to pass during the torrid siege. Maybe it was the heat, or maybe it was the humidity, but:

A fellow attired in a sheet and tennis racket visited the United States Senate building.

School teachers at Pittsburg, Kas., respectfully declined a raise in pay.

They called out the militia while North Dakota decided who was governor of the state.

Convicts of the Joliet, Ill., penitentiary demanded a swimming pool and bicycles.

Conrad Dorak, of Garfield, N. J., bet he could down ten beers in rapid succession. He won the wager—and toppled over dead.

Little Robert Cooney swallowed two pennies at Logansport, Ind., and presently coughed up three cents. There was some interest in the case.

They called out the militia at New Orleans to take custody of some election registration files.

Big Mas Beer fetched a tiny centavo's toll to Jack Dempsey's baby shower.

Albert Teaster of North Carolina dared a rattlesnake to bite him. The serpent accepted the challenge—twice.

The Richmond, W. Va., city council passed an ordinance prohibiting cows from running about the streets after dark.

Custodians of the United States court house are suddenly decided in the middle of one of the hottest days of the summer, that judges should have no more ice in their water pitchers.

They asked for rain in some sections of Colorado, Kentucky and Nebraska. And they got it in the form of cloudbursts that destroyed life, damaged crops and washed out bridges.

City News Briefs

(Continued From Page One)

The Mole Cricket Committee of Seminole Agricultural Club will meet at the office of County Agent C. R. Dawson at 8:00 o'clock tonight, he announced today.

Of those officers of the Organized Reserve Units undergoing a two weeks training period at Fort Screven, Ga., Major William J. Doyle, of Orton, well-known in Sanford, has been selected to act as instructor on the subject, "Battalion in Attack."

O. P. Swope of Orlando, regional FERA administrator spent a short time in Sanford this morning enroute to Daytona Beach with E. E. Baird, regional engineer. The pair visited both FERA offices in Sanford, but their mission was not announced.

Regular communication of Sanford Lodge No. 62, F. & A. M., will be held at the Masonic Temple at 8:00 o'clock Tuesday night. Examinations will be held and a lecture will be delivered in the Apprentice degree. All members are requested to attend. Refreshments will be served.

County Home Demonstration Agent Josephine Boydston and County Agent C. R. Dawson were in Orlando today meeting H. S. Hull, director of Rural Rehabilitation Work, and being instructed in the part they might play in the Rehabilitation project in this county.

Rodney Ashdown, young Sanford man who suffered serious injury when he fell from the inside roof of the St. Johns River Line Co. warehouse three weeks ago, has been removed to the home of his father-in-law, C. E. Chorprening. Mr. Ashdown is slowly recovering his strength.

Shorts Camp just north of Lake Monroe, in Volusia county, was looted of a slot machine and a quantity of candy and tobacco late Thursday night. It was learned yesterday. Thieves entered the place by removing a window, sill and all, later carrying the window away with them. The loss was set at around \$50.

The Department of Agriculture announced by bulletin today that Seminole County consumed 222 tons of fertilizer, 177,345 gallons of gasoline and 14,179 gallons of kerosene during July. Polk county, with 1157 tons, led all other Florida counties in the amount of fertilizer consumed, while Dade county, with 2,192,426 gallons, led all counties in the consumption of gasoline.

Attracting unusual interest on West First Street today, Saturday and Friday, is the new Norge refrigerator which stands, without its door, in front of the Seminole Tire shop building at Elm Avenue and First Street. The Norge goes right on producing ice despite the rays of the sun, and in

Talmadge Predicts Easy Victory Over 2 Other Opponents

(Continued From Page 1)

which he says has saved Georgia \$5,000,000 in eighteen months, and so his cutting the ad valorem tax by one-fifth. He says public utility rate cuts made by the public service commission he appointed after he had fired his predecessors have saved the people of the state \$10,000,000 a year.

Pittman, who has made as many as fourteen stump speeches in one week, claims the tide has shifted to him and says the "house of Talmadge" is crumbling like a house of cards.

He promises reform in government, a curbing of the governor's pardoning power, co-operation with the judiciary, and other pledges.

"After next January," he says, "when I take office," the laughter of children will displace the moan-

ing of even of the governor's mansion in Atlanta. Governor and Mrs. Talmadge, who operate a home in south Georgia, brought a crew in Atlanta when they came several years ago to furnish them fresh milk.

Abnerman Gilliam, a soft spoken member of the Atlanta city council, and builder of homes by profession, states his hope for election on opposition to the state's home dry prohibition law.

He has advanced a plan for the act's repeal, and the taxation of beer and liquor to pay the state's bills in place of the present form of taxation.

Gilliam, too, is making a whitewash campaign, delivering twelve stump speeches in the past few days. He has also attacked Talmadge's record and has belittled Pittman's platform.

Gilliam is optimistic of his chances for election.

"The race on the back stretch" he says, "Talmadge is running hard and heaving with every breath he draws. He evidently realizes that it takes some real running to win a race, and that half-hoo and bar-baree won't win it. Judge Pittman spent himself in the opening quarter of his race. The judge is all in and is dropping back. Gilliam started in low, then shifted to second, and when the race comes down the home stretch, you will find him running neck and neck with Talmadge."

Dr. F. L. Wellman, associate pathologist for the U. S. Department of Agriculture, Bureau of Plant Industry, advises friends in Sanford today that he plans to return here about Sept. 15 to resume his work on plant pathology problems, particularly on relating to the celery mosaic problem. In a letter to County Agent C. R. Dawson, Dr. Wellman extends congratulations upon Mr. Dawson's appointment, and anticipates a season of close co-operation between the two offices.

Mayor W. A. Leffler will return from Asheville, N. C. late tomorrow night so that he may head the City Commission when it appears at the special Florida League of Municipalities meeting in Orlando Wednesday and Thursday. Matters that will be discussed during the two-day session of municipal heads from all over Florida will form a basis of a special informal meeting of the Commission on Friday afternoon. City Attorney F. R. Wilson and City Accountant S. R. Gray will go to Orlando with the Commissioners as will City Clerk F. S. Lamson.

Featuring tomorrow night's meeting of the Board of Directors of the Seminole County Chamber of Commerce, scheduled to begin at 7:30 o'clock, will be the report of the Elections Committee, the introduction of Home Demonstration Agent Miss Josephine Boydston, and the report of Karl Lehmann on his recent stay in Evanston, Ill. in attendance at the National Institute of Trade Body executives. The Elections Committee will meet at 1:30 o'clock tomorrow afternoon to start counting the ballots, while the Executive and Finance committees will meet at 5:00 o'clock. All ballots must be cast before 5:00 o'clock if they are to count in electing new directors.

Quick Relief for Chills and Fever

and Other Effects of Malaria

Don't put up with the suffering of malaria—the teeth-chattering chills and the burning fever. Get rid of Malaria by getting the infection out of your system. That's what Quinine-Tannin-Chill-Tonic does—draws and drives out the infection. At the same time, it builds up your system against further attack.

Quinine-Tannin-Chill-Tonic contains tannin which kills the infection in the blood. It also contains iron which builds up the blood and helps it overcome the effects of malaria, as well as further against infection. These are the effects you want the COMPLETE relief Quinine-Tannin-Chill-Tonic is pleasant to take and absolutely free for children. No bitter taste of quinine. Get a bottle today and be free of malaria. For sale at all drug stores. Now two sizes—10c and 25c. The 25c size contains 2 1/2 times as much as the 10c size and gives you 25 percent more for your money.

Import Duties On Feed Are Ordered Cancelled

WASHINGTON, Aug. 22. (AP)—President Roosevelt has signed a proclamation declaring an emergency and directing that import duties be suspended so farmers in drought-ridden areas may obtain enough feed to keep their livestock from starving. The proclamation, it was learned, was signed on Aug. 16. Just after the President made his trans-continental trip through the drought belt.

Treasury and agriculture officials are working on regulations specifying what commodities—probably hay and oats—may be imported into this country duty free. The regulations also would name ports of entry and the countries from which the commodity could be imported.

MIAMI, Aug. 22. (AP)—Charles A. Burns, retired drapery manufacturer of Cayton, N. Y., who died Feb. 25, 1932, in his 85th and beach house, left an estate valued at \$45,315, it was revealed recently in the probate court inventory.

CHRISTIANITY IS ATTACKED BY NAZI PARTY

Propaganda Campaign Causing Anxiety In Catholic, Protestant and Jewish Circles

BERLIN, Aug. 21. (AP)—The Nazi propaganda campaign against Christianity is causing anxiety in Catholic, Protestant and Jewish circles. The propaganda is being conducted by the National Socialist German Workers' Party, which is seeking to undermine the influence of the church in Germany. The party's leaders are convinced that the church is a major obstacle to their goal of a totalitarian state. They are therefore using every means at their disposal to attack the church's teachings and its leaders. This includes the use of propaganda, public demonstrations, and even violence. The result is a climate of fear and uncertainty among Christians in Germany.

