

FAIR WAS BIG SUCCESS

Orange County Adds New Laurels by Fine Exhibition

Orlando, Feb. 24.—Saturday was the last day of the big Orange county fair and the thousands of people at the fair grounds...

Wiggins started from the race track at the fair grounds and after circling the vicinity a few times he turned the nose of his big machine almost straight upward and began to penetrate the blue ether of the heavens.

He finally passed through the contrary current that had baffled him and headed his machine for the fair grounds once more.

The last day of the fair has been of unusual interest for a last day, for the reason that some of the races scheduled for the opening day were postponed until today on account of the weather.

There is only one opinion heard in regard to the fair as a whole. It has been an unqualified success viewed from any angle.

The judges of the various departments have been busy for two days tying on the blue ribbons, and the treasurer will soon be ready to pay every cash premium that has been awarded.

Share. The wire Willie who is always with a malodorous bunch of criticism must dig up for publicity. No matter how great or how small he may be.

But there may be such a thing even though I have never heard of it as finishing the building of a city, the making of a community and the developing of a county.

If the job of building has been completed, if your county is as densely settled as it should be, if the towns in the counties are as large as the citizens could have them, if the finishing touches have been placed upon each individual line of endeavor...

However, I opine that you have not completed the work of building your cities and developing your county. In 1890 Osceola county had a population of 3,133.

You have an area of 1,773 square miles. If your population were evenly distributed over this area there would be 3 1-10 persons to the square mile.

Of the 48 counties of Florida 38 of them have more population than Osceola. You are the 39th in population, 17th in valuation, and sixth in area.

NEWLY-WEDS AND THEIR BABY

Palm Beach was first, St. Lucie second and Osceola county third. You have room to grow if you want to grow.

Cook county, Illinois, in which Chicago is situated, has an area of 933 square miles, the population of the county being 2,405,233.

Last month I wrote to a citizens' association in Chicago asking for information as to the business possibilities of that town. They sent me some books and copies of four Chicago papers...

If Chicago and Cook county cannot afford to eliminate its advertising expense, it becomes patent at once that no county in Florida is in position to do so.

Advertising towns, counties and states has been my occupation for the past twenty years and the many who plan in sending out papers to home-seekers appealed so strongly to me...

Your very truly, THOMAS K. BATES.

Gibson Family Reunion

The home talent musical comedy Gibson Reunion to be given at the Imperial, Mar. 13-14, by the Welaka Club will be the finest amateur performance ever given in Sanford.

The production is given in two acts the first act showing the Gibson family busily engaged in their preparations for the reunion.

Caroline, Mrs. Gibson's favorite daughter, with her dignified, polished college manners, makes an interesting contrast with her sister's happy-go-lucky, don't care personality.

In the second act of the production, Mrs. Gibson entertains her relatives and guests, with an elaborate program of musical numbers.

The J. H. Eachman Shows are in the city and have pitched their tent at the corner of Cypress and Second Street.

MAY RETURN TO MEXICO

Former President in Exile to Claim His Own

RUMORS OF RETURN OF DIAZ

Other Notes From the World at Large by Telegraph

Porfirio Diaz, who long ruled over Mexico with an iron hand, only to be deposed by the late Francisco Madero, who succeeded him and met a much more terrible fate. The venerable Porfirio Diaz has passed his exile in Paris, but, elated at the success of his nephew, Gen. Felix Diaz, in overthrowing the Madero regime, he is planning to return to Mexico some time in April. Just how the ex-dictator will be received by his former subjects is a problem on which the whole world is debating.

o o o o o

The departure from Mexico of Ernesto Madero, former minister of finance was followed immediately by a hurried counting of the cash in the government treasury. The result showed a balance of \$92,000. This amount, however, does not represent all immediate available resources of the new administration, as there are various deposits in both local and foreign banks which can be drawn on by the government.

o o o o o

President Taft today sent to congress his much discussed "budget" message. He recommended the adoption of a budget system of relating proposed expenditures to expected revenues and declared that congress would be greatly benefited by having before it such a statement before it began the annual grind upon appropriation bills. The United States, the president wrote, was the only great nation in the world which did not use the budget system and in consequence it "may be said to be without plan or program." He indicated that owing to the late date at which he was able to transmit his message he expected little legislation on the topic from the present congress.

o o o o o

Secretary Stimson today assured Senators Culberson and Sheppard that every possible precaution would be taken to protect the Texas border against raids by rebels from Mexico. He informed Mr. Culberson that one regiment of infantry and a battery had been removed from El Paso to join the second division at Galveston so as to be at the closest possible point to Vera Cruz, but assured him that the troops would be replaced at El Paso and that a sufficient force would be kept there to protect the frontier in that immediate vicinity. He promised an additional troop of cavalry.

News of the State in Brief.

Judge Syd L. Carter, of Gainesville, who has been ill for many weeks, is reported to be dying. Judge Carter is a distinguished citizen, jurist, law-maker and lawyer, and for many years has been one of the prominent figures of Middle Florida. He is a gentleman of the old school and wielded a large influence for good, both in making and interpreting the laws of his state.

x x x x x

Mrs. Wilbur Quarterman of Live Oak, has been engaged as organizer of the Glab Tomato Club of Suwannee county, and will have charge of the work until the crop is made and the vegetables canned. The chamber of commerce of Live Oak and Suwannee county will give three prizes, \$25 first prize, \$15 second prize and \$10 third prize. The government of the United States contributed \$100 and the Woman's Club of Live Oak gave \$100 to pay

and look after the work. The amount of land to be cultivated in tomatoes is limited to one-tenth of an acre for each girl.

x x x x x

The cosmopolitan character of modern Florida is well attested by the fact that in St. Petersburg, one of our representative cities, one to be found people from forty-four out of the forty-eight States of the Union.

MME. SARAH BERNHARDT

Will Be At The Imperial Theatre "In Pictures Next Week

Monday and Tuesday, March 3rd and 4th, Daniel Frohman presents Mme. Sarah Bernhardt and all her star company, in the great spectacular photo-play "Queen Elizabeth," one of the strongest stories history has ever recorded, in four parts. These four reels of brilliant pictures are said to be the crowning triumph of Bernhardt's brilliant career. The superior acting of this most talented actress is recorded for all time and future generations will, no doubt, enjoy the pleasure of witnessing the acting of this immortal woman long after she has passed away and her career becomes a mere memory.

Bernhardt's interpretation of the famous Virgin Queen, Elizabeth, brings one to the realization of the marvelous intelligence and astounding dramatic powers she possesses. She makes the historical incidents of the play as real as today, and her faithful delineation of the lovely Queen makes the original live again. All the passion and pathos of Elizabeth's life and love, all her pride and vanity and the smiles and sorrows of her mingled fortunes throb and thrill in the compelling realism and magnetic mastery of Bernhardt's art. The flame of her genius has been breathed into the dust of Elizabeth, and the thrilling page of history that she wrote in blood and tears is enacted before us with all the characters as much alive as the reader.

The only material part of Bernhardt's art that can live when she is but a memory is the marvelous representation of "Queen Elizabeth" in the silent but eloquent drama of that name. Science has made Sarah Bernhardt's genius truly immortal and assures posterity the perpetuation of her art. Bernhardt's interpretation of Queen Elizabeth will live as long as the fame of the original.

Taken Up The Shock

J. A. Switzer, of Orlando, state agent for the J. M. shock absorber was in the city for a few hours on Wednesday and interested several auto owners in the J. M. proposition. Mr. Switzer placed one on the Herald car and it rides easier in every way the shock absorber taking up the jolt and jar and making a vast difference in the riding qualities. The J. M. shock absorber will be given a thorough test on The Herald car and the result will be given to the public. If there is any efficacy in shock absorbers there will be many auto owners who would like to place them on their cars, for anything that will eliminate the dead jar of a car will have a ready buyer.

Pleasant Occasion

Last Tuesday, Feb. 26th Mr. and Mrs. J. T. Edwards entertained at their beautiful home on the St. Johns river. Cards and dancing were the features of the evening. At 11 o'clock a delicious lunch, consisting of chicken pilau, sandwiches, cake and coffee was served. After this dancing was continued until one o'clock, when the guests having spent a very pleasant evening departed for their homes.

Among the guests were Mr. Guy Ellsworth, Mr. Hibbard, Mr. Arden, Miss Arden, Mrs. Greenland, Mrs. Curtis, Mr. and Mrs. P. R. Andrews, Mr. and Mrs. Harper, Miss Janet Pow, Miss Laura Fish, Mr. Erwin Estridge, Mr. Jas. Estridge, Mr. Fisk, Mr. and Mrs. Arnet, Mr. Howard Arnet.

Vessel on a Reef

W. P. Dütz, who is visiting in the city stated to a Herald representative today that while he was in Miami last Tuesday a large coal steamer from Newport News to Havana ran ashore on a reef near Miami. The steamer was the Vulcania. Capt. McArthur and a force of men are busy today transferring the cargo in order to float the vessel.

Looks Like Business

avenue are being hauled from the freight depot and placed in position on those streets, which will soon receive them. This paving will probably give the travelling public more satisfaction than any paving that has ever been done in this city, as it means a fine brick paved street from Park avenue to the depot. The work of paving will start in the next two weeks and will be hailed with delight by every citizen and every traveller.

GRAND ORGAN RECITAL

Musicals at the Congregational Church Grand Success

PIPE ORGAN GREATLY ADMIRER

Voices of Local Talent in Grand Chorus Greatly Surprised Large Audience

For several weeks Sanford has been on the qui vive awaiting the grand organ recital that would celebrate the installation of the pipe organ at the Congregational church of this city. E. T. Woodruff who has labored long and unceasingly for the organ and through whose efforts the fulfillment has been made possible felt that the crowning of his efforts would not be complete without a public installation and he worked harder with the grand chorus and the details of the concert than he did in raising funds for the purchase of this grand instrument.

Only a limited number of tickets could be sold for this event as the church could not hold the many music lovers who were anxious to listen to the strains of the pipe organ and the excellent work of the chorus. It is to be hoped that Mr. Woodruff can arrange another recital in the near future in order to allow all the people an opportunity of enjoying this superb music.

