

Zoning Board Member Criticizes City Council Action

By DONNA ESTES
 LONGWOOD — "The city has been had" — that's the way it is to it," said J. R. Grant as he criticized Tuesday the City Council's approval of the zoning board's plan to subdivide the Winsor Manor plat without prior recommendation of the advisory board.

And the board unanimously passed a motion to order an official stamp to be placed on plans in the future to make certain that the City Council is clearly knowledgeable in the future when the zoning board has given stamp of approval to planned subdivisions.

At the same time, Councilman Agnes Weber, who served as secretary to the board in the absence of the regular secretary, revealed she had not examined the plan submitted by developer Irving Berger to the Council before voting to approve it.

He stated that the Winsor Manor plat had been discussed enough when Councilman Sandra Thompson begged for delay before official approval was given, Mrs. Weber said. "I just took it for granted it was the same plat approved by the zoning board."

Member Richard Crenshaw at

the same time urged that a subdivision in October with the development containing 183 homes and with a 21-acre water storage area for the low-lying land, no copy of the plan was filed with the zoning board.

Plans approved by the Council Tuesday night had only 70 homes with no water storage area. Indication was that the final plat was for only a section of the property at old Sledge's Airport, north of SR 424.

Grant said, "Unless the zoning board passes on development plans, the city council should not pass them."

Acting vice chairman Eugene Jones said Tuesday the council "will apologize to the zoning board for passing the subdivision without its approval, but that that is all we will do."

We will not send the plans to the zoning board. It is our duty to have a duplicate copy of zoning board minutes placed in the city clerk's office where they will be available to the Council.

Asked that copies of zoning board minutes be given members prior to meetings as well as copies of Council minutes within two days of meetings, Jones requested copies of the zoning ordinance considered by Council some time ago but not passed — as well as copies of the multi-family dwelling district ordinance.

Auto Train Puts Sanford On Map

By JOHN A. SPOLSKI

"It's the biggest thing that has ever hit Sanford!" These comments were repeated many times early this morning when the first Auto Train pulled into town . . . 15 minutes ahead of schedule, too.

The first auto was unloaded and the New York occupant was on his way by 11:25 a.m. Well, almost on his way, after first submitting to interviews with the press media from all parts of the country.

Hundreds of well-wishers and spectators alike lined both sides of the track. Automobiles were backed-up to SR 46 on Persimmon Avenue, causing many of those who wanted to be on hand to greet the train and its tourists to be late for the "unloading."

Harry Wolf, of Pomona, N.Y., who visits friends and relatives in Fort Lauderdale, said, "It was a great trip. The service and food were absolutely excellent."

Jules Miller, of Rye, N.Y., looked at it from the economical aspect and commented, "Although I've been in Florida many times previously, it would cost \$600 for air fare alone, not including the additional expense for a rental car. This time, our family of four made it for only \$190 (or \$380 round-trip).

"And as far as the service is concerned, it's as good or better than any I've ever had on an airplane."

The impression of long-time Sanford residents! "It's the first time I've seen a traffic jam in these parts for the last 40 years."

Headlines Inside THE HERALD

ARCADIA — The Arcadia City Council instructs its attorney to prepare a suit seeking \$500,000 damages from a firm it claims fouled the Peace River with a huge fish choking phosphate spill. (Page 5A)

TALLAHASSEE — A state Senate committee today will consider a proposed amendment to the Florida constitution which calls for a revamping of the judiciary system. (Page 5A)

WASHINGTON — The House votes today on a \$6 billion antipoverty bill including a major new child development program. (Page 2A)

WEATHER — Yesterday's high 79 low 66. Partly cloudy through Wednesday with scattered showers. Highs 78 to 84. Low tonight 65 to 70.

FOR . . . a lazy Sunday afternoon . . . some boy-soprano — I think his name was Livio Sontini (now why in the world should I remember something like that?) was singing . . . and the announcer broke in by saying, "Ladies and Gentlemen . . . the Japanese have bombed Pearl Harbor."

As a kid my geography wasn't exactly the best . . . I thought the "Pearl" was off the coast of New Jersey . . . and there I was living next-door in Pennsylvania . . .

We learn as we get older . . . or do we, really? . . . Wasn't the last war the one which was to be "the last" one ever fought? . . . To all of our local residents who were actually there at Pearl Harbor on Dec. 7th . . . We Salute You!

For what it's worth . . . I'm picking the number 925 for today. Tomorrow, we'll tell you why!

Constructive Criticism . . . After next year's Christmas Parade (or for that matter, any parade) . . . have someone at the end of the parade prohibiting any of the early marchers from returning back down the middle of the street on which they just paraded . . . It's distracting and in poor taste, to not permit the rest of the marchers to "strut their stuff," too.

Balloting Strong In 2 Cities' Vote

By DONNA ESTES

Only Casellberry, of the five Seminole municipalities with elections today, was experiencing a heavy voter turnout at the polls. City Clerk Mary Hawthorne said voters have been turning out in record numbers since the polls at 7 this morning.

Some 2,681 residents of the community are qualified to vote in the election, which will select a mayor and two councilmen. Candidates for mayor are incumbent Curtis Blow, David McCoy and Richard Wirz. Voting for two council seats are incumbents Edith Duerz and Bill Grizer, Owen Sheppard and Dr. John Zacco.

Meanwhile in the City of Sanford, City Clerk Henry Tamm said by 11 a.m. 456 voters had been to the polls at the civic center, in what he said indicated the "biggest vote in the history of Sanford." There are 6,584 persons registered to vote in the election for two commission seats and on a \$4 million drainage issue.

Running for Group I seat on the City Commission are Carm Gager, A. A. McManahan and incumbent W. Vincent Roberts and for Group II J. E. Connelly, Earl Higginbotham and John G. Morris.

In Longwood, with little more than half of the city's 1,124 voters expected to turn out, and with a moderate turnout seen during the morning, a new mayor is being chosen as well as three councilmen. Polling place is city hall.