Quiet Membership Drive To Be Staged In Joyce Leadership

Sanford, Aug. 21. (AP)—A quiet membership drive is being staged in the Sanford branch of the Joyce leadership. The drive is being conducted by a group of dedicated members who are working to increase the number of active members in the branch. The group is using a variety of methods to attract new members, including door-to-door canvassing, public meetings, and personal invitations. The drive is expected to continue for several weeks, with the goal of significantly increasing the branch's membership by the end of the year.

W. A. Kratzer Held After Fatal Wreck

ST. AUGUSTINE, Aug. 21. (AP)—W. A. Kratzer, 62-year-old father of Mr. and Mrs. Percy B. Kratzer, was held yesterday afternoon when he was involved in a fatal automobile accident. The accident occurred on U.S. Highway 1, near the intersection of State Road 12. Kratzer was driving a 1932 Ford sedan when it struck a large tree, causing the car to flip over and catch fire. Kratzer was killed instantly. The police are investigating the cause of the accident and have taken Kratzer into custody for questioning.

STOCK MARKET RISE IN U. S. PREDICTED

Britain, Noted For His Accurate Forecasts, Sees Inflation As Just Now Beginning

NEW YORK, Aug. 21. (AP)—A stock market rise in the United States before the end of the summer of 1934 is predicted by Major L. L. R. Angus, London stockbroker. Angus, noted for his accurate forecasts, sees inflation as just now beginning. He believes that the current economic conditions in the United States are favorable for a market recovery, and that the Federal Reserve's policies will lead to a rise in prices and stock values.

Hitler To Sell SELF TO GROUP WHICH VOTED 'NO'

Adolf Determined To Win Over Minority By Inspired Effort

BERLIN, Aug. 21. (AP)—Established by a plebiscite as chief executive, chancellor and leader of the army, Adolf Hitler yesterday set for himself and his Nazi party colleagues the task of "winning over" the 42,000,000 Germans who voted "no" in Sunday's election. Hitler is determined to win over the minority by an inspired effort, and he has outlined a series of policies and programs that he believes will appeal to the voters who did not support the Nazis.

Harvey McCalley Is Latest Victim Of War On Lotteries

St. Petersburg, Aug. 21. (AP)—Harvey McCalley, 35, was arrested today for operating a lottery in violation of state law. McCalley was found in possession of lottery tickets and other materials used in the operation of the lottery. He is being held in the St. Petersburg jail pending further action by the authorities. The state has been waging a campaign against lotteries, which are considered a form of gambling and are illegal under Florida law.

Col. Knox Scores Growth Of Bureaucracy As Threat To U. S. System Of Government

CHICAGO, Aug. 21. (AP)—Colonel Frank Knox, editor and publisher of the Chicago Daily News, last night charged that the "profligate spending of public funds" and the "swift growth of bureaucracy" are threatening the American system of popular government. Knox believes that the rapid expansion of the federal bureaucracy is a danger to the principles of democracy and individual freedom. He calls for a re-evaluation of government spending and a reduction in the size of the federal government.

LONG TRYS TO ENFORCE STIFF CENSORSHIP

Senator Sends Armed Guards Against Reporters, Threatens Them With Beating

BATON ROUGE, La., Aug. 21. (AP)—Not content with obtaining military and political power in Louisiana through his official state legislature session, Huey P. Long and his horde of political servants attempted to clamp down a news censorship on the proceedings in the legislature. Long is known for his authoritarian style of government and his intolerance of the press. He has used various tactics to silence his critics and control the flow of information.

Gambling Devices Must Be Removed, Says McClelland

Sheriff Warns Sharp, Pell, Slot Machine Owners To Get Them Out Within 48 Hours

Sanford, Aug. 21. (AP)—Sheriff J. J. McClelland issued a warning today to slot machine and gambling device owners in the county. He demanded that they remove their machines from public places within 48 hours, or face arrest. McClelland is enforcing a new ordinance that prohibits the operation of slot machines and other gambling devices in public areas. He has received numerous complaints from citizens about the presence of these machines in their neighborhoods.

Speculation In Stock Market Is At Low Levels

Trading Yesterday Of Smallest Volume In Over 12 Years

NEW YORK, Aug. 21. (AP)—The speculative deadlock tightened its grip on the stock market yesterday and trading shrank to the smallest volume in more than 12 years. Investors are cautious due to uncertainty about the future of the economy and the Federal Reserve's policies. The market is characterized by low trading volumes and a lack of significant price movement.

Politicians Plan To Rule Citrus, Chase Declares

Sanford, Aug. 21. (AP)—Declaring that the proposed citrus marketing agreement will place the Florida citrus industry in the hands of politicians, Randall Chase, in a statement made public today, urges Florida growers to insist upon their rights and a fairer representation for their organizations on the Control Committee. Chase is a vocal advocate for the citrus growers and believes that the proposed agreement is a threat to their interests.

CITY NEWS BRIEFS

Local weather yesterday: High 90, low 75. Mr. and Mrs. H. M. Papworth returned this morning from their summer home at Daytona Beach to spend a short time, the former on business as well as for the purpose of presiding over the August meeting of the board of directors of the Seminole County Chamber of Commerce, scheduled to be held tonight.

Karl Lehmann will be in Tampa, Friday and Saturday attending the annual State Christian Endeavor Society meeting as a speaker and chairman of the Advisory Committee. He will also confer with Marvin Walker, chairman of the State Chamber of Commerce Agriculture Committee in connection with a proposed barge canal connecting Sanford and Tampa.

An enjoyable afternoon and evening on the St. Johns River aboard one of Kivanian Otto Caldwell's motor freight boats operating between Sanford and Jacksonville is promised members of the Sanford Kiwanis Club and their wives or daughters next Thursday afternoon. A party of over 40 persons is expected to leave here at about 4:00 o'clock for a seven-hour moonlight ride to Welaka and a return by truck. Refreshments will be served aboard the boat.

It was agreed by all who heard that few persons locally have had such an experience as was reported this morning by Chester Saunders, Lake Mary carpenter. While driving his automobile to Sanford recently at a rate of about 45 miles an hour, Mr. Saunders was horrified to see a coral snake crawling in front of his eyes, crawling slowly out of a pocket built in the roof of the car just over the steering wheel. Afraid to bring his car to a quick stop for fear that the snake, one of the deadliest in Florida, would fall into his lap or possibly wrap itself around his neck or arm. Mr. Saunders released the gas flow and sat, almost petrified, until the car came to a stop. He jumped from the car just a second before the snake had wriggled itself out of the pocket to the seat. Securing a car tool, he beat it to death. (Continued On Page Four)

Duncan Says Hobbs Took \$3000 of Purcell Company's Money

According to an announcement released this morning by W. H. Duncan, local manager for the Purcell Co. store on First Street, J. K. "Bob" Hobbs, company bookkeeper who has been missing since last Saturday morning, made away with at least \$3000 of the firm's money. Exhibiting a bank book in which evidences of cash indicated that three deposits made since Aug. 4 were incorrectly listed, Mr. Duncan stated that an investigation made yesterday by C. F. McKenney, credit manager for the firm, revealed a shortage of \$100 in each deposit. Meanwhile, no trace has been found of the missing man. Police are in contact with authorities in all Florida cities, as well as with police in Wilmington, N. C., former home of the bookkeeper.

18 Youths Organize Junior Antlers At Elks Hall Monday

Fifteen young residents of this city, some of them sons of members of Sanford Elks Lodge No. 1241, effected the organization of a Junior Antlers Lodge last night during a meeting held at the Elks Club on First Street. Hollis Phillips was elected as temporary chairman, and Delmar Batters was elected as temporary secretary, and decisions were reached to elect permanent officers at the next meeting, set for Wednesday night, Aug. 23. Exalted Ruler F. C. MacMahon presided over the meeting which was addressed by Peter Thurston, C. E. Dawson, and Rex Packard, who with Rev. A. S. Pock and A. M. Carraway, comprise the Advisory Committee.

Initiation fee was set at \$1.75, with annual membership dues set at \$1. Each boy present agreed to bring one or more new members to the next meeting. Those attending were: Clifford Barcliff, Frank Lippin, Francis Bonnell, James Egan, Richard Packard, George Follmer, Wm. Spier, Henry Jamison, Ralph Myrick, Walter Pomeroy, Herbert Thurston, St. Clair White, Herbert Bonhart, John Bonhart, Edna Phillips, Delmar Batters, and Paul Biggers.

Sheriff Warns Sharp, Pell, Slot Machine Owners To Get Them Out Within 48 Hours

Slot machines, punch boards, baseball-marble games, and any other mediums in which an element of chance is the principal attractions for the residents of this city and county, must be removed from stores and public places within the next 48 hours or sheriff's deputies will remove them by force. That is the ultimatum flung at Lee Sharp of Orlando and W. J. Pell of Sanford, owners of a majority of the vending machines or "gambling" devices in the county, this morning by Sheriff J. J. McClelland.

