

Shasta Postponed Today 14th Time

LAS VEGAS, Nev. (AP)—Adverse wind conditions have forced the Atomic Energy Commission to call the 14th postponement in its

32 Prisoners Held In County Jail

There are 32 prisoners held in the Seminole County Jail as of midnight last night, Sheriff J. L. Hubby reported this morning. The sheriff reported that 11 prisoners were brought in and three released during the 24-hour period.

Of the total, he said, 6 are white males, 20 colored male, 1 colored female, 1 colored female incompetent, and 1 colored male incompetent.

TOWN HOLDS FETE

GUILFORD, Vt. (AP)—The population of Guilford, 1,600 strong, turned out Sunday for a mammoth "all-day" barbecue arranged by farmer Warren Franklin to honor the return of his 21-year-old identical twin sons, Alfred and Wilfred, from the Army. Franklin's neighbors bought tickets to the barbecue at \$3 each when Frank-

NUCLEAR EDUCATION

FREIBERG, Germany (AP)—The university here has started courses for doctors in protection against atomic radiation. A university spokesman said the course ultimately will be given in high schools throughout the country. He said they are "tranquillizers" against the fear of atomic radiation.

LEGAL NOTICE

NOTICE IS HEREBY GIVEN that the Board of County Commissioners of Seminole County, Florida, will meet at 10 o'clock A. M. August 13, 1957, in the County Commission Building at Sanford, Florida, for the purpose of hearing requests and complaints from the public regarding the Budget for the Fiscal Year beginning October 1st, 1957, and ending September 30th, 1958, and will thereupon tentatively adopt the Budget for said period. The tentative Budgets are summarized as follows:

W. L. Harey Goes To First National Baptist Conference

W. L. Harey will go to Oklahoma City, September 18-20, to attend the First National Conference of Southern Baptist Men. The first national men's meeting ever conducted by Southern Baptists is expected to attract 8,000 men from 42 states. Theme for the three-day session will be "Free Men Through the Ages", emphasizing personal liberty and freedom of religion.

A colorful dramatization depicting great moments of dedication in the lives of martyrs and heroes of faith will open the meeting. It will reflect the place of Baptists in the struggle for religious liberty. Other features of the week will include tableaux on denominational causes, major address on the theme of the meeting, and twelve vocational seminars on agriculture, banking, clerical work, education, government, journalism, labor, law, management, medicine, selling, and small business. Purpose of the seminars is to enable the men to better learn how to witness for Christ through their professions. The panels will be composed of experts of these various fields.

Included on the program are two governors, Hon. Raymond Gary, Oklahoma, and Hon. Price Daniel, Texas; two congressmen, Hon. Eugene Siler, Kentucky, and Hon. Brooks Hays, Arkansas, who is now serving as president of the Southern Baptist Convention. Also headlining the program are Jack Hamm, nationally known cartoonist; Glenn Archer, Washington attorney, a crusader for religious liberty; Howard Butt, Texas groceryman and evangelist; Carlyle Marney, author and pastor; Theodore P. Adams, president of the Baptist World Alliance; Baker James Cauthers, Secretary of the Southern Baptist Foreign Mission Board, and Porter Routh, renowned layman and secretary-treasurer of the Southern Baptist Convention.

Awards of merit will be presented to six men who have rendered distinguished service to the denomination.

Peaches Can Fill The Freezer While Helping Budget

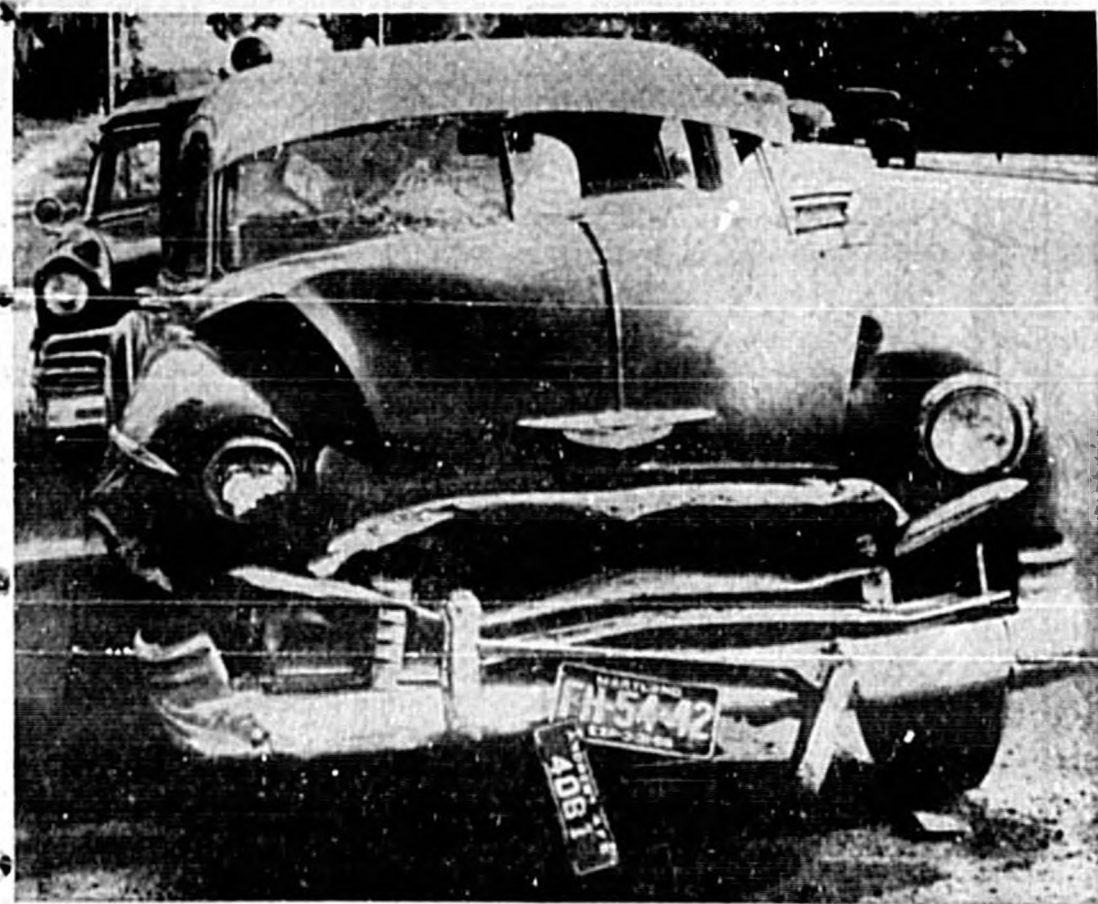

It's a peachy time of year. June, July and August are months when peaches come to market. Peaches, like other fruits, are most economical when in season.

HARVESTING. The harvesting of peaches is well underway, but is not as far advanced as last year. Probably due to the fact that the crop in the northern portion of the peach belt is better and the crop in the southern portion is not as good as last year. Excessive soil moisture also hampered the harvesting operations in the most heavily concentrated portion of the peach belt.

SELECTION. Look for peaches with a creamy back-ground color or a color that is only slightly green. These peaches should be well developed in size and shape if they are to mature properly. The pink color or blush varies with different varieties and is not always a sign of ripeness. The flesh should be firm and free from blemishes and from shriveled or decayed spots.

CARE. Fresh peaches should be sorted and the ripest used first. It's

Partly cloudy through Wednesday with scattered afternoon thundershowers.

Bread, Freedom Riots Threatened In Warsaw, Poland

United Press Staff Correspondent
LODZ, Poland — The government rushed police reinforcements today from Warsaw to Lodz, Poland's second largest city where a sidewalk street strike threatened to touch off a new wave of "bread and freedom" riots.

After dangerous clashes Monday, striking streetcar workers had barricaded themselves in the city's two largest trolley terminals. They vowed they would not come out until their wage demands are met.

The situation was tense and ugly. Militiamen police armed with pistols and clubs surrounded the two depots, and police radio cars swarmed in the streets. The license plates of the crowd cars showed that many of them had moved in from the capital.

Streetcar traffic halted completely. Army trucks shuttled along the main trolley routes providing substitute transportation for stranded wayfarers.

The truck drivers were the only troops in evidence in the city early today.

Rumors circulating in Warsaw said Communist Leader Wladyslaw Gomulka has assigned Gen. Komar, chief of internal security, and Gen. Jan. Frey-Rielicki, commander of the air force, to deal with "any emergency."

Labor Convention Moves From Miami Beach To A-City

MIAMI BEACH — The decision of the AFL-CIO to move its big biennial convention from Miami Beach to Atlantic City, N. J., has had hotel owners here up in arms.

