NUMBER 272

OVER TWO HUNDRED MINERS PERISH TODAY

PROPOSAL FOR SURRENDER CANNOT BE CONSIDERED BY IRISH REPUBLICANS

DEASY'S LETTER TO EAMON DE VALERA AND OTHERS IS NOT ACCEPTED

BY ARMY COUNCIL

Irish Suspend All Executions Pending Negotiations For Peace

(By The Associated Press) DUBLIN, Feb. 9.—The proposal for surrender contained in Liam Deasy's letter to Eamon De Valera and other leading irregulars cannot be considered, says an official communique issued by Republican headquarters staff on behalf of the "Republican government" and its army council.

DUBLIN, Feb. 9.—Richard Mulcahy, minister of defense, issued a proclamation last night granting ten days amnesty to facilitate the surrender of Republicans.

Deasy was sentenced to death Jan. 5 for possessing arms and ammunition. He requested an interview with the commander-in-chief of the Free State army "for the future of Ireland" intimating that the question of peace had been under consideration before his arrest.

In consequence of his appeal he was permitted January 29 to send a communication to his associates to the effect that he had signed an undertaking for the surrendering of arms and men and asking for a similar undertaking from the other leaders, including DeValera, Austin Stack and Liam Lynch. In the interim, all executions were suspended. Wednesday a request was received for a further extension of the period for forty-eight hours, which was granted.

This was explained in the daily column yesterday by Richard Mulcahy, minister of defense who defended his administration of the army. In his speech the minister contended that the Free State army was too small to be in every section of the state to prevent the assembling of Republicans. Moreover, it could not hope to deal effectively with the rebels while there were so many expressions of sympathy being bestowed upon them by certain sections of the grand public.

This is a highly significant peace move, which was first revealed in an announcement from army headquarters that following upon an interview with Richard Mulcahy, minister of defense, Liam Deasy, deputy chief of the irregular forces, now under sentence of death, was trying to induce Eamon de Valera and other leaders to surrender and that, pending the negotiations thus instituted, the execution of Deasy and other prisoners had been suspended.

This explains the mysterious rumors that have been current lately concerning the nine impending executions. Nothing is known regarding the attitude of DeValera toward Deasy's appeal, but hopes are running higher than for some time past.

Army headquarters also issued a copy of a statement submitted by a number of prisoners in Limerick jail to the general commanding in Limerick, and claiming to represent 600 prisoners desirous of instituting peace negotiations and preventing the continued wastage of men.

The statement asks that four prisoners be permitted to leave on parole to visit the leaders outside in an effort to induce them to cease the struggle and punitive measures and that while negotiations are in progress the government suspend all executions.

ROTARIANS GATHER FOR MIDWINTER MEETING OF OFFICIALS AT TAMPA

(By The Associated Press) TAMPA, Feb. 9.—Ralph E. Bristol, Ogdon, Utah, director, and Robert Patterson, Dayton, Ohio, vice president of the International Rotary, are here for the midwinter meeting on February 12 to 14. President Raymond Havas, of Kansas City, is expected Monday.

SENATE BEGINS WORK ON SHOALS BY APPROPRIATION

OVER SEVENTEEN MILLIONS WILL BE SPENT IN NEW WORK

(By The Associated Press) WASHINGTON, Feb. 9.—With a final vote on the army bill in prospect before the day's close the senate began work on the Muscle Shoals power project appropriations carried in the measure, to house provision aggregating over seventeen million dollars including authorization for new work at Muscle Shoals Senator Norris offered an amendment appropriating two million additional for development of the Nitrate Plant No. 1.

Game Chiefs Framing Law For Florida

MEASURE PROVIDES FOR CONTROL OF FISH AND GAME BY STATE

Members of the board of governors of the Florida Fish and Game Protective Association will meet in Jacksonville in March to make final revisions, and to perfect the proposed legislative bill of the association for the conservation of the state's fish and game. This was decided Wednesday at a state meeting here of the association which was attended by a number of delegates from the various county sportsmen's clubs of the state and by a number of prominent national and state officials.

Wednesday's meeting opened at 2 o'clock in the afternoon and culminated that evening with a banquet at the Hillsboro hotel, where members of the Hillsborough County Game and Fish Protective Association were the hosts to the visitors.

The outstanding features of the proposed bill of the state association, which will be submitted to the legislature for action next spring are the creation of a commission of five to be appointed by the governor, to serve without salary, and whose expense account is limited, the commission to appoint a state game warden and state deputies whose salary limitations will be defined in the act. Power will be given the governor to dismiss any incompetent commissioner upon the presentation of proper evidence, after a hearing in which the said commissioner will be permitted to be represented in person or by counsel. The commissioner can dismiss incompetent wardens or deputies. The state assumes jurisdiction over its fish and game and all license moneys are paid to the state. It is proposed to limit the season to two months, Nov. 20 to Jan. 20.

Further proposed measures include a statewide non-resident game license of \$25 and a statewide resident license of \$10. Fresh water game fish are not to be sold nor transported and the catch will be limited. All devices for fishing except the hook and line are to be illegal and drastic punishment is to be provided for violations, save where commercial fisheries of non-game varieties may be excepted in certain waters.

FRENCH STOWAWAY CAUGHT IN TAMPA ON THIRD GETAWAY

(By The Associated Press) TAMPA, Feb. 9.—Marcel Allen, 15, of LaHavre, France, said to be a professional stowaway, is in the city jail here for the second time within a year. He arrived yesterday on the steamer City of Fairbury. He came here in the same manner about a year ago and was sent back to France when it was found he was escaping from the city jail. This is said to be his third trip to America as a stowaway.

BRITISH COLUMBIA AND NEW MEXICO HAVE EXPLOSION IN COAL MINES TODAY WHICH TAKES HEAVY TOLL

Thirty Miners Killed in British Columbia and It is Believed That More Than Two Hundred Have Perished in New Mexico Disaster.

(By The Associated Press) CUMBERLAND, British Columbia, Feb. 9.—Shortly before daybreak this morning thirty miners were known to have perished in Canadian Collieries Co. on Vancouver Island near here after an explosion of fire damp at eight o'clock last night. That many bodies had been brought out at 4:30 o'clock this morning. Little hope is held out for twenty or more others who remained entrapped. Physicians, nurses and all able bodied men in the community were rushed to the mine but was found the air had been cut off from that part of the workings in which the miners were entrapped. Thus it was evident the rescuers would work at great peril as deadly gas was believed to have permeated much of the mine. Most of the victims are white men although there was a sprinkling of Orientals among them. Word was received that four men were alive in Mine Number Three. A Chinese in the hospital is the only known survivor.

