

Triple Slaying Follows Escape From Hospital

LEESBURG, Va. (AP)—A 30-year-old man who fled a mental hospital two weeks ago went on a homicidal spree Tuesday night, killing his father, an airline pilot and an attractive blonde, police reported today.

Garrett Roger E. Powell of Loudoun County identified the assailant as Maurice Ray Fox. He said Fox was arrested shortly after midnight and charged with murder.

Powell said Fox was found in a drunken stupor asleep in a bed at his brother's home, a 12-gauge shotgun beside him.

The triple slaying took place on the farm of Fox' father, 70-year-old William Fitzhugh Fox, in a lonely area near Leesburg about 25 miles from Washington, D. C.

Powell listed these victims: The elder Fox, Arcola, Va. Capt. Robert O'Connor, pilot for Capital Airlines, Falls Church, Va. Lillian L. Hove, 34, Alexandria, Va., manager of a cosmetics agency.

The assailant's mother fled to the home of a neighbor shortly after the younger Fox was seen near his home Tuesday night.

O'Connor had leased part of the Fox property some time ago and frequently went there to do gardening work. Miss Hove, described by O'Connor's neighbors as a good friend, had accompanied him to the Fox farm.

After finding the bodies Powell organized a posse of 100 men. The younger Fox was found asleep in a bed at the home of his brother, Claude, two hours later.

The brother's home was a shambles. Windows were shattered, evidently by shotgun blasts, the front door was open and furniture was overturned and broken.

Fox surrendered without a struggle and was taken to Leesburg jail where the murder charge was lodged against him.

Claude Fox had left the house with his wife and their two small children to spend the night at the home of another brother, Woodrow.

Residents of the area said that O'Connor, a widower, owned a small plane which he usually kept at the nearby Arcola Airport.

They said they suspected trouble when he didn't buzz nearby homes Tuesday night, as was his custom.

Senate Rejects Further Cuts In Foreign Aid Bill

WASHINGTON (AP)—The Senate today rejected, by a 41 to 33 vote, a further \$500 million dollar cut in the \$2 billion foreign aid bill.

Neither side in the sharp controversy on trimming the aid program had been sure in advance how the vote would go.

Veteran Sen. Connally (D-Tex.), leading the fight against any more reductions, told a reporter "I think we'll win if we can get all our people here."

Sen. Welker (R-Ida.), author of the amendment, said "It's hard to tell how it will go now."

The Senate meets under a strict agreement limiting debate on each amendment to one hour. This is expected to bring final passage of the bill during the afternoon.

After rejecting the \$500 million cut proposed by Sen. Welker (R-Ida.), the Senate also voted down, 50 to 37, a \$400 million dollar reduction proposed by Sen. Long (D-La.).

Sen. Connally (D-Tex.) led the fight against reductions below the \$2,000,000,000. Sens. George (D-Ga.) and McFarlane (D-Ariz.) also were active with him.

Final passage of the bill was expected before Congress quit for the day.

Then it must go in conference with the House which voted last week for a \$6,163,000,000 bill, or \$3,787,000,000 less than President Truman asked. The House reductions have brought scathing attacks from Mr. Truman and officials administering the mutual security program.

The Senate took one vote Tuesday to reject the \$500 million cut. There were 24 absences on this roll call—19 Democrats and 18 Republicans. Telegrams and phone calls went out to those senators from both sides Tuesday night.

The \$500 million dollar cut in aid, Sen. Long (D-La.) plans to call up an amendment for a \$600 million dollar reduction.

Police Get Wrong Men In Panty Raid
LAKELAND (AP)—Cooke, whose recently house at Florida Southern College was invaded during a panty raid, said today the wrong men were arrested.

Three men, who were arrested by police inside the Alpha chapter of Sigma Chi, were released Tuesday.

Police said the men were not involved in the panty raid. They have already been released.

There is no report that the men were arrested during the raid.

Police Get Wrong Men In Panty Raid

LAKELAND (AP)—Cooke, whose recently house at Florida Southern College was invaded during a panty raid, said today the wrong men were arrested.

Three men, who were arrested by police inside the Alpha chapter of Sigma Chi, were released Tuesday.

Police said the men were not involved in the panty raid. They have already been released.

There is no report that the men were arrested during the raid.

Senator Russell

(Continued From Page One)
Includes Dade (Miami) and Monroe (Key West) Counties. These two counties were Kefauver strongholds in his popularity contest with Russell. The Georgian held solid advantages in the other seven districts.

Two candidates among the 81 running for delegate seats pledged support to Gen. Dwight D. Eisenhower and Gen. Douglas MacArthur even though both the generals are Republicans. The Eisenhower candidate was running 10th in a field of 16 and the MacArthur supporter next to last in the same size field.

All but one of the 19 Russell backers out in front had Russell's personal endorsement. They were listed on the ballot as "Russell candidates."

This single exception was Horace C. Avery, Jacksonville (Second District). He ran as a "pledged to Russell" although he didn't have the senator's support. He beat Russell's man, Fred H. Kent, Jacksonville.

Russell and his supporters—including most of Florida's state political leaders—had handpicked a slate of 21 delegate candidates from a field of 41 who publicly were pledging their support to the Georgian.

They had been fearful a top-heavy list of Russell supporters would split the Russell vote and leave the way open for Kefauver's compact slate of 23 delegates to score an upset.

Dan McCarty

(Continued From Page One)
His stronghold of Hillsborough, but McCarty gained even more and his lead there to 4,600 from 7,100.

Odham also picked up 9,000 votes in Duval County, while McCarty was increasing his lead there by 270. Lee County, where McCarty led and Odham ran third on May 6, went to Odham by 300 votes.

SANFORD (AP)—Bradley Odham issued this statement in conceding his defeat by Dan McCarty for the governorship of Florida: "I am grateful and humble, and I love my fellow citizens of Florida."

"All of the people of Florida who are interested in the welfare of our children and our children's children, I can never express adequately my deep and abiding appreciation to the more than 10,000 citizens who contributed to our victory for decency campaign to help get our message throughout the state. No body knows better than I do the personal sacrifices which accompanied our great system for children and our children's children."

"Some cynics may say that at times it looks like the people just don't want decent, honest government. "Don't let them tell you that. The people do want it. They will fight for it when they get full information and sincere leadership."

"All of the people of Florida who participated in this primary made a major contribution to our democratic system whether they voted for me or for Dan McCarty."

"I wish nothing but the best for our new governor, Dan McCarty, and his opportunity to furnish leadership for many of the progressive steps which have been pledged and discussed in this campaign."

"We can always look forward with confidence and good conscience if we all put our faith first in Almighty God and in mankind."

"There is no bitterness and no cause for bitterness. We must all work together to make Florida the greatest place in which to rear our children and I offer any assistance that I might be able to give toward that end."

"Thank you."

REDS INCREASE

LONDON (AP)—Lord Alexander, Britain's defense minister, said today Communist forces in North Korea have been almost doubled since the cease-fire talks began last July.

He said the Communist forces now are not far short of one million men compared with just over 500,000 last July. He added that the Communists were nearly 500,000 men strong in North Korea.

New Construction In Sanford In April Exceeds Year Ago

Despite defense restrictions on construction, more new buildings were completed here during April of this year than in April of last year, according to figures on new electric services connected, released by Florida Power & Light Company.

The number of new electric services connected is considered a reliable index to the number of new buildings completed. H. H. Coleman, division manager for Florida Power & Light Company, stated:

"During April of this year," Coleman said, "we connected 62 new electric services in our Sanford district, a 148 percent increase over the 25 new connections during April of last year. This increase reflects favorably on our area here."

Most of our new electric connections have been to residences, indicating that local families are prospering. They are either building or buying new homes.

Florida Power & Light Company's researchers estimate that the state's population will continue to grow rapidly during the next ten years. With present population at approximately 2,800,000, the state's population is expected to reach 4,000,000 by 1962.

To serve the growth in its service area, which comprises about two-thirds of Florida, the power company expects it will build new plants and plant additions which will virtually triple present system generating capacity. Florida Power & Light Company expects these plants and other expansion projects will cost it more than \$332,000,000.

THURSDAY, MAY 29, 1952

We see where Jim Tucker was
elected sheriff of Volusia county
Tuesday.

Orange county will have a woman
tax assessor, come next Janu-
ary. Mrs. Helen Bennett defeated
the veteran incumbent, Jim Bur-
den, by over four thousand votes
Tuesday, perhaps giving ideas to
other women for coming elections.

When an 8-year-old Valdosta
boy falls into an open mouth sewer
and is drowned, it rather dramat-
izes a condition which cries to
high heaven for relief. What is
needed here is something which
would similarly dramatize an equal-
ly dangerous situation resulting
from the open mouth sewers em-
ptying into Lake Monroe.

If anything else were needed to
prove that the old time politician
with flowing tie and meaningless
oratory is going out of style the
defeat of Lex Green by Billy Mat-
thews in Alachua county should do
the trick. Lex is a former congress-
man who used to be considered a
powerful force in his district, but
we suspect his day is done.

No significance attaches to the
present visit of Rear Adm. F. M.
Hughes, commander of the U. S.
Middle East Naval Force, to Tel-
ran, capital of Iran, trouble spot
in the Near East. U. S. Ambassador
Henderson declares, Adm. Hughes,
as a young commander, was the
first skipper of the Sanford Naval
Air Station during the second
World War.

America has a new merchant
ship which has just crossed the At-
lantic at speeds in excess of 31.6
knots per hour, the record of Brit-
ain's great Queen Mary. But so
fast is the new \$2,000 ton S. S.
United States that her real top
speed is being kept secret as well
as some of her other more signifi-
cant details. In time of war she
will be converted into a troop carrier.

No, the terrific heat which you
have felt recently is not the by-
product of campaign oratory or
political workers burning up the
woods for their particular candi-
dates. It is only the result of spring
trying to become summer; the few
days when there seems to be un-
certainty whether or not the heav-
enly clouds will be another false
alarm.

There is such a thing as giving
the government too much power.
If the government has the power to
raise or lower the price of grain at
will, it is quite possible for govern-
ment officials concerned with such
matters to speculate personally in
the stock and commodity markets
and make fortunes for themselves
at the expense of the public. Quite
possible, we say conservatively. In
fact, according to Senator Aiken
this is just what they have been
doing.

A good suggestion comes from
Martin Anderson in the Orlando
Sentinel with respect to campaign
contributions and expense accounts
and the current practice of buying
time on the air and space in the
newspapers in order for politicians
to get their messages across to the
public. "The newspapers sent cor-
respondents to trail him (O'Dham)
around the state or used Associated
Press coverage which kept report-
ers with each candidate," says Mr.
Anderson. "Now if the candidates
can get the radio stations to look
them and classify their speeches
as news, too, then a man might
make the race for Governor for as
little as \$25,000 or \$30,000."

There is no denying the fact that
the high cost of running for gov-
ernment is keeping many a good man
out of the race. He must accept
the heavy burden of public interest
and the campaign itself. It is
not a man's own desire to raise
money. It is a man's duty to
others to raise a public of-
ficial.

WAS GAMBLED
WASHINGTON (AP)—The Federal
Court today ruled that the
state law of New York, which
prohibits gambling, is not
applied to the state of New York.

Tracing The Vikings

Readers of detective stories know that little things may give away the criminal. It is so in real life, too. As small an object as a nail has upset a theory that the Vikings landed on Cape Cod about 1000 A. D. The Columbus discovery of America was not the first in well known. Scandinavian seafarers hit upon the continent at the beginning of the 11th century, and settled here for some time. Because the country was fertile and covered with grapes, they called it Vinland. Just where Vinland was has puzzled many, among them Frederick J. Pohl, a retired school teacher from Brooklyn. Pohl has been studying the evidence for years. His studies led him to believe that the Vikings had been at Dennis, Mass., a Cape Cod town, and there had built a ship-rubble. The Massachusetts Archeological Society, a group of amateur enthusiasts, has just dug up the site, and found timbers with wire nails. As wire nails were not invented until the 19th century this rules the Vikings out. For that matter, the soil was so damp that no timbers could have survived more than a century.

