

## Currency Reform

(Continued from Page One)

had with people trying to buy salt, vinegar and other rationed items.

"It is the most amazing thing I have ever seen," said a chain store manager. "People are buying rubbish they would not have dreamed of buying a week ago."

Another store owner observed: "Everybody is frantically nervous and some people are afraid they are going to starve."

Filling stations had back their gasoline. Many closed down. Hundreds of cars lined up before those which stayed open. Some people pushed in handcars of gasoline cans in attempts to buy all possible.

Theater ticket offices were mobbed by people eager to spend marks for which they might not be able to account legally.

The German National Economic Council of the Americans and British zones, in all night session, gave its economic director full power to raise or lower prices on all food and consumer goods. This is expected to bring prices back toward a normal balance.

## Legal Notice

ORDER OF PUBLICATION  
NOTICE TO APPEAR  
MAMIE R. CRADDOCK, whose residence and post office address are 4726-47th Street, San Diego, California.

You are hereby notified that a suit for divorce has been filed against you in Circuit Court of Seminole County, Florida, in Chapter 19, by Otha Craddock, and you are required to file your written appearance to the bill of complaint in said cause on Monday, July 12th, 1948, and in default thereof a decree of the Court will be entered against you. An abbreviated style of the case is Otha Craddock, Plaintiff, vs. Mamie R. Craddock, Defendant, and the nature of the suit is to obtain a divorce.

Witness my hand and seal as Clerk of Circuit Court of Seminole County, Florida, this 18th day of June, A. D. 1948.

O. P. HENDERSON,  
Clerk of said Circuit Court.

(REPL.)  
PERRY P. SWANN  
Attorney for Plaintiff  
Orlando, Florida.

## Coal Issue

(Continued from Page One)

financed with a 10-cent royalty on each ton of coal mined.

In addition to pensions, the fund also was intended to provide death and other distress benefits. No payments have been made from it, however.

Bridges charged in his brief that the fund had not been into operation because of the "negative position" taken by Van Horn.

The senator said his chief aim is "to do everything within my power to resolve the differences between the two other trustees—Lewis and Van Horn."

He continued that he had made "no attempt to finally settle questions" involving the costs of the pension plan and the number of miners who would be eligible.

Bridges said, however, he is making an independent study.

Ching met for more than an hour this morning with Lewis at the union's headquarters. The mediation chief told reporters afterward no progress had been made to break the deadlock.

Ching said he is trying to find some points in the dispute that could be compromised.

He arranged to meet later with both the operators and Lewis.

## Philadelphia

(Continued from Page One)

And as he entered his hotel and looked down the lobby, the first thing that he must have seen, at the opposite end of the room, was a large and thoughtful picture of himself.

Flags and bunting are going up in the room, and the pillars are covered with statements attesting to his delegate strength and his popularity with the voters.

Mr. Dewey will be in the same hotel, but nine floors higher. So you have the perfect opportunity, if you like, to remark that Mr. Stassen is in on the ground floor, so far.

Mr. Taft when he arrives will be some blocks across town at another hotel. And his battle station, at this writing, somehow reflect the personality of the man from Ohio. A few sober decorations in the patriotic motif, are being installed in the lobby. But his headquarters upstairs are unadorned except for the desk and telephone of an ordinary office.

An atmosphere of order rather than confusion prevails there.

If Mr. Taft should say, as he frequently does, "Well, now, let's get the facts," there will be noordes of button-vendors and horn blowers to drown the sound of his voice.

The store windows are brightly lighted and they gleam with red and blue. Virtually every one has a car which says simply, "welcome delegates." This can be read again when the Democrats come to Philadelphia.

The most arresting of these windows of welcome is the one that hangs on a wax mannequin, modeling a shiny blue bathing suit.

The city, of course, is already crowded, but not so crowded as it will be, two days hence, this convention, according to the veterans, has started earlier and faster than any other in many years.

En masse, the Republicans exude confidence. Individually, the front runners of the leading candidates appear to exude it. They look wise and smile. But sometimes you catch an expression of worry and weary tension.

It will be, at the very least, a tremendous battle, the spectacle of a decade.

## 205,000 D. P.'s

retary of Commerce Sawyer and other officials.

The committee for some months has been protesting against further shipments of steel to Saudi Arabia, on the grounds that construction of the pipeline will not increase production and that oil can still be shipped from the Persian Gulf by tanker.

## Truman Returns

(Continued from Page One)

ever since the war," he said.

Later, at Harrisburg, Pa., the President said he hoped the House Rules Committee will have a "change of heart" when he returned to Washington and send the administration-endorsed bill to the floor for action.

## Draft Bill

(Continued from Page One)

Taylor asked Senator Vandenberg (R-Mich.), presiding, whether Vandenberg's motion was debatable.

Taylor, a running mate of Henry A. Wallace on the Third Party ticket, then began to speak against the bill. He had scarcely started when Gurney withdrew his motion.

Gurney said he would make it again later, after the Senate conferees had been authorized to meet with a house group at 1 P. M.

The Senate passed its draft bill last week calling for immediate reductions for two years of service.

During three days of bitter debate the House adopted more than a score of amendments, including the provision for no induction before next Feb. 1, and

(Continued from Page One)

line and granted "third round" wage increases of varying amounts. The seemingly inevitable price increase is showing up, too. General Electric raised wages 8 per cent. Then it raised prices on some key household appliances 5 to 12 per cent. That cancelled out previous price cuts earlier this year. The reason given was higher wages and freight rates and other rising production costs.

Right now the railroads and coal mines are locked in arguments with their unions over wages. If they go up, the added cost will have to be passed on to consumers of coal and users of transportation. That means higher costs for manufacturers and higher prices for their products.

military help in the two countries for a second year, but this amount appears likely to be cut to between \$200,000,000 and \$250,000,000 in the pending foreign aid appropriation bill.

place the wing going to Germany. Only one fighter group is now assigned to the Caribbean area, which includes Panama.

The 36th Fighter Wing is the former 36 Fighter Group which was equipped with P-80 jet fighters last winter. The wing commander is Col. Henry R. Spicer of Hollywood, Calif. He probably will lead the wing in Europe.

LAKE SUCCESS, June 18.—(AP)—Russia received a setback today in her fight to keep the former Japanese-mandated Pacific Islands within reach of the Soviet veto.

Despite vigorous Russian opposition, the United Nations Security Council decided to consult with representatives of the trusteeship council on arrangements for transferring some of the responsibility for the American-administered islands to the trusteeship body.

Soviet delegate Andrei A. Gromyko contended the Security Council itself must supervise the islands, since they are designated

as "strategic areas."

The council did not vote on the actual question on giving the trusteeship council part of the supervisory responsibility. The vote for preliminary consultations with a three-member trusteeship committee, however, was 9 to 1, with Russia abstaining.

## Greeks Open Largest Civil War Offensive

Griswold, American Aid Chief, Appeals On Radio For Rebels To Surrender

ATHENS, June 21 (AP)—The Greek Ninth Division advanced four miles into guerrilla territory north of Kifissos today in an opening move of the greatest offensive of the long civil war.

Official sources said no opposition was encountered after the jumpoff, at 10 P. M. last night. Forces of Capt. Kikitos, deputy chief of staff to Communist leader Markos Vafiades, is pitted against the Ninth Division.

It is one of six divisions, estimated to total 70,000 troops, moving to erase about 7,000 rebels in the northern mountains near Albania.

Dwight P. Griswold, chief of the American mission to aid Greece, made a radio speech appealing to guerrillas to surrender.

"I hope and pray that Greeks fighting against their own people and country will surrender to this bloodshed will end soon," he said.

The speech was translated and relayed in Greek. Griswold said the military situation of Greece is "vastly improved." He said it was unsatisfactory several months ago.

Griswold said American millions had brought about declining prices in Greece, a balanced budget and a stable currency. He said reconstruction is going on in high gear. He called for "more democratic representative and economic management of people affairs in the provinces."

The Greek Ninth Division is commanded by Brig. General Stylianos Maniatis. Among those reported under the rebel command of Kikitos is one Yannis, who was held to the first U. S. Balkan Commission last year at Kastamonu, when it tried without success to meet Vafiades.

The Greek 8th Division was reported fighting vigorously south (Continued on Page 11)

## Franklin Branan Is Honored As Architect

Franklin Branan, former Sanford resident and registered architect employed in Daytona Beach, received the runner-up award of the Henry Adams Fund of the American Institute of Architects at a meeting of the Florida North Chapter of the Institute in Jacksonville June 14.

The award was presented by William T. Arnett, president of the chapter, and director of the school of architecture and Allied Arts at the University of Florida, where Mr. Branan received his architectural training. It is given yearly to graduates for general excellence in architecture during high college period.

Mr. Branan is employed by Harry M. Griffin, architect of 809 North Grandview Avenue, Daytona Beach and is the son of Mr. and Mrs. C. F. Branan of West Sanford.

## Stores Urged To Stay Open All Day July 14

The Sanford Merchants Association suggests that Sanford stores remain open all day on July 14, since a Shrine Ceremony will be held here on that day. It was announced today by W. A. Morrison, president of the organization.

Association suggests that Sanford stores close all day on July 5 and at noon on July 7, according to Mr. Morrison.

"This arrangement will enable our community to better serve our guests, and would not increase the number of hours worked by the employees," Mr. Morrison declared.

## Mrs. Gatchel Lauded For Feeding 'Lions'

Mrs. M. D. Gatchel, who has been showered with praise by members of local civic organizations and their guests for the delicious food she provides for their luncheons at the Tourist Center, denied recently that she fed the animals at the Sanford Zoo, but did admit that she fed the hungry lions.

"A man came to tell me some turkeys," she told members of the Sanford Lions Club, Friday, and in a perfectly serious manner asked if I fed the animals at the zoo.

"What animals do you mean," she asked the man.

"Why I heard you feed the lions," he replied.

"That's right, I do feed the lions at the Tourist Center on Fridays," declared Mrs. Gatchel.

