

WHAT'S THE SMALL ARMY doing clogging traffic in Saigon? Well, somewhere in the jam is President Nguyen Van Thieu, who apparently is quite security conscious.

POW To See Son For The First Time

By KRIS LILJEHOLM Associated Press Writer
Two planes carried 26 American prisoners of war across the Pacific today toward reunions with families and friends. Among them was the longest held American POW, Army Maj. Floyd J. Thompson, to be met by a 9-year-old son he has never seen.

War Cells Inspiration To Some POW Poets

EDITOR'S NOTE — For many American prisoners of war in Vietnam, time and space hung suspended in their cells, the only reality being in their heads—the contemplation of living, loving, losing and learning. Out of this contemplation came poetry crystallizing their thoughts of home, freedom, of country.

By THE ASSOCIATED PRESS
Their bodies were imprisoned, but their minds sought freedom. They sought it through verse, the poet POWs of the Hanoi Hilton.

Some of the American captives wrote poems from their cells to their families back home. Others composed on the long flights of return.

They wrote of missed love, of a homeland only a picture in their minds, of only their companions—prison rodents. "If the rhyme is sometimes uncertain or the meter irregular, the feeling was always sincere, often eloquent."

Richard Lovelace, a poet imprisoned during the English civil war of the 1600s, wrote from his cell.

"Stone walls do not a prison make,
Nor iron bars a cage."
Nor did they in Hanoi three hundred years later.

A poem of thanksgiving was written by Navy Lt. Cmdr. Ralph Gaither during his 17 1/2 year stay in a North Vietnamese camp. Gaither read the poem for the first time one Sunday morning in 1972 at an interfaith religious service at the camp.

"I thank the Lord for blessings big and small;
For spring's warm glow and songbird's welcome call;
For autumn's hue and winter's snow white show.
I thank thee for each sunset in the sky;
For sleepy nights, the bed in which I lie;
A life of truth and peace, a woman's love;
Her hand in mine until the day I die.
I thank thee, Lord, for all these things above;
But most of all, I thank thee for thy love."

Navy Lt. Cmdr. Porter Halzbarton, 31, of Tucker, Ga., was a POW for seven years. His release meant this:

"Freedom... thanks to you People of America
A newborn, reborn child of joy,
I step from my cell into your arms,
Your lives, your love,
Your soon to be mine world,
Our country... too sweet for Freedom... too sweet for my fellow prisoners."

Navy Capt. William P. Blake, of Nashville, Tenn., was shot down June 1967. He dreamed of his native Tennessee while imprisoned.

"I thrill to thoughts of mountains grand,
Holling green hills and fertile farm land;
Earth rich with stone, mineral and ore, Forests dense and wild flowers galore..."

Aboard U.S. Ship Hostility Lapse On River

Editor's Note: Over the years, it had its moments of terror. Freighters taking war supplies to Vietnam were crippled by mines, raked by machine guns, blasted with rockets on the tortuous 46-mile passage up the Saigon River from the South China Sea. A few days ago, an Associated Press reporter journeyed up the river aboard a Saigon-bound freighter.

By HUGH A. MULLIGAN AP Special Correspondent
ABOARD SS PRESIDENT TAYLOR in the Saigon River (AP) — The half dozen freighter passengers, all well past middle age, had been told to expect an adventure.

Imagine, going to Saigon as a tourist!

For the four-hour passage up the narrow, bending river, past self-sounding names like Coconut Bay, Coral Banks, Moon River, they had to sign in-advance release forms and were ordered by the captain at dinner the night before to remain below decks.

By HAROLD MORRISON Canadian Press Foreign Editor
HANOI (AP) — They're beginning to fill in some of the bomb shelters and slit trenches among the coconut palms and banana trees in this bomb-scarred city.

"The war is over," a North Vietnamese official said. "The Americans are never coming back."

Everywhere there are children and signs of abject poverty. And, oddly, for a city of about one million children and adults, there are few such pets as dogs or cats about.

Cyclists fill the roads with honking trucks trying to clear a path behind them. Along one side of the road an ancient streetcar drags its way through the urban traffic, its interior crammed with doleful, simple faces.

The North Vietnamese, it seems, are content with the barest essentials, the primitive mode of living usually associated with an isolated state cut off from the rest of the world because of a war that has drawn most of its mature males from the city streets.

Yet the children appear happy, as most children are everywhere. They seem well fed, their clothes shabby but clean, their feet covered in a common type of rubber sandal.

Shy at first, the youngsters on a day free of school fill the tranquil parks, basking their lines for fish in the smooth ponds. They stare at strangers openly, especially at white persons. They show no signs of hatred.

The sudden appearance Sunday of a large group of Canadian newspapermen, photographers, cameramen and broadcasters filled them with awe. They stared and stared. When finally the Canadians began teasing them, the children suddenly responded.

On Hanoi's outskirts, the new rice shoals are showing. Corn is about three feet high. The coconuts are turning brown though the bananas are still green and young.

The scars are in the fields and the twisted, ruined buildings along the roads. Hanoi built many bomb shelters; some elaborately made of brick, some shaped like a sewer pipe ground vertically into the ground and covered with a cement lid.

Three Shots Fired At Officer Area Manhunt Ends In Arrest

A Sanford man has been jailed under \$40,000 bond after the armed robbery of a cab driver and a shoot-out in a Sanford residential area early this morning.

Robert Dennis Starke, 21, of 318 Palmetto Ave., was charged with armed robbery, use of a firearm in commission of a felony and assault with intent to commit a felony by Lt. Mike Rotundo and Patrolman Ray Bennett of the Sanford Police Department.

Police received a call about 12:15 a.m. from a driver for Yellow Cab, G. W. Hunt, who said he was robbed at gunpoint by a man at West Ninth Street and Cedar Avenue.

Minutes later, Sgt. Chuck Tate spotted a man fitting the description given by the cab driver crossing French Avenue near 11th Street. Tate followed the man on foot and ordered him to stop, firing two shots into the air.

Tate said the man then turned and fired three shots from a gun, believed to be a .25 caliber automatic. The shots preliminary to and Billy Crapps, a rider in his car. Tate then fired once with his .357 magnum service revolver, but the man disappeared into the shadows.

Sanford police officers and county deputies saturated the area, searching every alley and street, looking in automobiles and stopping anyone in the area.

With the awarding of a Federal Aviation Agency grant of \$2,116 today work began on a 20-year master plan for development of Sanford Airport.

Congressman William Chappell's Washington office confirmed the federal grant which will be used to determine the extent and type of development needed at the 1,600 acre former Naval Air Station.

Airport Manager J. S. Cleveland said John Bristol and Associates of Miami already doing preliminary work, are scheduled to complete the Master Plan within five months after federal funding documents are signed.

The remainder of the \$33,675 planning work is being funded by a \$5,612 state aviation grant and \$5,612 from the local airport authority.

The Airport Authority has been taking several months for the plan goal ahead before taking action on further industrialization at the airport.

Cleveland said the plan will designate areas that should be used for industry, air-oriented and support use and areas where future runways, taxiways and facilities will be located.

Since the airport was turned over to Sanford three years ago by the federal government it has from the start paid its own way through revenues from leases and rentals to industry and aviation oriented businesses and services.

Gunter Wants Navy Ocala Bombing Halt

There is "considerable fear and resentment related to the bombing as far away as Seminole County."

By BOB LLOYD
Congressman Bill Gunter has asked the U.S. Navy to stop all bombing in the Ocala National Forest as soon as possible.

Gunter told Rear Adm. L.R. Geis, Jacksonville Naval Air Station, he has found there is "considerable fear and resentment related to the bombing" throughout north Lake County and "even as far away as Seminole County."

Gunter said the fear and resentment is partially shared by instances of private property damage resulting from the bombing impact.

The congressman said the tremors caused by practice bombing with "live" 300 pound bombs "were brought to my attention in a rather memorable fashion" Feb. 16 as he was giving a speech at the Eustis Civic Center.

Gunter said the building began to shake and tremble and he was told the disruption was caused by practice bombing runs by Navy aircraft carrier based planes at the Pinalone Electronic Warfare and Bombing Range.

The tremors were felt as far south as Kissimmee and caused buildings in Sanford to shake. Navy officials said at the time that the tremors were the first caused by bombing practice since 1969.

