FREE PLANTERS from Mrs. Jewell Riser's fourth grade at Sanford Grammar School were these four boys, who dug the hole, planted the tree and watered it. From left they are Robert Curiale, Ronnie Nobles, Houston Spray and Ronald Addington. The tree was contributed by the Sanford Garden Club. (Herald Photo)

School Gets Beauty Program

The extensive beautification now going on at the Westside Grammar School was enhanced recently by the planting of a good-sized Norfolk Island pine by the children of Mrs. Jewell Riser's fourth grade.

Prior to the planting ceremony a program of arias, songs and poems about trees was presented by children representing each class at the Grammar School.

A new flag has been planned for the near future. Bright green rye grass brightens the lawn of the old school which is surrounded by giant shady oaks, and further beautification plans are under study by the PTO.

George E. Turner Dies In Orlando

By Helen Snodgrass
The Enterprise Community was saddened last week at the death of Mr. George E. (Uncle George) Turner of Orlando. The Florida Power Corp. Plant at Enterprise was named for Mr. Turner upon his retirement in 1947 after 22 years with the company. An superintendent in charge of construction with Florida Public Service, which later merged with Florida Power Corp., he was in charge when the Enterprise Plant was built in 1926.

Joe Pauline explained the meaning of Arbor Day and the fourth and fifth grade children sang Greg's "The Tree Maker" and Joyce Kilmer's "Trees." A play entitled "Forest Fantasy," in which the values of all the trees were explained was also seen by the children. Comprehensive landscaping which has been undertaken by the PTO of the Sanford Grammar School has been laid out, and many large plants and shrubs have been set in close to the building, with edging of border grass. Border grass has also been planted along the walkways, and a new flag pole has been installed. The presentation of

Communicant Classes Set
By Frances Wester
Communicant Classes for boys and girls will be held at the Community Presbyterian Church in Lake Mary with Rev. John Pilley in charge. Classes will begin on Feb. 17 and run consecutively until Palm Sunday. Each class session will be for one hour, from 5 p. m. until 6 p. m. All boys and girls now in Grades seven, eight, and nine are invited to join these classes preparatory to church membership.

Seminole FFA Take Judging Honors At Ocala

The Seminole High School Chapter of the Future Farmers of America took second place among all the FFA teams in the state in judging of the Southeastern Fat Stock Sale held at Ocala, Saturday, Vocational Agriculture teacher Bill West said today. Members of the judging team were Donnie Sipes, Mike Maples and Al Goodspeed. In seventh place in the judging was the Sanford Junior High FFA team, made up of Earl Bouquard, Jay Richards, and Christ Akers. "We are very proud of these boys," said West. "They were up against some stiff competition and to come off in second place is a very high honor."

HEART FUND CAPTAINS in DeBary met last week at the home of Mrs. Thomas Armao, general chairman, seated center front, to plan their part in the annual drive scheduled to run from Feb. 18 through Feb. 24. Attending were, seated from left, Mrs. A. Blyth, Mrs. Marion Roberts, Mrs. Armao, Mrs. William Cole and Dr. Gerald Grain; standing, Mrs. John Leone, Rev. Hugh Booth, James Rucker, Paul Tetschner, Glenn Smith and Mrs. Joe Bruce. (Cox Photo)

MYF Group Attends Retreat

By Jane Casselberry
A group of 11 young people from the Senior Methodist Youth Fellowship of the Casselberry Community Methodist Church attended the Senior High Retreat held this weekend at the Methodist Youth Camp on Lake Griffin near Leesburg.

Retirement Center Plans Presented

By Mrs. Adam Muller
Plans for the proposed Retirement and Convalescent Home in DeBary were presented by Dr. Brooks Smith and Architect James Chapman of Sanford at last Wednesday's meeting of the West Volusia Civic Round Table held in the Recreation Hall of the DeBary Fire Station.

Robert Besserer, administrator of Seminole Memorial Hospital, the scheduled speaker, was unable to attend. Chapman reported that the overall proposed center would cover an approximate 32,000 square feet with duplex cottages consisting of one bedroom, one bath and a kitchenette. Admission would come upon advice of an individual's private physician and although nursing care would be available, medical care would still remain on a private basis.

There would be a chapel, library, music room and art room. Garden plots and a shuffleboard courts will be included on the grounds. The Nurses' Unit, under daily supervision of a doctor and nurse, would be in the main building which, along with the reception room and main dining room, would surround a meditation garden with foundation and benches. There also would be a recreation area with side enclosures but no roof in order to allow residents to enjoy the sunshine.

This main building, designed with two wings each containing a Day room, would accommodate 76 persons. Additional cottages would be constructed as needed. Chapman advised that a scale model of the entire Center soon will be available for display purposes in DeBary. The business meeting of the group was held following a period of general discussion, questions and answers. Presiding was Mrs. P. Smithdeal, president.

Author-Lecturer To Speak For Two Casselberry Clubs

By Jane Casselberry
James Batal of Coral Gables, author and lecturer, will have two speaking engagements in Casselberry this week.

On Wednesday he will speak at the Women's Club of Coral Gables at 8 p. m., following a short business meeting at 7:30 p. m. on the topic, "The Role of Arab Women in the Modern World."

born in Massachusetts and educated at Amherst College, is eminently qualified to speak on the Near East with his background of 20 years as a writer researcher and as a teacher of Journalism at the American University in Beirut, Lebanon for two years. That University, founded in 1866, is the largest private American University outside the continental United States. In 1946 he was awarded the Nieman Fellowship in Journalism by Harvard University. He is author of the book, "Assignment: Near East," published by Friendship Press in 1950; a co-author of both "Most of the World," published by Columbia University Press in 1949 and of "Your Newspaper" published by Macmillan in 1947.

In the summers of 1955 and 1960 Batal served as executive director of conferences and good-will tours in Lebanon, Syria, Jordan and Egypt for some 800 Americans. He returned to Egypt to do another on-the-spot research mission in the Nile Valley between Aswan and Alexandria. His first direct contact with the Arab world came in 1943-1944 when he was assigned to do a research project for the United States Government's Office of War Information in seven Arab states. Thus his experience in that region encompasses both the years of foreign and monarchial control until today when there are 13 politically independent Arab states with a majority having republic form of government.

On Thursday night Mr. and Mrs. Batal will be guest of the Lions Club of Casselberry at a supper meeting held at 6:30 p. m. at Bill's Diner. His topic will be "The Strategic Importance of the Arab Countries to the Western World."

Batal, an American citizen

FRENCH FRANC
The name of "franc" first was applied to a French gold coin in 1630 by King John II because of its Latin legend: Johannes Dei Gratia Francorum Rex (John, by the grace of God, King of the Franks), according to the Encyclopaedia Britannica.

Chapman advised that a scale model of the entire Center soon will be available for display purposes in DeBary. The business meeting of the group was held following a period of general discussion, questions and answers. Presiding was Mrs. P. Smithdeal, president.

The next meeting was set for Feb. 27 at 7:30 p. m. at the Florida Power Lounge in DeLand.

Girls 4-H Club Elects Officers

Officers of the Sanford Junior 4-H Girls Club were elected for the clothing unit at their meeting last Thursday.

Lyman Boys Form Car Club For Teenagers

By Jane Casselberry
A group of teenage boys who are students at Lyman High School have formed a car club which they call "The Charlieteers". The newly organized group held its second meeting last Tuesday evening at the home of Joe Zukowski, North Triplet Drive, Casselberry, and elected officers. Danny Vinson was elected president and Jim Parsons was named vice president and secretary. The club meets every Tuesday evening, presently at the homes of the various members but they are hoping to find a regular place to meet such as a garage or barn in which they can work on their cars. "The Charlieteers" have as their purposes to promote public safety, to improve their knowledge of automobiles and to discourage drag racing on highways. By-laws will be submitted to the Sheriff's Dept. for approval as well as to other local law enforcement officers. The club also hopes to participate in all worthy community activities.

High school boys interested in cars and willing to live up to the ideals of the club are welcome to join. Anyone wishing to become a member should contact Joe Zukowski. As a fund raising project the club will sponsor a car wash on Saturday, Feb. 16, at Ed's Standard Station in Casselberry next to the Drug Store.

Seventeen members, leader Linda King and Home Demonstration Agent Miss Myrtle Wilson were present at the meeting. The girls finished their food records and discussed selling tickets for the skating party benefiting Sarepta Home.

