## Are Killed And Men Hurt As Plane Forced To Land

**PRELATE WANTS CALLES TO STAY RELIGIOUS VIEWS**  
Churchman Urges President To 'Influence' Congress To Have Religious Clauses Changed; Doubt He Will Grant Plea

MEXICO CITY, Aug. 19. (AP)—Rev. Mori del Rio, archbishop of Mexico, has requested President Calles to suspend the religious regulations which have been issued in the suspension of mass, and other ceremonies in Catholic churches throughout Mexico.

"Freedom of conscience, thought, religion, teaching, association and the press," is sought by the archbishop, who also asks that the church be granted "recognition of the necessary personality to make these liberties effective." He writes in the name of the Catholic clergy and laymen.

"Twenty Mexico City merchants have written President Calles and the Episcopate, proposing that the government and the Episcopate confer."

In well informed circles, the archbishop's request is believed to be a ploy to bring about a re-arrangement of the religious regulations, which have been issued by the government, and which have caused the suspension of mass, and other ceremonies in Catholic churches throughout Mexico.

## KELLOGG CITES U. S. VIEWS ON ARMS MEETING

**Reaction To Address Made At Plattsburg Is Awaited By Government Officials With Considerable Interest**  
U. S. Is Working To Make Parley Success  
America Glad To Co-Operate To Extend Principles Of Naval Pact, Says Secretary

WASHINGTON, Aug. 19. (AP)—Europe's reaction to Secretary Kellogg's Plattsburg speech dealing with the Geneva preliminary arms limitation conference will be watched here with considerable interest.

Prepared after conference with members of the American delegation who have returned from Geneva, and in a local form, presumably bearing the approval of President Coolidge, who the secretary declared, who he spoke yesterday, the conference was clearly indicated by the fact that the full text was eabled to American diplomatic missions in all major capitals.

Setting at rest public rumor that the United States might withdraw from the Geneva deliberations, which have been conducted in a friendly spirit, Kellogg declared that the United States was not withdrawing from the Geneva conference, but was extending the principles of the Geneva conference to all major powers.

## Lightning Blamed For Blast At Army Ammunition Depot Near Portsmouth, Virginia

NORFOLK, Va., Aug. 19. (AP)—Lightning is believed to have been the cause of an explosion last night at the Portsmouth army ammunition depot, which rocked the countryside.

Unlike the similar explosion recently at the Lake Denmark, N. J., navy ammunition depot, however, no lives were lost, and the damage was said to have been confined to one magazine containing a billion rounds of small ammunition.

Most of the personnel stationed at the depot was attending a moving picture entertainment when the explosion occurred. The fire which followed the blast was quickly brought under control with the aid of apparatus from Portsmouth, but, applying one of the lessons learned at Lake Denmark, the men working to prevent spread of the flames held themselves in readiness to get away quickly if it had become apparent that their magazine could not be saved.

Another point of contrast with the Lake Denmark disaster lay in the action of the lightning. There, an explosion immediately followed the striking of a magazine, while at High Point it did not occur until two hours after the passing of an electrical storm.

It was claimed that lightning caused a fire in the building which caused a hole in the roof for some time before it gained sufficient headway to set off the top layer of ammunition.

WASHINGTON, Aug. 19. (AP)—The War Department has suffered another munitions loss from fire, this time at High Point, Va., but army officials have not yet decided whether the flames were started by lightning, as in the case of the recent explosion at Lake Denmark, N. J.

## NEW SEWERAGE SYSTEM HAS 10 LAKE OUTLETS

**All Sewers Except Three Will Be Extended From Shore Line To Boat Channel According To City Engineer**  
Sewer At Lake Pier Can't Be Extended  
Keel Of Boat Docking At Pier Would Damage Sewer Unless It Is Protected By Channel

Plans for the \$575,000 extension of the Sanford sewerage system, provided for in the city charter, are being extended from the shore to the boat channel, City Engineer Fred T. Williams told a Board of Public Works today.

