

BONUS BILL IS PASSED NOW UP TO THE SENATE ITS FATE IS UNCERTAIN

Vote Was 333 to 70 or 64
More Than Was
Necessary

NO PARTY LINES

BOTH IN DEBATE AND FINAL
ROLL CALL—248 REPUBLICANS
AND 90 DEMOCRATS FOR IT.

(By The Associated Press)
WASHINGTON, March 24.—Passed by the house late yesterday by a vote of 333 to 70, the bonus bill was made ready today for the senate. What would happen to it there was regarded as problematical, but house proponents proposed to use every effort to prevent it being shelved as was original measure.

WASHINGTON, March 24.—The four million dollars soldiers' bonus bill was passed last night by the house by an overwhelming majority. It now goes to the senate where its fate is regarded as uncertain.

The vote was 333 to 70 or 64 more than the two-thirds majority necessary for passage of the measure under the parliamentary procedure selected by Republican leaders for the expressed purpose of preventing the Democrats from offering a motion to recommit.

Party lines disappeared both in the general debate and on the final roll call, 248 Republicans, 90 Democrats and 1 Socialist supporting the bill and 42 Republicans and 28 Democrats voting against it.

As passed by the house, the bonus bill would provide for immediate cash payments to veterans whose adjusted service pay would not exceed \$50, and would give to other veterans the option of these four plans:

Adjusted service certificates, with provisions authorizing loans by banks in the first three years after next October 1 and by the government thereafter; the certificates to run for 20 years and to have a face value at maturity of the amount of the adjusted service credit at the rate of \$1 a day for domestic service and \$1.25 a day for foreign service, increasing by 25 per cent, plus interest at the rate of 4 1/2 per cent compounded annually.

Vocational training aid after January 1, 1923, at the rate of \$1.75 a day, the total payments not to exceed, however, 140 per cent of the adjusted service credit.

Farm and home aid under which veterans purchase or improve farms or homes would be paid after July 1, 1923, a sum equal to their adjusted service credit increased by 25 per cent.

Land settlement, under which lands would be reclaimed under the supervision of a special board and farm units established for sale to the veterans at a price fixed by the board less the amount of the adjusted service credit.

In only two important particulars does this measure differ from the one passed by the house two years ago and that was shelved in the senate last July. The original cash bonus option was eliminated and the bank loan provision of the adjusted service certificate title substituted.

Not since the war days had the house galleries been jammed as they were yesterday from the time Speaker Gillett's gavel fell at 11 a. m. until the last vote had been cast as the shades of evening enveloped the capitol.

In all there was slightly more than five hours of discussion with 75 of the 435 members taking part in it. Transcripts of their remarks would fill about two ordinary sized newspapers.

Arguments against the bill were more frequent than those in its favor, due to the fact that many Democrats who announced that they would support it vigorously attacked some of the provisions and the ways and means committee for failure to provide means of financing the bonus.

In the course of the debate the measure was referred to as "a gold brick" a "bogus bill" a "hokus-pokus" and a "deformed and malformed creature."

Politics were injected into the debate several times during the day and resulted in some warm exchanges. Representative Poy, Democrat, of North Carolina, described what he

GOVERNMENT AGENTS POSED AS BOOTLEGGERS

AND OBTAINED EVIDENCE ON
MIAMI BANKER—MAY BE
THROWN OUT

(By The Associated Press)
MIAMI, Fla., March 24.—Three government witnesses yesterday corroborated the testimony of William Spillard, a prohibition agent, given the day before at the preliminary hearing of C. M. Clayton, vice-president of the Miami National Bank and four others, charged with conspiracy to violate the Volstead law. Clayton, with Foster Sloan, Mrs. G. O. Harrison, W. C. Phelps and T. N. Lewis, is alleged to have been a party to a deal for the purchase of 10 cases of liquor for \$4,050, by Spillard, posing as "A. B. Phillips," a New York bootlegger.

Salvatore Paecetta, a member of the government's flying squadron was first called to the stand yesterday and related the story practically as told by Spillard. He said he was with Spillard when Clayton wrote the agreement for the purchase of the "commodities," which he said were verbally understood to be liquors. He told of the visit to Clayton's home after the liquor was produced and the alleged return of the money to federal agents after the exposure.

