

CURBSTONE GLEANINGS

BUDGET OF OPINION "JUST BETWEEN YOU AND ME."

EVEN THE GATE POST NOT IN IT

A CHIEF IS AMONG YE TAKING NOTES AND FAITH. "HE'LL PRENT 'EM"—SO SAYS SAUNTERER.

The Candidate
The following from the Washington Star is of considerable interest in these days of political agitation and candidature:
Talk to him tenderly. Treat him with care.
Pack up his suit case and hand him his fare.
Give him a full book of speeches to quote,
Put in some flannel to bind his throat.
Bring forth the liniment. Heal up the twist.
Voters will leave in his hand-shaking wrist.
Listen politely and don't let him see you're wondering what your appointment will be.
Many are watching his march in the fray.
Who look for advantage if things go his way.
He must toll and stand guard over your hopes and your fears,
And you think you've done well if you give him three cheers.

Charley Chaplin, the movie comedian has just signed a new contract and thereby saved the motion picture magnates from nervous prostration. They have been negotiating with him for several weeks, and now John R. Fugeler, president of the Mutual Film Corporation has caught the big fish for:
\$4.46 a minute; or,
\$268 an hour; or,
\$2,147.00 a day; or,
\$22,884.00 a week;
\$670,000.00 a year.

No Person in the world, other than a king or an emperor, unless Charles M. Schwab is president of the United States Steel Corporation was an exception, has ever received half that salary.
Charley Chaplin is twenty-six years old.

I hope this does not start any Sanford youngsters to emulating Charley, even if the wages are enticing.

Sometimes I speak softly about the appearance of some of our streets and alleys. It is always done with the gift postal in my hand, there are 1425 when it is almost impossible to keep our yards and houses as clean as we would like. But that the back yards generally suffer in the big clean up is self evident not only in this city but every city, hamlet and village in the country. It evidently happens in Starke because the following is copied from a Starke paper:

Starke has her share of what is called "mesty men" people. Their idea of cleanliness comes to light every time the ladies of the Civic Club are forced to declare a clean-up of the town. The front yards are raked, also sometimes the streets in front of the premises, but, mercy on the backyards! There the filth, gathers up to stay forever and day. Some of the women of Starke screen their rooms and keep everything as "neat as a new pin," then—pour dish water out of the kitchen windows. Some of our merchants keep their stores very clean and orderly, but their backyards are so littered up with old boxes, barrels, gunny sacks, old paper and sweepings, till the customers, did they enter the stores through the back doors, would be disgusted and look for cleaner places.

I understand that the city dock will not be repaired any because it will soon be torn up and a brick street laid there. This is all right but at the side landing place where the ferry boat is obliged to land in rough weather there could be some repairing done that would keep the passengers from breaking a leg or falling into the water. Nothing expensive, but just a few boards nailed down across the holes and bad places. The strangers coming over in the ferry boat every day do not know that the dock will soon be torn down to make place for a new one and the dilapidated appearance of the landing place does not speak well for the city at present. We should hurry on this work and get the city dock in good shape as soon as possible, for this lake front is the face of Sanford and every stranger is looking at it.

There is talk of a celebration here the week of March 20th, just to live up the old town and keep all of us from getting rusty and I think it would be a good thing.

Sanford should have a celebration at least once each year and keep the town on the map. The real benefits of these big celebrations cannot be computed in dollars and cents. It brings people to this city that would not come here otherwise and while the shows take out some money they also leave money here and put other money into circulation that is idle money unless started in circulation. I believe in entertaining not only strangers once a year but also in entertaining our own people once a year. If we do not entertain them they go elsewhere to be entertained and spend their Sanford money in other places. It is nice to talk about a quiet city with no noises but the noises get the money and that seems to be what all of us are after, and it is useless to deny the charge. Let us have a big celebration and enjoy ourselves for a week and no one will be any the worse for the joy ride after it is over. It will also get us together on the question of a Seminole county fair and other good things for the city and county.

The following from the Arcadia Enterprise is worthy of more than passing notice here in Sanford:

We understand the Commercial Club is considering the matter of getting out some expensive literature to boost the town and country and attract home seekers. In our humble opinion we need promotion much worse than publicity and the money we might spend for expensive literature could be used to better advantage in other ways.

We have not been able to permanently locate all the home-seekers who come among us without being attracted by publicity and until we are able to do this why waste money for literature?

Would not a small leaflet setting forth the attractions and advantages that appeal to the prospector, be useless with correspondence, answer every purpose? All inquiries concerning lands should be available to real estate members of the club and they should be able to give the prospector any detailed information concerning the country.

One can find stacks of antiquated literature, gotten out by former or present members of the club, and that cost some a good dollar or more from the use made of it. It was gotten out more for the benefit of the printer than for publicity purposes.

The erstwhile Chamber of Commerce directed its efforts during the past year to promoting its industry in this vicinity. The results of that work was worth more to the business interests of the town and the development of the country, than all the money yet spent by our people for publicity purposes. Yet the work was seriously handicapped for lack of funds. With our new and united organization at work along this line of promotion the results would be tremendous.

In order to encourage investments in our lands we must promote and develop the trucking industry and insure the permanent success of those already engaged in it. We cannot and should not locate a new citizen where an old one has made a failure. We cannot assure any great measure of success in the trucking industry until the growers are organized into a systematic working body. They must adopt cooperative methods of growing, gathering and marketing, just as other trucking centers have done before they can hope for large results. When this is done our lands will sell without publicity.

They need all the help the Commercial Club can render. The funds of the club devoted to this work will be well spent and prove more effective, even in the matter of publicity than any literature they might scatter abroad while they are neglecting this important promotion work at home.

Just at this time when there are wars and rumors of wars the subject of partitionism is one that is near and dear to our hearts. Lyman Abbot expresses it in the following: "A nation is made great, not by its fruitful acres, but by the men who cultivate them; not by its great forests, but by the men who use them; not by its mines, but by the men who work in them; not by its railways, but by the men who build and run them. America was a great land when Columbus discovered it; American shaves made of it a great nation."

In 1776 our fathers had a vision of a new nation "conceived in liberty and dedicated to the proposition that all men are created equal." Without an army they fought the greatest of existing world empires, that they might realize this vision. A third of a century later they fought the greatest navy in the world that they might win for their nation the freedom of the seas. Half a century later they fought through an unparalleled Civil War that they might establish for all time on this continent the inalienable right of life, liberty, and the pursuit of happiness. A third of a century later they fought to emancipate an oppressed neighbor, and victory won, gave back Cuba to the Cubans, sent an army of schoolmasters to educate for liberty the Filipinos, asked no war indemnity from their vanquished enemy, but paid him liberally for his property. Meanwhile they offered land freely to any farmer who would live upon and cultivate it, opened to foreign immigrants on equal terms the door of industrial opportunity, shared with them political equality, and provided by universal taxation for universal education.

The cynic who can see in this history only a theme for his egotistical satire is no true American, whatever his parentage, whatever his birthplace. He who looks with pride upon this history which his fathers have written by their heroic deeds, who accepts with gratitude the inheritance which they have bequeathed to him, and who highly resolves to preserve this inheritance unimpaired and to pass it on to his descendants enlarged and enriched, is a true American, by his birthplace or his parentage what it may.

AMONG THE THEATRES

Chit-Chat of the Play Houses in Sanford

Edmund Bresse Tonight
"The Lure of Heart's Desire," a marvelous five part Metro wonder-play, produced by the Popular Plays and Players and starring Edmund Bresse, the powerful dramatic actor will be seen here tonight at the Star Theatre. This photoplay abounds with novel and interesting scenes. The story deals with romance and intrigue, in the Alaskan wastes and in sharp contrast, life in New York's fast society set. Mr. Bresse is supported by a strong cast including Arthur Hoops, Jeannette Horton, Evelyn Brant, John Mahon and other stage and screen artists of prominence.

"The Plunderer" a Famous Actor
Few American actors are better known both here and abroad than William Riley Hatch, who takes the powerful part of "Bully" Presby in the Fox Film Corporation's, William Fox, President, production of "The Plunderer" by Roy Norton. His last stage triumph was PAID IN FULL in which he played Captain Williams. Mr. Hatch has been on the stage thirty years and had played more than 300 parts. He had been before that an artist, a church singer, concert performer, musical comedy star, in "The Chinese Honey-moon," and legitimate actor. Now under the management of William Fox, who has enlisted in his service practically every great star, Mr. Hatch has turned to the silent stage. His work as Lon Cronk in the Fox production of "From the Valley of the Missing" will be recalled with pleasure by all lovers of the photoplay. His work in "The Bird of Paradise," "The Master Mind" and "The Squaw Man," as well as in the leading roles with William Gillette, all combine to make Mr. Hatch the most eminent of character actors. Few who have admired the splendid oil portrait of William Gillette in the lobby of the Empire Theatre, New York know that it is the work of this versatile actor.

The Great Divide
Under the direction of Edgar Lewis, the newly engaged producer for the Lubin Company, the company numbering sixteen with camera men, carpenters and guides were quartered at the bottom of the Grand Canyon of Arizona for more than four weeks in the taking of the remarkable exterior scenes of the

William Fox's "Plunderer" with William Farnum, at Star Wed. March 8th

Wanted—Palmetto pine or cypress logs. E. Sherman, Sanford Boat Yard. 55-3tp

production, which have been generously praised as the most beautiful scenic views ever shown on the screen.

"The Great Divide" is heralded as one of the most expensive productions which has been produced by any of the makers of motion pictures and it abounds with thrill upon thrill and a standard of photoplaying which bespeaks credit for every one of its cast from the stars to the most humble player.

Manager Herndon of the Star Theatre has booked "The Great Divide" as the attraction at the Star Theatre on Thursday, March 9th.

Exquisite Marie Doro Stars in "Diplomacy"

If you had married the most beautiful girl that you had ever seen in your life, after a romantic courtship in which you never even stopped to ask her who she was or where she came from, and if, after you had been married only a short time, every bit of evidence that you could find pointed to the fact that she had betrayed you and stolen war plans with which you had been entrusted for a foreign spy—would you believe her guilty?

That is the situation in "Diplomacy," the adaptation of the great

Sardou drama in which Marie Doro is being starred by the Famous Players Charles Frohman Company on the Paramount Program. It is the attraction at the Star Friday, March 10. This is not the first time that the exquisite Miss Doro has played the role of the mysterious Dora, for she co-starred with William Gillette and Blanche Bates in the celebrated revival of the play at the Empire Theatre last year, when she was declared to be the star of the production.

THE GREATEST FARM SECTION IN THE STATE

PEOPLE OF SANFORD DO NOT KNOW OF THEIR POSSIBILITIES

C. M. Berry, our efficient county demonstration agent is one of the happiest men in the county today.

The agents attended a group meeting at Eustis, Tanawee and Leesburg on Monday and Tuesday and were chiefly interested in the growing of Natal hay in Lake county.

Mr. Berry is also greatly interested in the silo proposition as this section raises better corn than any other section of the south.

The proposition is a good one and will be tried out here this season. It undoubtedly means that another good field has been opened for profit for the stock raiser and the grower.

The demonstration agents here Wednesday told Mr. Berry that the St. Johns river valley was undoubtedly one of the best cattle ranges in the entire south and backed up by the productive farms, cattle, hog and sheep ranches, citrus fruits and general farming propositions the Sanford section had untold possibilities.

R. B. Fox Leaves Sanford. R. B. Fox, Jr., who has held the position of bookkeeper and clerk in the offices of the Virginia Carolina Chemical Company of this city for the past two years will leave March 25th for Dallas, Texas, where he has accepted a very fine position with the Stone & Webster Engineering Corporation, former employers.

While the many Sanford friends of Mr. Fox will regret to lose him as a citizen of Sanford, they all wish him well in his new position. A young man with a pleasing personality, he has made many friends here and it is only on account of the fact that his people are living in Dallas that he is leaving.

The position made vacant by the resignation of Mr. Fox will be filled by a Mr. Davis, who comes from Columbia, S. C.

Stetson Won Debate. Members of the Stetson Literary Society won a very interesting debate last night at the University auditorium from Sanford High School.

The question, "Resolved: That it is unnecessary for the President Commission to increase the Facilities for National Preparedness" was treated in every phase possible, the arguments were good, as was the delivery.

Speakers for Sanford were Hume Rumph, Lucille Rines and Marian Gunn for Stetson were Earl Schullin, Frances Field and Clait Lewis.

Two Men Hunt Home. The two men who were arrested last night for the murder of a woman in the city of Sanford are still in the city.

Poor Sanford Celery. The poor quality of celery in Sanford is a matter of common knowledge. The growers here should be instructed in the proper methods of growing and marketing celery.

Takes Personal Charge. S. J. Carnes, owner of the Carnes Hotel in this city has arrived from Tampa and will take personal charge of his property in this city.

