

PROPOSED TREATY DRAFT QUADRUPLE ENTENTE IS LAID BEFORE CONFERENCE

Will Supplant Anglo-Japanese Alliance and Pave the Way FOR ACCEPTANCE

OF AMERICAN PROPOSALS FOR NAVAL REDUCTION AND ALL AGREEMENTS

(By The Associated Press) WASHINGTON, Dec. 10.—Anglo-Japanese alliance, long regarded with apprehension by the American people, passed into history today when the spokesmen of both nations at the arms conference accepted in its stead the new four power agreement for preservation of peace in Pacific to which the United States and France became parties.

WASHINGTON, Dec. 10.—The draft of the proposed treaty between the United States, Great Britain, Japan, and France, which is to supplant the Anglo-Japanese alliance and pave the way for the acceptance of the American proposals for naval reduction was formally laid before the arms conference today by Senator Lodge. It's a ten-year agreement in which four nations bind themselves to respect their existing rights in insular possessions and dominions in the Pacific and in case of disputes which cannot be settled by diplomacy agree to a joint conference among themselves, any one of the parties may withdraw on twelve months notice, after the expiration of ten years. Treaty requires confirmation by senate. The treaty had not been signed formally but had been initialed by representatives of four powers.

POLITICS AND THE BIBLE

ST. PETERSBURG, Dec. 10.—Carl Henkle, of Brattleboro, Vermont, who recently came here for the winter, is better off by \$10 because of the candidacy of Frank Pulver, hotel proprietor, for mayor of St. Petersburg. Mr. Pulver last Sunday published in a local newspaper a campaign advertisement entitled "Religion is Business" in which he declared that many had profited by reading certain Psalms. Mr. Henkle said he had neglected the advantages to be derived from a study of the Good Book, but always had carried with him as a treasured memento, a Bible presented to him by his mother many years ago. It was this Bible he drew from his grip to see if the references in Pulver's advertisement were appropriate, when to his surprise, on turning to the thirty seventh Psalm, he found a neatly folded ten dollar bill.

HOPE CONTINUES FOR SETTLEMENT IRISH QUESTION

LONDON, Dec. 10.—After the first surprise occasioned by Eamon De Valera's repudiation of the proposition for creating the Irish Free State, officials in both London and Dublin were occupied today mainly in canvassing the prospects for ratification of the Anglo-Irish treaty when it comes before the meeting of the Dail Eireann next Wednesday. The balance of opposition in both cities appeared to be that Arthur Griffith, as sponsor of the treaty, will obtain an effective majority, although it was admitted here that Mr. DeValera possesses a strong following and that the voting, therefore, may possibly be very close. If Mr. DeValera should be defeated in his fight against ratification it is thought here that he may resign his position as head of the Sinn Fein.

CONGRESS WORK IS DISCUSSED BY TRAMMELL

IN THE NEW SESSION FLORIDA SENATOR HAS MUCH FOR FLORIDA

(By W. M. Kennedy) WASHINGTON, Dec. 10.—In discussing the work awaiting the session of congress which convened on Monday last, Senator Park Trammell today made the following statement: "The Congressional mill grinds slow but I propose to urge with all my energy and ability, favorable action upon several measures I now have pending in the senate and I have hopes of success with several of them. "Beginning shortly after I entered the senate. I have been endeavoring to have a bill passed that would extend to the Drainage projects in Florida federal aid the same as the government aids the irrigation projects of the west. I now have a bill on this subject pending before the committee and I was very much gratified on Tuesday when the president recommended federal assistance for the reclamation of the swamp and overflowed lands of the South."

"Florida has never received from the United States as liberal donation of lands for school purposes as was given to other public land states. In justice we are entitled to a further grant from the United States. I have pending a bill providing for a donation to the state of Florida for the benefit of the state school fund of approximately one hundred thousand acres of government land.

Some months ago I introduced in the senate a bill providing that railroads should pay claims for lost and damaged freight and overcharges within sixty days from presentation of claim and providing a penalty for failure to make such prompt settlement, legislation along this line is needed and will be urged by me."

"In my opinion the law should never have been enacted allowing the railroads to fix rates that would give them a guaranteed earning of 5-12 per cent with an option of six per cent. This is wrong in policy and it was known at the time the law was enacted that its purpose was to bring about a raise in rates. The Florida freight rates were increased about 67 per cent. These excess rates have worked great detriment to all farm, grove and commercial industries in my state. I shall push my bill to repeal this guarantee income feature of the present railroad law and thereby hope to accomplish further reduction in freight rates.

"The state of Florida has established an experimental farm in the Florida Everglades. This is in line with what I have advocated for years. The federal government should assist in financing this enterprise and I shall endeavor to have congress make an annual appropriation of \$10,000 for such purpose."

RATTLESNAKE THROWS POISON IN THE EYES

MOUNT DORA, Dec. 10.—A convict of the Orange county camp near Lake Oka has been seriously ill as a result of receiving in the eyes a charge of rattlesnake poison which an enraged reptile hurled at him last week. Another convict captured the snake and placed it in a cage. The man who was injured was teasing the wire front of the cage when the snake reptile and had his face ear the screen struck at him, the rattler hitting the wire so hard that the poison from its fangs dashed into the eyes of its tormentor. Fenn, who was called to treat the man found, that the poison had affected his eyes and throat and although he was seriously ill he is expected to recover. The snake, which had nine rattles was chloroformed and preserved in alcohol.

LAKELAND IS RATIFIED IN SELECTION FOR COLLEGE BY THE METHODIST CONFERENCE

Action of Board of Trustees Was Endorsed at Yesterday's Session

ORLANDO, Dec. 10.—The outstanding feature of the session of the Florida Annual Conference yesterday was the adoption of the report of the trustees of the Southern college in which the action of the board in the re-location of the college at Lakeland was confirmed. This matter was postponed from the day before pending definite information as to the deeds to the property containing the disciplinary trust clause.

A tender message of love to the members of the conference was conveyed in a letter from Rev. W. A. Lowder, a faithful local preacher, who has done efficient supply work for thirty years, and who, because of his age, and feebleness, is prevented from attending the conference. Rev. C. F. Blackburn was requested to make suitable reply to the communication.