E. B. Henson, chief of the flying squadron, gave a detailed story, supporting both Spillard and Paecetta. Henson said that he went to Clayton's house with Agent Overpeck, on the night the liquor was brought in after the others had left and told the banker that he was a federal official and demanded the money. Clayton, he said, asked for leniency and finally turned over the \$4,050, which had been deposited with him as the purchase price for the liquor.

Overpeck followed Henson on the stand and substantiated his story.

characterized as the effort of the majority to make the bonus a partisan issue while Representative Campbell, Republican, Kansas, and Longworth, Republican, assailed the minority report on the bill filed by Representative Kitchen of North Carolina the Democratic leader.

Mr. Longworth declared that the reference in the minority report to Ambassador Harvey at London as the "blasphemous, bibulous bootlicker at the court of St. James," was most disgracefully vulgar. He characterized the whole report as "cheap, wantonly vulgar and disgraceful."

PROPOSED AMENDMENTS ON FOUR-POWER TREATY WERE VOTED DOWN TODAY

Majorities Were Overwhelmingly Along Party Lines

(By The Associated Press)
WASHINGTON, March 24.—A long succession of proposed amendments and reservations to the four-power Pacific treaty were voted down one after another by the senate today as it approached the final roll call on ratification. For the most part the majorities were overwhelming and virtually coincident with party lines. Only handful of Democrats stood with their leader, Senator Underwood against the effort to qualify the ratification of the resolution and only a little group of irreconcilables opposed the Republican leadership of Senator Lodge to vote with reservationist. The voting proceeded without debate under the unanimous consent agreement which cut off discussion with adjournment of the senate last night.

(By The Associated Press)
CLEVELAND, March 24.—The General Policy Committee of the United Mine Workers met here today to complete arrangements for putting into effect what officials declared will be the greatest strike in history. The meeting is being held behind closed doors but it is understood steps will be taken to arrange and conduct strike without leadership from time it starts April first.

STEAMSHIP COMPANIES OPERATE REFRIGERATORS COAST TO COAST

Save Apple Growers of the Wset Coast of United
States Thousands of Dollars

(By The Associated Press)
We note from the fruit papers, that a different temperature can be maintained in each, insuring perfect refrigeration service for any community. L. T. Miller who represented the Wenatchee Traffic Association was on the boat the entire trip watching conditions, and Lester W. Collins, refrigerator technologist of the United States Department of Agriculture inspected the cargo when loaded and on arrival in New York, and both gentlemen were much enthused, and had nothing but the highest praise for the service given in transit, and as to the condition of the fruit on arrival.

It is our understanding the Elder Steel Steamship Company, who control ninety per cent of the refrigerated boats, will put four more boats on coast to coast service next season, and will receive a large per centage of the perishable tonnage from the Pacific coast. If California, six thousand miles away, can do this, and South Africa and Chile can ship via water, why cannot Florida do the same? It is up to us to get some such steamship Company interested in us, and this matter will be brought up at the meeting to be held at the court house, in Orlando, Friday (tonight), March 24th at 7:30 p. m. We want every grower, shipper or business man who has Florida at heart to attend this meeting.

The Neponset and her sister ship, the Deerfield are thoroughly equipped to handle perishable products, being refrigerated throughout their fourteen compartments with each compartment separately controlled, so

COMPLIMENTS OF THE MONTEZUMA

The board of governors and members of the Chamber of Commerce were tendered a complimentary luncheon at the Montezuma Hotel today by manager Grose that was greatly enjoyed. The Chamber of Commerce took up road matters, soft water for the city of Sanford, advertising, ship by water and many other items of great importance to the city and county. The meeting was well attended and much interest was manifested by all present. A vote of thanks was tendered the Montezuma Hotel and Manager Grose at the close of the meeting.

MAKE LOVE IN CHURCH SAYS SPOKANE PREACHER SHOULD BE ENCOURAGED

(By The Associated Press)
SPOKANE, Washington, March 24.—Young people should be encouraged to make love in church, Dr. Brown, of Los Angeles, declared in an address at the Baptist church conference here last night. Allow your Baptist Young Peoples Union meetings to be courting bees, he told the assembled pastors. He said courting should be encouraged at church functions to help young people make matches among themselves in the midst of christian influences.