The installation exercises opened with an introductory by the choir and the pipe organ played as only Prof. C. E. Wade can play this instrument and the piano, orchestra and full chorus filled the vast tones. The excellent performance of the immense choir was extremely good in every part of the program and demonstrated the ability of Director Woodruff in their training. Very few cities have the fine local talent in musical circles that Sanford has and this was clearly shown in every number of the program.

Mrs. E. L. Robinson, who has a soprano voice of exquisite sweetness and timbre was the soloist and her Sanford friends were greatly pleased to be able to listen to her too few numbers on the program. Although suffering with a cold Mrs. Robinson seemed to the audience to be at her best and in the operative numbers especially was the depth and feeling of her voice most favorable. Space will not permit a description of the many numbers that were so satisfying to the audience. Every number and every performer is entitled to a full meed of praise for the ensemble was perfect and the installation will be paged as another perfect success in Sanford's musical circles.

As the cafe noir to the grand banquet of music given the people Mr. Woodruff gave a brief outline of his efforts in procuring a pipe organ for the church and the names of the public spirited citizens who assisted him by liberal donations among them being the great philanthropist; Andrew Carnegie. Mr. Woodruff then called upon several citizens for one minute addresses led by Mayor Spencer, among them being Hon. Thomas Emmett Wilson, Frank P. Forster, R. J. Holly, J. O. Packard, C. R. Walker, followed by the ministers of the city who in a few words expressed their appreciation of the recital and extended congratulations.

The organ was manufactured by M. P. Moller of Hagerstown, Md., and seems to be a perfect instrument and a credit to the makers. The thanks of the city are extended to the good people who assisted in the recital and made it a success. To the members of the Congregational church and those who assisted them in the purchase of this fine instrument and to E. T. Woodruff in particular who has labored long and earnestly not only to install a pipe organ in the churches of Sanford but for the general upbuilding of all the churches and has always been a patron of musical circles.

greater interest in the churches of the city means that Sanford is alive to the religious side of life as well as the commercial, and in the mad scramble for the nimble dollar our better natures have not been warped by a mercenary spirit and the other churches will emulate the example of the Congregational

Continued on page 8

THE WILSON CABINET.

Wiseacres Have Named The Lucky Ones Who Will Assist.

Washington, D. C., Feb. 26.—The personnel of the cabinet of President Wilson, as partially made known last night by information reaching congressional quarters, stood today practically unchanged, namely:

- Secretary of the state, Wm. J. Bryan, Nebraska.
- Secretary of the navy, Josephus Daniels, North Carolina.
- Secretary of the treasury, William G. McAdoo, New York.
- Postmaster-general, Albert Sidney Burleson, Texas.

Some published reports containing the name of Chancellor Walker of New Jersey as attorney-general were not confirmed.

The information on which the four portfolios were definitely designated was of a positive character, but it did not include the name of Chancellor Walker. The inclusion of his name in some of the lists made public is based upon conjecture, and is not in accordance with the latest information reaching those in close communication with the new administration. Their advice are to the effect that while Chancellor Walker was considered, circumstances arose which are likely to eliminate him from the lists.

Social Service Department

The Social Service Department of the Missionary Society of the Methodist church held their regular meeting Tuesday afternoon in the church. The meeting was presided over by Mrs. M. E. Mott, fourth vice-president of the society. After brief devotional exercises, the subject of the program, "The Negro in His Native Land, and in Our Native Land," was introduced in an article read by Mrs. Mott, from the Missionary Voice. "The Call of Africa," with applicable comments on the subject.

Also from the Missionary Voice Mrs. M. H. Bowler gave a few "Pictures of Pioneer African Missionaries," concluding with a splendid tribute from a leaflet, to David Livingston, one of the noblest missionaries who ever lived in the "Dark Continent." "Pioneering in Africa," another able article from the Voice was read by Mrs. R. M. Mason.

"Extension Work Among Negroes in the South," was read by Mrs. Styrone. The program concluded with "A Page from the Heart of Aunt Mandy Ann," read by Mrs. J. D. Parker. After reports from committees work, the meeting adjourned.

Death of an Infant.

The infant son of Mr. and Mrs. Clarence Iselman died at the home of his parents at Monroe last Monday and was buried in Lakeview cemetery Tuesday. The little fellow had only gladdened the hearts of his parents for a brief time when he was called by the One who said, "suffer little children to come to me." The sympathy of the many friends of the family is extended to the grief stricken parents in their hour of affliction.

Willis Powell Here.

Willis Powell, the vice secretary of the Tampa Board of Trade, was in the city a few hours yesterday enroute to the Good Roads Convention at Eustis. Mr. Powell spent the afternoon with his many Sanford friends and was taken out through the celery delta by T. K. Bates and R. J. Holly. Mr. Powell was greatly surprised at the wonderful development along every line in the farming game and stated he never knew that Sanford possessed such attractions or that celery and other vegetables were raised in Florida upon such a large scale. We now expect Willis to put us in his Tampa Truism and give Sanford a space in the Hall of Fame along with the Tampa Smokers. Secretary Powell is the liveliest proposition that ever floated into Florida and he is a man who will do the best for the people of Florida, for he is not selfish in the least, and believes in assisting the people of the whole peninsula.

James A. Moffat, vice president of the Standard Oil Company, died Tuesday morning at Palm Beach after a brief illness. He was born in Parkersburg, W. Va., and was a member of an old family.

ARROGANT EXPRESS CO.

Giving Sanford People a Cold Deal in Service

EXPRESS RATE FOR FREIGHT

Dealers and Growers Will Put Up a Strong Fight to Force Better Service.

Again the Southern Express Co. springs into the limelight as being the most grasping and greedy corporation that has not been investigated by the government. After futile kicks and commands and entreaties the produce dealers, the merchants and the growers of this section will combine and fight the Southern Express Co. until the proper recognition of the rights of the people is given by the arrogant company.

The new building recently constructed was supposed to represent the proper spirit manifested by the railroad company when it constructed such a magnificent structure for the benefit of its patrons. The new express office is hardly large enough to credit a water tank town. But the kick is not of the building proper but on the shed built for the protection of the patrons of the express Company. This shed should cover the whole platform and afford protection for the fruits and vegetables of the growers. The small umbrella now being erected by the express company will not protect the produce either from the sun or the rain. It is just large enough to be recognized as a shed and nothing more.

The main kick of the patrons of the express company is against their extortionate charges and for service. The growers are supposed to get express service and instead they get freight service at express rates. For instance: A car load of mixed fruits and vegetables local train from Tampa Feb. 22, arrived at Sanford at 8:50 p. m. Unloaded at shed and held over until some time Sunday night. Then reloaded in freight box car with no vents and shipped to Jacksonville by freight but shippers paid regular exorbitant express charges.

Good Fishing Now

Speckled perch and trout are biting now and good strings are reported every day. The tourists here are revelling in the great sport and are even making good catches from the city dock. C. H. Dinger and R. J. Holly with John Ahearn for pilot tried the perch at Smoke House Cove on Wednesday and in a few hours despite the high wind caught 40 pounds. Coming through town the speckled beauties caught the eye of some members of the Newlyweds Company and

they were over with the "baby" and caught a nice string. A. M. Tyler was on the ground all day and caught 128 speckled beauties. Another party caught 100 perch and several fine trout, and it is said to have been the best fishing in the past four days, all caught with hook and line.

Sanford needs more advertising and needs it now. The many people in the state are passing by every day and should have some of our literature to take home with them.

NEED OF ADVERTISING

Michigan Man Thinks Sanford Should Use More Ink

F. J. McDannel of Owasco, Mich., who purchased a fine plot of land several months ago and expects to come down later and make this city his home wrote the following regarding advertising the city's resources:

Here are couple of suggestions which look good to me. It don't seem to me that Sanford is getting her share of publicity, there is no getting away from the fact that the eyes of the entire north are centered on Florida, and the town or locality that blows their horn the loudest will run away with the bacon, with the natural advantages that Sanford has to offer in the way of location and resources she should have a population of 10,000 in 1915, but she can't do it by keeping her light under a half bushel measure, the man who advertises is the man who gets the business now days, no matter what the line, and the same is true of towns and localities, the Big Noise is the one that gets the business every time, there is no place on earth that has a better right to make a big noise or more to make a big noise about than SANFORD, SEMINOLE COUNTY FLORIDA, and if there is any earthly way that you can get the aforesaid noise started for goodness sake get busy, I am a long ways from the base of operation, but I can assure you I am interested, and would like to see Sanford distance all her competitors, all she needs is publicity. Nature has done the rest. Its up to you now to tell these Northerners what you have, and you couldn't keep them away with a shot gun. Try It.

Yours for a 10,000 population in 1915
F. J. McDannel.

To Form Another County

The movement for the formation of a new county with Melrose as the county seat is assuming some proportions and arousing considerable interest and talk, not only in the territory affected, but the neighboring counties and throughout the state. On last Tuesday night a meeting was called at Melrose to discuss the proposition. A large attendance was had, and representatives from Island Grove, Waldo and other places were on hand. The meeting was presided over by Dr. Frank McRae, one of Putnam county's best known and most esteemed citizens. Lee Umberger of Hawthorne was elected secretary. Enthusiastic talks were made by several delegates, with the result that a motion prevailed that the project be pushed—that the new county be named "Santa Fe," and that the temporary county seat be at Melrose. A campaign committee was appointed from Melrose, Hawthorne, Island Grove and Waldo, with instructions to do their best to secure the passage of a legislative bill necessary for the creation of a new county.—Palatka Times-Herald.

Roses Created a Furore.

M. A. Miott, who has a fine home on Sanford Heights, has many fine roses on his place and under the care of Mrs. Miott they have attained a perfection stage. Mr. Miott brought in a cluster to The Herald office this week, the one stem containing twelve fine white roses. They were placed in a jar and everyone who saw them was carried away with their beauty. They were the finest roses that have been seen in Sanford this winter. Sanford Heights is the place to raise fine roses.

Report on School Work.

To the Orange County Fair Association: Your committee to report on school work would recommend that prizes be awarded the Sanford and the Orlando schools for their excellent work through all the grades.

They would also call special attention to the unsurpassed exhibit of drawing and color work of the Sanford district and to the neatness and unusually complete sets of grade work of the Orlando schools.

They would recommend that prizes be given to the Public Schools of Apopka and Oakland-Winter Garden for their fine work; and they would make special mention of the collection of plants and flowers, and of the Booklets of the Apopka schools to teach the native woods and other products of Florida.