Girls 4-H Club Elects Officers

Officers of the Sanford Junior 4-H Girls Club were elected for the clothing unit at their meeting last Thursday. Elected president was Carolyn Tamm, vice president is Marsha Parks, secretary, Debra Huskin, delegate, Linda Franci and reporter Margaret Ervin.

The girls finished their food records and discussed selling tickets for the skating party benefiting Sarepta Home.

NAS Pushes For Pipeline

U. S. Navy's desire for installation of the two-mile jet fuel pipeline to the Naval Air Station was outlined to City Commissioners and a group of Sanford businessmen Tuesday afternoon by a representative of the Navy Fuel Supply Office, Washington.

Total savings in fuel transportation by barge from Jacksonville to Lake Monroe and pipeline to the base was estimated at \$62,141 a year, as compared to present tank car and tank truck transportation.

The total figure includes \$32,141 savings in actual transportation plus \$12,600 in storage, \$5,200 in labor at Jacksonville, and \$12,900 in barge cleaning in the Jacksonville-Mayport-Sanford complex.

The Washington representative pointed to these advantages of the barge-pipeline transportation system:

Save \$32,141 in transportation cost; improve quality control; improve NAS operations by providing a third method of receiving fuel; provide storage, permit removal of storage tank cars, reduce congestion and permit reassignment of personnel; permit release of 30 government tank cars for other uses; eliminate added workload at Jacksonville, and permit full-time barge assignment for fuel deliveries.

The Navy's primary jet aircraft fuel, JP-5, is to be issued at all Naval air stations serving carrier type aircraft in order to eliminate retiming of aircraft engine fuel controls when shifting carrier aircraft operations from ship to shore.

Up for election will be the three company appointed posts of Frank Fasula, Clarence Memory and Ruel Strippling.

Dates for qualifying were set from Feb. 18 through Feb. 28. Candidates must file petitions carrying the signatures of at least 10 registered voters with the village clerk.

Voter registration will open Monday and run through March 15. Offices in the Village Hall will be open on weekdays from 8 a. m. until 5 p. m. and on Wednesdays and Fridays from 7 p. m. until 9 p. m.

In other business at Monday night's meeting, Councilman W. W. Anderson, in a statement of resolution denied the press, notified Mayor Fasula, in effect, that he "would continue to contest any move not completely non-discriminatory in its nature."

The council will be expected to act on the three major union-radio networks to be set up on a live basis.

Disceret WASHINGTON (UPI) — The United States maintained a diplomatically discreet "no comment" today on the toppling of Canadian Prime Minister John G. Diefenbaker.

Active Trading NEW YORK (UPI) — Aircraft continued their leadership today as stocks opened mostly higher in moderately active trading.

Wilson, Crapps, Raborn: 'No'

Free City Commissioners opposed to the two-mile jet fuel pipeline to the Naval Air Station were polled by the Herald today after the briefing Tuesday on the Navy's desire for the facility.

Read somewhere (Oh where was it) that Republicans will enter the legislative races . . . Funny, the last time one entered, he left town . . . If someone threw his hat in against Mack Cleveland he might leave the earth . . .

Some Junior high parents beat down a PTA last night . . . Funny thing but, we hear the majority of the teachers were against it. Just for the record . . . you don't need any majority to form a PTA . . .

Get well Sid Richard . . . we miss ya!

It will cost \$385 to replace the radio tower out by Fire Station No. 2 . . . High winds blew it down earlier in the week . . .

If Jake Zorian of Maitland flops with that proposed Boat marina in 180 days L. D. Plant, who can build one as a hobby is ready to go . . . Too bad exclusive rights were given . . . Plant was ready to put down \$150,000 this week and is proceeding with plans if Jake flops.

House and Home Finance officials are processing that Fort terminal application . . . Cost of the complete facility . . . \$200,000 to \$400,000.

Bulletin

A long list of proposed changes in milk marketing regulations prohibiting below cost sales were recommended today by a special committee which said the proposals would "stabilize the market."

Small Boats Imperiled

JACKSONVILLE (UPI) — A raging winter storm pined off the South Atlantic coast today, imperiling small boats, eroding beaches and keeping weathermen guessing what it would do next.

Vote Books Now Open

Voter registration books will be open daily including Saturday from 9 a. m. to 5 p. m. through Monday, Registrar Camilla Bruce reported this morning.

Legislative Qualifications 'Trickle In'

TALLAHASSEE (UPI) — The slow trickle of candidates qualifying for 37 new legislative seats under the controversial reapportionment plan indicated today that some may be holding back for a court determination of its legality.

Burns Offers FEC Mediation

JACKSONVILLE (UPI) — City Mayor Hayden Burns has offered the 15-day-old Florida East Coast Railway strike an emergency and offered his services as a mediator.

Council To Hear Water Reports

Discussion and reports on progress of the new municipally owned water system is expected on tonight's meeting agenda of the Altamonte Springs Town Council.

Cabinet Okays Giant Budget

TALLAHASSEE (UPI) — The Cabinet adopted a proposed \$882 million budget today which would finance limited expansion of state government in the next biennium and pay raises over the period of about 10 per cent.

Rain, Rain Go Away . . .

It takes more than rain and cold to obliterate the allure of a county fair with all its bright lights, sounds, smells and sights, especially for young people and the young in heart.

'UM-M-M Good, Cotton Candy'

A Cocktail Is A Cocktail Is . .

WASHINGTON (UPI) — The Internal Revenue Service (IRS) is being asked to be a little more explicit in describing when the clinking of cocktail glasses is for business and when it is strictly for fun.

The National Restaurant Association claims confusion on this point plunged restaurant sales downward in January, and the situation may get worse.

The source of the association's apprehension is the new expense account regulations that went into effect this year. The real issue may be the survival of what the restaurant group calls the "good-will" business meal.

The association's counsel, Thomas W. Power, said the good-will lunch definitely is deductible as a business expense, if the public only understood the "clarifying" information being put out by IRS.

But he added, "Proper understanding is virtually nonexistent."

This was promptly denied

by IRS Commissioner Mortimer M. Caplin, who said he felt the revenue service had been pretty clear on the issue. Caplin said the business meal is deductible.

Caplin and Power collided on the issue in an exchange of letters. Ironically, the friction seemed to be caused by the word "good will."

Power used them almost every time he referred to the touchy subject. Caplin avoided the term, referring to the issue as "the quiet business meal."

In an interview Power defined the subject of the dispute as "a meal where food and beverages are furnished for the creation of good will alone."

Caplin said the lunch he was referring to was treated in IRS literature as follows: "Business meals furnished to an individual under circumstances which are generally considered to be conducive to a business discussion may be deducted. . . ."

Power claimed that a spot

check by the association in some of the nation's big cities showed that restaurant business dropped in these establishments from 10 to 30 per cent in January.

He said Caplin didn't help the situation any when he told a recent lunch meeting here that "good-will entertaining is out."

"It absolutely is not," Power added. He said that legislative documents on the law show that the business meal exception includes the expenditure which "merely promotes good will."

"A majority of the business entertaining in America is of that nature," he said. "It is designed not to discuss business but merely to promote good will. In many instances, it isn't even desirable to appropriate to discuss business."

A check with the IRS revealed that the agency's lawyers are studying this conflict of interpretations. A spokesman said the IRS would issue another clarifying directive in the near future.

Powell Goes Fishin'; Closed Season Set

WASHINGTON (UPI) — Members of the House Education Committee had their own hooky problem today. Chairman Adam C. Powell apparently had gone fishing and left them locked in the school-room.

The unhappy committee members scheduled a closed session to look for a way out. The discussion seemed likely to be short, sharp and not altogether complimentary to Powell.

The New York Democrat had the distinction Tuesday of being thoroughly tongue-lashed, by name on the Senate floor. The denunciation, delivered by Sen. John J. Williams, R-Del., was unusual because members of Congress are supposed to refrain from using the House or Senate floor for personal attacks on each other.

The latest flap in the controversy - scarred committee started when Powell scheduled two weeks of hearings on President Kennedy's \$5.8 billion school aid bill and announced he would preside over them.

Powell held the gavel for about two hours and 15 minutes Monday. Then he vanished. It was reported he had gone on a two-week trip to Puerto Rico, where he maintains a beachside home. He left Reps. Carl D. Perkins, D-Ky., and Edith Green, D-Or., to conduct the hearings in frigid Washington.

