

MR. AND MRS. CURTIS J. GREEN of Lake Mary, pictured aboard ship, just recently returned from a six-day cruise to tropical Port Antonio and Kingston, Jamaica and Port-au-Prince, Haiti. Leaving from Miami, the holiday excursion included a day of sightseeing in Port Antonio; a day in Kingston with its exotic shopping markets and a voo-doo show aboard ship while docked at mystic and colorful Haiti.

### One Man Art Show Held

The Sanford Art Assn. presents the third one-man show of

this season, Gretchen Lewis Crowell's new pastels.

### Moose Complete Picnic Plans

Members of the Sanford Lodge, Loyal Order of Moose, and their invited guests will meet Sunday at Camp Seminole on the Wekiva River for a picnic and barbecue at 1 p. m.

Mrs. Crowell spent her three week vacation painting familiar and nostalgic scenes around Charlotte, N. C., Mathews, N. C. and in Virginia. These pastels include a weathered 200 year old colonial plantation house, that has red bricks put up around whole trees, providing the characteristic columns. The exhibit will remain in the Senkarik Paint and Glass Co. showroom on Magnolia Ave., until November 17th.

## Don Bales Elected School Board Trustee

617 Votes Out  
Of 953 Cast  
Go To Incumbent

County Voters Support 2.75 District Millage

Donald Bales defeated Mrs. Margaret Echelberger in the hotly contested School Board trustee election Tuesday and the less than nine percent of the voters supported a 2.75 district millage for the next two years and a one mill building and bus reserve millage.

Out of the 13,990 registered freeholders in the county only 243 cast ballots with unofficial returns from 22 out of 23 vote precincts in.

As of 11 a. m., no word was heard from the Bear Lake Precinct.

Out of the small handful of freeholders that went to the polls, 714 voted for the 2.75 district millage while 105 voted for other millage ranging from zero to 10.

For the one mill building and bus reserve millage 670 voted for the one mill and 307 voted against it.

That part of the election was very close and apparently gave Supt. of Schools R. T. Milwee some early morning jitters when the votes were tabulated.

Four of the five early morning precincts voted against the one millage levy.

Bales had 611 votes while Mrs. Echelberger had 493.

Bales, in beating out Mrs. Echelberger will serve a two year term starting Jan. 1. The school board will meet Thursday to officially canvass the returns.

Incumbents Fred Blistine and Ray Slaton were unopposed in their respective election districts.

Blistine grabbed 836 votes while Slaton corralled 897 votes.

## Chinese - Russian Breach Widening

**By LARRY VERSHEL**

I guess the more than 70 percent of the registered voters in the city preferred watching Popeye yesterday.

I guess that more than 90 percent of the registered freeholders in Seminole County had other things on their mind than voting in the millage election. Let's hear no more gripes now when there is another millage hike.

Okay, who was the wise guy who placed that black wreath on the door of City Hall last night?

Maybe Congressman Herlong can give us the lowdown on our job performance on Friday.

Day, What ever happened to James T. Avery Jr.?

We hear the County Commission has asked for an attorney general's opinion on this ACL mess.

Nobody asked me but isn't it about time another head rolled in the courthouse?

Here's a progress report on the United-Fund Drive with the percentage of the quota:

Advanced gifts, 10 percent; special gifts, 72.7 percent; physicians, 44 percent; attorneys, 103 percent; dentists, nothing; clergymen, 33 percent.

Engineer Carlton Bliss tells us bluntly that the Orange County drainage and water control program is gonna flood us.

**THOUGHT FOR THE DAY:** It sure would be interesting to see how many people would vote if the names of the non-voters were published.

### VAH-5 Takes Early Lead In Bombing Derby

The Ninth Annual Bombing Derby was off to a roaring start yesterday with the first scores being tabulated Tuesday evening. At the first count, VAH-5 is in the lead with a total of 1020 points, VAH-3 in second place with 1009, VAH-11 in third place with 880 points, and VAH-9 with 850.

In the Weapons Loading event, VAH-3 and VAH-11 are tied for first place with VAH-9 in 3rd place and VAH-5 close behind. VAH-3 and VAH-11 will be scheduled for another drill to determine the winner of the Weapons Loading event.

In the Lay-Down/Pop-up Delivery, first place goes to Cdr. Farmer's crew of VAH-5 with 130 points. Crews from VAH-3 and VAH-11 tied for 2nd place with 132 points each.

VAH-5 has the early lead, but VAH-3 is close behind. The race for the championship is still open to all squadrons.

**HIGHWAY PATROL** trooper Billy Cookson was named recently to replace Trooper J. S. Foster in Seminole County. Cookson has been with the FHP for eight years and is from Holmes County.

### 'Old-Fashioned Christmas' Is Parade Theme

"An Old-Fashioned Christmas" is the chosen theme of this year's Jaycee sponsored Christmas parade, to be held on Nov. 29. Parade Chairman Hammond Polk announced today.

Winner of the \$25 savings bond contributed by the Jaycees for the winner, was 11-year-old Jerri Ann Warnick of 1814 Mellonville Ave.

Polk announced that the deadline for float entries will be noon Nov. 22, and all interested groups are asked to register immediately. Anyone who did not receive a card is asked to contact the Jaycee Information building right away to enter their float.

Over 60 entries have already been lined up, Polk said, and include 11 marching bands. The Marching Seminoles will, of course, be there as well as the Sanford Junior High and Crooms Academy bands.

Lyman will have two entries, Leesburg, Eustis, Jones High of Orlando, Kilminee High, Phyllis Wheatley of Apopka, one each, and three units will enter from the Florida Military Academy in DeLand.

Making their first appearance in this part of the state will be the crack motorcycle team, the Sheriff's Parade from Ocala, 13 of them in snappy uniforms, and reported to be well worth watching.

Parade time has been set at 3:30 p.m. by the Sanford Jaycees, who sponsor the giant parade each year.

### Leadership Of Red World Is Now Contested

LONDON (UPI) — The world Communist movement appeared today to be headed for a major split, with Moscow and Peking openly contesting leadership.

Communist China, smarting under Soviet Premier Nikita S. Khrushchev's blunt refusal to compromise in their ideological dispute on Marxism, has retaliated with a vengeance.

In the past two days, in blatant defiance of Khrushchev's denunciation of Stalin and the Stalinist leadership of Albania, Communist China has:

- Praised Josef Stalin as the true defender of Leninism.
- Publicly supported the Albanian Communist leadership as "correct . . . glorious . . . headed for greater achievements."

Top Communist experts saw nothing yet to indicate anything so drastic as a diplomatic break between Moscow and Peking, but the contest has badly shaken the vision of "monolithic unity" the Communist world has tried to build up over the years.

### Bulletin

Keith Malcolm, 37-year-old former postmaster of Longwood committed suicide this morning by hanging himself. Altamonte Springs Police Chief Claude Lyle reported.

No other details could be learned at press time.

SOMEONE hung a black wreath on the door on City Hall last night. The wreath was still there at 9 a. m. No one seems to know how it got there.

With only 27 percent of the registered voters in the city casting ballots, incumbent Joe Baker swept to an easy City Commission victory over two political newcomers in the election Tuesday.

Baker polled 617 votes while Chester Oxford took 214 and Mrs. Rita Crews, 80.

There was only one write-in vote—Steve Barnes.

Even Jiggs at the zoo suffered from a light voter turnout as for the first time in four years he received no write-in votes.

Out of the 3,514 registered voters, 953 cast ballots.

Baker picked up an early lead after the first tabulating of the ballots a little after 7 p. m. Tuesday night. He grabbed 10 out of the first 13 votes and steadily mounted up a more than 3-1 vote before the tabulating had closed. Unofficial returns showed that nine of the ballots were mutilated with some of the voters picking all three candidates.

Baker after the whopping victory told the Herald that he will work toward an industrial park on the lakefront and thanked the voters who supported him.

The youthful official, who is currently mayor, will serve another three year-term.

### news... BRIEFS

**Hattie Toll 372**  
BELIZE, British Honduras (UPI)—The death toll from Hurricane Hattie rose to 372 today and officials believed the count would go still higher.

**Africans Opposed**  
UNITED NATIONS, N. Y. (UPI)—African countries sought today to keep nuclear weapons out of their continent, where France has tested them in the Sahara Desert.

**2000 Visitors**  
NASHVILLE (UPI)—High-ranking Kennedy administration officials expect about 2,000 persons from the Southeast to attend a White House regional conference here Thursday and Friday.

**Beverage Tax Up**  
TALLAHASSEE (UPI)—State beverage tax collections reached an all-time high of \$8.54 million last month, an increase of \$155,000 over the total for October, 1960. Beverage Director Thomas E. Lee reported Tuesday.

### Gift Certificates Friday's Reward

Besides the convenience and ease of Friday night shopping, something very extra-special is being added this Friday night!

The entire sum of \$100 in gift certificates is going to be given away to one big, happy, lucky winner.

What better early Christmas gift could there be for some one, who will in turn be able to spread it around, choosing gifts for everyone in the family from the stores of the participating merchants, who donate the gift certificates each Friday?

Downtown stores are displaying all kinds of wonderful merchandise to set the Christmas dreaming in motion, with lovely things for Mom, Dad, Grandfather and Grandmother, girl friends, boy friends and all the kids.

### Shopping Center Plans Approved

Plans for North Orlando's 120 ft. by 140 ft. ultra-modern shopping center have been approved by the North Orlando Co. with the stipulation that construction must get under way within a 30-day period.

B. Robert Swartzburg, president of the company in town to conclude negotiations for the center, showed building plans and gave details for its construction at Tuesday's meeting of the Village Council.

The facility will be located on the Longwood-Oviedo Rd. and will have two rows of parking spaces. Its first units of a Hugel Grocery and an Econ-O-Wash Laundry must be completed within 90 days after construction begins with the remaining three units to be built upon demand of tenants.

The center, owned by Mr. and Mrs. George Fekany of Winter Park, will be built by the Ferris Construction Co. of Orlando. Other businesses desired, according to Mrs. Fekany, include a combination beauty parlor and barber shop.

### Peel Jury Still Being Sought

FORT PIERCE (UPI)—Attorneys sought agreement on a 12-man jury from a shrinking list of prospects today in the second Chillingworth murder trial of ex-judge Joseph A. Peel Jr.

Circuit Judge D. C. Smith ordered 12 veniremen tentatively seated in the jury box "locked up" for the night at the end of the trial's second day Tuesday. But defense and prosecution attorneys had not finished interrogating them and there was no indication how many of the 12 would be accepted.

### DeLand Arraigns Sapp Thursday

DELAND (UPI)—Orlando contractor J. Hilbert Sapp will be arraigned before Circuit Judge P. B. Boveia Thursday on charges of collecting from the Volusia County Board of Instruction for goods and services he never delivered.

A County grand jury indicted Sapp Tuesday. Sapp held contracts for the New DeLand High School, the T. DeWitt Taylor School in Pierson and Euclid Junior-Senior High here.

The indictment charged Sapp and his construction firm with taking "more than \$100" worth of property from the school board. Bond was set at \$5,000.

The indictment grew out of a three-week grand jury investigation of the county's school construction program. Reports of faulty construction and other problems touched off the investigation.

### Both Parties Voice Hope In Vote Results

WASHINGTON (UPI)—Democrats today applauded their New York City and New Jersey election victories as support for President Kennedy's program and said they pointed toward victory in the 1962 battle for Congress.

The Republican high command acknowledged the New Jersey outcome was a disappointment. But it said Republican victories in majorities and other elections elsewhere clearly showed that "a tide is running in our favor."

National GOP Chairman William F. Buckley said defeat of New Jersey gubernatorial candidate James P. Mitchell "is by no means a major blow to the Republican party's hopes in 1962."

