that a threat to oust the Redding Woods area from the city was concealed in Casselberry's request for annexation.

Attorney Kenneth McIntosh instructed to draw up the "ordinance of intent to annex" required by any request for annexation, advised upon question that those opposing the action should register their complaints at the next board meeting when the ordinance is read for board approval.

The move to have the ordinance prepared was given by the deciding vote of Board Chairman Paul Bates.

Voting for were Cliff Overman and George Howard, against were Lady and Mrs. Hope Bennett.

4-H Program Announced For State Fair

The more than 100 Seminole County 4-H Club youths and members of related organizations making the trip to the Florida State Fair in Tampa Saturday will participate in annual State 4-H Council Program to be held in the Grandstand during the morning.

Glenda Forte, president of the state girls council, will preside. Welcome will be extended by Carl Broten, fair president and the response will be given by Jackie Strickland, boys council president.

Presentation of the annual livestock trophy from the Tampa Morning Tribune will be made by the paper's editor and publisher and Dr. J. N. Busby and Dr. M. O. Watkins, heads of the state extension service, also will address the youths.

At 11 a. m., a program of entertainment featuring acts from the grandstand artists will be put on especially for the audience of boys and girls.

Seminole County leaders, Miss Myrtle Wilson and Cecil Tucker, have announced a request that all the local 4-H'ers attend the entire program and that they remain seated in the grandstand during its presentation.

Oviedo Training Union Crowns King, Queen

By Jean Lyles

A welcome to "Heartville U.S.A.," greeted members and guests at Wednesday night's Oviedo Baptist Training Union Banquet where Debbie Ward and Bruce Thompson, crowned queen and king, were given a key to the city.

Guests enjoyed a meal of broken hearts (fruit cup), tender hearts (fried chicken), stuffed hearts (baked potatoes), heartstrings (green beans) young at heart (Spring salad), hard hearts (french bread) and for dessert, frozen hearts (strawberry ice cream) and sweet hearts (cookies) followed by heartburn brew (coffee).

Clyde Weaver, TU director and mayor of "Heartville," gave everyone the customary "political welcome" and invited them to make a tour of the town beginning with a trip through Melody Park.

Conducting the tour were Jimmie Beasley and Linda Riggins, Brett Thompson and Beth Gore, Max Cook and Rose Hice, Linda Gammage and Richard Harris, Ann Riggins and Ray Haynes, Ouida Edge and David Hill and the king and queen, who sang "Sweethearts on Parade."

The group next were guided down "Skit Row" with Donnie Kasell, Sandy Mays,

Larry Henry and Dennis Ward, ending up with the return up "Harmony Lane," with A. B. Tedford, W. A. Ward, S. R. Riggins and C. D. Thompson singing "My Wild Irish Rose" with the audience joining in for the last chorus.

After prayer and the benediction, the evening closed with all present singing "Let Me Call You Sweetheart."

Mrs. George Means, decorations chairman, carried out the Valentine theme arranging the white covered tables with tracings of greenery interspersed with red and white artificial carnations and paper hearts.

The speaker's table featured a large white styrofoam and net heart centered with red roses and daisies flanked with white candles and red paper hearts. Red balloons and white lace hearts were

suspended above this table and a large floor piece was used as an overall focal point of beauty.

Kennedy Makes Public Textile Pact

WASHINGTON (UPI) — President Kennedy today made public a 19-nation pact that the White House said would permit the U. S. cotton textile industry to meet the threat of foreign imports.

The proposed five-year agreement will go into effect Oct. 1 for the countries that ratify it. It is designed to limit cotton textile shipments to this country at about current levels.

Favorable reaction of congressmen from textile-manufacturing states indicated that the arrangement would help win support for the administration's request for unprecedented tariff-cutting powers. These legislators, particularly southerners, have turned in recent years away from their historical support of liberal trade policies because of the growing competition from foreign textile imports.

Rep. Carl Vinson, D-Ga., leader of the powerful textile bloc in the House, lauded Kennedy in a letter for "the noteworthy stand which you have taken" in negotiations at Geneva which preceded the agreement.

Administration officials assured senators and congressmen at secret briefings Thursday that the textile imports could be held to less than the all-time high of six per cent of domestic consumption reached in 1960. The 1961 level dropped to 5.2 per cent.

The proposed pact provides that the United States—or any other importing nation—can freeze the level of imports for

two years and then keep them from jumping more than five per cent annually if the shipments threaten or disrupt the domestic market.

