

Group Appointed To Work Out Stadium Grid Accord

Morris Says He Is Willing To Have Feds Play Games In Memorial Park

Initial steps toward converting Sanford's magnificent \$200,000 Memorial Baseball Stadium into a gridiron sports arena received the go-ahead signal from the City Commission at last night's City Hall session.

A three-man committee was appointed by the Commission to be working out the details of the conversion with Seminole High School Principal Herman E. Morris and Prof. Cronins of Cronins Academy.

Denver Cordell and John Kridler were named along with new City Manager Tom Lemon to investigate and negotiate an agreement with the two prep schools and then return to the Commission with a full report next Monday night.

From all indications it appears likely that it will now be just a matter of time and ironing out details before both local high schools will be shifting their home football games to the Memorial Stadium.

Morris told the Herald yesterday that he was quite willing to play all the Seminole High School football games this year in the Memorial Stadium. If the Stadium's field was refinished to meet minimum football standards meantime, it is no secret that Cronins has been asking the use of the Memorial Stadium for his school this fall since the Academy doesn't have adequate athletic facilities at this time.

The major obstacle thus appears to be the cost of converting the ball diamond to a gridiron. Cordell estimated that \$200 would be all that was necessary to replant the infield with rye and level the pitching mound.

Morris said that he could secure the City a gate of about 1,000 for five or six home games this year or about \$600. This in terms of a 10-cent tax per capita would not be the City \$100 for these games. It does not include the tax receipts from the Cronins Academy games, which might, as Mr. Kridler pointed out, "actually draw larger crowds than Seminole High just as in Waycross, Ga., the Negro school outdrew the white school."

Action by the Commission came immediately after hearing a request by the two-man fans committee of Kridler and Cordell. They pointed out the obvious advantages of better lighting, parking and rest room facilities in the Memorial Stadium over and above those now afforded at the Seminole High School stadium.

The creation of the "Stadium Conversion Committee" came out of the motion introduced by Commissioner John Kader and seconded by Andrew Caraway. Mayor Stemper directed the committee to report back to the Commission Monday night for a full report. At that time it is expected the Commission will take official steps to approve the plan. The committee reports and sanction the conversion work at the Memorial Stadium.

Cordell expressed hope that the City and high school could reach an early accord so that the stadium's field might be in condition for the opening football game with Eastie here Friday night, Sept. 20.

Sanford Navy Faces Pinecastle For Orlando Title Tonight

Andrew Stine (right) presents the Hill Hardware softball trophy to Chuck Flanders (center), captain of this year's City softball champion Wilson-Maier team. Al Wilson (left) sponsor of the winners, looks on. Wilson-Maier won the regular season pennant and made it a grand slam triumph by defeating Robson's Sporting Goods three games to two in the post season play-off series. Flanders was elected co-captain for next year's Wilson club along with Red Hires, ace Wilson hurler.

Difference In Scholarships Is Holding Up Miami-Gator Accord

GAINESVILLE — The possibility that Miami can outbid Florida for athletes may be holding up the football contract between the two biggest colleges in the state.

In a statement of reasons why the contract remains unsigned, Florida head coach and Athletic Director Bob Woodruff said Tuesday night the monetary value of a Miami scholarship "is not equal in any conference with which I am familiar, and we shall never be able to compete with them on an equal basis for in-state or out-of-state athletes whose monetary value of the scholarship is a consideration."

Woodruff said Miami athletes get \$40 a month where Southeastern Conference schools, including Florida, can give athletes only \$15 a month in addition to tuition, fees, board, books and room.

A student who has a job in addition to his scholarship would be ineligible in the SEC. Woodruff said, but some Miami athletes have jobs in town.

The Florida coach said the negotiations are for four years, including this year's game scheduled at Gainesville Nov. 22.

The said Florida has asked Miami to agree to these SEC regulations.

"The monetary value of scholarships or grants-in-aid to athletes shall be limited to tuition, fees, room, board, books and \$15 per month for laundry."

"Transfers shall comply with the Southeastern Conference transfer rule."

"The University of Florida and the University of Miami shall honor the signing of Florida boys to athletic scholarships according to Southeastern Conference rules and regulations."

A candidate enrolling at the University of Florida or the University of Miami after Jan. 1, 1932, must, as a condition of eligibility, make at the beginning of each season an affidavit stating that he has received no inducement whatever from any source.

"All of the agreements of the Southeastern Conference rules of eligibility shall be subject to the ruling of the SEC commissioner's office."

Woodruff said Miami has agreed to abide by SEC eligibility rules in its game with Alabama Oct. 3, and Florida is merely asking the same consideration. He added:

"Our reason for asking Miami to agree to the signing of athletes under Southeastern Conference rules is simply to compete on an equal basis—no more, no less."

Madison scored 20 yards for the first touchdown of the season.

Vanderbilt Coach Bill Edwards says he'll set a fast pace for his Commodores. "We should have a pretty good idea who can play football by the end of the week," he added.

Down in the Bayou Country, Tulane's squad doesn't have an appointment for its first contact work. The 70 candidates for Green Wave positions spent most of their time blocking, in tackling and pass protection drills.

Sun Sox Cling To 1/2 Tilt Lead Over Beach Flamingos

The Miami Sun Sox still cling to their game and a half lead over Miami Beach today in the down-to-the-wire battle for the Florida International League pennant.

Both teams broke even in doubleheaders Tuesday night. The Sun Sox lost the first game to Tampa, 4-2—their third straight defeat by the Smokers—then came back to pull out a 4-3 win in the second contest.

Miami Beach, with its pennant hopes gradually weakening as the race draws toward Saturday's final, missed an opportunity to pick up ground by also cropping its opener to the Lakeland Pilots, 2-0.

The Flamingos took the second game, 5-4 in 12 innings.

Each of the leaders has four games remaining. Miami will play one more with Tampa and three with St. Petersburg. Miami Beach's last four are all with third place Tampa.

Tampa showed across four runs in the second inning to win Tuesday night's opener. The Sun Sox rallied for three runs in the seventh to take the nightcap. Len Pecora's 3-run double was the big blow.

Roy Singuefield pitched a 3-hitter to give Lakeland its first game win over Miami Beach. George Handy belted a 340-foot homer in the 13th to give the Flamingos their victory in the last game.

Havana defeated West Palm Beach, 4-1, in a battle of second-division clubs. St. Petersburg was rained out at Key West.

Beach at Washington (night) Detroit at Cleveland (night) St. Louis at Chicago (night) National League Philadelphia at New York (night) Brooklyn at Boston (night) Pittsburgh at Cincinnati (night) Chicago at St. Louis (night) Florida International League Miami at Tampa West Palm Beach at Havana St. Petersburg at Key West postponed, rain

Softball Meeting To Form All-Star Team

A meeting of all players and managers of the City Softball League will be held tonight to choose a 15-man all-star team from Sanford for the Orlando class B Invitational tourney which will begin tomorrow night. The meeting will be held above the City Hall at 7:30 p. m. It was announced today by City Recreation Commissioner J. O. Baughman. All actual players are warmly requested to attend this important meeting. The City Recreation Commissioner will preside at the Sanford All-Star team selection.

Blackwell Pays Off For Yankees With First Win

By JOE REICHLER Associated Press Sports Writer

The New York Yankees received a quick dividend on their \$40,000 investment in Ewell (The Whip) Blackwell today following the purchase of the former National League star from the Cincinnati Reds, the Yankees Tuesday night sent Blackwell to the mound against the Boston Red Sox. And the long-limbed right-hander responded with a scorching 3-inning performance to rack up his first American League triumph.

Blackwell was not the overpowering pitcher he had been in his days as a big winner with the Reds, but he looked quite capable before bowing out for a pinchhitter. He permitted four singles, fanned four and walked three before retiring because of weariness and the humidity.

It was in the fifth, the inning Blackwell left, that the Yankees rangel up on Boston Starter Sid Hudson for all their runs to win the nightcap, 4-0. After Rookie Tom Gorham had hurled an 8-11, 5-0 shutout over the Red Sox in the afternoon portion of the day-night doubleheader.

The two triumphs ran the Yankees' winning streak to five and increased their first-place margin over the idle Cleveland Indians to 1 1/2 games.

Palatka Azaleas Take 1-Tilt Lead In Shaughnessys

By JOE REICHLER Associated Press Sports Writer

Bill Steinecke's Palatka Azaleas took the Florida State League's final play-off lead by capturing the first game from Daytona Beach Islanders last night in Palatka by a narrow 10-9 margin.

The third place A's now only need two more wins in their best three out of five game series with the C's. Both teams swept through the preliminary series of the post-season Shaughnessys by a minimum number of two games.

Daytona registered a stunning upset by blanking the powerful Defand Red Hots twice to advance to the finals. Palatka dropped Jax Beach in less convincing fashion during the weekend preliminaries.

PLAY-OFF SERIES DATA

Daytona	W. L. Pct.
Palatka	1 0 1.000
Daytona	0 1 0.000

Palatka Games Tonight
Palatka at Daytona.
Results Last Night
Palatka 10, Daytona 9.
Series winner will be the winner of three out of five games.

PALATKA — The Daytona Beach Islanders scored five runs in a big eighth inning here last night to come within one run of tying the score with the Palatka Azaleas in the first game of the final series of the FSL Shaughnessy play-off but the Steineckeman managed to stop the rally in time to preserve a 10-9 lead.

The locals scored three runs in the second, three in the third and four in the fourth. The Isles trailed 10-4 going into the eighth scoring a single run in the first and second on Lefroy Iry's homer and a pair in the sixth before cutting loose for four hits and 6 runs in the eighth.

Iry, with three for four, including a triple besides his homer, was the big savior for the Islanders. He batted in three runs. John Mallard rapped three singles to lead the 13-hit Azaleas attack. Each team used three hitters with 3 1/2 games. The slump-ridden Red Sox, who now have dropped seven of their last eight all on the road, fell 8 1/2 lengths behind the American League pace-setters. They have scored but one run in the last 38 innings.

