HOOVER CAMP SEES VICTORY ALONG BORDER

Believes Campaign In Certain To Win Tennessee And Virginia In Coming Election

Nominee Cheered By Felicitations Hughes And Borah Will Conduct Extensive Speaking Campaign

WASHINGTON, Oct. 8.—(INS)—Herbert Hoover is certain to carry Tennessee and Virginia in the coming election, according to a statement made today by members of his "board of strategy" in summarizing the effects of his one-day travels of the Solid South.

The Hoover camp was highly pleased with conditions in the South and optimistically predicted Hoover would be the first Republican nominee since before the Civil War to smash through the traditions that have kept Dixie Democratic for 60 years.

The Hoover campaign meanwhile reared into high gear. Charles Evans Hughes, standard-bearer of the 1916 campaign, and William E. Borah, the "Honest" man of Idaho, will share the spotlight with the nominee during the last month of the campaign.

Other speakers will be broadcasted in the East and West, every morning and evening up until election day.

Speeches will be made by Hoover and his associates in the next few weeks. Then he will make four more prepared addresses, closing the campaign in Brooklyn, N. Y., and in Massachusetts and upstate New York, according to present plans.

Hoover himself will make two more speeches in the East, one at Boston, Oct. 15 and the other in New York City, Oct. 22. He may add a third for the last week of October, before he leaves for his California home to vote.

World Series Postponed Because Of Heavy Rains Which Drench Ball Field

Judge Landis Issues Decree Which May Be Aid To Cardinals For Winning Back Some Of Their Lost Prestige

ST. LOUIS, Oct. 8.—(INS)—Everything seemed in readiness to place the hope for the best of the condemned, the weather man came galloping up with a story of execution today and, as a result, the World Series hopes of the St. Louis Cardinals, first and treasured for at least another 24 hours.

It rained with great earnestness in the night and throughout the morning, leaving Judge Landis no alternative but to declare the fourth game of the series between the Cardinals and New York officially off and out until tomorrow.

The postponement came as an undeniable boon to a ball club that appeared due to be marched to the scaffold, on mass. But it wasn't a full pardon merely a reprieve.

Some or later, the avid admirer of the Cardinals must get together for their fourth meeting and, with the Yankees having won the first three almost by acclamation, hope for the life of the condemned had all but fled.

Their disolute performance behind Haines yesterday, after they had returned to a welcome that must have impressed them with its volume and spontaneity, clearly indicated that such the better ball club was winning these games.

However, the delay gave the Cards an overnight chance for a much needed re-organization while, (Continued on page two)

Judge Landis issued a decree which may be aid to Cardinals for winning back some of their lost prestige.

SMITH'S DRIVE FOR DIXIE VOTE TO BE PUSHED

Governor Will Launch Campaign This Week To Win Border Territory To His Purpose

Doubtful States Necessary To Him Candidate Will Leave His Last Addresses For Populous East

ALBANY, N. Y., Oct. 8.—(INS)—Governor "Al" Smith's real drive for the presidency gets under way this week. The West is behind him. The border states are at hand. The East lies ahead.

This week the Democratic nominee invades the border country. It is doubtful. It is also necessary to his candidacy if it is to be successful in November. Figures as they will, the Democratic managers cannot envision Democratic success in November without some of the border states.

Next Saturday Governor Smith will be in Louisville, Ky. All of Friday will be spent in Tennessee. The week following will see him in Missouri. He already has been in Oklahoma. Maryland, another important border state, is being saved until later in the campaign.

Governor Smith probably will speak on the 12th at Louisville. There in the blue grass country, he will lay low the charge that he is "a tariff for revenue only" Democrat, and blossom forth as a protectionist. That at least is the prospect.

The itinerary for Governor Smith's second week on the road was still undecided today. Sedalia, Mo., and Chicago are still on the schedule for the second week, but whether there will be other dates appeared doubtful today.

