

# World Celebrates New Year ... Calls For Peace

By THE ASSOCIATED PRESS  
The New Year's Eve celebrations around the world were marked by a spirit of peace and goodwill. In New York City, the Times Square ball drop was a symbol of hope for a better year ahead. Other cities around the world also celebrated with fireworks and music, all with a common theme of peace.

In New York City's Times Square, several hundred thousand people gathered to witness the ball drop. The ball, which weighed 11,000 pounds, was lowered from the top of the Times Building and fell at midnight. The crowd cheered and celebrated for hours.

In London, the New Year's Eve celebrations were also a time of peace. The city was filled with music and dancing, and many people gathered in Trafalgar Square to watch the fireworks. The atmosphere was one of joy and hope.

In Paris, the New Year's Eve celebrations were a time of peace and goodwill. The city was filled with music and dancing, and many people gathered in the Champs-Élysées to watch the fireworks. The atmosphere was one of joy and hope.

In Saigon, the New Year's Eve celebrations were a time of peace and goodwill. The city was filled with music and dancing, and many people gathered in the city center to watch the fireworks. The atmosphere was one of joy and hope.

## King Winter Moves Into Northland

By THE ASSOCIATED PRESS  
Winter weather moved into the Northland, bringing with it a heavy blanket of snow. The snowfall was significant, and it is expected to continue for several days. This could cause some travel difficulties and power outages.

The snowfall in the Northland was a surprise, as it is not typical for this time of year. The snow is expected to melt by the end of the week, but it may leave behind some ice patches.

The heavy snowfall in the Northland is a result of a low-pressure system moving over the region. This system is expected to bring more snow and rain to the area.

# 'New Year's Truce Fruitful For GIs

SAIGON (AP) — U.S. forces weathered the first 24 hours of the allied called New Year's truce without a single GI killed by the morning despite at least 66 "incidents" and 98 Communist killed during the stand-down.

The number of incidents and rising casualty rate among the enemy and South Vietnamese government troops—with whom the Reds clashed with in most of the incidents—showed the truce period was only slightly less deadly than the usual everyday war.

The Viet Cong suffered 80 men killed, including a company commander, when they tossed 250 rounds of rocket fire at a Mekong Delta camp run by South Vietnamese marines, then followed up with three determined ground assaults.

Nineteen government marines were killed and 47 were wounded in the clash 35 miles south of Saigon, one of the heaviest of the fiercest breaches of the 36-hour allied truce.

The South Vietnamese reported that a U.S. flare was used to get permission from U.S. headquarters to turn its fast-firing guns on the Viet Cong assaulting the camp.

Command in Saigon declined to comment but said the incident was being investigated. There were six U.S. flares used in the attack, and the Viet Cong fired 250 rounds of rocket fire at the camp.

Despite the lack of air support, the marines chased the Viet Cong into the nearby swampy area and broke the back of their final assault before dawn today.

U.S. headquarters said the New Year's Day war communique covering the first 24 hours of the truce showed that all 66 incidents were provoked by the Communists. Casualties were given as follows: 98 Communist killed, 21 South Vietnamese soldiers killed and 47 wounded. Five South Vietnamese civilians killed and 1 wounded.

Several fierce fights also were reported in the hours just before the allied truce began at 5 a.m. EST Sunday, among them one in which the Communists lost 11 men.

Action took place in the sensitive northern provinces bordering the demilitarized zone dividing North and South Vietnam. A South Vietnamese force jumped a Communist unit in Quang Ngai province and quickly put them to flight, hardly lost.

The safety committee at the Pentagon said that 26 persons would die on the state's roads today. Traffic deaths during the New Year's holiday weekend today were running far below the 1968 prediction by the National Safety Council.

Record-breaking cold and heavy snow in some sections may have played a major part in a lower death count, keeping persons at home. The council made its estimate before the weekend began.

The toll reached 241 in count that began at 8 p.m. Friday and will end at midnight today. The safety committee headquarters in Chicago, estimated that 600 to 800 persons would be killed in traffic accidents over the 72-hour period.

The Associated Press counted 44 traffic deaths in Philadelphia during the 72-hour period. The toll reached 241 in count that began at 8 p.m. Friday and will end at midnight today.