Running for the office of Mayor are Kenneth H. Brown and Mrs. Jane Lormann. Seeking three seats on the council are James Brown, Richard Cross, B. H. Farrell, H. H. Haynie, William Klosky, Donald Schreiner, T. A. Stott and incumbent E. E. Williamson.

Altamonte Springs City Clerk Jane Richards said only a token number of voters are turning out at the polls at the community house with incumbents Mayor Lawrence Swanson and Councilmen Keith Nixon and Helen Keyser running without opposition. Altamonte has 1,782 registered voters.

Orlando city clerk Nancy Cox said the turnout in her city, was fairly light this morning in a special referendum on a charter amendment and two annexation issues.

The polls in all five cities will close at 7 p.m. tonight.

Monday night a political rally and forum with all six Sanford candidates present to discuss the issues was sponsored by the Greater Sanford Chamber of Commerce and the Sanford-Seminole Junior Chamber as a joint venture.

Youth Gets Ten Years For Drugs

By MARION BETHA

Eddie Schweickert Jr., was sentenced to 10 years at hard labor in prison this morning by Circuit Judge Dominick Salfi for sale and possession of drugs.

The 18-year-old youth also was sentenced to from six months to five years at hard labor on a second possession charge. The two sentences will run concurrently and Schweickert will have credit for time incarcerated.

Schweickert was found guilty of sale and possession of narcotics by a Circuit Court jury on July 7 and pleaded guilty to a charge of possession on Aug. 2.

Schweickert told the court that he realized how wrong he had been in hurting his family and himself in becoming involved with hard drugs and that he wanted "to make something of myself."

Judge Salfi asked the youth how often his mother had pleaded with him not to become involved with the people in drug traffic; how often she had pleaded with him to "get off drugs . . ." Schweickert told the court, "I didn't listen." To which Judge Salfi replied, "You sure didn't." The court continued, "This is the hardest thing for your Mom and Dad to endure . . . to see their 18-year-old son sent off to prison . . ."

Judge Salfi asked the youth where he obtained the heroin and Schweickert replied, "From Big John." The youth admitted he had gone "all the way" in the drug area and was using opium; that he was 15 when he began using drugs. The court noted, "You've done it all in three years . . ."

Judge Salfi also queried the youth if he had ever considered the lives he had ruined by "pushing" drugs, and Schweickert replied that he had never said that much.

Nevertheless, pointed out Judge Salfi, "You held a position in the drug business . . . people knew they could go to Schweickert to get any drug they wanted."

The youth told the court that one ounce of opium on the drug

Court Action Is Promised On Annexation

By BILL SCOTT

City of Sanford will find it self in court, unless it agrees to "de-annex" several parcels of property reportedly taken into the city without the knowledge of the owners.

This was confirmed today by Robert G. Petree, counsel for J. B. Cain, owner of Super Trading Post and Albert Phelps, operator of Phelps Restaurant, both properties located on U.S. 17-92 across from the Sanford Plaza.

Petree said he would request the City Commission to remove these properties from the city taken into the city in a November action by the Commission. "If the Commission declines we will seek action in either the state or federal courts," Petree warned.

Discussing his personal feeling on the city's recent annexation involvements, the attorney said he lives not too far from the city and added, "They will have a civil war on their hands trying to bring me into the City of Sanford."