(By The Associated Press) VANCOUVER, B. C., Feb. 9.—The bodies of twenty-one victims of fire damp explosion in No. 3 mine of Canadian Collieries Company at Cumberland last night had been brought to the surface at eight o'clock this morning according to a telephone message to the Canadian press. It is estimated that thirty bodies are still in the mine. All the bodies are expected to be removed in a few hours. About thirty of the victims are said to be Chinese.

DAWSON, N. M., Feb. 9.—Two miners of the hundred and twenty-two entombed in Mine Number one here of Phelps Dodge Corporation, came out alive today.

DAWSON, N. M., Feb. 9.—Many members of the rescue parties have been working from ten to twelve hours without relief. During last night and early today four members of the crew have been overcome by fumes and have had to be carried out of the mine by comrades. All resuscitated, however. Many rescuers have been struck by falling debris.

DAWSON, N. M., Feb. 9.—The bodies of two of more than a hundred miners believed to have been killed in an explosion of Mine Number 1 of the Phelps Dodge have been recovered and the search for others continuing early this morning. Prospects, however, were others would not be reached until later in May. When rescue crews entered the mine they encountered fumes which seemed to permeate the property and as a result little hope was entertained that any of the entombed men would be found alive.

Man Gored by Bull Near Tampa Yesterday—Out Walking

B. E. Sansberry Killed Instantly by Mad Bull

(By The Associated Press) TAMPA, Feb. 9.—B. E. Sansberry, 43, of Gardenville, near here, was attacked and gored to death early yesterday when taking his morning exercise on an island where his home is situated. One horn pierced his heart and he died within an hour. The body will be sent to Bartow Saturday where his brother, James Sansberry, lives.

CHICAGO MEN MAY GOLF TO WORK IN LAKE

CHICAGO, Feb. 9.—Golfing in Lake Michigan all the way from the south side homes to the downtown business quarter is to be made possible for the Chicagoans as a novel and healthful way of going to work or on shopping trips as soon as the outer drive of the Southern Park system is completed. That a golf links in the lakes is contemplated by the filling of the water for a boulevard was made public today by John Bartrop Payne, the south park commissioner and head of the Red Cross. The wide parkway is now building from Jackson park, where the Columbian exposition was held in 1893, to Grant park, which was made by filling in nearly 300 acres of the lake just east of the heart of the city.

A spacious lagoon will lie between the Lake boulevard and the shore, making the seven mile drive a veritable island.

As the filled in parkway will be wide permitting an elaborate landscaping, it is planned to install golf links of 18 holes running north and another course returning south. These golf courses will cover a distance from a point off 18th street where a little more than a century ago the Fort Dearborn massacre took place, to the Jackson park, where two public links in a lagoon lie, reproductions of the caravels in which Columbus discovered America 430 years ago.

Judge Joe Earman And Mayor Biggers Released From Jail

On Writ of Habeas Corpus From the Supreme Court

(By The Associated Press) TALLAHASSEE, Feb. 9.—Supreme court granted a writ of habeas corpus on behalf of Municipal Judge Earman and Mayor E. L. Biggers, of West Palm Beach, now serving a ten day sentence for contempt of court. The court directed the men be released under bonds of \$500 each pending final action on writ, oral arguments on them to be heard by the court February 27th.

AMERICAN LEGION PULLED GOOD ONE

American Legion members had a good time at the Parish House last night when interesting talks by the members, good eats by the chef and boxing by the darker element of Georgetown was enjoyed. It was one of the best meetings the Legion has had in some time and members were present from out of town. At the close of the festivities it was determined that a goodly sum had been subscribed toward building the club house. It is so financed that the members will build with the help of local organizations, and since they have the lot and cash in the bank it will not be long before operations are commenced. One feature will be the convention floor that will be a part of the building and the revenue from this for conventions and dances ought to carry a large part of the overhead expense. It was a good meeting and one of the many that will take place monthly.

A drive for new members is on and the losing side will dine the winning side with a chicken supper.

MRS. HALL GOES TO ITALY

(By The Associated Press) NEW YORK, Feb. 9.—Mrs. Frances Noel Stevens Hall, widow of the Rev. Edward Wheeler Hall, who was murdered last September at New Brunswick, N. J., with Miss Eleanor Mills, sailed for Italy.

POTOMAC YARDS Passing: total 5: Pittsburgh, 2; Washington, 1; Seranton, Pa., 1; Syracuse, 1.

GOVERNOR OF MAINE PROPOSES RETURN OF CONFEDERATE FLAGS

(By The Associated Press) AUGUSTA, Me., Feb. 9.—Passage of a resolution authorizing Gov. Percival P. Baxter to return to the Southern states several battle flags captured by Maine troops in the Civil War and now kept in a cabinet in the state house was suggested to the legislature in a message by the governor today. "If Maine should return these flags" the message read, "such action would constitute an act of friendliness that would never be forgotten. The scars of the Civil War long since have healed, and many states, both those in the north and south, have given back the flags which they took from their former enemies."

GOVERNMENT ECONOMICS IN VARIOUS BRANCHES INCLUDE BUILDING BUDGET

BRITISH SHIP REACHES SMYRNA NO TROUBLE

AMERICAN DESTROYER IS NOT MOLESTED BY TURKS

(By The Associated Press) CONSTANTINOPLE, Feb. 9.—The British light cruiser Curacoa with Rear Admiral Nicholson aboard, entered Smyrna harbor yesterday morning. The admiral immediately landed. He called on the Turkish military commander and warned him of the responsibility that would be involved in any act of hostility. The allied commissioners have handed the Kemalists a new note, demanding withdrawal of the obnoxious order against the presence of foreign warships at Smyrna.

Citrus Scab Can Be Controlled by The Department

(By The Associated Press) WASHINGTON, D. C., Feb. 9.—Citrus scab, a fungus disease of foreign importation and of great economic importance to the citrus industry, can be controlled satisfactorily and economically, according to John R. Winston, pathologist of the United States Department of Agriculture. Plain Bordeaux mixture as well as Bordeaux mixture plus oil emulsion, is very effective against citrus scab, either in the nursery or in the orchard. Burgundy mixture is distinctly less effective than Bordeaux mixture, and ammoniacal topsoil-carbonate solution is much less so. Lime sulphur solution is much less effective against this disease than is Bordeaux mixture. The other sulphur sprays are no more effective against citrus scab than is lime sulphur solution. Spraying after the smallest fruits have attained a diameter of three-fourths of an inch has no effect on the control of scab. Grapefruit is the commercial type of citrus most affected by scab in Florida and the cost of production is greatly increased in districts where scab is a serious factor and has to be controlled by sprays. The disease usually confines itself to the leaves and fruits, though occasionally it is observed on tender twigs.

