Allied Planes Are Striking At Lae, New Guinea Port

Chunking Announces U. S. Raids Jap-Held Countries 23 Times Lately

(By Associated Press)
Allied planes it was reported today continue to harass Japanese Port of Lae, New Guinea and United States forces made 23 raids on Jap-occupied China, French Indochina and Burma in July and August, shooting down 28 planes and destroying 80 others on the ground, Chunking said.

The wide-spread campaign of aerial assaults upon the Japanese was under way yesterday in the New Guinea area, with the Allied command reporting successful raids on enemy supply bases and shipping and a thorough strafing operation up and down the Kokoda track leading to Port Moresby.

Again the headquarters of General Douglas MacArthur indicated little ground action on the front now 22 miles east of Port Moresby, main Allied supply base in New Guinea. The command's communique said the situation was unchanged but patrols were active against the Japanese.

The principal raid reported today was a "coordinated attack" against Lae, New Guinea, in which eight tons of bombs were dropped.

Allied medium bombers hit enemy dispersal areas while attack planes heavily strafed anti-aircraft and supply installations in the vicinity, the communique said.

High school graduation or its equivalent is the minimum requirement for these courses. Students will be awarded no college credit will be given.

It is probable that only one course will be offered in Sanford, depending on the demand. A list of courses including part-time night courses and full-time day courses is in the hands of the committee. Mrs. Ruby Newhall, district governor of the Pilot Club will be Sanford in the near future to discuss the courses more fully with women who are interested.

Ranging out to sea, other Allied planes, in this instance flying fortresses, set on fire an enemy cargo vessel in Villas Strait, off New Guinea, and attacked a large motor boat from a low altitude in the face of considerable anti-aircraft fire.

The fortresses partly silenced the machine-gun fire at low altitude and all returned to their bases after this blow.

Major Changes May Occur In Tax Bill

WASHINGTON, Sept. 21. (AP)—Faced with an assertion by Secretary of the Treasury Henry Hopwood that the tax bill is "too broad," the Senate Finance Committee convenes today for a survey that may bring major changes.

Committee members were expected to vote on the bill today. The bill would increase the tax on income from \$25,000 to \$30,000 a year and would increase the tax on dividends from 7 to 10 percent.

Standard Of Living

LAMAR CITY, Sept. 21. (AP)—The Standard of Living Survey conducted by the Federal Reserve Bank here today showed that the average family of four in this community has a standard of living 10 percent below the national average.

Women May Try For Training In Defense Fields

Pilots To Organize Short Courses For State University

The Sanford Pilot Club has announced the proposed organization of a series of short courses designed to meet the shortage of engineers, chemists, physicists and production supervisors in fields essential to National Defense and Seminoles County's interest in air defense. The courses will be held at the University of Florida in co-operation with the United States Department of Education, by contacting Seminoles County school director, J. M. J. Jones.

The courses include engineering, physics and management of defense training and have been offered for some months in larger Florida cities, the committee was disclosed.

Requirements for starting a class that are the course chosen is beneficial to national defense, and that ten or more qualified women secure membership of the faculty of the University of Florida will prepare, outline and supervise the instruction.

The Seminoles County School Service Office released the names of men who will leave for induction into the United States Army at Camp Blanding Wednesday morning at 9 o'clock after they have witnessed a big send-off by local relatives and friends.

A number of the draftees have been transferred to this board from their home boards. They are: Alton, Ben McArthur, W. E. Edwards, W. E. Edwards, J. D. McArthur, A. J. Edmondson, Harry Donald Shalton and Walter Wilkerson.

Others who will leave include John Wilson, Hall, Richard Brockard, Theodore Rudolph Rouse, James Henry Hancock, George Carlson, Sam A. Algin, Charles Abner McWhorter, William L. L. Phillips, J. D. McArthur, John Hoffman Watson, James Colquett Bennett, Archie McArthur, Charles William Treat, Clarence Davis, Bernard F. Tomlin, Thomas Webb Tomlin, Carl Andy Smith, Ellis Downer, Tyler Jr., and Clark Mann.