The nails, however, are the clincher. They recall the old song:

"For want of a nail the shoe was lost,
For want of a shoe the horse was lost,
For want of a horse the rider was lost,
For want of a rider the battle was lost,
For loss of the battle the kingdom was lost,
And all for the want of a horseshoe nail."

Nepal Gets A Library

A kingdom hidden away among the world's loftiest mountains, the Himalayas, which bars foreigners from entering except by special permission, is to have a public library on the American plan. The State Department has finally got the consent of the Nepal government for this project.

The reason for the State Department's interest is undoubtedly that the library is expected to create good feeling toward the United States, showing what life here is like, and refuting Communist lies. The new light will probably spread to adjoining India and strengthen our position there. This view of the fundamental purpose of the library is reinforced by the fact that its first head will not be a professional librarian, but Robert Rokosow, former acting consul general in Madras, India. Evidently the most important problems of the new institution are expected to be diploma-
tic.

For A United Europe

The United States of Europe is nearer realization. Representatives of France, Western Germany, Italy, Belgium, the Netherlands and Luxembourg have signed a document creating a European Defense Community, with executive, legislative and judicial branches, and a common army. This, it is true, is not final. Approval must still be given by the Foreign Ministers of the different nations, and then be ratified by their parliaments. Those obstacles were weathered by the Schuman plan for common operation of steel and coal resources, which it is hoped will soon start functioning. The new plan should fare as well, particularly if the Russians issue any more threats. They recently warned that if they did not have their way, Germany would be a new Korea. This is the best possible argument for European unity.

H. J. Brunner Is Named President Of Rotary Clubs

MEXICO CITY, Mexico (Special)—H. J. Brunner of San Francisco, California, U.S.A., was elected President of Rotary International for 1952-53 at the 43rd annual convention of the world-wide service club organization, which is completing its five-day session here today. The convention registration of more than 8,000 Rotarians and guests represents 700 Rotary Clubs with a membership of 258,000 business and professional executives in 83 countries.

Mr. Brunner has served as President of the American Automobile Association, the California State Automobile Association, the Pacific Association of Consulting Engineers and the California Board of Registration for Civil Engineers. In 1950, he was named "The West's Outstanding Engineer" by the United States Building Industry Conference Board. He is a member and Past President of the Rotary Club of San Francisco and has served Rotary International as Vice-President, District Governor and as committee chairman and member.

Army Of Workers Turn Vacant Land Into Going Farm

MOSES LAKE, Wash.—An army of workers swarmed over a rough and dusty piece of land here at 12:01 this morning to turn it into a going farm in less than 17 hours.

Their \$25,000 farm in a day symbolizes the coming of irrigation water to the first of a million acres of fertile sagebrush land in the Columbia River basin.

At 12:01, a rocket burst signaled the start of the operation. Floodlights went on and workmen with center beams and studding for a modern seven-room farmhouse moved into action.

If everything goes on schedule, Donald Dunn, his wife and daughters will receive the keys to their new farm home, equipped with sprinkler irrigation, cows, chickens, barns and even a full kitchen, at 4:30 P.M. this afternoon.

At the same time, Reclamation Commissioner Michael Strauss will preside over the ceremony of turning the irrigation water from a lateral of the huge Columbia basin irrigation network into Dunn's farm.

Dunn won't have to pay a penny for the farm. A war veteran, he was flooded out of his Marion, Kansas, farm last summer and was chosen by the Veterans of Foreign Wars as the most worthy to receive the 110-acre farms.

All the materials and labor were donated. Fifty-five building contractors sent men to build the house, machine shed, cattle shed and chicken house.

There's just one possible hitch in all the plans. Mrs. Dunn might not be able to spend the first night in their new home because she is expecting a baby any day, perhaps today.

Youth Is Charged With Dope Sales

TAMPA (AP)—A charge of sale of narcotics has been placed against Richard Harris, 19-year-old St. Petersburg youth arrested May 18 on a charge of narcotics possession.

Harris is a son of Frank Harris, chairman of the State Board of Control, which administers the state-owned institutions of higher learning.

The warrant charging sale was taken out by G. B. Flynn, state narcotics inspector.

Another narcotics inspector, Frank Cain, said young Harris actually is accused only of offering narcotics for sale, but that the state law on this point places an offer in the same class as a sale.

The warrant did not specify to whom the offer was made. Cain said the offer was made to a young Tampa man whose name would not be disclosed until the trial.

Harris is at liberty under \$500 bond pending a hearing set by Flynn.

Morris Deals

(Continued From Page One)
subcommittee termed a (tax) law loophole benefiting the China International Foundation, Inc., which Morris heads. It termed China International a charitable foundation formed ostensibly to benefit Chinese Nationals.

That the Justice Department looked into what the subcommittee called evidence that the old Morris Commission, which sold the Morris heads, is guilty of confusion and mismanagement. It said this was "bound to create the impression that the 'back door' approach was the best approach" to the commission.

Chairman Hoy (D-N. C.), in a speech prepared for Senate delivery, said it was a unanimous report of his subcommittee. Other members are Sen. McClean (D-Ark.), Humphrey (D-Minn.), Underwood (D-Ky.), McCarthy (R-Wis.), Mundt (R-S.D.) and Nixon (R-Calif.).

The report spoke sharply of the fact that two ships owned by China International hauled oil to the Red China coast shortly before the Korean war.

The report expressed "regret" June 1 before House Justice W. Morris.

Sen. O. L. Burton said the Morris heads had been sold to the state of Texas for a sum of \$100,000. He said the state law on this point places an offer in the same class as a sale.

THE 'Y' SPECIALIST

Korean War

(Continued From Page One)
accidentally fired an automatic rifle into Compound 66 of the United Nations Prisoner of War Camp No. 1.

A spokesman for the camp commander said the mistake occurred two hours after U. N. troops, wielding bayonets and using tear gas bombs, had broken up a prisoner parade, felled a Red attempt to cut a new gate in an inner barbed wire fence and turned down the POWs' ramshackle command post and dispensary.

Camp officers said no shots were fired by the troops who had entered the compound earlier.

The accidental shooting came when U. S. guards were changing places tonight in a high watch tower at the rear of the compound. The automatic weapon sprayed bullets into the middle of the compound.

The Reds began parading in the afternoon in the compound where 2,700 officers and 650 enlisted ordies are held.

At least 100 U. S. and British infantrymen entered the enclosure shortly after on orders of Col. Henry Taylor, Washington, D. C. deputy commander of the United Nations Korea Island prison camp.

They broke up the demonstra-
tion with tear gas bombs and drove the Reds into the center of the compound. Then they systematically ripped apart the two metal sheds which served as the POWs' command post and dispensary.

The Reds apparently staged the disturbance in an attempt to force Brig. Gen. Haydon I. Roemer, camp commander, to visit the compound and confer with them, a camp spokesman said.

The spokesman added that Roemer received "a long, abusive, insulting, demanding letter" from the disgraced leader two days ago.

The general never answered it because the latter violated Roemer's rules that messages to him from POWs must be "brief, courteous and to the point."

Roemer also refused to go in the compound during the disturbance. But, from a distance, he watched his U. N. soldiers break it up. After a short period of watching, he returned to his quarters to interview officers and to prepare a statement on the first incident.

Probe Of Radio And Television Is Slated Next Week

WASHINGTON (AP)—A congressional probe of radio and television programs starts next week, but it won't be broadcast or tele-
vised.

Rep. Harris (D-Ark.), chairman of a House interstate subcommittee making the investigation, told newsmen today he will not permit telecasting or broadcasting of committee hearings because it is House rules don't allow it.

Speaker Sam Rayburn recently interpreted the rules to bar televi-
sion and newscast cameras and broadcasting equipment, but not still or newspaper cameras. The ban applies in tape recordings made for subsequent broadcast. It doesn't prohibit radio reporters from joining other newsmen in covering House committee hearings.

Harris said he has no intention of requesting Rayburn to modify his ruling. Rayburn has indicated any change would have to be voted by the House itself.

The radio-TV probe will start Tuesday and will continue through Thursday. Initial witnesses will be members of Congress and interested civic groups and organiza-
tions.

Later, Harris said, representa-
tives of the radio and television industry will be given a chance to express their views.

Harris said the committee will study programming techniques, including the question of responsi-
bility for and control over the content of radio and television pro-
grams on the part of broadcast-
ing licensees.

Former patrolmen already serv-
ing as sheriffs include Lee County Sheriff Fluinders Thompson and Madison County Sheriff Simon H. Moore.

3,478; Mrs. F. X. Carroll Jr., 2,925; Mrs. M. B. Fuller, 3,071; Mrs. Ruby McCheaney, 2,694.

Women "pledged for Russell" were Mrs. A. G. Chappell, 927; Mrs. B. Miller, 879; Mrs. Annan McClellan, 817; Mrs. Louis E. Natt, 753; Mrs. Benjamin "pledged for Eisenhower," J. R. Mrs. W. W. Ehrman, not pledged had 100 votes.

J. A. Boyd, "Russell candidate" from the Fifth Congressional District, got 2,905 votes; Floyd L. Land, "pledged for Russell," 997; Frank W. Belcher, "pledged for Kefauver," 912. Not pledged were Herbert Goldman, 84 and J. J. J. Prescott, 178.

The Fifth District woman vote was: Sarah G. Gullon, "pledged for Russell," 1,251; Mrs. G. W. Johnson, "Russell candidate," 2,861 and Mary H. Farrell, "pledged for Kefauver," 1,118.

Highway Patrol

TALLAHASSEE (AP)—At least five former Florida Highway Patrolmen moved up to sheriff's positions as a result of Tuesday's second primary elections.

The patrol alumni include Ed Blackburn, new sheriff of Hillsborough County; George W. W. Sheriff in Washington County; R. E. Boyer in Sarasota County; W. P. Joyce in Leon County and H. L. Stevenson in Holmes County. Former patrolmen already serv-
ing as sheriffs include Lee County Sheriff Fluinders Thompson and Madison County Sheriff Simon H. Moore.

Roman Catholics

NEW YORK (AP)—Roman Catho-
lics in the United States, Alaska and Hawaii increased last year by 772,642, bringing the total in those areas to a record 29,407,520, ac-
cording to the 1952 Catholic Di-
rectory.

Keep Off Grass

BUFFALO, N. Y. (AP)—Carriers at St. Matthew's Church posted this sign for the keep-off-the-grass season:

"Go way—I wanna be a lawn!"

Because a cow's digestive pro-
cess must include the activity of
bacteria which produce gas, most
can result if the animal gorges
on young legumes without suffi-
cient roughage to stimulate belch-
ing.

Cattle Feed Patents Are Held Invalid

TAMPA (AP)—Daniel B. Vincent's patents for making cattle feed from citrus waste have been ruled invalid by Federal Judge George W. Whithurst.

Judge Whithurst held Wednes-
day that there was "lack of novelty and invention" in the Tampa man's patents. The decision supported the argument of citrus feed processors that the essential ele-
ments of Vincent's process were in use long before he obtained his patents.

The ruling applied to three suits, one by Sun-Citrus Products Com-
pany against Vincent to have the patents invalidated, and two by Vincent to have them upheld.

Vincent's suits were brought in the names of two of his firms, Dan B. Vincent, Inc., and Food Processors, Inc., both against the Citrus World Corporation.

Vincent sought to collect royalties from Sun-Citrus and Minute Maid for citrus feed he alleged was made according to his pro-
cess. He also sought to keep other firms from using his patents un-
less they paid royalties.

The process involved approved citrus pulp through a series of
filters.

Berlin Riot

(Continued From Page One)
in the armed forces of the five big powers.

The new Western proposal, laid before the U. N. Disarmament Commission Wednesday, calls for ceilings of one and one-half million men each for the United States, Russia and China, and 800,000 each for Britain and France.

Soviet Delegate Jacob A. Malik will make known Russia's position next Tuesday. Meanwhile, he asked the West two important questions which were left unanswered in the working paper.