Local and seasonal conditions play an important part in the spread of the disease. Citrus scab is very likely to be serious if there is rainy weather during or soon after the blossoming period, making conditions favorable for the development of the disease. A bulletin has been published which gives some tables showing the relation of temperature and precipitation to the extent of the disease. Results of various spraying experiments are included.

RUSSIA WILL NOT ENTER ANY WARS UNLESS ATTACKED

MOSCOW, Feb. 9.—In a series of conferences held during the last fortnight the communists have definitely decided against Russia's participation in any European or near eastern war growing out of the Ruhr or the Lauenburg situations, the correspondent learns.

Russia will defend herself if attacked, but will take no active part in a conflict outside her own territory, even to aid German workers should war occur in Germany. Russia's leaders believe he needs peace for her reconstruction.

The Sanford Chamber of Commerce had a most interesting meeting at noon at the Valdez hotel today, and many matters of interest were discussed. Arrangements were completed for the banquet to the California visitors next Wednesday night and the program for their entertainment gone over.

ESTIMATES TO PROVIDE SUITABLE QUARTERS FOR GOVT. ACTIVITIES SUBMITTED TODAY

Brings on Sharp Discussion About Waterways and Government Appropriations

(By The Associated Press) WASHINGTON, Feb. 9.—The estimates to provide suitable quarters for housing government activities in nineteen cities where federal rentals now aggregate two and a half million dollars annually was submitted to Speak Girelletti, Eao etaoin etl Spenker Gillette of the house today in a joint letter by Secretary Mellon and Postmaster General Work. More than fifty million dollars would be required for new buildings.

WASHINGTON, Feb. 9.—The senate today aligned itself with the house in deciding to overrule the budget bureau's recommendation as to expenditures for work on rivers and harbors. By a vote of 46 to 35, the senate tabled amendments to the annual army appropriation bill, which would have reduced the waterways item from \$56,580,000, as passed by the house, to the \$27,000,000 figure set by the bureau; in one case, and to \$12,000,000 in another. A final effort by Senator Wadsworth, New York, to cut the item to \$35,000,000 was defeated 38 to 44. The vote on the waterways provision came after the senate had devoted practically three days to its consideration and it was expected to clear the way for early action on the army bill itself.

Mr. Wadsworth, who has charge of the measure on the floor, obtained an agreement today for limitation of debate after two o'clock tomorrow afternoon to ten minutes for senators on any one amendment. It was thought probable a final vote would be reached before adjournment, leaving the British debt funding question and the shipping bill as the principal unfinished business.

Senator Underwood, of Alabama, who offered the motion to table amendments to the water appropriation, declared most of the criticism against specific items was based on no better ground than that the items were small and the commerce affected unimportant in size.

"I maintain," he said, "that the people of a small fishing village have the same right to government aid in getting their products to market as have the people of New York. The only difference is that in the case of the village the cost might be \$2,000 and in the other instance \$50,000,000. I move to table these amendments so that the issue may be clear cut."

Senator Caraway, Arkansas, renewed his charge that "local statesmanship" was behind the opposition and declared opponents were without foresight. Senator Heflin, Alabama, compared the total cost of all projects with that of the "palaces built for the Federal Reserve Banks" which he said had been approved by most senators "without batting an eye."

KEMP FOUND NOT GUILTY OF 45 YEAR OLD MURDER

LUMBERTON, N. C., Feb. 9.—Joseph B. Kemp was found not guilty yesterday of the slaying of Daniel E. McNeil, on August 15, 1878, after the jury had deliberated 29 minutes. Kemp's plea was self-defense.

Kemp was apprehended and returned to this state from St. Augustine, Fla., after a chance conversation had revealed his identity.

"VICTIM OF CONSPIRACY"

(By The Associated Press) NEW YORK, Feb. 9.—Monsignor Ernesto Phillippi, papal delegate to Mexico, recently expelled from that country, sailed for Rome, declaring he had been a victim of a conspiracy against the free exercise of religion.

SOCIETY

MRS. FRED DAIGER, Society Editor
Phone 217-W

If you have any friends visiting you and you are going anywhere or coming home, or if you are entertaining, write a social card to this department, giving details, or telephone the item. It will be greatly appreciated.

SOCIAL CALENDAR

Thursday—Parent-Teachers Association will meet at the Grammar School at 8:30 p. m.

Thursday—Mrs. R. A. Newman will entertain the Duplicate Bridge club at her home on Fourth street.

Thursday—Mrs. C. E. Henry will entertain the members of the Merrie Matrons' Bridge Club at 3 o'clock.

Thursday—Business and Professional Women's club will meet at Welaka lobby at 8 p. m.

Friday—Mothers Club will meet at the home of Mrs. George Paxton on Myrtle avenue, at 3 o'clock.

Saturday—Mrs. L. P. McCuller will entertain the members of the Every Week Bridge Club.

Monday—St. Agnes Guild will meet at the home of Mrs. Ben Coleman at 8:30 p. m.

Tuesday—Bridge Luncheon for Social Department of Woman's Club at Parish House.

C. S. Raymond, of Leesburg transacted business in this city yesterday.

A. O. Maxwell and Thos. A. Little, of Wheeling, W. Va., were among the out of state arrivals here yesterday.

Mr. and Mrs. E. B. Nobles of Jonesboro, N. J., are spending some time in Sanford.

Mrs. Mote Thompson of Goshen, Ind., arrived in Sanford yesterday and will make a short visit here.

Joe Stubblefield of Jackson, Miss was among the recent business visitors.

Jacksonville was represented here yesterday by J. W. Fudger, George Crews and W. G. Dodson.

R. L. Mack of Leesburg spent the day here yesterday transacting business.

Mr. and Mrs. T. H. Nelson of De Land were among the visitors in Sanford yesterday.

Frank R. Upham, of Melrose, Mass., was among the arrivals here yesterday.

Miss Ethel Gordon left this morning for her home in Elizabeth, N. J., after a pleasant visit here as the guest of Mrs. Maurice Kronen.

Miss Margaret Muller of Delphos, Ohio, arrived in Sanford Tuesday and is here for an indefinite stay at the home of Miss Agnes Berner.

Mr. and Mrs. Charles Bliss and Mr. and Mrs. Crowthers of Worcester, Mass., who have been the guests of Mr. and Mrs. Raymond Key and Mrs. George Rice, left yesterday for interesting points on the east coast. They will also visit the west coast before returning home.

