

OVER 65 ONLY: APPLICATION PERIOD ENDS MIDNIGHT THURSDAY, FEBRUARY 3, 1972.

Here's where most folks over 65 find out...too late... what Hospital Medicare does not pay...

Now, for just \$1 for your first month's protection, you can examine 'on approval' this sensible, affordable Plan! New Elder-Care® pays you Tax-Free Cash — lifetime maximum benefits of \$50,000.00! After the initial deductible, this Plan covers major hospital expenses that Hospital Medicare leaves out! ■ only \$3 a month after the first month! ■ no age limit ■ guaranteed renewable ■ all pre-existing conditions are covered! Your first month is only \$1. And you get your dollar back if you're not completely satisfied.

MEDICARE IS GREAT — BUT!

Wake up, friends. Blessing that it is, please realize that Medicare isn't everything many folks suppose. It has — deductibles, percentages and charges that you must pay out of your own pocket. And recent changes have increased those costs. You pay more! What a shock to find this out too late. Today, even with Hospital Medicare, a long siege of illness in the hospital could leave you with crippling financial debts.

DON'T LEARN THE FACTS THE HARD WAY!

After you're laid up, it's a little late. Under Hospital Medicare today you pay the initial deductible for each "benefit period". That's the first \$68 of hospital expenses. Then from the 61st day of the period you must pay \$17-a-day. After 90 days this increases to \$34-a-day — \$238-a-week, \$1020-a-month — that you must pay. Plus you start dipping into your Hospital Medicare 60-day "Lifetime Reserve". And after your Lifetime Reserve is used up, Hospital Medicare won't pay you a cent for the rest of that period. Think what a long spell of illness could mean — the slow kind that older folks get more than anyone else! You could be stuck with unpaid bills that could wipe out retirement savings... and plunge you deep into debt!

THIS PLAN IS A MUST FOR ANYONE OVER 65

If you feel Medicare charges are confusing, you're right — they are! Worse — they're expensive. Part A of Medicare is Hospital Insurance, designed primarily for in-hospital costs. Part B is Medical Insurance, for doctors and medical service bills. The Elder-Care Plan protects you for every eligible Hospital Medicare expense that Hospital Medicare doesn't pay. After your initial deductible, you're covered for all major Hospital Medicare hospital charges — with no time limit — no matter how much or how often you collect — until you receive \$50,000 worth of total lifetime protection! And no matter how Hospital Medicare charges increase in the future, you won't worry. This Plan fills in automatically! We believe there's no finer Plan in America today!

YOUR MEDICARE CHARGES KEEP INCREASING

The law requires that Hospital Medicare charges must be reviewed each year — and if hospital charges change significantly, the money that patients contribute must be adjusted the following year. Well, it's no secret; it's already happened three times — in '70, in '71 and again in '72. In fact, hospital costs have TRIPLED in the past few years. And are still increasing! There's little doubt about it. You'll wind up paying even more. That's why our Elder-Care Hospital Plan makes so much sense!

THE COMPANY BEHIND YOUR ELDER-CARE

Elder-Care is issued to citizens over 65 no matter what their present state of health by Union Fidelity Life Insurance Company of Philadelphia. A progressive old-line legal reserve company, Union Fidelity is recommended by both *Best's* and *Dunn's*, the insurance industry's leading independent rating authorities.

The Union Fidelity Insurance Group is licensed in all 50 States, Washington, D.C. Puerto Rico and Canada

SIGNATURE X _____ DATE _____
Counter-signed By _____ Licensed Resident Agent

IMPORTANT ANNOUNCEMENT

MEDICARE COSTS JUMP AGAIN!
Now You Must Pay 13 1/3% MORE!

Effective January 1st 1972 Hospital Medicare payments increased again, by law! Just as in past years, amounts that patients must pay rose very sharply — up 13 1/3%! Fortunately ELDER-CARE covers increased hospital charges... yet it still costs just \$3 a month. Today your Initial Deductible is \$68 (up from \$50); after the 60th day you must pay \$17 per day (up from \$15); and your "lifetime reserve" contribution is now \$34 per day (up from \$30). These continuing annual increases make it more important than ever to protect yourself at today's rates! Send your Application NOW — before the postmark deadline.

EVERY ADDITIONAL CHARGE IS ANOTHER PROBLEM FOR YOU

The Social Security Administration estimates that Medicare will pay less than half of your total health cost! That's why this Elder-Care Plan is so important. It assures you virtually complete hospital coverage no matter how much Hospital Medicare pays (or doesn't pay) in the future. It assures you will never be saddled (or saddle anyone else) with bankrupting hospital bills. It's like having up to \$50,000 set aside against a rainy day!

HERE'S WHAT'S COVERED AND NOT COVERED

There are no tricky "catches" or "waiting periods". All pre-existing conditions (physical illness you've had or have right now) are covered in any recognized hospital, from the moment your policy is in force. Here are the only exceptions: Federal or State Government facilities, mental institutions, sanitariums for alcoholics or drug addicts, and geriatric extended-care facilities like nursing or rest homes. Loss paid by Workmen's Compensation or Occupational Disease Laws is not covered. Your plan cannot be cancelled as long as you pay your premiums, and the \$3 rate cannot be raised, unless a general rate adjustment — up or down — applies to everyone in your state.

9 IMPORTANT QUESTIONS AND ANSWERS

- Q. If I have Hospital Medicare, why do I need this Plan?**
A. Hospital Medicare, with its maximum limitations, was never designed to cover all hospital expenses. But the amount you pay gets bigger! \$17-a-day is up from \$15! \$34-a-day is up from \$30! Where will it all end! These increasing charges could cost you thousands of dollars. But Elder-Care helps relieve your hospital money worries until you receive \$50,000 in tax-free lifetime total benefits.
- Q. How do I collect my benefits once I'm in the hospital?**
A. There's a simple form to be completed by you and your doctor — and that's all there is to it. As soon as your request reaches us, it gets immediate attention. Folks all over the country have praised the speed and efficiency of Union Fidelity's claim service.
- Q. Can I apply if I'm not in good health?**
A. Yes you can. No matter how poor your health, there's no waiting period. And of course, any accident or future health condition is covered too.
- Q. Can you cancel me, or raise my rates if I go in and out of the hospital, or if I collect thousands of dollars?**
A. Your Plan cannot be canceled as long as you keep up your premiums — no matter how often, or how much you collect — until you receive \$50,000 in lifetime benefits. What's more, the \$3 rate cannot be raised, or benefits changed, unless a general adjustment — up or down — applies to all Elder-Care policyholders in your state.
- Q. Does this plan cover doctor bills?**
A. No. Private doctor bills are not covered by Elder-Care because they do NOT come under the hospital part of Medicare. For protection against doctor bills make sure you're signed up for the Medical part of Medicare through the Government.

Salvation Army Buys Center Site

The new Salvation Army \$240,000 Community Service Center will be constructed on a four-acre piece of property located between 22nd and 23rd Streets. The property is one-half block off French Avenue and consists of a full block in width and a half block in depth.

Capt. Billy Lyons, of the Salvation Army, stated that the Army and its advisory board have been seeking suitable property on which to locate the center for over five years. He said the Army had studied Seminole County and the area served by the Army within the county to determine the best possible location for the new Center.

Lyons said, "When the Salvation Army builds a new facility it must look ahead for the next 50 years."

Lying Witness Put Two In Death Row

PANAMA CITY (AP) — The state's chief witness in the murder trial of Freddie Pitts and Wilbert Lee admitted that he lied at their first trial and the men who spent eight years on death row were innocent, the Miami Herald said in Tuesday's edition.

The Herald said the revelation came in a legal conference between defense and prosecuting attorneys.

No judge was present, but a stenographer recorded the conversation, the Herald said.

In a story by Gene Miller, the newspaper said witness Willie Mae Lee "changed her story and said none of her previous testimony was true, that Pitts and Lee did not kill Jesse Burkett and Grover Floyd, and she wasn't alone and had no personal knowledge of it," the newspaper said.

Gov. Askew Opens Legislature

TALLAHASSEE, Fla. (AP) — Gov. Reubin Askew today asked the 1972 Florida Legislature to declare a moratorium on all executions in Raiford's electric chair until July 1, 1973. There are 41 men now on Raiford's death row.

Saying he had "serious doubts" about the necessity and rightness of the state taking action, Askew called for appointment of a commission to examine capital punishment in Florida.

Conceding he was leaving himself open to charges of "power grabbing," the Democratic governor also urged lawmakers to give him broad new powers in the areas of environmental control and regulation of public utilities.

He specifically proposed: — Creation of a new "Department of Environmental Affairs," which would be a consolidation of six existing agencies, placed fully under the control of the governor.

However, he said the governor and six member elected cabinet should sit as a state Lands Commission to approve sale, purchase or lease of the public lands. "Visibility and unrestrained public debate" should be preserved in the restructuring, he said.

— Conversion of the Public Service Commission into a new "Department of Utilities and Public Services." The three current elected commissioners

Robson Store Fire Loss Many Thousands

By GARY TAYLOR
A wind blowing in the right direction, quick action by the Sanford fire department and a four-brick thick fire wall kept damage at two adjacent businesses, to a minimum, while the loss soared into the thousands of dollars at Robson's Sporting Goods as the result of a fire last night.

Fire Chief G. Manning Harriett reported three pumbers, three engine companies and a hook and

EMBERS FLY IN HIGH WINDS
Sanford skies were lit up last night as firemen battled a major blaze at Robson's Sporting Goods on East First Street. Firemen's actions and thick fire walls in the old building contained the inferno to Robson's, with only smoke damage to adjacent furniture store and auto agency.

Culpepper Hits School Officials

By BILL SCOTT
Dr. Stuart Culpepper, School Board member from Altamonte Springs, accused the school administration of mobilizing its staff to study the extended year (so-called 45 school plan) for implementation unless the South Seminole PTA civic officials and others become more involved in forcing a successful millage election.

In a letter to the school parents groups, city and civic officials, Dr. Culpepper said, "It is quite obvious that this plan will be adopted with or without community support unless you and your organization becomes more involved."

Culpepper said, "The Sanford-based power structure is not going to risk being acted in March and 'it appears to be adopted to solve an economic problem even though it may cost as much or more to set up than if we build needed schools and operate in a conventional way.'"

