

# Crowd Is Expected At Game Tomorrow

## Jacksonville Tars To Put Ace Pitchers In Game With Sanford

Playing their first, and possibly their only, exhibition game before the League season opens tomorrow, the Sanford Lookouts of the Florida State League will meet the Jacksonville Tars of the South Atlantic League on the Sanford field tomorrow afternoon. The game is called for 3:30 o'clock, and a large crowd is expected. An admission charge of 40 cents will be charged.

The Tars defeated Palatka at Palatka 15 to 6 yesterday, but Stuffy McCrone, manager of the Sanford Club, hopes to give the big Jacksonville Club a harder battle, even though two of the Tars' best pitchers will be put in the game against the Lookouts tomorrow. Either Goat Walker or Tom Lanning, maybe both of them, will be in the box for the Tars. They used McKinney, Lyle and Butland yesterday. Lanning is a south paw.

Maxwell, who played with Sanford the last two seasons, and Leitz, who was manager of the DeLand Club last season, will be seen in the Jacksonville lineup. Maxwell plays center field and Leitz plays first base with the Tars.

Stuffy McCrone announces the following lineup for the Sanford Club in tomorrow's game, listed in batting order:

- Sloane, center field.
- Julius Purcell or Powell, second base.
- McCrone, first base.
- Swindell, left field.
- Cates, third base.
- Gardner Brown, right field.
- Wagner or Harry Barnes, shortstop.
- Clatuff or Ineman, catcher.
- Doc Harden, Veal or Loper, pitcher.

The probable lineup for the Tars is announced as follows: Sutton, right field; Thomas, second base; Leitz, first base; Maxwell, center field; Ganzel, third base; Feille, left field; Flarito, shortstop; Smith, catcher; Walker and Lanning, pitchers.

Sanford field is in excellent shape and, since the fence has been rebuilt around a smaller area, "it looks more like a ball park," Stuffy said today. "You might happen to see a ball knocked over the fence now, something that never could have been done before," he said.

Bill Palmer will probably umpire tomorrow's game.

More than 6,000 air-conditioned cars are now in use in the United States and it is estimated that railroads have ordered about 1,000 more.

## Uniforms Will Be Issued Tomorrow

Sanford Lookouts will wear their new uniforms for the first time tomorrow, or at least 14 of the players will have on conventional garb. The training squad contains a large number and if more than 14 men are used in the game with the Jacksonville Tars some of the players will have to wear civies. After the season opens all teams in the Florida State League are to be restricted to 14 men, hence the 14 uniforms.

## Directors Make Rule Changes In Florida League

Charles F. Wert, president of the Sanford Baseball Association, attended a meeting of the directors of the Florida State League in DeLand Sunday afternoon when it was voted to amend the organization's constitutional provision with reference to players in order to remove a conflict with rules of the National Association of Professional Baseball Leagues. The change will also permit greater latitude in players comprising the various clubs, officials said.

The number on the club's roster, 14, was not changed. However, under the amendment, a club will be permitted to have three players of unlimited classification, two unlimited but not above Class H, three who have played in either Class B, C or D ball, but not for more than one year, and six simple-rookies.

President G. E. Gilliland announced that umpires of the league would have a two-day school of instruction here next Friday and Saturday.

Starting times for league games were settled by the directors at the session. All Sunday games will start at 3 o'clock throughout the circuit, while week-day games will start at 3:30 o'clock with exception of St. Augustine which will start all week-day games at 4:15. Saturday games at St. Augustine will be at 3 o'clock.

## Boy Boxers Are To Meet For Practice

Hopeful of arranging a meet with another club at an early date, Coach S. A. D. Wilkinson of the Boys' Athletic Club is summoning the youthful boxers to a practice meeting in the Fourth Street Arena at 7:30 o'clock this evening. The boys must keep in trim and be ready for a bout with another club when one can be arranged, the coach said.

Two members of the original faculty of the Oklahoma normal at Ada, Okla., A. L. Fentem and Miss Kate K. Knight, still are teachers there.

