#### BIBLE VERSE FOR TODAY

**DIFFERENT THINKING WILL  
RECREATE YOUR PERSONAL-  
ITY. A LITTLE IMPROV-  
EMENT MIGHT HELP YOU. Be  
ye transformed by the renewing  
of your mind.—Romans 12:2.**

Europe, we read, has been  
divided into two blocs — blocs and  
blockheads.

America would make a mistake,  
it seems to us, to mist upon  
feeling the Soviet satellites in  
Europe. Why not let the Russians  
take care of them?

Pineapple pickers in Hawaii,  
who are among the world's poorest  
paid workers, are striking for  
higher wages at the very peak of  
the harvest season. And coal  
miners, who like pineapples, may  
now find out what it is like, when  
the shoe is on the other foot.

Federal statisticians have just  
figured it out that it costs \$695.35  
a year to buy clothes for a family  
of five. And the community  
cynic says the sum on the right  
of the decimal is owed for labor.  
—Tusculum Star Advocate. The  
loudest whine is doing buying  
clothes at a time like this.

Remember a few years ago dur-  
ing a presidential campaign  
when Roosevelt paid his respects  
in no uncertain terms to "Martin,  
Barton and Fish." Well, that same  
Joe Martin is the man who has  
now been designated as his  
successor to the presidency in  
case anything should happen  
to Harry Truman. We have come  
a long way since then.

There may be a recession get-  
ting under way in some parts  
of the United States, but so far  
there has been no sign of it in  
Florida or the Southeast. Georgia,  
Florida, South Carolina and Ala-  
bama all report substantial gains  
in retail sales in May, and for  
the first five months of this year.  
South Carolina led the procession  
with a 16 percent increase in  
May and Florida tied with that  
state with an 18 percent increase  
for the first five months.

The old American habit of  
thrift has all but been destroyed  
by the vicissitudes of the past  
decade. There are today  
60,000,000 jobs in the news-  
papers are proud to boast. The  
wages earned by labor are the  
highest in the nation's history.  
Everything that makes for pros-  
perity is evident on every hand.  
But savings are a third less than  
they were before the war, and  
only half of what they were dur-  
ing the 20's. Economic security  
promised by the government, as  
well as low interest rates for  
those who would like to prepare  
for their own rainy days have  
all but destroyed the urge to  
save. Most folks nowadays are  
spending every cent they can get  
their hands on.

The growing power of the federal  
government is shown by a  
comparison of federal expendi-  
tures with those of cities and  
states during the past 35 or 40  
years. In 1913 the federal govern-  
ment spent \$697,080,000, com-  
pared with \$359,000,000 for all  
the cities in the United States —  
\$1,783,000,000 for all the  
cities. Thus, the state and local  
governments combined spent three  
times as much as the federal gov-  
ernment. But last year the fed-  
eral government spent \$60,000,  
000,000 and the state govern-  
ments \$4,417,000,000 and the local  
governments \$5,000,000,000.  
Thus the federal government spent  
six times as much as the state  
and local governments spent.

### Europe Chooses

When Molotov said that the Marshall plan for the re-  
habilitation of Europe would lead to American interference  
in internal European affairs, what he undoubtedly meant  
was that it would lead to interference with Russia's aim  
of gathering all Europe within the net of Communism.

The ghost of Hitler must be laughing a sinister laugh.  
For the break between Russia and the other allies means,  
after all, a German victory. Reports from Germany show  
that this old technique of the Nazis, to divide and rule, is  
still the dream of countless Germans. They leave no stone  
unturned to fan the easily-bred suspicions of Russians on  
the one hand toward Americans, English and French in  
occupation zone affairs and incidents, and of the others  
toward the Soviets.

But the die-hard spirit of Nazism and the non-co-  
operative Soviets have reckoned as yet too soon. American  
aid, forced to defend the idea of democracy in war, was  
powerful. It must look pretty real still to countless Euro-  
peans who know now that Russian Communism means  
merely another form of the despotism they have learned  
to hate. They must realize, too, from what Mr. Bevin said,  
that England is still fighting. They know how England can  
fight.

The withdrawal of Russia from the proposed co-opera-  
tive plan to restore Europe may split that unhappy area,  
may mean the beginning of a new, as yet unforeseeable era  
on the continent. But America, Britain and France are go-  
ing ahead anyway. Europeans must make a choice.

Some of the nations which have chosen to go with  
Russia have done so willingly. Some have made their choice  
under duress. Most Czechoslovaks are not very happy  
right now. But, they say, "What could we do?" The Rus-  
sian Politburo will have something else to answer for, one  
of these days.

### The Next Atomic Stage

A division of medical research has been set up by the  
United States Atomic Energy Commission to study health  
safeguards against atomic energy and its possible benefits  
as well. The board emphasizes the importance of recruiting  
young doctors and researchers and providing them with  
grants for life-time careers to develop and perpetuate this  
country's lead in atomic knowledge. The board has warned  
that the scientists who made the epochal discovery are no  
longer working as a team and that the nation cannot longer  
rely on their memory of "priceless but static knowledge."

Here is the sobering realization on the part of the men  
entrusted with management of atomic energy that the  
great complex body of knowledge on this subject must be  
kept up to date, must be worked on continually. There is  
evidence, too, of our great interest in all this from the point  
of view of civilian safeguards and civilian health benefits  
as from any purely military aspect.

The discoverers have played their role. The time has  
come when the younger generation, those whom the war  
has left alive, must carry on the work begun when those  
tremendous forces were loosed at Hiroshima.

### Saving The Teeth

A group of dental school experts discussing the cause  
and cure of tooth decay agrees that though the specific  
agent causing dental caries is yet to be isolated, the gen-  
eral cause is bacteria in the mouth.

One speaker declared that with proper instruction as  
to prevention visits to the dentist every six months might  
be unnecessary, while another authority insisted that the  
taste of Americans for sweets is the root of most of their  
dental trouble. Researchers are studying a germ called  
lacto-bacillus acidophilus, which may turn out to be the  
prime mischief-maker in the mouth.

Most of us, however, will be unable to remember that  
long word and its application to our teeth. We shall merely  
continue to brush the teeth two or three times a day and  
see our dentist twice a year — if we are well-taught and  
conscientious.

If we are not, we'll keep on having tooth trouble. Some  
of us will have it anyhow, for there are many things the  
best research dentists have been unable to find out. But  
the elders, who remember dentistry then and compare it  
with dentistry now, are thankful from the heart for the  
improvements in method already made.

### Model Plane Flies 112 Miles Per Hour At Sanford Contest

A model plane, attached to a  
steel wire held by Bob Hock of  
Miami, attained a speed of  
112 miles an hour Sunday at the  
American Legion sponsored model  
plane meet at the Municipal Air-  
port.

The contest was under direction  
of W. E. Hollyhead, chairman, and  
W. D. Hofmann, members of the  
Model Aviation Committee of  
Campbell-Losing Post 53. Timers  
and judges included: Jimmy Hol-  
lman, Dale Hofmann, Raymond  
Kader, Ray Fox, W. A. Yelving-  
ton and Pop Thornton of Jackson-  
ville, official judge.

Trophies were awarded by the  
Legion post and W. E. Kader, and  
merchandise awards were by the  
Seminole County Chamber of  
Commerce. The contest was con-  
ducted under the rules of the  
Academy of Model Aeronautics  
and points made at this meet will  
be added to points made at other  
contests to determine the state  
champion who will be sent to the  
national meet by the Department  
of Florida of the American Legion  
with all expenses paid.

There were 37 planes entered  
in this U-control contest, and  
planes gyrated at dizzy speeds at  
lengths of 35 to 70 feet.

As high local point winner, J.  
E. Alexander won 30 minutes of  
flight instruction at the Sanford  
School of Aviation.