The patriotic program planned by the Send Off and Follow Up Committee includes community singing, led by Charles Morrison, an address by T. W. Lawton, music by the Sanford Concert Orchestra, under George Feltner's direction and gift receipts will be distributed by R. Earl Knox, who will act as master of ceremonies for the program which is scheduled to begin at 8:20 A. M.

Lieut. L. P. McCuller Named To Joint Board

ATLANTA, Ga., Sept. 21. (AP)—Lieutenant L. P. McCuller, Field Artillery, of Ft. Mifflin, Ga., formerly of Sanford and Gainesville, Fla., has been named as an Army representative to one of the four Joint Army-Navy-Marine Corps Presentation Boards which will visit Southern California Headquarters Fourth Service Command, announced today.

These boards will explain the services to students and will be available for conferences to determine whether or not students should leave school to join one of the branches of the armed forces.

L. P. McCuller graduated from the University of Florida in the class of 1940 and was called to active duty June 19, 1942. He is the son of Mrs. L. P. McCuller, of Gainesville, formerly of Sanford.

Yom Kippur Observed By Jewish Faith Today

Yom Kippur, the Day of Atonement and the most sacred holiday in the Jewish calendar was observed in Jewish homes all over the world yesterday at sundown by chanting, fasting and prayer, especially for the remission of sins.

Wilkie Meets Egyptian Premier During Tour

Enjoying a hearty laugh in Cairo, Egypt, is Wendell L. Wilkie (left), personal representative of President Roosevelt, Mustapha Nahaas Pasha (center), premier of Egypt, and Alexander Kirk, American minister to Egypt. The photo was taken when Wilkie called on the premier during his extensive tour of the Allied Nations. It was released by the U. S. Office of War Information.

Draft Board Lists Army Life In Newfoundland Names Of Men To Leave Wednesday

G. W. Spencer Wins Prize In Rotary Constitution Quiz

The Seminoles County Selective Service Office released the names of men who will leave for induction into the United States Army at Camp Blanding Wednesday morning at 9 o'clock after they have witnessed a big send-off by local relatives and friends.

A local talk in Cape Romilly, Newfoundland, was held by the Rotary Club on Monday night. The speaker was G. W. Spencer, who won first prize in a quiz contest.

Minister Suggests Fences As Scrap

NEW YORK, Sept. 21. (AP)—A minister suggested today that the removal of fences be a first step in relieving the nation's unemployment problem.

Tribute Paid Sanford Woman's Husband Killed Aboard Patrol Boat

Following the notice in The Herald last Monday of the death on the high seas of Chief Petty Officer Daniel Earl Cameron, husband of Mrs. Sheila Britton Cameron, formerly of Sanford, word giving details of the tragedy has been received from Fleet Chaplain W. A. W. Cameron, resident here, and brother of Mrs. Cameron.

American Soldier Shot In Belfast

BELFABT, Northern Ireland, Sept. 21. (AP)—An American soldier was reported shot to death Sunday while on sentry duty in Belfast.

Ward To Be Alabama Attorney General

MONTGOMERY, Sept. 21. (AP)—Tom Ward, Tuscaloosa attorney, probably will be appointed attorney general succeeding the Democratic nominee, Robert Harwood, who has been called to the Army, informed sources reported today. It is understood Ward would seek election in the November general election.

AAA Fertilizers Must Pass State Inspection

TALLAHASSEE, Sept. 21. (AP)—The U. S. Department of agriculture obtained today a federal injunction stopping Florida from selling AAA fertilizers shipped into the state without passing state inspection.

Oil Team Bows To Independent Players, 8 To 3

Now Tied For First Place With Local Town Tavern Team

The Belcher Oil team of the Sanford Air Base put up a nice game struggle for five innings Friday evening in their club, with the local Independents at City Diamond-ball Park, but finally bowed to the Independents 8 to 3, in seven inning game.