## Daytona Defeats DeLand In First Exhibition Game

DELAND, Apr. 12.—In a game marked by five errors by each team, the Daytona Beach Islanders defeated the DeLand Reds here yesterday, 9 to 6, in a Florida State League exhibition contest. The local club garnered 11 hits to seven for the visitors, but "sagged" playing in the pinches enabled the Cardinal protégés to win.

Both teams scored once in the second inning, and in the third the Islanders got the Deal for five hits, which, coupled with an error, accounted for five more. Hollis Stock relieved Deal in the fifth and held Daytona Beach hitless until the ninth when his momentary loss of control and two Red errors let in three runs.

Three hits and two Islander errors gave DeLand three runs in the seventh. In the ninth, DeLand nicked Kinsel for three singles and a double to score twice more. Red Norwood, DeLand outfielder, had the best day at the plate, getting a single and a double in two trips to the plate and scoring two runs. Boling, Red first baseman, trailed him with two for three.

The score: R H E. Daytona-Beach 015 000 003—9 7 5. DeLand 010 000 302—6 11 5. Garnick, Brown, Kinsel and Balleki; Deal, Heldstock and Banks, Purcell.

## Sanford Fishermen Get 41 Big Kingfish

The Gulf of Mexico lost 41 kingfish, weighing 250 pounds, yesterday to C. C. Welch, R. H. Beltz, E. C. Harper and Ralph Goodspeed, the Sanford fishermen who returned late last night from Orona, 25 miles south of Tarpon Springs. Their catch was packed in ice and shipped by express and should arrive here today.

The party obtained a boat at Orona and from there went into the Gulf for about 25 miles before beginning what turned out to be a record kingfish catch, according to Mr. Welch.

## JUNIOR LEAGUE

TEAM	Won	Lost	Pct.
Seminoles	2	0	.1000
Yankees	2	0	.1000
Pirates	1	1	.500
Red Sox	0	1	.000
Cubs	0	1	.000
Giants	0	1	.000

Giants play the Cubs at 5 o'clock this afternoon on the Grammar School diamond. Neither team has as yet won a game. The Giants were defeated by the Pirates 27 to 13 in the second game of the season, and the following day the Cubs went down in defeat before the Seminoles who, with the Yankees, lead the league. The Yankees play the Cubs tomorrow.

## Apopka To Play Sanford Tennis Team Tomorrow

Apopka and Sanford play tennis here Tuesday afternoon, on the court at the Randall Chase home on Ninth Street, beginning at 2 o'clock. The public is invited; there will be no charge for admission.

Sanford held Apopka to a 3-3 score in a game played in Apopka earlier in the season, then defeated DeLand 4 to 2, and then in a game in Orlando held that team to a 3-3 tie. The winner of tomorrow's game will participate in the state tournament to be held in Gainesville.

Sanford players in the game with Apopka will be Billy Zachary, Herbert Smith, Charles Robinson, John Morgan and Julian A'ama.

## Sanford Girl Is Winter At Tennis Elimination Play

Miss Ellen Betts, 17, of Sanford, defeated Miss Peggie McHail, 13, of Miami, in a tennis elimination contest Saturday, and becomes eligible for play in the State tournament. The game was played on the high school courts and the score was 4-6, 6-2, 6-4 and 6-1. The Miami girl won only the first set.

Miss Betts won a match in Jacksonville last month and her victory over Miss McHail last Saturday makes her one of the strongest contenders in the tournament to be played in the near future. Two other elimination contests are to be played in other sections of the state before the tournament is held.

## Zim Beck To See Tuesday's Game; Is To Help Club

## Scout Will Find Out What Lookouts Need To Strengthen Team

Zim Beck, scout for the Chattanooga Lookouts, is here and will be at tomorrow's game between the Sanford Lookouts and the Jacksonville Tars for the purpose of helping Stuffy McCrone, manager of the local club, discover the weak places on the team.

Beck is a baseball enthusiast and declares he is "very much interested" in the Sanford aggregation, forgetting the little unpleasantness of a month ago when the Chattanooga Club found training conditions here not satisfactory. He is backing the Sanford nine, and will undertake to supply the men needed to strengthen the team and make it a winner. He has already sent several men from the Chattanooga Club, and will farm out a few more if needed.

The Chattanooga Lookouts opened the Southern Association season in Atlanta Saturday.