Brooklyn's Dodgers, the National League leaders, fared exactly the opposite from the Yankees. They dropped a pair to Philadelphia's Phillies, 8-2 and 9-2, and were lucky to get out of the City of Brotherly Love in one piece. Two dozen Philadelphia hits plus splendid pitching by right-handers Roberto and Karl Drews cut the Dodgers' first-place lead over the idle New York Giants to eight games.

Chicago's White Sox climbed into fourth place, vanquishing the Detroit Tigers twice, 6-5 and 7-4. Rocco Kramlich's 2-run triple in the ninth won the opener. Mary Gris won his 11th in the nightcap.

Washington's Senators, although held to three hits in each game, won a 2-1 night twin bill from Philadelphia, 3-2 in 10 innings and 5-0, to dump the Athletics into fifth place, only a half game in front of the Nats.

Buford Long Florida Gators

Gators Must Bear Down For Stetson Game, Says Coach

GAINESVILLE — Posing for the new photographers added to rather than subtracted from the work for the University of Florida's Gators today as Coach Bob Woodruff pushed hard to get his squad in shape for scrimmages.

"Too many of you came back in poor physical condition," he said. "And with less than three weeks to the opener with Stetson, we've got to really bear down to get the work done."

The squad went through its usual morning drill, rushed into game uniforms for an hour-and-a-half session with lemmings, and was scheduled for blackboard drills early in the afternoon and another field session later.

The first real team drill found two offensive backfields alternating in an effort to master the play assignments and become accustomed to working with each other as units. One foursome had Rick Casarez at quarterback, Sam (Big) Butler and J. (Poppy) Hall at halfback and Bob Muehl at fullback. All but Muehl, a sophomore, are lettermen.

The other ball-carrying unit had Fred Robinson at quarterback, Bud Ford Long and Dick Watson at halfback and Reed Quinn at fullback. Long and Quinn are lettermen. Robinson and Watson sophomores.

The starters drawing the win and the test.

Tonight the Azaleas play for Daytona, returning to Palatka for the third game Thursday.

Local FASRON Loses To Pinecastle In Semi-Final Game Last Night, 6-0

The Sanford Naval Auxiliary Air Station's team will battle the Pinecastle Air Force Base tonight in Exposition Park at 7:30 p. m. to determine the winner of Orlando's Class "B" softball championship for this year.

Pinecastle's flyers advanced to the final round after they defeated FASRON of the Sanford Air Station, 6-0, last night in Orlando. The main team of the local air base will be going into this evening's fray with a decided edge over Pinecastle.

Sanford needs only one game to win the "B" title while Pinecastle must defeat the locals twice in order to claim the Orlando softball crown.

The reason for this is that Pinecastle advanced from the losers bracket to play Sanford in the winners division. Sanford had been advanced in the play-offs so far and Pinecastle has been beaten once.

Last night the chances for an all-Sanford Air Base final series for the Orlando title were dashed as the Air Force team from Pinecastle played a 6-0 whitewash on the local FASRON nine.

Hill Drain paved the way for the winners by turning in a superlative two-hitter in blanking FASRON the entire distance.

Meanwhile it appears likely that at least two local teams will be competing in the Orlando Class "B" Invitational tournament which will begin tomorrow night at Exposition Park at 7:30 p. m.

Tommy Stringer will meet with players and managers of the Sanford team tonight to select a 15-man all-star team to represent Sanford in the Sanford Air Station Invitational baseball tournament which will probably enter their championship base team in the Invitational tournament.

No matter who wins tonight's game or the post season Orlando softball series, the Orlando diamond ball crown will not be held by a team from the Orange County seat. Pinecastle is in Orange County but not in Sanford in Seminole County.

The Orlando Invitational will wind up the softball season in Central Florida for this year.

Spirit And Vigor Caps Practice In SEC Grid Camp

By The Associated Press

Southeastern Conference varsity hopefuls are jumping to the business of football with vigor and spirit that belie their natural summer physical prep school activities.

Kentucky Coach Paul Bryant appeared in good spirits after Tuesday's workout. He said he was "very well pleased with the way the players responded."

At Tuscaloosa, Coach Red Drew put his Alabama Crimson Tide team through a 30-minute scrimmage. End Tony Stewart may be lost for the season because a knee operation is not responding to treatment.

After a 2-hour workout topped by a half-hour scrimmage, Louisiana State University Mentor Gayzell Tinsley said his squad had "a highly successful outing." Tinsley concentrated on three offensive units and two defensive squads for the Sept. 20 opening against Texas.

Mississippi State picked up strength with the return of six players from military service. They were Guard John Shepherd, Halfback J. O. Baughman, Ends Doc Stewart and George Blankenship, Quarterback Harry Massey and Linebacker Harold Esterwood. All were on the 1930 team.

Coach Johnny Vaughn gave his University of Mississippi squad an early bit of contact work. Paul Whiteside and Houston Patton, both backfielders, are having leg operations checked today to see if they are ready for the season.

Tennessee's Volunteers made up in an afternoon workout what they missed in a raised out morning.

Pre-season favorite Georgia Tech got in a light skull-knocking session. Coach Bobby Dodd said "the freshmen Guard Frank Brooks and Quarterback Jack Hall appear up to varsity standards."

Lee Hayley was voted captain of the Ole Miss Army team which Coach J. O. Baughman believes will begin tomorrow night. The meeting will be held above the City Hall at 7:30 p. m. It was announced today by City Recreation Commissioner J. O. Baughman. All actual players are warmly requested to attend this important meeting. The City Recreation Commissioner will preside at the Sanford All-Star team selection.

4-Fs Facing Draft, Avers Hershey As Supply Diminishes

WASHINGTON—Selective Service Director Lewis B. Hershey says some men presently rejected as 4-Fs will have to be tapped to help meet the army's manpower needs of 1,200,000 men during the coming year.

From the 4-F group... where we have to find our people," Hershey said in a talk to the 60th annual meeting of the American Psychological Association Wednesday night. He offered no amplification of the "other sources."

In the same speech, Hershey charged psychologists with some of the responsibility for the fact that 400,000 men so far have been rejected for military service for failure to pass the armed forces' qualifications tests. Those are tests designed to measure educational and physical capabilities, but have nothing to do with mental or emotional stability, Hershey said.

He explained to reporters later that a psychologist might have shown the Army how to make use of some of these men in some capacity, or detected some men who "were smart enough, but who purposefully failed to pass the tests."

The Selective Service chief said that a total of 1 1/2 million men have been rejected for military service for various reasons since the present draft program started.

MARCH OF EVENTS

Weather To Affect Bumper Corn Crop
Lower Farm Prices

WASHINGTON—Gov. Ailiff Stevenson and his advisers hope the weather will be the Democrats' best ally in the party's bid to remain in power. They believe the weather will have a great deal to do with the all-important midwest farm vote, which elected Harry S. Truman in 1948. If midwest weather is good, it will mean a bumper corn crop, with storage trouble and lower prices for corn, hogs and cattle.

Traditionally, when farmers are worried about prices, they string along with the Democrats. GOP leaders charge that this is because the Democrats "outpromise" the Republicans.

Political experts point out that the closest contests in the 1948 election were in the farm states of Ohio, Indiana, Illinois, Michigan and Iowa—and the farm vote swung victory to Mr. Truman.

SPRINGFIELD HEADQUARTERS—There are several reasons why Governor Stevenson decided to maintain his campaign headquarters in Springfield, Ill., instead of Washington, besides the announced reason that he wants to keep near his duties as governor.

In contrast with the Republican desire to get "closer to things" by placing the GOP headquarters in Washington, the Democrats want to keep away from the nation's capital. The reason they don't want to be connected too much with the administration.

By remaining away from Washington, the Democrats believe they can avoid the GOP "Time for a change" arguments. After all, Springfield is quite a change from Washington.

A second reason Stevenson picked Springfield is its geographic location. In the Illinois capital, he is virtually in the heart of the nation and easily accessible to Democratic leaders from all sections of the country.

SOUTH—Political observers say the Republican high command has written off the south, except for Texas, as certain to go Democratic as usual in 1952.

Headquarters of Gen. Dwight D. Eisenhower, however, have definite obligations to their supporters in Dixie and that's the reason for Ike's decision to make a two-and-one-half day tour of the south.

The arrangement is designed to retain the support of the pro-Ike Republicans in future party councils and take little from the time reserved for more intensive oratory in the north, east and west.

KEFAUVER FUTURE—Not only did Senator Estes Kefauver fail in his bid for the Democratic presidential nomination, but he may have seriously damaged his political standing in his home state of Tennessee. Kefauver antagonized many of his most ardent backers by his support of Gov. Gordon Browning for a third term as state chief executive in the recent primary which marked the defeat of veteran Senator Kenneth McKellar.

Politicos say that the endorsement of Browning may cost Kefauver substantial labor support when he comes up for re-election to the Senate in 1954.

Browning was opposed by labor because of his use of troops in certain labor disputes in the state and Kefauver's explanation that he backed Browning because of the governor's work for him at the Chicago convention may not offset the union resentment.

JAPANESE SQUABBLE—As minor as the incident may seem, the British-Japanese squabble over the arrest of two British sailors jelled by the Japanese is being watched carefully by foreign policy officials in Washington.

Washington officials are said to agree with the British that the Japanese should not have taken jurisdiction in the case, but they are hesitant to say so publicly because of possible repercussions.

It is felt here that the issue is as great in Japan that the present Japanese government might fall at the next election if the decision in the case is reversed. Also, with the Communists just waiting an opportunity to seize what power they can in Japan, the United States is not willing to risk the downfall of a Japanese administration favorable to the West.