Death of Masey Robinson. Word was received in the city this week of the death of Masey Robinson, who died in Lakeland the early part of the week.

Building New Home. J. B. Calder, the genial agent for the Clyde Line is having a nice home erected on Sanford avenue, having recently purchased the lot from the Realty Trust Co. S. O. Shiholzer has the contract and it is rumored that this is only the beginning as several other homes will be built in this subdivision in the near future.

DELEGATION OF FLORIDA WITH WILSON

OUR REPRESENTATIVES VOTED WITH OUR PRESIDENT

All of the Florida members of the house of representatives who are here—Sears, Wilson and Sparkman—stood by President Wilson, and voted for the adoption of the rule of the armed ship resolution.

Washington, March 7. President Wilson's stand that congress should not advise Americans to abandon their rights to travel the seas on merchant ships armed for defense in accordance with international law was endorsed in the house today by two heavy test votes on the much-discussed McLemore resolution.

By substantial majorities the administration forces defeated attempts to amend the resolution to the effect of the President's opposition and put it squarely before the house without amendment, for a final vote.

The resolution will have the effect of authorizing the President to suspend the operation of the laws of the United States in the event of a national emergency.

The purpose of the meeting was for the purpose of approving bonds of clerk and collector and treasurer and assessor, and such other business as may come before the council.

The bond of clerk and collector was here placed at \$2500.00 and the bond of treasurer and assessor was placed at \$5000.00.

The bond of R. C. Maxwell as treasurer and assessor was presented, read and approved. Sureties, Fidelity and Deposit Company of Maryland.

Resolved, That the city attorney pro tem, Thos. E. Wilson, be instructed to take this case to the Supreme Court and to secure such legal assistance as is necessary to secure decision of the Supreme Court on the points at issue.

AUTO PARADE FEATURE OF BIG FESTIVAL

VALUABLE PRIZES TO BE GIVEN FOR AUTOS ON TUESDAY

All the auto owners in Seminole county are requested to get busy and study up on decorations for on Tuesday, March 21st, the second or Opening Day of the big Spring Festival and Celery Fair there will be a big auto parade that promises to eclipse anything that has ever been arranged in this part of Florida.

The auto parade given here at the Seminole County Fair was one of the best advertisements that this city ever had and received favorable comment from all the visitors.

The committee has written to the auto supply houses and a nice list of prizes will be given to the winner. Sanford merchants will also give prizes and with the cash prizes the auto owners will be amply repaid for their time.

The president stated the object of the meeting was for the purpose of considering the case of A. A. Preston vs. City of Sanford.

Whereas Judge Perkins has seen fit to sustain contention of A. A. Preston that under his appointment by D. L. Thrasher, Mayor of the City of Sanford, in 1914, that the said Preston can hold office of treasurer and assessor of said city for an indefinite term, unless removed for cause, and that because the Honorable J. D. Davison, Mayor of the City of Sanford did not appoint a new treasurer and assessor on the day he was sworn into office, therefore the old treasurer and assessor held over for another term, and whereas we consider this is contrary to our charter and a section of the state Constitution which provides that the legislature cannot create any office the term of which is longer than four years, and contrary to another section thereof which provides that officers must hold over until their successors are appointed and qualified, therefore be it

Resolved, That the city attorney pro tem, Thos. E. Wilson, be instructed to take this case to the Supreme Court and to secure such legal assistance as is necessary to secure decision of the Supreme Court on the points at issue.

Resolved, That the city attorney pro tem, Thos. E. Wilson, be instructed to take this case to the Supreme Court and to secure such legal assistance as is necessary to secure decision of the Supreme Court on the points at issue.

on the 6th of March, A. D. 1916 at 7:30 p. m. Present; B. W. Herndon, president; Alder, W. C. H. Dingee, F. L. Miller, D. G. Monroe, Jno. Adams, W. W. Abernathy.

Minutes of last meeting read and adopted.

Communication from Zachary Crate & Novelty Works and Virginia Carolina Chemical Co., in regards to fire hydrant, was read and clerk instructed to notify the same that their request will be attended to.

Mr. Lake and others came before the council and asked the council if they had any objection to the promoters of the Spring Festival using certain streets for the fair.

Mr. Lake also asked the city council to donate \$150.00 for Fair, and on motion said request was granted, provided the county donated \$250.00.

Mr. Fitts came before the council and stated he wanted a phone at his home and asked the council if they could get the Southern Bell Telephone Company to put one out there.

The communication of Jay H. Beck in regards to Marshall Laundry, stating being dangerous on account of flying sparks was read and referred to fire committee for attention.

Report of sanitary inspector was read and ordered filed.

Report of chief of police was read and ordered filed.

Report of clerk and collector was read, showing collections for the month of February, 1916, to be \$1804.44 and ordered filed.

An ordinance amending Section 243 of the Revised Ordinances of the city of Sanford was placed on its first reading and passed.

It was then read in full and placed on its final reading and passage.

An ordinance amending Section 246 of the Revised Ordinances of the City of Sanford, of 1914, was placed on its first reading and passed.

It was then read by title and passed.

An ordinance regulating the use of streets of the city of Sanford, Fla., was placed on its first reading and passed.

It was moved and seconded that the rules be further waived and that it be read in full and placed on its third reading and final passage.

It was moved and seconded that the rules be further waived and that it be read in full and placed on its third reading and final passage.

PRESIDENT DOES NOT WANT WAR

SEN. STONE SAYS THAT HE IS ANXIOUS FOR WORLD PEACE

Washington, D. C., March 9.—Senator Stone of Missouri, chairman of the senate foreign relations committee, declared in the senate today after a conference with President Wilson last night: "That so far from the President desiring to involve this country in this disastrous European war, his supreme wish is to avoid that calamity."

"I have a notice standing on the calendar that I would on tomorrow address the senate on the subject of armed merchant ships," Senator Stone continued. "With much care I had prepared a speech which I purposed to deliver. There are potent reasons why I would be glad to lay these matured views on this and correlated subjects before the senate; but some of my colleagues have expressed to me their belief that it would be better if I should defer the delivery of this address for the time being."

"I recognize the force of what they have said to me and in fact sympathize with their suggestions. Last night I had another very frank talk with the President. I am sure I will not offend if I say that so far from the President desiring to involve this country in this disastrous war his supreme wish is to avoid that calamity. I may not be in accord with some of his views but it should be impossible for any senator to believe that the President has so changed the attitude he has so long maintained as an advocate of peace as to wish now to make this country a party to this conflict."

"I have from the first been earnestly opposed to having any of these questions presented in any formal way to the senate and I have been equally opposed to any public discussion of these questions while they were the subject of diplomatic negotiations. In this view I have determined that I could better serve the cause that I have at heart—that is the maintenance of peace in this country—by withholding any expression of my opinions so long as the questions at issue are the legitimate subject of diplomatic negotiations."

"I profoundly hope that no occasion will arise when I shall feel obliged to take these subjects up in a public way, but if perchance such an occasion should arise I will speak and act as I think. In the meantime I shall give the President what ever support I can in the discharge of those duties devolved upon him by the constitution."

Mate Still Missing. Mate Jameson of the dredge boat Clovis burned here Monday night is still missing and the hopes of his comrades that he had taken to the water and made his escape are dashed to the ground by his continued absence.

Chief of police report: Number of arrests 55, Discharged 9, Sentenced on street 1, Ordered leave town 1, Fines assessed—\$406.50, Uncollected 3.00, Suspended 27.50, By each to treasurer 469.25, By work on street 7.00, Total \$486.75

The bills against the city were audited and vouchers ordered drawn for same. Council adjourned. B. W. Herndon, President City Council. Attest: Jas. C. Roberts, City Clerk.

CITY COUNCIL MEETS

HELD TWO SPECIAL AND ONE REGULAR MEETINGS

City council met in special session on March 2, 1916, at 4 o'clock p. m. Present, B. W. Herndon, president, and C. H. Dingee, W. W. Abernathy, Jno. Adams, Absent, D. G. Monroe and F. L. Miller.

The purpose of the meeting was for the purpose of approving bonds of clerk and collector and treasurer and assessor, and such other business as may come before the council.

The bond of clerk and collector was here placed at \$2500.00 and the bond of treasurer and assessor was placed at \$5000.00.

The bond of R. C. Maxwell as treasurer and assessor was presented, read and approved. Sureties, Fidelity and Deposit Company of Maryland.

Resolved, That the city attorney pro tem, Thos. E. Wilson, be instructed to take this case to the Supreme Court and to secure such legal assistance as is necessary to secure decision of the Supreme Court on the points at issue.

CITY COUNCIL MEETS

HELD TWO SPECIAL AND ONE REGULAR MEETINGS

City council met in special session on the 4th day of March 1916, at 2 o'clock p. m. Present, B. W. Herndon, president; C. H. Dingee, D. G. Monroe, F. L. Miller, W. W. Abernathy. Absent; Jno. Adams.

The president stated the object of the meeting was for the purpose of considering the case of A. A. Preston vs. City of Sanford.

Frank L. Miller offered the following resolution which was unanimously adopted:

Whereas Judge Perkins has seen fit to sustain contention of A. A. Preston that under his appointment by D. L. Thrasher, Mayor of the City of Sanford, in 1914, that the said Preston can hold office of treasurer and assessor of said city for an indefinite term, unless removed for cause, and that because the Honorable J. D. Davison, Mayor of the City of Sanford did not appoint a new treasurer and assessor on the day he was sworn into office, therefore the old treasurer and assessor held over for another term, and whereas we consider this is contrary to our charter and a section of the state Constitution which provides that the legislature cannot create any office the term of which is longer than four years, and contrary to another section thereof which provides that officers must hold over until their successors are appointed and qualified, therefore be it

Resolved, That the city attorney pro tem, Thos. E. Wilson, be instructed to take this case to the Supreme Court and to secure such legal assistance as is necessary to secure decision of the Supreme Court on the points at issue.

COUNTY HAPPENINGS

OVIEDO ITEMS

Mr. John B. Culpepper and Mr. Edmond S. Netherway spent the week end at the Hotel Oviedo. These young men had charge of the music at the Methodist revival meeting in November. The many friends they made while here were glad to greet them again.

The board of school trustees held the monthly meeting on the 3rd. O. P. Swope was elected chairman to succeed Mr. John McKenzie, who moved to Levy county. Principal A. L. Hatch was appointed secretary for board, his office. It was voted to hold the regular monthly meeting on the Friday night before the county board of education meets.

A resolution of thanks was extended to the Woman's Club for the construction of the slide on the school playgrounds.

The board voted to construct a substantial fence around the school lot.

Recent statistics issued by the state department of education show that Oviedo has an unusually large percentage of high school students; exceeding many large towns in this respect. At present 22 per cent of the school enrollment is in the high school department.

The trustees are strongly in favor of organizing the school for next year as an accredited junior high school. Plans to that effect are maturing and have the earnest support of the patrons.

Sunday evening services were conducted at Lake Charm Chapel by Rev. Charles Goodrich, who preached on Aristarchus. The floral decorations of amaryllis and roses were superb. The pastor a winter visitor remarked that never at an ordinary church service had he seen

decorations equal to those which have been prepared by Mr. Meade of Lake Charm.

The Swope Land Company have moved their offices to the building formerly occupied by Dr. Marshall. The Woman's Club Library have also been moved to the same building.

The Purple side, recent losers in the membership contest of the Wesley Bible Class entertained their victorious opponents with a banquet at the Methodist parsonage Friday night last.

Menu

Music was rendered throughout the evening by Mrs. Chas. Lee and Mrs. Nancy Leahart.

EAST SANFORD

Mrs. A. W. Huggins of Orlando will be a guest at the J. A. Hickson home on Celery avenue this week. Mr. and Mrs. Ben Monroe were over Sunday visitors in Jacksonville.

Mrs. R. D. Hickson and Miss Nora Hickson are guests of the former's aunt in Lakeland this week. J. W. Sipes has gone to Pittsburg Va., to spend several months.

Mrs. J. C. Rowan is a guest at the I. D. Hart home on Geneva avenue. Mrs. Rowan is here from a long trip with her husband, U. S. radio operator on the Sumpter.

Mr. and Mrs. G. C. Chamberlain have let the contract for the erection of their new home.

Sunday, the 11th, is the date of the appointment of Rev. Arthur S. Peck at the Moore's Station church.

Rev. Mr. Mickey preached last Sunday at the Moore's Station church. The Epworth League have announced a social to occur Friday evening, March 17th at Moore's Station church.

Mr. and Mrs. J. B. McCulley and six sons are now residents here, coming from Lawtey, the strawberry section. Mr. McCulley traded a place there to the Rev. T. B. Lawrence for his residence and 14 acres near Cameron City, on Beardall. C. C. Worthington of Tampa is here looking after property interests

and meanwhile is a guest at the Ellsworth home on Beardall avenue. J. L. McClelland and family expect to move into their new home on Sanford Heights this week, known as the Pope place.