## Latvia's New Dictator Was Educated In U.S.

RIGA, Latvia, Apr. 12.—(AP)—Karlis Ulmanis, who once studied at the University of Nebraska, has joined the list of full fledged dictators in European government. Since 1934, when he led a coup d'etat which put Latvia under martial law, the heavy-shouldered Ulmanis, son of a farmer, has been a virtual dictator of Latvia, with the official title of prime minister. He is to continue in this role, under the newly published laws, until the Latvian constitution has been reformed.

His hold on the Latvian government and his authority over the nation of 2,000,000 people is now indisputable. His government has the backing of the military and the Aizargi or civil guards, although there is little or no visible expression of force.

**An Outstanding WPA Project**

Already in the process of development and planning to rival the famous Palatka Azalea Gardens, which have often been spoken of as the outstanding Federal work relief project in Florida, are the Venetian Gardens in Leesburg. These gardens combine a magnificent beautification program with extensive recreational facilities to provide what promises to be one of the most popular attractions in the state.

Carried on under the direction of the WPA and situated in front of Palmora Park at the foot of Dexter Avenue, the gardens will embrace a series of small islands which are being made by pumping in land from the bottom of the lake. These islands will be connected only by small wooden foot bridges and by boats of the Italian gondola type. No automobiles or other vehicles will be allowed anywhere in the gardens.

Describing the plantings already effected on the islands, the Leesburg Commercial says: "On the south side the undulating azalea hedge has been set out along Palmora drive and the viburnum shrubs which interpose the hedge at definite intervals, have already commenced to bloom. Japanese magnolia and lily woorories have been planted between the hedge and the drive and a park with tennis and attractive walks and walks will be laid to the water's edge as time permits."

When the gardens are completed, the Commercial further explains, there will be bloom aplenty for even the most exotic color addict. "The majority of the evergreens will bloom and add color to the gardens as well as give a background for the vividly colored plants that will be added later. . . . Thousands of bougainvillea, begonia, hibiscus, and numerous other flowering plants are now on the grounds and will be distributed during the next few months to make the gardens a veritable blaze of color, interesting and attractive the year round."

In connection with these gardens which are providing Florida with one of its most famous beautification programs, facilities are being furnished for every conceivable form of sport. It is planned to use the lake to the full extent of its capacity for the development of water sports, swimming, boating, and rowing. At the same time on one of the islands is being constructed a high class ball diamond and park. Elsewhere will be tennis courts, playgrounds, and similar devices.

Sanford residents, who are interested either in beautification, or in recreation and sports, should make it a point to visit the Venetian Gardens in Leesburg some time during the next few months.

**The Co-Eds' Commandments**

Now that girls at the Florida State Woman's College have placed the requirements for their "ideal man" beyond the reach of even the most ambitious and enterprising youths, it is encouraging to note that the co-eds at another college have adopted a set of rules which may become universal and which are designed to make the female college student a more perfect specimen.

The following ten commandments were adopted recently by Boston University's 5,000 women students after a prolonged session in which the temptations of modern civilization were repeatedly deplored:

1. Thou shalt never allow a stranger to take you to your destination.
2. Thou shalt never drink in public.
3. Thou shalt not sit out dances in cars.
4. Thou shalt not be seen with young men who are not careful to obey conventions in society.
5. Thou shalt not use a pet phrase in conversation.
6. Thou shalt use discretion in using slang.
7. Thou shalt not pat or nudge a person when speaking to one. Keep your hands to yourself.
8. Thou shalt never go to a man's apartment alone.
9. Thou shalt not indulge in careless affections.
10. Thou shalt not powder your nose on the street.

**THE TRUTH WILL HELP**  
BERKELEY HERALD

Disclosures that have been made before the House committee probing the Townsend Old Age Pension Plan whose impossible proposals and promises have fired the imagination of millions of persons do not reflect credit on the organization. They are too exaggerated with money that apparently could be used personally by the movement's founders, suggesting a selfishness which is not in keeping with announced aims.

It is difficult, of course, to carry on any movement without the development of untoward things within it. But unfortunately it seems that it was the millions the organization envisioned for themselves that fired their zeal rather than the assumed intent of the effort.