Republican members, headed by Rep. Peter Frelinghuysen, N. Y., were unhappy when Powell set the hearings to run through the week traditionally set aside for GOP Lincoln Day dinner speeches. When Powell's absence became more apparent, they became more unhappy.

In addition, several Democrats were distinctly put out by Powell's decision to consider Kennedy's 24-point school program in bulk before deciding if it should be sliced up into separate bills.

In his Senate speech Tuesday, Williams charged that federal agencies were "scrambling around" trying to do favors for Powell.

Williams criticized the State Department for giving

Powell funds for his widely publicized "European vacation with his lady friends" last summer; the Internal Revenue Service for failing to crack down on Powell for tax delinquency; the Federal Housing Administration for approving \$10.8 million in mortgage insurance for Powell and his associates; and the Health, Education and Welfare Department for awarding a \$250,000 grant for a juvenile delinquency project in Powell's Harlem district.

Gray Ladies Classes Begun By Red Cross

The first class in the new organization of Gray Ladies, who will work at the Sanford Junior High School was completed last Tuesday with the second phase set to begin today at 9:30 a. m. at the Health Center.

This instruction will be under the direction of Mrs. Judy Mathews of Altamonte Springs. This will be an accelerated course with a second two hour session slated for Friday and three next week on Monday, Wednesday and Friday.

The third phase of instruction will be given by Mrs. Evelyn Hayes, public health nurse from the Seminole County Health Dept. Fourth phase will be under the supervision of Hugh Carlton, Sanford Junior High principal.

Ten hours of practice training in school will be the order of the fifth phase of the Gray Lady training and when all courses have been held a capping and pinning ceremony will take place.

Overall chairman of the Gray Lady in School Programs is Mrs. Gordon Frederick.

Firing Squads On Red Upgrade

MOSCOW (UPI) — The crash of firing squad executions is heard with deadly regularity in Russia today.

Even though Marx and Engels, spiritual fathers of communism, strongly opposed capital punishment, the death sentence now may be imposed in the Soviet Union for a number of crimes including aggravated murder and rape.

Execution for these crimes are seldom publicized but with increasing frequency the Soviet press is reporting firing squad executions for bribery, embezzlement and thievery.

These are economic crimes against the state.

Just Tuesday it was reported a district court in Sverdlovsk had sentenced two men to be shot for cheating on the amount of fat in meat pies.

In the past three weeks executions have been reported for men who embezzled or stole the Soviet equivalent of sums ranging from \$100,000 to \$300,000.

A typical case occurred on Jan. 23 when the supreme court of Moldavia imposed the death sentence on the chief of a sewing shop for plundering.

A Western expert who has kept count from the announcements in the Soviet press said 136 persons were sentenced to death in 1962. He estimated the actual total might be 50 per cent higher.

Soviet authorities attempt to justify the current executions this way: These are economic, anti-social acts, crimes which fall outside the fabric of normal criminal activity and which undermine the existence of the state.

Chase Opens New Warehouse

Chase and Company has opened a branch warehouse of the building materials department at 2228 Alden Rd. in Orlando, with ribbon-cutting ceremonies held recently.

T. W. Jones, chairman of the board introduced Mayor Robert Carr of Orlando, who welcomed the new business, and Randall Chase invited all guests to participate in the buffet style refreshments and then inspected the warehouse and materials already in inventory.

J. M. Stinephor, will be manager of the department, with personnel from both Sanford and Orlando.

Boy Admits Sniper Slaying

PONTIAC, Mich. (UPI) — The brilliant son of a Baptist lay minister has confessed to the sniper-slaying of his mother because "she tried to find excuses to keep me home."

The confession of Douglas Cooper Godfrey, 15, ended two terror-filled weeks for the residents of the fashionable Detroit suburb of Bloomfield Township, Mich.

The fatal shooting of Mrs. Mary Godfrey, 38, mother of five, and two previous sniping incidents had left the community in a state of near panic.

The 10th grade student scored 147 on an IQ test while in the fourth grade. At Bloomfield township High School he was regarded as an excellent student.

Young Godfrey admitted he fired the two shots at Bloomfield Township home and one shot at a car to establish the presence of a sniper in the area. He said he missed the car but the other shots shattered windows in the wealthy subdivision.

His admission he plotted his mother's death—while ending the fear-filled nights of Oakland County residents—added another tragedy to the Donald Godfrey family.

"We argued all the time. She was too strict. She never let me do the things I wanted to do," Godfrey told authorities in his confession at the state police post here.

The boy's father pledged to "stand by my son . . . This is one of those things which is hard to explain."

He added, "I always considered him a good boy."

The father, a manufacturer of precision instruments, brought the youth to the state police post at the request of Oakland County Prosecutor George Taylor after evidence began to point to Godfrey's son.

Mrs. Godfrey was killed Jan. 23 by a 22-caliber slug fired through the kitchen window of her home. The slug struck her in the left eye.

The youth was held at the Juvenile Home for investigation of murder. Taylor said he would ask for a sanity hearing and would confer today with Probate Judge Donald E. Adams on the next move in the case.

Bandy Service Set Thursday

Funeral services for Mrs. Edwina Bandy, 70, will be held at 3 p.m. Thursday at the First Christian Church of Sanford with Rev. R. W. Johnson officiating. Burial will be in Lake View Cemetery.

Mrs. Bandy died at her home, 618 W. First St., early Sunday evening following a lingering illness. Born Dec. 31, 1892, in Beville, she had lived in Sanford for the past 50 years where she was a member of the First Christian Church and of the DAR Chapter. She was the widow of A. P. Bandy.

Survivors are two children, Mrs. Carter Wilson of Sanford and Col. E. G. Bandy of Birmingham, Ala.; two grandchildren; a brother, D. C. Griffin of Sanford, and a sister, Mrs. H. C. Waters of Sanford.

Braun Funeral Home is in charge of arrangements.

Gazil Infant

The infant son of Mr. and Mrs. Joseph Gazil died at birth, Jan. 31. Private services were held Monday at Gramkow Funeral Home.

ELKS LODGE MEMBERS are shown here being congratulated by Exalted Ruler Frank Holmes. From left are Sam Mills, George Teagarden, C. B. Reeves Jr., Al Davis and John Uhr, ER Frank Holmes and Past Exalted Ruler Leo Butner. Prior to the induction ceremonies the group enjoyed a steak dinner.

NEW OFFICERS of the Seminole County, Chapter 30 Disabled American Veterans were installed recently with Valton Williams (left) taking over as new commander; G. A. Muffley adjutant; Julian Whigham, service officer and Grady Scott, senior vice commander. (Herald Photo)

21 YEARS SERVICE. Robert A. Jackson Jr. (right), chief aviation ordnanceman, receives congratulations on his recent retirement after 21 years active service in the U. S. Navy from Cdr. Roy E. Farmer, commanding officer of Heavy Attack Squadron Three. Chief Jackson now resides with his wife and three children at 815 Cherokee Circle.

DeGaulle Raps Charge: "Acting Like Hitler"

PARIS (UPI) — President Charles de Gaulle, rejecting charges that he is acting like a Hitler, has accused the United States of trying to use Britain to set up a "free trade" market in Europe for American goods.

De Gaulle levied the charges during a reception Tuesday night for deputies of the national assembly. Once again he linked his veto of British entry into the Common Market with Britain's acceptance of the U. S. Polaris missile.

Referring to the severe criticism of his rejection of British membership in the Common Market at this time, De Gaulle told the deputies: "Mr. (British Prime Minister) Harold Macmillan, whom I like very much, has had me compared by the English press to Hitler."

"He knows me well enough to know there is no question of that. I have been compared to Napoleon . . ."

De Gaulle, who has rejected the Polaris and President Kennedy's plan for a multinational Western nuclear defense, has been reported considering a "grand design" for a French-dominated Europe independent of the United States.

Since France blackballed Britain a week ago, Kennedy has pledged intensified efforts in cooperation with Britain to cut tariffs as a means of boosting world trade.

De Gaulle told the deputies the United States and Britain are trying to dilute the Common Market made up of France, West Germany, Italy, Belgium, The Netherlands and Luxembourg. He claims that the U. S. government, "using the United Kingdom, is trying to set up a huge free trade affair, including Ireland and Iceland, and so forth."

"The Americans can no longer sell anything—or else they are selling for practically nothing—to the Africans, the South Americans, even to the Arabs," De Gaulle said. "So they are forced to try to sell to Europe, which is in a position to pay."