The start of the sixth inning found the score tied at 3 runs each, the Independents having scored two runs in the first inning and one in the third, while the Belcher Oilers got one each in the second, fourth and fifth innings. In the sixth, Pitcher Cook of Belcher Oil got into difficulties allowing three singles, a two bagger by Steele and a pass to Evans. When the last ball finally settled and the cheering died down the Independents were three runs in the lead, and in the seventh clinched their victory with two more runs.

This victory put the Independents in a first place tie with the local Town Tavern Team, each having scored three wins against the Carpenters, Administrators and Belcher Oilers of the air base.

Tonight at 8:30 the two local teams, the Independents and Town Taverns will clash here in a fight for the league lead.

Cards Split Double-Header With Cubs, Still Hold Loop Lead By 2 1/2

CHICAGO, Sept. 21. (AP)—The St. Louis Cardinals split a double-header with the Chicago Cubs before a crowd of 35,219 Sunday and thus failed to increase their 2 1/2-game lead over the Brooklyn Dodgers in the National league stretch drive.

The Dodgers, also split their double-header with Philadelphia. Morton Cooper, the Cardinals ace right hander, registered his 21st victory in defeating the Cubs, 1 to 0, allowing only four hits in the first game. Claude Passeau, in rare form, held the bewildered Cubs to five scattered hits as the Cubs took the second, 3 to 0. It was Passeau's 19th victory.

Leon Lon Warneke rationed only seven hits to his former teammates in the opener, but a hitting double steal enabled the Cards to score their only run that gave them their sixth straight victory and their 34th in 41 games, besides their 100th of the season.

Walker Cooper grounded out to Lon to open the fourth. Then Johnny Hopp drew a pass and promptly raced to first base as George Kurovski sent his second hit bouncing into left field.

Martin Marion lined to Bobby Sturgeon, the club second-base man, but then while Warneke was pitching to Mort Cooper, Kurovski sprinted for second. As Cub Catcher Chico Hernandez threw to head off Kurovski, Hopp broke for home from third base, then held up long enough to draw a throw to Stan Hack, the Cub third baseman. When this happened Hopp tore for the plate and dodged in past Hack's throw to the catcher.

In the second game, the Cubs drove Lefty Max Lanier to the showers in less than three innings when they scored their winning three runs.

Passeau blasted the third open with a single through the box and Stan Hack bunted safely, with Passeau going to second. Phil Cavaretta drove a single to center, scoring Passeau. Hack fanned at second, Nicholson popped and Dallandro fouled out. Novikoff, the Mad Russian, slashed a single to left, scoring Hack, and when Jimmy Brown, the Cards second baseman, muffed Stan Musial's throw-in, Cavaretta charged home with the final run.

County Assistance Money In August Totals \$10,366

JACKSONVILLE, Sept. 21. (Special)—Cash grants received during the month of August by Seminole county recipients of Old-age Assistance, Aid to the Blind and Aid to Dependent Children totaled \$10,366, according to State Welfare Commissioner Leonard W. Hlatt.

During the month \$8,723 was paid to 617 recipients of Old-age Assistance; \$288 to 24 recipients of Aid to the Blind and \$1281 to 46 families (109 children) receiving Aid to Dependent Children.

During the same period, net cash payments to public assistance recipients the state over aggregated \$779,707, or at the rate of \$7,344.64 per year. This was the largest sum ever paid out in Florida during a single month for this purpose, and was made possible by additional revenues resulting from taxes levied by the 1941 session of the legislature on money played through the mutuels at horse tracks and the diversion of the 44 cent "p-aks" at horse tracks, for Old-age Assistance, and an increased wine tax and a tax on heavy trucks, for Aid to Dependent Children.

A reduction of 13 percent in operating costs for the fiscal year ending June 30, 1942, was recently announced by the State Welfare Board in a drastic economy move intended to supplement funds available for the payment of cash grants.