This is bound to react unfavorably among the organization's ranks, many of whom carried a complete sincerity into their club work. If the dimes and quarters gathered in the nation-wide collection are used to provide luxurious living for the appointed few, the scheme is likely to lose many of its converts and eventually may break down of its own weight.

As a rule we are not unduly impressed by congressional investigations. But in a matter of this

nature which affects so many and conservatively might change our entire manner of living it is important that the whole truth be had. If Dr. Townsend and his associates have grown wealthy on these dimes and quarters the public should know it since it is hardly possible that they can render a service justifying compensation that would make them independent in a brief period. The \$25,000 allocated for the investigation will be well spent if the why and wherefore of the movement can be laid open to public inspection.

The Herald has never questioned the wisdom of a reasonable pension for the aged. Indeed, help of this nature has been given in an indirect manner for years through the operation of old folks homes and similar institutions. However, reason should be unwilling to endorse a plan that proposes to give to this class more than it was able to earn in the fruitful years of the individuals making it up. The promised pension had to be extremely appealing we presume, however, to assure the dime and quarter response that was needed to make the effort successful for those fathering it.

**Roosevelt For Working Ages From 18 To 65**

(Continued From Page One)  
widely distributed, will mean the consumption of more goods—industrial products and farm products. The production of these goods will mean more employment.

Work out for yourselves what would happen if all the boys and all the girls of fourteen and fifteen and sixteen and seventeen who are now working in industry found it possible to stay in school until they were at least eighteen years old. How many jobs would that give to the young people of the nation who have graduated from high school and from college?

"Ask yourselves how many jobs would be created if that great majority of people who are now over 65—to take a figure at random—were in a position to retire in security for the balance of their days on earth.

"It seems reasonable that industry can contribute in great measure to the increase of employment if industry as a whole will undertake reasonable reductions of hours of work per week while, at the same time, they keep the average individual's pay envelope at least as large as it is today.

"Because the practices of employment definitely affect the

problem of unemployment, the government must give and will give consideration to such subjects as the length of the working week, the stability of employment on an annual basis, and the payment of at least adequate minimum wages.

"In regard to all these problems there are counselors these days who say: 'Do nothing' other counselors who say 'do everything.' Common sense dictates an avoidance of both extremes. I say 'do something' and when you have done something, if it works, do it some more; if it does not work do something else."

**Gen. Pershing Fined On Speeding Charge**

TURLOCK, Calif., Apr. 14.—(AP)—Gen. John J. Pershing was fined \$50 here last week for what City Judge H. C. Carlson said was "one of the most aggravated cases of speeding ever brought into his court."

Carlson expressed regret at not being able to inflict a heavier penalty on the noted soldier, who was not in court. The fine is the maximum for a first offense.

Pershing and his chauffeur, Crawford Shaffer, were accused of speeding 46 miles an hour through a 25-mile zone last Monday, finally being tagged near Modesto, several miles away, after allegedly failing to stop at the sound of a patrol siren.

**Simian Is Captured By Woman Resident**

MIAMI, Apr. 14.—(AP)—The tumult of the past three weeks died away in one residential section here as Billy, Miami's marauding monkey, lost his freedom to the wife of a woman.

The little rhesus, after evading traps baited with eggs, bowls of whisky, bananas and a female monkey, as well as sharp-shooting police, was ingloriously captured in a garage by Mrs. Olive M. Olier.

"Two days ago, Billy had outwitted Mrs. Olier, who ran a cord from a popped window of her garage to her porch, where she watched for the monkey to enter for the delicacies placed there. His hunger overcame his caution. He scampered inside and Mrs. Olier pulled the cord. The window banged shut, imprisoning the mischievous monkey. Billy's owner, A. E. Bascom, from whom the rhesus escaped three weeks ago, said he did not want the monkey any longer—that he had earned his freedom.

Mrs. Olier promptly disposed of the monkey to the Opa-Loeka zoo here.

Marlene Dietrich Is Coming To The Ritz Clever dialogue characterizes Paramount's romantic comedy, "Desire," which opens Wednesday at the Ritz Theater, with Marlene Dietrich and Gary Cooper costarring.

