LIGHT THE WINDOWS

Mayor Davison has advanced an excellent iden and that is the light ing of the show windows in Sanford every right. Mayor's Davison's idea is for the merchants to fix idea is for the mirchants to fix up good windows and keep them lighted every right until ten o'clock when the night police will be instructed to turn them off at the switch left on the outside of and store Every one in Sarford by noticed that the stores are daily every night and it does not spoulwell for a good live city. The idea of having the police turn off the lights at ten is a good one and there is no doubt but what the Sarford Light & Fuel Co. would make a special rate for the street lighting

not the turning off of the lights at stances the knocks were so radical. the merchants and the added light ters could not be printed. The balof window shopping and the citizens few days. And still no hint but and the strangers to the city would everybody in the world wanted to get in the habit of shopping through, knock. the window displays and every one .76 interested would benefit thereby

We agree with him on many ideas and his logic is unassailable. The lectures of Mr. Bryan against preparedness will have a great effect in holding this nation down to normal while the war is in progress and certainly none of us want war and all its attendant horrors and enormous expense. The speech of Mr. Bryan last night gave the large audience much food for thought and all who heard it give him credit for even if the idea of peace at any price does not conform to the ideas of red blooded Americans.