The ultimatum also includes every person who is the owner of or is interested in any gambling device located in the county. The order is Sheriff McClelland's answer to Governor Dave Sholtz's demand that action be taken at once against all violations of state laws in regard to gambling. Sheriff McClelland stated, after discussions with Pell and Sharp, that they had agreed to remove their machines from all locations in the county, and within the next 24 hours.

He said that Pell objected to this procedure at first owing to the fact that he holds over \$5000 worth of City of Sanford licenses on the machines he owns in the city limits. However, the Sheriff said Pell finally told him that he would remove the machines within the next 24 hours. While no estimate could be secured from the sheriff's office as to the number of machines, the two operators contended, it is estimated that fully 85 percent of the slot machines in the county are those owned by Sharp and Pell.

Sheriff McClelland stated that his order will be enforced to the letter. "If we find any kind of a gambling device or object which affords an element of chance, after 48 hours from this morning" he said, "we're going to take it out of the place. The Governor's order must be obeyed, and my office will act accordingly." Sheriff McClelland's action followed several conferences with State Attorney Lloyd F. Boyle who recently announced a policy in connection with the matter. Asked what part his office intends to play in this new drive against gambling, Police Chief Roy G. Williams stated that he expected to continue making arrests for law violations of this type.

RAILROAD MAN DIES

ATLANTA, Aug. 21. (AP)—Edward P. Mills, 69, division superintendent of the Seaboard Air Line railroad at Tallahassee, Fla., died here Sunday after a short illness. The body was sent to Tallahassee Sunday night.

TUESDAY, AUGUST 21, 1934

BIBLE VERSE FOR TODAY

ABUNDANTLY SATISFIED: How excellent is thy loving kindness, O God! therefore the children of men put their trust under the shadow of thy wings.

As James Montague says, Honey Long isn't the man he used to be, and never was.

The thing we hate most about this textile strike is that it will make the cost of patches go up.

Since silver was "nationalized," we have seen a lot in the papers about "falling dollars," but so far we haven't seen any of them fall anywhere near us.

If the hog reduction program is an unqualified success, no doubt some of the steel companies will advocate a proceeding tax to reduce the production of pig iron.

According to the Bureau of Labor Statistics, one of the sharpest July decreases in employment and payrolls since 1919 took place last month. Factory employment dropped 3 percent, and payrolls were off 8.9 percent.

The Hitler government in Germany is promising the people "a Utopia for humanity" next winter as it begins its campaign to raise a \$128,000,000 fund for unemployment relief.

A few lines from the "International" as sung by F. P. A.: Oh, the international party shall be the human race, in Oberlin, Sandusky, and every other place.

Bank deposits are increasing, loans and discounts decreasing, according to the comptroller's report, presumably because business men are paying their debts, and don't need to borrow any more.

Hitler won a smashing victory in Germany Sunday, having nothing else to vote for some 88,270,814 persons voted for Hitler. They probably sincerely believed they were doing what was best for Germany. But how much honor, and how much respect for their courage and strength of character are those 88,270,814 Germans who voted "no." To "yes" a powerful man is easy. It takes courage to say "no."

We don't see why the government doesn't take over the subject of Decey in Radio Songs. This decey would be compulsory. The Committee of Five—Mr. Richard Himber, Mr. Rudy Vallee, Mr. Abe Lyman, Mr. Guy Lombardo, and Mr. Paul Whiteman—may not agree as to what is immoral, indecent, or lusty, but they agree on one thing: Decey is a local issue. One imagines Mr. Vallee, for example, although he was not a member of the Elizabethan Club in his Yale days, addressing the other members of the committee as follows:

Shall I, wailing in Gopak, Flout decency on the air, Or declare the merits wrong Of some silly, snooty song? Or as soon as vinegar, If it is not over to me, What care I how sour it be? —Franklin P. Adams

Something About Hogs

The sun doesn't shine on the same hog's tail all the time. A few years ago bond salesmen were making enormous profits selling securities to the public which, in many cases, are not worth the paper they are printed on today.

In Massachusetts the other day one hog grower received a check from the government for \$30,000. Twenty thousand dollars is a lot of money in this country at any time; now it is more than that. But this farmer received this check as a payment from the government for "not growing hogs."

This sort of thing is getting on the nerves of some people. Particularly are the big bond men, whose profits used to be great, but who now are going begging, distressed at the "big profits which are being made from not raising hogs."

"Mr. Blank of Northampton has a friend who received a government check for \$1000 this year for not raising hogs. So Blank now proposes to get a farm and go into the business of not raising hogs; says not raising hogs appeals to him very strongly.

"Do you think capital could be provided by the issuance of a non-hog raising gold bond? His friend who got the thousand dollars got it for not raising 500 hogs; now we figure we might easily not raise 1500, or even 2000 hogs, so you see the possible profits are only limited by the number of hogs we do not raise."

It all depends on whose ox is gored, whose hogs are processed, and whose bonds are deflated. The farmer thinks it is terrible for the bond broker to sell bonds which are no good. The broker thinks it is terrible for the government to pay the farmer for hogs he didn't raise. They're both right.

Blessings

Facts brought out recently in the bulletin of the Seminole County Credit Association indicate how the American people as a whole have improved their financial condition in the last few years, even in the face of a world wide depression.

"American citizens," the credit report says, "have more money in savings banks than ever before."

"They own more stocks and securities than four years ago.

"They have more currency in circulation than during the 'boom.'

"They carry nearly \$1,000 insurance for every man, woman, and child in the country.

"They receive a greater per capita income than citizens of any other country.

"They own more homes than any other nation.

"They have a shorter working day and more time for leisure than any class of people on earth.

"They have a greater national wealth than a dozen Continental European countries combined."

While it is indisputably true that many Americans are still unemployed, and are having to depend upon charity for their existence, the fact remains that charity is being provided, that the unemployed are being fed and no one has actually starved. In no other country in the world, where the depression has struck with equal force, can this be said to be true.

The American people as a whole can well be thankful that they live in America.

He Forgot

He brushed his teeth twice a day with a nationally advertised tooth paste. The doctor examined him twice a year. He wore rubbers when it rained. He slept with the windows open. He stuck to a diet with plenty of fresh vegetables. He relinquished his tonsils and traded in several worry-ou-

SANFORD TWENTY YEARS AGO

Tax assessor Bates has received a telegram from Governor Tram that a reduction of the state mill that a reduction of the state mill has been made.

Unusually interesting and pleasant was the meeting of the Eastern Star, Tuesday night, with a large attendance, notwithstanding the bad weather.

Miss Nadie Williams is again at home, much to the delight of her many friends.

Mr. Will Robbins left on Monday for Chicago and other points. He will travel extensively before returning home.

Mr. and Mrs. Peck and Mr. and Mrs. McKinnon motored out to Camp Whitner Thursday afternoon to enjoy the bathing and other good things in camp life, especially the supper.

SUNKEN GOLD RECOVERED

LONDON, Aug. 21.—(AP)—Bullion valued at \$5,000,000 was recovered Saturday by a private salvage firm from the sunken steamer Lamorna, which went to the bottom with a German torpedo in 1917, the London mail says.

GATS COMMISSION

WASHINGTON, Aug. 21.—The War Department has awarded William C. Gats, a second lieutenant, commission in the Army reserve corps infantry.

AAA RESTATES STOCK MARKET RISE IN U. S. PREDICTED

(Continued from Page One) 'Inflation' has already deflated; the truth is that it has only just begun. It has, in fact, taken a year to prepare the groundwork for the great and necessary expansion of credit which is now being undertaken.

"If you go on pumping money into people's pockets and pass books the result will eventually be felt in the shops."

Angus draws a definite line between inflation—wild issuance of printing press money and controlled reflation which he views as the current American condition.

He points out that solution of industrial crises always settled down to a monetary point of view and that the three current attacks by money on the depression include threats of inflation—a powerful psychology which—already has resulted in a tremendous spur to prices—bank credit inflation and cheap money—and the inflationary printing of notes. The latter, he believes, will not be necessary.

As to the stock market, he believes that progressive credit inflation may be forthcoming and may act as groups of shares to buy:

"My personal preference in America from the scientific point of view of capital appreciation is for non-dividend paying shares standing low in the market, 25 to 50 percent below recent highest marks, in industries possessing a theoretical comeback, whose earnings have only just begun to revive after a period of losses; companies in industries, in fact, with a bad recent record, which will probably be allowed to show a big comeback in profits before they are singled out for any special taxation."

Nearing conclusion he sounds a note to Wall Street that Wall Street has often heard when he remarks:

"A prudent investor is one who is always prepared for the worst, who sells out willingly if his plans go unexpectedly wrong and who then waits with cash 'til both the index graph and the individual share graph, as well as trade and currency factors are all once more in a healthy position."