Cain and Phelps appeared at

Vote For Earl Higginbotham City Commissioner TODAY

Place To Vote: Civic Center Back of Post Office

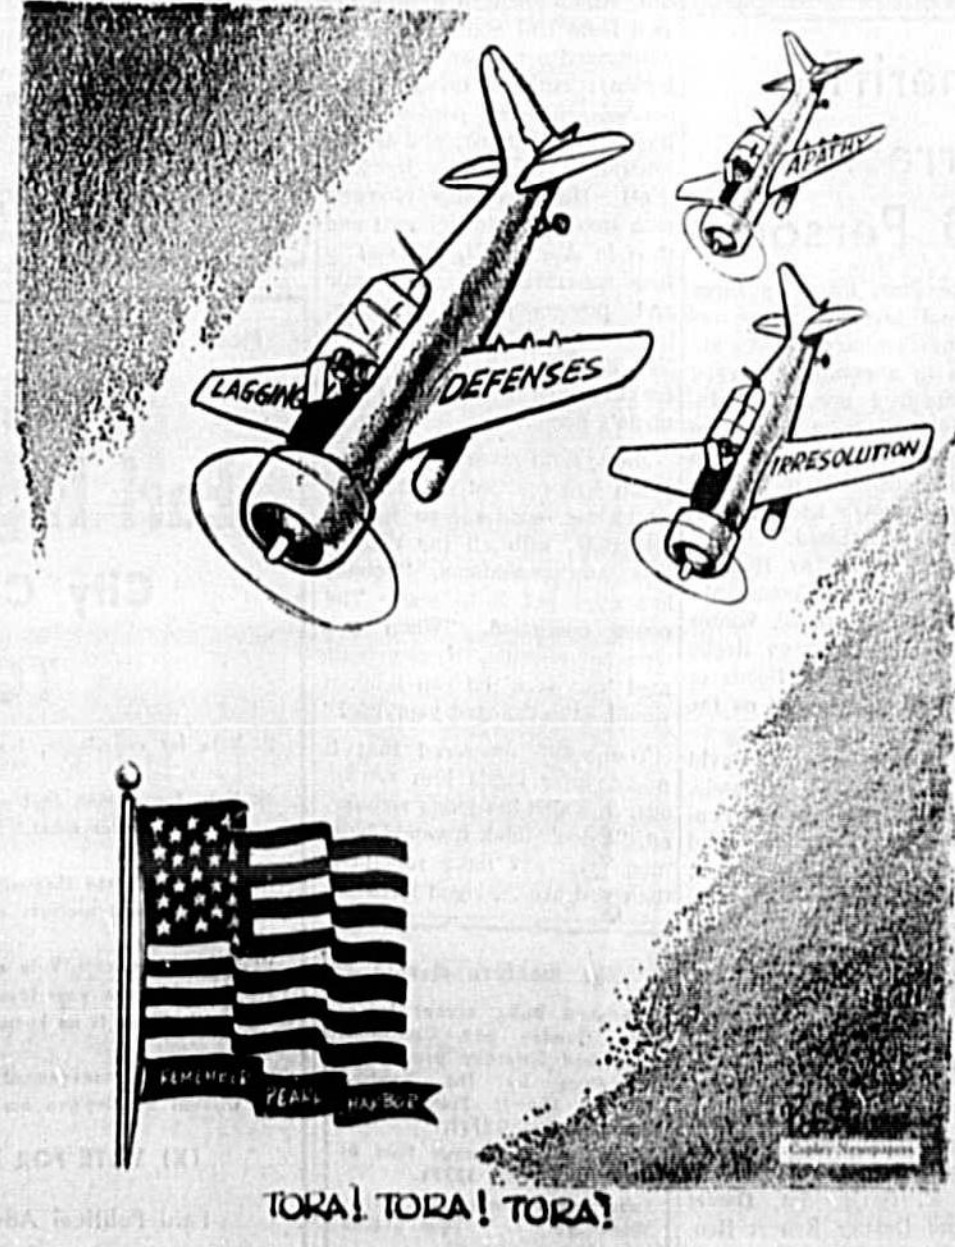

Vote For EARL HIGGINBOTHAM City Commissioner TODAY

* Vote for experience, leadership and a business man.
 * Vote for a man that will produce the maximum value for each tax dollar spent.
 * Vote for a man that will work with the commission to complete present projects and your best interest.
 * Your vote counts. Vote against the \$4,000,000.00 bond issue. It could raise your taxes from \$40.00 to over \$100.00 per month. There is no guaranteed repayment on city bonds.

With good management we can do the necessary drainage without bankrupting our city.

THE BIG DIP
2431 FRENCH AVE. PH. 322-0199 SANFORD

By ANN SIECKOWSKI

Five months ago Stanley Streeter opened his store and stocked it with "famous name brand shoes." Such names as Jacqueline, Connie, DeLia Dole, Algernon, Roman, Color Mate, Cover Girl, Faith Henry, Vogue — oh the list could stretch toe-to-toe for quite some distance — the point is, that you can find at the Shoe Rack, your favorite designer shoe at discount prices.

Stanley stresses that these shoes are not seconds or flawed in any way — they are first quality shoes — shoes that you can wear in comfort and with pride anywhere you wish to go, and at savings of 20 to 40 per cent off the regular price!

The display is beautifully done — there is plenty of space to roam around and browse (and there will be no clerk breathing down your neck and trying to push a sale on you — nothing irritates me more than that). The shoes are displayed according to size, of course, and styles and colors are shown to their full advantage so that comparisons can be easily made and choices more expertly made.

At the Shoe Rack, the current feature is the very popular crinkle patent boot. He has the total lace look boot, the suede gaiter flat boot, the suede gaiter in a variety of colors and styles — even perfectly beautiful gold and silver evening boots and pants styles boots.

For Christmas, a whole new supply will be on the shelves.

You know Stanley has shoes for display on the shelves out in the store, but when you select your choice of shoe, he goes back and brings out the shoe enclosed in a protective plastic cover (for each shoe) so that you get a perfect shoe without a speck of dust on it.

He has a selection of the thin heels and pointed toes for the women who still like that style and he says he gets a lot of calls for this style. He caters also to sizes 4 and 4 1/2 in all colors, styles. Prominently shown were beautiful jeweled flats by Krause of California and the ever popular cork soles so 'in' with the young crowd these days.

The basket weave style in gold and silver with a 2-inch heel was a very new style of evening shoe. Also featured were the closed pumps in the metallic with two and 2 1/2 inch heels as well as the shoe for evening pants outfits.

Shoe Rack carries a complete line of accessories for shoes, like designer buckles and ornaments, and to enhance that total look, some exquisite evening bags in gold or silver in many styles or if the look is casual, you can find charming straw or rinkle pants bags in one or more colored styles, shoulder, clutch or regular handle styles. And for that well dressed look above the shoe, the perfect refinement is a pair of super sheer panty hose by Bravanti.

If you don't want the "whole boot" — fake a little — buy the Hot Boot Socks by Jeffries. They are lightweight, comfortable, a great mate for the mini-maxi, or would you believe — the knicker outfit — and they are made of 100 per cent stretch nylon.

At the Shoe Rack — you will find the "New Look" featured even to those Indian moccasins enjoyed by the sporty set.

Really, whatever you like in the shoe or accessory line can be found at the Shoe Rack, and Stanley Streeter is a man who knows his business.

Romel's Ready To Please

Redecorate Home For Yule

By ANN SIECKOWSKI

"Jingle bells, jingle bells, Christmas is nearly here." So gaily, tell that sweet daddy of yours that tops on your list of "wants" is a redecoration of the old homestead.

Jeanette Kidder, that talented decorator and owner-manager of Romel's Furniture Center in Longwood Plaza on 17-92 in Longwood, tells us that the gift and decorator items are simply "fantabulous" this year.

And besides, Romel's is having a pre-holiday and inventory sale with 10 to 50 per cent off every item in the store, even if it arrives at the store while you are there.

Jeanette stocks hard-to-find items such as grandfather and grandmother clocks in various periods such as Early American, styles in Spanish, traditional, French Provincial, and she has a special pre-Christmas price on these clocks.

In this store, which really is unique (made so by the variety and quality of stock they carry), you can find Thomasville, Broyhill Premier, Bassett furniture in all periods and styles.

