Johnson Sees U.S. As Under One Man Rule

Plays New Deal Policies In Address To Lumber Association

CHICAGO, Sept. 17. (AP)—Former NRA Administrator Hugh S. Johnson yesterday professed to favor a dictatorship.

"Under the seduction of bull-horn, bribery and chicanery, he told the National Hardwood Lumber Association, 'we are moving away from the democracy imagined by the Constitution and straight toward as rigid a dictatorship as there is on earth.'"

He expressed fear that the New Deal's principal objective "is to give us a new form of government—not within the Constitution." He added:

"The Executive seeks the power to influence the decisions of the Supreme Court by appointing to it a majority of puppets—hill-billy Ku Klux wood-hats from the flocks of the creek, like Senator Black."
Johnson contended the "Executive" also sought power to regulate croppers on every farm, to fix hours wages and working conditions, and to control, through the Broadview reorganization plan the Securities and Exchange, Federal Trade, Interstate Commerce and Communications Commissions, while at ready hand, power to inject the Nation into war, regulate the value of money and "lead the stock market up or down."

"Through lump sum appropriations by billions of money to be spent in his unlimited discretion, and through the power now sought to shift appropriated money from one purpose to another, the Executive seeks to take from Congress this power of the purse."

"That is the worst threat of all. This is the power to buy up votes of whole classes of population. It is the power of political perpetuation of any Administration and to make the American Executive the most powerful one-man government on the face of the earth."

Johnson mentioned the court and government reorganization plans of the Black Connery wages and hours bill, and the "now a not completely dictatorial AAA bill." He added:

"Are all these proposed measures unconstitutional? It may be so, Henry VIII violated every commandment of God and man. But he did it all within the letter of the law. Even revolutions may be made to seem technically constitutional."

There is a "wonderful opportunity," Johnson said, for "an honest and sincere party of opposition."

Wheeler Asks For Probe Into Black Ku Klux Charges

WASHINGTON, Sept. 17. Senator Burton K. Wheeler (D-Mont.), sponsor of the legislation which frustrated President Roosevelt's Supreme Court program, last night demanded that the President name an "impartial board" to investigate published charges that U. S. Supreme Court Hugo L. Black is a member of the Ku Klux Klan.

Wheeler, whose defeat for re-election to the President was demanded by New Deal Senator Joseph Tuffey (D-Pa.), asserted that if the President failed to act, "the Senate should do so."

"This is a good illustration of what happens when an administration acts hastily and what happens when Senators vote blindly for every suggestion that is made by the White House," Wheeler asserted in a statement wired to the press from Everett, W. Va. "The President should investigate the charges, or the Senate should do so."

"If the charges made are true, the President should take the Black's retraction."

Retreat To Fortified Lines Indicates Approach Of Big Fight

SHANGHAI, Sept. 18.—(AP)—Japanese artillery unleashed a new bombardment of the Markham road section today bringing fresh perils to American-defended sector of Shanghai's war-shocked International Settlement.

Japanese shells crashed into the area close by the patrol assigned the United States Marines as Japanese navy planes taking advantage of clearing weather resumed a bombardment of Chinese positions on a wide front.

The aerial attack was launched against Lichong, Lotien, Kiang wan, Chapel and Pootung, Japanese naval officials declared, aiming at Chinese troop concentrations in those sections.

Roosevelt Hits Court In Talk On U.S. Constitution

President Gets Back In Fight To Reorganize Judiciary

WASHINGTON, Sept. 18.—(AP)—President Roosevelt returned aggressively to the battle for reorganization of the judiciary last night with an appeal that the nation rise "steadily to the Constitution and not to its misinterpretation."

To a scathing criticism of the "old man on the Supreme Court," he added a warning that unless permanent social reform is quickly assured, America may well be caught in the tides of dictatorship that have engulfed other lands.

Much of the president's speech quickly took its audience back to the bitter days of last spring when Roosevelt was fighting for enactment of his bill to name new supreme court justices on the plea that the judiciary had fallen behind the times and was in need of "new blood."

Defeated in that case, Roosevelt nevertheless made it plain that his objective of a reorganized judiciary was still before him. Last night he made it doubly plain that he has not given up the battle.

He spoke in the 150th anniversary of the signing of the Constitution of 1787, a gala occasion marked by a "timed Washington's observance of the anniversary," the observance spread across a vast amphitheater just below the Washington monument.