Knox Says Growth Of Bureaucracy Is Threat To Nation

(Continued from page one) involved in business today than ever before in national history," he said.

"These measures of a purely emergency character which have been undertaken solely to increase employment may be justified, but unless we halt the very definite plans now being put into effect by many of those in high administrative councils, we shall find ourselves saddled with, and the victims of the greatest bureaucracy ever erected in the world."

Experience has shown, he said, that the vital economic policy of a free government and a free people must be a free competitive system of business, sufficiently regulated to prevent exploitation of the weak by the strong and sufficiently competitive to insure against monopoly.

"Never lose sight of the fact that business must be free if men are to be free," the publisher warned.

Colonel Knox said the total local and federal debts up to July 1 was approximately \$50,000,000, 000, or \$5,000,000,000 more than the most optimistic estimates of the entire national income for 1934.

He asserted that the share in the total local and federal debt of a family with an income of \$4,000 a year will be \$4,070, or more than its entire income.

Even worse, he continued, is the annual burden of taxation which must be borne by the family. His share in the federal government costs, he said, would total more than \$2,000 a year.

"However, as only about \$4,000,000,000 of the federal costs will be raised this year, his share of this tax for the year is \$200," he said, adding that the 1937 federal government costs, his (the family) share for the year is \$1,241, or over 30 percent of his income.

Only a small sum of this will be paid in direct taxes, said Colonel Knox.

Building Permits In State Show Increase

JACKSONVILLE, Aug. 21.—(AP)—Florida building permits in 28 municipalities totaled \$1,568,939 for July in comparison with \$848,278 for the same period a year ago, reports compiled by the Florida state chamber of commerce's show.

Miami Beach led with \$451,050 followed by the "Greater Palm Beaches" with \$346,257.

Others ranked in the following order: Miami proper, \$201,114; Jacksonville, \$154,925; Daytona Beach, \$70,573; St. Petersburg, \$62,900; Tampa, \$49,886; Orlando, \$46,853; Coral Gables, \$23,148; and Pensacola, \$20,912.

MUCH SILVER FOR U. S.

SOUTHAMPTON, England, Aug. 21.—A shipment of 12,000 bars of silver, valued at about \$2,500,000, the largest ever to be sent from bars to the United States was placed on the ship Washington Friday night. The metal weighs 400 tons.

CONTRACT AWARDED

WASHINGTON, Aug. 21.—(AP)—The U. S. Army Corp. of Engineers has awarded a contract for the construction of a new building in the city of Pensacola, Fla., Naval Station. The contract totals \$200,000.

Sanford Forum

Editor, Sanford Herald: To me, there is no other time of year so interesting and joyous as the good old fall time.

"Mothers planning the young-boys' wardrobe, seeing to every little detail that their clothes will fit in a comfortable way, and their teeth all gone over and white and shining. It is the time of all times: the getting ready for the best year's work we have had yet.

"Twenty-three years ago I was trying to teach a small school far out in the country—everything had been moving along smoothly enough for several weeks and then early one morning a very strange and unexpected thing happened. The children were busy as could be with their lessons, not a sound of discord anywhere in the room.

I looked up and saw a slim, tired looking woman coming up the steps, her clothes were ragged and most to her waist from walking nearly two miles in the dew. A brown, fat, husky looking baby dangled from her hip.

"I sat very quietly at my desk wondering what was wrong. "She came right on up to me and said in a most commanding voice: 'I want you to whip Harriet!'

"Now you can imagine how I felt; for Harriet was a young girl, sixteen years old and plenty large to her age. I had not as much as whipped a small child and I certainly felt no desire to begin on Miss Harriet.

"The woman explained that Harriet had threatened whipping her daughter of fourteen years. I tried to comfort her by giving my promise that I would settle it with the girls at recess, but when she had seated herself near by and I saw the hard, determined look on her face, I began to realize that she had come to see the girl get a whipping. I glanced to ward Harriet. She looked pale and excited. I saw her wink her eye at an older sister just across the room from her. The atmosphere became very tense and remained so as we waited on and on till recess. I was trying, oh, so hard, to think of some way to go about settling this trouble that had come down upon us so suddenly.

"At recess she looked on with a very anxious expression as I invited Harriet to go for a little walk with me. "Poor Harriet! I can never forget it, she trembled so that she could scarcely speak. All we were quite out of hearing and I whispered to her, 'Don't be afraid, I'm not going to hurt you.'

"She seemed to understand at once and a little smile played about her face, when we came back I said to the woman in all earnestness that I felt sure that there would be no more trouble between the girls she went away not exactly satisfied as I could see, but 'oh such a relief that she would go at all.

"That afternoon at the close of the school the children and I had a regular getting together and I happy to say we did not have any more scenes like the one I have told you about.

"The day I left there the children all came with hands full of letters, the dew still on them; they had gathered them by the 'A' side and through smiles and tears placed them on the little table before me.

"I have never seen any of those children since, but have thought of them so often and as I sit here and write I can see their childish faces as I saw them twenty-three years ago on that last day of school.

"Thanks for our present school system and for our Parent Teacher Association. And again I'll say: God bless our children and help us to have a more thorough understanding of their every day needs.

"MRS. W. A. HOPKINS"

Politicians Plan To Rule Citrus, Chase Declares

(Continued from page one) no voice in the matter. The service of shrewd politicians would be inevitable, and the group who secured the smartest politicians would control the citrus industry.

"Suppose the unexpected should happen, and a fairly representative Control Committee should be appointed, the political group which stood closest to Washington could have all the committees not acceptable to them RE-MOVED WITHOUT CAUSE (this has already happened in the instance of three committeesman last season), and those in sympathy with them would be appointed.

"Lately a minority group representing about 30 percent of the industry has controlled things, and one of them has pointed out that the greater portion will be paid in taxes on sales and services.

Personals

Mrs. J. O. Adams and children returned yesterday from San Lando Springs where they spent the past week.

Dr. L. T. Doan returned yesterday from a vacation spent at Chicago, Ill. where he attended the World's Fair.

Miss Katherine Verna has returned from Perry where she spent three weeks as the guest of Miss Virginia Robertson.

Miss Gertrude Benjamin left Sunday for New York City where she plans to spend some time.

Mr. and Mrs. L. F. Lodge left Sunday for Ephraim, Ga. where they will spend a week visiting relatives.

Mr. and Mrs. M. N. Cleveland and son, Mrs. J. R. returned last night from a two weeks' vacation spent in Columbia, S. C. and points in Georgia.

Baptist W. M. U. Has Interesting Program

The W. M. U. of the First Baptist Church held its regular program meeting yesterday afternoon in the church annex. The general theme of the program was the progress of Christianity, and the topic for the afternoon was "Missionary Footsteps in the Orient." The following program was given:

Opening Hymn. Watchword of the W. M. U. in unison. Response. The Lord's Prayer.

Introduction by the Leader, Mrs. J. H. Colclough. "Missionary Footsteps in Southern Baptist Footsteps in China," Miss Emily Boyd.

"The Roll Call of Baptist Missions in China," Mrs. A. B. Lovejoy. Vocal duet, "Footsteps of Jesus," Mrs. R. R. Pippin and Miss Charlotte Nix.

Prayer for our missionaries in China and Japan, Mrs. R. L. Beard. "Missionary Footsteps and Baptist Footsteps in Japan," Mrs. C. A. Anderson.

"Today's Baptist Footsteps in Orient and Oriental Footsteps in America," Mrs. W. D. Gardner. Devotional period, led by Mrs. Fred Myers.

Offering. Hymn. Closing Prayer, Mrs. W. P. Brooks, Jr.

Jean Turner left last week for Chicago, Ill. where he plans to spend several weeks at the World's Fair.

Mr. and Mrs. J. M. Stinecoper left Tuesday for Chattanooga, Grandville, and Maryville, Tenn. where they will visit relatives for several weeks.

Friends of R. A. Wilson will be interested to learn that he is improving at the Fernald-Laughton Memorial Hospital where he underwent an appendectomy yesterday morning.

Mr. and Mrs. H. E. Morris, Mr. and Mrs. J. M. Stinecoper, and Mrs. Clara Stepper returned Monday from Miami where they spent the past week as the guests of the latter's brother-in-law and sister, Mr. and Mrs. Ernest A. Perry.

Friends of Mrs. B. C. Moore will regret to learn of the death of her brother-in-law, William Kierle, of Edwardsville, Penn., Sunday morning in that city. Mr. Kierle with Mrs. Kierle had visited in Sanford and had numerous friends here who will regret to learn of his death.

Mrs. W. C. Bennett and son, David, and Walter Turner are spending a month in Winnebaw, N. C. as the guests of Mrs. Hattie Bennett. Before returning to Sanford they will spend some time in Wilmington, N. C.