The district schools of Longwood, Tangerine and Pine Castle are commended for their excellent work; special mention being made of the method of teaching history in the Longwood schools by the use of "Historical Trees." Your committee takes this opportunity to thank the pupils of the various schools for their efforts to make this year's exhibit better than that of last

year;— a fact that is evident in several directions.

We further recommend that prizes be given the Johnson Academy and the Hopper Academy for their commendable work.

NOTICE

Notice is hereby given that acting under and by virtue of a resolution adopted by the City Council I will within ten days from date bring suit to enforce payment of all sums due to the City of Sanford on all outstanding paving liens; also will bring suit to enforce payment of all sidewalk liens which have been outstanding for a period of one year.

Suit will positively be brought on the liens above stated unless settlement is made with me before March 8 1913 at my offices in the Garner-Woodruff Bldg.

Cause for Alarm

Loss of appetite or distress after eating—a symptom that should not be disregarded.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest persons are moderate eaters. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Rezell Dyspepsia Tablets, with the understanding that we will refund the money paid us without question or delay if you are not satisfied.

We recommend Rezell Dyspepsia Tablets to customers every day, and have yet to hear of one who has not been benefited. They give prompt relief, aiding to neutralize acidity, stimulate flow of gastric juice, strengthen the digestive organs, and thus promote perfect nutrition and correct unhealthy symptoms. Three sizes, 25 cents, 50 cents, and \$1.

You can buy Rezell Dyspepsia Tablets in this community only at our store:

The Retail Stores are America's Greatest Drug Stores

In the County Judge's Court, Orange County, Fla. To the unknown heirs of Eliza Burge and to who all this may concern: Whereas, P. W. Maconey an administrator of the estate of Eliza Burge, deceased, has filed his petition to make assets of the amounts of the administration to sell and pay the debts of the said Eliza Burge, deceased, the following described real estate of the said Eliza Burge, deceased, being to-wit:

Beginning at a stake standing at the intersection of the west side of the right of way of the South Florida Railroad Company with the township line between Township Nineteen (19) and Twenty (20) north, Range Thirty (30) East and running thence west along said Township line Ten (10) chains to stake, thence South Fifteen (15) chains to a stake, thence East one chain and fifty-four links (1.54) on the west side of the right of way of the South Florida Railroad Company, thence in a northerly direction along west line of right of way of said railroad company to the point of beginning, containing eight and sixty-seven one hundredths (8.67) acres of land, more or less. Said land being in Sec. 5, Tp. 20 S., R. 30 E.

These are therefore to cite you to appear before the County Judge's Court on or before 17th day of March, 1913, and file objections if you have any to the granting of this petition, otherwise the same will be allowed as prayed.

Witness my hand as County Judge of said county and the seal of said court this 14th day of December, A. D. 1912.

of the can that holds Luzianne. New users are slow to realize the extraordinary strength of this coffee—how little of it is required compared with other coffees. The cover continually reminds them that

LUZIANNE COFFEE

saves half the coffee bill—goes twice as far. Its quality speaks for itself. You'll say, "It's twice as good."

Many imitations prove its popularity; its popularity proves its goodness.

Sold everywhere. Accept no substitute.

The REILY-TAYLOR CO., New Orleans

NEWS from the COUNTY

MOORE MOVEMENTS

Something doing at last. Looks like it, at any rate, as Beardall avenue is plowed from Celery avenue to Geneva avenue, preparatory to paving.

The musical held at Mrs. Ella Greenland's home on Cameron avenue last Friday evening was a success, socially and financially.

The Beck Hammock 500 club were entertained at the home of Mr. and Mrs. A. W. Peterson on Richmond avenue last Saturday evening.

Mrs. Minnick, her guest, Mrs. Trepp of Sedgewick, Kansas, and Miss Minnick were guests of Mrs. J. C. Ellsworth at dinner on Friday.

Mrs. Corey and children have gone to join Mr. Corey at Folsome, a new colony near Sebastian. They have bought a farm there.

Mr. and Mrs. Godwin have returned from Oviedo and are staying in Joe Cameron's house on the hill while a house is being built for them at Mr. Cameron's grove in Paola. Mrs. Godwin has somewhat recovered from a stroke of paralysis she suffered from last year.

An engine on the S. & F. Ry. was off the track at Beck Hammock for several hours Saturday night.

The Sunday school pupils are preparing a service for Easter Sunday. Mrs. H. A. Gilbert has charge of it and will meet with the children Saturdays at the church to practice.

J. C. Ellsworth is on the sick list this week with a severe case of tonsilitis.

The little son of Mr. and Mrs. W. A. Knight is said to be slightly improved but still in a serious condition.

There have been a number of ladies who were glad of the opportunity of voting on the new county's name. *Geneva* has been the favorite, but as a writer in The Herald said, Sanford county would be a great help to localizing Sanford, the celery delta city.

All crops in this locality are looking fine. The Florida Garden people have a splendid field of celery and other crops on the Herndon farm and some very nice lettuce on the Ben Benjamin farm. T. H. Johnson cut some fine celery this week. W. W. Miller has a fine field of cucumbers and one of tomatoes as one would care to see. Mr. Ashton, who recently arrived here from Rutherford, N. J., has a splendid field of potatoes on Mr. Harper's Beardall avenue farm. Mr. Bradshaw of Cameron avenue is said to have the bumper crop of potatoes. The Cameron farm truckers have some fine celery about ready to cut.

GENEVA JOINTINGS

Mr. and Mrs. Fred Jerkes and children of Jacksonville, who have been the guests of Mr. and Mrs. J. H. Huddleston for a number of weeks, returned home last Thursday.

Miss Belle Eichner returned from a pleasant visit with Miss Marie Haras of Winter Park.

Mr. and Mrs. Pattishall, Mrs. Geo. Peters, Mrs. J. Q. Adams, and Miss Addie Gresham were a pleasant party attending the fair last Wednesday, thanks to Mr. Pattishall and his new Ford.

Mrs. Will Hand and son, Carl of Sanford are visiting Mrs. Audrey Moran. Tommy and Lesie Moran and Paul Dooley took in the fair last Tuesday.

Rev. A. L. Hope filled his appointment at the Methodist church Sunday, both services being well attended.

A jolly party going to the fair last Wednesday with Mr. Musselwhite were Mrs. Eichner, Mrs. Chislett and Miss Belle Eichner.

Mrs. Geo. Peters entertained a number of her friends at a very pretty luncheon last Saturday noon, in compliment to the visiting Baltimore ladies, Mrs. Eichner and Mrs. Fry. The table presented a very dainty appearance, its centerpiece being a bowl of ferns and white roses. Covers were laid for twelve, and a delicious several course luncheon was served. Mrs. Peters' guests were Mrs. Eichner, Mrs. Fry, Mrs. Curlett, Mrs. Burley, Mrs. Pattishall, Mrs. T. D. Peters, Mrs. Daniels, Mrs. J. Q. Adams, Miss Minnick, Mrs. Thall, Miss Belle Eichner and Miss Marie Daniels and Albert Fry.

Mr. and Mrs. Claude Raulerson attended the fair last Wednesday.

Quarterly meeting will be held at Oviedo Saturday and Sunday. A cordial invitation is extended to all.

Mr. Pattishall took a gay party of young people in to the fair last Friday in his new machine. Those of the party

were Miss Blanche Pattishall, Miss Maymie McLain, Miss Marie Daniels and Bert Pattishall.

Last Saturday night occurred the social event of the season. The Woodmen of the World, of the local lodge, presented to their families and friends. Those fortunate to receive an invitation can truly say that they were entertained royally. These gentlemen not only prepared the feast but served it as well and in the best of style. The table with its white cover had for a centerpiece a symbol of the lodge, an ax imbedded in a block of wood. The agility and skill with which the covers were laid won the admiration of all the ladies present. Too much cannot be said complimentary to the cooks, for never did oysters taste better, and special mention should be made of the ease and grace of the gentlemen who served, while the dignity of those who had the more humble task of washing dishes was certainly commendable. This entertainment was a revelation to most of us and a very enjoyable pleasure to all of us. To the Woodmen we give a hearty vote of thanks for their hospitality and all unite in saying, "Long live the W. O. W. of Geneva."

Mr. and Mrs. Burley and Mrs. Fry and children were a pleasant party going to the fair with Mr. Musselwhite last Friday.

Miss Kate Flynn and Geo. Flynn attended the fair last Friday.

Lawrence Musselwhite is in Geneva for an indefinite stay.

Miss Eva Punder of Forsyth, Ga. and Mrs. Godwin and two daughters of New Smyrna were guests of Mrs. J. H. Huddleston for a few days last week.

Miss Blanche Pattishall is becoming quite an expert chauffeur. She is the first lady in Geneva learning to run a car.

Death of J. W. Adams

J. W. Adams died Sunday afternoon about half past three o'clock at the home of his son, W. F. Adams on French avenue, near Sanford Heights.

Mr. Adams was born in Madison county, Kentucky, but has made his home here for a number of years and had reached the advanced age of seventy-seven years. The deceased is survived by a devoted wife, four sons and two daughters, and one grandchild.

Those present with him when the end came were his wife and three sons, F. E. Adams of this city, W. A. Adams of Tampa and G. W. Adams of Jacksonville. Funeral services were conducted at the residence at half past twelve on Monday afternoon by Rev. H. T. Games of the Methodist church and the body was taken on the afternoon train to the old home in Lexington, Ky., where the interment will be made. The family have the sympathy of a large number of friends in their sad bereavement.

Episcopal Church

Services at the Church of the Holy Cross (Episcopal), until further notice will be as follows:

Sunday school at 9:45 a. m.
Morning Prayer with sermon at 11 o'clock, and

Evening Prayer with short sermon at 7:30 every Sunday in the month.

On the first Sunday in the month there will be a celebration of the Holy Communion at the 11 o'clock service, and on the third Sunday of the month there will be an early celebration at 7:30.

The mid-week services will be as follows:

Tuesday afternoon at 4.
Wednesday evening at 7:30.
Thursday afternoon at 4:00 o'clock.
Friday afternoon at 4:30 o'clock.

The Guild of the Holy Cross will meet Friday afternoon of each week during Lent at 2:30 at the Rectory, adjourning in time to attend the evening service at 4:30.