Only by restoring the living standard of the nation, he said, "can we ensure against internal doubt as to the worthiness of our democracy and dispel the illusion that the necessary price of efficiency is dictatorship with its attendant spirit of aggression." He added:

"That is why I have been asking for months that there is a crisis in American affairs which demands action now—a crisis particularly dangerous because its internal difficulties reinforce each other."

"Purposefully, I paint a broad picture. For only if the problem is seen in perspective can we see its solution in perspective. I am not a pessimist. I believe that democratic government in this country can do all the things which common sense people, seeing the picture as a whole, have the right to expect. I believe that these things can be done under the Constitution without the surrender of a single one of the civil liberties liberties it was intended to safeguard."

But, he continued, while the framers of the Constitution produced a "layman's document,"

Duval Budget Group Agrees To Assist City

Approval Of Budget Commission Makes Certain Of Refunding Of Bond Block

Duval County's participation in Sanford's refunding program was assured yesterday by the official approval of the budget Commission of Duval county. Mayor Edward Higgins was advised today.

The \$10,000 in Sanford's old securities will be exchanged for the new bonds in the near future and will bring the city a little nearer its goal of refunding all outstanding bonds which are in default, Mayor Higgins said.

The refunding bonds and a check for \$700 have been held in a Jacksonville bank awaiting action of the Budget Commission and from all indications the exchange will be made early next week, it was stated.

The participation of Duval county in Sanford's refunding was approved by the Duval county commissioners last week but the final consummation of the transaction awaited favorable action by the Budget Commission.

The money deposited with the new bonds covers prorated payment on the delinquent interest coupons and also the September interest payment on the \$10,000 in new bonds.

Duval county acquired the Sanford holdings with the failure of the People's Bank in Jacksonville several years ago. The securities had been placed on deposit with the State as a guarantee for the County funds deposited in that bank.

The exchange of the old bonds for the refunding bonds will be made on a dollar for a dollar basis as to maturity value. However, the maturity date on the new bonds is lengthened considerably and the interest rate is reduced from the old rate of five percent to 4 percent which will gradually increase to 4 1/2 percent over the 10-year amortization period.

35 Boys Attend Bugle Corps Drill

Approximately 35 boys attended the initial practice session of the Boy's of the Legion Drum and Bugle Corps at the American Legion High, Perry Meza, instructor of the group, announced today.

Karl Soderbloom, captain of the corps, tendered his resignation as he is leaving Sanford early next week to take up duties in the United States Navy and Tommy Stern, first lieutenant, was made temporary captain.

The corps now has 45 instruments and looks forward to a most successful season, Mr. Meza said. Lieutenant George Coble is in charge of the boys at their practice last night. Their instructor for the coming year will be named at the annual election of the American Legion to be held in the Hut next Monday night.

Florida Solons Back Appointment Of Black

TAMPA, Sept. 18.—Florida's two senators in Tampa yesterday for Constitution day exercises, said they stood behind the appointment of former Senator Black of Alabama to the supreme court and were confident the storm of controversy it had caused would soon subside.

"Senator Rankin, of Alabama, a colleague of Justice Black, hit the nail on the head when he declared the appointment was merited by service and party loyalty," said Senator Andrews. "Senator Rankin's broad endorsement comes from all creeds and classes, the Jews, Catholics, Protestants and negroes. That seems to be the answer to the present controversy and the end of it."

Senator Pepper described charges that Justice Black was once a member of the Ku Klux Klan as a "smoke screen" for a personal attack on President Roosevelt.

When the fleet's away hunting submarines in the Mediterranean, England's coast defense guns play a vital part in protecting the British Isles from foreign attack, real or imaginary. Here are territorial army artillerymen consisting for accuracy in practice near Plymouth, England. Winners were awarded trophies by King George VI. Nine inch guns are shown firing three quarter charges at a target toward nearly five miles out at sea. Many warships of Britain's home fleet, including the mighty battle cruiser Hood, were ordered to take up pursuit of "pirate" U-boats.

American Legion Will Hold Annual Election Monday

Commander Boyle Desires Large Attendance At Meeting

The annual election of the Campbell-Loring Post No. 51 of the American Legion will be held at the next regular meeting of the organization in the Legion Hut Monday night at 8 o'clock. Lloyd F. Boyle, commander of the unit announced today.