Other speakers followed the pattern. At issue was whether France could stand against its five Common Market partners—West Germany, Italy, Belgium, The Netherlands and Luxembourg—in barring British membership and then become leader of a new Europe.

Informed sources said delegates were considering asking the nine-member Market commission to report on just what progress was made on Britain's application before the French cast their veto last week.

The report would be expected to be ready in about three weeks. Then the assembly would call a special session for a full debate.

THE PROPER WAY to measure flour was illustrated by Longwood 4-H Girls Patty Ellis and Karen Pettis, left to right, at a recent meeting of the club held at the home of Mrs. Don George, co-leader. Girls are presenting local demonstration in preparation for County Demonstration Day to be held in April. (Herald Photo)

Scout Campout Set For Ft. Mellon Park

Twelve troops of Boy Scouts of the Sanford and Lake Mary area will set up a huge camp in Fort Mellon Park on the lakefront this weekend, to acquaint the people of Sanford and the surrounding area with the scouting program.

B. F. Ganas, chairman of camping and activities said he expects the boys to begin setting up individual troop campsites after school Friday. The boys and their leaders will remain in the camp until church time Sunday, and will not be allowed to leave the camp area for any reason, except emergencies.

Friday evening a campfire is planned to acquaint the boys and leaders with the program for the weekend. Saturday, campcraft activities and inter-troop games will take place all day with parents and the general public invited to attend and watch. The highlight of the day will be a giant campfire with special program of scouting to begin at 7 p.m.

The troops will camp in the park area from Friday night to Sunday morning, when they will all attend churches of the area, in full uniform. Scouts will be permitted to wear jeans and tee shirts for the campout, in order to preserve dress uniforms for church services, Ganas said.

At noon Sunday the troops will begin breaking camp and cleaning up the area. "Chief Tomhawk," J. J. Hay extended a special invitation to interested persons in the area to attend the camp at any time to observe scouts in action, and gave particular emphasis to the special program planned for the Saturday night campfire.

A skating benefit party will be held Thursday from 7:30 to 10:30 p. m. at the Skate City Roller Rink, just off Hwy. 17-92 on the Dog Track Rd., for the benefit of the Sarepta Rest Home. "After reading much about the plight of the Sarepta Rest Home in Sanford, we here at Skate City wanted to help in some way. This benefit skating party is our contribution to the cause, with all proceeds from both admission tickets and skates going to the Sarepta Home for the aged here in Seminole County," said John Mikler, manager of the rink.

Tickets are available from 4-11 Club members and also from members of the Skate City Rollers Dance and Figure Club. Mikler announced that a door prize of \$10 in cash, also awaits the holder of the lucky ticket.

Dr. J. Frank Dame, president of Jones Business College in Jacksonville and former head of the Business Administration School will lecture at the Seminole Business School, Thursday at 11 a. m. on "The History of Shortland."

Dr. Dame is well known as the author of several books and numerous articles. The public is invited to attend and hear the lecture. Mrs. Penrose Love, school principal said.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I am a 56-year-old widow who was left well-off financially I wrote and asked you if I should marry a charming, fine-looking gentleman who claimed he loved me. I explained that although he had no money, I wanted to marry him. But if I were to die first, I wanted my children to inherit my money, not him or his children. You told me to have my lawyer draw up a prenuptial agreement (stating the terms) and to have my fiancé sign it. He is now arguing that if he were to give me the best years of his life and I died first, he should be entitled to something. He says if HE had the money, he wouldn't leave ME penniless. In other words, "what's good for the goose is good for the gander." What do you say?

DEAR WONDERING: I say he might be a goose, but YOU don't have to be. Tell him to take a gander around at other widows and if he sees a better deal to grab it. And if he heads for the door, open it for him.

DEAR ABBY: I have a husband who said, "Honey, you work 7 days a week, so from now on I am going to give you one day a week off." That day he lets me sleep late and he takes care of our two children. He brings me breakfast in bed. The coffee is weak and the toast is cold, but it is the most delicious meal of the week. Why don't more husbands act like that?

DEAR ABBY: I have a husband who said, "Honey, you work 7 days a week, so from now on I am going to give you one day a week off." That day he lets me sleep late and he takes care of our two children. He brings me breakfast in bed. The coffee is weak and the toast is cold, but it is the most delicious meal of the week. Why don't more husbands act like that?

DEAR ABBY: My husband has been showing up late from work half drunk every night. Do you know why? ELLEN

DEAR ELLEN: He probably ran out of money.

DEAR ABBY: How do you tell an 8-year-old blabbermouth that he is going to have a little brother (or sister)? He just loves babies and has told me several times he wished I would "get him" one. I want to tell him because I know it would make him happy, but, knowing him, he will tell everybody about it. I don't want him telling some of our elderly neighbors who think it isn't right for little children to know these things. Also, I know he will start asking a lot of questions. Most of all I am afraid he might not say it right. You know how children can say things. Please help me. I'm six months now. WANTS TO TELL.

DEAR WANTS: Tell him! And don't worry about what the neighbors (young or elderly) will say. If he starts asking "a lot of questions," give him a lot of answers. The right ones.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3305, Beverly Hills, Calif.

Hate to write letters? Send one dollar to ABBY, Box 3965, Beverly Hills, Calif., for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

HAPPY WIFE DEAR HAPPY: They probably will after I print this.

Jacoby On Bridge By Oswald Jacoby

Boris Koytchou of the New York Card School faculty says South has a very sound opening bid and that his partner's jump raise improves his hand in general, when you have unbalanced distribution a raise increases the distributional value of your hand. A great expert playing with a favorite partner might continue with a series of scientific bids to feel out the possibilities of a grand slam, but the Card School feels that going right to six spades is just about as good and may well be better. Should West elect to open...

Table with columns for NORTH, WEST, EAST, SOUTH (D), and Both vulnerable. Contains bidding notations like 1♠, 2♠, 3♠, 4♠, 5♠, 6♠, 7♠.

his ace of clubs against the spade slam South would have no problem, but West will almost surely select the queen of hearts as his opening lead. South will win the trick and draw trumps with two leads. Then he will note that there are potential losers in both red suits. If he is alert he will see that the best way to get rid of those losers will be on dummy's clubs. He will have to lose a trick to the ace, but he can afford one losing trick and will lead the king of clubs from dummy. East will play low, South will discard a red card and West will take his ace. Later, South will discard two more red cards on the remaining club and make his slam.

We The Women: By Ruth Millett

According to the findings of a recent psychological study, women are socially more timid than men. If that seems surprising in view of the fact that women engineer most social events and certainly go to more parties than men do, just ask yourself— Who is it who phones around before a party to find out what others are planning to wear? It's the woman, of course. Who is it whose first thought after receiving an invitation to a party is, "What will I wear?" Certainly not the man. Who is it who always contrives NOT to be among the first arrivals at a big party, because it is a bit harder to break the ice and make conversation before a party gets into full swing? It's the woman, of course. Who is it who is flustered when drop-in guests find the house not quite up to company standards? Who keeps apologizing for what is only a normal amount of family clutter? The woman of the house, of course. Who considers that an invitation leading to a dull evening can't be refused and that it must be returned? Not the man of the house, that's a cinch. And who is it who really relaxes and enjoys a good party and has to be dragged away at the proper time? It's the man of the family, of course, who doesn't care how late it is getting as long as he is having fun. It's his wife who keeps saying, "We really SHOULD be going."

Highlights TV Time Previews

7:30-9 p.m. NBC. Hellmark Hall of Fame. "Pysmalion," starring Julie Harris, with James Donald, Gladys Cooper, John Williams and George Rose. (Color) One of the most important events of this TV season and most worthy of attention. The play is naturally the thing, but the genius of Julie Harris is its most rewarding quality. As the Cockney Eliza Doolittle, changed from a coarse street vendor to a sophisticated socialite by the arrogant professor Henry Higgins, Miss Harris displays all the essentials of each transitory state with an almost flawless believability, broken only by the technical tricks of the trade which enhance rather than hurt the production. The play is a first-rate choice for TV since its settings are easily adapted to the medium, helping the presentation rather than hindering it as many classics do. 8:30-9 p.m. CBS. Dobbie Gullis. "Two for the Whipsaw," Dobbie's friendly foe, Chataworth Osborne Jr. gets his share of tonight's script and is his usual very funny self. Connected into a date with a very unattractive childhood friend, he hires Dobbie to impersonate him. As fate would have it, the ugly duckling has turned into a ravishing beauty. Dwight...