AFL-CIO President George Meany confirmed in Chicago Monday the Dec. 4-10 convention, expected to attract some 3,000 delegates, was moved because "conditions were detrimental and not good for unions" at Miami Beach. He did not elaborate.

Hoteliers said the delegates were expected to spend \$600,000 during the convention here. One hotel operator estimated the total loss to the city at close to 2 million dollars.

Charles Goldberg, owner of the Delano Hotel, said the heads of the 16 hotels holding reservations for convention delegates "got together and voted that as a last resort to file law suits if they don't come here."

The AFL-CIO, he said, "is a group that wants everyone to live up to contracts, but they're breaking contracts with us. It makes the hotel employees look bad and it makes us look bad."

U. S. Youth Warned Against Joining Junket To China

MOSCOW — The United States Embassy sent an official to the youth festival village today to warn Americans against joining Communist China's free junket to Peking Wednesday.

It appeared, however, that close to 50 American youths intended to go through with the trip despite the State Department ban. By this morning, 46 had handed in their passports or their names.

U. S. Ambassador Ellsworth Thompson kept himself available at the Embassy to explain the situation personally to any of the American youths who may have had doubts about their country's position.

At the same time, it was decided to send a consular official out to the American delegation's quarters in festival village. He carried mimeographed sheets laying down the official American position.

Cost Of Living Increase Approved For City Employees

The Board of Sanford City Commissioners last night approved a 3.6 per cent increase "across the board" pay raise for city employees.

The pay raise, advocated on a "cost of living" increase, will add a total of \$19,060.89 to wages of city personnel according to City Manager Warren E. Knowles.

Only 6 of a mill, said Mayor David Gatchel, last night, will be required to meet the increase granted the city's workers.

The revised pay schedule was based on the cost of living increase over the past 12 month period up to June 1 of this year, the City Manager pointed out.

Of the total increase \$10,269.89 will be for general government and \$8,791 will be for the Utility Department of the city.

The city employs 104 full time workers in general government payrolls plus 8 part time workers. In the Utility Department there are 28 full time employees.

The cost of living increase will cover all departments of the city including the Sanford Police and Fire Departments.

The increases were also approved for six workers whose salaries were not included in the list of employees receiving the increase. The six employees were in categories separate the regular schedule.

Increase airmail letters from six to seven cents an ounce.

Boost the charges for regular postcards from two to two cents each and like airmail postcards from four to five cents.

Provide four annual 15 cent increases in second class rates for newspapers and magazines.

Increase the individual piece rate on third class advertising matter rates 50 per cent. For bulk third class mail, the minimum rate would go up 65 per cent over a two-year period.

Increase book rates 25 per cent.

Boost rates for controlled circulation publications to 12 cents a pound. Rates now are 10 cents below eight ounces and 11 cents below that weight.

Michigan Couple Buys Boat, Shoves Off For Florida

MEMPHIS, Tenn. — A Michigan couple who sold their home to buy a boat shoved off for Florida with two "share the expense" passengers today on a leisurely, three-year round-the-world cruise.

Mr. and Mrs. Chris Kappler of South Haven, Mich., and Mrs. Maxine Hawley of Peoria, Ill., and her son, Matthew Wallus, 16, said "time means nothing to us."

"Our trip will end only when we pull into home port," said Mrs. Kappler, an auditor-bookkeeper. "We have no time limit to hunt us."

Mrs. Kappler and her husband, a carpenter contractor, sold their home to buy their 45-foot schooner Mrs. Hawley, a nurse, learned of the Kapplers' plans while visiting in South Haven, and asked if she and her son could go along. They are paying half the expenses.

The Syrian government issued a statement Monday night accusing Stone of being an American "intelligence expert" who engineered an alleged conspiracy to overthrow the present Damascus regime.

The U. S. Embassy here and the State Department in Washington said the charge was a "complete fabrication."

Former Union Man Admits Keeping Money Cache

WASHINGTON — Former union official Anthony J. Doria said today he once maintained a secret cache of union money which only one other person, the union's president, knew about.

Doria, former secretary-treasurer of the old AFL United Auto Workers, told the Senate Rackets Committee he considered the money union property but did not enter it on the union's books. The money, he said, was hidden under papers in an office storeroom.

Chicago — Burglars left a North Wabash department store in a hurry, taking \$2,500 in coins, but leaving \$700 in burglar tools.

Authorities said the thieves entered the Klaus Department Store Monday through a skylight, cracked open a safe, but were scared off by two maintenance men before they got to \$25,000 in another safe.

5 Per Cent Reduction Ordered

WASHINGTON — Defense Secretary Charles E. Wilson swung his economy axe at the defense industry again today.

He ordered a five per cent reduction in the "progress payments" made by the government to big defense contractors on aircraft, missiles and other military items which require a long time to manufacture.

The order, effective Sept. 1, reduces these installment payments to 70 per cent of total costs, or 85 per cent, instead of the present 90 per cent, of direct labor and material costs.

Wilson said the move will give contractors "greater incentives for economy" when more of their own money is involved in producing defense equipment.

The new order will not affect small business suppliers who will continue to be eligible for progress payments of up to 75 per cent of total costs or 90 per cent of labor and material costs.

Wilson's decision was the latest in a series of drastic measures to cut military spending down to the budget ceiling of 38 billion dollars in the fiscal year which began July 1.

Monday he ordered the Air Force and civil contractors working on Air Force equipment and projects, except missiles, to cut their personnel and overhead costs 5 per cent.

The order, coming on top of a slowdown and cancellations in production of aircraft and one guided missile, is expected to force discharge of more than 100,000 aircraft industry employees.

Wilson is slashing expenses before his scheduled retirement from the top defense post, possibly late this month. He has said he wants to leave the complex affairs of the defense department in order for his successor.

Leland F. Guiles Dies Yesterday

Leland F. Guiles, 62, of Osteen, died yesterday afternoon at 3 p.m. following a short illness.

Mr. Guiles had made his home in Osteen for the past 2 years.

He was born in Greenville, N. Y., June 1, 1895. He was a retired optician.

Mr. Guiles was a member of the Presbyterian Church, the St. Johns Order of Masons, and the American Legion.

Survivors are: the wife, Mrs. Stella Guiles of Osteen, an adopted son, Richard Guiles of Fort Edwards, N. Y.; and a brother of Greenville, N. Y.

Funeral services were held this afternoon at 4 o'clock at Hissom Funeral Home.

Remains will be sent to Columbus, Ohio for interment.

Syria Asks Recall Of U. S. Attache

DAMASCUS, Syria — Unusually reliable sources said tonight that Syria has demanded the recall of American Embassy attache Howard Stone for his alleged part in an "American conspiracy against the Syrian regime."

The sources said the secretary general of Syria's Foreign Ministry, Salah Tarazi, handed the expulsion request to the American charge D'Affaires in Damascus, Robert Strong.

The Syrian government issued a statement Monday night accusing Stone of being an American "intelligence expert" who engineered an alleged conspiracy to overthrow the present Damascus regime.

The U. S. Embassy here and the State Department in Washington said the charge was a "complete fabrication."

Thieves Leave Lot

CHICAGO — Burglars left a North Wabash department store in a hurry, taking \$2,500 in coins, but leaving \$700 in burglar tools.

Authorities said the thieves entered the Klaus Department Store Monday through a skylight, cracked open a safe, but were scared off by two maintenance men before they got to \$25,000 in another safe.

Football Practice At Seminole High Starts Monday

The Seminole High School "Seminole" will get their football practice underway Monday morning Aug. 19 at 8:30 a. m. with an afternoon work out at 4:30 p. m. according to Football Coach Jim Pigott.

"All potential players are urged to be on hand for the opening drills because of the nearness of the opening game with Lyman which is only 24 practice days away," Coach Pigott said this morning.

Pigott said "The fundamentals of blocking, tackling, kicking and passing and defense will be stressed."

There is no short cut to top physical condition he said "so it will be a standard phase of each drill."

Players will work out in shorts and shoes until Sept. 2 when full uniforms will be donned, the Coach said this morning "and the heat knocking gets underway."

Typhoid Strikes Roman Catholic Nuns At Convent

OLDENBURG, Ind. — The number of Roman Catholic nuns known to be stricken with typhoid has doubled since an outbreak of the disease at a convent here was discovered, a health official said today.

The state health commissioner, Dr. Andrew Offutt, said 37 cases have been reported at the Sisters of St. Francis motherhouse.

An early count Friday had shown only 16 of the more than 500 nuns there were afflicted with the disease, not definitely diagnosed as typhoid until Monday. Offutt said weekend investigations by a state epidemiological team showed none of the cases took effect later than Aug. 4.

Ten New Stations Volunteer To Help Weatherman

MIAMI — Ten new voluntary stations along the Florida East Coast and in the keys will give weathermen a hand this year in keeping tabs on hurricanes.