## 3 Killed, 2 Hurt In Powder Plant Blast

KENVIL, N. J., June 21 (AP)—A series of deafening explosions ripped through a section of the huge Hercules Powder Co. plant today, killing three men and injuring at least two others. A company official said the blasts, three in all, originated in three nitroglycerine buildings. The structures were demolished. There were only a small number of workers in and near the buildings at the time, a company spokesman said, adding that cause of the roaring explosions was not known. The blasts rocked most of northern New Jersey. In Wilmington, Del., where the firm's main office is located, officials issued a statement saying: "An explosion about 12:45 P. M. today in the nitroglycerine area of the Hercules Powder Company dynamite plant at Kenvil, N. J., killed three men. Three buildings were destroyed. Cause of the explosion is as yet undetermined."

## City Takes Step To Remove Ruins Of Burned Docks

Sanford Is Buying Property Free And Clear Says Sayer

The first step in clearing away of the fire blackened ruins of the St. Johns River dock, destroyed by a blaze of unknown origin several months ago, was taken by the City Commission at a special meeting Friday evening when they decided to buy the site through the agency of Otto Caldwell, St. Johns River Freight line representative.

The City is buying the property free and clear, said City Manager H. N. Sayer this morning, with the understanding that Mr. Caldwell will remove piling and all obstructions to navigation. It is expected that the removal work will start this week.

Meanwhile the Sanford Police Board Association, of which Police Captain Roy O. Tillis is president, wants to retain some of the piling for the purpose of building a 25 foot wide ramp which would slope (Continued on Page 11)

## JAPANESE BEETLE

TRENTON, N. J., June 21 (AP)—The annual Japanese beetle quarantine will go into effect today in New Jersey, Delaware and other eastern seaboard localities, according to the State Department of Agriculture.

"Starting today, inspection and certification of fruits and vegetables moving to non-infested areas via refrigerator car, or motor truck will be required," the department announced. "Bulk shipment of cut flowers by any means of transportation must be inspected and certified if going into sections still free of the beetle."

## Excited GOP Crowds Into Hall

Confident Of Picking Next President

By RELMAN MORIN  
CONVENTION HALL, Philadelphia June 21 (AP)—The band is playing "Happy Days Are Here Again." Thousands of Republicans, who fervently hope so, are flooding into the giant arena where they expect to name the next president of the United States.

You are sitting beside the speakers platform. The blinding white light from banks of flood lights beats down from above. The four center aisles, leading back through the hall from here are jammed with people, milling among the signs that mark the individual states.

On either side of the first balconies, projecting out above their heads, are the batteries of news reel and television cameras. The glassed-in radio booths are at the rear end of the hall, staring down the long vista. It's as long as a city hall and it looks longer.

The band swings into another march. It's "The Monkey," this time, and what he does with his tail.

On sidewalks in front of the big hall, about 50 pickets march. They carry signs saying "Republican convention is helping WWII to break tie."

Charles Silberman, publicity director for the American Communications Association (CIO), said the union has been on strike since May against the local radio and television station.

He said that three weeks ago the union had requested the radio stations not to permit WWII to broadcast on television proceedings with "anti-labor."

"The day Silberman said, 'We have heard from them,' I've heard from them," he said. The dispute, which involves an

## Supreme Court Ok's Oust Of CIO Charges

High Court Emphasizes That It Is Not Passing On Constitutionality Of Law

WASHINGTON, June 21 (AP)—The Supreme Court upheld today a lower court which threw out an indictment against the CIO for spending union money for political purposes.

But the high court emphasized that it was not passing on the constitutionality of the Taft-Hartley law's ban on such spending.

The court's judgment was unanimous. Justice Reed delivered the decision. Justices Frankfurter and Rutledge wrote concurring opinions. Justices Black, Douglas and Murphy joined in Rutledge's opinion.

The ruling has been awaited anxiously by union leaders with ambitious plans for taking part in this year's presidential campaign. It decided a test case created by a deliberate violation of the law by the CIO and CIO President Philip Murray.

The case applied to only one section of the act. That section prohibits labor organizations from contributing or spending union funds for or against a candidate in a federal election.

The CIO and Murray began the attempted test of this ban by publishing in the CIO News an endorsement of Edward Garmatz, of Baltimore, as Democratic candidate for Congress. Garmatz was elected.

Murray faced a year in jail and \$1,000 fine, and the CIO faced a \$5,000 fine because of the publication. But federal Judge Ben Moore, of Charleston, W. Va., sitting in U. S. district court here threw out the government's charges against them and declared the ban unconstitutional.

Meanwhile a postwar order for Kurt G. W. Ludcke, former mayor of the Nazi party, to leave the country was upheld today by the Supreme Court, 5 to 4.

In a separate case, 129 other Germans fighting deportation as alien enemies were told in a 6 to 3 decision that they chose to stay in U. S. district court here.

The court said their habeas corpus action should have been filed where they were, which (Continued on Page 11)

## RUSSELL DIES

NEWARK, N. J., June 21 (AP)—The Newark Star-Ledger said today that Lucius T. Russell, who founded the original Newark Ledger in 1916, died yesterday at his home in Beverly Hills, Calif.

He suffered a stroke three months ago and had been in an invalid since then. He was 77 years old.

He had published newspapers in Oklahoma before coming to New Jersey to purchase the Elizabeth Times and later founded the Newark Ledger.

## Republican Party Possibilities

Above is shown a group of GOP possibilities for nomination at historic Convention Hall at Philadelphia. Also included are a number of Jack House possibilities which may be heard from the event of a dead-lock among leading contenders.

## Foreign Policy Battle Threatens GOP Plank Group

Several Members Are Said Balking At International Plans

PHILADELPHIA, June 21 (AP)—A battle on foreign policy threatened today in the GOP plank committee. Several members were reputedly balking at what has been called the "most international plank ever proposed for the Republican Party."

They are mostly members of Congress, held in Washington for the late adjournment, who only got around today to close study of the preliminary draft of planks prepared by members of the resolutions committee in pre-convention sessions.

Rep. Harness (R-Ind.) a resolution member just arriving, told reporters he expects an effort to be made in the 104 member committee later in the day, to pull some of the international plank of the foreign plank.

"I have a very definite feeling," he said, "that we should go a little bit slow in making commitments this far in advance of foreign legislation. We should be able to look the situation over next year and make decisions based on conditions at that time."

The preliminary draft of the proposed foreign plank has been kept secret, but is reported to have been approved by Senator Arthur Vandenberg. Presumably it is in line with his foreign (Continued on Page 11)

## Banners Wave As GOP Goes Into Opening Sessions Of Convention

CONVENTION HALL, Philadelphia June 21 (AP)—Banners waving, Republicans streamed into their convention hall today coolly confident they are picking the next president but still as uncertain as ever over who that man is.

All the preliminary sporting before the first year's fall left the race for the coveted nomination apparently still wide open.

George D. Brown, a Delaware delegate, said today that he was not taking the vote at this time to enter the nomination. Each and every delegate of winning (Continued on Page 11)

## 70,000 Employees Wages Increased At Westinghouse

Agreement Provides Raise Re-Retroactive To June 14th

PITTSBURGH, June 21 (AP)—Approximately 70,000 production and salaried employees of Westinghouse Electric Corp. will receive an eight per cent wage increase under an agreement announced last night by the corporation and the CIO United Electrical, Radio & Machine Workers.

The agreement, subject to ratification of U. E. locals by July 1, after approval by the union's policy board, provides that the increase be retroactive to June 11, date of an original six per cent offer by Westinghouse.

The 70,000 employees work in more than 20 plants where the U. E. holds bargaining rights.

Announcement of the agreement by W. O. Lippman, Westinghouse vice president, and James J. Malley, U. E. representative, ended months of negotiations.

It provides hourly employees with increases ranging from nine to 16 cents per hour, plus an additional paid holiday—Washington's birthday—making a total of seven paid holidays.

Salaried workers earning up to \$625 a month would receive the 8 per cent boost, plus a 15 cent per hour additional to compensate them for the new paid holiday granted hourly paid workers.

On June 11, Westinghouse offered a six per cent boost to the U. E. the federation of West. (Continued on Page 11)

## Anti-American Feeling Of China Is Shown Due To Aid Given Japan

By FRED HAMPSON  
SHANGHAI June 21 (AP)—The bitter anti-American feeling of China's intelligentsia is being reflected in an equally unsympathetic anti-Chinese feeling among Americans in China.

American nationals are tired of being continual targets of demonstrations by students and professors and of disapproval of official circles while the United States pours hundreds of millions of dollars into the attempted salvation of the country.

The nationwide student protests against American aid in restoring Japan to its economic feet reached a climax in Peking. Students there refused relief rations from the United States. They were supported by 80 professors, including 61-year-old Prof. Robert Winter of Crawfordville, Ind., who is on loan to Tsinghua University by the Rockefeller Foundation.

An American businessman expressed the general attitude: "Do they expect us to spend millions of dollars daily to keep (Continued on Page 11)

## Red Blockade Again Cripples Berlin Traffic

British Move Armored Cars Up To Zonal Frontier Facing Russian Sector

BERLIN, June 21 (AP)—A British armored car moved up to within sight of the Russian at this zonal frontier point today as the Soviet blockade of allied automobile traffic remained in force for the third straight day.

On the Russian side, Russian guards appeared with fixed bayonets.

The armored car, a Hummer equipped with machineguns, anti-tank guns and a radio, backed up against a tree just behind the British check point and about 100 yards from the Soviet outpost.

A British officer said the car was "here for security reasons" and that others were in the vicinity.

A column of 10 armored cars moved here Saturday when the Russians cut off Berlin-bound traffic in the wake of Western Germany's currency reform. Today was the first time, however, that one of the cars ranged to within sight of the Russians.

FRANKFURT, Germany June 21 (AP)—Allied officials said today the issuance of 10,000,000 new marks had been authorized by Western Germany.

The officials said this is the maximum amount of the new "Deutschmarks." German banks will be allowed to operate after the completion of currency reform. Issuance of the new marks (Continued on Page 11)

## George T. Ray Is Awarded 20-Year Pin For Service

Ray, a dispatching station, was presented the service pin by Mr. Young, who completed Ray's long career of 20 years of service and earned him a number of his most valued awards.

Ray's record of long service, Young said, is typical of Florida Power and Light Company men. Young generally of the company's 2,500 members. Young stated, 1146 have been with the company 5 years, 431 members have been with the company 10 years, and 382 members have been with the company 20 years.