The class of the second year was called, and the following were elected to deacon's orders: Karl H. Koestline, Fred B. Langford, Francisco Sanz, Charles Sterling Gardner, Francisco Boan remains in this class and Yeon Picone of this class, is an elder. E. M. Stanley, Jr., of this class has

been transferred to the St. Louis conference.

The following local preachers were elected to deacon's orders and will be ordained in the class of deacons Sunday: Charles William Dudley, Jacksonville district; Jas. Sward Lois and James Edward Skipper, Ocala district; John Penleton Gaines, Orlando district; Francisco Boan, Latin district. The class to be admitted into full connection will be addressed by the bishop Saturday morning.

The class of the fourth year was called, and James LeGrande Hunter was elected to elder's orders. J. L. Hourn, D. Carrera, R. A. Guy, R. L. Sumner and W. O. Bencher remain in this class, not having passed the required examination.

The orders of A. D. Buck were recognized, he coming to this conference from the M. E. church.

The following were admitted on trial: George Morris Glazier and Robert Claude Moore of the Bartow district; Marvin L. Smith, Jacksonville district; Robert T. Caldwell and Jesse Lee Criswell, Orlando district; Thos. Wright Carlton and Marshal Elijah Thompson, Tampa District.

Steele High School and Duval High Will Battle Today

At Jacksonville and Have Insured the Game Against Rain

(By The Associated Press) JACKSONVILLE, Dec. 10.—The Steele High school, Dayton, Ohio, and the Duval High met here today in the inter-sectional football clash. It rained heavily most of the night and until 10 o'clock this morning but decided to play game on account of rain insurance. The game was insured against rain for five thousand dollars. Under insurance policy if the teams play the insurance company will pay them the difference between the gate receipts and five thousand dollars. The game is in Southside Park and the field is partly sod and partly clay. It is expected the gridironers will battle in a sea of mud.

Negro Strike Leader Says Can't Control Strike and Resigns

Federal and State Officers Trying to Settle Packing Strike

(By The Associated Press) CHICAGO, Dec. 10.—Federal and state officials are working today in an effort to settle the strike of the packing house workers, which has caused a week of riot and disorder in livestock centers while Chicago packers announced they were operating at nearly normal and union leaders endeavoring to extend strike by appeal for sympathetic walkout by other trades in the stockyards. Reports that 8,000 imported workers had been brought into Chicago yards were denied by the packers. G. W. Reed, negro leader of strikers in Kansas City, announced he would resign today, saying he was no longer able to keep the strikers there under control.

FOUR POLICEMEN KILLED STIRRED UP TODAY SAILORS AT MANAGUA

(By The Associated Press) MANAGUA, Nicaragua, Dec. 10.—Four policemen were killed, one wounded, while breaking up street fight here last night between several American Marines and party of civilians. Two Marines wounded. Marines were off duty at time.

NOBLE PEACE PRIZE HAS BEEN DIVIDED SWEDEN AND NORWAY

FOURTH PLENARY SESSION ARMS CONFERENCE OPENS WITH HUGHES' STATEMENT

SLAUGHTER SHOT IN BACK BY CONVICT

WHO ESCAPED WITH HIM AND SAID HE MEANT TO KILL HIM ALL THE TIME

(By The Associated Press) LITTLE ROCK, Dec. 10.—A posse started at daylight today on the trail of the seven convicts who escaped from the penitentiary here yesterday to search the hills for Tom Slaughter. Slaughter, a noted bandit, with a record of nearly a score of breaks for freedom from Southwestern jails and prisons, was shot to death in the Saline county hills by one of the convicts he liberated, according to the story told to Sheriff Crowe by the man who said he shot him, J. C. Howard, who surrendered with four others of the six who accepted Slaughter's offer of freedom. He told officials he shot Slaughter in the back and had intended to shoot him from the moment the party left the prison. The note Howard says he left in the prison, bearing the same statement, could not be found early today.

PRESBYTERIAN CHURCH

New members continue to be received into the Church each Sabbath. The session meets at the close of each preaching service for the reception of members by letter and on profession of faith. The services Sunday will be as follows: Sunday School 9:45 A. M. Preaching 11:00 A. M. Junior Christian Endeavor 2:30 P. M. Intermediate Christian Endeavor 2:30 P. M. Senior Christian Endeavor 6:30 P. M. Preaching 7:30 P. M.

Two suspicious looking characters were here this morning. They turned out to be Wayne Thomas of the Thomas Advertising Co., of Jacksonville and Walter Neal of the Edward Sterns Co., of St. Augustine. We will vouch for them being anything but bank robbers.

ANOTHER FREE BIBLE LECTURE SUNDAY NIGHT

The International Bible Student's Association has arranged for the delivering of free Bible lectures everywhere next Sunday night, December 11, the same subject as heretofore announced, "Millions Now Living Will Never Die," being used. They claim that this is the "Message of the Hour." Part of the Gospel of night, 7:30 o'clock and as usual seats the Kingdom."

The local Bible students have engaged Mrs. S. T. Buchanan of Jacksonville to deliver the lecture in Sanford, at the Star Theatre, Sunday night, 7:30 o'clock and as usual there will be free and there will be no collection.

The city council has referred the resignation to the Fire Committee along with a resolution expressing appreciation of Chief Brinson's services.

That Most Satisfactory Progress Has Been Made by Committee ON EAST QUESTION

FIRST SUBJECT WAS CHINA AND HUGHES SPOKE AT LENGTH ON QUESTION

(By The Associated Press) WASHINGTON, Dec. 10.—The fourth plenary session of the arms conference opened today with a statement by Secretary Hughes that the most satisfactory progress had been made by the committee of whole on Far Eastern question. The first subject was China and Hughes spoke at length on that question. Reported on resolutions affecting that country and conference adopted them.

HANDSOME HOME IS "POOR MAN'S CLUB"

ST. AUGUSTINE, Dec. 10.—"Blennmore," the handsome home of the late C. F. Hamden, which Mr. Hampden left in his will to be utilized as a "poor man's club," has been leased by the executors of the estate to Mrs. J. Gallely, of Camden, N. J., for use as a ten room and restaurant. The home will not be available as a club for a long time because there is no endowment for its upkeep. The executors state that it was leased.