### Florida State Bank Among Sponsors

In the list of sponsors for the Navy Appreciation Day, published Tuesday in the Herald, the Florida State Bank was omitted. Tickets to this observance scheduled for 2 p. m. at the Golden Lake Recreation Area, can be obtained from the bank as well as from the nine other firms listed Tuesday.

Reservations for the Saturday function are not necessary, but they are required for the Bombing Derby luncheon which will be held Friday at noon. These reservations must be obtained not later than Thursday noon and are available at the Chamber of Commerce office.

### Seals Ready

JACKSONVILLE (UPI)—Three Civil Air Patrol planes will fly Christmas seals from Jacksonville to Gov. Farris Bryant in Tallahassee Thursday to launch the 1961 Christmas Seal campaign in Florida.

### For China Too?

WASHINGTON (UPI)—Sen. Hubert Humphrey, D-Minn., believes Russia's 50-megaton blast and the other shots in the current Soviet nuclear test series were designed as much to impress Red China as to frighten the West.

### Bond Plan Rejected

TALLAHASSEE (UPI)—Secretary of State Tom Adams said Tuesday financiers turned down Gov. Farris Bryant's plan for financing classroom construction with bonds paid off with general appropriations.

JUNIOR CLASS FLOAT BUILDERS have the dubious assistance of Prince, a big brown boxer, who eyes the cameraman. Jane Miller and Diane Beasley are hard at work on the Homecoming float, assisted by Bobby Johnson, (on float) and Don McMurray. More than 15 floats will parade downtown Sanford Friday at 4:15 p. m. (Herald Photo)

IT TAKES HARD WORK, and physical agility, as well as lots of other talent, to carry out the ingenious ideas of the Senior Class as they work on their Homecoming float. Here Alison Blake assumes a prone position to give assistance to Merritt Phillips, Aston Asensio, Jo Ann Ziegler and Bob Williams as they put together their entry for the parade Friday at 4:15 p. m. (Herald Photo)

## Seminole Homecoming Opens Thursday Night

Seminole High School Homecoming festivities will take off with a bang Thursday night with a big bonfire and pep rally to be held in the parking lot across from Sanford Junior High School, beginning at 7 p. m.

Friday, citizens will have a treat in the big Homecoming parade, which this year will have 15 floats, with myriad ingenious and clever ideas, and more than 15 decorated cars. Parade Marshal Doug Stenstrom has announced.

The parade will form at Memorial Stadium at 4:15 p. m. and led by the Marching Seminoles and the Majorettes will proceed down Mellonville to First St., down First past the reviewing stand at Magnolia and First and on down First to Oak Ave.

Judges for the first, second and third place prizes will be Mayor Joe Baker, Mrs. Patty Gatchel and Captain Robert Slye.

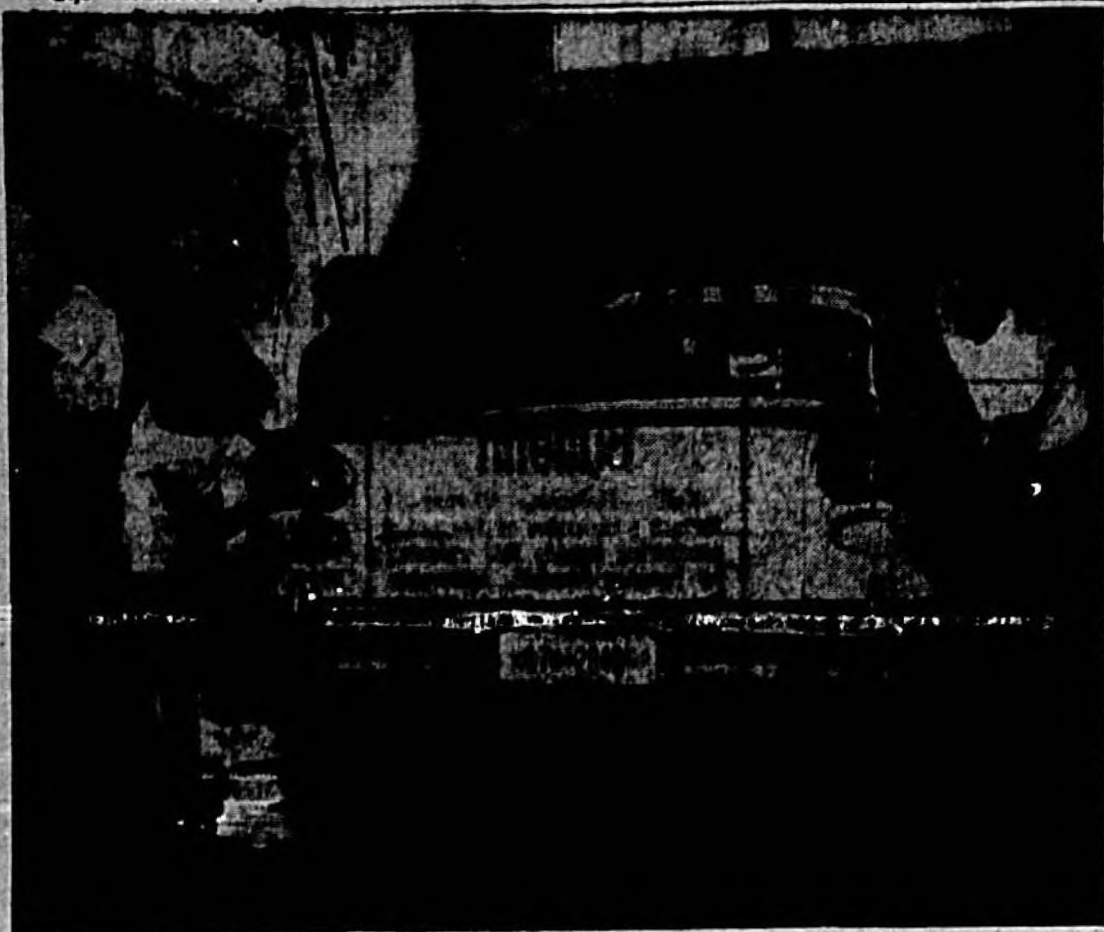

Right after the parade a pep rally will be held at the corner of Magnolia and First, led by the Seminole High cheerleaders, to whip up the battle fervor for the gridiron clash at 8 p. m. at Memorial Stadium when the mighty Seminoles meet the Bishop Moore Hornets.

Homecoming sponsors, Vida Sue Smith, Luella Fore, Alison Blake and Jean Tolson, with their escorts will be introduced to the football audience preceding the game, and will occupy the seats of honor during the activities.

A very special, and highly entertaining half-time show is being planned by the Marching Seminoles and the Majorettes, but in order not to spoil the effect, no description of the show will be given. However, spectators may rest assured that it will be a mighty good show.

Following the football game, the Homecoming Dance will be held in the high school cafeteria, with a special invitation issued to all alumni of the school. The dance, parade, and pep rally are all sponsored by the student council, led by student body president Doug Stenstrom.

SENIOR YOUNG CHURCHMEN of Sanford's Holy Cross Episcopal Church spent all day Saturday washing cars to earn money for their project of providing church roadside signs to be placed on the major highway approaches to Sanford. Members of the organization, served by Lee Swartz and Mrs. Edith Brown as advisors, pictured at work are, from left, Danelle Wright, Susan Perkins, Kathy Fremming, Sylvia Williams, John Horner (in front of the car and) Ross Wontenay. (Herald Photo)

### Male Chorus Sets Program Tuesday

All arrangements have been completed for an enjoyable evening at the Civic Center Tuesday at 8 p.m. when the Sanford Male Chorus entertains.

Their program includes such favorites as the Prayer of Thanksgiving, Psalm 150, some Negro spirituals, "The Pilgrims Chorus" from Tannhauser, plus a couple of Rodgers and Hammerstein numbers for variety.

They also will do some folk songs, including Stephen Foster favorites, and will introduce a new song written about "Sanford On The Lake" by Mr. Robert Carnie, the director. The program will close with a stirring rendition of

ALL SEMINOLE High School grads and alumni are extended a hearty welcome today to join in all the festivities planned for Homecoming, by Doug Stenstrom, president of the Seminole High Student body. "We invite you to join the pep rally Thursday at 7 p. m., watch the parade downtown at 4:15, Friday attend the game at Memorial Stadium at 8 p. m. when the Seminoles meet Bishop Moore, and come to the Homecoming Dance in the cafeteria after the game," said Stenstrom.

The Battle Hymn of the Republic. Margaret Echelberger, soloist, will sing Bless This House, Calm as the Night, Come back to Sorrento, Begin the Beguine, in the

John M. Adams Dies At Home  
John M. Adams, 33, died Tuesday afternoon at his home on Richmond Ave. after an illness of one year.  
He came to Sanford 19 years ago from Saginaw, Mich. and was engaged in farming until two years ago, when he was employed by Harcar Aluminium Co.  
He was a member of All Souls Catholic Church, Knights of Columbus and member of the Holy Name Society.  
He is survived by his wife, Martha of Sanford, father and mother, Mr. and Mrs. Hazel Adams, one sister, Miss Helen Adams of Sanford and two brothers, Joseph in the Army in Alaska and Frank in Saginaw, Michigan.  
Funeral arrangements, under the arrangement of Brisson Funeral Home will be announced later.

LEARNING NEW SKILLS and brushing up on old ones are these adult students in the day classes of the Seminole County Vocational School. Practicing typing, front row are Mrs. Monse Valez and Mrs. Anne Humphrey. Back row are Mrs. Burnell Lemons and Stephen Kostival. Standing is Mrs. Penrose Love, teacher and director of the school. (Herald Photo)

Still of the Night, and Morning, by Oley Speaks.  
The Woman's Club hostesses for the evening will be Mrs. Ray Ashton, Mrs. Wm. Merritt, Mrs. A. W. Woodall, Mrs. John White, Mrs. Gerald Warnke, Mrs. Donald Flamm, Mrs. Bill Stringfield, and Mrs. David Moore. The ticket chairman, Mrs. Clark Brustee reports that she will be on hand to sell tickets at the door, and will be assisted by Mrs. Fred Harris.

Business Briefs  
Sales at Winn-Dixie Stores, Inc., which operates a number of supermarkets in this area, increased 3.21 percent during the 52-week period ended Sept. 23 compared with the corresponding period last year, it was announced.  
The volume amounted to \$787,574,724 during the 52-week period ended Sept. 23, an increase of \$27,804,588 over the 52-week period ended Sept. 24, 1960, when sales totaled \$759,770,136.  
For the 12-week period ended Sept. 23, sales were \$170,183,681 compared with \$166,922,488 during the 12-week period ended Sept. 17, 1960, an increase of \$4,261,148 or 2.57 percent.

The honor, accepted by M. R. McDonald, company advertising vice president, cites FP&L for "outstanding leadership for excellence in advertising."

Based on competition with 300 other major utilities throughout the United States and Canada, the award—presented on points accumulated on a monthly basis—is sponsored by Vincent Edwards Ad-Views Services of Waltham, Massachusetts, publishers and producers of Public Utilities Ad-Views magazine.  
A SWITCH  
SAN FRANCISCO (UPI)—Surf-boarding originated in Tahiti and the Tahitians taught the art to the Hawaiians.  
But, according to Matson Lines, you'll find surfing almost unpracticed today in Tahiti—whereas in Hawaii it's the island's most famous sport.

Adult Education Stressed By Director  
"There was a day when you could finish elementary or high school, take a job with a local concern and forget about education forevermore. That day is dead!" says Mrs. Penrose Love, director of the Adult Vocational School here.  
"Today," she added, "you must learn and keep on learning, or you will lose out."  
The answer, according to Mrs. Love, lies in the low-cost or no-cost adult education classes at the Seminole County Vocational School.  
Local adults are advised to investigate the adult education program if they (1) need a job but lack necessary skills, (2) want to gain new skills in order to advance to a better job, (3) would like to help the husband in business, (4) would like to take a refresher course, (5) would like to take some courses for personal use, (6) want to get your high school diploma.  
The courses offered by the Seminole County Vocational School are varied and complete. All are available in the day program as well as the evening program.