## Pope Paul Weeps For Blood Spilled In Vietnam War

VATICAN CITY (AP) — Pope Paul VI wept among sick children in a hospital today over blood spilled in the Vietnam war.

The Pope said peace was difficult to bring to Vietnam because of the war's brutality and the suffering of the people. He expressed his deep sorrow for the blood spilled in the conflict.

# Happy New Year

As the year draws to a close, it is time to look back on the events of the past year. The year has been one of great change and challenge for our country. We have seen the end of a long and difficult war, and the beginning of a new era of peace and prosperity. We have seen the growth of our economy and the strength of our democracy. We have seen the courage and sacrifice of our men and women in uniform, and the love and support of our families at home. We have seen the triumph of good over evil, and the power of hope and faith. As we look forward to the new year, we are filled with optimism and confidence. We believe that our country is on a path of progress and achievement, and that we will continue to make great things happen in the years ahead. We wish you and yours a very happy and prosperous New Year, and a bright and beautiful future.

## James Marlow Says: Congress, LBJ Take Credit

By ROBERT GRAY  
The top congressional achievement of the year was the resolution of the Vietnam war. The administration's role in this regard was minimal. The real credit goes to Congress and President Johnson for their leadership in ending the conflict.

## BERRY'S WORLD

The economy claims are related to the appropriations President Johnson asked for in his budget proposals last January. The mandate for spending decreases among the members of the year. The resolution of the Vietnam war was the top congressional achievement of the year. The administration's role in this regard was minimal. The real credit goes to Congress and President Johnson for their leadership in ending the conflict.

Great news, they say some people are starting to get their Nixon buttons out again!

# HAPPY LANDING

Crane's Worry Clinic: Spread Sunshine Instead Of Gloom. The chief antidote for suicide is the belief that life is worth living. It is a simple but powerful message that can make a difference in the lives of many people.

## Political Notebook: 'Parents Generally Are Right'

By RAY CROMLEY  
WASHINGTON (NEA) — If a four-year study of Stanford and University of California students is correct, this student generation does a great deal of worrying. The study found that parents are generally right in their concerns about their children's education and future.

## Hal Boyle Says:

A Lost Week For Most Folks. Of course, the tremendous pulse of the industry never altogether stilled. If anyone had the strength to walk through a typical business office, he would find a lot of people who have lost a week of their lives due to the current economic conditions.

## Barbs

You perhaps read about the 104-year-old bachelor who attributed his longevity to something, something and the early-to-bed routine. This is in line with the general opinion that a good night's sleep is essential for a long and healthy life.