Lake Mary Road

(Continued From Page One)

Mr. Fourkrake was asked by C. P. Brasington, former C. of C. president, why further action had not been taken by the County in inches long have bridged sections of diseased gullees removed in operations on 30 persons in the last two years, he said. The plastic tubes remain in permanently, or be removed after being surrounded by growth of a fibrous sheath.

Mr. Fourkrake replied that he had been trying to get action on the matter, and expressed the opinion that the road will be finished before the end of the year. He suggested that Mr. Brasington form a committee and bring the matter to the attention of the County Commission.

Jaycees

not proved too successful because the condition of the fields were suited for baseball only." However, the Stadium committee assures us the field will be in shape for football, and that is the important thing," Ganas said.

In describing the 1952 Seminoles High football team, Ganas stated, "We have a younger and lighter team that will be faster and have more spirit. The average of our purpose this year is not necessarily to produce a winner, though we would like to, but we are not going to sacrifice the kids to do it. We want to train them for next year."

Ganas announced that season tickets will go on sale soon, which will cost \$1 for all five home games. He said that the Seminoles will play eight games with a possibility of adding another tilt to the schedule before the season gets underway.

All games will be played on Tuesday nights with the exception of the final game with De Land. That contest will be played on Wednesday night, Nov. 28, Thanksgiving evening.

HOLLYWOOD
By BOB THOMAS

HOLLYWOOD—Bette Davis was in a slightly combative mood and that's when she produces the best copy.

Miss Davis is leaving next week for New York, where she will begin rehearsals in a revue, "This is Company." It will be her first Broadway show since she came to Hollywood for a distinguished career that has lasted more than two decades. It is also her first stage musical. I asked her if she were nervous.

"Of course I'm nervous," said the actress, who generally speaks with exclamation marks. "Who wouldn't be nervous? But I'm not scared. It's a fine show and I'll do my best to help make it a hit. Ogden Nash has written some wonderful material."

Will she sing in the show?
"Certainly I'll sing! It's a musical, isn't it?"

Is she practicing a time step for the dance numbers?
"Now, really, how long has it been since you've seen a time step in a revue? Jerome Robbins is doing the choreography, and he's the best in his field."

Is she concerned about facing a live audience after all these years in movies?
"Of course not! Oh, the first night in New York may be tense, but there's no difference in the mediums. If you're an actor, you're an actor. It doesn't matter whether it's stage, pictures, television or radio. You're still acting."

"This matter of 'going back' to the stage is ridiculous. You don't go back to the stage. It's merely a matter of geography. Selling is going in any medium. The English are lucky. They can do plays and pictures without traveling. They don't talk about 'going back' to anything. It would be the same in this country if the movie industry were in Long Island instead of Hollywood."

Miss Davis added that she will stay with the show as long as she is needed. That could mean two years if it's a hit. Is she surprised about being off the screen that long?
"Not in the least. The only way to get good things done in this business is to take chances. That's the trouble with Hollywood. If you get lost in take chances if you want to achieve anything in the arts, you can't play it safe. I'll say one thing for Bette—that

is about all the opportunity I'd give. She's a gal who takes chances. She has gambled it many times in her career. After playing ingenues, she took a flyer on the unattractive role of Abigail in "Of Human Bondage." It started her on the road to being the screen's top dramatic actress.

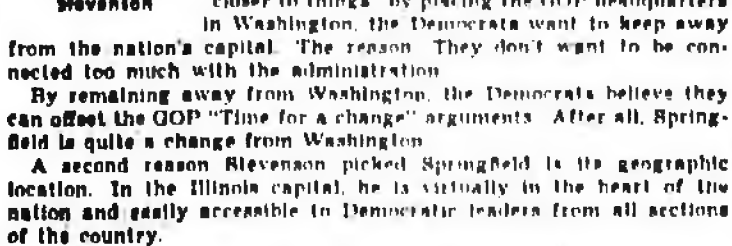

She changed a secondary role in "The Man Who Came to Dinner" because she felt she needed a comedy. While most other top names shunned television, she did a comedy show with Jimmy Du

THE SANFORD HERALD
Thurs. Morn., Sept. 1, 1952 Page 8

able and even helped out on the commercials. She also gambled by playing a 20 minute part in "Phone Call From a Stranger" last year.

And where would it be if I had never let Warner's demand of "I could have stayed there another 15 years and kept my security."

Right now she's finishing up "The Star," which is another example of her taking a chance.

Cataract Surgery Given Boost By Use Of Plastic Lenses

By ALTON L. BLANKENFELDER, AP Science Reporter

CHICAGO—Little plastic lenses are being put into human eyes to replace eye lenses lost through cataracts.

Dr. Harold Ridley, London, Eng., reported this new step today at the International College of Surgeons.

Cataracts are a cloudiness over the eye lens. They reduce vision, or blind.

The eye specialist takes out the cloudy lens, and substitutes a little disc of clear, pure plastic. The lightweight plastic almost floats in the eye, and the patient doesn't feel it there. It is held in place by the iris, which is a muscle, and its membrane is back of the normal lens. The plastic lens does the same job.

There is no distortion in vision, and no glare for thick cataract spectacles that make eyes highly, Dr. Ridley said. The patient can move his eyes to see things at his side. He can see through the plastic lens as soon as bandages are removed.

In three years, Dr. Ridley has done 65 of the lens substitutions, and other doctors elsewhere have done some.

Describing 47 of his patients, Dr. Ridley said 13 have normal vision, and 26 others nearly normal vision. Vision is under par in the other eight. Three persons have plastic lenses in both eyes.

Plastic tubes can substitute for part of the human nose, and other things, said Dr. Ridley, spokesman of Mt. Sinai Hospital, Baltimore.

Strips of tubing can be used to

RED ANTS

One of the most difficult of household pests to get rid of sure, red ants. There is a new product on the market however that eliminates them quickly and efficiently. All you do is to paint it across their trails. It leaves a hard invisible film that suffocates them for months, after your application. This new product, **Roach Pine**, contains a chemical that paralyzes their legs and they die. It does not work about three hours after contact. It does not stain, it does not hurt, but also it kills waterbugs, roaches and other household pests. It is available at all hardware stores.

THURSDAY, SEPT. 4, 1952
TODAY'S BIBLE VERSE

That is what it takes, a sinner
must turn around and go back
home to his father's house.
I will arise and go to my fa-
ther.—Luke 15:18.

To the best of our knowledge
and belief this is the first time any
candidate for president has been
found to carry his campaign into Flor-
ida. General Eisenhower deserves
something for that.

Central Florida is well repre-
sented at the Atlantic City bathing
beauty contest with Miss Marcia
Crane of Orlando and Miss Neva
Jane Langley of Lakeland among
the competitors.

"You ain't seen nothing yet!"
says Congressman Syd Helting of
Leesburg. "Taxes are high now,
but if President Truman had his
way, they would be a lot higher."
If the trend which was begun in
1932 continues, taxes will take
everything that a man can make,
and all he will have left to live on
will be his Social Security.

The cost of government in the
United States last year amounted to
\$412 for every man, woman and
child in the country. That is to say,
a family of five would pay in taxes
\$2,060, if it were an average family.
Poor people pay somewhat less,
those who make more pay more.
But, regardless of how much they
pay, whether they know what is
hitting them or not.

Seminole County's multiplying
controversies over roads and where
they shall go is a good sign. You do
not have controversies when noth-
ing is being done. But whenever
you start to build a road, you can
be sure there will be a difference
of opinion regarding the route it is
to take. Reconciling these differ-
ences is one of the chief problems of
any period of progress, but they
do denote progress.

Southern senators, including Sen-
ator Richard Russell of Georgia,
are appealing to Governor Steven-
son to change his mind about the
necessity for changing the rules to
abolish filibusters. They realize that
if the filibuster is abolished, there
will be no way under the sun to
block FEPC, or any other bills hos-
tile to the South which Senator
Humphrey and his cohorts may con-
coct.

Since the end of World War II
federal taxes have consumed 308
billion dollars of the people's in-
come. This is 50 billion more than
all the federal taxes paid by all the
people in all the previous history of
the American republic. But even
that, it was 17 billion dollars less
than the government actually spent.
We don't see how even the most en-
thusiastic Fair Dealer can justify
that.

We are glad to see progress being
made toward greater use of the
Memorial Baseball Stadium. It is
a great place for sports events and
outdoor activities of many kinds
and we believe that the larger gate
at football games played there
would take care of the cost of re-
conditioning the field. The new
stadium is one of the finest things
to which Sanford can point with
pride and the more it is used the
better it will be for everyone, no
matter which way you look at it.

Just how big should a hospital
be? That depends on many factors,
some of which were outlined brief-
ly in "Yardsticks for Community
Hospitals," published in Wednesday's
 Herald. Briefly they include the dis-
tance to other nearby hospitals,
local economic conditions and in-
dustrial hazards in the community.
The Herald's figures show that 1.5
million of our population is tak-
ing care of an average of 15,000
beds and 27.5 bed hospitals.

Mr. and Mrs. W. T. Gough have
added a number of rooms to their
home at 2800 Magnolia Avenue,

Corruption In Government

General Eisenhower, who has just completed a cam-
paign tour of Florida for the first time in the history of
this country that any candidate for President has spoken in
this state, made a tremendous impression upon the thou-
sands of people who heard him in Jacksonville, Miami and
Tampa where the overflowing crowds and uncontrollable
enthusiasm have brought dismay to the hearts of the Tru-
manites.

It was here in the South, where the Republican candi-
date might have been expected to appeal to racial preju-
dice, that he chose to proclaim the real issue of the cam-
paign: corruption in government. There are other issues,
to be sure, and the General explains that they will be detailed
in due time, but the one great single paramount issue upon
which all else hinges and without which nothing can be
done is political honesty.

