Decency code may not wear well

Unwelcome passing for Welcome Wagon Sue Reiner

ures she has **RUSS WHITE** welcomed

more than 4.000 new residents.

"Most of the people I see at the grocery store know me," Reiner said. "They say, 'hello,' and talk about what's been happening to them."

These people are an extension of Reiner's own family. "They welcomed me when I welcomed them," she said.

Reiner won't be making house calls much longer. Her last day is Dec. 6. The welcome mat is being pulled out from her and Welcome Wagon personal representatives throughout the county.

The new Welcome Wagon will consist of a directory of ads delivered by mail. There will be no more warm, fuzzy visits from women like Reiner.

A vice president with Cendant Corp., which acquired Welcome Wagon in 1995, says it is time to adapt to the USA's changing fifestyle. He said "no one's home to answer the door."

fhis means a 70-year tion goes by the wayside just like house calls by the family doctor and deliveries by the milk man. As the county grows, its customs change. Neighbors aren't close anymore. They don't know who lives next door. Since Welcome Wagon was started in 1928 by Memphis newspaper executive Thomas W. Briggs, house calls were made on more than 50 million families. In 1968, 1.5 million families were welcomed. The number dropped to 580,000 in 1997. That's why Cendant Corp. decided to call off the welcomes.

SEMINOLE COUNTY - E-Day (5n't far away, come to a halt on Nov. 3. The Seminole County-Public Decency Ordinance may well be the one to linger well past Election Day 1998.

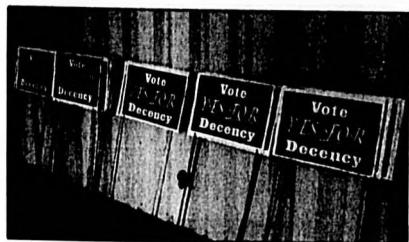

If the Public Decency Ordinance is passed, altorney David Wasserman says, it will violate the rights of every citizen - defining what he or she can wear and defining the kind of entertainment he or she may choose.

"Do people know what they'll be tossing Please see Decency, Page 3A away?" Wasserman said.

County Commissioner Win Adams is concerned that voters won't understand the wording on the ballot they receive. "In the past whenever people were confused or uncertain how to vote, Most of the campaigns and controversies will they would vote, 'no, " Adams said. "They may see this and wonder

In attempting to regulate the adult entertainment industry, the county adopted a stronger code this year but a group known as the Seminole County Citizens for Decency weren't satisfled. The group - headed by Casselberry pastor Mark George - came up with more than 10,000 signatures to force the decency issue on the Nov. 3 ballot.

College campus coming to Oviedo

By Bill Kerns HERALD STAFF WRITER

SANFORD - Seminole Community College accepted an architectural rendering last week for the 180-acre Oviedo Center. Ground-breaking is scheduled for Dec. 4. Classes will begin in the summer of 2000 for up to 1,000 students.

We have a beautiful rendering," said Robert Lyles, director of media relations for SCC. 'lt's going to be a gorgeous campus. We're moving on-track, trying to get all the pieces together. We'll be able to offer a wide variety of programs for the community."

The IMO.acr Campun Road in Oviedo, will preserve 100 acres of natural woodlands and wetlands, Lyles said.

The first phase of construction, costing \$20 million, will include classes for 1,000 students, a Learning Technology Center, and a Student Services building scheduled to be completed in the spring of 2000. with classes starting that summer.

Phase two will include building the library and additional classrooms.

The Ovtedo Center will offer a full complement of college credit courses toward an associate in arts or associate in science degrees.

"This is sad," said Lake Mary **Heathrow Chamber of** Commerce Executive Director Diane Parker. "People looked forward to visits from the Welcome Wagon. They liked the bag of goodies and the information about the community. Reiner has made a lot of people feel good about coming here to live."

Parker said that the chamber will try its best to make up some of what is lost with Welcome Wagon's decision to drop its representatives.