Buying from Romel's is a reflection of your unerring good taste. The furniture in Romel's exemplifies the finest in craftsmanship, comfort and value — no skimping on details. There is a choice of graceful and authentic designs, meticulous selection of elegant fabrics — "inner world" of plump cushions and skillfully constructed frames and spring bases — outstanding furniture to buy with pride and confidence.

Occasional tables with "protectolac" finish which resists alcohol, hot water, fruit acid, nail polish and remover — a finish which wipes clean in a jiffy. So you won't have to worry when your "little guests" come a "callin'." You won't have to worry about your "big" guests so much either, with this kind of finish on your tables.

Romel's sleep shop is only a wink into another world. Ahhh — shades of old Rip Van Winkle, carry) you can find Thomasville, Broyhill Premier, Bassett

Pinch Felt By Schools

By MALCOLM N. CARTER, Associated Press Writer

Inflation and an increasing reliance by taxpayers to improve new levies have forced some of the nation's public schools to close and many others to effect stringent economies.

Some schools in Ohio, Missouri, Wisconsin, California and Washington have shut their doors until the new year brings renewed revenue. Officials in West Warwick, R.I., Philadelphia and New York City have warned that their schools may also close.

From Montana in Massachusetts, public schools have resorted to double sessions, elimination of extracurricular activities, teacher layoffs, and greatly reduced services.

Mayors of major cities and village authorities for sustained or additional aid to keep schools open, but the states say their resources have long been drained.

In Chicago, the Board of Education voted Monday to keep schools open for the remainder of 1971 by borrowing against the 1972 budget.

The board said it would seek new funds—additional state or federal aid—in avoiding closing schools early at the end of the current academic year. Its anticipated deficit is \$26 million.

The board had previously announced plans to close schools for 22 days—from Dec. 8 until Jan. 3—to effect a saving of \$1.9 million a day in operating expenses and salaries.

Gov. Richard B. Ogilvie of Illinois has refused to authorize additional state aid for Chicago schools until the city and Cook County make recommended cuts in welfare spending.

In Kansas City, voters decide today on a 64-cent increase in 1971 personal and property taxes for schools and libraries.

which Kansas City School District officials say is necessary to prevent further cutbacks in services and to make some improvements.

The rate now is \$3.75 per \$100 assessed valuation.

City officials estimate the increase would raise some \$4.3 million, of which \$2.24 million would go for salary increases of up to 8 per cent for most of the school district's 3,500 employees.

Kansas City voters rejected a 90-cent increase in August.

In many states, maintenance and school construction have halted altogether.

Most educators interviewed in a nationwide survey by The Associated Press attributed their financial woes to inflation, excessive reliance on property taxes for revenue and the mounting reluctance of voters to approve construction bond issues or to increase their own tax bills.

"This isn't a very stingy town," said Laurence J. O'Connor, schools superintendent of West Warwick, R.I. "The time has passed for excuses and clouding the issue. It's simply, 'Do the people want the schools to stay open?'"

In California, the state Supreme Court ruled Aug. 30 that the present local property tax system of financing schools discriminates against students in districts with little taxable property and wealth.

Edwin H. Earper, the state's associate superintendent of public instruction, said he hopes the legislature will devise a new system that will provide a "considerable influx" of new money.

"I think it's a long, tough road ahead," he said. "It won't happen in any one year. Education has a real tough job to convince the public and the legislators of the need."

Genevans Rescue Fishermen In A Storm

By LIZ MATHEUX

GENEVA—Two Geneva residents rose to the occasion Sunday when they heard a cry for help from Lake Harney. It was learned today. The lake at the time was a sea of turmoil due to the heavy winds and rain.

Jeanne and W. B. (Hank) Heath had returned from church only a few minutes before and had settled down to enjoy a lazy Sunday afternoon. They were interrupted by a plea for help.

Through their binoculars the Heaths scanned Lake Harney until they located two men clinging to an overturned boat.

Heath had a small boat available but feared he also would be in trouble if he attempted the rescue in the heavy waves. Consequently, he telephoned and requested assistance from another Lake Harney resident, Col. Ben Hester (U.S. AF-Ret.), owner of a more seaworthy craft.

Hester, in turn, solicited the aid of Col. Gene Miniotta (U.S. AF-Ret.) and Lt. Ken Hester, recently returned from Vietnam.

As the rescue party proceeded to launch their boat, Heath went ahead in the heavy waves and located the men still clinging to their capsized craft and pulled them into safety. Hester and crew arrived immediately after, just in time to right the overturned boat and tow it back to Heath's landing.

After arriving at the landing two drenched men revealed to their rescuers that they had lost two motors and the automobile battery which they used for extra power.

In the excitement of the moment the rescuers neglected to even ask the names of the men, who proceeded on their way after borrowing a battery to make it back to Orlando.

If one tried to thank the Heaths for their good deed, they would just shrug their shoulders and say "It was no more than they were expected to do."

Open Sunday 12:30 – 5:30

SOKC Promises More Improvements For Racing Fans

By GARY TAYLOR
Herald Sports Editor

The year was 1954. The main handle was \$2,000,000. A drop for the third straight year. But new blood was in sight. Jerry Collins, president of the

GREYHOUND RACING officially opens at the Sanford-Orlando Kennel Club Dec. 17, but schooling races are going on nightly at the Longwood track at 7 p.m. Many new improvements are evident

at the track, while the best are yet to come (see related story). The schooling races are open to the public and children are invited to attend with their parents for these exhibitions.

board, Jack Ledoux, general manager, and Jack Collins, assistant manager represented the new kernel for the Sanford-Orlando Kennel Club. The next year the handle increased near \$2,000,000, and it's been climbing ever since.

But that new blood of 1954 is now the basic component of the SOKC today. That handle of just over \$3 million climbed just after year and last year saw a new record set when SOKC by spectators watched \$20,964,606. And while less than 20,000 fled through the turnstiles in 1954, over 375,000 spectators were on hand last year. That attendance figure is expected to increase by at least 30,000 this year and the handle will likely soar over \$22 million mark.

