Combined Support For Waterwa y Projects!

Strengthered and supported by the march of events, the progress of the proposed St. Johns-Indian River canal depends now, more than ever, on the estected and unflagging interest of the people.

This needs to be shown in at least two ways.

First, there should be an up-dated understanding of where this proposed canal begins and ends and the route it will take.

Second only to this is the urgency for those who are in a position to boost the acceptance of the new design and then see that it is not snagged in red tape

who would procrestinate. This canal has a fairly long history of proposals, discussion and debate.

The canal, as now proposed for alignment, would begin in Sanford on Lake Monroe, head east avoiding the areas where the sportsmen's opposition for the original course was based on possible disruption of the

nationally known shad fishing waters, ending after an Palatka. The cross-Florida canal which will go from almost direct course in the upper waters of Indian the gulf to the ocean is the key to unlock the bars

This alignment now has the approval of the four counties most affected—Seminole, Volusia, Orange and Brevard. Thus it goes to the Army's Corps of Engineers for approval and then to the federal Housing and Urban Development's Atlanta Offica. In its own right this canal has logic and reason to urge its speedy acceptance and construction. But recent events have put it in a position where it beomes a vital factor in opening the waterways of the

state, indeed the nation, for an expansion. The formalities which took place at the St. Johns lock of the Cross-Florida Barge Canal, as this first link in the canal became operative, bore eyeball witness to the progress of this canal in its long delayed

But the St. Johns-Indian River Canal construc-The lock itself is about eight miles southwest of

The Port of Sanford terminal thus assumes an even larger role in the development of our inland port which would be of inestimable value to the entire Cennational avenue for transportation.

It is also of special interest to the St. Johns River tral Florida area.

Already the officials charged with getting the port in business are pushing for speed, acting to take care of needed commitments—such as the approval for a railroad spur to add the link of rail transportation to a complete network of facilities to handle a

large volume of bulk transport.

Thus it appears obligatory, for all those who can, to stop blockage of any sort to the complete picturedue to the fact that the channel, dredged from Jack-sonville to Sanford, ends in Sanford. It is, like a one-a cross-Florida—barge canal; a port of Sanford with a like a one-all needed facilities and the St. Johns-Indian River

tion would end all this and permit barge transporta-tion through Sanford and on to the Indian River and All hands to battle stations! On with the canal!

"This One'll Be Hard Quality-Quantity

Frequently, socialist or communist countries are held up as examples for the U. S. to emulate in the medical care field on the grounds that they are far ahead of us in quantity medical service—medical care is free to all. Ignored is the fact that a superior medical system is con-cerned with more than quantity. The medical profession in this country, as a whole, is working hard to stimulate expansion of medical training and allied facilities, while at the same time striving to keep abreast of the broad social and economic problems in which medicine has become involved. In short, its goal is both quant-

ity and quality.

A group of 20 Kansas physicians have visited several Iron Curtain countries as members of a People-to-People Tour. In the course of their travels, they saw only too clearly the price peo-ple must pay where the sole goal of state medicine is quantitive free care. As one physician pointed out, "On paper their system sounds ex-cellent: free medical care for everyone, total care available in all parts of the country with outpatient clinics in every district. . . . We visited some of these clinics and . . . found . . . not a single piece of modern specialty equipment."
In Russia, the doctors found medical care was approximately 25 years behind the United States in quality offered to the average individ-

ual. Again quoting one of the doctors: "We were informed by one of the men in one of our embassies that the quality of care available to the average citizen was indeed deplorable and many citizens suffered in silence rather than subject themselves to the quality of treatment offered. Yes, there is more to good medical care than quantity. In terms of quality, as well as quantity, the U. S. medical system has no superior. The American medical profession is striving to

keep it that way.

To Be /

SAN DIEGO, Calif. (AP) - State Comptroller Fred O few are so persistent.

"I never dreamed of any other life," says Herring, now 28. Says Saigon

cafe until his 17th birthday ar-

rived and he could enlist.

His determination started to get a real test. On a Marine obstacle course Herring broke his knee and was sent home with a medical discharge. He paid for corrective surgery, then flooded the Corps with letters asking for a medical waiver to get back in.

The Marines said yes, on condition Herring pass its physical requirements. In June he re-enlisted. He broke his arm July 7. On July 28, the day the cast came off, he was washed out of boot camp again, a victim of meningitis.

