President Vetoes McCarran Bill To Curb Communism

Truman Says Measure
Would Give Aid And
Comfort To Enemy;
Over-riding Seen

WASHINGTON, Sept. 22—(AP)—President Truman today vetoed the bill to curb subversives.

The President sent a long veto message to the House, which was waiting to override him on the issue.

He called the bill a measure which would "give aid and comfort to those who would destroy us."

Further, he said, it would help Communists instead of hurting them and "weaken our existing internal security measures."

The President sent a long veto message in unusual form. It was double-spaced with a one-line letter attached asking that "every member of the Congress" read and consider the message "very carefully" before balloting on passage of the bill over his veto.

But, regardless of the seven points he raised against the legislation in a 5500-word message, Congress was ready to make the bill a law.

Among other things, it would re-

**Age Minimum For
Scooter Drivers
Will Be Enforced**

State Highway Patrolman R. Harrison today called attention to the willful neglect of some parents in permitting the operation of motor scooters by children not old enough to ride these.

The new puts the minimum age for these motor scooters may be operated at 14 years, but in the future this law will be strictly enforced, he declared.

The parents of violators are the ones subject to be called into the proper courts to answer charges, he added.

Motor scooters are classified as a motor vehicle, he pointed out, and it is necessary in compliance with laws covering the minors of 14 or over hold restricted operators licenses.

Patrolman Harrison urged that parents interested in better law enforcement on drunken driving attend the showing and talk on "drunkmeters" at the City Hall tonight at 8:00 o'clock.

A thorough check of all school buses operated in the County is being made by Harrison. This is a 35-point safety check, he said, including inspection of frame sizes, brakes, etc.

HERLONG BILL
WASHINGTON, Sept. 22—(AP)—Rep. Herlong (D-Pa.) has introduced a bill to provide for the stockpiling of ramie as a strategic material.

Ramie, a soft fiber, is raised in the Everglades and other sections of Florida. It is used in the making of textiles, marine and other cordage. It is known for its durability and strength.

House Passes 328 To 7 Tax Boosting Bill

Quick Senate Action
Is Expected Today;
4.7 Billions In New
Revenue Expected

WASHINGTON, Sept. 22—(AP)—The Senate today rejected a proposal by Senator Wherry (R-Nebr.) that it retain, in modified form, his proposal for a flat tax on economic aid to nations which trade in raw materials with Russia.

The Senate Committee on Finance, which was 49 to 28, the action opened the way for a vote on acceptance of a House provision backed by Administration forces.

WASHINGTON, Sept. 22—(AP)—The House today overwhelmingly approved today a "first installment" tax-boosting bill to help pay the costs of armament against Communist aggression. Quick Senate passage was expected to put it on President Truman's desk by tonight.

A roll call vote of 328 to 7 sped the bill through the House.

Mr. Truman already has expressed himself as well pleased with the measure, and is expected to sign it immediately, even though its estimated annual revenue of \$4,700,000,000 falls short of the \$5,000,000,000 he asked two months ago.

Shortly before the vote was taken, it was announced in the House that Chairman Doughton (D-Mo.) has called the Ways and Means Committee to meet tomorrow. The plan is to map out procedure for bringing out a multi-billion dollar excess profits tax which comes back in November.

Democrats and Republicans alike went on record, in closing debate, as favoring passage of such a tax then.

Rep. Martin of Massachusetts, the House Republican leader, introduced a formal statement. He said Republicans agreed to a recess of Congress this week-end but insist we come back and in the next session and pass an excess profits tax.

This tax, Martin said, "should make provision for reasonable and proper reconversion allowances, but should rule out profiteering by anyone."

Rep. Cooper (D-Tenn.) told the House that the bill would be passed by the House.

**Firemen Attending
Fire Control School**

Firemen, as well as students, go to school, only there is no end to the firemen's school term.

Firemen at the Fire Control School, Fire Chief Cleveland pointed out today, are busy on Tuesday, which is clean-up day at the engine house, and on Saturday and Sunday, the firemen attend daily sessions to study the latest methods of fire prevention and control.

During the past week they have been drilling with pumps, machine equipment, fog nozzles, etc. Next week there will be practice with the extension ladders. Work is continuing on the clearing and repainting of fire hydrants.

Lieut. Paul Hodgins, son of Mr. and Mrs. L. B. Hodgins, 2018 Palmto Avenue, is home on 15 day leave, following the receiving of his "wings" at the advanced A.F. Base at Enid, Okla. He is now qualified as an air pilot.

He graduated from Seminole High School in 1945, attended the University of Florida for three years, and served in the Navy. A brother, Leroy Hodgins, served with the 25th Division during World War II.

LAST ROSE OF SUMMER
CHICAGO, Sept. 22—(AP)—Today was the last full day of the summer season and it was bowing out with a mixture of weather for the country.

There were cool spots, warm and humid regions and some rain. It was still summer weather over most of the southeastern states, the southwest and along most of the Pacific coast. It was more like autumn in a belt from the New England states westward across the great lakes and the plains states.

Fierce Battle Rages Over Seoul; 1st Cavalry Advances On Sangju

20 Mile Gain North
West Of Taegu Is
Turning Retreat In-
to Rout, Says Gay

By JACK MACBETH
WITH U. S. FIRST CAVALRY.
Korea, Sept. 22—(AP)—A U. S. First Cavalry task force with tanks and motorized equipment advanced 20 miles today in a breakthrough drive to trap fleeing Reds in the old southeast Korean beachhead.

The column at nightfall was Sangju, a key rail and highway junction leading to Seoul, 100 air miles northwest.

The purpose of the drive was to capture Sangju, 43 air miles northwest of Taegu, and cut the Kumsong-Hanchong road. Kumsong is 20 miles south of Sangju and Hanchong is 10 miles north.

The Kumsong-Hanchong highway is the best highway escape route for the Reds fleeing before the Allied offensive.

"She's a rout now," said Maj. General Hobart R. Gay, commanding the First Cavalry, who rode along with the column. "We've had a great day."

The troops jumped off at dawn from a village captured yesterday northwest of Taegu.