CURB MARKET
The ladies of the Methodist church will hold a curb market Saturday at the People's Bank corner. All kinds of vegetables, fresh eggs, flowers, etc., will be on sale. Come out and get your things for Sunday dinner and help the ladies. 271-2tc

FORTNIGHTLY BRIDGE CLUB
Mrs. D. L. Thrasher entertained most pleasantly yesterday afternoon at bridge, the guests including the members of the Fortnightly Bridge Club and one extra table.

The rooms where the card tables were arranged were ablaze with vases and baskets of golden calendulas. Of exceptional interest was the game of bridge played during the afternoon, the high score among the club members was made by Mrs. L. P. McCuller, who was awarded a guest room knocker. The high score guest

prize, an embroidered guest towel, was won by Mrs. R. A. Newman.
Following the game the hostess served delicious refreshments.
The guests for the afternoon were Mrs. L. P. McCuller, Mrs. G. D. Bishop, Mrs. George DeCottes, Mrs. Frank Miller, Mrs. H. B. Lewis, Mrs. F. E. Rounhill, Mrs. R. A. Newman, Mrs. Rosborough, Mrs. Richardson, Miss Annie Hawkins and Miss Geraldine Hood, of Commerce, Ga.

BIRTHDAY PARTY
At her home on West First street, quite a number of ladies surprised Mrs. C. Stothoff Tuesday, Feb. 6.
"All kinds of fancy work was indulged in during the day, at 3:30 coffee and cake was served. After dinner the ladies attended the opening concert presented by the Tam O'Shanter Ladies' Band.
Those attending were Mrs. Schmidt and Miss Gertrude Bolly of Cleveland, Ohio; Mrs. Fred Bolly, Mrs. John Bolly, Mrs. W. Price, Mrs. Karaman, Mrs. J. D. Talbot, Mrs. J. Gut, Mrs. D. C. Barclift and daughter Bulah; Mrs. C. Christian, Mrs. Kreinbrink, Mrs. E. C. Gelson and others.

"PIGS IS PIGS"
The Men's Club of the Congregational church had planned to hold an entertainment on Tuesday evening, but two events made a postponement necessary. The first was the fine musical given by the Ladies Band at the high school, and the second was the fact that the club had to bow that evening. The picture "Pigs is Pigs" has arrived and the entertainment will be given on Friday evening, Feb. 9, at 8 p. m., but instead of being at the Parish House it will be held at the parsonage of the Congregational church, the picture being shown in the church proper.
The public is invited to this entertainment. All members of the Men's club and of the church should bring a package, large or small, with no identification marks on it. Come and have a good time Friday evening.

SKATING AND DANCING, LAKE MARY SKATING ACADEMY, FRIDAY NIGHT. 271-2tc

"ROBIN HOOD"
May Valentine's beautiful revival of the DeKoven opera, "Robin Hood," which comes to the Princess February 20th is extremely fortunate as to cast. In fact it's an almost "all star" show. Miss Emma Jean Arnt, very pleasing to look upon and the possessor of a wonderful contralto voice, is singing the role of the dashing brigand "Alan-a-Dale." George Troupe, America's famous baritone, is the "Little John" of the opera. Bertram Goltra is the "Sheriff." Everybody who knows anything about music knows of Goltra's continued success as an operatic comedian. Phillip Conners, a buffo basso of note, is the "Will Scarlett." Bess Curry, late prima donna with "The Chocolate Soldier," is the "Maid Marian." Arthur Wallace has his old part of "Friar Tuck." Others among the principals are Fred Zint, Charlotte Ingham and Mrs. Clarence Bennett.
The chorus is one of the best—while the costumes, lighting effects and properties are up to the standard.

The Herald delivered six times a week for 15c.

CATHARAE IS HERE
W. M. Catharae, the tax specialist is here at the People's bank and will be here two more days. He will make up your income tax while you wait and save you the trouble and worry about it. See him at the People's bank, day or night.

We give service obtained only in large manufacturing cities having well equipped shops, cleaning, repairing, overhauling family sewing machines; charge only for supplies and time used in work; no charge to examine machine. Take advantage of this opportunity. Skilled and experienced men. The Roberts Co., Sewing Machine Experts. Phone 231-W. Ferndale Apts. 270-1tp

LOCALS
And the big buildings are going up.
And Sanford is getting the visitors this season as never before.

Florida seems to have escaped that cold snap that struck the rest of the south.

Don't forget the Fish and Game Association meeting at the court house Friday night.

D. L. Thrasher has returned from a trip to Tampa where he attended the meeting of the State Fish & Game Association.

And then don't forget that the Orlando fair starts next week and if you have anything to show get it to Benjamin Whitner at the court house on Monday morning.

That big crowd of California people will be here next Wednesday and all of Sanford should turn out to meet them and show them what Sanford has in fruits and vegetables.

K. N. Cruse representing the Florida Mutual Auto Insurance Company with headquarters in Orlando was in the city today in the interests of his firm.

J. A. Hisey, representing the Miller Safe Company of Baltimore, is in the city today calling on the local trade. Mr. Hisey is interested in the waterway question since his firm ships all their goods via the water routes from Baltimore to Florida.

SPECIALS FOR FRIDAY AND SATURDAY

In this issue is the advertisement of Yowell & Co., calling attention to their big specials for Friday and Saturday, Embroidered gowns, hand bags house and porch dresses, embroidered pillow cases and ladies silk hose all marked down at prices that will sell them at once. Get in early on Friday and Saturday at Yowell's.

CAT AND CANARY WAS GREAT

Several from Sanford attended the "Cat and Canary" show at the Beacham theatre at Orlando last night and returned with the feeling that they had been thrilled with one of the finest attractions of the season. The Cat and Canary company is one of the best that has visited the south in many years and this one particular company is under the management of Wade Morton who spent several months here advertising the first Seminole county fair, and who is well known in theatrical circles and was at one time editor of the Moving Picture Weekly. At his invitation the editor of the Herald and wife and Mr. Deane Treadwell, all of the Herald, attended the show last night and it was well worth the drive down there to see the great thriller of the season. It is billed as the most exciting show of the season and it is just that. The Cat and Canary will play the new theatre at Eustis Saturday night and we want to tell the people of Eustis that they are getting a real show played by a real company and if there is anyone in this part of the state who has not seen the Cat and Canary go to Eustis and see it Saturday night.

For quick results try a want ad.

