Both the union's negotiating committee and leaders for the state's 11 local unions had rejected the proposal earlier FP&L is the state's largest utility, serving 36 counties.

Niles said the federal mediator had been notified of the union vote and hoped talks would be reopened soon. "We stand ready to meet at any time," he said.

Meanwhile, FP&L said vandalism, which broke out soon after the strike but had ceased in recent weeks, had started up again The utility said power lines and substations were struck Thursday night, knocking out power breifly to several areas of Dade County. FP&L offered the union a two-year contract with an immediate 7.75 per cent increase in benefits, a 5.62 per cent wage increase and

Following Directions

By DR. HAROLD A. HARRIS First Christian Church

We have just thanked God anew for the Christmas season for what we have recieved is His great plan of salvation through Jesus Christ. Now we face a new year! Many believe His coming again may be very near, but ours is still a day of salvation. The "tidings of great joy" of that first Christmas are still "unto all people." Let us face the New Year and press on in sharing them.

A lost motorist stops by a lone house and asks directions. The householder, after several attempts, gives up. "You just can't get there from here," he decides. We chuckle, thinking that anybody can get to anyplace from anywhere. In a car, maybe yes. In a life, maybe no. Part of the problem with a life is that we become cafferent people as we go, more often than not changing intentions and destinations. Another thing is that we can't go down to the aut, club and get a map for a lifetime or even for a year's worth or living. Life is more of a maze than a map.

The beginning of a year is a good time for us, young or .old, to ed by Protestant, Roman Cathask, "Where do I want to go? What do I want to become?" What do I olic and Eastern Orthodox hope to do with my life, or what is left of it, this year?" For even wings of the faith, became a lish," a simply worded, popular though age has a way of narrowing options, most of us have more reality this year, Anno Domini than we realize. But being President is not necessarily one of them.

Many of our ambitions, even those for this one new year, are so grandiose that we're just _not going to get there, let's face it. We're not going to win the world to Christ this year or even "in this generation," as we once happily thought. We're not going to get global peace or eliminate poverty or exterminate greed in 1974. Man, you just don't read me! You just can't get there from here, "real break-through" in the anand it doesn't seem to me heretical or fainthearted to say so! In fact, there are some goals that I am not sure you can reach at ships, says the Rev. Walter Ab-

Some of the most significant goals are by-products as the Vatican's Bible specialthat we achieve almost incidentally, and "winning the world for Christ" may well be one of them. Too often we Christians have neglected doing what we could do where we were for trying to do what we couldn't where we weren't. Not that every need is close to home, but it is easy to become so ritualized about an errand of Bible have proliferated in colmercy that one rides roughshod over people on the way to it. If an leges and universities, explorambulance kills someone as it proceeds to an accident, it seems to ing it variously for its literary me we're not really coming out ahead.

But most of us are immobilized by immensity, by the sheer bafflement of getting to where we want to go, even if we are sure of where that is, which is not usually the case. The secret is that you can go somewhere. One thing leads to another in all sorts of newly produced textbooks in replacing the older, archaically unexpected, unmapped and unmappable ways. I have a feeling that God never gives out all the directions at once.

Following graduation for high school, college was not a spreading in public schools, output at 29 million Bibles ancossibility unless I had a job. Impact Law Delayed By Commission

By CHRIS NELSON Herald Staff Writer

The controversial impact zoning ordinance was "indefinitely tabled" by Seminole county commissioners Thursday night amid predictions the measure will be resuscitated next year when planning and legal details are worked out in support. County Planner Roger Neiswender defined the ordinance as an effort to recover from developers the impact of costs of their

development on public services and facilities. However, the board admitted economic impact sections of the ordinance need restructuring and buffering by accompanying measures.

Assistant County Atty. Howard Marsee, who flew to California in November for a national conference on impact zoning legislation, recommended against passing the present ordinance Thursday night, but called it a "good core" to start with. Marsee said the legal conference indicated an impact zoning

Tragedy Lurking

Use Care Driving Over New Year's

The deadliest days of the year for driving loom just ahead of us.

Consequently, it behooves each and everyone of us to begin thinking now of ways to stay alive to greet the new year.

Among other things, we offer the oft-repeated

but still sound advice handed out every holiday period by the Florida Highway Patrol.

First, do not drink and drive. Alcohol is involved in more highway traffic accidents than all of the other causes combined.

Do not speed. The National Safety Council sums it up with their slogan: Speed Kills! Rest often on long trips. Driving when exhausted is a terrific invitiation to danger.

Make sure your vehicle is safe. Worn brakes defective lights, etc., almost certainly will result in tragedy

Also, if you feel you must go out and party. arrange for one member of your group to abstain from drinking so that he can chauffer the rest of you around.