DR. GEORGE HYMAN, ELECTED TO IMPORTANT POSITION WITH STETSON UNIVERSITY

At the Florida Baptist Convention just held at Miami, there were resolutions adopted looking to the enlargement of Stetson University and a special University committee of thirty seven members was appointed to take charge of the work. The members of this committee are the

representatives of the thirty seven associations of the state.

Dr. George Hyman, pastor of the First Baptist Church of this city was deemed the proper man to be the head of this committee and was so designated. Dr. Hyman has been an active worker in the convention for a number of years and is a strong Stetson University man.

At an early date Dr. Hyman will have conference with Dr. Lincoln Hally, President of Stetson and perfect plans for this enlarged work. The possibilities of the University were clearly seen by the convention and within a year results in a large way are expected.

Some of Dr. Hyman's plans are as follows:

- The Organization of the Stetson Alumni in each county. The tabulation of possible students. The publicity of the Universities Doings.

Many other helpful features. The High School Auditorium should have a Grand Piano so that when an artist visits Sanford a number of his finest program selections will not have to be omitted for lack of a fitting instrument and that all recitals and concerts may have a just advantage musically.

### HARDEE INVITES THE GOVERNORS TO MEET IN FLORIDA

CHARLESTON, S. C. Dec. 8.—After an informal smoker under the auspices of the chamber of commerce here tonight, the governors who for three days have been attending the sessions of the thirteenth annual house of governors, took the train at 10:30 p. m. and will be entertained in the white house by the president and Mrs. Harding. Gov. Nathan Miller of New York stayed over.

The governors declared themselves particularly interested in the smoke screen demonstration by the torpedo boat destroyers Case and Reid off the mouth of the harbor this afternoon, the chief executives being guests on these two naval craft, which belong to the 15th anti-aircraft destroyer squadrons which are wintering here under commands of Rear-Admiral Ashley H. Robertson.

At the final business session which brought adjournment of the thirteenth annual conference of the house of governors, the chief address was delivered by Gov. Henry J. Allen of

Kansas, on "Industries," in which he told of the industrial court of his state. Two invitations were received for the next conference, Gov. Cary A. Hardee of Florida, asking the body to meet at Jacksonville, and Gov. E. F. Morgan of West Virginia, inviting the body to White Sulphur Springs. These and other places will be considered by the executive committee, re-elected today as follows: GGov. William C. Sproull of Pennsylvania; Gov. J. B. A. Robertson, Oklahoma, and Gov. H. J. Allen, Kansas. John G. Townsend, Jr. Shelbysville, Del., treasurer, and W. C. Riley, Madison, Wis., secretary, were also re-elected.

### SUGAR DECLINES

(By The Associated Press) NEW YORK, Dec 9.—Further weakness developed on the low raw sugar market today to the basis of two cents for Cuba's cost and freight or within 1-8c. of the lowest level ever recorded. The decline was due to continued pressure of new crop offerings. Sales of 15,000 bags to a local refiner were reported at that figure.

**FOR MISS HUFF**

The attractive home of Mrs. D. L. Thrasher was the scene of a lovely party yesterday afternoon when Mrs. J. D. Woodruff entertained at a bridge party in honor of Miss Anna Lou Huff, of Atlanta, Ga., the guest of her sister, Mrs. Ben Caswell. The guests included the members of the Bon Ton bridge club. There being four tables of players.

Beautiful in every detail were the decorations used in the various rooms where the card tables were arranged. Poinsettias, holly, Christmas ornaments and garlands lent a festive appearance throughout the spacious home. On the card tables were poinsettia cups filled with candy which was enjoyed during the game.

In the interesting game of bridge played during the afternoon, high score was made by Mrs. Robert Hines who was awarded a hand painted lingerie set. The honoree was presented silk lingerie.

Following the awarding of prizes Mrs. Woodruff served delicious refreshments consisting of Poinsettia salad, nut bread sandwiches, cheese balls, olives and tea.

Invited to meet the charming honoree were Miss Lettie Caldwell, Miss Thelma Fraser, Mrs. Roy Chittenden, Mrs. Howard Smith, Mrs. Dick Brown, Mrs. Don Whitcomb, Miss Esther Miller, Miss Sara Wright, Mrs. Ed. Betts, Mrs. Robert Hines, Mrs. Ben Caswell, Mrs. Joe Chittenden, Miss Norma Herndon, Mrs. C. R. Kirtley and Miss Daphne Wimbish.

**FOR VISITORS**

Among the most delightful of the season's social events, was the bridge party given yesterday afternoon by Mrs. George DeCottes, in honor of Mrs. J. E. Brouse, of Vancouver, B. C., the guest of Mrs. B. W. Herndon, and Mrs. Frank Doar, of Augusta, Ga., the guest of Mrs. T. L. Dumas, there being nine tables of players. The guests included the members of the Fortnightly Bridge Club.

The decorations featuring the color motif of red and green was beautifully carried out with lovely baskets and vases of poinsettias and ferns. The tally cards were also hand-painted with poinsettias.

When scores were counted, Mrs. Harry Lewis made high score among the club members and was awarded an Italian pottery jardenerie, the Club consolation prize, a powder jar, was won by Mrs. Hal Wight. High score among the guests was made by Mrs. P. E. Hazard, who was given an Italian pottery jardenerie and the consolation prize, a powder jar, was awarded to Mrs. B. A. Howard. The honorees were presented framed Old English prints.

At the conclusion of the card game the hostess, assisted by Mrs. Geo. Bishop, served elegant refreshments.

The gracious hospitality of Mrs. DeCottes was reflected in every detail of this lovely party, and the occasion was one of much happiness and enjoyment.

**COLUMBIA CLUB ELECTIONS OFFICERS FOR 1922**

Upon his arrival in Sanford yesterday Robert L. Hunt, the District Manager for the Columbian Mutual Life, found the Sanford Council prepared for him with plans for one of their best meetings to be followed by a social program.