Trunks, suit cases, parcels or packages, delivered on short notice. Call 498. 266-Thu-Fri-Sat-tfc

DR. MITCHELL WILL LOCATE HERE

Dr. C. M. Mitchell, a surgeon from Georgia, after two extended visits to Sanford, being attracted by the wonderful surroundings and good business opportunities has decided to locate here. Dr. Mitchell comes to us with high credentials as a surgeon, having done major surgery for a number of years. As the city is small for surgery alone, the Doctor will do a general practice, making surgery his specialty. He will have his office at Dr. Robson's sanitarium on Park Avenue.

THE WEATHER
For Florida: Cloudy tonight probably followed by rain Friday somewhat warmer in north portion.

St. Louis proposes to mount a stuffed cow in its museum to show the city kids what a cow looks like. With a can of condensed milk along side the picture lesson would be complete.

Daily Fashion Hint

MODE OF PARTICULAR INTEREST

Cashmere wool ducelyn, that new material that is so light in weight, yet so warm and luxurious to the touch, may be used to advantage in the development of this coat-frock. The fronts of the dress are lapped and closed at the left side-front. A long collar, trimmed with self-color embroidery finishes the deep open front. The attached one-piece skirt is gathered at the sides. Medium size requires 3 yards 84-inch material.
Pictorial Review Dress No. 1248. Sizes, 34 to 50 inches bust. Price, 35c.

Daily Fashion Hint

DISTINCTIVE FROCKS TO WEAR

Not only a distinction to wear, but a privilege to possess is the first frock with blouse of figured satin and skirt of broadcloth or velvet. The fronts of the blouse are underfaced and ruffled with the collar, the short kimono sleeves being lengthened with deep cuffs of the skirt material. The skirt is laid in plaits at the sides, and the plaits are stitched down below the hips. Medium size requires 2 1/2 yards 40-inch satin for the blouse and 2 1/4 yards cloth for the skirt.

It would be hard to conceive a simpler, yet smarter frock for afternoon wear than the second model in dark blue crepe satin trimmed with fur and embroidery. A narrow band of beaver outlines the oval neck, though this may be replaced by fringe or feathers. The embroidery is wrought down either side of the front and on the cascade drapery at the side. Medium size requires 4 1/2 yards 40-inch material.
First Model: Pictorial Review Blouse No. 1430. Sizes, 31 to 41 inches bust. Price, 35 cents.
Skirt No. 9131. Sizes, 24 to 36 inches waist. Price 30 cents.
Second Model: Dress No. 1434. Sizes, 34 to 44 inches bust. Price, 35 cents.

Have you noticed Sanford's new sky line?

And there are more new buildings contemplated in the near future.

That boat basin and city pier will make our lake front one of the prettiest places in the city and one of the busiest.

And it is high time that Sanford was looking forward to a municipal dock and a place where steamers can dock.

Let the good work of making new streets and sewers and the boat basin and all the city improvements go forward at once.

FOR THE FAIR

The Orlando fair begins next Tuesday and will last all week. This is our fair as it is the only one in this section and Seminole county should be represented there in full flower.

BOY SCOUT WEEK

This is Boy Scout Week all over the country and the various clubs and organizations should do all in their power to encourage the boys.

SHOW THE VISITORS SANFORD

Next week Sanford will be the host for the citrus growers of California who are making a tour of the state to see what Florida has in the way of orange groves and vegetable lands.

U SELL YOUR REAL ESTATE WHEN U LIST IT WITH US. Maxwell & Britt AGENTS REAL ESTATE Fire, Casualty, Auto Insurance 105 W. First St., SANFORD, FLA

ed us over, even though they are California boosters. We really believe we can show them more than they have at home in citrus fruits and vegetables and if they are not convinced of this fact they will be convinced that southern hospitality is a real fact.

MORE NEW BUILDINGS GOING UP IN SANFORD; BUSINESS AND RESIDENCE

Sanford is building every day—every day in every way we are growing bigger and bigger. There are so many new houses going up in all parts of the city that it is difficult to keep up with them.

WOOD ALCOHOL IN MOST WHISKEY

McClure's Magazine contains a story that should be read by every violator of the 18th amendment. Practically all the whiskey now being smuggled into the United States, says the writer, is made of wood alcohol.

Distillers are careful not to use enough of this poison to instantly blind or kill, using just enough to give their concoction a "kick."

Taken in small doses any poison takes longer to do its deadly work and the distillers limit the dose so that their customers will live a few years.

The article goes on to explain that the label and seal is no protection whatever. It is more profitable to use cheap wood alcohol and counterfeit labels and seals than it is to make pure whiskey.

When Florida shipped its fruit by water, S. J. Sligh, of Orlando, a heavy buyer and shipper of Florida fruit, as well as the owner of numerous fine citrus groves, has directed the attention of The Times to the increase in the cost of moving the Florida product in recent years, showing by data in his possession that the rates have been increased to an apparently unreasonable extent.

In a note to the editor of The Times Mr. Sligh says: "I am sending you a clipping from the Florida Farmer and Fruit Grower of November 25, 1893. You will notice it refers to the shipment on November 19 of that year as being 65,000 boxes. This would make about 180 cars, the way we load them now. The entire week's shipment at that time was about 700 cars. In 1893 the transportation, of course, was slow, and people were sending their fruit to the market for Christmas trade, and a large proportion of the shipments were going by water. At the present time this would be a very ordinary week's movement. In these days, the majority of the fruit was raised on the St. Johns river, taking in Putnam and Volusia counties. There was also much grown in Marion, Orange and Lake counties, and quite a sprinkling in the Indian River section. Very little fruit was raised south of Orange county.

"Our shipments then were quite heavy to Liverpool. The Florida Fruit Exchange was then managed by Major Norris who owned a large grove at DeLeon Springs, in Volusia county. Despite the large proportion of the crop that was moved by water in those days, and with very satisfactory results, very little—comparatively—is moved in this manner now. At that time I was shipping quite a good deal of fruit from the vicinity of Leesburg to Liverpool, with a thru freight charge of 90 cents per box. People who lived on the St. Johns river had a rate of 85 cents, or a rate of 75 cents from Jacksonville docks. Please note the comparison of the rate now and then. Our rate then by water from Jacksonville to New York was 37 1/2 cents per crate, and about 10 cents more by rail. Now the rate to any of the eastern points is higher than it was then from any Florida points to Liverpool."

Following is the excerpt from the Florida Farmer and Fruit Grower

of November 25, 1893, to which Mr. Sligh refers in his note:

"The expense of exporting via New York will be so far as freights from Jacksonville to Liverpool, including cartage in New York is concerned, 75 cents per box.