Bob Hock at 112 mph placed  
first in Class 6. W. T. Thomas  
and son of Daytona Beach were

### Curfew Ordered To Aid Hunt For Britons

JERUSALEM, July 14. (AP)—  
Military rule was clamped down  
tonight on 10,000 to 14,000 per-  
sons in the Natanya area to facili-  
tate the search for two British  
army sergeants kidnapped early  
Saturday by Irgun Zavi Leumi, a  
Jewish underground organization.  
A communiqué said: "It has  
now been decided that this area  
shall be a controlled area. A cur-  
few has been done to facilitate a  
thorough searching of the area  
and to prevent further activities  
of this nature within it."

A curfew was imposed immedi-  
ately, officials said, for the "first  
hours" of the operation.  
The term "controlled area" de-  
scribes a district subject to mili-  
tary rule, with all normal services  
such as postal, banking and tele-  
phone denied to the population.  
Earlier Irgun defied the British  
army and police to free the two  
sergeants by boosting of seizing and  
confining as hostages for three Irgun-  
ists under death sentence.

second and John Muir of Miami  
placed third.

In Class 3 events, Bob Hock  
with a speed of 108.39 miles an  
hour, was first; M. L. Albury sec-  
ond and John Muir was third.

W. T. Thomas Jr. of Daytona  
was first in Class 2 at 90 mph; R.  
J. Buchanan of Jacksonville was  
second and Tommy Vincent of  
Daytona was third. Young Thom-  
as also won the Class 1 event at  
88 mph with John Muir second  
and Tommy Vincent, third.

### NOW THAT SHE'S HAD HER FACE LIFTED—!

### Cadillac Limousine Bound For Vatican

PASSAJC, N. J., July 14. (AP)—  
A black Cadillac limousine was  
trucked through this city a few  
days ago bound for Jeffrey Cizek,  
a crate stenciled with the address  
"Pope Pius XII, Vatican City, via  
Naples."

General Motors Corp. officials  
declined to release information  
about the shipment time or place.  
They also declined comment on  
whether the automobile was a gift  
or a purchase. One GMC official  
said that the car was the conven-  
tional Series 76, priced at \$14,000.

Witnesses said the automobile  
was finished inside with chrome,  
gold and walnut trim. There was a  
single back seat, a radio on the  
side and a window "of the  
other."

### Buddy Hayes Tells Of Townsend Plan

Buddy Hayes of Orlando was  
the guest speaker at the meeting  
of the Sanford Townsend Club  
Friday night at the Tourist Cen-  
ter. Mr. Hayes, who attended the  
national convention of the Town-  
send clubs in Washington, re-  
ported on Senator Pepper's speech  
urging all the senators to back  
the plan.

He quoted Senator Pepper as  
saying "that far from being leg-  
islation for the old folks, it is  
the most important legislation be-  
fore the nation for the young-  
sters."

Mr. Hayes quoted Senator Pepper  
as saying that a tax levy of  
3 per cent on the gross income  
of every individual and business,  
with an exemption of \$100 each  
month, would be sufficient to  
finance the program. He stressed  
that the pending bill would be an  
insurance for large and small  
businesses against the hazard of  
losing the consumers market.

H. G. Lundquist, president of  
the club, presided at the meeting  
and refreshments were served by  
the hostesses.

General use of the word "trunk"  
for traveler's luggage arose be-  
cause of an obscure meaning of  
the French word "trunk" or alim-  
box.

### Vets Interested In Radio Urged To Meet With Naval Reserves

Young men interested in radio,  
particularly former members of  
the armed forces, were invited to-  
day to attend meetings of the San-  
ford Electronics Warfare Platform,  
by Lieut. R. R. Deas, USNII, of-  
ficer in charge of the component.

Meetings are held each Tuesday  
evening at 7:30 o'clock in the  
Lakefront Building, at which time  
members of the Naval Reserve  
participate in drills with radio  
equipment furnished by the Navy.

Although the training in gen-  
eral concerns communication pro-  
cedure and maintenance, chief in-  
terest among members is the op-  
portunity to use this gear in send-  
ing and receiving messages dur-  
ing scheduled drills with other  
platoons throughout the Seventh  
Naval District.

Lieutenant Deas reports that a  
few vacancies exist in the platoon,  
and invites all former members of  
the armed forces who like to han-  
dle with radio gear to spend an  
evening with the Naval Reservists.  
Ratings in the unit include ETM,  
and RM.

### Bowers' Estate Of 18 Acres Is Sold

Hugh Ferguson and M. Kean  
of Winter Park, recently pur-  
chased the fine old home and  
property of the late Gladys A.  
Bowers located on the old Orlando  
road near the county line south  
of Altamonte.

The property comprising 18  
acres and known as the Oaks,  
was sold for \$18,250, according  
to revenue stamps affixed to the  
deed filed at the County Clerk's  
office yesterday. George E.  
Cruikshank and Edward H. Mil-  
ler represented the estate in the  
transaction.

A large tract of muck land  
west of Oviedo was recently sold  
by George Black to Charles N.  
black. Revenue stamps indicate a  
sale price of \$15,000.

Under old Roman law, the tes-  
timony of many persons was not  
acceptable unless obtained through  
torture.

TUESDAY
The R. W. Ware Bible Class of the First Methodist Church will meet at the home of Mrs. and Mrs. E. T. Warren, 1912 Magnolia Avenue, at 7:00 P. M. Each lady is asked to bring a covered dish. Meat, rolls and drinks will be provided by the hostesses, Mrs. Warren, Mrs. C. E. Williams and Mrs. C. L. Wynn.

DINNER PARTY

Mr. and Mrs. Jack B. Pearson entertained on Tuesday evening with a dinner party. Those attending were Mr. and Mrs. O. T. Pearson, Mr. and Mrs. Charles Robert Pearson and the Misses Marian and Sylvia Pearson and Billie Stevens.

Mrs. Horton Honored By Woman's Council

The Woman's Council of the First Christian Church honored Mrs. J. L. Horton, the retiring president, with a surprise party on Wednesday evening. The group met at the home of Mrs. Alex Johnson and from there went to Mrs. J. B. Wilson's home to greet Mrs. Horton. Games were enjoyed during the evening with prizes being won by Miss Mary Edna Landress and Mrs. O. T. Pearson. A gift was also presented to Mrs. Horton.

Late in the evening refreshments consisting of punch and macaroon cakes were served to the honored guest, Mrs. Horton, Mrs. Pearson, Mrs. R. G. Fox, Mrs. M. C. Tracy, Mrs. W. P. Yesky, Mrs. J. R. Richards, Mrs. E. C. Doss, Mrs. O. D. Landress, Mrs. J. J. Petras, Mrs. W. F. Harriott, Mrs. Johnson, Mrs. W. C. Tread and Miss Landress.

Sugar Offices Are Officially Closed

ATLANTA, Ga., July 13.—Today marks the closing of all state branch offices of U. S. Department of Agriculture's Sugar-Rationing Administration. A. D. Simpson, Jr., regional executive, announced recently. Thereafter, Simpson said, all functions of SRA will be carried on with sharply reduced staffs from the agency's eight field offices, one of which—at 449 West Peachtree Street, N. E., Atlanta—serves the states of Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina, Tennessee, and Virginia. The SRA executive explained, marks one further step toward final liquidation of the agency, which now has a legal life expectancy of only a little more than three and a half months—until October 31. Simpson said all future communications by industrial users of sugar and others affected by remaining SRA regulations—should be directed in future to the Atlanta office. These include the required semi-annual sugar inventory reports and communications relating to sugar and other price-controlled foods. Ceylon's annual tea harvest is estimated at 250,000,000 pounds.

Ceylon's annual tea harvest is estimated at 250,000,000 pounds.

Three Birthdays Are Honored With Picnic

Mrs. Dorothy Stewart of Sanford, John Mendenhall and D. C. Parker, Sr. of Orlando, who celebrate their birthdays this month were honored on Sunday with a picnic held at San Lamo Springs. Swimming was enjoyed until late in the evening when a delicious picnic supper was served. Those present were Mrs. Stewart and children, Allan and Gary, Mr. and Mrs. E. M. Swain, Mr. and Mrs. H. P. Medler and children, Mary Kate and Sue, from Orlando were Mr. and Mrs. Parker, Mr. and Mrs. D. C. Parker, Jr., Jennie Lineberger, John M. Parker and Gordon Swain.