Ray joined Florida Power and Light Company on June 25, 1928, as operator of the old Sanford substation. Since then he has held company posts at Fort Pierce and West Palm Beach. His entry won special mention in a Safety Department contest conducted by Florida Power and Light Company.

Receiving two-year service pins, Young announced, were J. L. Atkinson and E. Dietz, both residents of Sanford. They are employed in the company's transmission department.

## 366th Reserve Group Will Meet Tonight

The Organized Reserve, 366th component group composed of Sanford and DeLand officers and enlisted men will meet tonight at 8:00 o'clock at the Tourist Center and will hear Lt. Col. Orrie Price of the 14th Air Force, Orlando, give the main address.

Maj. Bolton S. Pierce, instructor, will attend and will supply up-to-the-minute information on the many openings for reservists for tours of duty and of the summer camps at various military installations throughout the country for which applications for duty may be made.

Maj. A. S. Wright of DeLand, commanding, will preside. Veterans of the last war are invited to attend.

## Man Loses Tarpon On Light Rod And Reel

There was plenty of excitement on the Daytona ocean pier, at about 8:30 o'clock yesterday morning when a man with a small rod and reel cast into the calm ocean and hooked a large tarpon on his plug. It shot clear of the surface of the water and in the least broke the wire lead on the line and got away.

"Boy, did it burn my thumb finger when I tried to thumb the line," exclaimed the fisherman. He estimated that the tarpon weighed about 60 pounds.

## LEGION GAME

The Sanford American Legion Junior baseball team will meet the Mt. Dora nine at Lawton Field at Seminole High School tomorrow afternoon. It was announced today by Coach Fred Ganas.

## SANFORD'S HEAT

The thermometer on the porch of R. F. Whitner, weatherman, read 99, in the shade Sunday. The heat prompted many local residents to visit Daytona Beach and New Smyrna Beach, where after a warm morning, a fresh south-eastern breeze sprang up during the afternoon, providing relief from the heat.

Attend the hotel dance and try  
their luck  
On livestock less reluctant. Victory  
is somehow not so sweet for  
lack of sweat.  
O my brownhobby, my bronco-  
beauty! Your eyes,  
Cobalt as morning, flash me  
friendly greeting  
But seek another's in the fog-  
dark bar:  
My lariat love lies empty at  
your feet.

## OLIVER EVANS

It appears that President Tru-  
man loves Florida's climate for  
his own comfort, but he has a  
distinct preference for California's  
when it comes to soliciting votes.

The race for the Republican  
presidential nomination looks like  
a nip and tuck affair. We are  
not certain about the "luck"  
part of it, but if the political  
convention follows the usual pro-  
cedure of such get-togethers there  
will be plenty of "nips."

The headline in the Tampa  
Tribune declares that "Truman  
Signs Money Bill." This was  
not to be unexpected because  
Mr. Truman has consistently shown  
a clear propensity for vetoing all  
bills except those having to do  
with spending your and my money.

If the Republican national con-  
vention does not assume a torrid  
atmosphere as is usually customary  
at such get-togethers it won't  
be because the affair is not being  
held in this neck of the woods  
where the last two days have  
almost set a record for heat.

Chairman McGrath of the  
Democratic National Committee  
finds nothing good in the work  
of the Republicans in Congress  
this session. He didn't mention  
the large number of Democrats  
who went along with the Republi-  
cans to help pass all the legisla-  
tion.

Highway safety committees are  
striving in various ways to re-  
duce the number of accidents on  
our streets and highways. All  
efforts along this line will not  
have much effect until the public  
in general realizes that most  
accidents are caused by selfish-  
ness and bad manners.

We don't know how much was  
the cost of the "Voice of  
America," beamed at South  
America to tell our good neigh-  
bors what a "fine" country we  
have, but if the invoice exceeds  
ten cents, then we, the tax-paying  
suckers, were royally gypped.  
The broadcasts, as revealed by investi-  
gations, made the United States  
look like the darkest side of  
Soviet Russia. And the people pay.

Sanford has made more pro-  
gress in the past few years than  
ever before, but there are those  
among us who cry the blues  
because we are not as big as  
Jacksonville or Miami. We can  
remember when Ft. Lauderdale  
and Daytona Beach were mere  
whistle stops and the consensus  
was that nothing very good would  
ever come to those towns. Yet,  
today they are among the most  
progressive and fastest growing  
cities in Florida. If you are smart  
you won't sell Sanford short.

## Inter-City Fellowship

A new permanent organization is expected to result from the meeting this week in Dunkirk, N. Y., of representatives of various municipalities and relief agencies which have adopted war-broken European towns.

Two organizations are sponsoring this National Conference on Town Affiliation: One is The Dunkirk Society; the other is Operation Democracy, a clearing house in New York City which is operated to aid such projects. Both realize that their work will always remain merely a supplement to the official plan for aid to Europe, but they believe that the spontaneous release of feelings of fellowship between ordinary citizens here and abroad cannot fail to be of value in improving international relationships.

Duplication of effort has brought about cases of the favoring of one town by several in America, while others close by, equally needy, have been neglected. One organization, for the purpose of co-ordinating effort and simplifying method, would undoubtedly be a help.

By such direct methods between groups understanding between nationalities may be brought about. Such understanding is the only foundation upon which a lasting peace can be built. Goodwill is a force, the strength of which is capable of working up through the ranks of the people to their leaders, who have power to make or break peace.

## The Best For Politics

The United States Civil Service Commission lost a member when Arthur S. Fleming, appointed in 1933, was named president of his alma mater, Ohio Wesleyan University, at Delaware, near Columbus. From his long contact with the Washington scene, President Fleming brings the strong conviction that he must influence as many as possible of his best students to go into politics upon their graduation.

He will teach a course in political science himself, drawing on his civil service experience, his work on the War Manpower Commission and his present appointment to the new Hoover Commission set up by Congress to study the efficiency of the executive branch of the government. So convinced is President Fleming that an educated citizen has an obligation to public service, that he believes a college graduate should start wherever he can, by ringing doorbells if necessary, for a good candidate for the local council.

This is a very important pedagogical idea. Too often politicians are drawn from the ranks of men of low ability; office-holders are any men who want to run for office and can make themselves acceptable to such politicians. If America is to save its democratic way of life, it must see that politics attracts its best trained, best educated, best all-round qualified youths.

## Czech Libraries

The Communist stranglehold on Czechoslovakia is now being tightened by means of manipulating the libraries there.

The public libraries are under the supervision of the Ministry of Education, which has become strongly communistic. All private libraries of any kind which are accessible to the public are to be done away with. A new law is being drafted for the control of libraries and librarians, and the book collections are to be purged of all "reactionary" volumes. This is considered an important step in the education of the people—education to make them want Communism, according to Russian leaders.

The word education is being given a sinister meaning by the Communists. They would narrow and confine the activities of the mind, turning them into the blind channels of tyranny. The loss of their free libraries is a tragedy for the people of Czechoslovakia.

## Resistance By Business, Industry To 3rd Round Wage Increases Capitulates

By G. A. PHILLIPS  
NEW YORK, June 21 (AP)—Resistance by business and industry to third round wage increases weakened on a wide front last week.

One after another, into the hundreds, new contracts providing wage hikes of five to thirteen cents an hour were signed, and many more are on the table.

They involved all kinds of companies, including motor cars, food, equipment, sugar, refining, copper, fabricating, tire and rubber, airplane parts, shoe machinery, and railroad equipment.

The tide ran strongly in favor of quick settlements where no other considerations such as pensions were involved, and the chances are good that a great majority of industrial workers covered by union contracts will shortly be getting higher pay.

And you can bet your last inflated dollar that the new wage boosts will show up quickly in the price tags of things you need to live and work with. A good illustration of the price-follow-wage pattern is the action of General Electric in raising prices of some products 5 to 12 per cent almost immediately after granting a wage boost of 8 per cent.

For several months business has been steadily refused to meet the demand for new wage increases on the ground that it would merely stimulate inflation. Individual companies adopted such modern publicity methods as newspaper ads, radio talks and other media to convince industry, the government and workers of the evils of riding a spiral.

In some cases, leaders of the movement, including the United States Steel Corporation and General Electric, reduced prices of goods to give backing to the campaign.

Questions for the about-face on the wage question on such a broad scale are many and varied. For

## THE WORLD TODAY

By JAMES D. WHITE  
AP Foreign Affairs Analyst  
(For DeWitt MacKenzie)

Critical signs appeared in China last week.

In the capital at Nanking, President Chiang Kai-shek gave ground. He finally got his one-time enemy, General Pai Chung-hai, to take command of the Central China campaign against the Communists. Pai had refused twice, and reportedly agreed only after Chiang gave him the new American-trained troops from Formosa. Pai is a fellow-provincial and long-time comrade in arms of Vice-President Tang-Jen, also once Chiang's enemy.

Chiang could look forward to fresh American relief, but even this in some ways a political liability to him. Most Chinese privately consider it too little and too late to decide the course of the civil war against the Communists.

To get it up the Yangtze River to the interior, the Nanking government is giving up its insistence that no foreign ships shall ply China's inland waters. American boats will haul these cargoes up the river to feed the people and, indirectly, the fight against the Communists. Chinese ship-ping interests have fought to keep any foreign boat out of such waters since the war.

Then there are the students, and millions of restive Chinese who may listen to them. A few students in Peking this week defaced their ration cards entitling them to American relief, saying they would rather starve than accept it. Perhaps significantly, they were not arrested. Recently the government has been tough about such agitation against American relief, which the students and the Communists say is poisoning the civil war.

The students have another favorite gripe—that American policy is rebuilding Japan into a potential menace to China. The Chinese government finds it difficult to suppress such criticism because of its own position on that question. It says it agrees with America on the economic necessity of rebuilding Japan (short of another war potential, naturally) but denounces on how to do it. In other words, Nanking doesn't approve of America's policy, either.

This week the Communists made more military gains, except in one confining region in the north. They made propaganda hay with the junction of two armies on the great plain, north of the Yangtze. It claimed it created a front south of the Yellow River which could push Nanking's forces down across the great Yangtze river-belt.

Nanking worried that growing Red strength in Southeast Asia—in French Indo-China, Siam, Malaya, and Burma—might create a second front to the south. This would menace Premier Wang Wen-tao's plan to build up the Communists in the north.

