

# Azaleas Drive 3 Lookout Hurlers From Mound

## Palatka Wins By 10 To 5 Score In Friday's Contest

### Lookouts Got 9 Hits But Poor Pitching Caused The Defeat

Three Sanford pitchers were pounded for a dozen hits in the game between the Lookouts and the Azaleas in Palatka yesterday, and Palatka won, 10 to 5.

Leper was driven from the mound in the first stanza after he had given two men bases on balls and had allowed a brace of hits which gave the Azaleas a two-run lead in the first inning. Thomason was then sent in to pitch and lasted until one was out in the fourth frame. Then Veale came to the rescue of the Sanford club and pitched the rest of the game, during which time he let the Palatkans score only one run. That one was a home run by Jodie White, the second batsman to face Veale.

The Azalea pitcher allowed nine hits, and on these Cates and Barnes each batted in two and Swindell batted in one run. Swindell, Andrews and Pinon each hit for two-baggers. Stuffy McCrone scored two of the runs, Dave Swindell scored two and Malthe scored one.

Palatka tallied three times in the initial canto and added four more markers in the second stanza to salt the tilt away. Pence's double, followed by Rocky's single and Fisher's fly to left, gave the Azaleas another run in the third and White's homer tallied Malthe ahead of him in the fourth.

Statistical table for Sanford vs Palatka game, listing player names, AB, R, H, O, A, E for both teams.

The club will be away from home next Thursday, but the Lookouts will play at home a week on Thursday and Friday. The larger the crowds at these games the better the boys will play. That's to be taken for granted.

Today's "Standings" contains a new league—the Legion Junior. The third game in the new league was played yesterday, but the teams have not been carried in the percentage column before as they were not all named until last night. They have chosen the names of Cardinals, Senators and Yankees.

### LITTLE 'GIANTS' MEET IN RING

Tony Canzoneri (left) won seven of his ten rounds with Jimmy McLarnin (right), former welterweight title holder at Madison Square Garden in New York last night. Seventeen thousand fans witnessed the bout.

## Canzoneri Beats McLarnin In 10-Round New York Bout

### Former Title Holder Is Defeated By Big Edge-By Champ

NEW YORK, May 2.—(AP)—Surviving a first round blast that had him battered and bleeding, apparently on the verge of a knockout, Tony Canzoneri came back last night to give Irish Jimmy McLarnin a terrific licking in one of the most spectacular fights the little fellows have waged here in many a moon.

### Pirates, Yankees Tied For Second Place In Lions

The Pirates need four pitchers in their game against the Red Sox in the Lions League last evening, and won, 10 to 7. A three-base hit by Glenn Cochran who drove two other scores in on his long drive helped win the game, though Alvin Odham of the Red Sox also got a three-bagger and as a result drove in one boy ahead of him.

At the end of 10 furious rounds, witnessed by a sweltering, near-capacity crowd in Madison Square Garden, Canzoneri carried off the unanimous decision of two judges and the referee, Arthur Donovan.

The little highweight champion who looks like a miniature Babe Ruth and hits with the mood strikes him won off by himself with as dazzling a rally as the fight faithful have ever seen.

Canzoneri won seven of the 10 rounds, dropped McLarnin to one knee with a terrific right-hander in the second round and had the one-time "baby faced" dynamite at the mercy of his two-fisted fire at the finish.

Canzoneri was given an ovation for his victory, one of the finest of his long and brilliant fighting career.

The paid attendance was 16,905 and the gate receipts \$83,763.50. Except for the Louisville Paulino match last December, which Mike Jacobs promoted in collaboration with the Garden, the house was the biggest for any flat attraction in the Eighth Avenue Arena since 1932.

### Hospital Day

As tomorrow is national Hospital Day throughout the entire country the local hospital authorities are taking advantage of the opportunity to show to the public through the Fernand-Leighton Hospital, and to demonstrate to them not only the present need for additional facilities and accommodations, but also the extent to which the local staff has been going to make the most of such equipment as it has available.