General Eisenhower does not infer that his Democratic
opponent is dishonest or that he would not do his best to
"clean up the mess" in Washington. He does insist, how-
ever, that "no man, however honest, can clean it up if he is
elected as the nominee of the administration which created
this mess. No man can set out to restore honesty in gov-
ernment if he owes his election to those who have condoned
corruption."

Suggesting that all the graft and dishonesty which has
been exposed so far has been brought to light in spite of the
most persistent opposition of the national Democratic Party
and the Administration, General Eisenhower insists that
what is needed is "common woodshed honesty" not efforts
to "cover up" in straightening out the government of the
United States, and he promises, if elected, to use the "scoop-
shovel"—not the white wash brush in cleaning out every
vestige of crookedness from every nook and cranny.

It is important for us to remember, as we contemplate
how we shall vote in November, that no general expose of
corruption in the Truman administration has ever been
made, that none will be made if the Democratic Party re-
mains in power. All we know so far of this corruption is
what has leaked out in spite of the efforts of the Trumanites
to contain it.

And it is important for us to remember, too, that we
pay for this corruption, every man, woman, and child among
us, not only in the taxes that are sapping our financial solv-
ency, not only in the higher prices which are driving many of
us to the brink of impoverishment, but also in the moral
fiber of the country which in the last few years has deterio-
rated to a shocking degree.

"Whatever holds America up to scorn and ridicule among
the nations of the world is dangerous to our peace and
security," General Eisenhower said. What has done that
more than the political corruption of the Truman adminis-
tration?

Mercy On The Air

The world is greatly indebted to Italy. As pioneers of
the Renaissance in science, literature and art, she gave the
world many things, people and ideas which we prize today.

Thus it is fitting to see this nation offer something
unique to aid twentieth century man as he plies his way
through the commercial air lanes of the earth's atmosphere.
In mid-August an Italian radio listening post went on the
air, twenty-four hours a time, to aid and assist all air-
craft anywhere in the world when any illness occurs among
airline passengers. Doctors experienced in maladies afflict-
ing airplane passengers are available any hour of the day or
night to advise planes anywhere by radio on the care of
riders suddenly stricken in the skies.

The great man who first conceived this idea of humani-
tarian service deserves the gratitude of everyone in the
world. Professor Guido Guida is a noted Italian physician
who heads the new group. He offers his plan to the world
as we enter the most active phase of our air age.

An air-sick infant crossing the Andes, a pale-faced
lady frightened on her first flight, possibly an expectant
mother suddenly deep in her birth-pangs high over the At-
lantic—these and others may be ministered to by this
medical man in his Roman office.

Dr. Guido Guida is country doctor to the flying world.

Twenty-Game Winners

Apparently few major league pitchers this year will win
20 games. Philadelphia owns the only two so far, Bobby
Shantz of the Athletics and Robin Roberts of the Phillies.
The next highest winners are several games short. Last
year there were 13. This year it will be remarkable if there
are five.

If 20-game winners are comparatively scarce, 30-game
victors have about disappeared. Dizzy Dean won 30 in 1934
and Lefty Grove 31 in 1931, the last two major leaguers to
accomplish this feat.

In the first half century of organized baseball winning
30 games was not uncommon. In the '90's Kid Nichols of
Boston, one of the latest additions to the Baseball Hall of
Fame, won 100 games in three consecutive years, and Amos
Rusie, the speed ball king of New York, had 101 victories
in the same period. Even this record looks insignificant
compared with that of Charles Radbourne, who won 60
games in 1884.

Are pitchers getting brittle now?

More Rooms Added To New Rest Home

Mr. and Mrs. W. T. Gough have
added a number of rooms to their
home at 2800 Magnolia Avenue,
just outside the city limits, to pro-
vide facilities for a rest home.

Mrs. Gough is a retired mas-
sage, physio-therapist and dieti-
cian and has a degree from the Na-
tional College of Chicago, the Stan-
ford Institute, and received special
training at Battle Creek, Mich. She
owned and operated her own busi-
ness in Jackson, Miss., and oper-

ated a state approved boarding
home for children at Madison,
Miss.

REPUBLICAN PRESIDENTIAL nominee Gen. Dwight D. Eisenhower is sur-
rounded by members of the California delegation as he enters Man-
hattan Center, New York, to address 4,000 delegates attending the
National Association of Letter Carriers convention. Ike promised the
group he would work for a more efficient postal service. (International)

Kindergarten Seen As Proving Ground For Later In Life

By HAI BOYLE
NEW YORK (AP)—Kindergarten is
what makes or breaks a man.
Millions of future little American
husbands, trudging to school for
the first time, will learn that this
month.

A kindergarten is a "garden of
children." But it is also a wilder-
ness where small 2-legged bits of
protoplasm—part elf, part demon,
part angel—speed up their sad and
try to cope with all the adventures
he will encounter in later life—
love and loss, victory and disaster,
ever betrayed, ever rekindled.

That these adventures are small-
scale makes them no less affect-
ing to the half-pint denizens of
this classroom. A mouse gets as
much fun from a piece of cheese as
an elephant does from a ton
of hay, and a headache hurts him
as much.

So it is with children. The kin-
dergarten which seems to envious
grownups a lost Eden is to the
small fry a kind of battle field.
The wounds they receive there are
immortal: First scars are longest
remembered.

Looking back on my own kind-
ergarten days however, I find that
is the only period of my life I
would truly wish to revive. This
is not because it was an altogether
happy time for it was not that.
I don't recall weathering any dis-
pair deeper than I knew at one
time or another in kindergarten.
Nor reaching any higher peaks of
joy.

The fine thing then was that any
emotion I went through had a
poignancy never attained later. I
savored even my moods of re-
spondency almost as much as my
rainbow pleasures. A child enjoys
his self-pity because he feels no-
body in the history of the world
has been so put upon. When he
grows older he knows this isn't so
and that robs him of most of the
fun of feeling sorry for himself.

In college a fellow picks up a
lot of detailed knowledge, but it is
in kindergarten that he learns the
basic principles that will guide him
through life. Here are a few I
learned the hard way:

1. If you don't like to doff your
cap to older people to be polite,
don't wear a cap.

2. Never hit a person of the op-
posite sex when she's down, even
if she is bigger than you—and par-
ticularly when somebody is look-
ing on.

3. Don't lend your last marble,
because if you do you won't have
anything left to play the game
yourself.

4. Never tell all you know. (I
made the mistake of confiding to
a pal I had a crush on a little girl
in kindergarten—a talented crea-
ture, she could ice-dance at 8. The
next day even the big bullies in

the second grade were teasing me
about it, and I had to call off the
whole affair.)

5. Don't brag about your gallop-
ing.

In our kindergarten galloping
was a high art, and I was the best.
One day while we were wheeling
around the room, I galloped.
Gallop—gallop. I called over
to the teacher, who was pounding
the piano "look at me, Mrs.
Steele, look at me now!"

Just then my flying foot hooked
the big flat hoof of a red-haired
little filly ahead of me, and down
she went on her fat little face—
and up again she came in tears,
with both fists swinging. I don't
recall ever galloping in public
since.

Yes, a wise man can learn most
of what he needs to know about
life in kindergarten.

Sanford Forum

Mr. Roland Dean,
Dear Sir,

I was not surprised that you
refused to run my last letter. It
is not an unexpected thing for
you to run those letters that deal
with politics that run in the same
channel of thought that fits you,
but you refuse to run those that
are far more necessary, which
have to do with the souls of men.
You do not like to have the
truth told when it exposes the
hypocrisy in our churches. There
is little wonder that world condi-
tions are as they are. You know
that I mean, because our formal
churches are reeking with good
church members that you don't
want exposed, who will cause and
do anything that any man in the
street will do.

If I would write on the merits
of baseball, unless I tell the truth
and show what a silly thing it is
for grown men to yell their
throats sore, and making the
truth happy, would be run. But
let any man try to explain the
joy of salvation and that's out.
I do not know if you are a base
ball fanatic, but you do not hesi-
tate to run everything that is
against the word of God. It is not
fair that people are deprived of
the signs of the times just be-
cause of pleasure madness. Many
people who do not belong to the
Methodist or Baptist churches of
Sanford insist that I write for
the paper, and are surprised when
I tell them that you refuse to
run what I write, unless it is be-
fitting to worldliness, and many
are like myself, concerned about
the souls of men.

It is true that many folks who
are living like the Devil don't
want to hear of the troubles that
are around the corner. Many want
the preacher to preach smooth
things that will not make them
feel bad. I hope you are none of
that kind. You know just how of-
ten many of you would go to
church if the preacher put a
mourner's bench in the church
preached like he believed what he
said.

It's nice to listen to a flowery
sermon, then go home and to an
Theatre and to hell eventually.
You know I'm telling the truth,
and your friends don't want it.

Reply,
Rev. B. W. Miller

BEER CASE HOLDS RECEIPTS

GOBLES, Mich. (AP)— Tavern
Owner Earl McNamara scored
the countryside Wednesday look-
ing for an empty beer case.

It wasn't just an ordinary case,
but one in which McNamara hid
his Labor Day receipts of \$1,600.

In the rush of business, he sold
the case full of beer to four men
and remembered a short time later
what he had done. Wednesday,
one of the four returned to the
tavern and, upon questioning by
McNamara, said the men drank
the beer and threw the case away.

When last seen, McNamara was
headed along Van Buren County highway
looking for the lost case.

Social Calendar

FRIDAY
The Pilot Club will entertain for Mrs. Dorothy Horsfall, district lieutenant governor of District Four, Pilot International of Jacksonville, with a dinner at the Montezuma Dining Room at 6:30 p.m. The business meeting will follow and all committee chairmen are requested to bring their reports in quadruplicate.

