Overall Economic Development Program OK'd

By JACK LAVELY

The Overall Economic Development Program for the City of Sanford and North Seminole County was reviewed and voted upon by the Sanford-North Seminole County Development Committee last night at City Hall with Chairman Vincent Roberts presiding. The committee, headed by Mayor Roberts, and including City Manager W. E. Knowles for his competence in compiling the 98 page report.

The adoption of the plan was the final step for forwarding the program to the Economic Development Administration (EDA) of the United States Department of Commerce for study and consideration of professional and financial assistance to the area. The deadline for filing is January 10, 1968.

Pledged specifically for review in the next two weeks is the rehabilitation of substandard housing units and neighborhoods and to improve living conditions within the community.

Also the redevelopment of the Naval Air Station property as a major economic activity to offset the anticipated loss of jobs and dollars that will result in the closing of the base.

Attending the meeting were, in addition to Mayor Roberts, Harold Kattner, W. E. Knowles, John Ritter, Andrew Carraway and Albert McMillan, all committee members.

The comprehensive report began with a general description of the area, then followed by a breakdown on the population and labor force. Chapter three covered the industrial development with chapter four outlining the transportation and utility network. Chapter five explored the area's resources and facilities.

Chapter six reached the heart of the report and cited the dire need for a five point program for the City:

- (1) The establishment of neighborhood centers for communication and action with the people.
- (2) A code enforcement program to rejuvenate substandard buildings.
- (3) Expansion of municipal utilities including the need for a second sewer plant and requirements that the present primary treatment plant be redesigned for secondary type treatment.
- (4) A city wide drainage study and program.
- (5) A program of street construction in the blighted areas of the city.

For Seminole County the recommendations were for a utility plan for water and sewer service.

Next the major problem of the lack of trained labor stemming from the fact that the area has been predominantly agricultural and the labor force seasonal and unskilled.

Reviewed were the adequate industrial sites, utilities inadequacy for their development and the additional problem of access roads. City Manager Knowles pointed out the depressing outlook for the area and urged the pursuit by public officials of the construction of east-west and north-south highways, particularly the so-called University Road, Lake Montico Causeway in addition to a thorough study of a local public bus system.

In the community's overall objectives for the future the committee's adoption of the plan covers the following:

- Development of the environment into suitable areas for living, working, playing and other appropriate human activities.
- Development of land, buildings and other improvements in accordance with suitable standards.
- Development of decent, safe and sanitary housing.
- Development of desirable economic activities and employment opportunities.
- Development of commercial and industrial centers to provide appropriate goods and services.
- Development of transportation and communication systems to facilitate the movement of people and goods, ideas and information.
- Development of governmental, educational, medical, cultural and recreational facilities.
- Development of an adequate tax base to support desirable public facilities and services.
- Conservation and preservation of soil, air, and water resources.
- Conservation and preservation of open spaces, scenic areas, vegetation and wildlife.

No Federal Aid For Bookertown Unless...

By DONNA ESTES

No federal funds will be available, except on a loan basis in isolated instances, in the Bookertown area unless workable programs for the City of Sanford and Seminole County are certified, officials of the Department of Housing and Urban Development (HUD) told the executive committee of Seminole Community Action this morning.

Following a "cursory" inspection of the target area of Bookertown, A. D. Fielding, Federal Housing Administration director, Tampa, and R. C. Fisher, Victor R. Hollis Jr., Donald P. Fischer and W. P. Duoran, aides of the Department of Housing and Urban Development, Tampa, met with the committee for nearly two hours.

"We would like to come into the area with low cost housing, but this can not be done until the area is certified as eligible," Fielding declared. "Once the program is certified, we could come in within a matter of months. We could even come in with rent supplements in the right locations of up to 75 per cent being subsidized by the federal government."

Rev. Amos Jones, executive director of SCA, reported that while most of the housing in Bookertown can be renovated, it would be ridiculous to attempt to repair many others. He further pointed out that failure to have his vehicle under investigation. Patrolman Roy Buzzell investigated at 1 p. m. a 1953 sedan traveling east on SR 406, which was seen hitting a semi-truck, west off the road and overturned across from the entrance to Carriage Hills. The driver Herbert Lee Boney of St. Petersburg and his six passengers were uninjured, but the car was a total loss.

Passengers included Eileen Nathan, St. Petersburg; Timothy Fuller, Donald Ryan, Cal Fuller, Walter Ferguson and Earl Fuller, all of Altamonte Springs.