GRAND CHAMPION Black Angus Steer, weighing in at 1,028 pounds was purchased by Joe Gazil for the Thriftway markets at the Southeastern Fat Stock Show at Ocala this week for \$627. The prize-winning steer belonged to Jimmy Gillentine of McMinnville, Tenn. Several other blue-ribbon cattle were purchased by Gazil for sale here as prime beef, this week and next week at the Thriftway store. From left to right in the photo are Carl Alford, meat supervisor for Thriftway, Carl Joiner and the owner Jimmy Gillentine.

Status Quo On TV Documentary Losing Ground

By Rick Du Brow HOLLYWOOD (UPI) — In the current television season, the three major networks failed to add a single new informational-current event-documentary type show to their prime nighttime schedules on a regular weekly basis. This left four such programs: CBS-TV's "Eyewitness," NBC-TV's "Chet Huntley Reporting" and "David Brinkley's Journal," and ABC-TV's Howard K. Smith commentary, "CBS Reports" is not on every week. Next season, there will be some changes made; and unless there are some announcements pretty quickly, this already thin diet of weekly current events shows in main viewing time will virtually disappear. "Eyewitness" is out, mainly because CBS-TV is expanding its daily evening news report with Walter Cronkite from 15 to 30 minutes. The Huntley and Brinkley prime time outings apparently will be reduced to a one-hour monthly effort for each on a regular schedule, because these gentlemen also are reported planning to lengthen their daily evening news report from 15 to 30 minutes. And there is talk that Smith's Sunday night program may be axed. Thus far, the tentative fall schedules do promise some new shows of an informational nature—such as CBS' hour-long series of dramas of American history and ABC's "The Roosevelt Years," about Franklin D. Roosevelt; but they are not in the current events category. The expansion of the key daily news reports certainly is a fine thing; and, say, in the case of Huntley and Brinkley, will give them cumulatively more scheduled time on the air in their over-all evening efforts. In addition, the many scattered and first-rate documentaries will continue to fill numerous prime-time hours. And of course there is the frequent need to finance expansion by trimming sails elsewhere. It is, however, highly discouraging that the trimming must be done—if the schedule continues to shape up as it is now—at the expense of other informative programming, which actually airs at more audience-potential hours. Daily news reports, even expanded, are still pretty much brief outlines of top stories. The half-hour and hour focusings on the single subjects are the real in-depth reports. It is also distressing to see any slicing away at the only art form television can really call its own: the documentary—especially in its most exciting form, timely, before the greatest possible audience. Assuming such programs will generally be beaten anyway in the ratings—and that the networks air them because they have no responsible right not to—it is therefore the show, the subject, that is the thing, not the personality that goes with it. With due respect, for instance, to Messrs. Huntley and Brinkley, the NBC news staff is loaded with excellent fellows capable of carrying on admirably; their immediate drawing power, as compared with Huntley and Brinkley, may not be there, but the responsibility of the network is. And for CBS and ABC too.

SEN. JOHNSON

State Senator Beth Johnson Speaks To DKG

Mrs. Beth Johnson, State Senator from Orange County and an honorary member of Delta Kappa Gamma, teachers sorority told area teachers at their meeting Saturday that "the major problem facing education is money."

Senator Johnson explained that \$18 million more will be required for the Minimum Foundation program and \$40 more for classrooms in the next biennium.

The great need for help for exceptional children and for increased vocational training are also serious problems facing the state, with more money needed for education, water conservation and conservation of other natural resources.

Senator Johnson said she would welcome any suggestion for the financing of these programs which are causing so much concern throughout the state.

Mrs. Johnson spoke at a luncheon meeting of the Beta Chapter of Delta Kappa Gamma, held at the Mayfair Inn, Saturday, Mrs. H. E. Wiggins of Sanford was in charge of arrangements and group singing was led by Mrs. H. T. Milwee.

Special guests of the sorority were Mrs. Marguerite Graves of Columbia, S. C. and Miss Margaret Johnson of Orlando.

Fronton Charity Nets \$250 For Eye Bank Fund

A check for \$250 was presented to officials of SIEBA the local Eye Bank at a luncheon meeting of the association at the Capri Restaurant Monday, by Milton Freeman of the Casselberry Lions Club.

The check represented proceeds from the recent Charity night at the Seminole-Orlando Fronton, with all funds from reserved seats going toward support of the eye bank.

Rep. Mack Cleveland was also present at the meeting to discuss the matter of incorporating the association, and the first revision reading of the by-laws was presented by Mrs. C. E. Butler.

A special meeting has been called for Feb. 18 for the second presentation of the by-laws. The meet will be held at the Capri at noon, Mrs. P. E. Woodruff reported.

Liz, Burton Dynamite On Screen Too

LONDON (UPI) — Richard Burton grasped Elizabeth Taylor roughly in his arms and shouted, "You will never have his babies because I will never give you up!"

Then he flung her against a mirror in their bedroom with such force that the glass shattered, cutting her wrist.

At that point the lights went up in the preview theatre at the Metro-Goldwyn-Mayer studios and somebody said: "Wow—those two together are dynamite on the screen!"

Ex-Champ
EL CENTRO, Calif. (UPI) — Former world bantam-weight champion Manuel Ortiz will have to remain in the hospital a while longer although he reported today that he was feeling fine and "ready to go home."

Heidelberg, a medieval city tucked in the Odenwald hills beside the Neckar River, boasts Germany's oldest university, founded in 1386.

Hang It From The Rafters

The Federal Court in Miami should rule Thursday on the reapportionment plan a divided Legislature turned out last week—and the ruling should be: "There has been enough fraud in the past and this is just more of the same. Now we shall reapportion this Legislature."

There is no such thing as something being only partly invidious. Florida's current reapportionment in the Senate—where the major power lies in the Pork Chop Gang—has been branded as "invidiously discriminatory" by the court because under it less than 13 percent of the people can elect a majority.

Under the new plan, about 14 percent would elect a majority.

That is no gain.

The plan managed to gain just the three fourths majority required for passage of the plan last Friday, and the decisive vote for it was cast by a rural, Pork Chop member, Sen. L. K. Edwards of Irvine.

The action smells of some high wheeling and dealing the people of Florida should not countenance.

Finally, the Senate sent representatives to a conference with House members and agreed that some day in the future it would allow the people to express their desires on reapportionment.

But what good is this bit of concision?

The 43 Senate-112 House plan still is fixed by statute. If the people reject it next year, it still would have the statute to uphold it. There is absolutely no guarantee that the Legislature would bow to the people's will — and it's our bet the people would turn it down as they have turned down two other farces.

In addition to these pieces of fraud, there is the grandfather clause in the act. It will permit those who would be eliminated by the plan to serve in the session starting in April, thus turning the affairs of state over to 45 Senators and 125 Legislators, instead of the present 38 Senators and 95 Legislators.

How ridiculous can men get!

For one thing, where are the boys planning on putting these gentlemen come April 27? There are 38 offices and 38 desks in the Senate layout; there are 95 of the same in the House. Do they plan to hang the new ones from the rafters?

Something should be hung there, we admit. What it is though has nothing to do with people. It is the new farce the boys of the gang are trying to foist on the state, and it too has nothing to do with people.

We hope the court acts now and prevents this farce from going any farther.

Dr. Crane's

Worry Clinic

CASE O-451: Tom Z., aged 19, is an adopted child.

"But that isn't our real problem," his worried dad informed me.

"Recently I discovered that Tom is a homosexual. He seems to want to be a female.

"So he has women's lingerie in his dresser drawers and even some false hair so he can dress up as a girl.

"Tom now realizes we know his secret, so he argues and tells lies about his whereabouts.

"He has flunked out of college twice. Dr. Crane, could this condition be cured?"

"Is there and medicine that would work, short of castration?"

"And is homosexuality an inherited condition? What can we do to change Tom into a normal type of male?"

"When one sex enjoys dressing up in the clothing of the other, we describe this as transvestism.

"It is more noticeable when the male adopts girlish clothing, as well as rouge and lipstick.

"For women nowadays have made it a habit to imitate the attire of the male sex.

"First of all, homosexuality and transvestism are NOT inherited conditions.

"At birth, everyone is born with certain potential hungers, as for love and religion and footfalls.