Mcauwhile, Reiner has a little more than a month to make her last Welcome Wagon house calls. If you're now moving into a home in the Lake Mary area, be prepared to greet her. She'll arrive with a basket full of goodies and a warm smile. Enjoy the moment. The Welcome Wagon won't be delivering much longer.

Forest products week

TALLAHASSEE - For almost four decades, Congress has designated the third week in October as National Forest Products Week and this year the celebration is set for Oct. 18 through 24. The commemoration refers to the bounty of

our forests, the value of wood as a renewable resource, and the need for responsible stewardship of our forestlands.

Nearly fifty percent of the state of Florida is forested. In addition to the environmental contributions made, the forest industry is also a vital economic force for many of Florida's communities. Statewide the industry produces over \$8.5 billion in manufactured products and pumps over \$1.3 billion in payroll to its work force and local economics annually.

National Forest Products Week provides the opportunity to recognize the importance and value of our natural heritage and the importance of preserving and protecting our forest resources. Please see Briefs, Page 2A

in Casselberry in this election, says the signatures represent the mood of the county. "You will see this when the votes are collected on Nov. 3," he said.

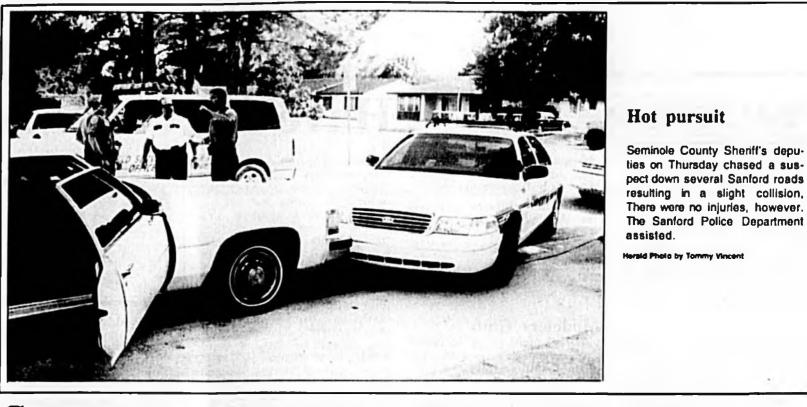

Attomeys for the adult entertainment industry have said many of the signatures are invalid, and threatened to sue Sandra Goard, who as supervisor of elections, validated the petitions. It is unlikely now Goard will be served. "She did her job, she runs a tight ship," Deputy County Attorney Lonnie Groot said Thursday,

If the county encounters legal challenges about the ordinance - before and after E-Day, attorney Rick Nelson has assured Groot and the county commissioners that he will defend it. Until recently, Nelson worked at Liberty Counsel in Orlando. He now has his own firm but says his offer to the county remains. *Rick met with Lonnie Groot and Sandy Goard and mapped out strategies," said County Commissioner Grant Maloy. They are prepared for whatever may come up. The ordinance is on the ballot. The voters will decide." Goard said Thursday that since this is a general election she expected 62 percent of those who are eligible will vote. Those on both sides of the issue are pleased the number of expected voters is high. Fewer than 15 percent voted in the recent primaries. The wording of the ordinance is somewhat confusing. San-ford's referendum for building a waterfront hotel/conference center is much more to the point. Voters check a box labeled "yes" or "no."

The Public Decency Ordinance has everything from nudity and sexual contact to sevcrability, codification and injunctive relief. Finally, a voter marks one of two boxes - "For the Ordinance" or "Against the Ordinance."

included at the top of the ordinance information is the fact it is similar to St. Johns County Public Nudity Ordinance. How many Seminole County voters are aware of the St. Johns Ordinance? How many have even been to St. **Johns County?**

Have fun on Halloween, be careful

The celebrations, creative costumes and decorations of Halloween have provided enjoyment for young and old for centuries. Most children are fond of "trick-or-treating", but this tradition can be hazardous if kids and their parents do not take precautions.