No charges were filed due to extenuating circumstances, according to Buzzell.

Rex Pierce, 17, of 319 Wilshire Drive, Casselberry was injured at 4:30 p. m. Tuesday when his motor bike went out of control and struck a parked jeep truck.

He is being thrown from his vehicle and into the bumper of the truck tearing off his knee cap and fracturing the upper leg bone.

He is in traction at Florida Sanitarium awaiting surgery. He is a student at Lyman High School.

ALBANY HOUSING 'BRIGHT' FOR NAVY

Navy personnel scheduled to be stationed here, Albany real estate operators feel that everyone will find a home.

Albany took care of a huge Air Force contingent without any problems, and it is believed Albany will take care of Navy housing equally as well.

A survey of 30 Albany realtors shows an estimated 400 new or existing homes for sale and approximately 100 apartments available at the present time. The daily transactions of realtors will change this number and it does not include the small landlord who rents a house or two, or an apartment. Realtors and contractors have received inquiries from persons in Sanford, who will be moving to the Albany Naval Air Station and are concerned with the housing available, and realtors say they believe the demands can be met when the move is made.

"Rental property will become available when the demand warrants it," one prominent realtor said.

"Contractors are unwilling to build houses and allow them to sit idle when the demand is low," he added.

Gas Franchise Pondered

Work session to iron out details will culminate in a vote on whether a franchise will be granted to Florida Gas Company to serve the residents of Altamonte Springs with natural gas has been set for 7:30 p. m. next Wednesday.

Norman Duke, attorney for the utility, along with Owen Bowser, division manager, and William Selzer, head of distribution sales of Florida Gas appeared before the City Council Wednesday evening to submit a suggested franchise ordinance for adoption by the Board.

Councilman Robert Rogers made his position clear, declaring he is "in favor of having a privately owned and operated gas company having the franchise in the city. Private enterprise is best," he said.

Low bid of \$1,000 was accepted from Winder Park Dodge for a new police package automobile for the police department. Six other bids were submitted.

Expenditure of \$825 was authorized to furnish two of the

WTRR Move Approved By FCC

Myron A. Beck, owner of radio station WTRR in Sanford, announced today that the Federal Communications Commission in Washington, D. C., has approved the radio station's application to relocate tower, transmitter and studios to Celery Avenue just east of the Sanford city limits.

Speaking of the move, station director William Beck told The Herald: "Our new studio facility has been designed by the station staff and engineering department to utilize the latest in broadcast equipment and technique. The plant will feature expanded news room facilities, increased operational space and the latest broadcast equipment."

"WTRR is happy to demonstrate our faith in the future of Sanford and Seminole County by this expansion. We feel the new facilities will enable our staff to provide additional service to area listeners."

Construction will begin immediately. Bloomer Construction Company will handle the project. WTRR's dial position of 1600, with a new daytime 550 watter night, will remain the same. The move had been delayed until approval from the Federal Aviation Agency was granted for WTRR's 250-foot tower to be relocated on the new site.

Biggest Bogus \$\$ Ring Broken.

NEW YORK (AP) — Secret Service agents have seized a printing press and a large amount of counterfeiting equipment in Ohio following their confiscation here of \$1.2 million worth of bogus \$100 bills—the largest haul in the history of the secret service.

Two men have been arrested in Ohio and charged with printing the counterfeit money. A Miami Beach lawyer, Joel Lee, 33, was arrested here. He allegedly was unknown and

traffic manager for the ring. He is 36, 5'10" tall, 170 lbs and 1940. Authorities say that approximately 700 of the bogus \$100 bills were printed in the printing press.

Albert E. Weinberg, agent in charge of the Secret Service in New York, has predicted more arrests.

Secret Service agents, acting with local police, seized counterfeiting equipment in a raid late Wednesday at a vacant store room in Wadsworth, Ohio. No arrests were made.

Police Capt. Pete Traylor said he understood that the equipment was connected with the counterfeit operation in which the two Ohio men had been arrested. The material seized included a photocopier, two boxes of paper, a handful of paper cut to the size of U.S. currency and printing ink.

Earlier Wednesday, Asst. U.S. Atty. Robert J. Tammant announced at Cleveland that a printing press had been seized on the back porch of a house at

Cambodia, U.S. In Agreement

PHNOM PENH, Cambodia (AP) — Cambodian officials said today Ambassador Chester Bowles has assured Prince Norodom Sihanouk the United States intends to respect the sovereignty and territorial integrity of Cambodia and has no intention of launching any attacks against his country.