The retiring commander requested that every member attend and take an active part in the naming of leaders for 1937-38.

Under Mr. Boyle's two-year regime as the leader of the organization, there has been a marked increase in membership and numerous other constructive accomplishments.

Other officers who served during the past year are: H. J. Coleman, acting vice commander; Charles H. Lee, second vice commander; J. C. Moore, junior vice commander; Arthur Brown, finance officer; the Rev. I. Boyd, chaplain; Geo. Weinstein, historian; and Guy Statton, sergeant at arms.

The rally which will be followed by the voting, according to adjutant Robert Hooper, "if only members in good standing during the current year will be eligible to vote in the election."

Business procedure, other than the voting, is to be limited to a report by the Sons of the Legion Drum and Bugle Corps, of Perry Meza, chairman of the committee in charge of the boys work. The corps has been invited to participate in a huge celebration to be staged August 10th in Tavares and Interstate 100, according to Mr. Meza.

TUNA THROUGH WATCHES

HONOLULU, Sept. 18.—(AP)—Lured by millions of "smoke" on red sea shrimp, on which they feed, giant tuna thronged into these waters in such numbers recently that the school was estimated to cover 50 square miles. Fishermen who ordinarily catch sea three or four days, filled their boats to capacity in two hours.

Airplane Delivers Twins In Lakeland

LAKELAND, Sept. 18.—(AP)—It was an airplane instead of a stork that brought W. C. Galverley's twins to Lakeland. The stork did its duty six weeks ago in Chicago. The proud father couldn't be there. Yesterday he and his two youngsters arrived by air for the first time. A nurse, Hilda Troppel, accompanied Mrs. Galverley and the infants on the flight.

Sea Scouts Plan To Build Sail Boats

At the Thursday night meeting of the Sea Scout Ship "Seminole" it was decided by the members that several sail boats of the simple class, suitable for racing, would be built in the near future, according to Dick Mason, secretary.

Plans and materials for the boats are being secured so that work on them will be begun as soon as possible. The boats will be painted different colors and will form the nucleus of the "Rainbow Fleet." The Sea Scouts are indebted to Joe L. Marquette and other local business men for their cooperation in making possible the building of these sail boats.

The meeting was in charge of the Harbor Watch under Captain George At. At the conclusion of the longest session the ship was drilled by Walter Ward, Chief Mate.

Joseph A. Meisch of the Lion's Club was a visitor at the meeting.

Roosevelt To Make Cross-Country Trip

WASHINGTON, Sept. 18.—(AP)—The White House announced last night that President Roosevelt will leave Wednesday afternoon on a cross-country trip to Seattle and the Pacific Coast to inspect the larger government projects, including Bonneville, Fort Peck and Grand Coulee dams, the White House announcement said.

The president's partial itinerary includes a stop at Yellowstone National Park in Wyoming, and an inspection of a number of the larger government projects, including Bonneville, Fort Peck and Grand Coulee dams, the White House announcement said.

Roosevelt probably will be in Seattle one day and two nights, Mrs. Roosevelt will accompany him. They probably will return to Washington Oct. 7 or 8.

WASHINGTON, Sept. 18.—(AP)—Secretary Hull called on President Roosevelt today to discuss with him, it was reported authoritatively, the question of possible United States participation in the League of Nations consideration of the Sino-Japanese crisis.

The League has convened its advisory committee, established in 1923 to deal with the Manchurian conflict. The United States was represented on the earlier committee and Geneva reports have said that an invitation would be dispatched to this government to collaborate again.

Hull's visit followed by a few minutes the departure from the White House of Dr. C. T. Wang, the Chinese ambassador to the United States who called to lay before the President his government's protest against the Chief Executive's order stamping a passport on charges on munitions shipments to China and Japan.

Klansman Black?

We have no patience with those who would attack President Roosevelt by condemning former Senator Black's affiliation with the Ku Klux Klan. There is much which the President has done since he has been in office for which he deserves criticism, and there are plenty of reasons which come to mind as to why Mr. Black will not make a first class Supreme Court justice, but the fact that he once belonged to the Klan is not one of them.

It is being charged by his foes, as if there were still some doubt about it, that Senator Black was a member of the Ku Klux Klan. Of course, he was. He won the election, didn't he? And he was not likely to have done that if he had not been a member of the Klan. It is more or less customary for anyone running for office to join most of the organizations to which the bulk of his constituents find it agreeable to belong.