One of the three sewers, for which extension has not been provided for in the charter, which empties at the head of the Municipal Pier, is the offensive odor and repulsive appearance of the sewerage system to which extension of the pier is said to object.

The city engineer's office is confronted with a problem in eliminating the odor from the pier sewer. Mr. Williams said, but he believes a solution will be found.

The four foot sewer is approximately 10 feet below the water level on the north end of the pier. This sewer cannot be extended to the boat channel in the lake, he said, unless it is lowered to a depth of 20 feet and probably laid in a channel in the bed of the lake. This construction would be necessary to protect the sewer from the keel of a boat, which would dock at the pier. The cost of such construction would be considerable, the city engineer said.

A septic tank for the pier sewer would not be feasible, the city engineer said, because the sewer sewer both as a sewage and storm sewer. The cost of a septic tank for this sewer would be heavy, he said.

The 10 sewer outlets include seven that are already in use. The outlets have been numbered by the city engineer's office and are as follows:

1. Several hundred feet west of Virginia Avenue.
2. Between Elliott and Summer Avenues.
3. Between Orange and Willow Avenues.
4. Between Sanford and Cypress Avenues.
5. Between Palmolive and Sanford Avenues.
6. Between Park Avenue and Magnolia (empties at Municipal Pier).
7. Between Myrtle and Oak Avenues.
8. French Avenue.
9. Holly Avenue.
10. East of Cedar Avenue.

The nuisance from a sewer that emptied into the yacht basin a few years ago was eliminated, the city engineer said, by the installation of a lid on the sewer at a manhole on the roof of the promenade. The sewer was only five feet below the sea wall and it would empty sewerage above the water level when the lake was low, it is said.

The lid stopped the flow of solid matter and it was later hoisted by flowing water. The solid matter would only pass through after heavy rain storms, the engineer explained.

The use of Lake Monroe in disposing of the city's sewage does not affect the health of Sanford residents, Mr. Williams said. "We don't get our drinking water from the lake," he said, "and it is not used for swimming or bathing."

## Carpenter, Steven Held For Slaying O Minister And Singer

**FOUR ARE BOUND OVER TO JURY IN SLAYING OF COP**  
Judge Bird Refuses To Dismiss Charges Against 3 Of Accused People, Ordering Them Held Without Bail

CLEARWATER, Fla., Aug. 19. (AP)—Refusing petition of defense counsel for dismissal of murder charges against three of the principals held for the killing of E. F. Blewfield at Tappan Springs Monday morning, Judge John U. Bird bound four men, Arthur Curtis and Willie Stevens, and Billie Davenport and Arthur Davenport over to the grand jury without bail following the preliminary hearing this morning on charges of murder in the first degree. Counsel for the defense asked that the charges be dismissed against Billie and Arthur Davenport and Arthur Curtis.

These witnesses were examined before a court room that was jammed to the doors with a crowd that overflowed into both halls. Many persons stood outside the railing and the court was compelled to call in order a number of times. Witnesses were emptied of persons who sought out of vengeance there by the order of the court.

By E. W. Barnett of Tarpon Springs, who examined the body of the slain man, was the first witness called. He said that the policeman died of a wound caused by a gun-shot and described the manner in which the bullet entered the body and pierced the heart.

He probed the wound, he said, and found the bullet, which was turned over to the authorities. He testified that the bullet was made of steel and of a large caliber.

## List Includes Blaney, Boston Who Went Down Last June

**7 Hurt Americans**  
Passenger Making Trips The Channel

N. Ave. 19. (AP)—An Italian boat, when a French plane crashed into it at Abington, Va., yesterday in forced landing.

The boat, carrying seven Americans, was on a trip to the Channel. The plane was flying low over the water when it crashed into the boat, causing it to sink. The Americans were rescued and taken to a nearby shore.