Halloween-related injuries may involve: eye abrasions from sharp objects attached to masks or costumes; skin irritations or rashes from decorative face paints or creams; and burns from flammable costumes ignited by open flames from items such as candles and Jack O'Lanterns. But parents can take steps to help insure their children's safety without denying them the enjoyment of celebrating this holiday. The Florida Department of Agriculture and Consumer Services and U.S. Con-

sumer Product Safety Commission offer the following Hallowcen safety tips;

* Examine all treats carefully for signs of tampering before allowing children to eat them.

 When purchasing costumes including masks, bears and wigs, look for labels indicating the materials are "fire resistant" or "flame retardant". Matertals so labeled are not fire proof, but will restst burning and extinguish quickly.

 Purchase or make costumes be soft and flexible. that are bright enough to be seen clearly by motorists. Decorate or trim costumes and treat bags with reflective tape. Children should carry flashlights when trick-or-treating. · Costumes should not be so

long as to cause tripping and falling. Children's shoes should be sturdy and well fitting. Mom's high heels are not a good idea for safe walking.

 Apply a natural mask of cosmettes rather than have a child wear a mask that might block vision or interfere with breathing. Supervise children's use of Halloween makeup kits and make sure all directions for application and removal are followed. Take special care to see that makeup does not get into the eyes.

 Costumes swords, knives and similar accessories should

· Young children should always be accompanied by an adult or an older, responsible child when trick-or-treating. Children should walk not run from house to house and should stay out of the street.

* Children should go only to homes where the residents are known and have outside lights on as a sign of welcome.

 When driving on Halloween, be especially careful and watch out for trick-or-treaters.

A safer alternative to trickor-treating is to attend a supervised Halloween event instead. Organized events sponsored by civic organizations, school groups, merchants associations and recreation centers provide a controlled and secure environment for children.

Abby, should I ask her to return the pin, and should I expect that she will do so? CHRIS IN NEW YORK

Game of the Week Tonight: Oviedo at Lake Mary, 7:30 p.m.

LAKE MARY _ This didn't look like much of a game at the start of the season. Oviedo was looking like a favorite for a return to the state regionals and Lake Mary was only hoping for a win to break an 11-game losing streak.

The tables have turned and, this week, it's Lake Mary that is contending for the second district playoff berth while Oviedo needs a win to have even a slim chance at a return to the playoffs.

Lake Brantley already has a playoff bid locked up. The second spot would currently go to DeLand, but the Bulldogs from Volusia County, still have to face Lake Mary. If the Rams can run the table, they, by beating De-Land, would get the second bid. Oviedo needs to win tonight and hope for someone to upset DeLand to have any shot.

For the Rams, the goal is simple; just don't lose. But there's a problem. The Rams are playing their final home game this week and can look for a healthy beating in Jacksonville next week to state powerhouse Ed White. The game will mean nothing to the Rams' chances, but DeLand awaits the following week on the road.

Still, another win would guarantee lake

VolleyFest underway

Oviedo earns a third shot at undefeated Dr. Phillips

By Jeff Berlinicke ASSISTANT SPORTS EDITOR

LAKE MARY _ Could the third time be the charm for the Oviedo boys volleyball team?

That's what the Lions will find out Saturday at 9 a.m. at Lake Mary High School, when they take on undefeated Dr. Phillips (which romped past Kissimmee-Osceola, 15-14, 15-4), in the second round of VolleyFest, for the third time this season. The Llons have lost to Dr. Phillips (21-0) twice this season, once earlier when the team was going through some of its own turmoil, and once again two weeks ago when several layers were missing due to fall break.

Except for the two losses to Dr. Phillips, the Lions (20-5) have an 18-match winning streak.

That's on the heels of last year's VolleyFest championship which capped off a 26-1 season.

