

Passports Show These Americans Do Get Around

By JEAN EADS WASHINGTON, (AP)—If you are planning a jaunt out of the country you are advised by the State Department to apply for your passport at least three weeks ahead of time because of the heavy in-

crease in requests in recent months. In July 22,437 passports were issued. In August the number dropped to 18,505. Many of these applications were from wives planning to join their husbands overseas. A large number were from government officials. However, the greatest number were filed by those traveling for business reasons.

The number of applications is expected to decrease until March. That passport division, now fully staffed with 279 employees, is ready for its biggest business even then. This is based chiefly on reports from travel agencies and airline companies. Passports are being issued to tourists only for South American countries. But European countries, especially France, are eager to resume their tourist business.

However, an additional large number are going over on personal business to settle estates, visit relatives who fared badly during the war or to get married. Of the latter number, most are returning to wed the girl they left behind when they were sent home.

The State Department is limiting the number of passports to Germany, Austria and Japan. These countries are still under the control of the military government, and applicants have to go to the joint chiefs of staff.

Prospective travelers may get instruction booklets from the State Department. It contains requirements of various countries and other data. For instance many countries require the use of travelers' checks rather than cash. In Mexico Americans are requested to trade with \$2 bills. The State Department suggests that persons going to foreign countries take shots to safeguard against small pox, yellow fever, cholera and typhus. Some countries require proof that infectious have been given, otherwise the traveler is put in quarantine for a week or two. In India there is a great fear that cholera and yellow fever might be brought

According to latest reports, Mrs. Allen W. Barkley, wife of the Senator from Kentucky, is critically ill at her home in Washington, D. C. The Senator interrupted a Western speaking tour to return to her side in Washington.

into the country, thus starting an epidemic. The wartime practice of having all returning travelers hand over their passports for filing at the State Department has been revised. Now, except for passports for military areas, returning travelers may retain their passports to the expiration of the original two years, with an option to renew for another two years.

Speaking Of Saving Money

One way to save money is to forget your wife's birthday. A better way and a more pleasant one is to place your fire, wind-storm insurance with us and give your wife the dividend savings for a birthday present.

We can give you a 20% cash dividend savings on fire and wind-storm insurance. C. M. Boyd & Co., 113 1/2 Magnolia Avenue, Phone 104. Adv.

Seventy-five pounds of coal are required to make a dawn motor.

Health Division Again Pleads For Better Rest Rooms

JACKSONVILLE, Nov. 4. (Special)—For the second time this year the Florida State Board of Health is urging that restrooms, particularly those in filling stations, be kept in a more sanitary condition.

David B. Leo, Chief Sanitary Engineer, pointed out that "the tourist season is upon us and that it is necessary for the protection of health as well as the 'first impressions' of the visitors that public restrooms, usually the first stops for tourists be kept presentable."

The campaign early this year, he said, was very successful, but as summer came on "efforts in this regard were relaxed and as a result, in recent weeks we have begun to receive complaints from transients throughout the State that public sanitary facilities are again in a bad state of repair."

Leo was emphatic, however, in pointing out that "his Bureau's interest in clean restrooms is not confined to the tourist season."

"We use ourselves the same sanitary considerations, and the same high standard of cleanliness should be maintained. The year-round traveler we don't get away from the fact that this tourist business in Florida is Big Business. As we travel over the State we see every imaginable sort of cleanup project in motion—and for what? Getting ready for the tourist season."

"Also, the State is spending \$500,000 annually to sell Florida to outsiders. It is the responsibility of the State Board of Health therefore to see that so far as finances will allow, that a creditable sanitary condition be presented to our visitors."

All companies have been asked to keep closer check on their local station restrooms. Naturally, all local health departments are being alerted to see that routine sanitation checks are made as regularly as their limited personnel will allow. Civic and service clubs are again asked to help in voluntary inspection. "Ask your members to speak to the station management when unsightly conditions are found, or to report them to the local health department."

"We need the help of every individual in furthering this statewide cleanup project because we do not have sufficient local personnel in any one health department to keep proper check on this situation. It all gets back to the economic situation—insufficient funds, therefore, insufficient inspectors. The good cooperation of the public and the oil industry along with the endeavors of our own staff is therefore necessary to do this job in a creditable manner."

German silver is an old name for the ancient Chinese alloy of nickel, copper and zinc.

Invents Electric Lock-Picker, But He Won't Sell It

CHATTANOOGA, Tenn. — A Chattanooga locksmith says he has perfected a portable electric lock-picker that could be a menace to civilization.

William Miskell says his device will open the average door lock in a matter of seconds and would be a potential bonanza for housebreakers and car thieves.

But, he added, it will never be put on sale—he's a locksmith and it's no interest to preserve locks rather than undermine them. The device, the result of 14 years experimentation, consists of a long steel needle connected to some coils which cause the needle to vibrate when electric current is applied.

All Miskell has to do is insert the needle and a tension tool into the lock and press the trigger. The needle vibrates and, aided by the tension tool, forces the lock tumbler up and the door opens.

The only noise connected with the operation is a gentle humming audible only within 10 feet. The machine is easily portable. A dry cell fits in one back pocket and the coils and needle in another.

Cops Figure Out 47 Ways To Tell If Man Is Drunk

BILLINGS, Mont.—Billings police are instructed to consider these questions in deciding whether a person is drunk: Does his breath have an odor of alcohol? Is it faint, moderate or strong? Is he partly dressed or unclothed, or is his clothing dirty? Is he polite, excited, reserved, hilarious, talkative, insulting, combative, stupefied, delirious, silent or dull? Is he hiccupping, belching, drooling, punching, kicking, fighting, stepping in convulsions or uncoordinated? Are his eyes normal, watery, bloodshot, roving, downcast or glassy? Is he swaying, wobbling, staggering, falling or unable to stand? Is his speech fair, slurred, sluttish, terine, confused, incoherent, whispering or jerky? How is his enunciation? Can he touch his finger to his nose?