GREAT CHARACTER ACTOR PLAYS IN "DREAM STREET"

Tyrone Power, one of the most famous of the elder stage actors, distinguished in Shakespearean and heroic roles, appears in "Dream Street" the D. W. Griffith master picture, to be at the Star Theatre tonight and tomorrow.

Perhaps the greatest of Mr. Power's achievement was his performance as the drain man in "The Servant in the House."

When Mr. Griffith was searching for someone to portray the figure of Good in "Dream Street," with the nobility, humanity and simplicity demanded for the part, he selected Mr. Power as one of the strongest of American actors. His performance in this film is a finished standard of the trained actor.

MISSING SEAPLANE IS STILL MISSING PLANES ARE SEARCHING

(By The Associated Press)
MIAMI, March 24.—Nothing has been heard from the seaplane Miss Miami, missing since Wednesday noon with pilot and five passengers when it started on a flight to Bimini. Planes went out again today from Palm Beach, Miami and Key West in search. The missing plane was camouflaged during the war, having been used as a naval plane. This paint had never been removed which makes it harder for searchers to sight it. Speed boats and destroyer which searched yesterday in port are today being held in reserve in case rescue work become necessary.

Band of Men Force Way Into Home and Shoot Down Family

SALOON KEEPER

WAS REPRISAL FOR SHOOTING
OF SEVERAL CONSTABLES
YESTERDAY IS THOUGHT

(By The Associated Press)
BELFAST, March 24.—A band of men forced their way into the home of Owen MacMahon, a saloon keeper, early today and shot seven members of the family. The raid stirred the city. MacMahon and three sons were killed outright and another son died of his wounds, two others are near death. The crime is believed to be a reprisal for the shooting of several special constables yesterday. The raiders broke into the house at 1:30 o'clock, rushed upstairs where the family were sleeping. The male members of the family were taken to the living room, lined up against the wall and riddled with bullets. Mrs. MacMahon and daughter rushed to the living room when the attackers had departed and found the father and six sons on the floor in pools of blood. When the police arrived the women were in a state of collapse. Another son escaped by throwing himself under a lounge and was uninjured although two shots were fired at him. The ambulance attendant collapsed after helping carry the bodies to the hospital although he was hardened with scenes of bloodshed.

POWER DEMOCRATIC PARTY WILL SOON BE RE-ESTABLISHED

Woodrow Wilson Expresses Confidence in Party in Telegram

DULUTH, March 24.—Former President Woodrow Wilson in a telegram to the chairman of the St. Louis county democratic committee yesterday expressed "confident expectation that the party will soon be re-established in power and in a position to render renewed service to the liberal forces of mankind throughout the world."

The telegram was in reply to a wire sent Mr. Wilson by the county convention in which the former president was "assured recognition as the leader of the democratic party."

The telegram follows: "Your message has given me great cheer and encouragement. I hope you will have an opportunity to convey my greetings to the democrats of St. Louis county, together with an expression of my confident expectation in which no doubt they share that our great party will now soon be re-established in power and in a position to render renewed service to the liberal forces of mankind throughout the world."

"COLOGNE" FOUND TO BE WHISKEY

NEW YORK, March 24.—One thousand bottles of Japanese whiskey disguised as cologne, were confiscated by customs officials yesterday when four Japanese pleaded guilty in the federal district court to charges of illegally transporting liquor. They paid fines aggregating \$1,000.

The liquor was seized in a raid on the Staten Island dock near where the Japanese steamship Toba Maru was tied up. Fifteen shots were exchanged before the prisoners, two of whom were members of the steamship's crew, were taken into custody.

Each bottle of liquor had the regulation cologne glass top. When removed, however, this disclosed an aluminum cap, which also could be used as a drinking cup. The contraband was found in an automobile on the pier.

REFUSE TO BAN DODGER

JACKSONVILLE, March 23.—An attempt on the part of certain members of the city council to force the adoption of a city ordinance which would have relegated the old fashioned dodger or hand bill to the museum, was defeated last night. Supporters of the measure maintained that the dodgers litter the streets and make the work of the street cleaning department more laborious.

Another fish day. This weather is the greatest in the world.

Clean up and get ready for a fine spring and summer.

Now for those hundred new homes for the people who have been clamoring for them.

All the joy seems to have been taken out of joy riding since the "folks in white" have taken to searching outos that wore out late at night.

Every business man in Sanford should join the Chamber of Commerce and the Central Florida Water Traffic League. Meet tonight in Orlando.