MONDAY
Circles of the W.M.U. of the First Baptist Church will meet at 11:00 a.m. at the church with a covered dish luncheon scheduled for 12:00 noon. The program meeting will begin at 1:00 p.m. The Nursery and pre-school age Bumblebees will meet at the same time. The Elsie Knight Circle will be guests of the Presbyterian night circle at the Educational Building of the Presbyterian Church with the night and time to be announced later.

Circles of the Women of the First Presbyterian Church will meet as follows: Circle No. 1, Mrs. Charles Wilke, chairman, with Mrs. Fred Robb, Narcissus Avenue on the West Side, at 2:30 p.m.; Circle No. 2, Mrs. W. D. Hofmann, chairman, with Mrs. P. T. Plety, Osteen, Mrs. C. F. Snyder, co-hostess, at 3:00 p.m.; Circle No. 3, Mrs. Lloyd F. Hoyt, chairman, with Mrs. F. L. Woodruff Sr., 620 Oak Avenue, at 3:00 p.m.; Circle No. 4, Mrs. J. D. Woodruff, chairman, with Mrs. A. L. Collins, 220 West Twentieth Street, at 3:00 p.m.; Circle No. 5, Mrs. W. L. Roche, chairman, with Mrs. J. L. Corley, Cameron Avenue, Mrs. Oliver Clause, co-hostess, at 2:30 p.m.; Circle No. 6, Mrs. A. C. Moore, chairman, with Mrs. W. P. Brooks, 17 West Second Street, at 3:00 p.m.; Circle No. 7, Mrs. C. R. Dawson, chairman, with Mrs. K. W. Fite, Celery Avenue, at 3:00 p.m.; Evening Circle No. 1, Mrs. Mildred Brown, chairman, covered dish supper at 6:30 p.m. in the Educational Building. Guests will be the Elsie Knight Circle of the First Baptist Church. Evening Circle No. 2, Mrs. E. J. Shepard, 2201 Oak Avenue, at 8:00 p.m.

All employed women interested in joining the Guild are invited. If transportation is needed please call Mrs. Walter L. Corlier at 528-R after 6:00 p.m.

Members of the Lake Mary Presbyterian Church choir gathered at the home of Mr. and Mrs. R. E. True Tuesday to honor one of their number, Mrs. H. H. Strier, who is moving to Sanford soon. During the evening, the honoree

Mrs. Dean Speaks At Baptist Meeting

The Glenside Class and the Women's Bible Class met on Tuesday night at 6:30 o'clock for a covered dish supper at the Educational Building of the First Baptist Church. The meeting was opened with a prayer led by Mrs. Volle Williams after which Mrs. W. P. Brooks conducted the devotional.

A talk by Mrs. Holland L. Dean on "Southern Folklore" was enjoyed by the group, following her introduction by Mrs. F. E. Holz. At the conclusion of the talk she was presented with a pair of crystal vases from the classes.

Those present with Mrs. Dean were Mrs. Williams, Mrs. A. J. Peterson, Mrs. H. B. Gilman, Mrs. Charles Forrester, Mrs. S. J. Nix, Mrs. H. P. Cully, Mrs. Essie Wilson, Mrs. R. A. Howell, Mrs. E. S. Royster, Mrs. H. D. Smith, Mrs. C. D. Wiley, Mrs. Britton Johnson, Mrs. Holz and Mrs. J. B. Fields.

Also Mrs. W. P. Vesley, Mrs. Pearl Russell, Mrs. Eudice Dunn, Mrs. Emily Johnson, Mrs. J. T. Newby, Mrs. R. E. Tolar, Mrs. A. K. Rosseter, Mrs. G. C. Dixon, Mrs. M. N. Cleveland, Mrs. J. L. Jackson, Mrs. Fred Myers, Mrs. A. J. Walker, Mrs. Minnie Lee Denton, Mrs. L. H. Harvey, Mrs. A. Kendall, Mrs. R. T. Hunt, Mrs. Thelma Mitchell, Mrs. Hazel Gardner, Mrs. Rex Newcome, Mrs. J. A. Strange, Mrs. E. Glisson, Mrs. W. A. Cagle and Mrs. C. A. Anderson Jr.

Personals

Mr. and Mrs. O. R. Estridge left today for Traveler's City, Mich. to visit relatives.

Mr. and Mrs. A. H. Mahoney had as their guest yesterday Charles Ryan of Palatka.

A caller returned on Tuesday from a visit with relatives in New York City and Washington, D. C.

Mr. and Mrs. T. E. Tucker returned yesterday from New York City and Wayneville, N. C. where they spent their vacation.

Rebecca McBride To Marry W. D. Holmes

The marriage of Miss Rebecca Louise McBride to Walter D. Holmes will be solemnized tomorrow evening at 7:00 o'clock at the First Baptist Church. Dr. W. P. Brooks Jr. will perform the ceremony. Miss McBride is the daughter of J. B. McBride of Palatka, S. C. and Mr. Holmes' parents are Mr. and Mrs. W. C. Holmes of Burlington, N. C. She has served on the faculty of the South Side Primary School for the past three years and Mr. Holmes is stationed at the Orlando Air Force Base.

Mrs. Evans McCoy will render a program of nuptial music and J. M. Stinespiper will be the soloist.

Serving as matron of honor for Miss McBride will be Mrs. Howard Lindquist and performing the duties of best man will be Mr. Lindquist.

Following the ceremony a reception will be held in the church social room. No invitations have been issued but all friends of the couple are invited.

MQ Ranch Scene Of SHS Council Meeting

Robert Morris entertained members of the Seminole High School Student Council and faculty advisors recently at the Morris MQ Ranch near Osteen. Swimming, boating and backboard riding were enjoyed with a ranch dinner prepared and served in the cook house concluding the day. Included on the menu were barbecued pork, mashed potatoes, tossed salad, hot biscuits, fried rice and apple cobbler.

Following the dinner the Council held its first meeting for the fall semester and suggestions for the coming year were made. The committee members were appointed during the meeting which was conducted by President Robert Morris.

Plans were made for a back-to-school dance scheduled for Friday in the school gymnasium. The dance has been named the "Fall Round-up" Dance and will be sponsored by the Student Council. The local school council will entertain the District S Council Association meeting in the near future. Seminole High School has been chosen the president school of the Association. Robert was assisted in entertaining by faculty advisors: Mrs. Virgil Smith, Miss Ethel Biser and Principal Herman E. Morris. Robert's brother Eric also assisted.

HAPPY BIRTHDAY

Robert Hufstader To Teach Rollins Music

WINTER PARK (Special)—Robert Hufstader, nationally prominent choral conductor and director of the choral department at the Julliard School of Music in New York, has been appointed to the Rollins College Conservatory of Music. It was announced by college officials.

Hufstader, who founded and conducted the Bach Circle of New York and the Hufstader Singers, will direct the Knowles Memorial Chapel Choir and the Bach Festival Chorus at Rollins. The College at the same time announced the appointments of Dr. Helen Moore as acting director of the Conservatory, Professor John Carter as director of studies in a co-administrative role with Dr. Moore, and Peter Gram Swine as instructor of music and conductor of the Junior Choir. All appointments are for one year. Professor Harvey Woodhuff, who last year was director of the Rollins Conservatory, has taken the position of Minister of Music in the Myers Park Baptist Church of Charlotte, N. C. Hufstader, besides directing the choral department at Julliard, is also head of the summer school and director of the preparatory division. This summer he conducted a choral workshop with Robert Shaw.

Those enjoying the event were the Misses Gail Hitting, Linda Leonard, Barbara Knight, Peggy Wright and Eleanor Nix. Also Tommy Spier, Phillip Royal, Jack McGill, James Davis, Hamilton Hester Jr., Banks Register and Tommy Kuhn.

Story League Meets With Mrs. R. Tench

The Sanford Story League met at the home of Mrs. Russell Tench recently and made plans for its regular opening fall meeting to be held Sept. 22. Announcement was made of the workshop which is being formed to develop the art of story telling. Plans were also

made for the membership drive which has begun and it was announced that anyone interested in joining should contact Mrs. C. G. Welch, telephone 305-R. Never wrap the cord around the motor of your electric mixer. When the mixer is not in use, protect it with a dustproof cover.

Australia's Wool Mart May Affect Suits Prices In U. S.

By SAM DAWSON
NEW YORK — Makers of men's and women's wool clothing are eyeing Australia keenly this week. The way the prices go at the raw wool auctions there may have a lot to do with the price of your next spring's suit.

Demo Politics

(Continued from Page 1)
down a farm program, in Kansas, Minn., Saturday.

Wyatt said that at Seattle, Sept. 1, the Illinois governor will give his views on conservatism and public power. Stevenson will speak Sept. 9 in San Francisco on foreign policy. The top for a fifth major speech in Los Angeles, Sept. 11, had not been finally fixed, Wyatt said.

Wyatt told a news conference that in October Stevenson will give the South, West and East. In that period, he said that Stevenson will be filling in the details of the broad program he expects to outline this month.

He gave no details of the proposed Southern visit. It has been the understanding here, however, that Stevenson will make several appearances in what some party members regard as "trouble spots"—Texas, Louisiana, Florida, South Carolina, North Carolina and possibly Virginia.

The nominee conferred today with Sen. George A. Smathers of Florida.

No definite date for the Southern trip has been set.

Continuing a policy of ignoring the activities of Gen. Dwight D. Eisenhower, the Republican presidential nominee, Wyatt declined to comment on charges Eisenhower has leveled at the Democrats in the Southern trip the GOP nominee has completed.

Stevenson's manager was asked if the governor's camp was "worried" by the interest and large crowds Eisenhower had had in the South.

"It was interesting but it hasn't worried us," Wyatt said. "Why should it? He has had large crowds but that doesn't necessarily mean anything."

"I remember that four years ago in Louisville, Ky., Gov. Thomas E. Dewey of New York—who might be called one of Eisenhower's Eastern managers—had a terrific crowd by saying they couldn't all be Republicans. As it turned out, he was right on election day."