Standing under the Stars and Stripes of the U. S. and the hammer, sickle and star of Soviet Russia, are three of more than 1,000 guests of prominence in American government, industry, labor and professional circles, who attended a dinner in New York opening the Fall campaign for Russian War Relief. They are (left to right): Thomas W. Lamont, W. Averell Harriman, guest of honor; and Allen Wardwell, chairman of the Greater New York Campaign Committee. In his first public address since his return from attending the Churchill-Stalin conference in Moscow last month as President Roosevelt's personal representative, Harriman, U. S. Defense Coordinator in London, declared that the talks between the two leaders had brought them closer together in a burning hatred of Hitler and Hitlerism. (Central Press)

Blanding Uses Unofficial Class For Tall Draftees

CAMP BLANDING, Sept. 21. —If any man taller than six feet, eight inches tries to enlist in the Army at Camp Blanding, he'll probably be classified A-1 plus "too high."

That unofficial classification came into being here when two giants, Private Carl B. Eisenbach, six feet six inches Bushnell, and Private David E. Adams, six feet eight inches from Miami, were inducted into the Army within a few days of each other.

The tops for regulations height in the Army is six feet six inches so Eisenbach managed to get in; but the Fourth Service Command in Atlanta had to grant a special waiver in Adams' case.

Eisenbach, though two inches shorter than Adams, weighs 205 pounds. Adams tips the scale at 218. Both men were size 15 shoes and both will be held here until they receive extra large clothing.

Adams had tried to join the Navy, Marines, and Coast Guard but had been rejected because he was "too tall." He had almost given up hope of getting into the Armed Forces when an Army recruiting sergeant suggested he apply on a waiver. A line man, supervised by the district office, Signal Corps, suggested he apply on a waiver. A line man, supervised by the district office, Signal Corps, suggested he apply on a waiver.

strutive to man and his possession.

There are 640,000 kinds of insects, of which 10,000 are described.

Bathymetry is the practice of measuring depths of the sea, especially for scientific investigation.

The National Labor Relations Board considered 11,000 cases in 1941.

A fathom, used as a unit of measurement in sea depth, is six feet.

Roy Reigels And Mickey Owen Both Make Comebacks After Sports Boners

Wide World Features BROOKLYN, —It takes a man with courage, ambition and determination to come back after a historic boner as Roy Reigels made in the Rose Bowl football game a decade or so ago and as Mickey Owen made last year in the World Series.

But both came back. Reigels was rated a better football player after he had run the wrong way against Georgia Tech and Mickey Owen is more highly regarded now than last October, when he missed the third strike in the fourth game against the Yankees.

Mickey was the goat of the series. His misplay gave the Yankees new life. Just the respite they needed to go on and win the point of the post-season championship. Mickey was not wholly to blame. It was really an almost wild pitch. A wide-breaking curve that broke heading in. It happened that Tommy Leahy swung on it—thus giving him life at first if he could beat Mickey's throw, which he did.

There's talk that Reiser and Medwick and Reese and others were Brooklyn's most valuable players this year, but no less an authority than Manager Leo Durocher nominates Mickey.

Owen has been in there almost every day, handling the pitcher well, performing his other catch-

State Holds Lead In Defense Contracts

ATLANTA, Ga., Sept. 21. —Florida, with a total of 24 contracts, again led the southeastern states in the number of Army engineer contracts awarded during the week ending Sept. 12. It was announced today at headquarters, Fourth Service Command.

The contracts ranged in value from less than \$5,000 to over \$4,000,000. A total of 56 contracts were awarded in the southeast. Mississippi was second in the number of contracts with a total of eight. Georgia had seven, Alabama five and North Carolina, South Carolina and Tennessee tied with four.

Among the construction contracts were two awarded for Alabama, one to run in excess of \$4,000,000 and to be supervised by the district office of the Corps of Engineers in Atlanta, Ga. The other, an air force installation to cost approximately \$3,000,000 will be supervised by the district office, Corps of Engineers at Vicksburg, Miss.

REGISTRATION NOTICE

The Registration Books of the City of Sanford, Florida, are open at the City Hall, commencing Monday, September 14th, 1942, for the purpose of registering for the Municipal Primary Election to be held on November 3rd, 1942, and will remain open each day except Sundays and holidays, up to and including Saturday, October 24th, 1942.