"I shudder to think of the consequences to human life and limbs should one of those 300 pound bombs go astray in the heavily populated central Florida area," Gunter said.

However, Congressman Gunter said, in a letter to Rear Admiral Geis, that he has been told such instances happen "fairly frequently."

"Most important of all," Gunter said, "I am worried about the safety of the people in the area. None of us are perfect—that is why the Navy practices bombing."

"I shudder to think of the consequences to human life and limbs should one of those 300 pound bombs go astray in the heavily populated central Florida area," Gunter said.

Gunter said he's been contacted by many Central Florida citizens who are worried about the effect the bombing has on the wildlife in the Forest.

"Obviously, the deer and other animals can't know the boundaries of the area that has been marked off for bombing," he said.

The Herald's efforts to contact spokesmen for Geis at Jacksonville were unsuccessful.

Rights Amendment Rejected

Twenty-eight states already have ratified the proposal. It takes 33 states for the amendment to be added to the U.S. Constitution.

Niki Beare, a national coordinator for the ERA, said "we'll keep the pressure on. This matter isn't dead yet."

Scarborough, who at one time expressed opposition to ratifying the amendment, said his committee's hearings against the measure were Sen. Charles Weber, R-Port Lauderdale, and Don Gruber, R-Miami.

Rep. Elaine Gordon, D-Miami, a sponsor of the ERA bill said "we will try our hardest to get this passed down in the House, and have it come to the Senate floor."

The committee chairman said the vote to defeat the bill "is a travesty of the legislative process."

Meanwhile, workers and their representatives debated before a house subcommittee whether a right to work bill would help employers or employees.

"The only new thing this bill tries to do is single out the class of farmworkers and make their hiring halls illegal," said Kaplan.

The committee chairman said the vote to defeat the bill "is a travesty of the legislative process."

SANDOX PLAZA, rendering shown above, to be constructed north of Winn Dixie Plaza on U.S. 17-92, Longwood, will be the highest priced development of a single building in the city at \$1.8 million. Construction is planned for the two-story facility to begin within 60 days, according to Daniel Sanderson, president of Sandox Inc. The first floor will be leased for either 18 specialty shops or one or more large operations while the second floor will be professional offices.

Shopping Center Will Show Plans

By DONNA ESTES

LONGWOOD — Construction plans for a \$1.8 million shopping center-office complex, north of Winn Dixie Plaza on U.S. 17-92, will be revealed to the city council in work session at 7:30 tonight. The building to contain 58,142 sq. ft. of rental space highest priced facility of its kind in the city and will have the first elevator in the city. Daniel P. Sanderson, president of Sandox Inc., developers of Sandox Plaza, told The Herald his corporation hopes to get construction underway within 60 days pending completion of final building details, city approvals and leasing of the facility.

The two-story building is to contain 18 specialty shops or perhaps one or more large operations on the first floor with professional offices on the second floor. The first floor will be 80 feet deep and 382 feet long while the second floor, with an overhang, will be 90 feet deep and 382 feet long. Sandox Plaza will be the first Longwood building to include a sprinkler system for fire protection, he said.

The city council Thursday night adopted an ordinance to require sprinkler systems in large commercial buildings. Although the city currently has no ordinance designating required numbers of parking spaces for commercial buildings, the center will have 255. Sanderson said it is his company's plan to meet and exceed all city requirements. Access will be from U.S. 17-92 and from Church Street. In addition a driveway will connect Sandox Plaza with the Winn-Dixie Plaza next door.

Pot Grower: Hello, Sheriff

JACKSONVILLE, Fla. (AP)—Vice Squad Det. C.D. Locke said he was surprised when he drove up to the house of an elderly couple and saw a garden through the driveway. "When I saw it, I said to myself it couldn't be, but it sure looked like marijuana," investigator C.D. Locke said Monday. "He said he had cancer and was growing it for future use as a pain killer," the investigator reported. He didn't identify the man pending a final decision by the state attorney's office on whether to prosecute.

Detention Decision Not Made Police Building Switched

By BOB LOYD

Sanford city commissioners agreed Monday to switch the site for the new police headquarters-security complex from West 25th Street and Marshall Avenue to Sanford Airport near the Airport Boulevard Gate. Commissioners have yet to make a decision whether the new building will be for police administration only or if it will include detention facilities. If the detention facilities are deleted, the city will seek to enter a contract with the Seminole Sheriff's Department to house city prisoners. Mayor Lee Moore said he expects to call a city commission session, possibly Wednesday afternoon, after City Manager Warren Knowles gets a reply from fiscal agent Loomis Leedy on whether the city can expand the police complex financing from \$700,000 to \$1 million using the present revenue from an electricity franchise with Florida Power and Light Co. The commission Monday officially rejected site preparation bids on the West 25th Street and Marshall Avenue site. The bids came in ranging from \$25,000 to \$115,000 for demarking, filling, and draining the site—more than triple earlier estimates. Bids opened last week on the building ranged from \$761,000 to \$882,254 and were termed by Knowles "way overpriced."

Mass Killing Confessor Due Lie Test

LAKE CITY, Fla. (AP)—Julian Kennedy, 36, who claims to have killed 12 persons during a 15-year period, will be given a lie detector test, says State Atty. Randall Slaughter. The first thing to do is put him under a lie detector test," Slaughter said Monday. He said Mitchell: Wiretaps 'Routine'

MIAMI (AP)—Former Atty. Gen. John Mitchell says he routinely authorized his executive assistant to sign wiretap requests when he was out of Washington, D.C., or out of the country. Mitchell, testifying Monday at a hearing on a lawsuit challenging more than 500 Justice Department wiretaps, said he personally authorized all wiretaps when he was in Washington, D.C. In the hearings before U.S. Dist. Judge William O. Mehrrens, Mitchell said when he was out of the city his assistant, Saul Landenbaum, telephoned him and received permission to request wiretap authorization. Kennedy described the latest victims, Hollis said, as a woman strangled near Tampa in a dispute over drugs, a man killed near Orlando after a pool table argument and a hit-chickler killed along Interstate 75 near this North Florida city. Hollis said nine unsolved killings have been found which generally fit the pattern of those described by Kennedy. The investigator didn't identify which ones matched.

PLOTTING STRATEGY IN SANFORD MANHUNT ... Sgt. Chuck Tate (l to r), Billy Crapps, Sgt. Ronnie Miller

State Jail Funds Sought

By ANN SIECKZKOWSKI

Seminole County Board of Commissioners today voted to execute an agreement directed to James H. Stewart, director of the Governor's Council on Criminal Justice in Tallahassee, to use residual funds from fiscal year 1971 to fund the new county jail and pay for the sheriff's office expansion.

According to the agreement, Seminole County will insure that the required cash match (which is already in the bank) is met.

Sheriff John Polk assured the board that because there is already in the budget \$300,000 for the construction of the jail addition it means that the request of the \$100,000 from the Law Enforcement Assistance Administration, will require no additional cash outlay by the county.

Plaza Hesitates At Plans To Join Development

By DONNA ESTES

CASSELBERRY — The attorney for Seminole Plaza Monday night balked at a series of recommendations of the city's planning board which would, in his opinion, force the plaza "due process" and force the owners to be "bedfellows" of a commercial development to be built to the shopping center's east on S.H. 439. Leo W. Haymans, representing Seminole Plaza, opposed effort to "integrate" the shopping center with the proposed commercial development. "Nothing can make us jump into bed with those fellows if we don't want to," Haymans said. The requests were that Seminole Plaza provide a road into the Goodman-Hosman tract on the east as well as a shaded walkway. The plaza is requesting building permits for two new commercial buildings. The planners also argued that 170 trees be planted at the center. Haymans said this would be an "ex post facto application of the city's tree ordinance to an existing facility."

He added that while he didn't know where that number of trees could possibly be placed in the plaza but some years ago, he believed his clients would be willing to landscape. As far as integrating Seminole Plaza with the proposed commercial development, Haymans said the established shopping center does not know exactly what is to be developed and might not wish to be associated at all with it. "You are trying to take away valuable property rights without due process," Haymans said. It was pointed out the city required Goodman and Hosman to extend Oxford Road to the north boundary of the plaza and to Sunset Drive and this would benefit the plaza. The attorney said the extension is a "two-edged sword" and would benefit the new commercial development more. Haymans noted the current plans of the state Department of Transportation are to install a traffic signal to make better access available to the plaza onto 436 and allow cross-over of patrons to Zayre's Plaza. Bergman said the State Department of Transportation Road extension might be willing to save \$25,000 to \$30,000 by foregoing these plans in favor of the plans customers using a road from the shopping center to Oxford Road extension.