Culpepper urged the South Seminole groups to exert considerable political influence should they agree that the issue should be decided by a vote of the people.

"It appears at this time I do not have the political power to get this on the ballot in March or any other time unless the other School Board members change their positions," Culpepper continued. He added it would take a massive and unimpeachable effort by South Seminole County residents to approve a millage election should the question be placed on the ballot.

Culpepper concluded with the observation that a candidate for District Three, School Board, should be found for the November elections.

Death Row Moratorium Urged

By RICH OPPEL
Associated Press Writer
TALLAHASSEE, Fla. (AP) — Gov. Reubin Askew today asked the 1972 Florida Legislature to declare a moratorium on all executions in Raiford's electric chair until July 1, 1973. There are 41 men now on Raiford's death row.

Saying he had "serious doubts" about the necessity and rightness of the state taking action, Askew called for appointment of a commission to examine capital punishment in Florida.

Conceding he was leaving himself open to charges of "power grabbing," the Democratic governor also urged lawmakers to give him broad new powers in the areas of environmental control and regulation of public utilities.

He specifically proposed: — Creation of a new "Department of Environmental Affairs," which would be a consolidation of six existing agencies, placed fully under the control of the governor.

However, he said the governor and six member elected cabinet should sit as a state Lands Commission to approve sale, purchase or lease of the public lands. "Visibility and unrestrained public debate" should be preserved in the restructuring, he said.

Headlines Inside THE HERALD

TALLAHASSEE — Florida Gov. Reubin Askew probably will emphasize national unity rather than make a bitter partisan attack on the Nixon administration when he gives the keynote address at the 1972 Democratic National Convention in July. (Page 6)

TALLAHASSEE — Sen. Henry Jackson, who says his Florida presidential primary campaign is gaining momentum, has received the support of a third member of the state Cabinet. (Page 5)

GAINESVILLE — Dr. Jack Adams, who was turned into a human torch by two intruders in his Gainesville dental office, is fighting for his life in the University of Florida Medical Center. (Page 5)

WEATHER — Yesterday's high 62 low 58 with 43 of an inch of rain. Partly cloudy through Wednesday. Chance of showers mainly tonight and Wednesday.

Turner Charged

NEW YORK, N.Y. (AP) — Glenn Turner, an Orlando millionaire businessman, who has been accused of pyramid sales practices, ran into more legal action in New York and Pennsylvania Monday.

In New York City, Turner was ordered to show cause why he should not be held in contempt for failing to comply with a court order against his business practices in this state.

Manhattan Supreme Court Justice Edward T. McCaffrey made the order returnable Feb. 10.

A spokesman for State Atty. Gen. Louis J. Lefkowitz said Turner had failed to comply with two requirements of a court order obtained in December, 1970 — that he cease fraudulent operations and reimburse New Yorkers who had been victimized.

State Marshal To Seek Cause Of Blaze

Robson Store Fire Loss In Thousands

* Continued From Page 1
of the fire, the flow from the hoses reached over 3,000 gallons per minute.

Firemen were still on duty this morning, guarding against any possible new flare-up. Though their job was far from done at 21 p.m., at that time Harriet left the fire under control. They continued pumping water until nearly midnight, though the pressure was cut down considerably.

Several firemen suffered miscellaneous cuts and bruises, no serious injuries were reported.

Firemen used several tanks of air and gas masks in fighting the blaze. Herndon. Ambulance stood by at the scene but was not needed.

Harry Robson, owner of the business and the building, could not give a figure to the amount of loss. "Your guess is as good as mine," he commented as he began his task of cleaning up the store this morning. No new merchandise was lost, though

the repair shop and all parts and used motors and accessories were in the part of the building that was destroyed. Robson reported moving over \$4,000 in merchandise just before closing for the night. That merchandise was in the part of the building where the fire started and would have been lost.

Robson estimated the building was built in 1920. He has been in business there for 26 years.

Mrs. Robson reported the loss of "priceless" books and antiques and quite a bit of furniture that was stored in the upstairs part of the building. "I had been moving to move them to my home but just never got around to it," she commented while surveying the damaged building.

John Denton, owner of Sanford Furniture, escaped with only light water and smoke damage. A fire wall separated his business from the sporting goods store.

Har Spragens Lincoln Mercury also suffered only slight damage. Sales manager Arnold Tidwell arrived at the business and moved all the cars from the building in case the fire spread.

This far so cause of the blaze has been found. Harriet reported he will call in the state fire marshal's office to assist him in the investigation.

By KATHY NIBLACK
CASSELLBERRY — Final action on an ordinance which will allow the sale of beer and wine in restaurants on Sundays was accepted by the city's recent vote on first reading by City Council.

According to the city charter, all ordinances up for adoption must be read twice in public and voted on by the Council each time. If a unanimous vote is not received on the first reading, then the second reading must be delayed until a later meeting. This is what happened last night when Councilman John Leighty voted against the ordinance after the first reading. Second reading will be held at the next monthly meeting and, if approved, will become law.

The ordinance provides for the on-premises serving of beer and wine with meals from 1 p.m. until midnight on Sundays. It will apply only to restaurants having a state private club license, a state beer and wine license, and a seating capacity of 50 or more.

Council authorized the preparation and posting of this ordinance at a meeting several weeks ago. At that time, protests against it were heard from members of a local church group.

Some new developments in the city's attempt to purchase the CASSUCO utilities system were reported to the Council last night by City Attorney Ken

Mother Testifies In Rape

By MARION BETHA
The trial of Joseph Dean, charged with rape got underway this morning with the state calling as its first witness the victim of the alleged assault.

A ten-man, two-woman jury was seated yesterday, and is being sequestered for the duration of the trial.

Dean, attired in a gold shirt and sport jacket, nervously drummed his fist on the defense table during the pre-trial hearing.

State Attorney Abbott Herring, in his opening statement to the jury, contended that the victim submitted to the rape in fear, and outlined the chain of evidence he will present through various witnesses.

Prior to the statements by Herring, and during his opening, Defense Attorney James Russ made a clearly prejudicial attack on the bench in objection, out of the jury's presence, to the methods employed in identification of the defendant in line-up and through composite sketches.

Other U.S. military sources said that the results of the retaliatory attacks were known.

The South Vietnamese command acknowledged for the first time that its bombers have been flying strikes in Laos since Dec. 1. This had been reported by U.S. and South Vietnamese officials, but the Saigon command said it withheld an official announcement "for security reasons and best results."

Dean came to her home, she said, and indicated that he wished to purchase the car. They first took a test drive, and then Dean said that he would like to buy the car to Casselberry to obtain funds for the purchase. He asked her to follow him to Jordan Marsh department store from her Orlando home, where he would park his car, get the money and return to the victim's home for her husband to sign the title.

She testified that she acquiesced to all of the above, and that en route to Casselberry they stopped to purchase gasoline.

Son's Murder Learned From News Broadcast

By BILL SCOTT
A sobbing mother told County Det. L. J. Kriz, the learned from a news broadcast that her son was murdered and his body dumped in a swamp.

Mrs. Fulmer told the detective that her son, Karl, was 18 years old and a member of the Glee Club at the time of his death. She said that she was notified by the police that her son had been murdered and his body dumped in a swamp.

Robbers Hit Convenience Stores

By BILL SCOTT
County authorities are investigating two armed robberies of convenience stores. Three men Monday night held knives on two clerks at Jiffy Food Store, located on S.W. 4th near Mobile Manor, and escaped with an undisclosed amount of money after forcing Janis Lee and Daryl L. Cook, clerks, to lie on the floor while the cash register was ransacked.

The trio was described by Miss Lee as "clean looking and conservatively dressed," two of the three having normal length haircuts.

After the robbery, the men escaped in a car with a hooded motorist. The two clerks told Deputy Jerry Capshaw, who was called to the scene.

Approximately \$300 was taken from the Ovidio Minute Market, according to a report from Deputy Howard Mullis, who listed two men, one with a gun, forced clerk Mary A. McAlam to open the store safe.

Sanford police are probing the Friday burglary of Gordon Kellert's Drug Store, located in the Fairway Shopping Center at 27th Street and Park Avenue.

Sgt. Gary Swain and Roy Williams are investigating the theft of approximately \$300 in assorted drugs, hypodermic needles and other supplies.

Swain reported finding the loot outside the store, where it was dropped by the intruders in a hurry to escape.

County Det. Sgt. William Hogan has arrested a 15-year-old Longwood youth for breaking and entering the Koob Hill home of Dr. William Severs, where a motorcycle was taken.

Hogan said the cycle was recovered.

Seminole County Republican executive committee Lincoln Day dinner, 6:30 p.m., Sanford Civic Center, speaker, Sen. Edward Gurney.

By KATHY NIBLACK
CASSELLBERRY — Final action on an ordinance which will allow the sale of beer and wine in restaurants on Sundays was accepted by the city's recent vote on first reading by City Council.

According to the city charter, all ordinances up for adoption must be read twice in public and voted on by the Council each time. If a unanimous vote is not received on the first reading, then the second reading must be delayed until a later meeting. This is what happened last night when Councilman John Leighty voted against the ordinance after the first reading. Second reading will be held at the next monthly meeting and, if approved, will become law.

The ordinance provides for the on-premises serving of beer and wine with meals from 1 p.m. until midnight on Sundays. It will apply only to restaurants having a state private club license, a state beer and wine license, and a seating capacity of 50 or more.

Council authorized the preparation and posting of this ordinance at a meeting several weeks ago. At that time, protests against it were heard from members of a local church group.

Some new developments in the city's attempt to purchase the CASSUCO utilities system were reported to the Council last night by City Attorney Ken

Governor Wallace Becomes March 14th Issue

As Florida plunges into its new role—a critical battleground for a presidential preference primary—and feels the political temperature rising as the month-before take off, there is a least one figure who merits close and careful attention.

He is the astounding governor of Alabama, George C. Wallace. Coming to Tallahassee, entering the primary which will take place on March 14th, this political veteran aroused memories of '68 when he was the favorite in the Sunshine State, and went on to become candidate of the American party for the presidency and, for a time, threatened to throw the result into the House of Representatives.

At question, but not in the Alabama's formal statements, is whether or not he is seeking the Democratic vote in Florida as an honest Democrat, or as a means to further his ambitions to be a controlling factor as a third party nominee when the vote is taken next November.