H. N. Sayer
City Registration Officer.

Italy States Allies Drive Into Libya

Mechanized Columns Are Southeast Of Bengasi, Egypt; El Alamein Quiet

(By Associated Press) On the north African front, the Italian high command disclosed that Allied mechanized columns had knifed deep into the Axis-held territory of Libya, reaching the neighborhood of Gialo Oasis, 250 miles southeast of Bengasi. On the Egyptian front, all was quiet on the El Alamein line 60 miles west of Alexandria.

From General MacArthur's headquarters in Australia came the report that Australian paratroops, hastened by the prospect of Japanese invasion forces at Milne bay, have intensified their attacks against enemy units being through the Owen Stanley mountains in the forlorn area 32 air line miles from Port Moresby.

The mopping up of the last stragglers from a Japanese landing force trapped and defeated Aug. 25-30 at Milne bay, 225 miles east of Port Moresby, left Allied commanders free to cope with the enemy thrust through central New Guinea, and hopes that they might be ready for offensive action there.

Ground forces opposing the Japanese around Ioribaiwa were reported more aggressive, although the situation was described officially as showing "no general change." Allied planes, opposed in the air over New Guinea, hammered without pause at the Japanese base, striking Sunday at Lae, Buna and Kokoda, on the north side of the mountains where a large Japanese supply dump was destroyed.

(The Vichy radio heard in London, asserted the Japanese advance toward Port Moresby continued, and that the Australian forces were being driven back to the coast.)

Stevens Designs World Globe For Air Forces Use

A huge 1,850 pound globe, designed by Byron E. Stevens, formerly of Sanford, was recently presented by him to Col. L. O. Shutt, assistant chief of staff at Third Air Force headquarters, Tampa, for use of officers and enlisted men there, according to a clipping from a recent issue of the St. Petersburg Times sent by Mrs. Stevens.

Mr. Stevens, well known in this section for his art and designs depicting Florida scenes, and designer of Florida State exhibits at the Chicago Exposition, the Great Lakes Exposition at Cleveland and the New York World's Fair, is now supervisor of the Technical Services unit, War Service division of WPA in Tampa.

Twenty-Five Drown In Launch Sinking

MIDLAND, Ontario, Sept. 22. (AP)—Twenty-five were drowned last night when the launch on which they were returning from a picnic sank off Beausoleil Island in Georgian Bay, in the central part of the Great Lakes.

Two Killed, One Hurt In Miami Plane Wreck

MIAMI, Fla., Sept. 22. (AP)—Two persons were killed and one seriously injured when two planes collided on the runway at Miami's Tom Mott airfield, according to reports from the Miami office of the Federal Bureau of Investigation.

U. S. Parachutists in England

American paratroops drop out of the sky somewhere in England during invasion exercises. It has just been announced by U. S. Army headquarters in London that a large contingent of such troops has been in the British Isles for some time. They are commanded by Lieut. Col. Edson D. Raff of New York City. The men are armed with light and heavy machine guns, light field pieces, mortars, grenades, bayonets and knives. This is a parachute unit.

Club For Service Men Discussed At C. Of C. Meeting

Construction of a recreation building to be located in Fort Mellon Park and to be used as a club for service men now looms as a distinct possibility, following a conference Saturday between officials and J. R. Brennan, senior engineer of the Federal Works Agency, Edward Higgins, secretary of the Seminole County Chamber of Commerce, said today.

Another project discussed at the conference was the construction of additional wells for the Sanford water system. After investigating both of these projects, Mr. Brennan requested application blanks to be sent by the City for both projects so that they could be presented to the federal government. These blanks will be received in a day or two, and applications will be filed immediately, it was revealed.

It was the opinion of the engineer, according to Mr. Higgins, that both improvements were necessary, and that the former could see no reason why the application should not be granted.

Mr. Higgins also stated that he and City Commissioner H. James Out, plan to leave today for Jacksonville to confer with the Federal Works Agency and engineers regarding these two projects.