Dottie Lamour's Sarong Is Back

By STAN SWINTON
AP News Service
BATAVIA, N. Y.—Fashion memo to Dorothy Lamour: The batik sarong is back. Before the war cheap Japanese print sarongs almost ruined the ancient batik industry. Now dozens of small factories have sprung up again. Most of them are operated by Chinese with Indonesian workmen. The sarong which gives Indonesian women that certain something which drew Hollywood's eyes is the result of hours of laborious handwork. Expert craftsmen first paint the basic floral design on the cloth. Women workers then cover it with paraffin which they pour out of bamboo containers. Male workers take over. With hand stamps they provide a background motif. When the paraffin has been scraped off, the sarong is complete in all its intricate, colorful splendor. Often the designs are extremely complicated but the basic process of coloring one design with wax while another is put on remains the same. The work is done in small spots (stamped bamboo) sheets. Workers squat on the dirt floor. In the center is a wood fire over which paraffin simmers in a pangoragan, a shallow iron basin brought from China in the dim past. Real batik is expensive. Batik sarongs are rarely used for everyday wear. Many are purchased by European visitors. During the war the Japanese tried to replace them with cheap print dresses of the European model. With the revival of Indonesian nationalism the sarong has made a comeback, however. Both men and women wear batik. European men—excluding men—use them for a sleeping garment. Batik sarongs from Java—particularly Soerakarta—are highly prized. However, there are many other varieties. The Balinese version—like the women who wear them—are considered the most beautiful. They are hand woven and, instead of batik, they are threaded with silver cloth along with brightly hued designs woven into them from cotton fabric dyed with native vegetable colorings. The Balinese who do the dyeing are considered outcasts by their neighbors and are not permitted to live inside the villages.

Personal

Nancy Kling of Newington Beach is spending some time with her cousin, Carolyn Hudson. Mr. and Mrs. Donald K. Pearson and son, Donnie spent the weekend with Mr. and Mrs. O. T. Pearson. Rev. and Mrs. D. E. Charles will make their home for the next several months at 917 Geneva Avenue. Dr. and Mrs. I. T. Doss and Mr. and Mrs. J. E. Rowland, Jr. left on Tuesday for Portland, Ore. to attend the Elk's convention. Dr. and Mrs. H. Wayne Ruckel have as their guests Dr. J. G. Horn of Anniston, Ala. and Claude Horn of Mocksville, N. C. Miss Bobbie Hix of Hartwell, Ga. is the guest of Miss Myra Jane Madden. She plans to be in Sanford about a week. Friends of John G. Bender will be glad to learn that he is recuperating from a recent illness at his home on East Fourth Street. Recent guests of Mr. and Mrs. J. S. Menger were Keith A. Murray and Andrew Pickett of the University of Alabama at Tuscaloosa. Mr. and Mrs. J. F. McClelland have as their guests Mr. and Mrs. G. R. Michel of Baltimore who plan to spend about a week in Sanford. Friends will regret to learn that Dr. and Mrs. O. L. Barke were called to Columbia, Ga. on Monday because of the death of Mrs. Barke's father, A. I. Jessup. Mr. and Mrs. C. H. Luke have returned to Sanford after visiting in Nashville, Tenn. with Eddie Arnold and Roy Aycoff and in Evansville, Ind. They were gone about 10 days. Mr. and Mrs. Clifford Harriott, whose wedding was an event of June 29, have returned from their honeymoon and are making their home at 1206 North Mills Street in Orlando. Mr. and Mrs. Alton Hix and son, Jimmie, of Winter Haven and Mr. and Mrs. Harold Madden spent Sunday with Mr. and Mrs. A. C. Madden and family at their home on Magnolia Avenue. Mr. and Mrs. J. E. Menger plan to leave tomorrow for New York, N. Y. En route to New York they will visit in Gallatin, Tenn., Fontana Dam, N. C. and in Norfolk, Va. with their daughter, Mrs. R. V. Althouse. Mr. and Mrs. Thomas M. Hill, Miss Mary Hill and Mrs. D. C. Barrell returned yesterday from spending a month at Daytona Beach. While there they attended the Barrell-Parr wedding. George S. Yates, former chief engineer for the Sanford Naval Air Station now connected with the Public Works Agency in Brunswick, Ga., visited friends in Sanford yesterday. He was accompanied by his daughter of Washington, D. C. Mrs. Emmett Hunt has returned from Hendersonville, N. C. where she has been spending some time with her daughter, Mrs. Rose McKane, Jr. and family. Mrs. McKane accompanied her to Gainesville where she and her family are making their home. Mr. and Mrs. Charles Robert Pearson of Winfield, Kas., have arrived to visit Mr. Pearson's parents, Mr. and Mrs. O. T. Pearson and sister, Miss J. E. Rowland. Miss Marian Pearson arrived with them after attending Kansas State College in Manhattan, Kas. Mr. and Mrs. J. E. Rowland, Jr. entertained on Sunday with a dinner for members of the O. T. Pearson family. Those present were Mr. and Mrs. Pearson, Mr. and Mrs. Charles Robert Pearson of Winfield, Kas., Mr. and Mrs. Donald Pearson and son, Donnie of Gainesville, Miss Marian Pearson and Sylvia Ann Pearson. Miss Virginia Chapman is attending a Methodist Youth Caravan Training Center at Lake Junaluska, N. C. this week in preparation for voluntary service during the next seven weeks in the local Methodist Church. She is one of 120 college young people who are being trained and was selected because of her experience and leadership in Christian youth work.

Miss Virginia Chapman is attending a Methodist Youth Caravan Training Center at Lake Junaluska, N. C. this week in preparation for voluntary service during the next seven weeks in the local Methodist Church. She is one of 120 college young people who are being trained and was selected because of her experience and leadership in Christian youth work.

Social Security Aide To Be In City Friday

The Field Office of the Social Security Administration in Orlando announced today that its representative will be in Sanford on Friday at the Florida State Employment Service from 9:30 A. M. to 12:00 Noon. This service has been established to give residents of Sanford and vicinity an opportunity to file claims for Federal Old Age and Survivors Insurance, obtain new and duplicate social security cards, and make inquiries concerning the old-age and survivors insurance program.

Queen Elizabeth's Cinder Causes Alarm

EDINBURGH, Scotland, July 13.—Queen Elizabeth had a cinder in her eye last night and the special train which is carrying the royal family to Scotland made three emergency stops en route so it could be treated. Five doctors and eye specialists boarded the train to attend the Queen, and one London newspaper headlined the story above U. S. Secretary of State Marshall's aid-Europe speech. Apparently all was well this morning, however. The Queen alighted from the train and informed Edinburgh's mayor, Sir Robert Falconer: "It seems all right now."