LAKE MARY ITEMS

Rev. H. M. Morey was a caller in Sanford Tuesday. Mr. and Mrs. P. D. Truitt attended the barbecue at Longwood Monday.

Miss Helen Iserman made a business trip to Orlando Wednesday afternoon.

Mrs. J. M. Sapp and three children who have been visiting relatives here for the past week left Monday to join her husband in Tampa, where they expect to make their future home.

Mr. and Mrs. W. V. Dunn were greatly pleased to have as their guest last week Mr. Miles Melvin of Fayetteville, N. C., a great uncle of Mrs. Dunn's. Mr. Melvin has been spending the winter with his sons at Winter Haven. He also spent a few days with friends in Sanford, besides visiting other places on his way home. Mr. Melvin was highly pleased with our fine climate and with Florida in general and hopes to spend more of his winters here.

WEKIWA AND ETHEL ITEMS

Mr. George Coates and bride, Miss Floy Brown of Homeland returned to their home in Tribby this morning. Wednesday, after spending several days with their parents, Mr. and Mrs. P. J. Coates in their home at Wekiwa. They expressed themselves as having a lovely time fishing in Wekiwa river, catching one weighing over eight pounds, a fine cat. They also had their pictures taken at different points of the beautiful scenery along the Wekiwa river.

Mrs. Vermillion has been quite sick at her home for nearly two weeks, but she has been improving for the past several days, we are glad to note.

Mrs. Hardy Boyd and Mrs. Eugene Brown spent the day with Mrs. P. J. Coates last Sunday. We were so glad to see Mrs. Brown able to get out after being sick for so long.

Mr. P. J. Coates is having the land turned over to plant 10 acres in chufas.

We had a real nice rain Wednesday morning which was very much needed on the gardens in this section.

Mrs. P. J. Coates has been suffering very much for several days with a bealed jaw caused from a severe toothache. She looks as though she had come in contact with a lot of bees.

Frank Powell spent last Saturday night with his mother, Mrs. P. J. Coates at Wekiwa.

There was a birthday party given at Mr. Tom Boyd's last Saturday night in honor of his daughter, Miss Eva and Mr. Carl Deas. The greater part of everybody in Wekiwa and Ethel attended. Those who were there report a jolly good time.

There is very little sickness in and around here, we are glad to say, but the gnats are something awful to contend with in this section. Good night.

PAOLA POINTS

Mr. and Miss Campbell are expected home this week after a delightful two weeks spent at St. Petersburg.

Dr. J. N. Bishop of New York city was the guest of Mr. and Mrs. A. V. McGuin for the week end. He left Monday to continue his trip farther south, but expects to be here a few days on his return trip north.

Mrs. Oscar Pearson spent the week end in Oakland last week, visiting friends there.

Mrs. Wm. Bullock and family left their home at Island Lake Wednesday. Mr. Runyon and Mrs. Kirk will go through to Steubenville, O., but Mrs. Bullock and grand daughter, Mrs. Runyon and children will spend a few weeks in Jacksonville before returning home.

Mr. and Mrs. McGuin and Dr. Bishop motored to Enterprise last Sunday in Mr. McGuin's new Maxwell car.

Miss Francis Pearson is spending a few days at Lake Mary this week, the guest of Miss Helen Iserman.

Mr. Call has made quite a number of improvements on his place this winter. Has had a new roof put on the house, also a new coat of paint, which adds greatly to the appearance of the attractive cottage.

Notice has been received that our public school will be continued until May, instead of the short term of six months. This will be a great advantage to the ambitious pupil.

Get All You Can of Fresh Air. People who spend much of their time out of doors will never be out much money for doctor bills.

EVERY MOMENT IS PRECIOUS DURING TRIPLE VOTE OFFER

DO YOU REALIZE THAT THIS IS YOUR OPPORTUNITY TO MAKE UP LOST TIME

TRIPLE VOTE OFFER WILL END MONDAY, MARCH 13th

RIGHT NOW IS THE TIME TO SECURE SUBSCRIBERS...ANY PRIZE MAY BE WON NOW...ONLY 7 MORE DAYS TO WORK FOR THE PRIZE YOU WANT...ONLY DOUBLE VOTES ON NEW SUBSCRIPTIONS LAST DAY

The Sanford Herald's big prize campaign will end on the minute, 7 o'clock Saturday, March 13. Just seven more days and the prize winners will be known. Seven days is not a very long time but it is time to step to the front and win any one of the seven prizes in value from a camera to a Ford Roadster. Where you land at the finish depends strictly upon the number of subscriptions that you secure between now and March 13th. If you are wise you will secure every old and new subscription possible. You cannot have too many of them to be a winner. Do your best.

You Must Work Now
There are hundreds of old subscribers who have not yet paid in advance. Candidates who want to win a prize should call on these subscribers at once and get their advance subscriptions. You can't win a prize by "wishing for one," but you must get out and hustle for one. The race is very close and there are scarcely the votes of a few years of subscriptions between the leaders.

Get Promised Subscriptions Now
Candidates who wait for the last day of the campaign, to win a prize will be sadly disappointed, for they will never be near enough to the winner to smell the gasoline from the Ford automobile as it dashes by. Wouldn't it be pretty nice to possess the Ford, or one of the other prizes? It can be yours if you secure the votes to win. What is the verdict? A candidate could make over \$60 a day from now to the finish by winning the grand prize car. This is pretty good pay, isn't it?

Doubtless there are candidates in the campaign who will secure more subscription votes this week than during all the other period of the campaign. The battle of ballots is on in earnest and is being waged the most fiercely of any campaign promoted here.

This great tug of war will not be decided until 7 o'clock Saturday night, March 13th, at which time the final curtain will be rung down and the results of the great, good-natured ballot battle will be announced by the judges who will have charge of the last count of the votes and granting of the prize awards. If you want to win, try to get 29 THIRTY votes that you are sure no one in the campaign can get more.

That is the best recipe to win. Now, why not get out and burn the trail this week with your speed and harvest a large number of subscriptions and win one of those prizes. If a subscription is not worth asking for, it is not worth having. This is the week of all weeks of the campaign. It is the important one.

Campaign Soon Over
If you dilly-dally and fritter away your time these last golden days of the most glorious opportunity you ever had in your life, you will only have yourself to blame. Don't blame the Herald, don't blame the Circulation Manager, don't blame your friends, but lay the blame right where it should be, right at your own door. Remember, no one can win for you, you must rally your forces, call your captain into line, give the battle cry, and march to victory on your own laurels.

You Must Work
Some mighty hard and systematic work must be done by the candidates this week and next if they are to make sure of the prize for which they have been striving, and now it is right up to those who desire to win one of the seven valuable awards to make the hardest campaign of the whole campaign during the triple vote offer.

It is inconceivable that any candidate has a sufficient number of votes right now to insure victory. There are several, however, who seem to have such an idea at the present time, and for the benefit of these candidates it may be said that from what general knowledge the Circulation Manager has of the reserve force of the various candidates their chances of winning one of the prizes is very slight without the hardest kind of a campaign for the remaining seven days of the campaign.

There is opportunity galore for those who will make the effort. There are many subscriptions for those who will ask for them. The prizes are so very valuable that no

amount of effort is too much to put forth in winning one of them. It is not every day that you have the opportunity of securing an automobile by your own efforts nor any of the prizes offered.

ARE YOU GOING TO BE A PRIZE WINNER IN THIS CAMPAIGN OR ARE YOU GOING TO BE NUMBERED AMONG THE "ALSO RAN"?
The schedule for issuing votes is printed on the campaign page. Just look it over for yourself. With a very few ballots issued on subscriptions you would very soon be away up in the hundreds of thousands. Just try it today! You will be surprised to see how rapidly your vote total will roll upwards. You can begin today and win one of the large prizes. While the large number of votes allowed on all subscriptions and the fine weather we are having now is the time for you to get out and see your friends, you can easily make up for lost ground. Why don't you try it?

Triple Vote Offer on New Subscriptions
You must bear in mind that this is the best vote offer to be made during the remainder of the campaign. So you see that you must make the most of our minute during the extra vote offer. This offer is liberal, it is fair, it is free, and it is open to every candidate in the race. See that you get your share of these extra votes. Don't hold the subscriptions back, but turn them in as soon as you get them so the paper may be started to the subscribers. The votes you may withhold if you wish. They are good for publication at any time up to the close of the campaign Saturday, March 13th.

We warn you that you will not be the only one to see the splendid opportunity this is giving the candidates. Others will recognize it too so you may have to keep going every minute you can, otherwise you will get ahead of you.

All votes count on the automobile and other prizes.
The time which should be spent in securing subscriptions is too valuable to waste, and you should even take a few minutes to write to your friends who want to win. The candidates who devote all their time to the campaign during this Triple Vote Offer now on. Every one has an equal opportunity, persistent effort alone counts the most now.

Your energy now is worth hundreds of dollars if you win the automobile.

Seven prizes await winners:
Ford Roadster
Kitchen Cabinet
Parlor Suite
Merchandise Order
Two Gold Watches
Camera

Ten per cent on all new subscriptions to active non-winners.
How long would it take you under ordinary circumstances to have an automobile?
The Sanford Herald Circulation Campaign gives you the opportunity to get an automobile in just one short week.

Worth considering, isn't it?
Well, just remember that this opportunity isn't going to remain open forever. And unless you start to work in earnest now from this time on and get the cooperation of your friends all hopes of winning will go glimmering.

Good Roads Items
Remember that the tolls received from all automobiles crossing the Jacksonville Ferry will be returned to the State Good Roads Association shortly after the meet, by courtesy of the Jacksonville Ferry Company.

By courtesy of W. D. Barnett, president the St. Johns Electric Company will remit all tolls over the bridge at St. Augustine for one day of the convention so that everyone will have the pleasure of visiting the wonderful beach at St. Augustine.

An intensely interesting meeting was held at Hastings on Friday, March 3rd, due reports of which have been given in the press. We need not go into detail except to say that much enthusiasm for Good Roads was created.

A similar meeting and one that promises to be intensely interesting

ATLANTIC COAST LINE AND CONNECTIONS

Cheating, Pullman Drawing Room, Sleeping Cars, Observation Library, Car, Dining Car, STEAM HEATED - ELECTRIC LIGHTED

For detailed information, or sleeping car reservations call on or write: A. J. FOSTER, D.R.A., 29 WEST BAY ST. JACKSONVILLE, FLA. J. C. KIRKLAND, D.R.A., HILLSBORO HOTEL, TAMPA, FLA.

as well as to be held at Palatka at eleven a. m., Friday, the 10th. The meeting will be attended by people from all points in north Florida. Lunch will be served at 50 cents per plate at the Putnam House. The Palatka contingent is laying plans to make the stay an intensely enjoyable one.

New memberships are coming in every day. Let the good work go on.

Fully adequate facilities for taking care of automobiles have been provided at St. Augustine. Hotel accommodations are ample.

Remember the Ocala meet on the 22nd of the Centrap Florida Highway Association. A big motorcade from Ocala to St. Augustine will be an event in the history of Florida. Invitations to the St. Augustine meet have been issued to all Commercial organizations, to women's clubs, to various Good Roads Associations and to the county commissioners. If anyone by any oversight has been left out you will hear with the people who are doing the work and consider yourselves hereby most cordially invited.

The following prominent men have scouted their intention to be present: Atty Gen. T. F. West, Sec. of State H. Clay Crawford, State Treas. J. C. Luning, E. W. Woodcock of the "Road Maker," Mr. E. W. James of the U. S. Dept. of Agriculture will deliver an address. Mr. A. G. Bachelder, chairman of the executive board of the A. A. A. will also be here.

Watch for the program bulletin which will be issued in a few days. The committee will have subjects of most vital interest before the convention for discussion and these subjects will be dealt with by men of wide experience.

Things to Worry About.
They were discovered in 1650

LECTURE AND CONTEST

Mothers Cordially Invited to Attend Meeting
A cordial invitation is extended the mothers of Sanford to hear Dr. O. J. Miller's lecture at the Woman's Club, Saturday afternoon at three o'clock. This will be the closing feature of the Baby Week Campaign and promises to be interesting, and of value in the care of babies and young children. At this time the winners in the Better Baby Contest will be announced and certificates given every baby that has been examined by any of the physicians of our city who have cooperated most cordially in the movement. The final contest will take place at 9:30 Saturday morning in Dr. Miller's office. Three babies from each division, first, second and third making the highest scores in the preliminary examinations will be sent to examining board. The mothers of these babies will be notified this afternoon (Friday) or tonight.