Many new improvements will be evident when the season opens December 17, but the best is yet to come.

Included among the list of improvements at the track is the installation of 15 closed circuit TV monitors. Fans will be able to watch the race on the monitors as it happens and then the race will be video taped and rebroadcast immediately following the race. The races will be shown the following night prior to the first post time.

Four monitors will be located in the clubhouse, one in the area below the clubhouse, two in the main betting area, two in the grandstand seating area, two in the upper terrace club, two in the lower terrace club, one in upper Club Swiftly and one in lower Club Swiftly.

The course has been changed slightly for the new races. Chutes have been built for the 3/8 mile course and the 1/2 mile Sanlando Course. The Seminole Course has also been shortened to a true 3/8 mile race.

Public Relations Director

Love Monday Night Games

Chiefs Attack 49ers, 26-17

By ERIC PREWITT
Associated Press Sports Writer

SAN FRANCISCO (AP) — Len Dawson and Otis Taylor have updated the guys in the television booth again on the National Football League's Monday night television series.

The Kansas City Chiefs' passing combination pulled out all the stops in a 26-17 victory over the San Francisco 49ers in their latest prime time show.

With a victory over the Oakland Raiders next Sunday, Coach Hank Stram's Chiefs would clinch a division title and an invitation to the playoffs, which they missed last year when they were defending Su-

per Bowl champion.

Earlier this year, the Chiefs beat Pittsburgh 28-16 on a Monday night at Dawson threw for 200 yards and three touchdowns, including two to Taylor. Last year Dawson fired four scoring passes in a 4-24 Monday night rout of Baltimore.

Some of the fans who came early to Candlestick Park to beat the rush hour traffic, hung out signs greeting the American Broadcasting Company's Monday night time slot.

Dawson completed 16 of 29 passes for 283 yards against the 49ers. One of the passes went to Taylor for 46 yards and a touchdown, and the big wide receiver scored another touch down on a 25-yard run off an end-around play.

Nicklaus Earned About \$57 For Every Stroke

By HERRY CUSH
Herald Sports Writer

LAKE BUENA VISTA—Officially it was 15 under par but according to Lee Trevino's calculations Jack Nicklaus won the Walt Disney World First Annual Open Golf tournament with a one over par.

Upon conclusion of his round in the proam Trevino felt the performance in the Disney tournament was surprising the NFL with a 10-3 record last season.

The young San Francisco team will have to beat another NFC West contender, the Atlanta Falcons who stand 6-5-1, and then hope that Washington can upset the Rams in the last Monday night game of the NFL season.

"The biggest disappointment was the amount of time we gave Dawson to throw, particularly in the first half," Nolan said after his team lost its first regular season game to an AFC club.

Dawson rolled up 198 yards passing in the first half. The touchdown pass to Taylor, on a first down play, came in the second period when the Chiefs totaled 16 points.

The touchdown to Taylor put the Chiefs ahead to stay, 10-3. Defender Johnny Fuller, who might have stopped the play from going all the way, slipped and fell as he made a move toward Taylor and the ball.

The 49ers' secondary ran into

Falcon Grid Stars Arrested In Raid

MARIETTA, Ga. (AP) — Atlanta Falcons' quarterback Bob Berry was arrested on charges of assaulting a police officer and defaming and libeling a woman.

Four other players were arrested on charges of keeping a disorderly house following a raid in Cobb County Monday night, sheriff's officers said.

In addition county police arrested Coach Nicky Poller at the home of Marietta, on marijuana charges and he was being held under \$1,000 bond.

more bad luck in the last period. It's not over," said Coach Dick Nolan, whose team was one of the preseason favorites for a 1972 Super Bowl berth after surprising the NFL with a 10-3 record last season.

The young San Francisco team will have to beat another NFC West contender, the Atlanta Falcons who stand 6-5-1, and then hope that Washington can upset the Rams in the last Monday night game of the NFL season.

"The biggest disappointment was the amount of time we gave Dawson to throw, particularly in the first half," Nolan said after his team lost its first regular season game to an AFC club.

Shouldn't Need Help For Colts... Shula

By HUBERT MIZELL
Associated Press Sports Writer

MIAMI (AP) — Miami was a three-point favorite on the betting line when the Dolphins edged the Baltimore Colts 17-14 earlier in the National Football League season.

The Dolphins are probable underdogs for Saturday's crucial rematch at Baltimore Memorial Stadium. As for the odds, "Shula the Coach" couldn't care less what "Jimmy the Greek" thinks.

"After you look as bad as we looked in losing," said the ex-Colts coach, "it's hard to put up a stand against anything that's said about you. You've got to be a great orator if you hope to overcome such things."

Miami, which had lost only six fumbles in 11 games, booted away three against the Patriots plus two interceptions. The Dolphins pass defense looked like Swiss cheese after the drilling by Pats rookie quarterback Jim Plunkett.

Asked if he was concerned about his aerial resistance in preparations for the Colts, Shula said, "Yes I am," and went back to watching game films.

LET'S GO FISHING

By BOB ORRELL

Cyril Butner and Clifford Wynn of Sanford found the surf to be a little bit trashy on Tuesday but still managed to land seven large Bluefish from the beach about two miles south of Turtle Beach. Bill Granowick had one nice Channel Bass of about 12 pounds and a dozen big Blues while surf casting on the same area.

As a rule, the Fall and Winter migration of Blues yields fish in the one to one and a half pound size range. This year, from all reports, the average size has been around two to three pounds with an occasional four or five pounder being hooked. This is by no means a record for this species as the North Carolina coast produces 15 to 20 pounders every year. The world record was landed at San Miguel, Azores in 1953; an enormous fish weighing 24 pounds, three ounces and measuring three feet, five inches long.