A U. S. 8th Army spokesman said elements of the 24th Division advanced eight miles today in the Allied advance sector northwest of Taegu.

The thrust placed the Americans six miles east of Kumsong, 30 miles northwest of Taegu, Kumsong is an important rail and highway hub.

British troops fighting south of the 24th Division were halted at the base of a high hill. Enemy tanks on the hill fired down on the British troops.

"The First Cavalry had been stalled in this sector since an Allied drive opened Saturday. At one point in today's drive, the task force gained six miles in six hours.

The force moved for stretches unopposed, then encountered resistance. Every time an enemy pocket was cleared out the tanks rolled on with infantry troops following.

"You can see them going up to the hills by the hundreds," said (Continued on Page Two)

Reserve Board Studies Wave Of Sales During Pre-Controls Week

WASHINGTON, Sept. 22—(AP)—The Federal Reserve Board's first shots at the inflation specter appeared today to be booming back.

But the credit control agency has a lot more ammunition left, and a well to use it.

When the board on Sept. 8 announced some fairly tight curbs on installment sales terms as a first step, it provided a 10-day advance notice before putting the restrictions into effect last Monday.

Today it was studying first results of the advance notice. It was a jump in department store sales, which usually give the first clue on the general retail picture, during the wartime period.

Department store reports to the board yesterday from over the country showed that last week's sales jumped 25 per cent over the previous week, which was a record before the credit curbs were announced.

Officials concluded that was strong evidence that consumer purchases of television sets, furniture and all the household necessities had hurried to make installment purchases before the credit restrictions took hold.

Some suggested, however, that the increase in purchases supported the board's idea that a "mild" tightening up will be sufficient. (Continued on Page Two)

Everett H. Webb, 57 Died Wednesday Night

Everett H. Webb, 57, died Wednesday night in the local hospital following an illness of more than three years.

Born in Casla, Fla., Dec. 4, 1922, Mr. Webb was formerly employed by Lee Brothers. He was a member of the Masonic Lodge and the American Legion Post No. 53.

He is survived by one sister, Mrs. Leola G. Egger of Lake Monroe.

Funeral services will be conducted at Erickson Funeral Home at 2:30 P. M. Sunday with the Rev. W. P. Brooks, Jr. officiating. Burial will be in Sylvan Lake Cemetery. The Masons will have charge of the grave side services.

BRADLEY PROMOTED
WASHINGTON, Sept. 22—(AP)—President Truman today pinned on the shoulders of General Omar N. Bradley the fifth silver star of the General of the Army—the nation's highest military rank.

SLACK SENTENCED
GREENVILLE, Tenn., Sept. 22—(AP)—Alfred Dean Slack today was sentenced to 15 years in a federal prison for wartime spying for Soviet Russia.

Judge Robert L. Taylor in pronouncing sentence termed Slack's espionage activities for Russia "shocking."

The judge then ignored the government's recommendation for a 10-year sentence for Slack, who pleaded guilty last Monday and begged for mercy.

TOO EXCITING
NEW YORK, Sept. 22—(AP)—A 49-year-old bank messenger died of a heart attack today moments after four armed masked men snatched a \$16,000 payroll from him and fled through downtown Brooklyn streets.

Harry Shadkin collapsed and died as he was reporting the hold-up by telephone to police.

Finance Plan For
Terminal Related
By City Manager

The advantages of private financing for the proposed lakefront terminal over those proposed by the Reconstruction Finance Corporation were pointed out today by City Manager Clifford M. Kilduff.

He was referring to the recent release of a fiscal agency report sent between the City and the bonded home of Fisher Hayes and L. H. Glomieux, both of Knoxville, Tenn. in the form of a 30 day option to purchase \$300,000 in revenue bonds for construction of the terminal and warehouse facility.

The R.F.C. commitment is authorized by a board of three trustees last November was for only \$200,000 which in the light of price rises, he said, would not be adequate to construct the warehouse, which tracks, included (Continued on Page Two)

LET CROSSING

WASHINGTON, Sept. 22—(AP)—Two Air Force F-84 Thunderbolt fighters took off from Mansfield airbase in England at 8:00 A. M. today on a second attempt to fly 3,000 miles non-stop to New York.

An F-84 headquarters announced that the two single-engine planes, piloted by Col. Dave Schilling and Lt. Col. W. D. Ritchie, completed their first crossing over Prestwick, Scotland, and four later they hoped to land with eight hours.

BLUE KEY BANQUET
GAINESVILLE, Sept. 22—(AP)—Major General James A. Van Fleet, commanding general of the 2nd Army, has accepted an invitation to speak at the Florida Blue Key banquet during the University of Florida's 1950 homecoming, Oct. 13-14.

Van Fleet served as a professor in the military department here from 1921-24 and from 1929-33. He was also head football coach for two years and varsity line coach during the heyday of Florida football.

DR. HUNCH HONORED
OSLO, Norway, Sept. 22—(AP)—Dr. Ralph Bunche, former United Nations mediator in Palestine, has been awarded the Nobel Peace Prize.

Bunche, an American Negro, succeeded Count Folke Bernadotte as the U. N. mediator in Palestine after Bernadotte was assassinated on Sept. 17, 1948. Bunche negotiated the armistice between the new State of Israel and the Arab States which ended the state of war there.

7th Division Seizes
Suwon Cutting Road
From South Korea;
Air Field In Use

By DON WHITEHEAD
WITH U. S. MARINES OUTSIDE SUWON, Sept. 22—(AP)—U. S. and South Korean Marines blasted their way to the outskirts of Seoul today against a 10,000-man Red defense line.

(This dispatch was written at 4:55 P. M.—2:55 A. M. EST—and couriered to an airfield in Southern Japan where it was telephoned to Tokyo at 8 P. M.—6 A. M. EST today.)

By mid-afternoon the Marines had not entered Seoul proper although patrols were moving toward the city limits on the west side.

The sprawling city of more than 1,000,000 normal population may become one of the bloodiest battle-grounds of the Korean war. The Reds are preparing for house-to-house fighting. This could mean the destruction of a large part of the capital.