## Crane's Worry Clinic: Spread Sunshine Instead Of Gloom

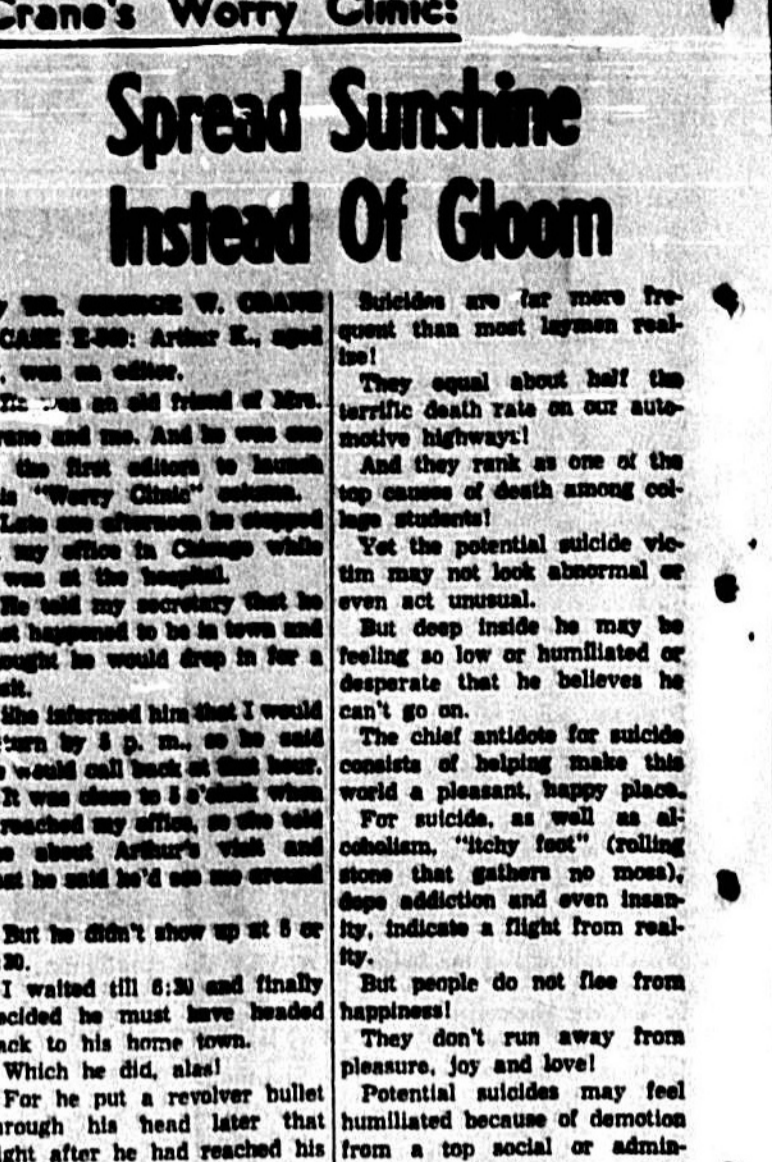

By DR. GEORGE W. CRANE  
Gloom is for most people a more frequent and more serious reality than sunshine. The chief antidote for suicide is the belief that life is worth living. It is a simple but powerful message that can make a difference in the lives of many people.

## H. L. Hunt Says:

A One-Way Street. Efforts at "cooperation" with the communists never pay off for the free world. The United States has been going along with Soviet Russia's desire to maintain the status quo in Europe. It has taken steps to promote a relaxation of tensions between the East and West.

## Social Security News

Q. If my doctor treats me while I am in the nursing home will I be covered by Medicare?  
A. Your medical insurance will help to pay your doctor bills and other covered medical services and supplies no matter where you are being treated.