Notice is hereby given that I am engaged in business at 110 South Park Avenue, Sanford, Florida under the fictitious name of Mickey's Drug Sundries and that I intend to register said name pursuant to the terms of the Fictitious Name Statute (Chapter 2985 Laws of Florida) with the Clerk of the Circuit Court of Seminole County, Florida. FLETCHER E. BOLLIS Sanford, Florida First Publication Nov. 4, 1946.

Pine Industry Puts Blame For Housing Shortage On OPA

NEW ORLEANS, La., Nov. 4. (Special)—Veterans of this country are still without the homes they have been promised over and over again and the prospects are hardly any brighter today than they were when the war with Japan came to an end more than a year ago. The blame for this condition belongs right at the door of the OPA and other government agencies declared spokesmen for the Southern Pine Industry Committee on the eve of filing a formal protest with the Administrator of OPA.

The pronouncement of an emergency by President Truman; the removal of tariffs on all lumber importations during the period of this emergency; and the wide use of subsidies, is just another evidence of confusion upon confusion," declared the Committee's Secretary, H. C. Berckes, "designated to offset the effects of many mistakes

and consistent bungling. The extraordinary measure adopted, in my opinion, is just another mistake and, at best, only a smokescreen to focus attention away from the spot where the real trouble lies."

The spokesman stated that the industry-wide organization he represents is filing a full protest with the Administrator of OPA regarding the unfair, unreasonable and discriminating actions taken by the price control agency, all of which have combined to make the present chaotic housing shortage what it is today, particularly with respect to lumber supply and distribution.

Mr. Berckes said that the protest is being filed with the Administrator in accordance with the provisions of the law, requiring that it first be presented to the Administrator within the 30-day period required by law. The Committee will carry its complaint to the Emergency Court of Appeals. Mr. Berckes said that when the Industry Advisory Committee recommended to OPA that they act in accordance with Section 2(v), the answer by OPA was that 90% of the production was being protected basing their contention

on an adjusted realization which included a production incentive increase directed by Stabilization Administrator John C. Colwell in February of this year. The Administrator was without authority to treat this production incentive as a part of the price structure as obviously such an incentive was in added over and above what was considered to be a fair and equitable price schedule.

"Other features of the protest," concluded Mr. Berckes, "will conclusively prove that the Southern Pine Industry has been hampered and prevented by the OPA in meeting its obligations to the veterans housing and reconstruction program. It is expected that the protest will be officially filed with the Administrator on or before November 1."

War-time research on flouring is expected to lead to improved practices, anesthetics, insecticides, fungicides, fumigants, germicides, fireproofing materials, and other products. American Indians in Pennsylvania dig pig pits to collect oil for medicine.

## Reds Attack Towns South Of Chefoo

### Communist Trying To Divert Power Of Nationalist Drive Toward Key City

PEIPING, Nov. 5. (AP)—Chinese Communist troops today attacked several towns to the south of Chefoo in what observers said was an action to divert government strength from its Chefoo offensive. The Communists attacked numerous towns along the Tsinan-Tsinan railroad about 120 miles south of Chefoo. At the same time, Communist reinforcements are being rushed from southern Santung province into the Chefoo area where severe fighting is raging for Chefoo and other port cities.

The government is continuing a virtually complete blackout of news from their side of the fighting around both Chefoo and Dairen. Elsewhere the government announced capture of two towns in southern Manchuria and Hopen province.

Chinese Foreign Office sources at Nanking, meanwhile, claim they have no knowledge of negotiations said to be going on with Russia about Dairen. Earlier it had said the Chinese government was desiring to take over the Russian controlled city under the terms of a treaty made in 1945.

## Capture Cashier, Quiz Wife In \$900,000 Theft

A \$60-A-WEEK CASHIER, William A. Nickel, 46, is flanked by detectives (top), after his arrest in Miami in connection with the embezzlement of \$900,000 or more from the Mergenthaler Linotype Company of Brooklyn. His attractive wife, Grace (right), is shown after she had been questioned and gave police keys to safe deposit vaults in which they found \$68,100. The money and furs and jewelry, valued at \$35,000, which were also recovered, are shown (bottom) in the district attorney's office in Brooklyn. (International)

## Former Postal Clerk Admits \$40,000 Theft

SAN FRANCISCO, Nov. 5. (AP)—Postal inspectors today said that a former postoffice clerk has confessed to the theft of \$40,000 in cash from a mail sack in 1937. The inspectors explained that the clerk cannot be prosecuted because no indictment was returned within the three year period specified by the statute of limitations.

However United States Treasury officials are interested in the case because the man failed to pay income tax on the \$40,000.

Special postal investigator W. R. Palmer quoted the man as confessing that he split open a registered mail pouch en route from the Federal Reserve Bank to an Oakland bank and grabbed a small canvas bag containing \$40,000 in currency.

## Grammar School All Stars Are Beaten

Mrs. J. M. Stueckel's room 7 of the Sanford Grammar School champions in the school's touch football league, trimmed an all star team from the sixth grade by an 18 to 12 margin last week. Eugene Brown intercepted two passes and intercepted for touchdowns and Hobbie Morris intercepted a pass and ran for a marker, for room 7's three scores.

## Miners' Contract Talks Halted Today

WASHINGTON, Nov. 5. (AP)—John L. Lewis and the federal government took a breather in their contract talks today—election day. The discussions are to be resumed tomorrow.

## Guy Fawks Day Held In Britain

LONDON, Nov. 5. (AP)—Small boys in Britain were shooting off firecrackers today. The fireworks were part of the celebration of Guy Fawks Day.

## Key West Dies In Week

KEY WEST, Nov. 5. (AP)—An automobile crash on the Overseas Highway has resulted in the death of one girl and the injuring of three other girls and two men. The six young people were returning to Key West from Miami where they had attended a Methodist youth fellowship meeting. Their car struck an embankment on an Overseas Highway bridge 18 miles south of Key West.

## Germans Told To Up Progress Of De-Nazification

### Military Government Not Satisfied Thus Far With Program

STUTTGART, Germany, Nov. 5. (AP)—The deputy military government of the American Occupation Zone in Germany Council of State, in a thoroughly disappointed way, announced today that the handling of de-nazification.