On the southern front of the Incheon-Seoul beachhead, a task force from the U. S. Seventh Infantry division rolled southward and captured the big airport of Suwon, 20 miles south of Seoul.

The infantry took the airfield with little opposition and a defense quickly was thrown around the field. It had been abandoned more than two months ago by the Americans on their southward retreat.

Civilians fleeing from Seoul say the Communists are building stone barricades at street intersections and digging trenches in the streets for stand-off defense.

On Nam-gu, the Korean term for South Mountain, which the city is built around and which has a large park on its slope—the (Continued on Page Two)

Absentee Ballot Applications May Be Had Tomorrow

Applications for absentee ballots may be obtained in the office of the Supervisor of Registration in the Court House beginning tomorrow. It was announced this morning by Louise V. Messenger, Registrar.

All those who have not registered to vote in the General Election to be held on Nov. 7 may do so any time between now and Oct. when the books will be closed. His office is open daily from 9:00 A. M. to noon and from 2:00 to 5:00 P. M. except Saturday when it closes at noon.

The supervisor requests all those who have changed their address, their names or have had any other change in their registration status since re-registration in the spring, to report to his office to update the voters' records upon the books. This is a requirement of law.

All applications for absentee ballots must be in the office of the Supervisor of Registration in the Court House beginning tomorrow. It was announced this morning by Louise V. Messenger, Registrar.

Annual Reception Is Given By P. T. A.

The annual reception given by the executive board of South Side P.T.A. was held yesterday in honor of the new teachers and parents. Mrs. R. W. Williams, outgoing president, presented the new president, Mrs. M. R. Strickland with a president pen. Mrs. J. C. Mitchell, principal, introduced the new teachers, at which time W.T.H.R. played the new teachers with special music. It was announced that the third grade won the room count.

The tables were attractively decorated with multi-color hibiscus and fern. Refreshments consisted of punch and Scotch bread. Parents who assisted in serving were Mrs. E. W. Herron, Mrs. Julian Ponder, Mrs. S. Butler and Mrs. D. H. Watkins.
Approximately 115 teachers and parents were present, including Mrs. Ruth Hand, General Supervisor; Mrs. Escar Price, Music Instructor; Mrs. Mildred Babcock, Art Director; Mrs. Margaret Graham, Speech correctionist; and Mrs. Carl Pitzer, who talked on the Lunch Room Program.

GENEVA NEWS

The Geneva Garden Club held its first meeting of the season at Community House on Sept. 15th with Mrs. G. C. L. Files, President, presiding. The hostesses were Mrs. W. G. Killen, Mrs. George Lindsey and Mrs. George Taylor.
Mrs. W. W. L. Sieg, program chairman, explained the new year books, calling attention to the aims for the year, and some of the outstanding programs. Members awarded roll call by giving the names of their first teachers and location of the school.
Mrs. Henry Simson gave excerpts from "Garden Leaves" giving pointers for September in Florida Gardens.
The guest speaker was Dr. Philip Westgate, of the Central Experiment Station in Sanford. Before launching into his talk, Dr. Westgate told a little about his trip, showing a bottle of many colored sands from the painted desert, a piece of polished

School Day Enjoyed By Ware Bible Class

The R. W. Ware Bible Class members met at McKinley Hall, First Methodist Church, last Tuesday night. The business meeting was held with Mrs. E. U. Hutchison conducting the devotionals in which she gave a talk on the meaning of World Wide Communion, and about the service men who were attracted to this sacred ceremony. R. U. Hutchison read the minutes, and explained the new Bible course which is hoped to be included in the Sunday School Class.

Annual Reception Is Given By P. T. A.

P. H. Wyatt, outgoing president, discussed old and new business with the members. Officers were nominated for the coming year. Miss Norma Norwood will assist Gretchen Lewis Crowell at the Old Fashioned Found Party to be held at McKinley Hall in October. All old and new members are invited to come in old fashioned costumes and the ladies are to bring a cake, and the gentlemen to bring fruit.

After the meeting School Day began. Each member carried lunches in paper bags. The ladies wore large gray bows in their hair and the men wore bow ties. "The School Room" was decorated with a banner across the wall with the familiar song School Days, accented here and there with black and white musical notes. The pupils marched in a long hickory stick was propped near her desk. With the hickory stick, Mrs. Carl Chouping, Sr. led the singing of "My Country 'Tis of Thee," and "School Days." A Nursery Rhyme Recital was held, and a prize was given to R. U. Hutchison for the best recitation. Bible questions were asked and the "pupils" in the typical school manner raised their hand to answer. School was dismissed and refreshments were served by Mrs. J. N. Azzarello and Mrs. Mary McKinney to the following:
P. H. Wyatt, Mr. and Mrs. R. U. Hutchison, Mr. and Mrs. L. M. Swain, Mrs. J. H. Tindal, Mrs. C. E. Chouping, Sr., Mrs. Mary McKinney and Sandra, Mrs. J. N. Azzarello, Norine Norwood and Gretchen Lewis Crowell.

purified wood from the petrified forest, and a bowl of varicolored clay. Dr. Westgate's topic was "Fall Planting".
He gave an instructive talk on Florida soils and water, and named 33 vegetables and about 35 kinds of flower that may be started in September. This was followed by a period of questions and answers, after which refreshments were served.

Miss Margaret Anley Weds C. E. McKee

In a lovely setting of the First Baptist Church, Miss Frances Margaret Anley, daughter of Mr. and Mrs. A. W. Anley of Lake Mary became the bride of Clarence Edward McKee, son of Mr. and Mrs. C. E. McKee of this city. Wedding night at 8:00 o'clock with Dr. W. P. Brooks, Jr. officiating.
The church was decorated with tall baskets of white gladiolus and white chrysanthemums against a background of palms and fern. Tall branched candelabra shed their glow on the wedding party assembled there. White gladiolus and greenery marked the family pews.