It may seem old hat, but it is important for voters to recall that campaign when Mr. Nixon became popular vote minority president with 43.4 per

cent (Humphrey had 42.7 per cent) with Wallace's showing of 13.5 per cent and 46 electoral votes not enough to seriously upset the Nixon electoral vote of 301 and Humphrey's 191.

For the attacks which are now being made on the Wallace candidacy give it the seriousness which it deserves and which, it can be counted on, will move Governor Wallace to the kind of retort which could clarify the Democratic air.

It has come from two extremes of the Democratic hopefuls. One is the front-runner Senator Edmund S. Muskie of Maine whose casual treatment of entrance of the Alabama has been upped to a specific attack.

The man from Maine is now saying that Governor Wallace cannot win the Democratic nomination in Miami for the presidential spot, nor if nominated could be elected in the November balloting.

Of course this is just one candidate's opinion. But he has others who will join in the chorus. It is this attention which makes Governor Wallace so important in the Florida primary.

Muskie is a long-time Democrat who won political victories in the usual Republican territory of Maine. Thus when the newest Democrat, Mayor John Lindsay of New York City flung down the challenge or a person-to-person debate with the Alabama, it gave some indication of the breadth of opposition to Wallace which exists within the national Democratic party from the oldest to the newest.

Thus the next weeks will afford the candidates a period to expound their views but will give, for the first time, an opportunity for the Florida voter and, even more important to us, an opportunity for the Florida press to see, talk and question these men who are seeking the highest office in the United States.

One of the circumstances which adds interest and, we are sure, has been carefully weighed by the various forays of the Florida press to see, talk and question these men who are seeking the highest office in the United States.

Population has boomed and changed. Newcomers have brought along a variety of political loyal-

ties that are not dropped off at the Welcome Stations and persist even when the newcomers find jobs and homes and settle down for a life in Florida.

As for the Democratic party and the Republican party in Florida, both have changed. Wounds of the mid-term elections still are not healed within the GOP.

On the other hand the Democratic party is being spurred into new strength by the emergence of at least two young men in positions of political importance.

The words of the powerful and respected Majority Leader of the United States Senate, Mike Mansfield described a new Democratic party in the south with "new faces and new voices." He names Gov. Reubin Askew and Senator Lawton Chiles as "two real comers."

Thus the Democratic hopefuls who seek party votes on March 14th could do well to consider that this is the tone and this is the climate of the Democratic party in Florida today. The last presidential election is much more than four years ago!

OFFICERS of the Winter Springs Homeowners Association include (left to right) John Griffin, treasurer; Mrs. Pat Lombardi, corresponding secretary; Fred Stein, president; Mrs. Diane Wiener, recording secretary; Victor Herring, vice president; and Arthur LeDuke, chairman of the board. Letters to Editor

Hanoi's Helpers

Editor, Herald:

Clock column 1/27/72 was very good. Only my operative 60% informs me that 675,000 of the 700,000 calls to Demco TV show said, "Why not U.S. first, politics second?"

Abigail was right, the people, POW MIAs et al should write their senators, representatives and the President—saying in no uncertain terms, No more trade and aid to communist countries especially Russia until our prisoners in Vietnam are released.

Russia is furnishing the munitions and trucks to move them to kill our men, while it is proposed to build the largest truck plant in the world in Russia to build more trucks to haul more arms to kill more of our men.

Can these humans that can't raise ball money stand this kind of cruel treatment for months until cool without confessing to... something... anything? Are boys less in Florida than animals in Michigan?

Jerry Tipton
Longwood

and in whatever form it exists. Last year Adventists sent cash, clothing, food, medicines, and medical equipment to 41 countries in 183 countries. The finer focus of all their work is to present a living Christ.

Our own church members participate heavily in the World Service Appeal. Receipts show that more than one third of the funds contributed come from them. But in a world full of tragedy and injustice, we welcome the support of our friends in meeting such needs and also to the splendid coverage the newspaper gave us. Again we will sincerely express our deep thanks.

Sincerely yours,
G. Brian Tarr, Pastor

Wallace HQ?

Editor, Herald:

Bill France, Daytona Beach Speedway operator and chairman of the Wallace campaign in Florida, may move headquarters from Tampa to Daytona Beach. The question was put to the guardian angel palmist of DeBary; and this angel palmist was recorded: "It seems that Sanford would be very fine, between Daytona Beach and Tampa. And Lake Monroe could be a true resort, for grass-roots, Wallace seeks for his support."

Ed Bodin, Reporter Retired

Appreciated

Editor, Herald:

The Forest Lake Seventh-day Adventist church in Forest City wishes to acknowledge the appreciation for the generous contributions given for the world-wide humanitarian work sponsored by Seventh-day Adventists.

This is the 68th World Service Appeal for which the Adventists have collected funds, for this great humanitarian project. These gifts are channeled to a central fund through administrative lines that are already functioning. In this way no money is lost in overhead. Adventists solicit gifts strictly on a volunteer basis and are not paid for any of their services. The funds gathered will be appropriated to meet human needs wherever it exists—in Florida, the U.S., or overseas.

2 Shootings Reported

Two weekend shootings in the Midway area put two men in the hospital for treatment of bullet wounds and resulted in the arrest of one man accused in one of the shootings.

Det. Sgt. Johnny Wright said Willie Martin, 28, Midway, was charged with assault with intent to commit murder after shooting Willie Lewis in the lower left buttock.

Wright displayed a .32 caliber pistol he said he took from Martin, after the affair, which occurred on Sipes Avenue Sunday.

Arthur Stevens, 28, Midway, is in "serious" condition at the Seminole Memorial Hospital after he was wounded in the stomach Friday night by an unknown assailant.

Top Demos Throw Support Jackson Is Gaining Momentum

By THE ASSOCIATED PRESS

Sen. Henry Jackson, who says his Florida presidential primary campaign is gaining momentum, has received the support of a third member of the state Cabinet.

State Comptroller Fred O. Dickinson endorsed the Washington Democrat as a candidate who "talks the language of Floridians" during a \$250-a-plate Jackson fund raising dinner in Orlando Monday night.

Meanwhile, Sen. Hubert Humphrey of Minnesota carried his Democratic presidential bid to college students in Miami and Sen. Edmund Muskie of Maine sought the support of senior citizens in St. Petersburg.

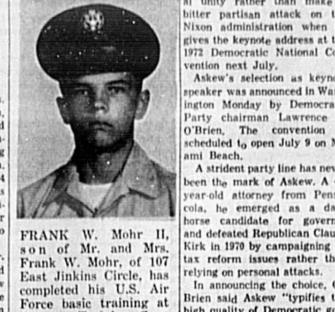

Dickinson said Jackson "is not trying to hoodwink or fool us." "He speaks the truth to the people. He's for national defense and has a common sense approach to education. He talks the language of Floridians," State Treasurer Tom O'Malley, who endorsed Jackson last

November, then took the road and said Education Commissioner Floyd Christian "ask me to relay to you tonight that Scoop Jackson is his candidate."

O'Malley added, "Jackson is only an endorsement away from a majority of the state Cabinet. No other candidate campaigning in Florida's March 14 primary has won the support of any statewide elected official."

The Washington Democrat earlier told an Orlando news conference, his campaign was "coming up very fast."

"I'm not in this for my health," said Jackson. "I'm out to win." Humphrey was warmly applauded by about 2,000 students on the south campus of the 39,000 student Miami-Dade Junior College Monday.

FRANK W. MOHR II, son of Mr. and Mrs. Frank W. Mohr, of 107 East Jenkins Circle, has completed his U.S. Air Force basic training at the Air Training Command's Lackland AFB, Tex. He has been assigned to Chantee AFB, Ill., for training in the aircraft equipment maintenance field. Airman Mohr attended Seminole High School.

Askew To Emphasize National Unification

By RICH OPPEL

TALLAHASSEE, Fla. (AP)—Florida Gov. Reubin Askew probably will emphasize national unity rather than make a bitter partisan attack on the Nixon administration when he gives the keynote address at the 1972 Democratic National Convention next July.

Askew's selection as keynote speaker was announced in Washington Monday by Democratic Party chairman Lawrence F. O'Brien. The convention is scheduled to open July 9 on Miami Beach.

A student party line has never been the mark of Askew. A 42-year-old attorney from Pensacola, he emerged as a dark horse candidate for governor and defeated Republican Claude Kirk in 1970 by campaigning on tax reform issues rather than relying on personal attacks.

In announcing the choice, O'Brien said Askew "unifies the high quality of Democratic governors" across the nation.

"In his keynote address, he will be setting the scene for the most open and democratic political convention in history," O'Brien said.

When informed of his selection, said Askew press secretary Don Priddy, the Florida governor expressed pleasure and said he

Dentist Recovering After Set Ablaze

GAINESVILLE, Fla. (AP)—Dr. Jack Adams, who was turned into a human torch by two intruders in his dental office here, fought for life in the University of Florida Medical Center today.

The 50-year-old specialist in disease of the gums came off the critical list, but hospital officials gave a guarded report of "satisfactory condition at this time." An official explained that with burns over 50 per cent of his body, Adams was subject to possible infection.

Investigators weren't certain how two men invaded Adams' office when he worked late Sunday night. Adams was able to telephone for help. Police said he told them two men tied him to a couch, doused him with gasoline and set him on fire.

Dr. Stephen Schnell, owner of the building where he, Adams and three other dentists practice, said he didn't know whether the intruders broke in.

"The police won't let anyone near the place, not even me," he said. "But I know from working late myself that someone could slip up on you pretty easy."

"Adams is a very good dentist, well thought of by his fellow dentists," Schnell said.

"If his hands are burned so severely he won't be able to operate, then it will be a blow

The Dry Copier Everyone Can Afford
Copymate III

Makes dry copies, 8 1/2 x 11" or smaller, of anything printed, written, or drawn, in under 10 seconds. Fine for businessmen, housewives, students, teachers, doctors, nurses, accountants. Compact, portable — travels with you. Size 22 1/2" x 17 1/2" x 6 1/2". Weighs only 8 1/2 lbs.

Use your BankAmericard or Master Charge.

Highest Cost

A request by the world's largest automobile manufacturer for a one-year delay in the 1975 federal deadline for removing 90 per cent of the pollutants from auto exhausts brings sharply into focus the interface between industry and environmentalists.