The officials said Bowles, the U.S. ambassador to India, and Prince Sihanouk, the Cambodian chief of state, also agreed their governments would do everything possible to foster good relations with each other.

Bowles, sent by President Johnson to discuss the problem of Vietnamese Communist forces taking refuge on Cambodian territory, was to lunch today with the prince.

The American envoy is scheduled to leave Friday.

Cambodian officials said the first meeting between Bowles and Sihanouk Wednesday was "frank and cordial."

The Cambodian foreign office already has announced that it approves a U.S. offer of two helicopters for use by the International Control Commission set up by the 1961 Geneva conference to supervise the Sino-American armistice agreements.

A Cambodian note to the Australian Embassy said, however, that the three-nation commission as well as Britain and Russia, co-chairmen of the Geneva conference, must decide whether to accept the helicopters, which the United States offered on the commission could patrol Cambodia's border with South Vietnam.

The United States would like to see the commission keep an

Landing Field Dunks Airplane

CAMBRIDGE, N. Y. (AP) — John Sherin of Greenwich, N.Y., said he thought the ice on Hedges Lake near this northern New York village was thick enough for a landing.

Sherin brought down his single-engine, six-cylinder plane into the ice, then climbed out and walked toward shore. He and his passenger looked back to see the plane sink slowly to its wreckage.

The accident happened Saturday and efforts to extricate the craft were unsuccessful because of heavy temperatures from the water around the plane.

Impersonators Are Caught

PHILADELPHIA (AP) — When 49-year-old Henry Slaughter stopped his car to pick up the mail in a residential area, the other in light shades and a sweater—he didn't realize the two men and what they seemed to be, he told police.

The result: The female impersonator impersonated him and the other in light shades and a sweater—he didn't realize the two men and what they seemed to be, he told police.

Police, using a more discreet approach, spotted the men dressed in women's clothes and charged them with sodomy.

