THE SANFORD HERALD ge 6 Wed., July 18, 1952 Orlando UDC Leader Condemns New Klan

ORLANDO un - A Daughter of the Confederacy objected strongly loday to an "American Confeder-ate Army" which a Ku Klux Klan leader said has been formed. Mrs. Frank Cullen, publicity di-rector and past president of the UDC in Central Florida, said in a

statement:
"Cortainly no thinking American would subscribe to bearing arms against the federal government and certainly the true Daughters and Sons of the Confederacy will condemn this action of renaming the Klan the Confederate Army America.

"We are all good Americans, North and South, and our love of the brave men of the Confederacy is a hallowed memory, not to be bandled about for political or pub licity purposes."

The Klan leader, Bill Hendrix, said at Tallahassee Tuesday the KKK is sponsoring the "American Confederate Army" and that it might be ready to bear arms in defiance of any Supreme Court order banning racial segregation.

Plane Crash Into 2 Houses Takes 4 Lives

Second Accident In As Many Days Occurs In Metropolitan Los Angeles Area

LOS ANGELES OF - A light plane, taking off in heavy fog, plunged into two houses today, setting one afire and killing the two men and two women aboard the

No one was injured in the houses. Occupants of the one most badly wrecked are on vacation. One neighbor, Mrs. May Palmer, said: "I was looking out the window to see if it was going to rain. I heard a terrific crash, and saw

a body go flying by." The plane had scraped the roof of the home of Sam Caldwell on May El Segundo Houlevard, then eartwheeled into the living room of the house next door. But it tore right out again, and spread debris into the street. The engine was 75 feet from the fuselage.

Caldwell, his wife and baby, were in their house but escaped injury. The next door neighbors, Mr. and Mrs. J. W. Corley, left last Saturday on a vacation trip to Mena, Ark. The sheriff's office identified the

victims as: Dale E. Baker, 38, Portland, Ore. (He carried another address: Gresham, Ore.)

We ree where Eleenor Roosevelt is going to be one of the principal speakers at the Democratic convention next week. But what about Sistie and Buzzie?

As if to discourage the "draft Truman" movement, President Truman has gone to the hospital for a physical checkup. It is almost as if he is afraid of drafts.

"Honest" Ave Harriman seems to us to distill into a single candidate all the screwballery of some 20 years of crackpot government. If the party is looking for a candidate to bear the standard for extravagarce, socialistic planning, and cock-eyed schemes of every kind. it could hardly pick a more suitable

It could happen, of course, but wouldn't it be queer?

dates for sovernor, and who polled only 11,208 votes, wants to organize a Confederate army of 10,000 colonels to uphold segregation in the South. Segregation will be upheld in the South without Mr. Hendrix aid, but his method of doing it is just about 75 years behind the times. Nothing is so likely to bring a speedy end to segregation as short-nighted misguided individuals who in this day and time rush around bragging about their white supremacy and hiding behind

It is interesting to note that most of the Democrats currently being considered for the presidential nomination stem from the South. That is, of course, Senator Russell of Georgia. And then there is Senator Kefauver of Tennesses. They are Kefauver of Tennessee. They are the two leading contenders. But a man often mentioned is Vice President Barkley of Kentucky. And then there is Speaker Sam Rayburn of Texas. And Governor Kerr of Oklahoma. And President Truman himself, if he should finally yield, is from Missouri. On the other side of the line, there is Averell Harriman of New York with perhaps the inside track. And Brien McMahon of Connecticut. And Governor Stevenson of Illinois if he changes his mind. But most of the dentays from northern states are dark horses.

Washington and Justice

Novelists have always been intrigued by the question of whether great men can allow their sense of justice and responsibility to be influenced by sentiment. Often in history men have been swayed by friends and have made their decisions on the basis of their advice or requests. Evidently George Washington was less sentimental or had a stronger sense of responsibility than most men.

Lightning Strikes

People who work or play outdoors were warned today that the summer season, with its sudden and violent thunerstorms, is the period of the greatest danger from light-

Lightning takes approximately 300 lives a year in the United States, the Metropolitan Life Insurance Company points out, adding that many of these lives could have been saved if the victims had sought safe shelter.

One of the most dangerous places during a storm is under a tree—especially an isolated one. About one-fourth of all the deaths from lightning occur among persons who seek shelter under or near trees. After striking a tree, the bult may flash sideways or it may run along the ground and kill anyone in its path.

The activities in which the lightning victims were engaged when they were struck indicate where the greatest danger lies. A few of these were:

Lunching in a wooded area. Playing baseball in an open field.

Fishing in boats on open water.

Working in fields, harding cattle, and similar activities. Operating tractors in open fields. Gathering the family wash from clothesline attached to

Standing on a porch or in a doorway.

Lightning is a danger both day and night, but the large est number of fatal injuries occur in the afternoon. The fewest deaths take place in the morning hours.

Lightning deaths among men and boys are four times as frequent as among females, reflecting greater exposure, group of ideas more important of leadership has been faid upon than any individual. Growth Costs Money

It costs money to grow. Dade county, for instance, which has witnessed a 74 per cent increase in taxes in five years.

"In 1947," says County Commissioner Preaton B. Bird, "the county did not own Jackson Memorial Hospital, but five years later the budget for this operation is \$6,013,543.

"Also, in 1947 the county did not own or operate the Juvenile Detention Home which today requires \$64,270. "Also included in the park budget is the operation of the auditorium which was not in existence in 1947.

"So, therefore, the difference is \$7,267,072."
And, growth provides money, too. Thus Dade county's net assessed valuation in 1947 was \$622,888,000.