When you speak of China, Malik asked, are you talking about the people's Republic of China (the Communists)? It was generally ac-
cepted that the Western proposal referred to the Peking regime, but Malik wanted to pin it down formally.

He also asked would the de-
cisions on the reductions in armed forces be taken simultaneously with decisions on the prohibition of atomic weapons and other weapons of mass destruction?

On this point, the working paper merely says that the reduction of arms should be closely related to atomic control and other phases of arms regulation. The Russians have insisted on immediate de-
cisions on the prohibition of atomic weapons and slashes in armed forces.

To the Soviet questions Britain's Sir Gladwyn Jebb, who presented the Western plan, said only that details should be gone into during the committee's further study.

Diplomatic circles generally re-
garded the Western proposal as another step in the propaganda battle that has been waged on the disarmament issue for five years. Western sources said they were concerned over the warm reception some Europeans were giving to Russian demands for a one-third reduction in armed forces and were trying to offset the Soviet propa-
ganda.

President Truman

(Continued From Page One)
wrote that America must continue its efforts to buttress its security, and added:

"Not to do so invites disaster." President Truman also urged the Senate to reject a plan to bounce labor and industry representatives from the Wage Stabilization Board (WSB).

The appeal came as the Senate debated a measure to extend wage-price controls until March 1. Tacked onto the measure is a provision to revamp the wage board, making it an all-public body.

Truman's lengthy message to Vice President Barkley said he hopes this country never reaches the point "where we substitute government dictation of wages and working conditions for collective bargaining."

The amendment to the economic controls bill was tacked on after the WSB suggested terms for settling the dispute between the steel industry and the CIO Steelworkers Union. The WSB terms, which the industry rejected, led ultimately to Truman's seizure of the mills.

Truman said in his message: "The failure to reach a settlement thus far in the steel case is not the fault of the board for its recommendations provide a sound and sensible basis for reaching agreement for the issues in dispute."

"And, in any event, the lack of a settlement in this case could not possibly justify abandoning the machinery that has been successful in so many other cases."

The amendment to the controls bill provides also that the wage board be stripped of all authority to make strike-settlement recom-
mendations.

The board's formula for settling the steel dispute involved a pack-
age increase of 26 cents an hour spread over an 18-month period and the setting up of union shop provisions in steel contracts. The union agreed to accept that for-
mula.

Sen. Maybank (D-S. C.) opened Senate debate on the bill today by saying that to let wage and price controls expire June 30 would be a tragedy.

The banking committee chair-
man urged the Senate to reject an amendment by Sen. Dirksen (R-Ill.) to allow the curbs to run out when the present law expires June 30.

The blood of some animals is blue.

The midweek prayer service of the Central Baptist Church will be at 8:00 p. m. The hymns will be read during the prayer hour.

Dictatorships Hit By Presbyterians

NEW YORK (A)—The Presbyterian Church in the U. S. A. has called on its 1 1/2 million members to fight "the unmistakable trend toward authoritarianism and thought control" in America.
In a stinging attack on widespread use of loyalty oaths, character defamation and the concept of "red baiting" during the church's 164th annual General Assembly declared Wednesday:
"Freedom of conscience, inquiry and expression are being challenged and curtailed by a blinding fear of subversive forces."
The assembly, at the close of a week-long meeting attended by about 2,000 church leaders from throughout the country, said:
1. Urged churches to eliminate racial segregation, and complement those that have.
2. Voiced opposition to universal military training as a "permanent peacetime program."
3. Opposed sending a U. S. ambassador to the Vatican.
4. Expressed strong support of the United Nations, and said it should be the "cornerstone of American foreign policy, and not an instrument of convenience."
5. Declared economic aid programs "are of greater significance to the hope of a free world than the development of military strength."
6. Assailed inefficiency in government, waste in military expenditures, needless deficit spending and "deliberate inflationary policies" designed to create a "false sense of prosperity."
7. Called on Christians to take a greater part in political life.
8. Condemned gambling, even for charitable purposes.
9. Springtime supper dish: Cooked asparagus spears rolled between thin slices of ham and topped with well-seasoned cheese sauce.

Clarence Claus is expected to arrive Friday from Chapel Hill, N. C. where he is a student at the University of North Carolina.
Friends of Mrs. A. M. Remusat will regret to learn that she is confined to Orange Memorial Hospital in Orlando where she underwent major surgery this morning.
Friends of Mrs. Jean Huffer will regret to learn of the death of her sister, Miss Grace Hawkins, who passed away yesterday at the Kivimies Hospital. The body is being sent to Union, S. C. for burial.
Friends of Mrs. J. C. Mitchell will regret to learn of the passing of her brother, John A. Stewart of Atlanta, last night. Mrs. Mitchell left this morning to attend the funeral tomorrow in Atlanta.

HOLLYWOOD

HOLLYWOOD—The silly season is with us again. How else can you explain all these pally raids? Or the fact that Sally Forrest advises us to prow around the house on all fours?
What a thought! Imagine trotting on your hands and feet in the morning to fetch the paper and bringing it inside between your teeth, like a well-trained Dalmatian. Or coming home after a hard day's work and finding the little woman doing the housework on all fours?
I trundled out to Miss Forrest's Beverly Hills home to investigate this theory of hers. She greeted me at the door normally enough. But when lunch was announced, she said, "Come on," and leaped into the dining room like a stiff-kneed antelope. I declined to follow her example and trailed her on my two feet and nothing else. After all, if you lose your journalistic dignity, what do you have left?
Sally sipped her soup serenely, acting just as though she makes a habit of padding around the house on her hands and feet. I found out to my horror that she does.
"I know it sounds a little screwy," she admitted, "but you'd be surprised how limber it keeps you." (Who wants to be that limber?)
"I've been doing it every day for years. Just a few minutes on all fours every day and you can keep loose. It strengthens the leg muscles, pulls in the stomach and tones you up. It's exercise you don't have to stop and do. You can do it while performing your chores around the house. I can even walk up and down stairs that way. Want to see me?"
I said I'd prefer not to. It sounded too hazardous to me.
Miss Forrest admitted that dancers sometimes do strange things. She told me of one friend who used to sleep in her ballet shoes to break them in.
After lunch, she demonstrated some other exercises which you can do. She did the splits, sitting on the floor with legs extending in opposite directions.
"It's a good idea to stay in this position for some time," she said. "I often read a book while in it."
"Here's another one," she enthused. She lay on the floor on her stomach, extended her arms over her head and had me pull her by the hands while she arched backward. She also described an exercise in which she stands on her hands against a wall and touches her head with her toes. I'm just as glad I didn't have to watch that one.
"If you're a dancer, you have to keep in trim," she said. "Besides these exercises, I have many hours of dance lessons every week. I am taking tap, ballroom, Spanish dancing and modern dancing, all from different teachers."
So where does all this effort get her? Of all her pictures, only one has been an out-and-out musical. I checked on the all-fours exercise with Terry Hunt, the Sultan of Swat who keeps many a movie star in trim. His comment: "It's all right as an exercise, provided a person does not have internal or sacroiliac trouble."

Radio Briefs

A complete coverage of the Indianapolis speedway 500-mile classic will be heard over WTRR tomorrow as results are announced every 20 laps. From the starting flag to the final lap, WTRR will bring you bulletins throughout the race.
Dorothy Holloway and Colleen Engerstrom will be heard Saturday morning, over WTRR, on their 162nd broadcast of "The Children's Classic Hour". The two young high school ladies are into their fourth year at the microphone on the very same program they introduced.
If I were making a list of programs not to miss over WTRR it would include "Report From Europe" every Tuesday at 3:15 o'clock, "Repeat Performance" on Thursdays at 11:15 o'clock, "Florida Wildlife on the Air" Sunday night at 7:00 o'clock, "The Sunday Music Lesson" on Saturday nights at 7:15 o'clock, "Panorama of Research" at 3:45 o'clock on Monday afternoons. There are many others, especially those "special events" covered by WTRR throughout the year.
There's a very interesting paper to be used as WTRR's "Farm Digest" tomorrow at 12:15 o'clock. It is prepared by Dr. W. G. Cowperthwaite, horticulturist with the Gulf Coast Experiment Station at Bradenton. The paper includes "Notes on soil and fertility requirements for gladiolus production."

BIRTH ANNOUNCEMENT
Mr. and Mrs. D. P. Watkins announce the birth of a daughter, Nancy Lynn, five pounds, ten ounces, May 28, at Fernald Lighthouse Memorial Hospital. Mrs. Watkins is the former Miss Marion Haynes.
To simmer means to cook in liquid just below the boiling point, at temperatures of 185 to 210 degrees Fahrenheit. In simmering, bubbles form slowly and break below the surface.

Church Has Meeting

The Brownlee Young Adult Class of the First Presbyterian Church held its regular monthly social last night at the home of Mr. and Mrs. J. M. Garrett on Jewett Lane.
A corn boil and supper was enjoyed with the corn being furnished by Victor Green, a neighbor.
A series of four games were played following the supper. Those enjoying the occasion were Mr. and Mrs. Arthur Young and son, Mr. and Mrs. Dick Aiken and Mrs. Rudy Sloan and Mrs. Gordon Sweeney, Mr. and Mrs. Bruce Davis and family, Mr. and Mrs. Lorrain Black, Mr. and Mrs. John Sheppard and family and Mr. and Mrs. Rudy Sloan and daughter.
Also attending were Mr. and Mrs. Walter Steele, Mr. and Mrs. Joe Baker, Mr. and Mrs. Edward Hunt, Mr. and Mrs. Curtis Hughes, Mr. and Mrs. Bud Vihlen and son, Mr. and Mrs. William Wiebolt, Mr. and Mrs. James Wilson and daughter, Mr. and Mrs. Al Chase and daughter, Mr. and Mrs. Tom Freeman, Mr. Victor Green, Mrs. Alice Willink and Mrs. Saran King and family.
Vitamin G helps to keep the tissues in our bodies in good condition. All the familiar citrus fruits are bountiful sources of this vitamin. Half a glass (four ounces) of orange or grapefruit juice, fresh or canned, goes far toward meeting a day's needs. The same is true of half a grapefruit or a whole orange. Other good sources of vitamin G include canned or fresh tomatoes and tomato juice, raw cabbage and green lettuce, fresh strawberries and cantaloupe.
When you are roasting a chicken simmer the giblets and neck in a cup or two of water to which you have added a bay leaf, a few peppercorns, a small onion, a sprig of parsley, and a little salt. Use this giblet broth with which to make gravy after the chicken is roasted.

Party Is Given For Bride-Elects

Mrs. George Hardin and Mrs. Spencer Harden entertained last night at the home of the former on Magnolia Avenue honoring Miss Lillian Boyle and Miss Nancy Williams, popular bride-elects.
Spring flowers in many colorful arrangements decorated the Harden home and the dining table was overlaid with a white imported Irish linen lace cloth and centered with a silver bowl filled with white roses flanked on either side by single silver candelabra holding white tapers. The buffet table was attractively arranged with tall three-tiered silver candelabra holding white tapers and epergnes filled with gardenias.
Mrs. G. W. Spencer served punch and others assisting in the dining room were Mrs. J. S. Cleveland, Mrs. Frank Woodruff III and Mrs. Ray Fox.
Miss Williams chose for the occasion an afternoon dress of Navy blue and white striped taffeta with which she wore white accessories. Miss Boyle selected a dress of blue Shantung and black accessories.
About 100 guests were invited.