Prior to the ceremony, Mrs. Marvin Milam rendered a program of nuptial music and J. Martin Stimpcher sang "Because," "For You Alone" and "The Lord's Prayer." The traditional wedding marches were used and Mrs. Milam played a background of palms and fern. Tall branched candelabra shed their glow on the wedding party assembled there. White gladiolus and greenery marked the family pews.
Given in marriage by her father, the bride was lovely in a white satin gown featuring a sweetheart neckline and a tight fitted bodice. Long fitted sleeves came to points over the hands. The skirt was gathered, and fell into a short train. A beautiful chantly lace cape fell over the bride's shoulder. A finger tip veil of imported French illusion fell from a coronet of lace and illusion. Her only jewelry was a necklace, worn by the bride's maternal great grandmother. The lovely wedding gown was worn by Mrs. Raymond Kader at her wedding. The bride carried a bouquet of white, carnations and tube roses showered with orange blossoms.
Miss Carolyn Whitehead of Athens, Ga. who served as maid of honor, wore a gown of blue fabric, featuring a long pointed bodice, and tiny covered buttons. Her head piece was a close fitting green taffeta cap. She carried an old-fashioned bouquet of mixed pom-pom chrysanthemums with matching ribbons.
The bridesmaids, Miss Mary Kenis, Miss Bernard Haskley, Miss Peggy Howell and Miss Robbye Morton wore gowns of white taffeta, using the same pattern design as that of the maid of honor. They also carried old-fashioned bouquets with matching ribbons. Little Miss Linda Eshola flower girl, wore a yellow taffeta dress and carried a basket of rose petals.
Acting as best man for Mr. McKee was John Ludlow of Westfield, N.J. The ushers were: Kenneth Wolfe of Chattanooga, Tenn.; Buny McCall, David Jackson and Woodie Anley, brother of the bride.

Mrs. Anley, mother of the bride, wore a gown of blue fabric with a lace yoke. She wore a corsage of pink roses. Mrs. McKee, the groom's mother, wore a mauve crepe gown with a corsage of bronze color roses.
Immediately after the ceremony, a reception was held at the home of the groom's parents. Receiving the guests were Mrs. Harry Lee and Mrs. Raymond Kader and

When Hope Was Born His Father Feared He Had Sired Woodpecker

By BOB HOPE

When I was born (and I was born despite any reports to the contrary), my father took one horrid look at my nose and exclaimed, "God, I have sired a woodpecker."
"No, dad," I lisped (I was quite young at the time). "It's me, your son, Bob."
"Watch your language, kid," he snarled. "Don't let it get around that you're a member of the Hope family."
However, it was impossible to conceal this fact, and a short time later we moved from England to Cleveland. I tried not to pay any attention to my nose, but by the time I would go away, but by the time I was 12, I realized I was stuck with it. Literally, too, because they didn't call me "Needle-Nose Robert" for nothing.

But six years later a lucky thing happened. I fell out of a tree and landed smack on my face. One of the greatest plastic surgeons in the country operated on me (although I come to think of it he did look a lot like Groucho Marx), and for days I waited expectantly for the bandages to be removed. My father was in the room when this momentous event occurred. Carefully the doctor unpeeled layer after layer of gauze until my face was bare.
"Well, a woodpecker with an up-

side over the bride's book was Mrs. Charles Flanders. Service cake during the evening was Mrs. S. A. Davis and Mrs. O. C. Gibbs. Presiding at the punch bowl were Mrs. C. Stuart Brown and Mrs. Joe Davis.
Others assisting were Mrs. T. E. Roberts, and Mrs. Truett Roberts of Donaldsonville, Ga.; Mrs. G. D. Moreland of Leesburg, Ga. and Miss Mona Ruth Mills.
The McKee's home was attractively decorated with baskets of white gladiolus, pink roses and white roses. A beautiful arrangement of pink vine and fern was on the mantel and white roses formed the setting for the buffet.
The bride's table was covered with a hand-made lace cloth and centered with an arrangement of pink roses, white lilies and fern. At one end of the table was a three-tiered wedding cake topped with a bride and groom and flanked with fern and punch was served in a crystal bowl from the other end of the table.
Following the reception the couple left for a short wedding trip. For traveling, Mrs. McKee wore a rust corduroy suit with matching hat. Her accessories were brown and she wore a corsage of white roses.
Out of town guests for the wedding were Mrs. T. E. Roberts of Donaldsonville, Ga.; Mrs. G. D. Moreland of Leesburg, Ga.; Mrs. Truett Roberts of Donaldsonville, Ga.; Miss Carolyn Whitehead of Athens, Ga.; Kenneth Wolfe of Chattanooga and John Ludlow of Westfield, N.J.

Hollywood By BOB THOMAS

HOLLYWOOD, Sept. 21.—(AP)—Burt Lancaster has cast aside his gat and his slouch hat for a javelin and a sweat shirt.
The former film mobster has gone on a sports jag and is getting himself the rep. of being Hollywood's No. 1 athlete. Lancaster's prowess was hidden under his tough guy roles until a couple of years ago. He did his old circus act at the gala opening of Barnum and Bailey-Ringling Brothers Circus here and amazed the town.
Then he defied tradition and performed his own stunts in "The Flame And The Arrow," leaping about the scenery like a mountain goat. He went out on an appearance tour and recreater the stunts to convince the doubting Thomases.
Now he is enacting the famed Indian athlete in "Jim Thorpe, All-American" and doing stuff that would make the average actor a bundle of Charley-Horace.
"It has opened a whole new facet of my career," Lancaster commented. "Before, I was usually the guy whose wife had run out on him or who got into trouble with the cops or something."
"I wanted to do the sports scenes myself," he explained. "I think it lends more authenticity to a picture. I had to learn most of the things from scratch, since I never did much track or football as a kid. I played a lot of basketball and baseball, which I what kids play mostly in New York."

Mrs. Hallock has the Art Bulletin boards off to a swell start this year. In the downstairs hall a side idea was portrayed by having all the names of the newcomers. Up stairs we have one announcing the football game tonight in Orlando. All the people who contributed to these have done fine jobs.