On the Shanghai black market, China's money, the paper Yuan, fell to a rate where it took 2,300,000 to buy one American dollar. Officials tried to find a way to Shanghai from cities under Communist front like Peking and Tientsin where even the ruinous Shanghai rate looked relatively good.

In Chungking, in far-off Szechuan province where the Communists also are threatening to advance, rice rose to twice its controlled price. Thousands rioted and looted rice shops, intent on getting the staff of life lest it become impossible to buy at any price. Death was decreed for 23 rioters. If anything was done about the speculators who violated price controls, it was not reported.

Back in Nanking a legislator from Shensi said this, and got away with it:

"The Communists are right—if this condition continues, economic collapse will cause dismemberment of our government long before there is danger of military defeat."

## FISH STORY

BOSTON, June 21 (AP)—The fish that "caught" 12-year-old Albert Fleming followed him all the way to city hospital.

Appearing at a drug store with a hornpout firmly gripping his finger, Albert explained the fish seized him after he had taken it from a pond.

He was rushed to the hospital where doctors pried the fish loose.

## "LAND OF DISENCHANTMENT"

## Much Automobile Production Is Idle But New Output Record Is Expected

By DAVID J. WILKE  
Associated Press Automotive Editor

DETROIT, June 21 (AP)—Much automobile production capacity was idle last week but a new output record is just around the corner.

This is the conviction of many industry analysts. They see July 1 inaugurating a new high level of car and truck assemblies. Best bet right now appears to be that 1,000,000 cars and trucks will be built between July 1 and Aug. 30.

Harring another coal mine tie-up or other development to interfere with steel supplies that production level could be maintained through September and into October.

Most industry sources seem agreed a lot of new models, originally planned for production in October will not reach the assembly lines until after the first of next year. This will help substantially in increasing the 1948 output volume.

Two weeks hence the industry will complete three years of post-war operations. In those three years it will have built close to 7,500,000 passenger cars. That number will match normal replacement demand of the war years. It probably means that the estimated 5,500,000 backlog of unfilled orders is a conservative figure.

The actual number of unfilled orders on hand means little to the dealers; most of them are sold out for a year and more ahead, and many are refusing new orders. If they would look at the backlog of unfilled orders, they would see a lot of duplications — would come close to 7,500,000.

The size of the unfilled order bank is of concern to the average individual seeking a new car. For the more popular models few deliveries are being promised within a year in most instances would-be buyers are told the wait may be as long as 18 months.

The next 1948 model car to be introduced probably will come out in September.

## When Illness Comes

By W. V. Hitting  
Touchton Drug Co.  
Seldom is anyone prepared for illness. . . it is usually an emergency. Yet it need not bring chaos, needless worry, or overwork if you secure the services of a physician as soon as possible.

For the physician, experienced in dealing with illness, brings calmness, reassurance, and efficiency into the sick room. By assuming responsibility for the patient he relieves you of worry.

You are free then to keep the patient quiet and comfortable, and to carry out the doctor's orders. When he prescribes medicine it should be given just as directed. You will be assured of getting a prescription made of quality drugs and compounded with accuracy when you have it filled by a really conscientious pharmacist.

## AP Photographer Is Awarded \$500 Prize In Press Contest

ATLANTIC CITY, N. J., June 21. (AP)—Murray Becker, chief photographer of the Associated Press, today won the \$500 first prize in the National Press Photographers' Association contest, for its members entitled, "The Best Pictures Of My Life."

Becker took top honors with one of his shots of the burning of the dirigible Hindenburg at Lakehurst, N. J., May 6, 1937.

A \$250 second place prize went to Russell Scott of the Fleet (Miami) Journal for a human interest picture showing a dog sitting beside the body of a dead boy in a snowdrift.

The third place \$100 award went to Lee Costa who pictured a wife beating her husband by a water in a Baltimore, Md., jail's punishment for his act Costa, then a New York Daily News photographer, now is with King Features Syndicate.

The picture contest was the first staged by the NPPA. The awards were announced at the opening of the association's third annual convention. War pictures were excluded.

## Florida Ranks 14th Of 48 In Beef Cattle

TALLAHASSEE, June 21 (AP)—Florida ranks 14th among the 48 states in the number of beef cattle.

It's not first, third or 35th—as some states have it. The Florida State Marketing Bureau wants to set the record straight.

"It may or may not be of any particular importance," the bureau says in its latest bulletin, "but according to the U. S. Department of Agricultural Economics' estimates, the January 1947 figures indicate that Florida is 14th in the number of beef cattle, and 25th in the number of total beef and milk cattle."

The bureau said if you ask a few of your neighbors about the Florida beef cattle rank "you will get answers ranging all the way from 'Number 1' on down to 'number 35th.' During the last four years especially we are rumored to be somewhere between 'third and first.'"

C-54s used during the war. Pattered somewhat after the Navy's famous LST landing ships the C-124 has a built-in nose ramp which can be dropped to bring aboard or unload such heavy equipment as tanks, field guns, bulldozers and other material needed for the building and defense of advanced bases.

The plane also can be converted into a hospital craft to carry 123 stretcher patients, 45 walking wounded and 15 nurses.

### Miss Edith Chestnut Honored With Shower

Miss Edith Chestnut, whose marriage to Thomas Berkner will be an event of Wednesday evening, was honored on Friday evening with a miscellaneous shower given by Mrs. G. M. Harriett at her home at 1315 Douglas Avenue. A red and white color scheme was used in decorating with small red hearts extending from the chandeliers inscribed with Edith-Tom. Lovely arrangements of red roses and fern were used in decorating the room.

During the evening games and contests were enjoyed with prizes being won by Mrs. Herman Harriett and Miss Martha Smith. The honors were presented with a crystal cake server in her chosen pattern of crystal. At the conclusion of the games a sweet course was served by the hostess assisted by Miss Smith.

Those enjoying the evening with Miss Chestnut were Mrs. James Chestnut, Mrs. Howard Deteler, Mrs. Jean Brooklyn, Mrs. John Donohue, Mrs. A. Violett, Mrs. Spurling, Mrs. Lee, Mrs. B. E. Carroll, Mrs. Glenn E. Smith, Mrs. Carl Smith, Mrs. Archie Harriett, Mrs. Howell, Mrs. Herman Harriett, Mrs. M. G. Cleland, Mrs. Ronald Thomas, Miss Lydia Wieboldt and Miss Thomas.

## Personals

Mr. and Mrs. Charles Potter left yesterday for Detroit, Mich. to spend two weeks.

Caution Hutchison left Friday for Fort Benning, Ga. where he will attend R. O. T. C. camp for six weeks.

Dr. and Mrs. J. N. Robson had as their guests over the past weekend, Mr. and Mrs. L. L. Anderson of Hastings, Fla.

Chum Stanley has arrived from Duke Medical School in Durham, N. C. to spend the summer vacation with his parents.

Mrs. Henry McLaughlin, Jr. and son, Henry III, returned yesterday from a vacation spent in the mountains of Virginia.

Mr. and Mrs. Robert Thompson and son have returned from Corsica, Ga. where they spent the past weekend.

Mr. and Mrs. W. R. Messenger of Jacksonville spent the weekend in Sanford and attended the wedding of their brother, Vernon Messenger, to Mrs. Lourine Beal.

Friends will be interested to learn that Mr. and Mrs. Frank Woodruff, III and son, Frank IV, are making their home at 1715 Magnolia Avenue. Mr. Woodruff is associated with the National Discount Company.

The bride is a graduate of Andrew Jackson High School of Miami. Mr. Brown attended Andrew Jackson High School and is a member of the United States Naval Reserve.

Out-of-town guests for the wedding included Mrs. Lulu Mae Bell of Tampa and the bridegroom's mother, Mrs. Gladys Brown.

Mrs. Ava Wright Davis, Mrs. P. A. Dyson, Miss Kathleen Babbcock and Rev. Mark T. Carpenter have returned to Sanford after spending a week at Camp Wingland, where they attended an adult conference.

J. H. Colley, BISM, United States Navy, is visiting his parents, Mr. and Mrs. William Colley of Osteen. He returned to the United States in June from a world-wide cruise aboard the destroyer, Lloyd Thomas.

Richard Deas left yesterday to return to Charleston, S. C. after spending the weekend in Sanford with his mother, Mrs. R. B. Deas, and family. Mr. Deas is associated with the Prudential Life Insurance Company in Charleston.

Mr. and Mrs. Frank Thomas and daughter, LaVerne, have returned to their home in Gadsden, Ala. after spending several days in Sanford last week and attending the wedding of Mrs. Thomas' brother, Vernon Messenger, to Mrs. Lourine Beal. They were accompanied by Mrs. M. S. Messenger, who will spend several months with them.

Mr. and Mrs. Herman E. Morris had as their dinner guests on Friday evening at their home on Locust Avenue, LaFayette Golden, state executive secretary of the High School Athletic Association of Gainesville; Mitchell Ferguson, state president of the association and president of the F.E.A.; and his son, Mitchell, Jr. of Bowling and Hayden Williams, sports editor of the Tampa Tribune.

Mr. and Mrs. John Morgan are spending some time in Sanford as the guest of Mr. Morgan's father, Walter Morgan, at the Valdes Hotel. Mr. Morgan landed in New York recently after serving for some time in Munich, Germany as a flight surgeon with the rank of captain. After arriving in New York he received his discharge from the Army Air Corps at Camp Kitchner, N.J. and will leave at the end of the week for Atlanta, Ga. where he will assume his position as a member of the staff at Lawton General Hospital.

### Robert W. Brown Wed In Donaldson Home

In a quiet ceremony Miss Virginia Bailey, daughter of Mr. and Mrs. T. T. Bailey of Miami, became the bride of Robert W. Brown, son of Mr. and Mrs. A. Brown also of Miami, on June 10 at 8:00 o'clock in the home of Mr. and Mrs. C. S. Donaldson of Lake Mary. The Rev. C. C. White of the Lake Mary Presbyterian Community Church officiated at the single-ring service before a small gathering of friends and relatives.

The Donaldson home was beautifully decorated with graceful arrangements of gladioluses and chrysanthemums. An altar was formed of gladioluses and chrysanthemums with white gladioluses and chrysanthemums to form a lovely background for the marriage service. Miss Edith Kirkhoff was in charge of decorations.