Leonard Fardus, meteorologist at the Miami Weather Bureau's hurricane operations center here, said six of the stations have already been added to the cooperative hurricane reporting network and four more in the keys will be operating within two weeks.

The stations will be equipped with weather bureau instruments for recording wind speed, direction, atmospheric pressure and rainfall, Fardus said. The stations will work closely with hurricane central in Miami in tracking and correlating data on the big storms.

The new East Coast stations are at Beacon 42, a fishing camp near Titusville; the Sea Dunes Motel near Melbourne Beach; the city of Vero Beach; the W. M. Kiplinger estate near Stuart; Capt. Mae Engle's fishing boat headquarters near Boynton Beach, and the port authority office at Port Everglades.

Customs Agents Seize High Cache

MIAMI — Customs agents early today seized a huge cache of rifles, machine guns and 30,000 rounds of ammunition believed destined for insurgents camped in the Cuban mountain jungles.

Two men were arrested and authorities hunted three more believed involved in a plot to ship arms to Cuban rebel leader Fidel Castro, who is trying to overthrow Cuban President Fulgencio Batista.

Charles Wyatt, supervisor of customs in Miami, identified the men arrested as Gil De Gubaja, 46, an American citizen of Cuban descent living in Miami, and Alfredo C. Z. Gonzalez, 36, who said he is a farmer. He told officers he was from Havana.

The men were charged with violation of the neutrality act and jailed pending further action.

Boat Patrol Added To Seminole County Sheriff's Department

Seminole County Sheriff J. Luther Hobby will add another service in the near future when a boat patrol will be placed into operation.

Sheriff Hobby yesterday said "Because of the number of complaints being received by the Sheriff's Office about motor boat violations, we will add the boat patrol to further protect the citizens while they're enjoying one of the most popular sports today."

The boat is being made available by P. G. Kurch of the Staff-Boat Works. Kurch said yesterday "We are presenting a boat to the Seminole County Sheriff's Department in the interest of boating and water safety."

The boat is a 16-foot High Hat Convertible that is capable of carrying a 1,000-pound load. It will be powered by two 35-horsepower outboard motors.

Sheriff Hobby said that the boat will be equipped with a siren, flashing red lights, running lights, and spotlights.

"We have always needed equipment for lifesaving," Sheriff Hobby said yesterday and "our new water patrol will be equipped with drag hooks, rope lines, life jackets, and fire extinguishers."

One predominant feature of the boat is that it will carry a huge Sheriff's insignia on each side of the bow of the boat.

"Many times we have needed this type of equipment around Seminole County," Sheriff Hobby said yesterday.

"We are indeed grateful to Mr. Kurch for making the boat available in the interest of boating and water safety for Lake Monroe and our other lakes and streams are fast being used by thousands of boaters and fishermen," said the Sheriff.

The boat patrol is something new for Seminole County and the Central Florida area, said the Sheriff. "We are trying to stay in the lead with modern equipment and safety methods and the boat patrol is one of the features we have needed for a long time," he added.

The new boat, a light blue and white in color, is easily distinguishable and is capable of carrying five or more persons for its top load of a half-ton.

A trailer will be provided in order to transport the boat to various lakes around Seminole County where it may be needed for emergencies.

Sheriff Hobby hasn't said just when the boat will be ready to be put into actual use but it is expected that it will be in the very near future.

"All of the inspects and equipment has been ordered," he said.

Officials Examine 100 Cases Asiatic Flu Reported

NEW YORK — City and Federal health officials today examined a reported 100 cases of what may be Asiatic flu among European exchange students arriving here aboard the liner Arosa Sky.

When the liner reached quarantine Monday night medical authorities had reported an outbreak at sea of what they believed to be "mild influenza."

Aboard the Arosa Sky are about 300 foreign students aged 16 to 18, all scheduled to live with families across the United States and attend local high schools. The ship sailed from Rotterdam Aug. 5.

Senate Pays Final Tribute To Senator Walter F. George

WASHINGTON — The Senate solemnly paid its final respects to one of its great—the late Sen. Walter F. George D-Ga.

The tributes to George, who was buried last week, lasted for two hours and 20 minutes. Thirty senators took the floor to speak.

Sen. Richard B. Russell D-Ga., who served with George for 21 years before the latter's retirement this year, said "my heart is too heavy to enable me to do justice to my feelings and my sentiments."

"An era died when Walter Franklin George came to his final resting place," he said.

Sen. Herman E. Talmadge D-Ga., who succeeded George in the Senate, said, "The nation and the world have suffered an irreparable loss."

Sen. Theodore Francis Green D-R.I., who succeeded George as chairman of the Senate Foreign Relations Committee early this year, praised George's leadership in international affairs.

"He led his colleagues with wisdom, with restraint and with a gentle firmness," Green said.

"Walter F. George is now of the past because he lived and walked among us as we shall have a greater incentive to find the way to the national peace which he believed essential to the future of our nation and of mankind."

Senate Democratic Leader Lyndon B. Johnson Tex. praised George as a "great man in every sense... ability, integrity, statesmanship and devotion to his duty."

Senate Republican Leader Will Tom F. Knowland Calif. said George was "kindly, courageous, a man of great personal integrity, respected for his friendship by his colleagues."

Sen. Harry F. Byrd D-Va., a long-time colleague of George on the Senate Finance Committee, praised him as a "truly a great man" who demonstrated "American statesmanship at its best."

11-Year-Old Girl Injured In Auto Accident Today

An 11-year old girl received minor abrasions and bruises about her forehead, upper left arm and left knee this morning shortly before 9 o'clock when she was thrown into the windshield of the car in which she was riding.

Patricia Land was taken to the Seminole Memorial Hospital for treatment.

The automobile, driven by Arnold Pace Land of Orlando, was traveling south on French Ave. when it crashed into the rear of a jeep parked on the side of the street. The jeep is owned by Ernest Southard.

Land apparently lost control of his car causing minor damage to the jeep but shoving it 40 feet on impact.

Damage to the Land automobile was estimated at approximately \$250.

Investigating officers were Sergeant Ben Butler and Patrolman J. T. Hardy of the Sanford Police Department.

J. Brailey Odham Named Chairman Of Milk Board

TALAHASSEE — J. Brailey Odham of Sanford, longtime foe of milk price controls, today was named chairman of the State Milk Commission and immediately pledged to bring a "fresh new look" to the controversial issue of milk price fixing.

Odham was installed as chairman, replacing Dexter Lowrey of Tampa, who stepped down to take over as Seminole County administrator, and Wilmer Bassell, Monticello, was named secretary as the seven member agency met to reorganize.

"I'm opinionated against price controls, but I am going to try just as hard as I can to take a fresh new look at this problem," Odham told the commission.

"I'm willing to make every conscientious effort to see if price fixing is necessary. There are those who feel that the commission is 'stacked' against the industry. That's not true," Odham declared. "It is stacked in favor of the people."

Turning to reporters present, he said there had been a "great deal of speculation that the commission would abolish controls immediately." But he promised that the commission would make a "thorough study" before taking any action.

Leary was expected to ask the agency for authority to set up public hearings across the state to sound out the sentiment of dairymen, dairy farmers and citizens on doing away with the price controls.

Charles Goldberg, owner of the Delano Hotel, said the heads of the 16 hotels holding reservations for convention delegates "got together and voted that as a last resort to file law suits if they don't come here."

The AFL-CIO, he said, "is a group that wants everyone to live up to contracts, but they're breaking contracts with us. It makes the hotel employees look bad and it makes us look bad."

Mrs. Kappler and her husband, a carpenter contractor, sold their home to buy their 45-foot schooner Mrs. Hawley, a nurse, learned of the Kapplers' plans while visiting in South Haven, and asked if she and her son could go along. They are paying half the expenses.

The Syrian government issued a statement Monday night accusing Stone of being an American "intelligence expert" who engineered an alleged conspiracy to overthrow the present Damascus regime.

The U. S. Embassy here and the State Department in Washington said the charge was a "complete fabrication."

Chicago — Burglars left a North Wabash department store in a hurry, taking \$2,500 in coins, but leaving \$700 in burglar tools.

Authorities said the thieves entered the Klaus Department Store Monday through a skylight, cracked open a safe, but were scared off by two maintenance men before they got to \$25,000 in another safe.

MIAMI — Ten new voluntary stations along the Florida East Coast and in the keys will give weathermen a hand this year in keeping tabs on hurricanes.

Leonard Fardus, meteorologist at the Miami Weather Bureau's hurricane operations center here, said six of the stations have already been added to the cooperative hurricane reporting network and four more in the keys will be operating within two weeks.