The charter boat fleet operating out of Inlet Beach, Daytona Beach, stayed weather bound all week so no reports were taken on this action.

FINAL PUTT of the Disney Open is made by Jack Nicklaus as he wrapped up the \$30,000 first prize enroute to a new record for money winnings in one year. Nicklaus topped \$244,000 this year. He had a 15 under par 273 including a 68 yesterday. (Herky Cash Photo)

on the deep sea action came in. Snapper fishing should be excellent again when the winds subside enough to go off-shore once more.

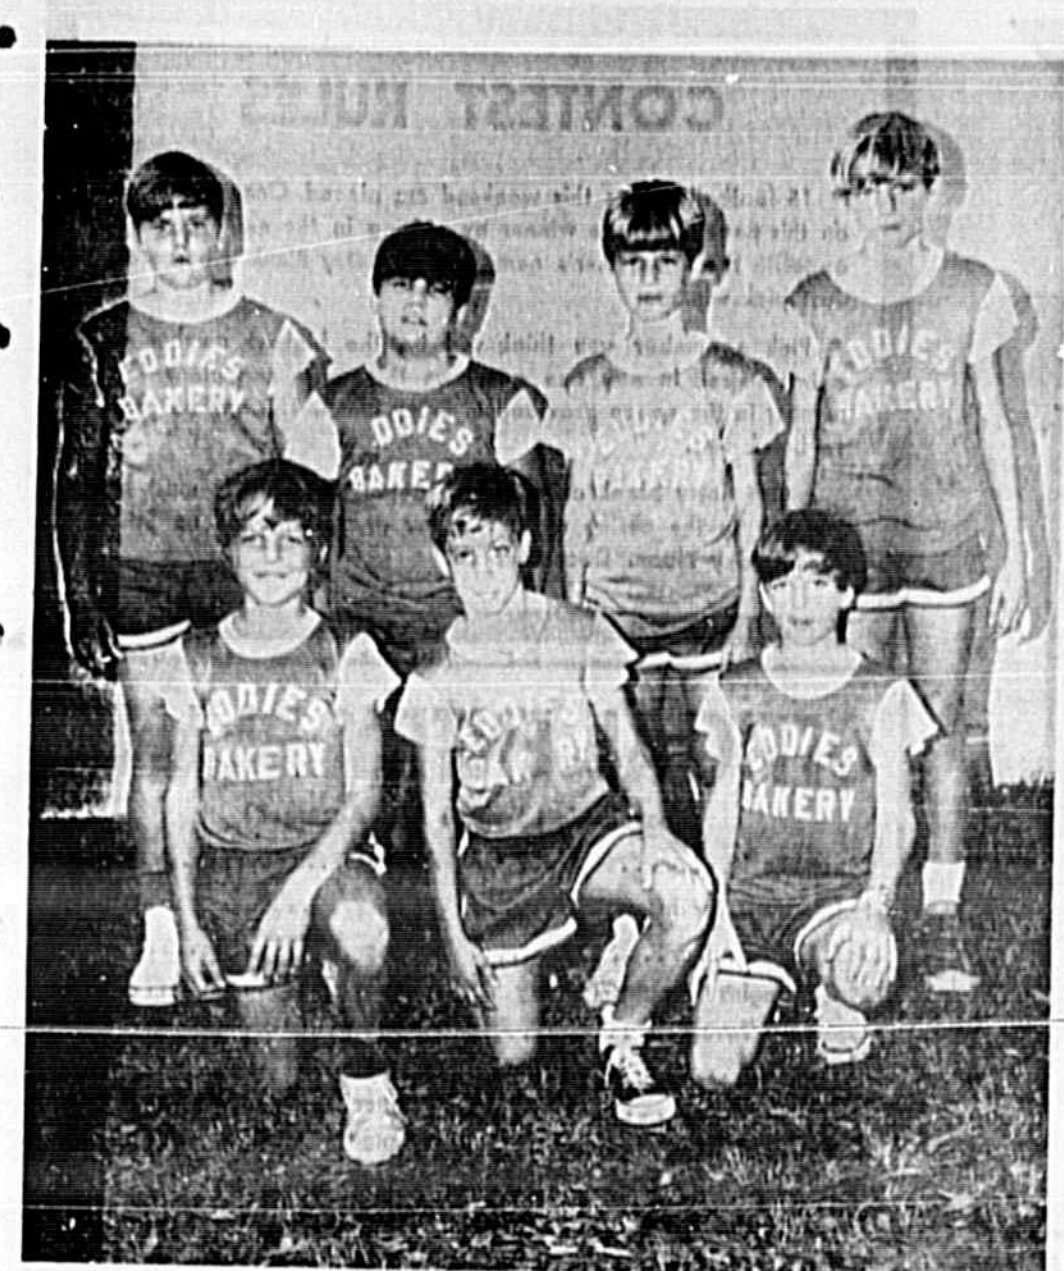

Confirmed Trout fishermen are bemoaning the fact that rain and low water are keeping them from their favorite deep water holes in what should be the best Trout fishing time of year. The wind muddies the water causing Trout to hide and pull the cover up over them. Strong winds drift the boat so fast that it is impossible to work plugs deep enough to find fish. With conditions like that, a trio of Sanford pier anglers tried hard to outwit the weather man Thursday, but returned to the dock at Al-Jo's Camp with only three Trout and a bushel of oysters to show for their efforts. Boone Caswell, Roy Dunaway, and this writer enjoyed the oysters, but decided to check the weather reports more cautiously next time.

As an ancient Wise Man once said, "This too, shall pass away," so, in spite of the recent spell of weather — LET'S GO FISHING!