General Motors, symbolic of the entire American automobile industry, advised the Environmental Protection Agency that it cannot meet the deadline as required by the 1970 Clean Air Act because the necessary technology to mass produce such engines does not exist.

Industry spokesmen also insist that "clean cars" will add substantially to the costs of automobiles, as well as to their operating expenses, while engine performance declines.

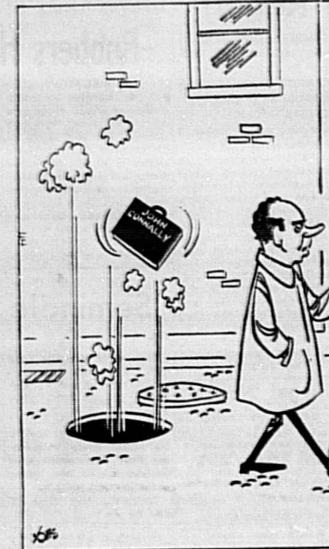

At this hour the automotive officials undoubtedly are correct on all counts. On the other hand, there are other facts that Americans cannot ignore.

The health hazard created by automobiles continues to increase despite our best efforts. The air we breathe contains some 200 million tons of contaminants.

Therefore, the Environmental Protection Agency was justified in denying General Motors' request for a delay, and in sending its engineers back to the drawing boards.

As painful and costly as the effort to achieve the 1975 exhaust emission standards will be, if we fail to achieve them the cost will be even greater.

BY NOVEMBER THE TRADE DEFICIT ISSUE SHOULD DROP OUT OF SIGHT

Some Ego Angle

A researcher says that a study of brain activity shows that cigarette smokers may be more aware, more energetic and more intelligent than people who don't smoke. But before smokers begin preening themselves over this little nugget they should note that the Tobacco Institute footed the bill for the study. — Anniston (Ala.) Star

Don Oakley Says: War Ending, Despite Hanoi

By DON OAKLEY
NEA Editorialist

That long - ago - discredited "light at the end of tunnel" may be no more a reality that it ever was, but some things about the Vietnam war have fallen into better perspective as a result of President Nixon's dramatic television bid for a peace settlement.

Most commentators immediately predicted that Hanoi would reject the President's eight-point proposal outright, or at best reply with a counterproposal of their own which would amount to a rejection.

This prediction was not difficult to make, especially in view of the fact that the United States, as the President revealed, had made 17 less than 13 offers to the N. H. Vietnamese in Paris over the past eight months—all of them rejected—and that since October he had been waiting for a reply to the same program which he now made public.

What was not so predictable was the reaction of some of the domestic critics of the war, including some who had been chastizing the President for refusing to make any peace over-

War Ending, Despite Hanoi

tures to North Vietnam.

Sen. J. William Fulbright, the "senior statesman" of the anti-war school, observed that while the President's offer seemed reasonable to him (Fulbright) and to the President and probably to the Western world, it would not be considered reasonable by Hanoi.

We had not given the North Vietnamese what they really wanted, said Fulbright and that was withdrawal of our support of their regime in South Vietnam.

Presidential hopeful Sen. George McGovern, D.S.D., commented that the President had merely offered to set a date for withdrawal of all U.S. military forces; he had not actually set that date.

Another critic went so far as to complain that the President had merely promised withdrawal based upon an agreement with North Vietnam but had not in fact achieved that agreement.

In other words, the President has been over backwards but the top of his head isn't touching the ground yet.

Increasingly, however, it is the war critics, and the enemy

Helen Fuller Says: Drugs - Alcohol Defeat GIs

Editor's Note: This column describes views and opinions contained in the reading for the facts and opinion contained.

WASHINGTON—One of our soldiers in Vietnam is quoted as saying to a reporter on the spot: "In the last two years of the war our biggest casualty figures will come from heroin addiction, not from combat."

There is some trucking of news on this subject, but most Americans at home are cut off from the rapidly worsening facts and figures about drug and alcohol use among our troops, to a lesser extent in Europe, and a growing use in Southeast Asia.

Reports issued by the Pentagon and by Congress show that every ten men in the armed services depends on drugs or alcohol to get through his day. Congress has been slow even to back up what the military has found about abuses in its own ranks.

The Defense Department agencies involved admit that close to 7 per cent of men overseas abuse heavy use of drugs and alcohol, habits spread among early enlistees quickly.

One in every twenty servicemen has an alcohol problem. They are the heavy non-commissioned men with ten years or longer in the military.

The Defense Department has been aware of the spreading drug problem in Vietnam since the U.S. began escalation in Vietnam. But it did not act to set up a rehabilitation program until mid-1971.

Most, if not all of opium and its by-products comes from Laos, Thailand and Burma, the areas into which those of our soldiers left in Southeast Asia will be transferred shortly.

The result, according to investigators for a Congressional sub-committee on drug abuse, is that the U.S. has the largest heroin addict population in the world.

At least five Americans, the Committee found, die every day as a result of narcotics abuse. And as a result of the abuse the habit, and the cost of it transferred from Vietnam to the U.S. by returning soldiers is that up to 30 per cent of all property crimes—plain stealing—comes from the addict's need to support his drug habit.

Servicemen using heroin who return to the U.S. from Vietnam find that their daily habit which costs \$2 to \$4 a day in Vietnam costs \$50 to \$200 a day in the U.S. black market. And because black market heroin is heavily diluted it requires intravenous injections to obtain the same kick they get from smoking purer heroin in Vietnam.

The President did not openly take up arms for and drug abuse measures until last summer. Then, at a news conference, the President said: "I think it is well for use first to put the problem of drug addiction in Vietnam in perspective. It is not simply a problem of Vietnam veterans. It is a national problem."

We have begun a long road of unhappy returns, through Veterans' hospitals, and emotionally torn homes. But we have begun.

Political Notebook

Voters Want Action Not Talk

By BRUCE BLOSSAT
WASHINGTON (NEA)—President Nixon's Vietnam peace plan disclosures may go a long way toward disarming his chief Democratic critic, but they are not enough to dispel the serious doubts whether U.S. voters can be impressed today by anything but a simple move to "bring all the boys home."

For months, national polls have indicated that Americans want to end our military involvement altogether.

I've just been told about a private poll in fairly conservative areas in a far weaker position politically in South Vietnam than they would have been had the American President's peace offer been accepted in January, 1972.

Against this backdrop, the President's intricate, sophisticated eight-point peace plan, offered to Hanoi through private channels, may not make much of a dent. People want action, not talk.

In effect on Nixon's Democratic adversaries, many of them 1972 presidential prospects, is something else.

Whatever its plausibility as a real negotiating instrument with the North Vietnamese (who already have rejected it), it is a political masterpiece. It leaves the Democrats on melting ice floes.

Most of their ardent adversaries' proposals are matched or even surpassed. The President promises a firm date (without naming one) for total U.S.

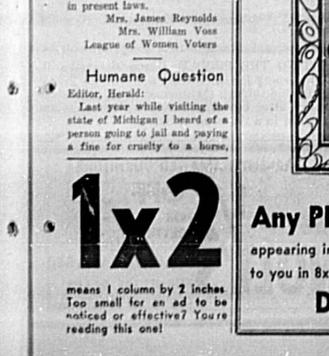

Welfare State

Editor, Herald:

The state of Florida ranks 26th in the average welfare grant per child (\$24.45). It also ranks very low in all categories receiving payments. Florida is one of the states not having a General Assistance category, so the only people who can qualify are either blind, disabled, old, or mothers with dependent children — not "able-bodied" men. The payment is determined by tabulating 60 per cent of the minimum needs (such as rent, food, clothing, and utilities). Federal aid because of the low per cent figure. The percentage of people cheating on welfare is very low, and the cost of checking for fraud is greater than the cost accrued in over-payments. Child care centers and job training (for jobs actually available) would help decrease the rolls. Even given this accomplishment, there will always be many old-age, blind, and disabled recipients whose payments are now inadequate. The passage of President Nixon's Family Assistance Plan would help to correct inequities in present laws.

Global View: Pressures On China, Soviet

By RAY CROMLEY
WASHINGTON (NEA)—President Nixon's talks on Vietnam was addressed more to Peking than to Hanoi.

This is why his appeal came just before the mainline China trip—and his Vietnam talks with Mao Tse-tung and Chou En-lai.

For 24 years Mr. Nixon and his national security adviser Henry A. Kissinger were strong advocates of aid and arms from China and Russia. Moscow's aid would be difficult to deliver in the quantities required without Peking's cooperation, so long as the Suez Canal remains closed.

Therefore, if Mao and Chou can be convinced it is their interest to end the war, China can bring compelling pressure on Hanoi. If Hanoi refuses, China can, by shutting the valves, cut off the Indochina war to an insignificant level.

The problem then is convincing Mao and Chou.

Here Mr. Nixon has a lever. Peking is deeply concerned over Moscow—the border fights, the threats to China's nuclear bases and Russia's all-out effort to "encircle" China from the south.

This encirclement is of such great concern that Mao and Chou have agreed to talks with the United States.

At Len's Pastry Shop Delicacies For All Occasions

By DONNA ESTES
Len's Pastry Shop, in the Food Fair Shopping Center at the corner of Park Avenue and 25th Street, is the answer to delicacies for every occasion. Plain or fancy, whatever the mood demands in the "sweet tooth" line, Len's Pastry Shop has it all wrapped up in a neat package. Underneath the ornate, beautifully ennobled frosting on cakes, for every occasion lies the most luscious, textured delicate flavor ever. A birthday celebration coming up for someone special? Then show your thoughtfulness for your special one by going to Len's Pastry Shop for a beautifully decorated cake. At Len's, your wish is their command. They can design any motif you wish, decorate with toy soldiers, rose garden, or just about anything the imagination can dream up. And Len is willing to deliver the creation right to your door for you and that kind of service is very helpful to today's busy homemaker. The cakes not only receive high praise when guests eat them. But the particular pleasure is in the eating. Len's also has a large variety of good tasting morning pastries—mouth-watering variety of every size, shape, variety and flavor. The dough is yeast-raised, made home style, fresh daily and are hand-cut and shaped.

Another specialty of the shop is Danish made from a recipe that includes real creamery butter whipped. Fresh bread with the wonderful aroma that only Grandma's used to have is available as well. The Danish pastries made from a recipe Len developed over the years have a wide choice of fillings such as cheese, prune, cherry, pineapple, peach, almond, blueberry, lemon or apple to name a few.