The stations will be equipped with weather bureau instruments for recording wind speed, direction, atmospheric pressure and rainfall, Fardus said. The stations will work closely with hurricane central in Miami in tracking and correlating data on the big storms.

The new East Coast stations are at Beacon 42, a fishing camp near Titusville; the Sea Dunes Motel near Melbourne Beach; the city of Vero Beach; the W. M. Kiplinger estate near Stuart; Capt. Mae Engle's fishing boat headquarters near Boynton Beach, and the port authority office at Port Everglades.

MIAMI — Customs agents early today seized a huge cache of rifles, machine guns and 30,000 rounds of ammunition believed destined for insurgents camped in the Cuban mountain jungles.

Editorials

Demand For New Services Come From Tiny Group Of Specialists

We are approximately one-third socialized. And if the trend continues at the rate it has followed since 1929, in 50 years 99 per cent of our economy will be socialized and only one person out of 100 will be privately employed.

That startling observation comes from Emerson P. Schmidt, Director of Economic Research for the Chamber of Commerce of the United States. He points out that last year nearly one-third of the national income was channeled through government, either federal, state or local. He adds: "Just as human wants are unlimited and insatiable, it appears that the pressure for government intervention and expenditures is unlimited and insatiable."

Dr. Schmidt is particularly concerned with the continuing effort to load more and more activities and functions on the federal government. As he sees it, "We've seemingly become incapable of distinguishing between national problems and nationwide problems." Washington now runs 54 grants-in-aid programs and 13 new ones are in the current budget—including one for assisting states to plant trees! The results are inevitable. The government bureaucracy grows. The proportion of our earnings taken by the government tends to increase. More and more government controls and regulations come into being, to the detriment of the free market. As a consequence, he finds, "... our growth rate has not been what it could be and more favorable tax treatment and less debilitating regulations." According to him, since 1946 our per capita real income (which is income adjusted for changes in taxes and prices) has increased only \$182, or about \$18 per year

per person. Dr. Schmidt deals in considerable detail with the steady growth of governmental intervention in the fields of money and banking. Intervention has taken various forms at various times, including the forcing down of interest rates, guaranteed loans, and this, he writes, "puts the economy under constant inflationary pressures and creates political pressure for direct government lending, direct controls, and regimentation. It must finally lead to capital investment rationing, compulsory saving, price and wage controls, profit controls, the allocation of labor to specific assignments—a regimented economy."

It is frequently said and commonly believed that the demand for new services and interventions by government comes from the people and so is irresistible. Dr. Schmidt characterizes that as "almost 100 per cent hooch and guncombe." He is convinced that the demand comes, instead, from a comparatively small number of researchers, writers and intellectuals. They get their ideas widely talked about—and then "... the politicians latch on to them and make them their own."

Is the situation hopeless? It is not, in Dr. Schmidt's view. Today, he feels, the basic drift of thought in the Western World is toward more conservation—and that this drift can be capitalized upon. We can, he argued, get better representation at all levels of government. He makes his final point in these words: "If we each begin somewhere at the local level, within a few years we can change the socio-political climate in the direction of greater productivity and more freedom for all."

Editors Issue A Declaration

Freedom of the press is a basic freedom. It is the mainstay of all other freedoms. Yet there has been a growing fear that this freedom is in danger, because of governmental restrictions on the movement of the press to sources of information both in this country and abroad, because of the withholding of information to which the public and the press which serves it has a right to know, and because of punitive regulations aimed at newspapers and other publications.

The American Society of Newspaper Editors has now issued a Declaration of Principles. This states: "The American people have the right to know, as the heirs of Magna Charta, the inheritors of the privileges and immunities of the English Common Law and the beneficiaries of the freedom

and liberties guaranteed them by the Constitution and the Bill of Rights of the United States.

To exercise this right citizens must be able to gather information at home or abroad, except where military necessity plainly prevents; they must find it possible to publish or relate otherwise the information thus acquired without prior restraint or censorship by government; they must be free to declare or print it without fear of punishment not in accord with due process; they must possess the means of using or acquiring implements of publication; they should have freedom to distribute and disseminate without obstruction by government or their fellow citizens."

The Society has pledged itself to resist by every appropriate means every encroachment upon the people's right to know.

The methods of communism are succinctly described by a top authority, Man Te-tung of the Communist Chinese State: "We in China... have used force to deal with enemies of the people. The total number of those who were liquidated by our security forces numbers 800,000. This is the figure up to 1934." Since then, he added, "persuasion and education" have been substituted for terror.

The hot debate over recent Supreme Court decisions led U. S. News and World Report to state: "What the country is seeing is a great and growing struggle between the three coordinate branches of the Federal Government. A comparable struggle has not been seen in this century."

TODAY'S THOUGHT

"Because if they shall come with 100 mouths down to Lord, and shall believe in the heart that God raised him from the dead, they shall be saved."

TIME FOR A REAL HAIRCUT!

Letters To The Editor

Sanford, Florida
August 10, 1957

Editor
Sanford Herald

This letter is being written in answer to certain publications by your newspaper quoting statements alleged to have been made by me at a meeting of the Board of County Commissioners of Seminole County on August 3, 1957. I feel that the statements as published and attributed to me, did not convey to the readers of this paper a correct interpretation of my statements. For this reason, it is my desire to clarify these statements and to explain my position as to the industrial growth of Seminole County.

The conversation which took place, and my intentions at the time, to the best of my memory, was as follows:

Being permitted to speak, I asked how the commission planned to raise revenues for the new budget. Mr. Krider stated that revenues would be raised by a reappraisal of Seminole County property. I asked who would make that appraisal. Mr. Krider stated that it would be made by an outside organization.

Dr. W. WILLIAM KAIB, nutritional expert from Newark, N. J., testified in Washington before a House Government Operations subcommittee investigating misleading advertising of weight-reducing aids. Dr. Kaib said that he considers weight-reducing pills inefficient, useless and a waste of time and money. He said they should be sold by prescription only. (International)

MUSCAT, Oman—The Sultan of Muscat and Oman, on the bitter resistance of the rebels sworn to overthrow him: "They know that if they are captured it will be their end."

CHICAGO—Angelo Incino, head of the United Industrial Workers of America, accused of taking \$300,000 from the union treasury, on his impending testimony before the Senate Rackets Committee: "I'm going to talk and talk loud. I've got a lot to say and it should be very interesting."

FOR QUALITY TRUCK RUBBER RECAPPING ON YOUR SMOOTH TIRES PHONE O.EIGHT SEVEN TWO "If You Have A Tire Job To Do"

side organization.

I then requested the commission to go easy at this time as I had been advised by several tax payers in other counties that appraisal by outsiders had not been satisfactory. Mr. Krider stated that additional revenues are needed to bring in industry. At that point, I stated "We do not want industry," but before I could complete my statement, Mr. Krider asked "Who is we?" I then explained that I did not favor the "smoke-stack" type of industry and that I was confident that the people of Seminole County did not wish to have this type of industry. In speaking of "smoke-stack" industry, I am referring to steel mills and smelting plants with which I am familiar. I further stated, "Certainly we want industry which is practical."

The above, to the best of my knowledge is what transpired at the meeting. I would like to point out here what I meant by practical industry. I feel that industry such as manufacturing, steel fabrication, aircraft research, development and manufacture are practical types of industry which would strengthen the economy of Seminole County and central Florida. Further, any industry which produces goods and materials which are consumed in the state of Florida, I would advocate. However, in regard to large steel mills and smelting plants, I do not feel it would be feasible from an economical standpoint to have such industries located in Seminole County at the present. This is the type of industry to which I referred when I made the above statements. In other words,

I do not feel it is fair or right to tax the people of Seminole County for the purpose of promoting industries which are not producing products consumed in Florida. I am not a County Commissioner, nor am I trying to influence or hurt anyone. I have had my residence in Sanford since 1925. Since 1932, I have been with Cumberland Case Company of Chattanooga, Tennessee, and have had charge of operations in 21 states. We have had jobbing distributors who covered and sold our products in all of the large cities in the east. I covered this territory regularly and I had charge of sales and management. I am very familiar with what goes on in large industrial cities and steel mills.

Yours truly,
W. R. Dyson

Asiatic Flu Epidemic Possible

By LOUIS CAMELS
United Press Staff Correspondent
WASHINGTON 48 — Public health officials think it is increasingly probable that this country will have an epidemic of Asiatic influenza.

On the wall of Dr. William H. Stewart's office is a big map of the United States. It is already liberally sprinkled with red dots which indicate localized outbreaks in 13 states from Rhode Island to California.

Dr. Stewart is assistant to the surgeon general, U. S. Public Health Service. His main job these

days is preparing for the expected epidemic.