Mr. Hunt is well known in Sanford, coming here in August to organize and install the Sanford Club and with the assistance of the Sanford members this Club has grown to nearly a hundred members. Mr. Hunt gave the retiring officers a big ovation and after the regular order of business and the election of officers for the year, a big spread was laid for all the members at which time many prominent Sanford boys made nice talks.

The officers elected for this coming year are as follows: H. B. Purdon, President; T. M. Bledsoe, Vice-President; C. F. Chapman, secretary; J. D. Dossey, Treasurer; R. M. Grovenstein, Chaplain; F. C. Hancock, Auditor; McAlpine Corusey, Pilot; R. H. Wynn Guardsman; Frank M. Purdon, Pleket.

This coming year under the guidance of the above officers promises

to be a big one for the Sanford Council of the Columbian Mutual Life, as every one of these officers are workers that mean to put things across in big shape and they have to back them up one of the liveliest bunch of members belonging to any club. A membership campaign will be lodged at once and it is of the opinion of all that are on the inside that when these officers retire at the end of their term the Sanford Club will boast of three times as many members as they have now.

This organization has one of the best forms of insurance and to those that are contemplating taking out insurance it will be well for them to get in communication with either Mr. Purdon or Mr. Chapman.

**Haynes Recital at Auditorium Last Night**

The Lawrence Haynes' recital at the High School Auditorium last night was an event in musical circles and all those fortunate enough to attend were well repaid.

The records of Mr. Haynes' triumph would fill many newspapers and the beauty and finish of his voice so well known that added comment would seem superfluous.

Truly he possesses a splendid tenor, a dramatic tenor, of sympathetic quality, of crystalline brilliancy, resonance and purity of tone.

His numbers were rendered with exquisite art.

The greatest thing sought by Mr. Haynes, however, is the interpretative ability, the power to express the meaning of his songs.

His numbers covered all moods, were prefaced with descriptive talks and so visualized in interpretation that even the most musical enjoyed.

One of the features of the recital was the wonderful performance of the accompanist Clemento Mannucci upon whom much of the success of the recital was due.

The program opened with a group of popular and request songs. Other request songs were interpolated thru the songs selections. Of these "The American's Cause" was given and repeated with triumphant success. Added numbers of lighter vein were a delightful group of Italian street songs.

The program selections other than those mentioned included:  
La Procession Franck  
Le Manoir de Rosemonde Duparc  
Chanson Triste Duparc  
Paysage Hahn  
Serenade Bantock  
An Old Song Re-Sung Bantock  
A Dream Greig  
Over the Hills Terry  
Floods of Spring Rachmaninoff

**COMING**

**LOWER FREIGHT RATES CAN BE EXPECTED SOON, SAYS RAILROAD COMMISSION**

**Substantially Lower Rate in Freight and Passenger Service Soon**

WASHINGTON, Dec. 9.—Hope is expressed by the Interstate Commerce Commission in its annual report to congress that "a substantially lower" level of railroad rates and fares will be possible with an improvement in the volume of traffic following the present business depression and "with a further adjustment of operating costs in harmony with prevailing tendencies."

Freight rates, following war time increases and some later readjustments, have not yet reached an equilibrium, the commission says, because the chief factors controlling them, "the value of service and the cost of transportation," still are "in a state of flux."

The commission's report is for the year ended last October 31. It discloses that a total of \$430,000,000 has been ordered paid to the railroads under the government guarantee against losses during the first six months after their return to private ownership and that still is due an estimated \$105,000,000 on this account.

Out of 677 carriers entitled to guarantee payments, the commission says, 547 have filed claims totaling \$418,000,000, but payments of only \$306,000,000 have been held justified by the commission's audit. No statement was made with respect to the difference between the roads' own summary of their losses during the six months and the government's findings. The roads which have not yet filed claims for losses, the report adds, are short lines and the total will be "relatively small."

In its capacity as supervisor of railroad capital issues, the commission issued during the year certificates allowing roads to issue stocks and bonds to a total of \$1,715,000,000 the report says. The commission points out, however, that this total refunding operations, not involving new and increased investment.

Discussing railroad earnings, the commission says the carriers' income and expenses have reflected the unsettled industrial conditions and that despite the reduction of the working forces by half-million men, a lowering of the cost of materials and cuts in employees' pay the net earnings have not yet reached a rate of 6 per cent on the value of the properties determined for the United States as a whole. The 6 per cent net earning is that recognized by congress in the Transportation Act as a fair return on the investment value.

In its recommendations the commission asks congress to reconsider section 28 of the Merchant Marine Act authorizing preferential rail rates on shipments of commodities for export in American bottoms, declaring that the ultimate effect "may be merely to divert traffic from certain ports to others with little or no gain in tonnage for United States vessels." Operation of this section of the law has been suspended by agreement between the Shipping Board and the commission.

Other recommendations of the commission were: Enactment of a law providing for the punishment of any person offering or giving a bribe to employes of a carrier with intent to influence his action or decision with respect to car

service, and providing for the punishment of the guilty employes.

That the use of steel cars in the passenger service be required and that the use in passenger trains of wooden cars between or in front of steel cars be prohibited.

Amendment of the Interstate Commerce Act act so as clearly to provide whether and if so, how voluntary consolidations of carriers may be effected pending ultimate adoption by the commission of a complete plan of consolidation.

**NEW ENGLAND CITY HAS HIGHEST PORTION OF THE ILLITERATES**

WASHINGTON, Dec. 9.—New Bedford, Mass., has the highest percentage of illiteracy among cities of more than 100,000 population, according to census report issued tonight. Spokane, Washington, was listed as having the lowest percentage—0.8. These figures, the bureau announced, were based on returns for all classes and races, the illiteracy in any city being vitally affected by the proportionate number of foreign born and in some cases negroes residing there. The percentage of illiteracy of persons ten years old and over of all classes; native white; foreign born white and negro, included: Atlanta, all classes 6.0; native white 1.2; foreign born white 4.8; negro 17.8.

**GIN 7,640,870 BALES OF COTTON TO DEC. 1**

WASHINGTON, Dec. 9.—Cotton ginned prior to Dec. 1 amounted to 7,640,870 running bales, including 121,859 round bales, counted as half bales; 22,058 bales of American Egyptian, and 2,915 bales of sea island, the census bureau announced today.