The Herald urges its readers to take the time tomorrow to visit the local hospital, since it believes that only as its needs become better known will there be stronger sentiment in favor of improvements. Unfortunately, too many wait until they have to go there for treatment before finding out that the accommodations are entirely inadequate and the facilities insufficient and inconvenient for the staff.

Mrs. Elizabeth Jameson has requested that those who are in a position to do so make some small contribution which can be added to the equipment of the hospital. Listed as among the most necessary items which would be gratefully received are all kinds of linens, blankets, curtains, rugs, chairs, towels, surgical instruments, and practically everything which can be made use of in a home.

Mrs. Jameson also says that the hospital is sorely in need of an emergency operating room, pointing out that in times past when serious accidents have occurred, victims have been rushed to the hospital only to find some other operation being performed in the only operating room which the hospital affords. Under the circumstances there was nothing to do but to wait until one operation had been finished before undertaking another. Usually such delays are serious.

Efforts are being made to secure a loan or an appropriation from one of the work relief agencies of the federal government and it is hoped that before long funds may be made available for the purpose of building a substantial addition to the present hospital. This would include rooms for patients, emergency operating room, shower baths for doctors, and similar necessities and conveniences.

The Herald hopes that a large number of the local people will inspect the hospital tomorrow and resolve to do something toward helping to improve the present situation. If you can't go yourself, send something by someone else.

### Selecting A Senator

The untimely death of Senator Park Trammell places in the hands of Gov. Sholtz the power to appoint a temporary successor to this high office who would serve the state as senator until the next general election. At that time a permanent successor will be elected to serve for the balance of the term which in this case happens to be about four years.

The general election differs significantly from the primary in that the candidate receiving the largest number of votes wins the election regardless of how many candidates happen to be in the race. In the primary elections, when there are more than two candidates for a particular office, the two high men have to run it off in a second primary.

The Republicans doubtless will bring forward a candidate for Senator Trammell's seat. Ordinarily, there would be no question of such a candidate being defeated by the Democratic nominee. But in this case there is considerable doubt as to whom the Democratic nominee will be, or how many. It is too late for the party to make the customary nomination in the primary to be held in June.

Under the circumstances the State Democratic Executive Committee may make a nomination. It has also been suggested that the Democratic voters in the state be given an opportunity to express a preference in a special primary. However, this would in no way be binding, and anyone in Florida who wanted to make the race, and who could get a petition signed by the required number of voters, could become a candidate.

As matters now stand, there are probably not less than a dozen outstanding Democrats who have their eyes on this senatorial vacancy. There are Gov. Sholtz, former Gov. Carlton, former Gov. Martin, former senatorial candidate Claude Pepper, State Road Department Chairman C. B. Treadway, and former Judge Andrews of Orlando, not to mention a host of others who might be characterized as lesser lights.

In the event there should be one Republican candidate and several Democratic candidates for senator in the November election, the Republican candidate would be almost certain to be elected. The Republican voters in the state would concentrate their strength on the Republican candidate, and the Democratic strength, which admittedly is superior, would be divided among the Democratic candidates, and the high man would be elected.

Under the circumstances the only apparent way this situation can be avoided is to hold a special primary this summer, give all Democratic aspirants the opportunity to test their strength, and get from them a pledge to abide by the results. Then in November there would be only one Democratic candidate running against one Republican. Any other procedure is likely to see this state represented in the Senate by a Republican for the first time since reconstruction days.

### Men See Triple With Tax On Pet Birds In Only One Little Nip

SAN FRANCISCO, May 11.—(AP)—There is a tavern here in which you may see three identical barstools, without having had a single drink.

The Shields triplets—Virgil, Charles and Theodore—are 23 years old and look very much alike except that Charles is taking on weight.

Seen here, they were a pitiful when exhibited at the 1918 world's fair. Two became bank clerks and one worked for a financial services outfit the depression cost them all their jobs. After several years alone, they joined forces to open a tavern which they have run since a half year.