His map depicts with long red arrows how the disease has been "seeded" all over the country—by Boy Scouts returning from their annual jamboree at Valley Forge, Pa.; by college girls who attended a national conference at Grinnell, Iowa; by participants in a youth meeting at Davis, Calif.; by sailors from ships which came from the Far East to San Diego, Calif., Newport, R. I. and Norfolk, Va.; and by many individual travelers.

The question is when these

localized outbreaks—still rather widely scattered—will flare into an epidemic.

Historically, most flu epidemics in this country flare up in late October or November. But the deadly one of 1918 began in Boston at the end of August and swept across the nation like a great tidal wave within four weeks.

The best guess of public health experts at the moment is that the national epidemic is not likely to start before Sept. 15. After that, the probability will grow greater with each passing day.

Drug manufacturers are working shifts around the clock to produce a new vaccine which is expected to give about 70 per cent protection against Asiatic flu. But at best, only about five million shots will be available to civilians by Sept. 15. After that, vaccine will be pouring into civilian medical channels at a rate of about five million doses a week.

It takes 10 to 14 days for the vaccine to take effect. So it is obvious that an early epidemic would claim comparatively few civilians inoculated.

Priority System Set
Although no formal system of rationing or priorities is planned, the Public Health Service is urging that doctors, nurses and hospital workers get their shots at the first opportunity. It is imperative that they stay on their feet during an epidemic, to take care of the minority of patients who will develop serious complications.

Other groups who perform essential community services—such as firemen, police, transportation workers—also are being asked to get vaccinated early.

Elderly people who have chronic ailments, such as heart disease or tuberculosis, are particularly vulnerable to influenza. It is desirable that as many of these as possible be protected by vaccine.

Babies under 18 months of age also are susceptible to pneumonia resulting from flu, but they sometimes have an adverse reaction to the vaccine. The health service has asked the American Academy of Pediatrics to recommend whether infants should be vaccinated, and if so, whether a reduced dose is indicated.

What about the average healthy child or adult? It is desirable for him to be vaccinated? The Public Health Service says yes, if supplies are available. If not, don't fret about it. Remember that you aren't likely to die of Asiatic flu. The death rate was only two per 1,000 cases in Asia, where medical facilities are notoriously inadequate. So far in this country it has been much lower—three deaths recorded among about 20,000 cases.

Simple Treatment Curbs Common Summer Malady

By HERMAN H. BUNDLES, M.D.

MAN sweats and woman perspires. And during this time of year, both had better be aware of the unpleasant odors which might result.

You might be offending others about you, especially if you perspire profusely, without being aware of it.

Your nose gradually becomes a victim of your fatigue.

First Aid

The first whiff of an odor is usually very strong. The second is weaker. Eventually you won't be able to notice it at all.

That's how people can live near a stockyard. It is also the reason why you might not be aware of your own body odor.

You have to perspire. Never try to abolish perspiration entirely. As for stamping out underarm odors, you might try either the liquid or powder type commercial deodorants. Either probably is as effective and as economical as anything you could whip up with any formula I could give you.

Liquid Deodorants
As a matter of fact, many liquid deodorants are simply based on a

22½ per cent solution of aluminum chloride mixed with water and a little coloring.

Generally, they are perfectly safe for the skin. Their only action is to reduce perspiration.

Should they cause any irritation, simply discontinuing their use is usually enough to clear up the trouble. If it isn't, better see your doctor about it.

Both Are Safe

Pastes and powders can contain compounds of zinc, bismuth or salicylic acid. Like the liquids, they usually are quite safe. There might be an exception if salicylic acid is used and doses are too frequent or prolonged. Irritation could result.

But with all the mass of deodorants confronting us in advertisements day after day, let's not forget the old reliable and excellent deodorants—soap and water.

QUESTION AND ANSWER
N. P.: Would taking vitamins daily take the place of sleep?

Answer: Although vitamins are helpful, it is advisable for you also to get enough sleep.

Try and Stop Me
By BENNETT CERF
TWO COLLEGE CLASSMATES met for the first time in years at a recent commencement and sought refuge from a steady rain in the nearest doorway. That it happened to lead into a saloon was mere accident...
A lucky fisherman explained his system to a group of less fortunate anglers: "The first few days I'm at a camp, I just put lots of bait on the line and no hook. That convinces the fish the game's on the level!"
Edwin Muskie, governor of Maine, defines an economist as "a man who tells you what to do with your money after you've done something else with it."

Quotes From News
BY UNITED PRESS
WASHINGTON—Sen. Hubert H. Humphrey (D-Minn.), on the decision of 47 young Americans attending the Moscow Youth Festival to visit Red China: "They do have an obligation to their country. They know their trip is a violation of the law."
NEW YORK—David Dubinsky, president of the International Ladies Garment Workers Union, on testimony before the Senate Rackets Committee that he knew labor racketeer Johnny Dio: "I do not know Dio. I have never met him. I have never talked with him. I have never dealt with him. So far as I know, I have never laid eyes on him."
MUSCAT, Oman—The Sultan of Muscat and Oman, on the bitter resistance of the rebels sworn to overthrow him: "They know that if they are captured it will be their end."
CHICAGO—Angelo Incino, head of the United Industrial Workers of America, accused of taking \$300,000 from the union treasury, on his impending testimony before the Senate Rackets Committee: "I'm going to talk and talk loud. I've got a lot to say and it should be very interesting."

NOTICE
I will not be responsible for any debts incurred by anyone other than myself.
ALLEN E. DENMAN

An angry man is Sylvester T. By.
Who today was sold a piece of "blue sky."
He'd stepped in a showroom—out of the rain.
Was sold a new car before he could explain!
How he hated the styling—so high and square
And in new features it was really bare.
"I got a real bargain—the buy of my life—
But how do I ever convince my own wife?"
Moral: You're paying for a new car... make sure you get one!
When you buy a new car, put your money on tomorrow—not yesterday. Swept-Wing Dodge actually obsoletes other cars in its field. Should you invest in high, boxy styling when Dodge offers the low, low look of tomorrow? Should you invest in outmoded coil springs when Dodge offers new Torson-Aire Rides? Should you invest in an old-fashioned lever-type transmission when Dodge offers the ease of Push-Button Driving? In other things, too—engines, brakes, interiors—Dodge is years ahead. So put your money on tomorrow. See your Dodge dealer. Join the swing to the Swept-Wing Dodge!

Social Events

Conning The News

By VIRGINIA CONN, Society Editor

Saturday night, Tim Prentice invited a few old friends to his Winter Park Apartment to meet his parents, Mr. and Mrs. T. Merrill Prentice of Cornwall, Conn. There was much singing, and I understand Tim comes by his talent naturally. Just a chip off the old block, although his father is an architect and not an entertainer. The talented Reddys were also on hand; to add their musical skills.

Marilyn Bailey is going to real estate school in Orlando. John has decided to retire and let Marilyn take care of him for a while.

Audrey and George Spear spent several days at New Smyrna Beach recently. The Sanford crowd over there by now must be not brown and muscular. On Sunday I spent two hours riding in

Tenn. Trip Fun And Educational

Mr. and Mrs. R. A. Cobb, their daughter Frances, grandson Tommy, and Mrs. Helen Stephenson have returned from a wonderful camping trip that lasted four weeks. Their tent was pitched at Chimney's Camp Grounds in the hills of Tennessee. Little Dogwood Forge, a fast moving stream that tumbled over rocks and down water falls, provided fishing fun, swimming, and an excellent laundry. When clothes needed washing they were scrubbed on the rocks in the river, and hung in the sun to dry. The sport of fishing was a little dulled as the camp is in a national forest, and the fish must be thrown back.

Bears provided the biggest hazard and the most interesting. If the tiniest bit of food were left in a tent, the occupants would wake up to find the howling black bears rummaging through their possessions. The intelligence of these animals is often underestimated. They are able to open the iceboxes left outside, and when one enterprising soul tied his with ropes, an angry bear dashed it to pieces against a tree. They are particularly drawn to the butter and bacon.

The group from Sanford explored the Alum Cave Muffs, restored pioneer villages and the Virgin Timber Trail where they learned about the trees, flowers and animals that inhabit the beautiful area. Mrs. Stephenson described the magnificent trees and the hazy splendor of the mountains in glowing terms.

Twice a week rangers came to the camp to meet with the campers and give them interesting pointers on forest lore. These campfire talks drew nearly 250 campers. Many times they would sing around the fires, entertaining the large audience of bears, whose insatiable curiosity knew no bounds.