Most politicians think it expedient to do as Romans do when in Rome, and in Alabama, as in a good many other Southern states, most natives belong, or did belong, to the Ku Klux Klan. It was hardly any more of a crime, or an affront to good moral standards, for Mr. Black to join the Klan than for him to join the Knights of Columbus, the American Legion, or the Rotary Club. It was simply the thing to do, that was all, and he did it.

While the sparrow family is perhaps the most numerous of all the birds native to Florida, the LARK SPARROW is quite rare and is seldom seen in this state. The Lark Sparrow lives principally on insects such as the grasshopper and potato bug as well as grass seeds. This sparrow migrates in limited numbers to the east and west coasts of Florida in October and November, returning northward in April.

It was during the distressing period immediately following the Civil War that DAVID S. WALKER, a Kentuckian, was chosen to guide the unsettled destinies of Florida. During his term as Governor, United States military forces, partly composed of negroes, were stationed at strategic points throughout the state.

During his administration, Florida was still under military rule. While the sparrow family is perhaps the most numerous of all the birds native to Florida, the LARK SPARROW is quite rare and is seldom seen in this state.

New Building

The importance of building as a factor not only in the advancement of living standards, but in maintaining the national economic balance is reflected in a list of "Facts About Construction and Housing," recently issued by the Chamber of Commerce of the United States.

Among the facts listed, from official and authoritative sources, are: 1. From a peak of \$11,060,000,000 in 1928 the volume of construction decreased to a low of \$3,092,000,000 in 1933.

SCHACHT THROUGH BELGIAN, Sept. 18.—(AP)—The oft-repeated reports that Dr. Hjalmar Schacht's reign as financial genius of the Nazi regime was ended last night, appeared to have been fulfilled. The minister of economics was in Italy on "a private trip" and it was disclosed he had not set foot in his office at the ministry for weeks. Business men inquiring at government offices told frankly that Dr. Schacht "no longer has any influence." Five states have legislative councils that tackle lawmaking problems before their legislatures convene.

Tourist Finds Hat Year After Losing It

WINNETT, Neb., Sept. 18.—(AP)—J. W. Richmond of Winner lost his Panama hat in a Cambay, Minn., restaurant while enroute home after a vacation. This summer, a year after losing the hat, he stopped in the same restaurant for lunch. There was the hat, waiting for him to claim it. And it was unalteredly brushed, too. HUGENEY RECOVERING W. I. Hughey is reported recovering slowly from injuries sustained when he fell from a 15-foot ladder in the HBI Hardware store earlier in the week. Mr. Hughey, it was estimated, became over-balanced when he attempted to adjust a roller in the ladder and fell on a rubber-tired lawn-mower which broke several of his ribs, but also broke his fall onto the concrete floor. Puerto Rico has a cooler summer climate than Washington, D. C.

NEW DEAL SMASHES TAMMANY IN NEW YORK PRIMARY FATHER WEARS MADONNA MANTLE

New Deal candidates won a double-barreled victory over the Tammany Tiger in New York City's mayoralty primaries. Jeremiah T. Mahoney, New Deal-anti-Tammany coalition candidate, defeated Senator Royal S. Copeland, foe of the Roosevelt administration, for the Democratic nomination. Meanwhile, Mayor Fiorello H. LaGuardia, anti-Tammany fusion candidate and also a staunch friend of the New Deal, won the Republican nomination. Mahoney (third from left in front row) and some of his followers are shown (top) celebrating his victory. Obviously dejected, Senator Copeland is shown (lower left) watching the votes pile up against him. In gay mood, LaGuardia (lower right) hears of his smashing triumph over the Tammany candidate.