## U. S. AUTHORITIES BETTER SEWAGE DISPOSAL URGED

**PROBE CANTON, O. RUM SITUATION**  
BY J.G. LEONARDY

Commission Should Use Some Of Beautification Funds To Rid City Of Lakefront Nuisance, Says Attorney

The city has been engaged in a campaign of beautification, but it is urged that some of the funds be used to clean up the lakefront. The city engineer's office is confronted with a problem in eliminating the odor from the pier sewer.

## Former Policeman Is Charged With Liquor Law Violation

**Alleged - Slayer Of Publisher**  
CANTON, Ohio, Aug. 19. (AP)—The federal grand jury at Canton, Ohio, charged a former policeman with a violation of the liquor laws. The charge is based on the fact that the man, who is alleged to be the slayer of a publisher, was found in possession of liquor.

## Alleged Husband Appears

CLEARWATER, Fla., Aug. 19. (AP)—A man claiming to be the husband of Billie Davenport, one of four persons held here on murder charges in the slaying of E. F. Blewfield, appeared following the preliminary hearing held here today. Billy Davenport had been posing as the wife of Arthur Davenport, one of the two men held.

## Widow's Brother And Cousin Bound Over To Await Action Of County Grand Jury

SOMERVILLE, N. J., Aug. 19. (AP)—Henry Carpenter and Willie Stevens, were held for the grand jury today on charges of having murdered Rev. Edward Wheeler and Mrs. Eleanor R. Miller.

## Special Session Of Jury Contemplated

Prosecutor Will Move Mrs. Hall's \$15,000 Bond Be Revoked

The regular grand jury is in permanent session and called in a few days. A special prosecutor said he would present his case to the grand jury "because the members talked too much about the case."

## Wells Supply City With Water Needed

Sanford's entire water supply is drawn from the municipally owned wells south of the city, according to Dr. C. W. Baker, city food inspector. The new well has been in use for a week now and the flow is sufficient in addition to the other wells to take care of the present consumption. Until the new well was put into operation, water was being pumped from Lake Ada.

## Senator Means Named Head Of Spanish War Vets At Des Moines

DES MOINES, Iowa, Aug. 19. (AP)—A hero of Manila today took up the gravel at the national convention of his comrades of the United States Spanish War Veterans brought their convention to a close.

## Chorus Girls Blamed For Downfall Of Man Who Admits Big Theft

NEW YORK, Aug. 19. (AP)—Chorus girls and detective stories were blamed for his downfall by George W. Ford today when he admitted in the police line-up that he was the man wanted for \$8,000 robbery of the Peninsula state bank of Highland Park, Mich., last July.

## Prohibition Is Main Factor In Health Of U. S. Report Shows

THREE RIVER FALLS, Minn., Aug. 19. (AP)—Even with the heavy toll of poisonous bootleg liquor, the nation's health is better than in pre-prohibition days, Mrs. Ella A. Boole, national president declared today in a message to the Minnesota state convention of the W. C. T. U. Her conclusions were based on researches just completed by the organization, embracing the entire country and covering a period of 25 years.

## Two Young Bandits Elude Posses After Series Of Robberies

PUEBLO, Colo., Aug. 19. (AP)—Two boy bandits, Lester and Forrest Genee, aged 18 and 14, are eluding posses of the Jesse James gang in this section, including at least a half-dozen posses.

## Alleged Slayer Of Own Daughter Will Be Sentenced Today

SEATTLE, Wash., Aug. 19. (AP)—The fate of Wallace Claude Gaines, accused of murdering his 22 year old daughter Sylvia by beating and choking her, is expected to be placed with a superior court jury here today.

## Georgia Banks, Recently Closed, To Reopen Within Thirty Days

ATLANTA, Aug. 19. (AP)—The Georgia banks, recently closed, are expected to reopen within thirty days.

## Murder In Ybor City Unsolved By Police

TAMPA, Fla., Aug. 19. (AP)—Remains of H. E. Woods, who died here yesterday from a fractured skull, will be sent to his home in Charleston, W. Va., Saturday, it was stated today.