Social Calendar

WEDNESDAY
The Sewing Circle of the Ladies' Auxiliary of the Elks' Club will meet at 2:00 o'clock at the home of Mrs. Carl Moss, 2800 Sanford Avenue.

Miss Jackson Weds Oliver Perry Wade

Mr. and Mrs. S. I. Jackson, of Columbia, S. C. announce the marriage of their daughter, Rachel Katherine, to Oliver Perry Wade, of this city, Saturday, Aug. 18, at Deland.

The bride wore for the occasion a white crepe dress fashioned along simple lines and completed her costume with white accessories.

She received her education at Columbia High School, Columbia, S. C. where she has always made her home. Mr. and Mrs. Wade plan to make their home at Elder Springs.

Royal Ambassadors Meet In Church Annex

Bill Brown, ambassador-in-chief of the Royal Ambassadors of the First Baptist Church, presided over the regular business meeting of that organization which was held last night at the church annex. Features of the meeting included echoes of the Florida Baptist Assembly, held in Deland recently, and discussion of the special work for the Ambassadors this month, the care of the church grounds.

Mrs. John D. Abrahams then taught the mission study lesson which was taken from the book, "Black Treasure." Among those present were: Bill Brown, ambassador-in-chief, L. E. Tew, Jr., Edward Wilson, Ibration Huntley, James Tew, James Young, Clarence Collins, Joe Cummings, and Mr. and Mrs. John D. Abrahams. Mr. Abrahams is councillor for the group.

GETS QUARTER MILLION
LONDON, Aug. 21.—(AP)—Princess Irina Youssouff receives \$250,000 under the terms of the settlement of her lawsuit against Metro-Goldwyn-Mayer, Ltd., Fanny Holtzmann, chief of the Princess' American counsel, announced Sunday night.

CORRECTION
In last night's issue of The Herald it was stated that H. B. Perkins, of Columbia, is visiting his brother-in-law and sister by way of correction we wish to say that Mr. Perkins is the guest of his father and mother, Mr. and Mrs. J. B. Oviatt.

Mr. and Mrs. Munnie Harriett announce the birth of a nine pound daughter, June Marie, Monday morning at their home on East Third Street.

Mr. and Mrs. F. W. Short, of West Orange, N. J., are visiting the latter's father J. W. Rutledge. They plan to return home on Friday.

MILANE TO-NIGHT

Woman's Council Has Armed Bandits Steal \$427,000 Oil Truck

The regular meeting of the Woman's Council of the First Christian Church was held yesterday afternoon at the home of Mrs. J. T. Ellis, Palmto Avenue, with Mrs. J. T. Ellis and Mrs. J. W. Ellis as hostesses. The devotional was led by Mrs. A. H. Byrd, and Rev. Herman Forbes, the new minister for the Christian Church made an interesting talk.

Mrs. J. T. Ellis presided over the business session which included reports from the circles and plans for fall work. Following the business session a social hour was enjoyed in which Mrs. Leonard Niblack was honored with a show. The hostesses then served refreshments to Mrs. A. H. Byrd, Mrs. Frank Lamson, Mrs. Leonard Niblack, Mrs. Elmer Cordell, Mrs. D. H. Johnson, Mrs. Gail Myers, Mrs. Ray Fox, Mrs. Fuyha Fennell, Mrs. George Shipp, Mrs. Bandy, Mrs. George Townsend, Mrs. Ruth Ludette, Mrs. J. W. Ellis, Mrs. J. T. Ellis, and the Rev. H. W. Forbes.

The armed truck had been collecting money from branch banking establishments all over Brooklyn during the morning for deposit in various central Brooklyn banks. Three men in charge of the truck immediately started pursuit. The holdup occurred in front of the Rubel Ice Company plant on Bay Nineteenth Street.

Methodists Claim An Increase In Drinking
WASHINGTON, Aug. 21.—(AP)—A 31.86 percent increase in drunkenness arrests in 192 cities during the first three months of 1934 compared with the same period last year was reported yesterday by the Methodist Episcopal board of temperance, prohibition and public morals.

In states with central liquor sales, however, the board added, the increase was only 19.13 percent with 10.

10-Year-Olds Feature Boxing Club Show
A four round bout between Billy Ogelsby and Billy Tippins, 10-year-old boys, featured last night's Boys' Boxing Club card staged in McCall's old food store at Fourth Street and Myrtle Avenue. Tippins won three out of the four rounds and was declared the winner.

Other bouts, refereed by Lester Phillips and judged by Judge S. A. H. Wilkinson, resulted as follows: Walter Wehborn defeated Allen Hughes by a technical knockout in the fifth round of a six round fight.

Eugene Tippins was declared the winner of a close fight against Wesley Cunningham. George Wilkinson defeated Harry Powell by taking the best three out of four rounds.

Fred Gaines scored a victory over Raymond Lock, winning two out of three rounds. Leon Lawson won over Harold Allman by a technical knockout in the fifth round.

Roosevelt To Return To Capitol Wednesday
WASHINGTON, Aug. 21.—(AP)—President Roosevelt decided today to return to Washington from

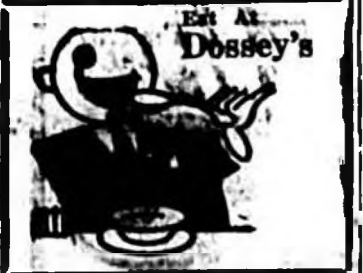

the funeral of Speaker Rooney in Carrollton, Ill. tomorrow before proceeding over the week end to his family home at Hyde Park, N. Y.

One of the things causing the President's return to Washington was a desire to confer further on the reorganization of the National Recovery Administration.

His special train left about 5:00 o'clock this afternoon for Illinois. He plans no appearances or talks along the way.

Kemp Barbe Acquitted Of Carlyle's Death
DAYTONA BEACH, Aug. 21.—Kemp Barbe, admitted slayer of Carlyle Carlyle, Deland man, was acquitted by a coroner's jury after a hearing before Justice E. A. Donovan. The verdict was that Barbe took Carlyle's life in "self defense."

Dr. Geo. M. Greene testified and described the wounds suffered by Carlyle. Barbe testified in his own defense and Harry Wilson said that Carlyle's boy pulled the outside of the Log Cabin, scene of the slaying, with a shut gun.

Head Of Silver Shirts Inflicted In Carolina

ASHEVILLE, N. C., Aug. 21.—(AP)—William D. Pelley, chief and founder of the Silver Shirts of America, was indicted here today for a violation of the state's "Blue Sky" laws in connection with the sale of stock in Galahad Press, Inc., now in receivership. Indicted with him were Don D. Kellogg, Robert C. Summerville, and H. W. Hardwicke, three of his aides.

Similar charges were lodged against all except Hardwicke in a previous indictment, and they have been under bond.

Pelley's followers, sometimes called American Nazis, have been under fire on the West Coast in connection with alleged misuse of government arms for military training purposes.

ENGLISHMAN HAD POTENT BEARING ON U. S. NEW DEAL

John Maynard Keynes Considered As No. 1 Economist In World

LONDON, Aug. 21.—At Cambridge university, near here, lives a tall, mild-mannered Englishman whose influence on the "New Deal" policies of the Roosevelt Administration has been more potent than that of most Americans at home. He is John Maynard Keynes, who at King's college, whose black mustache adorns the face of

one of the most famous economists in the world. For years he has been advocating the appropriation of huge sums in Public Works projects to ease the depression crisis and unemployment.

Ex-Prime Minister David Lloyd George adopted his idea as part of his Liberal party platform in the English elections in 1921. But it was not until President Franklin D. Roosevelt, when he entered the national scene of hunger and chaos, to turn eagerly to the theories constantly offered by Keynes as a positive aid to "recovery."

The gigantic NRA appropriations in 1933 called for the expenditure of \$3,300,000,000 on Public Works alone in charge of Interior Harold Ickes. Millions were poured out or set aside for the CCC, Tennessee valley, highways, river and harbor projects. With state and national authorities, the PWA co-operated to help finance new works and those left unfinished with the advent of the depression.

All this, Keynes regarded as good. But later he suggested in an open letter to the President: "You have made yourself trustee for those who seek to mend the ways of our conditions by reasoned experiments of existing social system. Yet reform may impede recovery. The U. S. must plan loan expenditures—not merely refinancing."

He suggested that more and more funds be appropriated until the monthly total should approximate \$400,000,000 instead of suddenly diminishing the outlays as was done in the rapid extinction of the CWA.

The U. S. needs a hard shove toward prosperity," he added, "and cheap and abundant credit along with reduction of interest rates." The economist recommended re-financing of the national debt from short term bonds to long term securities at lower interest.

That Keynes has influenced the Chief Executive even recently was evidenced when on his U. S. visit in June he conferred with Roosevelt. It was no small coincidence that almost immediately after the conference, the NRA price fixing plan was abolished and the White House obtained a large sum to add to Public Works. And the super-adjunct cabinet board created on the eve of the President's vacation to coordinate New Deal agencies and expenditures bears quite a resemblance

of the "small office to collocate expenditures" suggestion given to Keynes.