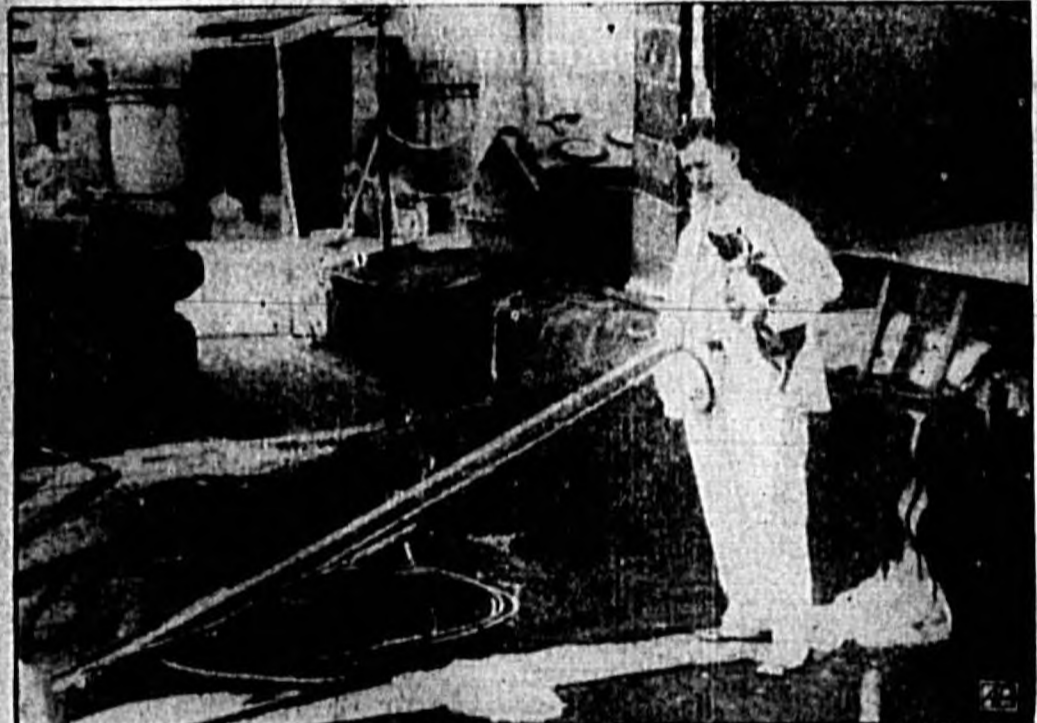

The madonna mantle September 15 fell on youthful Leroy Parker, bereaved father of 44-day old Fierrie Jane Parker, whose mother died three minutes before she was born after a Caesarian operation. Dismissed from an Atlanta, Ga., hospital, the baby is shown in her father's care.

The President's son revives. Well—yes, did she go to Hyde Park especially to welcome you home? Just a bashful grin answers this one. Have you fallen in love? Ha, ha, that's a laugh. "It's something novel as far as I'm concerned," he replied.

Seminole Gridders End Third Week Of Practice As Season Draws Near

Coach McLucas Points Out That Lack Of Reserve Power Would Hinder Local Eleven

Celery Feds Must Scrimmage Next Week As There Are Only Three Practice Drills Left Before 1st Game

By JULIAN STENSTRUM
Herald Sports Editor

Head Coach McLucas of the Seminole Celery Feds stated yesterday afternoon that things are anywhere from being rosy as the Feds finished their third week of practice, leaving only three more practice sessions before the Lan-don tilt next Friday night in Jacksonville. The Celery Fed mentor is not pleased a bit by the local eleven's actions and he has to be careful about revolving his advice on several points.

The line for the Feds this season will be fair but it is inexperienced and very light. The backfield is one of the best that Seminole has ever had but the main drawback is due to the fact that there is no reserve power whatsoever, in both instances.

The Seminole mentor and his two assistants, Russell McCracken and Woody Riser, have decided to scrimmage next week whether the physical condition of the players permit or not. The Coach told a group yesterday that he has been unable to get anywhere with the two light scrimmages so far held and to date three players are not in the best of condition.

The Feds will start scrimmaging Monday afternoon and Coach McLucas states that if any injuries are sustained he will just take the next best to Jacksonville.

The high school athletic association announced this morning that plans for the Holmes Military Academy game have been made and that Kenneth Ippert's boys will visit this city on November 11.

Gainesville, Cordele Meet Tomorrow In Class "D" Series

Manager McShane Selecting Bunch To Hurl Opener

G-Men Also Get Dace Davis Of Leesburg For Catching Job

HIS GOOD RIGHT HAND will be a mainstay in holding down Yankee opponents' hits in the World Series. Charles (Red) Ruffing started late this year with his pitching duties, but fagged his fast ball over time and again to put himself in the top row of American League hurlers. He and Gomes will head the Breball squad.