## Miss Atkinson Bride Of W.A. Mountcastle

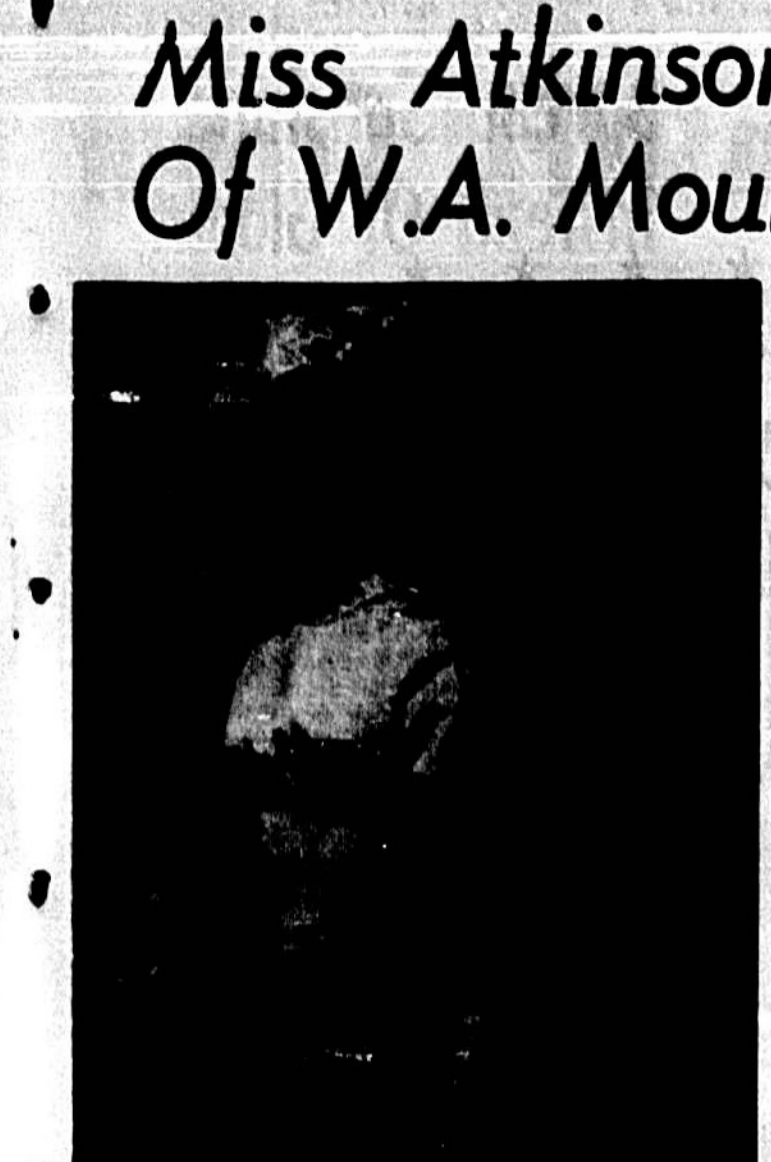

Mr. and Mrs. Charles V. Atkinson, 120 Aberdeen Dr., Greenville, S. C., and formerly of Sanford, announce the marriage of their daughter, Valerie Jean, to William Allen Mountcastle, 215 W. 11th St., Sanford, N. C. The wedding was celebrated at the First Methodist Church in Sanford, N. C., on Saturday, Dec. 30, at 1 p.m.

## Cdr. And Mrs. Philip Ryan Honored At Farewell Fete

A formal dinner party was held in the Tree Top Room of the Langford Hotel to bid a fond farewell to Cdr. and Mrs. Philip Ryan. The event was attended by many friends and family members, and it was a memorable occasion for everyone.

## College News

Academic Dean I. D. Ingram announced today that 25 South Georgia College students received their associate degrees at the end of fall quarter. The students were recognized for their hard work and academic achievement.

# U. S. Expansion Seen To Set New Records In '68'

WASHINGTON (AP) — The nation's economy picked off a buoyant record this past year and there's every indication the expansion which began in early 1967 will continue to set new records with each passing month.

But as the new year begins, the big question is still the fate of President Johnson's 10 percent surcharge on individual and corporate income taxes.

Government officials from

Chairman Gardner Ackley of the Council of Economic Advisors on down toward it is the most important factor determining the future of the economy.

Despite impassioned pleas by administration leaders, Congress failed to act on the surcharge and prospects during 1968 appear to hinge on the extent to which federal spending can be cut.

With or without the surcharge, however, the economy

is expected to roll upward, at least for the foreseeable future. The only question, officials say, is whether it will roll at a rate sustained speed or will overheat and eventually jump the track.

It rolled to a record during November, the first successive month without a recession, topping the 80-month mark which extended through World War II.

Even with higher taxes, inflation is expected to take its toll on the economy we have next year.

Most economic predictions for 1968 are based on adoption of higher taxes to help stem inflation, keep interest rates flat, check, help pay for the Vietnam war and assure the continued recovery of home building by keeping mortgage funds available to the home buyer.

The administration intends to continue its appeal for the surcharge.

WEATHER: Monday 81-54; partly cloudy, warm thru Wednesday.

VOL. 60 NO. 97 — AP Leased Wire Established 1908 — TUESDAY, JANUARY 2, 1968 — SANFORD, FLORIDA — Price 10 Cents

## Complex Layout Concerns Chairman

County Commission this morning gave tentative approval to the two-unit concept for the new courthouse as recommended by architects John Burton IV and James Gamble Rogers, but made it clear the approval is for "the type and general size" of the new facility and not for its layout.

## County Banks 'Divvy Up' Time Deposits

Time deposit accounts of county funds expected to top the \$1 million mark during fiscal 1968 were divided among four Seminole County banks today by the Board of County Commissioners for the high interest rate of 4.5 percent.

The Board agreed to place on time deposit with Florida State Bank the end and bridge fund; with Sanford Atlantic, the general fund; with South Seminole Bank, the capital outlay money; and with United State Bank of Seminole, fines and forfeiture funds.

The three Sanford banks bid the high interest rate of 4.5 percent as compared to 3.5 percent for the Board and requested consideration also be given to placing demand deposits with his bank.

Toile further advised the Board of the illegality of banks paying the 4.5 percent interest rate on time accounts of less than \$100.00 and said he had requested a written legal opinion from counsel of the Federal Deposit Insurance Corporation on the matter and would make the opinion available to the county when received.