Where does this foreign economist obtain his prestige?—Interested people ask. At the time of the Versailles peace conference, Keynes, then only 35, was the personal representative of the British treasury, and a member of the Supreme Economic Council.

So incensed was he at the "brutal" way in which the allied victors enforced a colossal reparations bill on defeated Germany, that he warned of the inevitable tragic aftermath. Germany could not pay the fantastic indemnity, he said, there wasn't that much money in the world, and the war debts could only be paid in goods and services, and in German exports.

He resigned from the conference in disgust and wrote a book in which he prophesied that the entire world would suffer the consequences of the "disastrous" peace, and that some day the cost of the World War must be paid.

Since the war he has pleaded for a managed currency and Public Works to ease possible depressions. A liberal economist, he has termed "bankers' impeccable spinners," and has asserted "interventionist individual capitalism is a failure; it is no good and doesn't deliver the goods." And though he is mildly criticized as a trifle cocksure and audacious, solid and ultra-conservative, financiers harken to his forecasts.

WORLD'S FINEST FLIERS TO BID FOR BIG PRIZE

18 Americans Aim For Cash At End Of London-Melbourne Hop

LONDON, Aug. 21.—(AP)—A veritable galaxy of international flying talent will race away from London on Oct. 20 for an 11,000-mile drive, "Melbourne or bust."

Of the 64 countries, America tops the list with 18, two ahead of Great Britain.

American aviation has a double stake in the aerial derby, however, since a number of foreign fliers have chosen American planes. These include Sir Charles Kingsford-Smith, Australia's best-known pilot, and Col. J. C. Fitzmaurice, the Irish co-pilot of the "Bremer" in 1928 on the first East-West Atlantic flight.

The race is a duel, eyesight, speed and a handicap competition. It is sponsored by Sir MacPherson Robertson, Australian candy magnate, in connection with the centenary celebrations of Victoria and Melbourne.

Sir MacPherson has posted \$75,000 in cash prizes, the first flier to land on Fleming race course, Melbourne, winning \$50,000 and a gold cup. Second to land will receive \$7500 and the third \$2500.

Handicap prizes, the winners of which will be calculated on the basis of best performance having regard to wing area, pay load and horsepower, are \$10,000 for first place and \$5000 for second.

The race has been routed across Europe, Iraq, India and Malaya with the only requirements that the pilots land at Baghdad, Allahabad, Singapore, Darwin, Charleville and Melbourne.

In addition, nearly a score of optional landing points approximately 500 miles apart have been designated.

Nine of the 64 entries are concentrating on the speed prizes, seven of them American. These include Col. Roscoe Turner, coast-to-coast record holder; Wiley Post, the one-eyed Oklahoma man who holds the round-the-world record; Clyde Pangborn, another globe flier; Miss Laura Ingalls; Herbert V. Thaden and his

wife, Louise Thaden; and Lieut. Col. G. R. Hutchinson.

Harry Lyon, comrade of Kingsford-Smith on the epic trans-Pacific flight in 1928, is paired with R. F. Lape of San Francisco. Other American entries are Russell A. Hoeler, Huntington, Ind.; Jacques-Louis Cochran and Wesley Smith, New York City; Capt. F. Rose, Palm Springs, Calif.; J. E. Granger, Los Angeles, and J. Frye and H. Hall, flying the entry of Harold Gatty, famous arial navigator.

City News Briefs

(Continued From Page One)

A group of young Sanford men and women, members of the Sanford Tennis Club, today began a membership drive which has as a goal the securing of at least \$240 for the repair and renovation of the tennis courts at French Avenue and 13th Street. Playing and contributing memberships are \$3 annually, and the donation entitles the donor to play over the courts at any time. As all tennis players know, the courts were leased by the City to the Sanford Tennis Club some months ago, and the courts are operated under Club rules. Under present plans, new officers will be elected at an early meeting. The court will be rebuilt of tar and sawdust, and new equipment will be installed throughout. Those attending the meeting at the Chamber of Commerce yesterday included J. A. Brown, Jr., Walter Poser, Billy Faville, O. P. Herndon, Jr., Billy

Zachry, Herbert Smith, Herman Echols, and Ellen Batts.

According to E. Runge, Coast Line employee, old residents of Sanford will be interested to learn about Jack Hunt, farmer who left here about 20 years ago after selling his West Side farm to John Bender. Mr. Hunt, Mr. Runge said, now resides in Marietta, Va., where he is known as "Sailor Dad" Hunt. He is one of the founders of the Virginia Folk Festivals on White Top Mountain in Virginia. Recently, Mrs. Franklin D. Roosevelt paid the festival a visit, and she enjoyed the old folk songs so much that she invited Mr. Hunt and several others to visit at the White House. The group was entertained at tea at the White House, and later played and sang before the President. When Mr. Hunt sang his sea chantey, "Santa Anna" at the White House, the President is said to have liked it so well that he asked for a recording which was made before Mr. Hunt left Washington.

John Meisch, Sr., chairman of the Board of County Commissioners, and Mrs. Meisch and their daughter, Miss Katherine Meisch, and grand-daughter, Miss

Angela Meisch, left today by motor for Chicago to attend the World's Fair. Mr. Meisch and his party will be guests of the manager and staff of the Florida exhibits on Florida Commission Days, Aug. 28 and 29, and a long round of entertainment will be provided in their honor.

Angela Meisch, left today by motor for Chicago to attend the World's Fair. Mr. Meisch and his party will be guests of the manager and staff of the Florida exhibits on Florida Commission Days, Aug. 28 and 29, and a long round of entertainment will be provided in their honor.

Positive Relief for MALARIA!

Sure End to Chills and Fever!

Here's real relief for Malaria—Grove's Tasteless Chill Tonic! Quickly it stops the chills and fever and restores your body to comfort. Many remedies will merely alleviate the symptoms of Malaria temporarily, but Grove's Tasteless Chill Tonic goes all the way and completely rids your system of the infection. Grove's Tasteless Chill Tonic is a real corrective of Malaria because it contains two things. First, tasteless quinine which kills the Malarial infection in the blood. Second, tonic iron which helps overcome the ravages of the chills and fever and fortifies against further attacks. Play safe! Take Grove's Tasteless Chill Tonic. It now comes in two sizes—50c and \$1. The \$1 size contains 2 1/2 times as much as the 50c size and gives you 25 percent more for your money. Get a bottle today at any store.—Adv.

NEW SIGN OF NAZI PAGANISM IS UNCOVERED

German Nordic Faith Movement Set-Up As One "Without Hope For Beyond"

BERLIN, Aug. 22.—(A.P.)—Fresh evidence of the advance of paganism under the Nazi regime was provided today by the founding of a second pagan body this year.

The new group, called "The Nordic Faith Movement," is without "Hopes for the beyond" and holds there is no "Need for redemption."

The anti-Christian movement was stressed in a pronouncement of August Heppes, of the Hitler Youth press department, published in the periodical "Nordland."

"The time has come," he wrote, "to take up the fight against Christianity. Germans must and shall realize that their conversion to Christianity was a crime against the race and the people which put them completely at the mercy of powers outside the state."

Catholic circles were perturbed by the attack on "Christianity," the Catholic publication Kirchenblatt asking "the responsible authorities of the state how these utterances of Hitler Youth can be reconciled with the teaching of Christianity, recently emphasized by an authoritative voice."

The Vatican has not yet ratified the new interpretation of the Concordat between Germany and the church, indicating a state of suspense.

Reichsbishop Mueller, now in complete control of the state church, has announced a drive to "convert every city and every town to Christianity."

The Protestant opposition, which has adopted a policy of "wait and see," nevertheless expects to win out in the long run.

The Catholics, meanwhile, are continuing their fight to keep Catholic youth under the church, and bishops have been given permission, it was learned, to ratify locally provisions of the concordat.

Birmingham Police Search For Young College Girl

BERMINGHAM, Aug. 22.—(A.P.)—Miss Fay New, missing New College student, was found by Birmingham police today after a search in a wooded area near the city.

BERMINGHAM, Aug. 22.—(A.P.)—Detectives today announced they are questioning a second young man in the disappearance of Miss Fay New, 18, Howard College co-ed who, officers believe has been slain.

A. E. Cain, when the police described as a "close friend of the missing girl," was quoted as saying he followed Harold Taylor and Miss New for several miles after they left Birmingham Monday night on an automobile ride from which the girl has not returned.

Meanwhile 200 Boy Scouts were added to many hundreds who searched a wooded section northeast of the city throughout the night without result.

It was in this section that Taylor, who met Miss New Monday night a few minutes before their ride started, told officers the girl jumped from his automobile and ran into the woods.