Norma Fay Harvey has a birthday soon. Saturday, isn't it? Cat's future father-in-law caught her skipping school.
Mrs. Coleman surely did have on a pretty suit the other day. Soft pink with her coloring. Wow!
I was where there in a new box at school. Name of Bob. Sin-hair she states a little blonde sophomore. Wonder why Marie Morrison walks backwards when she goes home. Could it be a boy by the name of Joe?
Glad to have Marie Cromie here with us. She built from Vandy way. Seems that Alberta Hesse goes with her brother. Bill. Heard talking to Linda Leonard. Betty Lou and David Hester walking down the halls together. Lucy Guff says she's in love! Wonder who?
I hear people debating about the length of the short leaders. Marie Carolyn Patrick likes 'em short. However, some prefer they long.
Have you heard the latest?
"Anyone could think I was nothing but a cook in this house," the wife complained.
"Not after a couple of months they wouldn't," the husband retorted.
See ya'll at the same. Ends night.

Tigers And Celery Feds Open Season In Orlando Tonite

9,000 Fans Expected To Witness Opener At Orlando Stadium

The Seminole High School Celery Feds will open their 1950 football season at Municipal Stadium in Orlando tonight when they meet Orlando Tigers in a game slated to get underway at 8:15 P. M.

Fed Coach Carl "Goose" Kettler, after putting the boys through several days of hard scrimmaging, limited the practice session yesterday to signal drills and other light practices.

Kettler, who is very well pleased with the showing that the Feds have made thus far in practice, says "The boys are ready, although inexperienced they are a game club".

"They are definitely an improved, faster, and more aggressive club than last year," he added.

An estimated 9,000 Sanford and Orlando fans are expected to be on hand for the kick-off of one of the largest opening games ever to be witnessed in Orlando.

The Feds, although the underdog of the contest, are expected to make a good showing against the much stronger and more experienced Tigers.

"The boys are ready. They aren't afraid and they're in top shape physically and mentally," Kettler said. "I only hope they can put up a good fight and a good showing without incurring any injuries," he added.

Expected to carry the load for the Tigers are Byron Eicher, full back; George Foti, blocking back; Doug Hudson, letterman left half; and Carlton Burroughs.

The most promising Feds are: Frankie Stenstrom, hard hitting right half; Clarence Cause, a very fast left half; Kenneth Gano, a hard hitting end that is really in three fighting; Mike Wheeler, very same left guard; and Walt For Routh, the biggest on the squad and filling the left tackle position very well.

The tentative starting lineups and weights are: Sanford: Pos. (170) Bass (170) L.T. (190) Roub (190) Whalsh (178) Cordell (180) C. (180) Lechard (185) RG. (190) Haggart (190) RT. Stetson Is Ready For Troy State; Safetyman Meeks To Be Benched

DELAND, Sept. 22.—(Special)—The Stetson University Hatters will send a virtually intact football team against the Troy State Teachers College Red Wave in the opening game of the year for the Green and White at the Municipal Stadium here tomorrow night at 8:00 o'clock.

However, last minute changes in the starting lineups were made yesterday by Coach Joe McMullen, who asserted that safetyman Billy Meeks will be unable to play. Meeks is nursing a charley horse which he received in the practice game with the Miami Hurricanes last week. Bobby Marks has been transferred to the defensive squad and Fulmer Armstrong moved into the right halfback post to replace Meeks on the offensive club.

Following a fast session at Hubley Field this morning, Coach McMullen pronounced his group of 42 Hatters to be ready for the Troy aggregation. "I am not going to make any rash statements about the game tomorrow, but I feel that we can win the game, if the boys play the Hatter system to the letter," he continued. The Hatters lost to Troy last year by a 10 to 0 count.

"I will say one thing I do believe we will score on the Teachers. That is something the Hatters squad was unable to do," he continued. The Hatters lost to Troy last year by a 10 to 0 count.

The Stetson team, despite having 19 freshmen, is expected to play a wide-open brand of ball, which will be pleasing to watch. McMullen employs the Winged T offense, which combines the capabilities of both the single wing and the T formation. High on the Hatter list for the past two weeks has been work on passing and the right arms of Quarterbacks Bill Johnson and Tom DeLilla have been getting solid workouts.

Fulmer Armstrong, Deland product, is expected to carry the burden in the Hatter kicking department, which averaged 35.2 per try last year. The probable starting lineups will include:

STETSON I.E. Bob Martin, 205 I.T. Al Sappa, 210 I.G. Paul Olson, 242 (Co-Capt.) C. Neil Nelson, 185 RT. Jack Hickey, 170 RH. Dick Hendry, 205 HT. Dave Lunde, 195 PE. Bill Johnson, 180 QB. F. Hogan, 180 (Co-Capt.) LH. Bill Han, 165 FH. Fulmer Armstrong, 195 RH. TROY I.E. Jack Davis, 190 I.T. Jack Miller, 190 I.G. Carol Roney, 185 (Capt.) C. Fred Langcaster, 170 C. J. D. Chesteen, 195 RG. Kenneth Hammond, 200 RT. Earl Douglas, 185 RH. Dewey Renfro, 150 QB. Ted Frankham, 168 LH. C. Riddle, 180 (A.H. Capt.) FH. Mark Hooks, 165 RH.

Gators Work Out On Goal Line Plays For Citadel Game

GAINESVILLE, Sept. 22.—(AP)—The emphasis was on detail last night when Florida's Gators held their second night workout in preparation for the opener against Citadel here Saturday night at 8 o'clock.

Coach Bob Woodruff took pains taking time to explain every minute point of the "goal-line defense and offense to be used by his youngsters in their 1950 debut.

After practice the players stayed for a night pep rally that included drum majorettes, cheer leaders, the band and individual introductions of all varsity coaches and players.

Yesterday afternoon the Florida offensive team had a surprise and welcome—holiday while the defensive boys worked on the fundamentals of play to be used Saturday night.

The only really doubtful injury on the first two teams finds sophomore back Scotty Peck still on the uncertain list (otherwise the Gators seem physically ready to start the new season).

Punters Fred Montalosa, J. Hall, Buford Long and Dick Farnsworth on their long-distance and coffin-cornery kicking last night, and Pace also spent time on after-touchdown placements.