Under provisions of the agreement, the United States could act unilaterally to impose the restrictions in any of 64 cotton textile categories.

The total shipments would be frozen at a level computed by taking the average figure for a full year, beginning 15 months before the government decided there was disruption of the domestic market.

Congressmen were assured that there would be no increase in cotton textile imports during the first 12 months of the agreement.

A Commerce Department spokesman described the agreement as "the most restrictive signed by the United States in the last 10 years."

A State Department spokesman said the United States had drawn "on a reservoir of goodwill" to bring the other nations into line.

Safety Bond Urged For School Contractors

A. R. Lormann, mayor of Longwood and prospective candidate for the State Legislature, was asked at a meeting in Lake Mary Friday night where he felt the responsibility should be placed for the recent collapse of a dividing wall in the Lake Mary Elementary School cafeteria.

"If the architects are to supervise construction as it progresses, I feel they should be responsible for the safety of the structure. Furthermore, I feel that the construction men should be requested to put up a bond over a one or two year period such as we require on our roads," he said.

Other prospective political candidates at the meeting were District Two County Commissioner Ted Williams and W. Pitt Varnes of Fern Park, expected to run for the district four county commission post now held by Vernon Dunn.

Lormann also told the group that he felt the legislative enabling act giving counties the power to establish franchise directives such as the recent Seminole County one on water and sewerage was a good act but that the people fell down by not keeping informed.

Commenting that his hat is "on its way down into the ring," he said that as a legislator he would attempt to add strength and stability to the county delegation and that he would make every effort to keep the people informed.

"I'd give the people the opportunity to at least know my mailing address and perhaps would even give them a few postcards so they could let me know their opinions," he quipped.

Both Williams and Varnes advised that they are opposed to hiring an administrative aide or county manager and that they wouldn't seek the job if they felt they didn't have time to do it.

Williams remained on record as opposed to a "signal alert system for the county" explaining that such a system could not possibly serve all of the residents and "would be too late anyway if we should get a blast."

Mayor Seeks Renovation Of Old Jail

City Approval Of Job To Be Asked Tonight

Mayor J.H. (Jimmy) Crapps will ask the City Commission tonight to approve renovating the old county jail at a cost under \$10,000 and start work "immediately" moving the police department out of the present facility.

Crapps said this morning he hopes the work will be accomplished before the next fiscal year.

The present city jail accommodates 22 prisoners while the old county jail will take care of the needs of over 60.

Crapps said he will discuss renovating plans on the facility before the city commission tonight.

Plans call for new plumbing, wiring and fixing up the front of the building.

"It would give us a modern, up-to-date facility," the mayor said.

The city swapped the old jail from the county for a city pit.

Present plans call for the city to use some of the present city jail for a drive-in utility window.

Crapps has also been negotiating with the Florida State Bank to buy the adjacent property by the old county jail and put a through street right through to Seminole Blvd.

Two Fires Burn Over 45 Acres

Florida Forest Rangers from Longwood were called out Sunday to fight two fires which burned a total of about 45 acres according to a report from Rancier Lewis Williams this morning.

The first, taking about an hour to bring under control, burned some 20 acres south of the Sanford Naval Air Station and a later four-hour fire destroyed some 25 acres on the Wekiva River off Markham Rd., Williams said.

Both were caused by carelessness, he reported.

Williams also said that the rangers have killed several rattlesnakes in the last few days and warned residents that the reptiles are beginning to crawl with the warm weather.

Oviedo Wins

The community of Oviedo was awarded the President's Trophy as the best all-around exhibit at the County Fair last week.

The trophy was awarded Friday night by Joel Field.

Deadline Near For Candidates

TALLAHASSEE (UPI)—The time of decision for prospective candidates for state and national political office is right around the corner.

The candidates begin qualifying at noon Tuesday in what shapes up as one of the liveliest off-year elections in modern Florida history.

The deadline for qualifying is noon March 6, and if only three fourths of those who have "unofficially" announced qualify, a jammed ballot is guaranteed.

Sparkling the interest in for Congress, where four new this year are the races seats are up for grabs as a result of the state's growth in population. The field is already crowded with announced candidates.

Sen. George A. Smathers, (D-Fla.), is up for re-election but only one person has announced intentions to oppose him and that race is creating little interest.

Committee Eyes UN Bond Plan

WASHINGTON (UPI)—The Senate Foreign Relations Committee directed its attention today to the administration's proposal to buy half of a special UN bond issue.

It did so as Congress returned to a full schedule following its traditional lull during the week of Lincoln's birthday.