Tropical Storm Said Brewing In Atlantic

WASHINGTON, Aug. 22.—(A.P.)—The Weather Bureau today issued the following statement: "Advisory at 10:00 a. m. A tropical disturbance of slight intensity was central 100 to 150 miles east of Puerto Rico, moving westward about 11 miles an hour."

Mussolini Tells Schuschnigg That Italy Will Tolerate No Interference With Austria

FLORENCE, Italy, Aug. 22.—(A.P.)—The destiny of two nations was linked closer than ever yesterday by two premiers who sat down and talked together in an ancient villa overlooking Florence.

Some observers thought they saw a distinctly monarchial angle to the conference, but there was nothing of royal splendor in the appearance of the men who conferred. The head of the Austrian state wore civilian clothes, while Mussolini, his visit in absolute confidence of democratic garb, for he came to the meeting fresh from army maneuvers wearing a headpiece with his trousers jammed into riding boots. On his head was a worn yachting cap.

The suggestion that the Austrian monarchy was concerned in the meeting of the premiers came

with an announcement after the conference that Schuschnigg, instead of returning directly to Vienna, would go by automobile to Genoa and take a short cruise on the S. S. Conte Di Savoia.

The automobile route runs through Viareggio, where the former Empress Zita of Austria is staying.

Rumors that Hapsburg rule might be restored in Austria by the benign consent of the foreign powers have been current lately in Europe, but have been consistently denied here.

Count Ciano, son-in-law of the premier and head of the Italian press bureau, said that the name of the claimant to the throne, the Archduke Otto, had not even been mentioned yesterday and that there was no truth to the rumor that Schuschnigg would visit Zita.

EMERGING FROM LOW LEVEL, MARKET TRADING GAINS

Stocks Moved Forward Tuesday To High Since July 26 Mark

NEW YORK, Aug. 22.—(A.P.)—Emerging from extreme torpor, the stock market resumed its recovery movement yesterday, regaining more than it had lost in three sessions of slow decline.

Turnover expanded 679,010 shares, small compared with last spring and winter seasons, but more than double Monday's volume, which set a 12-year record for dullness.

On the average, stocks pushed forward to a new top on the recovery from the July 26 low points. The Standard & Poor's Company average for 90 issues rose 1.5 points to 73.0.

Further gains in commodity prices, although motivated chiefly by short crops. The Moody index of spot commodity prices rose to a new 1934 peak at 153.9 against 153.4 Monday. Bonds lagged behind stocks and commodities, with United States government issues assuming an earlier tone.

Rail shares initiated the advance in early trading but much of the buying again centered on shares of companies standing in commodity values. Meat packing, metal, farm implement. (Continued On Page Two)

Unmasked Thugs Get \$2700 At Malone Bank

MALONE, Aug. 22.—(A.P.)—Two unmasked bandits yesterday robbed the bank of Malone of currency and silver estimated at \$2700. The pair escaped in an automobile bearing a Georgia license tag, driven by a negro, who remained outside with the motor running during the robbery.

L. H. Bell, cashier, and Miss Bernice Hutton, bookkeeper, were ordered to stand against the wall by the two bandits as they walked in the door.

The two robbers scooped up all cash in sight and fled without another word.

Sandy Anderson Predicts Success For New State Farmers' Wholesale Market

Declaring that the truck trade brought thousands of dollars of new money into the North Carolina peach belt this season and that this same trade will converge upon Sanford this winter seeking quality celery and other truck crops, Sandy Anderson, veteran field man for several local co-operative groups, this morning predicted almost certain success from the very start of Sanford's proposed \$75,000 Farmers' Wholesale Market.

"My contact with 200 different truck owners during the past summer in North Carolina," he said, "plus the experience which I have had in dealing with them, leads me to the prediction that we'll have three times as many truckers in Sanford this winter as we did last year. Further, if we give them the kind of produce and col-

CASH FOR COLD STORAGE PLANTS IS UNAVAILABLE

Sholtz Advised That Federal Funds For Marts Are Depleted

TALLAHASSEE, Aug. 22.—(A.P.)—Fred Bartlett of the Federal Department of Agriculture yesterday informed Governor Dave Sholtz that the department had funds with which to construct cold storage warehouses in Florida for farm products.

Efforts had been under way for some time to obtain federal finances to erect warehouses in various parts of the state. The 1933 Legislature authorized expenditure of \$50,000 for such projects, but said the money could come only from surpluses in the general inspection fund of the State Department of Agriculture.

F. F. Dornier, president of the Seminole Agricultural Club which has been active in an attempt to secure a Farmers' Wholesale Market for this county, said today that the sum refused Governor Sholtz for the cold storage plant has no bearing on the local situation. The market that is to be built here, he said, is already approved officially.

Governor Sholtz said Bartlett informed him the federal department could not undertake the work as they lunched together yesterday at the executive mansion, Julius F. Stone, Jr., Florida relief administrator, Chairman C. B. Broadway of the Florida Advisory and Planning Board, and J. P. Newell, active secretary to the Governor, were other guests.

Bartlett will remain in the state for a week to make a survey of the general agricultural condition. The Governor said they discussed (Continued From Page Four)

ATTACK MAILMEN

SANTIAGO, Cuba, Aug. 22.—(A.P.)—A group of striking government employes Sunday attacked two soldiers engaged in delivering mail. One of the strikers was wounded. Soldiers and strikers all fled, leaving the mail, which was recovered by police.

WORLD JEWS DIRECTED TO PUSH BOYCOTT

Rabbi Wise Spurs On Drive To Bring Back All Rights Of Citizenship In Germany

GENEVA, Aug. 22.—(A.P.)—Rabbi Stephen W. Wise, of New York, in a militant speech yesterday declared before the third world Jewish conference that the boycott against Germany by Jews will not be abandoned until Adolf Hitler's regime cancels every law or practice "violating human freedom, political equality, and the ideals of civilization."

Rabbi Wise attacked the timidity of Jews who failed to approve the boycott and threw down the gauntlet to Jews who have issued the warning that the Jews of Palestine will not support the projected world Jewish conference if the present Geneva conference judges adversely against their negotiations with the Nazi government.

"For my part," declared Wise, "I cannot believe in the seriousness of such warnings or threats." He said the Jewish masses were without leadership and resorted spontaneously to a boycott as their answer to the actions of Hitlerism. Referring to what he termed a lack of unity in world Jewry in the present crisis, Wise charged "the deepest unfaith" as the basis of a refusal by certain Jewish groups to meet with their fellows. He averred there were too many Jews "under fatuous leadership" who show a growing lack of faith in the future of the Jewish people and their high destiny.

In impassioned tones, the New York rabbi urged German Jews to spurn any compromise "farab of peace" Nazi Germany may offer. He said he anticipated and feared an offer which would prove a palliative treatment with the object of disarming Jewish protests.

"To die at the hands of Nazism is cruel," Rabbi Wise declared, "to survive by its grace would be ten thousand times worse. We will survive Nazism unless we commit the inexcusable sin of bartering with the Nazis to save some Jewish victims."

Turning to the question of Palestine, Wise registered "a solemn protest" against the breach of the boycott practiced by Palestine, "a breach which continues to be ever widened."

"This trafficking of Jewish Palestine with Nazi Germany must cease at once," said Wise. "There is something worse than entering Zion with unclean hands and that is with unclean hands."

The speaker said he rebelled against what he called self-anesthesia by many Jews during the present period of peril. He deplored "the almost total absence of unity in world Jewry" and said that day-by-day tinkering had replaced the long view of Jewish statehood.

"If the Jews wish to remain a people," he said, "they must awake and arise, taking counsel to stand together against their foes."

The conference steering committee began a private discussion of the boycott on Germany and its deliberations will be continued to day. A spokesman said the trend was for the continuance of the boycott but that the committee had to study ways and means to make it effective. He said, however, that non-Jews had joined in the boycott in many cases.

Rabbi Goldberg, of New York, on behalf of himself and Rabbi Wise, said he was completely ignorant of any rumor that a Jewish super-government was under discussion.

Lee To Investigate Broward County Cut

TALLAHASSEE, Aug. 22.—(A.P.)—Comptroller Lee said today he will go to Ft. Lauderdale tomorrow to investigate reports that the Broward County Commission had ordered a reduction of 50 percent in the county's tax assessment rolls. He said his trip was at the direction of Governor Sholtz.

ROOSEVELT STUDIES NEW NRA SET-UP

Plan Is To Stabilize, Simplify Recovery Program In Time For Fall Upswing

WASHINGTON, Aug. 22.—(A.P.)—President Roosevelt, in a series of conferences, yesterday charted a reorganization of the National Recovery Administration that will be completed early in September.

Definite indications of the presidential plans were coupled with his sudden decision to return to Washington immediately after the funeral of Speaker Henry T. Rainey at Carrollton, Ill., instead of going directly to Hyde Park, N. Y.