Hollywood

HOLLYWOOD, July 13 (AP)—Humphrey Bogart says Hollywood star-machines dirty need an overhauling. "They build 'em too fast these days," the actor commented on "The Treasure of Sierra Madre" set. "The result is that in spite of the star billing, the newcomers aren't read at all. The observation echoes complaints by theater men that Hollywood hasn't developed a big name draw in recent years, with the exception of Ingrid Bergman. A star, you see, does not mean the same as a leading man or woman. To be a star, a player has to be able to carry the burden of a picture unaided. Few, if any, of these youngsters can do this. Take a look at the vintage of some of the industry's top male stars: Gary Cooper, 46; Jimmy Cagney, 45; Spencer Tracy, 45; Clark Gable, 45; Bill Powell, 45; Bing Crosby, 43; Bob Hope, 43; Ronald Colman, 43; Cary Grant, 43; Walter Pidgeon, 43; younger Ray Milland, 39. Added Bogart, who is 46. "The fans will keep on going to see them as long as those whose wedding was an event of fact, they yell for a guy like Cooper if he has to be wheeled on the screen." Bogie doesn't suggest that the picture business will fall apart when the current stars drop off. But he advises younger players to tend to their careers. "Go on suspension," he advised. "If these kids let themselves be stuck in any picture, the fans will get tired of seeing them in bad films." Bogie should know, he's the suspension king of this town. He's also a star. "Sights and sounds on the Hollywood beat. . . . Marie McDonald in the MGM commissary showing her ex-husband an eight-carat diamond from her next husband. . . . The stars hunting their cars in the Carthay Circle parking lot after a premiere. . . . open season for autograph hounds. . . . Victor Mature exiting from a movie stage and shouting, "I just finished 'Kiss of Death' for the fourth time." . . . Frank Sinatra being outfitted in a fancy Mexican dress suit for "The Kissin' Bandit" and commenting, "Wait till the kids in Jersey see this, they'll throw rocks at me." . . . Gene Lockhart, his hair in pin curls after a permanent wave for "Puzzle of Harrow," bringing his lunch so he won't be seen in the studio canteen. . . . Cary Grant finishing "The Bishop's Wife" in such confusion that he had to read his lines from a blackboard. . . . Maria Montez baby-sitting for her sister, Mrs. Ken Carter. . . . Virginia Mayo watching her dressing room sign changed to Virginia O'Shea. . . . Lana Turner worrying about what to buy for her daughter's fourth birthday. . . . All Hollywood sweating in the first touch of summer weather. . . . "Cocacubans" is okay for hot weather entertainment. It is certainly nothing to strain the intellect, but there are some tough songs to keep you cool for an hour and a half. Groucho Marx (doing a singlet) and Carmen Miranda are expert folks, and Steve Cochran, Gloria Jean and Andy Russell help carry the low-voltage plot.

Beauty Notes

By BETTY CLARKE
AP News Features Beauty Editor
You'll need to do a lot of planning when packing cosmetics for a trip. Bottles and jars packed away too carelessly may crack and their contents spill on expensive lingerie and irreplaceable garments. Probably there will be some jars that need to be taken on vacation but there are a number of cosmetic items that can be replaced with those in nondrinkable containers. Perfume must be carefully packed and the stopper coated with wax or adhesive tape. It is best to take it in small vials with tight screw caps. These can be wrapped and tucked away, snugly in handkerchief bags or slippers. If you are taking a plane to your vacation resort, take sachet powder or cream cologne instead of perfume which may evaporate or spill at high altitudes. The new ball point perfume dispensers are ideal for plane travel, however. You will be able to pack your favorite liquid foundations safely for a plane journey, but there are a number of substitutes which may be found to help enhance your beauty. On vacation you should require enough of a tan so that a heavy liquid foundation is not required. Pack a powder-rake which is easy to use both as a make-up base and for retouching jobs. This requires no water, no finger-painting and comes in bronze or tawny shades which will be fast on sand and salt picked up at the beach. If you are going on a long train trip, one of the dry shampoos will come in handy until you arrive at your destination. Your manicure and pedicure should be your last beauty rituals before leaving home. If you require your nails properly with special lacquers which make polish long lasting, perhaps you will not need to take nail polish and change its spilling. Nail lacquer is a difficult stain to remove from clothing. Investigate sun tan oils and lotions and make sure you take only the best. You want to be sure you have adequate skin protection before banking in the sunlight and of course you'll want to take it easy the first few sunny days, anyway, just as an added precaution. Many of these tanning lotions leave stains, however, so be sure bottle caps are tightly secured. One of the simplest ways to solve the problem of bottles and jars that may leak, in the event you don't have a train case with compartments made for the purpose, is to carry them in your handbag. To do this you must plan to take your largest handbag and buy a zippered cosmetic pouch with a waterproof lining to hold such things as nail polish, perfumes, lotions and makeup. You now can find jars of little pads saturated with deodorant and skin cleansers and these are handy to have on a trip. If you hesitate to include these jars because of their bulk, transfer the pads to non-breakable screw-top cosmetic containers.

Tournament Precedes Sunday Night Supper

Featured at the Seminole Country Club last weekend was a mixed Scotch foursome which began at 1:30 P. M. on Sunday afternoon for men and women golfers. The regular Sunday night supper was served following the tournament. Among those seen at the club over the weekend were Mr. and Mrs. G. W. Spencer, Dr. and Mrs. T. P. McDaniel, Mr. and Mrs. John Meisch, Mr. and Mrs. John Joss, Mr. and Mrs. J. F. Stock, Mr. and Mrs. W. G. Flinn, Mr. and Mrs. Andrew Caraway, Mr. and Mrs. James Ridge, Mr. and Mrs. H. G. Echols, Mr. and Mrs. Roy Hollar, Mr. and Mrs. A. J. Williams, Mr. and Mrs. Harry Toole. Also Mr. and Mrs. Walter High, Mr. and Mrs. George Thurston, Mr. and Mrs. Clyde Jewell, Mr. and Mrs. E. B. Smith, Mr. and Mrs. H. C. Hestel, Mr. and Mrs. Hugh Wheeler, Mr. and Mrs. John Schirard, Mr. and Mrs. Earl Higgenbotham, Miss Frances Mahoney, Miss Dorothy Powell, H. B. Henley, Richard Deas, Don Harper, Mack Cleveland, Jr., Kirby Eric, Sr., Kirby Eric, Jr., William Herndon, F. D. Scott and Al Bryant, Sr.

Era Of Wasp-Waists 'Is Definitely Here'

By DOROTHY ROE
Associated Press Fashion Editor
The era of the wasp-waist is upon us, and there's no doubt about it. Moreover, we're going to like it. Proof of the popularity of the new silhouette lies in a new group of midseason dresses which have been selling like mad in New York's wholesale garment district and which are due to hit the stores around the country about now. The group consists of eight "little black" dresses designed by Thelma for the house of David, Weinstein, a manufacturer whose clothes retail at less than \$20. The dresses are American adaptations of the silhouette of Christian Dior, the new designer whose spring collection stole the show at the Paris openings. All are cut to suggest a figure "8," the waist drawn in the smallest possible dimensions, hips and bust rounded, shoulders more natural. Each of the dresses shown by Thelma has an inner belt which is used to draw the waist in before the outer belt is fastened. Adapting the styles for the American taste, she has avoided the completely rounded shoulders of the French originals, and has used modified shoulder pads just enough to flatter the average American figure. The rounded look of the hips is achieved by small inner ruffles of soft creoline which hold the skirt out just enough to emphasize the slenderness of the waist, but not enough to give a padded look. The dresses are completely simple, with no trimmings, no spangles, no gougawa. Most of them have a plain round neckline and "push-up" length sleeves, usually fitted. Skirts are considerably longer, and look right with the new feeling of the silhouette. The figure "8" silhouette is achieved in various ways—one dress has a wide crushed belt, lightly boned front and back; another uses a peg-top drape to emphasize the hips; still another has a cutaway tunic faced in tulle and easy to wear. New York City's Wall Street owes its name to Peter Stuyvesant, who as governor of the Dutch settlement of New Amsterdam, ordered a protecting palisade built.

# Feds Trim Senators Twice; St. Augustine Here Tomorrow

### Lake And Tomat Trim Orlando 1 To 0 And 1 To 2; Locals In Orlando Tonight

By ARTHUR BECKWITH, JR., Herald Sports Editor  
The Sanford Cerey Feds seemed to have their eyes on the first division last night as they trimmed the fourth place Orlando Senators in both ends of a twin attraction by 1 to 0 and 11 to 2 margins, and decreased to four and one-half games the gap between the two clubs.

Tonight the Feds invade Tinker Field for a single tilt with the Senators. Charlie Blasen is the likely choice for mound duties for the Sanford aggregation.

In last night's opener Buddy Lake limited the visitors to two bingles and allowed but one Orlandoan to reach second base in racking up the 1 to 0 encounter.