The bride was lovely in a street length dress of white crepe. Her only jewelry was a single strand of pearls and she carried a bridal bouquet of Spring flowers including white tulips and red roses. The groom was in a white tuxedo, and the bridegroom, served as an in-law white satin streamer.

The bride was lovely in a street length dress of white crepe. Her only jewelry was a single strand of pearls and she carried a bridal bouquet of Spring flowers including white tulips and red roses. The groom was in a white tuxedo, and the bridegroom, served as an in-law white satin streamer.

Immediately following the ceremony a reception was held. The bride's table, covered with lace cloth, was centered with a tiered wedding cake. On the table were arrangements of gladioluses and fern and crystal chandeliers held by white tapers. Mrs. Donaldson assisted in serving by Mrs. William G. Brown and Mrs. Ed Carraway.

The bride is a graduate of Andrew Jackson High School of Miami. Mr. Brown attended Andrew Jackson High School and is a member of the United States Naval Reserve.

Out-of-town guests for the wedding included Mrs. Lulu Mae Bell of Tampa and the bridegroom's mother, Mrs. Gladys Brown.

Photo by Raymond Studio  
Mr. and Mrs. Alfred Cecil Doudney whose marriage was an event of June 11 at the First Baptist Church, Mr. Doudney is the former Myra Ann Southward, daughter of Mr. and Mrs. I. E. Southward and Mr. Doudney is the son of Mr. and Mrs. John P. Doudney of this city. Mr. and Mrs. Doudney plan to make their home for the next year in Athens, Ga. where he is a student at the University of Georgia.

### Lourine Beal Weds Verne Messenger

Of interest to their friends is the announcement today made today by Mrs. Lillian Vickery of the marriage of her daughter, Mrs. Lourine A. Beal, to Verne C. Messenger, son of Mrs. M. S. Messenger.

Marked by quiet simplicity, the ceremony was performed at the home of the Rev. and Mrs. W. F. Brooks, Jr. on Park Avenue yesterday afternoon at 2:00 o'clock with the Rev. Brooks officiating.

For her wedding Mrs. Beal chose a two piece suit of pearl gray butcher spun linen with black patent accessories and a corsage of sweetheart roses.

Immediately after the ceremony Mr. and Mrs. Messenger left for a wedding trip to Washington, D. C., Atlantic City, N. J. and New York City. Upon their return they will reside at 304 West Third Street.

For the past 10 years Mrs. Messenger has been associated with The Sanford Herald in the advertising department. Mr. Messenger is a conductor with the Atlantic Coastline Railroad.

### DROWNED BY FISH

PHILADELPHIA, June 20—Dispatches reported the drowning at Ventonema yesterday of Massimo D'Asia, Italy's underwater fishing champion.

It was believed he first an arrow into a fish too big for him to handle and that it pulled him down by the arrow's cord tied around his wrist.

### Co-Hostesses Honor Miss Betty Corrodi

Miss Audrey Bach and Mrs. Mason Wharton entertained on Friday morning at 10:30 o'clock honoring Miss Betty Corrodi, bride-elect. The party was held at the home of Miss Edith Welch, mother of Mrs. Wharton, on West First Street. Lovely arrangements of garden dahlias, hydrangeas and zinnias were used in decorating the rooms of the Welch home.

Refreshments were served in the dining room. The table was covered with a lace cloth, and, featuring a centerpiece was a low arrangement of pastel dahlias and fern. Crystal and silver appointments were used. The hostesses were assisted in serving by Mrs. Phillip R. Bach, Mrs. Melen and Miss Caroline Lee.

During the morning a gift of silver was presented to Miss Corrodi from the hostesses. Those enjoying the affair with the honoree, Miss Corrodi, were Mrs. Margaret Miller, Mrs. Robert Jones, Mrs. David Thrasher, Mrs. R. J. Parker of Daytona Beach and the Misses Caroline Lee, Charlotte True, Mary Ann Whelchel, Mildred Robson, Dorothy Morrison, Betty Moore, Camille Batten, Lucile Odham, Pat Schultz, Lucille Altman, Lillian Boyle, Lola Lee, Margaret Diefelhor, Joan Sayce, Catherine Clark, Minnie Ruth Odham, Jane Gellum and Doris Swindle and Bonnie Jean Kilbourne of Daytona Beach.

### TEEN TALK

Dear Judy:  
An engagement party or shower can be lots of fun for the planners. In their "Complete Book of Showers and Engagements Parties" (Garden City Publishing Co.), Jo Ann Leeming and Margaret Gleason have come up with the following batch of suggestions:

At a luncheon, dinner or tea with her close friends an engaged girl can make the announcement by:

Using little cardboard rabbit ribbons to the ribbon is a card reading the words "Put my ear and I'll squeal." One of the rabbit's ears is cut from his head and glued to a small white paper heart on which the announcement is written. Some great wishing to hear the rabbit squeal pulls the ear and out it comes bringing the secret with it.

Small pieces of paper worded "In a nutshell, Mary Green and Jim Jones are engaged to be married" can be placed between the halves of a walnut shell. These can be handed together with ribbon.

A match box placed at each place is opened to reveal a single match around which is wrapped a piece of paper which when unfolded contains the words "A match has been made—announcing the engagement of Helen to Richard Roe."

When you accept a shower invitation, you automatically agree to bring a gift. It need not be expensive but it should be something useful.

Kitchen shower invitations may be sent out as coupons of coffee-pots, cooking canisters, kettles, rolling pins or other utensils—made to fit in regular correspondence envelopes.

A good way to present the gifts which consist of anything for the kitchen, at a shower of this kind, is to put them in a big sack. Honor the plan, suggest the authors of the shower look. The plan, which is a large dishpan or wash-bow, is covered with cardboard or paper secured to the pan.

Bathroom shower gifts can be placed in a big wicker hamper or an unpainted chest of drawers, each as people use in the bathroom to hold linens, etc.)

There are lots of other showers that can be given including:

Linens; hosiery; handkerchiefs; brushes, combs, cosmetics, toilet pantries (paper napkins, place mats, salt and pepper shakers, jars, jellies, spices, delicacies such as celery or anchovies); glass and plastic; books; phonograph records; garden seeds, bulbs, plants, gardening books, tools, baskets, watering cans, garden gloves, hats, sunglasses, umbrellas, chairs; picnic (picnic folding grill, cooking forks and knives, picnic basket, cotter or paper tablecloth, etc.); cleanup (feather dusters, silver-polishing outfit, soaps, dishcloths, dish towels, dish mops, dust caps, floorcloths); travel (fitted bag, writing case, traveling slipper, traveling clock, pajamas, nail lingerie holders, shoe board, glove box, shoe box with drawers for shoes, silver cigarette box, china box, leather stationary box; handkerchief; washing wool (like a miscellaneous shower, anything you care to bring).

## Hollywood

HOLLYWOOD June 21 (AP)—Sir Ralph Richardson, who has arrived here for his first Hollywood film, indicates he might stay for more.

The knighted actor, who looks like a younger, streamlined Nigel Bruce, is playing in "The Heiress" with Olivia De Havilland and may remain here for another film or two.

"My only commitment is with the old Vic Company in England," he reports, "and I have to wait for Laurence Olivier to return from Australia."

Sir Ralph has tucked a sign on his dressing room that expresses his attitude: "Actor available; reasonable rates; no waiting in line."

Frankster Shirley Temple gave everyone a start on the "Baltimore Escape" set when she came out of a brawl scene with blood streaming down her face. The producer and director were frantic until Shirley told them she splashed herself with makeup blood during the scene. Anyway, Shirley tells me she got a laugh out of it.

Jeanette MacDonald and Greta Garbo are celebrating the 11th anniversary on the phone. He's in Hawaii flashing up his first independent film, and she's working here in "Sun In The Morning." Jeanette reports MGM has another film planned for her late this year. She's putting up concert dates for her film career.

Sir Aubrey Smith is getting around again after a heart attack that forced him to take a rest. The veteran actor is studying script rules and will return to the cameras this summer.

Betty Hutton is making a theater tour to San Francisco, Chicago and points east because she's eager for work and Paramount has nothing ready for her. The studio had a year to prepare something for her and came up with the "Rugles of Red Gap" remake which she promptly nixed.

Dorothy Kirtzen, the Met Opera's glamor girl, passed up a chance to appear with the Paris Opera this summer. She came to Hollywood to sing with Nelson Eddy on the Summer Music Hall air show and to romance with MGM. The studio has been giving her makeup tests and a film role may be in the offing.

Short takes... James Stewart is getting interested in Helena Carter, Doug Fairbanks' new leading lady... Happy graduates to Wally Beery's Carol Ann (high school) and Claude Jarman, Jr. (Jr. high)... Hollywood now has a serve-yourself malt and sundae parlor, Rourdis like fun... Bill Boyd, getting ready to shoot another brace of Hopalong Cassidy's tells me he has cut the

### Philathea Class Has Covered Dish Supper

The Philathea Class of the First Baptist Church met last Thursday night for its regular business meeting at the church. From the church the members formed a motorcycle and went to Ovidelo where Mrs. J. E. Coulter served as hostess for a covered dish supper.

The supper was served buffet style and on small tables in the living room and on the porch. Mrs. Gordon Swain presided over a short business meeting during which time Mrs. J. B. Phillips, Mrs. Milton Paulk and Mrs. Bralley Odham were appointed to visit the County Home when next day the home observe birthday. Mrs. Swain, who was married recently, was presented with silver salt and pepper shakers from the class.

Mrs. Cliff Ables was granted a leave of absence as secretary of the organization and Mrs. Charles Benham was appointed to serve in her place. Following the business session contests were conducted by Mrs. Coulter with prizes being won by Mrs. Ables and Mrs. Swain.

Those attending the meeting were: Mrs. Douglas Stenstrom, Mrs. William Stenstrom, Mrs. Benet Elmer, Mrs. John Lee, Mrs. Phillips, Mrs. Odham, Mrs. L. M. Himes, Mrs. Clyde Pierce, Mrs. Clayton Smith, Mrs. Joe Koke, Mrs. A. D. Holloway, Mrs. Irene Adams, Mrs. J. E. Andrews, Mrs. Ables, Mrs. Walter Foster, Mrs. Swain, Mrs. Roy Reel, Mrs. Paulk, Mrs. John Kader, Mrs. Charles Benham and Mrs. Marjorie Cowan.