It now is \$909,779,000. And, its income from taxes in 1947 was \$3,720,000. Now it is \$6,571,000.

The county's gross income now is \$20,126,000. In 1947 it was \$10,942,000.—Miami Herald

This victory at Chicago is clearly a people's victory. General Eisenhower is the candidate whom the people chose by their own free acclaim. He is the man for whom millions of Americans want the opportunity to vote. His nomination was the product of a great popular expression of confidence. The Sports Merchants Group Will Issue Signs For All-Star Tilt Register By KENT CHETLAIN

Sports Editor Floyd A. Palmer, the man who named the "Seminole Blues" in the pre-season contest, sent us this in-

eresting letter when he submitted his All-Star selections. We thought it might be of interest to all baseball fans. Friend Kent. I had the Blues in April, I had

the Blues in June - John Imbra 138 and Frank Smith were injured and now as I gaze into that crystal ball I see THAT All-American Cuban pitching staff together with Imbra and Smith back on duty, and now I will say that I'm glad I still have the Blues.

My picture would not add strength to your column, I'll se-lect the whole DeLand infield including Jack Cade, Bill Mostransky, Charlie Brewster, and Red Roberts for my Northern All-Star team with Red Hat catcher Ray Dunne behind the plate. Check their batting averages and watch them play one game and you will understand why I picked them as a unit, and I have no favorites in this case.

In the North's green Kassabian of Palatka, Ken Braeseke, DeLand and Jax Beach. Kassabian is a Steinoutfielder that means he is

plate. BraesckeMike Kassablan can go a country mile in centeraverage. Treadway is hitting close to .400, which qualifies him in any league.

Pitchers-Joe Pennington, Cecil Hutson and Tom Mills are the men I would choose on my three-man staff. Mills has one of the greatest records in class D ball. Penpitcher. Then I would use Hutson to put out the fire with his "Humpty Ditty" ball that makes the batters swing at something he

doesn't have. My choice is Bill Steinecke for manager of the North for he knows more about haseball strategy than all the other managers in the league put together.

Southern Team: I name Ed Levy, John Imbra, Chico Fundora, Chuck Aleno, Don Ford, Bill Shores, South Creat, Pate Hunder

players in this division in Levy, an "A" ball player in a D league, and Chuck Aleno, the bower player of the loop who can park the apple on any pitch if it isn't outside. Then I want to make special mention of Imbra, who has never had an equal in the Florida State League. He makes impossible plays look easy and is always in a position to pivot and complete the next play. I can't understand why he is in the State League when it would be just as easy to go into B or A ball.

The rest of the team is average, but I have sacriffeed hitting for defensive strength in deciding on Great, because he can pull down the long ones with ease, which is

The Sanford Merchants Associa-

inole County Junior Chamber of Commerce Baseball Committee in State League All-Star baseball contest here July 25, will have printed and distributed window stickers welcoming the out of town visitors for the day, according to M. L. Raborn, president of the merchants group.

"Welcome All-Star Fans" will be the slogan to appear on the stickers, which will be handed to all merchants and business establishments in Sanford,

the stickers to the best advantage - display them prominently -order that everyone will be able to see them, Mr. Kaborn commented. "This is one of the biggest

days on the calendar this year for the City of Sanford. We want to do all we can to promote this project and get as many fans for the game as possible,' Mr. Raborn continued. "Sanford is fortunate to have the opportunity to be host to the

Florida State League fans, Several other towns wanted the game this venr. but through the efforts of President John Krider of league we were able to secure the affair. I am proud that we can show our new stadium to the publie in this way," he concluded. so necessary in centerfield.

I had wanted to put George Kenis on the Southern team but I want to give him a higher honor when I say that he is the model ball player in a class D circuit. He has played many positions on our team and he played them all with the same spirit of co-operation to help his tenm. And so, I say he is the best val-

I'm not naming the most popular player in the league because contest, nor do I believe in special prizes and awards for ball players when some of your most willing players always have to sit on the nington is the smartest pitcher in the league when the chips are down and he would be my starting yors, and dinners should be pooled vors, and dinners should be pooled and at a given time the team

should participate in the snoils. And so, 1'11 turn the team grandstand man agers with thought: Th galleries are of critics — they play no ball, they fight no fights, they make no

mistakes beenuse they attempt George Kenis nothing. And down on the field are three standout the players - they make many mistakes because they attempt

many.plays.

Ford forgot to put a reverse gear in his first automobile. gear in his first nutomobile, Fdison once spent \$2,000,000 on an invertion which proved of little value. There was Babe Ruth, who made an all-time record of hitting 757 home runs in his baseball career, but in doing this he failed 1330 times — one thousand three hundred and thirty times he soffered the humilation of walking back to the miliation of walking back to the bench amidst feers and ridicule. But he never allowed the fear of failure to slow him down or weaken his efforts, instead he es-

tablished a world's record by striking out, but he was trying when he falled.

So, Mr. Santerd fan, don't strike out by not supporting the Blues. It's your team and it's my team.

Civil Service, he said.

Mr Lee had high praise for the faithful work of L. F. Boyle, who

of the Civil Service Board, A. Edwin Shinholser, City attorney, declined to give an answer, stating that the City had not asked him to rule on the matter.

Mr. Boyle likewise declined to render an opinion on the legality of such action, pointing out that the matter is one within the juris-iction of the City Attorney.

He revealed, however, that the Civil Service Board had met on

Thursday, July 10, following Mr. Lee's re-appointment by the City Commission, and had re-elected the latter chairman, Senator Boyle said that Senate Bill No. 303, which he introduced as an act ratifying and confirming the Civil Service system for Sanford, was passed and adopted by the State Legislature on Feb. 14, 1945.