HERALD BUSINESS REVIEW

For Your Story And Picture Call 322-2611 or 831-9993

THANK GOODNESS for the goodness of Famous Recipe Fried Chicken. And that's why the customers keep coming back for more at 1809 South French Avenue, Sanford. The friendly service offered at Famous Recipe is clearly displayed by Lew Simmons, manager; Susan Hoffman and Anita Herrin, counter girls.

To Famous Recipe Fried Chicken People Keep Coming Back

THANK GOODNESS FOR THE GOODNESS. Good things today are getting hard to find. Honey-dipped fried chicken is what I got on my mind.

Thank goodness for a walk just after a rain. A seat by a window going home on a train. Thank goodness for music that make you feel free. Thank goodness for the goodness of Famous Recipe. Thank goodness for memories of good times past. Birthdays and babies and honeymoon class. Thank goodness for raindrops and sugar Maple trees. Thank Goodness for the goodness of Famous Recipe.

Thank goodness for strangers who are gentle and kind. Thank goodness for music that make you feel free. Thank goodness for the goodness of Famous Recipe. Thank goodness for memories of good times past. Birthdays and babies and honeymoon class. Thank goodness for raindrops and sugar Maple trees. Thank Goodness for the goodness of Famous Recipe.

You can purchase the chicken to go or you can sit in their light and airy dining room and visit with all your friends who will be coming in just like you did. Of course, if you want some good fish, shrimp, or even barbecued chicken, potatoes, cole slaw, baked beans, hot biscuits and positively delicious coffee, well, they are available at your Famous Recipe Chicken store also. Luncheon is served from 11 a.m. and the store closes at 9:30 p. m. Sunday through Thursday and from 11 a.m. to 10 p.m. Friday and Saturday, so there is plenty of time for you to get in there and enjoy a deliciously delicious meal. The thing that makes this food so good is that all supplies are guaranteed fresh. Nothing is brought in except the spices and mixes that are the special formula which makes Famous Recipe so famous. Everything else, including eggs and produce, are bought locally.

Famous Recipe Chicken is a youth-oriented business—all members of the staff are young, vital, hardworking young men and women whose personalities are sparkling and bright and they make dining there a pleasant, fun experience.

If you are in a really big hurry, call your order in—the number is 323-3656 and Jerry and his crew will have it hot and ready to go when you arrive. The service is unbeatable, the quality unsurpassed, and man, oh man, that chicken is un-missable-good. Try some today.

Thank Goodness for the Goodness of Famous Recipe.

Economy Out Of Control

By JOHN CUNIFF AP Business Analyst

NEW YORK (AP) — The man who was designated official economic spokesman for President Nixon's re-election campaign, Dr. Pierre Rinfret, has now declared that the economy is out of control.

Executive clients of Rinfret Boston Associates were mailed this week a two-page summary detailing his disaffection with Phase 3 policies which, he said, nobody really understands.

"Confidence is deteriorating," he said, "and the widespread and common impression is that the economy is out of control." He added: "It looks as if disorder may be about to reign supreme."

While confusion is growing and confidence is deteriorating about domestic policies, he said, "the confusion about the international situation is even greater."

Regarding monetary matters, he said, "People are confused and concerned about the American attitude of 'don't do anything, just sit there.'"

He said "official exchange markets remain closed, the French minister of finance is talking about international monetary chaos, and the United States just sits there."

JOHN SCHLENK

Make a genuine effort to learn the language and join in the customs of the people whom you visit. You will make many more friends and discover much more about what life abroad is really like. You will be able to do things more easily, learn more carefully, and generally you will have a better time. Do not assume that it is the foreigner who is ignorant. Remember always that you are a guest who must be polite to his host. You will improve the American image abroad, and have many memories to look back on.

You will receive expert advice from the travel experts at CARIBBEAN CRUISES OF ORLANDO INC. 372 North Orlando Avenue (Winter Park Mall)

If you really need an excuse to do something about travel, bear in mind that doctors all agree: "Vacations are a necessary part of a modern life." You owe it to your job, your health, and your home life to take a vacation. There is no vacation like a trip and no trip like a cruise. Call 665-5666. Open daily 9:30-5:30 and Saturdays 10-2.

JEANNETTE KIDDER owner and manager of Romel's Furniture, urges you to visit her outstanding store before the Spring Sale ends on March 31.

At Romel's, besides all of that gorgeous furniture by such designers as Broghill, Howard and Heywood Wakefield, just to name a few, the customer gets personalized service.

The Kidders and all of their sales staff are geared to a people-to-people type of operation. You are met with a smile and you are given answers to questions and advice about what might be best for your store or perhaps even your life style.

You will be positively enchanted with the new wall decor and art works they have now. And I tell you, their selection of lamps is fantastic—they have some very unusual models—go down and see for yourself.

O, my goodness, folks, don't spend any more time with this—get in your car and head on down to Romel's Furniture in the Longwood Plaza on U.S.

You can also be treated to the special interior decorating service which is offered to customers purchasing furnishings from Romel's. Jeannette visits your home and

Better Than Moving Home Improvement Time

By ANN SIECKOWSKI

Spring is just around the corner, folks. If you are planning some renovations around your house, like maybe enclosing your patio for more use this coming season of sunshine, why not call United Fence and Awning Company and let Calvin and Glenda Southern advise you about the best treatment for your particular home.

With today's inflated mortgages and interest rates, more people are finding it more financially prudent to improve rather than to move.

At United Fence, you can get outstanding service with aluminum awnings, carport roofs, patio, screened rooms, soffits, gutters, chain link fences and even beautiful carpets.

There is no long wait for materials for the very good reason that the aluminum products are manufactured in United's own Orlando factory. This, of course, provides a substantial savings in that the middle man cost is eliminated, giving customers quality workmanship at factory prices.

And take it from me folks, they work fast and efficiently. They put up an enclosed walk for a patio in very short time—the bottom framework, the screens and the vinyl windows which slide up and down so easily, have their own very secure locking system and they make a very cozy new room to your home.

You are able to use your patio year round, because if you want sunshine and fresh air, just raise the windows. But if it rains, just pull the windows down and sit out and watch the pitter, patter of the raindrops falling on your lawn.

It's a really great way to improve the value of your home, too, so that the pleasure is two fold—you have a lovely new place to enjoy and your property values go up.

You do realize, of course, that Calvin Southern does offer free estimates and credit terms are available, too. All aluminum patio roofs are baked enamel or embossed, manufactured to your specifications—any size you need, that is what you get. You can get all aluminum construction in utility houses, and in colors too, key lock available, with wooden floor, window vents, double doors and a choice of a frame or flat roof.

United has a crew of men who know their job and they are very good at it. Quality service in a quick and efficient manner is the key word at United Fence and Awning in Sanford. Call today. They are anxious to serve you.

CALVIN AND GLENDA SOUTHERN of United Fence, Awning and Carpet are the people to consult if you are planning improvements to your home this spring. Their business is located at 2513 South Park Drive.

At Romel's New Spring Selections

By ANN SIECKOWSKI

Guess what — Jeannette Kidder has just returned from the furniture mart where she selected some of the most fantastic furniture buys you have ever heard of.

She said that the colors for spring this year are Champagne and browns but there are some really luscious pinks and pastels arriving as well.

You know, of course, that the vivacious, talented Jeannette is the owner and manager of Romel's Furniture, located in the Longwood Plaza on U.S. 17-92.

At Romel's, besides all of that gorgeous furniture by such designers as Broghill, Howard and Heywood Wakefield, just to name a few, the customer gets personalized service.

The Kidders and all of their sales staff are geared to a people-to-people type of operation. You are met with a smile and you are given answers to questions and advice about what might be best for your store or perhaps even your life style.

You will be positively enchanted with the new wall decor and art works they have now. And I tell you, their selection of lamps is fantastic—they have some very unusual models—go down and see for yourself.

O, my goodness, folks, don't spend any more time with this—get in your car and head on down to Romel's Furniture in the Longwood Plaza on U.S.