Table d'hôte (from the French) means "table of the host" and is an heirloom of the days when inns had no menus and guests had to take whatever was offered at the landlord's table.

Birth registrations of leading countries indicate that one pair of twins is born to about every 90 single births.

Shooting time down to six days per film. That's the only way horse operas can show a profit. Bill has a bonanza in his television rights to all his Hopalong films. They are ideal for television entertainment.

Dennis O'Keefe, playing his fourth straight crime film with "Some Rain Must Fall," says he has given up comedy. "It's hard work being funny," he said. If you don't do a comedy scene just right, the whole thing flops. Being a crime investigator is a cinch.

# Sanford Giants Scheduled To Meet Saints Here Tonite

## Locals Drop Pair Of Games And Cop One Battle During Weekend Contests

The Sanford Giants won one game and lost two during the past weekend to post the poorest hitting for weekend play thus far this year.

Tonight the locals are slated to meet the St. Augustine Saints at the Municipal Park at 8:15 o'clock.

Friday evening the locals dumped the Leesburg Pirates at the local park by a 6 to 4 margin, and on Saturday evening the Pirates drubbed the Giants in a 6 to 0 battle. Yesterday the St. Augustine Saints nipped the Giants by a 4 to 2 count.

Effective at once, "Player Appreciation" nights are planned in all Florida State League parks, and club officials who participate in, or permit, any variation of such efforts at rewarding players will be subject to fines and other penalties.

His announcement followed the tabulation of a mail vote of directors, a vote revealed that six of the eight voted against any kind of special "night" for players.

Directors also voted to abide by National Association playing rules that prohibit any tinning to start after 12:50 o'clock in the morning.

Realizing that it is most difficult to prevent any fan from starting a collection in any park, President Herlong yet calls upon such fans to call a halt to such activities at once inasmuch as "such collections are definite violations of league salary limits, and tend to create dissension and confusion on any team."

Concluding, he said, "In view of the fact that our directors have voted against permitting the use of loud-speakers to announce collections for home runs or other reasons, and in view of the fact that six of our eight directors have voted against any special night, I now call upon all club officials and fans alike to place an immediate ban on any such demonstrations."

Explaining the 12:50 A. M. rule, he pointed out that should any tinning start a few minutes before 12:50 A. M., it should be finished, even though it does not end until after that hour.

Over the weekend President Herlong announced fines totalling \$30 to be tagged on Sanford players. Manager Hal Gruber was given a \$25 ticket and Catcher Rocky Karon was nailed with a \$5 fine. These fines were given for actions of the two Sanfordites at the Gainesville park last Thursday night.

## Changes Will Be Made In Umpire Pairings For FSL

SILVER SPRINGS June 21 (Special)—Effective with games of tomorrow night, two changes in umpire pairings in the Class D Florida State League will find Elbert Butler working with Andy Anderson, and Roy Douglas being paired with Lyle Buck and Dan Sincere.

Willie Reedy and Alton Epps will make up a third team, while Clyde Cofer and Frank Andreau will make up the fourth, according to acting president Earle W. Duxey of St. Augustine.

Changes were suggested by Hal Weafer, former American League umpire now assigned as supervisor of umpires in the Southeast and working under the general supervision of Bill Carpenter, head of the National Association's newly organized umpire bureau.

Weafer has been visiting league clubs for the past ten days, and will remain in the area for another week, advising with the umpires, and schooling them nightly in the presence of League Supervisor Syd Herlong, Umpire Supervisor Dick McLaughlin, and others.

Altho the Florida State League season reaches the half-way mark, with games of Wednesday night, player roster changes continue unabated, according to official data released at league headquarters here today. Sanford disabled Don Umachid and re-injured Charlie Spinks; released Cliff McKenroe and re-injured Lonnie Wortham.

Holl large leaves of lettuce, after crisping in cold water and draining well, and cut in thin ribbons with a sharp knife; use as a bed for lobster or chicken salad.

## Avon Park Wins Over Jackson To Cop State Title

J. C. Walker, diminutive Avon Park High School righthander, limited the Andrew Jackson nine to three hits as the Avon Park aggregation nipped the Jackson club by a 1 to 0 count to cop top honors in the Florida State High School Baseball Tournament completed here last Friday night.

It was the third time the Avon Park club has reached the finals in the past four years, but they have never won the coveted title previously.

Billy Walker, the catching half of the brother battery of Avon Park, scammed across the plate in the sixth frame of the Friday night game to score the only run of the contest. With the sacks jammed, second baseman Billy Hastings dumped a bunt in front of the plate to send Billy Walker across with the game winning run.

Tom Goodman and Joe Gardner worked on the hill for the Jackson combine, and were nipped for but five hits during the seven frame battle.

Jackson threatened to score in the second, fourth and sixth frames, but with the chips down, the spunky Walker battery went to work to stifle the Jackson upsurge. Jackson had men on second and third with none away in the sixth, but were unable to produce a run.

Mitchell Ferguson, president of the Florida State High School Athletic Association, presented trophies to the winning Avon Park club, and to the second place Jackson Tigers. He also presented gold baseballs to all team members of Jackson and Avon Park teams.

### Legal Notices

IN THE COURT OF THE COUNTY  
JUDICIAL CIRCUIT IN PROBATE  
IN THE ESTATE OF  
SAMUEL PLESTON.

Deceased.

TO ALL CREDITORS AND PER-  
SONS HAVING CLAIMS OR DE-  
MANDS AGAINST SAID ESTATE:

You and each of you are hereby  
notified and required to present  
your claims and demands which  
you or either of you may have  
against the estate of SAMUEL  
PLESTON, deceased, late of said  
County, to the County Judge of  
Seminole County, Florida, at his  
office in the court house of said  
County at Sanford, Florida, within  
eight calendar months from the  
time of the first publication of  
this notice. Each claim or demand  
shall be in writing, and shall state  
the place of residence and post  
office address of the claimant, and  
shall be sworn to by the claimant,  
agent or attorney, and any such  
claim or demand not so filed shall  
be void.

W. W. DEAN,  
As Administrator of  
the Estate of  
SAMUEL PLESTON.

## Session Recesses

(Continued from Page One)  
monitors accepted with alacrity. "What am I saying," he muttered. "I sold the place."

One of the best dressed of the California delegates is Mrs. June Charol of San Diego. But she is worried about enough clothes. "Don't have any more than 14 bags with me," she sighed.

Warren's Warwick Hotel headquarters is competing with Stassen's snacks, chips and cheese. Dewey's snacks, and Taft's tidbits. A Spanish-garbed Senator (Philadelphia style Spanish) was passing out free—you guessed it—California orange juice.

In the van among the candidates for president—daughter-of-a-candidate: Virginia, Dorothy and "Honeybear" Warren. Their blonde locks were to be seen bobbing everywhere.

And candidate for most-hair-raising.

and California; Bernard Brown of Los Angeles, delegation secretary. His problem—how to make a limited supply of convention tickets and credentials fill an unlimited demand. As someone remarked, every third person in Philadelphia seems to be a Californian.

## PHARMACISTS MEET

MIAMI June 21 (AP)—Delegates to the 67th annual convention of the Alabama Pharmaceutical Association leave today aboard the S. S. Florida for a one-day visit in Havana, Cuba.

The group yesterday elected Phil Hudson of Opelika, as president for the next year. Other officers include Lester Starks, Huntsville, first vice-president; C. T. Burkhardt, Hanceville, re-elected treasurer. Mrs. Hubert Parker, Mobile, was chosen president of the auxiliary.

## Lord Mountbatten Retires As India's Governor General

NEW DELHI June 21 (AP)—Lord Mountbatten retired as governor general today and free India's self-rule by her own people became complete.

General splendor and western pagantry blended as older statesman, Chakravarti Rajagopalachari took the oath as Mountbatten's successor, becoming the first Indian ever to hold this important post.

A slender figure in white home-spun national garb, Rajagopalachari, 69, stood against a background of rich red velvet drapes embroidered in gold and swore to perform the duties of his new office.

An advocate of communal harmony and secular government, he then delivered a message to the people declaring that "What disturbs the peace of India is intestine discord, pure and simple, and it is utter folly."

Less than three hours earlier, Mountbatten, attired in the gleaming white uniform of a British rear admiral, bade farewell to the land whose people called him "one of us." Then he took off for England with his wife and daughter.

IN PRAGUE, acting Vice-Premier Antonin Zapotocky (left) informs Premier Klement Gottwald that he has been unanimously elected President of Czechoslovakia, following the resignation of Eduard Benes. Zapotocky is now Premier of the Red-controlled country. (International)

## Dewey Supporters Lose In Convention Name Listing Order

PHILADELPHIA, June 21 (AP)—Supporters of Thomas E. Dewey of New York lost an attempt today to make sure his name will be the first placed before the Republican National Convention.

Alabama's 14 vote delegation refused by a 7-7 tie vote to yield to New York on the first roll call for the nomination of presidential candidates.

Dewey forces in Alabama who previously had claimed nine of the state's ten votes, sought to give their candidate a strategic advantage by having their delegation yield for his nomination. Alabama comes first on the roll call.

Next come Arizona and Arkansas, both with uncommitted delegations, followed by California, committed to Governor Earl Warren.

Alabama Dewey supporters were led by Ralph Kenamer of Montgomery, son of the United States district judge and convention delegate.

## 1,000 Drowned As Flash Flood Hits China Coastal City

NANKING, June 21 (AP)—A great flood has inundated Foochow, drowning 1,000 and leaving 2,000 of the city's 600,000 population homeless, reports from that south coastal city said today.

Premier Wong Wen-hao ordered emergency relief planes to aid the stricken people at the mouth of the Min River.

The premier's secretary said no details were available and the report of the flood was "a surprise." No word had been received from the city since Friday, when Liu Chien-lin, Fukien provincial governor, reported torrential rains.

The reports of dead and homeless were relayed via Shanghai. Foochow suburbs were considered in little danger since they all reside on higher ground than the city proper.

## City Action

(Continued from Page One)  
50 feet toward the lake, and upon which small boats could be pulled during periods of storm. The Association will meet Thursday evening at Homer's Soda Shop to discuss the issue, and today Capt. Tillis conferred on the proposal with Chamber of Commerce Manager Edward Higgins, who commented favorably upon the plan.