Garden Club To Meet  
North Orlando Garden Club members will meet for their November meeting at 7:30 p. m. Thursday at the home of Mrs. William MacKintosh, 51 N. Devon Ave. Co-hostess will be Mrs. James Black.

### Clinic Mothers Give Valuable Service At SHS

High School Clinic Mothers is the name of a group of dedicated women, mothers of all classes at Seminole High, who serve every day in the clinic at the school from 8:30 a.m. to 3:30 p.m.

Clinic duties include first aid and assistance to students who do not feel well. An average of 20 students per day make use of the clinic facilities for one or more periods each day. Some return to class and some are taken home or to a doctor's office.

Duties also include eye testing of each student and hearing tests, which will be conducted soon. Students with more serious health problems are turned over to the school nurse, Mrs. McClure, and she in turn consults with the students and parents.

There are five beds available at present in the clinic and there is space for another one, which is badly needed. Other items which are needed are pillowcases, single bed sheets, chest of drawers to store linens, a first aid cabinet, scales, a coat rack and a pillow with a plastic cover.

Co-chairmen of the Clinic are Mrs. E. W. Avenal and Mrs. E. A. Miller, with Mrs. M. J. Corbett as secretary. The committee meets once a month with the school nurse, Mrs. McClure, and Mrs. June Wain, school health co-ordinator. Various problems are discussed and regulations are set up. The committee also makes up a schedule of clinic days for mothers to follow.

The project was originally started by the Junior Class mothers but has now been expanded to include all mothers.

### Hittell Named Chairman Of Yule Seal Drive

Claude E. Hittell, salesman for Holler Motor Sales, this week accepted the Seminole County chairmanship for the 1961 Christmas Seal Campaign which opens Monday and will continue through December.

Announcement of the appointment was made by Mrs. W. W. Tyre, president of the Seminole County Tuberculosis and Health

Assn., who said that under Hittell's capable and dedicated leadership she feels the 35th Annual Seal Campaign will be one of pride to everyone concerned. Organization of the annual sales campaign already is underway

and volunteer helpers to staff seals and letters to be mailed out Friday and Saturday of this week are urgently needed, Hittell reported, asking that those who can donate time to this work contact him or Mrs. Tyre.

"Contributions for seals do much to prevent TB and to bring those who have the disease under the care of physicians resulting in a remarkable saving of lives. Please support this program through your generous donations and by making liberal use of the Christmas Seals," he urged.

CLAUDE HITTELL

Sanford Moose To Host Picnic  
The Sanford Moose Lodge will be host at a 1 p. m. picnic and barbecue Sunday for all members of the organization and their invited guests, at Camp Seminole on the Wekiva River.  
Final plans for the social event were completed at Wednesday night's weekly meeting of the Lodge according to Ernest Clements, head of the committee in charge of arrangements.

"SAFETY FIRST" is a motto of Lt. Gerald M. Ryman of Hatron Seven. While attached to Training Squadron 22 at Kingsville, Texas during 1960, he was awarded a citation for his part in stressing safety, thereby helping his squadron to win the coveted Chief of Naval Air Advanced Training Annual Safety Trophy. His safety conscious attitude has contributed greatly to Hatron Seven's successful safety program.

### Ballroom Dancing Class Slated

Jim Jernigan, Director of Recreation, announces the beginning of a new ballroom dancing class. Classes will be held at the Civic Center beginning November 21, from 7:30 to 9:30 p. m. There will be a registration fee of one dollar per person. All non-residents of the City of Sanford must pay the five dollar non-resident fee at City Hall before registering for the class. This class is open to adults and teenagers. There is no registration fee for teenagers, but they are required to have a Civic Center card. Lessons are sponsored through the Recreation Department, and are under the direction of Nancy Davis, dance instructor.

### Fleet Reserve Lists Meets

The president of Sanford Fleet Reserve Assn., Branch 147, Clyde Bryan, has invited all Navy men in the greater Sanford-Orlando area to the next regular branch meeting, at the Asan Hall, 219 W. Seminole Blvd. at 8 p. m. Monday. The Ladies Auxiliary FRA meets in the TV room at 8 p. m. also. There will be a stag meet at the Hall at 7 p. m. Friday and the Sea Explorer Scouts, Ship 506 meets each Tuesday at the Hall at 7 p. m.

### Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF AND FOR SEMINOLE COUNTY, FLORIDA. CHANCERY NO. 11414. THE HORTON FIVE CENTS SAVINGS BANK, Plaintiff,

vs. JOHN M. SCOTT, et al, and et al, Defendants.

NOTICE IS HEREBY GIVEN that on the 20th day of November 1961, at 11:00 A. M., at the main door of the Court House of Seminole County, at Sanford, Florida, the Honorable Arthur H. Beckwith, Jr., Clerk of the Circuit Court of Seminole County, Florida, will offer for sale to the highest and best bidder for cash, at public outcry, the following described property of the Defendants John M. Scott and Lois Scott his wife: Lot 16, Block "B", COUNTRY CLUB MANOR, UNIT No. 1, Seminole County, Florida, according to Plat thereof recorded in Plat Book 11, page 31, of the Public Records of Seminole County, Florida, together with all structures and improvements, then or hereafter on said land. This property is also known as the premises at 118 Country Club Drive, Sanford, Florida.

This is made pursuant to Final Decree of Foreclosure entered in the above cause, Chancery Docket No. 11414, now pending in the Circuit Court of and for Seminole County, Florida.

IN WITNESS WHEREOF, I have hereunto set my hand and official seal, this 8th day of November, 1961.

(SIGNED) Arthur H. Beckwith, Jr., Clerk of the Circuit Court in and for Seminole County, Florida. By: Joan M. Wilke, Deputy Clerk ANDREW R. RUSH, WARD & USAN, 322 East Central Avenue, Orlando, Florida Attorneys for Plaintiff

# Seminoles Emphasize Passing For Homecoming Tilt

**By PETE LEVEQUE**  
**Herold Sports Editor**

An increasing amount of emphasis and practice is being given to passing attack at Seminole High School this week as Head Coach Jim Pigot and his staff conducted variety football Squad tactics to orient the Seminoles in the ways of their Homecoming foe—the hard fighting Hornets of Orlando's Bishop Moore High School.

Concentration is still being given to the defensive strategy of the strong Seminole Lineemen. Sanford's 20-13 victory, in spite of the persistent efforts of Pearson and Welch, was not as good as it could have been in the Seminoles' 21-13 victory over the Wildwood Wildcats.

Scouting reports indicate that Bishop Moore's horribling Hornets have no small amount of

strategic striking power in their backfield and have little trouble in showing that they know how to use it. The Seminoles are in for a lot of hard work and determination to successfully keep the Hornets on their own end of the field.

The impressive array of individual and team statistics which the Seminoles have chalked up in the scorebook so far this season continues to rise steadily and mount to even greater height than before. In a total of the seven games played this season, the Seminoles have compiled a vast total of 173 points compared to the 120 points which have been scored against them.

The Seminoles have a scoring average in their perfect 1000 game average of 24.7 points per game and an average winning margin of 22.0 points per game. There have been a total of 30

touchdowns made for the Seminoles in seven games and 17 conversion units made for the 173 point total, giving the team a .484 average on extra points attempted and a 2.7 touchdown average and a 2.4 extra point average per game.

In the Wildwood game the Seminoles showed up better than they had all season in two areas of the game — penalties and passing yardage. Passing yardage was elevated to a high for the seven games of 119 yards, whereas the previous high yardage had been in the Winter Park game which the Seminoles grabbed a 46-0 victory.

The Seminoles are due a lot of credit in their demonstration against Wildwood to keep playing penalties to a minimum. Penalties never have been the deciding factor this season against the team and was one of the contributing factors which

kept the Seminoles unscored-on for so long. The penalties for the Wildwood game were kept to a low of ten yards where previously the low penalty yardage had been in the Seabreeze game with 33 yards.

Along with an increase in passing yardage the Seminoles gained a substantial increase in passing accuracy. By generally limiting the passing to short, lateral passes and a few longer ones,

the accuracy reached a new high in the Wildwood game of 75 percent from the previous record in the Seminoles' opening gridiron contest with Titusville with 60 percent passing accuracy.

Seminole High's elusive half-back Bubba Davis, seemingly gaining some new record or distinction with almost every move he makes on the gridiron, this week pulled further ahead of the runners-up in the top scorer

listings to secure even more his first place position as number one scorer for the team.

Davis has compiled a huge total of 11 touchdowns and 66 points in the total of seven games played this season with a 9.4 points per game average and a touchdown average of 1.57 per game. Davis is also high in the team rankings in both passing and rushing yardage.

Seminole star punter Gary

Davidson, as a result of the conversion units kicked by him in the Wildwood game last week, advanced among the Seminole scorers to tie for second place honors with halfback Butch Riser. Riser climbed to the number two spot out in front of Bill Phagan in last week's listings after scoring two touchdowns against Leesburg and becoming top Seminole scorer for that game.

Together, Riser and Davidson

account for about 30 percent of the team's total scoring markup of the season. Phagan, with 20 points and three touchdowns in seven games, has scored 11.6 percent of the points. Davis with his record of 11 touchdowns accounts for 38.1 percent of the total points. Two touchdowns each by Champion and Williams and one each by Terwilliger and Boniface and Hinson's extra point account for the remaining 21.3 percent.

## Junior Seminoles Lose

The Junior High Heavy Squad Seminoles were edged by the Junior High Seabreeze Sandcrabs of

Daytona Beach 19-13 Tuesday night in Memorial Ball Park in a close gridiron contest that saw the

Junior High Seminoles defeated for the first time in the 1961 football season.

**TERRIFIC TEXAN . . . . By Alan Maver**

The scoring began early in the first few minutes of the ball game, almost before all of the 200 or more fans had gotten seated. Inside of two minutes and four gridiron plays, the Seminole Squad had advanced to and crossed the Sandcrabs' goal line, giving the Heavy Squad a 6-0 lead.

Quarterback Clint Phillips threw a pass good for 30 yards to Seminole right halfback Jerry Moody as he was downed on the Sandcrabs' 15 yard line to set up the first scoring play for the Seminoles. Junior High left halfback Ownby ran the ball over for the touchdown. The conversion point was attempted by Ownby and missed.

Sanford kicked off to the Sandcrabs. Seabreeze carried the return to the 30 yard line. Additional yardage was gained for the Sandcrabs, setting up their touchdown play. A Seabreeze halfback ran the ball 50 yards for the first Sandcrab touchdown. The extra point was made, giving the Crabs a 7-6 first quarter lead.

Seabreeze scored once again in the second quarter on a 30 yard pass play, missing the conversion point. In the third quarter both teams were scoreless, leaving the score at the beginning of the last quarter 13-6 in favor of the Sandcrabs.

In the fourth quarter, the scoring was begun by the 'Crabs in Sanford territory with a pass interception by a Seabreeze end and a 20 yard run for the touchdown. The conversion point was tried and missed.

Sanford rallied halfway through the final period of the game with a long 60 yard drive, with right half Moody and left half Ownby alternating plays to chalk up yardage for the Heavy Squad. Finally the scoring play was made by Moody from an off tackle three yard run for the touchdown, bringing the final score of the ball game to 19-13. Andy Lyons made the extra point.

Heavy Squad Coach Dan Pelham declined to single out any of the players as outstanding in what he described as "a well-played game and the toughest game we've played this year." The coach felt that linemen Joe Farley and Joe Purdy played a good defensive game. Sterl Weber played "a very consistent game and showed up as a good dependable player" said the Coach.