HYPNOSIS - FACT OR FICTION?

PEOPLE WITH PSYCHOSOMATIC ILLS ARE MENTALLY UNSTABLE OR WEAK.

FICTION — Intellect or mental stability has no bearing on a person's susceptibility to psychosomatic illness (having no organic origin). Tension, worry, anxiety, etc. can produce physical symptoms that are just as real as those having an organic origin. As a result, a great 19th century physician said: "Innumerable cases of hysterical and morbidly a man's body — without making him ill or restoring him to health." This is just as true today as it was then. As the pressures of "living" increase day by day, so does the incidence of psychosomatic illness.

Despite Skepticism

We Must Give POWs Ample Respect

OLD HATREDS die hard. We cannot be surprised then that the expressions of patriotism and pride from returning U.S. prisoners-of-war are treated with skepticism in those Iron Curtain nations where scorn of the United States is a way of life.

Despite the recent signals of civility between the Soviet Union and Washington, Moscow is not yet reconciled to the fact that some Americans like living under the capitalist system.

Defense Savings Lie in Manpower

By BRUCE BOSSAT

WASHINGTON (NEA) Associated Press Writer
Since manpower costs today represent more than half of total defense spending, this is clearly the most sensible place to look for savings.

There is one way in which rising manpower costs and the outlays for new weapons systems are expensive, and like nearly everything else America puts together, it can be done more cheaply.

Unhappily, precision is lacking in the definition of what support levels are "sufficient." A heavy charge should be laid upon the Pentagon to sharpen its real needs in this field, and unsexy though the job may be, defined defense budget-cutters in Congress should be going at the task.

Dear Abby

Coordinate your watches for better sex life

By Abigail Van Buren
© 1973 by Charles Tribuna, N.Y. News Inc., Inc.

DEAR ABBY: After 18 years of wedded bliss, my wife and I agree that youth is wasted on the young. When it comes to romance, the young lovers could learn a lot from us old lovers in our 40s and 50s.

However, we do have a problem. Timing. My wife doesn't care for romance in the morning because she has to get up and get three school-age kids breakfast and consequently she keeps one eye on the clock.

On the other hand, I am a commercial pilot, and after a day's work I'm pretty well exhausted and I don't care for romance at night.

My flying schedule permits me to be home during lunch time occasionally, but that's no help because two of the kids come home for lunch.

Any suggestions? **EL CAPTAIN**

DEAR CAP: Compromise and set your alarm for 7 a. m. Or else when you're home for lunch, treat the kids to lunch out, and treat yourself to lunch at home.

DEAR ABBY: I am 18 years old and have a 4-month-old baby. My baby's father and I love each other and now we want to get married.

My mother says we should go to the courthouse and get married and then have a small reception for just our closest friends afterward. She says with all the talk already, she would just as soon not have to see any of her relatives.

My boy friend's mother says she wants a nice church wedding with friends and relatives. She says church are going to talk anyway.

I really don't know what to do. I hate to hurt my mother's feelings. And I don't want to disappoint my boy friend's mother either. So will you please tell me what to do? **UNDECIDED**

DEAR UNDECIDED: You've told me what your mother wants. And also what your fiancé's mother wants. But it's your wedding, and your fiancé's. What do YOU TWO want? When you agree on that, you'll have your answer.

DEAR ABBY: Someone signed "ONE IN SEVEN" attempted to justify large families for those who can "afford" them. I offer some economic facts.

It costs approximately \$100 per year to educate one child, which adds up to \$7,200 for seven children. If the parents actually paid this sum over a 24-year period, and if they lived in this area, they should be living in a \$20,600 house and pay \$5,600 in property taxes, half of which would be school taxes. They should have a minimum annual income of \$26,800.

How many seven-children families do you know in this tract? So who is paying for them? The children, single, and retired people—thru their taxes! And I for one am fed up with unfair taxes. **MRS. A. F. IN BREA, CAL.**

CONFIDENTIAL TO "DISTRICTED IN THE COMMUNIST RING" My friend, Dr. William L. Rivers of the Stanford University Journalism Department, said, "Psychographical errors are worse than errors of ignorance. The ignorant can be taught. Moral: Be careful." I'm with Old Man Rivers.

Problem? You'll feel better if you get it off your chest. For a personal reply, write to ABBY, Box No. 6780, L. A., Call 8000. Enclose stamped, self-addressed envelope, please.

FORECAST FOR WEDNESDAY, MARCH 21, 1973

GENERAL TENDENCIES: Spring is here and with it such exuberant emotions to think about getting out from dormant conditions. Poor judgment and difficult conditions prevail early in the day but after mid-afternoon it is fine for tackling new opportunities.

ARIES (Mar. 21 to Apr. 19): You think you have too many obligations but if you keep working you will be more inspired by early afternoon. The evening is fine for entertaining friends. Show more devotion to matrimony.

Taurus (Apr. 20 to May 20) Avoid one who opposes you during the morning and then all goes smoothly for you. Your hunches are not going against the sun sets, so don't rely on them earlier. Relax at home tonight.

GEMINI (May 21 to June 21) Try not to argue with fellow workers in the morning and their production can be increased to your satisfaction. Don't engage in any harmful activities. Take periods of rest when needed.

MOON CHILDREN (June 22 to July 21) Make sure you handle those improving duties during the day and then you can go out for the amusement you desire. Instead of criticizing a higher-up, give this person more support.

LEO (July 22 to Aug. 21) If you use tact at home you can have fun entertaining those persons you like. Take the time for cleaning your abode and improving your surroundings. Avoid one who is situated with liquor.

VIRGO (Aug. 22 to Sept. 22) Make sure you keep every promise you have made, particularly whatever is of a monetary nature. Later take time to shop. The evening is fine for enjoying good entertainment with friends.

LIBRA (Sept. 23 to Oct. 22) Morning finds an associate not acting right but if you don't pay too much attention all changes in the afternoon. Spend more time on money and property affairs in the evening. Be wise.

SCORPIO (Oct. 23 to Nov. 21) You want to go out socially and forget the important work you have to do, but this could be a wrong and expensive course of action. Do something to make your appearance more charming.

SAGITTARIUS (Nov. 22 to Dec. 21) First be sure to take care of any potential affairs before you go out for the pleasure you want. The morning could be frustrating, but all goes smoothly after lunch.

CAPRICORN (Dec. 22 to Jan. 20) Show that you're a devoted family member despite little worries that are common in most families. You have a plan that is better understood by a friend. Get together with this person.

AQUARIUS (Jan. 21 to Feb. 19) Attend to those duties that will keep you in a secure position, and then talk over new ideas with associates. A civic matter can be handled with ease. Take care of correspondence.

PISCES (Feb. 20 to Mar. 20) You may be temporarily in a financial bind, but keep your head and look into practical ways of remedying the situation. You've made new contacts recently who have the right ideas for you.

IF YOUR CHILD IS BORN TODAY... or he or she will be one of those strong-willed young people who will not brook any interference when going after aims. Teach to listen to reason and give ethical training so that this dynamic force will be used in constructive channels. Ideal chart of the politician, the policeman, the investigator, the doctor or the lawyer.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

WIN AT BRIDGE Tuesday, March 20

Wrong Response Is Disaster

By Oswald & James Jacoby

South lost no time going down two tricks at his four-heart contract. He let East's king win the club lead. East returned the three of spades and South hopped up with his king. After that start the defense had no trouble collecting three more tricks.

South was even quicker to blame his partner for the debacle. "Couldn't you have let me play at two hearts?" he asked. "Since when do you rebid a minimum hand?"

North said nothing but did tell us later on that he felt that he almost deserved a medal for not punishing South in the house.

We don't approve of many men at the bridge table but

POLLY'S POINTERS

Shopper Peevish by Lack of Addresses

By POLLY CRAMER

DEAR POLLY—(I feel sure my Pet Prevez is not unique. I live in a small town 30 miles from a city and subscribe to the city newspaper. Many stores place full page ads and small ones do not give a street address. People who live in the city no doubt know these addresses, but those living out-of-town find it most frustrating to look for a phone book to find the address or to have to make inquiries of people along the street.—VELNA

DEAR POLLY—Some of my best sheets and other things have far on them. I do not know how to get it out—I would appreciate some help.—MRS. T. L. J.