Wyatt noted that President Truman carried Kentucky in 1948 by a substantial margin.

Reporters suggested that Stevenson may have been talking over the heads of some of his listeners on his trip last week and through Michigan when the size and response of his crowds were disappointing to some party members.

Assuring that the governor will continue to write the final drafts of all his speeches, Wyatt said he doesn't believe the ordinary voter will have any trouble in understanding what Stevenson is talking about.

Eisenhower

that Stevenson's supporters were trying to drive a wedge between Eisenhower and Sen. Robert A. Taft of Ohio, in order to split GOP ranks.

Some said the Democrats may get a "major break" in Illinois, Indiana, Wisconsin and Iowa as a result of the advice by Col. Robert R. McCormick, editor and publisher of the Chicago Tribune, to Republicans to ignore both party candidates and concentrate on a third party for 1956.

The belief in some circles is that the "major break" will be for or Taft's loss to Eisenhower in July, would head McCormick's advice.

Sen. Richard M. Nixon of California, GOP vice-presidential nominee, sneaks today in Hartford, Conn., before a reception of women Republicans. He scheduled an afternoon news conference to be followed by another speech before a special Republican convention tonight. He returns to Maine Friday.

Nixon said in Sanford, Me., Wednesday that the party is not a candidate, heads for New York for a week. He is expected to be in Hartford, Conn., on the 10th.

Sen. John J. Sparkman of Alabama, the Democratic vice-presidential candidate, heads for New York on the 10th. He is expected to be in Hartford, Conn., on the 10th.

Sen. Joseph McCarthy (R-Wis.), a major target of the Democratic in the national election fight, opened his own campaign for re-nomination Wednesday night by suburban Milwaukee with a scathing blast at Stevenson.

McCarthy's major opponent in the Sept. 9 primary is Leonard Schmitt, an attorney. The incumbent senator said in his speech broadcast over 21 radio stations:

at about the same level as last spring. The lines formally open around the middle of this month.

Others contend it is too early yet to tell how the Australian auctioneers are going. American buying in Sydney has been very sketchy so far. Most of the wool offered has been of a quality not sought here.

Many fabric makers, therefore, are holding up the pricing of spring lines, even though many of them have enough wool already bought at the old price. The way the price of wool in Sydney will shift will have its effect, they say.

Australian wool prices started out higher on the opening day Monday, then slipped, and are now reported about the same as when the auctions there closed in June.

Japanese bidding has been a feature this week. And American textile men see this as another indication that the Japanese textile industry is going to be increasingly a competitive force in world trade.

This step by the Japanese has startled American textile men wondering the world wool picture is far from strong. Argentina has large quantities unsold. Wool mills here and abroad have shown little interest in buying.

Americans are wondering if they or the British are going to be the losers if Japan takes over more of the world market.

While a pickup in the clothing industry has encouraged the mills here to talk of better days to come, they say that most of the clothing makers have fabric inventories and aren't ordering much from the mills.

Palatka Nears FSL Play-Off Victory With 5-4 Win

A's Nip Daytona In 10th To Take Two Game Series Lead; It's Must Win Three

PALATKA—The way the Palatka Azaleas are racing through the Florida State League playoffs, it will take a jumbo-size wreck to keep them from ending it all here tonight.

They slammed 21 hits Wednesday night to beat Daytona Beach, 5-4, although it took 10 innings. It was the second straight Palatka win in the final playoff series, which goes to the team that wins three times. Palatka polished off Jacksonville Beach two straight in the preliminary play-off.

John Chapel pitched the Wednesday win, giving Daytona Beach just eight hits. The Azaleas hit

Sanford All-Stars Play In Orlando Tournament Tonight

Elliott Tile Will Oppose Locals At Exposition Park; 16 Players Named

A City Recreational all-star team from Sanford will enter the Orlando class "B" invitational softball tournament tonight when they face the Elliott Tile nine of the Orange county seat at 7:30 p.m. on diamond No. 2 in Exposition Park.

A 16-man dream club, including playing managers Hubert Bagwell and Kent Chetlain, was hastily formulated last night in a special meeting in the City Hall.

The four team managers of the City Softball League and some Chuck Flanders players at the improvised league meeting to lay final plans for fielding an all-star team in the Orlando Invitational.

The all-star selections emphasized power hitters with Chuck Flanders, Big Bub Basore, Bill Crabtree and Jim Drum listed in the outfield and Joe Chaldin, Don Dyess, John Keeling and Chetlain in the infield.

The ball is a control-ball flinger Red Hires along with "Squirrel" Hosen compose a two-man hurling corps with the slight possibility of getting Chuck Graves, the fire-balling ace, who pitched for Hunt-Mercury this summer and now is a member of the Sanford Air Base team.

If the local Air Base doesn't enter the Class "B" tourney, Graves will be available to play with the Sanford All-Stars. He would be a valuable addition to the club, especially since Hires is noted for his slow ball and grouse for his speed, two combinations necessary for a successful pitching repertory.

Players will meet in front of Brown's Amuse Station on the corner of Park Avenue and Second Street between 5:30 p.m. and 6:00 p.m. the evening to obtain transportation.

The Orlando Invitational will be a double elimination tourney thus assuring every team of at least two games in the meet. The City Recreational department of Sanford will post the \$10 entry fee for the local All-Stars. A trophy will be awarded the winner of the tournament by the Orlando Recreational Department.

The Sanford All-Star roster is as follows:

- Infielders: Frankie Stenstrom, Brumley, Bob Basore, and Chuck Smith, 3b .46 21 30 18
- Outfielders: Bill Crabtree, Jim Drum, Hubert Bagwell, Jim Drum, Stanley Brumley, Bob Basore, and Chuck Flanders, Pitches: W. C. Giese, Clyde Bowen and Chuck Graves, Catcher: Coleman Yaws.

Gator Ultimatum May End Rich Gridiron Rivalry In Southeast

MIAMI (AP)—A University of Florida ultimatum to the University of Miami on the conduct of its football program threatened today to destroy one of the South's richest gridiron rivalries.

Florida's Gators, who belong to the Southeastern Conference, say they won't play Miami any more unless the Hurricanes live by SEC rules. Miami is a top Southern independent.

One of the demands from Florida Coach Bob Woodruff is that Miami must curtail its student commissioner's office for eligibility, the same as Florida must.

Florida President J. Hills Miller backed Woodruff. He said Florida has no desire to dictate to Miami but that the Gators would not sign a new contract under any conditions other than those sought by Woodruff.

Harding said Miami decided last October not to accept transfer players from the SEC in the Florida-Georgia rivalry.

Football players from other conferences may transfer to SEC schools and play after remaining out of competition for one year, but any player transferring from one SEC school to another can never be eligible for the sport.

Miami officials complained that Florida wants the Hurricanes to accept all SEC restrictions without enjoying any schedule priorities or other advantages.

Woodruff has simply jumped the gun, Harding said. "As far as the value of our scholarship is concerned, our president, Dr. Bowman Ashe, has already directed that our aid be cut down. That was without any urging from Woodruff."

"We were discussing a plan to make our scholarships comparable to any in the South. Dr. Ashe decided to handle further negotiations with Dr. Murnighan. He said all this could have been worked out."

There was no indication that Miami contemplated yielding to Florida's demands.

International To Be Big Event At VCKC Oval Tonight

DAYTONA BEACH (Special)—Dogs are going to be eagerly awaiting the running of the \$10,000 added International Greyhound Championship, which will be the feature race tonight, it is the richest stakes race offered by the Volusia County Kennel Club, and the eliminations, which were completed Labor Day, were packed full of thrills.

A field of 21 of the world's fastest greyhounds entered the competition and the eight securing the largest number of points set a chance at the big money. They are J. M. Edward's Old Skool, 23 points; Florence L. Hartman's My Question, 20; Glen Chamberlain's Sun Master, 16; Chamberlain's Band Song, 15; Jess Bingham's I Can Do, 14; Paul Bowen's Gato, winner of the first race, 14; and C. H. Lovely's Fresh Guy, 18.

The races will be the 9 1/2 mile distance and to take W. Covington has chalked up the fastest time. He traveled the course in 40.3 seconds. Sun Master was leading in points with two wins, but in the final elimination he fell as he left the box and finished last. However, he has 16 points and should rate as a favorite.

The eight greyhounds which did not quite make the grade will run in a consolation, which will be the feature Friday. They are Hasty Hatlie, Raton E. Red, Sky Hawk, Ripley rhythm, Peggy Pat, Up Late and Evelyn Marie.

TONIGHT'S RACES: FIRST RACE—11:00 P.M. (2nd race 11:15 P.M.)

MIAMI (AP)—The University of Florida ultimatum to the University of Miami on the conduct of its football program threatened today to destroy one of the South's richest gridiron rivalries.

Florida's Gators, who belong to the Southeastern Conference, say they won't play Miami any more unless the Hurricanes live by SEC rules. Miami is a top Southern independent.

One of the demands from Florida Coach Bob Woodruff is that Miami must curtail its student commissioner's office for eligibility, the same as Florida must.

Florida President J. Hills Miller backed Woodruff. He said Florida has no desire to dictate to Miami but that the Gators would not sign a new contract under any conditions other than those sought by Woodruff.

Harding said Miami decided last October not to accept transfer players from the SEC in the Florida-Georgia rivalry.

Miami officials complained that Florida wants the Hurricanes to accept all SEC restrictions without enjoying any schedule priorities or other advantages.

Woodruff has simply jumped the gun, Harding said. "As far as the value of our scholarship is concerned, our president, Dr. Bowman Ashe, has already directed that our aid be cut down. That was without any urging from Woodruff."