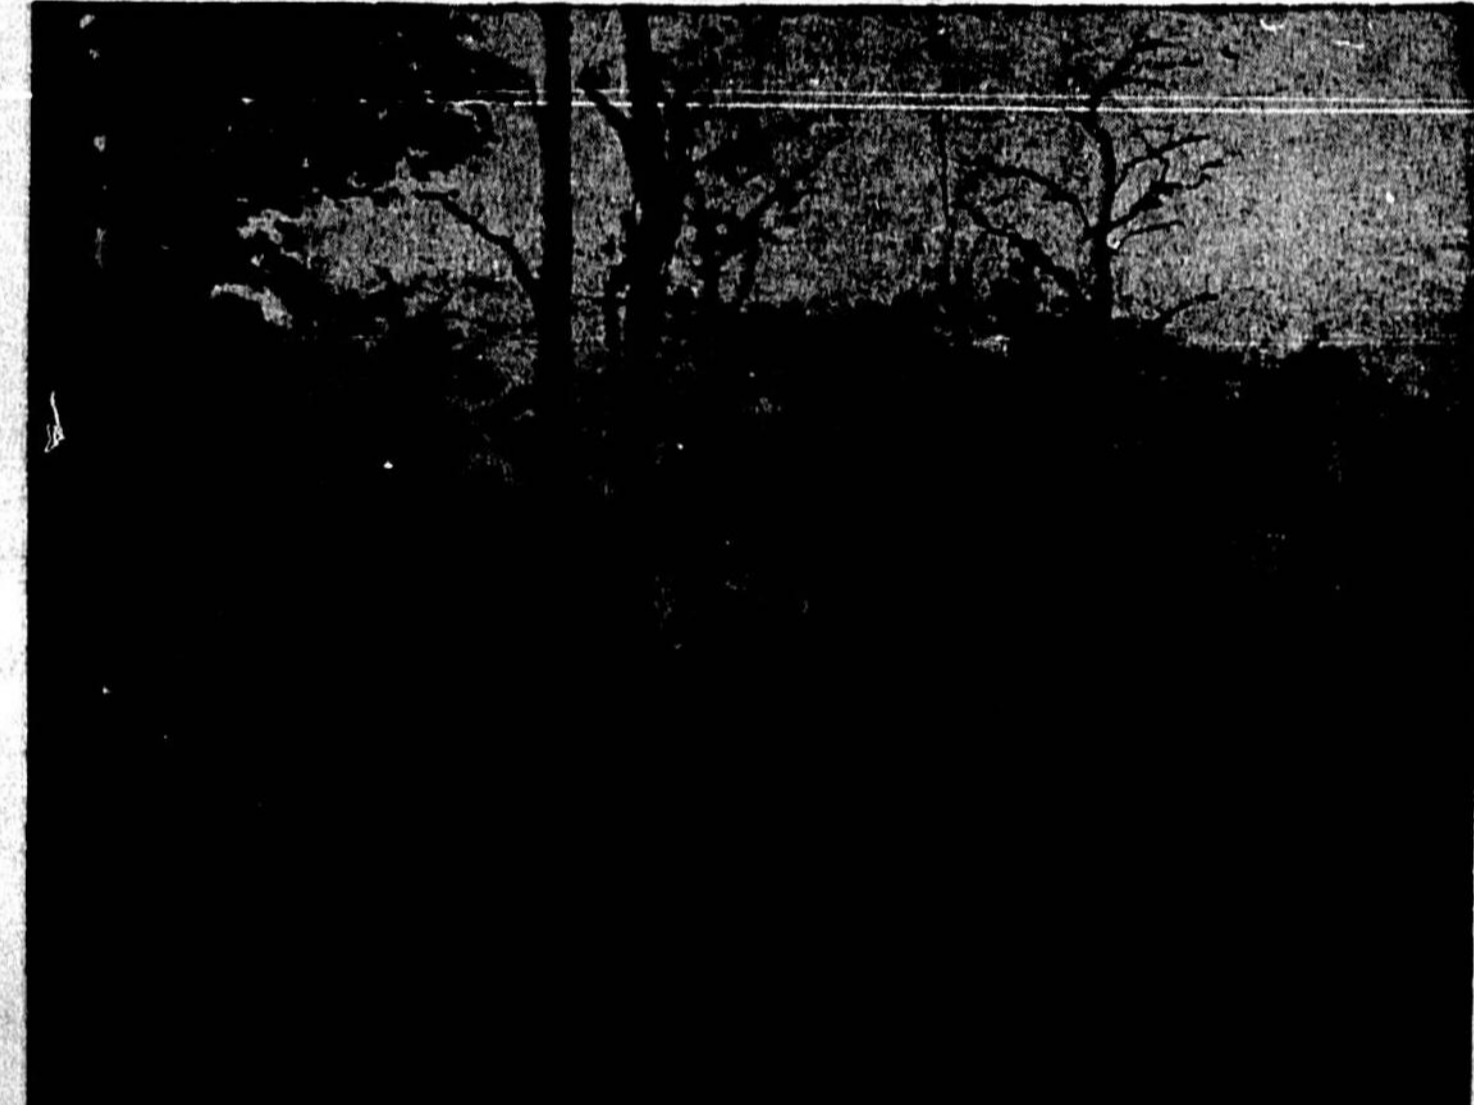

Man In Service

NEW YORK (AP) — Nearly 20 hardy volunteers braved Sunday's storm and rain to help the Red Cross collect food for the homeless in the city.

The volunteers, who were organized by the Red Cross, were seen in the city streets, some carrying large bags of food and others carrying boxes of supplies.

Buy Bonds where you work.

They do.

Why do our servicemen buy U.S. Savings Bonds? Their answer is the same as yours and mine: saving for the future, supporting freedom. And because they're fighting for freedom, too, maybe servicemen see the need more clearly than many of us. Buy Bonds. In more than one way, it makes you feel good.

First Vessel Since WW II

SOUTH PORTLAND, Maine (AP) — The Delaware II, an experimental fishing trawler, is the first vessel launched at shipyards here since World War II.

The craft, built for the U.S. Bureau of Commercial Fisheries, is to be commissioned early next year, based at Gloucester, Mass. It will do exploratory fishing and fishing gear research.

The 115-foot stern trawler slid smoothly into the water Sunday after a traditional champagne launching by Mrs. Bernal B. Allen, wife of South Portland's city manager.

Library Profits With Amnesty

CHICAGO (AP) — Thousands of delinquent books were back home today, including one missing for 23 years.

Tuesday was the Chicago Public Library system's first amnesty day, when conscientious book borrowers could turn over a new leaf and return an overdue volume without having to pay the usual 2-cent-a-day fine.