## SEVEN DIE IN WRECK

BEIJIN, Aug. 19. (AP)—At least seven persons, including five passengers, were killed and several injured today when the Berlin-Cologne Express was derailed near Lehrte. The train was traveling 50 miles an hour when the derailment occurred.

## High Voltage Wire Electrocutes Man

RICHARD O. HUGHES, 25, was killed by electrocution late Wednesday afternoon when he came in contact with a high voltage wire at the plant of the Florida Power & Light Company. The body will be sent to Red Level, Ala., at 4 o'clock, Friday afternoon, according to Miller & Erickson, morticians, who are in charge of the body.

## Synthetic Food From Sun And Air May Be Solution To Overpopulation

WILLIAMSTOWN, Mass., Aug. 19. (AP)—Synthetic food, taken from the light of the sun and from the nitrogen of the air by chemicals, will be resorted to in solving the world's food problem as population increases, Dr. H. E. Barnard, president of the American Institute of Baking, predicted today.

# FORMER CIRCUS PERFORMER IS HELD IN KILLING

**Karl Wagner, Once Sentenced To Die In Electric Chair And Wanted For Slaying 6 Others, Nabbed In Arkansas**

**Accused Is Tired Of Being Hunted, He Says**

**Slaying Of 2 Brothers And Wounding Of Another Was Outgrowth Of "Rum" Party**

TEXARKANA, Ark., Aug. 19.—(AP)—Karl "Kinnie" Wagner, 23, former circus performer and erstwhile desperado, once sentenced to die in the electric chair and said to be wanted in connection with the slaying of six men, is confined in jail here today as the climax of his latest episode, having surrendered to Sheriff Barber, because he said "I'm tired of being hunted. I don't want to dodge people anymore."

Wagner, hunted since Tuesday night in connection with the slaying of Sam Carper and Willie Carper, and the wounding of Bob Carper on a farm near Texarkana, was charged here today with murder in two cases.

Physicians attending Bob Carper say that he will live. Wagner told officers that he would have killed Bob Carper also, but that it was too dark. He could not see how to shoot straight, he said.

Drinking Party Led To Shooting  
The shooting was said to have been the outgrowth of a drinking party in which all were participating.

Wagner, known here as Harvey Logan, or "Texas Slim," told Sheriff Barber that he had killed two men in Kingsport, Tenn., and had been convicted and sentenced to die in the electric chair, but escaped from jail while an appeal was pending in the case.

According to reports from Kingsport, Tenn., Wagner is wanted there for the slaying of two officers and the wounding of a third in April, 1925. Shortly after his arraignment he led a jail break and escaped. A reward of \$5,500 was offered for his capture.

In Mississippi, Wagner was reported charged with the deaths of two officers who attempted to prevent his breaking out of the Pearl River county jail. It was about a year ago.

Mentions Only One Killing  
In his statement, however, Wagner mentioned only one killing, that of the officer at Lakesville.

"I have never been arrested for stealing or been in jail on any other charge than killing," Wagner told Sheriff Barber. "I have traveled over this country working on farms and it was in Mississippi that I killed my first man. It happened at Lakesville.

"I immediately made my escape from Lakesville and officers failed to locate me. Several months later I landed at Gate City. Soon after that I went across the border into Tennessee where I killed two more men and shot another.

Secured a New Trial  
"I shot the men before they killed me. I fired straight in front of me at the first man and turned the pistol over my shoulder to kill the second man.

"They got me for this killing. I was tried and sentenced to the electric chair. My lawyer made a motion for a new trial. He told me that if the thing could be dragged a year before a new trial would be granted, I would be acquitted. I got a new trial but while waiting for the hearing I decided to break jail with a gang of others. So I made my escape."

### Nominated

W. Stewart, Sioux City, Mo. attorney, was nominated by Iowa Republicans to fill the unexpired term of the late Senator Albert B. Cummins. His nomination marked a victory for "regular" Republicans over Smith W. Clark, who beat Cummins in the last primary.

### Ford Trophy

This silver trophy, the gift of Edsel Ford, will go to the winner of the airplane reliability tour, which starts at Detroit Aug. 7. The tour is expected to develop commercial aviation.