"The shipments are running very heavy. On Sunday, November 19, the enormous aggregate of over 65,000 boxes went out of the state. For the past week the total shipments out of the state are computed at 275,000 boxes, of which 101,314 were carried out by sea routes. One steamer's load was 21,314 boxes. The Brixham sailed on her second trip November 22nd, having on board 8,000 boxes. The fruit exchange handled about 25,000 boxes for the week, not over 500 going to Liverpool. Even the St. Johns river is clogged with oranges. Three steamer loads were brought down to Jacksonville Sunday, yet some were left along the shores, for which a barge had to be brought into requisition."

COUNTY AUTO LICENSE TAX

That new wrinkle coming out of West Florida asking for a separate auto license tax for each county would have sounded good a few years ago, but now that the state road money has been spent in that part of the state to the exclusion of South Florida it would sound much better coming from South Florida. But there are other objections to this county tax on Goode Guerry of the Palatka News points out in the following:

From Marianna comes the suggestion that the state be deprived of the duty of tabulating all the automobiles and auto-vehicles in Florida and receiving the license money—which in turn is prorated to the various counties; and in lieu thereof allow each county to issue the license tag for all vehicles within its jurisdiction, retaining all the monies received for the credit of the road fund.

Possibly this plan has good points. Thus far none has been pointed out. The auto license system of Florida would be badly muddled were the scheme carried out, and there would be fewer licenses issued in the aggregate. Where such things are relegated from the state to the county there is bound to be laxness in the enforcement of the law. This is evidenced in every town and city in one particular alone; that of occupation taxes. The business man or professional man will pay his state license; but when it comes to the city and county there is a constant procrastination. Home people too well know home officials and there is ever a presumption that "So-and-so is my friend; he knows that I'm good for it and I'll settle in a little while." If it works that way on a two-dollar license how much more emphatically would it be developed where a dozen or more dollars are concerned? With each county buying its licenses there would be a greater expense incurred than where the state buys them by the carload. At the present time there is a uniformity about the tags; were each county to select and design its tags, as it would have the right to do if it was to receive all the emoluments, there would be almost as many designs of "Florida tags" as there are counties—and thereby would the state lose much good publicity as the cars travel through the country to the north. Possibly the suggestion was merely made in order to get the name of Marianna "into the datelines."

Lakeland Coach Was Pinched (?)

Last night Coach H. R. McQuillan was arrested and fined \$5.00 for riding a bicycle around the school house without lights. During an intermission of his workouts with the Lads the players all began to run around a little for exercise—Mac then found the situation serious when some of his players didn't show up, and seeing a bicycle nearby he picked up the wheel and started out to get his boys—then stepped two city policemen who pinched Mac for riding without lights. Mac then started off, the cops saying, "Where are you going?" "Guess I'm going with you," replied Mac. Upon entering the police station the coach was docketed on the blotter and asked for a \$5.00 bond to assure his appearance in court this morning. ol, and behold, Mac didn't have the five spot, and the men on duty at the station refused to accept his check. So the next move was to call up Mrs. McQuillan. During the discussion on the phone Mrs. Quillan told her husband to stay in jail as she didn't have five dollars on hand, and that since she had no wood in the house to make a fire she told her husband to make himself comfortable spending the night in jail. However, at a late hour Mrs. McQuillan felt sorry for her husband and robbed her son's bank in order to get the five dollars needed. Moral: "Never again must you ride a bicycle at night without lights"—Lakeland Star-Telegram.

Pauline Frederick Sues Man Who Called Her Sweet Names

(By The Associated Press) LOS ANGELES, Calif., Feb. 9.—A number of telegrams signed always "George," were on file in the superior court here today as evidence in the suit of George Edwin Joseph, New York attorney, against Pauline Frederick, actress, for \$36,000 for legal services and her counter suit for \$16,617.00, which she charges is due from him on several counts.

Miss Frederick's attorney, cross-examining Joseph, brought from the plaintiff a declaration that he was not jealous of Willard Mack, Miss Frederick's former actress-husband, and the telegrams he sent her during the divorce proceedings were designed to "inspire her with confidence."

Some of these telegrams introduced by the defense to support its contention that Joseph's interest in Miss Frederick was "more personal than professional," dating back into 1910, and sent from Winslow, Ariz., and York, read:

"Pauline, loved and lovely queen of all the Land of High-Hee-Been, radiant smile illumine every weary mile, George."

"So disappointed at not being able to hear some one's wonderful voice, George."

"New York is empty now. Are you very, very busy? George."

"Dear Polly, am overwhelmed with magnificent holder. Love to you, George."

Miss Frederick is said to have termed Joseph "My Great Dig Friend."

THE HERALD'S PLATFORM FOR 1923

- 1.—A new Library Building in the center of the city. 2.—Extension of the present bulkhead on the lake shore. 3.—The new pier and boat basin finished before January, 1924. 4.—A big Auditorium that will seat at least 5,000 people. 5.—New home for the Campbell-Lossing Post, American Legion. 6.—A Community Chest out of which all funds will be drawn. 7.—Two mill tax for publicity purposes. 8.—Municipal ownership, starting with water works and soft water. 9.—Systematic mosquito campaign and cleaner city. 10.—Ten thousand people here one year from today.

A FEATURE EVERY MONDAY

A System That Will Mean a Saving Each Week

Every Monday of each week will afford the buying public in Sanford an opportunity to secure good values at greatly reduced prices. It is not always positive that every article offered at a great reduction is of style or of poor quality. Many bargain tables are filled with articles that will suit the most fastidious for the reason that people are of various tastes and require different merchandise. It should not be argued that because a merchant offers goods at reduced prices that it is not stock that some other person would not take but it is offered because of possible over buying and surplus of sizes.

One store will have shoes at reduced prices each and every Monday and starting this Monday they are offering a one strap black calf slipper for ladies and growing girls wear that sold for \$6.00 and for Monday it is \$2.95. They will certify that this shoe sold for \$6.00 and is an excellent value for the money. It will pay you to watch the Herald each week for the Monday bargains put on by the Lloyd shoe store and see their window.

EASTMAN MOVIE PRODUCTION

The people of Sanford are urged to see the Big Eastman Movie Production entitled "A Day Through Filmland" which will be shown tonight at the Princess theatre.

This picture is making a great hit among movie fans wherever it is shown and with its story of film making it has a special appeal to amateur photographers and especially to Eastman Kodak men. This picture was brought to Sanford through the personal efforts of R. C. Bowers, who is the exclusive agent in Sanford for the Eastman Kodak people. This concern has advised Mr. Bowers that in addition to being an interesting picture it will also give a great many new insights on amateur photography to those owning Eastman Kodaks.