Sanford's lone run came in the sixth canto after Ralph Satterfield and Don Murray drew free tickets and Dave Bride singled to fill the sacks. Joe Jones, Orlando righthander, missed the mark and hit Tim Tyler with a pitched ball, sending Satterfield across the platter with the winning tally.

In the nightcap the Sanford nine greeted their country cousin, Stan Zedalis, with a 17 hit barrage to add the 11 to 2 victory.

Johnny Tomat went the route for the Feds and received credit for winning the second game of the evening.

Dave Bride, Sanford centerfielder, paced the Sanford attack on Zedalis with two singles, a double and a triple in four official trips to the platter. Satterfield banged out three singles and a three play puke in five appearances to take runner-up honors.

Tomorrow evening the St. Augustine Saints meet the locals at the Municipal Park in a single tilt which will start at 8:15 o'clock. Big Bill Stanton will be Manager Murray's nominee to handle the mound assignment.

104 YEARS OLD  
ROCHESTER, N. Y., July 15, (AP)—James A. Hard, the nation's oldest surviving member of the Grand Army of the Republic, observed his 104th birthday today with a declaration that "I'm feeling younger than I did last year."

### Boudreau And DiMaggio Battle For American League Batting Crown

NEW YORK, July 15, (AP)—Harry Walker of the Phillies has lengthened out a commanding 22-point lead in the National League batting race but Cleveland's shortstop-manager Lou Boudreau is getting stiff contention from New York's Joe DiMaggio for the American League crown.

While Walker's first place 341 outdistances runner-up Ralph Kiner of Pittsburgh who is hitting .219, Boudreau tops the American with a .345 mark. Joe DiMaggio is according to figures including Sunday's games.

It's a wide open scramble behind Walker in the National with a complete re-shuffling of the other positions in the top 10 leaving Kiner, the Pirate's sophomore home run sensation, in second spot. Enos Slaughter of St. Louis skidded 14 points to a third place tie with Carl Furillo of Brooklyn at 316.

Bert Haas of Cincinnati holds fifth at 315 is followed in order by New York's Walker, George 312, Pittsburgh's Frank Gurnea, 309, Boston's Tommy Holmes, and Bob Elliott, tied at 307 and Brooklyn's Jackie Robinson at 306.

Although the American is a two-man battle between Boudreau and DiMaggio at the time, several others remain in the running: George Kell of Detroit holds third at 329 and Chicago's Luke Appling has .324 for fourth.

George McQuinn of New York comes among the leaders with a fifth place 318. Others in the first 10 are Bob Dillinger of St. Louis, 310, Barney McCosky of Philadelphia, 309, Ted Williams of Boston, 303, Bill Johnson of New York, 301 and Johnny Pesky of Boston, 298.

### G-Men Idle, But Take Over League Lead

The Gainesville G-Men were idle last night due to a rain-out tilt with the Leesburg Pirates, but catapulted into league leadership when the seventh place Palatka Azaleas trimmed the St. Augustine Saints in both ends of a twin attraction by 3 to 2 and 4 to 3 margins.

The DeLand Red Hats captured a two game card from the lowly Daytona Beach Islets. The Hats won by 7 to 0 and 4 to 3. Hal Stewart pulled a muscle in his right side and was forced to leave the first contest in the fourth inning.

### Kinard Tops Noriega For 23rd Victory

ORLANDO, July 15, (Special)—Billy Kinard scored his 23rd consecutive ring triumph here last night by putting Pete Noriega down for the count in the fourth round of the main event of the American Legion boxing card at the Legion arena.

Noriega substituted for Austin Waters who was unable to appear because of illness.

Kinard floored the spunky little Tampan in the third stanza with a driving body hook and a right cross to the jaw. Noriega came up at the count of eight. Kinard finished Noriega in one minute and 45 seconds after the fourth round opened.

### Sally League Boss Signs New Arbitrator

COLUMBIA, S. C., July 15, (AP)—President Earl Blue of the South Atlantic Baseball League has announced the signing of John Smolka of Niles, Ohio, as an umpire, replacing James H. Brewer of Birmingham, Mich., resigned.

### COMMENTS FROM THE SIDELINES

This business of "fining class D ball players \$100 every time they open their mouths" seems to be getting to be a nearly an everyday occurrence in the Florida State League.

The Sanford skipper was handed a \$100 ticket the other day and he was quite amazed at the reason given for the tag.

We talked with Murray after the announcement was made concerning his fine. Murray stated that he never did even see a Daytona fan when he was in discussion with pitcher Glenn Garrett in the dugout at City Island Park.

The fine was nailed on the Sanford skipper by the Islet fans for the use of obscene language, it is reported. It is nothing short of remarkable how the fans could hear the discussion that was going on in the dugout.

Ticket Advantages  
The University of Florida has advised all alumni and athletic contributors that August 1 is the deadline for them to take advantage of their football priority advantages.

Ticket orders are being received and orders are being filled in the order in which they are received, according to Percy Beard, business manager of athletics.

Ducat orders from other persons than alumni in good standing and athletic association contributors will be accepted and filled after Aug. 1. These orders will be filled from the general ticket stock which remains after all priorities have been served Beard added.

NOT RESPONSIBLE  
We were glad to learn that Willis Anderson was not responsible for the discriminatory release of press notices against the interests of his home town. We were advised of this fact in several conversations during the past weekend, and we completely absolve this outstanding Seminole High School athlete of any blame in the affair whatsoever.

We have always been a great admirer of his ability on the gridiron and we are glad to learn that his sense of fair play has not suffered from his well deserved success.

YESTERDAY'S STARS  
Bobby Doerr, Red Sox, hit home run in ninth to give Boo Ferriss 10 edge in night pitching duel with Don (No-Hit) Black.  
Bud Lively, Reds, hurled one-hit game against Brooklyn, snapping Dodgers' seven-game streak. After allowing a double in the second inning, he retired the next 22 Brooks in succession.

EX-PITCHER DIES  
FRESNO, Calif., July 15, (AP)—Oscar Overall, 68, Fresno and Visalia banker and a famous Chico pitcher in the early years of the century, died last night in a hospital following a heart attack.

As early as 1600, the Dutch were carrying on trade from Java.

### FATHER AND SON TEAMS TO VIE FOR GOLFING HONORS

A group of father and son teams will compete in golf matches Wednesday afternoon at the Seminole Country Club Clyde Terwilliger, club pro announced today. This is the first in a series of similar tournaments to encourage younger golfers in the game.

Father and son teams who play regularly and who are expected to play Wednesday include: E. G. Kilpatrick, Jr. and son, Bill Kilpatrick; Kirby Fite and son, Kirby Fite, Jr.; E. B. Smith and son, Gene Smith; H. C. Hetzel and son, Alan Hetzel; Hugh Wheelchel and son, Hugh Wheelchel, Jr.; W. G. Fleming and son, Billy Fleming; G. W. Spencer and son, Wesley; Al Bryant and son, Gene Bryant; Dr. A. W. Epps and son, Dr. A. W. Epps, Jr.

Two teams will form a foursome with father and son competing against another father and son. The four players will tee off at the beginning of each hole, select the two best drives and alternate shots until the holes are completed.

Mrs. Arthur Williams and Al Bryant, local greenskeeper, scored a low 45 to win the mixed Scotch foursome recently at the Seminole Country Club, Terwilliger, reported today. Eighteen players competed with Mrs. Andrew Carraway and Hugh Wheelchel teaming to card a 57 to win high prizes.

Those competing were: Mrs. George Thurston and E. B. Smith (51); Mrs. Clyde Terwilliger and H. C. Hetzel (51); Mrs. Price Heard and Hugh Wheelchel (49); Miss Dorothy Powell and Don Harper (50); Mrs. John Schirard and Richard Deas (53); Mrs. John Stuck and Earl Higgenbotham (46); Mrs. Earl Higgenbotham and John Ivey (50) and the winning teams of Williams, Bryant, Carraway and Hearp.