The Central Water Traffic League meets in Orlando tonight and everyone who attends the meeting will know something about his country when he has heard the speakers tell of the inland waterways and water traffic.

Sanford people will join Orlando and Kissimmee people in the building of that trolley line from Sanford to Kissimmee and on to Tampa. It will mean the building up of the entire stretch of country from Sanford to Kissimmee—already the most populous in the state.

Jack Hughes former newspaper man is touted as a candidate for the legislature from Orange County. We are for you Jack and if possible will get down there and vote for you at least once. But Jack, old boy, you will find it hard sledding. They don't want newspaper men in the Florida legislature. We tried it.

The bonus bill has passed the house but this does not mean that it will become a law. It still must take its chances with the senate and that is rough riding. The ex-service men are not trying to force this bill through Congress. They want Congress to feel that the bonus is due the ex-service men or it is not due them and to decide it once and for all. As the Herald said many times the ex-service men do not want the government to give them anything. All they want is help of some kind that will put them on their feet where they need it and some of them need it more just now than they will ever need it again. Something in the shape of a loan from the banks would solve the question for many of them and they could pay the government back and no one would be hurt. Certainly they are entitled to something.

Our sympathy is extended to Editor Thorndyke of the Kissimmee Gazette who recently lost his only child, a daughter, who gave a memorial note to her memory in last week's Gazette and then turned to his accustomed tasks. The editors are like the actors. Regardless of the grief, the troubles and sorrows that beset their own households they must go on each day and night and smile regardless of how heavy their hearts may be. The paper must come out regardless of how the editor feels and he must keep up the same show of good humor, optimism, cheerfulness, even though he

may not have sufficient funds to have purchased breakfast before he started the day's work. It is all in the day's work with the newspaper men and just how difficult their task is or how stupendous it is will never be known until they have passed away.

Another flying boat has been lost enroute from Miami to Bimini. It beats all how those fellows lose their bearings after they have seen Bimini and start back home. Bimini is only a small speck in the ocean yet they find it every time. The Florida territory is ten times as large but they can't find it on the return trip. We suppose they will call out all the government fleet and the airplanes and the state militia and the Sanford Machine Gun Company to find them. You know "likker" is a strange thing.

BRYAN IS LIKE CATTS

Sure, Mr. Bryan is coming into the race—he is like Catts, who couldn't get an office in his own state, so came to Florida. He thinks Floridians are easy. And sometimes they are.

But when the campaign warms up Park Trammell will take a little well-earned vacation, and come home, and go around among the folks, and smile, and glad-hand, and show that genuine interest he has in the people he has lived and worked among all his life, and they will rally around him, rally once again. And when the votes are counted it will be found that the best man has won, and William J. Bryan has added another stout, green sprig to his wreath of willows. All the same, it is not fair, and it is not creditable to Democrats that a man whose eligibility is not questioned should have to run against one whose eligibility is.—Ocala Star.

FINANCING THE SCHOOLS

Gainesville and Clearwater are two Florida cities just now much worried over the local school situation in their communities. Unless sufficient money can be raised with which to pay the teachers, the schools will be compelled to close for the remainder of the season. Up in Gainesville the hat was passed among the citizens with the goal of \$4,000 in sight, but, after a more or less thorough canvass, little more than \$2,000 was obtained. The same condition threatens several towns and cities in Florida and it is now very evident that the next legislature will have plenty to do if it will tackle this vastly important problem prayerfully and thoughtfully, determined to find a solution that will be a solution and not a postponement of an inevitable evil day. Columns could be written on this subject of schools but briefly this much may be said, that some drastic action must be taken if the young people who are growing up to manhood and womanhood are to become useful citizens. No state can afford to neglect its schools and Florida will be remiss in its duty and guilty of a grave offense against its future citizens if it fails to provide for them ample educational facilities.—Lakeland Telegram.

TIME TO AMERICANIZE ALIENS WITHIN OUR BORDERS

After Col. J. Q. Nolan delivered his address at Eola Park last night hundreds of people left with a new impression of the Ku Klux Klan. The Klan is 100 per cent American and is going to see that the rest of the country gets in line. The time to Americanize the aliens within the borders of this country has come, and no more aliens should be permitted to enter. If those foreigners on our shores do not want to speak and read the English language and learn our customs they should be deported. Furthermore, amendments to the constitution seem popular, and we advocate an amendment compelling all newspapers published on American soil to be printed in one language—English.