### PLANS ALMOST COMPLETE FOR INDIAN'S DANCE

**Most Colorful Religious Ceremony On Continent Is Hopi Indians' Famous Snake Dance**

FLAGSTAFF, Ariz., Aug. 19.—(AP)—Preparations are almost complete for the annual observance of the oldest, most colorful religious ceremonial on the North American continent, the world-famous Hopi Indian snake dance.

In all the world there is no ceremony like this. It is a religious rite performed exactly as it was, twenty centuries ago, a strange relic of the old stone age, when the dividing line between magic and religion was not clearly defined.

It will be witnessed by travelers from distant places. Men will come in automobiles, complicated products of the up-to-date Twentieth Century, to watch the desert Indians perform rites that were time worn when Europe was an unpeopled wilderness.

A Prayer for Rain  
The snake dance is an annual prayer for rain, an invention to the gods that live in the sky and control the clouds and to the gods that live under ground and control the springs and rivers, joined in by the residents of six Hopi villages on a long mesa north of here.

First the Snake and Antelope clans meet to study various meteorological signs and determine the date for the dance. This year's ceremony has been set for Aug. 21. Then come many days of preparation. In no Christian church are preparations for a sacrament more carefully made.

A town crier announces the date from the house-tops. The priests of the Antelope clan meet to set up the altar. They make a mosaic of different colored sand, which are sprinkled on the floor, with clouds and lightning represented symbolically.

Then the prayer sticks are made, with prayers and invocations at each step of the procedure. Each participant smokes the sacred pipe, and the altar is consecrated and blessed morning and night. Sixteen songs are chanted each day, to the accompaniment of rattles shaken by the priests.

In the snake "kiva," a sort of underground council chamber, the snake charm liquid is made. An Indian basket is placed on a special altar. In it are placed shells, charms, crushed nuts, and sticks. A priest, with much chanting and ceremony, pours water into it from the north, east, south and west.

Other priests circle about it, chewing some desert herb and putting the liquid in the basket. Priests Are Annointed  
At last the charm wears completion. Each priest waves a "snake stick," with eagle feathers attached, and the sacred pipe is lit, the smoke being blown into the liquid. Four songs are chanted. Then the little chamber rings with the fierce Hopi war cry, the head priest mixes the liquid with corn meal, sprinkles it to the four points of the compass, kneads it with white clay, and rubs the resultant paste on the bodies of all the priests.

This ceremony is supposed to protect them from snake bites in the dance that is to follow. All of these ceremonies are performed by priests of the Antelope clan. While they are thus engaged, the men of the Snake clan go north, east, west and south to catch the deadly rattle snakes for the snake dance. When a rattlesnake is found a prayer is offered, meal is scattered on it and it is seized alive and brought back to the village. The Indians catch the snakes with uncanny skill. Four days are consumed in this snake hunt.

### Heaviest Rainfall In 7 Years At Key West

MIAMI, Fla., Aug. 19.—(AP)—Key West had 8.00 inches of rainfall during the 24 hours ending 8 o'clock this morning, according to United States weather observer R. W. Gray, Miami. This, from incomplete records, was the heaviest fall since 1919, when in October 11.06 inches were registered for a 24-hour period.

### Strike Confab Falls Through

LONDON, Aug. 19.—(AP)—Negotiations between the British mine owners and British miners which had been looked to bring peace in the long coal tie up collapsed shortly after they opened this afternoon.

### MARKETS

NEW YORK, Aug. 19.—(AP)—Buying of representative railroad motor and oil shares imparted a firm tussle to the opening of today's stock market. Chesapeake & Ohio and Norfolk & Western were in the forefront of the advance among investment rails.

Reports made to President Coolidge of nation-wide prosperity, as demonstrated by the barometer of mail-order sales, were favorably received in the stock market and were instrumental in the resumption of active buying for both accounts.