The committee chairman indicated he might accept a proposed amendment to the administration request to buy \$100 million of bonds.

Weather Now Favors Glenn

CAPE CANAVERAL (UPI)—The Weather odds tilted in astronaut John H. Glenn Jr.'s favor today and the countdown proceeded for his planned orbital flight Tuesday.

The National Aeronautics and Space Administration issued a weather forecast which it called cautiously optimistic.

Lt. Col. John A. Powers, spokesman for NASA's Mercury man-in-orbit project, said the odds appeared to be "60-40 in our favor."

The first half of the two-day countdown began at 2:30 a. m.

REPUBLICAN CONGRESSMAN David Martin of Nebraska, left, spoke Friday to some 80 members and guests at a luncheon meeting of the newly organized South Seminole County Young Republican Club. Greeting Martin is Pat McKinney, temporary president of the political group. (Herald Photo)

Congressman David Martin of Nebraska spoke before a luncheon meeting Friday of some 80 members and guests of the 18-day old South Seminole County Young Republican Club at the Casselberry Women's Club.

Martin, in Florida for the week on a GOP speaking tour, replaced State Congressman William C. Cramer who was unable to be present due to an unexpected engagement in St. Petersburg.

Repeating the party's foundation principal of organized action only on levels that can be handled by local or statewide groups, Martin severely criticized the present administrations "handout policies" in education, foreign aid and hospitalization and medical aid programs.

"It is vitally important that we keep our financial house in order to keep Russia from carrying out its threat to let us bankrupt ourselves so that it can step in and take over," he said.

To prevent this from happening the individual must meet with his responsibility in order to keep his rights as an American citizen, Martin advised.

He pointed out that in order for the state to provide the five Republican representatives expected of it this year, the party must organize right on down to the precinct level and provide good men with the proper financing.

"If two out of three of these measures are accomplished the Republicans stand a good chance of winning," he said.

Aiming the GOP prime criticism at today's foreign aid policy, Martin reiterated that it originally was adopted 14 years ago as a four-year plan to aid Western Europe which today has grown to include 106 nations including a number of Communist countries.

"And through our educational scholarship plan we are educating those, including Communist, who will some day turn against us for the only requirements we demand are that their countries approve them for education here," he explained.

Going back to the Monroe Doctrine, he said "We must keep out ideologies that are contrary to American Democracy and I believe they should be moved out if it takes force for us to do it."

He pointed out that Florida is only 90 miles away from the strongest military Communist organization in the Western Hemisphere and although Cuba has been set up as a basis for Communist operations, the State Department is concerned about six nations other than Cuba which have become Communist strongholds in the hemisphere.

"We must fight harder than ever before if we are to keep the principals of our government alive," he stated in conclusion of his address which was followed by a lively question and answer period during which he told the local club what could be expected in the way of financial aid from national and state levels for local campaigns.

First Vigilantes Go To USS Enterprise

Another "First" was added to the history of Heavy Attack Squadron Seven (VAH-7) today when the squadron deployed aboard USS Enterprise, the Navy's latest supercarrier, as the first AJ3 Vigilante Squadron operational with the fleet.

The flight of Vigilantes led by Cmdr. Louis B. Hoop Jr., U. S. N., commanding officer of Squadron Seven, departed the Naval Air Station, flying in formation paying a farewell salute to the families and friends of the squadron.

Hatron Seven now operational with the AJ3 Vigilante, the Navy's latest supercarrier based jet bomber is proud of its glorious history and its heritage as "Peacemakers of the Fleet." The officers and men of Squadron Seven are on duty, on call around the clock as a vital component of the U. S. Navy's ready arsenal, Hoop said.

THOUGHT FOR TODAY:

Instead of the 30 Associates and Oak Ridge barbecue clubs spending some \$1,000 for a barbecue pit, why don't they arrange to rent the super-duper facilities at the Elks club? There is none better, and the Elks don't use the facility so much that this least basis couldn't be arranged? How about it, Elks?

How soon do you suppose it will be before the traffic tie-ups (especially during rush hours) at W. First St. and Oak Ave. and at E. First St. and Magnolia Ave. are relieved by traffic light installations?

The set-up of the light at Oak and First won't be a simple one since it must handle not only the east-west traffic, but must break it so northbound cars off Oak Ave. can go either west or east on W. First and on those that want to do so can enter Railroad Ave. Of course, those drivers headed south on Railroad also might want to go either east, west or south. Just one of the little problems for the traffic engineer.
