MICKEY WALKER DEFEATS LOMSKI IN 10-ROUND GO

Moves One Step Nearer To Middleweight Championship Title

DETROIT, Feb. 13.—(AP)—Mickey Walker is one step nearer his third title today by virtue of decisive victory over Leo Lomski in a 10-round bout in Olympia arena here last night.

Walker, world's middleweight champion, who formerly wore the welterweight crown, demonstrated that a disadvantage of nine pounds or more means little to him in his invasion of the light heavyweight field.

Lomski was little more than a punching bag for the toy bulldog throughout the fight, which robbed him of his record of never having been defeated twice by the same man.

After holding Walker one round, the third, Lomski saw his rival gradually pile up a lead that made the bout lop-sided in favor of Walker after he passed the half-way stage. He could not meet Walker to the punch and was a slobbily center and very distressed fighter when the final-gang ended the hostilities.

The fight that flopped Tommy Lanehan was only a threat against Walker while his left did not carry the sting that Walker's did. As a result, he was subjected to a beating in most of the exchanges.

Walker conceded nine and three-quarters rounds to the light heavyweight challenger, sealing 103-102 to 173-174 for Lomski.

The match drew a record-breaking crowd for Olympia, attracting in excess of 17,000 with receipts around \$50,000. The box arena was jammed to standing room capacity.

Walker fought a typical Walker fight. He took the best that Lomski had in the opening round and then set about his task of reducing the once feared Alvin Assasin to just an ordinary target. Walker concentrated on a long over-handing left that seldom missed its mark and when the opening came crashed over and cut across to the chin. As early as the third round Lomski was turning his body away from these punches to the collect a but he could not evade all of them.

Sanford High School Beats Winter Park By Score Of 19-17

Before the largest crowd of the season the Seminoles High School basketball team defeated the highly touted Winter Park quintet to the tune of 19-17 in what was one of the fastest and most spectacular games yet to be seen on the local high school court last night.

At the sound of the whistle, both teams sprang into action. Sanford apparently was aiming to show the visitors that they could not only play fast but they could play smart. The game was a close affair in Winter Park but week by the same team, and the strangers evidently determined to make it two in a row.

By virtue of last night's win the Sanford team is rated as the Winter Park team has already defeated some of the section's strongest contenders for the championship. Coach Morris is highly pleased with the work displayed by his players last night, and this morning said that only "an unknown calamity could keep his boys from going to the district meet in Leesburg."

Pender, Sanford's steady and brilliant center, played his usual style of superior basketball. Throughout the game he is said to have kept the visitors on their toes. "Daddy's Lake," a new addition to the team this year, showed that "he's to do it" last night by shooting three long field goals in the first quarter. Robson's long shot from the center of the court may be classed as the "most brilliant moment" of the contest.

Sanford's two point lead at the end of the game spelled, exactly what the spectators held for their spectators. During the entire game Sanford was never a certainty until the final whistle. Winter Park was leading at the end of the first quarter by 13 but immediately at the beginning of the second frame the Sanford team found the lead and never fell behind during the rest of the game.

This was a list of prominent persons whom the D. A. R. considered untrustworthy in their feelings of sympathy for national and social questions.

At the close of her letter, Barber takes a parting shot at the D. A. R. as a "treacherous traitor."

"My withdrawal from membership will either change my capacity, my love and loyalty to my country, or my interest in all that is best in our past history and a present and future possibility for national and international welfare."