**WANTS \$6,000,000 FOR DOUBLING WEST POINT**

WASHINGTON, Dec. 10.—Increase in size of the cadet corps at West Point Military Academy from 1,334 to 2,500, is recommended by Brig.-Gen. Douglas MacArthur, superintendent of the academy, in his annual report to the secretary of war, made public today. The academy at the present time, the report shows,

can train only one third of the officers needed even for a peacetime army of 150,000 men and would fall short, it was said, of providing the nucleus of officer material desired for training civilians in time of emergency.

Expansion of the cadet corps to 2,500 would necessitate new construction, the cost of which, excluding the two proposed memorial buildings and hotel was estimated in the report at \$6,000,000.

**SPRAY CELEERY TO CONTROL BLIGHT**

GAINESVILLE, Dec. 10.—The spraying of celery for control of early blight is an immediate problem with Florida growers according to Dr. O. P. Mr. Russell states that the scope of the publication, which is a weekly, will be broadened and that the publication will be appointed from Jacksonville to Key West.

**BRUNETTES ARE BETTER SWIMMERS**

MIAMI, Dec. 8.—C. M. Davis, swimming instructor at a local casino, who has spent the last 11 years teaching men and women to feel at home in the water, has expressed an opinion that is destined to result in heated arguments among Florida swimmers.

Mr. Davis declares that brunettes swim better than blondes. The brunette, according to Mr. Davis, "is more magnetic or absorbent in learning how to swim. On the other hand the blonde is more taut in the water and does not relax as easily as the opposite type.

These characteristics, he claims, play the big part in learning to swim, the brunette, as a rule displaying more confidence than the blonde.

**TO MAKE WICKER FURNITURE**

LITTLE RIVER, Dec. 8.—A New York concern has leased the large packing house here owned by A. B. James and as soon as the necessary machinery is installed will begin the manufacture of wicker furniture. The work of converting the building into a factory already is underway and machinery has been shipped from the north.

The concern will produce chairs, tables, washstands, lamp stands and wicker electric fixtures in varied and artistic designs. At the outset it will be necessary to ship in most of the wicker material, but it is hoped to encourage the growth of wicker withers in the Lemon City vicinity. This would utilize waste land, and in addition afford the farmers an income the year round.

SOCIETY

MRS. FRED DAIGER, Society Editor, Phone 217-W

If you have any friends visiting you if you are going anywhere or coming home, or if you are entertaining, write a postal card to this department, giving details, or telephone the item. It will be greatly appreciated.

Miss Adelalde Higgins left Thursday evening for Leesburg where she will spend several days with friends.

FOR MISS HUFF

The attractive home of Mrs. D. L. Thrasher was the scene of a lovely party yesterday afternoon when Mrs. J. D. Woodruff entertained at a bridge party in honor of Miss Anna Lou Huff, of Atlanta, Ga., the guest of her sister, Mrs. Ben Caswell. The guests included the members of the Bon Ton bridge club. There being four tables of players.

Beautiful in every detail were the decorations used in the various rooms where the card tables were arranged. Poinsettias, holly, Christmas ornaments and garlands lent a festive appearance throughout the spacious home. On the card tables were poinsettia cups filled with candy which was enjoyed during the game.

In the interesting game of bridge played during the afternoon, high score was made by Mrs. Robert Hines who was awarded a hand painted lingerie set. The honoree was presented silk lingerie.

Following the awarding of prizes Mrs. Woodruff served delicious refreshments consisting of Poinsettia salad, nut bread sandwiches, cheese balls, olives and tea.

Invited to meet the charming honoree were Miss Lettie Caldwell, Miss Thelma Fraser, Mrs. Roy Chittenden, Mrs. Howard Smith, Mrs. Dick Brown, Mrs. Don Whitcomb, Miss Eather Miller, Miss Sara Wight, Mrs. Ed. Betts, Mrs. Robert Hines, Mrs. Ben Caswell, Mrs. Joe Chittenden, Miss Norma Herndon, Mrs. C. R. Kirtley and Miss Daphne Wimblish.

FOR VISITORS

Among the most delightful of the season's social events, was the bridge party given yesterday afternoon by Mrs. George DeCottes, in honor of Mrs. J. E. Brouse, of Vancouver, B. C., the guest of Mrs. B. W. Herndon, and Mrs. Frank Doar, of Augusta, Ga., the guest of Mrs. T. L. Dumas, there being nine tables of players. The guests included the members of the Fortnightly Bridge Club.

The decorations featuring the color motif of red and green was beautifully carried out with lovely baskets and vases of poinsettias and ferns. The tally cards were also hand-painted with poinsettias.

When scores were counted, Mrs. Harry Lewis made high score among the club members and was awarded an Italian pottery jardener, the Club consolation prize, a powder jar, was won by Mrs. Hal Wight. High score among the guests was made by Mrs. F. E. Hazard, who was given an Italian pottery jardener and the consolation prize, a powder jar, was awarded to Mrs. B. A. Howard. The honorees were presented framed Old English prints.

At the conclusion of the card game the hostess, assisted by Mrs. Geo. Bishop, served elegant refreshments.

The gracious hospitality of Mrs. DeCottes was reflected in every detail of this lovely party, and the occasion was one of much happiness and enjoyment.

COLUMBIA CLUB ELECTS OFFICERS FOR 1922

Upon his arrival in Sanford yesterday Robert L. Hunt, the District Manager for the Columbian Mutual Life, found the Sanford Council prepared for him with plans for one of their best meetings to be followed by a social program.

Mr. Hunt is well known in Sanford, coming here in August to organize and install the Sanford Club and with the assistance of the Sanford members this Club has grown to nearly a hundred members. Mr. Hunt gave the retiring officers a big ovation and after the regular order of business and the election of officers for the year, a big spread was laid for all the members at which time many prominent Sanford boys made nice talks.

The officers elected for this coming year are as follows: H. B. Purdon, President; T. M. Bledsoe, Vice-President; C. F. Chapman, secretary; J. D. Dossey, Treasurer; R. M. Grovenstein, Chaplain; F. C. Hancock, Auditor; McAlpine Corusey, Pilot; R. H. Wynn Guardsman; Frank M. Purdon, Picket.