The offense went back into practice action. Quarterbacks and passers Angus Williams, Haywood Sullivan and Kent Stevens were throwing to other backs and ends. Halfbacks Loren Broadus, J. Hall, Buford Long, Jack Nichols, Bubba McGowan and Sam Osterhout came in for a heavy share of the running chores along with fullbacks Montalosa, Floyd Huggins, Ken Sumner and Billy Redbell.

At last night's workout the team wore its new game uniforms for the first time to break them in for tomorrow's clash.

In the opener the Gators will wear a dark blue helmet with an orange stripe running from front to back, blue jerseys with white numbers, and white pants with small orange and blue stripes down the side.

Probable Florida starting lineups:

Offensive: Don Brown, Left End, 190; Curtis King, Left Tackle, 192; Dick Rowe, Left Guard, 185; Martin Carlton, Center, 191; Carroll McDonald, Right Guard, 199; Dan Hunter, Right Tackle, 215; Bob Knight, Right End, 188; Angus Williams, Quarterback, 162; Loren Broadus, Left Halfback, 184; Hall, Right Halfback, 188; Fred Montalosa, Fullback, 164; Defense: Jimmy French, Left End, 199; Charlie Laprad, Left Tackle, 211; Billy Morris, Left Guard, 190; Dick Petri, Right Guard, 184; Jack Wilcox, Right Tackle, 202; Bobby Flowers, Right End, 178; Loren Broadus, Quarterback, 154; Leroy Pucher, Right Halfback, 162; Angus Williams, Left Halfback, 162; Charlie Ware, Fullback, 175.

Phils Still Hold Practice In Spite Of 7 Game Lead

PHILADELPHIA, Sept. 22.—(AP)—The National League's pennant-bound Philadelphia Phillies took a day off today at the ball park.

Not quite content with the batting and fielding that has them seven games in front of the Boston Braves and Brooklyn Dodgers, the Phils reported at Shibe Park for further workouts.

And while the White Kids were ironing out some of the kinks, the groundskeepers were having a little workout of their own—re-sodding the Shibe Park infield for an almost certain World Series date Oct. 4.

Among the players, one of the most intent was Robin Roberts, young right-hander, scheduled to start against the Brooklyn Dodgers tomorrow in the first of a two-game series.

A veteran Brooklyn toner would go a long way toward eliminating the 1949 pennant winner from the present flag scramble.

In addition, Roberts could be the first Phillies hurler to win 20 or more games since Grover Cleveland Alexander turned the trick in 1917. Roberts has racked up 19 wins to date.

Also being down in the bullpen was Emory (Bubba) Church, who has been out of action since he was struck by a liner from the bat of Cincinnati's Ted Kluszewski a week ago.

Both Church and Bob Miller, soukie hurler out with a pulled shoulder muscle, hope to be back on the mound before the end of the season.

Another returned from the injured list was outfielder Dick Sleser, who has been sidelined with a wrist he banged against the wall on an attempted catch.

A long ball hitter with a healthy batting average, Sleser could do much to bolster the Phils' waning offense of the last week.

The Phils, with all their remaining 11 games against the eastern clubs, finished with a favorable win-loss balance against the western teams. Their record against St. Louis 12 wins and 10 defeats, Pittsburgh 14 and 8, Chicago 13 and 9, and Cincinnati 18 and 4.

Their longest losing streak of the season was five—and their biggest skinn of wins the same. In the matter of one-run decisions, frequently considered the true test of a champion club, the Phils have copped 20 while dropping 14.

Schultz's Relief Job Places Vols In Lead

NASHVILLE, Tenn., Sept. 22.—(AP)—Aided by five Atlanta errors, southern Bob Schultz fast-balled the Nashville Vols to a 7-6 victory over the Crackers in the third game of the Southern Association playoff finals last night.

The victory gave Nashville a 2-1 lead in the best of seven series for the right to meet the winner of the Texas League playoffs in the Dixie series.

Schultz went in as a relief hurler in the eighth with Nashville leading 7-5, none out and men on first and third. Only two nights before he's gone all the way to give the Vols a 6-5 victory in 11 innings.

He struck out Eba St. Claire, then let Hank Ertman come in on Ellis Clary's single. Bob Clary was out trying to make second and pinch hitter Frank Baldwin filled out, ending the rally. Schultz faced only three men in the ninth, fanning two and forcing the third to ground out.

The jittery Atlantas made five errors and six of Nashville's runs were unearned. Relief hurler Al Heenseck walked in what proved to be the winning run in the sixth after Nashville loaded the bases on a walk and two errors.

The Crackers made three errors in the third when the Vols grabbed their six run lead. A Nashville error gave Atlanta four unearned runs in the fifth.

Ed Mathews and St. Claire pooled homers for the Crackers. Johnny Liptak hit a circuit clout for Nashville.

The two teams meet again tonight in the fourth game of the playoffs.

Phillies Call Hatt To Series Requests

PHILADELPHIA, Sept. 22.—(AP)—The Philadelphia Phils are not accepting any more requests for World Series tickets—they've more than they can handle already.

Phil President Robert R. M. Carpenter, Jr., said no applications would be accepted postmarked later than midnight last night.

The series opens in the National League park next Wednesday.

The league leading Phils began accepting applications at midnight Tuesday. Carpenter estimated that if the Series went the full seven games the Phils could accommodate 92,000-23,000 for each of the potential four games scheduled in the National League park—in addition to club, league and other officials.

The club received over 100,000 applications in 24 hours. At least one-fourth of the applications were rejected because of too early postmarks or because of irregular return addresses. Carpenter had limited each purchaser to two tickets to a single game in an effort to distribute them to as many fans as possible.

Southeastern Teams Gamble On Tough Opening Games Tomorrow

By ASSOCIATED PRESS The bold trend in football scheduling—take a chance on getting beat and play good opening opponents before money making crowds—will be followed tomorrow by three ambitious Southeastern Conference teams.

Louisiana State meets Kentucky in Lexington in a game which sounds like a November special. Georgia Tech plays Southern Methodist in a national headliner in Dallas.

Georgia takes on the split "T" Terrapins of Maryland in another game which ranks at the top nationally.

Kentucky's 36,000-capacity Stoll Field tomorrow night either will be full or very close to it, giving the loser a heavy pocketbook. Kentucky's football season begins tonight. Auburn plays Wofford in Montgomery and Mississippi plays in Memphis against Memphis State.