"But you do NOT inherit a desire for any specific food! Thus, you may be born with a generalized desire for carbohydrates, but whether you shall dine on corn flakes, shredded wheat or any one of a dozen other varieties of carbohydrates, will depend on habits learned AFTER birth.

"So, too, you are born with a capacity for love, but whether you will love your own sex or the opposite sex, depends on habits.

"And habits are based on the factors in your environment that have worked on you AFTER birth.

"Tom's adoption is not significant, either, for homosexuals develop in flesh-and-blood offspring, too.

"Sometimes transvestism, as well as homosexuality, will indicate a basic desire to identify one's self with the opposite sex.

"A boy may thus try to imitate his mother so he can obtain a greater fusion with her personality.

"Girls may likewise ape their daddy and try to become mannish, especially if they have heard that their father was disappointed in not obtaining a son.

"So the daughter may try to masculinize herself by her speech, plus the use of cigarette, liquor and even male sports like fishing, hunting and baseball, all in an effort to win the affection of her adored dad.

"Drugs and medicines have little curative effect on a homosexual. Even such an extreme method as castration may wield little influence, too, for homosexuality is largely a mental habit.

"Cutting off the hands of a pianist will not change the later's interest in piano music! Homosexuals must WANT to change, for outsiders can't do the job!

"So send for my booklet "Sex Problems of Young People," enclosing a stamped, return envelope, plus 20 cents.

"(Always write to Dr. Crane in care of this newspaper, enclosing a long 5 cent stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

NOT THE MAN HE USED TO BE, BUT—!

Peter Edson

Political Notebook

WASHINGTON—(NEA)—Republicans on both sides of the Capitol, clamoring for an investigation of the disastrous Bay of Pigs invasion of Cuba two years ago, might well take a leaf from the book of their late Secretary of State John Foster Dulles.

He had a rule on operations policy which went something like this, though it was never recorded on tape or put down on paper in quotation marks: Don't bother about the details of what went wrong yesterday. If mistakes were made, learn what you can from them for future guidance. But yesterday's mistakes are part of the situation as it exists today. That's what we have to concentrate on, to decide what we're going to do about it tomorrow. Don't spend too much time looking backward or re-fighting yesterday's battles. Keep your eyes on what's ahead.

The common sense of this approach might have some moral value in it for the Democrats, too. What stirred up this furor as much as anything else was Atty. Gen. Robert E. Kennedy's interview denying there had been any promise of U. S. air support for the Cuban invasion fiasco.

President Kennedy now confirms no U. S. air cover was planned. If there had been U. S. air cover, says the President, it might as well have been an American invasion.

Sen. Wayne Morse's Foreign Relations Subcommittee on Latin American Investigated all this soon after it happened. He has been offering his colleagues a look at his closed hearings record of two years ago, but he has had few takers.

But even if the attorney general had not reopened this old sore, the Cuban controversy might have been revived by New York GOP Sen. Kenneth B. Keating. He insists that Russia is continuing its military build-up on the island, though the missiles and jet aircraft have been removed.

The President in his last press conference tried to give reassurance that this situation was under constant surveillance. He says that only one Soviet supply ship has arrived in Cuba since the withdrawal of offensive weapons. It may have brought arms. The President also admits that there are still 16,000 to 17,000 Russians in Cuba.

This is of course a legitimate subject for investigation. It is focused on what might happen next, not on past mistakes.

Senator Morse again moved quickly into this situation, calling the Secretary of State Dean Rusk and CIA officials to testify in closed hearings. This may head off further

washing of dirty American linen in public, but probably not.

To see the Senate or House or both of them in a joint committee investigation of what went on two years ago might be just another exercise in futility.

It recalls the Pearl Harbor investigation of 1947 which ran for seven months, and the Senate investigation of Gen. Douglas MacArthur's dismissal by President Truman, which ran for four months in 1951. The latter ended with only a minority report signed by eight Republicans, the majority voting not to issue any formal findings.

There was political motivation in these investigations, just as there is in today's pressure for dredging the mind from the Bay of Pigs once more. It is hard to see how this will contribute anything to getting Castro and communism out of Cuba, which is the major objective ahead.

Political observers also wonder what the Republicans can gain from it. The probe would be all over and forgotten long before the 1964 elections. It is also recalled that former Sen. Homer Capehart, R-Ind., tried to make Cuba the big issue in his campaign for re-election. He was defeated.

Quotes

An ability to control the world's weather would introduce greater changes in warfare than those which occurred in 1945 with the explosion of the first nuclear weapon.

—Vice Adm. William F. Raborn.

This cost of \$53 million (for Cuba invasion prisoners) . . . is our punishment for delay. The price would have been only \$20 million had we given in to Castro's original demand for \$25 million in tractors.

—Enrique Llanca, director of Cuban Families Committee.

The newspapers of this country clobered the administration about the Bay of Pigs and properly so.

—Assistant Defense Secretary Arthur Sylvester during news "management" hassle with the press.

Medical Deductions

(This is the last of eight articles in the Newspaper Enterprise Assn. Income Tax Primer.)

By Richard A. Mullens and Charles W. Schoeneman

The Treasury recently has permitted a deduction for a wig as a medical expense in certain circumstances. Application of the rule is narrow, of course, but some court decisions and Internal Revenue Service rulings during the past year have been important to those incurring medical expenses during 1962. (Recall: medical expenses are itemized deductions not available if you claim the standard deduction.)

The Supreme Court decided last year that a heart patient who went south on a doctor's advice could not deduct cost of food and lodging for him and his family while there. This constituted a reversal of a lower court decision. Meals and lodging are therefore not deductible except where a person has been institutionalized for the principal reason of medical care (and such care is continual). The entire cost of medical care and meals and lodging for that person while at the institution is deductible.

Courts during the past year have held that the cost of additions to a residence made on a doctor's advice, such as a central air conditioning unit for a sufferer from cystic fibrosis and an outdoor elevator for a heart patient, are deductible—but only to the extent that the expenditures did not result in an increase in value of the taxpayer's property. IRS has recently recognized this rule even though the improvement in the property would not ordinarily be for medical care (i.e., an elevator).

Keynes sold Franklin D. Roosevelt on the "spend yourself out of trouble" fiscal policy that did not work, least of all remedy unemployment or anything else. It did obtain an uninterrupted series of Treasury deficits during every year FDR was president. Kennedy administration policies are similar and the results promise to parallel FDR's.

Heller is a crack economist, no doubt. But Heller is not much good at understanding the motives of men, especially of taxpayers who resist the Heller-devised tax cut.

These resisting taxpayers are not puritanical. They are no more morally rigorous than their fellow citizens who are whooping it up for the administration's tax plan.

Thus, the entire tuition, meals and lodging at a special school for the mentally handicapped child are medical care expenses. The criterion: principal reason for the child's presence must be alleviation of the mental handicap through resources of the institution.

You perhaps know that Social Security payments are not taxed, but perhaps you are not familiar with credit for other retirement income. There have been no great changes in the law, but the credit has been increased. (Even though you yourself are neither 65 nor re-

quired, your parents may have the credit available.) You do NOT have to itemize deductions to take this credit. It was put in the law to give those who have taxable retirement income a tax exemption of approximately the same amount as that received by Social Security benefits.

READER'S NOTE: There has been an increase in the retirement income credit since last year. If you are eligible for this retirement income credit, check for details with your local IRS office.

Lyle C. Wilson Says:

To Many Puritans

WASHINGTON (UPI)—Puritanical is the word chosen by President Kennedy's chief economist adviser to describe those numerous taxpayers who are resisting the administration's effort to give them a tax reduction.

The dictionary defines puritanical as morally rigorous; strict; as, for example, puritanical women, laws, behavior and self denial. The resisting taxpayers, therefore, have no need to be ashamed of themselves if they are, indeed, puritanical.

Walter W. Heller is the head man of the President's economic council.

Politically, Heller is a spender. He is a disciple of the late Maynard Keynes. Keynes was an Englishman who damaged the United States in this century more than George III or the hated Lord North ever injured the colonies in the 18th.

Roosevelt on the "spend yourself out of trouble" fiscal policy that did not work, least of all remedy unemployment or anything else. It did obtain an uninterrupted series of Treasury deficits during every year FDR was president. Kennedy administration policies are similar and the results promise to parallel FDR's.

Heller is a crack economist, no doubt. But Heller is not much good at understanding the motives of men, especially of taxpayers who resist the Heller-devised tax cut.