The Commission held a public hearing at the Friday meeting, to determine if Park Avenue, between Fourteenth and Twenty-fifth streets should be rezoned to the extent that multiple unit and apartment houses could be built or operated. The street in this portion, is still zoned as residential.

A letter from D. J. Gray, president of the Patterpad Corp., makers of baby diapers with a plant located at the Municipal Airport, was read, and stated that "because of existing high freight rates for raw materials and shipping finished products," the company will have to move its plant to South Carolina.

"We have been completely satisfied with the facilities here and the cooperation we have received from the City of Sanford and officials," wrote Mr. Gray. "However, we have no other alternative but to move due to the adverse effect on our business of the high freight rates."

Manager Sayer said that in this connection the City and the Chamber of Commerce had been trying to work out rate adjustments with the A.C.F. Railroad, but added that nothing had been accomplished.

Mr. Higgins declared this morning that the Seminole County Chamber of Commerce had offered its assistance to the Patterpad Co. in an attempt to work out the freight difficulties and offered to employ a rate expert to check freight rates. The company officials replied, however, he said, that they had made presentations to the Railway company, and therefore, they did not think that this assistance would avail anything.

More progress in the development of the upper St. Johns basin from a flood control angle was reported this morning by Edward Higgins, manager of the Seminole County Chamber of Commerce, who announced that he had received word from O. J. Johnson, president of the Flood Control Committee of Florida, that Congress has approved H.R. 6419, authorizing \$125,000,000 worth of flood control and river and harbor projects. Mr. Johnson in turn, was informed of the bill's passage by Senator Pepper.

This bill, which includes a \$10,000,000 initial appropriation for Florida, has been sent to the White House for the President's signature.

This federal money must be matched by \$1,000,000 of Florida contributions in land, services or cash." Mr. Higgins pointed out, "Seminole County's interest is included in this over-all plan which provides for flood control and water conservation for the upper St. Johns River," he declared.

"Naturally, the first appropriations which will be spent on the areas which suffered the greatest disaster in recent floods, and these areas are in the southern part of the state. However this is a start on the overall plan that will include the upper St. Johns River," Mr. Higgins stated.

H.R. 6419 was approved by both houses following a conference agreement.

Charles Morrison, who is employed by the St. Johns River Trails Association, started calling on city officials and chamber of commerce representatives on the route between Orange Park, immediately south of Jacksonville and Miami.

Backers of the plank said they are confident they can beat any efforts to tone it down.

Be and large, the proposed platform is reported to follow this idea: Accept President Truman's challenge and pitch it largely on the record of the GOP-controlled 80th Congress.

CARD OF APPRECIATION  
Since it is impossible to thank all in person we take this method of expressing our sincere and heartfelt appreciation to our many friends for their words of consolation and beautiful floral tributes and other expressions of sympathy during the sickness and of our beloved one, Mrs. Glanville McGill.

Signed:  
John McGill and family  
Adv.

## THE WEATHER

Partly cloudy this afternoon, tonight and Wednesday. Scattered afternoon and night showers and thundershowers.

## Draft Bill Is Still Unsigned By President

Neither Senate Head Vandenberg Or Martin Has Signed It Which Is Mandatory

WASHINGTON, June 22, (AP)—The draft bill passed Congress has not yet reached the White House yet — which means it may be another two weeks before it is signed into law.

Actually, neither Senate president Vandenberg (R-Mich.) or House Speaker Martin (R-Mass.) have put their signatures on it yet, and it will not be laid before President Truman until they do.

Both Vandenberg and Martin are currently at the Republican convention in Philadelphia, and the bill — which went through Congress in the hectic closing rush last weekend — must be sent to them there before it is delivered to the White House.

That means the President probably will have until July 5 to sign it — thus providing additional unexpected time in which draft-agents may duck Selective Service by joining the National Guard or other reserve units.

A parade of young men into such units is currently underway throughout the nation. Charles G. Ross, presidential press secretary, told reporters the draft measure is one of 35 Senate and 27 House bills which will have to go to Philadelphia for the Vandenberg-Martin signatures.

But he emphasized that President Truman has not yet decided whether to take the full legal time limit to revive the Selective

## Ritz Theater Adds To Attractiveness By Redecorations

BY WILLARD CONNELLY  
Redecorating of the Ritz Theatre outer and inner lobby in pleasing pastel colors of pink and turquoise blue, has added greatly to the theater's attractiveness.

In combination with the rich red and tan of the new crested carpet inside, the color scheme is pleasing and restful to the eyes. Sparkle is added by the bright silver trim near the staircase. The new drinking fountain, recessed in the lobby wall, looks cool and inviting, with its contrasting shades of green tile.

Rest rooms, both for white and colored patrons, have been redecorated. A new dressing table accretes the west end of the ladies room. Doors into the lobby and the theater proper are of gum wood and have natural finish. Potted plants are revealed by indirect blue lighting in a recess near the stairway.

A new window for the candy booth has been cut through to the lobby, permitting purchase of candy or popcorn by patrons outside. The outer marquee follows the inside blue tints of trim and in a pleasing contrast. Subtle lighting has been added to the stairway in the colored section.

## U.S. Advisor Denies Chinese Accusations

TOKYO, June 22, (AP)—William Sebald, chief of General MacArthur's diplomatic section and acting U. S. political advisor for Japan, firmly denied today that American policy is to rebuild a militant Japan.

In issuing this official denial, Sebald took cognizance of charges and anti-American demonstrations that have been inspired by certain student elements and other factions in China lately.

In a 1,600-word note, Sebald emphatically declared that these charges are an "absurd falsification" and that the groups responsible for the charges are mainly "forming a large segment of well-meaning people in the republic of China."

GANDHI SLAYERS  
DELHI, India, June 22, (AP)—One of nine men accused in the assassination of Mahatma K. Gandhi turned state's evidence today.

Judge Atma Charan said Digambar Ramchandra Budge, the owner of a small arms shop in Poona, agreed to give a full confession in court and has been removed from the list of defendants who went to trial this morning before a special court in Delhi's old red fort.

The judge, who is hearing the case without a jury, said Budge had agreed to become a prosecution witness and "tell the truth" and therefore would not be tried.

## Floods Endanger Kansas Wheat Crop

PARSONS, Kas., June 22—(AP)—Torrential overnight rains measuring more than seven inches at some points, sent rivers and streams on a rampage in southeast Kansas today and threatened thousands of acres of ready-to-harvest wheat. The official government gauge at Parsons recorded 7.30 inches of rain overnight and the city was cut off from both the east and south by high waters. In adjoining Montgomery county, Independence reported 4.68 inches of rain overnight. The Verdigris River there had passed flood stage and at 8 A. M. was rising 14 inches an hour. Highway 160 east of Independence had been closed to traffic and more roads were expected to be cut off.

## Protestant Clergy Urges U. S. Youth To Ignore Draft

Over 200 Leaders Issue Letter Scoring Peace-time Service

NEW YORK, June 22, (AP)—More than 200 Protestant clergymen and leaders today urged young men to refuse to register under the draft act or enlist in the Armed Forces.

Acting as individuals and without any denominational support the group issued a letter in which they said:

"As the early Christians refused to offer a pinch of incense to Caesar's image, so we believe that Christian youth in the United States today should refuse to grant even the 'token' recognition of registration to this contemporary evil which means disaster for their country and their church."

The letter added:

"For young men who believe in breaking with war means refusal to enlist in the Armed Forces. Withdrawal from the Armed Forces for those now in them; refusal to register or render any service under a conscription act."

"Peace-time conscription, whether for training or service or both in such a huge and tragic step toward war, is a catastrophe that we believe it must be met with total rejection."

The statement was released by the Rev. Allan Knight Chalmers, former minister of Broadway Tabernacle, New York and now professor in the Boston University school of Theology; and the Rev. A. J. Muste, national secretary of the Fellowship of Reconciliation.

Theodore D. Walzer, secretary of the fellowship, said additional signatures were sought. Signers included Dr. Edwin McNair, president of Colgate-Rochester Divinity School, Rochester, N. Y.; Bernard C. Clausen, pastor of the Euclid Avenue Baptist Church, Cleveland; Frederick

## GOP Makes Bid For Farm Vote With Promise Of Price Support

PHILADELPHIA, June 22 (AP)—Republicans made a bid for the 1948 election farm vote today with a promise of permanent price support, a "sounder" soil saving program, and support of cooperatives.

They also pledged intensified research to find new uses for possible future farm surpluses, and to encourage an agricultural system of family-sized farms as opposed to big units.

This farm plank was written into the platform drafted by the GOP Resolutions Committee. The entire document still must be approved by the national convention this week, but no opposition is expected.

The plank notes that the Republican-controlled 80th Congress already has passed a long-range farm bill providing for price support. That measure continues present price supports in a modified form, for another year. Thereafter, the supports drop to a slightly lower level.

The plank also says that the farmer should be able to sell his crops at a price that would be effective protection of "reasonable market price."

This price aid should be carried out, it said, through flexible price supports, loans to farmers, and other measures, including acreage controls, and "such other means as may be necessary."

## Goldsborough Okays Miners Pension Plan

Federal Judge Dismisses Plea To Bar Pension Payments To Retired Workers

WASHINGTON, June 22, (AP)—Justice T. Alan Goldsborough today gave John L. Lewis a legal go-ahead for his \$100 monthly pension plan for miners.

Goldsborough dismissed a plea of Ezra Van Horn, trustee for operations on the United Mine Workers' welfare fund, for a court order to block payment of pensions for retired miners.

The judge said he found the proposal for payments "reasonable and proper."

For Lewis, it marked his first triumph on three trips into Judge Goldsborough's court. Twice before he had been there only to be fined for contempt of court for failure to end walkouts in obedience to Goldsborough's orders.

It was a dispute over pensions that brought about the costly six-week strike last Spring.

The proposed system of payments was evolved by Lewis and Senator H. Styles Bridges (R-N.H.). Bridges became a member of the welfare board and aided with Lewis in setting up the plan.

Van Horn refused to approve the payments and went into court to ask that it be declared illegal. Goldsborough said the plan, which was only tentative and may be changed as experience dictates, does not violate either the 1947 coal work contract, made last July, or the Taft-Hartley labor act.