And the books were returned—in shoe boxes, attic cases, shopping bags and packing crates—to the 62 branch libraries.

A copy of William Shakespeare's "Vanity Fair," checked out in 1944, was brought home by a relative of its deceased borrower. The volume was brown with age but still in lending condition.

Supreme Court Impact On Law Agencies Outlined

Former Volusia County District Attorney Dan Warren, speaking Tuesday night before a meeting of the Constitution of the DeBarry Civic Association, gave a forceful and dynamic talk on the impact of recent Supreme Court decisions on law enforcement agencies.

Warren, former president of the DeBarry Civic Association, spoke at the meeting of the DeBarry Civic Association, which is a branch of the DeBarry Civic Association, which is a branch of the DeBarry Civic Association.

He forecast the necessity of action by the courts on Amendment 1 of the Constitution to curtail the "reasonable activities of such people as H. Rapp Brown and Stokely Carmichael."

In the business of the meeting, Cottrill appointed Thomas Thurston, vice president, to handle issuance of the 1968 Shopper's Guide.

James G. Duffy of the road advisory board reported a meeting scheduled with Constable Thomas C. Von to discuss installation of stop signs at dangerous intersections in the community and Area 10, where business chairman, asked for volunteers to help paint interior walls of the Center during the latter part of this month.

Program for the evening was presented by Mrs. Thelma Anderson, vocalist, accompanied by Mrs. Thomas Mopping on the piano and Mrs. Giselle Donaldson on the violin.

Cottrill announced the DeBarry Civic Association Ensemble, directed by Roger Casini, will present a program of Chamber Music for the February meeting at which time John Krider of Sanford, executive director of the Seminole County Chamber of Commerce, will speak on the proposed Park of Sanford.

Population Demands May Get Out Of Hand

WASHINGTON (AP) — Secretary of State Dean Rusk says the future's overriding problem will be to ease the pressures of a growing world population before they threaten to touch off nuclear war.

And a prime achievement of the Johnson-Kennedy administration has been, Rusk said Wednesday, that "we have added seven years to the time in which the nuclear bomb has not been dropped in anger." In an interview with The Associated Press, Rusk set a general time limit of up to a generation for meeting population demands before they get out of hand and a 5 to 10-year estimate for international agreement to curb the atomic weapons spread.

War Causes 'Spirit Of Joylessness'

LOS ANGELES (AP) — Sen. Eugene J. McCarthy, carrying his campaign for the Democratic presidential nomination to the nation's most populous state, says the Vietnam war has generated a spirit of "joylessness and fear" in America.

The Minnesota Democrat said the "frustrations of the past and the unpleasantness of our cities cannot be separated" from the war.

McCarthy, who plans to run in several Democratic primaries, opened today a six-day campaign swing through California. His initial speech was prepared for delivery at a Los Angeles luncheon.

Corner Club Combines Party And Meeting

By Mrs. Clarence Snyder

The Social Corner Club met for their December and belated Christmas party at the home of Mrs. Edna Norman.

The group watched the Orange Bowl Parade in color and then exchanged Christmas gifts.

Delicious refreshments were served by the hostess after which they were entertained by Gene Kersey of Tampa, who played many selections on the Steel Guitar. Kersey was a former member of the Wayne King Band.

A letter was read from a club member, Mrs. Lillian Andrews. Mrs. Andrews spent her winters in Florida for many years. She is now a patient in West View Manor, R.F.D. No. 1, Beverly, Conn., and would appreciate hearing from all her friends.

Those attending were Rev. and Mrs. Walter McPerson, Mrs. Beale Lord, Mrs. Lucy Depriest, Mrs. Lucy McGovern, Mr. and Mrs. William Michalich of Delray, Mrs. Ivy Jane Estes, Mrs. Metta Clark, Mrs. May Jarvis, Mrs. Beulah Thornton, Mrs. Josephine Warren, Mrs. Edward Ludeck, Gene Kersey, Frank Akers and the hostess.

Dinner Follows Wedding Rehearsal

A REHEARSAL DINNER honored Miss Carol Highsmith and John Warner II (center) Friday night in Casselberry. They are shown with their parents, Mr. and Mrs. George Highsmith.

By JANE CASSELLBERRY

Miss Carol Highsmith and John Warner II were honored Friday night at a wedding rehearsal dinner held at the home of their parents, Mr. and Mrs. John Warner, on Lake Tripoli Drive, Casselberry.