Mr. Higgins was very optimistic over his chances of getting these two projects through, added Mr. Higgins, "details concerning which will be announced later."

Mrs. Gee, Sanford Resident For Year And Half, Is Dead

Mrs. Harriett W. Gee, a native of Quincy, died at the home of her son-in-law and daughter, Dr. and Mrs. L. T. Doss, 1501 East Second Street, at 2:30 P. M. Monday following a lingering illness.

A former resident of Havana and a member of the First Methodist Church, Mrs. Gee has lived here for the past year and a half. Besides her daughter, she is survived by two sisters, Mrs. E. Milton, of Havana and Mrs. Minnie Johnson, of Tampa, and Dr. Claude Woodberry of Birmingham, Ala.

The funeral service will be conducted at the First Methodist Church in Havana at 11:30 P. M. tomorrow, and Mrs. Gee will be buried in the cemetery there.

Frank Russell Joins Army At Ft. Hays

Frank M. Russell, son of Mr. and Mrs. Fred E. Russell, recently enlisted in the U. S. Army at Ft. Hays, Colorado. Ohio, was transferred to Ft. Harrison for preliminary training, and is now at Ft. Benning, Ga., where he is attending the artillery school for officers.

Mr. Russell, a graduate of Seminole High School, attended the University of Florida.

Nazis, R.A.F. Night Raiders Are Grounded

Rebuilt British Navy Chases Battleship Tirpitz Back To Norwegian Berth

(By Associated Press) In the western air, both the R.A.F. and the German night raiders were grounded last night. However, in respect to Naval activities, a London communique reported last night that powerful units of Britain's rebuilt war fleet chased the German super-battleship Tirpitz back into her Norwegian berth, perhaps with a torpedo in her huge side which she ventured out for a convoy raid some days ago, and they are standing by to sweep down on her if she moves again.

British plane and submarine patrols have redoubled their vigilance off Trondheim fjord, where the Tirpitz has been based since shortly after her completion a year ago, and will off the battle-wagons the instant she pokes her nose beyond the steel cliffs, responsible sources said.

The Tirpitz' latest battle sortie was believed aimed at the same convoy which the Germans claimed over the week end to have shattered by sinking or damaging 41 of its 45 merchantmen and six escorting British warships, and airmate attacks over a six-day period. British officials called the German claims fantasy.

The Tirpitz was said to have steamed out of Trondheim heavily escorted by other German warships based in the area, believed to include one 20,000-ton battleship, presumably the Selby, and one or two pocket battleships and heavy cruisers.

But she barely had cleared the harbor, the story ran, when she learned that British naval forces were waiting for her. The Tirpitz wheeled and foisted at top speed for the protection of Trondheim's cliffs and coastal guns but not before one British submarine "succeeded" in being in effective attack range.

If the Tirpitz was hit, it will be the third time torpedoes have torn into her huge bulk, which is listed under the German prize construction program as 45,000 tons but is believed to be close to 48,000.

Soon after the look-up, residents of Trondheim she sailed forth on a raiding expedition. British torpedo planes attacked her and scored at least one hit on the scorched back into the fjord.

Secretary Says Local Hospital Must Be Enlarged

The capacity of Fernside Memorial Hospital will in some way, have to be doubled in order to take care of the hospital needs of the wives and families of Navy officers and personnel of the Sanford Air Base, now in the near future will locate here.

This statement was made yesterday afternoon by Mrs. Edna Curlett, secretary of the Fernside Memorial Hospital, at a meeting in the office of Supt. T. W. Lawton at the Court House.

Mrs. Curlett declared she had been informed that, while the hospital needs of the men in service will be taken care of by the Navy, no provision as in the Army, is made for the sick needs of hospitalization of their families.

"Absolutely no solution has been arrived at in this matter," declared H. C. Doss, chairman of the committee, this morning. "However, this problem must be solved, and solved soon."

At yesterday's meeting were: H. C. Doss, chairman; Mrs. Endora Curlett, secretary; Mrs. E. E. Truss, member and T. W. Lawton, an officer member.