In other action, the Board lifted weight restrictions on (Continued on Page 3 Col. 4)

## In Casselberry It's Official! McCall Chief

It's official. As reported in The Herald last Friday, James F. McCall is the new police chief of Casselberry and neither R. T. Corp nor Leroy Lee are with the department any longer.

Other appointments announced by Mayor Curtis Blow immediately following his oath of office this morning are Michael Fisher Jr., police sergeant; Roy Burzell, patrolman, and Gus Sawyer and Royal Chamberlain, radio operators.

In addition Kenneth McIntosh and Thomas Freeman were re-appointed city attorney and city clerk, respectively. Mrs. Mary Hawthorne was re-named city clerk and Lee was appointed road department foreman.

Mayor Blow said further appointments during the week after appointees' names are made known to the Council.

Councilman Eugene Ellis and Charles Woodruff were on hand to witness the oath of office administered to the new mayor by Council Chairman Edith Duerr.

Sheriff Peter Miller was present to offer congratulations to the new chief of police, McCall, a native of Fitzgerald, Ga., has been in Florida for the past month. He reported he filed application with the force after the "Love affair."

Chief McCall is former chief of police at the Naval Air Station in Albany before coming to Florida and has 25 years experience in law enforcement, both military and civilian, he said. He is married, the father of six children and is planning to move to Casselberry in the near future.

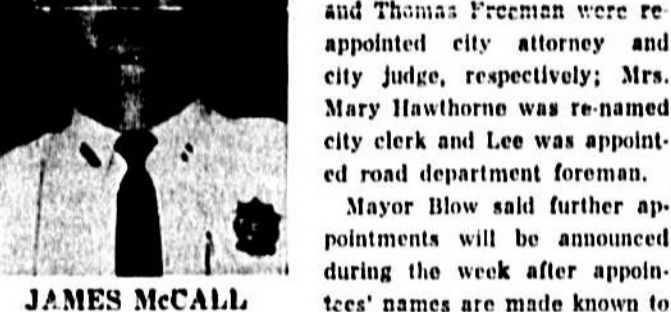

McCall became Casselberry's third police chief in four months. Police Chief Kenneth Triplett resigned in September under fire with the mayor at that time. Arthur Wheatley, threatening full scale investigations if resignations were not forthcoming from Triplett, Lt. Leroy Lee, Patrolmen Gary Swain, R. T. Corp and Richard Tolley. All resigned with the exception of Lee, who was later suspended.

Triplett's and Swain's resignations were accepted by Council but those of Corp and Tolley were not. Lee also was reinstated with the department following a public hearing.

At the same time Lee Moore, who defeated Samuel Wright in December, is expected to be sworn in as commissioner replacing Joe Baker.

The board has a light agenda for tonight's session. City Manager W. E. Knowles reported the board is expected to pay Berwick Co. of Jacksonville some \$149 for construction of floating piers.

The board is also expected to award the low bid to Sinclair Refining Co. for diesel fuel at 12.8 cents per gallon for 1968.

JAMES McCALL

## Judge To Sign Port 'Order Of Taking'

Circuit Judge Tom Wadell will sign the "order of taking" for needed privately-owned lands for the Port of Sanford this week, probably Thursday, he assured the Seminole County Port Authority attorney this morning.

With the order approved, the authority will post \$70,000, plus on deposit to insure payment for the lands when a jury decides on value in a trial of condemnation proceedings. Appraised value of the lands is \$35,000.

Administrator Francis Rouglet said today the engineers will have the building plans finalized in time for the post director's meeting on Jan. 15.

The plans will be presented at the same time to the U.S. Office of Housing and Urban Development (HUD) for its approval. HUD has agreed to bid at a 1/8 percent on the port's \$900,000 bonds.

Who HUD approval, the Port Authority will advertise for bids for the building contract, possibly before January's end.