Guests included Mr. and Mrs. George Highsmith of Fern Park, parents of the bride-elect; Miss Jean Highsmith, sister of the bride and maid of honor; Chuck Wagner, brother of the groom and best man; Miss Grace Hubbard, bridesmaid; Mr. and Mrs. Benjamin Bowling, usher and bridesmatron; Steve Price, usher; Miss Alice Ann Hill, organist; Miss Jean Hess, soloist; and John Worder, trumpet.

Other guests were Steve North, Tampa; Miss Barbara Ellis, Gene Stephenson, Mr. and Mrs. Eugene Johnson of Ocala, do, aunt and uncle of the groom; Mr. and Mrs. Walter Bender, Mr. and Mrs. Joseph Pavelchak, Mr. and Mrs. Roy Bendell, William Wagner, uncle of the groom and Miss Diana Wagner, his cousin, of Lewisburg, Pa.

The dinner was served at a large U-shaped table in the Florida room and hors d'oeuvres were served in the dining room. Decorations were in the bride's colors of gold and white and the large floral centerpieces were made up of white and gold chrysanthemums, fern and stephanotis.

Talking from the chair broiled by the host were the piece de resistance. They were served with salad and vegetable tables and topped off with a sherbet parfait.

Wines & Legends

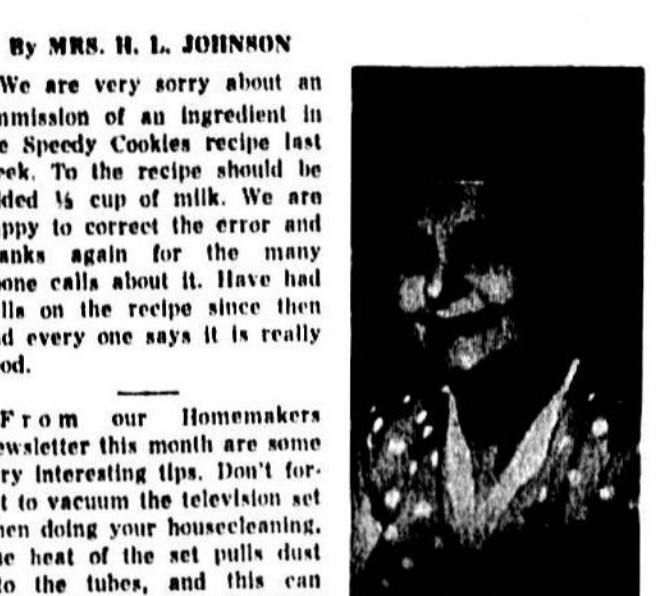

By Bob d'Aversa

The temperature at which wine is properly served varies from 45 to 65 degrees, depending on the type of wine. A dry white should be served at about 45 degrees, a rich white at 50 degrees, a red at 60 degrees, and a sparkling wine at 40 degrees.

White wine is ruined by being served in a dark bottle. The light should be kept in a dark bottle. Champagne is served a little colder (about 45 degrees) than most wines.

Red wine is usually served in a dark bottle. The light should be kept in a dark bottle. Champagne is served a little colder (about 45 degrees) than most wines.

Homemaker's Corner

By MRS. H. L. JOHNSON

There is a much less need to set up that large ironing board. A practical replacement is a double, collapsible table top board recommended for any touch-up pressing required after laundering. The surface shapes from three to seven inches wide by 21 inches long and the flip side measures seven by 27 inches. It comes equipped with washable coated covers and pads to fit each side of the perforated, enamel-finish frame.

If you have a little minimeat left over from holiday cooking, you can make good use of it by making this "Spicy Fruit Salad."

SPICY FRUIT SALAD

- 1 head iceberg lettuce
- 1 lemon
- 1 large banana
- 1/2 cup ready-to-use minimeat
- 1/2 cup dairy sour cream
- 1/2 tsp. salt
- 3 maraschino cherries

Core, rinse and drain lettuce well. Cut lengthwise into halves. Place cut side down on board and shred finely with sharp knife. Place in bowl. Heat vinegar and salt, pour over lettuce. Stir to mix. Cover, refrigerate several hours, stirring occasionally. Drain. Cut banana into 1-inch pieces. Fry in large sauceron until crisp. Add drained lettuce and celery salt. Heat through. Serve at once.