Ladies Night Held By Presbyterians

Ladies night was observed Tuesday night when the Men's Club of the First Presbyterian Church held their monthly dinner meeting in the Fine Arts Department, presided over by Rev. Paul Edris, minister of the First Presbyterian Church of Daytona Beach, present an enlightening talk on "The Rise of the Layman".
Rev. Edris said that until recent years the work of Christ in the world had been carried on pretty much by the clergy and by the women of the Kingdom. Men had been content to accept leadership in the Church but through the world it seemed to be the accepted concept that church work was women's work. Any evangelistic efforts, therefore, came from "professional" church workers or the ladies.
But in the development of the chaotic conditions that have swept over the world in the last decade men have looked about them, not only to see what was lacking, but wrong but what could be done about the real plight of moral decadence into which the people of the world had fallen. Rev. Edris continued.
"As is so often the case," he said, "the answer to the problem was close at hand and perhaps unthought of. Men recognized that Christ had laid a pattern of conduct by which men, contra groups and even nations could get along in harmony and with confidence in each other."
When the principles were practiced, men everywhere found that they were solved and here, indeed, was a solution to a host of problems. As a result, said the Rev. Edris, men are coming into church work with an enthusiasm that overshadows the Great Awakening and truly in the line of the Legionnaire's motto: "It is better to be good in the church itself and in human relations than to have done thus far in the century."
President George Maffett expressed the pleasure of the club in having over 50 of the men's wives in attendance and thanked for the dinner had been prepared for a master job. Attendance chairman George Stine also welcomed the capacity crowd.
A song fest with Art Green at the piano and Charles Morrison leading was a feature of the meeting.
To prevent pottery casserole from breaking, protect them from sudden changes in temperature.

Mrs. Melnis Speaks At Fine Arts Meet
Mrs. A. G. Melnis, Bible club member of the Woman's Club, spoke on "The Story of Our Bible" at the Bible program sponsored by the Fine Arts Department of the Woman's Club held yesterday morning at the Club House.
Mrs. Henry McLaughlin, chairman of the Fine Arts Department, presided and presented the speaker who opened the meeting with prayer. Mrs. Melnis illustrated the story of the Bible by using various film strips.
Various worship centers around the room were overlaid with white cloth and blue ribbon, candelabra, and arrangements of gardenias. Mrs. Joe Corley, soloist, sang "The Holy Scriptures" which ended the study hour.
A social hour followed and a good attendance was reported.

Party Is Given For School Graduates

Miss Alice Brown and Miss Beverly Gray entertained on Wednesday afternoon at the Brown home on Hamilton Avenue with a reception party honoring Miss Jane Davis and Miss Ada Adams, who will graduate from Seminole High in June.
The party rooms were decorated with arrangements of gladiolus and blue stockings.
Delicious refreshments consisting of dainty open-faced sandwiches, cakes, nuts, fruits and Coca Cola were served by the hostesses assisted by Mrs. Harold B. Gray, Mrs. Paul G. Brown and Mrs. Vera Ann Harlin.
The honorees were presented with gifts by Miss Gray and Miss Brown.
The guests included the honorees, Miss Jean Wilson, Miss Ellen Douglas, Miss Belle Fisher, Miss

Blues Battle For Third Place Tonight Here With Orlando

Imbra, Rhodes Are Slated To Return; Sanford Loses To Islanders, 15-12

By KENT CHETLAIN
 Those victory hungry Seminole Blues will bounce their bid for third place in the Florida State League in the Memorial Stadium tonight against the Orlando Senators. The Blues will be at full strength for this evening's contest as John Imbra will be out at second after sitting out the last three games on a suspension and Dusty Rhodes will be behind the plate after a one-day lay-off for an injured thumb he received in last Tuesday's Daytona game.

Manager Chuck Allen will probably go with his ace right-hander Jesus "Chico" Corrales on the mound for this important series. Meantime the top brass of the Blues management held a meeting last night and President Joel Field told the Herald this morning that the board decided upon some drastic action.

Though he was reluctant to be specific, Field did say that the officials all agreed that some player help was necessary to bolster the Seminoles in the PBL pennant chase.

"We are going to make some deal soon. We realize the importance of filling the holes in our line up with some solid players and we intend to get them," Field asserted.

Last night the Blues started their new veteran hurler, Joe Martinez, but he wasn't around to see the conclusion of the free scoring duel in which 27 runs came across the plate for both clubs. The Blues "Dusty" Rhodes dropped their ninth game in the last 13 played to Daytona Beach, 15-12.

The Islanders swept their two-game series from Sanford in winning last night. The Seminoles scored 12 runs off eight Daytona errors and only eight hits.

After the Islanders tallied three times in the first half of the initial frame, the Blues came back to go into the lead with a four-run outburst in the bottom of the first. It all started when Paul Eskew, newly acquired second baseman from Lakeland, singled to open the frame.

George Konia, who was later to come in from the outfield to pitch and get charged with his second defeat of the year, was passed. Joe Parise drew a base on balls to fill the sacks. Aleno sent a foul hit single to the left field corner to score both Eskew and Konia. Parise halted momentarily after passing second and turned to see manager Aleno racing into the bag.

During the ensuing attempted run-down of both runners the crowd began to rise in laughter at the obvious blunder. However, both Parise and Aleno were safe when shortstop Baller let George's peg get away from him. Parise wound up at third and Aleno made second. Ted Brocklyn lifted a fly to left after which Parise came in with the tying run. Aleno scored when Sherry Sherba beat out an infield hit and went to second on a wild toss by third baseman Gary.

The two runs battled in for Aleno raised his season's total to 692 for the year. He is now 78 RBIs behind Buddy Lake's league record of 140.

The crippling blow to the Blues came in the top half of the seventh when Hub Cook, Daytona centerfielder, blasted out a three-run homer over the left field wall.

Tonight the Blues will be fighting to overcome their game and half deficit behind the third place Orlando Senators. Sanford is now six games off the Red Hots' first place pace.

Bucs Are Moving Wrong Way In NL Pennant Struggle

By JACK HAND
 Associated Press Sports Writer
 Wrong-way Pittsburgh is running away from the National League pennant race. The Pirates, who have won only one game in 10 since losing to the Cardinals last night, are now 10 1/2 games behind the Cardinals in the race for the pennant.

Facing backward at a breath-taking 131 pace, they promise to find the answer in "How low is down?" Unless there is a drastic change, they should set a modern-day losing record in the majors.

Just look at the figures. Won 7; lost 32; games behind, 21 1/2; behind seventh place, 9 1/2. And the season is only one fourth over. If the Bucs keep it up they'll wind up with 28 victories for the year. Back in 1916 the Philadelphia A's set the modern low with a 16-117 season. In 1935 the Boston Braves finished with 38-115, the National League record. Once upon a time, way back in 1899, a Cleveland team managed to win only 26 all year. But 1900 usually is the dividing line for modern records.

Maybe Branch Rickey's youth movement will pay off in the future books. He has no-hit pitchers and 27 strikemen at the lower minors. But the collection now performing at Pittsburgh certainly is learning the hard way.

They lost another Wednesday night, 3-2, to Cincinnati. Game 11 in A's for the modern low with a 16-117 season. In 1935 the Boston Braves finished with 38-115, the National League record. Once upon a time, way back in 1899, a Cleveland team managed to win only 26 all year. But 1900 usually is the dividing line for modern records.

Junior Feds Narrowly Edged By Orlando RD For 2nd Time, 3-2

The Junior High School Feds dropped their second game in a two-game series with the Orlando Recreation Department by a narrow 3-2 margin last night in Orlando. Sanford's Jim Hawkins hurled a masterful five-hitter and struck out 10 Orlando batters in losing.

It was only the second defeat for the Junior Feds in five games. The tilt ended the Junior High's baseball schedule for this year. Coach Louis Gordie's Feds could do no better than nick Orlando's Bill White for four hits.

White fanned 10 Sanford batsmen in seven innings. The Recreation Department took an early lead in the third when Riggin doubled home second baseman Johnson. They added another in the fourth on Richards' double that sent first baseman Fleming across.

The Junior Feds knotted the game in their half of the fifth as Dallas Turner walked and stole second and third to lead off. Turner raced for the plate and a wild throw by White allowed the Sanford third baseman to score the first Junior Fed run. Hawkins then walked and went to second on a ground out by Harold Pate. He came home on Ralph Flower's grounder that was bobbled by the shortstop Johnson. That was the only inning the Junior High nine scored in all night.

Hawkins encountered wildness in the sixth with the score tied at two-all. He walked Brown, Fleming and Richards in succession and Brown came in on a wild throw by White.

DeLand Maintains First Place Clip By Winning Again

By NEIL GILBRIDE
 Associated Press Staff Writer
 The DeLand Red Hots, still on top of the heap of the Florida State Baseball League, Wednesday night trounced the last-place St. Augustine Saints 11-3.

The winning pitcher was John Fetner, a first inning reliever after Bob Costello walked the first three men to face him. Jack Cade hit three for four, including a triple, for DeLand. Manager Stan Karpinski got three of St. Augustine's seven hits in four times at bat.

In other games, Jacksonville Beach blasted Gainesville 12-2. Palatka trimmed Leesburg 6-5. Daytona Beach defeated Sanford 15-12, and Orlando split an afternoon-night double header with Cocoa.

Manager Ed Levy hit a two-run homer in the fourth inning to start his Orlando Senators to an 8-2 win in the first game with Cocoa. Cocoa came back to win the night game 3-0 behind Virgil Prater's three-hit pitching. The doubleheader was to make up for a game rained out May 10.

Don Poston hit a triple into right field to score Mike Kasanbala in second and give Palatka a one-run winning margin over Leesburg in the 10th inning.

Daytona Beach walloped two Sanford pitchers for 14 hits while holding Sanford to eight hits. Daytona Beach had eight errors, Sanford four.

Fans Wait Anxiously For Start Of Indianapolis 500 Mile Race

By DALE BURGESS
 INDIANAPOLIS (AP)—Motorists and motorcycleists massing outside the Indianapolis Motor Speedway waiting today killed time debating: Can anybody match Lee Wallard's record-breaking 1951 speed in Friday's 500 mile Memorial Day auto race?

Old timers who had seen a dozen or so of the past 33 500s doubted that Wallard's 128.214 mile-an-hour average will be equaled.

This year's 33-car field averaged about two miles an hour faster than the '51 field in qualifications. But it isn't likely to enjoy the perfect racing conditions of last year.

Weather and wrecks can cut the speed far below the cars' potential. Last year the weather was perfect—hot and windless—and the race was slowed only one minute and 10 seconds by a wreck. That was Mauri Rose's upset hit landed in the infield and the track wasn't blocked.

There's also the possibility pointed out by Louis Meyer, Los Angeles, builder of most of the engines in the cars, that the drivers might run out of automobiles before the end of the race. Only eight cars survived last year's speed.

Meyer pointed out that the Meyer-Drake engines were designed only for speeds of about 125 miles an hour. The speedway changed the rules to permit gearing down for the race but some mechanics chose to keep the engines running at

A CROWD OF ABOUT 10,000, mostly women, jam the streets outside the Riverside Memorial Chapel in New York as funeral services are held for actor John Garfield, who died of a heart attack. Below, Mrs. John Garfield (wearing dark glasses) comforts her nine-year-old son, David, as Rabbi Louis I. Newman says a final prayer for her husband at Westchester Hills Cemetery, Hastings-on-Hudson, N.Y. (International)

Mexico City Is Sinking Each Year

MEXICO CITY (AP)—Mexico's irrigation chief says Mexico city is sinking more than a foot each year and millions of dollars are needed to stop it. Adolfo Orive Alba, head of the national irrigation department, reported today that rapid drying out of the spongy volcanic soil under the capital city is settling it. The rate of sinking last year was one foot, eight inches, he said. He blamed the drying out pro-

cess on a drainage canal and drainage tunnel through the mountains which were built between 1880 and 1890. He said the projects ended an age-old curse of floods in the closed valley but upset nature's balance. Since they were built, he explained, more water has drained out of the valley than has entered.

To the citizens of the Fifth District

I deeply appreciate the victory you gave me on May 27. I have a deep sense of responsibility towards each of the voters of this district and will do all in my power as my father did before me to make you the commissioner you want.

Sincerely,
John W. Meisch

10 Masked Youths Seize Radio, Make Fake Broadcast

ITHACA, N. Y. — Ten masked youths overpowered three students at the Cornell University radio station Wednesday night and broadcast a fake bulletin that European cities had been bombed and an air armada was approaching North America.