The personnel of the board will be Dr. O. J. Miller, medical inspector of schools for Seminole county, Dr. W. P. Crige of Ocala, assistant State Health Officer; Dr. W. E. Housholder, dentist, and Mrs. W. L. Morgan who will assist the doctors. Other committees who have been active in the Better Baby Contest are Mrs. Henry Nickel and Mrs. Sheridan Jewett, scoring committee, Mrs. R. A. Terheun, chairman of the Better Baby Contest Committee, assisted by Mrs. Henry Wight. The invitation committee for the mothers lecture are Mrs. W. W. Abernathy, Mrs. E. L. Marshall and Mrs. T. L. O'Connor.

Every member of the Woman's Club, especially the younger matrons are urged to cooperate with the Welfare Department by their presence on Saturday afternoon at three o'clock.

Concerning Silos

Mr. Holly, Sanford, Fla.:
Dear Sir:—I have been reading with interest the recent articles published in your valuable paper concerning the silos and the feeding of beef and dairy cattle. And I thought perhaps a little information on the subject would be of interest to some of your readers. The silo is not a new thing, or an experiment, but is proven to be the most practical as well as the cheapest way to store feed.

The size of the silo to build depends upon the number of cattle you want to feed, and the length of time you want to feed them. It is a well known fact that silage should not be exposed to the air for more than 24 hours, as this causes it to decay. Well settled silage is practically air tight from within about two inches from the top, therefore, to keep the silage fresh the size of silo should be arranged so as to feed at least two inches off the top every day allowance must be made for the settling of the silage which amounts to about one sixth of total depth. The table below gives the approximate capacity of silos of different sizes. Remember your silo should be one sixth higher than the height given.

- Height 30 feet, inside diam. 10; capacity, 47 tons; amount to feed daily, 325 pounds.
 - Height, 36 feet, 12 ft inside; capacity, 87 tons; amount to feed daily, 755 pounds.
 - Height, 30 feet; inside diam. 14 ft.; capacity, 91 tons; amount to feed daily, 1,030 pounds.
 - Height, 36 feet, inside diam. 14 ft.; capacity, 1,030 tons; amount to feed daily 1,030 pounds.
 - Height, 36 feet; inside diam. 16 ft.; capacity, 155 tons; amount to feed daily, 1,410 pounds.
- The amount to be fed daily in the above table is based on feeding

from 40 to 50 pounds a day to each animal.

For instance, if you are to feed 25 cattle at the rate of 45 lbs per day you will feed 1,125 pounds a day, for 180 days supply you will need 110 tons, or a silo 14 feet in diameter and 36 feet high.

Of course, concrete is the only material to use for permanence, and after all is said and done they are the cheapest, as they need no painting, there is no shrinking or blowing over, and there is no possibility of fire, and a silo of hollow blocks will keep the silage in perfect condition indefinitely.

Yours truly,
Chas. A. Dallas,
Maitland, Fla.

No Cause for Worry.
A New Jersey pastor announced from the pulpit: "God hasn't any use for a bachelor and neither have I." The bachelors will not be likely to worry over the first part of the assertion until they hear on better authority, and the latter probably will never cause them any concern.—Washington Herald.

After the regular business had been conducted passing remarks were made by a visiting sister, Mrs. Carter of New Jersey, after which the chapter was thrown open for a social hour which was greatly enjoyed by all present.

Tax Books Will Close April 1st Taxpayers please take notice that tax and other taxes income and property taxes, after April 1st, after which date as provided by law, will be advertised and sold for taxes, and execution will be used and placed in hands of the sheriff against personal property, which taxes remain unpaid.

In making a copy in regard to real estate be sure and furnish description of same as found in your deed.

LONGWOOD PICK-UPS Monday was a Red Letter Day with Longwood, a large crowd attended the barbecue and auction sale. Several who bought lots expect to begin building in the near future.

ABOUT PEOPLE AND EVENTS

Brilliant Bridge Party

Mrs. George Hoy was the gracious hostess at a charming bridge party on Tuesday afternoon at Comfort Cottage. The attractive interior of the Cottage was enhanced by the beauty of the decorations that suggested the beginning of spring in the many exquisite roses and gladioli that filled the rooms. Opening into each other as all the rooms of Comfort Cottage do and with the cream color of the walls with its dull gold finish for a background, the scene when the guests in their spring frocks had gathered was altogether charming and the plan of decoration gave a sense of space and harmony that was delightful. A variety of beautiful roses banked on the piano, rising from masses of asparagus fern with low bowls of pansies completed the touch of spring. Spikes of delicate salmon colored gladioli hung between the windows in wall vases and added their beauty to the roses everywhere on mantels, cabinets and between the separating columns of the rooms, making a gay mass of color.

Mrs. Hoy received her guests with gracious dignity, assisted by Mrs. R. J. Holly, hostess of Comfort Cottage.

The first prize was won by Mrs. R. E. Tolar, to whom was given a set of cut glass ice teas. The cutting prize, a lovely guest towel was won by Mrs. D. L. Thrasher, and to Mrs. John Meisch fell the low score prize, a crystal bud vase. Refreshments were daintily served on plates adorned with pansies and pinks were the favors. Enjoying the very charming occasion were Mrs. A. P. Connelly, Mrs. Geo. Davis Hart, Mrs. Roy Symes, Mrs. B. A. Howard, Mrs. Mary Symes, Mrs. John Meisch, Mrs. W. P. Carter, Mrs. D. L. Thrasher, Mrs. W. E. Watson, Mrs. Cecil Butt, Miss Annie Hawkins, Mrs. J. C. Bennett, Mrs. B. W. Herndon, Mrs. R. A. Newman, Mrs. G. I. Loucks, Mrs. E. F. McConahaghey, Mrs. S. Puleston, Mrs. R. R. Deas, Mrs. Oscar Conklin, Mrs. W. L. Morgan, Mrs. R. E. Tolar, Mrs. Forrest Lake, Mrs. Tyler, Mrs. A. W. Fitts, Mrs. Fred Walsman, Mrs. R. J. Holly.

Merry Matrons Unusually pretty and attractive were the decorations for the Merry Matrons bridge game on Tuesday morning when Mrs. Eugene Roumillat entertained at the home of Mrs. May Dickens. There was a suggestion of St. Patrick's Day in the charming arrangements. The flag of Ireland with its colors of green and gold were suggested by the green of ferns and the golden hues of margolids and nasturtiums used in the reception hall. White and red roses in bowls and vases added a touch of fragrance and beauty while the score cards were shamrocks and the prizes green silk stockings for milady's dainty feet. The green tones of the color scheme were used in the salad and ice cream courses. The winner of the club prize was Mrs. B. W. Herndon, while the guest prize fell to Mrs. LaVerne Hurt. Others present were Mrs. Cecil Butt, Mrs. A. B. Wallace, Mrs. May Dickens, Mrs. Stringfellow, Mrs. F. J. Gonzales, Mrs. Braxton Perkins, Mrs. R. A. Newman, Mrs. Geo. Davis Hart, Mrs. Geo. Bihop, Mrs. C. O. McLaughlin, Mrs. Thomas A. Neal, Mrs. Emmett Wilson, Mrs. D. L. Thrasher, Mrs. E. D. Mobley, Miss Patsey Aycock, Mrs. O. W. Brady and Mrs. W. J. Thigpen.

Strawberry Festival The Ladies' Union of the Congregational church will give a strawberry and ice cream festival in the Welborne block Saturday, March 18. Cake and coffee will also be served.

St. Agnes Guild The meeting of St. Agnes Guild was held at the home of Miss Saldee Williams on Monday afternoon. The hours were pleasantly spent with needlework and plans for the future Guild activities. Hot chocolate with fancy cakes and sandwiches were served. Members present were Mrs. Julius Takach, Mrs. Gwynn Fox, Mrs. Ed. Lane, Mrs. Archie Betts, Miss Martha Fox, Miss Junie Stumon. The next meeting will be held with Miss Frances Gonzales hostess.

B. P. O. E. Dance The local order of Elks entertained their wives and sweethearts on Tuesday evening with one of the most enjoyable of the informal dances of the season. It is the intention of the members to give one of their informal dances once a month, beginning immediately after Easter.

A RESUME OF SANFORD HAPPENINGS UP TO DATE

Address all Communications for this Column to "Society Editor," or Phone Mrs. R. A. Terhove, Phone No. 209.

Auction Bridge

The Auction Bridge Club were delightfully entertained on Monday afternoon at the home of Mrs. Geo. D. Bishop, with Mrs. C. O. McLaughlin and Mrs. Bishop hostesses. Nasturtiums with the bright, glowing colors added to the attractiveness of the pretty rooms. Guests of the club were Mrs. R. R. Deas substituting for Mrs. McLaughlin, Mrs. Cecil Butt, Mrs. F. J. Gonzales, Mrs. D. L. Thrasher and Mrs. Eugene Roumillat. Members present were Mrs. Vorce, Miss Laura Fish, Mrs. Herndon, Mrs. Connelly, Mrs. Newman, Mrs. Puleston and Mrs. Miller. The prizes were a wicker sandwich basket and china compote.

Embroidery Circle

Among the pleasant meetings of the week in needlework circles was the meeting of the Embroidery Circle on Wednesday afternoon, with Mrs. Morton Hopson. Members of the circle are Mesdames Claude Herndon, W. W. Abernathy, G. W. Spencer, George Watson, Zeb Rattliff, John Thomas, H. B. Coney, H. L. Gibson, J. B. Lawson and Miss Charlie Seay.

Woodland Dinner Party

Among the last of the Shrovetide frohes was the woodland dinner at the home of Dr. and Mrs. Robson, down in the grove on Tuesday. Frying pans and coffee pots, accompaniers and lots of other temp-taculous rats found the way to that picnic and when dinner was served at twelve o'clock it found ready and voracious appetites that welcomed the summons to dine. In the afternoon the party adjourned to the house where the festivities were continued in gala fashion. Enjoying the festive occasion were Dr. and Mrs. Robson, Mrs. Theodore Miller, Mrs. W. P. Fields, Mrs. Woods, Miss Sallie Robson, Rev. Arthur Peck, Rev. Dr. Ball Sr. and Mr. Ball.

Every Week

Mrs. Margaret Barnes delightfully entertained the Every Week at her home on the Heights Tuesday afternoon, this being the last game of the club until after Easter. An extra table of players enlivened the game in which the prizes were won by Mrs. Harry Papworth for the guests and Mrs. Cecil Gabbett for the club. Quantities of beautiful roses were placed about the rooms. The refreshments were served in two courses, salad and apricot ice.

Births

Mr. and Mrs. T. A. Newton announce the birth of a little daughter Friday, March 3, 1916.

Personal Mention

Mrs. D. C. Marlowe and little daughter returned to their home in Newberry on Monday.

Miss Cornelia Pickard is visiting friends in Winter Park. She expects to return to her home in Titon, Ga., on Monday.

Friends of Mr. R. T. Washburn will regret to hear of the death of his father, Mr. John Washburn at Wichita, Kans. Mr. Washburn left on Friday to attend the funeral.

Mr. and Mrs. Frank Lane of DeLand were the week end guests of Mrs. M. C. Doyle.

Mrs. Georgia Clay Sherman, son and daughter are expected this week from Arcadia to visit Mr. and Mrs. J. E. Pace and Mrs. M. C. Doyle, while en route to their home in Montgomery, Ala.

The friends of Rev. and Mrs. Geo. Hyman will be delighted to hear of the improvement in Mrs. Hyman's condition. She returned from Orlando yesterday.

Sydney Chase returned Saturday from Exeter, N. H.

Mrs. John McNelly is the guest of Miss Annie Hawkins on Celery avenue.

Mrs. Bert Duncan left on Tuesday for a visit of several days to friends in Port Tampa.

Mrs. E. F. McConahaghey of Richmond, Ind. is the guest of Mrs. W. E. Watson.

Miss Laura Fish is visiting Mrs. Gorman at DeLand.

Mr. Geo. D. Bishop went to Tampa on Thursday on a business trip.

Mrs. Grosser from Quitman, Ga., and Mr. and Mrs. Rogers of Miami are the guests of Mrs. Rossetter on Celery avenue.

In line with the Baby Week Campaign, the Cradle Roll and Primary Departments of the Presbyterian Sunday school have an attractive exhibit in the window of the Sanford Shoe and Clothing Co.'s store. The Cradle Roll is represented by a basinette holding a big baby doll with pictures and cards and mottoes on display around and below it. Photographs of real, true and true babies enrolled in the department add their sweet baby faces to the exhibit. In a corner of the window a table surrounded by doll chairs and occupied with dolls represents the primary classes. The display is altogether unique and is attracting much attention from passers-by. Mrs. R. C. Maxwell is superintendent of these two departments with an efficient corps of assistants. The Presbyterians have taken a lively interest in the Baby Week program, adding much to the campaign with this exhibit, Donation Day on Thursday and Tag Day on Saturday, for the benefit of the Florida Children's Home Society. God bless the babies and the loyal workers in their behalf.