The Balkans started the trouble in Europe and set the world on fire. There are miniature "Balkans" springing up all over America where people speak their own language exclusively—Russian, German, Italian and Greek. The time is fast approaching when America must be thoroughly Americanized. Insidious propaganda alien to American interests must be crushed in the bud and not allowed to bloom along while real Americans are careless to the situation. The bars should be dropped on immigration for the next twenty-five years and Americans should set about to educate those foreigners now in America. Should the millions of aliens disregard our language, our ideals and our customs and culture they should be deported. Clean up at home and place on the scrap heap those inhabitants who think more of their old country than they do of America.—Orlando Sentinel.

BIG YEAR FOR HOME BUILDERS PREDICTED

All signs point to 1922 as a big year for home builders, according to the department of commerce. The Department's Division of Building and Housing has studied reports of contracts awarded, analyzed figures on building permits and consulted with builders and real estate men from scores of cities, and concludes that before the year is out the United States will have begun to reduce its housing shortage of about one million homes.

Some very simple figures tell the story. In 27 northeastern states, in which over two-thirds of our people live, the F. W. Dodge Co., reports that contracts for 75 million dollars worth of residential construction were awarded in February. The figure was the same for January, while December showed a total of 101 million dollars. The figures compare with a monthly average for the year 1919 of 71 million dollars. The showings is very remarkable, as normally December, January and February are the three lowest months of the year, and it is especially encouraging since the late summer and fall months showed an unusually large number of building projects started, to be carried along during the winter season. Everything points, therefore to an active spring building season.

The situation varies greatly between different cities, of course a few even having a surplus of homes, but a number of places apparently will build to the limit of their capacity. In view of general business conditions it does not seem likely that there will be any great general increase in building material prices or building trade wages. In fact, the steady activity during the fall and winter months indicates that the demand for new construction is of a steady, healthy nature, that would probably slacken in case of any marked advances.

Movements in the building industry during the next few months are expected to be rather steady.

Measured in floor space, the average contracts awarded during the past three months stand well above the 1921 average and very close to the high year of 1919. With such a start

the year 1922 could easily rank ahead of any year since the beginning of the war.

Residential buildings have accounted for 47 per cent, or nearly half of all new construction during the past three months, whereas, during the years 1919 to 1921 residential construction was only 31 per cent, or less than one-third of the total. Homebuilders are having first call on the resources of the construction industry.—Tampa Times.

BALL BUYS PROPERTY

Mr. and Mrs. E. A. Ball have decided that Sanford is the place to live and have purchased a summer home in Lake Mary where they have a lake at the rear of the property, orange trees and everything and they will move out as soon as school is over. Mr. Ball is one of the best band leaders that ever came to Florida and Sanford is fortunate in securing his

services. That he has purchased property and will reside here the year round is a matter of great satisfaction to his many friends and the lovers of good music. The Herald congratulates them on their purchase in a fine community like Lake Mary.

12,000 ACRES

Orlando-to-Ocean Highway and St. Johns River

A group of business men in this community recently awakened and took notice. They faced the East, and this is what they beheld:

A "Road to the Sea" bringing to their own citadel the traveler from the far north who, because of lack of easy access to inland points, had hitherto sojourned on the Eastern Coast.

The opening up of commerce with new markets as a result of conservation of time, money and labor in the transportation of their produce over good roads to such markets.

In a word, they saw the FAR EAST brought NEAR.

This company is capitalized at \$180,000—with this 12,000 acres simply places the price at \$15 per acre. This land is now worth \$30.00 per acre—and when the Orlando-to-Ocean Highway is completed will sell for nearly \$100.00 per acre—clip out and mail the coupon below for full particulars.

This group of business men were far-sighted enough to appreciate that the "Road to the Sea" spelled PROGRESS—progress to their own city and progress along every mile of land to the Sea. Every one of them a judge of good values, they made haste to secure some of the best of that land while the price was yet low. And the great advantage lies in the fact that it is located in YOUR own Orange County and YOUR neighboring Seminole County to the north.

Without any effort on your part, YOU are now privileged to own an interest in that property—to watch it develop into the back country requisite to the growth of every wide-awake city—and to share equally in the profits with these and other wise men who are daily being added to the ranks in the forward march along the "Road to the Sea."