The triplets, who all play violin and are accomplished musicians, will be exhibited at the 1936 world's fair in Philadelphia.

WASHINGTON, May 11.—(AP)—Hons of Chinese men are grating along ever in automobile accidents to raise money for the purchase of man-made flying contraptions by a tax on pet birds.

In almost any other plain in the world you could see a large number of little crows and a few blue jays. But in eastern China a few of these birds practically amount to gold, for they are sold for as much as \$100 each.

Until recently, the birds were sold for as little as \$10 each, but the price has risen to \$100 each in some places.

The Chinese are now raising the birds in great numbers, and the price is expected to rise still further.

**"SNAKE" JOHNSON OF ARCADIA HAS THE DISTINCTION OF HAVING THE ODDDEST JOB IN FLORIDA**

**HE IS A RATTLESNAKE GUIDE!**

**RATTLESNAKE GUIDE**—the queerest vocation in all Florida! Such is the distinction achieved by Guy Johnson of Arcadia, who has made a specialty of taking out parties of tourists anxious to see how he catches real rattlesnakes in their native haunts. The business has several profitable branches, too, for Mr. Johnson also markets many of the rattlesnakes to Chinese and so on. He sells the fat ones for canning purposes to a local rattlesnake canning plant, and admits that on the whole it is a riding good business even when times are dull.

### Movieland, Inc. Reads Tax Bill And Feels Sad

By PRESTON GROVER

WASHINGTON, May 11.—The new tax bill seems destined to take some of the glow from the smiles of the more successful motion picture stars.

In its present form it applies to them with a peculiar intensity. A number of film luminaries have incorporated themselves, thereby being able to reduce their income taxes.

As corporations they now pay 12 1/2 to 15 percent on earnings. If they had received their incomes as individuals they would have paid as high as 75 percent in the top surtax brackets.

New comes along a bill intended to transform corporation earnings from reserves to dividends for stockholders. It is a devil and deep sea situation for such incorporated individuals—and this class includes, of course, others than motion picture actors.

If they choose under terms of the bill to continue to keep their earnings in the corporation, they may be forced to pay a federal tax growing increasingly higher in proportion to the percentage of income kept by the corporation.

On the other hand, if they pay themselves rather personal dividends they will force their individual earnings up into the higher brackets of the surtax.

In addition, the new tax bill proposes to subject dividends to the flat four percent normal tax from which they now are exempt.

As corporations they have been able to allow themselves such income as they saw fit, while the balance of their pay has remained in their personally owned corporations, escaping the high surtax schedule.

By this means of sudden dividends in one year has escaped the tax drug, not because the actor could allow his earnings to go into the corporation, which would pay the 12 1/2 to 15 percent corporation tax. Then "dividends" could be paid out to the actor-part of them referred to a year when no picture was made.

Presently, then, a picture actor may want to do the best he can by paying himself a dividend in one year when he has no picture made.

But the new tax bill will be a heavy one for Hollywood's tax advisers. Undoubtedly, new schemes will be required.

### ROOSEVELT'S OBJECTIVES TALLAHASSEE DEMOCRAT

The Republican party springs into being because of widespread dissatisfaction with the Whig party's dilatory attitude on the extension of slavery. If the Republican party is to be returned to power now it must take a positive stand on the serious economic questions that face the nation.

A dilatory or backward attitude on these questions will pave the way for its decay as the Whig party decayed. A forward-looking, constructive attitude will revive its vitality and capacity for service.

A demand for such a policy can be read in the statements published today in the special supplement reporting results of the questions Frank E. Gannett sent to Republican state and county committees throughout the country, and to leaders in every walk of life—farmers, bankers, educators, judges, lawyers, physicians, clergymen.

Democratic leadership has answered the two questions Mr. Gannett sees as fundamental—employment in industry and restoration of farm income—by a program of regulation and control of business and of agricultural production, and the substitution of government enterprises for private enterprises.