Wanted—A full house at the Woman's Club Saturday afternoon.

Shoe Shine Stand Open next door to Allen's The store. Open day and night and Sunday morning's. Ladies can send shoes to stand. Sent for and delivered. 41-tfc

Attention! What is it? Leap Year Party. Where is it? Baptist Temple parlors. When is it? Thursday evening, March 16th. Everybody is invited. This includes YOU. Watch for announcement of program in Tuesday's Herald. "All you need to enjoy this is to comply with this little wish: 1916 and Leap Year too. This is what we wish you'd do: Add the figures of this year. Then seventeen cents you'll bring here. Plenty of eats and lots of fun. We'll promise you, if you'll only come."

What Every Woman Should Know. A woman is not expected to know much about Russian history or the internal workings of the Austrian empire, but every husband expects his wife to know right off the bat where he threw his dress tie the last time he took it off.—Detroit Free Press.

FIFTH LYCEUM SATURDAY NIGHT

WALLACE BRUCE AMSBARY.

Wallace Bruce Amsbary, author of those inimitable verses, "The Ballades of Bourbonnais," is a rare poet and a truly great lecturer. In the splendid simplicity of his interpretations and in the quiet charm of perfect poise he presents many characters that linger long in the memory of his hearers. From the simple smiling French Canadian to Kipling's "Tommy Atkins," his audience sees and greets and loves them all. Mr. Amsbary's wide knowledge of literature and his twelve years' experience on the stage—a portion of which time was devoted exclusively to Shakespearean roles—have given to his work an unusual distinction in artistic effect. His lectures are full of sympathetic color. His interpretations are glimpses of life, real and satisfying and full of truth.

7 Days More---Time is Short and Going Fast

See This Schedule of Votes

Three times the regular number of votes will be given on all new subscriptions turned in by 8 P. M. Monday, March 13 as follows

NEW SUBSCRIPTIONS

Time	Price	Votes allowed
1 year.....	\$ 2.00.....	3,000
2 years.....	4.00.....	7,500
3 years.....	6.00.....	12,000
4 years.....	8.00.....	18,000
5 years.....	10.00.....	30,000

The regular number of votes will be given on renewal subscriptions during remainder of the campaign as follows:

RENEWAL SUBSCRIPTIONS

Time	Price	Votes allowed
1 year.....	\$ 2.00.....	1,000
2 years.....	4.00.....	2,500
3 years.....	6.00.....	4,000
4 years.....	8.00.....	6,000
5 years.....	10.00.....	10,000

TRIPLE VOTES

Three times the regular number of votes will be given on all new subscriptions turned in between the dates of March 7th and Monday, March 13th, at 8 P. M.

Under this splendid offer you will receive triple votes on your new subscriptions. Just think of it---we give you three times as many as the schedule usually allows. If you are a live wire candidate, there is absolutely no limit to what you can accomplish during this extraordinary offer---nothing but the lack of time can stop you. Do your very best. This is indeed a fit chance for a real hustler---an opportunity to boost your reserve vote away above the clouds. Energy and enthusiasm are the qualities that will put you at the head of the list. Develop them and you are bound to win. Get busy NOW---show us what you can do to boost yourself. Remember, this is the largest vote offer that will be made during the remainder of the campaign. Candidates, here is your opportunity and now is the time when you must "go some" if you have any expectations of winning that Ford Roadster. Go after subscriptions with all your might, and turn in every subscription possible during this offer. The regular number of votes will be given on renewal subscriptions.

Only Double Votes Given On New Subscriptions on the Last Day of the Campaign

Don't Stop---One More Sub' May be the One You Need!

Here are the Candidates. Vote for Your Favorite Now!

Mr. Subscriber: Now is the time to pay your subscription in favor of your candidate---the race is rapidly drawing to a close and it may be that your subscription will win a prize for your favorite---the race will be a close one.

LIST OF CANDIDATES AND STANDING

Next list will be published Tuesday. Send in your name and begin an active campaign at ONCE.

Each candidate in this list has an equal opportunity to win the Ford, Kitchen Cabinet, Watch, Parlor Suite, Merchandise Order or Camera. Every candidate who fails to win a prize will be paid 10 per cent cash commission on the gross amount of money that he or she turns in during the campaign for new subscriptions, providing they remain actively in the campaign until the close and make a cash report each week.

Melville Tyler, Altamonte Springs	30,000
Harvey L. G. per, Geneva	91,000
Miss Mary Aulin, Oviedo	50,000
Mrs. James F. Hoolehan, Sanford	102,700
Mrs. W. W. Fry, Sanford	70,500
Mrs. R. J. Powell, Sanford	103,400
Miss Clara Phillips, Sanford	101,500
Miss Vanmeta Styron, Sanford	65,000
Mrs. M. Hynes, Sanford	15,000

Don't Overlook Renewals

The regular number of votes will be given on renewal subscriptions. Get every renewal possible. The votes given on old subscriptions will help you win a prize. Hundreds of people who are now taking The Herald have not as yet renewed their subscriptions. Several towns and rural routes in Seminole county are not represented by candidates and have not been canvassed. Any candidate who will take the time to work these towns and routes can secure a great many subscriptions and votes. Ask us and we will be glad to furnish you with a list of the places that have not been worked. Subscriptions mean votes and votes mean prizes. Subscriptions will not come to you, you must go out and ask for them. If a subscription is worth having, it is worth asking for.

Attention Candidates

If the candidates who have secured yearly subscriptions can induce the subscribers to extend their subscriptions to two years or more, they will be allowed enough votes to balance up for the full time. For example, if you turned in a yearly subscription, you received 1,000 votes. Now, if you secure the other year, you would be allowed 1,500 votes to make up the 2,500 votes for a two year's subscription and on a four year's extension 9,000 votes.

DON'T OVERLOOK THIS OPPORTUNITY

Only Seven More Days to Work

THE FINISH OF A RACE brings out the real quality of the runner. This has been YOUR race. You are one of the runners. You are coming to the "home stretch." You see nothing now but the finishing line. You draw a long breath. Then with a leap, you throw every ounce of power and energy into the finish. Get the spirit of it. Forget all else. This is an automobile you are working for. Yours---take it.

KNOW HOW TO PLEASE

QUALITY THAT MAKES FOR POPULARITY IN SOCIETY.

Fortunate Are Those Who Have the Happy Habit of Doing Instinctively the Right Thing at the Right Time.

They were talking about personality and the conversation somehow drifted, not unaturally, since there were no men present, to personality in the sterner sex and how it manifested itself in different ways and under different circumstances.

One man was delightful to have as a guest at a party. He made himself agreeable to all and somehow managed to lift the burden of an entertainment completely off the shoulders of a hostess.

"I know one man," she said, "who is wholly delightful as an escort, and the other day I endeavored to analyze just wherein the charm lay. I once heard it said of him, by another man, that he was a man who always did and said the right thing at the right time, and this seems to be true of him in the capacity of escort.

"I have never stepped outside my door with him," she went on, "without experiencing a complete sense of guardianship until my return. It is not that his actions indicate any special consciousness of what he is doing. On the contrary, he is engagingly natural and free from any assumption of directing things-but while with him a woman whom he's escorting enjoys a pleasant sense of being his first consideration.

"I have known the most well meaning men to completely neglect some girl whom they were escorting when they met some personal friends with whom she was perhaps unacquainted. If the man whom I have in mind meets his own friends he immediately introduces them, and if he occasionally drifts away he drifts back again without any apparent reason except doing what he wants to do.

While traveling in the Sunny South recently I had the good fortune to be introduced to the proprietor of a moonshine still. Now, I have heard a heap about the potency of moonshine, and how that it will cause a jackrabbit to give battle to a grizzly bear.

English Military Officers. English military officers have long been noted for their smart uniforms. There seems to be no lack of money to pay for such equipments, judging from recent advertisements of expensive accoutrements in some of the London papers.

Wills Money in His Stomach. Before the estate of Albert Hallen, eighty-five years old, could be settled a post mortem operation was necessary to remove from his stomach a \$10 gold piece which Hallen had included in his will bequeathing \$230.

Candidate for Comptroller

PUT PLENTY ON THE BREAD PLATE

If it's our bread, you'll need it. For it is surprising how people who ordinarily do not care for bread invariably find themselves liking it after tasting the product of our ovens. Why not try it and know for yourself. Once you try, you'll always buy, is our prediction based on experience with many others.

Aunt Patsy Food Co., Memphis, Tenn. Cincinnati, Ohio, Sept. 2nd, 1915
Gentlemen: When your Mr. Gentry called on us a few weeks ago to interest us in the sale of Aunt Patsy Food, we could not believe he knew what he was talking about when he assured us that Aunt Patsy's Food would make his wife's will-moulding still. We were willing to try it once, and we are glad to be able to write you that results have been most satisfactory. We will be glad to send you a sample of the product if you will send the food, we are happy to send and the same has supplied our customers in appearance.

Please clip and send 25 100 lb. boxes of Aunt Patsy's Food, and change.
Yours truly, J. A. HODGSON.

Laura Jean Libbey's TALKS ON HEART TOPICS

THE MARRIAGE PERIL

Love seeketh not itself to please,
Nor for itself have any care,
But for another gives its ease,
And builds a Heaven in Hell's despair.

If lads and lassies could have nice old heads on their young shoulders, and could foresee where their merry frolics and dancing steps were to whirl them, the question of love and marriage would not be so serious a matter. One writer asserts: "Young women should study the young men who call often upon them with much care, weighing well their every word and action, deliberating long and earnestly whether or not they would be suitable suitors," etc.

The advice is good, sound and healthy, but the arrow of judgment is aimed at a mark it is not liable to hit once in a thousand times. The average maiden is not supposed to be any wiser than her years. She has not had that grand, hard-headed teacher called experience to point out where the shoals and pitfalls in love's path may be cleverly concealed, which she must avoid.

She does not know the existence of such a being as a love shark, she is therefore trustful and true to her sweet girlish nature, confiding. The heart of youth warms easily and quickly from friendship to love. A few meetings, clasping of the hands, eyes looking tenderly into eyes that respond and the sleeping heart of a young girl awakens. That is love.

She asks not if he has house or lands, if his ancestors were kings or peasants, in short what the future outlook is to be. She only knows that life would be incomplete to her without the presence of him who has grown dear to her.

The woman clever with the knowledge of years is competent to affix a sliding scale of value to a would-be wooer, first and foremost taking into consideration his ability as a money-maker, his possessions, inherited or acquired. If he is rich, she shuts her eyes to many of the moral delinquencies she has observed in his nature, but hers is not love.

The young girl does not realize that there can be grave perils in choosing and loving the wrong man, whose morals are gravely at fault, and who has no high ideals of the sanctity of love and marriage which should last a lifetime. For that reason much care in safeguarding innocent young girls should be exercised by those who have their welfare at heart, and the power to permit the young man of good habits to call and to bar their door to the hapless one who has a mania for breaking girls' hearts and leaving them to mourn. It is murder pure and simple of the girl's hopes, peace and her heart, but it is not punishable by law.

The majority of very young girls are not competent to judge between honest young men and libertines. No harm is done at the first meeting of the latter; it is by meeting the persuasive ne'er-do-well again and again the mischief creeps in. Great care should be taken to keep innocent lambs out of the reach of these love sharks.

It is for the old and wise to decide whether a man should be welcomed to the sacred family fireside or be excluded from it. Young girls should be pitied for having such a responsibility thrust upon them. They make their choice blinded by the trustfulness of unsuspecting youth. There is only one way in which young girls can be made to safeguard themselves, and that is to be taught the dangers that lie in secret love affairs, and, above all else, not to have confidence in the man who counsels it, no matter what smooth reason he may artfully set forth. Do not keep a love affair from your folk, dear girls, if you would have it prosper and turn out well.

IS POLITENESS AN ASSET IN WOING WOMEN?

Kiss me as if you entered gay
My heart at some noonday;
A bud that dares not disallow
The claim, so all is rendered up.

Those who mix and mingle with many men have a fair way of judging the part which politeness plays in wooing women. The polite-spoken man may have less apparent advantages than the man who was born with a golden spoon in his mouth, having a hard time to edge his way into the society of young women. But when once he obtains an introduction which he has desired for some time, he makes his way clear, for he is pretty well trained for conflict and victory.

He is the kind of man who wants his young hostess to know that he likes to drop in, without any formal

ity, to her house and enjoy a nice little chat without fuss or putting her out in the least. Her little brothers and sisters may rush pell-mell into the room where they are sitting, their noises deafening and embarrassing her. Politely, he comes to the rescue by declaring with a laugh that carries conviction: "Let the dear children have fun and frolic! Nothing suits me better. It carries me back to my own mischievous childhood. I feel like romping with them."