These resisting taxpayers are not puritanical. They are no more morally rigorous than their fellow citizens who are whooping it up for the administration's tax plan.

Smarter, perhaps, but no more moral.

What economist Heller seems not to understand is that the taxpayers are resisting a tax cut because they are afraid they can't afford it. They are fearful, also, that the Treasury cannot afford it either. It has nothing to do with morals unless it be with the out-moraled morals preached by Franklin in Poor Richard's Almanac or by McGuffey in his old reader.

During the past 22 years, the U. S. dollar has travelled the path of the pitiful French franc. In four decades—40 years—the franc lost 99 percent of its purchasing power. The years were 1915-55.

In 22 years, 1940-62, the U. S. dollar has lost 53 percent of its purchasing power. A bit more, in fact. The U. S. Bureau of Labor Statistics

calculated for November 1962 that the dollar was worth just \$0.450.

Economist Heller is assuring Congress that a few more deficits won't do us any harm. The taxpayers have heard that one before, often. They are more skeptical than puritanical. And they are more fearful than skeptical. They believe they just can't afford a tax cut right now.

Barbs

A wife usually notices her husband's backache before the leaves need raking rather than after the job is done.

It's a good thing Uncle Sam doesn't tax some people on what they try to make their friends think they earn.

Hamilton House RESTAURANT HIGHWAYS 17-92 N. FERN PARK, FLORIDA

Sarepta Home Contributions Over \$1,000

Mrs. Taamar Braden, Sarepta Home Administrator reported today that contributions have reached over \$1,000 to the Sarepta Home Benefit Fund, with the addition of the following donations:

W. Pierson, \$5; Anonymous, \$10; N. H. Brewer, \$25; Dorcas Circle, Chuluota Community Church, \$5; Mrs. W. A. Perry, \$7; CWA Local 2108, \$10; Mrs. Henry Witte, \$5; Miss Florence Witt, \$5; IOOF, Sanford Lodge, \$27; Fla. Nurses Assn, \$10; Christian Youth Ministry of the Congregational Church, \$25; Sanford Police Benevolent Assn., \$33.

Mrs. Braden said the concrete wheelchair ramp was put in Saturday by workmen from the Shoemaker Construction Co. and work progresses on Saturdays when the weather is good.

The Christian Youth Ministry group has made plans to come out and clean up the grounds after the workmen have finished with repairs to the home.

Hill, Sandra Lee Thomas, Barbara Boeskol, Kathryn Johnston, George Clawson, Jacquelyn Chevalier, Katie Robinson of Sanford.

Accountant Goes Berserk

CHEYENNE, Wyo. (UPI) — A 21-year-old accountant who went berserk while making out his income tax return was captured today by police in a four-hour duel with gunshot and tear gas.

The power company accountant, Dennis Clinton Rice, wounded three police officers before a courageous patrolman, Mike Coolihan, climbed to Rice's rooftop hideout and persuaded him to surrender. None was injured seriously.

"SERVING ALTAMONTE SPRINGS, CASSELBERRY, FERN PARK, LONGWOOD, MAITLAND, NORTH ORLANDO AND SANFORD" from HIGHWAY 17-92 and STATE

By LARRY VERSHEL
The Pipeline Co. hassle should come to a favorable end now... The latest is that the company will offer the city \$100 per MONTH instead of \$100 annually... That ought to make the city happy.

MEMO TO DR. FRANK LEON E.—(County Health Director)... Have you checked whether those fair workers have health cards? I thought it was a state law.

Reports are that Gov. Farris Bryant will be invited here for the Semi-Centennial in April.

They're building a "closed-in" office for Howard Hodges over by the Sanford Atlantic Bank.

Yesterday's test of the U3 siren proves one is just not adequate... We need more to cover the city... Lady told us that when she heard the noise she thought it was a screeching of car brakes.

Did you know that Volusia County has set up a license tag office in DeBarry... Why not one here in the Bear Lake, Forest City, Altamonte area? I'm so tired of seeing those "7" license tags in the south on the way home every night.

The data being supplied by the Navy explaining its great need for the pipeline (you know, THAT pipeline) gives plenty of REASONS, not EXCUSES, for the three Musketeers who shot it down because all the facts had not been presented to them, to give it a rousing vote of approval... GOOD for the Navy, FINE for Sanford, GREAT for the U. S. Taxpayer... But then, nobody, but NOBODY, seems to be paying any attention to that last one... However, the other two beneficiaries of the progressive plan are sufficient reasons to give it full endorsement—with a hip, hip, hooray!!!

That Chase and Co. story about their new building materials setup in Orlando might have fooled you... Martin Stinecoper is the manager of the building materials department for the huge Sanford-based firm—and is still stationed right here... The manager of the Orlando office is Cliff Ingram, former veteran and popular salesman... Now we're getting somewhere—when a SANFORD firm branches into the territory to the south!!!

Oops, school board meets next Thursday and not today... Wake up, luddy!

Why doesn't the city do something about that hole-filled entrance onto W. 12th St. off of Florida Ave? ...

North Orlando Councilman Clarence Memory Tuesday night volunteered to grade Edgemon Ave and keep it in passable condition if the village would pay for gas to operate the equipment. The alert council immediately accepted the offer and work will begin this Saturday.

Already his friends are calling him "Senator" Cleveland... and the election, if held, isn't until March 20. Good luck, Mack.

Although no official appointment has been announced, Mrs. Dorothy Bateman probably is going to be the new assistant clerk in Altamonte Springs.

Bids on DeBarry Nursing home about to be opened this week... Don't be surprised if W. J. Miller of DeBarry gets the job anyway... We hear the boys starting the home are dealing with DeLand banks. How come?

Frank Voltoline tells us the Jaycees are planning their fertilizer sale soon.

Ervin Urges Plan

Decision Nears On Apportionment

MIAMI (UPI) — Three federal judges heard two hours of arguments for and against a proposed new reapportionment of the Florida legislature today, then took the matter under advisement. They promised to try to reach a decision by the end of the day.

"The court realizes the importance of a prompt decision," said presiding judge Warren L. Jones at the end of the arguments. "It will, if it can, try to reach some decision before the close of the day."

He said there would not be a decision before 2 p.m.

Atty. Gen. Richard Ervin asked the court at the start of the hearing to approve the plan. But Miami attorneys Peter Sobel and Richard H. Max Swann argued against the proposed new 43-senator, 112-representative legislature.

Sobel asked the court to temporarily reapportion both houses by judicial decree to "protect the rights" of citizens, but to permit the next legislature to permanently reapportion itself. He said the court should retain jurisdiction in the case, however, to insure that this is done.

Sobel presented the court with a proposed temporary plan calling for 135 senators and 62 house members, a plan

Legislators Differ On Court Action

Seminole County's legislative delegation differed slightly today in their opinions of what will be the federal court's decision on the Legislature reapportionment plan following hearing today at Miami.

"It's anybody's guess what a court will rule," Rep. Joe Davis said.

"However, I feel," he added, "that the federal court will approve the House part of the plan with 112 Representatives but I am doubtful it will approve the Senate part with 43 Senators."

On the other hand, Rep. Mack Cleveland Jr. said he believes the court will approve the entire plan.

He based his belief on a previous court order, adding that this is an improved plan voted on by the people last November. He said the court then indicated it does not want to have to interfere but rather would desire that the Legislature iron out the matter.

British Market Entry Not Dead

BONN (UPI) — Chancellor Konrad Adenauer said today that French President Charles De Gaulle has promised to renew discussion of Britain's entry into the European Common Market as soon as the Franco-German treaty is ratified.

The West German leader told Parliament that he is "for British entry into the Common Market above all else."

Then he said De Gaulle has promised to discuss the matter with him once the Paris-Bonn friendship pact is out of the way.

Adenauer's government Wednesday night sent the treaty to both houses of Parliament and asked for speedy ratification.

Navy Officer Charge Dropped

JACKSONVILLE (UPI) — A complaint charging Lt. Col. Joseph H. Stoupe of Cecil Field NAS here with theft of government property, was dismissed Wednesday after a legal hassle over inspection of FBI notes by the defense.

George H. Murphy, an FBI agent, used notes in testifying at a preliminary hearing that Stoupe placed on a private farm several hundred feet of galvanized and plastic pipe which were the property of the Navy.

Band March

The Seminole High School Band will march all the way from the high school to downtown Sanford today, a distance of three and a half miles, Bandmaster Ernie Cowley has announced.