DEAR POLLY—Like R. A. I, too, had marshmallows that had hardened. I simply put them in a plastic bag with a slice of soft bread and left it sealed for a couple of days. After a few hours you might check on the bread and if it is dry replace it with a fresh slice. This worked great for me.—JUDY

DEAR POLLY—I want to tell R. A. to remove the hardened marshmallows from the plastic bag and put them in a glass jar with a small piece of dampened paper toweling. Put the lid on tightly. Let it set for a couple of days and they will be soft again.—P. F.

DEAR POLLY—When we leave the house, in addition to the information left posted beside the phone we also leave a dated, signed permission slip for a doctor to attend our children. We feel this might save needless delay if there should be an emergency while we are en route somewhere.—MRS. V.

DEAR POLLY—I do a lot of sewing and want to pass on a trick I use on all the pants I make. Before hemming or turning down the top at the waist I fold the pants legs at a time, as I want the crease. Lay the ironing board directly on the outer seam. Press and pin along the front crease only and then sew on the very edge. Most fabrics are now permanently pressed so a mere press-and-crease will not stay and this treatment assures a freshly tailored look.—MARY V.

DEAR POLLY—When I am going to use my electric mixer to beat something like cream, gelatin or a combination of liquids and solids as for a soufflé, I cover my mixer bowl and all with a large paper grocery sack and then turn the mixer to the required speed. No splashes or splatters on the counter or outside the bowl. After beating as long as necessary, the bag is removed and everything is clean except the inside of the bowl.—ESTHER

Most fabrics are now permanently pressed so a mere press-and-crease will not stay and this treatment assures a freshly tailored look.—MARY V.

DEAR POLLY—When I am going to use my electric mixer to beat something like cream, gelatin or a combination of liquids and solids as for a soufflé, I cover my mixer bowl and all with a large paper grocery sack and then turn the mixer to the required speed. No splashes or splatters on the counter or outside the bowl. After beating as long as necessary, the bag is removed and everything is clean except the inside of the bowl.—ESTHER

WIN AT BRIDGE Tuesday, March 20

Wrong Response Is Disaster

By Oswald & James Jacoby

South lost no time going down two tricks at his four-heart contract. He let East's king win the club lead. East returned the three of spades and South hopped up with his king. After that start the defense had no trouble collecting three more tricks.

South was even quicker to blame his partner for the debacle. "Couldn't you have let me play at two hearts?" he asked. "Since when do you rebid a minimum hand?"

North said nothing but did tell us later on that he felt that he almost deserved a medal for not punishing South in the house.

We don't approve of many men at the bridge table but

'Family Of-The-Year' To Be Named

Following Fashion Show Thursday

By DORIS WILLIAMS
Society Editor

Awake, dear hearts! Be vigilant and swing into Spring. Just in case you are afflicted with what seems an incurable case of the "blahs," your diagnosis just could be that you need to bounce out of hibernation and spring toward a fast-paced review of all the exciting fashions available in Seminole's smartest salons.

Turn that pretty head in the direction of Sanford Woman's Club Thursday, March 22 when Sanford Junior Woman's Club, a group of young, energetic chic chicks, stages its annual Spring fashion show.

It's a family affair! Men, women and children will model a pot pourri of fashions, from casual daytime wear to the ultimate in glamorous modes for excitement after twilight and through the bewitching hour.

Following the super Spring style show, the club will announce the family of the year which will be selected by a panel of judges from nominations made by local organizations and individuals in the second annual contest.

A variety of door prizes from local merchants will be awarded to many lucky winners.

Proceeds from the festive affair will benefit Mental Health. A nominal donation is asked for adults and children. Save your money on

Department Schedules Workshop

Home Life Department of Sanford Woman's Club will meet March 21 for a work session following a covered dish luncheon, at noon, at the club house.

Plans will be finalized for the forthcoming "Four-in-One" fundraising project scheduled at the club's general business meeting and luncheon, April 4.

Members are asked to bring a covered dish and "trash and treasures" for the April meeting. What one may consider trash may be a treasure that another can't live without.

Dr. Weigand Addresses Deltona Woman's Club

By FANNETTE EDWARDS

DELTONA — Guest speaker at the regular meeting of the Deltona Woman's Club was Dr. Frederick J. Weigand who narrated his experiences while working in the Public Health Hospital in the Keene Canyon Arizona, with the Hopi and Navajo Indians and accompanied his talk with colored slides.

Dr. Weigand and his wife, Mary Beth, spent two years there healing, helping and teaching the Indians to improve their living conditions.

Highlights TV Time Previews

TUESDAY

8-10 NBC NBC Tuesday Night at the Movies "Police Story" Two ex-cop stars, Vic Morrow and Chuck Connors, costar in a film based on stories by Joseph Wambaugh, the police-memoir author of "The New Centurions". Morrow plays a policeman in long pursuit of an elusive criminal. Slowly, he, played by Connors, Ed Asner plays a police lieutenant. Diana Baker is a one-time hostage, now and friend of Morrow's. Other featured roles are played by Sandy Baron as a stooge and Harry Guardino as a bigoted policeman. One of the issues of the story explores in the extent to which police surveillance is morally as well as legally permissible.

8-8:30 ABC Temperatures Rising "Super Doc" Edmund O'Brien as guest starred as a retired surgeon who once taught Dr. Campanelli. On a visit to the hospital, Dr. Campanelli (O'Brien) can't forget his old stature and begins taking charge in the hospital, to Nelson's concern. So Nelson comes to the rescue and the series of distraction maneuvers so the hospital's routine is not upset.

8-8:30 CBS Hawaii Five-O (Hanan) An electronics genius, including himself, Corbin, the Hound of Hell, harasses a leading psychiatrist (played by Robert Foxworth) through a network of electronic installations of his own invention, not only tries to blackmail the doctor, but also threatens his patients. McClure's search centers first on the electronic plants, then he goes after the psychotic blackmailer.

8-8:30 ABC Tuesday Movie of the Week "Big, Bigger, or Smaller" Intriguing idea, and a novel cast, starring the stars of three popular TV series—Mike Connors of "Manhunt", Kent McCord of "Adam-12" and Michael Cole of "Mod Squad"—all in roles police series cast in from as robbers. The three play handcuffed men who lose.

WEDNESDAY

8-10 NBC NBC Wednesday Night at the Movies "The Day After Tomorrow" A film based on the novel by Tom Clancy. A massive earthquake strikes the East Coast, causing a global climate change. The film stars Kevin Costner as a pilot who is the only one to survive the crash. Other stars include Anthony Quinn, John Wood, and John Goodman.

8-8:30 ABC Wednesday Movie of the Week "The Day After Tomorrow" A film based on the novel by Tom Clancy. A massive

We know you all have heard about basketball, football and baseball clinics but here's a new one being offered by Jay Sauer in Oriedo.

It's a kite clinic and Sauer is offering it in conjunction with the Kite Tournament to be held March 21 in Oriedo and sponsored by the Greater Oriedo Recreation Association (GORA).

The clinic at Sauer's oil establishment in Oriedo is a daily affair from 8:30 p.m. to 5 p.m. and will be held Monday through Saturday until March 30th.

Would you say the 1972-73 prep basketball season was a little lean for Seminole County teams as a whole? Well, you had better for with the exception of Oriedo's district champions it was a horrible campaign.

In fact, the Lions had more victories themselves than the combined total of the other five schools in the county: Seminole six; Loma four; Trinity Prep three; SNA one; and Brantley four.

The job done by Dave Miller has not only been great for Oriedo but for county basketball as well.

Long a recognized power in football annals the Southeastern Conference (SEC) is finally getting the attention it so rightfully deserves on the basketball court as well.

The post season basketball tournament, which is equivalent to the post season football program, saw no less than three of the SEC members get invitations. Among these were SEC champion Kentucky to the NCAA and Alabama to the NIT.

While the Wildcats lost to Indiana in the Midwest Regional the Tide is still rolling, having beaten Manhattan, 67-46 in their first round game.

In mentioning the loss of the Kentucky crew to Indiana the performance in the second half by the Wildcats in which they came from 13 points down to knot the score brought to mind the comment of NBA great Bill Russell who now does the color on the NBA televised games.

Russell, a fellow who should (and does) know says often a team makes the brilliant comeback and just when they tie the score they let up a little and this is when they should press even harder.