A university official said the incident looked like a "practical joke."

The station (WVBR) was flooded with telephone calls after the broadcast. Some callers asked more information but many "called just to rib us," the station manager reported, and there appeared to be no widespread alarm.

R. J. McCarthy, Cornell supervisor of safety, said none of the raiders was recognized in their Halloween masks. He said they "probably were students."

The raiders interrupted a musical broadcast at 10:07 p. m. (EST) and were in control for eight minutes, McCarthy said.

They tied up two announcers with ropes and held a girl engineer in a chair.

Stewart Bennett, student manager of the station, said the "listening audience was large" at that hour, but added that most listeners quickly realized the bulletin was false.

Ithaca police said they had received no queries. The station can be heard only faintly beyond the campus area.

The bulletin announced that London and Marseille had been bombed by "Russian-type" planes and that a flight of "unidentified planes" had been picked up by Royal Canadian Air Force radar units off the coast of Newfoundland.

The broadcast gave the speed of the planes as 300 to 350 miles per hour, and added that at such a speed the planes would reach Bangor, Me., in two hours.

In Washington, two federal agencies—the Communications Commission and the FBI—said a preliminary check indicated the incident was not for local and college authorities to handle.

The station is not licensed by the commission because its broadcasts are limited to the campus. There are approximately 100 college stations which do not have a federal license.

Commission officials said, however, that they will look further into the incident to determine definitely whether it might be a federal matter.

One section of the Communications Act makes it unlawful for any person to "knowingly utter or transmit, or cause to be uttered or transmitted, any false or fraudulent signal of distress."

Commission lawyers were checking over this section to determine whether the agency might have jurisdiction despite the fact that the station does not require a license.

An FBI spokesman said the incident had been reported to that agency. He added, however, that it appeared to be a matter to be handled by local and college authorities.

Chlorophyll is found mostly in plants, but it probably occurs in some animals.

Berry Suit Settled For Big Payment

ROGERSVILLE, Tenn. — The federal government's suit against the George L. Berry estate has been settled in Chancery Court here with the payment of \$337,425 in back taxes and penalties. It was disclosed today.

Assistant U. S. Dist. Atty. Ferdinand Powell, Knoxville, said the collector of internal revenue already has received a check for that amount. Powell termed it the largest back tax payment he has ever seen in East Tennessee.

Berry, president of the A. F. of M., International Printing Pressmen and Assistants' Union for more than 40 years and a former United States senator from Tennessee, died in December, 1948.

The government filed income tax evasion charges against Berry in Federal Court at Nashville in the early 1940s and he was fined \$10,000 and given a one-year suspended sentence.

Powell said the civil proceedings in Chancery Court here stemmed from the government tax cases. He said most of the \$337,000 payment covered penalties and interest rather than actual taxes.

Frank L. Gardner Sr., one of the co-administrators of the Berry estate, said other creditors had not been paid yet. He added that he does not believe there will be sufficient funds left to pay off all creditors.

One of the biggest creditors is said to be the pressmen's union which Berry headed until his death.

Duclos Arrested

(Continued From Page One)
—caught in the act.

Duclos' wife, his Belgian chauffeur and an Astorian bodyguard were arrested along with the Red leader. Mme. Duclos was released today, but the others were still held.

Attorneys for Duclos, who heads France's Communist Party in the absence in Russia of Maurice Thorez, demanded his release on grounds that his arrest violated his parliamentary immunity.

News of the arrest was blazoned today on the front pages of the Communist press. Seizure of the papers apparently was ordered to lessen incitement to further rioting.

PARIS — The public prosecutor tonight ordered an immediate inquiry into the affairs of Jacques Duclos, imprisoned top French Communist leader, and others "to see whether they should be prosecuted for plotting against the state's internal security."

The order also named Andre Sill, the editor of the Communist newspaper L'Humanite, one of the Red papers ordered seized by the government for inciting rioting against Gen. Matthew B. Ridgway, the new SHAPE commander.

In the National Assembly Communist deputies demanded the immediate liberation of Duclos, who has been charged with carrying a gun during Wednesday night's bloody demonstrations against Ridgway.

Interior Minister Charles Bruin has declared the government has proof of "an organized and permanent conspiracy by the Communist group" against the French state during the street fighting. One Communist was killed and 17 badly hurt and 200 police injured in Paris. At Nice another 25 persons were hurt.

The inquiry will be made under articles of the French penal code which provides for deportation for anyone plotting to destroy or change the government by inciting citizens to arm themselves against authority.

MEMORIAL DAY
NEW YORK — All domestic financial and commodity exchanges throughout the United States will be closed Memorial Day, Friday, May 30 and Saturday, May 31. Various livestock reports will be issued both May 30 and 31.

MORE DOCTORS
CHICAGO — The United States had a record high number of 211,380 physicians at the end of 1951, the American Medical Association reported today. This was a gain of 1,540 over 1950.

The figures showed 6,282 persons obtained licenses to practice for the first time, but that 5,642 deaths of doctors were reported during the year.

CUT BY SICKLE
MOLINE, Ill. — Mrs. Eleanor Van Damme, Wednesday night sharpened the sickle she uses to cut grass. Her husband, Marcel, came home, picked up the sickle to inspect the homing job and took a few practice swings with it. Mrs. Van Damme, same, how, backed into range. Her wound was treated at the Moline Hospital.

Senate Rejects Wage Proposal

WASHINGTON — The Senate rejected a proposal to end wage-price controls June 30.

The proposal was offered by Sen. Dirksen (R., Ill.) as an amendment to a bill to continue the controls until March 1.

The Senate opened debate on the bill today. If nothing is done before June 30, wage and price controls will be automatically at that time.

President Truman had asked an extension until June 30, 1954.

Just before the vote, Truman sent the Senate a message urging it to reject a plan to finance labor and industry representatives from the Wage Stabilization Board (WSB).

An amendment calling for revamping of the wage board was tacked onto the bill. The amendment would make the board an all-public body.

Truman's lengthy etc 3d grad 2nd lead

Student Reinstated At Southern College

LAKELAND — Florida Southern College announced today it has reinstated a senior student suspended after a party raid because more than 100 freshmen girls volunteered to remain in their rooms during all off-class hours until Sunday as punishment for provoking the raid.

A statement from the college public relations department said this meant the girls are giving up all dancing and social activities during the busy final weekend of the school year.

The girls said they brought on the raid by staging a snake dance outside men's dormitories and hurling taunts Monday night.

The men then poured from their dormitories and some got into one sorority house, where police nabbed four male students. Girls at the sorority house maintained they had asked these four to guard the house against the real raiders.

The college suspended all four, however, but later acquitted and reinstated one a senior. No names were revealed.

Today's reinstatement of another senior leaves the two other men still under suspension for one semester. Both seniors now will be graduated next week on schedule.

Senate Approves Greatly Reduced Foreign Aid Bill

By JOE MALL
WASHINGTON — The Senate has overwhelmingly passed a \$6,700,000,000 foreign aid bill but the Mutual Security program is almost sure to be cut further before any money actually becomes available.

The final Senate vote on passage Wednesday night was 51 to 40 with 29 Democrats and 22 Republicans joining in support of the measure to aid America's friends all over the world. Nine Republicans and one Democrat, Olin Johnston (S. C.), said "No."

But the bill now goes into conference with the House which voted last Friday, 245 to 110, to authorize the spending of \$6,168,000,000 in the fiscal year starting July 1.

This \$37-million-dollar difference between the two branches means that an additional cut in the Senate total is almost inevitable.

Then, after the compromise authorization measure is passed, the lawmakers will get another crack at the program when an appropriations bill actually making the money available is debated.

President Truman asked for \$7,000,000,000, declaring this was the minimum needed for America's security. He has been sharply critical of the cuts voted by the House.

The bulk of the money in the authorization bill is for direct military assistance designed to equip the forces of American allies in Western Europe and elsewhere.

Administration forces in the Senate beat down all efforts to cut the \$6,900,000,000 voted by Senate committees until late in Wednesday's session.

Then Sen. Long (D-La.) was able to get through a 200-million reduction by a 57 to 34 vote, partly because half a dozen Senators voting against cuts had gone home. Earlier Long's proposal for a 400-million cut lost 40 to 17.

However, some Republican senators had been confident that the Senate would vote at least a half-billion slash on the floor. An amendment by Sen. Welker (R., Idaho.) to do this was defeated 41 to

Try and Stop Me

By BENNETT CERF
AN ALERT western sheriff confiscated a wagon-load of slot machines in a raid recently. The hoodlums who owned the machines demanded to know by what authority he had seized their property. He pointed to an old law banning the use of steel traps to ensnare dumb animals. The judge gleefully backed him up, and the machines were destroyed.

In Pittsburgh, Fred Bowes, Jr., of Pittney-Bowes, regaled a U. S. Chamber of Commerce meeting with these illuminating definitions:

Socialist: You have two cows and give one to your neighbor.

Fascism: You have two cows; the government takes both and lets you buy back some of the milk (skimmed).

Communism: You have two cows; the government takes both and shoots you.

Capitalism: You have two cows; you sell one and buy a bull.

Capitalism under a certain administration: You have two cows; the government takes both, shoots one, milks the other—and throws the milk away.

Former Police Chief Freed Of Charge

VALDOSTA, Ga. — A former Madison, Fla., police chief was acquitted by a Lowndes Superior Court jury Wednesday night of a murder charge in the slaying of a Valdosta meat salesman.

Lonnie Murphy, a captain in the Valdosta police department before his appointment as Madison chief, entered a plea of self defense in the shooting of H. T. Roberson. The jury returned its verdict after deliberating three and a half hours.

Murphy surrendered after the shooting Sept. 7, 1951 at a driven restaurant south of here. At a commitment hearing, the murder charge was reduced to voluntary manslaughter but a grand jury subsequently indicted him on a murder count. He had been free on \$25,000 bond.

Murphy told the jury he and Roberson had a few beers and apparently were on friendly terms until they started to leave the restaurant. Then, he said, Roberson drew a pistol and threatened his life.

The former officer testified he drew his own gun and fired five times, killing Roberson.

RFC SUPPORTED

WASHINGTON — The Senate Banking Committee voted 6-to-3 today to keep the Reconstruction Finance Corporation (RFC) in business as the government's chief lending agency. But it decided to write a number of reforms in the law setting up the RFC.

Earlier this year the Senate had voted to abolish the scandal-stained agency, but it reconsidered and sent the question back to the banking committee for more study.

Communists Are Hit For Blocking Korean Armistice

By SAM SUMMERLIN
 MUNSAN, Korea (AP) — The chief United Nations truce delegate today accused the Communists of blocking a Korean armistice out of disappointment that so few U.S. war prisoners want to go home.

In another full session at Panmunjom, Maj. Gen. William K. Harrison Jr. reminded the Communists they had agreed to the ceasefire which determined that nearly 100,000 of 160,000 U.S. POWs and civilian internees are unwilling to be repatriated.

He suggested another recess to give the Communists time to reconsider their demand for the return of all prisoners. But the Reds insisted on another meeting at 11 a. m. Friday.

The factors which prevent an armistice today, Harrison said, "is not your objection to the screening process itself but rather your bagrin at the small number of persons who stated that they would not forcibly resist repatriation— a number which was obtained by the fairest means possible and by a device which had your full acquiescence."

Harrison told the Reds again at the 45-minute session that the Allied offer to repatriate only those POWs willing is final.

It brought this irritated rejoinder from the chief Communist negotiator, North Korean Gen. Nam Il.

"I advise you to pack up from now on such words as final and irrevocable which are not worth a penny."

Brig. Gen. William P. Nuckols, U. N. spokesman, said the firm Allied stand "seems to be getting under his (Nam's) skin a little bit."

Nam launched into another bitter attack on Allied treatment of prisoners. But he did not renew his Tuesday and Wednesday warnings of stepped up military action.