Miss Dietrich has the role of a breath-taking Continental beauty who steals a valued string of pearls from a jeweler. A series of motor mishaps brings her the acquaintance of an American engineer. The lovely woman, intent on flight and the disposal of the gems, has neither time nor desire to listen to the engineer's pleadings in defense of romance. She parries Cooper's efforts to be in her company.

The following dialogue occurs in a moon-lit garden: Dietrich: Is anything the matter? Cooper: Nervous. Dietrich: Why don't you go to bed and get a good rest? Cooper: I tried it, but this moon—you see it there? Very strong, isn't it? It was shining right into my window. Dietrich: Why don't you draw the curtain? Cooper: (Cynically) I see. Turn off the moon—turn on the moon—just as you like it. Some people can do that more easily than others.

This situation is the turning point of "Desire." Miss Dietrich, fateful, decides to dissociate herself from the gang of jewel thieves and throw in her lot with the American.

"Desire" is the first picture since "Morocco" co-starring Miss Dietrich and Cooper. Director Frank Borzage places this couple first in a list of five of the greatest screen-love teams of all time. Prominent in the supporting cast are John Halliday, William Frawley, Ernest Conarty, Akim Tooroff, and Alan Newberry.

MRS. HENRY WIGHT DELIVERS TALK ON CHAUTAUQUA MUSIC

Mrs. Henry Wight gave a talk "Music Heard at Chautauqua," at the meeting of the Cecilia Music Club held Saturday afternoon in the studio of Mrs. Fannie S. Munson on Myrtle Avenue. The meeting was attended by a capacity audience of music patrons and friends.

Mrs. Wight spoke of the founding of Chautauqua 60 years ago by Bishop Vincent, a consecrated Methodist Bishop, and Lewis Miller, a wealthy layman, and said this one Mother Chautauqua is a beautiful, little, modern town in western New York with a population of 600 in winter and 20,000 in summer. She added, "Its buildings, beautiful lawns, and gardens make it a University in the woods, so many and varied are the summer schools there in different branches of learning taught by America's foremost instructors." She also dwelt on the schools of music and described the "little piano villages" with lots of brown cottages, a world in itself.

Under special master recitals, she particularly mentioned Ernest Hutchinson, who is director of piano at Chautauqua, and also Juillard School of Musical Art, New York City. She also told of George Barris, the world's greatest flutist, and said, "Last summer Barris played his solos on a platinum flute, which has been made especially for him. Silver flutes are not unusual we hear of gold ones now and then, but so far as I know, Mr. Barris has the first to be made of platinum. Mr. Barris is so polite, so polished, it is a treat to look at him, and when that slender flute ripples out its bird songs, it seems like a real part of that small son of LeBel's, France."

"Albert Stessel is the very top in the music of Chautauqua, violinist, composer, and orchestra director. Mr. Stessel's men adore him and for six weeks his symphony concerts drew thousands of people from all over America. On Saturday mornings he had his orchestra give one of his special concerts for children. Mr. Stessel used to be a member of Sousa's Band and on these concerts he always gave a Sousa number."

Mrs. Wight told of the Amphitheater which seats 5,000 and has a stage with terraced seats for a choir of 500.

She further added, "Saturday mornings you will be awakened at 8:15 A. M. by voices, hundreds of them, men, women and children, some boys and girls, singing, singing, carrying all the parts, getting ready for Sunday night's song service."

"All through the season there are grand soloists in voice and in instrumental to augment the instrumental of the symphony orchestra. I most enjoyed two piano pupils of Ernest Hutchinson. They were so young and came out so modest, so appealing. Can they play, these boys? Will their fingers weaken, tangle up? In solo part and with orchestra they must play at least 40 minutes. But wait, here comes a sonorous chord. Sure hands weave out a theme, clear and brilliant, there are trills so long and even that to hear them is a Hocking Bird would tuck his head under his wing and blush for envy. Cadences that are pearls and diamonds, rubies and sapphires strung on a silver string, and the audience goes wild in congratulation for the perseverance, the concerted purpose that have brought such results."