Middle Tennessee opens Vanderbilt's schedule in Nashville in an afternoon game tomorrow and Mississippi Southern plays in Knoxville against the Tennessee Vols who almost have passed Kentucky as the best thought team in the SEC.

Mississippi State plays at home in Starkville against Arkansas State after 10 games without a victory. Alabama, the SEC dark horse, tunes against Chattanooga at Birmingham in a night game.

Tulane is the only SEC member without a game. In an effort to prevent knots in the lineup, forecasts are tentatively removing buds more than 2 1/2 inches high on young pines.

American plains Indians used dogs for transportation before horses arrived on the continent.

"Matter" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, September 17.
The Golden Text is: "Every plant, which my heavenly Father hath not planted, shall be rooted up" (Matt. 15: 13).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For all flesh is as grass, and all the glory of man as the flower of grass. The grass withereth, and the flower thereof falleth away: But the word of the Lord endureth for ever. And this is the word which by the gospel is preached unto you" (1 Pet. 1: 24, 25).
The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The crude creations of mortal thought must finally give place to the glorious forms which we sometimes behold in the camera of divine Mind, when the mental picture is spiritual and eternal. Mortals must look beyond fading, finite forms, if they would gain the true sense of things. Where shall the gaze rest but in the unsearchable realm of Mind?" (264: 3-10).

Soil Conservation News
By LESLIE A. JACOBSEN
Plannin' Technician of U. S. Soil Conservation Service

Last Tuesday we enjoyed going over the 120-acre ranch John Talton is developing with his brothers just east of Apopka. Mr. Talton is a cooperater with Orange district and is doing a fine job of developing his land according to its use capabilities as described in his soil and water conservation plan.

He has soils varying from very light drouthy sands to wet sticky muck. He realizes that proper forage plants must be selected for planting on soils where they can be expected to grow best. This summer Mr. Talton planted a mixture of Alyce Clover and Pensacola Bahia on the more sandy dry portions of his ranch. He knows that the Alyce Clover will provide nitrogen for the grass to use as well as grazing for his cattle. The Pensacola Bahia was chosen for planting on this class of land because of its deep rooting habits which make it stand up well during dry periods and because it makes a good winter and spring pasture. Pangola grass was planted this summer on soils intermediate between his real dry land and his bottom land and will be used primarily for summer grazing.

About Oct. 15 Mr. Talton plans on seeding a mixture of Louisiana White Clover, Kentucky 31 Fescue, Dallis and Carpet grasses on the 31 acres of bottom land which surrounds their 15-acre lake. This pasture mixture will provide grazing throughout the year but will be most valuable as a winter and spring pasture. The various classes of land with their adapted forage plants will be separated by fences. Fencing land in this manner simplifies the problem of liming, fertilizing and pasture management and permits controlled seasonal grazing where the forage plants are grazed at the proper stage of growth. Mr. Talton wanted to do something to improve fishing in his

chart on the wall indicating the effect of alcoholic intake. Up to .05 percent of alcohol in the blood was marked blue, or safe. None of the tests made last night exceeded this limit. Five to 15 hundredths were marked orange, or questionable. Fifteen to 45 hundredths were marked red or illegal. Fifty hundredths or one half of one percent was black, indicating a fatal percentage. Judge Douglas Stenstrom was much interested to learn that in a Tampa case the State Supreme Court had upheld a Circuit Court conviction of drunkenness based on a blood test, and he examined the

lake. Howard Bisland, Soil Conservation Service Biologist, examined the lake this summer and found it out of balance which meant that the ratio of forage and carnivorous fish was not as it should be. We will remove the present fish population soon and the U. S. Fish and Wildlife Hatchery at Welaka will restock the lake with the proper ratio of bass and bluegills. Mr. Talton will fertilize the pond to increase its fertility and manage it for maximum fish production. At the conclusion of our visit Mr. Talton said to us, "If this plan doesn't work properly, you will hear about it; if it does, you are always welcome to have steak with us." With good beef at a premium, that was a challenge we were glad to accept.

drunkmeter carefully. Any officer with some background of chemical knowledge can easily learn to operate the drunkmeter, the visiting officers stated.

Just sharpen your pencil— and there you are!

ACROSS this broad land there are thousands of people who have been doing themselves a disfavor. Seems they "just naturally assume" a Buick is beyond their reach—and so pass up the car they're really itching to own. Now why "assume" anything as important to your happiness as a new car? Why not see for yourself how delivered prices run—how close Buick matches your own budget—how frequently it is priced under some cars you may be considering? Then—if there is a particular car in mind—sharpen up your pencil a little. Is it a six—or an eight, like Buick? If an eight, is it a valve-in-head eight? That adds a plus in efficiency, you know, even without the extra edge of Buick's Fireball power.

Will you ride on four soft coil springs, as in Buick—pr on only two? Will the drive be through a sealed torque-tube that keeps the rear wheel assembly firmly aligned? It is in a Buick. Do you get soft, low-pressure tires as part of the price—or as extras? Will you have bumper guards built as part of the bumper, or a one-piece cast-metal grille that can be costly to repair or replace? Does the price include air cleaner; oil filter; dual horns, windshield wipers and sun visors; an automatic dome light; self-locking luggage lid; a single key for all locks? And is there an automatic drive*, or one in which gears still shift in normal driving? *Optional. Drive is standard on Roadmaster, optional on other Buick models.

UN Asked To Divide Korea By Yugoslavia

Tito's Vice Premier Attacks Those Supporting Aggressive Policy Of N. Korea

NEW YORK, Sept. 25—(AP)—Soviet Deputy Foreign Minister Jacob Malik told a delegation from Baltimore today he favors a meeting between the top leaders of the United States and the Soviet Union to negotiate their differences to help achieve full peace. Malik did not explain further but it was presumed that by top leaders he meant President Truman and Prime Minister Stalin. A spokesman for Malik said he received a delegation from what he described as the Maryland committee for peace of Baltimore. The delegation said the leader of the group was John Wetheliner. Malik left the U.N. Assembly at Flushing to greet the delegation at his Park Avenue offices.