School Opening  
(Continued from Page One)  
2:30 P. M. on Friday, Dec. 19, and will reopen on Monday, Jan. 6.

Good Friday will be observed in March, and a Florida Education Association meeting will be held in April.

Although schools will close for the year on June 4, teachers will be required to remain on duty until June 25 according to the schedule. This, Mr. Lawton pointed out, is due to the 1947 Florida law requiring 10 full calendar-months of service, or 180 days of actual teaching, exclusive of holidays.

Miss Gene Bailey of Williston, a graduate of Stetson University, was approved as a teacher in the primary schools by the Board. The school board will again meet Thursday at 11:30 A. M. in order to take action on bids for repairs on the Lyman School at Longwood, said Mr. Lawton.

### Coal Agreement

"second round" wage without going on an inflationary spree.

The NAM lead also declared that the effort to continued economic growth and prosperity is a united effort for greater production, plus tax cuts to provide "venture capital" for expansion of industry by 600,000 new jobs a year.

In his prepared statement to the committee, Humphrey took no direct recognition of President Truman's appeal yesterday to steel and coal producers to give the mine wage hike a "fair test" before boosting prices, and possibly touching off a new spiral of price advances.

Humphrey did say: "If the coal operation which has been promised by the miners' union is realized, and it is much more apt to be so by satisfactory mutual agreement than by strikes and government controls, increasing production and increasing efficiency will surely mean more coal at less cost."

"On the other hand, the effect of shortages on prices in conclusively illustrated by the increase in spot prices for coal which have taken place recently when a strike and shut-down was only threatened, and which are right now much more than the actual advance in cost which will result from this contract."

Humphrey remarked that it is "only reasonable to expect that these higher prices will gradually be adjusted downward when, as a result of this agreement, it becomes apparent that production will continue and a supply of coal will be currently available."

### United Nations

(Continued from Page One)  
a greater number of soldiers than the other powers.

Johnson said the Soviet plan was "impractical."

He said the United States could not agree to be limited in supplying any one kind of strength to the global force merely because another one of the big five could not supply anything in that category.

He said the United States did not believe that the discussions on the UN force were laying any basis for disarmament and added that the two questions should not be connected at this stage.

### Saint Pennant Hopes Receive Blow When Buonato Is Stricken

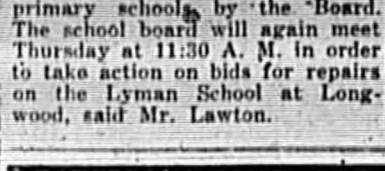

ST. AUGUSTINE, July 15, (Special)—The Florida State League pennant hopes of the St. Augustine Saints received a jolt today when Nick Buonato, star righthander, underwent an emergency appendicitis operation at East Coast Hospital.

The 19-year-old Buonato, with 11 wins against three defeats, has been a factor in St. Augustine's pennant bid. He recently threw three straight shutouts and hurled 39 consecutive innings without yielding a run. He has the lowest earned run average in the FSL.

Buonato was doing well following the operation as the Saints headed for Palatka for an important double bill.

Bob Grant, Saint business manager, stated that it will probably be three weeks before Buonato can pitch again.

### Legal Notice

**PUBLIC HEARING**  
County Court House  
Sanford, Florida  
July 10, 1947, 2:30 P. M.

Notice is hereby given that, in response to one certain petition, the State Soil Conservation District will hold a public hearing in the County Court House, Sanford, Seminole County, Florida, on July 16, 1947, 2:30 P. M. To consider the desirability and necessity of creating, in the public interest, a Soil Conservation District to include certain lands within the East Coast District of Seminole County, Florida, action taken in accordance with Florida Soil Conservation District Act, Chapter 582, Statutes 1941.

All owners and occupants of lands within the limits of the above described territory and all other interested persons, have the right to attend this hearing and be heard.

For a copy of the petition, State Soil Conservation Board.

**IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA.**

In re Estate of Lester A. Brunley, Deceased.

To All Creditors and Persons Having Claims or Demands Against the Estate of the Above-named Deceased:

You and each of you are hereby notified and required to present any claims and demands which you or either of you may have against the estate of Lester A. Brunley, deceased, late of said County, to the County Judge of Seminole County, Florida, at his office in the court house of said County at Sanford, Florida, within eight calendar months from the time of the first publication of this notice. Each claimant must submit with the claim a demand for the same, and shall state the place of residence and post office address of the claimant, and shall be sworn to by the claimant, or his agent, or his attorney, and any such claim or demand not so filed shall be void.

An Administrator of the Estate of Lester A. Brunley, Deceased.

### Unusual Discoveries Made By Reporter On West Coast Trip

By HAI BOYLA  
NEW YORK, July 14 (AP)—West coast fever from a trans-continental jetliner.

The cuspidor man's best underfoot friend, may be on the water in the rest of America, but it has many stout defenders in the far west, where the tradition of masculine rights is still cherished.

One champion of the cuspidor is Paul J. Smith, the 30-year-old young red-haired general manager of the San Francisco Chronicle.

Smith drives the real future of the cuspidor lies in the field of decorative living room rather than in its present function as floor furniture. He says three. One, a flowing bell topped model, he keeps in his office at the usual altitude.

"The other two I turned into table lamps at home," he said. "They make beautiful lamps. They've the grace of a Grecian urn."

Cautious housewives, who find no possible use for cuspidors except as drying flowerpots, may question the seriousness of this unmarried bachelor's taste. They wouldn't if they saw his home on Telegraph Hill overlooking San Francisco Bay. It's one of the most distinctive on the west coast.

Employed cuspidors for table lamps is not all unorthodox for Smith, a free-faced editor, who at 39 is still one of the nation's youngest major newspaper executives—a distinction he's enjoyed for ten years. The only thing commonplace about him is his last name.

He went into the Navy as a lieutenant commander during the war, then resigned so he could live into the Marines as an enlisted man. He got what he wanted; a posting of Pacific fighting.

He was seasick enough for the Japs to smile at his frowns, and came back with a Silver Star brought to battle by bravery.

Cremation is losing popularity in the Los Angeles area.

It rose to fashion a few years ago to a point where 21 percent of the interments at Forest Lawn Memorial Park in Glendale were of this nature.

Now only 17 percent of the burials in this widely known cemetery—a favorite with the movie colony—arrange to be

### Picnic Areas Along Highways Are Planned By Road Department

By CHAS. McGRILL  
TALLAHASSEE, Fla., July 15 (AP)—Encouraged by its enthusiastic reception given eight experimental wayside parks in West Florida, the State Road Department recently announced plans to construct the time along all principle highways.

The Department placed Cleveland Horner, a senior project engineer, in charge of the undertaking. Horner reported the state eventually will have parks of 100 and 150 of the little parks scattered about 50 miles apart along Florida's main tourist route.

Some of the parks will be more elaborate than others, but all will have concrete picnic tables, shade pavilions, fire places and picnic areas. Some of them already built have running water and showers. There is no charge for use of the facilities.

Perhaps the largest of the planned parks are two already under construction in the Tampa-Petersburg area on the West Coast. One, with 50 tables built

installed, is located on the Davis Causeway between Tampa and Clearwater. The second is between Tampa and St. Petersburg at the Tampa end of the Gandy bridge.

Horner said the parks were planned largely for the benefit of tourists, but added they are of value to anyone. The exact distance between parks will depend on tourist travel and availability of good sites.

In many cases, the road department's own right-of-way is broad enough to permit it to establish a park without the necessity of acquiring the property. If not, the cooperation of roadside property owners is sought.

"We decide where we'd like to have the park," Horner explained, "then we let the land be the owner of the property."

The cost of constructing the parks an average of \$4,000 to \$5,000 each, is borne by the road department. It also supplies maintenance crews to keep the parks in order.

Estimates by the United States census service place the total stand of Pinus palustris at approximately 200 billion feet.

Greek Fight

(Continued from Page One) mission agrees that the rebellion is being fostered by these countries.