And, if you're tossing a New Year's bash, don't neglect your responsibility as a host-do not let

And just because you might have been lucky enough to have escaped a serious accident, remember this; the National Safety Council predicts at least 65 people will be slaughtered on America's highways over the extended New Year's weekend, which runs from 6 p.m. Friday through midnight Tuesday.

During the Christmas weekend, 496 people

Tomato Marketing

BELLE GLADE, Fla. (AP) - Florida's tomato industry should jump on the natural food bandwagon and start promoting its product, the Florida Tomato Committee has been told.

An advertising agency spokesman told the growers association Thursday that the fresh food and natural food fads could be developed to bolster the sagging Florida tomato industry.

"We can make people want fresh tomatoes - especially Florida tomatoes." said Bill Botts, president of the Botts Advertising Agency in Orlando. The committee had commissioned Botts

to make a market development investigation.

DEAR SEATTLE: Ask your attorney to write this man a letter and tell him if he doesn't quit harassing you, you will bring charges against him.

DEAR ABBY: I am a middle-aged married woman. I was walking toward my apartment building with several packages when a man who lives in our building [also middle-aged and married] pulled up in his car and said: "Get in, and I'll give you a ride home." I knew him, so I got in and he drove down into the

basement of the apartment building where the tenants park Walking toward the elevator, I said: "Thanks, friend,

How much do I owe you?" He jokingly replied: "I'll settle for a kiss," so I kiddingly gave him a little peck on the cheek, and wouldn't you know, one or the other tenants saw me! Abby, my right hand to God, that was the whole story, but this neighbor spread it all around the building.

DEAR POLLY - My Pet Peeve concerns columnists who constantly blame the female sex for most of the world's troubles. The women must satisfy the men or they are justified in running off into the arms of some siren who does satisfy them. Mothers are supposed to train the children to stay slim, attractive, young and active but no mention is ever made of the man doing the same.

A woman was created to serve the man and do everything

to keep hers but no mention is ever made of his role to keep his woman happy. A woman can be replaced but that all powerful man is more precious than gold even on today's market ... Put the shoe on the other foot for a while and tell these men what THEY can do to make their women happy . Why must the woman always pay? I am not a woman's lib but justice is justice ... Eliminate those male-oriented col-

umnists. We can, you know. -MRS. G.B. DEAR POLLY - Like Audrey I hated to leave my umbrella to fade on the back shelf in the car and there is no place else to put it. I split on ordinary grocery bag down one side and cut out the bottom. I laid the umbrella on it slant wise leaving the bottom end sticking out. I rolled the bag around the umbrella and taped together the loose paper. Cut away any paper that interferes with the handle sticking out. This makes a cone-shaped container that makes it easy to slip the umbrella in and out and meantime protects it from

DEAR POLLY - Walking is such good exercise. About a year ago I decided I would walk at least two miles each day. However some days were too rainy, others too hot or too cold so I hit on the idea of walking in the basement. I walk there for 45 minutes each day and feel just great. I have lost 11 pounds since starting this and without any special diet. Besides I do not have to get all dressed up. Nobody sees me in the basement. At first all my friends laughed at me but now many of them are not laughing - they are walking. -MRS.

DEAR POLLY - I save margarine wrappers for greasing potato skins before baking since we like to eat the skins, too I fold these wrappers and save them in the refrigerator until needed. -SHIRLEY.

But one American diplomat says the new government of Premier Long Boret does not promise any new policies. One foreign observer said that, while the Americans in the past have put pressure on Lon Nol to bring such leaders as Sisowath Sirik Matak, Cheng Heng and former Premier In Tam into the top echelon of his government, this was the first time they took a direct hand in the formation of a cabinet.

Storm Delays Decorations

NEW HAVEN, Conn. (AP) - Two days after Christmas, holiday decorations went up at City Hall. The strings of greenery were supposed to be up last week, Carl Nastri, city parks director, said. "But the storm held us back a little."

He said the department's efforts were focused on cleaning up after last week's severe ice storm and it was not until Thursday that park department workers began draping greens over arched City Hall doorways. They will stay up until after the holidays, Nastri said.