Electrical Helps

Eight hours is insufficient for human hands to perform all the household tasks. Tomorrow may offer yesterday's work undone--if you are still trying to keep house by the old-time methods.

But it is possible to establish the eight-hour day in the home by making use of electrical helps, -- a Washing Machine, Vacuum Sweeper, Electrical Iron, Toaster, Percolator and other labor saving devices. Those untiring "household assistants" will do your work quickly and efficiently. And the cost is indeed trifling when you think of the time, energy and health they save!

UPSALA AND GRAPEVILLE

Cool nights with beautiful days, temperature at 45 at 7 a. m. Thursday.

Mrs. Anna DeForest's company arrived the first of the week.

Mr. and Mrs. A. L. Campbell and their two little children were out from Sanford on Sunday calling at the home of Mr. and Mrs. West, coming out in their new Ford.

A number of lady friends and their children came in on Monday afternoon to remind Mrs. August Swanson of her birthday making it a pleasant surprise and enjoying an hour or so to-

gether, the children playing games and flying kites. As usual delicious home made cakes and coffee were served to the guests.

Mrs. Volie Williams is planning on spending a few days the last of the week in Orlando.

Miss Olga Bellin spent Thursday and Friday with her sister in town and on Sunday Mr. and Mrs. Dan Hodges were guests of her parents in Upsala.

Mr. and Mrs. Pritchard returned on Monday from Daytona and with Mrs. Westerdick expect to spend Thursday in town with their old time friends, Mr. and Mrs. Vernon Collier.

Mr. and Mrs. Joseph Scheink and children, now of Orlando, motored up to hunt up and surprise Mr. and Mrs. Shrensperger and daughter, Miss Olga Bellin, old time friends of theirs in Alabama on Wednesday of last week.

Miss Margaret Ericson attended the senior party held at the home of Marion Hand in Sanford Friday evening while Carl Pierson and a young lady friend attended one at the Cleveland home in Paola.

Mr. and Mrs. V. R. Collar and Mr. and Mrs. Dunning, friends of theirs, of New York, who are here touring the state, were out for a little while to see us in Grapeville. Mrs. Collar expects to go to the Formosa Sanitarium late Thursday for an operation Friday in the hopes of regaining her health. Besides her husband, Mrs. Charles Cramer and children and Dr. Puleston will accompany her. A noted surgeon, late of the North but now of Orlando, will have charge. Many prayers from friends here and elsewhere will arise in her behalf that the trouble may be overcome.

A good many here have been sick with bad colds, among them little Claire Bertleson, from whom the doctor was called Thursday and Ira Burns little niece has been sick since Sunday, the Bridgeman little ones, Leonard and Mrs. West, Mrs. Swanson and Mrs. Hirschi. But in spite of it the latter has done her part at the church keeping it swept and lamps bright and Bernard went over for the pastor on Tuesday evening who gave us a good talk.

Sunday was a banner day at the school, 38 being present. Glad to have with us Mrs. Alma Neese and children, Mr. and Mrs. Cramer and children, Mrs. Ebba Lee and daughter, Lenora and the two younger daughters of Mrs. Maude Powell and also Mr. Swan.

We were terribly shocked at the news of the death of little Roberta Ambrose of Union avenue in Sanford last Thursday by being run down by a large truck. Br. Ambrose is employed at the A. C. L. shops and for a short time lived here in Grapeville. The parents have the sympathy of all their friends.

PAOLA POINTS

There was a surprise party given Wednesday afternoon at the home of Mrs. R. R. Eldridge in honor of Miss Myrtle Traylor, ice cream, cake and candy was served.

There will be an entertainment given on the 7th of April, by the school children for the benefit of the school.

Mr. Nick who is just down from the North is now visiting his friends, Mr. and Mrs. G. B. Burnett.

Mr. and Mrs. Warde and children of Winter Park visited Mr. and Mrs. G. B. Burnett Sunday afternoon.

Mr. E. Stafford and granddaughter of Monroe spent the day with her sister, Mrs. W. B. Stafford Sunday.

Mr. and Mrs. Cleveland who left in their car Tuesday for their home in Cleveland Ohio were the honorees at a delightful dance given at the home of Mr. and Mrs. C. C. Pearson Monday evening.