The plan provides \$100 a month for UMW members who are 62 years of age or older and who have worked in the pits for at least 20 years.

Lewis and Bridges agreed to set aside \$5,000,000 of the \$15,000,000 fund to start the pension payments.

The fund has been accumulated through a 10 cents a ton royalty levy on each ton of coal mined. This was provided in the 1947 contract.

A dispute between UMW Chief Lewis and the mine owners has blocked any payments for pensions or other welfare benefits for UMW members.

Lewis has insisted that agreement be reached on this issue.

## CEMETERY FUGITIVE

ROME, June 22, (AP)—Black-clad policemen carrying flowers and imitating a funeral arrested a fugitive wanted for attempted murder yesterday. He had been hiding for three weeks in a grave.

Palermo dispatches said the police, looking for Gioacchino Montano on charges that he tried to kill his wife and sister-in-law, traced their man to a cemetery, dressed in mourning and carrying wreaths so as to alarm the fugitive. Finally they located him hiding in a mausoleum.

## Highlights Of GOP Platform For Convention Action Is Presented

PHILADELPHIA, June 22 (AP)—Highlights of the platform drafted for action by the Republican National Convention:

"We pledge an attack upon the basic causes of inflation, including progressive reduction of the cost of government through elimination of waste; stimulation of production; a sound currency; reduction of the public debt."

"We propose: The maintenance of Armed Services for air, land and sea, to a degree which will insure our national security; and the achievement of effective unity in one department of national defense so as to insure maximum economy in money and manpower, and maximum effectiveness in defense."

"The fundamental right to life is subordinate only to peace, health and safety."

"There must be a long term program in the interest of agriculture and the consumer which would include: Effective protection of reasonable market prices; through flexible support prices; commodity loans; marketing agreements; together with such other means as may be necessary."

"Small business must be encouraged through aggressive anti-monopoly action, elimination of unnecessary controls, protection against discrimination, correction of tax abuses, and limitation of competition by governmental organizations."

"We favor progressive development of the nation's water resources for navigation, flood control, and power."

## GOP Is Uncertain Seminole Youths Who'll Subscribe To Party Policies

Reports Indicate Taft-Dewey-Stassen Bid Struggle Tightens

PHILADELPHIA, June 22, (AP)—Senator Arthur Vandenberg said today he approves the Republican platform plank that calls for America's continued support of peace-loving nations and establishment of a world police force.

By JACK REILLY  
CONVENTION HALL, Philadelphia, June 22, (AP)—The Republicans, whooping it up for victory in November, got their platform all but finished today, but still were in a fog of uncertainty over who is to take his stand on it as their choice for president.

Many of the delegates who straggled into this big hall for the second day's sessions had been up half the night or more in what will be conferences.

But from all reports, these meetings had served only to draw the lines tighter in the Dewey-Taft-Stassen struggle for the nomination.

The "favorite son" candidate, whose votes have got to be shaken loose to produce a winner, were sitting tight. They gave every indication they intend to play cagey and make no moves until there have been a couple of ballots on the nomination.

The convention's resolutions committee came up shortly after midnight with a draft of a proposed platform. It must get the formal approval of the convention, but ordinarily that is given without major argument.

As party platforms go, this is on the brief side, about 2,400 words. And, as usual, local allies are left to fill in the details.

## Seminole County Delegates To Boys State Thrill To Air Trip

Six Seminole County boys selected by the American Legion and local civic organizations to attend Boys State in Tallahassee, viewed many places of interest in the state, en route Sunday afternoon in a special Florida Airways plane from Sanford Municipal Airport to Dale Mabry Field in the state capital.

The boys board were Stanley Bunley, Kiwanis; Arnold Harrington, Lions; Jimmie Ludwig, Elks; Bobby Brison, Rotary; Frank Cranston, Jaycees and Eugene Sexton, Altamonte Springs American Legion.

The plane was piloted by Florida Airways Chief Pilot E. L. Lewis. Dorothy Fox, local airplane Station Manager, served as stewardess.

They landed at Dale Mabry Field at 4:20 P. M. after an hour and 20 minute flight. The boys were met by Mark Wheeler, director of Boys State, Ed Clark, chairman of the Tallahassee Rotary, Kiwanis, Lions and Elks Clubs.

All of the boys expressed their appreciation to Florida Airways and to President Joseph L. Dyer,

## Reds, Western Allies Discuss Currency Plan

Purpose Of Meet Is To Agree On Money Reform For Berlin, To Continue Trade

BERLIN, June 22, (AP)—High Russian officials for the first time in more than three months, met the Western allies today in a discussion on currency.

The aim was to agree on a money reform for the four-power city and to arrange for continuing trade relations between Soviet and Western Germany, which now are using different currencies.

The British proposed the talks, which started in the early afternoon. No high level meeting had been held since May 20, when the Russians walked from the Allied Control Council. The Russians delayed today's meeting 45 minutes by unexplained tardiness.

Soviet negotiators said currency reform for the Russian zone was expected at any time. The U. S., Britain and France indicated a new, detailed currency in Western Germany at the weekend to curb inflation and stabilize the black market.

Police were doubled in some areas of the Russian sector of Berlin. The Soviet fronted news agency said large quantities of old Reichsmarks, now worthless in Western Germany, are being flown to Berlin to flood and ruin the German economy. The account said American and British officers are seeking out stores and buying up everything offered with the old marks. The reports were denied.

The Russians agreed to today's talks after asserting that only the new currency they plan for their own zone should be circulated in Berlin. They declared Berlin "is economically a part" of the Soviet zone, in which it is located.

The Western Powers disputed the implication that the Russians have greater rights in Berlin. They suggested the conference in view of the special quasi-capacities of the Berlin administration.

Both sides agreed that use of rival currencies here would cause economic chaos in the city, already beset by Russian transport and trade restrictions.

If a compromise is reached, it may take one of two forms. The Western powers might agree to circulation of only Russian zone currency.

## Amnesty For Huks Is Approved By Philippine House

MANILA, June 22, (AP)—Amnesty for the strawhatted, maching-totting Hukbalahap in turbulent Central Luzon was approved today by the Philippine House.

The Senate is expected to concur tomorrow.

The presidential decree, issued Monday night after the voluntary surrender of Huk leader Luis Taruc, frees his 50,000 peasant followers of prosecution on charges of rebellion, sedition and possession of arms.

It requires the Huks to surrender their arms within 20 days after congressional approval of the decree. The peasants began arming themselves from the battlefields of Bataan, increased their arsenal during the Japanese occupation and acquired American weapons after the liberation. During the war, they fought the Japanese guerrillas.

President Elpidio Quirino, to whom Taruc surrendered, has expressed hope that amnesty will bring to an end the sporadic, bloody clashes between the peasants and government troops, who frequently were joined by civil guards.

## RECREATION CENTER

Work on the colored recreation center on West Tenth Street in Goldsbrough including a concrete skating rink and a shelter, has been completed, according to City Engineer Ralph Lubinski.

The rink will not be put in use for 21 days, however, in order that the concrete may set properly. The project cost \$2,100.

## Civil War Looms As Irgun, Israeli Fight In Tel Aviv

Greek Troops Cut Off Escape Route Of 7,000 Rebels

Order Of Day Says To 'Let Mountain Be Communist Grave'

SECOND ARMY HEADQUARTERS, KOZANE, Greece, June 22, (AP)—Greek army troops, pressing an offensive against 7,000 guerrillas in the Mount Grammos area, have cut off an enemy escape route into Albania, military sources said today.

This achievement, by units of the Fifth Division, was reported as the army moved three more divisions into the fighting. An order of the day said "Let Grammos be the grave of the Communists."

The second, Eighth and Tenth Divisions entered the offensive on the eastern, southern and western sides of the Grammos Mountain semicircle holding the Communist-led forces of Markos Vafides. The Second is moving in from the Grevena area while the Eighth and Tenth are attacking from the south and west on both sides of Ioannina.

The Ninth Division was pushing up from Kozani across northern Greece in an apparent effort to seal off the Albanian border. Unconfirmed reports said it had reached guerrilla defense outposts in the Grammos area.

Units of the first and Tenth Divisions are fighting around Nestor. The escape route slashed by the Tenth Division is situated between the Aklon and Sarandaporos Rivers south-west of Nestor. The Sarandaporos enters Greece near Komis and winds through the Grammos Mountains to a juncture with the Aklon less than a mile from the Albanian border northwest of Nestor.

A general staff communiqué said the bodies of an additional 36 guerrillas were found in the Nestor area.

The communiqué said the army's position may have been extended and reported heavy fighting in the southernmost of the Kozani region.

Military authorities at Larisa confirmed the surrender Sunday of three guerrilla battalions with arms at the village of Milia, between Grevena and Metaxades.

## Mississippi Demos Are To Pick Delegates

JACKSON, Miss., June 22, (AP)—Democrats of Mississippi, birthplace of the United States, are to pick delegates to the national convention.

The 20 delegates and 30 alternates will cast the state's 22 votes at the convention which opens in Philadelphia on July 12.

The site of their selection was the city auditorium, meeting place of the state's Democratic Party. The delegates will meet on May 10. At that time, Southern Democrats recommended that the Philadelphia delegates withdraw to confer in Birmingham, Ala., if the National Party failed to repudiate President Truman and his Civil Rights Program.

Governor Fielding L. Wright, who launched the state's rights movement in his inaugural address here last January, was expected to address the state convention.

## 2 Killed In Blast At 2nd Hercules Factory

PINOLE, Calif., June 22, (AP)—A terrific explosion obliterated an out-of-control building at the Hercules Powder Co. plant yesterday, killing two workmen.

The blast, felt as far as 20 miles away and heard throughout the northern San Francisco Bay region, occurred at 2:43 P. M. (LPT).

It followed by four hours a series of three explosions in the same company's plant at Kenilworth, N. J. Three were killed and six injured in that blast.

A company spokesman here said the explosion was a coincidence. He dismissed any possibility of sabotage.

## UNCLAIMED DOGS

About 15 dogs which were recently seized due to lack of a license, and which were unclaimed, are available for adoption, and may be seen at the City Dog pound near West Sixth Street. It was announced this morning by City Manager H. N. Sever.

All the new owner has to pay for is a dog license, also a nominal charge for the dog's upkeep while under city care.