The Junior High Heavy Squad finished out the year with a (4-1-1) record with Tuesday's game their only loss. Halfback Moody leads the team for the seasonal scoring record of eight touchdowns in six games. Phillips and Ownby tied the seasonal second place with two touchdowns each.

## Fraleley's Weekend Picks

**NEW YORK (UPI)** — Fraley's fancies and the weekend football "winners" — as seen in the padlock at Aqueeduct.

**Game of the Week**  
 Iowa minus two over Minnesota — Iowa has lost two in a row and Minnesota won five in a row, so how come the Hawkeyes are favorites? But that's the line and a long-time jinx over visiting Gopher teams gets the nod.

**The East**  
 Columbia minus two over Dartmouth—May earn diploma here.  
 Harvard minus one over Princeton—Can prove tough foe.  
 Pitt plus three over Notre Dame—Appears well placed.  
 Yale minus one over Penn—May lead throughout.

**Also:** Syracuse over Colgate, Cornell over Brown, Penn State over West Virginia, Army over William and Mary, Lehigh over Bucknell, B.U. over Connecticut, Rutgers over Delaware, Gettysburg over Temple, Holy Cross over Massachusetts, Albright over Juniata, Lafayette over Tufts and Lebanon Valley over Ursinus.

**The Midwest**  
 Ohio State minus 10 over Indiana — May forget to stop.

**Holler-Navy Play Reported**  
 The first 500 series was rolled by Almeta Franklin at 501 in the Holler Motors-Navy Wives League. High game was tied by Almeta Franklin and Fran Mackey at 181. The fourth high split was made by Sally Basinger and Kay Bowman. R. Spinnelli and Betty Allen made the 3-10 split. Lou Gellner made the 5-10. B. Drummond made the 5-9-7 and the 5-10. Bertha Neville made the 6-7-10.

In first place is VAH-7, Enlisted Wives, with a 24 win and 12 loss and Navy Wives Club 211 is in second with a 22 win and 14 loss.

**Michigan State minus six over Purdue**—Back in stride.  
 Michigan minus 14 over Illinois — Reported ready.  
 Iowa State minus six over Nebraska — Last not true.  
 Also: Missouri over Oklahoma, Northwestern over Wisconsin, Villanova over Detroit, Miami, Ohio, over Dayton, Wichita over Drake, Kansas over Kansas State, Bowling Green over Ohio U. and Utah State over Western Michigan.

**The South**  
 Navy minus three over Duke—Went well last.  
 Tulane plus 14 over Miami — Needs top effort.  
 North Carolina plus 12 over LSU — Factor if in mood.  
 Kentucky minus three over Vanderbilt — Stout rival here.  
 Also: Maryland over North Carolina State, Auburn over Mississippi State, Clemson over South Carolina, Florida over Georgia, Wake Forest over VPI, Alabama over Richmond, Mississippi over Chattanooga and Memphis State over North Texas State.

**The West**  
 TCU plus 7 1/2 over UCLA — Upset factor.  
 Oregon State plus six over Washington — Can prove tough.  
 USC minus nine over Stanford — Found stride.  
 Oregon minus 13 over Washington State — Has been trailing.  
 Also: California over Air Force, Colorado over Utah, Wyoming over New Mexico and Brigham Young over Colorado State.

**The Southwest**  
 Arkansas plus five over Rice—Well up recent two.  
 Texas minus 10 over Baylor — Figures to score.  
 SMU plus 11 over Texas A&G—Improvement expected.  
 Texas Tech minus seven over Boston College—Needs fast track.  
 Also: Houston over Tulsa, Arizona over Idaho, Hardin Simmons over McMurray and North Texas State over Trinity.

## Spartettes Hold 1st Place Lead

In the Kingswood Builders Sunland Bowling League the Cherokee Spartettes and the Trailettes won four points each this week to remain in their respective first and second place positions.

Close behind in third place are the Comets. The high games were rolled by Shirley Conkley with a 177; Betty Church and Betty Allen, each with 175; Marge Lyons with 164. Betty Church rolled a turkey to take the high series with 467.

Splits were picked up in the League as Betty Cox made a 3-10 shot; Carol Ward, a 5-7-8; and Betty Allen, with both a 5-7 shot, and a 5-10 shot.

Just say charge it . . . or buy now—pay later on convenient terms

**Tech's Williamson Set For Key Vol Contest**

By United Press International  
Georgia Tech halfback Billy Williamson, the little man who comes up with the big play, will be in shape to play against Tennessee Saturday.  
"I can tell you I'm mighty happy to have him back for the Tennessee game," said Coach Bobby Dodd, a Vol alumnus.  
After missing two games because of an injury, Williamson played against Florida last week

end and, as usual, turned in some key plays. The 161-pound senior was laid low by a reaction to a penicillin shot after the Gator game but now is well on the way to recovery.

Tech tackle Ed Griffin, a former B-leamer who advanced rapidly this fall, reached a peak of sorts Tuesday when he was named Southeastern Conference line-man of the week by United Press International.

Griffin, a 214-pound junior from Moultrie, Ga., was selected for his role in the 20-0 victory over Florida. He recovered a fumble to set up Tech's first touchdown, played a steady defensive game and was outstanding on offense as he completed 26 of 28 blocking assignments.

Dodd is not underestimating the Vols despite their so-so performance to date. "Any time you've got backs like Glenn Glass and Mallon Faircloth on a football team you've got to respect them," he said. Dodd predicted a high-scoring game.

Alabama held a contact drill Tuesday in preparation for Saturday's game with Richmond. End Tommy Booker, tackle Charles Pell and halfback Bill Oliver, all injured in the Mississippi State game, worked out in sea clothes.

Vanderbilt got ready for Kentucky by stressing passing. Kentucky ran through a spirited workout led by quarterback John Rampulla, who replaced injured Jerry Woolum.

Louisiana State worked against the North Carolina defenses. Mississippi drilled in all phases of offense and defense for the expected breather with Chattanooga.

Reserve quarterback Tom Batten was expected to do most of Florida's throwing against Georgia Saturday. He caught Coach Ray Graves' eye with a good performance against Georgia Tech last weekend.

Georgia kicking specialist Durwood Pennington will take on a new role for the Florida game, Coach Johnny Griffith said he would share the second team right end chores with John Landry.

**Appleby's Take Over Top Spot**

In the Thursday Nite Mixed League, Appleby's Restaurant has emerged in the number one spot with 22 wins, but is followed closely by three teams tying for second place each with 21 wins. Powell's Office Supply, Team Seven, and Wilson Maier Furniture. Only half a point away is Pryor's State Farm Insurance with 20½ wins to take an undisputed fifth place.

Stone's Allstate Insurance, Stine's Machine Shop, Team Two, Pierre's Manufacturing Company, and Steinmeyer Roofing Corporation are also bunched up right behind the top places.

Dave Dearolph was top scorer with a 563 series, with Gerald Behrens running a close second place with a 562 scratch series. Margie Woods had the high single game of 220.

Pat Dearolph, Harold Appleby, Claudette Behrens, and Don Brumfield made the 3-10 split. Don Brumfield also made the 5-7 split and Claudette Behrens, the 5-6 split.

Buddy Bass, Wallace Woods, Steck Bolly, Pat Fitzpatrick, and Harry Pentecost also picked up this baby 5-6 split. Ruth Phillips, Fitzpatrick and Jesse Carathers all made the 5-10 split.

Other splits that were made were: Ellen Betts with a 4-3 split; Alberta Warner, a 5-7 split; Clyde Piercy, John Ogden, and Johnny Downs, each with a 4-9 split; Nell Thomson, a 2-7 split; Tenna Armas, a 5-7 split; and Carl Von Herbulis, a 5-7-9 split.

**Cage Loop**

Jim Jernigan, Director of Recreation, announces the first meeting of the Men's Basketball League for this season. This will be a meeting to organize the league. It will be held Nov. 9, 1961 at 7:30 p. m. in the Recreation Department Office located at the Civic Center. All interested managers should attend this important meeting.

**Clinics Set**

The City of Sanford Recreation Department will be holding clinics for team managers and officials starting Nov. 20. The clinic will be held each Monday night for three weeks. All persons interested in managing or officiating Men's or Boy's teams will be required to attend at least two of the three clinics. Examinations will be held at the conclusion of the clinic.

**Coaches Split Weekly Award**

NEW YORK (UPI)—One was facing the No. 1 team in the country and the other was facing the No. 2 team, and each found himself a one-touchdown underdog.

But both men guided their teams to stunning upset victories and that's why, for the first time in history, United Press International "Coach of the Week" honors in college football were divided today between two men.  
Go—hall to Murray Warmath of Minnesota, whose Golden Gophers

handed top-ranked Michigan State a 13-0 beating, and hall to Paul Dietzel of Louisiana State, whose Bayou Bengals followed suit a few hours later by whipping second-ranked Mississippi, 10-7, under the lights.

Each week the 35 famous coaches who make up the UPI football ratings board nominate one coach as the man who did the top job on the preceding Saturday. But this week Warmath and Dietzel received exactly the same number of votes.

## Junior High Provides Varied Pupil Needs

The program at the Sanford Junior High School provides subjects to meet the unique physical, social, emotional, and intellectual needs of each pupil. An accelerated mathematics program is available to those who excel in this area. The English classes are geared to emphasize the correct use of our language, creative writing, vocabulary enrichment, and reading. Special classes are provided for the students who need help in reading. This year a speed reading course has been added to the curriculum.

In the physical education department a course in health is being offered in addition to the physical fitness program, which is already in operation. For the musically talented child, band, glee club, and a general music course are given. In social studies, emphasis is placed on our rich American heritage and the child's relationship to the world. A constant reading of current events is a part of the program.

To make the student aware of himself and his surroundings is one of the main objectives of the science department. Current Science, a weekly magazine to which each student subscribes, keeps them abreast of scientific developments.

The guidance program of the school is based on the cooperative efforts of every member of the staff. Each teacher has in his possession the accumulated records of each child in his room. The faculty of the junior high takes pride in their thorough knowledge and understanding of the potential abilities and the weaknesses of the students whom they instruct.

Additions and changes are constantly being made to keep up with the problems, concerns, and interests of the boys and girls who attend Sanford Junior High School.

## Ganas Returns From Classroom Teachers Meeting

Fred Ganas, President of the Classroom Teachers Association of Seminole County returned Monday from the Southeast Conference of the National Education Association's Department of Classroom Teachers.

The conference, held at the Carillon Hotel in Miami Beach November 2-3-4, was attended by 750 teachers from West Virginia, Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, and Florida. Its theme was the increasing awareness by classroom teachers throughout the United States of their need to participate in making teaching truly a profession. Areas of awareness were in autonomy for the profession, higher ethical standards, increased status as a profession, higher teaching standards, accountability for the profession, better selectivity, a striving for excellence, a stronger sense of responsibility and an overall recognition of the need for the highest standards of professionalism.

Mrs. Anita Ruffing, president of the NEA Department of Classroom Teachers keynoted the opening session with an address, "Teaching, a Profession."

Thomas D. Bailey, Florida's Superintendent of Public Instruction delivered an outstanding address on "The Marks of Mastery in Teaching." He spoke on expanded perspectives in education and what's ahead in the next ten years for the teaching profession. His three marks of mastery in teaching are depth of understanding, discipline of both self and the classroom, and belief in democracy.

Other topics discussed were joint project on competence, project on instruction, insurance, and ethics. The highlight of the conference was an address by Ewald Turner, President of NEA on the theme, "Teach for Tomorrow."

An airplane can be seen under favorable conditions from a distance of about 13,000 feet.

## Honorary Teachers Sorority Holds State Meet

The Alpha Delta Kappa Honorary Teachers Sorority held its annual state convention recently in Leesburg.