This coming year under the guidance of the above officers promises

to be a big one for the Sanford Council of the Columbian Mutual Life, as every one of these officers are workers that mean to put things across in big shape and they have to back them up one of the liveliest bunch of members belonging to any club. A membership campaign will be lodged at once and it is of the opinion of all that are on the inside that when these officers retire at the end of their term the Sanford Club will boast of three times as many members as they have now.

This organization has one of the best forms of insurance and to those that are contemplating taking out insurance it will be well for them to get in communication with either Mr. Purdon or Mr. Chapman.

Haynes Recital at Auditorium Last Night

The Lawrence Haynes' recital at the High School Auditorium last night was an event in musical circles and all those fortunate enough to attend were well repaid.

The records of Mr. Haynes' triumph would fill many newspapers and the beauty and finish of his voice so well known that added comment would seem superfluous.

Truly he possesses a splendid tenor, a dramatic tenor, of sympathetic quality, of crystalline brilliancy, resonance and purity of tone.

His numbers were rendered with exquisite art.

The greatest thing sought by Mr. Haynes, however, is the interpretative ability, the power to suggest the meaning of his songs.

His numbers covered all moods, were prefaced with descriptive talks and so visualized in interpretation that even the most musical enjoyed.

One of the features of the recital was the wonderful performance of the accompanist Clemento Manucci upon whom much of the success of the recital was due.

The program opened with a group of popular and request songs. Other request songs were interpolated thru the songs selections. Of these "The American's Cause" was given and repeated with triumphant success. Added numbers of lighter vein were a delightful group of Italian street songs.

The program selections other than those mentioned included: La Procession... Franck Le Manoir de Rosemonde... Dupare Chanson Triste... Dupare Paysage... Hahn Serenade... Bantock An Old Song Re-Sung... Bantock A Dream... Greig Over the Hills... Terry Floods of Spring... Rachmaninoff

COMING

The famous Female Quartette of Florida Memorial College will appear in song recital singing classics and negro spirituals. The young women sing their way into the hearts of the people everywhere singing the songs of their forefathers. The general State Baptist Convention presents a winter jubilee featuring the Bible, S. S., B. Y. P. U., and Missionary methods. Prof. A. C. Curtright, Florida Memorial College, Prof. Charles E. Rochell, Pittsburg, Pa., noted orator, journalist, Dean, Fla. Memorial College, LeRoy R. Russell, Fortworth, Texas, National U.S. Social Service worker, are the instructors in these meetings for the Educational Rally. \$6,000 must be raised for Christian Education. Our white friends are cordially invited to attend these services. All christian workers regardless of church affiliation are welcome to attend these services. Bring your note book and Bibles. You are needed in these services for the advancing of the greatest cause, the Kingdom of Christ.

LOWER FREIGHT RATES CAN BE EXPECTED SOON, SAYS RAILROAD COMMISSION

Substantially Lower Rate in Freight and Passenger Service Soon

WASHINGTON, Dec. 9.—Hope is expressed by the Interstate Commerce Commission in its annual report to congress that "a substantially lower" level of railroad rates and fares will be possible with an improvement in the volume of traffic following the present business depression and "with a further adjustment of operating costs in harmony with prevailing tendencies."

Freight rates, following war time increases and some later readjustments, have not yet reached an equilibrium, the commission says, because the chief factors controlling them, "the value of service and the cost of transportation," still are "in a state of flux."

The commission's report is for the year ended last October 31. It discloses that a total of \$430,000,000 has been ordered paid to the railroads under the government guarantee against losses during the first six months after their return to private ownership and that still is due an estimated \$105,000,000 on this account.

Out of 677 carriers entitled to guarantee payments, the commission says, 547 have filed claims totaling \$818,000,000, but payments of only \$536,000,000 have been held justified by the commission's audit. No statement was made with respect to the difference between the roads' own summary of their losses during the six months and the governments findings. The roads which have not yet filed claims for losses, the report adds, are short lines and the total will be "relatively small."

In its capacity as supervisor of railroad capital issues, the commission issued during the year certificates allowing roads to issue stocks and bonds to a total of \$1,715,000,000, the report says. The commission points out, however, that this total refunding operations, not involving new and increased investment.

Discussing railroad earnings, the commission says the carriers income and expenses have reflected the unsettled industrial conditions and that despite the reduction of the working forces by half a million men, a lowering of the cost of materials and cuts in employees' pay the net earnings have not yet reached a rate of 6 per cent on the value of the properties determined for the United States as a whole. The 6 per cent net earning is that recognized by congress in the Transportation Act as a fair return on the investment value.

In its recommendations the commission asks congress to reconsider section 28 of the Merchant Marine Act authorizing preferential rail rates on shipments of commodities for export in American bottoms, declaring that the ultimate effect "may be merely to divert traffic from certain ports to others with little or no gain in tonnage for United States vessels." Operation of this section of the law has been suspended by agreement between the Shipping Board and the commission.

Other recommendations of the commission were: Enactment of a law providing for the punishment of any person offering or giving a bribe to employe of a carrier with intent to influence his action or decision with respect to car

service, and providing for the punishment of the guilty employe.

That the use of steel cars in the passenger service be required and that the use in passenger trains of wooden cars between or in front of steel cars be prohibited.

Amendment of the Interstate Commerce Act so as clearly to provide whether and if so, how voluntary consolidations of carriers may be effected pending ultimate adoption by the commission of a complete plan of consolidation.

NEW ENGLAND CITY HAS HIGHEST PORTION OF THE ILLITERATES

WASHINGTON, Dec. 9.—New Bedford, Mass., has the highest percentage of illiteracy among cities of more than 100,000 population, according to census report issued tonight. Spokane, Washington, was listed as having the lowest percentage—.08. These figures, the bureau announced, were based on returns for all classes and races, the illiteracy in any city being vitally affected by the proportionate number of foreign born and in some cases negroes residing there. The percentage of illiteracy of persons ten years old and over of all classes; native white; foreign born white and negro, included: Atlanta, all classes 0.6; native white 1.2; foreign born white 4.8; negro 17.8.