Strangers in our city, as well as our resident friends will be cordially welcomed and shown to seats, which are all free.

NOTICE

Notice is hereby given that acting under and by virtue of a resolution adopted by the City Council I will within ten days from date bring suit to enforce payment of all sidewalk liens which have been outstanding for a period of one year.

Suit will positively be brought on the liens above stated unless settlement is made with me before March 8, 1919 at my office in the Garner-Woodruff Bldg.

GEO. A. DECOTTES
City Attorney.

Must You Be Bald?

What have you done to stop your hair from falling? Have you tried Rexall "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff; if your hair is falling out and your scalp is not gland and shiny, if you use Rexall "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results and will tell us so, we will immediately hand back your money. We won't ask you to promise anything. We won't even question you. We will take your mere word and return your money.

Doesn't it stand to reason that Rexall "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Rexall "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble or be bald, when Rexall "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and lead to prevent baldness—when we will pay for the treatment should it fail to please you?

We don't obligate you to anything. You simply buy the treatment, use it, and if not pleased, come back to us empty handed, and we will hand back what you paid us. Two sizes, 50c and \$1.00 a bottle. You can buy Rexall "93" Hair Tonic to this community only at our store.

L. R. PHILIPS & CO.

Sanford, The Rexall Store, Florida

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ailment, and each especially designed for the particular ill for which it is recommended. The Rexall Stores are America's Greatest Drug Stores.

The Sum and Substance

of being a subscriber to this paper is that you and your family become attached to it. The paper becomes a member of the family and its coming each week will be as welcome as the arrival of anyone that's dear. It will keep you informed on the doings of the community and the bargains of the merchants regularly advertised will enable you to save many times the cost of the subscription.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood. The skin must be cured through the skin. The germs must be washed out, and no salve has long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema."

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. I have been prescribing the D.D.D. remedy for years. It will take away the itch the instant you apply it."

In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a 11 bottle on our guarantee that it will cost you nothing unless you find that it does the work.

L. R. PHILIPS & CO., DRUGGISTS

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

TAKE The CARDUI Woman's Tonic

Mrs. Grace Porter, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life!" It is the best tonic for women.

Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

Office in Herald Building Telephone No. 148

The county ring at Orlando is willing to give a barbecue and free excursion to any town in Harney county who will ask for it.

Editor Howard begs the newspaper men of Orlando to hang together. That is a fine and brotherly sentiment. How awful it would be for them to hang separately.

Whom the gods would destroy they first make mad. Editor Howard of the Orlando Citizen is mad and wants to bite the editor of the Orlando Sentinel.

That stuff that Bates wrote for The Herald seemed to have copped Howard's goat, and he endeavored to answer some of it. As usual with the man who attempts an argument with Bates, "Little Snookums" lost out completely.

We have not received a copy of the Orlando Sentinel in two weeks. They are writing some awful hot stuff about us when they cut off the paper. Don't be afraid, Bro. Schuman. We won't be mad if you mention county division.

FREE EXCURSION.

The county ring will give a free excursion and barbecue to any town in Harney county that request same. The ring has plenty of money and will spend it in order to perpetuate the power of Orlando.

SWELLED HEAD.

By the time the roads at the County Fair and the swelled condition of the treasury we guess that division to Sanford of county money invested in the Fair grounds, which the Sanford Herald with its three-fold batch of prettys—Holly, Curbstone and Buster Batty Bates—have been hoping for will hardly come to pass.

Alas, for the three county busters and calamity howlers!—Orlando Citizen.

It always gives people the swell head to be successful and they forget who helped them when they needed it. Sanford will donate some more money to the Orlando fair when they are broke again, yes. And Bro. Howard can be assured of the same warm welcome when he comes up here to plead the cause of the Orlando fair, yes.

"KILLING THE GOOSE," ETC.

Hon. Braxton Beacham, the volunteer apostle of the fifty million scheme, says, as one of his arguments for the issuance of the bonds for the construction of good roads, that in a few years at the rate in increase in the number of motor machines that is now going on, the license tax levied upon those machines by the state law would pay the interest on this proposed bond issue. Wouldn't it be a pity to knock the props out from under this argument by getting the supreme court of the United States to reverse the decision of the state courts and decide that said licenses could not be collected? It would simply be cruel, for it would knock the entire scheme into a cocked hat.

And then to think that some of the very men who endorsed the fifty million idea and sent it abroad with the stamp of their approval upon it, are among those who are actively resisting the payment of the license tax that is expected to yield the revenue to pay the interest on their bonds. They are certainly attempting to kill the goose that lays—or is expected to lay—the golden egg.—Tampa Times.

TROUBLE IN THE FAMILY.

However we may differ on local issues and whatever competitive reasons we may originate it is not for the best interests of Orange County for the Orlando newspapers to assail one another on the question of County division. The Sanford Herald would sell its birthright to get the Orlando papers divided on that subject, knowing it would turn the battle away from Sanford.

Therefore, beyond saying that it comes with mighty poor grace for the Sentinel to copy the untruthful statement of the Herald, as to the position of the Orange County Citizen on county division, simply to pat itself on the

back, and that it smacks of the stretching of truth like a hangman's rope, fully characteristic of the management of that paper in times past. Sanford is the present editor, of whom better things are expected. We will say no more at this time.—Orlando Citizen.

We knew the Orlando papers would take hydrophobia and start biting themselves ere long. This symptom always appears whenever the county seat papers are fighting a losing battle and knowing they are losing, turn upon each other. But we would like to call the Citizen's attention to the editorial written when Sanford sprung the county division matter and the way that paper did come out and say that if Sanford wanted to separate from the parent stem we could do so and have the Citizen's blessings. Don't force us to print your editorial, Dear Howard, for it will demonstrate that even you reverse yourself.

How sad this county division matter is becoming. Orlando papers fighting each other and telling fish stories and even prevaricating in the attempt to bolster up the tottering cause.

ORLANDO NEEDS BOOSTING

There is a movement on foot for the organization of a boosters club in Orlando. There seems to be a general feeling among some of the younger business men that there is a work to be done that requires prompt and vigorous action and it does look that way. It seems necessary for some concerted action to be gotten back of our senators in the matter of Post Office Building for this city if our rights are saved in the senate.

It will require some united and well directed effort if this city has better depot facilities by another winter. It will require some good hard fighting by some active body of men if Orlando gets relief from the extortionate and discriminating freight rates now in vogue.

Think of the proposition on freight rates now in force to Orlando, and compare with Sanford's rate, or Tampa's rate.

If you have a barrel of apples shipped from Jacksonville to Sanford it will cost you a rate of sixteen cents per hundred for a distance of one hundred and fifty miles. If you want to ship the same barrel to Orlando only twenty-two miles further, it will cost you thirty-five cents per hundred, or more than double that to Sanford.

Still worse, you can ship it from Jacksonville to Tampa, the whole length of the state for fifteen cents per hundred, or less than half the cost of shipping the barrel from Jacksonville to Orlando.

Why is this? Because Tampa has a water rate from New York direct to her own ports independent of the railroads, and Sanford has a partial, or a broken water rate that gives that city some relief.

Another illustration: Mr. P. B. Wicoff shipped a car load of potatoes from Jacksonville to Sanford and unloaded part, and then ran the car down to Orlando and it cost him just as much to get a half car potatoes from Sanford to Orlando as it did to get a whole car from Jacksonville to Sanford.

Can the people of Orlando stand for this? Can our merchants compete with other cities while these conditions? Can our gardeners compete with other places while the railroad companies are placing such obstacles in the way? If Orlando continues in her onward march it will be necessary for some body to get busy that these conditions be corrected.

Let no man pass this subject lightly by. The effect of these conditions are operating against Orlando today. Let us lay aside all selfish considerations and unite in our efforts for a greater Orlando.—Orlando Sentinel.

You are absolutely right, Brother Schuman, and as soon as the county division matter is settled we will assist you in boosting your city by getting lower freight rates.

A CITIZEN OF OVIEDO

In the Reporter-Star of Wednesday appeared an editorial starting off with a denial of that paper of ever having been in favor of the north end separating and winding up with an article written by a supposedly Oviedo man and signed "Oviedo Citizen." The article states that this "Oviedo Citizen" was never asked about county division and there-

fore all Oviedo is against it. This Oviedo Citizen is well known to us and he certainly was not asked to join in the movement for county division because his influence that he brags about so much would have killed the movement at the very start and whenever this prominent (?) citizen is against any movement that movement always succeeds. If this prominent (?) Oviedo Citizen will only continue to fight county division we shall be perfectly satisfied. After Harney county is created he will move into

Orange county and that will satisfy his Oviedo friends immensely, because this prominent (?) citizen is very tiresome to his neighbors in Oviedo. They like to hear him spout so much what he has done and who he is and about his shoulders being stooped from carrying Oviedo on them and what a relief it will be when this prominent (?) citizen becomes so mad about county division succeeding that he will move to Orlando. We just want to mention to this prominent citizen of Oviedo that he was never asked about county division even by the Oviedo men who are in favor of division and they refuse to discuss the question with him because it is good time wasted. We wonder how the majority of Oviedo's people will take this gentleman's article since he sets himself up as a dictator for the whole of Oviedo.

Why don't the prominent citizen (?) of Oviedo sign his name to his article and why did he take up a whole column telling about how the Oviedo people paid for the excursion and barbecue and why don't he prove his statement by giving a list of the people who helped to donate the few hundreds that the free train and barbecue cost, leaving out of course the names of the politicians who really put up the money and are putting it up now.

Just unbosom yourself, Mr. Citizen of Oviedo, and tell us all your troubles and why you were never taken into the confidence of the Oviedo men who are talking county division. This would really make interesting reading and you would not need to bury your article in an Orlando paper. You could get space in the New York Journal or the Times-Union or the Sanford Herald, or maybe Douglass would print the Oviedo Advance again just for your benefit, since you still owe him for your subscription on that paper. Come again, Oviedo Citizen. Climb right on the nasty Sanford "butt heads" as you call them. It certainly was awful mean of the county divisionists not to invite you to join them and such a slap in the face is enough to make any prominent (?) Citizen attempt to write an article in the papers. This is what every disgruntled citizen of Oviedo is trying to do. He wants to prove that he represents the majority of the people of his community, when if such was the case he would not need to put forth his opinions in the paper, but could express them privately and they would have the desired effect. We are glad that at last the prominent (?) Citizen has a chance to break into print. The Orlando papers will give him all the chance he needs since they do not know him quite as well as his neighbors do. Give the call more rope, you Orlando papers, and let the poor thing hang himself because he will have to move away in April, and no doubt he would rather hang himself now than to be obliged to live in Orlando after April.