The theme of the entire program was "Together in Orbit." The topic of the general meeting which took place in the Woman's Club House, was "Jet Flight to Denver, Colorado, International Convention." The members who attended this convention gave the highlights in an interesting manner.

During the business session, Mary Ellen Ford, state athletic chairman, reported on the state project and the needs. She com-

mented that the students at FSU who have been helped by the sorority are in the upper two percent of the university.

Yearbooks from the various sororities were displayed. The one from Sanford, prepared by Mrs. Mildred Lind, historian, was enthusiastically received as the most attractive.

The business meeting closed after the election of state officers had been completed. Following this meeting, the group adjourned to the Leesburg Community Building where a delicious luncheon was served. Miss Ollie Reese Whittle, president of the local sorority, led the group in singing

several old, familiar songs. Musical selections from the Broadway shows, My Fair Lady and The King and I were artistically presented by Mary Crawford, a music teacher in the Leesburg schools.

Before adjournment of the convention, the members were presented with grab bags which contained many useful souvenirs donated by the merchants of Leesburg.

Members of the local sorority who attended were Mrs. Belle Rumbley, Mrs. Helen Richey, Mrs. Joyce Roberts, Mrs. Marie Stumpf, Mrs. Mildred Lind and Miss Ollie Reese Whittle.

BIG BILL PHAGAN stole the show at the Glee Club production of "Say It With Music" last week. As president of the Glee Club, Bill served as emcee and what a master of ceremonies he made!

Every time he came fumbling his way out from behind the curtains, they laughed—but it was affectionate laughter. Once he went through a whole routine announcing the next act, and walked off the stage. After a few minutes of dead silence, back came Bill, making erasing motions in the air with his hands, not at all shook up and grinning, announced, "I goofed."

This remark was greeted with

BILL PHAGAN

gales of good-humored laughter, and Bill laughed, too, then went on to bring on the rest of the acts. They're still talking about the way he poked his head through the curtains to watch one act getting ready, withdrawing it several times, to announce, "They're not ready!" ... "They're almost ready!" ... "They're ready!"

And so, a charming master of ceremonies in "born" and he should be called on more often!

The show itself was a fine, first rate production, typical of the SWS Glee Club. It was a thoroughly entertaining, wholly enjoyable show and revealed some very fine talent, in the singing, dancing, duets and solos performed by the well-blessed girls and boys, who amazed the audience with the quality of their performances.

Patty Glea Johnson received an encore ovation from the appreciative audience, many of whom have been hearing her sing since way back in Pinecrest elementary school days.

The Chorallers' beautiful rendition of the song melody from "The Sound of Music" was so thrilling it brought chills to the spine and tears to the eyes.

Miss Ollie Reese Whittle, director, is to be commended for her expert use of the talent and ability possessed by these Seminole High students of music, and for the choice of the music, the programming and the training which goes into such a fine production.

A consensus of comments from the audience brought out the conclusion: "One of the finest high school musical shows ever seen."

Casselberry

Personals

By JANE CASSELBERRY  
Weekend guests of Rev. and Mrs. Oscar C. Poole of Piney Ridge Rd., Casselberry, were his parents, Mr. and Mrs. O. M. Poole of New Smyrna Beach.

Commander Art Block, Mr. and Mrs. Ralph Tilton and Mr. and Mrs. George Howard of VFW Post 6207 of Casselberry attended a quarterly meeting of the Eighth District, VFW Posts and Auxiliaries, held Saturday night in Melbourne.

Mr. and Mrs. Edwin Downer arrived last Wednesday from Toledo, Ohio, and are staying with their daughter and son-in-law, Mr. and Mrs. Albert Olsen, Northmoor Rd., Casselberry. The Downers plan to build a home on Crystal Bowl Cr. next to the residence of Mrs. Downer's sister, Mrs. Cliff Overman.

It's best not to try to camouflage heavy legs with a long skirt. This looks dowdy and emphasizes the legs.

LYNN JACKSON

COLLEGE NEWS of the week comes from Kappa Delta social sorority at Florida Southern.

Marty Stemper, daughter of Mr. and Mrs. W. H. Stemper of Sanford, has been initiated into Kappa Delta and Lynn Jackson, daughter of Rear Admiral and Mrs. Robert Jackson of Sanford, is a new pledge of the sorority.

Miss Stemper is a sophomore there this year and Miss Jackson is in her junior year.

ALSO FROM MOUNT HOLYOKE College in South Hadley, Mass., comes word that Miss Margaret (Peggy) Westgate recently played a leading role in the annual Junior Show at Mount Holyoke, which was written and produced entirely by members of the Junior Class.

Peggy, daughter of Mr. and Mrs. P. J. Westgate of Sanford, is a graduate of Seminole High School. Dr. Westgate is with the Central Florida Experiment Station here and Mrs. Westgate teaches Science at Sanford Junior High.

HOMEcoming is the big activity which is taking up so much interest, time, energy and work at Seminole High School this week.

Clubs and classes all are planning to enter floats in the big Homecoming Parade to begin at 4:15 Friday afternoon, and feverish activity in garages and other sheltered spots find students working with all kinds of materials to carry out the ideas they have designed for each float.

Prior to this, there will be a bonfire at the big parking lot across from the "old high school," now the Junior High School, at 7 p.m. Thursday, with a rousing pep rally that bores III for the Bishop Moore Hornets when they meet the mighty Seminoles in Memorial Stadium at 8 p.m. Friday.

A real first rate half time show is being planned by the Seminole High School band and Majorette Corps, which will really entertain the spectators and enliven the Homecoming festivities.

It would spoil it to tell you too much about it, but we guarantee the hand is going to put on a mighty colorful show, that will be something to talk about after the game.

DeBary

Personals

By MRS. ADAM MULLER  
Mr. and Mrs. Owen Moore and sons Robert and Ronney of Miami were recent guests of Rev. and Mrs. Damon Scott of Hibiscus Dr.

Mr. and Mrs. Frank Maher of Verona Rd. had as their houseguests, Mrs. Maher's sister, Lt. Col. Ruth Sackman, of the N. Y. Police Reserve, Mrs. Sackman resides in Bayside, Long Island, N. Y.

Mr. and Mrs. Frank Mildenberger of Plantation Rd. have returned to their home in DeBary after spending several months at their cottage on Long Island.

Mr. and Mrs. John Dick of Catalina Dr. entertained Mr. and Mrs. Robert Morrison of DeBary, and Mrs. Morrison's sister and husband, Mr. and Mrs. Marly Mager, of Brooklyn, N. Y., for cocktails this past week.

Woman's Club To Host District Meeting

The Sanford Woman's Club will be host to the Florida Federation of Women's Club meeting of District seven, Thursday.

There are 22 senior and 17 Junior Clubs in the district which comprises Seminole, Orange, Lake, Osceola and Sumpter Counties.

The group will meet at the Capri at 9:30 a.m. for the business meeting, including the election of a new director for district seven.

The club women will join other luncheon guests of the Capri at noon and enjoy a fashion show by Zaretski. All club members planning to attend, call Mrs. S. J. Nis for reservations.

From 3 to 5 p.m. the Sanford club will sponsor an art and hobby show at the club house on Oak Ave. Only members of district seven clubs are eligible to enter displays, but the exhibit is open to the public and anyone interested is invited to come in at the appointed hours.

Categories include art, knitting, crocheting, ceramics, quilts, flowers, plants and flower arrangements. Mrs. Al Hunt is general chairman of the show and Mrs. D. C. Howard is in charge of the art exhibits. Mrs. John Eick, Mrs. George Wells, Mrs. C. L. Redding and other club members will serve as floating hostesses, during the appointed hours.

Bride-Elect Honored At Luncheon

Miss Evie Kratsert and her mother, Mrs. W. A. Kratsert, complimented Miss Shirley Morgan, bride-elect, with a luncheon at the Capri, Saturday.

The table, in the private dining room, was centered with a few arrangements of pink roses and miniature pompons. The honoree was presented a corsage of pink carnations and roses by the hostesses.

Following the luncheon, Miss Morgan received a gift as a memento of the occasion.

Those invited to share the luncheon with the honoree were her mother, Mrs. G. W. Morgan, Mrs. Irvin Fleisher, Miss Diana Fleisher, Mrs. C. D. Kirchhoff, Mrs. W. R. Jennings, Mrs. James Warner.

Mrs. J. D. McNeil, Mrs. R. H. Mitchell, Mrs. R. W. Williams, Mrs. Ted Williams, Mrs. Ralph Smith, Mrs. George Tushy, and Mrs. Dorothy Odham.

Osteen Couple Returns From Northern Trip

Mr. and Mrs. P. T. Piety have returned to their home in Osteen after a delightful vacation in several northern states. Their first stop was in Walterboro, S. C., where they visited Mrs. Piety's sister-in-law, Mrs. T. H. Knox and family.

From there they visited her sister, Mrs. Katherine Powlas, and daughter, Sue, in Charleston. At Stony Point, N. C., they visited Mrs. Piety's aunt, Mrs. J. W. Hager, then traveled to Raleigh and spent some time with Mr. and Mrs. Charles E. Linber. The two women were classmates while in nursing training.

Enroute to Washington, D. C., they visited Mount Vernon and while in Washington, Mr. Piety attended the Assembly of the Royal Order of Scotland. They also enjoyed sightseeing in the area.

On the return trip, they visited Williamsburg, Va., and stopped for another short stay with Mrs. Powlas, in Charleston.

Church Calendar

THURSDAY

The Phoebe-Golden Circle S. E. Class of the First Baptist Church will meet at 8 p.m. at the home of Mrs. J. E. Alderman, 118 Country Club Circle, for the monthly business meeting and social.

Maria Elizabeth Menendez To Marry William J. Addison

Mrs. Elsie S. Menendez of Sanford announces the engagement of her daughter, Maria Elizabeth, to William Joseph Addison, son of Mr. and Mrs. Wilburn Benjamin Addison Sr., of High Springs, Fla.

Miss Menendez was born in Sanford, attended Seminole High school, Orlando St. James High and graduated from the Bishop Moore High School in Orlando. While in high school, she was active in the Glee Club, Tri-Hi-Y, Pep Club, Future Nurses and Spanish Clubs.

She is also a graduate of St. Vincent's Hospital School of Nursing in Jacksonville and received psychiatric training in Baltimore, Md. She is a member of Beta Sigma Phi, sorority. For the past two years she has been employed by Dr. Eugene M. Frame, at the St. Johns Medical Building in Jacksonville.

Miss Menendez is the daughter of the late Avelino Menendez and the granddaughter of Mrs. Marguerite Menendez of Gainesville. Mr. Addison was born in Leeds, Ala., and is a graduate of the High Springs High School. He served four years in the U. S. Navy and is presently assistant manager of the Beneficial Finance Co., in Jacksonville.

The wedding will be an event of Nov. 25 at 2 p.m. at the St. Pauls Roman Catholic Church in Jacksonville.

MISS MARIA ELIZABETH MENENDEZ

Garden Gate

By MRS. D. E. DOEMAN Of Woodrose Circle

FALL IS HERE! And, although many gardeners think these are the months to rest, there is still work to be done. First, don't forget to fertilize the lawn NOW. The key to lawn success is fertilizer and water. Apply a good turf builder and you and nature, of course, provide the water.

By using a good organic turf builder, you can maintain a constant level of nutrient supply in the soil, thereby displaying steady growth which results in a thicker, sturdier and greener lawn through the winter and summer months. Lawns should be watered to a depth of two-inches weekly.

The chinchbug is still a major problem in our St. Augustine turfs. They have done considerable damage this summer and will continue on through the winter. Along with the fall fertilizing, it is recommended that an application of the granular chinch control be applied to kill off the existing bugs and the new larvae. These granules remain in the soil for an extended period.

This is also a good time to remove weeds from the lawn and resprig damaged spots.