The deputy military governor, Lieutenant General Lutus Clay, warned the council that unless the Germans improve quickly the military government will take over the job itself.

General Clay announced an immediate order that no German who has been removed from office by the military government can be returned to office without military approval. The order applies even if the German in question has been cleared of charges of Nazism by German de-nazification courts.

## Baby Feds To Meet Cocoa 11 Tonight At Athletic Field

The Seminole High School Baby Feds will meet the Baby Cocoa High School eleven at the local athletic field tonight at 7:30 o'clock. It was announced this morning by Herman Morris.

## Rent Control Office Is In New Location

## Amendments 4 And 5 Explained To Rotarians By Odham And Ware

### Fights Crime Wave

BRADFORD, Seminole County representative, and Judge T. W. Ware were the principal speakers at the Rotary luncheon yesterday, explaining the proposed constitutional amendments and taking opposite sides on the question. Jack Odham, Jayce president, announced a meeting Tuesday night for the purpose of reorganizing the Boy Scout committee and urged members of the Rotary Welfare Committee to be present.

## Elks Pledge \$200 Donation To SHS Library Campaign

The Sanford Elks Club has aided materially in the Seminole High School library book and equipment drive by pledging to pay for a charging desk and chairs, estimated at \$200 or more in value, according to Miss Edna Chittenden, school librarian.

## Pilots Plan Evening Meetings This Week

Members of the Sanford Pilot Club will meet every night this week at the office of Mrs. Edward Kueber, secretary of the Seminole County Health and Tuberculosis Association, in order to plan for Christmas Seal sales. Mrs. Kueber announced today.

## Veterans Service

Any veteran in need of service (free of charge) in any of the following categories is requested to visit the office of the responsible agencies listed below: Coordinator — E. B. Carter, Atlantic National Bank Building. Employment — U. S. Employment Service, 115 North Park Avenue. Vocational Training and Education — T. W. Lawson, Court House. Legal Assistance, Hospitalization and State Service Officer — Contact through Lloyd F. Boyle, County Service Officer, Tabach Building. Home Service Assistance to Dependents, ex-Servicemen and their Dependents — American Red Cross, Lakewood Boulevard. Veterans Administration — George E. Anderson, Sheriff's Office every Tuesday.

## Pepper Sounds Last Minute Warning On Election Hazards

### Election Today In State Said To Be Unusual

### Observers Say Constitutional Amendments In Spotlight

Voting was light in both Sanford precincts this morning and up to noon, 222 votes had been cast in Precinct No. 1, at the Old Depot, and 313 votes had been cast in Precinct No. 2, a total of 535 votes. There are more than 7,000 registered voters in the two precincts, according to Mrs. Lourine Best, county registrar.

JACKSONVILLE, Nov. 5. (AP)—As thousands of Floridians went to the polls today to participate in the first post-war general election, observers throughout the state described the election as unusual since the candidates are not receiving as much attention as the proposed amendments to the Florida constitution.

A light to moderate vote was forecast in the state. However Governor Caldwell, Senator Holland and many Republican leaders urged the voters to go to the polls and exercise their privileges.

Here in a strongly Democratic Florida only two candidates for state-wide offices had opposition. United States Senator Holland was opposed by GOP nominee Harry Schud of Gainesville. William King, Democratic nominee, was opposed by Clifton Scaff of New Smyrna Beach for the Ballot Commission post held by Eugene Mathews. Mathews did not seek re-election.

Candidates in three of the six congressional districts faced Republican opposition. George Smith, Miami Democrat, was opposed by Republican Norman Curtis, also of Miami, in the Fourth district. In the Sixth district, Representative Dwight Rogers of Fort Lauderdale is opposed by Joseph Moe, also of Fort Lauderdale. Representative Joe Hendricks of Deland faces M. J. Moss, Jr., of Orlando, in the Fifth.

## New Streamliner To Begin Runs Dec. 12

The first streamlined all coast train ever to be operated between the east and central and west coast Florida will be placed in service this winter by the Atlantic Coast Line Railroad, according to an announcement issued here today by James H. Shannon, Assistant Passenger Traffic Manager of the Road.

The train will be known as "Champion West Coast" and as a companion train to the long established and well known "Champion East Coast" which operated between New York and Miami area. All seats will be reserved, and as on other similar trains of the Coast Line, regular coach fares will apply. Special service personnel of passenger representatives, chair car attendants, and maids will be assigned to the train.

The first trip southbound will be made from New York Dec. 12. The first trip northbound will be made from Tampa Dec. 14. Southbound the train will leave New York at 3:05 P. M. and arrive at Sanford about 1:30 P. M. and Tampa at 3:40 P. M. Northbound the train will leave Tampa at 9:20 A. M., arrive at Sanford about 1:45 A. M. and arrive New York the next morning at 10:05 A. M.

The train will be operated by the Atlantic Coast Line in connection with the Pennsylvania Railroad and the Richmond Fredericksburg and Potomac Railroad.

## President Home To Cast Vote

SITTING IN HIS CAR with Mrs. Truman and their daughter, Margaret, President Truman is about to be driven to his home after arriving in Independence, Mo., from Washington. The presidential family returned to their home town to vote in the coming elections. (International)

## Legion To Have Earl Jeter Is Found Dead In Garage At Home

### No Armistice Day Celebration Here

No formal observance of Armistice Day on Nov. 11 will be observed here, it was decided at the meeting last evening. There will be, however, an Armistice Day dance at the Legion Hall on Saturday evening.

W. A. Morrison, secretary of the Sanford Merchants Association, said this morning that business firms in Sanford will remain open for business as usual on Armistice Day.

Following a suggestion by S. S. Sybil Routh, local Legion Auxiliary president, to the effect that the grounds around the Legion that could stand a great deal of improvement, also that the Sanford Garden Club would be glad to supervise improvements and plantings, the post instructed commander Henry Wolcott to have a committee investigate the profitable cost of such improvements.

The club also acted on Mrs. Routh's suggestion to build a new kitchen at the hut, and to provide more rest room facilities, which the members at once termed a "powder room," and a committee will investigate this.