Mr. Bowers states that the Eastman Kodak company awards a number of prizes each year to individuals making the best photographs with one of their machines, and believes that the picture will be the means of stimulating a greater interest in amateur photography and cause some of our local amateur photographers to compete for these prizes.

The Daily Herald, 15c per week.

Boston Club Releases Florida State Star

BOSTON, Feb. 9.—Three of the recruits of the Boston Nationals have been released under optional agreements. Prominent Grant of the Braves announced last night.

John Reser, an outfielder purchased from the St. Petersburg club and Lawrence Gallagher, a short stop purchased from Norfolk, have been released to the Worcester club of the Eastern League, while Lloyd Smith, a first baseman drafted from Charlotte of the South Atlantic League, last year and last year farmed out with Shreveport in the Texas League, has been released to New Orleans.

Willard and Johnson To Battle on May 12

NEW YORK, Feb. 9.—Jess Willard, former heavyweight champion and Floyd Johnson, of Iowa, aspirant to the world's title were matched yesterday to meet May 12, in a 16 round bout to a decision at the New Yankee stadium, for the benefit of the milk fund of the mayor's committee of women. The boxers were guaranteed \$25,000 each.

Although he has announced that he was opposed to holding heavy-weight bouts because of the large amounts of money involved, Chairman Muldoon of the state boxing commission, has approved the Willard-Johnson bout because the net proceeds will go to charity.

The bout may lead the winner to an encounter with Jack Dempsey, the title holder, as both men have been in the forefront of recent discussions of the next battle for the world's championship. It was pointed out last night sentiment toward a title bout may change sufficiently after the Willard-Johnson battle is held to warrant Chairman Muldoon changing his mind.

JESS MAY MEET JACK

(By The Associated Press) NEW YORK, Feb. 9.—After all his vicissitudes, Jess Willard is on the road to a return bout with Jack Dempsey to whom the Kansas lost the World's heavyweight championship in Toledo in July, 1919.

Willard will meet the 190-pound Iowa youth who has created a sensation in heavyweight circles since his debut here last fall.

Willard is being permitted to meet Johnson in a 16-round bout at the new Yankee stadium May 12 because the bulk of the proceeds go to the milk committee of the mayor's commission of women. The boxers will get \$25,000 each. Johnson, should he defeat Willard, will be miles ahead of Dempsey.

STATE ROAD DEPARTMENT SHOULD CONFINE ATTENTION TO THE TRUNK HIGHWAYS

And Not Undertake Projects That Can Be Carried Out by the County

GAINESVILLE, Fla., Feb. 9.—The State Road Department should confine its work to the trunk highways and not undertake projects that can be carried out by the county, Judge H. B. Phillips, chairman of the Department, said in an address before the Florida Road Builders' Conference at the University of Florida here yesterday.

Judge Phillips discussed the subject of "The Relation of the State Road Department to the Highways." When the road department tries to spread its activities over the entire field of highway construction, he asserted, it attempts a program that at best can be completed only in stages and the state reaps none of the benefits that it would enjoy from a system of good through roads. Lateral roads, he said, could easily be constructed and maintained by the county. With the state concentrating its efforts on statewide importance and the counties working towards building lateral roads running out from the main highways, Florida would in a comparatively short time be a panorama of good roads. There are many projects, of course, the road chairman said, that the counties cannot be expected to undertake. Erection of costly bridges which are of more than county importance should fall upon the shoulders of the department. Bridges he had reference to are more heavily travelled by out of county motorists than those of the county, he explained.

There is one feature of the road department that is generally overlooked

the chairman said, and that is its educational activities. The department was originally organized, he pointed out, for the sole purpose of educating the people and county road officials in matters pertaining to roads. The department accumulated information as to the best type of roads, road material and the type of bridges adaptable to particular localities and the like, employed experts and in general sat in an advisory capacity for county contemplating highway construction. This feature of the department's work has not abated in the least, he declared, but its scope has been augmented by the construction and maintenance undertaken by the state.

In this connection he related the organization of the road department in 1916 when only \$1,000 was appropriated for its operation. By the time the legislature of 1917 met the federal government had provided for assisting states in the building of roads and the Florida legislature in order that the state might share in the federal funds, appropriated enough money to match the state's allotment. The appropriation, and consequently the construction and maintenance work of the department, was enlarged in 1919 while the 1921 session went still further. This year the department has undertaken the biggest program yet. With the work already in progress at the close of the year and the projects included in this year's budget the department is committed to an expenditure of approximately \$4,000,000.

GOVERNOR SAYS HE LIKED TAMPA FAIR

TALLAHASSEE, Feb. 9.—Governor Hardee returned to his office yesterday from a three-day visit to the Tampa fair and plunged into a mass of accumulated correspondence. The executive appeared in jovial spirits notwithstanding his long trip by train and declared he enjoyed his visit to Tampa splendidly.

No important matters, so far as known, awaited his attention.

AMERICAN LEGION ENTERS LEAGUE BY MAKING ROTES HUSTLE TO WIN

First Two Games Close But Rotes Forge Ahead in Last Part of Last Game

The American Legion made their official entry into the City Bowling League last night by making the Rotes do considerable hustling to win. The game went to the Rotes finally, but it took the third game to decide it. The first game went to the Rotes by 17 pins and this small lead was increased to 40 pins in the second game, and were it not for the spurt made by Henry and Kent in the last game, the story might have been a different one to tell today. The final score gave the Rotes a lead of 119 pins.

Sam Younts, captain of the Legion team, bowling his first time since the same alleys were down in the Elks Club quite a few years ago, bowled a nice game, and shows by his delivery that he will not remain a has been, but can be counted on to give a good account of himself before the season ends. Leslie Hill and Ed Ward, both beginners, are two more that dependance can be placed upon, and will make a creditable showing as soon as they get a little practice. George Pezold and Sherman Lloyd, neither of whom are beginners, although Lloyd has not bowled enough of late to keep him from being somewhat rusty, are two bowlers that will not only be a big factor in the Legion games from now on, but they are also bowlers that will be found high up among the individual averages. Next week will find several other Legion men playing that were not able to get out last night.

The scores for last night were as follows:

NEW SMYRNA HERE TONIGHT

An interview with Coach Wilkinson this morning brings to light that the advance dope handed out about the two good games tonight was correct and from all indications the fans will be treated to a nice double bill that should prove as interesting as any of the past games.

The New Smyrna team is making a good record for itself this season and will be here tonight all prepared and primed for some real action. The Sanford boys are going good and have a team that we consider as good if not better than the best ones of the state, but we must remember that there are other good teams, and this New Smyrna team is one of them. It is not always the size of the city that makes the best players as was proven last week when Sanford beat Duval, and tonight the Celery Feds will be forced to do some hard work to keep from losing one to these boys from the coast.