There has been a good deal of discussion over this date. Cleveland, Cincinnati and Columbus are being considered. Today it appeared problematical whether Governor Smith will speak at all in the state, similarly with Indiana.

Prison Blaze Ends In Many Deaths And Escape Of Convicts

ATTACK ON SMITH LAUNCHED AGAIN BY WILLEBRANDT

Woman Renews Fight Against Nominee In Speech In Kentucky

Hardinsburgh, Ky., Oct. 8.—(INS)—Mrs. Mabel Walker Willebrandt, assistant attorney general, around whom has raged a storm because of her anti-Smith attacks, carried her fight into the South today.

In a speech here, she called to her defense a Catholic leader, P. H. Callahan of Louisville, Ky., who directed the Knights of Columbus during the war. He is a dry.

She produced a letter from Callahan in which he said referring to her speeches, "I cannot find where you had any criticism whatever of the Catholic Church."

Callahan declared he had read Mrs. Willebrandt's speech carefully, and failed to discover where she had referred to the religion of the Democratic candidate or his campaign manager.

"I know from intimate acquaintance that the Methodist Church has been fighting liquor and the liquor people for a generation or two until now prohibition is in as much of an institution to the Methodists as the parochial schools are to the Catholics," Callahan's letter said.

"It is very easy for me to imagine that you are a candidate for president making a fight against the parochial schools, which mean so much to the Catholic Church, that it would be in order for any speaker before a Catholic conference, to urge the defeat of such a candidate."

17 Captives Believed Dead As Result Of Fire Which Destroys Dormitory Of Jail

Loyal Trusty Is Hero Of Disaster

Smashes Door And Releases Victims Who Were Held Like Rats

JUNCTION CITY, O., 8.—(INS)—Heroism and loyalty of William O'Malley, 35, convict trusty, assisted by Charles F. Welch, 30, also a trusty, were held responsible for the escape of 250 prisoners from the, holocaust which resulted when a dormitory at the brick plant here, a branch of Ohio State Penitentiary, was swept by flames this morning.

Twenty prisoners are missing, of whom 17 are believed to have been dead and three to have gone "over the wall" during the pandemonium which followed the discovery of the blaze.

Caught like rats in a trap in the frame building, the prisoners shrieked and screamed as the structure became filled with choking fumes and stamped from end of the dormitory to the other seeking escape from the flames which, licking at the supports of the building, threatened to send the dormitory crashing to the ground.

O'Malley, a baker of Cleveland, under sentence of three to five years for stealing automobiles, was having bread in the bakery which, with the warden's office, was in a corner of the dormitory building when the smoke and heat began the cracking of the flames.

Running wild, O'Malley smashed flames leaping through the roof of the dormitory. In the basement, built of concrete, were six guards who, cowering with the smoke, were unable to unlock the basement door.

O'Malley looked helplessly around for something to use as a battering ram. The prison yard showed nothing he could use and he flung himself upon the door with his bare hands, kicking and scratching. Then he hurled himself sideways, time after time, at the door, using his shoulder as a ram. The door finally gave way and the guards shaking and shouting, rushed out.

GIANT ZEPPELIN GETS READY FOR HOP OVER OCEAN

Large Dirigible Under Goes Final Preparations For U.S. Flight

FRIEDRICHSHAFEN, Oct. 8.—(INS)—Today is "today" day aboard the new giant dirigible Graf (Count) Zeppelin which is scheduled to start across the Atlantic Ocean for the United States Wednesday morning if conditions permit.

The airship is to make a west flight along mainly for the purpose of giving the crew a chance to make a final check on navigating and other instruments. Most of the passengers take up today will be wives of the officers and men of the dirigible's crew. It is anticipated to them to enjoy the voyage, to see that they are not weary about their homelands during the trans-Atlantic flight.