The replies to Mr. Gannett's questions show that his correspondents repudiate the Administration policy as the business and particularly as to agriculture.

For business, the replies favor an end of interference, continued tariff protection, enlarged foreign markets, and a currency of stable purchasing power, which none see possible in the traditional fixed gold standard and others in a soundly managed currency.

For agriculture, the correspondents reject direct aid and crop restriction in favor of indirect measures calculated to help the farmer regenerate themselves—co-operatives, an export bounty, an embargo on farm products.

On general government policy, the correspondents favor a balanced budget and an end of alphabet bureaus. Federal relief is favored and opposed.

Here is a positive basis for Republican policy, a demand that the issues of the time be met constructively but by means that accord better with American tradition and philosophy than the schemes of the New Deal.

Mr. Gannett's own answers to his questions are simply stated: 1. An honest, stable currency; 2. Government out of business; 3. A reversed tax trend; 4. Encouragement, not discouragement, of production; 5. Protection of the public from exploitation; 6. Increased protection for aged and underprivileged; 7. A chance for youth; 8. Preservation of peace. But all by constitutional means.

Mr. Gannett's views do not need emphasis here. They appeal by the weight of their own common sense.

### Englishman's Job Is To Watch For Fleet From French Coast

WINDHOLE, England, May 11.—(AP)—Chummy Eason, veteran resident of this old Essex village, has been re-elected to the most unusual municipal job in England.

For 23 shillings and six pence a year, or \$10, he serves as official "look-out," watching the English Channel to guard a warning against "invasion of the French fleet."

The job dates back to the fourteenth century when Windhole, then a fishing port, then was raided by French men-of-war.

Windhole, looking to its 500 years ago the sea roving pirates and left the port high and dry.

Windhole is a busy sea port but has only a few hundred people. Undoubtedly, new schemes will be required.

### Candidates Asked CCC Work Improves Parks in The East

(Continued From Page One)  
 Jersey will reopen this spring with improved recreational facilities developed through the winter by the CCC under the national park service.

In nearly 40 parks in the ten states planning and construction have been advanced five to ten years under the federal program.

Improvements include new building, picnic grounds, camping grounds, overnight cabins, bridges and other improved recreational facilities. Several historical and scenic regions also are more accessible as the result of the winter's labor.

Referring to Judge Patteway having contributed his salary while he is in the governor's race to investigating reported illegal registrations in Hillsborough county, Paty said:

"I shall also say I am glad I have been instrumental in bringing about the contribution by Judge Patteway of his salary, while he is in the governor's race for the investigation of reported election irregularities in Hillsborough county. Purification of the ballot is a more deserving attention of every right thinking citizen of Florida and I am glad of this for the service to citizens of Hillsborough county."

Heading the list of persons requested by Mrs. Beatrice Trammell, the widow, to serve as honorary pallbearers was Gov. Hays Sholtz of Florida. Senator Trammell once served as governor of his state, and three other former governors were asked to serve as honorary pallbearers. These were Cary Harbo, John Martin and Doyle Carlton.

Past and present members of the Florida delegation in Congress also were among those named as honorary pallbearers, including former Senator W. H. Milton of Marianna, and Representatives W. J. Sears, Millard Caldwell and J. Hardin Peterson.

In the funeral party with Mrs. Trammell were Judge Walter Trammell of Miami, brother of the senator; Mrs. Walter Jenkins of Marietta, S. C., a sister; Senator Richard B. ### POLL TAX NOTICE

Saturday of this week, May 16th, is the last day to pay poll tax in order to vote at coming primary.

Those who are not exempt must have poll tax receipts for 1934 (color of receipt white) and

1935 (color of receipt gray). Many persons seem to think they have paid because they voted in the last county election. This is another year and poll tax is again due.

All voters who cannot find their poll tax receipts for 1934 and 1935 are invited to call or telephone the office, phone no. 4, and ask for the record.