The Cobbs and Mrs. Stephenson went to see the Cherokee Indian village, and visited Andrew H. Jackson's home "The Hermitage" in Nashville. They were impressed by his magnificent coach, but a little dismayed to find that a trip from Nashville to Washington had taken 30 days, and decided the modern automobile had more charm in its own efficient way than a carriage with gadgets on it. The Hermitage itself is a magnificent mansion, completely restored, and a shrine for Jackson and his family. Beautiful grounds surround the brick house, which is noted for its graceful center staircase, and luxurious furnishings.

This simple vacation enjoying the beauties of our country and its absorbing history sounds to the writer like one of the best. It certainly proves that there are still many Americans who do not need commercial entertainment to keep them from being bored.

Swimming Meet With Interest Scouts

Troop 149 is sponsoring a swimming meet for all Intermediate and Senior Girl Scouts August 22 at the municipal pool.

This is the first Girl Scout meet ever held in Sanford, and all Girl Scouts are invited to enter. Contact your scout leader as each troop in Sanford expects to have a team.

A preliminary meeting will be held Thursday from 8 to 11 a.m. at the pool to classify the troops and let the girls decide which they want to enter.

Relay races, stunts and a water ballet will be part of the program, as well as other events. Mrs. Millape and Mrs. John Padgett will direct the water ballet. Mrs. Forrest Norvell and Miss Sally Nelder will be two of the judges. Mrs. D. W. Linker is assisting Mrs. Fred Robb in organizing the meet. Mrs. Kirby Fite will be one of the coaches for the swimmers.

Merit Badgers To Attend Camp

A workshop on the Girl Scout merit badge has been held during the summer under the supervision of Mrs. F. N. Robb, Mrs. Downs, and Mrs. James Buckler.

There have been two meetings which have taught the girls many ways to make outdoor living a pleasure. The last meeting was held at Silver Lake. The girls cooked their dinner over open fires; one unit cooked theirs in a coffee can, another had stew, and the third never even learned the name of their concoction.

The next meeting will be Monday, August 19 at 3:30 p.m. in the Presbyterian Youth building. The purpose will be to plan a weekend at Camp Ticochee. Any girls who signed up for Campcraft activities at either of the other meetings are eligible for the trip. The dates will be August 24 and 25 at the Girl Scout Camp Ticochee near Bartonsville. Through the Girl Scout Cookie sale enough money was raised this year to add a 3 shower unit, an open fireplace, tables and benches in a large open unit, and eight tents that house four girls in each tent.

The following girls are listed in the units in which they will work at the camp. Unit 1, led by Sally Robb, Diane Baty and Melissa McMurray, all Senior Scouts will include Pat Bassett, Lynn Crabtree, Sandra Baty, Sandra Herring, Marilyn Jones, and Sandra Avrett. Unit 2 will be led by Mrs. James Buckler, and includes Joan Downs, Maria Rowland, Rosemary Flowers, Tina Baumann, Margaret Taaves, and Judy Robb. Unit 3 will be led by Nancy Robb and Inez Westgate. Members will be Joyce Mathe, Barbara Buckler, Cookie Benham, Vickie White, Norma Jean Whitner, Lorraine Petersen and Myra Meeks.

Mrs. J. Downs will lead Unit 4, which includes Carol Cleveland, Lynn Helmann, Linda Baty, Nancy Perkins, Eleanor Mathe, Kathy Austin and Phyllis Spencer. Please call Mrs. Fred Robb EA 2-6222 if your name was omitted.

Gourmet's Cookpot

Herein we will try to bring you only recipes of lavish goodness, and unfortunately, lavish expense at times, but always good, tried and true, and something to make your guests plead for more, and your spouse follow you blindly where ever you may lead. Recipes by women are a common thing, and while we will admit that the girls are cooks par excellence, occasionally a male animal comes along who is a perfect genius in the kitchen. Consequently, we welcome recipes from readers of either sex, but they must be almost infallible, and longtime favorites.

CURRIED LOBSTER A LA LEWIS, a concoction of Gordon Lewis of Key West. (Serves 12).

- 1/2 pound of butter
- 1 lb. lobster meat
- 8 hard boiled eggs
- 2 cans mushroom soup
- 1 small jar stuffed olives, or 1 small jar pimientos
- 1/4 jar capers
- 1 can evaporated milk or 1 pint cream
- 2 boxes Uncle Ben's converted rice
- 4 tablespoons curry powder (imported)
- 2 tablespoons Worcestershire sauce
- Tobasco sauce
- Salt and pepper to taste

Chop lobster and egg and place in double boiler. Cut up olives or pimientos, finely fine, add mushroom soup. Add cream or milk. Cook slowly for forty minutes. Add 4 tablespoons of Currie and Blackwell's or Major Grey's curry powder. Add Worcestershire sauce, salt and pepper and perhaps 10 drops of Tabasco. After testing, add more curry if desired. Serve over rice, salt, and cheese!

C. McGowan Goes To Jacksonville

Honored With Tea

The recreation room at the Telephone office was the scene Friday afternoon of a tea given for Mr. C. B. McGowan, traffic supervisor, who is being transferred to Jacksonville, and his relief, Mr. Lloyd Pierce, who is new to the Orlando district.

Mr. McGowan was presented with a gift from the Sanford office. Among those present were L. E. Crittenden, Sanford plant manager, R. F. Shadden, manager, C. R. Lovren, district traffic manager, and Miss Edith E. Wolfram, chief operator. Numerous employees in the Sanford office also came by to pay their respects.

Bridal Shower Honors Miss Hasty

The Misses Barbara Lowe, and Lauren Anderson entertained Friday evening with a miscellaneous shower honoring Miss Gladys Hasty, whose marriage will be an event of August 26. The shower was held in the home of Miss Anderson on Shannon Drive.

The guests gathered in the spacious living room which was appropriately decorated for the occasion. Games and contests were enjoyed with prizes being awarded to Mrs. C. P. Benham, Mrs. Frank Griggs, Miss Margaret Benham and Miss Joan Wilkie. After Miss Hasty opened her many lovely gifts, refreshments of punch, cake and iced tea were served by the hostesses. Those invited were Mrs. V. G. Hasty, mother of the honoree, Mrs. W. P. Brooks Jr., Mrs. H. B. Drake, Mrs. D. F. Helmer, Mrs. M. N. Cleveland, Mrs. W. A. Krappert, Mrs. Wendell Hirt, Mrs. B. R. Beck, Mrs. J. M. Sinescoper, Mrs. E. C. Campbell, Mrs. F. F. Engelstrom, Mrs. B. Anderson, Mrs. C. J. Wilkinson, Mrs. Mabel Lowe, Mrs. Joyce Wood, Mrs. Bill Chandler, Mrs. Robert Harvey, Mrs. Paul Hasty, Mrs. Frank Griggs, Mrs. Eva Beckman, Mrs. C. F. Benham, Mrs. Jerry Lumberston, and the misses Evelyn Caprioli, Pat Beckham, Colleen Engobolston, Alice Chapman, Jean Wilkie, Joan Wilkie, Margaret Benham, Grace Marie Sinescoper, Marybeata Campbell and Mary Cleveland.

Each has left the other breathless.

Sixteen-year-old Dorothy is the dark-skinned beauty discovered in a remote two-room cabin near Mooreville, N. C.

A weekly publisher and a photographer happened on the cabin in a bottomland forest and were enchanted by the sight of the graceful girl drawing water from a well.

The photographer's striking photographs and the publisher's description of the woodland girl who "moved with the grace of a flowing river" were published nationally.

The publisher's story told of a barefoot Diana, a girl with grace, poise and common sense—but a girl without a chance because she had little education, no money and no contact with the world.

The photographer's pictures showed a tall, dark-haired beauty with dreamy eyes and a face that hardly needs make-up.

Now an unnamed sponsor has promised to underwrite the high school education Dorothy wants but has been unable to get. She dropped out of school in the eighth grade after making straight A's.

The same benefactor has also promised to provide her with a college education.

Meanwhile her discoverer, publisher Tom McKnight of Mooreville, is giving Dorothy her first look at the ocean here.

He reports her first words as she stepped into the surf in a stunning black lace swim suit were "The roar! It's so loud. Does it ever stop?"

MYRTLE BEACH, S. C., Win. some Dorothy Brown is getting her first look at the ocean and the world is getting its first look at her.

Each has left the other breathless.

Personals

Mrs. Fred Adam and daughter Lynn of Augusta, Ga., and Miss Miriam Body of Pittsburgh, Pa. are visiting Mr. and Mrs. J. Marion Harman Sr. Mrs. Adam is Mrs. Harman's sister. Other guests of the Harman are their daughter and son-in-law, Mr. and Mrs. James Edwards and daughter Carol of Covington, Ga. The Harman house is bubbling at the seams, but they don't mind a bit.

Mrs. Frederick C. Turner left Friday to spend several weeks with her parents, Mr. and Mrs. Norman Love in Louisville, Ken., while Chief Turner is away. The Turners were married June 28 in Maynard, Minn., and are making their home at 2603 Sanford Ave.