Last night, the Lions got off to a strong start on their defense of the title with a 15-11, 15-7 win over Bishop Moore. The Lions struggled early but, just as in the regular season, they regrouped and came on strong at the end.

Most of Oviedo's players feel like the team is peaking at the right time. They romped over Lake Howell in the final regular season game Wednesday and senior Anthony Bracco said the team is ready to repeat.

"We will repeat." he predicted. "We have to be a little worried about Dr. Phillips, but we're peaking at the right time. Last night :sday) inc DCSU played all year.* Coach Tim DeZego said the team's early 3-3 start to the season has been forgotten and is team is ready to make a run at a repeat. "I think the last two time we played Dr. Phillips, the problem was we had some internal problems with the team in the first game, but we worked through all of that. The last time, we had players missing, but we think we can win this time. "We're peaking at the right time." DeZego said he's concerned that Oviedo doesn't concentrate to hard on the finals just yet.

Lake Mary's Brett Pocock (No. 25) was a major contributor as the Rams came back to defeat Edgewater Thursday night.

Lake Mary takes first step toward avenging a year of frustration

By Jeff Berlinicke ASSISTANT SPORTS EDITOR

LAKE MARY _ This is the moment Lake Mary has being looking forward to for over 52 weeks.

That's how long it's been since the Rams boys volleyball team saw its run of VolleyFest championships come to an end on their own court.

For over a year, the Rams have been looking forward to this weekend and a shot at reclaiming the championship.

Six times in the past nine year, the Rams emerged from their own tournament as champions, but Oviedo invaded their gym last year and won the title. Last night, in the opening round of VolleyFest, the

Rams took their first steps to avenging that loss with a sometimes sloppy 9-15, 15-5, 15-8 win over a tough Edgewater team from the Metro Conference.

Senior Brett Pocock said he wasn't worried about the sometimes erratic play of the Rams.

"It was a good game," he said. "We're just a little tired right now, but we're playing really well and we're also getting along well."

Even though Oviedo took the title last year and is Lake Mary's arch-rival, Pocock said the Rams were looking forward to undefeated Dr. Phillips, a team the Rams haven't beaten this season.

Lake Mary probably wouldn't meet Dr. Phillips until the finals if both remain undefeated. "I'm not worried about Oviedo," Pocock said. "I'm

gunning for Dr. Phillips."

For awhile last night, it looked like the Rams would just be gunning to make it through the losers' bracket. Lake Mary fell behind 4-0 and ran off seven straight point behind the serve of Matt Main, but Edgewater called a timeout and regrouped. The Eagles cut it to 7-6, then, down 9-7, ran off the final eight points of the game.

In Game 2, the Rams came out strong, taking a 4-0 lead off two aces from Eric Otero and a pair of spikes from Scott Henderson who, along with Kevin Coogan, dominated the net all night.

The Rams eventually pulled away and won to even

Mary a .500 record, a far cry from last year's 0.9 Anish.

Corey Cooper is the quarterback racking up the yardage, but give some credit to backup Jason Hadley who is getting snaps each game. The sophomore has done an admirable job without making too many mistakes.

Lake Mary's defense is possibly the county's best. Ryan DiChiara, Kyle Cocita, Justin Wright, Jon Ames and the rest of the Rams' defense has been much improved over last year's unit.

Oviedo finally got untracked three weeks ago in a win over Lyman, but stumbled again in a late-scheduled game against Gulf Breeze from the Panhandle. The Lions surrendered a late touchdown and fell despite the passing of Nick Tenekedes, a recent addition to the varsity.

It's rare for the Lions to be this desperate late in the season, but can still cling to playoff hopes with a win tonight and at Lake Brantley in two weeks. Tonight starts a run of three straight on the road for the Lions.

Friday: Lake Brantley at Lake Howell, 7:30 p.m.