Mrs. Routh also told of the Armistice Dance which will be given Saturday evening by the Auxiliary. A covered dish supper will be given at the hut in the evening if Nov. 18. It was announced, after Mrs. Routh had conferred with the post on the matter, and all members of the post, their wives and escorts, and members of the Auxiliary are urged to be present.

A donation of \$67 to the Seminole High School library fund was approved. Andrew Carraway and Lawrence S. Wilkins were approved as members of the post. The Post voted to contribute \$5 a month for eight months toward the salary of a director for the Celery Grate youth group.

## Azalea Circle Will Sponsor Grid Tiff

The Azalea Circle of the Sanford Garden Club will sponsor a football game on Nov. 19 between the Sanford Baby Feds and the Daytona Beach Mainland Baby Buccaneers and the proceeds will be placed in a fund to be used for the erection of a new building for the club.

On Oct. 22 the Baby Feds and the Baby Buccaneers played to a 6 to 6 tie in Daytona. The game is expected to be one of the best played here this year. The game between these two clubs played on the local field last year was the most spectacular tilt of the season.

## 35 Million Citizens Trek To Polls In Test Of Nation's Reconversion Try

NEW YORK, Nov. 5. (AP)—Senator Claude Pepper of Florida declared today that a Republican victory in the general election "would wreck the labor laws of our country." Pepper also asserted that with a "G.O.P. victory" there would be no National Labor Relations Board after a few months.

The Senator's statement was made at an outdoor rally in mid-Manhattan. He spoke in behalf of the candidates of James M. Mead, Democratic coalition candidate opposing Republican Governor Thomas E. Dewey for re-election, and Herbert H. Lehman, Democratic coalition candidate for the Senate.

Mead has over the nation only slightly more than 35,000,000 of some 92,000,000 persons over 21 years of age are expected to participate in the first post-war general election. The largest factor in the turnout is generally the weather, but the weathermen predicted a clear sky throughout most of the country.

The first precinct to complete its count was Pointe Aux Barques in Hudson county, Michigan. Twelve of the 13 eligible voters voted. The straight Republican ticket and a straight Democratic ballot.

There are many hours, however, yet to go and the early hours of voting show heavy balloting in many of the population centers.

The prime issue of the election is generally expected to be how well the Democratic administration fared in its efforts to reconstruct the economy. The Republicans predicted confidently that on that prime issue the Democrats will be swept out of power in Congress.

However, some voters have said that they expect a narrow but not a landslide victory. They will keep the legislative machinery in their grasp.

In the race for 35 senate seats at stake in today's election 16 of the most significant contests to be decided are in California, Delaware, Idaho, Kentucky, Massachusetts, Missouri, Montana, Nevada, New Mexico, New York, Ohio, Pennsylvania, Washington, West Virginia, Wisconsin and Wyoming. California and Kentucky now have Republican Senators and Wisconsin a Progressive. All the remaining seats now are Democratic.

In the 33 governorship contests, 12 races are regarded as worth watching. These are in Connecticut, Idaho, Kansas, Maryland, Massachusetts, Michigan, Minnesota, New Jersey, New York and Oklahoma.

Some of the House contests also are regarded as having more than local significance. Altogether, 880 candidates are contesting for the 432 House seats to be filled in today's election.

Only one state in the union — Maine — will not be voting today. The Maine election was held last week. In that state voters chose a governor, senator and three house members — all Republicans. These must be added to today's results to determine which party controls congress and gets the edge in state administrations.

British newspapers are worried about the economic trends which may be indicated by the balloting results.

The French press gave more space to the windup of the American campaign than to the coming national assembly elections in France itself.

A Soviet controlled paper in Berlin expressed the hope that right wing Republicans and Democrats in Congress would suffer defeat.

## W. W. Thompson, A Pioneer Resident Dies In Alabama

Word was received this morning of the death of W. W. Thompson, resident of Sanford for more than 20 years, which occurred in Tuskegee, Ala., at the home of his son, Mr. Thompson had been ill for several months.

Mr. Thompson was former owner of the Elder Springs property and operated a large grove South of Sanford. He was 83 years old at the time of his death.

Survivors include the widow, Mrs. Sallie Thompson; three sons, Philip Thompson of Montgomery, Ala.; Gaudin Thompson of Winter Haven and Cleveland Thompson of Tuskegee; and two daughters, Mrs. Oliver Davey of Tampa and Mrs. F. L. Wadsworth of Tuskegee.

## Rollins To Get Library

WINTER PARK, Nov. 5. (AP)—Rollins College is to receive \$500,000 for a new library and equipment. But before the college receives the funds for the new library it must successfully complete its \$375,000 victory expansion program by commencement day next June.

## Astronomer Injured In Fall Last Night

PASADENA, Calif., Nov. 5. (AP)—An internationally known astronomer, 64-year old Alfred Joy is in serious condition today following a fall in the big dome of Mt. Wilson Observatory's 100-inch telescope.

His wife said Dr. Joy still is in a daze and is unable to tell what happened. Joy was working in pitch darkness high in the dome of the observatory and fell 25 feet.

BIBLE VERSE FOR TODAY

LOOK WILL FAITHFULLY... GOD WILL FIGHT FOR US... WE MUST KEEP OURSELVES WITHIN THE GREAT SHEPHERD'S FOLD: He that keepeth Israel will neither slumber nor sleep.—Psalm 121:4.

NOT FOR LONG

(From The Christian Science Monitor)

Be thankful for this hour... Glad with fruit and flower; Give need to lingering song for summer is not long.

The plow, with rusted blade, Lies tilted in the shade; Crops are gathered in, To silo, loft, and bin.

This early dusking light Is not summer—quite— Soon the whippoorwill Will vanish from the hill.

Stand still and be aware Of bruised mint on the air; Listen well, and long, To any lingering song.

HARRY ELMORE HURD.

We see where George Bernard Shaw has come out for Henry Wallace for President. That just about makes him the unanimous candidate of the left wing elements.

A good time was had by all when Princeton met Pennsylvania in Philadelphia and defeated her. In fact, it took all the cops in town and a troop of mounted police a half an hour to stop the riot.