The person who masters the use of self-hypnosis can virtually take a new lease on life, according to Ralford D. Wesley, Seminole County's only licensed ethical hypnotist. With the pressures and tensions of everyday life building, doubling and re-doubling each day, it is no wonder that we are fast becoming a nation of chain-smokers, pill takers, etc., Wesley said. "The doctors will tell you today that at least 70 per cent of their patients are suffering from a strictly psychosomatic illness—one that has no organic origin."

What is the treatment for this type illness? Aspirin, tranquility and sleeping pills? "All of these could be eliminated through the use of self-hypnosis which would certainly be preferable to tranquilizers and sleeping pills," he said. "Yet many people seem to have some apprehension about hypnosis. They seem to think that it means surrendering your will and your mind to the hypnotist. This is absolutely false, and self-hypnosis is easily learned with aid of a competent licensed ethical hypnotist."

Wesley points out, "Only the intelligent and those with ability to concentrate and focus attention on one item to the exclusion of all others can be hypnotized." And to put to rest old tales about hypnosis he said if one expects a hypnotist to wear a turban, have a crystal ball or burn incense, they will be disappointed.

Clients referred or certified by their physicians for hypnosis can receive relief from the pains of asthma (although no cure for the disease is known), burn, skin problems, nervous habits, facial tics, insomnia, Wesley said. For others wishing to cut down on smoking, to gain better control of weight or diet, to improve retention and recall of things studied, hypnosis may be the answer.

Wesley gives free lectures to any interested group. His next lecture theme is "Fact and Fantasy—Use and Abuse of Hypnosis." He is a member of the National Association of Advanced Ethical Hypnotists, The International Society for Professional Hypnotists and the Florida Association for Professional Hypnotists.

Appointment for free consultation may be made by calling Wesley's office at 2121 Magnolia Avenue at 322-5758. Persons with problems or questions may telephone Wesley for consultation when he will answer questions and give personal assistance in deciding whether a person wishes to use hypnosis.

Florida is one of the few states in the union with licensing laws regarding hypnosis which eliminates the "humbuggery" which took place in the past in the science, Wesley urges. "If you use hypnosis, be sure the hypnotist is licensed."

FRESH baked breads and pastries line the shelves of Len's Pastry Shop in the Food Fair Plaza located at the corner of Park Avenue and 25th Street. Birthday cakes located to choice are available through special order. (Donna Estes Photo)

Via Self Hypnosis A New Lease On Life

By DONNA ESTES

Country Quick's Annual Event Overnight Trail Ride Slated

By DONNA ESTES
All you equestrians and lovers of the outdoors get ready to mark this important date on your calendars. Country Quick of Oviedo's Tom Bowser has scheduled his fourth annual overnight trail ride for Feb. 26-27.

Participation in the event is open to all horsemen and women and provisions have even been made to allow persons without horses or ponies to take advantage of the well-planned festivities.

Tentatively plans are to have a parade through Oviedo with horses and ponies at 6 p.m. on the 26th. Prizes will be awarded to those participating in five categories— youngest rider, oldest rider, rider coming the furthest distance, best dressed and funniest.

Those equestrians, both young and more mature, taking part in the moonlight ride to the campground at Island Pond in Hammock Land will leave the Country Quick arena at 9 p.m. Arrival at the campground is expected at midnight where a camp fire will be going to take off the late night chill. Following a snack the campers will bed down.

Call for breakfast will be at 7 a.m. A hearty meal of bacon, eggs, grits and all the trimmings will be served. Last year when more than 100 persons participated in the camp-out with 86 horses and ponies, 20 dozen eggs were consumed. From 8:15 to 9 a hymn sing is scheduled. Plans are for the hymn-sing to be led by a special celebrity guest. Bowser is not revealing the name of the celebrity as yet.

Another trail ride will take place following the hymn-sing and the riders will return to camp at noon for a sumptuous dinner of barbecue chicken and ham, potato salad, baked beans and other good things. Persons wishing to go on their own rides may also do so.

At 3 p.m. the party will be organized for return to Country Quick arena at 5. All those participating need bring with them in addition to their horse or pony is a bedroll, saddle and tie-in. Supplies, furnished by Bowser, will be hauled by pickup truck to the campground including hay and feed for the animals. Modest charges are \$4.50 per person, well, horse or pony or \$2.50 per person for non-riders.

There is a way to drive by car to the campsite. All entrants in order to participate must sign up at Country Quick by Thursday, Feb. 24, preceding the trail ride. Two weeks prior to the trail ride, a spring roundup of officials will be available at Country Quick with many "boy or girl one free items." Capable freezer of Country Quick's famous Iowa beer will be available.

A clown will be present in the arena on the weekends before the trailride and box dogs and cokes will be available.

An old-fashioned fair game of number of beans in a jar will be held and a grand prize awarded. Three pair of boots will be given away in the Western Wear Department and many items will be selling at reduced prices in the department.

MEETING THE PEOPLE, Queen Margrethe II, still mourning for her father, and husband Prince Henrik ride through Copenhagen in an open state carriage after becoming Denmark's second reigning queen in a thousand years.

Mary Edna Burton, James N. Lesueur To Marry

Mrs. John A. Burton IV of Sanford, is announcing the engagement and forthcoming marriage of her daughter, Miss Mary Edna Burton, to James Nathan Lesueur, son of Mr. and Mrs. Julian E. Lesueur of Savannah, Ga.

The bride-elect, who is the daughter of the late John Burton IV, is the granddaughter of Mr. and Mrs. J. C. Parker of Conway, S. C., and Mr. and Mrs. John A. Burton III of Sanford.

Miss Burton born at Greensboro, S. C., attended Seminole High School and is a 1971 graduate of Howey-In-The-Hills. She is currently attending Georgia Institute of Technology at Atlanta.

Mr. Lesueur is the grandson of the late Mr. and Mrs. Nathan Keley Johnson, Monticello, Ga., and the late Mr. and Mrs. Benjamin Hill Lesueur, of Augusta, Ga.

Born at Savannah the bridegroom-to-be was graduated from Savannah High School in 1970 and is also a student at Georgia Southwestern College.

A summer wedding is being planned.

MISS MARY EDNA BURTON

At Pre-Nuptial Party Darlene Carroll Honored

Miss Darlene Carroll, daughter of Mr. and Mrs. Robert E. Carroll of 461 Rosalia Drive, Sanford, was honored at a pre-nuptial shower on Jan. 25, given by her sister, Carol Scott.

Darlene will become the bride of Ben Hart Bishop, son of N. L. Bishop and the late Audrey Bishop, on March 4.

A charming bridal motif was carried out in the refreshments and decor. The refreshment table, overlaid with a cutwork cloth, was centered with an arrangement of yellow roses accented with a potpourri of party fare. The beautifully embossed wedding cake featured love birds and orange blossoms.

Highlighting the evening's festivities was the attractive brunette bride-elect opening the many lovely gifts presented her by the guests. The hostess gift was an ideal tea set.

Guests included Sandy Tropper, Tonia Bernowski, Carolyn Friends and daughter, Katie Adkinson, Sandy Smith, Wanda Brown, Margie Stephenson, Lorraine Bolton, Cindy Newsum, Virginia Robertson and Jean Hauptman.

MRS. ROBERT E. CARROLL poses at a bridal shower with her two daughters, Miss Darlene Carroll, bride-elect and honoree, center, and Carol Scott, shower hostess. (Staff Photo)

Publisher Of Newsletter Says: Women's Liberation Is Stronger Now

By JOY STILLEY
AP Newsletters Writer
NEW YORK (AP) — A tremendous sense of common cause, genuine cooperation and organization on all levels is what's happening to women's liberation today, declares Susan Davis, editor and publisher of the monthly newsletter, "The Spokeswoman."
Ms. Davis, as she prefers to be called, sees her publication as an information service, "a very how-to-do-it thing, a sort of clearing house for national news the mass media doesn't pick up that women need to know about."
Started in June 1970, it was a spinoff from her work at Urban Research, Chicago, a news-gathering service, where she edited a newsletter on minority business. Last summer she bought "Spokeswoman," published in Chicago, from the parent firm.
The printer is a woman, Ruby Bailey, who at one time was production manager at Urban Research but now has her own printing company. The editor reports the newsletter is already paying its way through subscriptions that have come from word of mouth and praise in women's magazines.
"I hate it when people say women's lib-it sounds so childish," says the ordinarily soft-spoken Ms. Davis, who comes on strong, however, when the subject is women's liberation. "It's worth taking a little extra time to say the whole thing. The movement is spreading like wildfire," she said on a visit to New York to pick up an award from Mademoiselle magazine as one of seven outstanding young women. "The amount of material I get is phenomenal. Every month I receive 40 women's publications and people tell me when I cover something they get 50 or 60 phone calls and queries."
"The movement's not competitive. It's not hierarchical," she continues. "It's strong and powerful—constructive, not destructive power—and it goes

SUSAN DAVIS is publisher of a monthly newsletter that she calls an information service for women who want to know what's going on in the area of women's liberation.

across all traditional divisions."
The 23-year-old brunette is active in the National Organization for Women, as well as many other groups. "I try to join everything," she points out.
"A lot of the reason women haven't identified with women's liberation," she goes on, "is that their margin of security is so slim they can't afford to join a movement that is not strong. As it gets stronger they can afford to commit themselves."
Ms. Davis believes that consciousness-raising happens in all kinds of ways and that people go through different stages at different times.
"All the inner searching and inner honesty is very tough," she concedes, "but any woman, married or not, can be a liberator, doing things in the whole world—facing power, confronting power, fighting for power in a positive way."
She herself believes in marriage, but only with a marriage contract that is written to suit the lives of the two people involved. However, right now she doesn't have much private time.
"My social life has always been my professional life," says Ms. Davis, who majored in Russian at Brown University and did graduate work at Harvard. "It will always be important that I have a job that is socially relevant. I want to do 'Spokeswoman' well. I think it is important and will continue to be important. With the growth I hope to find a socially relevant way to finance women's projects."