Fewer Tankers Afloat

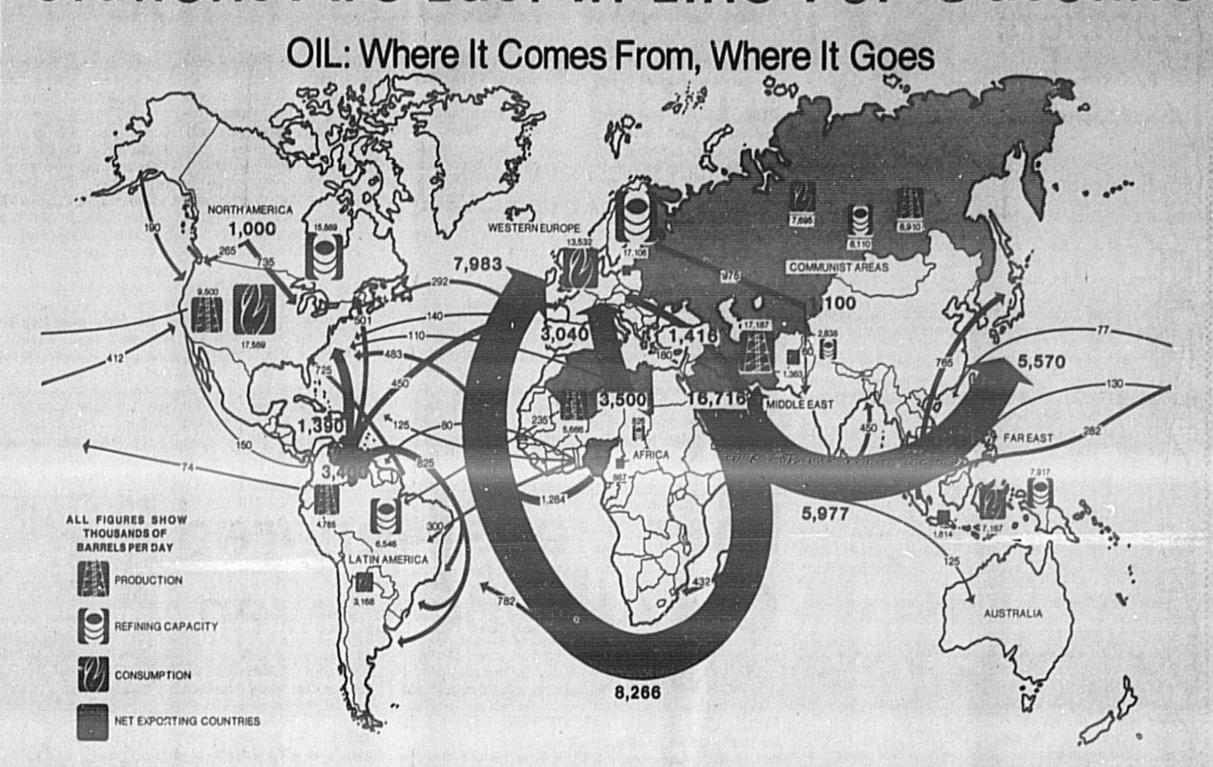

By THE ASSOCIATED PRESS Fewer tankers have been plying the seas since the Arab oil embargo began in October, and those with cargoes have been slowing down to save fuel, shipping authorities say. Business was booming before the embargo, but industry sources and a survey of a half-dozen major oil ports in the United States point to a slowdown since October. By what extent the embargo has been offset by imports from non-Arab countries is difficult to assess. But the level of tanker traffic may indicate how successful the Tankers are the nation's chief means of bringing in foreign oil. An Associated Press survey showed tanker traffic was off 1972 levels in some areas, most noticeably New York and Philadelphia, between the start of the embargo Oct. 17 and Dec. 26.

Astronauts Watch Comet

SPACE CENTER, Houston (AP) - The sight of a comet streaking near the sun has captured the attention of Skylab 3's astronauts at the midpoint in their marathon space voyage. The comet Kohoutek makes its closest approach to the sun today and begins the long climb back to the far reaches of the solar system. Astronauts Gerald P. Carr, William R. Pogue and Edward G. Gibson also were to discuss the comet with its discoverer, Czech-born astronomer Lubos Kohoutek, who was to be in mission control in the late afternoon. Carr, Pogue and Gibson reach the halfway point in their 84-day mission today.

This came after only four Seminole games and included Gainesville, Kathleen, Seabreeze and Winter Haven. Lakeland, Mainland and DeLand had not responded, but that still didn't have much effect on the Tribe's Senior ace.

Zeuli led all comers in total points with 84 and a hefty 21.0 average after the first four contests. He was second in free throw shooting percentages with 85 per cent, coming on 11 of 13 shots made. Barry Hogan of Lakeland Kathleen's nine of 10 toop top

In field goals, only Jeff Lawrence and Kelly Browning of Winter Haven and Seabreeze, respectively, shot more times at the bucket than Zeuli and be made more than either of them. Zeuli listed third in the loop, hit on 35 of 62 shots from the floor for a 56 per

respectable 68 per cent and Winfred Smith of Kathleen has hit on 21 of 37 shots for a fine 56.8 mark. For someone who shoots from outside as much as he does,

Zeuli's sixth ranking in rebounding was a surprise. But then, he does follow his shots well. He's gathering in a respectable 7.0 caroms a game, while Seabreeze's Glenn Thomas has a 13.6 rebound average per game.