Allen Maffett had as overnight guests Friday Neil Sicliana, Kearny, N. J., a classmate of Allen's at the Citadel, and Bill Bailey of Kearney, N. J., a junior at West Point.

Mrs. Ernie Horrell and son Mike, spent the weekend in Atlantic Beach with Ledr, and Mrs. Frank Park. Mr. Horrell is on the Saratoga with VAILs.

Al Matthew has returned to Sanford after visiting friends and relatives in Kissimmee. He also spent a week in Lakeland attending the Youth C. A. Camp.

Mr. and Mrs. Irving L. Pryor have returned from Ridgeland, N. C. where they attended the second week of Sunday School training at the Baptist Assembly.

"Eddie" To Go To Popular Singers

United Press Staff Correspondent HOLLYWOOD — Oscar and Emmy soon will be joined by a third "star" of the speeches and statuette circuit—an "Eddie" award given to the top recordings of the year.

The singers and musicians who entertained on phonograph records are banding together for the first time into their own honorary academy and will hand out their version of the movies' Oscar and TV's Emmy honors.

A Hollywood chapter of the new National Academy of Recording Arts and Sciences has been formed with Paul Weston, Columbia records executive and husband of Jo Stafford, as president. A New York chapter will be organized.

Statuette Being Designed

Then the Academy will add to the long list of awards that are handed out every year to everybody from Lassie to Yul Brynner. "We're having a statuette designed now and an awards committee is working on a name for it," said Wilson.

One name being considered is "Eddie", after Thomas Edison, father of the gramophone. The awards will be made in numerous categories with the focus probably on awards given to the top female and male vocal records of 1957. The statuettes will be handed the winners on a TV "spectacular."

To Further Profession

"This academy has been under discussion for many years," an enthusiastic Weston said. "Our purpose is the same as the movie and TV academies—an honorary to further our profession."

"We feel it's about time the record industry grows up and gets a little recognition for its part in the entertainment industry. The record companies never promote records as a form of entertainment the way movie and TV companies promote themselves.

"After all, a lot of stars got their start in the phonograph medium. And the record industry is in a tremendous boom now because of hi-fi."

Record artists will vote on the awards. Classical musicians and singers also have been invited to join the academy and will receive awards, too.

Luncheon Given For Miss Hasty

Mrs. A. W. Lee Jr. entertained Saturday at 1:00 p.m. for Miss Gladys Hasty, who will become the bride of Robert Knibb August 26. Luncheon was served in Mrs. Lee's home at 2416 Laurel.

Mrs. Edmund Melch assisted in serving. White astors and tiaras is decorated the bride's table, and pastel shades of hibiscus and astors were arranged throughout the room.

The honoree was given a set of place mats by the hostess. Attending the luncheon were Mrs. V. G. Hasty, mother of the bride, Mrs. Jean Hasty, Mrs. B. H. Chandler, Miss Laura Ann Anderson, Miss Barbara Lowe, Mrs. Mabel Lowe, Miss Ann Mims, Mrs. John Kinder, Mrs. Wesley Hamill, Mrs. Beverly Doucette, Miss Eloise Pfaff, Mrs. Patty Ann Harper, Miss Lucy Ann Robinson and Mrs. Jerry Lumberston.

MRS. HUGH JOHN JONES Jr., the former Barbara Lynne Hagan, who was recently married in Orlando. Mrs. Jones is the granddaughter of Mr. and Mrs. L. P. Hagan of Sanford. (Alan Anderson, Orlando)

Miss Hagan, Mr. Jones Married Saturday In Orlando Ceremony

Miss Barbara Lynne Hagan, daughter of Mr. and Mrs. L. P. Hagan Jr. of Orlando, was married Saturday, August 10 to Hugh John Jones Jr., son of Mr. and Mrs. Hugh Jones of Orlando. Scene of the wedding was the First Methodist Church, where Dr. Pennergrass performed the evening ceremony. The church was decorated with white cascades of gladioli banded with palms and fern. Light was furnished only by the candlelight from eight candelabra.

The bride was given in marriage by her mother and father. The groom's best man was his father, Mr. Hugh Jones.

Maid of honor for the bride was Miss Becky Glass. Bridesmaids were her sister, Miss Linda Hagan, sister of the groom, Miss Abby Jones, Miss Janet Johnson, Miss Pat Knowles, Miss Ruth Woodruff, and Miss Mary Ann Hannah of Eustis, Fla.

Ushers were Ken Hutcherson, Mac Lane, James Simons, Austin Jones, Ralph Bule, and Allen Fields of Pensacola. Clifford Berry, organist, played wedding music, and Glenn Ingram was soloist.

The bride chose a beautiful formal gown of imported silk over taffeta fashioned with a scooped neckline applied with hand-embroidered lace. The gown featured a fitted dropped waistline, and a deep border of lace at the hemline, with a chapel train. Her finger tip veil of French silk allusion was attached to a half hat of brilliant over lace, and outlined with tiny seed pearls she carried a cascade of white roses and stephanotis, centered with a white orchid.

The attendants were gowned in shades of sunset and capucine; their ballerina length gowns of

Get a good buy in FINANCING, too!

Naturally you want value in that new car you buy. But don't let bargain-hunting stop with the car's price tag.

Carry your savings over into the financing, too — by financing through our bank.

You'll be delighted to see how quickly and easily your dealer can arrange your financing through our bank. (Added attraction: you're building valuable bank credit that will make it a lot easier for you to finance other large purchases or personal expenses later.)

Try and Stop Me

By BENNETT CERF

A HOLLYWOOD STAR, vacationing on the Riviera, received this note from a pal back home: "Your estate is covered with weeds, but I must say your butler cuts them faithfully, and drives off with them. I'm not sure what kind of weeds they are, but he's got two husky footmen helping him every day."

A society dentist, after a profound study of some of his patients' vagaries, observed, "There's nothing to promote the payment of an old dental bill like a new toothache."

Overheard by Ned Milton in a gondola in Venice: "I know a bully place to get real Italian food—but it's in Madison, Wis."

Happiest man in White Plains? A hurricane has been named after his mother-in-law.

SANFORD, FLORIDA,

WEDNESDAY, AUGUST 14, 1957

United Press Leased Wire

TO. 6a

TRAGIC END TO VACATION—A chartered air liner, returning from Britain with a group of war veterans and their families who had been vacationing at a reunion in England, crashed in a thunderstorm 12 miles south of Quebec City, Canada. All 79 persons aboard the ship were killed. The air view at right shows the debris of what was a plane load of happy passengers after the crash on a boggy field. At left Mary Arbuckle breaks down when the tears of the crash. Her sister, Mrs. Al Blacker of Toronto, was one of those who died. (UP Telephoto)

'100 Year Dream' Yesterday's Subject At Sanford Lions Club

John Krider, Manager of the Seminole County Chamber of Commerce, reviewed Sanford's "100 Year Dream" yesterday at the Lions Club noon luncheon meeting. "The 100 year dream," Krider told Lions Club members "is thousands of interested people to connect the St. Johns River with the Atlantic Ocean near Titusville. It is increasingly more important now, he said, since the development of the deep harbor at Canaveral. "Any future development in Sanford and Central Florida depends on just one thing," he said, "cheap water-borne cargo."

City To Receive Inspection Soon By Underwriters

Sanford will soon get an up-to-date inspection by South Eastern Underwriters Association's municipal engineer, according to a letter received by City Manager Warren E. Knowles. The inspection is being made to justify the fire insurance classification of NB 3 Class which would, said City Manager Knowles, materially reduce fire insurance premium rates in the city. The last inspection made by the association was in July of 1954 and since that time, according to Knowles, letter requesting consideration of the change in a higher classification, improvements have been made in fire defense improvements. However, the inspection would be primarily to prepare a list of recommended improvements for the "better classification desired," based on current conditions and experienced judgement. H. L. Gatewood, chief engineer of the underwriters association, told Knowles in his letter "Since we have not inspected Sanford in over a year and changes have probably occurred during the interim which makes the present grading no longer applicable, we are listing your city for an up-to-date inspection."

Chicken Barbecue To Benefit Elks Youth Playground

A chicken barbecue is being given Saturday, Aug. 17 to benefit the Elks Children's Playground in Fort Mellon Park. The barbecue, slated to begin at 5:30 Saturday afternoon, is being sponsored by the Sanford Elks Club and all proceeds will be used to rehabilitate and furnish equipment in the playground. Co-chairmen for the event are Jim Hoohehan and Ralph Wright. Assisting on the committee are: Weston Brown, Simon Kinlaw, Fots Vellington, John Pope, E. L. Fuller, Bill Hardin, and Wade Snyder.