From that evening his polite tact has won him a place in that home as a favorite second to no other comer. If he is walking up the street with a young woman who is fond of twirling her silk handbag, from which her handkerchief flies out, he gallantly rushes after it an entire block, breathlessly, until he has found and returned to her the bit of linen. He assures her that he has been to no trouble; that it was a pleasure for him to do so alight a favor for her.

Thus his politeness is in evidence wherever he goes, especially when his supreme desire is to woo certain women. Rich and even well-to-do women, who often are down admirers whom they look upon as having an eye to their wealth are completely charmed by the suave, soothing manner of the polite wooer. It is useless for their well-meaning friends to give one adverse opinion which would tend to prejudice them against him. They only waste breath in this vain attempt. The polite man never loses ground with the fair sex, but is sure to please them. Against all odds he is a never-falling heart wooer. His hasty-tempered rival may have a ten times kindlier nature, may love the woman for herself alone, and be willing to endow her with considerable of his earthly goods. Weighing both in the balance, she declares she could only be satisfied with the polite wooer as a life partner. The frank, outspoken suitor wastes his time when he comes a-courting, hoping to cut out his rival, her polite adorer. He is honest and blunt and all the words he says to her are worth gold, if she but heeded them.

Politeness is not only a valuable asset in the manner in which women are wooed, but in many instances dear, sweet memories arise in the bosom of loved ones as they fondly recall many acts of gentle, manly politeness, while others passed them in neglect. Politeness costs nothing. It warms hearts and brings cheery, good results.

TEMPTATIONS GIRLS FACE.

Tell, oh, tell me, grizzled face,
Does your heart and head keep pace?
Ah, the thin old lips reply,
Youth may pass and strength may die,
But of love I can't forget-oh,
Ask some older sage than I.

If young girls could map out their future, guide their destiny into which ever channel most appealed to them, few, if any, would go astray. Each would meet a good, honest young man and after the regulation sweet and tender courtship, would wed and settle down to an honored domestic life blessed by a loyal husband and loving, merry children.

In their innocence and ignorance of the world they are apt to look upon each young man who approaches them with apparent admiration as the heart mate intended. Their lives are purified or marred by the men with whom they are brought into contact. If they are girls who cannot be sheltered at home by careful parents, but must make their own way in the world in office, shop or factory, and have beauty in addition to youth, more often than not they are subject to grave perils and temptation that other women never know. It usually begins by some rich ne'er-do-well singling a girl out, as she goes to and from her work, by persistent effort succeeding in breaking down the barriers of her maidenly modesty by insinuating her into a flirtation. The girl is flattered, hope rises with her to accompany him to a nearby fine restaurant for luncheon.

This type of scoundrel is sure to bind the girl to the utmost secrecy—whispering that no one must know of their little romance, and growing attachment.

If the girl ignorantly refuses to keep the affair secret, withstanding the temptation of dining and auto rides, the rascal has no intention of wasting time with her, but finds an excuse to fall out with her, letting her go her way, turning his attention to some other pretty maiden who is as foolish as she is fair and not proof against temptation in a fine setting. The first girl goes her way, leads an honest life and is rewarded by her good angel soon or late.

The girl who is flattered by the man with the polite manner, smooth ways, beguiling smile and proficiency in love-making and lured to cafes, joy rides and clandestine meetings, keeping her own counsel, has made her own bed, which she will find inexpensively hard.

There will be few, if any, to pity her. At an early age girls should be made to understand the difference between right and wrong, what to fear and what to encourage, and above all else that a true lover never, never comes in the guise of a tempter. Secret love affairs are harmful.

To Replace Poppy With Indigo.

Formerly all the dyeing works in Shanghai used native indigo, and the best quality of the dye was produced in Kwantung, in such districts as Fatshan and Chaoyang. Now efforts are being made to induce the government to interest the people in getting out indigo plants wherever the poppy was formerly grown.

WILL DISCUSS GREAT ISSUES HERE

TRAMMELL SAYS HE IS WILLING TO MEET BRYAN IN JOINT DEBATE IN SANFORD ON THE 24th

Being unable to meet at other points in Florida it is almost certain that Senator N. P. Bryan and Gov. Park Trammell will open the first big gun of the campaign here on March 24th, Candidates Day. The following letter from Governor Trammell is interesting:

Tallahassee, Fla., Feb. 28, 1916 Hon. N. P. Bryan, Jacksonville, Fla.

Dear Sir: Your telegram of the 26th inst., stating that you would speak at several places in South Florida during this week and inviting me to meet you at these appointments was received Saturday afternoon. As I have just wired you, I find that official duties at the Capitol, and an engagement that I have to speak here tonight make it impossible for me to meet you in Gainesville tonight. Also engagements made some time ago to speak in Jasper Wednesday morning, and Apalachicola Saturday morning, make it impracticable for me to meet you at South Florida this week. However, I will be glad to meet you at some date in the near future, and will accept of your invitation as soon as my official duties will permit.

I will be pleased to discuss with you your connection with, and your approval of Sections 4 and 5 of the resolutions of the state committee adopted on Jan. 6th, defining who shall be accepted as Democrats authorized to vote in the primary as Democrats as follows: 4th. "That he will not be influenced in voting for or against any candidate by any religious test or an account of religious belief, denomination or sect with which the candidate is affiliated."

5th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

6th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

7th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

8th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

9th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

10th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

11th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

12th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

13th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

14th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

15th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

16th. "That he is not a member of any secret organization which attempts to influence the political nomination of candidates or the organization or purposes of which organization will justify him in refusing to support any candidate of the party."

to charge me with abandoning the duties of the office of Governor to run for the senate—with using the appointing power to pacify these secret societies—ignoring county committees to build up political machines—with plagiarism—nepotism in office—attempting to have federal building placed upon property of relative, and using public office for my own personal advantage. I have not abandoned the duties of my office, and must say that there is a great lack of consistency in your charge and your own conduct. Have you not abandoned the duties of your office at Washington and come to Florida to carry on your campaign?

I have neither used the appointive power to pacify secret societies or build up political machines. Have you been guilty of such in connection with the positions you have procured for your friends, and is your own conscience the basis for your suspicion?

Your charge of plagiarism and nepotism will be met when you attempt the particulars, and I will show their ridiculousness, absurdity, their lack of merit and how far you will go in your desperation to hatch up something of which to base your right and knock an opponent.

Your charge that I have used my office for my personal advantage is unwarranted and absolutely unsupported by truth and facts.

When we meet we will discuss all of your charges and also your own record.

Yours very truly, Park Trammell.

DAVIS TANKS ARE RIGHT

Palatka Man Has Built Cypress Tanks for Many Years and Gained Fame

As the attention of this section of Florida is turning to staple crops, especially, Naval Bay and the raising of cattle is becoming more and more a factor in farm life, the market for tanks and silos is being widened. This is evidenced by the advertising campaign G. M. Davis & Son of Palatka have started in the Commercial.

G. M. Davis has gained an enviable reputation as a tank builder. He started many years ago in a small way, having his progress on workmanship the most careful that skill could give, and he selected his material with patience and care. As a result, when the editor of the Commercial first met him, about six years ago he had built up a good business and had gained a reputation that extended a considerable distance from home. If the writer is not mistaken, Mr. Davis was at that time mayor of Palatka.

In these days when cypress is becoming scarce and hard to obtain, that reputation Mr. Davis worked years to obtain is one of the greatest assets of the tank building company, for when one purchases a tank from the Davis concern there is confidence that it will be exactly as represented—all cypress.—Leesburg Commercial.

Optimistic Thought. Wish rather to be well spoken of than to be rich.

Senior—Alma Goertz, Agnes Anderson, Alice Anderson, Oscar Brown.

Original Form of Life. It is believed that the original form of life began in the ocean many million years ago, and at no time since has life there ceased. Many of the earliest forms are now extinct; others have gradually increased in number and variety from their beginning to the present time. How long ago life began no one has definitely determined, but it is known to have been many million years ago for the remains of extinct animals and plants are found in the oldest sedimentary rocks.

Life in Its Various Forms. The sea teems with plant and animals, and it has been estimated that the amount of life in the sea exceeds that of the land, square mile for square mile. Animal life is found nearly everywhere, even at the greatest depths; out there flourish best at or near the shore. On the other hand, plant life seems to be absent over the bottom of the ocean basins, but plentiful at the surface, where the sunlight plays an important part in its growth.

From the Latin. The Russians, who were slightly influenced by the Latin races, say that "dogs bark and the wind carries it away," but the French, Spaniards, Germans and English, who have inherited more than they wish to acknowledge from ancient Rome, all agree that "barking dogs don't bite," and we have also in English the warning to "have a care for a silent dog and still water," which is clearly a free translation of the Latin original.

His Disinclination. "Come, mah brudder," invited Deacon Hawkes, addressing a stranger who had wandered into the revival meeting, "don't you want to line de heavenly band?" "No, sah; but t'ankes for de bid, dess de same!" was the polite reply. "I done played de trombone in a minstrel band all last season, and isn't no' mo' dan nalf mah sa'ry t'welf plumb yit!"—Kansas City Star.

Danger Passed. When you have smiled a few times at the good things of life and heeded to them in friendly fashion, you will actually be able to laugh heartily and simply—not at what hurt you once, but with a full faith in the fact that it can hurt you no longer.

THE ALL PURPOSE CHARCOAL STOVE

THE GEM

ECONOMICAL DURABLE ATTRACTIVE

This little stove is built to stand rough usage—made of strong sheet metal—it will give the best of wear and service.

It's much easier to handle than the old clay pot—and it will not crack or break.

It will boil the weekly wash, heat irons and cook a meal with a very small amount of charcoal; in winter it can be used for heating purposes. No smoke. No odor.

These stoves are very ornamental and are guaranteed to give absolute satisfaction. Price \$1.50. For Sale at all Progressive Dealers.

LONG BUTTER LINES

Picturesque Scenes Witnessed in Berlin Today.

People Resort to All Manner of Tricks to Get Extra Supply of Butter—Working Classes Get It, Well-to-Do Go Without.

The Hague.—Picturesque and somewhat pitiful scenes where long lines wait at the doors of German butter shops are described in a dispatch to the New Rotterdam Courant from its Berlin correspondent.

A Dutch newspaper is sympathetic with Germany. It cannot be accused of presenting an excited and exaggerated account, such as the Germans complain of in allied journals.

The correspondent begins by quoting from a story told him by a friend: "I got in with a little persuasion. A line was waiting. They would not let me go in front of course, but I pretended I only wanted vegetables. So I got through the line and after securing vegetables, I asked with a very innocent face for a quarter of a pound of butter. I hid it in my coat, went out and joined at the end of the line. Without much more trouble I got a second quarter of a pound."

The correspondent comments: "That is how we get along in Berlin today, that is what we must do to capture a little fat or a little butter. Let us go in front of course, but I pretended I only wanted vegetables. So I got through the line and after securing vegetables, I asked with a very innocent face for a quarter of a pound of butter. I hid it in my coat, went out and joined at the end of the line. Without much more trouble I got a second quarter of a pound."

Many butter and cheese shops are closed practically the whole day. A paper in the window announces when the sale will begin and long before the specified time a crowd collects—mostly mothers and children. Some little ones are there to capture a quarter of a pound on their own hook. Did the salesman know there were so many from one house they would get nothing, so they cheerfully ignore each other during the long wait.

A policeman keeps order in the waiting lines. In the good, old days such lines collected to buy tickets for a Caruso concert; now butter or some other necessity is all we think of.

The cause of this singular situation is not far to seek. In peace time, to say nothing of war time, Germany does not produce enough butter for home consumption. Lack of fodder and speculation combined to drive up prices. A scarcity of fat accompanied the scarcity of butter. To do without these two would be a disaster for the German working people, so the government took the matter up, and, as butter, like fat, is free from plutocratic influences, the government decided the butter should be fairly divided, and fixed low maximum prices accordingly.

The result is that the working classes get butter and the well-to-do go without. The working man's wife goes herself or sends her children to stand for hours in line. She has the whip-hand, now that patience and not money is the determining factor.

The social side of this regulation has thus reached its goal, but not so the financial. The prices are so low that imports from Denmark and Holland are almost out of the question and the government is now faced with the dilemma; plenty of butter at panic prices or little butter at low prices.

In official circles it is hoped that the situation will soon be easier. They hope soon to get the benefit of a big potato harvest, the increase in the farm stocks, and the imported food from the Balkans. But how to deal with the disagreeable fact that the fixing of maximum prices automatically diminishes the supply available still remains an unsolved problem.

Instruction From the Press. In a polite age almost every person becomes a reader, and receives more instruction from the press than the pulpit—Goldsmith.