Now is the time to set out winter and spring blooming annuals in the garden. Camellias receive their first and most important feeding in late November or early December, as cold weather stops the top growth and transfers activity to the root system. Use fertilizer that has an acid reaction. If scale is noticeable, spray as long as temperatures are not below 45 degrees F.

Plans should be made now to protect tender shrubs and plants during low temperatures. Card-board cartons turned upside down over small shrubs and Spanish moss draped over small plants give excellent protection. Plants that have been well supplied with moisture and nutrients so they have made normally vigorous growth are better able to resist freezing than plants which have been weakened by drought or malnutrition.

In case of frost on still, clear nights, the covering need not be airtight. Throwing even a sheet over the shrub may save the buds.

Miss Menendez is the daughter of the late Avelino Menendez and the granddaughter of Mrs. Marguerite Menendez of Gainesville. Mr. Addison was born in Leeds, Ala., and is a graduate of the High Springs High School. He served four years in the U. S. Navy and is presently assistant manager of the Beneficial Finance Co., in Jacksonville.

The wedding will be an event of Nov. 25 at 2 p.m. at the St. Pauls Roman Catholic Church in Jacksonville.

Mrs. C. G. Erb Hostess For VAH-7 Coffee

The lovely Lake Katherine home of Mrs. C. G. Erb was the setting for the monthly coffee and business meeting of the Officers' Wives of VAH-7.

Mrs. Erb, hostess for the event, served Danish pastries, a frozen strawberry dessert, coffee and cold drinks.

During the business meeting, conducted by Mrs. B. B. Gear, plans were made to prepare Thanksgiving food baskets for needy families in the Sanford area.

Mrs. F. H. Galkoney, representative of the Central Committee, gave an extensive report which included many facts on the medicare program. Also reporting was Mrs. C. C. Wells, representative of the Officers Wives group.

Plans were made for a luncheon to be held next week at the Langford Hotel in Winter Park.

Other members attending were Mrs. L. A. Heath, Mrs. W. C. Holton, Mrs. J. B. McClure, Mrs. K. E. Enney, Mrs. G. M. Tyman, Mrs. L. B. Hoop, Mrs. E. J. Kingsbury, Mrs. J. K. Maguire, Mrs. R. W. Martin, Mrs. J. E. Bratton, Mrs. W. T. Blakemore, Mrs. W. H. Mahony, Mrs. H. L. Monroe and Mrs. G. F. Schneider.

MRS. W. L. KIRK tries on one of the ensembles from Yowells, that she will model during the luncheon hour at the Capri, Thursday. Other models will be Mrs. Don Bales and Mrs. Joe Denton. Hair styles will be by Betty Ann's Beauty Salon. (Herald Photo)

First Methodist WSCS Members Present Mission Study Class

A study course entitled "Churches For New Times" was held recently by the Woman's Society of Christian Service of First Methodist Church. Meeting requirements of jurisdiction credit, four class sessions of one and one-half hours each, were conducted in McKinley Hall.

Filmstrips, talks, panels, role playing and other teaching techniques expressed the message of the church in many ways in meeting the needs of the times. What it means to be a lay Christian in a local church today was the heart of the study.

A filmstrip entitled "Boomtime" was presented at the first session, with Mrs. J. H. Lee Jr., Mrs. J. E. Jarrell and Mrs. John Whitam, taking part in the program. Mrs. Ray Herron was leader for the second session, assisted by Mrs. Byron Smith, Mrs. W. P. Chapman, Mrs. G. G. Myers, Mrs. L. E. Ferguson, Mrs. R. L. McKnight and Mrs. Bess Herman. Mrs. Paul Weber was in charge of the third session. Mrs. Dorothy Waller led the devotion period and taking part in a play were Mrs. T. J. Taylor, Mrs. Ashby Jones, Mrs. George Porzig, Mrs. Waller and Mrs. Weber.

Rev. John Adams was speaker for the final session, with Mrs. Adams program leader and the devotion was given by Mrs. R. F. Cole.

Secretary of Missionary Education and service is Mrs. C. R. Jones. Mrs. J. N. Azzarello is secretary and on the study and action committee were Mrs. P. J. Harris, Mrs. R. U. Hutchinson and WSCS president, Mrs. L. D. Hastings.

# Hefty Increase

Seminole County's retail sales are holding their own during these late fall months. Collection of the state's three percent sales tax was a whopping \$107,830 during September—a 6.5 increase over the same month last year.

We did much better than neighboring (and competitive) Orange County, which had a four percent increase, and Volusia, with a 3.7 percent hike.

These figures seem to indicate—

Seminole Countians are buying more merchandise from their own home-city and home county merchants, thus keeping the money in circulation closer to home.

Seminole County still is growing, and probably is well over the 60,000 mark today.

Merchants are stocking more goods, displaying it better, selling it competitively and using more effective advertising.

Altogether, a pleasing picture for a usually slow time for the shop keeper.

P. S. Bet Friday night shopping hours has helped.

## Dr. Crane's

# Worry Clinic

George IV was a big, handsome Marine jet pilot when he chose to ride his plane to earth to avoid hitting the huge crowds at Glenview Naval Air Station. He was our oldest child, and had carried on the George Washington Crane name for the 4th generation, so you can guess our shock. But if you dare want to add solace to your soul at such a time, study this case carefully!

CASE K-45: George IV was the eldest of our 5 children.

His graduating class at South Shore High School in Chicago had petitioned for me to give their Commencement Address.

I had agreed, but I had meanwhile accepted the invitation of a western Advertising Club to speak at their Sun Valley convention the day before.

Those ad men vowed they'd get me back in Chicago in time for that school event. And they finally did, only by invoking the aid of Averill Harriman, then Secretary of Commerce, who sped me to Chicago in his plane.

We arrived at Midway Airport about 2 A. M., but I was able to get a little sleep before my address that same evening.

And I spoke on the subject "Be A Shepherd; Not A Sheep."

I warned the teenagers that as educated people, they had a moral responsibility to civilization to set a good example of sensible leadership.

"Don't meekly ignore what your science teachers have taught you," I urged.

"Use logic and if a course of action doesn't make sense, then don't be stampeded, like sheep, into blindly aping the silly social pace-setters."

"It is definitely stupid to shorten your lives 5 to 7 years by using cigarettes. And you meanwhile burn up an average of \$115 per year on the ends of your cigarettes."

"Liquor, too, is a crutch of weaklings and 'sheep' personalities who fear to buck the crowd or face their problems and solve them."

"So stand up and be counted on the side of the scientific trail blazers who have tried to pull mankind to a higher rung on the ladder of moral progress."

"Be a shepherd; not a sheep. Heed John Wesley's advice when he said, 'Always look a mob in the face,' for this means you are going against the emotional whims of the crowd."

"And adopt Abraham Lincoln's motto which reads: 'The probability that we may fail in the struggle, ought not to deter us from the support of a cause we believe to be just.'"

Well, when Mrs. Crane and I looked at the closed Marine casket that held George's remains a few years later, after his jet was struck in mid-air at Glenview Naval Air Station, I thought of many occasions where I could have been more patient and more a pal of my oldest son.

Newspaper deadlines, plus the heavy mail input that requires a lot of dictating, and my many distant speeches, have hampered my spending as much time with the children as I would have preferred.

And most of us fathers can think back and wince at many golden opportunities we have missed.

But I did glean solace for my soul by knowing I had prodded George and his teenage classmates into standing up forthrightly against the vicious and subversive advertising that is now seducing millions of youth.

I also surrounded the children with good English. Nobody smoked or used alcohol in our household. We ALWAYS went to Sunday School and church (I have missed but 4 times in over 40 years).

So if you other parents wish to lift your batting average, send for the 200-page "Tests For Good Parents," enclosing a stamped return envelope, plus 20 cents.

It can give solace to your soul in later years. I know!

(Always write to Dr. Crane in care of this newspaper, enclosing a long 1 cent stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Anchor Man

WASHINGTON (NEA) — With all the reports of Russia's 50-megaton bomb and Red achievements in space and in oceanography, there is a need to put United States and Russian science and defense achievements in balance.

U. S. military scientists are now convinced Nikita Khrushchev is running a major bluff as to his armed might. Here is why they think so:

Recent adjustments in the Atlas intercontinental ballistic missile have put it ahead of the big Soviet ICBMs in accuracy, says military men.

This has shown up in target shooting with Atlases in which missiles fired grouped in a tight pattern far closer to the target than the two missiles previously announced.

Recent Soviet tests indicate the big Soviet birds cannot match this accuracy, Air Force officers report.

The Pentagon experts attribute this to certain lacks in the Soviet guidance systems. Government scientists report Russia is still trying to lick the solid fuel problem on its big missiles.

The United States has considerably more operational intercontinental missiles and many more intercontinental bombers than the Russians, reports coming to the government indicate.

Military analysts indicate the Russians have never been ahead of the U. S. in ready-to-fire intercontinental missiles, despite the previous missile 400 reports.

Atomic Energy Commission Chairman Glenn Seaborg reports the U. S. is ahead of the Soviets in atomic development despite the big series of Soviet tests.

Military men say the U. S. has a wider selection of bomb and warhead types. Government scientists say the U. S. can put a larger punch in smaller warheads than can Russia.

The U. S. has known how to make 50-megaton and 100-megaton H-bombs for more than five years. With U. S. missile accuracy, these big bombs are militarily uneconomical. With Soviet missile lack of accuracy they're a necessity.

For the next major development in atomic warfare, the key problem is to know more about the inside of the atom and the forces which hold that tiny heart of all matter together.

In this field of high-energy physics, the U. S. is well in the lead. Though the Russians are pushing hard, they've had some serious problems which have slowed down their research, government scientists in the field report here.

In this inside-the-atom field, the American scientists are only ahead, but possibly gaining on the Russians.

# Henry McLemore

Next to a Trappist monk, Xavier Cugat must be the toughest man of them all to interview.

Not because the bandleader isn't an intelligent man, for he is, and extremely so. And not because he is impatient with interviewers, for he isn't.

He is a difficult subject for interviewing because of his wife, Miss Abbe Lane.

The Cugats are a devoted couple, and are nearly always together, and when Miss Lane is around it is more than a man can do to keep his mind, or his eyes, on Mr. Cugat.

I talked with the Cugats just before they left for Belgrade, where Miss Lane has some three weeks of shooting to finish her latest picture, "Julius Caesar and the Pirates."

The Cugats met along swimmingly at the start, for Miss Lane was out shopping. Xavier and I talked about his early days in the United States — Barcelona is his home town — when he was a cartoonist for the Los Angeles Times. Then we talked about the world in general, and few men know it better, for the pencil-mustached maestro of Latin American music has been around the world ten or 12 times, and is still on the move.

Then Miss Lane came in and I forgot all about Xavier, inter-

esting as he is.

Miss Lane is plumb pretty. She's more than that. She's beautiful and has — well, more scenic attractions than Yellowstone, the Grand Canyon and Niagara Falls all rolled into one.

I just sat and stared, pencil in hand, notepaper on knee.

It was a pleasure to watch Miss Lane walk, smile and laugh, and a pleasure to listen to her talk.

Yes, she can talk, and well.

"I couldn't talk very much, or very sensibly when I met Xavier," she said, "but traveling with him is an education. He is interested in everything, knows everybody, or so it seems, and when we go to a foreign country he makes himself a part of it."

Miss Lane started to pack the family baggage, and that made a pretty scene, too. Never did I think that watching anyone pack a suitcase could be such a delightful sight.

The Cugats want to go back to Japan. On their trip there they played to hundreds of thousands of Japanese music lovers — 32,000 of them at one time in a baseball stadium.

"I never thought the Japanese would take to my kind of music so much," Cugat said, "but they go for it even more than the South Americans. We were mobbed everywhere we went."

The Japanese are the most respectful people he ever played for, Cugat said.