Live Wire

The Willings will be visited between Oviedo, Ormond Beach and the western part of the state while here for a three-month stay.
I am sorry to have to tell you that Mr. Gordon from the social studies department of Oviedo Senior High has been compelled to resign his post for the year because of ill health.
Did you know that two of our boys to defray expenses to the Country Quick Moonlight

Jack is serving as a guide on the Jungle Cruise.
On Dec. 14, the Saddle Club elected officers for 1972. They are Cindy Shangraw, president, Linda Duda, vice president, Kari Baker, corresponding secretary, Liz McGarvey, recording secretary, Kim Baker, treasurer, and Terry Byrne, publicity.
Many of the club members will attend the Lipizzan Horses Show at the Orlando Sports Stadium on Jan. 25 and 26. They will also participate in the Florida Country Quick Moonlight

Geneva Gems

By LIZ MATHEUX
Mrs. Bertha Doty of Volocent, N. Y., and Mrs. Pearl Eason of Clyde, N. Y., accompanied Grace Mathews on her trip from New York State to Florida. Also visiting with Grace and Oris Mathews are Mr. and Mrs. Frank Lewis of Williamson, N. Y., and Mr. and Mrs. Fred Webber and Mr. and Mrs. Harry Sadler of Kankakee, Ill., cousins of Mrs. Mathews, were also guests of Grace and Oris.
While in an adjoining room of the Gemina and Grace of Oris and Grace, last I forget, let me tell you that they took a ride down to St. Petersburg and had dinner at the fabulous "Kipok Tree" restaurant.
While we are speaking of comings and goings, etc. and of lovely restaurants, I must let the rest of the bag the other day by telling me that she and her hubby, Vester, were going to celebrate their 35th wedding anniversary and it seems as if the elder Smiths accompanied by their very handsome son, Bill and his lady fair, Peggy Fuller, all decided to don their best and-tucker and go over to Disney World's Polynesian Room for a succulent Prime Roast of Beef Dinner.
He is Johnny-on-the-spot to assist Ken Echols—all with lots of TLC, with each child he encounters... that's what I would call deserving of a medal, wouldn't you... at least a big thanks from all of us.
And lest we should overlook,

how about Polly Edwards. Vivian Dunn, Sue Thomas, Grace Straukan, Donna Beardsworth, Ann Finch, Joan Williams, David Thomas, Kernis Sanchez, Henry Jaeger, David Oldham Sr., Oliver Mathews, Bill Myers, Thomas Denton and many more I could mention if I knew their names.
All of these folks work very closely with the children of the area not forgetting to mention everfaithful Imogene Yarbrough who will drop whatever it is she is doing to assist a child or anyone else for that matter, as I said before, Geneva is one swell place to live, don't you agree? There must be quite a number of others who agree from the looks of the houses which are being constructed.
I was just chatting with Mrs. W. D. Dunn, president of the Geneva Elementary School P. T. O., and she tells me that after a brief meeting with members of her board and Ken Echols that a Fish Fry would be on the agenda for February... more on this a little later.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I am a college student (male type) who recently started going with a very dainty French exchange student. We combine business with pleasure as she also tutors me in French. (This is no gag. I pay her.)
The problem is that she lives on campus and I commute. When we are together it is always at my place because she lives with two other girls. I call for her and drive her home, but it is such a great distance that we usually get out in front of her place in broad daylight. She doesn't like this because she says the neighbors "talk" and it looks bad. I told her she could eliminate that problem by staying at my place all night, but she won't buy it.
How can I convince her that in this country it doesn't mean anything if a guy brings a girl home by the dawn's early light.
COLLEGE MAN
DEAR MAN: I can't convince her because I agree with her. Start earlier and you won't be bringing her home in

Horoscope Forecast

WEDNESDAY, FEB. 1, 1972
GENERAL TENDENCIES
You find that the morning starts off on a note of speed and efficiency but by early afternoon interferences start cropping up. This can be annoying but are actually good opportunities starting to manifest themselves and can be most helpful to you in the future. Take them in your stride and this becomes a happy day for you. Show courtesy to others.
ARIES (Mar. 21 to Apr. 19)
If you use that charm you possess for constructive purposes instead of wasting it in wrong directions, this could be the start of a new upturn in your life. Avoid arguments.
TAURUS (Apr. 20 to May 20)
Study the time element where today's activities are concerned. This is the key to success. Stop trying to put your points across in a devious way. An honest approach is best.
GEMINI (May 21 to June 21)
You may have had a big disappointment yesterday but this is a new day, so make the most of it. Take care of obligations ahead of you, then spend quiet evening with mate.
LEO (July 22 to Aug. 21)
A good day to get much done around your home that is of a constructive nature and increase harmony there. Avoid arguing with kin. Instead, use that gentle manner you reserve for a few.

Highlights

7:30-8:30 CBS "The Glen Campbell Show" Viewers quickly get the idea of the historical significance of tonight's show as Glen and his guests, Buddy Hackett and John Byner, march into the arena as the famous battered trio of the Revolution War. Buddy playing the fife and carrying the crutch, Glen carting the flag, and John leading the drummers with a bandaged arm. In the course of the evening, Hackett portrays (?) Benjamin Franklin, Benedict Arnold and John Crockett. Byner, in addition to playing Ponce de Leon, joins Glen as the two play a pair of Pilgrims discussing what to name the rock on which they've just landed.
7:30-8:30 NBC "The Search for the Nile" Narrated by James Mason, this third installment concentrates on British explorer John Henning Speke's trip to prove a theory that the Nile Victoria is the source of the Nile. Sir Richard Burton is outraged because of his former assistant, Speke's discovery, however, is the Ripon Falls, which he found successfully concludes his exploration. Strong performances by John Quentin as Speke and Kenneth Haigh as Richard Burton.
7:30-8:30 ABC "Mod Squad" "No More Oak Leaves For Erin Holland." A grim search is conducted by the Mod Squad to find a cache of weapons believed stolen to incite a riot in a sensitive ghetto area. The situation becomes explosive when a young policeman shoots a teenager. The cop is suspected of being emotionally distressed, brought on by the fact he served
8:30-9:30 CBS "Hawaii Five-O" McGarrett is the victim of a kidnapping. He's abducted at the orders of an eccentric millionaire and brought to the man's estate. The super-rich man (Harry Sullivan) is suspected of killing one of his business associates, but he refuses to leave the safe confines of his home to try to clear himself. Instead, he has McGarrett abducted and brought to him to protect his innocence and tell Steve he's being framed.
8:30-9:30 NBC "Pre-Olympic Special" The competition of this exciting quadrennial sports spectacle gets underway tomorrow at San Francisco, Japan, but NBC, which will cover the events nightly via satellite, offers this one-hour special to night to give viewers a look at the Olympic site.
9:30-10:30 ABC "Movie of the Week" "Hardcase" Clint Walker stars as a turn-of-the-century fighter of fortune who returns home to Texas and discovers his home and land have been sold and his wife is among the missing. He learns that his wife, Stefanie Powers, has fled across the border into Mexico with a fiery young revolutionary, played by Pedro Armendariz Jr. When he catches up to him, he discovers that his wife, thinking he had been killed, has remarried the Mexican fighter. Walker's partner in crime is Booker Lively, an American played by ex-football great Alex Karras and discovered, has remarried the Mexican fighter. Walker's partner in crime is Booker Lively, an American played by ex-football great Alex Karras and discovered, has remarried the Mexican fighter. Walker's partner in crime is Booker Lively, an American played by ex-football great Alex Karras and discovered, has remarried the Mexican fighter.

Jacoby On Bridge

We wonder about the number of our readers who would be just as unlucky as South was with today's hand.
Four spades is a very reasonable contract. All South has to do to bring it home is to hold himself to two club losers. When we see the hand played the queen of clubs was opened and the defense had three club tricks home before South could do anything but follow suit. After that start West shifted to a diamond trick. East collected a diamond trick. It was bad luck, of course, but winning bridge players change a lot of bad luck to good luck by means of careful bidding or careful play.

Worry Clinic

By GEORGE W. CRANE
PH. D. M.
CASE 5-86: Billy X, aged 22, had a serious sex problem. "Dr. Crane," he began, "when I was in grammar school, I was initiated into homosexual relations with one of my teachers.
"This continued, off and on, till I was in college.
"But I read one of your columns in which you said homosexuality can be cured, so I followed your advice.
"I deliberately dated a coed who was lovely, smart and with many friends of both sexes.
"By gradual degrees I began to find that my erotic emotions were clustering around her.
"In our senior year, I proposed and she accepted. "We are to be married next month.
"You think our marriage should turn out successfully?
"Homosexuals are not "born that way," as many people erroneously believe. Our appetite for love may be compared to that for stomach food.
"As birth, for example, we have an inborn need for carbohydrates.
"But we do not have an innate desire for alcohol, wheat, rice, oatmeal or corn flakes or grapes.
"These modern breakfast items must become attractive to us because of training after birth.
"Same is true of love hunger. All human beings are born with an innate desire for affection.
"For whether it shall be of the homosexual or the heterosexual variety depends on early influences in our environment.
"For when the erotic appetite begins to increase in the early teens, if children are then confined to a one-sex school, they are far more likely to turn to their own sex for erotic gratification.
"That is also why homosexuals zoom in on prisons and military service, where the sexes are isolated from each other.
"If you contact the mental environment around you, you can get great assistance to you in business affairs. Best directly to the point for best results. Relax with mate tonight.
"SCORPIO (Oct. 23 to Nov. 21)
There is one in your family who is giving you some trouble. If you look at the situation objectively instead of emotionally you can solve it wisely. Try to cooperate more.
"SAGITTARIUS (Nov. 22 to Dec. 21)
Many ideas pop into your head, but you have to distinguish the good from the bad and then put the right ones in operation. Obtain opinions of persons you highly respect.
"CAPRICORN (Dec. 22 to Jan. 20)
If you contact the most powerful person you know, you can get the backing you need to solve a pressing problem. Right advice could be invaluable. Don't neglect correspondence.
"AQUARIUS (Jan. 21 to Feb. 19)
You are gregarious by nature and can now have a fine day confiding those persons you want to see. Manage your affairs as you have plenty of free time. Show that you have ability.
"PISCES (Feb. 20 to Mar. 20)
You have a financial lack. This can be offset by making the proper contacts and increasing your income. You can be successful if you stop being fearful. Know your capabilities.
"IF YOUR CHILD IS BORN TODAY... he or she will be one of those clever young people whose mind is at work almost from the moment of birth. Be sure to plan now for a good college education and a successful life is assured. A fine artist is in this chart. Give good spiritual training.
"The Stars impel, they do not compel." What you do with your life is largely up to YOU!
Carroll Righter's Individual Forecast for your sign for February is now ready. For your copy send your birthdate and name to Carroll Righter, Forecast, The Sanford Herald, Box 629, Hollywood, Calif. 90028.
"I see more guitars around than tubas," Mondragon said.