GAINESVILLE, Sept. 18.—Manager Don "Foot" McShane of the Florida State League champions, the Gainesville G-Men, announced today that he had named Jake DeGuz to hurl the opening game against the Cordele Reds of the Georgia-Florida League for the fourth out of seven consecutive games for the South Atlantic class "D" championship. McShane is expected to pick three other members of the team for the remainder of the season.

The first game will take place tomorrow afternoon at 7:30 p. m. in Gainesville and a record crowd is expected to attend and see the intral league contest. The first and second games will be played in the University of Florida city and the third, fourth and fifth in Gainesville. Extra games necessary will be played back in Gainesville.

The lineup for the opening game tomorrow will feature the G-Men hurling, Dace Davis catching, McShane on first, Livingston at second, Dace at shortstop, DeGuz on third, Beach in left field, Day patrolling center field, and Livingston in right field.

The official program of the game will start at 7:00 o'clock, and that upon a vote by the ball players, it was decided that there would definitely be no broadcast of the game as has been the custom in the past.

Titusville Is 33-0 Victor Over DeLand Bulldogs

Brevard County Team Uses Aerial Attack To Win Initial Game

HULLY FIELD, DELAND, Sept. 18.—Starting a smashing attack that more than college level is proud to boast, Titusville High School walked over the DeLand Bulldogs 33 to 0, opening Volcanic County football season with a decisive upset.

Johnson, the all-time fullback, took advantage of his team mate's aerial ability and changed the ball over from running positions three times to make the evening's highest score.

The Brevard County team eleven attempted but six passes and completed but three, it proved conclusively that the aerial attack is the chance of victory.

Titusville gained almost at will over the DeLand line, making it unnecessary to resort to an aerial attack except in crucial moments.

Johnson crossed the goal line in the first period and twice in the fourth with fine plunges all accounting for his tallying.

McKee scored a touch-down in the third quarter and Sheppard, a notable quarterback, directed the puntline in the fourth.

DeLand's extra point in the first and Adams reported in the third.

Frank Thomas Of Alabama Is Bitterly Disappointed With His 1937 Edition Of Tide

Passing, Kicking And Running Of Plays Will Improve Somewhat If Men Can Improve In Their Blocking

TUSCALOOSA, Sept. 18.—(AP) Coach Frank Thomas rarely admits a blue singer, struck Thursday perhaps his lowest note since taking charge of Alabama's football destinies.

Ordinarily cheerful, though conservative, Thomas turned a black eye over his Crimson Tide team today and enumerated the disappointments they have given him in the first two weeks of practice.

The team is considerably below expectations, the coach said. The blocking and kicking has been very disappointing. Passing has been only fair.

It is not until the punt has been up to standard and the running attack will be back in the blockers' line knocking some down.

Thomas declared he desired to see the team's 1937 season reported to him in good physical condition, and despite the fact that the team's progress was expected after two weeks of practice.

After talking to these clouds was the work of Padonk Chubb, the team's brother to Alabama's 1937 team.

Thomas shows most improvement among individual candidates. Thomas said, and is a harder driving, faster fullback than the Sophomores of last year.

Joe Ketterer, senior left halfback who has had the signal drilled in addition to his other chores, also has turned in his usual cool, confident performance.

Already Thomas has been forced to revise his team roster on other candidates.

McBradford, spotted for the right half back berth, has been compelled to favor a knee operation during the summer. George Zivich's 160-pound junior, a sun-baked blocker has replaced him at right half.

Henry Cochran, senior, also is shouldering into the picture at quarterback. Cochran was rated behind Hal Hunter because of the latter's punting ability, but his blocking has proved the coach to reconsider early on.

Thomas was more reticent concerning the line. The lack of a direct problem on Line Coach

Uncle Sam Again To Profit On Football

WASHINGTON, Sept. 18.—Eyes before any major team hoist the first kick-off, it's simple to forecast accurately that the big winner this football season will be your Uncle Sam.

It'll take a long Autumn of Saturday scuffles to decide the national championship. And on its business side of the ledger Thanksgiving turkey will be eaten before the fiscal minds, checking back over defeats and unfavorable weather, can decide whether the season financially is in the red or black columns.

But win or lose, rain or shine, snow or sleet, Uncle Sam can't lose. Every gridiron season tosses about \$1,000,000 into his jangling pockets.

Marines are called "leathernecks" because in the early days of the organization a leather stock was part of the uniform.