Another "flu" epidemic is expected in the United States this winter. That probably means that there won't be one. Nevertheless, it's a good idea if you have a cold to take it home and put it to bed.

Both Chairman Hannegan and Chairman Hesse of the opposing political parties are very confident of victory in today's election. A good deal of crowd is being stewed up in preparation for someone to eat tomorrow.

Marshall Tito in a speech in Belgrade predicts there'll be no war because the people of the world do not want war. Unfortunately, however, the people of Yugoslavia and Russia don't have much to say about it.

The Times-Union, speaking of the International Teamsters' Union's discovery that "Strikes have become a national menace," points out that this sounds like a death bed repentance. Like locking the barn door after the horse is stolen.

The Tampa Tribune admits there is at least one Democratic nominee who should be defeated. It is Representative Marcantonio. New York Communist posing as a Democrat. In fact, all Communists running for office in this country should be defeated even if it takes a Republican to do it.

President Truman redeems himself a trifle in our respect by authorizing the 48 Estonian refugees fleeing from the Russian Communists to remain in this country. Now, if these refugees were themselves Communists, we would feel very differently about it, but under the circumstances we agree they should be allowed to remain here.

According to the Census Bureau there are now more women voters than men, in fact some 1,171,000 more, and they can control the elections. But they won't. Most of them will vote as their husbands tell them to vote. But some husbands would be surprised to know that their adoring little wives who agree with everything they have to say, actually go down and vote for the other fellow.

Tourist groups in Florida are getting worried for fear there won't be as many visitors down here this winter as some of us had dared to hope. Dick Pope of Winter Haven says, "Too much emphasis on the crowded conditions and the necessity for making advance reservations in the New England states this summer was perhaps the cause of their poorest tourist seasons in years." It could happen here. Worse than that is discouraging large numbers of tourists to come down here and then have no place for them to stay, stick them, and let them go home, sorry they came. There's such a thing as killing the goose that lays the golden egg.

The Red Menace

We are rapidly reaching the time when loyal Americans must be willing to stand up and be counted. The American Communist Party, despite its claims, is not truly a political party. The Communist Party in this country is not working for the general welfare of all our people—it is working against our people. It is not interested in providing for the common defense. It has for its purpose the shackling of America and its conversion to the Godless, Communist way of life. If it were a political party its adherents could be appealed to by reason. Instead, it is a system of intrigue, actuated by fanaticism. It knows no rules of decency. Its unprincipled converts would sell America short if it would help their cause of furthering an alien way of life conceived in darkness and motivated by greed for power whose ultimate aim is the destruction of our cherished freedom. Let us no longer be misled by their sly propaganda and false preachments on civil liberty. They want civil license to do as they please and, if they get control, liberty for America will be but a haunted memory. For those who seek to provoke prejudice and stir up the public mind to angry resentment against our form of government are a menace to the very powers of law and order which guarantee and safeguard popular rights.—J. Edgar Hoover, director of the Federal Bureau of Investigation.

Malingering Prisoners

Rudolf Hess, who during the Nuremberg trials was suffering from loss of memory, is now reported to have recovered amazingly. Such things happen so often in trials to arouse the layman's suspicion.

Notable in American history as a case of malingering was the prison experience of the late Charles W. Morse. A financier with a shady past, he was convicted of bank-wrecking and sentenced to the federal penitentiary. A plea that his life would be endangered by further stay there resulted in a panel of army doctors certifying that his release was necessary, and President Taft pardoned him. Morse immediately recovered and went on to another series of dubious deals. The disillusioned Taft remarked that the case shook all his faith in expert testimony.

Has something like that happened in the case of Hess? He was sentenced to life imprisonment and it might be well to watch for efforts soon to ameliorate the sentence on the ground of mental recovery.

NOT ONE OF the Big Three would, I think, agree on a definition of fascism. A Russian writer recently defined as a fascist "everyone who is opposed to the Soviet Union." An American or British definition of fascism which would include dictatorship—but not a Russian definition, tariat. In Russian definitions, there is a whole range of "social-fascisms," "crypto-fascism," "neo-fascism," "clerical fascism." And under one or another head come the social democratic parties, all parties that refuse fusion with communists, all capitalists and monarchists, the British Empire. It seems that peace, in the Soviet and communist view, is to achieve the liquidation of all these manifestations of "fascism," with the political and armed universal war, civil and international.—Dorothy Thompson

Yes, Mr. Lewis

TAMPA TRIBUNE

Secretary Krug had yielded to the demand of John L. Lewis—who has become the most powerful man in the United States, with perhaps, the single exception of the President—for a conference with a view to reopening the existing contract between the government and the soft coal miners. Lewis made this demand Oct. 31, and, under the terms of the contract, it can be reopened within 10 days on formal request of either Lewis or Krug. In agreeing to the demand of Lewis for a conference, which was accompanied by a threat to call out the miners Nov. 1, it is evidently the intention of the government to reopen the contract and grant further demands of Lewis for terms even more liberal to the miners—because President Truman has announced positively that there will be no strike and he couldn't say that without knowing that Lewis will get what he wants.

The contract the government gave the coal miners union was declared to be too generous to the miners to be just to either the operators or the public. Lewis isn't satisfied with that, hence his demand for a reopening, and, undoubtedly, a better deal for his union.

If Lewis doesn't get all he wants out of the reopening of the contract, his strike threat will still stand and he will have the power, at any time, to call out the miners. This is the "big stick" he holds over the White House—and, heretofore, that receives respect and scared the administration into doing whatever he demands.

The government is running the coal mines, and a strike in the coal

mines will be a strike against the government, which is unlawful. If Lewis should, by carrying out his strike threat, become voluntarily with premeditation a violator of the law, will he be arrested, something else—and judging by the compulsory attitude of the government toward him, we seriously doubt that any such step would be taken, no matter how clear the guilt of Lewis.

The question of reopening the contract, however, has no relation to the violation of the law by striking against the government. Striking in the coal mines will be a criminal act, and would subject Lewis, the subordinate officers of his union, and its individual members who join in the strike to criminal prosecution. For such offense a jail sentence could be imposed.