In short, we have a situation which in any man's language amounts to war between Greece and her equally fiery neighbors. Yet the quarrel hasn't been labeled "war"—and we hope it won't be, because that would almost inevitably accentuate the difficulties already existing between Russia and the Western democracies.

Some of the little fellows are getting outspoken. For example, Albania has spat against the wind and had its say. General Doves Hoxha, Albania's Communist premier, declared that the Greco-Albanian border incidents "are part of a general anti-democratic plan of Anglo-American reactionaries whose aim is to bring about a new war, recommended by Truman's Doctrine."

Well, of course, that's only Albania sounding off, but one can't overlook that Tirana's wagon is hitched to the Russian star. It would be interesting to know who thinks up such speeches for the hardy Albanian mountaineers.

In an event, one wonders whether for once Russia and the Western Allies might not agree to let the Security Council of the United Nations put the clamps on this whole Balkan show a wee bit.

Apropos of this though, London official sources yesterday said Britain was concerned over the wholesale arrests of Communists, trade unionists and leftwing liberals in Greece. Those sources also said the cabinet has received over signs that the Greek offensive against the guerrillas was failing, and that high-level Anglo-American talks might be initiated to consider possible future steps in Greece if the situation doesn't improve.

Another source, asked whether intervention by British or American troops in Greece was possible, gave this reply (our Uncle Sam please note):

"Britain has only 5,000 troops left in Greece. We certainly will not send more, x x x Greece is more a United States than a Brit-

ish responsibility, anyway." America recognizes the responsibilities she has undertaken. Dwight Griswold, chief of the American Economic Aid Mission to Greece, announced last Friday in Washington that the United States was speeding an initial shipment of artillery, ammunition and other military equipment to Greek armed forces.

Bill Signed

(Continued from Page One) Ross, in discussing plans for the veto message, told reporters that the bill is expected to reach the White House some time during the day.

The House passed and sent to the Senate a compromise bill giving the Navy \$3,443,046,100 in cash appropriations for the current fiscal year. In addition, the bill carries \$248,000,000 in contract authority for the purchase of aircraft. It provides for a projected program supporting an average Navy strength of 395,000 enlisted and 42,000 officer personnel.

The total in the bill, as worked out by a Senate-House conference committee, is \$133,285,000 more than the amount originally voted by the House and approximately \$44,000,000 below the original Senate recommendations. It falls approximately \$234,000,000 short of the President's budget requests for cash appropriations.

Later, the House also accepted and sent to the Senate a joint conference committee's compromise of the \$55,000,000 legislative appropriations measure, the one which pays Congress' bill.

The House Armed Services Committee approved legislation overhauling the Army's court martial system.

The bill, drafted by a subcommittee headed by Rep. Elsdon (R-Ohio), provides:

- 1. For an independent judge advocate general's corp. he judge advocate general is given clemency and review authority not now vested in him.
- 2. Gives enlisted men the right to demand appointment of enlisted personnel to courts.
- 3. Prohibits commanders from exerting influence on members of military courts.
- 4. Makes it mandatory for the judge advocate general to review all court sentences whether or not they are suspended.

Papy Trial

(Continued from Page One) for their motion to quash the count.

Defense lawyers said the indictment count, charging Papy of \$500 and a case of Scotch whiskey if he would not vote on the bookie bill actually did not allege a crime under the Florida law.

They contended the Florida bribery law relates only to "bribery for acts of commission and not acts of omission."

There was no motion attacking two other counts in the indictment which charged Papy had first offered Odham \$100 to vote against the bill and had offered Rep. Clarence M. Camp II of Ocala \$100 to vote to send the measure to a committee which had previously rejected a similar bill.

Rep. Smith, one of the defense witnesses for whom subpoenas were issued today, is Rep. Odham's colleague from Seminole county and sits next to him in the House chamber.

In accusing Papy from the House floor, Odham said he had voted to send the bookie bill to the hostile committee on the advice of "my colleague" when he entered the chamber just as the roll call was being taken after Papy had made his first alleged bribery offer.

He said Papy approached him with his second offer the next day as Mr. Cobb of Volusia and I were standing near the door discussing the cattle bill," Cobb also was on the list of defense witness subpoenas.

SENORA PERON

PARIS, July 15, (AP)—The Argentine Embassy announced today that Senora Eva Peron, wife of the Argentine president, would arrive here for a visit on July 21. Senora Peron, now in Italy, will visit Portugal before coming to Paris.

German Policy

(Continued from Page One) tion authorities should continue to promote self government in Germany and shift responsibility to German government agencies as far as military security will permit.

Government officials familiar with the document told reporters it is the product of many months of intensive study and review by the State, War and Navy departments.

The new directive, they said, takes cognizance of the new developments of the past 26 months and incorporates the views expressed by former Secretary of State Byrnes in his speech at Stuttgart last year and Secretary Marshall's statements toward Germany during the Moscow conference this Spring.

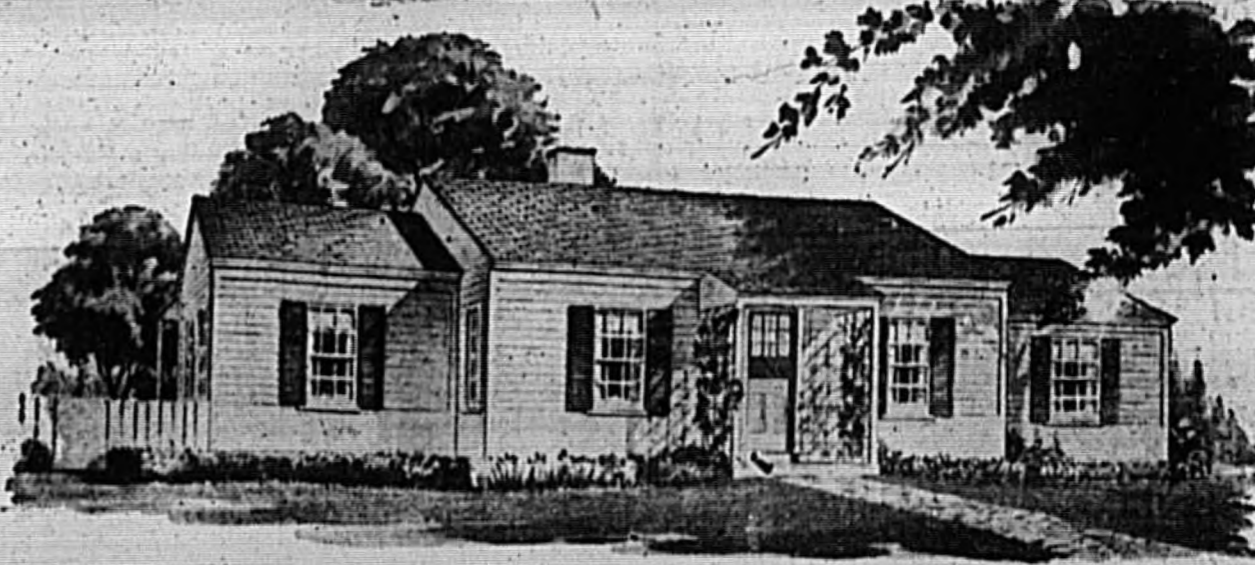

These officials said the directive represents a codification of policy developed since April, 1941. The new order reflects United States acceptance of the necessity of dealing with Germany in at least two parts, Western Germany and the Soviet Zone, but reiterates American desire for unification of the whole country.

The directive told Clay that the United States, while not wishing to impose its own "historically developed forms of democracy and social organization on Germany," nevertheless believes "equally that no other external forms should be imposed." This is presumed to be an order to Clay to oppose establishment of a Communistic or Socialistic form of government if forced on the Germans from the outside.

The directive continued: "Your government believes the ultimate constitutional form of German political life should be left to the decision of the German people made freely in accordance with democratic processes."

The United States reiterates its acceptance of the Potsdam formula for reparations but adds that the present low level of German industry "should not permanently limit Germany's industrial capacity."