GIN 7,640,870 BALES OF COTTON TO DEC. 1

WASHINGTON, Dec. 9.—Cotton ginned prior to Dec. 1 amounted to 7,640,870 running bales, including 121,850 round bales, counted as half bales; 22,058 bales of American-Egyptian, and 2,915 bales of sea island, the census bureau announced today.

WANTS \$8,000,000 FOR DOUBLING WEST POINT

WASHINGTON, Dec. 10.—Increase in size of the cadet corps at West Point Military Academy from 1,334 to 2,500, is recommended by Brig.-Gen. Douglas MacArthur, superintendent of the academy, in his annual report to the secretary of war, made public today. The academy at the present time, the report shows,

can train only one third of the officers needed even for a peacetime army of 150,000 men and would fall short, it was said, of providing the nucleus of officer material desired for training civilians in time of emergency.

Expansion of the cadet corps to 2,500 would necessitate new construction, the cost of which, excluding the two proposed memorial buildings and hotel was estimated in the report at \$8,000,000.

SPRAY CELERY TO CONTROL BLIGHT

GAINESVILLE, Dec. 10.—The spraying of celery for control of early blight is an immediate problem with Florida growers according to Dr. O. F. Mr. Russell states that the scope of the publication, which is a weekly, will be broadened and that the publication will be appointed from Jacksonville to Key West.

BRUNETTES ARE BETTER SWIMMERS

MIAMI, Dec. 8.—C. M. Davis, swimming instructor at a local casino, who has spent the last 11 years teaching men and women to feel at home in the water, has expressed an opinion that is destined to result in heated arguments among Florida swimmers.

Mr. Davis declares that brunettes swim better than blondes. The brunette, according to Mr. Davis, "is more magnetic or absorbent in learning how to swim. On the other hand the blonde is more taut in the water and does not relax as easily as the opposite type.

These characteristics, he claims, play the big part in learning to swim, the brunette, as a rule displaying more confidence than the blonde.

TO MAKE WICKER FURNITURE

LITTLE RIVER, Dec. 8.—A New York concern has leased the large packing house here owned by A. B. James and as soon as the necessary machinery is installed will begin the manufacture of wicker furniture. The work of converting the building into a factory already is underway and machinery has been shipped from the north.

The concern will produce chairs, tables, washstands, lamp stands and wicker electric fixtures in varied and artistic designs. At the outset it will be necessary to ship in most of the wicker material, but it is hoped to encourage the growth of wicker withers in the Lemon City vicinity. This would utilize waste land, and in addition afford the farmers an income the year round.

DYESTUFF LOBBY PROBE

He broke out of the state pen in Arkansas one day this week and terrorized the entire country but was finally shot in the back by one of the convicts who had escaped with him. He who lives by the pistol is generally shot by the pistol.

The Palatka News is pulling for a hospital for Palatka. They have to take their patients thirty miles to St. Augustine now. We had a taste of that years ago when all the Sanford patients had to be taken to Orlando. Every city the size of Sanford and Palatka should have their own hospital. Come over and inspect the Sanford hospital, Goode. It is one of the best in the state.

Mary Roberts Rinehart says that newspaper correspondents have a profound distrust of the Japanese. Newspaper correspondents usually get a profound distrust of everyone. Why shouldn't they? The work of newspaper men show them the foibles, the fancies, the sham and hypocrisy of people more than any other line of work in the world. What we know about people would put a lot of them in jail or make them leave town if it was ever published.

**AFTERNOON IS BETTER.**

The Herald has always contended that the smaller cities and especially those in Florida that were not tourist towns wanted the afternoon paper more than they did the morning paper. This is true of Sanford and we believe it is true of other cities in this and other states. There are a few business men who have time to read a morning paper if it can be delivered at the store in the morning but few people have time in Sanford for a morning paper and the majority of them prefer the evening paper that comes to their homes at a time when all the members of the family have ample time to digest the contents of the paper. Some time ago we made this assertion to several morning and evening newspaper men and they all agreed that the afternoon papers had it on the morning papers in many ways. Goode Guerry, of the Palatka News, who some time ago went from the afternoon paper to the morning paper has seen the error of his ways and announces the change to afternoon sheet in the following:

"Yielding to a popular demand among subscribers, as well as advertising and fitting into a field natural to a community the size and situation of Palatka, the News will, beginning next Monday, change its hour of publication from the morning field to the afternoon field.

"This step is taken after careful consideration. It involves only the

pleasure of our patrons. Advertisers, naturally, desire a newspaper which meets the needs and demands of the readers. The reader most desired by an advertiser is the housewife. They are the buyers and it is into their hands that the shrewd advertiser always seeks to place offers of his wares. A careful canvass of the buyers, in this instance reveals that not one prefers a morning paper, but to the contrary.

"The News entered the morning field against its better judgment. It knew that there are four afternoon papers to one morning paper in the country. It knew that the circulation of one afternoon paper in New York equalled that of all of the morning papers combined. It knew that with the rapid development of the mechanical facilities for handling news that the afternoon paper has supplanted the morning paper with its more orderly process of publication, and that all important news of the day can be covered on the day it happens in sufficient detail to satisfy the average reader.

"The largest advertisers in America prefer the afternoon paper because it is read by every member of the family, being distinctly the home paper. The husband or brother does not pick it up as he hurries to business, but as he comes home. It stays in the home, and the message that every advertiser has stays there to be read and fixes its appeal for the purchasing trip down town the next morning.

"Aside from the advantages of increased value to advertisers and satisfaction to subscribers, publication of an afternoon paper is more satisfactory to the publishers. It is comparatively an easy matter to secure labor where it is practically impossible, in a small town, to secure it for a morning paper."

**ADVERTISING PAYS MORE WAYS THAN ONE**

Merchants who are under the impression that advertising their goods in a local newspaper is a needless expense, are wrong. Those who do not attempt to create a demand for their goods only get such business as immediate necessity creates and the mail order houses in other states get a large part of the business of the community. Several prospective merchants have recently visited the Florida Development Board offices in Jacksonville for the purpose of looking through the newspaper files, the Board being a subscriber to all the newspapers published in the state, with a view to determining where seem to be the most promising locations, the decision being based largely on absence of advertising copy of merchants in their respective lines. A very significant statement was made by a woman who said that she did not care how many millinery stores there might be in a certain city, the absence of any advertising of those goods in a local paper being proof that by judicious use of newspaper space she could draw trade not only from the residents but from the surrounding territory, and the non-much competition.