This would afford an opportunity to show whether or not one individual is greater than the law. If Lewis should be put in jail it would go toward deflating an ego that has become a menace to the American people and to the government of the United States. Would the administration dare a showdown? Not unless it acquires more courage than heretofore.

ON THE JOB

NOBODY SEEMS ABLE TO INTERCEPT IT!

WASHINGTON LETTER

By BLACK CURRY

WASHINGTON, (AP)—Controlled immigration is bringing better potential citizens to America. The penniless alien in colorful native garb who flooded the nation's gateways in the old days now is seldom seen, says the U. S. Immigration Service. Today's typical immigrant, it says, "is more likely to have cleaner habits, to be better educated and better supplied with money."

And he sails or flies to America in style compared with pre-World War I days. The word "steerage" is now only a term.

The service says this in the latest issue of its publication "Monthly Review."

"In the olden days steerage quarters, between decks, ran the entire length and width of the ship with double-decker bunks and no partitions. Women and children slept on one side of the vessel, men on the other.

"Cattle, pigs, goats and chickens were carried on deck. This was the only way to obtain fresh meat, milk and poultry since there was no refrigeration. Passage cost from \$10 upwards."

Congress moved in 1917 to prevent the immigration of undesirable aliens. It passed the Basic Immigration Act, which among other things listed the excludable classes set out in previous legislation and added some others.

One result was that in a typical year of unrestricted immigration 1,000 aliens were deported after hearings as mentally defective, 1,547 as having dangerous or contagious diseases, and 19,616 as having a disease or disability which might affect their ability to support themselves.

In a typical year after control, hearings began only 2,115 were held for immigration hearings.

Numerical restrictions and health and literacy requirements for immigrants have not ended

### Lady Voters Must Play Active Role In Political Game

By JANE EADS  
WASHINGTON, (AP)—Politics, says the League of Women Voters, is one game in which, whether we like it or not, we're counted in. "The trouble with politics," it adds, "is that too many of us are letting somebody else play our hand for us."

The League, a non-partisan organization was established in 1920 "to encourage citizens' participation in government." It is currently campaigning to impress publicists that "politics is everybody's business."

The average citizen, says the League, after making up his mind about the kind of world he wants for himself and his family, must express it through political action—registering, voting and a lot besides.

The League says that the trouble lies in the low opinion many Americans have of politics. "The result of this attitude," the League points out in a pamphlet "is seen in statistics which show that less than one in every three qualified voters bothers to vote in majority elections; only one in 10 in county elections."

This is when the machine takes over, warns the League. "People who neglect their democratic duties, risk losing their democratic rights," it says, adding that the only remedy for what's wrong with American politics is more politics—"acting together to get something done about a common problem."

"The way to make democracy come alive again, as it was in the early days of America," the League suggests, "is for millions of average citizens to wake up and play politics. This doesn't mean that they need run for office. It does mean that they should learn the game and play it hard."

The League stresses the importance of the individual, not as a single voter, but as an active political worker. When he becomes a worker he can multiply his effectiveness many fold, says the League, simply by getting others to go to the polls.

How "pressure groups" serve a

### Milk Mixture for Stomach Ulcers

A recent medical discovery now made by the British Government has proved conclusively successful in the treatment of stomach ulcers caused from stress and strain. It is a mixture known as **LIUMIN** and is made from the juice of stomach ulcers. LIUMIN is also recommended for all conditions, including heartburns due to hyper-acidity. LIUMIN may now be tried at home by all those suffering from stomach ulcers. LIUMIN contains this new discovery in the purest form. Easy to take. Just mix one teaspoonful in a half glass milk. Comes in 10c and 25c packages.

# REPUBLICANS WIN CONTROL OF CONGRESS

## Nationalist Drive Slowed By Communists

### Reds Launch Offensive Against Rail Line From Tsingtoa Inland To Tsinan

PEIPING, Nov. 6, (AP)—Chinese Communists in fierce counter attacks today are said to have slowed down the Nationalist Army drive through north China's Shantung peninsula. Military observers in Peiping said the Reds have curtailed the government's broad offensive. The Nationalists are said to have lost Weihai — one of the province's four major ports which they had recently captured. Meanwhile, the Chinese Reds launched a drive of their own against the rail line from coastal Tsingtoa inland to Tsinan.

However, the Nationalists claimed two more towns in Manchuria's Antung province west of the city of Antung which lies on the border between Manchuria and Korea. Russian troops are said to have been stationed in Antung, on the Manchurian side of the Yalu River boundary. Dispatches to Peiping said the Russians had withdrawn into Korea after so-called negotiations. At last word, Chinese Nationalist and Russian troops were facing each other across the river but the situation is described as satisfactory.

## Funeral Services For Earl W. Jeter Are Revealed Today

Remains of Earl W. Jeter, 47 year old dispatchee of the Florida Power and Light Company plant who was found dead yesterday morning at 11:30 o'clock in the garage in the rear of his home at 2414 Palmetto Avenue, will be shipped this afternoon to Cordele, Ga. for funeral and interment. The funeral services were announced by the Erickson Funeral Home.

## U. S., Britain Confident Russian Offense In U. N. Can Be Headed Off

LAKE SUCCESS, N. Y., Nov. 6, (AP)—The United States and Great Britain are said to be confident that they will be able to head off Russian offensive in the United Nations Assembly. It is understood that the Russians are trying to block creation of a United Nations Trusteeship Council.

## Clark Says U. S. Wants Austria To Run Own Affairs

VIENNA, Nov. 6, (AP)—General Mark Clark said today that the United States is anxious to leave the affairs of Austria in the hands of Austrians. He added, however, that American occupation troops will stay in Austria until peace treaties have been concluded. At that time the forces of all four occupying powers will be withdrawn.

## FBI Nabs Two Men For Bootlegging Sugar Stamps

LOUISVILLE, Ky., Nov. 6, (AP)—Two Louisville men were arrested by federal agents today in connection with the operations of a sugar stamp bootlegging syndicate. The ring is said to have been operating in a dozen midwest states. Agents of the federal alcohol tax unit took the men into custody as they stepped from a passenger plane at Bowman Field on a return trip from Chicago.