Zeuli was the only Tribe cager mentioned in the report, which hid not include turnovers recovered or forced, assists and perhaps most important, the intangible something that puts a player out of the statistical consideration for honors or plaudits, but well ingrained into the minds of the coach for the immeasurable contributions that player makes to a team.

SJC Statistical Story

SJC, which is now 5-6 on the campaign with its lone division two game a close victory over rival Valencia Community College has some interesting statistical comparisons and contrasts.

At the start of the current campaign, both Lake City and valencia were ranked ahead of the Raiders in the pre-season in-Only Florida College, a "likely" candidate of SJC's stature to earn a playoff spot next year, is ahead of the Raiders in Team Offense, scoring at a 90.5 clip a game, while the local quint hits on

an 86.6 points per game average. Valencia is hitting around 59.1 a game, while Lake City is going to the tune of \$1.5.

However, in the equally important (or maybe more so) defensive category, the Matadores from Orlando hold teams to an average 58.6 points a game clip, giving them a statistical edge of just one-half point a game more than their opposition. The Raiders' 76.3 defensive average works out to a 10.5 margin to the good. Florida College's 68.6 average gives them a very healthy 21.9 point

spread. Lake City's 77.3 defense is a 4.2 margin to the positive. St. Johns River Community College is second in the state in team defense behind Valencia with a 59.8 average, while their offensive capabilities have been shown as 81.5 for a 21.7 gap from their opponents, giving them the second best point spread in the At the time of complication, Florida College was 6-0 overall and

St. Johns River was 3-1 overall with a loss in the division, while Lake City's 7-4 showed a 2-0 loop mark and Florida Junior College's 54 record also had one loss on their slate. Valencia, at 54, also had a pair of conference wins, but

The Raiders, at the time of the release, were 4-4.

Chip's Helping Hand

Crawford, who was tourth in the nation in free throws last season has an 86.1 mark this season with 31 of 36 attempts, while, Robert House, the surprising sophomore walk-on this season has an Iny Lund 88.2 mark coming on 15 of 17 tries. Crawford is eighth in the list while House is fifth, but no one is ahead of Brevard's Mike Rubin, NASCAR who has an unbeatable 19 of 19 tries from the charity stripe. who has an unbeatable 19 of 19 tries from the charity stripe. Chip also appears high on another list; assists. He is ranked

fourth with 40 in eight games, with Randy Fortner of Miami-Dade Champ Central Campus with 46 in just six games. Mike Williams appears 10th on that list with 30 assists and House is 24th with 20. In field goal percentages, Ed Whipper, another local product is tied for ninth with a fine 60 per cent, hitting nine of 15 tries, while

Award For Valor

KANSAS CITY (AP) - Charles G. "Lefty" Driesell, basketball coach at Maryland, William Jeffrey Miller, University of Texas-Arlington football player and the Ursinus, Pa., College basketball team have been named recipients of the first NCAA Award of Valor.

The award recognizes persons for bravery or courageous action in time of danger. The recipients will be honored at the NCAA annual convention at San Francisco Jan. 8.

Driesell is credited with saving the lives of at least 10 children from burning buildings July 12 in Bethany Beach, Dei. Miller saved four lives in a munitions plant explosion in Cleburne, Tex., July 10. The Ursinus team rescued 14 persons from a burning restawant in Huntington.

days after the World Series ended. "I remember the call because I thought it was a joke. I figured just two days after the Series it had to be one of the neighbors joking, but it was him," said Anderson in a telephone interview from his California

The offer came after A's Manager Dick Williams indicated he was leaving Oak land. Finley has since blocked Williams' signing with the New York Yankees while still under contract with the A's.

Carried Away

ATLANTA (AP) - Coach Vince Dooley of Georgia is hoping his wife, Barbara, gets "carried away" again tonight, when his Bulldogs meet 18th-ranked Maryland in the Peach Bowl football game. Dooley watched his team go through its final workout at Atlanta Stadium on the eve of the 8 p.m. EST clash and noted it would be Georgia's first night game in two

In the last one, Georgia rallied in the waning minutes for a 28-24 victory over Georgia Tech in a nationally televised Thanksgiving night battle that had Mrs. Dooley so excited she dashed past a guard and went into the Bulldog dressing room after the game.

"Yes, she kind of got carried away that night," Dooley said Thursday. "I hope she gets carried away again tomorrow night." Georgia, 6-4-1, is rated a onepoint favorite over the Terps, 8-3, in the battle which will be televised nationally by the Mizlou network.