**A BUSINESS PROPOSITION**

Says Herman Rosenfield, advertising manager for Sears Roebuck and Company:

"We have a bureau whose duty it is to read each week the country newspapers from all over the country. There is not a paper of any consequence in our trade territory that our bureau does not get. The bureau looks over these papers and when the merchants are not advertising in the local paper we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchant use their local papers."

It does not take a wise man to see the common sense view of the situation as it appears to the big mail order houses in the larger cities. A few newspapers come to our exchange table every week that do not have a grocery store of any description represented in their advertising columns. If Mr. Rosenfield glances over these papers, he probably takes it for granted that the towns in which the papers are published, hence the flooding of them with appealing literature. The merchants who do not advertise help to pay for this literature, too, even though they may not think so.—Melbourne Times.

**DON'T FEED HOGS TOGETHER**

**GAINESVILLE, Dec. 10.**—Dr. A. L. Shealy, professor of Veterinary Science at the Florida College of Agriculture here warns farmers against the feeding or pasturing of large numbers of hogs together because of the prevalence of lung worms among hogs in this state.

The worms are spread, Dr. Shealy states, through the discharge of eggs from the nostrils of infested hogs during coughing and the eggs, coming in contact with the feed or water, find entrances into other animals either before or after hatching, through the digestive tract. The worms are hard to eradicate and prevention and sanitation practices should be observed.

"The pastures should be rotated frequently, and it is advisable to cultivate and seed them, if possible," says Dr. Shealy. "All grass, leaves and other material used for bedding should be raked and burned once a week. The surface of sleeping quarters and pens should be sprinkled liberally with air-slacked lime.

"The feeding troughs should be washed once a week with strong homemade lye soap and boiling water, rinsed thoroughly and exposed to the sun. Automatic waterers, which can be attached to a barrel, are satisfactory and sanitary.

"Spray the pens once a month with a 3 per cent solution of some of the creoline products. Add sufficient lime to show where the spray has been supplied.

"In case of infestation the following is suggested: One teaspoonful sprits turpentine for a 100 pound hog, given in a little moist chop, thoroughly mixed, once a day for three days, withhold six days and repeat even a third or fourth time if necessary. Do not give turpentine to pregnant sows."

### THE WEATHER

For Florida: Fair tonight and Sunday; colder tonight; probably light frost in the north portion.

L. H. Sims, of Tampa, was a business visitor here yesterday.

J. C. Evans, of Tampa, spent the day here yesterday attending to business.

C. L. Stokley, of Mt. Dora, was in the city yesterday transacting business.

H. S. Rickerson, of New York, is spending a few days at the Montezuma while in the city on business.

M. E. Lightfoot, of Tampa, made his headquarters at the Montezuma yesterday while in the city on business.

G. P. Connelly and Mr. Cole, of Orlando, were in the city early this morning. They are both employees of the Sentinel.

S. E. Murrell, of Stetson University DeLand, is spending the week-end here with his parents, Capt. and Mrs. K. R. Murrell.

Mrs. Harry Driver, of Orlando, was the guest of Mrs. Geo. DeCottes yesterday, coming over to attend the bridge party given yesterday afternoon by Mrs. DeCottes for Mrs. J. E. Brouse and Mrs. Frank Dour.

Mrs. Forest Lake, Mrs. John Leonard, Mrs. W. E. Watson, Mrs. A. M. DeForrest and Mrs. G. I. Loucks motored to Daytona Beach yesterday to attend the luncheon and reception given yesterday by Mrs. Geo. Chamberlain for the members of the Sallie Harrison chapter and Abigail Bartholemew Chapter N. S., D. A. R.

Dr. George Hyman, Ed and Chas. Henderson and Judge Maines have returned from Miami where they attended the Baptist convention for several days. They report a fine meeting and much constructive work done at the convention. The reports were very interesting and showed great gains being made in Baptist churches throughout the state. A report of the meeting will be given in another issue of the Herald.

Mrs. J. G. Ball is in Quincy for a few weeks visit with old friends and

### SANFORD'S TEMPERATURE

The old bulb went down to 64 yesterday afternoon and night and this morning as we write this beautiful effusion about the romantic subject of the weather the cold air from the north is rushing across the rainbow hued lake and coming right into our palatial and steam and hot air heated office, all of which would make us deduce and come to the scientific observation of believing and prognosticating and prophecying that it will be some cooler tomorrow as we wend our way to church and ruminate over our sins. Do your Christmas shopping next week and go to church tomorrow.

relatives and attending a wedding of one of Quincy's fairest daughters:

Mrs. Frank Johnson of Markham was in the city today shopping and visiting her many friends.

Mr. and Mrs. W. M. Glenn of Orlando were in the city last night attending the Lawrence Innes concert. Mr. Glenn is the editor of the Orlando Sentinel.

A party of Sanford ladies returning from Daytona Beach last night were held up by officers on the DeLand Daytona road who were looking for the man that had robbed and beaten a DeLand lady on Wednesday. The ladies at first thought it was robbery but explanation on all sides set their minds at ease.

O. W. and W. B. Talley of Lakeland were in the city today on a prospecting trip. They are now together in a contracting firm and expect to draw plans and build some of Sanford's future business buildings. O. W. is a former resident of Sanford and W. B. is one of the best architects in the state and well known here. He formerly resided in Jacksonville.

The Ladies Union of the Congregational church will hold their annual bazaar and cooked food sale December 17th. Place to be announced later. 207-Tu-Fri-4tc

H. B. Lewis is in the Fernald-Laughton hospital today undergoing an operation and his many friends hope for his speedy recovery.

Nothing better for a Christmas gift than the compact Remington portable typewriter at \$60. A real typewriter with the portable features and pronounced by the Sanford owners as the best that has ever been devised. See them at the Herald office. Ask for the Remington Portable.