## Cops Score In Goal Post Scrimmage

MOUNTED POLICE at Philadelphia's Franklin Field down one of Princeton's happy horse on his own ten yard line during a scrimmage between the law and triumphant Tiger roosters who sought to get down the field to tear up the goal posts. Despite a number of spurs such as this—and one of them was the upset by which the Tigers took the game from Princeton 14-17—the Princeton lads did yank up the pole.

## County Relinquishes Priorities At Air Station In Favor Of City

The Board of County Commissioners yesterday relinquished its claim to the City, any priorities they may hold on the Sanford Naval Air Station. This action followed the request of Chamber of Commerce Manager Edward Higgins, who stated that the City had asked that the county and state relinquish their holdings, and to write the War Assets Administration to that effect.

Mr. Higgins pointed out that buildings for schools and hospitals are free to users, but that building to be used for private industry must be bought and paid for, and that the City will act as a trading agency for the government.

The County has been assured in the transaction that the hospital at the station, will be used as a hospital only said County Clerk O. P. Herndon.

The commissioners heard an outline of the work of the Seminole County Health and Tuberculosis Association by Mrs. Edward Kircher, following which they approved admission to the Central Florida Tuberculosis Sanatorium of Harry A. Greenwood of Lake Monroe, Mrs. Betty Evelyn Reid,

wife of a veteran, and Lucille Kearse, colored, of Sanford. Mrs. Kircher commended the Board highly for this action.

The Board directed M. C. Hagan, with the assistance of a State Road Inspector to inspect the Hear Lake Road which was recently completed in the Forest City section.

Painting of the Sanford Canning Kitchen, and of the County Health Unit, was authorized.

Resolutions were adopted vacating certain portions of San Lando at Altamonte for Condon Merritt and Cecil Merritt, and certain portions of Lakeview subdivision for Banks Ford. Approval of the plat of Roseland Park south of Geneva Avenue and west of the airport, was deferred until the next meeting, Mr. Herndon reported.

Transfer of a liquor, selling license from Charles W. Gaines to Herbert M. McLean in the south part of the county, was approved. Other liquor selling licenses approved were those of Robert Fulton Hester, at Fern Park, and of Fred Green at the State Highway, seven miles south of Sanford.

Clark told his first news conference since his return from the United States that his trip to America had three purposes. First, he wanted to get the Australian ration increased to 1,550 calories a day to equal the German ration. Next, he wanted to insure that the military pipeline from the United States to Austria would be filled by the first of the year to guarantee sufficient food in the American occupation zone. And finally, he discussed a long term loan, or grant, to Austria from the United States, and possibly Britain, for the purpose of rebuilding the whole of Austria.

Clark said the loan to Austria was being considered in terms of 125 million to 150 million dollars, part of which would come from the Export-Import Bank.

## Florida Hands Big Majorities To Democrats

### Hendricks Has Safe Margin Over Moss; Early Returns Indicated Tight Race

ORLANDO, Nov. 6, (AP)—Orange County will have a Republican representative for the first time in its history. Complete unofficial returns show that incumbent Tyn Cobb, Jr., Democrat, and Republican Alex Akerman, Jr., won the county's two seats. Cobb got 5,106 votes, Akerman 4,093, J. G. Horrell, Democrat, 2,569 and Leland M. Chubb, Republican, 4,861.

By Associated Press Florida voters joined the rest of the South in speaking their traditional Democratic convictions with heavy majorities against all Republican candidates.

Latest returns also indicated changes in the state government, dealing with financial matters, were decisively defeated.

United States Senator Spessard L. Holland of Hartov, now filling the interim term of the late Senator Charles O. Andrews, picked up the expected avalanche of votes. With votes counted in about three-fourths of the precincts, Holland has 120,895 ballots to 34,248 for J. Harry Schad of Gainesville, his Republican opponent.

The only sign of a real contest was in the Fifth Congressional District. Early returns indicated Republican M. J. Moss, Jr., of Orlando, might run neck and neck with Democratic Representative Joe Hendricks of Deland. Hendricks, however, now has a safe margin. With two-thirds of the precincts counted, Hendricks has 12,909 and Moss, 9,967.

In the Fourth District, all 111 precincts gave George A. Smathers of Miami a big lead over Republican Norman Curtis, a fellow townsmen, 96,935 to 14,144.

The Sixth District race saw incumbent Dwight L. Rogers of Fort Lauderdale lead Republican Joseph P. Moe of the same city, 10,611 to 4,476.

Democrats also walked away with two seats on the State Board of Education. The count showed Democrat Jerry W. Carter of Tallahassee, incumbent, 89,431, and Democrat Wilbur C. King of Zolfo Springs, 84,166, and Republican Clinton D. Scott of New Smyrna Beach 29,693.

It appeared a Republican has a chance to be elected to the state House of Representatives in Orange County. GOP candidate Alex Akerman, Jr., is a close second to Democrat Tyn Cobb, Jr. Another Democrat, J. G. Horrell, is also running close in third position. The leading candidates will be elected. Democrats have swept seats in the state House in Dale and Polk counties.

Two local amendments were passed and two were defeated. Approved were the orange county election law amendment, and the Escambia county judge and collector amendment.

Local amendments losing in incomplete returns were the Plant City tax collection exemption and the Bay County tax collection plan. Lafayette county elected a write-in candidate as State Representative. W. P. Howell defeated George R. Simpson 370 votes to 294, according to the unofficial tabulation. Simpson was nominated in the primary last May, but Howell, also a Democrat, won on write-in votes.

In Marion County, a write-in candidate lost. Unofficial returns with four fairly large precincts missing show Senator Wallace E. Sturgis elected by a substantial majority over W. S. Baakung, who ran as an Independent, write-in candidate. Sturgis received 2,224 votes to 727 for Baakung.

## Peter Thurston To Be Honored By Elks

Exalted Ruler James E. Rowland, Jr. of the Sanford Elks Lodge today requested all members of the organization to be present tomorrow evening at the local club when Brother Peter Thurston will be honored.