Dekle's Gulf Wins Biddy Squeaker

Dekle's Gulf 23
Raymond Brackley 23
This game was as close as they come. The score was tied with 23 seconds to go. Dekle's Gulf held on to the ball waiting for the last shot which came with five seconds on the scoreboard as Ricky Rosemond hit a 15 footer. For Dekle's Gulf, Dan McIntosh had 22 points, Rosemond eight, Jay Bergman three and John Sierpowski

two. For Eddie's Bakery, Doug Packard had 13 points, Greg LaTour seven and Michael Wilkins two.

Sanford Atlantic Bank 46
Florida State Bank 25
Sanford Atlantic Bank had too much experience and height for Florida State Bank. Donnie Williams had 23 points for Sanford Atlantic, Rocky Jernigan 10, Jeff Anderson six and Mark Renaud four. For Florida State Bank, David McCook had eight points, Ben Dyal six, Chuck McIntosh four, and James Edmonds four.

Seven players for Sanford Electric got into the scoring column. Kenny Brown and David Craig each had 10, Scott Anderson six, B. Von Herbolte Ronnie Ryan, Botley Rape, and Chip Wilkins had four each. For WTRR, Price Baker had three points, Michael Murphy Raymond Brackley and Ed Deary each had two.

United States Bank 29
A real close basketball game with the lead changing right on to the final whistle. Bill Lee had the big score for First Federal with 17 points. Pat Johnson had 10. For United States Bank, Joe Smith had 10 points, Troy Ray and Owen Zipp each had six. Westley Spike five and Scott Reagan two.

Lions 43 - Jets 21
Gary Taylor's win streak was stopped as the Jets could not control Preston Richardson and Andrew Bonagioni. Richardson had 13 points for the Lions. Bonagioni 11, Jimmy Smith and Clark Gallagher each had seven in Harrison two. For the Jets, David Barkley had nine, David

JU Meets Seminoles

By F. T. MACFEELY
Associated Press Writer
JACKSONVILLE, Fla. (AP) — Coach Tom Wadlin says the full effect of 7-foot Dave Brent's absence from the Jacksonville University's basketball team will be known tonight after the Civitan Tournament Championship game.

The 11th ranked Dolphins meet Florida State University's Seminoles for the championship. With Brent out a month because of a broken leg, Jacksonville started a basketball game for the first time in three seasons without a 7 footer in the lineup Monday night and beat Tennessee Tech 86-72.

Here's a breakdown of the Seminoles and Pembroke Braves, 7-foot stars of the Dolphins the past two years but suffered the broken leg in his second game last night in East Carolina.

"You can't lose a great player like Brent without hurting," said FSU coach Hugh Durham.

Tattooed Man

New England Patriot offensive lineman Mike Montler has an unusual attribute: a tattoo of Frankenstein on his calf. He says that when he was a Marine, joining two friends who wanted to show "we were rough, tough Marines."

 64th Year, No. 78 Price 10 Cents

By JOHN A. SPOLSKI

For the record... this being the "second day" for Auto Train in Sanford, everything went smoothly. All of the few bugs which were there yesterday were eliminated... our northern tourists got into their cars in short order, and before you could really take note of the time, their license plates were very much in evidence on the streets of Sanford.

Pardon me while I chew on "22's" a little bit. Glad you're making me swallow it, cause in yesterday's column that reference was made relative to the number which I thought would take the time to vote in Sanford's election.

By now you know that it was the biggest turnout (in an off year) in Sanford's history. I was basing my low prediction on the absolute few who attended the rally at the civic center on election eve.

This is one time I'm enjoying "eating" my words. (Sorta brings back memories of a couple years ago when Nebraska met Alabama and I picked Nebraska... only to have them get beat by 50 points or so... No Chance on any similar predictions this year, folks (even though I just know it's going to be an upset...))

Getting back to that inaugural "flight" of Auto Train... had an angel along my side... in the form of Rev. William Norris of the Sanford Church of Nazarene.

While hugging some special Herald out to help greet the visitors (about a hundred and fifty of the editors), the good Reverend asked if we could use some help... It was greatly appreciated.

The flicker will be called "The Gang That Couldn't Shoot Straight"... and having seen some of the advance "bits" on this comedy... well, my side is splitting just thinking about it.

Certainly I was concerned with all of those talented men who were leaving the Seminole Sheriff's Department... worried for Sheriff Polk's benefit and those of us who are greatly concerned with the crime rate here in Seminole County.

SMILES ALL-AROUND

The order of the day for Mayor Curtis Blow, Councilman Edith Duerr and Councilman-elect John Zacco, following their election in Casselberry Tuesday night was to look happy. Dr. Duerr

New Cruise Ship Arriving Today

By FRED VAN PELT

On the heels of a specially-built automobile-carrying train bringing cold northerners to "Sunny Sanford" Tuesday, a mini-cruiser bearing vacationers on a 14-day voyage will dock this evening at Port of Sanford.

The Auto-Train service between Sanford and Lorton Va., 12 miles south of Washington, D.C., opened daily round-trip service Tuesday, bearing vacationers and their automobiles. Trains will be leaving each city at 8 p.m. daily and arriving at the other city at 11 the next morning.

The M/V New Shoreham is on a maiden cruise of Florida's inland waters during the winter season. It left St. Petersburg last Saturday, sailed to Port Myres, up the Caloosahatchee River, across Lake Okechobee and out the St. Lucie Canal to the Atlantic inland waterway. The cruiser docked overnight Monday at New Smyrna Beach and last night at Jacksonville.

The ship, operated by the American-Canadian Line, with headquarters at St. Petersburg, is bringing vacationers to Sanford, where they will board buses and continue to Walt Disney World. Some of the vacationers are leaving the ship here, thus creating vacancies for the return trip over the same water route to St. Petersburg, leaving Saturday morning.

The M/V New Shoreham (M/V stands for motor vessel) has 30 modern staterooms, a dining room, lounge and recreational facilities.

Port Administrator James Ryan said this morning arrangements have been made for the New Shoreham to dock here until Saturday morning.