If no provision is made for payment of the poll tax you may be fined for non-payment of the tax. It is a misdemeanor to fail to pay the poll tax. It is a crime to fail to pay the poll tax.

## Cecilian Music Club Has Studio Program

Mrs. Charles Henderson of Holy Hills was the assistant talent on the Cecilian Music Club program given Saturday afternoon at the studio of Mrs. Fannie S. Munson, Myrtle Avenue. Mrs. Henderson brought her piano-accordion and gave an illustrated talk explaining the differences between the piano-accordion, the harmonica and the concertina.

Following her talk, Mrs. Henderson, in Mexican-Gypsy costume, played a group of Mexican melodies and a Gypsy love song. For encore she rendered "O Solo Mio."

Mrs. Munson introduced Mrs. Henderson as a former active Cecilian Club member, who, with Cecilian members in other states and other towns as well as in Sanford, are still outstanding in practical music life in their respective communities.

It was announced that the annual piano recital honoring 1936 graduates of Seminole High School will be presented Monday evening, June 1, in the school auditorium. A candle light program will be given during July.  
The program was presented as follows:  
Barn Dance, Engelmann—Edith Lovejoy.  
Minuet from Don Juan, Mozart—1st piano, Herbert—Marceland; 2nd piano, Margaret Myers.  
Spring Song, Sinding—Elizabeth Whittington.

## Bartholomew Seen In Movie At The Ritz

An old friend in a new guise was warmly welcomed at the Ritz Theater yesterday when little Freddie Bartholomew acquainted us with a completely de-sensitized "Little Lord Fauntleroy," bereft of the traditional long golden curls, plush suit, lace collar, and baby blue ribbon sash, but none the less lovable for that.

It marks a triumphant return to the screen after four years for the lovely Dolores Costello Barrymore, who is co-stared with Freddie in the role of the little Lord's adored mother, "Dearest." Adapted to the screen by Hugh Walpole, the famous novelist, this handsomely produced film marks an auspicious start for the newly organized Selznick International Pictures company. The picture is released through United Artists.

It tells, in heart-warming terms, the familiar story of the American lad, who became a Lord and went to England to live in a castle with his grandfather, the gruff, goutridden, old Earl of Dorncourt, (C. Aubrey Smith), and was separated from the dear widowed mother whom the stubborn Earl refused to receive inside the castle gates because his son had married her against his wishes.

How the child wins his way into the old man's heart and transforms him into a loving and delightful grandfather is charmingly depicted amid smiles and heart-tugs and tears.

Eventually, the old Earl softens even toward "Dearest," but is too proud to seek her out until his new found happiness is endangered by the appearance of

West Tenth Street.

Mrs. Russell Snow returned yesterday to Cocoa after spending several days here with Mrs. Wallace W. Wright, Mellonville Avenue.

Mr. and Mrs. James G. Sharon, Jr. of Columbia, S. C. arrived this morning to visit the former's parents, Judge and Mrs. James G. Sharon, 918 Magnolia Avenue, for a few days.

Mr. A. L. Betts and Mrs. S. M. Lloyd were among those from here attending the Mother's Day reception at the Pi Kappa Alpha fraternity house in Gainesville Friday afternoon.

Miss Mary Jane Preston has returned to Lake City after spending the week-end here with her parents, Mr. and Mrs. J. E. Preston, Magnolia Avenue. She had as her guests, Miss Kathleen Parker and Miss Ruth Greene.

George M. Douglass returned yesterday from Jacksonville where he underwent an operation at St. Vincent's Hospital recently. He was accompanied home by his son and daughter-in-law, Mr. and Mrs. Henry Douglass, who spent Sunday in Jacksonville.

number claimant to the title of "Little Lord Fauntleroy" or the person of an unpleasant little chap named Bevis, (Jackie Searl).

The story has a joyous ending, however, with all the difficulties ironed out and everybody gloriously happy.