Both chain-store and mail-order issues took an active part in the early upturn of prices. Special considerations prompted renewed bidding for Mack Trucks, Pease-Arrow Pfd., General Asphalt and Tobacco Products, all of which reached the highest levels on the current rise. Prospects for a revision of U. S. rates in the West, combined with the steady expansion of the crop movement, stimulated buying of the grain carriers, such as Chicago & Northwestern and Pere Marquette.

U. S. Steel and other recent leaders continued to lose ground. Ford and General Motors, trading with Belgium and French francs holding well above 2 1/2 cents Sterling, was unchanged.

The buying movement was broad and confident in the morning and widened in several of the industrial shares. Virtually passed unnoticed as a market in fluence, U. S. Steel went down 1/2 point to 15 1/2. The lowest since it began its recent set back General Motors lost a similar amount and Mack Truck relinquished all of its early advance.

Oils spurred up briskly and the southern and southwestern railroads were accumulated on a large scale. Missouri Pacific touched 4 1/2 and Chesapeake & Ohio 15 1/4, both new highs for the year. The renewal rate on call loans was retained at 1 1/2 percent.

NEW YORK, Aug. 19.—Cotton futures opened easy, Oct., 16.00; Dec., 15.75; Jan., 15.75; Mar., 17.00; May, 17.12.

JACKSONVILLE, Aug. 19.—(AP)—Conditions and quotations on the Jacksonville market today as reported by the Florida State Marketing Bureau: Supplies of all miscellaneous vegetables light, demand moderate; market about steady.

Beans: 7 1/2 bu. hump, fancy Kentucky Wonder, 3.50@4.00; Egg-plants: Std cuts fancy, 2.00 @2.50; Okra: 7 1/2 bu. hump, fancy, 1.75 @2.25; Peppers: Std cuts fancy, 1.50@2.00; Sweet potatoes: In sacks, per cwt., 5.00; Tomatoes: Maryland 6s, fancy, 2.50@3.00; Eggs: Fresh, infertile whites, case for 12, per dozen, 15c.

CHICAGO, Aug. 19.—Potatoes: Trading active; market strong, except 58 cents on track, 119; total U. S. shipments, 123 cars; King and Missouri sacked fresh Colorado, 2.75@2.50; Minnesota sacked Early Ohio, 2.65@2.75.

CHICAGO, Aug. 19.—(AP)—Influenced by unexpected weakness of quotations at Liverpool, the wheat market here averaged lower today during the early dealings. Complaints of excessive rains northwest, however, tended to give wheat values here a firm undertone. Starting at 3 1/2 decline to a like advance, wheat underwent a moderate general surge. Corn and oats were easier, cuts opening 1/2 cent off and subsequently receding a little more. Provisions scored gains.

CHICAGO, Aug. 19.—Close Close Opening Yesterday Year ago Today

### TIRED, TENDER FEET

JUST take your shoes off and then put those weary, shoe-crinkled, aching, burning feet in your warm, clean, soothing "TIZ" bath. When your feet feel like lumps of lead—all tired out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions. There's nothing like "TIZ." It's the only remedy that draws out all the poisons and acids which puff up your feet and cause foot torture. A few cents buys a box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel.

Bathe Them in TIZ

### Extra Set Matches Feature Tennis Play

FORESTHILLS, Aug. 19.—(AP)—Miss Penelope Anderson, of Richmond, Va., Miss Martha Bayard, of Short Hills, N. J., and Miss Margaret Blake of Boston, reached the quarter finals of the women's national tennis championship today with hard fought victories.

Miss Anderson required an extra set. Remarkable recoveries by Mrs. S. H. Toser of New York carried the match to thirty games before the southern girl's superior driving triumphed at 9-7, 6-7, 6-4.

Miss Blake also had to go three sets to win over Mrs. W. H. Pritchard, of New York 3-6, 6-1, 6-1, while the New Jersey player put out Miss Mildred Willard of Philadelphia 6-4, 7-5.