The Wildcats were down 43-36 at the half and came back to tie the score at 56-56. But then saw three straight trips down court result in nothing being put on the board and the Hoosiers came back to get the win and earn a berth opposite the tourney favorite, UCLA.

We have received word that a "sports spectacular" is coming to Lake Brantley High School very soon.

The sketchy details have mentioned assistant principal Don Reynolds and principal Bill Daugherty forming some sort of "team" to perform against an unknown opponent in an unknown sport.

When we receive all the "fare facts" we'll pass them along to you.

Hope, Nicklaus 'Golfing Team' Homespun Fun

By JOHN R. SKINNER Associated Press Sports Writer MARCO ISLAND, Fla. (AP) — Bob Hope started to hit a tee shot in a charity golf exhibition at Marco Inn and Country Club Monday and was interrupted by a woman with a camera.

"Bob, will you get back a bit?" she asked. "I want to get you and the sign together in the picture."

Hope picked up his ball and walked 10 feet ahead of the men's tee, explaining, "I don't want to block the sign."

Playing partner Jack Nicklaus retorted right on cue. "You mean you'd walk that far for one line?"

The gallery howled, and kept laughing throughout the 18-hole exhibition on behalf of an organization promoting fishing known as the Sport Fishing Research Foundation.

About 5,000 fans paid \$7 to watch Nicklaus and Hope and, in a second session, astronomer Jack Swigert and quarterback Earl Morrall of the National Football League's Miami Dolphins.

"For the same kind of money, they could watch Nicklaus play in a regular Professional Golfers Association tour event, but that would be bananas round in golf carts."

This was homespun, so informal that officials didn't keep track of scores, no fans were reprimanded for talking and one man yelled at Hope at one time, "Can you move the cart?"

Hope opened the match with his usual machine gun delivery of one liners.

Looking at curly Miss Florida, Susan Charles of Lakeland, he quipped, "God, I wish I was three months younger. I understand your parents got the Nobel Prize for architecture, is that true?"

He kidded his own build, saying, "I've been wearing a giraffe ever since my wife found it in the glove compartment."

Turning his attention to Morrall, he recalled that he once played football as a center "but was too tickish."

"And our quarterback was an unsavory, queer added, "All ways using my towel."

Nicklaus, patiently meeting autograph requests, left a boy about 9 years old gapping in awe when he patted him on the head after signing his paper.

One woman thrust a piece of paper at golf's Golden Bear and insisted, "It's really not for me, in a second session, astronomer Jack Swigert and quarterback Earl Morrall of the National Football League's Miami Dolphins."

"A couple hundred times today," said Nicklaus with a smile. He quickly added, "I'm happy to do it."

Nicklaus walked the course with Hope, two amateurs playing with them and tournament officials roving around in golf carts.

The carts became the battle cry of irate fans who had their faces blacked and one man yelled at Hope at one time, "Can you move the cart?"

"Yes, I can," replied Hope.

Raiders Now 15-9 Stetson 'B' Puts Halt To SJC Nine

By J. Richards Herald Sports Writer

Stetson Junior Varsity baseball made history Monday, defeating number three ranked Seminole Junior College 7-1 for the Raiders' first win ever over SJC in any sport.

The Raiders, 15-9 are currently leading Division II play with a 5-2 record and were picked third among state junior college diamond teams.

The Raiders, who picked up their first place votes in the coaches' poll, certainly didn't play up to their reputation, collecting only four hits off Stetson hurler Cliff Bearden, who went the route for the win.

Hatter glove work, as much as their performance at the plate, collecting 10 hits including a double, played a big part in the win. Stetson came up with four double plays with lead loaded situations to cut off potential Raider come-back bids.

Stetson 100 000-1 4 5
SJC 21 010 400-4 10 3
Bearden & Madewick: Norton, Mahoney (7) & Gattis, Weszka (8)

NIT Action

Tide Rolls To Victory In Tourney

Over Manhattan Monday night in the National Invitation Tournament.

The ball dropped through the hoop without touching the rim as the buzzer went off and deflated a highly partisan crowd of 17,319 at Madison Square Garden.

That field goal sent Alabama into Thursday's quarter-finals against Minnesota, which earlier defeated Wake Forest, 88-80. The other quarter-final pairing Thursday matches Virginia Tech against Florida.

The quarter-finals begin tonight when North Carolina meeting Massachusetts and Notre Dame against Louisville, all first-round winners over the weekend.

The remaining games, however, may not come close in excitement to Monday night's affair between Manhattan and Alabama.

Henry Sawright, Manhattan's No. 6 man playing his last half this year, finished the underdog Jaspers in it with 16 second-half points, many of them from long range.

Sawright delivered one of his clutch field goals with two minutes remaining to give Manhattan an 84-80 lead.

But Lon Douglas, one of two Alabama players saddled with four fouls, stole the ball on a Manhattan inbound pass and deflected the length of the court for a lay-up that moved the Crimson Tide into an 85-84 lead.

George Burch then bulled in for a tough lay-up under a crowded basket to make it 86-85 Manhattan with 57 seconds remaining and the cheering, flag-waving Jasper faithful exploded with noise.

The 64 Garrett didn't hesitate once getting the ball. He launched the game-winning shot in a hurry, setting off a wild Alabama celebration on the court.

Unbeaten Coolbroth Paces SNA

The Lakes and Hills Conference leading Sanford Naval Academy Tennis team gave up just three combined games in sweeping Taylor Pierson, 7-0 Monday.

Four of the matches were recorded as 6-0 whitewashes for the Middles, while three singles were won 6-1 for the local netters who are now 6-2 for the year with four matches remaining.

Undefeated Mike Coolbroth upped his string to eight consecutive singles victories, defeating James Bennett, 6-0, while Al Fontane, Steve Casdagony and Harry Lowman each recorded 8-1 victories over Bill Taylor, Mike Whiddon and Reggie McPherson, respectively. Jeff Innes then set down Wayne Musselwhite by a perfect 6-0 count to complete the Middles' singles sweep.

In the doubles, Coolbroth and Fontane blanked Bennett, and Fontane and Innes teamed up and Lowman recorded a similar score over Bill Turner and Whiddon.

To Delaware FTU Nine Falters At Finish

ORLANDO—Florida Tech's diamond "Gold Sox" were a little less than spectacular Monday losing to Delaware, or rather giving the northern visitors a southern welcome as an unsavory, queer added, "All ways using my towel."

Thanks to several FTU errors and more than a few walks the Delaware outfit counted once in the eighth and four more times in the ninth to salt away the game.

Deuce MacLaughlin, who usually displays an abundance of control, did not have it yesterday, giving up 10 walks before being lifted in the ninth frame in favor of Ed Dawkins.

The first FTU reliever had little luck also and he too received the hook in the ninth. Former Lyman star Dan Radovic came on to get the final three outs but he was touched for a run.

Included in the FTU "basket of charity" for Delaware were 13 free passes, three errors, a pair of passed balls and four wild pitches. The Fighting Blue Hens managed only six hits off the trio of FTU hurlers but

earned runs from the bat of Jim Elam and Tom Powell spread out their hitting among seven batters with Elam, John Copeland and Bill Lawrence all getting two hits. Powell added a double for the only extra base hit of the evening.

Today, the Raiders meet division foe, Florida Junior College of Jacksonville, in a doubleheader at the Five Points home field.

"This week's crucial to us," commented Raider Head Coach Jay Bergman. "Because if we take both games here and then Saturday when Valencia and St. Johns plays we'll be able to gain ground on either team or perhaps both if they split their doubleheader."

Valencia is currently in second place with a 5-3 record and has split its first two double games with the highly regarded Raiders.

Florida Junior College, at 2-5, in the tight division race, shares the fewest loss totals with the Raiders and are picked as a "spoiler" by Bergman.

"The division seems to be made up of only contenders and spoilers," he laughed. "And we have to play all of them."

On the mound today will be Sam Swanger, 3-1 in the opener and Mike Pulling, 2-2, for the second game for the SJC nine.

"We just didn't hit the ball at all," Bergman said. "The Raiders had their chances but lost them on double plays and inability to get up for the game, the Seminole mentor for the past seven years added.

"We play such a long schedule—sometimes six or more games a week—that it's hard to get up for each game, so I'm not too worried. But we do have to play better more often to win," he said.