Freddie Bartholomew is even better than as "Copperfield" and Dolores Costello Barrymore is as effective as she is beautiful as "Dearest". C. Aubrey Smith is perfectly cast as the old Earl, which also includes Henry Stephenson as Havisham, Guy Kibbee, as Mr. Hobbs, the grocer, Mickey Rooney, as Dick, the bootblack, E. E. Clive Una O'Connor, Ivan Simpson and Constance Collier, is uniformly brilliant. John Cromwell has turned in a perfect piece of direction and the settings, designed by Sturges Carne, are handsome and authentic. "Little Lord Fauntleroy" is perfect entertainment for every member of every family in town. You'll love every minute of it!

## Special Program Is Given At High School

A special Mother's Day program was given Thursday morning during the chapel period at Seminole High School with the entire student body in attendance. G. W. Spencer, speaker for the morning, gave an address on Mother's Day. Orchestra selections were rendered by the school orchestra under the direction of T. M. Dolson and Miss Clifford Shinholser had charge of the group singing. A vocal solo, "Mother's Sacrifice" was sung by Mrs. Gladys M. Williams.

A Mothers' Day play was presented with Anna Cornell, Louis Bills, Bob Raulerson, and Roy Wright as the characters and Mrs. R. C. Maxwell as director.

Mrs. F. E. Roumillat, president of the Seminole High School P. T. A., presented the year's P. T. A. attendance award to the Senior Class. It was accepted by Jack Morrison, vice-president of the class, who responded with a few words of thanks. Mrs. Roumillat also announced that of the 11 goals set by the National P. T. A. Congress this year, Seminole High P. T. A. had accomplished 10.

## Mrs. Holly Gives Bridge Luncheon

Honoring the members of the Afternoon Contract Club, Mrs. R. J. Holly entertained with a luncheon and bridge party Friday afternoon at her home in Mayfair. Quantities of garden flowers in pastel shades adorned the living rooms of the Holly home.  
Luncheon was served on blue china from the dining room table which was centered with a bowl of yellow swansons. Bridge was then played until late in the after-

Flexible tread wrinkles when brakes are applied GRIPS and STOPS

● A new invention... the General Dual-10 Tire... has cut normal automobile stopping distances IN HALF. This new kind of tire has a tread so soft and flexible it wrinkles when brakes are applied. These Wrinkles of Safety give your car dry weather stopping ability in the pouring rain! On dry pavement, too, Dual-10's stop in much shorter distance than other tires.

**TAKE A RIDE**  
Don't buy any tire until you have ridden on Dual-10's. No obligation for demonstration. Drive the car yourself. See what Dual-10's will do. Come in.

**NEW WRINKLE**  
The General Dual-10 tread is flexible — it wrinkles into a squeegee action when brakes are applied — sweeps the pavement clear of water and loose dirt — provides firm traction footing — GRIPS and HOLDS — without tall spin of skid. The World's Quickest, Safest Stop.

Formula Offered To Produce Deep Sleep

CHATTANOOGA, Tenn., May 11.—(AP)—Dr. E. Dunbar Nowell says "three hours' sleep with all five senses is better than seven hours' sleep with only three senses."

Elmag, he says, is in five instances—producing, in order named, obliviousness to sight, smell, taste, sound and touch.

To one who would sleep well, he advises:

"Take some very light nourishment and rest, without reading or writing and, perhaps, smoking a cigar before retiring; have a bedroom that is withdrawn from noises; after retiring banish worries and think of nothing."

Black-Draught

NEXT TIME YOU NEED A LAXATIVE

For constipation, take a dose of Black-Draught as soon as you realize the condition you are in.

"If I am bilious, have headache or a cold, I take a dose of Black-Draught at night," writes Mrs. R. D. Thaxton, of Lexington, Ga. "If I have a bad feeling after meals, I take just a pinch of Black-Draught. It relieves me. I recommend it very highly—a good family medicine. I give my children Syrup of Black-Draught. I find both good."

Black-Draught paves the way for the relief of many such symptoms as those mentioned above, when constipation is at the bottom of the trouble.