Remember, Dr. Hugo Eckener, commander of the huge craft is studying all weather reports closely. He is extremely confident of the success of the venture. He has announced that slight alterations in the interior of the ship which were made to improve the comfort of the 10 passengers and 40 members of the crew, have been completed.

As the zero hour approaches, the little airport city is tense with emotion. All over Germany, the same emotion exists. But everywhere there is the same inspired confidence. In Dr. Eckener, his crew and the ship in which they will make their attempt.

Thousands of Germans are still making applications to be passengers aboard the zeppelin when it makes its historic flight. Dr. Eckener has indicated that he will take as many as the 50 already scheduled to go. These include Lieutenant Commander Charles E. Rossmight, commander of the American dirigible Los Angeles, and three other Americans.

Every possible measure has been taken to provide for the comfort of the passengers without, however, increasing the weight of the ship's load. One measure will be taken along a warbling canopy.

MERCHANTS FEEL BIG COMPETITION OF CHAIN STORES

Appeal To U.S. For Aid In Combatting Heavy Inroads Of Combines

WASHINGTON, Oct. 8.—(INS)—Three thousand merchants of the country have appealed to the Commerce Department for reinforcements in the battle to meet competition of the rapidly growing chain store systems.

At last the country's independent distribution system has awakened to the danger of applying the same scientific principles to trading as has been adopted by producers since the war.

Officials said today that more than 12,000 copies of a pamphlet on hints to retailers and wholesalers for keeping out of bankruptcy have been distributed within the last week.

In many cases, the pamphlet of hints and cautions were being disseminated by special investigators by the department. Among the most unique of these was the pathetic story of a blind confectionery operator who because of his affliction could not even see the competition of rivals. An expert is studying the problem and the results will be published for the benefit of all blind merchants.

Commerce experts figure there is a loss of \$9,000,000,000 annually in the movement of manufactured and agricultural commodities between producer and consumer. In so what "prize hole" this tremendous sum goes nobody knows and until the reason for the loss is discovered living costs in America.

Judge Callaway To Make Hoover Speech

Judge E. J. Callaway of Lakeland will address a meeting of Sanford citizens tomorrow night at 8 o'clock upon Herbert Hoover's candidacy for the United States presidency. The meeting will be held at the corner of First Street and Magnolia, according to H. G. Smith, Republican state committeeman.

Mr. Smith will preside at the meeting and J. F. Hall, postmaster will introduce the main speaker. According to Mr. Smith, Judge Callaway will confine his remarks to Mr. Hoover and will make no attack upon the Democratic nomination or anyone else. Mr. Smith asks all interested citizens to be present and attend a special invitation to "Hoover Democrats" will stay high.

Bayonets And Guns Preserve Order In Austrian Politics

VIENNA, Oct. 8.—(INS)—Ex-sheriff, member of the great council have kept the peace at Wiener Neustadt over the week-end despite the threat of hostilities during the counter demonstrations of Socialists and Fascists.

Nearly 70,000 persons took part in the demonstrations on Sunday while more than 12,000 soldiers stood guard and reinforced hospital forces were ready to care for the wounded.

Both the Socialists and the Fascists were ready for "warfare" but the presence of so many government forces quelled the thought of hostilities.

Such, the End announced the occasion as a "review" of their strength. The date was obviously selected because the Social Democrats, planned to revoke their special congress this year around the middle of October. Also, Wiener Neustadt is a stronghold of the Austrian Socialists.

JUSTICE REFUSES EXECUTION STAY TO W. E. HICKMAN

Also Denies Appeal To Child Murderer Who Will Die October 19

WASHINGTON, Oct. 8.—(INS)—Supreme Court Justice Sutherland today denied an appeal and stay of execution for William Edward Hickman, sentenced to die in Los Angeles Oct. 19 for the kidnapping and murder of 12 year old Marion Parker.

The move to save young Hickman was presented to Justice Sutherland in a petition for the right to appeal from the California Supreme court, which refused to change the death sentence of a Los Angeles jury.