Mrs. Alfred L. DuPont, of Jacksonville, will receive from President J. Ollie Edwards on June 2 an honorary degree from Stetson University at the annual commencement exercises. Mrs. DuPont is shown in her formal garden at her home, Epping Forest.

Taft, 'Ike' Running Neck And Neck In G.O.P. Race For Delegates

By JOHN RANDOLPH
 SEOUL, Korea (AP) — Communist big guns turned back an Allied raid with their mightiest barrage of the year Wednesday. It was the same day that truce negotiators threatened to renew heavy fighting in Korea.

The Communists poured 7,126 rounds of fire on U. N. positions in a single day, 8 p. m. Wednesday. That's five times the Reds' normal volume in the present limited action phase of the war.

The shells broke up an Allied raid on a three-hill enemy position near Korangpo on the Western front. Heavy Communist mortar and artillery barrages also pounded two sectors of the front once heavily-contested Punchbowl on the eastern front.

Intensity of the Red fire didn't match Allied pushes.

The Red artillery barrage near Korangpo forced withdrawal of U. N. troops who had wrecked Communist positions on three hills along the old invasion route to South Korea.

It came as North Korean Gen. Nam Il, the Reds' top truce negotiator, told the Allies at Panmunjom the Communists "shall not sit idle" during what he called slaughter of their captured soldiers.

Allied warplanes destroyed 100 bunkers and 30 gun positions along the front, the Air Force reported. It said daylight raids into north Korea destroyed 115 vehicles, one tank, one power plant, made 50 cuts, collapsed a railroad tunnel and fired 20 buildings.

U. N. warships shelled both coasts.

Three-fourths of all sulfur produced in the United States is burned to make sulfuric acid.

By The Associated Press
 The sound and fury of the Taft-Eisenhower duel for Republican presidential nominating votes were echoing today in places like Alabama, South Dakota and Washington, D. C.

With Sen. Robert Taft of Ohio just about through campaigning and Gen. Dwight Eisenhower expected home in a few days, the Associated Press tabulation of pre-convention delegate strength now shows:

Taft 405, Eisenhower 305

Nominating at the July 7 National Convention in Chicago requires 604 delegate votes. The Associated Press tally is based on the delegation by picking four at large members. Eisenhower people conceded Taft a majority—meaning Taft's name would be placed first in nomination since Alabama heads the alphabetical roll call.

An Associated Press survey showed that South Dakota's daily newspaper editors look for a Taft-Eisenhower photo finish in the state's June 5 primary.

The editors' estimates, weighted according to population of areas covered, give Taft a slight edge: 51.2 per cent to Eisenhower's 48.8.

The primary is the last clearest contest between Taft and Eisenhower before the convention. It is a winner-take-all proposition with 16 Republican and eight Democratic delegates at stake.

On the Democratic side, the editors put a delegate slate pledged to Sen. Estes Kefauver of Tennessee ahead of Sen. Hubert Humphrey of Minnesota. The percentage: Kefauver 55.8, Humphrey 44.4.

In Washington, meanwhile, two Republican senators said the Taft-Eisenhower bout could be generating enough heat to melt the party's chances in the November general election.

A Taft man, Milton Young of North Dakota, was particularly disturbed over intra-party strife like that in Texas, where rival Taft and Eisenhower delegations see the difference aren't patched up.

Sen. Earl Muntz of South Dakota, who has kept his own counsel about whom he will support,

Preacher Fasts In Effort To Start Religious Revival

CHERRYVILLE, Mo. (AP) — An Ozark preacher—claiming he hasn't eaten in 37 days—vowed today to fast until death unless his prayers are answered for a religious revival to save the world from sin and Communism.

The Rev. J. J. Myers, 52-year-old minister of the Assembly of God Church, is weakening physically but was reported by friends still able to walk.

The stocky minister has kept to his room since he began his fast, rejecting efforts by authorities of his church to persuade him to end it.

Ivie has given his wife strict instructions not to permit a physician in their home, even if he becomes unconscious. He has prepared a signed statement to protect his wife from possible legal action in the event of his death.

The Rev. J. P. Myers, pastor at neighboring Steelville, conferred with the church's national headquarters at Springfield, Mo., regarding the fast.

He said that a sustained fast which does bodily harm is not a tenet of the church. Myers added that he and another official of the church went to Ivie's home May 16 to see whether Ivie wouldn't end his fast, but that he refused to see them.

Sheriff Roland Giles said he considered the fast a personal matter and planned to take no action. He has known the minister for 25 years.

Mrs. Ivie was interviewed by Mrs. W. H. Williams, wife of the publisher of a weekly newspaper at Steelville. Mrs. Ivie played two recordings in which Ivie explained the reasons for his fast.

Ivie said in one of the recordings: "Communism, in a mad rush, is invading the nation and the government.

"Nothing but a speedy evangelization or divine intervention can save the world. For if we go on as we are now, it will take a thousand years to do it."

Ivie expressed hope his prayers would help produce a revival, starting with ministers and spreading to the people.

MRS. ESTES KEFAUVER takes time out from politics temporarily to take care of three of the four Kefauver children who have the mumps. Mrs. Kefauver, who has been taking an active part in her husband's campaign for the Democratic presidential nomination, is shown in her Washington home with the ailing youngsters. (International)

James A. White Jr. Becomes Radioman

GREAT LAKES, Ill. (Special) — James A. White, Jr., USN, son of Mr. and Mrs. James A. White, of 1807 North Albany Avenue, Chicago, Ill., and husband of Mrs. Louise H. White of Longwood, having successfully passed a recent Navy-wide competitive examination, has been advanced to the rank of radioman first class, as of April 15, 1952.

White, who entered the Naval service on Nov. 2, 1942 is stationed at the U. S. Naval Auxiliary Air Station, Sanford, where he is attached to the Communications Department. Before joining the Navy White attended Tukey High School and was employed by the Chicago Transit Authority.

The duties of White with his department are communications supervisor.

More than 10 percent of the world's sulfur is produced from wells on the Gulf coast of Louisiana and Texas.

MONEY NEEDED

LONDON (AP) — The London Daily Worker, whose sports columnist forecast the derby winner, asked its readers today for a share of their winnings. The worker said it needed 2,472 pounds (\$4,921.60) in a hurry.

The Red sheet, which has been having trouble making ends meet, appealed to its readers to "show their appreciation" for its tip on the Aga Kahn's three-year-old, Telvar, an 112 winner.

Baruch Insists Billions Wasted Due To Inflation

Former Presidential
Adviser Urges More
American Air Power

By EDWIN H. HARRISON
WASHINGTON — Bernard M. Baruch told senators today that more than 20 billion dollars is being wasted on the defense program because of what he called "red-hot" inflation.

He urged a broad overhauling of the multi-billion dollar defense of the United States on faster production of aircraft, tanks, guns and other weapons of war.

Baruch, 82-year-old financier and ex-adviser to Presidents, testified in an open hearing of the Senate Preparedness Subcommittee.

In a prepared statement, Baruch listed forces with members of Congress who have been urging great air power, to make and out-strip Soviet Russia's.

Baruch said the United States is in "great peril" because of Russia's superior air and fighting power. Several times he reminded the senators that top military leaders have said Russia is able to launch an atomic war by July 1, 1954.

Questions by Chairman Lyndon B. Johnson (D., Tex.), Sen. Arthur W. Capper (R., Kan.) and other committee members indicated they agreed with many of Baruch's criticisms and recommendations.

When Baruch concluded, Johnson told him the defense subcommittee would have a report on the state of the preparedness program and ways for improving it.

It is expected to recommend an all-out effort to build and equip a 143-wing Air Force.

"If we are unprepared we may as well become a satellite of Communist Russia," Johnson said.

Through a series of questions, Baruch took pot shots at President Truman, the State Department and others on diplomatic, defense and domestic issues.

Without mentioning Mr. Truman by name, Baruch protested the "white flag" doctrine to delay or stretch out the program for a 143-wing Air Force.

And he opposed bringing Western Germany into the North Atlantic Treaty Organization until Western Europe is armed and able to fight any Soviet coup.

"To slow the learning of Western Europe and at the same time waste negotiating over Germany is to put out the foot but let it into a Soviet trap," Baruch said.

He also questioned the administration decision to build up production capacity of aircraft gun, munition and other defense plants rather than speed production of the actual weapons.

"No device victory in the cold war is possible as long as the Soviets hold an edge in the air in military readiness over the West as they do today," he said.

Baruch said the waste of defense billions resulted from failure to put into operation the vast system of anti-inflation controls that Congress voted after the Korean outbreak.

"These powers were not used for months during which living costs soared, all savings were cheapened and the real purchasing power of every dollar was slashed by one-fifth," he said, adding:

"This needless inflation already has cost us 32 billion dollars in higher costs of defense and is likely to exact another 10 billion dollars in needless military equipment next fiscal year. (Baruch did not explain his use of the word "trillion.")

Looking ahead, Baruch urged Congress to trim out all possible "unnecessary and questionable expenditures" that, he added:

"When you live under the shadow of war, as we do today, all actions must be valued in terms of time."

Security Officer Tells Of Insults From Kojé POWs

By WILLIAM C. BARNARD
OSAKA, Japan — The former security officer of Kojé Island said today it was "difficult" to keep order in the prison camp day to day and that he had never seen a single instance of a prisoner being treated inhumanely.

McGuire said American soldiers have been treated "degraded and abused" for months by vicious, unfeeling captives.

"It was hardly difficult for our men to swallow insults day in and day out and still continue to do their jobs," he said.

The graying 37-year-old officer, from Alton, N. Y., gave the first of his reports to a news conference here today.

McGuire said he was wounded twice by bullets from an American-made machine gun and a Russian pistol fired by one of the Kojé captives.

McGuire said he was ordered into the compound by the Kojé captives to inspect for a possible escape route.

McGuire described the prisoners as being defiant, dangerous troublemakers, who turned even the best of us into their own propaganda for their own use.

PUSAN, Korea — The South Korean National Assembly went into session today after President Syngman Rhee's cabinet resigned last week.

The assembly will meet in a special session today to discuss the resignation of the cabinet.

Under a national emergency law the President may appoint martial law and the legislature has the right to lift it by a majority vote.

The cabinet resigned after the Communist North had captured the city of Hamhung, and apparently other cities in the north.

The cabinet's resignation followed the resolution and the decree remained in effect.

The cabinet's resignation followed the resolution and the decree remained in effect.

Last Of Veterans Of 1861-'65 Are Nearing The End

By HAL BOYLE
NEW YORK (AP)—The long march of the Blue and the Gray is about over.

This Memorial Day, fewer than a billion survivors of the 62 million who fought in the American war of brother against brother that ended 87 years ago.

This long and bitter struggle played so important a part in our national story, it is still so close to us as a people, it seems incredible that soon even the last drummer boy who took part in it will have been swallowed by time.

The earth is a tomb of many vanished armies, but few will live longer in memory than those that contended under the banners of the Federal Union and the Confederacy from 1861 to 1865. Those memories in many minds even now are like sensitive scar tissue.

Historians now class the War between the States—also known as the Civil War—as the first modern war, and certainly it made many changes in the art of battle both afloat and on land.

It truly was a big war, considering the population at the time. The North threw 2,128,948 men into action and suffered 349,844 casualties. The number of troops on the South's side is debatable. Northern historians put the figure as high as 1,400,000 out of a white population of only five million. Estimates by Southern historians go as low as 800,000. Woodrow Wilson said the South put 900,000 men in the field and placed their losses in killed and wounded at 133,821.

As in most wars before the development of sanitation techniques, disease took more lives than bullets. The North, for example, lost only about 115,000 men from combat wounds. It lost nearly 200,000 through diseases.

The cost of the war is still going on, mainly now in the form of payments to the widows of veterans. But ever once in a while someone still tries to get the government to pay for a mule that one of U. S. Grant's men in blue stole from his great, great granddaddy's farm.

The North ended the war by the grinding weight of superior manpower and industrial might. But although finally worn down, the South managed to emerge with most of the heroes.