HOT LETTUCE SLAW

- 1 head iceberg lettuce
- 1/2 cup vinegar
- 1/2 cup oil
- 3 slices bacon
- 1/2 tsp. celery salt

Core, rinse and drain lettuce well. Cut lengthwise into halves. Place cut side down on board and shred finely with sharp knife. Place in bowl. Heat vinegar and salt, pour over lettuce. Stir to mix. Cover, refrigerate several hours, stirring occasionally. Drain. Cut bacon into 1-inch pieces. Fry in large sauceron until crisp. Add drained lettuce and celery salt. Heat through. Serve at once.

This recipe sounds like quite a production, but it's actually made from a mix. Add a little more and nothing to give the slaw a delicate spicy flavor, and then make a crunchy, chewy topping with slivered almonds, flaked coconut, butter and sweetened condensed milk. Every one in the family will surely like this.

ALMOND COCONUT POUND CAKE

- 1 pkg. (1 lb. 1 oz.) pound cake mix
- 1/2 tsp. mace
- 1/2 tsp. nutmeg
- 4 egg yolks
- 1 can sweetened condensed milk
- 1/2 cup butter, softened
- 1/2 tsp. vanilla
- 1 cup slivered almonds
- 1/2 cup flaked coconut

Prepare cake as directed on package, but mix in spices before adding liquids called for. Bake as directed in 9 by 5 by 3 inch pan. Invert from pan to cool.

For topping, beat egg yolks until thick and fluffy. Heat condensed milk just to boiling, stirring constantly, gradually beat in egg yolks, continue heating until cool. Gradually mix in butter, vanilla, almonds and coconut. Chill until serving time. Spread on top of cake. Sprinkle with slivered almonds and flaked coconut. Bake 30 minutes. Serve hot.

Eggs are good for grocery budget balancing after the extravagance of the holiday season. Why not scramble a skillful of eggs, cut into squares and toss with bite size chunks

Dear Abby:

By Abigail Van Buren

DEAR ABBY: He and my little baby on the way. My son has a 4-year-old granddaughter. I'm really down the chimney, and I laughed and said to her, "I'm glad you're here, but I'm glad you're not here." She said, "I'm glad you're here, but I'm glad you're not here." I'm glad you're here, but I'm glad you're not here.

DEAR ABBY: Do you think a man who could cheat on his wife and cheat on his wife would cheat on his wife?

DEAR ABBY: I would not encourage anyone who "acts a little strange" to marry. Especially at age 22, with a history of three divorces in six years.

DEAR ABBY: The other evening I very nearly hit a little boy on a bicycle. I was almost on top of him before I saw him. His bicycle had no reflectors.

DEAR ABBY: Only a man who can resist the temptations of a woman who is a reminder to parents of youngsters who have bicycles I am not selling "reflectors." They can buy luminous paint and "decorate" the child's bicycle so it will be seen by motorists at night.

Every time I think of how close I came to hitting that little boy, I tremble.

DEAR ABBY: My father, who is 92, was hit by a car since Mother died six years ago. His lady friend is 79. She seems pleasant and intelligent, but she has three divorces in the past 10 years.

DEAR ABBY: My brother and I are going to Dad's support. He is still able to enjoy life and look after his own business, but he acts a little strange. Should we give our blessing to his marriage? We want to be fair, but, oh, dear!

GENERAL TENDENCIES: A day and evening to make sure that you do everything in a most careful and precise manner. Refusing to let any resentment or problems cause you to do any job in a sloppy or careless fashion, you can have much criticism and fail to gain the good will and active assistance you desire from others.

ARIES (March 21 to April 19): Showing all about that you are a conscientious person, no matter where you may be today, can bring the most results and benefits. Do whatever is necessary to feel better physically. Don't try to take advantage of others.

Taurus (April 20 to May 21): Get into all those interests that perk up your spirit instead of being so dull and heavy. Be an understanding, charming person and others will be attracted to you more. Forget that you are a Taurus.

Gemini (May 22 to June 21): You will not criticize but will give helpful hints; accept them. Use more diplomacy in your dealings with others. You find that life will be infinitely happier for you in the months ahead.

Take the children (June 22 to July 21): Straightening out written reports, other papers, getting surrounding matters clearly in line and then, with close friends for recreation, talk, buying and selling comes easier now.

Leo (July 22 to Aug. 21): Find out what the needs of others are and then you can add considerably to present income by supplying them with what they need. You are a Taurus.