Navy Will Drop 18,000 Civilian Employees Soon

WASHINGTON — The Navy announced today it will drop 18,000 civilian employees in the current fiscal year, the majority of them by Oct. 31. The economy order was the latest in a series of drastic measures to fit the armed forces into a \$3 billion dollar spending budget for the year which began July 1. The Air Force has announced plans to drop 20,000 civilian employees by the end of October at a saving of 7 to 8 million a month. Army plans are yet to be announced. The Navy was unable to say immediately what it monthly saving would be after the civilian cutback, but it apparently will not be much less than the Air Force's. Reductions will run throughout the Navy's shore establishment, the announcement said. Naval shipyards, ordnance plants, overhaul and repair shops, and supply depots will be chiefly affected.

American Youth Leave Moscow For Red China

Milk Board Chairman Odham Sworn In Today

TALLAHASSEE — The State Milk Commission was expected to set up machinery today for a new study of the necessity of milk price controls in Florida. J. Bralley Odham of Sanford, who fought milk price fixing during his two unsuccessful campaigns for governor, took over as chairman of the Milk Commission Tuesday at the first session of a two-day meeting here.

Municipal Budget Proposed; First Meeting Monday

The Board of Sanford City Commissioners has gotten down to the "serious" study of the city's 1957-58 budget. Commissioners have already received a copy of the proposed budget prepared by City Manager Warren E. Knowles. However, details of the departmental breakdown have not been released pending budget meetings.

VAH-7 Ferrys Plane On Transatlantic Flight To Randolph

A transatlantic flight has started for the Commanding Officer and 12 officers and men of Heavy Attack Squadron Seven, as they ferry an AJ "Savage" to rendezvous with the Squadron's Detachment Thirty-Six in Mediterranean waters. The Detachment has been short one airplane and crew since it left the continental United States in June when one crew had to return to Sanford. The "Savage," piloted by Lieutenant Commander H. C. Francis, also carries Lieutenant Junior Grade T. M. Prentice as bombardier navigator. Aviation Machinist Mate Third Class Donald Voss as chief electrician, and Aviation Machinist Mate Second Class Albert E. George, Plane Captain. The crew will join the detachment aboard the aircraft carrier USS Randolph, operating with the Sixth Fleet in the Mediterranean, and finish out the eight-month deployment.

Casselberry Lions Club Inducts New Member At Meet

BY MRS. RAYMOND MORRIS CASSELBERRY — Otto Hennig was inducted into the Lions Club at its last meeting by Deputy District Governor Howard Jernigan, of the College Park club, who also presented five-year perfect attendance awards to qualifying Casselberry Lions. Nine clubmen had attained the five-year attendance mark and seven were on hand for the presentations. Those receiving the awards from Jernigan were Julius J. Allen, Paul Altman, Hibbard Caselberry, Ben Evans, Miller Evans, C. K. (Bud) Fisher and William Otto Raymond Morris, absent because of illness was presented the award by secretary Fred A. Yeager and William Diggle, now on vacation, will receive his award at a later date.

Shasta Postponed For 16th Time Because Of Winds

WASHINGTON — Unfavorable winds again today forced the Atomic Energy Commission to call another 24-hour delay in the firing of its Shasta nuclear device. It marked a record number of 16 times that the test has been postponed. Scientists rechecked the shot to be fired from a 300-foot tower for 5 a.m. p.m. today. However, the AEC said it has another device ready to fire and would decide later today whether to go ahead with the Shasta test or trigger the other device instead. The AEC waited until the last minute to postpone the Shasta test in hopes that wind conditions would improve. The AEC said the present winds would have blown fallout over a road construction camp 30 miles northeast of the Nevada proving grounds.

57 Lightest Polio Year On Record

JACKSONVILLE — The number of polio cases in Florida is running less than half of the number in 1952, which was one of the lightest polio years on record. The State Board of Health, in its weekly report Tuesday, said eight new cases were reported for the week ending Aug. 9. That brought the state total for the year to 103, compared to 183 for the same period last year. Only one of the new cases, a two-year-old white girl in Marion County, was of the paralytic type. The child apparently had not received Salk vaccine shots. Three of the non-paralytic cases were reported from Hillsborough County. One each occurred in Brevard, Collier, Bradford and Pinellas counties.

PARDON SAHARA BUENOS AIRES — The government has pardoned 33 navy enlisted men and released them from prison where they were serving time for participating in subversive activities since the overthrow of the Peron dictatorship. It was announced.

FLU CLOSES SCHOOLS BUENOS AIRES — All schools in Buenos Aires and its suburbs were closed until next Monday because of an epidemic of Asiatic Flu. Authorities said at least half a million persons were affected by the disease.

Students Defy Ban CofC Directors Approved Proposed By-Law Changes

MOSCOW — Forty-one young Americans left Moscow for Red China aboard the Peiping Special train today in open defiance of the State Department's ban on China travel. Several backed out of going at the last minute after a night of soul searching and argument whether to defy Washington.

Poles Are Being Readied For Jaycee Fishing Rodeo

The Seminole County Junior Chamber of Commerce began preparations last night for the annual Jaycee Fishing Rodeo for Seminole County Children. Members of the local Jaycee club are meeting at the City Shops to put poles, lines, hooks, sinkers and floats in shape to be used on Wednesday, Aug. 28, when the largest crowd ever to gather about Lake Carol will dip their lines into the lake in hopes of catching the first, biggest, or longest fish.

City Commission Moves For Gas Co. Franchise Talks

A move to bring about a negotiation for a Sanford Gas Company franchise was started Monday night by the Board of Sanford City Commissioners. The board ordered the occupational license for the local firm to be issued only until March 31, 1958. Indications that a new franchise is being sought were made when the Board of Commissioners approved the issuing of the occupational license from Oct. 1, 1957 to March 31, 1958 "subjected to a renegotiated franchise."

Anniversary Of Jap Defeat Sees U. S. Troops Leave Isle

TOKYO — Japan on its 12th anniversary of her surrender in World War II, is seeing the last American combat troops finally leaving her islands. To some Japanese, the withdrawal is a welcome erasing of signs of Japan's defeat. But the withdrawal means a loss of jobs to other Japanese, or a drop in lucrative businesses based on the U. S. serviceman patronage.

Nikita Khrushchev Sensitive About His Bald Spot

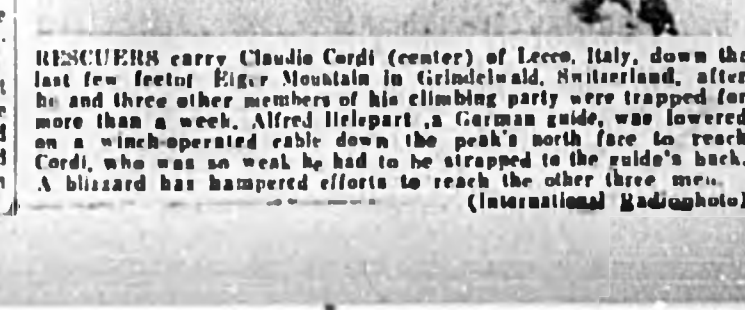

BERLIN — Soviet Communist Leader Nikita Khrushchev is sensitive about his bald spot, but not like most men. He is sensitive to sunlight. A hair-headed Khrushchev addressed a mass rally for more than an hour in East Berlin Tuesday and whenever his white panama hat was removed, he would be hit by a cloud of Khrushchev removed it and smoothed back his remaining hair.

VA Representative Here Tomorrow

Mrs. Nancy W. Steele, Asst. County Service Officer for Seminole County has invited Charles H. Price, Asst. State Service Officer to her office as a consultant to discuss technical questions and problems with veterans and their survivors or dependents residing in this area, with regard to Veterans Administration benefits such as hospitalization, education and training, insurance, disability, widows and dependent parents benefits, GI Housing loans, etc. Price represents the headquarters office of the Florida Department of Veterans Affairs, Pass a Grille, Florida and his services are offered free of charge to all concerned.

Miss Universe Has Asiatic Flu Siege

MANA, Peru — Gladys Zender, this year's Miss Universe, has been stricken by the Asiatic Flu. The Peruvian beauty's doctor said he has ordered absolute rest "for two days at least." Her condition is not considered serious.

RESCUERS carry Claudio Cordi (center) of Lecco, Italy, down the last few feet of Eiger Mountain in Grindelwald, Switzerland, after he and three other members of his climbing party were trapped for more than a week. Alfred Heisler, a German guide, was lowered on a winch-operated cable down the peak's north face to reach Cordi, who was so weak he had to be strapped to the guide's back. A blizzard has hampered efforts to reach the other three men. (International Radiophoto)