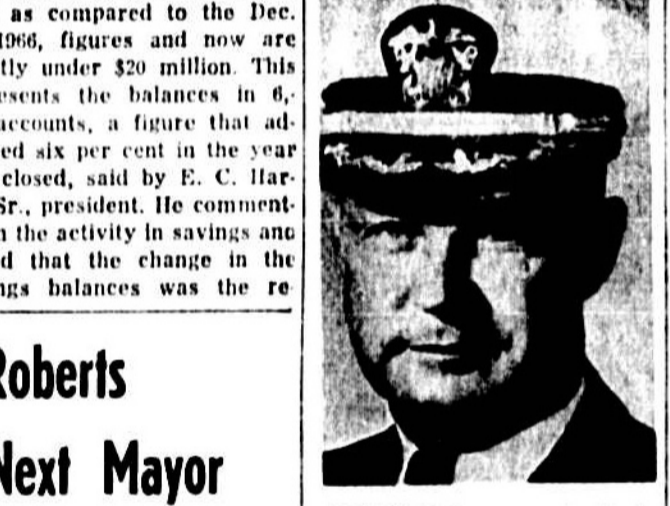

## First Federal Assets Soar Harper Shows Progress Report

In the 12 months just past the assets of First Federal Savings and Loan Association jumped over \$1 million and now total \$22,603,382, according to the SAAMEN just published.

Savings with the local thrift firm moved upward by 11 percent as compared to the Dec. 31, 1966, figures and now are slightly under \$20 million. This represents the balances in 6,322 accounts, a figure that advanced six percent in the year just closed, said by E. C. Harper Sr., president. He commented on the increase in savings and added that the change in the savings balances was the result of a small increase in the credits to the accounts, but more particularly to a decrease of 23 percent in withdrawals.

On the other side of the ledger, the lending of the S&L, Harper pointed out that loans had "sluggered ahead after the crippling credit crunch of 1966." There was a pickup not only in the number of loans made, but a jump of 19 percent in the dollars invested. During 1967 an increase in the tempo of lending was after \$500,000 in dividends had been paid First Federal savers. This year saw an increase over the 1966 figure, with the president feeling that this is partly attributable to the 3.25 percent a year paid on savings certificates of \$5,000 or more for periods exceeding six months.

The S&L officer said that 1967 is destined to be a good one for this section of the state and that First Federal will strive to do its part in this progressive effort. "While decisions in Washington will surely influence the local scene, there are many positive elements that will work in our favor."

W. V. ROBERTS

## Roberts Next Mayor Of Sanford?

Dr. W. V. Roberts is expected to be named Mayor at the reorganizational meeting of the City Commission tonight.

Roberts as well as M. L. Harbo has expressed interest in the mayor seat.

At the same time Lee Moore, who defeated Samuel Wright in December, is expected to be sworn in as commissioner replacing Joe Baker.

The board has a light agenda for tonight's session. City Manager W. E. Knowles reported the board is expected to pay Berwick Co. of Jacksonville some \$149 for construction of floating piers.

The board is also expected to award the low bid to Sinclair Refining Co. for diesel fuel at 12.8 cents per gallon for 1968.

## Water Breaks Plague City

Two bad water breaks in the city over the weekend kept city crews busy for 16 hours at stretch.

City Manager W. E. Knowles reported today. Knowles said the first break occurred at First and Poplar early yesterday morning with crews finishing up some 12 hours later. At the same time another break occurred at 11th and W. First St. with crews wrapping up the second break late last night.

This was no estimate how much water was lost, Knowles said.

## School Workshop

The County School Board is meeting in a special workshop session this afternoon to discuss purchase of some 15 acres in the Eastbrook area for a future elementary school site.

The property, owned by the Catholic Church in the Lake Howell area. The board is also expected to discuss other business in preparation for next week's regular board session.

## Federal Grant

A new course of study in engineering technology, a two-year design drafting technology program, will be launched Jan. 8 by Seminole Junior College with a \$5,800 grant from the federal government. Interested persons should call 323-1850.

## Alexander Re-Elected County Board Chairman

John Alexander was re-elected County Commission chairman for the fourth successive year by the board at the reorganizational meeting this morning.

Ed Yarbrough was elected vice chairman by unanimous vote.

This was no other nominations during the election which took about 30 seconds.

SANFORD POLICE CHIEF BEN BUTLER (right) presents a watch to retiring police officer Jim Hardy today.

Hardy had been with the department since 1933. Prior to his employment with the police, he worked for the city for over 20 years.