### Old-Time Parlor No Place To Stage Love Scene Of Modern Day

HOLLYWOOD, Cal., Aug. 19.—(AP)—The old-fashioned parlor with its puritanical atmosphere is no place to stage a modern love scene, even in a picture film.

The background for a scene embracing amorous liberties must be in sophisticated harmony not to offend picture audiences.

Conscience, boorish love in a castle would appear ludicrous on the screen," said Charles Catwaller, art director at the studios here. "A love scene in the film is secondary to a room which is ultra-daring."

### Chrysler Standardized Quality

Guarantees Greater Value to the Car Buyer

Large quantity production has long been standardized—quality standardization has been accomplished for the first time in motor car manufacturing by Walter P. Chrysler.

Merely building several cars is one thing. Building four lines of cars under one name and one management in one unified group of plants on a rigid system of quality standardization is a totally different thing.

Chrysler manufacturing, like Chrysler engineering, is different from ordinary manufacturing—radically and immeasurably different in principle and practice.

50, 60, 70, Imperial 80—These car numerals attached to the name Chrysler mean miles per hour and they mean something vastly more important than that in creating value.

They mean a common basis of quality for all four lines of cars—a rigid system of close measurement and fine manufacturing applied alike to each and

everyone of the four lines—a common source of engineering skill—a division of overhead and operating costs—a combination of buying resources—magnificent system of special machines and special processes devised to insure invariable accuracy in the manufacture of all four lines of cars—a positive protective process of guaranteeing the owner exactly the same basic quality no matter what price he pays or which Chrysler car he buys.

Certainty of unsurpassed performance is thus built into every Chrysler car, no matter what its price classification.

The Chrysler plan makes possible greater value for the investment than has heretofore been dreamed by the automobile buyer.

At one step it eliminates "purchase risk" and makes possible the purchase of either the lowest-priced or the highest-priced Chrysler with the positive assurance that the quality in each is equally unquestionable.

Chrysler Model Numbers Mean Miles Per Hour

McCoy's Puts Weight on Weak Skinny Men

Hollows in cheeks, hollows in the sides of neck, flatness in chest—why don't you do something to make yourself look like a real man?

McCoy's Cod Liver Oil Compound Tablets puts on weight where weight is needed, not only that but they build up your general health and you grow stronger, more energetic and get plenty of ambition.

One woman gained 15 pounds in six weeks and if any underweight man or woman doesn't gain 15 pounds in 30 days with McCoy's Union Pharmacy or the druggist from whom they purchased them will gladly return the purchase price, 50 tablets 50 cents, Ask for McCoy's—they are sugar coated.

New Hudsons NOW SHOWING

The Super-Six Greatly Improved in Chassis and New Bodies

These beautiful new Hudsons—the Sedan, Brougham and the Coach—overshadow all the great Super-Sixes of the past.

Each is more striking and distinctive in appearance. Each is a triumph of body quality, comfort and price advantage.

For more than 11 years the patented Super-Six principle has given outstanding performance and reliability to over 850,000 owners.

This long experience and vast production have brought about not only a much finer car in every particular, but also have resulted in economies of manufacture and distribution that give amazing price and value.

These new Hudsons are commanding a greater attention than any preceding model because they far excel any previous achievement of our history.

- The COACH \$1195
The BROUGHAM \$1495
The 7-Passenger SEDAN \$1595

Seminole Hudson-Essex Company
11 Lee Street, Oak Avenue

a vacuum cleaned crank case

The new Vacuum Ventilator in the 1927 Buick removes crankcase vapors, and protects closed car passengers from engine fumes and smoke.

Come in and see the Vacuum Ventilator and the many other features of the Greatest Buick Ever Built!

The GREATEST BUICK EVER BUILT

Sanford Buick Co. Magnolia Avenue

NO GUESSING

Even inexperienced buyers can tell that our prices are fair, because we have an unerring method by which they themselves can determine the age and value of any Dodge Brothers Used Car in our stock.

Miller O. Phillips, Inc. Oak and 2nd St. Phone 3, Sanford, Fla.