"They got as excited as our own bobby-soxers do," he said, "but after a performance they form a quietude and as we would walk through it they would bow politely, smile, and not say a word or put a hand on us. A bit different from most of our fans."

Miss Lane began jockeying the bags. That was fine to watch, too. We all went downstairs to the car that was waiting to carry them to the airport and I watched Miss Lane get in the car (a wonderful sight) and then watched the Cugats — rather one Cugat — until they went out of sight.

New York's loss is Belgrade's gain.

Even Tito won't be able to fault Miss Lane.

## Red Boss Admits

### Fallout Dangers

MOSCOW (UPI) — Soviet Premier Nikita Khrushchev acknowledged Tuesday that radioactive fallout from nuclear bomb tests harms world health. But he said Soviet testing is carried out for the sake of "world peace."

He added that "the use of nuclear weapons in war is a million times more dangerous."

Khrushchev made his remarks in a toast at a Kremlin reception marking the 44th anniversary of the Russian revolution. It followed a big military parade in Red Square.

This was the first time Khrushchev has publicly noted the world outcry of protest against fallout.

## Fabulous Season

### Seen For Florida

TALLAHASSEE (UPI) — Wendell Jarrard, director of the Florida Development Commission, has predicted the "most fabulous season" in tourist history for Florida this winter.

Jarrard, speaking by telephone from Florida to the Florida Showcase in New York's Rockefeller Center, said, however, the state needed to explode the "myth" that Florida is a rich man's resort.

"We've got a vacation to fit any pocketbook," said Jarrard. Florida will launch its hardest sell this winter, the development director said, to persuade tourists that a Florida vacation is an absolute must.

## State's Economic

### Gains Continue

TALLAHASSEE (UPI) — Florida's economic health continues to improve, according to the latest report from the State Industrial Commission.

Non-farm employment climbed to 1,291,300 in September, the commission reported Monday, an increase of 14,000 over August. Unemployment fell to 119,500, a drop of 2,500.

The figure for non-farm employment was 11,100 above that for September, 1960, the commission said.

# Letters To The Editor

To The Editor

Dear Sir:

America's current fear of nuclear warfare has given us America's current refuge — the "fall out" shelter. There is, however, a danger far more grave than physical annihilation. To live in a Communist-dominated world in which individual freedom is permanently suppressed is the greater catastrophe. Our shelter from this danger must be education. Public education is the one instrument within our grasp that provides this protection.

A democracy, above all other forms of government, must place education first for we are bound by our convictions to promote individual fulfillment — each according to his own ability. There is a desperate need for educated men and women in every strata of society in order that our free institutions may be preserved and our appeal for freedom may be heard by a world that is threatened by political disaster.

Self-awareness has been stressed as one of the basic essentials of survival for the individual in our cosmic world. Conformity without creativity results in boredom and boredom tends to disorganize meeting in life.

The responsibility for engineering this self-awareness of creative ability depends ultimately upon the classroom teacher. It is toward teachers, therefore, that we must direct every possible instrument, method, and attitude that will assist in their attempt to develop personalities capable of fearless thinking — thinking that will enable the individual to search out and know the values he will cherish.

The children of today are products of a generation living in the turmoil of a culture-crisis. Many are restless, overstimulated, and plagued with emotional difficulties.

These children are the recipients of the full impact of the pressures of our modern life. Through the medium of television advertising that is child-centered to stimulate parent-purchasing; viewing that is educational and viewing that is merely time consuming; viewing filled with morality and crime, truths and half-truths, fact and fiction.

They live in a world where more is known about the man in Iran than the man next door and where Planet X is just a space away. The school children of today exist in a maze of educational material both good and bad.

How do teachers meet the demands placed upon them for the training of these students? How do they educationally step into the space frontier?

Editor, Sanford Herald

Dear Sir:

The Seminole Band Association would like to thank you for the publicity given our recent barbecue. This fine publicity helped make our first barbecue of the 1961-62 band year a huge success.

The money derived from this project will be used to pay for several new band uniforms.

Sincerely,  
Mrs. C. E. Carlton  
Secretary, Band Assn.

Dear Editor:

I hope as many people in the community as possible took advantage of the open house at the new jail recently. It was a very rewarding experience.

As long as there are people who refuse to abide by the law, there must be an institution of this type for them. Maybe with beautiful surroundings, good food and just treatment, these people will look at life on the outside from a different view on being released. If not, then we've offered our best as a community.

The entire staff of our new jail deserve a lot of praise. These people do an outstanding job in keeping order in the county. Sheriff lobby may have a plumb new office to work in but, anyone who knows him knows that the many hours he spends in this office will not be of leisure, but hard, earnest, work in protecting the law-abiding citizens of the community. This also holds true with the Deputies, who spend long hours patrolling to assure the safety of our highways and our homes. All of our law-officers (both city and county) are to be congratulated on the excellent job they are doing.

We can truthfully boast that Seminole County offers one of the best law enforcement and public facilities in the entire state.

Sincerely yours  
Miss Kathy Carlos

Dear J.D.: The only income that will affect the receipt of your Social Security benefits is earnings income received from employment or self-employment.

Q-I understand that some issues of government bonds can be used to pay federal state taxes. How does this work?—H.V.

Dear H.V.: If you are the executor of an existing estate—meaning the owner of the estate already has died—and you wish to buy government bonds now to sell when you must pay taxes, this is not possible. The government bonds must have been purchased during the lifetime of the person in order to qualify. If you are thinking of buying government bonds to be used some time in the future to pay taxes on your estate, check with your commercial bank to see which issues are eligible and which would be the best buys. Some 20 issues are available but there are periodic changes in them, thus any information I might give today on specific issues could be obsolete tomorrow.

Dear R.B.: When you buy a co-operative apartment you buy an interest in a nonprofit corporation which runs and owns the building or buildings. In this sense you are a landlord, but your responsibility is to the board of directors of the co-operative for you are also a tenant.

Q-If I withdraw money from a savings account to pay someone and then they claim they did not get paid, what proof do I have that I paid them?—E.R.

Dear E.R.: Ask the bank to make the check payable to the individual for whom payment is intended. When he has cashed the check it goes back to the bank, is kept in their records. Should there be any question, this will be ample proof.

Q-My husband questions whether I should go to work because of our children. What do you think?—M.M.R.

Dear M.M.R.: According to the U. S. Department of Labor, about one out of three working mothers today has a child under 6 years; the remainder children between 6 and 17.

This is a very personal decision and should depend largely upon how you will care for the children while you are working. Often the expense of such care added to the expenses of going to work can make working more expensive than staying home. Perhaps a part-time job near home, might be the solution.

Q-I am past retirement age and still working. If I stop working, will my income from investments affect my right to receive Social Security?—J. D.

## Fay Henle's

# Your Pocketbook

Q-If I pay cash for an appliance will the dealer stand behind it if something goes wrong as he would if I were buying on the installment plan?—J. R.

Dear J. R.: Who says a dealer will stand behind your purchase if you buy on credit? Whether a dealer stands behind his merchandise if it is faulty does not depend on whether you pay cash. It depends upon how reliable a dealer he is.

Q-How does co-operative ownership differ from private ownership?—R. B.

Dear R. B.: When you buy a co-operative apartment you buy an interest in a nonprofit corporation which runs and owns the building or buildings. In this sense you are a landlord, but your responsibility is to the board of directors of the co-operative for you are also a tenant.

Q-If I withdraw money from a savings account to pay someone and then they claim they did not get paid, what proof do I have that I paid them?—E. R.

Dear E. R.: Ask the bank to make the check payable to the individual for whom payment is intended. When he has cashed the check it goes back to the bank, is kept in their records. Should there be any question, this will be ample proof.

Q-My husband questions whether I should go to work because of our children. What do you think?—M.M.R.

# Let's Shop Friday Night

Get Into The Spirit Of It

Just about anyone would be thrilled to win \$100 worth of gift certificates, good for all sorts of wonderful items which can be found in local downtown merchants stores. And someone is going to be that lucky person Friday night, as they collect their tickets from their shopping bags...

There's music and gay twinkling Christmas lights to add to the festive atmosphere and with that much of a reward riding on the drawing, excitement is bound to be high.

And there is the added excitement of all the wonderful Christmas gifts, that makes the holiday season so bright, now displayed in profusion in all the stores.

By LARRY VERSHEL

Now come on Jiggs you gotta eat. Nobody asked me but, wouldn't it be ironic if the sewage treatment plant for Sanford is built under Mayor J. H. (Jimmy) Crapps administration when Jimmy was a staunch opponent of it.

The County Commission better think twice about putting the county agent and home demonstration agent offices out by the county home grounds. It just isn't feasible \$ \$ \$ \$.

How come there is no one representing Seminole County on the Governor's St. Johns River Advisory Committee and two representatives on the committee from counties that don't even border on the river?

Jiggs, will you eat... so you didn't get any votes. What ever happened to the by-scinth control plan the county was supposed to have undertaken?

Watch out for Vernon Dunn's proposed bombshell at next Tuesday's county commission shindig. Curley has been in the courthouse files all week... Must be planning a good one.

Speaking about Mr. Dunn... reminds us of Dike Road. Jiggs if you don't eat... No more visitors.

THOUGHT FOR THE DAY: When are we gonna get a fulltime health director? Interesting scorecard: How many times Ted Williams has to get the zoning director, engineer, or sheriff during a regular county commission meeting.

SECOND THOUGHT FOR THE DAY: If you don't use your right to vote—you can lose it one day. THIRD THOUGHT FOR THE DAY: I wonder how many people would have voted if the County Commission race was on?

Another bright spot on W. First St. The ACL building has a new coat of paint. Really brightens up the area. By the way, the superintendent's name is Bright.

Graham Wilson will qualify for alderman in the Casselberry election the first week in December. YOU CAN'T WIN DEPARTMENT—We hear a resident went down to the tax collector's office yesterday to discuss his personal property tax and was told: Don't put down so much next year.

Jiggs I promise you'll get some votes at the next county commission election.

More Than 11,000 Heralds Delivered Today!

## Judge Expected To Order Peel Trial Removal

FORT PIERCE (UPI) — Circuit Judge D. C. Smith was to order Joseph A. Peel's second Chillingworth murder trial moved from Fort Pierce today, but there was no indication where it will be held. Smith granted a motion for a change of venue in the trial Wednesday after Prosecutor Phil O'Connell joined defense attorney Harry Fogie in asking for the change.

Smith said he would enter the order and select a new trial site later today. A new trial date probably will be set. O'Connell had opposed previous defense motions to re-locate the site of the trial. But he changed his mind Wednesday after seeing one prospective juror after another excused for either being opposed to capital punishment or having a pre-formed opinion in the case.

Peel was convicted in Fort Pierce last March of plotting the 1955 slaying of Mrs. John C. Chillingworth. He was sentenced to death and later hanged.

The second trial opened Monday, but attorneys still had not agreed on a 12-member jury by mid-day Thursday. The 180-man jury venire had been narrowed to 15 and Smith had ordered more prospective jurors called.

## Sanford Linesman Is Electrocuted

Claude Junior Warren of Sanford, an Orlando Utilities Co. linesman for the past eight years, was electrocuted while on the job early Tuesday afternoon.

Born in Sanford Dec. 29, 1931, Warren, whose home is on Pine Way Dr., here, is survived by his wife, Mrs. Ruby Warren; four sons, Larry, Roger, Johnny and James, all of Sanford; three brothers, Lester of Sanford, Robert, stationed in Okinawa with the U.S. Marines and Rowann of Titusville; four sisters, Mrs. Lovella Turner of Orlando, Mrs. Hilda Turner of Sanford, Mrs. Mildred Dority of Darlington, S. C. and Mrs. Lois Corley of Titusville and several nieces and nephews.