Bob Holly in Town

We have heard much of Bob Holly, read much of Bob Holly (for the man who says he doesn't read what Holly writes doesn't tell the truth) and we have shot paper wads at Bob Holly, but never until yesterday did the editor meet him. We are sincere when we say that we are glad to know him, for no man who clasps his hand could feel otherwise. One glance told us that Mr. Holly is one of those open hearted, good natured, whole souled fellows that you must like.

We did not take time to tell him why we have decided not to let Orange county be divided, but are arranging for a fishing trip with him in the near future when we will confide to him our reasons and set him right on the question.

We like a man of energy and grit, and admire him for standing by his guns, and this is one reason why we have labored so diligently to get Holly set right on this county division question. Mr. Holly had two friends with him who were acting as his right and left supporters and a jolly trio they were.

Welcome is written over our door, boys, come again.—Orlando Sentinel.

The Eleventh Florida State Conference, Daughters of the American Revolution, opened its session auspiciously yesterday morning in the music room of the Tampa Bay Hotel, which had been handsomely decorated by Ernest Stanford with flags, bunting and palms, says the Tampa Tribune.

St. Petersburg is to have a deep water harbor what is known as Bayboro, the last obstacle in the way of securing the appropriation which has been made by the government having been removed by an agreement reached between the city council and the Bayboro Investment Company, holders of the water front property to be improved. As a result of this agreement after two years of delay, work is to be started in a few weeks, the city undertaking to remove a sand pit in front of the basin and leave it open to the bay with ten feet of water in it.

SANFORD

FLORIDA

BRINGING GOOD PRICES.

Celery and Lettuce Command High Prices this Week.

Both celery and lettuce are bringing good prices this week and the growers are wearing happy faces in consequence. Celery has been looking for trouble all season. Celery took a better start this week and is bringing from \$2.75 to \$3.00 in the majority of the markets and is even higher in Chicago. Lettuce is bringing \$2.00 to \$2.50 and the chances are that lettuce will bring this price as long as the weather is uncertain enough to freeze it out farther north. Celery should command a good price from now until the end of the season as Florida practically controls the output and unless some unusually warm weather blights the celery here Sanford growers should make good. The celery here is looking better than at any time during the season and is prime for shipping.

From Florida Growers News

Celery Movement

The movement this week has been heavier at both the Palmetto and Sanford sections. Tampa movement was small. From Sarasota the movement was also light. Next week there will be an increase in the output from around Tampa and Sarasota. Up to last night 45 cars had left this section and about the same number rolled from the Palmetto section. The total for the week will be 67 to 65 cars from each point.

Reports from California tell of the movement from that state as being probably heavy from now till the middle of March. What these people call heavy is around 80 to 100 cars a week. While this number may be too large, it is well to remember that the stock is generally good and meets with ready sale. Washers take up a large amount of this stock and take it out of the market quick.

Prices for good celery are satisfactory all over the country and there is no apparent reason why prices should materially decline. In fact it is not expected that there will be any decline on good stock.

Lettuce Movement

This week has brought about a different situation. The movement from here was heavier than anticipated. The movement from the Manatee section was also heavier than anticipated. Texas started shipping heavily this last week. In one day 10 cars of Texas lettuce was on the Chicago market and 6 cars loads on the St. Louis market. The Texas stock is said to be very fine.

Buford, S. G., has also started shipping lettuce in large quantities. It is estimated that fully 50 cars will have left that section by Saturday night. A number of the representatives of the large northern receivers who have been here during the winter have been leaving for Buford to look after the interests of their different firms. Reports from Gainesville indicate that the lettuce in that part of the state will

start rolling in large quantities next week. It looks as though there will be plenty of lettuce for all. Poor or inferior stock should be left at home. Good stock will be in demand and as the weather in the north promises to be favorable, paying prices will be realized.

Vegetable Movement

All vegetables are being shipped. Ideal weather has prevailed in most of the growing sections of the state. A few places have a little too much rain and some slight damage resulted to individual growers.

The Express shipments are getting heavier every day. Beans are in a little heavier supply this week. Next week will find a still larger supply coming in. Cauliflower is about done. Peppers and eggplant are in fair supply, principally on the East Coast.

A few scattering lots of new potatoes are beginning to appear. The first shipments will probably be made from Dade county. There will be some potatoes in Florida this season, and as the "slang boy" says, "and then some." They are planted all over the state.

Cucumbers will soon be in good supply. Several large points report cukes on the vines and the crops doing splendidly. Cukes mature quicker than squabs.

Watermelons are up and thriving in middle Florida and it looks as though there will be some very early shipments made this year.

Squash is in only small supply at present. In a couple of weeks there will be a considerable increase in the movement of this vegetable.

Everything points to a good fair movement during the spring, growers who ship only good stock, and use good judgment in selecting their selling agents and in distributing their shipments will receive good prices.

Tampa has an opportunity to secure a large manufacturing plant for the manufacture of citrus fruit wrappers, provided the railroads will allow it to do so, according to General Manager W. C. Temple, of the Florida Citrus Exchange. The Crown Columbia Company, which manufactures these wrappers, and which has manufacturing in different parts of the United States, has offered to build a manufactory in Florida, provided it can make an amicable contract with Chase & Co. and also with the Citrus Exchange. The Company already has a contract with Chase & Co.

The Public Pier and Improvement Co. is making plans to erect a big pier at Pabco which will reach six hundred feet out into the surf. The used ground or water line floor will be used for dressing rooms for bathers. The first floor will include a recreation room for women and children, a dancing pavilion one hundred feet square, and a fishing pier. The second floor will contain an up to date theatre and cafe. The general design of the structure will be of mission effect. The front will have large towers of steel and stucco construction. The construction of the pier will cost approximately \$200,000.

To Exempt Labor Unions and Farmers From Florida Grainers News. A step toward the exemption of labor unions and farmers' organizations from the operation of the Sherman anti-trust law was taken in the House tonight.

Bill on Railroad Valuation Passed. Without a roll call the Senate tonight passed the bill to require a physical valuation to be made of all the property of every common carrier subject to the jurisdiction of the Interstate Commerce Commission.

Little Used Roman Numbers. Ten thousand in Roman numbers is denoted by the letter X with a dash over it, or it may be written two C's and an I followed by two inverted C's.

Good Breeding. We see a world of pains taken, and the best years of life spent, in collecting a set of thoughts in a college for the conduct of life; and, after all, the man so qualified shall hesitate in his speech to a good suit of clothes and want common sense before an agreeable woman.

Cheerfully Subscribed. Mrs. Noopop—"Charlie, what do you think? Dad just sent us a \$1,000 check for our new baby! Wasn't that good of him?"

Steam of the Earth. If dry earth is wet suddenly the heat emitted is due chiefly to the affinity of potter's clay and humus for water.

Wondrous Beauty of Flowers. What a desolate place would be a world without a flower! It would be a face without a smile, a feast without a welcome.

Salt a Bathroom Cleanser. The bathtub and bowl, and also other pieces of enameled ware and crockery, may be satisfactorily cleaned with common salt used on a slightly dampened piece of flannel.

Novelty in Surgery. The bone of a sheep was transferred to the arm of a patient recently. The forearm undergoing the novel operation had been shattered by the discharge of a gun.

Both Ways. Gibbs—"Personal appearance is a helpful factor in business success." "A helpful factor in personal appearance,"—Herald Transcript.

Lucky Juliet. Mrs. Knieker—"What impressed you most in 'Romeo and Juliet'?" Mrs. Subbuba: "The fact that Juliet could keep a nurse in what appeared to be the suburbs—Harper's Bazar."

The Ruling Passion. Did you ever know a man so prosperous he wasn't figuring how he could make a little money of a side line?—Athenian Globe.

Genuine Seed Potatoes, Spaulding Rose No. 4, per 150 lb bag \$2.65; Red Bliss Triumph, per 150 lb bag \$2.65. Can furnish seed grown either in Maine or New York state.

Smith, Fix-It-Man, does best paper hanging, painting. M. G. T. Block, Room 7. 50-1f

Meerschaum. Meerschaum mines in Nemlau have been worked for 2,000 years it is claimed, and the process is simple. The mines, which at one time reached from the Black Sea to the Caspian Sea, are concentrated around the city of Esaki-Sehr, and give employment to some 5,000 miners.

SATURDAY NOON MARCH 1st
THE SECOND GREAT
BONUS OFFER CLOSES

But a few Hours Remain of the Big Offer and Every Possible Subscription Should be Secured Before Noon Tomorrow.

Danger! Danger! Danger!
 Warning you that the biggest and best offer of any kind closes Saturday noon, March 1st, sharp, be sure to send in every available subscription before that hour if you wish to get the largest number of votes on them.

Is there anything you have left undone to make your campaign a winning one? If there is a single stone left unturned or a single wire that you have not pulled, do it now between now and Saturday. Your very best efforts are needed to make yourself a prize winner and now is the time your efforts will bring the most results.

Your friends have been loyal to you throughout the whole contest, but that will not make you a prize winner. Your own efforts from now on will decide if you win or lose. If you have the energy to get out and do your very best you can make yourself a prize winner. The vote is going to be so close that no contestant in list can afford to feel over confident.

Every one will need every subscription that they can possibly secure, and remember that the biggest vote offer will close at noon Saturday, March 1st.

The candidate who gets out after votes is the one who gets them. You can't stay at home and expect to make a winning race. Energy and determination will win for you and if you possess these qualities, you might just as well figure on a place for the prize.