CASSELBERRY Lake Brantley, picked by many for the middle of the pack at the start of the season, can wrap up a playoff berth with a win over the Hawks. Lake Howell, like Oviedo, can still technically make the playoffs but would need a miracle.

The Patriots are undefeated and ranked eighth in the state. The Patriots have the county's most potent offense, led by a solid. veteran-laden offensive line, and the best running backfield in the county with Arnold Celeste, Regan Russell and Lanter Bush.

Defensively, the Patriots are underrated, but is also responsible for the Lake Brantley BUCCESS

Lake Howell has turned the ball over 16 times in the past two games, including 10 times in a big loss to Lake Mary last week. In the past two games, the Hawks have been outscored 89-9, although they were missing several key starters in the Lake Mary game. A losing record is guaranteed, but Mike Bisceglia is the county's most experienced coach

and if anyone can get a rise out of his team. he can do it.

Tonight: Seminole at Deltona, 7:30 p.m.

Once again, Seminole is in a must-win game.

The loss to Spruce Creek earlier in the sea-

the match with two straight blocks from Coogan.

It was Edgewater's turn to jump out strong in the deciding game. The Eagles went up 3-0, 5-1 and 7-2, but scored only one point over the rest of the match as Pocock, Coogan and Henderson evened the match. Lake Mary went up for the final time, 8-7 when Barrett Klinger blocked a spike at the net, and the Rams ran away.

Lake Mary coach Jeannie Fisher wasn't as pleased as Pocock with the effort.

"That wasn't what I expected," Fisher said. "We struggled tonight, but I don't think we're overconfident. We haven't been receiving the ball well lately and it's too late for that to be happening."

Fisher added that her team can forget about its successful regular season.

"We've been waiting to get back here all year," Fisher said. "It's a new season. We've played 21 games now and none of them matter anymore. It all comes down to VolleyFest.

Saturday, the Rams take on University, a winner over DeLand, at 9 a.m.

Seminole is very much alive to advance to the playoffs, but it could use some help. Three teams are still in the picture, Mainland. Spruce Creek and Seminole, For It to mean anything, however, Seminole must win tonight and beat undefeated Mainland on November 6th.

If Seminole wins out and Spruce Creek drops a district game. Seminole and Mainland advance. If Seminole and Spruce Creek both win out, their would be a three-team playoff. But if Seminole loses, Mainland and Spruce Creek get the two postseason spots.

Tonight, the Tribe travels across Lake Monroe to tackle the Wolves, a team that was pounded by DeLand last week.

Ministry at Lake Eola shepherds the lost

By Susan Wenner HERALD CORRESPONDENT

ORLANDO Christians throughout Central Florida and the Sanford area are planning to attend Celebrate at Lake Eola. The event will be held on Saturday from 5:30 to 8:30 p.m. at the Lake Eola Bandshell.

Celebration Ministries will present its Dance Team and Praise Band along with the Abba Dancers, Deborah Sigrist of Pine Castle United Methodist, El Sid of Christian Rap, Pastor Mike McDonald of Orlando Vineyard, Pastor Edwin Torres and First Baptist of Central Florida En Sus Pasos, and the New Beginnings Contemporary Christian Music Band.

The goal of Celebration Ministries is to go outside the walls of any one church to share the gospel and minister to those who may be lost or hurt with no church family and then shepherd them into area churches," said Cynthia Collins, co-director of Celebration Ministries. "We also share our Sacred Dance Team and Praise Team ministries with others church while working together to renew God's people and empower them to do His will. We feel called to be a community outreach, as well as a means of bringing people of various backgrounds and denominations together as His true church, which has no structural walls nor bounda-

rics.' A brochure about the organization states, "Did you know

Deborah Sigrist, of Pine Castle United Methodist Church, will dance at Celebration at Lake Eola

that when the Israelites went dancers went first to sing and into battle the musicians and dance God's praises? They

praised God for the victory they would soon have over their enemies. God's word plainly states that we are to use every gift He gives us to worship and praise litm so that we may become closer to Him and be more like Him. By coming to Him first with praise and worship, we prepare the way of the Lord by thanking Him for past victories as well as future ones in every situation, giving all glory and honor. Come into His presence with Thanksgiving in our hearts."