If You Can Qualify

As an Authorized Knox Homes DEALER

You Can Make an Outstanding and Profitable Connection!

If your business is building, contracting, lumber or real estate, here is an unusual opportunity for you. Become an authorized Knox Homes Dealer! Secure the franchise for your territory! Each city and town offers almost unlimited opportunities, but you must act promptly.

The 4, 5 and 6 room Knox Homes are carefully designed by a Nationally known small-homes architect—built in Knox's modern plant—and backed by Knox's 50 years experience in the home building field. Full use is made of highly skilled workmanship and up to date factory assembly methods. The Knox Home is ideal in design, in construction, in durability and in cost for all home buyers in the lower and middle income brackets.

You can save financing time because Knox Homes can be constructed on the home site in 1/3 of the conventional building time. You make your own sub-contracts for foundations and chimney, plumbing, wiring and painting. Everything else is furnished you—ready for assembly—by Knox.

The construction, FHA approved, the assembly, Government-inspected, the Knox Home is the solution to the housing problem in any community—large or small.

Cash in on the greatest demand in America today—HOMES! Help supply your community with the finest small homes built. A strong advertising campaign will aid your selling. Write or wire for complete information about Knox franchise arrangement—today!

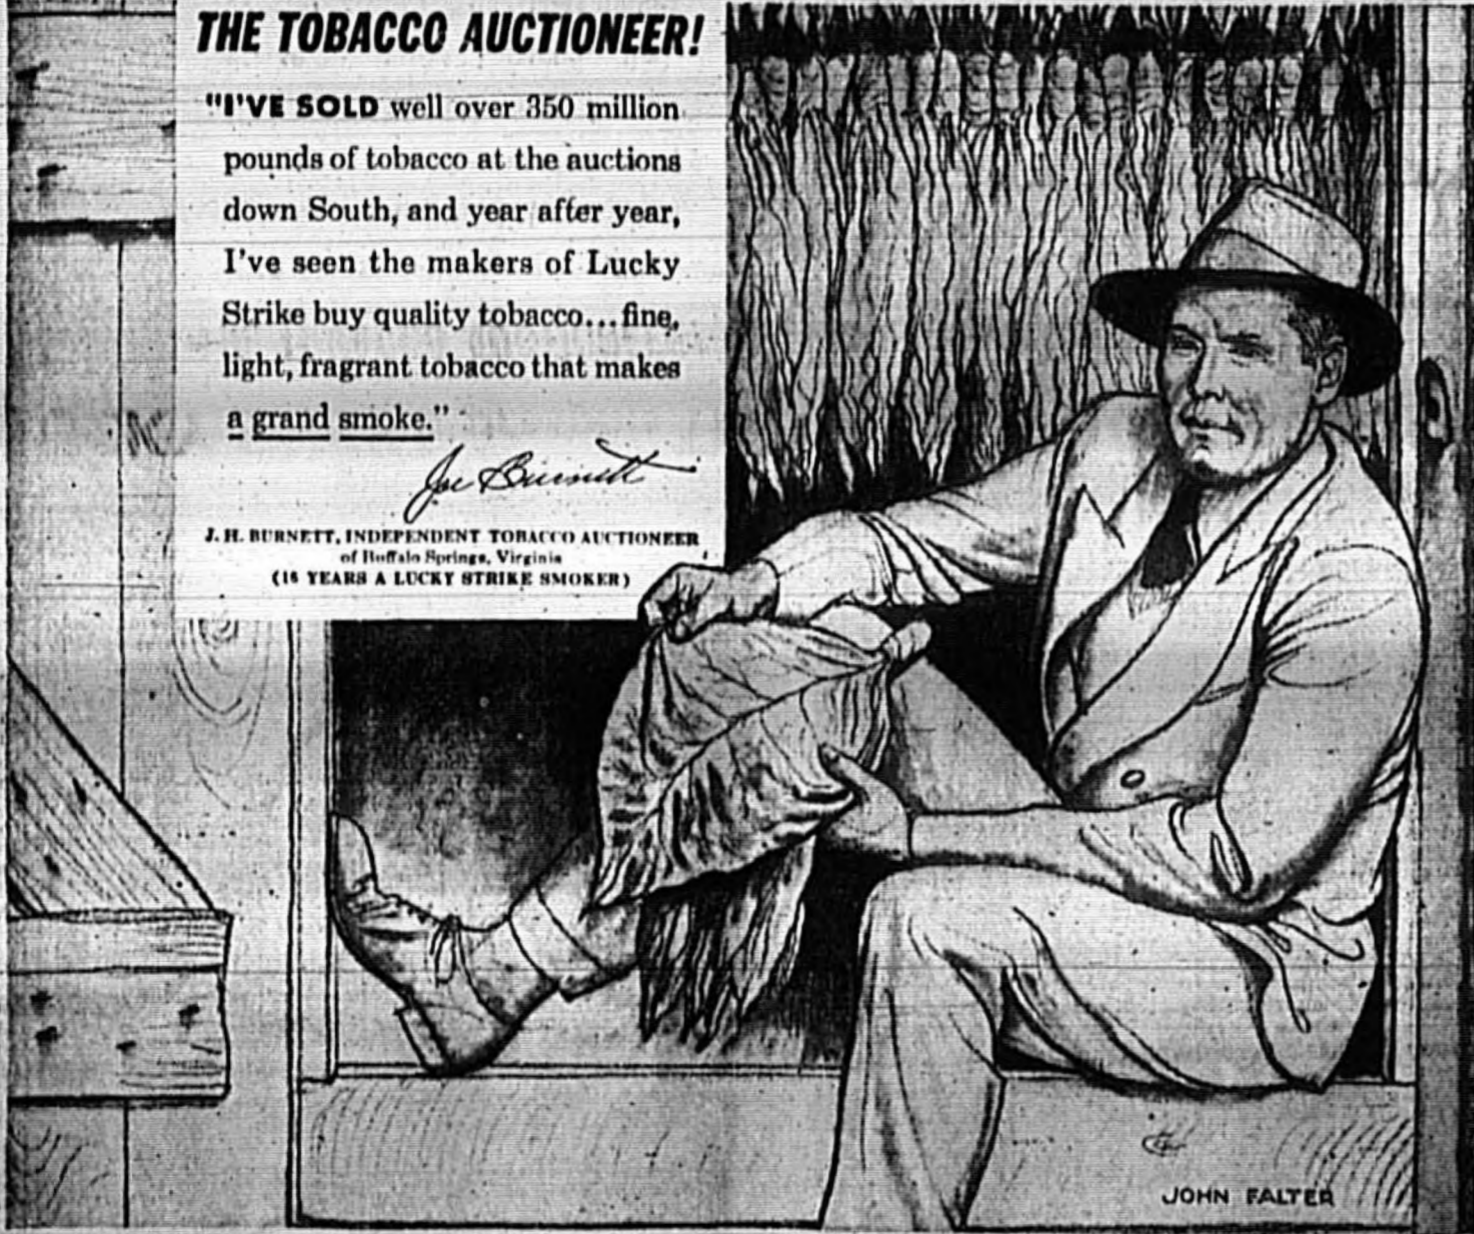

LUCKY STRIKE presents THE MAN WHO KNOWS—

THE TOBACCO AUCTIONEER!

"I'VE SOLD well over 350 million pounds of tobacco at the auctions down South, and year after year, I've seen the makers of Lucky Strike buy quality tobacco... fine, light, fragrant tobacco that makes a grand smoke."

Joe Burnett

J. H. BURNETT, INDEPENDENT TOBACCO AUCTIONEER of Buffalo Springs, Virginia (14 YEARS A LUCKY STRIKE SMOKER)

FINE TOBACCO is what counts in a cigarette

JOE BURNETT IS RIGHT!... And like him, scores of other experts... who really know tobacco... have seen the makers of Lucky Strike buy the kind of tobacco that makes "a grand smoke."

After all, that's what you want in a cigarette... the honest, deep-down enjoyment of fine tobacco.

So remember...