The next meeting of the committee will be on Monday afternoon, Oct. 19.

"Eleanor Clubs" Are Investigated By FBI

WASHINGTON, Sept. 22. (AP)—Mrs. Franklin D. Roosevelt reported today that the Federal Bureau of Investigation had failed to find any "Eleanor Clubs" reportedly being organized among negro servants and named for the First Lady.

White House Fence on Scrap Pile

Standing on top of a pile of iron railings that once formed a fence around the White House is Secretary of the War, Henry Stimson. He is toasting part of the railings on the White House scrap pile. The fence was taken down in 1937 and the railings were sold to the War Relocation Authority. The scrap pile yielded five tons of material to the War Relocation Authority.

Service Certificates Will Be Given Out At Send-Off Program

By putting in points of hard work and effort in gathering scrap, our Post has during the past week been able to obtain 25 service certificates for the members of the Post.

The program of collecting scrap will continue until the end of the year. The certificates will be given out at the send-off program for the members of the Post.

Ned Smith Reports On Scrap Drive At Legion Meeting

By putting in points of hard work and effort in gathering scrap, our Post has during the past week been able to obtain 25 service certificates for the members of the Post.

The program of collecting scrap will continue until the end of the year. The certificates will be given out at the send-off program for the members of the Post.

Wheat Trade May Be Paralyzed

CHICAGO, Sept. 22. (AP)—Paralysis of private wheat trade under the proposed federal price control bill feared by grain men, it was announced today.

Experts believe complete federal operation of complex business may become necessary if controls under anti-inflation legislation do not provide for the many peculiarities in grain marketing. The need for multiple ceilings to cover varied grades and types was pointed out.

Navy Announces Loss Of Two More Vessels

WASHINGTON, Sept. 22. (AP)—The Navy announced today that two United States merchant vessels were lost in the Mediterranean sea early in August of 1942.

The vessels were the British aircraft carrier Eagle was sunk. One was torpedoed by a motor torpedo boat at night after Axis air and sea craft had attacked the big convoy constantly for three days.

The other was scuttled by her crew to prevent her falling into enemy hands after it had been torpedoed presumably by a submarine.

Dimout Color Changed

HONOLULU, Sept. 22. (AP)—After eight months of blackout in which automobiles were permitted to operate with blue lights, the military governor's office decided today was the wrong color and ordered lights substituted.

Soviet Flag Still Flies Over Volga River Metropolis

Nazi Executions In Europe Total Quarter Million

(By Associated Press) The Red flag still flew over rubble-heaped Stalingrad and at mid-day the Russian high command announced that Soviet troops, counter-attacking in some districts of the Volga metropolis, had forced the German to retreat. This was the 20th day of the epic defense.

The Soviet newspaper Pravda reported that fighting in Stalingrad had continued for 200 days. It said that the city had been under attack for 100 days.

The German high command announced that it had lost 100,000 men in the defense of Stalingrad.

The German high command also announced that it had lost 100,000 tons of supplies in the defense of Stalingrad.

Richard Maxwell Is Marine Lieutenant

From somewhere in the Pacific Mrs. R. C. Maxwell has received a letter dated Aug. 21 from her son, Lt. Richard C. Maxwell, of the United States Marine Corps, stating that after two years of service as a marine, he had been promoted from sergeant to second lieutenant.

Mrs. Maxwell added that her son wanted her to send him a note with a lot of good things to eat, particularly stuffed olives and cranberry sauce.

Pipe Contract Given To Arkansas Company

DALLAS, Tex., Sept. 22. (AP)—A contract for construction of a 200-mile, 8-inch pipeline across northern Florida has been let to Anderson Brothers of Tulsa and Little Rock, officials of Trans-Louisiana Pipeline Company announced yesterday.

The contractor already has moved right-of-way crews to Florida and is expected to start laying pipe by Oct. 1. The line is being built for Trans-Florida, headquarters in Dallas, from pipe salvaged from American Liberty Pipeline Company's east Texas-Gulf coast carrier.