Sanford's Navy Team Loses To Pinecastle, 6-0

Local Tars To Play For Orlando City "B" Title Tonight

Bill Deagan's second low-hit performance in two nights enabled the Pinecastle Air Force Base to defeat the Sanford Naval Air Station 6-0 last night at Exposition Park in Orlando. The victory evened the two teams in the final series of the Class "B" Orlando soft-ball tournament.

Chuck Graves hurried for the basing losses last, as they muffed their opportunity to annex the title in the first game last night.

Tonight the same two clubs will battle it out for the championship. The winner will receive the big championship trophy to be awarded after the game.

Sanford held a one-game margin over Pinecastle going into last night's first game of the championship play-offs by virtue of a victory in the winners' bracket.

Sanford gained a fine berth in the losers' division on an identical 6-0 triumph over Sanford's PASHON nine from the local Air Station on Tuesday night.

Bill began upon a one-hitter over the local Air Station's main team last night in pacing Pinecastle to an upset win. The night-hitter at PASHON was a two-hitter at Sanford.

Rugged Workouts Are Whipping SEC Teams Into Shape

By The Associated Press

Hard and fast workouts are rapidly knocking the rough spots from the football squads in the week of Southeastern Conference practice.

Line prospects for Alabama's Carson Tide were boosted considerably by the favorable showing of two tackles in Wednesday's scrimmage. Sid Youngman, of Brooklyn, and Jim Glasgow, of Tennessee, are being talked up as effective line pluggers.

Coach Bobby Dodd of Georgia Tech is sitting through his quarterly team meetings for an effective passer. He listed Bill Brigham, Jack Hall, Pepper Rodgers and Dave Redford as fine ball handlers and signal callers. "But passing is at least one third of the job," he added.

At Vanderbilt, Quarterback Jim Dornan is taking on another chore in addition to his job of working for a varsity spot. Coach Bill Edwards said he will help coach the freshman backfield. Beside being the only player-coach, Dornan is the only veteran signal caller for the Commodores. Vandy halfback Jimmy Ray missed Wednesday's practice because of an injured leg.

Eight Kentucky freshmen were elevated to varsity status in a day of heavy contact work.

5-5, while New York nosed out Philadelphia, 4-3 in 10 innings. Cincinnati brushed by Chicago, 6-1, and St. Louis won Philadelphia, 7-4.

Eight Kentucky freshmen were elevated to varsity status in a day of heavy contact work.

Don Kolloway, 24-year-old utility infielder, ruined the Indians. He whacked a pinch-hit grand slam home run off Lou Briske in the sixth inning to wipe out an 8-8 Cleveland double. It was Kolloway's eighth Kentucky freshmen were elevated to varsity status in a day of heavy contact work.

Tribe Fans Fear History May Be Again Repeated

BY RALPH BODEN

Associated Press Writer

There's a growing fear in the hearts of Cleveland's baseball fans today that history is about to repeat.

Last year Cleveland won 17 games and lost only five to Detroit's fifth-place Tigers—but three of those defeats came in late September, and the Indians are out of pennant contention.

The Tigers are worse off this year. They appear a cinch to finish last for the first time in their American League history. However, when the Indians furnish the opposition the Tigers act ferocious.

Cleveland started off by winning 11 of its first four meetings from the Tigers but since then the Indians have managed to take only five out of 11 from Detroit.

The Indians lost the dust again Wednesday night, 11-3, blowing a chance to out the New York Yankees 3 1/2-game lead. The Yankees were stymied, 3-0, behind the one-hit pitching of Philadelphia's Harry Byrd. In other games, Washington, behind Randy Gumpert's 7-hitter, smothered the reeling Boston Red Sox, 8-2, and Chicago edged St. Louis, 2-0.

Brooklyn kept its cozy 8-game National League edge over the New York Giants, nipping Boston, 2-1. Pittsburgh, 2-0, beat Philadelphia.

Navy will get underway at Exposition Park tonight at 7:30 p.m. on diamond No. 1. Both PASHON and the local base also will be entered in the Orlando Class "B" Invitational tourney which begins tonight. Some games will begin this evening and the others will be played tomorrow night.

With the Sanford All-Stars entered, there will be three clubs from Sanford represented in the Orlando Invitational.

Sanford Navy will be playing the finale of the Orlando series this evening without the services of their ace pitcher Chuck Graves, who has special duty at the base this evening. Graves' hurling has to be instrumental in placing the local Tars in the finale.

Prior to last night's defeat, Sanford Navy had been defeated in the play-offs, Pinecastle had one loss and now the two teams are on even ground for their final game.

Adlai Accused Of 'Nasty' Plot To "Use" South

Former Congressman Of Georgia Avers Democrats Are Be- coming Skeptical

ATLANTA (AP)—A former Georgia congressman has accused Democratic Presidential Candidate Adlai Stevenson of a "nasty scheme to force Southern support regardless of what he does and says."

Hugh Peterson, a brother-in-law of Georgia's Sen. Richard B. Russell, declared in a formal statement Thursday that Democrats in the South are "becoming skeptical of their presidential standard bearer."

He charged that Stevenson "feels he can use his able Southern running mate (Sen. John Sparkman of Alabama) in a nasty scheme to force Southern support."

Peterson said Stevenson had allied himself solidly with the left wing of the Democratic Party by "coming out for a federal Fair Employment Practices Commission, denouncing the Senate cloture rules and scuttling at states rights."

"The Democrats of the South are indeed becoming disturbed," he added. "A serious question has arisen in their minds as to the political integrity of their nominee."

Peterson represented the First Congressional District for 12 years. He retired in 1947 and has since practiced law in Atlanta and Washington.

In Springfield, Ill. — Senator George A. Smathers of Florida Thursday told Gov. Adlai Stevenson the Democratic presidential candidate, he should campaign in the South.

Coming out of a conference with the governor, Smathers said he considers it a "possibility" that Dwight D. Eisenhower might crack the Solid South and carry Florida.

Smathers differed with Stevenson's campaign manager, Wilson Wyatt, who described the reports of Eisenhower's "high-powered drive through the South as merely 'interesting.'" Wyatt said, "It hasn't worried us."

The Florida senator said Eisenhower's "high-powered drive through the South as merely 'interesting.'" Wyatt said, "It hasn't worried us."

But when reporters asked if Eisenhower expressed concern over results of Eisenhower's tour of Southern states, Smathers replied, "I think it's a matter of concern however."

Smathers came out of the conference with a prepared statement, in which he said some nice things about Stevenson and declared he would "support him."

But when reporters asked if he was campaigning for the governor, Smathers said he had used the word "support" whatever that might mean to you.

He said he does not agree with Stevenson's position on civil rights legislation, the Heland oil issue and Senate Rule 22. (The rule requires a vote of support by two-thirds of the total Senate membership—or 64 votes—in hall debate.)

Smathers said he had been confused about Stevenson's position on the Taft-Hartley Act, also in Detroit, Stevenson said the law should be scrapped.

After talking with Stevenson Thursday, however, Smathers said the governor "presents a slightly different picture."

The Taft-Hartley Act has some good features which might be retained in a new law with a new name.

W. M. Mixon Dies After Long Illness

William M. Bill Mixon, 51 year old resident on the Orlando High- way, died at his home at 4:30 a.m. today following a long illness.

Born in Prink, Fla. Feb. 27, 1901, Mr. Mixon came to Sanford 27 years ago and operated a grocery store on West Thirteenth Street.

He was a member of the Campbell-Lossing Post 88, the American Legion, and was associated with the Busy Boots Riding Club.

Survivors include the widow, Mrs. Masie Mixon, two sons, Roy Roy and Cecil Mixon of Sanford; one daughter, Mrs. Louise Riel of Los Angeles, Calif.; two sisters, Mrs. Callup Call and Mrs. Ernest Chinners; one brother, S. A. Mixon, all of West Palm Beach; also four grandchildren.

Funeral services will be held at 4:00 p.m. Sunday at Brison Funeral Home with Rev. John L. Miller officiating. Burial will follow in Evergreen Cemetery. Members of the American Legion will serve as pallbearers.

BIG CHECK MEMORANDUM

BOSTON, R. I. (AP)—A check for \$103,787 is missing somewhere in the U. S. postal system.

The check, representing one proceeds of a \$100,000 bond issue, was mailed to the town July 23 by the Rhode Island Hospital Trust Co.

The town Council gave up trying to track it down Thursday night.

Eisenhower Hailed In The South

Involving the Democratic stronghold of the South, Republican Presidential candidate Dwight D. Eisenhower (top) is surrounded by enthusiastic followers as he arrives in Jacksonville, Fla. The smiling GOP nominee (bottom, left) is given the key to the City of Miami by Mayor Charles Stevenson during a colorful ceremony at Bay Front Park. The "news" of the tall one group of listeners, has been hushed by an Administration of "too many men too small for their jobs, too big for their breeches and too long in power." (International Soundphoto)

Medical Group Hits Blow At TV Crime Programs

Health Of Country's Children Affected Adversely By Video

CHICAGO (AP)—The Journal of the American Medical Association took a swipe today at some of television's crime and horror programs, saying they could endanger the health of the nation's children.

"Unfortunately, astonishing little research has been done on the medical and psychological impact of television on children," the Journal said in an editorial.

The Journal cited two studies on interest in the television industry should acknowledge the "adverse medical and psychological implications" found in many such programs.

"It should foster research on the impact of television on mind and body, and should make a sustained effort to avoid programming shows potentially dangerous to the health of the nation's children," the editorial said.

The Journal cited two studies in its conclusions:

1. A survey made by TV Magazine the week of May 24-30.
2. A survey made by Dr. M. I. (Continued on Page Four)

Conversion Of Ball Grounds Is Started

Conversion of the baseball grounds at the Sanford Municipal Stadium in a football field was started this morning by city workmen, City Manager Thomas Lemon announced this morning.

It will be necessary to remove several inches of clay from the infield, including the pitchers' box, base paths and home plate, in order to provide space for football in which to plant eye grass, he said. Planning will probably begin tomorrow.