Certainly today when schoolboys, both North and South, read of the great battles of that war, their hearts go out most to the chief of the "The Last Cause"—soldiers like Robert E. Lee, Stonewall Jackson, and that sabre-wielding, Jeb Stuart.

Grant was a titan indeed. But youth there is a quality that admits a leader who fights gallantly in the face of almost certain defeat. That is why the South's commanders now hold high a plumed to boys growing up in Iowa as well as in Alabama. It also explains why young men make better soldiers than old men.

My own favorite of that period has always been Stonewall Jackson, who died and left an immortal name at 39. Field Marshal Rommel once came over to the Shenandoah Valley to study Jack-

What People Do With Savings Is Causing Concern

By SAM DAWSON
NEW YORK (AP)—How much money the American people are saving—and how set they are against cracking these nest-eggs—puzzles a lot of people.

The experts differ, even on the amount. Americans are putting away some say it was 17 billion dollars last year. Others say less than seven billion.

What the thrifty ones will do with all this money interests the planners—whether they're financial officials worrying lest it be used to start up another inflation wave, or businessmen who have been pinched by the consumers' yen for thrift and would like them to spend more freely again.

If even that lower amount of savings should be turned loose, it could start business up again fast, and probably price inflation, too.

"Savings have had their skittish moments in the past when their buying power was threatened, as evidenced by the two buying rushes after Korea," the Institute of Life Insurance says.

The Institute cites the Department of Commerce figures that total personal savings in 1951 exceeded 17 billion dollars, or about one out of every 13 dollars of total personal spendable income after taxes.

The government arrives at this high figure by taking the total of personal income after taxes, subtracting the total spent on consumer goods and services, and calling the remainder personal savings.

But a considerable part of what it calls savings couldn't be turned into cash quickly. If at all, the government counts as savings, for example, the payment on mortgage and other debts.

Those who stick to the lower figure argue that savings should be long-term liquid savings in the true sense of a nest-egg. They include: Time deposits in commercial banks, mutual savings banks, share accounts in savings and loan associations, life insurance policies, U. S. savings bonds, and postal savings deposits.

If you count only these the total savings are now more than 103 billion dollars, a gain of just less than seven billion in 1951. This compares with 142 billion dollars at the end of the World War II and 67 billion at its start.

Others would add currency and

OUR DEMOCRACY

by Max
"HOWDY, NEIGHBOR"

IN THE HORSE-AND-BUGGY DAYS, THE RADIUS OF A COMMUNITY WAS PRETTY WELL DETERMINED BY HOW FAR OLD DOBBIN COULD TRAVEL.

TODAY, THE COMMUNITY IS COUNTRY-WIDE, AS THE MOBILITY OF TRANSPORTATION HAS BROUGHT ONCE DISTANT TOWNS NEXT DOOR AND MADE NEAR-NEIGHBORS OUT OF ONCE REMOTE STRANGERS.

AND INCREASINGLY THE COMMUNITY IS EXPANDING TO INCLUDE AS NEIGHBORS THE FRIENDLY PEOPLES ACROSS OUR BORDERS AND OVER THE SEAS—IN THE SPIRIT OF TRUE DEMOCRACY.

demand deposits, government social insurance funds, state and local government bonds, and corporate securities. If you add these, Americans saved 13 billion dollars last year.

Whether it was 17 or 13 or seven billion, it is credited with having helped check inflation. And it certainly made a lot of merchants and manufacturers unhappy.

Are Americans ready to cut loose and spend again?

The Institute of Life Insurance thinks the American consumer is in the better position now than ever before to decide for himself whether he'll spend or save.

The increase since 1939 in the percentage of families having more than \$5,000 a year income, says, means that "more Americans than ever before now have incomes that provide a margin over and above necessities and thus have the choice of stepping up their savings or their spending as the time and conditions warrant."

Also the Institute notes that the holding of durable goods per family is at record high, thanks to the rush of buying since the war, and "along with this higher earnings this gives the average consumer greater latitude in deciding whether to save or to spend."

The Institute's one question left: How come some people saved 17 billion when most citizens think they couldn't save anything?

Negroes Seek Decision On Entering U. Of F.

DAYTONA BEACH (AP)—An attorney here representing five Negroes who want to enter the University of Florida Wednesday said he had asked the State Supreme Court for a final decision in the case.

The attorney, Horace E. Hill, said he asked the court to hear his motion June 9.

The U. S. Supreme Court has refused to review the case, begun in 1948, because the State Supreme Court had not yet handed down a final decision.

The Negroes are Virgil D. Hawkins, Jacksonville; William T. Lewis, Ocala; Rose Boyd, Martin; Oliver R. Maxey, Gainesville; and Benjamin F. Finley, Ocala. Hawkins and Lewis want to enter the college of law. Miss Boyd the school of pharmacy. Maxey the school of chemical engineering and Finley the college of agriculture.

SHERIFF RE-ELECTED
CRESTVIEW (AP)—A former sheriff removed from office by Gov. Fuller Warren on grounds he refused to enforce gambling laws, was put back in office by Florida's runoff primary.

Complete unofficial returns show Former Sheriff H. Isle Enzor won 4,216 votes to 3,514 for Sheriff J.A. McArthur, his runoff opponent.

Enzor was removed by Gov. Warren in 1950.

Ike Refuses Active Drive For Top Spot

General Pledges Argument Over Honest Differences But No Political Quarrels

PARIS (AP)—Against a backdrop of Communist-inspired tension and a political overcast, Gen. Dwight D. Eisenhower today turned over his command of Allied Defense Forces in Europe to Gen. Matthew B. Ridgway. High officers of supreme headquarters of the North Atlantic Treaty allies and a French delegation headed by Defense Minister Rene Pleven witnessed the brief ceremonies on RHAF's front lawn.

By The Associated Press Gen. Dwight Eisenhower, surrendering his defense command in Paris today, said he will refuse to engage in an active campaign for the Republican presidential nomination.

A spokesman for Eisenhower's campaign headquarters in Washington said, however, that what the general meant by that statement was that "he won't go on any transcontinental train trips or go around shaking hands."

"He will," the spokesman added, "talk to anybody who comes to see him. And that includes party leaders as well as delegates."

The spokesman said the head of every delegation to the July 7 Republican National Convention has been invited to call on Eisenhower before the convention to learn his views on the major issues of the day.

He said the talks to be held at Abilene, Kas., New York and Denver, will be "give-and-take sessions. The delegates can ask the general anything they want."

Eisenhower turned over his North Atlantic Treaty Organization (NATO) command to Gen. Matthew Ridgway in Paris and let it be known he'll shed his uniform on Tuesday.

Eisenhower is one of the two leading contenders for the GOP nomination. His chief foe, Sen. Robert Taft of Ohio, repeatedly has charged the general to drop his campaign and make his views known on the issues.

On that score, Eisenhower told his staff and confidants in Paris he would welcome "healthy arguments over honest differences."

But, he said, "bitter quarrels for quarrels' sake are bad for the country and I prefer to avoid them."

Some Republican senators have expressed the view that intra-party feuding may hurt the Republican's chances for the presidency in November.

Asked if he would comment on whether the election of Taft would have a discouraging effect on Europe, Eisenhower checked and reported: "I most certainly would not—I am still in uniform."

Meanwhile, a frontal attack on Eisenhower's record, launched by Taft supporters in South Dakota, has been met by the general's attorney, who said the Ohio senator's supporters bought newspaper advertising space to assail Eisenhower, due (Continued on Page Two)

Florida Sheriff's Association Meets In Sanford June 9

The Florida Sheriff's Association will convene at Sanford on June 9 for a three-day convention with headquarters at the Valdes Hotel, Sheriff Percy A. Mero announced today.

All 67 of Florida's sheriffs have indicated their intention of attending, it was revealed, and more than 250 persons, including wives and friends, are expected at the barbeque which will be held at the Seminole County Club on the night of June 10.

The principal luncheon meeting of the convention will be addressed by Lt. General C. Hutchison of Sanford. It will be held at the Episcopal Parish House on June 10. Sheriff Mero stated.

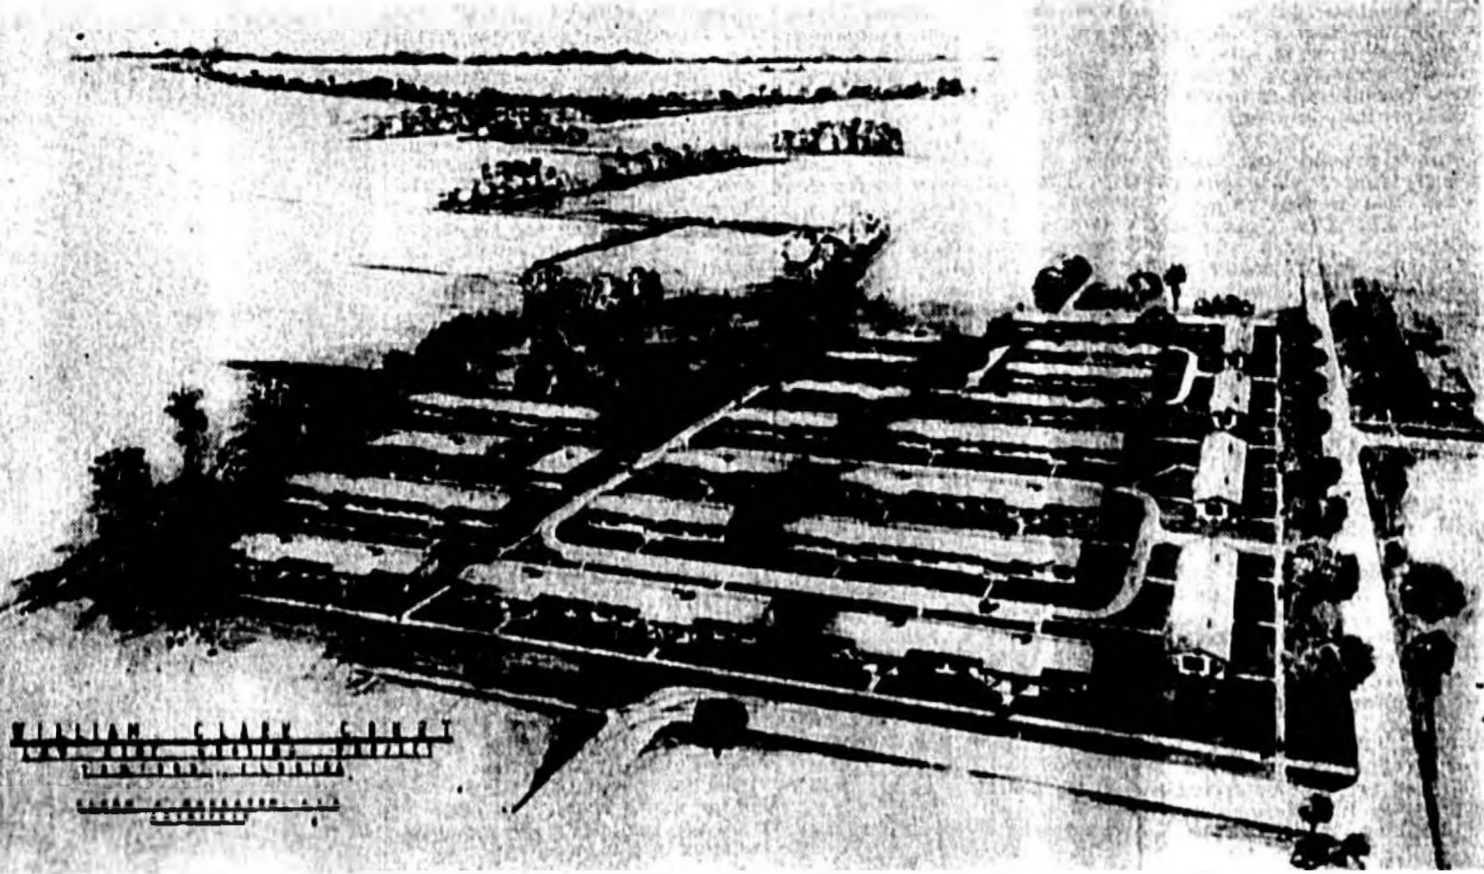

Various business meetings will be held at the City Hall on the 9th, 10th and 11th and other speakers on the program include an address of welcome to the visiting dignitaries by Mayor W. H. Stemper, Sheriff Lloyd E. Sells will serve as master of ceremonies.