Two Run-Off Races Set Dec. 21

Voters Kill Bond Issue

By BILL SCOTT

Defeat of the \$1 million drainage bond proposal and run-offs in both Sanford City Commission, sitting as the canvassing board, early this afternoon reported these official results, including absentee ballots:

Morris, 928; Connelly, 682, and Higginbotham, 672, for the group I seat.

Official count for the group II seat, including absentee ballots was:

A. R. McClanahan, 845; incumbent W. Vincent Roberts, 804, and Caren Gager, 471.

Veteran politician Earl Higginbotham lost this third election The Dec. 21 run-off election

in a row) to political newcomers John Morris and Rev. J. Edward Connelly.

A smiling McClanahan told The Herald after the vote count, "I am very humble and hoped to be in the run-off with Roberts." Roberts declined to comment to The Herald's query concerning his earlier decision not to engage in a high-keyed advertising campaign. The incumbent said there were many factors to consider in the voting but did not elaborate. He did stress the necessity of getting more people out to vote.

Gager commented, "It was a clean race," but stressed the bond issue was the turning point in the number of people casting ballots.

Group II leader Morris said he anticipated a run-off and for the next 14 days would emphasize points that were successful. Rev. Connelly, anticipating his run-off against Morris, said he would re-evaluate to determine what steps to take in a re-organization of his group. He indicated he would deal more with the issues.

Today Rev. Connelly advised that many of his supporters had gone to the West Side Recreational Center in Goldsmiths by mistake to cast ballots and he stressed the necessity of advertising the downtown Civic Center as the only polling place in city elections.

Vote Record Set At Casselberry

By DONNA ESTES

CASSELBERRY — Voters went to the polls in record numbers in this city Tuesday to give a resounding vote of confidence to its mayor and council chairman, and to elect a new face to its five-member council.

For the first time in its 30-year history, the electorate of the city gave a third term to a chief executive by re-electing Curtis Blow to the office of mayor while Dr. Edith Duerr was chosen for a fourth consecutive term on the Council and Orlando optometrist, Dr. John Zacco, was given the nod by the voters for a council seat in his first venture into the political arena.

All three candidates received well over 50 per cent of the vote, cast with Blow garnering more ballots than his two opponents combined. High vote getter again was Dr. Zacco receiving 594 tallies with Dr. Zacco receiving 533, incumbent Bill Grier with 494 and Owen

'Education' For Boy, Prison For Mother

TALLAHASSEE, Fla. (AP) — The Florida Supreme Court today upheld the conviction of a mother who admitted showing her eight-year-old son "how boys are made."

One justice said he felt the mother, Rebecca M. Chesbrough, of St. Petersburg, should have been given "the benefit of the doubt" because what she did was "all in the family."

Mrs. Chesbrough was convicted of performing a lewd and lascivious act and sentenced to six to 18 months in jail by Pinellas County Circuit Judge Ben F. Overton. The high court upheld the conviction 5-1.

The court majority said, "We hold that sexual intercourse between a husband and wife in the presence of a child under 14 years of age for the purpose of demonstrating to such child the method of procreating the human race is a lewd and lascivious act."

Mrs. Chesbrough said her son, Starr Donald, returned from school one day "and asked how babies are made. So my husband (Thomas) explained this and we showed Starr in the bedroom."

Askew's Repeal Killed

TALLAHASSEE, Fla. (AP) — Gov. Reubin Askew's bill to repeal the 43 cent pole fishing license tax was killed 32-45 today by the House.

The action doomed hopes that the fee would be repealed during the 10-day session ending today. It also kept Askew from delivering one of the "little people's" tax reform pledges to the voters who approved his corporate income tax on Nov. 2.

The vote came with little debate. House members indicated they had had enough talk on an issue that has been before them for years.

"I think enough has been said about this bill," said Rep. Joe Long Kershaw, D-Miami, the black legislator who led the unsuccessful fight to repeal the tax enacted in 1970.

As if no stands, all fishermen who use come poles must buy a \$3 fishing license unless they are under 16, over 65, on welfare or in the armed services.

Setting to work on supplement bills added to the special session called by Askew on Tuesday, the House passed 98-0 for cloud seeding.

Rep. Jack Shreve, D-Merritt Island, said the seeding has to take place before March if rainmaking to avoid the expected south Florida drought were to work out as planned.

Only three of the 17 items requested by Askew had cleared the Legislature when the final day began.

Electors Make It Official

ALAMONTE SPRINGS — Its official!

Incumbent Mayor Lawrence Swafford and Councilmen Keith Nixon and Helen Keyser have been re-elected.

Thirty-eight persons and one absentee elector cast ballots Tuesday at the 1,782 qualified voters) to re-elect the unopposed officeholders to office for two-year terms.

The election was canvassed this morning, according to City Clerk J. H. Richards for (official titles are Swafford, 38; Nixon, 38, and Mrs. Keyser, 37. There were no written votes.

The election is the sixth term for Nixon, second consecutive unopposed term for Mrs. Keyser and the first unopposed election for Swafford after some 10-plus years in city politics.

Christmas Parade Slated Saturday

By MARILYN GORDON

CASSELBERRY — A change in the route for the annual Casselberry Christmas parade has been announced.

The parade, which promises to be three times as large as last year's, will begin Saturday at 10 a.m. at the rear of Seminole Plaza, with the 80 units marching through the parking lot and entering Highway 17-92 at the Montgomery Ward automotive center.

The parade will move north on 17-92 to Burton Road and right to Sunset Drive, where it will end. The parade is sponsored by the Casselberry Volunteer Fire Department and local merchants.

Some of the other units include the Boy Scouts, Girl Scouts, Florida Pores (Service with Smokey the Bear, Casselberry Junior Palms, 4-H, YFV, Winkler Park WPA, Florida Skindivers, B. C. Bunch, High Stepper Majorettes and a City of Longwood float and, of course, Santa Claus.