Twins. Also showing lots of hustle is umpire who beats Fisk back to the ball.

Vote Expected Today Clemente Seen Entering 'Hall'

ST. PETERSBURG, Fla. (AP) — Baseball's highest tribute, the Hall of Fame, is a certainty for Roberto Clemente as Pittsburgh.

It was only a matter of time. Clemente was a native of Carolina, Puerto Rico, and started for 18 seasons as Pittsburgh's rocket-armed right fielder. His final hit was his 3,000th, placing him seventh in the all-time National League ranking.

He won four batting championships, in 1961 with a .351 average, in 1964 with .328, in 1965 with .329 and in 1967 with .357.

Obvious love for this gifted athlete oozed from players, baseball executives and fans after his death on a humanitarian mission to aid earthquake victims in Managua, Nicaragua.

On the night of Dec. 31, a piston-driven airliner crashed into the crystal Caribbean waters and a lengthy search turned up no trace of the Pirate great.

"We lost him—and we needed him so bad," said Manny Sanguillen, a teammate of Roberto's at Pittsburgh. "He was the leader. When he went on the field, it was like someone pushing you. You felt like going out there to win."

Pittsburgh's players are wearing a small, black sash with their uniform arms this season in tribute to the late Clemente.

Clemente played in 2,433 games, 19th among all-time National Leaguers. He ranked seventh in at-bats with 9,454 and eighth in total bases with 4,492.

Thirteen times he hit over .300, 12 times he was NL all-star and 12 times he won the Golden Glove as the best defensive right fielder in the league.

When Clemente ended the 1972 season, his 18-year batting average of .317 for the Pirates was the highest among active players. He had 240 home runs and 1,365 runs batted in.

DOG RACING NOW

SANFORD-ORLANDO KENNEL CLUB BIG PERFECT NOW

Post Time 8 P.M. - Mon. thru Sat. - 10 Miles north of Orlando between 176 & 178 SOBY NO MIMORS

By KEN RAPPOPORT Associated Press Sports Writer NEW YORK (AP) — Bill Walton, the superstar of UCLA's super team, was named today as the Associated Press college basketball Player of the Year for the second straight season.

The 6-foot-11 center known as the "Big Red Machine" and ringleader of the "Walton Long" team, led a rich field of the nation's best.

"He is the best pivotman ever to play college ball," said another.

"He is the most dominating center ever... the next pro superstar," added a professional scout.

It was at least the most dominating force on the nation's most dominating team. Walton figured in every one of UCLA's 26 victories during the regular season, continuing a personal streak of playing with undefeated teams.

By the end of the regular season, Walton's streak from high school reached an astronomical 120 games.

The graceful 220-pound junior averaged just above 20 points and 11 rebounds a game, but that was only part of his contribution to the country's top-ranked team his year. His true worth was measured in subtle-looking, intimidation and as triggerman in UCLA's superlative fast break.

His most eye-catching maneuver is the outlet pass. Walton literally snatches the ball leaping for a rebound and almost in one motion while airborne, feeds it to a teammate and away the Bruins go on a fast break.

He says he learned the maneuver to help offset a physical handicap—a twisted knee that underwent surgery during his sophomore year at Helix High School near San Diego.

"I couldn't run very well— even after the operation," recalls the shy, complex 20-year-old. "So there was no way I

could stay with everybody on our fast break. So, all I did was get rebound, make the quick pass and watch everyone go."

Joining the talented giant on the first team were Thompson, Hatfield, Washington and Digger George.

This year's second team All-America selections consist of Collins, Lamar, Brewer, Keith David Thompson of North Carolina State; Ed Ratliff of Long Beach; Kermit Washington of American University; Eric Mike Blanton of St. Joseph's, N.Y.; John Brown of Missouri; Doug Collins of Pa.; John Brown of Missouri; Illinois State; Dwight Lamar of Tom McMillen of Maryland and Southwestern Louisiana and Richie Fuqua of Oral Roberts.

Among those receiving support from the nation's sports writers and broadcasters were David Thompson of North Carolina State; Ed Ratliff of Long Beach; Kermit Washington of American University; Eric Mike Blanton of St. Joseph's, N.Y.; John Brown of Missouri; Doug Collins of Pa.; John Brown of Missouri; Illinois State; Dwight Lamar of Tom McMillen of Maryland and Southwestern Louisiana and Richie Fuqua of Oral Roberts.

Team members were Jerry Torggle, M. J. Kearney, M. K. Kearney, Jim Lamb and Skip Norton and they averaged better than 500 sticks per man with their team total of 3,065.

Junior Lewis was a double winner in this year's tourney, held at the Bowl America Lanes in Sanford. Lewis shared the team award with Randy Bowling as they combined for a 1,339 total. That comes out to an average of 668 per man, good enough to top most tourneys where the handicap is included.

Lewis also claimed the all-events championship thanks to his outstanding bowling in the team and singles phases. His all events total was 1,821 meaning he averaged 608 in the three categories.

Singles champion for 1973 is Bill Kinney who ruined all corners with his super 710 series.

This is the first year the tourney was held under the name of the Seminole County Assn. In the past it was the Sanford's Men's tourney.

The tournament was held at the Bowl America Lanes in Sanford.

Six other kegglers shared the journey laurels in the doubles, singles, all events handicap, all events scratch and a special all spare game award.

Allie Hendricks and Frankie Kaiser were the "dynamic duo" in the doubles competition, firing a combined total of 1,235. The new singles champion is Irene Boyles who straggled all competitors with her blistering 677 set.

Linda Shall captured the all events handicap phase of the tourney. The All events scratch tourney title went to Aile Seton while Jeanne Adams made off with the special award, the all spare game.

The tournament was held at the Bowl America Lanes in Sanford.

Headed A-A Selections

Walton Named Player Of Year

By KEN RAPPOPORT Associated Press Sports Writer NEW YORK (AP) — Bill Walton, the superstar of UCLA's super team, was named today as the Associated Press college basketball Player of the Year for the second straight season.

The 6-foot-11 center known as the "Big Red Machine" and ringleader of the "Walton Long" team, led a rich field of the nation's best.

Headed A-A Selections

Walton Named Player Of Year

By KEN RAPPOPORT Associated Press Sports Writer NEW YORK (AP) — Bill Walton, the superstar of UCLA's super team, was named today as the Associated Press college basketball Player of the Year for the second straight season.

The 6-foot-11 center known as the "Big Red Machine" and ringleader of the "Walton Long" team, led a rich field of the nation's best.

"He is the best pivotman ever to play college ball," said another.

"He is the most dominating center ever... the next pro superstar," added a professional scout.

Sanford Flotilla Offers Boating Safety Course

Just as safe driving is everybody's business so is safe boating. And with this in mind the Sanford Flotilla, U.S.S. Coast Guard Auxiliary is sponsoring a course in Boating Safety and Seamanship. The course will begin April 2.

Registration for the class will begin April 7 at 7:30 at the American Legion Post 506 511 1/2 south of Sanford. Entire families are welcome to take part, in fact they are invited to do so.

A registration fee of \$1 will be asked and those taking part can purchase a very comprehensive text book to be used in the course for another \$3.

Among those subjects to be covered are safe boat handling, legal requirements, rules of the road, aids to navigation and the use of compass and charts.

Additional information can be obtained by contacting these people: William Heitkamp at 322-2556; F. C. Winn at 322-5128 and H. T. Macey at 668-6388.

Get genuine GM parts... quality GM service... now at special savings!

PARTICIPATING GM DEALERS ARE FEATURING SPECIAL SAVINGS FOR...

A top performance TUNE-UP SPECIAL Using a personalized Tune-Up Kit for your GM car.

See your participating GM Dealer where you see this banner displayed for other service specials just right for your GM car. This is a limited time offer.

GENERAL MOTORS DEALERS PROVIDE SERVICE YOU CAN HAVE CONFIDENCE IN USING GENUINE GM PARTS.

By THE ASSOCIATED PRESS

GENERAL BROOKLINE, Mass. — Weston W. Adams, Sr., retired president of the National Hockey League Boston Bruins, died at the age of 69.

WEIGHTLIFTING TASHKENT, Soviet Union — Pavel Pervashin of Leningrad set a world record with a 492 pound lift in the jerk competition at an international competition.