NEW YORK, Sept. 25—(AP)—Yugoslav Vice Premier Edvard Kardelj called today for the temporary re-establishment of the 38th Parallel as the demarcation line in Korea. He attacked those supporting North Korea's aggressive course.

In a policy speech before the U.N. General Assembly, the Yugoslav official declared that Premier Marshal Tito's government "considers that the present policy of the government of North Korea does not serve the cause of the true independence and unity of the Korean people."

In the same speech he charged that the Soviet bloc is increasing

99.37 Per Cent Of 1949 County Tax Roll Is Collected

Collections of 99.37 per cent of the 1949 Seminole County tax roll was reported today by John L. Gallaway, Tax Collector, as he completed and all the certified cash collections amounted to \$1,000,294.82, with cash discounts of \$18,518.47 allowed during the discount period.

The annual sale of certificates on real estate on which the tax was delinquent was held June 30, 1950, and all the certificates amounting to \$5,074.82 were purchased by individuals. No certificates were sold to the County which is the fourth time this record has been established since Seminole County was formed in 1913.

Fireman Rushes To Fire At Own Home

Lieut. Claude Whitten of the Sanford Fire Department put out a fire at 1:22 p.m. Saturday afternoon to get to a fire at 612 East Second Street, his own home.

Today he told Mrs. Whitten's able handling of the situation where electric wires shorted, the rooms filled with smoke, and flames broke out in the bed room.

Vishinsky Leads Soviet Walkout From U. N. Dinner

A TENSE MOMENT IN SOVIET-AMERICAN RELATIONS is registered as Russia's Foreign Minister Andrei Vishinsky (A) leads members of his United Nations delegation from New York's Waldorf-Astoria. Governor Thomas E. Dewey, speaking at the dinner given by the City of New York, charged Russia with keeping 15 million people under "imperialist slavery," whereupon Vishinsky left, followed by Jacob Malik (B), of the U.N. Security Council. Seated at the main guest table, watching the Soviet protest, is elder statesman Bernard Baruch (C). Before dinner, Baruch (inset, right) chats with Vishinsky and Malik. Brannan Charges Farm Bureau With 'Vicious' Attacks

Intentional Misstatement Of Position On Surplus Crops Cited

WASHINGTON, Sept. 25—(AP)—Secretary of Agriculture Brannan today charged the leadership of the American Farm Bureau Federation with making "untruthful and vicious" attacks on him in their fight over the Brannan Farm plan.

Brannan said in a letter to Federation President Allan B. Kline that a spokesman and a publication of the farm organization have intentionally misstated his position with regard to reserves of farm crops.

Ice Cream 'Drive In' Opens On First Street

A new and attractive ice cream "drive in," the Dairy Queen, featuring a nationally advertised product, was opened on East First Street by William T. DeBarre, former resident of Kernawee, Ill.

The building is of concrete block, with black and white tile front, and an attractive blue and white striped awning. The interior is finished in white. The ice cream is made in stainless steel machines, and ample space has been provided for a deep freeze unit, and a walk-in locker in which to store the packaged ice cream.

Sanford's Street Railway Of 40 Years Ago Is Subject Of Article

By WILLARD CONNOLLY
The story of the "Celery Belt Line" Sanford's street railway of 40 years ago, and of the locally promoted Sanford and Everglades steam road to Cameron City and Mecca Hammock is told by Felix Reiffschneider, a visitor to Sanford several years ago, in the October issue of Railroad Magazine.

Sanford, Fla., had its street railway line 40 years ago, "he wrote, "while the Sanford Traction Company may have been only an afterthought in the minds of the promoters of the Sanford and Everglades steam road, it enjoyed a very active business during its short life."

Citizens Protest Rezoning Of White Area For Negroes

Citizens jammed the City Commission room Friday night to protest the rezoning for Negroes of a white residential area south of Fourth Street, west of Peach Avenue and north of the A.C.L. Railroad to the City limits, following which the Sanford Housing Authority withdrew its request to have the area rezoned.

The City Board of Adjustment to whom the citizens presented a protesting petition with more than 150 signatures, recommended that the zone remain the same, said City Manager Clifford McKibbin this morning.

The proposed rezoning of the area had been requested by the Sanford Housing Authority, of which George Williams is executive director, in order to provide sites to which more than 25 Negro homes could be moved, due to the need of the present sites for the Castle Brewer Housing Project.

Mr. Williams then advised the board that in rezoning the area in the light of the objections by the City, the SHHA was withdrawing its request to have the area rezoned.

British Understand

LONDON, Sept. 25—(AP)—Prime Minister Clement Attlee expressed his thanks today for an official American message of sympathy after the accidental bombing of British troops in Korea by U. S. planes.

In a letter to U.S. Minister Julius C. Holmes, Attlee said: "I have been myself on active service and I know that mistakes occur. They are tragic for those concerned, but it is part, I fear, of the inevitable consequences of such operations which we must face."

Seoul Is Expected To Fall Within Matter Of Few Hours; 25th Division Takes Chinju

Reds Reject Leaflet Demand 'Surrender Or Die' And So Are Permitted To Die

CHINJU, Korea, Sept. 25—(AP)—American troops today captured bottled-necked Chinju, deep in South Korea, after the city's Red defenders ignored leaflet orders to "Surrender or Die."

Rifles barked and bayonets flashed in a scene of savage street fighting before the Red stronghold was finally taken.

The communications hub was captured by a fast-moving U. S. 25th Division task force led by Capt. Charles Toman of Keene, N. H.

It reached the outskirts yesterday after a 70-mile dash over winding roads that began three days ago. The city was entered from the south.

By capturing Chinju, the Allies won their most important victory in the deep South sector since the 25th Division began its offensive nine days ago.

Hundreds, perhaps thousands of Communist soldiers bypassed during the advance now have no visible escape route to the north. Chinju is 55 air miles of the U. S. Allied supply port of Pusan on the Sea of Japan.

A column of tanks and men is poised to push out farther west when the bomb-blasted bridges across the shallow Nam River are repaired.