Services will be held at 3 p.m. Saturday at the Elder Scopes Baptist Church with Rev. B. H. Griffin officiating. Burial will be in Evergreen Cemetery with Brison Funeral Home in charge of arrangements.

## School Board Certifies Vote

The County School Board today officially certified the results of Tuesday's school board trustee election. The final tabulation of the 23 vote precincts reveal that Donald Bales collected 640 votes while Mrs. Margaret Echeverrigar 508, Fred Blitline had 913 and Ray Slaton, 915.

## Three Firms Add To Program Fund

Three more Sanford firms today contributed to the Navy Appreciation Day fund. They are United Transfer and Storage, Sanford Transfer and Storage and Tom's Service Warehouse. Festivities will take place Saturday at 2 p.m. at the Navy Air Station.

WATCH YOUR STEP, DAD — Charles Perullo Jr., 3, of Lynn, Mass., follows as his dad practices for the Boston Veterans' Day parade Saturday. Charles wears an authentic uniform, right down to the Pilgrim symbol of the 94th Infantry Division... and the stripes on his arm show that he outranks pop. (NEA Telephoto)

## Avery Says No Funds Now For Recreation

An estimated \$70,000 will be needed to acquire a parcel of land for the expansion of boat ramps and additional recreation facilities for Lake Monroe along 17-92. County Commission Vice Chairman James P. Avery said Wednesday night at a joint meeting of the St. Johns Valley Advisory Committee and the Seminole County Sportsmen's Assn.

In a report requested by Col. S. L. Jennings, president of the Sportsmen's Assn., Avery said that such an expenditure at the present time is "out of the question."

Avery proposed that the committee consider the county-owned Mullet Lake Park land for additional facilities for Seminole County. The Mullet Lake property is located approximately five miles from the mouth of Lake Monroe.

Another problem brought before the Advisory Committee was the question of enlarged boat launching facilities for the SR 46 area. Jennings stated that with the existing boat ramp only two boat trailers could be accommodated at one time. The proposed enlargement of the ramp by 10 feet would allow for three trailers at one time, he said.

## U. S. Missile Sub Output Up

WASHINGTON (UPI) — Rep. James B. Van Zandt, (R-Pa.) said today the United States has three to five missile-firing submarines on patrol in the Norwegian Sea and may increase the number to 10 within a year.

Van Zandt, a rear admiral in the Navy Reserve, has just returned from a 10,000 mile, two-week active duty tour as commander of a congressional reserve unit that inspected key defense bases.

## Flue Causes Fire At Junior High

A defective flue at the Sanford Junior High School Bandroom caused a minor fire this morning. No damage was reported. Firemen were out for 10 minutes.

Fire Chief Mack Cleveland Sr. reported about 10 youngsters were in the room at the time of the blaze.

## 77 Killed As Constellation Crashes In Virginia

RICHMOND, Va. (UPI) — A huge Constellation flying young Army recruits to a South Carolina training camp developed engine trouble Wednesday night and 77 of its 79 occupants died in the fiery crash that ended an emergency landing attempt. The pilot and flight engineer walked away from the flaming wreckage that became the funeral pyre of happy-go-lucky inductees from Pennsylvania, New Jersey and Maryland.

The four-engine plane, chartered by the Army from small Imperial Airlines of Miami Springs, Fla., crashed into a heavily-wooded area about two miles from the main runway of Richmond's Byrd Airport. The impact shook houses in the area and cut a swath through 20 to 30-foot trees.

Two engines on one wing of the airliner went dead during the flight from Newark, N. J., to Ft. Jackson, near Columbia, S. C., and the pilot was trying to make a landing on the two good engines. The plane circled the airport once but plunged into the swamp area during its final approach.

"The explosion shook my whole house," said Mrs. Carl G. Pierce. An Imperial spokesman told United Press International there were 79 persons on the plane, according to the pilot's flight plan—five crew members and 74 Army personnel.

The two survivors were Ronald Conway, 29, of West Hollywood, Fla., the pilot, and William F. Poythress, 30, of Miami, the flight engineer.

Imperial headquarters in Miami Springs said the other three crew members were James Greenlee, Miami, first officer; Peter Clark, 28, cabin attendant; and Linda Johns, 20, stewardess.

## SHS Homecoming Parade Friday; Rally Tonight

Seminole High School Homecoming festivities kick-off tonight with a giant bonfire and pep rally which is scheduled to begin at 7 p.m. in the parking lot across from Sanford Junior High School.

BHS cheerleaders, under the direction of Anne Crapps will lead the rally, around the bonfire, which has been prepared by the Freshman Class, in the traditional manner.

The annual Homecoming parade, with more than 30 units to form at Memorial Stadium is scheduled to begin at 8:15 p.m. It will follow a route, north on Melbourne to First St. and west on First to Oak Ave. then south on Oak.

A pep rally will be held after the parade on the corner of Magnolia Ave. and First St. in preparation for the football game with the Bishop Moore Hornets, Orlando parochial school. A dance will follow in the school cafeteria. All activities are under the direction of the Student Council.

## Kennedy Says U. S. Will Keep Its Supremacy

WASHINGTON (UPI) — The Kennedy administration appeared to be preparing today to send military expenditures rocketing toward the \$50 billion-a-year mark to insure continued supremacy over Russia. At the same time, the prospect of renewed U. S. nuclear testing in the atmosphere loomed larger as President Kennedy's advisers pressed their studies of the recent series of Soviet tests.

Kennedy told his news conference Wednesday that "the Soviet Union tested while we were at the table negotiating with them. If they fooled us once, it is their fault; if they fool us twice, it is our fault."

The President, who claimed from 1953 through the 1960 campaign that U. S. might was deteriorating seriously, said Wednesday on the basis of latest intelligence estimates that America "would not trade places" with any country.

Then he outlined steps his administration had taken and said, "we are going to ask for additional funds for defense next year."

## Firm's Rezoning Request Denied

The County Zoning Board Wednesday night denied a request from the Bellmeade Corp. of Daytona Beach to rezone a 200-foot area south of 25th St. off French Ave. from R1A to commercial-2 for an off-street parking lot for a proposed new shopping center.

However, the board approved a public hearing to consider recommending an amendment to the zoning regulations for commercial operations in a zoning district after review by the board of adjustment.

The Bellmeade Corporation is planning a shopping center on Bradley Odham's property and are now in the option stage. Reliable sources said that an A and P foodstore as well as a major drug chain store will be located there.

## Peace Corps Tests Slated

Postmaster D. Guy Allen announced today that the entrance test for the Peace Corps will be given on Tuesday and Wednesday, Nov. 28 and 29, 1961.

Within a few days information showing the place and time for the examination in your area will be posted on the bulletin board of the local post office, including stations and branches. If you are interested in taking the test, be sure and watch for complete information at your post office. Allen added that he would inform the press when the information has been received.

## Bear Lake Road Job Sidetracked

The long awaited Bear Lake Road project is dead for this year, County Engineer Carlton Bliss reported this morning adding that road crews are currently making a survey to widen and improve W. Lake Brantley Rd. and work has already started on widening Onora Rd. from the City limits to Hwy. 17-92.

Bliss said that Bear Lake Road has been thrown out of this year's program because "we just couldn't get the necessary rights-of-way."

Four months ago County Commissioner James P. Avery said that work on the project would start in 30 days.

Regarding the Brantley Rd., Bliss said that surveys are now being made with actual construction to start on the mile-and-three-quarter stretch of road in the spring.

Cost of the project had been estimated at \$21,500. The Onora Rd. project is expected to be completed in two weeks at a cost of \$58,000. The engineer reported also that work should start very soon on Dodd Road Bridge over Howell Creek at a cost of \$10,000.

## news... BRIEFS

**New President** ORLANDO (UPI) — Benjamin H. Oehrlert Jr. is the new president of the Minute Maid Division of the Coca-Cola Co. It was announced Wednesday.

**Milk Price Change?** TALLAHASSEE (UPI) — The State Milk Commission will take up proposed changes in state-regulated producer prices at a public hearing here Nov. 14.

**Chairman To Resign** FORT MYERS (UPI) — Florida Republican Chairman G. Harold Alexander of Fort Myers will resign Nov. 17 as head of GOP chairmen from 12 Southern states.

**Escape Boat Blast** CLEARWATER (UPI) — Four men escaped Wednesday when their 28-foot cabin cruiser exploded and burned 1 1/2 miles off Clearwater Beach.

**Castro Pleased** MIAMI (UPI) — Premier Fidel Castro said Wednesday night the installation of Carlos J. Arsenesena as president of Ecuador was "an impressive victory over Yankee imperialism."

**Queen Departs** LONDON (UPI) — Queen Elizabeth II flew off for an 11-day visit to Ghana today apparently unperturbed by fears for her safety in the West African country. The British government assured her subjects there was no danger.

**Check On Cubans** WASHINGTON (UPI) — Chairman Philip A. Hart, of the Senate Refugee Subcommittees said his group will meet in Miami Dec. 6 to gather information on Cubans which will be presented to Congress at its next session.

**Conference Opens** NASHVILLE, Tenn. (UPI) — The third in a series of 12 regional White House conferences scheduled throughout the nation began here today with Republicans and Democrats at odds over the purpose of the convales.

**Defense Set** NEW YORK (UPI) — The "freedom riders" arrested in Jackson, Miss., will be defended in court by the National Association for the Advancement of Colored People. It was announced here Wednesday.

**Two Old Friends Coming For Derby** Two old friends of Sanford, Capt. James D. Ramage, and Cdr. George E. Humphries, will be attending the Bombing Derby to watch the competition and to greet old friends and renew acquaintances. They will arrive in Sanford tonight.

Capt. Ramage was the commander of Heavy Attack Wing One from June 1958 to June 1960, and Cdr. Humphries was on the Wing Staff as Intelligence Officer.

## A Frosty Night? It Could Be

Better get your overcoat out of mothballs today... It's gonna get cold tonight. The word from the weather bureau is that there may be some frost in low lying areas over the county and temperatures could hit as low as 40 in others.

The cold spell is the result of a northwesterly flow of cold air from a large pressure area centered over the Midwest. Temperatures dipped to a low of 43 this morning.

## 300 Expected At Navy Luncheon

More than 300 persons are expected to attend the special Navy luncheon at noon at the Civic Center Friday.

The luncheon, sponsored by the Armed Forces Committee of the Chamber of Commerce, will be in honor of Capt. Robert Slye. On hand for the luncheon will be many Navy, state and local officials. Congressman Syd Herlong will speak at the dinner.

## Capt. Slye Leaves Station Wednesday

Capt. Robert W. Slye will be relieved as commanding officer of the Naval Air Station by Capt. Robert M. Ware in ceremonies to be held in front of the station's Administration Building at 9:30 a.m. Wednesday.

The change of command ceremonies will be marked with a personnel inspection and a pass-in-review. Capt. Slye will report to New York City to serve on the staff of the commandant of the Third Naval District.

## West German GIs Going To Berlin

BERLIN (UPI) — The U. S. Army announced today it plans to bring units from West Germany to this divided city for "routine training exercises."

The Army said the first unit, Rifle Company D of the 1st Battle Group, 15th Infantry, will arrive Friday for several days and then return to its base in West Germany. This is the first time a unit stationed in West Germany has been

ordered to the beleaguered city for training. It will also be a new display of the Western right to send troops here over the 100-mile Berlin-Helmstedt autobahn through East Germany.

The Communists today again raised a communist flag torn down from a border water tower Wednesday by a French military patrol. Twenty French gendarmes backed by three armored cars chased

15 Communist policemen from a disputed piece of territory in the Gesundbrunnen railway yards and from the water tower. The French pulled down a flag of the Communist youth organization that had been flying from the tower.

The French said Communist railway police were permitted in the yard because the Communists run the railway in all of Berlin, but that regular Communist police would not be permitted to enter.