TENNIS ATLANTA — Cliff Drysdale, of Austin, Tex., defeated Bob Lutz of San Jose, Calif., 6-3, 6-4 in opening round action at the Peachtree Corners International Classic.

MERRIFIELD, Va. — Arthur Ashe, a 19-year-old from Palm Beach, Fla., missed Egypt's Ismail El Shafie, 6-3, 7-6, 6-0 in the first round of the \$50,000 United Trust Classic.

WASHINGTON — Billy Martin, a 19-year-old from Palms Verdes, Calif., outduelled John Cooper of Australia, 6-0, 6-2 to highlight opening round play at the Equity Funding International Indoor Championship.

By BOB GREENE Associated Press Sports Writer WASHINGTON (AP) — A U.S. District Court judge in suburban Alexandria, Va., will hear arguments today on whether the National Collegiate Athletic Association should be temporarily or permanently barred from taking retaliatory action against member athletes who compete in non-sanctioned international sports events.

Judge Albert V. Bryan Jr. issued a temporary injunction against the NCAA last Friday, enabling pentathlon competitor Fred Samara of Pennsylvania and middle distance runner Dennis Walker of Adelphi to compete in a track and field meet sponsored by the United States and the Soviet Union in Richmond Va.

The NCAA position forced several athletes and the U.S. head coach of the meet, an action that led to the Russian victory, U.S. Coach Jim Banner of the University of Pittsburgh told a special House subcommittee Monday.

"We would have embarrassed the Russians if all our athletes were allowed to compete," Banner said.

GETTING IT ALL TOGETHER—Junior Girl Scout Jeanette Weaver of Longwood Troop 223 pins her sister Jonnette's sari as Cheryl Abernathy observes. The troop represented India in annual International Banquet attended by 11 South Seminole troops with a total of 260 Girl Scouts and adults.

SPAIN was the country depicted by Junior Girl Scouts of Troop 540 of Casselberry at International Banquet. Girls, including (left to right) Elaine Yowler, Karen Miller and Kay Elston, sang in Spanish and did a folk dance.

'Secret' System Bad, Claims U.S. Expert

By LINDA DEUTSCH LOS ANGELES (AP)—A security expert says the government's classification system is so flawed that even a foreign agent would know that markings of "top secret" tell little about the contents of secret documents like the Pentagon papers.

ITT Brass Called To Senate Talks

By HARRISON HUMPHRIES Associated Press Writer WASHINGTON (AP)—High-ranking officials of International Telephone and Telegraph Corp. were called for testimony today at the opening of a Senate investigation into influence exerted on American foreign policy by U.S. corporations abroad.

Was Altamonte Annexation Illegal?

By MARION BETHEA ALTAMONTE SPRINGS—Annexation by the city of 42 acres of land at Lake Bully across from La Foresta subdivision, which caused a considerable flurry at a Feb. 20 meeting of City Council has precipitated civil litigation against the city by the state.

Nixon Death Bill Goes To Congress

By HARRY S. ROSENTHAL Associated Press Writer WASHINGTON (AP)—President Nixon's proposal to revive the death penalty, billed as "a measure of protection against incorrigible, dangerous criminals," went to Congress today.

The Justice Department said the proposed legislation would satisfy the Supreme Court ruling that the death penalty is unconstitutional when its imposition is up to individual courts.

The Senate adds a restricted rent-control provision but passes an economic-control bill that agrees essentially with President Nixon's inflation-fighting program.

THE WHITE HOUSE reaffirms its support of L. Patrick Gray III as FBI director, amid Democratic accusations that the Nixon administration is muzzling the nominee.

CHAIRMAN FRANK CHURCH of a special Senate investigating committee says it is clear that International Telephone & Telegraph Corp. tried to promote economic chaos in Chile.

THE SOVIET UNION may try to overshadow the launching of the first U.S. Skylab mission by orbiting a space station of its own a month earlier.

THE DEATHS OF 15 PERSONS in the United States have been associated with the external use of germ-killing agents containing hexachlorophene, federal records show.

Major Viet Operation Started To Lift Siege

By GEORGE ESPER Associated Press Writer SAIGON (AP)—Several thousand South Vietnamese troops with tanks and bombers were advancing to lift the siege of a government outpost 30 miles north of Saigon, the South Vietnamese command announced today.

It was only the second time in the 23 days of the cease-fire that Saigon has admitted to major operations, although the Communist side has accused South Vietnamese forces of scores of land-grabbing maneuvers in violation of the peace agreement.

A South Vietnamese spokesman said the operation to relieve the post at Rach Bap was launched late Monday, and advance units were within half a mile of the outpost. He said he had no reports of major contact yet but the situation there was "much improved."

The Saigon command also has threatened to launch operations to lift the artillery siege of another outpost 30 miles farther north, at the Tong Le Chan camp.

The command said Tong Le Chan was hit by more than 500 artillery, rocket and mortar rounds Tuesday. Seven soldiers were reported wounded and barracks and a quantity of munitions were reported destroyed. Sources said a South Vietnamese gunship also was hit by anti-aircraft fire but got back to Saigon.

ST. PETERSBURG, Fla. (AP)—Ruth Thomas, a dying mother divorced by her husband in a desperate attempt to regain welfare benefits, is ineligible for Florida assistance, a state official says. James E. Drake, head of the Division of Family Services here which administers the Medicaid program, said there could be other considerations in the state denial, but refused to elaborate.

Fuel Rationing Approved Cost Controls Due?

By JOHN LENDEL WASHINGTON (AP)—After voting President Nixon's authority to ration fuels, the Senate is considering amendments for federal rent controls and price government approval of major wage settlements.

The provisions are part of a series offered to a bill to extend presidential wage-price-control authority for another year. Several amendments would toughen Nixon's approach to fighting inflation.

Sen. William Proxmire, D-Wis., held off floor action Monday on restoring federal rent controls in certain metropolitan areas and federal approval of large wage settlements and big corporation price hikes.

Democrats Say Gray Muzzled by Nixon

By JOHN CHADWICK Associated Press Writer WASHINGTON (AP)—The White House has reaffirmed its support of L. Patrick Gray III as director of the FBI, amid Democratic accusations that the Nixon administration is muzzling the nominee.

Gray was called before the Senate Judiciary Committee today for a seventh day of questioning and even though Gray said there was no indication when a vote might be taken on his nomination to succeed the late J. Edgar Hoover.

The extent of the FBI investigation of the Watergate building, Gray's nomination is being influenced by the White House and the Senate, it has been an issue raised at the hearings.

Gray, acting FBI director since last May 3, has repeatedly testified that the agency conducted an all-out, no-holds-barred investigation.

ST. PETERSBURG, Fla. (AP)—Ruth Thomas, a dying mother divorced by her husband in a desperate attempt to regain welfare benefits, is ineligible for Florida assistance, a state official says. James E. Drake, head of the Division of Family Services here which administers the Medicaid program, said there could be other considerations in the state denial, but refused to elaborate.

Women Know It Best

By BILL NEIKIRK Associated Press Writer WASHINGTON (AP)—and by a record one-month increase in grocery prices, consumer prices went up in February at the steepest rate since the Korean War, the government said today.

The Bureau of Labor Statistics said the Consumer Price Index surged by eight-tenths of one per cent on a seasonally adjusted basis last month, marking the largest monthly increase in the cost of living since February 1951.

Food prices over all went up by 2.2 per cent seasonally adjusted, the biggest rise since February 1951. But food purchased in grocery stores jumped by 2.4 per cent, the steepest in record.

The price report was a stunning blow to President Nixon's inflation fighters, and reflected the sharp increases in food at the wholesale level in recent months.

But even without the big increase in food prices, the consumer price report was bad. There were stable increases also in non-food commodities and services.

The BLS said that with the exception of eggs, prices of many kinds of food rose substantially in February. Meat, poultry, cereal and bakery products rose more than usual.

The prices of non-food commodities increased by three-tenths of one per cent after a decline in January. On an adjusted basis, the bureau said, the increase was even sharper—five-tenths of one per cent.

Persian New Year

The first day of the vernal equinox, March 21, marks the official beginning of spring, and for the people of Iran it is also a national holiday for the celebration of 'Now Ruz' or 'New Year.'

The Hawley's New Ruz party began at 6:37 p.m.—the latest time of sunset—on March 20, and start of the new year.