AMONG THE THEATRES

Chit-Chat of the Play Houses in Sanford

For Tax Assessor
In this issue appears the announcement of B. H. Guthrie for the position of tax assessor for Seminole county. B. H. Guthrie, better known as "Ben" Guthrie among his many friends is no stranger in this section, although he has been so closely confined to his work while living here that many have not made his acquaintance. He has resided here for the past thirteen years, being employed by the Plant System and afterward by the Atlantic Coast Line Railway. He has served the road from baggage master to chief clerk and now occupies the position of assistant to the chief dispatcher. He learned accounting in the hard school of railroads where every penny must be accounted for and his record with the railroads is a clean one. While residing here Mr. Guthrie has always been a tax payer and property owner and has taken a deep interest in municipal affairs both in the county and city. Having been tied down to his desk for so many years he is anxious to get out in the open for a few months in each year and naturally turned to a position to which he and his friends thought he was fitted, hence his entrance into politics and aspirations for a position that will not necessitate close confinement all the time. Mr. Guthrie expects to see the voters of Seminole county in person and present his claims during the campaign and will be grateful for your support.

Mary Pickford in Marvelous Role
Mary Pickford as an Italian boy! The delightful little Japanese Cho-Cho-San, in "Madame Butterfly," has shed her sandals and kimono for the rough boots and corduroy of the Italian peasant, and she laughs, fights and smokes her way into the heart, just as the little Niponese sobbed her way into the affections of the public. And just as the Famous Players start so cleverly concealed her own mannerisms in the interpretation of the Jap girl, so in this original photoplay by Kate Jordan, which will be the Paramount attraction at the Star tonight, Miss Pickford buries the Pickfordian character beneath an avalanche of Italian mannerisms and of boyish conceptions that once more prove her wonderfully broad versatility.

"Poor Little Pippina" is the biggest and most thrilling original story in which Miss Pickford has ever been seen on the screen. Opening in Italy, the scene of action changes to Paris, and then, when the kidnapped American girl makes her escape as a runaway, dressed as a boy, New York supplies the setting for the rest of the action. Here the little runaway, still preserving her disguise, becomes a "newsie," a bootblack, a fruit vender and a messenger boy. But her adventures narrowly escape coming to a very sudden end when she becomes employed in an opium den in which she again encounters the man who had stolen her several years before.

Escaping from the den she later succeeds in preventing the man, Soldo, from murdering the one man whose kindness to her has won her devotion. Though she herself is nearly killed in the effort to save her friend, she is successful and her heroism is the means of restoring her to her real parents.

This is the longest feature Mary Pickford has ever appeared in and the success was so phenomenal in New York that several stations of police were called into action to handle the crowd seeking admission into the Broadway Theatre.

at the Star Theatre, Saturday, March 11th. Admission 5 and 10c

Fighting Drug Habit With Films
Moving pictures have been called on to portray many phases of human nature and to work out many problems. It is therefore logical that the National crusaders against the traffic in narcotics and stimulating drugs should turn to the photo play as an aid to their splendid purpose.

Thus it is the Bluebird Photoplays have lately produced, with the assistance of the United States customs officials, a sensational feature under the title of "Hop, the Devil's Brew," which exposes the method employed by opium smugglers operating on the Pacific Coast, and shows the appalling effects of drug consumption.

When Congress enacted laws in 1909 prohibiting further importation of opium, the annual traffic had amounted to two million dollars, under a duty of \$6 per pound. The legitimate entry of opium into the United States having been cut off, smuggling which had been previously practiced to a considerable degree, became at once an enormously profitable enterprise. Systems for procuring opium in China, smuggling it over by the trans-Pacific steamers, and getting it through the guard lines of the custom officials were carefully devised and are still in profitable operation.

The principal feature that lends excitement to "Hop, the Devil's Brew," which will be shown at the Star Theatre on Saturday, March 11th includes graphic and authentic reproductions of fights between the smuggler bands and customs officials. Scenes taken in San Francisco's Chinatown include raids on opium "joints" and there are numerous reproductions of hazardous encounters along the water front and throughout the underworld of San Francisco.

In addition to the above feature Pathe News will be shown and the admission will be 5 and 10c.

Marie Doro Again Triumphant
Marie Doro, whose motion picture debut in the Famous Players production "The Morals of Marcus," and subsequent appearance in the same company's "The White Pearl" stamped her as one of the most wise and altogether charming actresses on the screen, will shortly be seen in the Famous Players Charles Frohman adaptation of the celebrated Sardou drama "Diplomacy," which will be the Paramount picture at the Star Monday, Mar. 13th. This is by no means the first time that Marie Doro has played in "Diplomacy," as she was co-star with William Collette and Blanche Bates in the stage version of the play at the Empire Theatre, New York last year. At that time she was declared by the New York critics to be the real star of the production as her work in the role of Dora—the same one which she plays in the motion picture—was the most finished and most delightful of all. One of them expressed it as follows: "It is Marie Doro who is the star of all stars in the play. She is not only an actress of rare charm, equal alike to light comedy and tense situations but she is unusually beautiful. In the scene in which her husband makes it known that she is suspected of being a spy, of having betrayed Count Orloff and of having stolen the precious documents, she is the central figure and carries the entire burden of the action and character portrayal."

Her Debt of Honor
The five part photodramatic production, "Her Debt of Honor," with Valli Valli, one of the foremost actresses on the stage of screen in the stella role will be shown here at the Star Theatre Tuesday, Mar. 14.

Among Miss Valli's most notable successes are the "Queen of the Movies," and "The Purple Road" and on the speaking and singing stage are "The High Road," "The Woman Pays," and "The Turmoil," three distinct Metro scene successes.

"Her Debt of Honor" promises to create a sensation, as it is full of surprises and thrills and abounds in novel situations. The story was written by William Nigh, who directed the piece and was produced by the Columbia Pictures Corporation for release on the Metro program. Mr. Nigh also directed the Metro successes, "Emmy of Stork's Nest" and "A Yellow Streak."

In the strong supporting cast with Miss Valli are Frank Bacon, who appeared in Coburn & Harris stage productions for eight years and is considered one of the foremost leading character comedians on the stage or screen; William Davison who only recently came to pictures, but who has achieved unusual success as leading man.

Attend the lecture and hear if your baby was a winner in the Better Baby Contest.

Crops vs Terry
The crops in this section were damaged about 50 per cent by the cold spell Saturday night. It was a few days

the coldest one we have had this winter, as it got down as far as 26 deg. G. A. Taylor has got 10 acres of fine looking melons. Mrs. Martin, our latest arrival has got the best and oldest watermelons in this section. The People Bros. have got a good bean crop this year. R. E. Barnett has some fine cukes which are blooming. D. M. Alderman has a fine cuke and bean crop. G. P. Gardner has a good onion crop which he expects to harvest about the last of April. This section is suffering a little for the want of rain and we all hope to get it in cold spell Saturday night.

ALLEN'S THEATRE

SOMETHING DOING EVERY NIGHT
MATINEE
Wednesday and Saturday 3 p. m.

Mary Pickford in "Poor Little Pippina" Tonight at the Star

At the Star Theatre Saturday, March 11th. Admission 5 and 10c.

COMING—"Should a Mother Tell". "Gods of Fate". "To Have and to Hold". "The Wrong Door", etc.

Concerts by the Star's Orchestra Nightly
Matinee Daily at 3:15; Night at 7

CANDIDATES WILL COME ON FRIDAY

NEXT WEEK WILL WIT- NESS BIG FLOCK OF THEM HERE

Getting ready for the big affair. The advance men are here, the bill posters are here, the decorators are here and everything is being made ready for what promises to be one of the record breaking crowds in this city next week. On Monday the 20th the Festival and Celery Fair will start and for six days there will be something doing all the time. Tuesday will witness the Auto Parade and opening of the Flower Show and every day will be a big day. Candidates' Day is being looked forward to by the people of the entire state for on Friday, Candidates Day, the state and national candidates will be here to tell us all about each other. The county candidates too will have their fling and the day will probably go down in history as being one of the greatest "coming out conventions" since the big one at Ocala.

The people of Florida as a whole have not had the opportunity of hearing the different candidates in joint debate and this will be their opportunity. All the candidates for U. S. Senator, all the candidates for Governor, all the candidates for Congress and all the candidates for all offices will be here if possible, having wired that message to R. J. Holly, secretary of the executive committee of the county.

Grow Cowpeas With Corn

There is no indication that fertilizers will be cheaper next year than this. Farmers must make plans which will make a future shortage less keenly felt. Nothing will take the place of the various fertilizing constituents, but conditions for plant growth can be made happier and the necessity for fertilizers or large quantities of them will not be so marked.

Florida land needs organic matter whether or not commercial fertilizers are used. Cowpeas will supply organic matter. As a precaution against a further shortage of fertilizers, E. B. Pace, district agent for the University of Florida Extension Division recommends cowpeas between the corn rows. Experiments have shown that about as much corn can be grown with cowpeas as without. The rows can be widened a little and the peas planted between when the right time comes.

Send for Station Bulletins

The University of Florida Experiment Station has been working a good many years to solve farmers' problems. Reports of the work can be found in bulletins and records of the station. These bulletins are free and every farmer should apply for them. Almost every phase of farm activity has been covered by workers in the station. Some light will be thrown on every question by those bulletins which pertain to the particular branch of agriculture in which the question arises.

Bulletins may be had as long as the supply lasts by addressing P. H. Kolls, director of the Station, Gainesville. Every farmer in the state should have his name placed on the mailing list to receive new bulletins as they come out. When they are received they should be filed for future reference.

The efficiency of the Station will be greatly increased if farmers will apply for information. If bulletins and complete reports on the subject are not available, inquirers will be referred to stations which have such reports.

Farmers Make Two Potato Crops In Six Months

Some farmers in the Hastings district will make two crops of potatoes this winter. A. P. Spencer, district agent for the University of Florida Extension Division reports that several farmers who planted during the first part of December had their vines killed by a recent frost. The potatoes were not very big, but they were marketable and were dug. Those farmers intend to plant again and if they do they will get a second crop by June.

The first crop will not be heavy, probably forty to fifty bushels to the acre, but two crops of Irish potatoes in a winter is remarkable even if one is small. Mr. Spencer says that Hastings growers are feeling good. They have the largest acreage in the history of the district, indications are fair for a big crop and price promise well.

Interest in Live Stock Grows

Every mail brings inquiries to the University of Florida Experiment Station and College of Agriculture concerning livestock production in Florida. These come from New York, New Jersey, Pennsylvania, and other eastern states. But the great cattle sections of the west are also becoming interested in Florida livestock production. Inquiries from Missouri, Nebraska, Montana, Texas are coming in.

Many men from other states have purchased land in the state which they expect to develop into livestock ranches. A company from Ohio have a large tract in Clay county. Four brothers from Montana are preparing a ranch in the Kissimmee district. A group of men from Nebraska have purchased 1,200 acres in Manatee county for livestock production. A million acres will be devoted to cattle and hogs near Bonifay if the plans of the promoters materialize. All over the state this development is going on.

But outsiders are not the only ones to recognize the possibilities of the state. Florida farmers are showing active interest in livestock. Some inquire concerning forage and grasses, others about purchased sires and not a few want correspondence courses in animal husbandry or related subjects.

Station Issues New Bulletin

"What is the best grass for Florida?" The question is repeated hundreds of times during the year. Japanese cane is nothing more than a big grass, and it is not the best grass for Florida. It is one of the best and ranks toward the top.

The University of Florida Experiment Station has recently issued Bulletin 129, Japanese Cane by John M. Scott. It contains the results of fertilizer and feeding experiments and discusses its use as pasture, silage and dry forage. The soil best adapted to raising Japanese cane is discussed briefly. Methods of seedling preparation, care for planting, planting methods, and harvesting are given.

Several rations, including Japanese cane are offered, together with a general discussion of its feeding value. A large part of the bulletin is devoted to the results of fertilizer experiments on the yield and juice content of the plant. Copies will be sent free on application to the Station, Gainesville.

RAPI No. 1

A very enjoyable program was rendered by the group of Reds, Sunday evening at the Baptist Temple. The following members took part: Leader, Mr. J. Rowland Wildman. Scripture readings by Mr. and Mrs. John Hamrick and others.

Talk on Matt. 25:1-13, Mr. Paul Ezell.

Talk on Matt. 25:14-30, Miss Edith Stewart.

Talk on Matt. 25:31-46, Mr. P. S. Fortson, Captain.

Reading, The Infidel, Miss Lucille Rines.

New Store in Chuluota

The thriving little city of Chuluota in the eastern part of Seminole county is now boasting of a new mercantile establishment in the shape of a new general merchandise store recently opened by J. E. Snyder.

Mr. Snyder hails from St. Augustine and seeing the great possibilities for the future of Chuluota he at once moved there and opened with a nice stock of general merchandise.

The new firm, as well as all of the older ones are doing well.

Elks Attention!

All members are urged to attend meeting tomorrow night. Official visit Deputy Grand Exalted Ruler. Our famous chicken pillau will be served after meeting.

