Following their wedding vows.
Rev. Wayne Smith gave the couple Holy Communion. Church.

Rev. Dr. John W. Myers and Rev. Wayne E. Smith, Altamonte Springs., officiated at the candlelight, double ring ceremony.

Mrs. Donald Woodward, mother of the bride, wore an aquatwo-piece silk dress, with white accessories, complimented with a white orchid corsage. The altar was decorated with a large white bouquet of glads, mums, and greenery, with a single candle on each side of the flowers.

Mrs. Paul French, mother of the groom, wore a light green lace and crepe dress, a floral whimsey headpiece and a white orchid corsage.

The bride, given in marriage by her father and mother, chose a formal Empire styled gown of silk doupione featuring a Chantilly lace bodice and long lace bell sleeves. Her four-tiered elbow length veil of illusion was held by a ring of matching lace. She carried a cascade of yellow roses centered with a white orchid.

The bride, given in marriage orchid corsage. Immediately following the ceremony, a reception was held for one hundred guests at the church.

Mrs. James Ward was in charge of the bridea' book, with Mrs. Adrian Stockard in charge of the reception.

Serving the guests the five-tiered wedding cake was Mrs. Larry Auvil, assisted by Miss white orchid.

Federal Civilian **Employes To Top** 3-Million Mark

WASHINGTON (AP) - The rising number of federal civilian employes probably will pass 3 million this month despite cost-cutting orders issued by President Johnson.

Executive branch employ ment totaled 2,980,156 in June. according to the Congressional Joint Committee on Reduction of Nonessential Federal Ex-

penditures. That represents a rise of nearly 500,006 employes since Johnson took office in November 1963, and is the highest on record except for during and just after World War II. Some of the June rise was seasonal and temporary. The joint committee noted about half the 74,911 increase over May resulted from temporary summer jobs under the President's Youth Opportunity program. There also were seasonal hiring rises at the Interior, Ag-

riculture and Post Office departments. Administration officials conceded privately there is little possibility of any significant job cutback even though Johnson has announced efforts to curtail spending by as much as \$4 billion under the "cut, tax and borrow" program he sent Congress

last week. The outlook is for rising employment, officials said, because only a relatively small portion of federal spending is "controllable" by the administration and because Johnson will not cut antipoverty programs, controllable or not Summer jobs for slum dwell ers, youth activities, worktraining programs and other ef forts to alleviate poverty are viewed officially as top-priority measures this summer because of racial tensions in the cities. The civilian pay roll topped \$20 billion in the fiscal year ended June 30. The congressional joint committee reported that aries totaled \$11.8 billion while the Defense Department paid out \$8.6 billion to its civilian

workers, for a total of \$20.4 bil-The joint committee's figures do not include the judicial and legislative branches, except for the Government Printing Office and the General Accounting Of fice. The latter agencies are in the legislative branch and their payrolls are outside the Presi dent's control, but together they account for about 10,000 em The Civil Service Commission

whose reports are issued less promptly than those of the joint committee, shows the legislative branch total in mid-1966 at 36,-908 employes including both GAO and GPO, and judicial branch employment, at 5,967.