"On Sunday evening at twilight, there's a vast audience, choir in place, grand piano, and Mr. Vogel at the organ for this isatorio night, 'The Messiah.' There is not a light anywhere, except that fluttering through the trees and a sunset glow from above. Very softly the organ plays, very softly every body sings the Chautauqua hymn, 'Day is Dying in the West' as the last note dies away hundreds of lights spring out everywhere. Organ and voices break out into a glorious jubilee. One listens wrapped and intent to the music that has lifted the hearts and souls of thousands and wonders that human mind she have given to the world a conception so sublime, so divine. Then the music, poignant, almost haunting with past joy emotion, she went through in on its feet and everybody singing the grand 'Hallelujah Chorus,' the very blessed conception of worship and glory."

Three Act Comedy To Be Given Soon

"Girl Shy," a comedy in three acts, considered a grand play at any time and especially at Commencement, will be presented Thursday evening at the Seminole High School auditorium by the Junior Class of the school.

The plot centers around a young man who gets a girl "thrown at his head" until he's "girl-shy," and is graduated from college with the name of being a swain-hater.

The parts in the play will be portrayed by the following members of the Junior Class: Billy Zachary, as the charming Tom; L. L. Laney, as the unrepentant Othello; Brad Coleman, the shrew's father; Martha Adams, Tom's girl aunt; Evelyn Latta, Othello's girl-of-the-moment, Lenora Whitson, as a staid, professional character till she gets a break in the movie; Stanley (Lham, as Chuck, Birdie's tough boy-friend; Annette Hayes, as Susan, the showiest maid who ever drifted across a stage; Dorothy Stewart, as Sylvia, the girl from home; and James Hardin as Alfred, the poet.

At The Mayfair

Mr. and Mrs. J. C. Seelig of Ripon, Wis., left today for their home after spending several days at the Mayfair.

J. H. Bendley of Jacksonville and J. P. Wassen of Dunns, Fla., are guests at the hotel for a few days.

Among the overnight guests Monday were: Mr. and Mrs. Jack Ponds of Tampa; Mrs. J. D. Howard of Atlanta; V. J. Armstrong and T. J. Lewis of Jacksonville; D. T. Erce of Atlanta; and Cotton Mather of Atlanta.

Mrs. R. J. Holly Gives Annual Report Mrs. R. J. Holly gave her annual report as president of the American Legion Auxiliary at the regular meeting of the organization held last Thursday afternoon at the home of Mrs. Holly in Mayfair.

Highlights of the report showed that over \$200 were expended locally and to the Veterans' Hospitals throughout the state for welfare and rehabilitation work. She added that over 25 families had been helped locally.

Various committee reports showed the Auxiliary actively engaged in welfare work and in sending flowers and cards to sick members. Mrs. Holly announced that \$25.15 had been made by selling subscriptions for the Curtis Publishing Company. Members voted to give \$100.00 to the American Red Cross for the relief of 1935 sufferers.

It was announced that the week, Apr. 12 through Apr. 18, has been set aside as book week for the hospital at Lake City. Members were requested to take donations of books and magazines to the Hoffman Electric Service. The date May 23 was tentatively set aside as Punny Day Day. Mrs. H. B. Lewis, Mrs. J. O. Huff, and Miss Jeannette Laine were chosen as delegates to the state convention in Sarasota this week. Refreshments were then served by the following: Mrs. H. C. Washburn, Mrs. W. D. Hoffman, Mrs. J. O. Huff, Mrs. H. E. Stevens, Mrs. E. A. Cobb, Mrs. J. H. Cullough, Mrs. E. J. Holly, and Miss Rebecca Stevens.

Mrs. W. P. Chapman Has Easter Egg Hunt Members of the World Club enjoyed an Easter egg hunt Monday afternoon at the home of Mrs. W. P. Chapman. Prizes for finding the most eggs went to Frances Dugan and Stacey Williams. Billy Chapman found the prize egg.

Refreshments were served later in the afternoon by the following: Joyce Steel, Bonnie Adkins, Fanchon Kiehl, Frances Dugan, Virginia Chapman, Laurelle Dutton, Stacey Williams, Pats and Al Brock, Fred and Ralph Wight and Billy Chapman.