Virgo (Aug. 22 to Sept. 22): Carry through with commitments made without further delay. This is the only way to have harmony with others. Out to the beauty and barber shop for the treatments that make you far more charming.

Libra (Sept. 23 to Oct. 22): You have many annoying little problems that require your immediate attention now. Do not waste any time. You will give a helping hand to those who need it. Do not turn them down without a thought.

Scorpio (Oct. 23 to Nov. 21): Find a better model operandi for the days ahead and show good friends that you have an interest in their welfare. If you ever do not give them too much of your time. Schedule it wisely.

Sagittarius (Nov. 22 to Dec. 21): Take the greatest care you do not jeopardize the interesting and fine reputation you have so carefully built up. Be circumspect in all that you do, say. Get career built up by some unique methods.

Capricorn (Dec. 22 to Jan. 20): Show new contacts that you value the fine favors they are extending to you, as well as wise, older friends. Do not neglect regular contacts, though your quest for new outlets, pastime, activities, interests.

Aquarius (Jan. 21 to Feb. 19): Show ingenuously in attending obligations that seem more than you can rightly handle. Do not lose your temper with loved ones. Listen carefully to what is being said, then count to ten. Be happy.

Pisces (Feb. 20 to March 20): Know what it is that your associates want from you and then do your utmost to meet expectations. Get their good will for the days ahead. Talk over any differences of ideas and you come to a real understanding.

Jacoby On Bridge

Jacoby and Son

One of the delectating things about duplicate bridge is that sometimes the very best play will produce only an even score.

At most tables West opened his fourth best heart against a four spade contract. This allowed South to win the first trick with the jack of hearts. South would then be about the business of leading trumps, eventually lose the club finesse, and wind up with a routine game.

When Sidney Jacoby of New Orleans held the South cards, West decided to make the unusual lead of his singleton trump. We call this lead unusual because a singleton trump lead is so likely to pick a possible trump trick in your partner's hand. This time it didn't. The ace and king are two tricks each and so on.

West took his king of spades and shifted to the king of hearts. Sidney went into deer

Beauty after Forty

By Edyth Thornton McLeod

"Dear Edyth Thornton McLeod: My hair is red and I am 46. There are a few gray hairs around my face. My husband likes my hair and I am wondering if I should have it touched up exactly in my own color. Is this wise?" — Helen.

Yes, of course. You can find the exact color by consulting your hairdresser and you can also do it at home. The modern color mixes do a great job. Since you have red hair, I hope that you wear the correct makeup tones for redheads.

"I have read that black dresses are luck in style and are the important dresses for NOW. I am wearing a dress in black but I'm going on a visit to New York and I want to look my best. Is it?" — Bessie.

The "little black dress" is back; it never really went away. Black always looks smart but there is one reason to wear what makes you look unhappy, as I've written many times, brown is so important. Gray is charming, very blue, green and color which become a visit to New York and I want to look my best. Is it?"

DUNEDIN (AP)—Two sailors beamed and out of gas in a 30-foot motorboat today, thanks to a Coast Guard helicopter.

Mrs. Elizabeth Greenhalgh of Dunedin, called the Coast Guard to report her son, Robert, 26, a midshipman at the U. S. Naval Academy, and Robert's brother, 23, were overboard in the sailboat.

The Coast Guard sent a helicopter to the Dunedin marina, and it landed the best 20-year-old sailor.

The pilot told the boys to hold on and the "copter blades" hummed it to a landing.

Approval of a \$37,500 study to help set up a program to provide new jobs and offset the impact on this city of the closing of the Navy Air Base on July 1 was announced today by the Economic Development Administration...

This followed a conference in the office of Lambert O'Waller, Economic Development Administration, attended by Mayor V. Vincent Roberts, A. K. Shoemaker Jr., chairman of the Sanford Industrial Commission and Leo Vann, vice president of Jenco, Inc., representing Jenco Paulucci, industrial consultant for the city of Sanford.

Today's action follows months of consultations and research which followed announcement of the base on the July date. The report, itself, went to Washington last July 27, and went out in detail to his offices and goals.

Senator Bill Gunter formally announced his intention to run for re-election to the 1968 District State Senate seat he now holds. The announcement was made in a speech at the Orlando Optimist Club luncheon meeting today.

Gunter, a Democrat, was first elected to the State Senate in November 1966 and was re-elected last March in the special legislative election called due to congressional reapportionment.