Mr. and Mrs. Tiller from Tennessee have bought what is known as the Buchanan place over at Sylvan Lake. We were glad to have Mrs. Tiller, Miss Tiller and the two little boys enrolled in Sunday school Sunday and we hope to have them with us every Sunday.

Mrs. E. Stafford and grand daughter of Monroe were visitors at the Sunday school Sunday.

Mr. B. W. Smith attended the lodge meeting at Lakeland Sunday.

The ladies aid supper and sale given on the 17th was a complete success sixteen dollars was cleared above all expenses and everybody thoroughly enjoyed the evening. Besides the supper sold everything was sold out almost all of the fancy work was sold. They will turn part of this money over to the church and keep the rest for the Aid Society.

The girls that joined the church will be baptised the first Sunday in April.

CARD OF THANKS

We wish to express our heartfelt thanks to the many friends who were so kind to us during the death of our little darling, and for the many beautiful floral offerings. May God's richest blessings be with you all in our prayers.

MR. AND MRS. A. S. AMBROSE

ATTENTION!

A Horn of Plenty that Should be Tooted

LOUD!
LOUDER!

That more people may hear. The nation has an instinctive ear for Florida's horn of plenty.

Properly tooted, this Florida horn is "a magic flute"—it draws the people and holds them with its satisfying sustenance.

Florida is today "tooted" and "toted" by possibly more people than any state in the Union. They who really know it, toot its virtues loud and long. Florida products are tooted—here, there, everywhere, thus scattering the seeds of Florida's present and future progress.

There's lots to toot about. Florida's cornucopia is a blaze of beauty and undeniably prolific in variety and supply.

"Greater publicity—advertising" is the "big toot" that is heard loudest and longest from any horn, be it commercial or institutional, merchandise or a commonwealth.

The Florida press is tooting. Tourists are tooting, and the citizenry are tooting. Publicity will combine the toots into the longer and louder appeal! It will reach the people—more of them—and with more frequency. The public ear is turned to the high pitch of good publicity.

Added to the "toots" of the state is The Florida Magazine, a new national monthly. Its national style and purpose is planned to blaze the trail for a greater migration to Florida of tourists, homeseekers and investors. To toot from every newsstand in every state is the aim of this magazine. Isn't it fair to assume it means more tooters for Florida's horn of plenty?

The Florida Magazine is on the newsstands at 25 cents a copy. Subscription price is \$2.50 a year. Address

SANFORD'S TEMPERATURE

That great weather continues. We asked one of our oldest grouches what he thought of this weather and he said there was too much sunshine and when it got hot the first thing he knew it was cold and it just shifted around until he couldn't tell which Saturday night to take his bath any more. Said the orange blossoms smelled too loud and he hated the mocking birds because they made too much noise in the morning and the danged town was growing too fast and he would have to move back to the country to get a little sleep. We hope when he gets to sleep he stays there. And again we say isn't it gee-l-o-r-i-o-u-s weather?

WILLIAMS GARAGE TAKES OLD STAND ON MAGNOLIA AVE.

History repeats itself in civil and commercial life and Volle Williams is a case of coming back to the old stand where he started in business in Sanford several years ago. He has acquired the business of the Bryan-Wheeler Motor Co., in the building on Magnolia avenue next to the Miller building. It was in this same shop that Volle Williams started in the automobile business working five years in the machine shop as a mechanic and afterward going in business for himself in the Hines building on Park Avenue where he has made a success in every way. Volle has been in Sanford for the past thirteen years all of this time being engaged in the automobile business and knows it from start to finish. The Williams Garage aside from having a force of good mechanics ready to give the best of service on any make of car will also give service on the Buick and Oldsmobile cars of which make N. H. Garner is the agent for Seminole county. Read the advertisement of the Williams garage in the Daily Herald. The garage is located at 115 Magnolia avenue.

ANOTHER FLYING BOAT LOST AT BIMINI

MIAMI, March 24.—An all day search for the missing flying boat, Miss Miami, with six persons aboard her, had last night failed completely to locate a trace of the craft. The Miss Miami left here at noon Wednesday, with pilot Robert Moore and five passengers—Mr. and Mrs. Lawrence E. Smith and Mr. and Mrs. August Bulte, all of Kansas City, Mo., and Mrs. J. S. Dickson, of Memphis, Tenn.

