Midway-Cansan Water Users Association was organized through efforts of its now serving president, Rev. E. E. Williams, who has ably supplied guidance and leadership since a beginning.

The president and members of the board of directors applied for a charter from the Secretary of the State of Florida, then made application to the federal government for money to construct the system and build office which is located on Jitway near Midway School. The organization, which is opeated by a board of directors, is now doing a business of more than \$20,000 annually.