## Mrs. Rodella Parker Died Early Tuesday

Mrs. Rodella Ella Parker, 83, died Tuesday morning at 9:30 o'clock at her home at Benson Junction where she had lived for the past three years. She had been ill for some time.

Mrs. Parker was born Dec. 9, 1912, at Griffin, Ga., and is survived by the husband, Harvey A. Parker of Benson Junction. Funeral services will be announced later by the Erickson Funeral Home.

## Film Pickets Get 'Fenced In' By Police

POLICE ARREST MORE THAN 250 STRIKING FILM WORKERS and load them into patrol wagons outside the Columbia Studios, in Hollywood, Calif. The pickets were charged with conspiracy to violate a court injunction limiting the number of pickets and for disturbing the peace. Meanwhile, other strikers continue to picket, at night, to the music of "Don't fence me in." The Actors Guild voted to cross the picket line. (International)

## Democrats Win George Stine Elected Fed Prexy; Club Makes \$5,000 During Season

George Stine, ardent baseball fan, was elected president of the Sanford Baseball Association last night at the annual meeting of the association's board of directors. Also at the meeting held at the Palma and Times, President Gene Tucker presented a financial statement of the organization which revealed that the club operated during the past season with a profit of slightly more than \$5,000.

## Baby Feds Cop 19-7 tilt from Baby Cocoa '11'

By ARTHUR BERKWITH, Jr. Herald Sports Editor  
The Seminoles High School Baby Feds stopped a hard charging Cocoa High Baby team on the local field last night in a well played game that offered all the thrills of any major contest, by a 19 to 7 margin.

The game, a friendly rivalry between two former Seminole High grad stars who are now coaches, George McMillan of Cocoa and Fred Ganay of Seminoles, was well played and well attended.

Midway the first period the Feds roared the sphere deep in their own territory and with Lloyd Swain, Johnny Alexander, Bob Humphrey and Don Deal carrying moved to the Cocoa one-yard strip where Deal plunged over for the marker. Richard Haas added the extra point from placement.

Cocoa returned in the third period to knot the count. In the fourth quarter the Seminoles men went to war. Cocoa, with their backs on the goal kicked to Sanford and David Harrell scumpled 30 yards for a touchdown. The try for the extra point was no good.

Moments later Richard Haas took the ball on a double reverse and wormed his way through a host of would-be tacklers to go 35 yards for the score. The try for the extra point failed.

Outstanding players for the Baby Feds during the contest were Wallace Tyre at left tackle, Richard Haas at right end, Swain, Alexander, Humphrey and Deal in the backfield.

The Baby Feds will meet the Baby Orlando Tigers in a gridiron battle on the local field on Nov. 12.

## Celery Growers To Vote On Marketing Agreement Thursday

Celery growers throughout the state will vote Thursday for or against the marketing agreement which was brought to their attention at hearings in Sanford and Barasota and Palm Beach in June. Each grower has been mailed a ballot, and if he does not choose to vote by mail he may vote at the county agent's office between the hours of 10:00 A. M. and 4:00 P. M., said County Agent C. R. Dawson today. Growers desiring more information on the subject may obtain same from Mr. Dawson.

## Majority In Senate Still May Be Hiked

### GOP Sweeps Country In Comeback After 16 Years In Political Background

TALLAHASSEE, Nov. 6, (AP)—Senator Claude Pepper commented today on the apparent return of the Republican party to power in Congress. The Florida Democrat said "there are hard days ahead for the people" here and abroad.

NEW YORK, Nov. 6, (AP)—The Republicans have captured control of the United States Senate as well as the House of Representatives. This announcement was flashed over the nation this afternoon by the Associated Press.

Associated Press tabulations at that time indicated that the 29th seat in the House of Representatives, one more than necessary for a majority, had been won by the G.O.P. They also went over the top in the Senate when Utah's Republican Arthur Watkins took the 69th Republican seat. That majority may be increased still further for five Senate races are yet to be decided.

The Republicans have swamped the nation surging to a political comeback after 16 years in the background. The overall means that the Congress meeting in January will be politically divided from the White House. Tradition pointed a favorable finger also toward G.O.P. capture of the presidency in 1948.

President Truman agreed smiling to the Republican victory and replied, "no comment" to questions about the election. The Chief Executive promised, however, to hold a news conference soon to give his reaction to Democratic setbacks.

In the Republican sweep from coast to coast additional territory gained that the G.O.P. won governorships in at least 29 states.

As the political clock of the Republicans struck the morning and into the afternoon, Wall Street reacted. Today's market opened with an initial upward slant and then dipped downward. Experts said apparently the G.O.P. victory had been discounted in advance with the market rise last week and on Monday. That was the explanation for today's up-and-down.

## Duke and Duchess Board Liner For American Visit

SOUTHAMPTON, England, Nov. 6, (AP)—The Duke and Duchess of Windsor boarded the liner Queen Elizabeth today for the United States. They couple plans to return to England in the spring but otherwise they are uncertain about their future. The former king told newsmen, before motoring to Southampton from the Earl of Dudley's estate, that his position remains the same as he said in his far-west broadcast speech of 1937. He said he quit public affairs then, but is always at the disposal of his country if there is anything useful he can do.

The Duke said he saw the Prime Minister for a short time but it was purely a courtesy call. He denied that he saw Mr. Attlee as a job interview and the Duchess said they thoroughly enjoyed their three weeks visit to England, although it was marred by the theft of the Duchess' jewels. The Duke commented that he thought England was the one country where nothing like that would happen to them.

## Negress Dies After Stabbing Yesterday

Wilma Metts, negress of about 38 years of age, died on the way to Fernald-Laughton Hospital at about 8:45 o'clock Monday evening. Eight and Pine Street in the County Jail, charged with the fatal stabbing of the negress.

Following the alleged stabbing, which was said to have occurred at about 8:30 o'clock at the Zambiar Inn in Goldboro outside of the city limits, colored people had Riley until Deputy Jack Heaton arrived to claim him. The Grand Jury will convene in January at which time the case will come to trial.

The amount of federal, state, street car, trolley coach and gas bus companies has more than tripled in the past ten years.