The principal speakers at the meeting at the City Hall will be State Attorney Murray Overstreet and George A. Stone Jr. On the 11th Rep. Volie Williams Jr. and Mack Cleveland will address the gathering.

COURT OF HONOR A Boy Scout Court of Honor will be held Monday night at 7:30 o'clock at the First Presbyterian Church, Bob Lipscomb, chairman, announced today. Parents and persons interested in scouting are invited to attend.

Following the Court of Honor there will be a short meeting of all the leaders to discuss the upcoming year. The program will be discussed, meeting activities.

William Clark Court

William Clark Court, a 24 building, 85 unit low cost public housing project, was recently completed at a cost of \$797,867, and is located immediately west of the now vacant 125 unit Castle Brewer Court in Goldboro, a \$1,378,729 project. Elton J. Moughton was architect for the projects. A large gathering is expected at the dedication of William Clark Court Sunday afternoon. The Sanford Housing Authority will have charge of the dedication at which many of the civic and business leaders of the county will be present.

3 Persons Killed In Tokyo During Martyr Day Riot

Gangs of demonstrators throw torches and acid on police

By The Associated Press TOKYO (AP)—Police killed three rioters in Tokyo today as Communist "Martyr Day" demonstrations erupted into violence in scattered parts of Japan.

The three demonstrators were slain when police opened fire on a mob of about 200 which hurled acid and stones at it advanced on a police box in a northeastern suburb, Tabashi.

The number of injured was not known. Police arrested 11 persons. The National Rural Police reported late tonight they had made 103 arrests in putting down 22 demonstrations involving 12,000 persons throughout Japan. They gave no figures on injuries.

The bloody fighting at Tabashi broke out when police warned demonstrators advanced any closer to a police box. The mob then was only about 10 feet away.

Latest reports placed the number of arrests at nearly 100, but the number of injured was small. Demonstrators throw flaming fuel oil torches and squirted sulphuric acid from water pistols in a flare-up at Shinjuku Station in Western Tokyo.

Japanese police, alerted for such an outbreak, held the upper hand late tonight as they systematically herded demonstrators away from the station plaza and down narrow side streets.

Two policemen and three newspapermen were injured at Shinjuku. About 16 demonstrators were arrested there.

One of the newsmen hurt was Associated Press Correspondent William C. Barnard. The others were a Japanese reporter and a Japanese news photographer. Barnard said the flare "sizzled like a sparkler."

One of the injured policemen was hit in the eye with flying acid. The newspaper Asahi reported that demonstrators at Kobe, about 270 miles southwest of Tokyo, slapped and bruised five Magistrate Reporter John Dille earlier in the day.

Asahi said about 100 Japanese and Koreans parading near an inn. (Continued on Page Two)

Service Here Is Cut By Gulf Oil Co. Reduction of the area served by the Sanford terminal of the Gulf Oil Co., and extension of the service coverage of the Tampa Terminal, was announced today by C. L. Franklin, superintendent of the Florida Waterways Service Works Operators Association and has qualified under all requirements of the constitution and by-laws of the association for Class "C" water works certification, and is entitled to all benefits thereof. The certificate is signed by David B. Lee, chief sanitary engineer, Florida State Board of Health, Jacksonville.

ADMITS THEFT After admitting he stole an automobile, Bernice Ireland, white female, was sentenced to two years in Sanford for larceny by Judge M. E. Smith in the Circuit Court this morning.

Judge Smith drew a venire of 20 names from which trial jurors for civil cases will be selected. Court will convene for trial at 10:00 a.m. Monday morning.

ANTI-GAMBLING LAW JACKSONVILLE (AP)—The Jacksonville City Council Thursday night passed by a 6-3 vote an anti-gambling ordinance making possession of a federal wagering stamp a misdemeanor.

An anti-possession bill was passed by council some weeks ago but was declared unconstitutional by Municipal Judge Charles Miller when the first case came up.

HST Hails Acheson For Contribution To Peace Of The World

Protest Is Filed Against Russians In Security Zone

Police Cars Patrol Paris Streets To Prevent Disorder

REILIN (AP)—The Western Allies filed sharp protests with the Russians today against "obstructive measures" taken in East Germany in the last few weeks and demanded Allied autobahn patrols between Berlin and Helmstedt be permitted to function.

Noted by British, French and U.S. officials here in Soviet Gen. Vasily I. Chukovskiy said Communist actions in East Germany such as establishment of a "security zone" along the frontier, worked against possible reunification of Germany.

Earlier, the Russian sector of Berlin refused to restore telephone service to West Berlin but only on lines that would be controlled by the Communists and thus subject to tapping.

West German postal authorities rejected the offer, and said they had demanded "full and free" intra-city communications as they had existed before the cutoff Tuesday.

The East proposed to open in lines, all of them running through the Central Security Police switch board in the downtown Soviet sector. More than 2,000 lines between the East and West sectors have been cut since Tuesday.

Barriers were being erected at dozens of places where the American, British and French sectors touch on the "Buffer Zone" None was being put up however on the Soviet sector border within the city limits. The Russian sector is about one-fourth of the city.

PARIS (AP)—Police cars patrolled the streets of Paris in force today to guard against any outbreak of Communist rioting over the talking of Jacques Duclos, the French Communist leader.

Charles Brune, the minister of continued the Duclos' speech.

PARIS (AP)—Police cars patrolled the streets of Paris in force today to guard against any outbreak of Communist rioting over the talking of Jacques Duclos, the French Communist leader.

Third Low Cost Housing Project In Seminole County Schools To Close Friday, June 6th

Schedule For Remainder Of School Term Is Full Of Events

School pupils throughout Seminole County will be dismissed at noon on Friday, June 6, and the summer vacation will begin, Superintendent W. Lawton announced this morning. Meanwhile, the schools are busily planning events culminating in graduation programs.

Seminole High School's schedule for a busy one. Tonight, at 8:00 o'clock the Seminole Chapter of Future Farmers will hold its annual banquet at the School Farm Building. James Robertson, the speaker, will be introduced by E. G. Kilpatrick. A charter award will be made in behalf of Florida Chain Stores by C. L. Redding. Other awards will be presented by H. C. Hester and L. G. Smith.

The high school seniors will enjoy their annual picnic Monday at Daytona Beach. Mothers of the pupils will have charge of the program. Final examinations for freshmen, sophomore and junior will take place at the school on Tuesday and Wednesday. Another special event for the seniors will be a Tri-Hi-Y tea late Friday after school at the home of Mr. and Mrs. W. V. Hitting.

A senior class day program will be presented Wednesday at 10:15 a.m. in the afternoon at 2:00 o'clock a school picnic will be held in take place at Southland Springs.

Baccalaureate services will be held by the seniors Sunday night, June 8, at 8:00 o'clock at the school auditorium. The eighth grade graduation will take place Friday at 11:00 a.m.

The Lake Mary School had a picnic yesterday at Sandland Springs. The graduation will take place Monday night at 8:00 o'clock.

Class day will be observed at the Junior High School at 10:30 a.m. on June 6. The promenade program will be at 10:00 a.m. on June 6.

At the Sand and Grammar School, an informal program will be held Thursday evening at 11:00 o'clock and awards will be presented.

The class program will be held tonight at the Lyman School for the seniors. Baccalaureate will be at 8:15 p.m. Sunday and commencement, 8:30 p.m. Wednesday at the school auditorium.

Oviedo High School will have its baccalaureate program at 8:00 p.m. Sunday and graduation at 8:00 p.m., Tuesday. The eighth grade graduation will take place Friday at 11:00 a.m.

The Lake Mary School had a picnic yesterday at Sandland Springs. The graduation will take place Monday night at 8:00 o'clock.

OIL LAND VETO WASHINGTON (AP)—A two-week delay was indicated today before the Senate votes on the President's veto of a bill giving the coastal states ownership of off-shore oil lands within the three-mile limit.

With a two-thirds majority required to override the veto, and a close vote anticipated, Republican senators voiced objections to a vote next week when several will be attending a homecoming for Gen. Dwight Eisenhower in Abilene, Kan.

IRISH ARMY DUBLIN, Ireland (AP)—Defense Minister Great Traynor announced Thursday night a million pound (\$2,800,000) increase in Ireland's 1952 army appropriations.

Traynor told the Dail (Parliament) that \$15 million pounds (\$13,200,000) would be spent this year to build up the nation's army of 12,748 men.

Secretary Of State Seeks Legislation On European Pacts Guaranteeing Peace

WASHINGTON (AP)—President Truman, greeting Secretary of State Acheson at National Airport, declared today that pacts allying West Germany with the Western anti-communist bloc has made a "great contribution to the peace of the world."

Acheson said agreements signed in the past week at Bonn and Paris will mean "very much to the security of our nation, our allies and all the free world."

The task now, Acheson told the President, is to proceed with legislative action in the U. S., that means Senate consideration of the agreements which have been completed and signed but which must still pass the test of ratification.

As Acheson stepped down the ramp from Truman's own plane, "The Independence," which had brought him home from Paris, the President with outstretched hand, said "Hello, Dean How are You? congratulations you did a grand job."

One of the major problems before Acheson is that of counter-measures by the United States, Britain and France against the tightening of lines between East and West Germany and the Soviet-imposed travel difficulties between West Germany and Berlin as reprisal for the forging of new German links with the West.

Some consideration has been given here to overhauling, to making a show of power on the Western side, perhaps by flight of military planes in the German area, in order to remind both the East and the Germans of Western firmness in German policy.

The Air Force is reported to have prepared elaborate plans for setting up a "Red Berlin" strip in the East. This would disrupt the movement of vital supplies to the city's Western sector. But some officials doubt that they will resort to the full-scale blockade.

It is blockade develops it seems quite probable that a new counter-measure will be given to challenging the Soviets, with an Allied counter-attack on their European military orders to go through Red border guards.

State Department aides said Acheson would give Truman a full report on week-long European mission immediately will confer with responsible congressional committees promptly and will make a nation-wide radio television address Monday night hour in broadcast.

When the President put Acheson on his plane "The Independence," for Bonn and Paris eight days ago, he said the secretary of state mission would contribute importantly to world peace if successful. Acheson predicted he could come home and report "mission accomplished."

Daughter Born To Alleged Murderer

TAMPA (AP)—Mrs. Alice Cliffe, 37, charged with murdering her four-year-old son, has given birth to a six-pound daughter.

Trust Judge Henry C. Tillman said the way is now clear for arranging Mrs. Cliffe and her husband, also charged with murder, as soon as she is pronounced medically fit. She was taken from county jail to a hospital for the delivery.

The husband, John W. Cliffe Jr., 27, a painter and farm worker, was the stepfather of the dead child. Toward Wayne Dulham, Deputy Sheriff Ernest Culbreath said the boy died after three days of beatings and a diet of nothing but water, and three nights of being hung by the neck so his toes just touched the floor.

Culbreath said the Cliffes admitted they were only punishing the boy for disobedience and had no idea he would die.

"It was a small act of respect and thoughtfulness. Little could these Southern ladies dream how far-reaching were to be its consequences! Somehow a reporter heard about it, and later a brief paragraph appeared in Horace Greeley's great Daily, The New York Tribune. It told how the women of Columbus, Miss., have shown themselves impartial in their offerings made to the memory of the dead. They strewed flowers alike on the graves of the Confederate and of the National soldiers."

"That does not sound very startling. But to a nation that still seethed with hatred, it brought a healing touch. Northern families who had not had a good word to say about Southerners since they had lost precious sons in the fighting felt suddenly ashamed. A wave of reconciliation swept over the land wherever the item was read."

"One of the readers was a law-