The South Vietnamese delegation "has gone far enough" and "cannot diverge from the formula of a two-sided conference," delegation officials said. Saigon's view on the procedural dispute holding up the peace parley was conveyed again to the Americans Monday night at a dinner session of the top allied negotiators: U.S. Ambassador W. Averell Harriman and his deputy, Cyrus R. Vance: South Vietnam's Vice President Nguyen Cao Ky and Ambassador Pham Dang Lam. Earlier Monday Ky issued a sharp denial of U.S. Defense rived and he could enlist.

After three weeks in a hospital, he was back beginning boot count the fourth time. "The training is getting easier over the years—a little too easy.

I think "says Herring" much to blame for the continuing delay in the start of the conference. He said ever since

Whenever you're up over the 225 mark, it doesn't matter

shether you're a lucky beginner or a seasoned local pro . . that's mighty fine bowing. And we had a couple of those, too First one which peps into my mind is Woody Wilson and tte Wednesday evening Dekle's Classic League, Woodrow clobbered au opening 235, followed by an even deuce and finished with a 185 for a respectable 621 series. These scores just weren't high enou; h, though, as the Holiday Inn trio picked two of the three points, thanks to Jr. Lewis' 242-191 and

Alex Serraes' 201, 202 152. Also making it iato the charmed circle from this same league were Phil Benii (203) and E. G. Higginbotham's (202) of the Jeno's Pizza team and Jerry Mikola's 200. (Gee, that second game of yours was a beaut, too, Mikola.)

Looking at the eff Nooner's efforts . . . Hazel Baker 159 and Martha Marine 157 of Corrine's Beauty Salon tried in vain to offset Darkis Owens (Women of the Moose) who had a 207, 191-550. Still bowling well is the Stenstrom Realty foursome -Carolyn Salee 165, Mary Elmore 167, Kathy Gray 170 and Libbie Whitehead 169.

PURELY PERSONAL . . . I do want you to know that Jane and I enjoy all those cards (sorta sounds like a Dean Martin joke, ch?) . . . and we'll be thinking of you over the holidays. I do hope that the joily old fellow with the long, white beard brings you all you're looking for and especially that first

200 sanctioned game, too. Continuing with cur league review, on Monday from the DeBary Social League it was Fairbanks of the Rexall team with a 212-540 and giving him a helping hand was Seligman with a 212-561. Talking as we were earlier of those really. really big ones, we had A. Cambria of the Naval Electronic shooting a 232-563, while an even higher game of 245 was bowl-, ed by A. Rice of the Davis Builders team. Rice finished with a 594 series. Steve 'atoe kept up the respect for the First National Bank team as he rolled a 211 and garnered a split for his team, two wins and two losses.

On Thursday moining, the Shooting Stars didn't quite make it up to a 200, but there were a few who made a stab at the honor. Take June Gassman of the Gassman Studio team. who had a 176 or Ellie (B. E. Link Construction) with her 167 and teammate A. Travis' 154. Eloise Serokowsky bowling for Pryor's State Farm Insurance had the high for her team, a 181, three more pins than Ann Mahoney's 178. Jimi Gold's 182 pared the J. C. Penney Mixed League this

week. And here again it just wasn't enough as their team dropped three points to the Sports, paced by Jim Pochordo's 167-487. Bob Gilbo elipped a 152 for the Laddies foursome in leading them to a clean sweep over the Pencos, even though Tom Sandage rolled a 160 for the losers.

The enjoyment out of helping someone improve their night of league competition and doing real well. Thinking of Bob Garner (Publix Markets) and his 212, 204-584, which turned out to be the highest series rolled that night for the Unprofessionals League. Bill Phillips paced the Cain Farms group with his 210-556.

Maddox of the Ted Williams Hardware team had a close shot on the clusive 200 game as he finished four pins shy at 196. His team took three points from their opponents, Rinker

... Another kegler taking aim at the two-double-o area was Mel Queen of the Payton Realty team with his 193-526 com-

Buddy Boyles had himself a good night for the Harcar Aluminum Mixed League last Tuesday as he polished off a 196- stung the Lyman Greyhounds quarters the Greyhounds held seen."

down the lanes from a fotball center's position?) Ah, it was all designed for fun . . . which is the name of

Another way of enjoying it is to come out for the regular Saturday evening feature of Moonlight Bowling. Here the overnead lights are 'urned off and all differt kinds of colored pins are put into the racks . . . and depending on the right combination coming or for you, it could be worth some loot. Take co long to explain, so why don't you get the neighborhood

the game and probab'y the one great ingredient which makes

Shown making the presentations are Lucky Payne (left) League Treasurer, Captain Jack W. Owens— Seminole County Commander accepting the check-and Barbara Kelley, President of the League.