"This long march is in preparation for the four and a half mile parade route march which the students will undergo at the Florida State Fair Monday, when they march in the Gasparilla Pirates Invasion Parade," Cowley said.

Good News For Kids

Seminole County school children will get an extra day at the Seminole County Fair this year, because of the bad weather which occurred on the two days originally designated as Kids Days, Fair Association President John McCleary announced today.

Friday, school children will

'Extra' Fair Day

be admitted free from 3 to 6 p. m. with all rides half price on the midway, McCleary said.

"The bad weather was out of our control," he said. "But we do want to give the kids a fair sunny day to enjoy the rides and shows at the Fair, so would like to take

this means of providing fun and entertainment, at reduced prices."

Raymond Fox of Lake Mary won the bicycle Wednesday, with Barbara Gracey of Oviedo holding the lucky ticket for the transistor radio. Anice Benton of Sanford won the spinning reel and rod and Allen Lewson the basketball.

The Sanford Herald

WEATHER: Fair through Friday. High today, 75-80. Low tonight, 40-45.

BATTERED BY SEA—One of the roads leading to Daytona Beach, Fla., is a mass of rubble after being smashed by waves from a vicious coastal storm.

County Road Freeze Damage Inspection Set Next Week

On-the-spot inspection for freeze damage of county roads to determine priorities for repair will be made by county officials next week.

County commissioners will accompany County Engineer William Bush and Road Supt. J. C. Lavender on the tour.

Gen. J. C. Hutchinson, commission chairman, said this morning numerous calls are being received relative to damage by the December freeze.

Bush reported the damage is so extensive that repairs "will be more than the county can afford," thus the necessity of priorities. Lavender previously had estimated the damage at \$30,000.

Meantime, the county officials were preparing to make a study of needed primary and secondary road projects for presentation to State Road Department officials at a hearing March 7 at DeLand.

General Hutchinson stated he had received Wednesday from the State Road Department a summary of state funds allocated for Seminole County primary and secondary roads.

The report, he said, indicated \$197,000 available for the fiscal year ending June 30, and an estimated

County Gasoline, Sales Taxes Up

Seminole County paid \$178,392 in sales and gasoline taxes during January, according to a report today by Ray E. Green, state comptroller.

The state collected \$78,620 in sales taxes in Seminole County last month, as compared to \$72,884 in January, 1962, and \$67,926 in December, 1962.

Gasoline taxes collected for January totaled \$99,722, as compared to \$91,815 in January, 1962, and \$92,780 in December, 1962.

Green said Seminole County will receive \$33,094 in distribution of gasoline gallonage tax for January by Arthur H. Beckwith Jr., Clerk of courts, said he received a check today for \$5,018 for the January distribution. He explained this must be a partial distribution.

Green also said \$3,201 will be allocated to the county road fund from the gasoline tax.

Giblin Throws Hat In Ring

TALLAHASSEE (UPI) — Former Dade County Circuit Court Judge Vincent C. Giblin, Miami Beach, qualified today as a candidate for the new Senate seat allocated Florida's biggest county in the new reapportionment.

Giblin is the only candidate officially signed up for the Dade Senate seat so far although State Rep. George Hollahan, Miami, announced he will run.

Tight Plant Controls Asked

WASHINGTON (UPI) — The U. S. Department of Agriculture has been asked to impose more stringent plant quarantine inspection at American ports to prevent the spread of insects and diseases which damage American crops.

Sen. Spessard L. Holland (D-Fla.), a member of the Senate Agriculture Committee urged the tighter controls Wednesday at a hearing called to consider proposed relaxation on current regulations.

Council To Meet

The February meeting of the Longwood City Council will be held at 8 p.m. today in the Longwood City Hall.

Up To Court

NEW ORLEANS (UPI) — Criminal contempt proceedings were scheduled to begin today against Mississippi Gov. Ross Barnett and Lt. Gov. Paul B. Johnson charged with attempting to bar integration at the University of Mississippi.

C Of C To Elect New Officers

The Lake Mary Chapter of Commerce will elect new officers at today's 8 p.m. meeting following a report from the election committee.

The committee will recommend Richard Keogh for president, A. E. Crocker for vice president, Mrs. Frances Weather for secretary and Mrs. Letha Fowler for treasurer.

Navy Polaris Scores A-OK

CAPE CANAVERAL (UPI) — A powerful new model of the Navy's seagoing Polaris missile thundered 1,600 miles across the Atlantic Ocean today to score its first success.

The Polaris, known as the "A-3," roared from a land-based launching pad at 11 a. m.

Within 20 minutes, the rocket scored on target and bought its first success in seven tries.

The six previous tests of the Polaris "A-3" have ranged from "partial" successes to failures.

There was little question about the rocket today. It climbed unerringly into a clear blue sky. Its path was marked by a brilliant white vapor trail characteristic of solid-fueled missiles.

The second stage, which had given missile scientists some headaches on earlier flights, performed to perfection. As the booster dropped away, the upper section ignited and sent the nose cone out of sight.

The Navy officially called the shot as "highly successful."

Anti-Filibuster Bill Laid To Rest By Solons

WASHINGTON (UPI) — The Senate today laid to rest the 1963 anti-filibuster rule fight which has blocked other business for three and a half weeks.

It made its key decision to end the rule change struggle on a 54-42 vote by which it refused to apply its controversial gag rule to halt debate.

Then in a swift leadership move overriding liberals seeking another test the Senate voted to adjourn until Monday.

The adjournment action wiped out the long-pending motion for consideration of a rule change and killed the issue.

The adjournment vote was 64 to 33.

The vote of the Senate's refusal to invoke its cloture rule fell well short of the two-thirds of those present required under the existing procedure to end discussion.

Democratic Leader Mike Mansfield of Montana had announced in advance that if there were less than 60 votes for cloture he would end the rule battle on his own.

No Pay Hike For Governor

TALLAHASSEE (UPI) — Gov. Farris Bryant indicated today he will ask the legislature for pay increases for cabinet members and other top state officials but would not seek a raise for himself.

Bryant told his news conference he felt a request to boost his \$22,500 a year salary might endanger the chances that the legislature would provide raises for other cabinet members.

Developer Gets Okay For Water 'Tie-In'

The developer of a 30 lot residential area in Altamonte Springs Wednesday night was given permission by the Town Council to go ahead with tie-ins to the municipal water system.

John Duncan, representing Walker's Second Addition, will finance and install the water system "providing he contributes in cash or materials, in place and according to city specifications, the equivalent of \$1,500. Value of materials will be based on unit prices received when the city puts the system out to bids."

Specifications will be drawn up by Harold Radcliffe, engineer for the new municipal plant. Radcliffe reported that plans for the new plant are 75 per cent complete and that plans for the entire project are expected to be ready in approximately two weeks for state approval.

A number of residents attended the meeting hoping to get further information would be available on rights of way locations for the SR 427 bypass. However, maps showing the present alignment and controlling will have to be forwarded from DeLand before the property owners and council can meet to prepare their recommendations to the County Commission.

The council voted to spend \$28,150 for two stoves and wiring work on the Community House and authorized Clerk Jim Palmer to negotiate with Sulzbach Gas Co. for furnishing gas to the building.

Gov. Jewell Smith of the Azulea Park Temple Baptist Church and Miss Audrey Flynn, president of the Seminole County Young Republican Club, appeared to request use of the Community House.

Smith's request was approved and the first services of a new Baptist Mission will be held on Feb. 24. Conflicting

4 Scholarships Awarded Here

These teaching scholarships loans and one nursing scholarship loan have been awarded to Seminole High School students under the general scholarship service loans, W. W. Wharton, exceptional child counselor for the county announced today.

Elizabeth Brandt, Johnette Gore and Bedford Aiken were the three SHS seniors who were notified that the scholarship loans would be available to them, and Carolyn Turner received the single basic collegiate nursing scholarship awarded in this county.

Wharton said that the nursing scholarship was for \$500 a year and the teaching scholarships for \$200 per trimester. Each is a service loan, which is cancelled if the student serves in the profession for and equal number of years for which he received the scholarship, but must repay if he drops out or does not teach or nurse in the state.

Cuba Battle On

MIAMI (UPI) — Cuban refugees, said Wednesday night spokesman for the refugee Christian Democratic Organization (MDC), said Premier Fidel Castro's revolutionary regime has sent thousands of militiamen to encircle centers of guerrilla activity.