Voting Power of Subscriptions

Payments on all subscriptions will earn votes according to the following schedule. Renewals and back subscriptions count the same as new subscriptions:

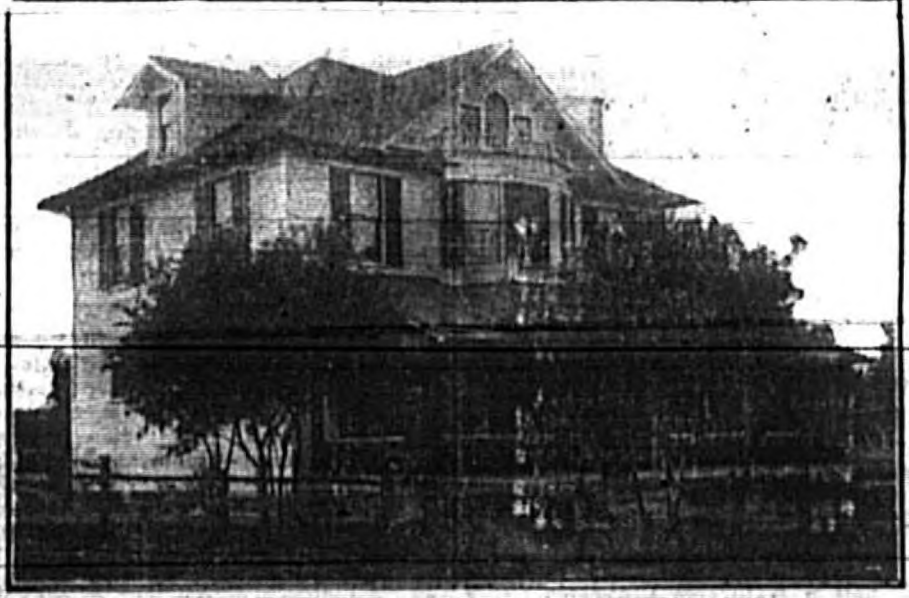

1 year \$ 2.00	2,000 votes
2 years 4.00	7,000 votes
3 years 6.00	12,000 votes
4 years 8.00	18,000 votes
5 years 10.00	25,000 votes
10 years 20.00	75,000 votes

The list of candidates and their vote exhibit as counted up to noon Thursday Sanford, Fla.

Four Years of Real Joy.
 Germany has added another to its list of distinctions. It has produced the perfect truant. A boy of Dortmund was transferred from one school to another; he found out that his name was not entered on the register. That was four years ago. Since then he has gone from home every morning with his bag of school books, and each evening at the appointed hour he has returned. It has now been discovered that the new school has never seen him, and that he has had four years of vagabondage.

Everybody who reads magazines buys newspapers, but everybody who reads newspapers doesn't buy magazines. **Catch the Drift?** Here's the medium to reach the people of this community.

BEAUTIFUL SUBURBAN HOME

A want ad is a good investment

GOOD LETTER - GOOD SUBJECT

Reader Gives Just Criticism on Some Sanford Business Men Editor Sanford Herald:

...office on a matter of business. While there a business man of Sanford came in to see you and told a tale of woe as long as your arm. Some one had stepped on his toes and of course he rushed right to the newspaper to air his grievances and to ask that you take up the matter in the columns of your paper which you did.

We Sanford people are proud of the fact that we have a paper which we have found to be always on the side of the people so far as is possible. We believe in The Herald and in its editor. The paper so far as we have been able to find is published with a view of giving to the people of Sanford as good a paper as can possibly be given them, everything being considered.

Now this gentleman mentioned above is a neighbor of mine. I see him many times every day at his place of business. He uses the advertising columns of your paper very little. Most of his printing is done out of town and I imagine he even parts reluctantly with his \$2.00 per annum for his subscription. I have seen this same man pay as much as \$25 to some fake advertiser who happened along with some advertising "stunt" that was positively not worth 50c to him. Yet this same man rushes right to you when he wants something that you alone can give him and which is of no concern to you and for which you charge him nothing.

All this proves to me that I certainly could not qualify for a newspaper editor. I would feel under the above circumstances like gently throwing this gentleman through the skylight and landing him in the park. Why it is that some merchants of a town fail to patronize the home newspaper I could never determine. I am quite sure that there is nothing that helps to build up a town and community like the local newspaper properly conducted. Personally I never use any advertising than the local newspaper which you print for me. The local newspaper goes...

and I can give them my little selling talk in just the way I want it. I have never sent out of Sanford for my printing since I have been here and do not expect to, as you have always given me good work and your prices are just and right.

While I am quite sure that nearly every merchant in Sanford appreciates your paper, there are some who do not give you the advertising patronage you deserve, and it is evident that some of these same people do patronize nearly every fake advertising scheme that comes along, which would not be so bad if it were worth the price, but it never is.

If there were some way of lining these erring brethren up and making them see the folly of their ways I would like to see it done. At any rate if I were not a patron of a newspaper office I certainly would not have the nerve to ask them to take up my petty grievances.

With very best wishes for the continued prosperity of The Herald, I hope to always be,

A. READER.

Sanford Citizens Not to Blame.

There was a great deal of unfavorable criticism by many country visitors during the first two days of the County Fair because the entire north side of Horticultural Hall, which was entirely vacant.

Naturally, with some extreme people in that town, to carry their country separation into every thing they do and say, the inference seemed to be that Sanford did not intend to exhibit her products at all. But this time the better feeling prompted our friends over there, that is all of them except Buster Batty Bates, who, although Secretary of the Club, that agreed to bring their stuff to the Fair, we understand utterly refused to have anything to do with it—a condition to be expected from a chap so narrow between the eyes and with a head sloping a-lant.

It was the railroad that was in fault. Billed out the car on Saturday and lost somewhere between the Sanford new depot and Orlando. The manager of the exhibit, waiting at the Fair grounds, had to stand the brunt of the blame, but took it good naturedly and did the best he could.

We are glad the broader minded citizens of Sanford prevailed in their determination to have something at the Fair. They did not do their best but it showed the proper spirit.—Orlando Citizen.

How kind of the Citizen to let us down so easy. No doubt the editor of the Citizen was hoping Sanford would not exhibit so he could crow about it. However Sanford usually puts one over while Howard is sleeping and this is the second time he has been badly fooled.

Too Many Orlando Papers

Our city contemporaries are contending in trying to best each other in the daily newspaper field and have carried the war into the weekly arena.

Anybody who knows the daily newspaper situation, and our contemporaries know it full well, understands that there is not room enough for two dailies in Orlando—that during the summer there is scarcely room for one, and the question is, "Which one?"

We are not going to shout it out loud from the housetops, but past history will repeat itself and it remains to be the longest purse, the best credit and the strongest pulling force to tell the story.

Meanwhile, the Orange County Citizen, untrammelled by the daily grind, will sit in a beautifully cushioned reserve seat and enjoy the scrap going on down in the two ring show. 'Tis not our funeral, but we'll be in at the death and sadly lay forget-me-nots on the little mound.—Orlando Citizen.

Coming Back

C. W. Park Dramatic Company will be in our fair city all next week presenting high class musical comedies, real soul stirring dramas, and up-to-date vaudeville.

Mr. Park, who is well and favorably known here has expended an unusually large amount of money to play this engagement, scenery costumes and electrical effects being so harmonized as to make his large waterproof pavilion a dream of beauty and grandeur never before seen with an organization of this kind.

The show will exhibit at Fifth and Park streets, opposite city park, starting Monday, Mar. 3rd, ending Mar. 8th. Popular price of 10 cents to all will prevail and performances will be given regardless of weather, as our tents do not leak and a thorough heating system keeps you from getting cold.

Reserved seats 25c extra. Don't forget. All next week. 55-11c

You May Talk to One Man

But an advertisement in this paper talks to the whole community.

Catch the Idea?

MARCH HAS ARRIVED

For Monday Sale we will have many Specials in New Goods. See the New Styles in Dry Goods, Ladies' and Gents' Furnishings, Notions, Shoes and Furniture. All these goods represent the highest quality in the most desirable merchandise, at prices the lowest.

MONDAY, MARCH, 3RD

DRY GOODS

SILK EOLIEUNE
This is a handsome spring creation in a silk Eolienne, worth 50c a yard for Monday special **25c**

Crinkled Seersucker
The light material of this season is Seersucker, in solid colors, stripes and neat floral effects. Special line for Monday's sale **25c**

Higgins, Mrs. H. E. Heater, Mrs. G. L. Hoy, Mrs. M. Symes, Mrs. T. A. Newton, Miss Alice Tetherly, Mrs. W. L. Tillinghast, Mrs. S. A. Jackson, Mrs. Martha Fox, Miss Clara Walker, Miss Katherine Waldron, Miss Ethel Moughton, Miss Renie Murrell.

Contraltos: Mrs. C. E. Walker, Mrs. J. T. Brady, Mrs. G. W. Waldron, Mrs.

M. H. Bowler, Mrs. F. L. Woodruff, Miss Beth Mettinger, Mrs. B. A. Howard, Mrs. H. G. Gerror, Mrs. Fannie Munson and Miss Carrie Lovell.

Tenors: Messrs. R. G. Stockton, W. L. Tillinghast, S. A. Jackson, E. L. Robinson, W. C. Aspinwall, W. L. Harvey, W. C. Aspinwall and Felix Frank.

Bassos: Messrs. F. P. Forster, Phil Moore, C. E. Walker, E. N. Luke, Fraser, Armstrong, C. R. Walker, J. D. Langley, W. H. Wright, Capt. Murrell and Prof. Wildman.

Book Lovers' Club

The Book Lovers' Club was entertained by Mrs. R. J. Holly at her pretty home on Sanford Heights, which is surrounded by orange trees and which at this season of the year are especially beautiful, covered as they are with lovely and fragrant white orange blossoms and with many of the ripe oranges still on them, making as they did the attractive and natural color motif of green white and yellow.

The rooms were decorated with orange blossoms and the entertainment was an orange party, featuring an orange puzzle and contest.

The guests were given an envelope on which was the following appropriate and original verse:

In this envelope you will find Five pieces, each a different kind. Now trade with every one you meet Until your orange is complete. To your hostess quickly go, She may reward you—don't you know.

And in the envelope was a painted paste board orange, divided into five sections, one of the sections of each orange was put in the envelope, given to some one else and so on, until the sections of every orange did not make a perfect orange when put together as they were in the envelope. Each guest therefore had to compare her orange with some one else or several, before she could find the section which when put together with the sections she had, made a perfect orange.

The prize was given to the lady who succeeded in matching the sections of her orange first and in the shortest time.

Mrs. N. J. Perkins won the contest and an orange upon. The booby prize, and india rubber ball, representing an orange was received by Miss Luella Hampton.

After the conclusion of the interesting contest delicious cake, with orange

ice in orange baskets was served by the hostess.