LET'S GO FISHING

By GARY TAYLOR
Herald Sports Editor
The Fighting Seminoles will be looking for their 15th win of the season against only six losses tonight when they entertain the Kissimmee Kowboys. The game opens at 8 p. m. at home stand that completes the home season as the final three games are on the road. Game time tonight is 8 p. m. with TV tipoff at 6:30 p. m.

By BOB ORRELL
Bass fishermen are bringing in some excellent catches although most of the action is centered on speckled perch and shad at this time of year. C. T. "Cruck" Wade stopped by the Seminole Sporting Goods Store last week to weigh a large mouth which topped 12 pounds on the scales. Chuck used a live shiner and spinning rod to whip the monster and was reported to have been fishing in Lake Jessup, the exact spot unknown.

Lowell Hilly, owner of Hilly's Camp, stated that the specks are late laying on the beds in Jessup and catches are unpredictable. Some boats are bringing in only six or seven while others have had strings up to 82 while fishing the shallow water around Soldier's Creek. In the area around Howell Creek, one party landed 40 on a Saturday trip with five Missouri minnows being the bait in both cases.

Lake Monroe anglers haven't fared so well as usual for the past few days according to Paul Johnson of the Ostrom Bridge Fish Camp. Fishing around the bridge pilings has consistently produced from 10 to 20 per boat. Tom Gordie, who gets his share of bass almost every weekend, landed seven on a mid-week trip in this part of the river and four more on Sunday.

Pat Brooks at Lemon Bluff weighed in a five pound, 8 1/4 ounce shad which was the first part of the week but started late, but says they have slowed down considerably since then. Specks and bream are biting well here and the warm weather has caused the bass to start striking right in front of the camp in the middle of the river. Most of the bass action occurs early in the morning before the fog lifts according to Pat.

HITS LIMIT THREE DAYS

"Back" Jay, fishing out of Bob King's Marina Isle Camp on East St. 46, landed his limit of speckled perch three days in a row last week. Fifteen to 20 specks to the boat is the story for those staying close to the camp, said Bob. Shad trouters hit at the rate of 10 to 12 per boat the first part of the week but started slowing down after Thursday. Dick Keith trotted from 4 p. m. until dark Saturday and landed six nice sized ones. Sunday, the same period of time, accounted for six more for the same angler.

Mrs. Margie Wheat, who usually teams up with Dr. Elizabeth W. Kirby-Smith, netted a four pound, 13 ounce shad this past week and several others in the four or five pound class were weighed in by King over the weekend.

Bream are finding crickets to their liking in this part of the St. Johns now, with catches of 30 to 40 being common here and an occasional string of 50 being reported. Bass also are coming to life again in this section with Dick Mower taking seven of them last Friday.

Young Eddie Gordon trotted the Hat Bill Park area and scored with 15 shad, and Jerry Johnson, fishing the same section, landed five good bass ranging from four to 7 1/2 pounds. It used shiner, for the bass and also lured into three monster shad, the smallest weighing 17 pounds, the largest 28.

WEKIVA RIVER FISHING
The Wekiva River, one of the most beautiful and picturesque streams in Florida, offers an added bonus to Seminole County residents in that it is also one of the best fishing areas of the state. Just to take along this beautiful waterway is worth the trip, but for those disciples of Isaac Walton who cannot resist the lure of trying to outstrip the large mouth bass, redear bream, speckled perch and even the lovely crotchet, the Wekiva is hard to match. In some places wide and shallow with grass bottoms, it might easily cause a first time triper to think he had been transported to Africa or some equally tropical land.

Two fine fishing camps are located a few miles west of Sanford on SR 46 and even with the conditions of this road, it is well worth a visit and fishing trip to either camp.

George Fowler tried his luck at the Wekiva River Haven Saturday and landed a mixed string of 40 bream, catfish and specks. George Cheney, owner and operator of this camp, stated that bream and catfish have been hitting in fair numbers along with some pretty good bass averaging 1 1/2 to two pounds.

At Camp Seminole, Otis Faulk, owner, had word of six bass taken by Ross Roberts on Saturday. The six weighed 12 pounds. Another guest at this camp, Mrs. Dottie Hill, topped her string of four with a six pounder on Sunday. Faulk stated shad cracker up to 1 1/2 pounds are biting near the mouth of the river.

FLounder CAUGHT IN MONROE
An unusual catch was reported from Lake Monroe Sunday. Bluford Carroll, fishing for specks in the Mills Creek section of the lake, came up with a six pound flounder. Occasionally flounder turn up the St. Johns from the ocean but a six pounder is a nice catch even when fishing there. Carroll also managed to find 28 specks although the wind was bad.

Darlene LeNoir of Loughman Lake Lodge, SR 46, East of Mims called Monday morning with news of terrific bass fishing from the shore in front of the camp. Mrs. LeNoir stated that she had never seen so many good sized bass caught and what made it nice was the most of the fishermen were elderly people who could not fish from boats easily. On Saturday, Howard Gaddis landed a nice pound, one ounce specimen and Lyman Green had one weighing seven pounds, two ounces. Marilyn Carr took five on Sunday (four to 5 1/2 pounds), and Gaddis landed five (three to five pounds). O. K. Thackeray scored a 6 1/2 pounder while Angie Lacey had a 7 1/2 pounder. Chuck Griffith got three catfish from two to five pounds and to top it all Bob Hancock landed a 22 pound catfish while trolling for shad with a 10 pound test line! A five pound bass fell to "Hap" Truckod and Bob Heady's best one hit the scales at four pounds, nine ounces. All these bass were taken on live shiners.

SPECKS BITING IN LAKE GEORGE
Dick Dove reported sensational speck fishing from Lake George with catches running as high as 150 to the boat last week.

In the interests of safety—a word of warning to the operators of fast boats who have been observed speeding through the shad fishing area: this is a dangerous practice and could result in damage to small boats or possibly even the loss of life. Small boats are entitled to the courtesy of slowing down and passing carefully in order that a tragedy may be avoided!

Looking For 15th Win

Fighting Seminoles Entertain Kissimmee

Sanford Atlantic, Eddie's Bakery Win Showdown For First Place Next Week

BIDDY LEAGUE
Sanford Atlantic Nat'l Bank 49—United State Bank 23
Sanford Atlantic got back into the win column, and is headed for a showdown with Eddie's Bakery next week for the championship of the second half. Donnie Williams, who missed last week's game had 20 points for Sanford Atlantic, Jeff Anderson had 16. Rocky Jergigan scored 16. Rocky Jergigan scored 16. Rocky Jergigan scored 16. Rocky Jergigan scored 16.

The variety quilt is seeking to improve their record as the district tournament nears. They have already defeated Kissimmee once this season, but that win, by an 85-74 score, came at the start of the season and the Kowboys are expected to be much improved.

Frank Brown provided the scoring for the Kowboys in the first matchup between these two teams. He scored 28 points, but got a lot of help from Richie Yates with 19 and Willie Corbett with 14. Ricky Carter, who had 16, Martin had 22 and Smith came through with 16.

Martin is currently averaging 17.2 points per game for the Trips, leading them in that category.

Eddie's Bakery 35—First Federal 26
First Federal played one of their best games of the season.

but lacked the height to handle Eddie's Bakery. Doug Packard scored 22 points for Eddie's Bakery. Greg LaTour had eight, Timmy Aiken and Michael Willms each had eight and Hector Perez one. For First Federal, Billy Lee had 11, Mike Aiken nine, Pat Johnson four and Glen Marcel two.

Florida State Bank 25—United Electric 13
United Electric played with out their high scorer, Bobby Rapp. Kenneth Brown stepped in and scored 17 points for Sanford Atlantic. David Craig had 14, Chip Wilkins three and Ronnie Ryan one. David McCook had 13 for Florida State Bank. Peter Griffith and Pat Schirrad had three each. Kenneth Williams and James Edmonds two each.

INTERMEDIATE LEAGUE
The Rams, under new coach Mr. Hendricks, scored a well balanced attack. Jeff Jaton had 11, Joe Smith nine, Teddy Miller eight, Joe Baker six, Gerald Meyer three and Phil Ricker two. The Jets only had three men score. David Barkley had 17, David Provencher nine and Tom Edmonds three.

Eagles 21—Celtics 25
The Eagles stay in second place, one game out of first.

The Seminoles were outscored in the second half and Kissimmee had 21 field goals in the game as compared to 13 for Sanford. But the Seminoles hit on 24 of 33 free throws and Kissimmee connected on only eight of 16 charity tosses.

Next week the Seminoles have home encounters with Daytona Beach Seabreeze and Lakeland. Local basketball fans are in for a treat this Saturday as the Winter Park Wildcats come to town. It is the only meeting of the season between the Seminoles and the talented Metro Conference team.

ESCAPE PLAN of Lyman's Greg Wallick (white jersey) is thwarted by Titus' came out a winner as the bout ended in a 3-5 tie. Lyman won team match 48-8 to remain unbeaten. (Herky Cush Photo)

Greyhound Grapplers 'Terrorize' Terriers

By HERKY CUSH
Herald Sports Writer
Lyman's unbeaten wrestling team extended its winning streak to eight straight last night when they destroyed the Titusville Terriers, 48-8, in front of the home folks.

While the team score was quite lopsided, many individual matches during the course of the evening were not and it made for some exciting action for the several hundred Greyhound followers who attended the match.

Perhaps the most exciting match and the one with the most interest was the 147 pound event which saw Glenn Hill of Lyman push his mark to 8-0 with a handout 6-0 decision over Dave Bovain. As he does in every match Hill came to wrestle but unfortunately his opponent was not totally in the same frame of mind. This match ended with 24 seconds left when Bovain stood with fists closed after the whistle blew ending an off the canvas bit of action.

Bovain had taken a 5-0 lead on Hill, one of the few times Hill has been behind his season, and held a 3-1 lead at the end of two periods. But the talented sophomore of the Hounds came up with a reversal and near fall in the third period to get the win. While he won Hill had his string of six straight pins come to an end.