Had the petition been granted a stay of execution would automatically have followed, according to Jerome K. Walsh of Kansas City, Hickman's attorney.

The petition was taken to Justice Sutherland in Chambers because he had jurisdiction of Pacific Coast appeal matters. The justice had the alternative of sending Walsh before the entire court to present the matter.

Still clinging to the hope as may save Hickman, Walsh planned to make a similar appeal for a stay from some other justice of the supreme court.

Walsh exhausted every effort in the California courts to save his client.

Little hope was held for any relief for Hickman in the high court, as an appeal in a criminal case rarely is granted, according to the justice in whose circuit the case originated destined to get Walsh admitted to the bar of the court today but was not expected to have an opportunity to see another justice until after the court had concluded oral arguments late in the day.

Gilbert M. Stockton, prominent business man of Jacksonville and a delegate from Florida to the Houston convention, has been secured as a speaker to address a rally to be staged in Orlando next Monday night under the auspices of the Anti-Smith Club of Orange County, according to an announcement today from headquarters of the organization.

Mr. Stockton recently declared his support of Herbert Hoover, announcing that he could not support Governor Al Smith because of what he deemed as the nominee's repudiation of his party's platform. Mr. Stockton comes from a distinguished Florida family. His father, the late John N. C. Stockton was for years chairman of the state Democratic Executive Committee, while his uncle, Albert W. Gilchrist served one term as governor of Florida.

Mr. Stockton was a delegate to the San Francisco convention which nominated James M. Cox and in the same primary was elected to represent the state on an anti-Smith ticket. He steadfastly opposed the New York candidate's nomination. Mr. Stockton is described as a fluent speaker, and his address is expected to attract a large throng. The meeting is to be held on the city auditorium and will begin at 7:30 o'clock with a dinner upon arrival followed by Mr. Stockton's speech.

MINNEAPOLIS, Minn., Oct. 8.—(INS)—Farmer labor voters of Minnesota were released today from all obligation to support the party's ticket in the presidential race, thus throwing the major portion of the progressive vote to the Democratic and Republican nominees.

Helpful Hints For Home Gardeners

With the coming of October, the real garden year for the Sanford vicinity opens, and activities are in evidence on every side. Among the important things to attend to this week, pruning should have a prominent place.

The late pruning is more liable to result in stimulated growth, particularly susceptible to the cold. Of course the poinsettias, the Dandelions, the and the mountainias had their last pruning in August, but most overgrown will be the better for a little restraint. Dead wood should be cut from the rose bushes, and fertilizer applied liberally. Now is the time for division and re-planting of Shasta daisies, violas, the perennial salvias, and hydrangeas.

Lawns should be top dressed with a mixture of peat moss and some other form of commercial fertilizer, and if one is to be successful in growing a lawn, it is essential to use a good grade of seed. This is done right on top of the other grass, and it is claimed that it does not hurt the permanent planting.

Annals are being offered by local growers in small plants ready for the border, and within a few days the garden club will give out a sale of the reliable seeds distributed by them last year.

It is the best possible time now for the amateur to make his seed beds, as the earlier plantings require the attention of expert growers. It is reasonable to plant the following. It is not a complete list, as many other varieties will do well here. Ageratum, Calendula, Sweet Peas, Poppies, Larkspur, Snapdragon, Nasturtium, Clarkia, Lupin, Aesclepias, Yucca, Cypripedium, Glia (Gilia).

Gladiolus bulbs planted now will bloom in February. Calla and Lily lilies should be planted at once, as should freesias.

Mrs. D. A. Kelly, formerly of Sanford, now of Coronado Beach, who is the house guest of Mrs. H. H. Chapman, gave the week-end with Mr. and Mrs. W. F. Thornton 1418 West First Street.

Muriel Taylor will be in her studio in The McInder Arcade all day Tuesday and Saturday this week and will receive applications for the contest.