Strufoli With Honey For Dessert

By CECILY BROWNSTONE Associated Press Food Editor I have been trying to find a recipe for a dessert that is an Italian Christmas treat. It's called Strufoli with honey. Can you help mo?-HOLIDAY DEAR HOLIDAY CHEER:

Here's the recipe, I under stand that Americans of Sicilian background are particularly fond of this dessert and like to keep it on hand during the Christmas holiday so that visi-tors can break off a piece for munching. Be sure to have a pile of paper napkins beside the Strufoli because the honey cont-ing is delicious but sticky. When ing is delicious but sticky, when we tested the recipe we had so many willing tasters that we managed to keep our Strufoli with honey only overnight. You may be interested to know that the nuggets of dough stayed crisp but the coating got a little attacker on the second little stickler on the second day-C. B.

STRUFOLI WITH HONEY 1% cups unsifted flour 14 teaspoon salt 3 large eggs teaspoon vanilla 2 cups peanut oil

14 cup sugar Colored sprinkles In a medium mixing bowl sti unbeaten eggs and vanilla; stir to blend into a soft dough. Cut off about one sixth of the dough and place on a prepared pastry cloth. With your palms, work it into a long roll about 14inch in diameter. Cut the rol crosswise into 15-inch pieces Repeat process with remaining In a deep saucepan (at least

one quart) heat the peanut oil to 375 degrees. Without crowding. add small batches of the dough and stir constantly with a wooden spoon so that the Strufoli brown lightly and evenly-a few minutes for each batch. Remove with a perforated spoon drain; on several thicknesses of paper toweling. Cool.

Chhose a saucepan or saucepot roomy enough to hold all the fried Strufoli at one time. Turn the sugar and honey into it. Over low heat stir until augar is dissolved. Add the Strufoli and stir until all are well coated. Remove to a serving dish and shape into a mound. Sprinkle with colored sprinkies. In serving, use two forks to separate into pieces. Makes 8 to

Note: You may use a basket, if you like, in frying the Strufoli. In this case shake the basket often and stir the Strufoli often, too, with a wooden spoon.

By CECIL BRWNSTONE AP Foud Editor CHRISTMAS DINNER Along with regular cranberry jelly, you may want to serve this different cranberry sauce.
Roast Turkey Chestnut Stuffing
Emma Law's Cranberry Sauce
Potatoes Onions and Peas Celery, Radishes, Olives Pumpkin Pie Plum Pudding EMMA LAW'S CRANBERRY

6 tablespoons frozen orange cor centrate, right from the can 1 cup dry white wine pound fresh cranberies

Use a four to five quart saucepot because cranberries foam. Into it turn the sugar, orange concentrate and wine. Add cranberries. Boil rapidly, uncovered, until berries pop open-7 to 10 minutes. Chill. Makes about one quart.

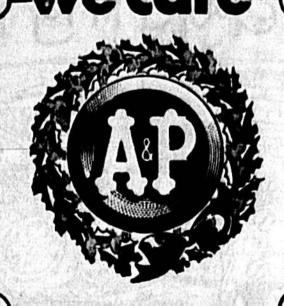

CHILDREN'S PARTY Marshmallows are covered with caramel and peanuts, Egg Salad Sandwiches Carrot Sticks Celery Curls Peanut Caramel Puffs
PEANUT CARAMEL PUFFS 2 packages (each 14 ounces) caramels 4 cup water

package (10 ounces) marsh-

4 cups chopped salted Spanish pennuts (about 1 pound) Melt caramels and water over low heat, stirring occasionally, until smooth. Using a fork, dip marshmallows into carame syrup, coating them completely. paper and let dry at room temnture. If caramel thickens, il I teaspoon holling water stir until amooth. Makes 50

Sulphur is mentioned in early records of many countries. The Romans used it in medicine as yell as warfare.