The New Smyrna girls will also be here for the preliminary match and Coach Tills announces that her team is all ready. The girls game, which will be the first game on the program, will start at 7:30 sharp, and it is to be hoped that all the Sanford fans will be lined up tonight when the whistle sounds for the start.

Miami Will Play Only The Best in 1923 and Sanford is Included

MIAMI, Feb. 9.—Miami High School intends to carry its game into stronger ranks in the 1923 high school foot ball race. A schedule already adopted includes games with both Gainesville and Duval. The Miami squad came through the past season with a clean record but in a post-season game with Gainesville for the state championship was overwhelmed. The coming season's card is much stronger than that of last season, which embraced mostly secondary games.

Gainesville comes here Thanksgiving day, while the Miamians go to Jacksonville November 3 to meet Duval.

The schedule as announced follows: October 20, St. Augustine at Miami; October 27, West Palm Beach, at Miami; November 3, Duval at Jacksonville; November 12, Sanford, at Sanford; November 17, Ocala at Miami; November 24, West Palm Beach at Miami; Thanksgiving Day, Gainesville at Miami.

CLEVELAND'S SON ENGAGED

(By The Associated Press)
NEW YORK, Feb. 9.—The engagement of Richard Folson Cleveland, a son of Grover Cleveland, twice president of the United States, to Miss Ellen Douglas Gailor, daughter of the Rt. Rev. Thomas F. Gailor, president of the Episcopal church in America, has been announced.

The Herald delivered six times a week for 15c.

FOR THE MOVIE FAN

There will be some crowd 'at the Princess tonight.

And then there will be some more crowd to see the same picture tomorrow night.

It's the big picture of the week and the one they have all been waiting for, and the added attraction that goes with it is worth seeing.

This picture is "The World's Applause" with Bebe Daniels and Lewis Stone, and will be shown at the Princess tonight and tomorrow night.

The added attraction is "A Movie Trip Through Finland." That picture will be more than interesting, it shows you behind the scenes.

Osborne is still keeping up the practice of inviting some family to be his guest every night and he is glad to see that those invited are accepting his invitations. Some family gets an invitation every day through this column.

And Ralph Wight and his family are the ones selected to see tonight's show without charge. Get away from the gasoline tank long enough to bring the family and see "The World's Applause." It is a good picture and your family will enjoy it, Ralph.

A copy of next week's program will show you something good in store for the coming week. Get one and read it over.

URGES SHIPPING BILL

(By The Associated Press)
WASHINGTON, Feb. 9.—The national merchant marine association, in a resolution, urged the immediate passage of the shipping bill by the senate.

(By The Associated Press)
METZ, Feb. 9.—The strike of coal miners in the Sarre valley is spreading into Lorraine.

SUGAR RISE AT CLIMAX
(By The Associated Press)
NEW YORK, Feb. 9.—The steady rise in Cuba raw sugar which began two weeks ago reached its climax yesterday when from 80,000 to 100,000 bags were sold at four cents per pound cost and freight, equal to 3 7-8 duty paid. This compares with 5.02 early in January and 3.42 the lowest during 1922. The rise has been attended with large purchases of raws by other domestic and English refiners and operators.

In keeping with this upturn, there also has been a steady rise in refined sugar which today ranged from 7.00 to 7.25 per pound for the granulated representing the highest level since November, 1922.
The Daily Herald, 15c per week.

DISTINGUISHED VISITORS
A telegram from Dr. J. M. Glenn of Savannah, Ga., to Dr. W. J. Carpenter, states that Dr. Chenaault, a very prominent minister and orator, will speak at the Methodist church on Sunday morning.

The same wire states that Bishop McMurtry and Miss Mable Howell will be here on Monday and will speak at the same church. Miss Howell is a member of the Woman's Council of the Board of Missions, who has traveled much in this and other countries of the world. She is a very fluent speaker and one who will be heard with profit.

Bishop W. F. McMurtry is from Missouri. He was for twelve years secretary of the Board of Church Extension of the Methodist church, and made a record so exceptionally good that he was made bishop as a result. He was offered the position of Manager of the Clearing House Association of Louisville, Ky., because of his exceptional ability as a financier. He is a great preacher and will thrill and inspire those who hear him.

These persons will speak on world movements as related to Missions and the Centenary Interests of the Methodist church.

TEST FLIGHT
(By The Associated Press)
BELLEVILLE, Ill., Feb. 9.—The D-2, the largest ship of its type under construction, just completed at Scott field, yesterday made a test flight. Equipped with a radio, the ship kept in constant touch with the field. There was a crew of eight on board. A Martin bombing plane which arrived at the field last Thursday in a non-stop flight, made in five hours from Mineola, L. I., "took off" at 9:15 a. m. yesterday for Kelly field, San Antonio, Texas, with a crew of four. The flight is expected to be made in a few hours.

OCCUPATION COST 371,000,000 MARKS
(By The Associated Press)
PARIS, Feb. 9.—French occupation of the Ruhr cost approximately 371,000,000 marks in supplies furnished by the Germans, official figures show.

MANY ACRES UNDEVELOPED LAND IN SANFORD SECTION RICHEST SORT OF SOIL

There are hundreds of acres of undeveloped lands in the Sanford section despite the fact that last year more of this land was sold and cleared up than had been done in many years. There is so much of this fine land in the wild that could be developed and in many instances the owners are unable to spend the money for development on a large scale. We noted on the west side the other day that the M. M. Smith lands that while they are of the finest kind have never been developed to the degree that lands of this nature should be and it occurs to many of our people that if some big firm or development company could be induced to purchase all these lands and develop them that the greater part of this tract would be sold in twelve months time and the country would gain in many ways by such a deal. M. M. Smith owns the bulk of these lands and while he is making some sales from time to time these lands are not selling as fast as they would sell in the hands of some development company.

When all of the wild land that is good flowing well land in this part of the county is taken up and cultivated and farmed the county will be much richer and the lands that are now bringing in nothing would be made to work for their owners and the revenue therefrom would make more business for Sanford and the county.

For quick results try a want ad.

FISH & GAME PROTECTIVE ASSOCIATION TO MEET COURT HOUSE FRIDAY NIGHT

The Seminole County Fish & Game Protective Association will hold a most important meeting at the court house Friday night, Feb. 9, at eight o'clock. Every member of the association and those who are not members but are interested in the preservation of the fish and game of Seminole county are urged to be present at the meeting. The question of the prohibition of fishing in Seminole county will be taken up at this meeting.