Administration advisers are hoping for a sharp return in business this fall and every effort will be made to accelerate the expected increase with more simplified and stabilized NRA code machinery.

A blueprint of plans for revamping the Illus Eagle's roost has been prepared, one version of which calls for a form of military organization with a five man board to direct the activities of five "sectors" or groups of industries.

The national emergency and executive councils were directed by the President upon his return from his Hawaiian cruise to witness special reports on the progress of the entire recovery program and to submit suggestions as to how it could be improved and speeded.

During the afternoon Donald R. Richberg, director of both the executive council and the industrial emergency committee, presented the first of these reports at a meeting of the council with the Chief Executive.

Richberg described his report to newsmen as "very heartening" and added a series of reports dealing with his general summary would be prepared soon. They will be "purely factual," he said, and "obviously the basis for continuing the activities of the Administration."

Outlines of relief needs, Public Works activities, agricultural adjustment progress, improvement in the heavy goods industry, labor difficulties—all vital parts of the Recovery picture are being drafted. They probably will be presented to Mr. Roosevelt soon after he reaches Hyde Park Sunday to establish a "summer white house."

Farm Club Will Elect New Officers Thursday

Election, by secret ballot, of 1934-35 officers of the newly incorporated Seminole Agricultural Club will be held at Seminole High School tomorrow night during a Club meeting before which will appear E. F. Housholder as a speaker on "Co-operation."

Ballots were in the mails today to all paid up members of the new organization, according to F. F. Dornier, club president.

Those persons who have joined the organization since ballots were sent out, may secure ballots by attending the meeting.

Mr. Dornier also said that card-reminding members of Thursday's meeting were not mailed to every former member, as in the past. Only those who have paid up will receive cards, he said, although all others are invited to attend.

Alex R. Johnson of the Market Committee will give a report on his trip to Jacksonville in the interests of the Market and some definite date as to when construction will begin.

BRIDGE FAILS

GLASGOW, Ky., Aug. 22.—(A.P.)—A picnic crowd of 100 persons plunged into the rocks and mud of Little Barren River at Sulphur Wells Sunday when the suspension cable on a foot bridge gave way. Members of the picnic crowd who came here after the accident said four persons had been killed, but the deaths could not be verified Sunday night.

Legalized Lottery Planned For New York City, With All Proceeds For Relief Work

NEW YORK, Aug. 22.—(A.P.)—Four lotteries a year by a corporation picking its officers by lot for fabulous three month salaries are planned by Mayor Fiorello La Guardia and city lawmakers to provide unemployment relief.

Allowing 40 percent of the receipts for salaries or prizes, backers of the law estimate it will net \$12,000,000 a year to meet relief emergency.

Thirty-five million more is expected from the business gross receipts tax of one percent, ten times the tax now in effect.

James J. Lyons, Bronx Borough President drafted the lottery plan to skirt the state law against lotteries.

Shares in the relief corporation would be sold for \$2.00 or \$2.50 each, and officers would be chosen from among the shareholders at public drawings.

25 NEW PERSONS NAMED AS TRADE BODY DIRECTORS

Over 300 Ballots Are Cast In Annual Election Of Governors

Official count of the ballots cast by Seminole County Chamber of Commerce members through late yesterday afternoon revealed at the board of directors meeting last night that 25 new faces will appear on the board during the fiscal year beginning Oct. 1.

More than 300 ballots were cast or nearly half again as many as in recent years, and the high man, City Commissioner S. O. Shindler, polled 104 individual votes.

Most of the changes in directors were made in the towns around the county, Altamonte Springs and Longwood members electing entirely new boards of three representatives who are to attend parent organization meetings.

Tendering of the report of the Elections Committee was the highlight of the meeting which brought out 25 members of the board and several guests.

Other features included:

A report by C. R. Dawson, County Agent, on his drive to eliminate the waste of artesian well water. He said that he had located 52 wells that are flowing constantly without apparently being used, and that he had capped 11 of 36 wells he had inspected. At the instance of the Board, the Legislative and Agriculture Committee of the organization will meet next Tuesday at 1:45 o'clock to decide on ways and means of furthering the drive.

A discussion of a proposed FERA sponsored census of Sanford, and decision to request the FERA to extend the survey, if approved, to cover all of Seminole County.

Reports also were made on the progress of the zoo and aquarium project; on the status of the lake-shore boulevard and State Road No. 44 and 57 improvements; on the recent visit of Mark Wilcox; (Continued On Page Two)

CITY NEWS BRIEFS

Yesterday's local weather: High 87, low 75, rainfall .74 of an inch.

Reporting a marked increase in business conditions in North Georgia and parts of South Carolina, Fire Chief Mac Cleveland returned to Sanford this week with his family to say that the people in that section are tickled to death over the New Deal and what it has meant to them. The Cleveland family have been gone for two weeks.

Inmates of the County Home, through Mrs. Powell, were today thanking Mrs. C. W. Speer of this city for her donation of watermelons, and the many "Kind visits she has made us lately. She always leaves us with a cheer that is not soon forgotten," Mrs. Powell said, "and we appreciate it so much."

At the request of the Farmers' Market Committee of the Seminole Agricultural Club, the Chamber of Commerce has sent that organization a check for \$120, covering the balance of the \$320 collected from local merchants to pay expenses incurred in an attempt to bring a State Wholesale Market to this city. The check was sent to club President F. F. Dornier.

An 18 percent dividend will be paid to depositors of the Bank of Oviedo starting next Monday, R. L. Richard announced yesterday as liquidating agent for the bank. The dividend represents \$12,000 in money. Checks will be delivered to the Oviedo bank and on Monday will be paid out in Oviedo. After that day, checks not called for will be returned to the liquidator's office on the main floor of the Orlando Bank and Trust Co. building.

George Thurston, acting president of the Sanford Junior Chamber of Commerce, today urged all members to attend a special meeting of the organization, scheduled to be held at the Country Club at 8:00 o'clock Thursday night. Refreshments will be served after a discussion on the progress of the membership drive, the election of a bi-monthly meeting place, and other matters of early organization detail. All members are expected to bring at least one new member to the meeting.

The proposed FERA census of Sanford would go a long way in settling debates which arise everytime someone mentions that the census has been requested of FERA officials. Some groups hold that the City's population has shrunk from the 10,000 of 1930, to about 7000 at the present time, and that 50 percent of the people living inside the City limits are negroes. A recent report had it that the negro population is increasing rapidly, almost every home in the Goldboro section housing one. (Continued On Page Four)

PLOT NIPPED TO OVERTHROW CUBAN REGIME

Close Friend Of Col. Fulgencio Batista Shot, Perhaps Fatally, As Head Of Rally

HAVANA, Aug. 22.—(A.P.)—Suspected of a plot to overthrow the Cuban government, Lieutenant Colonel Mario Hernandez, Military Commander of Pinard Del Rio Province, was shot and perhaps fatally wounded today by soldiers of Colonel Fulgencio Batista, Commander of the Army.

Batista named three men as implicated in the alleged plot. They were Major Angel Echevarria and Captain Augustin Erice, in addition to Hernandez. The latter two were said originally to have escaped from authorities sent to arrest them but police in the suburb of Marianao later announced they had arrested Major Echevarria.

Colonel Batista blamed the excessive use of drugs and alcohol for "this mad acting" on the part of men that "The Army General Commander considered more as relatives than friends." Hernandez was reported shot while resisting arrest.

Slot Machines Are Taken From Many Places In County

Slot machines, a few punchboards, and an occasional marble game which offered an "element of chance" in its operation, were removed from dozens of stores and public places in this city and county late yesterday and last night, it was learned today.

Their removal came after a conference between Sheriff J. F. McClelland and Lee Sharp of Orlando and W. J. Pell of Sanford, owners of most of these devices. The Sheriff was under orders from Governor Sholtz, and he transmitted these orders to the slot-machine operators who in turn promised to remove the machines within 48 hours.

Some doubt was expressed in many circles today that the machines are out to stay, but State's Attorney Lloyd F. Boyle answered with the statement that "The slot machines will not be returned."

Baseball marble games were in operation in several stores this afternoon, but they are considered by their owners as offering no element of chance inasmuch as no prize is offered for rolling a high score or any variation of that idea.

Farley Must Pay For News From Now On

WASHINGTON, Aug. 22.—(A.P.)—High government officials who have been getting news hot off the wire through a ticker service at \$75 a month—government money—will have to pay for the service themselves or else discontinue it.

They include Postmaster General Farley, Secretary Morgenthau, Comptroller General J. R. McCard, disclosed recently. He had ruled federal funds could not be employed to cover the cost of the service. The ruling applied specifically only to Farley's ticker, but officials said it would cover all tickers.

ADMITS WRITING RATES

GOLDSBORO, Aug. 22.—(A.P.)—Reverend R. H. Aaker, evangelist, confessed today Sheriff Garrison said that his story of being kidnaped was untrue and that he wrote the ransom notes received by his wife.