O. L. Taylor, Secy.

City Election March 28th

The election for one alderman to fill the place made vacant by the resignation of R. C. Maxwell will be held on Tuesday, March 28th.

HERALD'S BIG CAMPAIGN ENDS NEXT SAT., 7 P. M.

TRIPLE VOTES GIVEN ON NEW SUBSCRIPTIONS UP TO 8 P. M., THURSDAY, ONLY DOUBLE VOTES GIVEN FRIDAY AND SATURDAY. REGULAR VOTES ALLOWED ON THE RENEWALS

BALLOT BOX WILL BE SEALED AND LOCKED NEXT FRIDAY. CANDIDATES MAY DEPOSIT MONEY AND SUBSCRIPTIONS IN BALLOT BOX LAST TWO DAYS YOU MUST HURRY TO WIN A PRIZE

The extra vote offer of the past week, whereby triple votes were allowed on every new subscription turned in, proved very popular and met with the hearty approval of every candidate. A good many, however, did not get to take advantage of the offer for one reason or another, so we have decided to extend the offer for three days. We want every candidate to get his or her share of these triple votes for they count up fast when it comes to winning one of the big prizes.

It will be advisable for you to turn in every available subscription during the next three days and take advantage of the triple votes. The TRIPLE Vote Offer closes Thursday, March 16th, at 8 p. m.

Double Votes

Only double votes will be allowed on new subscriptions the last two days of the campaign, Friday, March 17th and Saturday, March 18th.

Therefore be sure and turn in all the subscriptions possible by Thursday, March 16, at 8 p. m., and get the triple votes on each subscription. Remember this offer is for three days only.

This is positively your last opportunity to secure three times the regular number of votes on each of your new subscriptions.

Make Every Hour Count

If you are to be named a winner when the judges make their final count you must make every hour count from now until seven o'clock next Saturday night, March 18th. You cannot let a single subscription get by you for you need every one of them. Do not think because you have made an extra effort during the last vote offer that you have already won the prize you expect, for there may be others who have worked just as hard as you have and who are still making a mighty effort until the last moment. There is not a candidate in this campaign who can afford to stop work now unless he or she has made up his or her mind that he or she does not care to win a prize.

You will never regret the extra effort you may make between now and Saturday night when you are named a winner by the judges. Your friends named you as a candidate because they believed you to be made of the stuff that produced winners and you cannot afford to jeopardize their friendship by laying down at the last minute when the prize may be within your grasp. Many a battle has been lost after being won, by the already victor losing heart and allowing the enemy to make a final assault and win. Do not let anything stand in your way to prevent you from making the most active canvass of your whole campaign. You need every subscription that you can possibly get. No matter how many votes you may have in reserve, you need more. You have not gotten enough to make sure of winning. Others are making a strong finish and unless you are willing that they should carry off the prizes and honors you must make your finish strong.

Campaign Ends Next Saturday

The Sanford Herald's big campaign will end promptly at 7 o'clock next Saturday night. All voting ballots and subscription orders and certificates must be inside The Herald office before seven o'clock. No candidate can bring in subscriptions after seven o'clock on the closing night.

Attention, Candidates!

The ballot box will be sealed and locked next Friday and the keys given to the judges. Candidates may deposit their subscriptions and money for same directly into the sealed ballot box instead of giving same to the Circulation Manager on Friday and Saturday if they wish in the following manner: Just make out your subscription stubs as usual, and be very careful to see that they are correct; then place same with money

(CASH, MONEY ORDER or DRAFT) in an envelope, seal same, write your name on the outside and deposit it in the ballot box. No one not even the Circulation Manager will know what is deposited the last two days; therefore, it will be impossible for any tips or information to be given, other than that which is given to each and every one.

This will make the final voting absolutely secret, even from the Circulation Manager.

The judges will make their count immediately after 7 p. m. next Saturday, March 18th at The Herald office, and will count and award the prizes to the candidates. Their count

friends and the general public are invited to be present at the final count.

Candidates are not compelled to deposit their report in the ballot box the last two days unless they wish; they may make reports in the usual manner to the Circulation Manager.

Last Chance to Get Big Votes

The triple vote on new subscriptions ends next Thursday night, March 16th at 8 p. m. Only double votes will be given on new subscriptions the last two days of the campaign. Out of town candidates may mail their subscriptions in their local postoffice up to 8 p. m., Thursday, March 16th and they will receive the triple votes on new subscriptions.

Notice to Out of Town Candidates

All your subscriptions with remittances must reach the Sanford Herald not later than 7 o'clock Saturday night, March 18th, 1916, as the judges selected from Sanford's leading citizens will start to canvass the votes, and award the prizes as soon as the count is completed. The Circulation Manager would like to see all out of town candidates who can arrange to be here Saturday, March 18th to witness the final count, which will be made in public.

"Don't Be Ruffed"

Even supposing that some one has several thousand more votes than you have, what of it? How did they get them? Just in exactly the same way that you can. The remedy lies in your own hands. Go out and get subscriptions until you no longer fear any one. Talk is nothing but words, but subscriptions means votes and votes mean prizes. Let talk and more votes makes a better showing. Don't stop working until the very close of the campaign.

PYTHIANS GREAT MEET

Knights and Ladies Hold Forth at Key West

Key West, March 13.—The selection of officers was taken up shortly after noon on Thursday by the Grand Lodge of the Knights of Pythias and the usual promotions were made in the chair positions. Ernest P. Roberts being made Grand Chancellor; Newton P. Yowell of Orlando, Grand Vice Chancellor; Wiley J. Williams of Milton, Grand Prelate; J. G. Davis of Tampa, Grand Keeper of Records and Seal; W. W. Tompkins of Ocala, Grand Master of Exchequer; W. M. Gober of Icala, Grand Master of Arms; A. J. Brandon of Clearwater, Grand Inner Guard, and P. L. Ross of Mulberry, Grand Outer Guard.

Wednesday's session was spent in receiving reports of officers and standing committees and other routine work. Two cities were bidding for the next session of the Grand Lodge, Lakeland and Gainesville, and Lakeland was chosen.

Following the adjournment the Knights assembled at the hall opposite the postoffice, which Ramon Garcia of the Delmonico Restaurant had fitted up for the occasion, and a banquet was given them which proved to be one of the most pleas-

ant affairs of the kind ever held here. A dance and reception at the Armory followed the banquet. This was largely attended by the visiting Knights and families and by our home people. The dance lasted from 9:30 to 12:30. The whole affair passed off pleasantly, and the local Knights are to be congratulated on the excellent manner in which the entertainment features were handled.

At the session of the Grand Temple Pythian Sisters on Thursday officers the following officers were elected for the ensuing term: Elizabeth Donegan of Kissimmee, G. C.; Hattie Bethel of Jacksonville, G. S.; Mollie Denem of Titusville, G. J.; Louise Holmes of Miami, G. M.; Maggie Lowry of Tampa, G. P.; Juliette Smith of Eustis, G. G.; Rena Brown of Palatka, G. M. of R. C.; Edna Hefner of St. Petersburg, G. M. of F.

After the election the Temple adjourned to attend the reception given by Mrs. Jefferson B. Browne at her residence on Whitehead street and reassembled later when the new officers were installed and the session adjourned. As reduced rates were offered the Pythians to Cuba, quite a number left on the Governor Cobb Friday night for Havana, while many others left on the Mascotte for Tampa for their respective homes.

Dr. J. Y. Porter, Jr., District Deputy Grand Master of the Masons entertained at dinner Thursday night at Delmonico's in honor of James E. Crane, Grand Master and William R. O'Neal, Grand Commander of Knights Templar. Other guests were Charles H. Ketcham, Grand Senior Deacon, F. C. Brown, Grand Master, F. B. Guito, Past Master; Mr. Vaviness, Junior Warden and Chester R. Cuffy, Master. After dinner a reception was held at the Masonic Temple where the three lodges met. Dr. Porter introduced Grand Master James E. Crane, who delivered a very interesting address. After the meeting Mr. Crane left for Havana, where he will spend a few days.

Mrs. Gary Lee in Sanford

Mrs. George Gary Lee was a distinguished guest in Sanford on Sunday. Finding herself and advance agent at this point on Saturday she decided to spend the Lord's day here and as soon as it became known that Mrs. Gary Lee was in town she was invited to speak in several churches and finally compromised by arranging to make an address in the Star Theatre, which was most generously tendered by the generous proprietor.

A goodly and appreciative audience greeted Mrs. Gary Lee, who delivered an able address, dealing principally with national and international affairs of China, one of the oldest and greatest empires. She spoke of the very grateful and friendly feeling which China holds for America, and especially the United States and the unparalleled opportunity for commercial relations, however unrealized by the United States, particularly in the commerce of cotton and wheat, both of which they prefer to import in exchange for their own productions, such as teas, silks, carved woods and their newly found mineral ores.

Religiously, the returned traveler and missionary says China is an open door. She declares that China is now as amenable to Christianity as much as it once was impenetrable. She cited an instance at the time of the opening of the doors of Pekin and nine other great cities when 18,000 Christians professed their belief in Jesus Christ.

Over against the few heathen weaknesses of China she emphasized the many stable qualities of that people, namely veracity, honesty, industry, intellectuality, spirituality, with their innumerable concomitant virtues, qualities which go to make the Christian par excellence.

Especially for the ladies Mrs. Gary Lee told the story of the conversion of Lady Wu, a governor's daughter, and wife of the Chinese Minister to South America; and for the children she donned an expensive Chinese gown and sang some native songs.

Social at Moore's Station

There will be a Box Social at Moore's Station Friday night of this week. Coffee, sandwiches and cake for those who do not bring a box. All are cordially invited to attend.

ATHLETICS TAKE PART IN FESTIVAL

BOY'S WILL HAVE FOOT RACES ETC. AT THE FAIR NEXT WEEK

In conjunction with the big Spring Fair and Festival next week Athletics will play an important part and all the small boys will have a chance to show their prowess and speed.

Rev. George Hymas, J. R. Wildman and Prof. Hutchinson, all of them experts on judging foot races, etc., will arrange a series of foot races, bicycle races, and other athletic stunts and will pull off the big affair on Saturday 25 on Commercial street near the Carnes Hotel.

This will add greatly to the Spring Fair and Festival and the youngsters can have a Field Day on a small scale. The athletic events should promote a greater interest in the schools and gymnasium and the Boy Scouts, as all of them will be represented. The big hearted merchants of Sanford will donate prizes to the youngsters for the different events and altogether Saturday will be a big day in every respect.

Home Education Tour

Eight southern states will be included in a joint tour to be made in March and April by representatives of the Bureau of Education of the Department of the Interior and the National Congress of Mothers in the interest of home education and closer cooperation of home and school. This is the second tour of this type, one arranged for last year having covered the far western and Pacific coast states.

The first meeting to be held in connection with the tour will be at Leesburg, Va., where the citizens of Leesburg and Loudoun counties have already created a vigorous interest in the problem of closer cooperation of home and school. Other meetings have been arranged for Asheville, N. C., March 8; Danville, Va., and Lincolnton, N. C., March 9; Greensboro, N. C., and Florence, S. C., March 10; Spartanburg, S. C., March 11; Columbia, S. C., March 13; Rock Hill and Lancaster, S. C., March 14 and 15; Augusta, Ga., March 16; Charleston, S. C., March 17; Savannah Ga., March 18. Meetings have also been arranged in Eustis, Avon Park, Fort Pierce, West Palm Beach, Tampa and other cities in Florida; Montgomery and Birmingham, Ala., March 29 and 30; and Columbus, Miss., March 31 and April 1. The tour will end at Nashville, Tenn., where the annual meeting of the national Congress of Mothers and Parents' Associations is to take place during the week of April 4-11.

Among the speakers at these meetings will be Mrs. Frederic Schoff, Philadelphia, Pa., president of the National Congress of Mothers and Parent-Teachers' Associations; Mrs. Milton P. Higgins, Worcester, Mass., vice president, National Congress of Mothers; Mrs. Wm. F. Thacher, Washington, D. C.; Mrs. David O. Mears, Albany, N. Y., vice president National Congress of Mothers; Mrs. Joseph P. Mumford, Philadelphia, Pa., recently elected vice president of the National Council of Women; Miss Beatie Locke, New York city, secretary of the National Kindergarten Training School, Boston, Mass. Mrs. Schoff and Miss Locke are also special collaborators of the Bureau of Education.

Decorators Here

G. M. Robbins of the F. F. Gastoff Company is here to do the official decorating of the city for the Big Spring Festival and Celery Fair and will take orders for decorating at The Herald office. These people decorated the city last year and also the automobiles and can be recommended to the public. The city of Sanford has very generously decided to have the streets and city buildings decorated and Sanford will present a fine appearance in consequence. Every business house should have decorations in honor of the distinguished visitors who will be here.