Mrs. W. T. Langley Named P. T. A. Head

Mrs. W. T. Langley was elected president for the coming year of the Grammar School P. T. A. at its regular meeting held Thursday of last week at the school auditorium. About 35 members were present.

Other officers elected were: Mrs. Pearl Rabbit, vice-president; Mrs. W. D. Hoffmann, secretary; Mrs. H. A. More and treasurer; and Mrs. Fred Wight, historian.

Mrs. Rabbit read the story of the first Easter after which Mrs. J. L. Bugley and Mrs. Arthur Branan rendered a vocal duet, "In the Garden."

## Adaptable Cottage

A cottage of this type is adaptable to nearly every section of the country. Construction costs would vary in different parts of the country, but the simple design offers a maximum amount of living space at a minimum cost, every square foot being utilized for a definite purpose. In Anderson, Ind. this house was approved by the Federal Housing Administration's valuation department at \$2,576. This included \$120 for the land; \$3,200 for the main building; \$220 for the garage, and \$200 for landscaping, out-buildings, and other improvements. The combined living-dining room is a feature of the plan and should appeal to those who like spacious living quarters.

# Football Schedule For '36 Arranged But Sanford Won't Get Games Without A Field

### Schedule Calls For 7 Games Here If Field Is Prepared

Seven football games will be played in Sanford next fall if a football field is built. But if a field is not prepared all games will be played elsewhere as heretofore.

The football schedule for 1936 was announced today by Coach Whitey McLucas of Seminole High who succeeded in getting the conference to schedule seven games for this city on the promise of various organizations that a field would be built before the season opens in September. But Sanford seems to be no nearer getting a football field now than it was when the season closed last fall.

The coach said the last he knew of the proposition, Sanford's request for funds for the design and improvement was resting in the office of the Planning Board.

The football season is to open here (if there is a field on which the game can be played) on Sept. 25 when Cocoa is to meet the Osceola Feds. The balance of the schedule for the Feds, arranged on the theory that there will be a field in Sanford is as follows:

- Oct. 2—Eustis in Sanford.
- Oct. 9—Lake City in Sanford.
- Oct. 16—Daytona Beach in Sanford.
- Oct. 23—DeLand in Sanford.
- Oct. 30—Sanford at Ocala.
- Nov. 6—Sanford at Orlando.
- Nov. 13—Landon (Jacksonville) in Sanford.
- Nov. 20—St. Augustine in Sanford.
- Nov. 26—(Thanksgiving Day) Leesburg in Sanford.

"We are naturally hoping to play most of our games in Sanford this fall, but it is beginning to look rather doubtful at the present time," Coach McLucas said today. "Since arrangements for a playing field are progressing so slowly it may be necessary to transfer the games out of Sanford as was done last year. If such is the case, it is our hope that arrangements can be made with Orlando officials whereby Sanford can use the Orlando field."

### Sound Trucks Can Tour The Streets To Advertise Baseball

The new anti-sound truck ordinance, placed on second reading at last night's meeting of the City Commission, will not apply to trucks advertising baseball, football or other games.

Commissioner W. A. Laffler offered an amendment excluding from provisions of the ordinance trucks used in advertising beneficial or charitable organizations. It was seconded by Commissioner P. N. Whitehurst, and was adopted by unanimous vote.

During a discussion of the ordinance Commissioner W. R. Dupree moved that the baseball association be charged the regular license fee and then the fee be remitted, but his motion failed for want of a second.

The new ordinance provides that sound trucks parading the streets must pay a license fee of \$10 per day.

so that games can be played at night.

The squad will also be backed up this year with a high school band of some 20 pieces. This, like spring training, may prove a valuable addition to the team. The band, which will begin practicing in several weeks, is under the direction of Mr. Dollyson and Prof. R. Earl Kipp and will be made up of the students from both the Junior and Senior High Schools.

"Come and Work for them" will be the battle cry of Coach McLucas tomorrow at 3:30 when he opens the first spring training period for football at Seminole High School. Interest is running high among the remaining members of the 1935 squad as the time approaches for them to get back into the gold and blue uniforms of Seminole High. Many of the students who did not play or last year's team are going to be out there to snatch up the berths of those who graduate.