The city will do the best it can to have the field in as good condition as possible in the short time allotted before the initial Seminole High School game here with Kustis on Sept. 20, he said.

Mr. Lemon today pointed out that many children are now riding bicycles in the streets since school opened, and requested that all motorists "keep a weather eye out for them," and in slow down when they "see a kid on a bicycle" and avoid accidents.

REGISTRATION BOOKS

A committee of Jaycees, including James G. Williams, Hutchinson Gordon, Fredrick and William Herschel, will assist Mrs. Camilla Bruce county supervisor of registration in making the county registration books to the American Legion building at Fern Park, Saturday afternoon, and will also assist in obtaining new registrations between the hours of 3:00 and 7:00 p.m.

Meeting Is Scheduled On Adult Education

The Adult Education Committee of the Chamber of Commerce will meet in the City Hall this after- noon at 4:00 o'clock for the pur- pose of organizing an Adult Edu- cational Council. Mack Cleveland, chairman, will preside.

The meeting will be addressed by Prof. Tubbs of State University which is directing the educational program. Prof. Tubbs is expected to explain the purpose and methods of adult education.

Store Front And Marquee Crash Upon Sidewalk

No One Is Injured As Masonry In Boteler Building Gives Way

Passer by on Sanford Avenue at Fifth Street were startled shortly after 6:00 o'clock yesterday afternoon by a sudden cracking sound and then a roar as the upper front masonry on the one-story Howard Boteler building bulged and crashed the marquee.

Mrs. Edward Zimmerman, who with Howard Boteler Jr., operates the wholesale tobacco and candy company there, had just closed and locked the door to the store and had entered her automobile, parked a short distance away on Fifth Street, when she heard the crash.

The building, she stated, is covered by insurance. Mrs. Zimmerman was the wife of the late Howard Boteler, who purchased the McIntosh Building in 1947, and who died in 1949. It was formerly occupied by E. A. Monforton's furniture store, and was built about 1924.

Police Lieutenant Max Hax and Sid Richard, who is in charge of buildings and property, quickly arrived at the scene and soon had the area roped off to insure safety.

Two of the stores in the building are occupied by the Howard Boteler Co. and a small store by J. Hall, Jr., Negro confectioner, who also sells school supplies.

The marquee, in falling, swung down, hinge like, covering the windows, which did not appear to be broken.

The building is of hollow tile construction, steel framed in front, and with stucco exterior.

Mr. Zimmerman, a builder, stated his belief that the cause of the collapse of the front wall was the fact that the steel rods holding up the marquee were anchored in the tile block of the parapet wall rather than in the frame of the building, and the outward pull caused a portion of the tile to give way, causing the rest of the masonry to give way on the front above the store windows.

"This book," he wrote, "is one of a set of two being supplied you which contain prints of the official State Road Department maps and State roads constructed or being constructed in your county. Similar books are being furnished to all counties in the State."

"The maps shown in this book are prints of official right-of-way maps by which properties are acquired for State road rights-of-way, drainage ditches and borrow pits, and show the measurements and courses of road and drainage ditch rights-of-way, and dimensions and borrow pit areas.

"Land corners and property lines shown were determined by department surveys and are believed generally accurate, but some time did not permit the establishment of extension proof they cannot be guaranteed.

"The other book contains prints of the surveys and location maps which were prepared pursuant to Section 344.27, Florida statutes, and officially determine the survey line and location of the particular state road indicated.

"Additional prints of new maps completed from time to time will be supplied to that the series will be kept current and complete.

"The extensive development of the State Road system in current years has emphasized an acute need for having these maps readily available at county seats. It is our hope and wish that these maps will prove highly useful and to your county officers and citizens."

Ike And Adlai Hit Trail For Votes In West

Paths Will Cross As Both Speak On Same Day On Same Plat- form In Minnesota

By The Associated Press
Dwight Eisenhower and Adlai Stevenson hit the trail West today as the tempo of the presidential battle began to quicken. Stevenson took off for Denver where he'll speak tonight on the Republican city that it's time for a change. Up to now, the Democratic candidate has pretty largely ignored the opposition accusations.

Eisenhower went to Chicago for policy conferences. The paths of the candidates will cross Saturday at one of those rare political occasions, a gathering at which both standard bearers speak from the same platform on the same day. This will take place at the national floor contest at Kasov, Minn.

Fresh from a triumphant 24-day air tour of the Southwest, Eisenhower will not be in Minneapolis Thursday night from a widely cheering crowd of 17,500 in Philadelphia's Convention Hall.

They harked approval when he declared America can lead the world to peace and that "it is a cause for every American."

"Well, then let's get going," he said. "Don't wait for tomorrow. Let's get going tonight."

Peace, Eisenhower said, can be achieved only by throwing the "wasters, the bunglers and the incompetents" out of office in Washington.

Charging the administration "has bungled us pitifully close to World War III," he said, "we will dedicate ourselves to a program for peace aimed in preventing future Korean and Japanese wars."

The speech marked the formal launching of Eisenhower's campaign. This morning the general flew to Chicago for talks with Republican leaders from Illinois, Michigan and Indiana. Tonight he talks with ward and precinct workers in Cook County and in the city of Chicago.

Stevenson's Denver speech to night (8 p.m.) will be a departure from the pattern he has been following. That pattern has been one of stump speeches, right or left, with only occasional sharp dig at the opposition. Up to now, Stevenson had paid little heed to his GOP critics.

His day after tomorrow in Western states, the Democratic nominee intends to carry the fight to the Republicans, answering some of their arguments and attacking their most dangerous line of their major contentions.

Volume Of Maps Of Seminole Roads Is Given County

A bound volume of maps of new main of all State roads in Seminole County was presented yesterday in behalf of the State Road Department to the county commissioners in a ceremony at the county seat.

The volume, which is one of a set of two being supplied you which contain prints of the official State Road Department maps and State roads constructed or being constructed in your county. Similar books are being furnished to all counties in the State.

"The maps shown in this book are prints of official right-of-way maps by which properties are acquired for State road rights-of-way, drainage ditches and borrow pits, and show the measurements and courses of road and drainage ditch rights-of-way, and dimensions and borrow pit areas.

"Land corners and property lines shown were determined by department surveys and are believed generally accurate, but some time did not permit the establishment of extension proof they cannot be guaranteed.

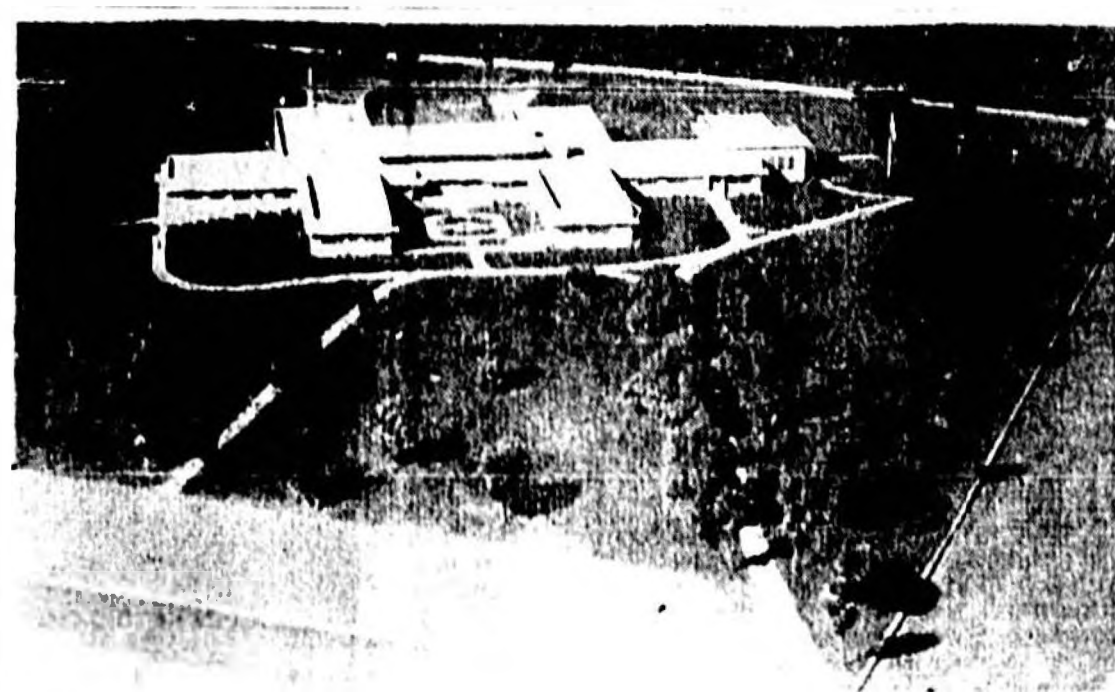

"The other book contains prints of the surveys and location maps which were prepared pursuant to Section 344.27, Florida statutes, and officially determine the survey line and location of the particular state road indicated.

"Additional prints of new maps completed from time to time will be supplied to that the series will be kept current and complete.

"The extensive development of the State Road system in current years has emphasized an acute need for having these maps readily available at county seats. It is our hope and wish that these maps will prove highly useful and to your county officers and citizens."

Organization Is Formed Here To Fight For Hospital Project

Fish Memorial Hospital At Deland

This model of the Fish Memorial Hospital is on display in the basement of the completed hospital in Deland. The building is under construction and will accommodate 100 patients. Under the plan, the hospital will have 100 beds, 100 operating tables, 100 X-ray machines, 100 dental chairs, 100 obstetric tables, 100 delivery tables, 100 gynecological tables, 100 pediatrics tables, 100 ophthalmology tables, 100 otolaryngology tables, 100 orthopedic tables, 100 plastic surgery tables, 100 urology tables, 100 dermatology tables, 100 general surgery tables, 100 internal