Mrs. Holly's guests were the following members of the club, Mrs. Henry McLaughlin, Mrs. C. H. Dingee, Mrs. E. R. Tolar, Mrs. Fred Williams, Mrs. F. L. Woodruff, Mrs. E. L. Robinson, Mrs. C. E. Walker, Mrs. B. A. Howard, Mrs. A. Lilja, Mrs. Wells, Mrs. Keely, Mrs. J. C. McDaniel, Mrs. E. B. Brown, Mrs. R. W. Hines, Miss Luella Hampton.

Good Roads Convention

The Good Roads State Convention convenes in Eustis today. Delegates are expected from every part of the state. The citizens of Eustis have prepared to give the visitors a rousing reception during their stay in that prosperous little town. Yacht rides on the lake will be one of the features of the entertainment. It is expected that more than 250 visitors and delegates will be present.

One of the big features that will be discussed at the convention will be the Quebec-Miami Highway, a roadway 2400 miles long, and which is now practically completed with the exception of links amounting to 300 miles. These places are now being filled in at all places where they occur. The Canadians have already completed their part of the highway. It is pointed out that the highway, if completed before next fall will mean millions of dollars to Florida. The American Automobile Association with 400 clubs, and about 60,000 members means that probably 5,000 of them will tour Florida during the coming season, and it is also estimated that 20,000 people will be added to the winter tourists because of this highway. It is also estimated that they will spend on an average of \$100 each, which means that they would leave \$200,000 here when they departed.

That Florida is already doing a big road work is set forth in the fact that of the forty-nine counties in the state, thirty-two have road work under construction. Sanford district leads all other sections of Florida having started 25 miles of brick paved roads.

Some Booster

Of the exchanges coming to the Journal, the greatest boosters for its town and section. This is a strong statement, for

many exchanges are boosters for their towns; in fact the Journal recalls none that are not. The unprecedented growth of the state is due in great measure to the enthusiastic advertising each paper is giving its section.—Daytone Journal.

Missionary Meeting

The Missionary Society of the Baptist church held their regular meeting Monday evening at the home of Mrs. N. J. Perkins, with a good attendance of their members.

The devotional exercises were led by Mrs. C. M. Williams. "Brazil," the study subject and program was conducted by Mrs. M. M. Stewart. Several good articles on "Brazil" and the work being done there by the Missionary Societies, were read by various members of the society.

After the program and business of the meeting had been concluded, delicious cake and chocolate was served by the hostess, and the society enjoyed a social hour together.

Music Club

The Music Club will hold their regular meeting at the home of Mrs. T. A. Neal, leader for the afternoon, Saturday at 3 p. m. Every member of the club is urged to be present, as business of importance must be attended to at this meeting. Please come promptly.

Wednesday Club

The Wednesday Club held their regular meeting at the home of Mrs. Henry Wight Wednesday afternoon. Mrs. S. O. Chase, leader.

As there was a very large attendance of the members it was deemed best to omit the program for the afternoon, except the music, to discuss thoroughly and in detail, the subject that has been claiming the attention of the various clubs in the city for some weeks, namely, the amalgamation of the several clubs into one large Woman's Club.

Mrs. R. E. Tolar played most delightfully, Sinding's beautiful "Rustle of Spring." Accompanied by Mrs. D. L. ... The Little Irish Girl, by Lohr. After the enjoyment of the delightful music the club, as a body, entered upon the discussion of the amalgamation program and, and in lengthy detail. The

vote of the club will be taken in a couple of weeks.

Program for March 5th:

Music. "A Brief Sketch concerning Madame Montessori and Her Discoveries." Miss Teaching Center. "An Explanation of the Montessori Method—its Advantages and Disadvantages." Miss Lillie Farnsworth. Roll Call. Famous Educators.

The Wednesday Club are invited by Misses Farnsworth and Laffer to hold their regular meeting at the primary department of the school next Wednesday afternoon at 2:30, in order that the apparatus used in the Montessori method can be showed and explained in the use; and the method can be demonstrated. Kindly bear in mind that the meeting of the club on Wednesday, March 5th, will be at the primary department of the school at 2:30 o'clock.

Baptist Church

Second Sunday in the series of sermons on the Christian Life. Morning service: Why the Christian Life is Christian. The Lord's Supper will be observed at the close.

At 7:15 p. m. the subject will be: The Second Element in Conversion. These services at night will be evangelistic. A cordial invitation is extended to all. J. W. WILDMAN.

The Clearwater News

through its able associate editor, Eugene L. Pearce, is starting an energetic campaign of agitation for protection for the pine forests of the state. It is likely that the next legislature will pass a bill on this subject, although it is held in some quarters that any provision in such measure involving privately held timber lands would be unconstitutional.

o o o

The special committee appointed some time ago by the Tampa city council to treat with the Tampa Electric Company on the matter of securing a reduction in rates on light and power last night reported, stating that the effort of the committee had been so successful that in April, 1915, the Tampa Electric Company will reduce its rates. This reduction will amount to about 16.23 per cent on lighting and 21 per cent on power, according to the report of the special committee.

OUR DEMOCRATIC LEADER

Takes Oath of Office at the White House Today

CAPITAL BLAZE OF GLORY NOW

Telegraphic News From Washington and Other Parts of the World

Washington awaits the coming of Woodrow Wilson, next President of the United States. Plans to welcome him today are ready and every detail is complete for the inauguration ceremonies and the attendant military and civic demonstration today.

No President-elect ever found the capital of the nation whose destinies he is to guide more brilliantly arrayed or more abundant with enthusiasm than Woodrow Wilson will find today. Flags and streamers from every staff and building will wave him welcome and cheering thousands assembled in the spacious esplanade of the union station approaches and the streets through which he will be driven to his hotel will stir the patriotism of his heart. One of Mr. Wilson's first acts as a private citizen will be to call, with Mrs. Wilson, upon the President of the United States and Mrs. Taft. Arrangements for this were made today. President-elect and Mrs. Wilson, shortly after their arrival will receive Colonel S. Cosby, chief aide to the President, who will escort them to the White House in the President's automobile. The President and Mrs. Taft will receive them in the blue room where ambassadors, chief justices of the supreme court and foreign princes visit the President. Many of the diplomatic corps in their uniforms will be present but none of the cabinet are expected. The reception will be short and then President-elect and Mrs. Wilson will return to their hotel for luncheon.

The one bandit who last night boarded a Wabash passenger train bound for Kansas City at Delmar Station, near the western side of St. Louis, obtained only \$10.00 and a watch. This was the proceeds obtained from two passengers held up at the point of a revolver. The bandit then seemed to lose his nerve and, pulling the airbrake cord, stopped the train at Glen Echo, a small station about thirteen miles west of St. Louis, and escaped in the darkness.

Charles Dewey Hilles, secretary to President Taft for the last two years and one of the best liked men in official life in Washington, will quit the White House March 4, to become a partner of Edmund Dwight, resident manager of New York of the Employer Liability Assured Corporation, Limited, of London. Mr. Hilles will retain the chairmanship of the Republican national committee, for which he was chosen last summer. As secretary to President Taft he received a salary of \$7,500 a year and in his new position he will receive about \$20,000 a year.

In a running fight on the border near Douglas, Ariz., early today between Mexican soldiers and troopers of the Ninth United States cavalry, four Mexicans were killed. None of the American troops were killed or injured, according to advices received here late today.

Four American army officers, walking on the American line, three miles from Douglas, are reported to have been fired upon by forty regular Mexican soldiers, patrolling the border out of Agua Prieta, opposite Douglas. Sixteen of the negro troopers of the Ninth rushed to the place of the firing and had a spirited skirmish.

Sunday was a day of farewells for President Taft. He began his last Sunday as President with a brief sermon to the congregation of All Souls' Unitarian Church, where he has worshipped for four years; bade adieu to wives of members of his cabinet at a last formal dinner given by Secretary MacVeagh and observed the custom established by George Washington and kept green by Presidents ever since, of visiting Georgetown University. In between times he took up with Secretary Hilles many important matters which he wishes to see settled before he turns the reins of government over to Mr. Wilson.

Meet your friends at the Gibson Reunion.

VALUE OF BRICK ROADS

Sanford District has the Right Idea on Road Building

By W. B. Powell, Secretary Tampa Board of Trade

Cuyahoga County, Ohio, of which Cleveland is the metropolis, is gridironed with a network of brick roads, and they have not cost the county one cent.

This is a broad statement, but it is gospel truth, and I hereby append some figures to prove that Hillsborough county can have brick roads the full length of the county east and west, north and south, and many miles of laterals, the initial cost to be paid by the county, but the county to be reimbursed by increased valuation of the property of the city and of the rural real estate.

Ten years ago the value of the rural real estate of Cuyahoga county was \$29,000,000. Since that time \$7,000,000 has been expended in the county for rural brick highways. Today the valuation of the rural real estate is \$101,000,000. With this valuation of rural real estate and with the low tax rate of that county, 1.34, the county is able to build fifty-five miles additional miles of brick roadway each year, and brick roadway in the north costs nearly three times to build what it does in this state, as they have to have a thick grout to withstand freezes.

Increased land values have raised the county revenue far beyond the cost of the roads—not only has good roads increased rural valuations but done much to make Cleveland a bigger city, and the city of Cleveland and the county together has seen its valuations increase in ten years from \$171,573,440 to \$405,519,960.

The county commissioners in a filing of their work says: "There is no economy in cheap roads. We are building vitrified brick roads now that will last fifty to one hundred years. The best motor traffic. The roads we build cost \$20,000 a mile."

In Florida it costs approximately \$500 a mile per foot width. A nine foot road would cost \$4,500 a mile. And I am in favor of a nine foot brick road, with 2x4 wood curbing, and outside of this road tamped three-foot clay, or shell and plant Bermuda grass—this would make a 15 foot roadway for turnouts—and in the country, say two or three miles removed from large cities, you would not find two autos or teams turn out in exactly the same spot, and the side roadways could not suffer from traffic. I saw a piece of road built under these specifications at Sanford, on Celery avenue, a county roadway traveled as much as Nebraska avenue. It was laid four years ago, and the side clay strip covered with Bermuda grass is as solid as cement and shows no sign of wear from the turn-outs.