With this in mind, Celebration Ministries adds that the "dance team is not a club or performing group, but a family of girls of all ages, denominations and backgrounds who are interested in deepening their relationships wit Christ through prayer, worshipping Him in dance, and then sharing our experiences with our churches. We use the gift of dance to serve God in several ways. Whether it be to tell a story, to reenact biblical ceremonies or rituals, to celebrate an event in biblical history, or to praise or worship Him, we take dance very seriously as a way to express our love for God. Although the people dancing and choreography may be new, dancing in the form of worship, praise, celebration, ceremonial and story-telling has been around since man was created. Dance, as well as, other gifts, is still a means of expressing our love to God and to glorify Him."

For more information about this event or Celebration Ministries call 294-1110.

through AAh grade.

The night will feature fun, food, and games along with a costume parade and prizes.

For more information call the church office at 322-1472.

The Lord will do it again

By Wesley Baker, pastor SANFORD CHURCH **OF CHRIST**

Some people think that God is a genie in a bottle. You get two or three good wishes out of Him and then it's all over. I'm here to tell you, He's no genie in a bottle. He doesn't run out of compassion and He's not short on power. When you need His help, He'll do it again. Mal. 3:6; James 1:7; Numbers 23:19.

In the Bible He proved He'll do it again. God did it once with the widow of Zarapheth (I Kings 17:36-16). God did it again with the widow of Bethel (II Kings 4:1-7). God did it once for Moses at the Red Sea (Ex. 14:21). God did it again for Joshua, Elijah, and Elisha Joshua 3:15-16; II Kings 2:8; Il Kings 2:14).

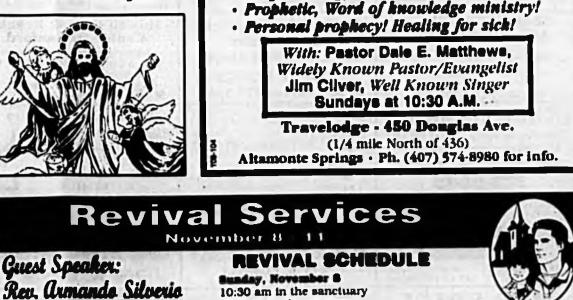

God did it once for Enoch (Gen. 5:24) and He did it again for Elijah (II Kings 211). He did It again in Jesus (Acts 1:9-11) and for the Church (I Thes. 4:16-17).

He always comes through. He will not fail you (Lam. 3:22). He has not forgotten you (Isalah 49:15). You may not know how, you may not know when, but He'll do il again."

DEAR READER: Many antihista mines, especially those to which decongestants have been added, may slow urination in men with enlarged prostate glands. Furthermore, most nonprescription antihistamines have the additional disadvantage of sedation, which can make daytime use troublesome.

Some patients in your situation would bite the bullet and hustle their felines off to another home.

Other patients might consider desensitization injections administered by a trained allergist.

GEMINI (May 21-June 20) At first glance it might appear as though your partner may not have your best interest at heart. Upon further examination, however, just the opposite could be true.

CANCER (June 21-July 22) When it comes time to work today, think about nothing but the job at hand. If you are not mentally disciplined, it could seriously hamper your productivity in the work-

LEO (July 23-Aug. 22) It's okay to relax and have a good time today, but take care to do so in moderation. Overindulgence in eating, drinking, talking, playing, or even spending could easily spoil your fun.

VIRGO (Aug. 23-Sept. 22) Only after you've attended to domestic responsibilities will it be okey to take the rest of the day off for yourself. To do otherwise would cause unnecessary problems.