Local Youths Are Looking Good At Louisiana School

According to a report received here today, Leland McClelland is making a big headway in his college football campaign for his freshman year as he made his first string halfback at Louisiana College along with the Bralley Oldham, both former Seminole High gridiron stars.

McClelland, a half back, also was named as assistant manager of the varsity eleven and will hold those two positions this season. He has been praised very much by the head mentor there and a great college career seems to be looming his way.

Oldham, a tackle, hit the scales of over 200 pounds this season and was also elected to the first string tackle post. Oldham is big and his football knowledge helps him considerably in knowing the style of game he does.

Pro-Roosevelts Win In New York Mayoralty Race

NEW YORK, Sept. 18.—(AP) Tammany's Old Guard was left gasping last night under an avalanche of votes that pushed over a major party, leaving the pro-Roosevelt candidates for the November mayoralty election.

Mayor Fiorello H. LaGuardia, Republican fusionist and supporter of the president, was triumphantly elected by a wide margin in Thursday's primary election over Senator Royal S. Copeland, Tammany Democrat who sought the backing of both parties on the strength of his anti-New Deal stand in Washington.

In the Democratic primary, Senator Copeland was overwheld by the pro-Roosevelt candidate, Jeremiah T. Mahoney, who rolled up a plurality of almost ten to one.

Copeland, after "pulling in over" for several hours, accepted defeat and announced he would not run on an independent ticket.

A striking feature of the election was the Democratic write-in vote for Mayor LaGuardia, who conducted what actually amounted to a all-down campaign while the two other candidates were slamming each other in the bitterest primary seen here in years.

With all but one of the 329 precincts accounted for, the vote stood:

Mahoney, 122,887
Copeland, 219,824
LaGuardia, 65,999

The write-in movement, precipitated during the closing hours of the campaign, was credited largely to the American Labor Party, a new factor in the New York political scene which has named LaGuardia as its candidate in the general election.

In the Republican primary the vote was, with its districts missing:

LaGuardia, 79,867
Copeland, 48,550

Co-Eds 'Night Out' Means 'Th 2:30 A. M.

BERKELEY, Calif., Sept. 18.—(AP) University of California co-eds are entitled to a certain number of "night outs" during the college term, as the members of executive committees went into session to decide what the term meant. The ruling was that when a girl absented herself from dormitory at 7:30 p. m. she was out.

After entering a "night out," the girls must check in at 1 A. M. on week days, 2:30 A. M. on Friday, Saturday and Sunday nights.

Hawks Are Following Grasshoppers In West

COLORADO SPRINGS, Sept. 18.—(AP)—The grasshopper invasion in eastern Colorado has attracted thousands of chickens.

Several ranchers reported to county the skies were black with hawks circling over regions where the hoppers were thick.

The hawks settled down at various places and feasted until the supply of grasshoppers was exhausted, then moved on to other hopper infested regions.

"The Good Earth" Will Play At Ritz On Sunday, Monday

Dramatic Story Of The Chinese People Is Transcribed From Pearl Buck's Novel To Local Screen

The dramatic story of China's millions, their struggle, their hardships, and the intensely human heartbeat of the great and little known nations, is transcribed from Pearl Buck's epic novel and the stage adaptation by Owen Davis and Donald Davis to the Ritz screen. "The Good Earth," starring Paul Mann and Julius Hanmer, and showing Sunday and Monday at the Ritz Theater. It would have been on the Ritz stage for four years of research and preparation of the work of a film expedition that passed a year in China filming exteriors, studying details, and making background studies. More than one-third of the tone is handled by the railroad and the life of the Orient.

CO-STARS OF "GOOD EARTH"

Musical Picture Features Great Cast Of Players

A musical extravaganza featuring an unusual array of stage and radio talent, comes to the Ritz as a candidate for first spectacular and entertainment honors. In "New Faces of 1937," RKO Radio believes it has augmented its plan to bring new faces to the screen with a strong story, worthy of the cine-mage who portray the principal characters.

"New Faces of 1937" has been produced as a first of a series of yearly flopping. Under the permanent title of "New Faces," the series is to present new and promising talent from all fields of entertainment in elaborate musical comedy shows. Featured roles are played curiously by Joe Penner, Milton Miller, Carlyle Kallie, Hattie McDaniel, and other prominent names.