In Cuyahoga County, Ohio, they pave one side of the road with brick and the other side is just graded, so that teams can use the clay roads in dry seasons.

They claim in Cleveland that the roads are responsible for the low cost of living—that truck farmers come to Cleveland for twenty to thirty miles with more ease than formerly four or five miles thus increasing the scope of their truck gardens available to the city's markets. Also, rural life has become popular in Cleveland with Cleveland people. The country people come to the city for a night's amusement, or a base ball game and the city people are taking to country homes and backyard farming.

This year they will build 110 additional miles of brick roads in that county, making a total of 1,100 miles of brick paving in the county exclusive of the city.

Build Church Addition.

The officers of the Presbyterian church at a meeting last Sunday night decided to build an addition to the church. This was imperative on account of the constantly increasing attendance and the large Sunday school.

Mrs. Bruton's Millinery Opening.

Mrs. J. H. Bruton has just returned from Atlanta where she inspected the large stock of the foreign representatives having headquarters in Atlanta.

that has ever been displayed in the city. Mrs. Bruton will be anxious to her many patrons that the annual spring opening will take place on March 12th and 13th, at the new quarters in the Clark block next to the postoffice. The ready-to-wear hats are now open to inspection and can be seen at the millinery parlors. Remember the day of opening, and be ready to come early before the best creations are sold.

RETAIL HARDWARE MEN

Will Take Journey over State of Florida

SANFORD IN THE ITINERARY

Commercial Club and Citizens Generally Will Combine to Entertain Visitors.

The National Retail Hardware Dealers Association will hold their annual convention at Jacksonville, March 19-21. There will probably be present 500 representative business men from all over the United States. Many of them will be accompanied by their wives and daughters. The New England delegation of 135 will arrive in Sanford on the steamer DeBary Mar. 22nd. They will have two hours to spend in Sanford, returning on the same steamer. Another party will arrive at the union station at 8 a. m. and remain two hours. They will then proceed to Lakeland and Tampa. The opportunity to entertain these visitors by an automobile or carriage drive about Sanford and to present them with some souvenirs of their visit that they can take to their homes should not be missed.

A letter from W. K. Jackson, secretary of the Florida Retail Hardware Association to Geo. H. Fernald of this city gives the following information regarding the visit to Florida of the retail hardware dealers of the United States.

National Secretary M. L. Carey, Argos, Ind. and W. K. Jackson of Lakeland, Fla., secretary of the Florida Retail Hardware Association, together with Stanton, Curtis of Chicago, North Carolina, and others, are working out the arrangements for the trip to the national convention to be held in Jacksonville, Fla. next month.

As already announced a special train will leave Chicago Saturday, March 15 at noon, arriving at Jacksonville Monday morning. The only stop of any duration will be at Chattanooga, where the party will spend Sunday.

From Jacksonville an interesting side trip is being arranged. As far as outlined it will be as follows: Leaving Jacksonville at 3:30 a. m. on Saturday, Mar. 22, arriving at Sanford at 7:30 a. m., where coffee will be served and an automobile ride provided. Leaving at 9 a. m. the party will arrive at Winter Park at 10 o'clock, where breakfast will be served, and an automobile ride will be taken through the orange groves to Orlando, where the train will be waiting.

Fletcher Is Honored.

Hon. Duncan C. Fletcher, president of the southern commercial congress, although in the senate only since March 4, 1909, has been assigned to and holds membership on some of the most important committees of the greatest deliberative body in the world.

Shortly after the death of the late Senator Rayner, he was selected to take Senator Rayner's place on the judiciary committee, which stands at the head of the first five most important committees of the body. This committee includes the ablest lawyers in either senate or house, and is an assignment that comes to a senator only after he has shown himself worthy of it in every respect.

This assignment gives Senator Fletcher place on ten committees, as follows: commerce, which is to the senate what the rivers and harbors committee is to the house; judiciary; fisheries; five civilized tribes of Indian; Pacific islands and Porto Rico; Philippines; printing; privileges and elections, of which he will probably be chairman after March 4, 1913; and public health and national quarantine; also that of the joint committee on printing, which acts as a board of directors for the government printing office. Ocala Banner.

The Board of Health of St. Augustine

will hold a very shortly a house to house canvass to ascertain the sanitary condition of the houses in that city.

The Tallahassee True-Democrat invites those residents who are dissatisfied with that town to move out and make room for the large number of people anxious to occupy these residences of these dissatisfied people.

FOR NINE BROTHERS

Monument Erected to the Memory of Confederate Soldiers

The following will be of interest to the Tolar family in this city:

There has just been erected in old Cross Creek Cemetery, this city, a monument that is unique in that it commemorates the deeds of nine brothers who served as Confederate soldiers, all of them volunteering in 1861. In addition, it has been reared by a son of one of these heroes, who himself at the tender age of 15 years perished unenlisted (on account of his youth) during the last year of that memorable struggle.

This monument stands near the one reared to the memory of the Confederate heroes by the women of Fayetteville.

On the front side of the monument this is inscribed:

"In memory of nine Tolar brothers sons of Robert and Frances Tolar, all born in Cumberland county, North Carolina. All volunteered in 1861. They gave their best service to their country as Confederate soldiers."

On the three other sides of the shaft are the names of the nine heroes, as follows:

"William J., Captain Co. B, 10th S. C. Volunteers. Seriously wounded leading a charge, battle of Atlanta, Ga., July 22, 1864.

"John H., 1st Lieutenant Co. H., Orr's Rifle Regiment S. V. C. Killed in battle of the Wilderness, May 5, 1864.

"Robert M., private Munn's Artillery, 10th N. C. V. Captured at surrender of Fort Fisher, N. C.

"Matthew A., Sergeant Cumming's Battery N. C. V.

"Thomas B., Sergeant Co. B, 10th S. C. V. Wounded, battle of Murfreesboro, Tenn., Dec. 13, 1862. Died in hospital, Aug. 5, 1863.

"Samuel B., private Co. K, 16th N. C. V. Wounded Hanover, Va., May 27, 1862. Disabled for later service.

Who Paid for the Big Barbecue?

Editor Sanford Herald.

The citizens of Oviedo have kept silent too long amid the storm of ridicule and discourtesies poured against them in windy newspaper articles. They have been accused of allowing Orlando office seekers to pay for their entertainment. They have been accused of being artful dodgers of their just taxes. They have been held up before the public as being objects of pity and ridicule, and we take this opportunity of exonerating them before the citizens of Orange county.

The barbecue at Oviedo was conceived, planned and paid for by the citizens of Oviedo. Not one cent has been received from Orlando or west Orange, and they naturally feel that they are being badly misrepresented by writers wholly ignorant of the facts.

They are not pampered sons of Orlando, neither do they feed their friends and guests on "rare hog" furnished by county officers.

They are friends of Orlando as they are friends of the whole county, and all citizens of Orange county were invited to the barbecue, without discrimination.

The citizens of Oviedo have the reputation of being enlightened, independent, self-adjusting, just and cheerful taxpayers.

They have sufficient intelligence to plan their own barbecues, are financially able to pay their own bills, and ask alms of no one.

They may differ somewhat concerning county division, but they stand unanimously and unalterably opposed to any adverse criticism of Oviedo, and the honor, integrity and hospitality of her citizens.

Respectfully,

W. B. POWELL

Will Play Pipe Organ

musical course on the pipe organ at Stetson University and has taken charge of the pipe organ of the Congregational church of this city and will be the regular organist. Miss Lovell is an accomplished musician and her many friends will be delighted to learn of her additional laurels.

HARBOR BILL WILL PASS

Florida Senators Hopeful Over The Result

ST. JOHNS RIVER GETS SLICE

Other Items Floating Around Florida That may or may not Interest You

The following telegram regarding the river and harbor bill has been received here: "The river and harbor bill, which was agreed upon by the conferees on the part of the house and senate, has gone to the President for his signature. House members believe that there is grave danger of his veto being applied, but on the senate side of the capitol there is much optimism. Among the senate members who have been most hopeful all along of the bill's passage is Senator D. U. Fletcher of Florida. He added a number of important amendments to it and has been watching it closely. He said: 'I believe the bill will be signed. A number of big senate amendments, including the Connecticut river dam, have been eliminated, and I see no reason why it should not now become a law.'"

It is reported that considerable acreage will be planted to short staple cotton in Alachua county this year. The cultivation of Sea Island Cotton has not proven profitable for several years, and the acreage planted to the long staple variety is not likely to be as large as usual. Notwithstanding the very short crop last year the price has been far below that at which it can be raised profitably, and farmers generally devote a larger acreage to crops of a general nature in the way of grain, hay, etc., a specially large crop of potatoes of the Guinness Sun.

The midwinter chautauqua opens Sunday at Orlando and the program announced for the week is most attractive. Many excellent speakers will be heard and several entertainments, musical and otherwise will be held. The chautauqua is free to all and is certain to prove an attraction in Orlando to the hundreds of visitors as well as the home folks.

Judge John M. Cheney of Orlando, closing the term of United States Court Saturday afternoon, bade farewell to the federal bench at Tampa. The judge has filled the position but six months, being appointed when Judge J. W. Locke of Jacksonville retired, being elevated from the position of prosecuting attorney. Judge Cheney was duly appointed by President Taft, but with many other appointments before the Senate it has been withheld from approval by that body and the judge's term of continuing on the bench will end when Woodrow Wilson takes oath of office today.

Ocala has grown so much in the past few years and the people who are now on the outside of the city limits being anxious it appears to come in, there is a strong movement for extending the city boundaries. City council and citizens generally are discussing the matter and it is likely that the next legislature will be asked to allow the extension desired.

The acceptance by the city council of the splendid new double tank chemical auto fire engine is another long stride forward in Palatka's progress. A number of tryouts have been made with satisfactory results and now that the city's fire fighting equipment has been increased and improved the lowering of fire insurance rates will be a consequence follow.

Tampa will have an exhibit at the Conference for Education in the South, which is to be held in Richmond, Va., beginning April 16. The Board of Trade has been asked to take up the matter and will do so at its meeting Wednesday.

Forty-nine thousand seven hundred and ninety-two quarts of strawberries were shipped from Plant City last week. The Plant City Courier says: "407,864 quarts of berries have left Plant City in the past eleven weeks and these have netted the growers \$68,012.60. The season will not last much longer; three weeks will probably see the end of the berry season."