The plane was bound from Bimini, in the Bahamas, a 45-minute trip. A plane returning at six o'clock last Wednesday night brought the first word of Miss Miami's plight, reporting that she had never arrived and that it was probable had been forced down at sea.

Four planes were pressed into the search yesterday and combed the coast keys, returning at dusk. Speed boats are still plying the waters.

Mr. Bulte is vice-president and general manager of the Larabee Flour Mills of Kansas; Mr. Smith is president of the Smith-Greaves Printing Company, of Kansas City; Mrs. Dickson is the wife of the president of a large Tennessee lumber concern.

Hope last night was fading fast, for a heavy wind blew throughout the night and airmen doubt if it is possible for the craft to withstand a rough sea long.

HELP WAS URGENTLY NEEDED

Darky Evidently Had Troubles of His Own With That "Possum" His Partner Spook Down.

Two negroes, Salvation Jones and King Agrippa Johnson, living near the Dismal swamp went 'possum hunting one dark night. A warm trail was struck, and the dogs soon "treed." Salvation, being the better climber, volunteered to go up and shake down the 'possum, whereupon King Agrippa made ready to catch it in the sack they took along for that purpose.

Instead of an opossum, the dogs had treed a wildcat. As Salvation made his way to the topmost branches the animal retreated still farther out on the overhanging limbs, and emitted an angry snarl.

"Huh? How's dat?" exclaimed Salvation. "Never heard no 'Possum-talk lak dat befo'!"

"Go on, Salvation. Yo' ain't heern nothin' but de dogs. Shake him loose! I'se waitin'," urged King Agrippa.

Climbing a little farther out, Salvation gave the limb a mighty shake and dislodged the wildcat. Suddenly a chorus of yells, howls, screeches and cuss words broke loose from below.

"Hey, dar, King Agrippa!" anxiously called down Salvation. "Yo' want me ter come down an' help yo' hol' him?"

"Naw, suh," yelled Agrippa. "Ah wants yo' tuh come down an' help me ter tu'n him loose!"—Judge.

STRANGE MONSTER IN AFRICA

English Scientist Tells of Creature Which He Thinks May Have Been Giant Python.

F. C. Cornell, Fellow of the Royal Geographical society, who recently returned to England after spending twenty years in practically unknown parts of South Africa, is author of a story about an unknown monster that had been seen near the Great falls of the Orange river. It has a huge head and a neck ten feet long like a bending tree. It seizes the native cattle and drags them under water. The natives call it "Kymman," or the Great Thing. Last May Mr. Cornell, accompanied by two white companions, W. H. Brown and N. B. Way of Capetown, and three Hottentots, went to the junction of the Oub and Orange rivers to see the monster if possible. He writes: "At the cries of the natives I saw something black, huge, and sinuous swimming rapidly against the current in the swirling rapids. The monster kept its enormous body under water, but the neck was plainly visible. The monster may have been a very gigantic python, but if it was it was of an incredible size. This reptile may have lived for hundreds of years. Pythons approaching it in size have been said to have lived that long."

Last Feeling of Satisfaction. Postmaster Chance told the Kiwanis club last week how he took an examination to get his first promotion in government service.

He entered as a messenger. One day he happened to look into a room and saw about thirty people bending over tables.

"What are they doing?" he asked. "They are taking an examination for promotion," he was told. "Don't you want to try?"

If they were trying to play a joke on Mr. O. Chance of Illinois he called their bluff.

He went in, took the examination and later was told that he was the only one promoted.

"I tell you, I felt pretty proud," declared Postmaster Chance, recalling the time, "until they told me that the others had taken the examination for promotion to \$1,600 and that I had been the only one to take the examination for promotion to \$1,000."—Washington Star.

Eddie Knewl Eddie is a high school freshe. He is enthusiastic over sports, and, with his father, has witnessed practically all of the wrestling matches held recently in Indianapolis. His teacher had urged the pupils to attend at least one of the Shakespearean plays scheduled at a local theater, and finally asked whether any of the pupils had ever seen Robert Mantell.

"Yes," put in Eddie without a moment's hesitation, as he recalled the fame of Al Mantell, a noted wrestler. "I saw him wrestle Jack Reynolds."

The sally was good for a big laugh at his expense.—Indianapolis News.