Seasoned by a winter's play of touch football, most of the lads are in excellent shape and prospects of the "best season ever" are in the making.

"We are not going to wait until the fall, but are starting now to prepare a team which will be equal to any in our conference," said the coach. "In former years we have waited until school opens in the fall, hoping that new faces would appear during the summer but this year we are going to build a team from the ground up," added the mentor as he began to check over the equipment.

### Gainesville Club Is Called "G-Men"

GAINESVILLE, Apr. 14.—(AP)—Fourteen G-men will operate in the territory of the Florida State League this season, but don't be alarmed. There is no crime wave herded this way.

Directors of the Gainesville Baseball Association have changed the nickname of the local club from "Hawks" to "G-men." The team's uniforms both home and road will sport a large maroon G on the front of the shirts.

### Association Buys Large Buses For Sanford Players

### But City Can't Buy X-Tags For Them, As Per Request

Sanford Lookouts will ride in about the finest buses a baseball club ever rode in, according to Charley Wirt, president of the Sanford Baseball Association. The association has bought two big buses, vehicles that cost \$15,000. That's what they first cost. The association didn't pay anywhere near that much for them.

The big buses, beautifully upholstered in leather, four large comfortable seats built for five persons each, and with a door for each seat, were built for the Mount Plymouth Hotel. The hotel discontinued his service several years ago and the big automobiles have been in storage since. The association saw in them an opportunity and seized on the opportunity and the buses before the idea had time to cool.

Only one bus will be needed to transport the Sanford players to out-of-town games, but Mr. Wirt has an idea that the other can be sold to some other club for a profit of several hundred dollars.

The bus to be put in service here is being repainted green, and the lettering "SANFORD BASEBALL ASSOCIATION" will be painted on the sides and rear.

The license tag for buses as big as those bought by the local baseball club cost \$70, so Henry Watson went before the City Commission last night with the request that the city buy an X-tag at \$2.50 for it, the association guaranteeing the municipality against any damage claims. But City Clerk P. S. Tamann is not the attention of the Commissioners to an order from the state Vehicle Department that X-tags can be issued only for equipment owned by the municipality and need exclusively by the municipality.

"We'd like to help you boys out but I don't see how it can be done," remarked Mayor Shinholer, with the advice that "they try the county." "That's what we're going to do, but we thought we'd come here first," Mr. Watson replied.

### Workout Is Given Lookouts In Today's Game

While Stuffy McCrone hopes his gang will make a good showing against the Jacksonville Tars in the exhibition game at Sanford Field this afternoon the manager of the Sanford Lookouts and Zim Beck, scout for the Chattanooga Lookouts, will have an excellent chance to spot weak points in the lineup of the local club and plug the holes before the season opens next Sunday afternoon.

In meeting the Tars the local club goes against one of the strongest baseball aggregations in the South. Gost Walker and Wayne Rutherford were in pitch for the Tars, with Hardep, Veal or Loper on the mound for the Lookouts. The Tars defeated Palatka 15 to 6 last Sunday, but Stuffy was hopeful that the Lookouts would give the big city team a harder battle today.

Today's game was called at 3:30 o'clock.

### Racing In Florida Makes Long Strides

By ORLO ROBERSON  
MAIMI, Apr. 14.—(AP)—Florida racing has made marvelous strides in recent years and this because of the fact that the racing fathers have seen fit to move along cautiously and build on a solid foundation. The announcement of a \$50,000 purse for the Joseph E. Widener Challenge Cup to be run at Hialeah Park next winter is an indication of the growth of the sport.

Announcing the next event Mr. Widener pointed out that in inaugurating this rich event he had no idea of competing with the huge sums offered at other winter tracks but that he was convinced that Florida racing had grown to the proportions which warranted such a fixture. In other words,

remarked Mayor Shinholer, with the advice that "they try the county." "That's what we're going to do, but we thought we'd come here first," Mr. Watson replied.

### the \$50,000 race is a landmark in Florida racing.

Racing in Florida received a rare boost when Alfred G. Vanderbilt let it be known that he was planning to ship his entire stable to Florida tracks next winter. This youthful owner is extremely popular with racing folk in Florida, and that goes for the stable boys left on up through the official family.