Heavyweight Mike White took a 10-4 decision to keep his mark unblemished in five matches but like Hill, had a string of pins come to an end. Lyman's other unbeaten, Bill Lyman kept his mark intact with a 15-2 decision over Coleman Mitchell in their 157 pound affair. Sutphin took a 6-0 lead in the first period and never was in any trouble in nothing his sixth win.

Also extending his string of wins last night was the Greyhound 114 pounder, Gary Miller who pinned the Terriers' Mike Robb with 44 seconds left in the third period. It was Miller's seventh straight win. He is 7-1 on the season.

Ray Banwell, Lyman's 147 pounder, also won his straight wins come to an end last night when he won on the short end of a 5-4 count against Bob Lastina.

In the 125 pound pin-together Lyman's John Zino had himself a victory in short order as he pinned Bob Henking with 50 seconds left in the first period. Zino got a take down, quickly and worked equally fast to get the fall. The Hound senior now has the 5-1 mark for the season.

Gary Kitchen won his sixth match in eight starts when he pinned Titusville's Mark Starn.

much of a test for the Middlesex who had whipped them earlier in the year by a 7-0-7 count. In the Middlesex assumed a 16-7 first period lead and after pushing it to 30-18 at half just coasted to their eighth win against three losses.

Bob Yates, who along with Frank Lett led the scoring against Florida Air, was the Middlesex' big scoring gun in the first game with Monteverde Yates scored the Monteverde defense for 16 points in the time he saw action. The Middlesex reserves saw plenty of action in the closing period of the first meeting.

Monteverde provides opposition for SNA

After Missing Upset

Williams Not Eager For Rematch

JACKSONVILLE, Fla. (AP) — After coming so close to upsetting Jacksonville University, Williams, might be expected to be eager for the rematch Thursday night of his home ground at Furman University in Greenville, S.C.

But not Joe Williams. "That is not the big one for us this week," Williams said after shrugging off the 91-90 loss to Jacksonville Monday night. "Our big game is Saturday against East Carolina."

Williams said he was in national rankings. He just wanted to be seeded in the Southern Conference tournament, and he wanted to beat conference teams for that.

It's Jacksonville coach Tom Wadwin, former assistant to Williams, who is eager for the second game between the Dolphins and the Furman Purple Paladins.

"I can't wait until we get up there," Wadwin said. "I know we'll be ready to go. I think we are getting close to having a good ball club now that David Brent is back, and we have to show it on the road."

Brent, a 7-foot sophomore, has played little since breaking a leg bone in mid-December. But he scored 15 points, pulled in 18 rebounds and blocked 13 shots against Furman.

Larry Parrish, a freshman from Haines City, paced the Raiders with five hits, including three triples. Returning letterman Tim Booker smashed three hits, including a double and triple as the one at the academy.

They played the games Saturday and Sunday, with the first game each day against the first team and the second game against the second team. Florida Welch defeated Mickey Doyle.

Williams said he was in national rankings. He just wanted to be seeded in the Southern Conference tournament, and he wanted to beat conference teams for that.

3-County Transit System Proposed

By ANN SIECKOWSKI

Orange-Seminole-Osceola mass transit system was the subject of consideration at the weekly meeting of the Board of County Commissioners...

Lee said they need an agreement between counties, state Department of Transportation and the Regional Planning Council on a revised scope of study...

Commission Chairman Greg Drummond said he believes if the authority is to be funded equitably, it should relate to use by population.

Commissioner Al Davis said he is not interested in committing Seminole tax money to help subsidize a bus system in other counties...

Glitting said the only action sought at Tuesday's meeting was to proceed toward a local agreement. He said that is should be obvious in light of the tremendous growth of Seminole County...

On motion of Commissioner Shiny Vihlen, the Commission voted to continue the efforts of the transit committee, with Davis opposed.

Ge. I'm glad for Shoshi Yokoi... he's the Japanese World War II soldier who spent 28 years hiding in the jungles of Guam.

Well, today he flew back to Japan and received a hero's welcome with a crowd of 5,000 at the airport to greet him.

After reading this next bit, I'm going to write to Shoshi and ask him for the location of that terrific hiding place.

Be sure and read one of the many news reports which we carried on the actions of the County Commission meeting of yesterday. The one in particular is on Page 3A.

Now, for the migrant workers, would you believe that we taxpayers may be forking-over \$10,000 to a program which "could apply to supplying an already existing county vehicle to pick up the people and return them to their homes each day or to furnish some other form of transportation for this purpose."

(If I had only known of this maybe I could have hit the boss for special transportation, huh? With my kind of luck, he would have volunteered a 10-speed bike.)

Come to think of it... why not a bike for the migrants?

Thank you, readers. Those of you who are really interested in the thoughts of the Presidential aspirants.

Our offer of you calling me and letting you ask the question is meeting with some success. Excellent queries, too.

Scoop Jackson will be here in our office next Wednesday in case you'd like for us to ask him a question on your behalf.

LEST WE FORGET... Today is Punctuation Day!

It's the forecasting groundhog who comes up with a familiar refrain when he nokes his nose above the ground...

P.S. ... he saw his shadow! And our Yankee friends are welcome to continue to have our share of winter, thank you.

By JOHN A. SPOLSKI

As a follow-up to our "tip" of yesterday, wherein there'd be an expensive announcement prior to Friday ament public officials in Orange County...

There's a grand jury in Tampa called to investigate same. More on it tomorrow.

Well, today he flew back to Japan and received a hero's welcome with a crowd of 5,000 at the airport to greet him.

After reading this next bit, I'm going to write to Shoshi and ask him for the location of that terrific hiding place.

Be sure and read one of the many news reports which we carried on the actions of the County Commission meeting of yesterday. The one in particular is on Page 3A.

Now, for the migrant workers, would you believe that we taxpayers may be forking-over \$10,000 to a program which "could apply to supplying an already existing county vehicle to pick up the people and return them to their homes each day or to furnish some other form of transportation for this purpose."

(If I had only known of this maybe I could have hit the boss for special transportation, huh? With my kind of luck, he would have volunteered a 10-speed bike.)

Two Million Scan Draft Lottery

WASHINGTON (AP) — The draft lottery for two million men turning 19 this year began today with No. 29 being assigned to those born Sept. 26, 1953.

WASHINGTON (AP) — Following are the birth dates and matching numbers in today's draft lottery in the order in which they were picked:

THE WRONG WAY TO GO FISHING

Two women escaped from this 1966 Cadillac which was submerged upside down in Lake Monroe last night after skidding off wet Highway 17-92 and over the seawall.

Culpepper Charges Answered By Angel

If the final report due in April on a study now underway of an extended school year (or 45-15 plan) shows it is not economically or educationally feasible, there is only one alternative...

This could mean, he said, a bond issue or millage election to tax countywide property owners by four mills to build schools in the south county area.

Dr. Culpepper has stated, "The Sanford based power structure is not going to risk being taxed to build schools in the south end of the county."

He has urged residents to exert political influence to have a millage election on the March 14 state presidential preference primary ballot.

Longwood Hearing On Bobtail Sewer

LONGWOOD — Another work session of the City Council and land developers has been called for 7 p.m. Tuesday in an effort to determine if builders' monies can be pooled to construct a "bobtail" sewer system while federal funding is awaited for a permanent system.

Council had a similar work session a week ago that was not well attended and has instructed the city clerk to notify by mail all builders who have indicated a desire to develop land or annex to the city to be at next Tuesday's meeting.

At a work session of the Council last night discussion centered on the long-assailed city map improvements to the city lines and extension of water lines to a development.

City cartographer Bart-Ra Dampier was instructed to have sizes placed on the lots in the map she is preparing and to submit estimates of cost of having the map printed.

Estimates of cost of the improvement are to be submitted to Council.

Navy Vet Drowns In Little Econ

By BILL SCOTT

Drowning caused the death of a young Alabama Navy veteran, whose body was pulled Tuesday afternoon from the muddy Little Econlockhatchee River, just off SR 419 about halfway between Orlando and Chuluota.

Dr. G. V. Garay, Seminole Memorial Hospital pathologist, who performed an autopsy on the body of Clarence Bernard Doggett, 22, of Jackson, Ala., reported the man died by drowning. (Related Photos Page 2A.)

County Det. L. L. J. Kris said the full examination of blood, urine and other tests have not been completed and added, "These will take a few days."

There were no trousers on the body, which was found floating in the water approximately half mile south of the bridge, by Ronald James Bell and William Gary Harris, both of 5605 S. Susannah Boulevard, Orlando, friends of Doggett, who had been searching the area for approximately one hour.

Doggett came to the Orlando area two weeks ago after being discharged from the Navy and was camping out for the weekend at the river, according to Bell and Harris.

Doggett was last seen Friday evening when another friend, Carey Todd, also of 5605 S. Susannah Boulevard, left him at the bridge.

Sheriff John Polk said Doggett lived at the same address as Todd, Bell and Harris.

Peering into the autopsy, the sheriff stated, "There is no indication at this time that any foul play was involved, and no signs of a struggle was present."

A note found at the scene from Owee Bronson, a Sunday fisherman, Orlando, stated he took the camping supplies, including a sleeping bag, to his home after failing to locate the owner of the equipment.

Bronson was contacted by the sheriff's office and indicated he has the camping equipment to release.

The investigation is being conducted by William Hogan and Paul Legg, county detectives.

By DONNA ESTES

ALTA MONTE SPRING — Warning was issued by Councilman Dan Dorfman last night to citizens of Seminole County and Altamonte that they might find more than "sunshine and sand" if they go to New Smyrna Beach.

Dorfman told a story of a carload of city people who went to the beach last weekend, parked at the car key broke off in the ignition. Being one of the new model cars, Dorfman said, with the key in lock position the steering wheel would not move and the gear shift was also locked in place.

The Councilman continued that after fruitless efforts by the citizens, he did not identify, to move the vehicle as the tide came closer to the car, a wrecker was called.

And "the wrecker laid it to the people," Dorfman said and charged \$15 to move the car about 100 yards. The Councilman said there are apparently no regulations by the state or the city on the amount that may be charged for such emergency assistance.

"The people should know that when they go to New Smyrna, they may get more than sun and sand."