Just try it! Follow the directions carefully and you'll probably learn why Black-Draught is so popular.—Adv.

## HINDENBURG TOWERS OVER PREDECESSORS

Here's how the giant zeppelin, Hindenburg, compares with its predecessors, the Graf Zeppelin and the Los Angeles. The Hindenburg (top) has a speed of 84 miles an hour as compared with 80 for the Graf Zeppelin (center) and 75 for the Los Angeles (bottom). ## ITALIANS CHEER AS ETHIOPIA IS ADDED TO ROMAN EMPIRE

This radiophoto shows a section of the great crowd joyfully cheering King Victor at the Quirinal palace in Rome in celebration of the Italian victory over Ethiopia. In line with Premier Mussolini's proclamation that Ethiopia is now a part of Italy, the crowd called Victor "Emperor" rather than king. The map at the right gives an interesting comparison of the ancient Roman Empire at its peak and the Italian possessions of today. All of Italy's colonies in Africa have been purchased or seized since 1900. (Associated Press Photos)

Free Barbecue Plan Rejected By Committee

Plenty Of Uses For Candidates' Money During Four Years, States Secretary

Free Feed Would Cost Over \$1500

Only \$50 To Be Sent To National Committee Of The Party

Request from political candidates that a free barbecue be given by the Seminole County Democratic Committee in Sanford next week to any and every person desiring to attend was turned down today by the Committee.

Candidates asking for the barbecue said that the Committee has a lot of money as a result of the one per cent assessment made on each of the more than 50 candidates, but Secretary Sherman M. Lloyd of the Committee says that it has barely enough to pay expenses for the next four years. The secretary issued the following statement:

"The committee, after being presented with the program, deemed it did not have sufficient funds to meet with the request of the candidates for the following reasons: First, that since an enormous gathering could be expected at a free barbecue, the funds would not be sufficient to warrant the staging of a barbecue and rally worthy of the committee and the candidates, and the estimated cost, from good authority, would be from \$1,000 to \$1,500.00; second, that the committee has a budget to meet over four year period and the amount the fund will really be needed to carry on the committee work. The members of the committee have been increased from about 15 to 25 members this next four year period and these committee women and committeemen are entitled to compensation for each meeting attended.

"Following is the budget for the next four years—Secretary's salary, \$100 (four years); State and National Committee, \$100 (total); mileage due, \$50; postage and printing, \$50; wires, \$10; old debts, \$150; compensation for committee members, one meeting each year for four years at \$50 or \$200; miscellaneous expenditures, \$50, making a grand total of \$600 for the four year period.

Mr. Lloyd said it has been erroneously reported that the County Committee had sent large funds to the National Committee, but that in the last campaign the remittance sent to the county to the state and National Committees totaled only \$100, or \$50 to each committee. The same amount is to be sent this year, he said.

FORREST STONE

Forrest B. Stone of Maitland, in announcing for the County Commission, said since his section of the county has never had a member of the Board of County Commissioners, that "now is the time to elect one."

Forrest B. Stone Is Candidate For The County Board

Believing that "since there has never been a man from the A-tamonts part of the district on the Board of County Commissioners now is the time to elect one."

Forrest B. Stone of Maitland has announced as a candidate for the Third District. He was one of the last to qualify.

Mr. Stone was born in Maitland, attending the public school there and then went to Rollins College, built a filling station on the Sanford-Orlando highway in 1928 and since then enlarged and modernized it three times until he now has one of the outstanding one-stop service stations, with grocery and market in connection, on the highways of the state. A large proportion of his merchandise is purchased from Sanford wholesalers and in placing on the market fruit from the Stone homestead he uses the facilities of the railroad, the St. Johns River Line and the Farmers Market in Sanford.

Mr. Stone is a past master of the Masonic Lodge and belongs to the Ivesbyterian Church.

Hodges Advocates Boat Trailer Tag Costing One Dollar

Speaking in Orlando yesterday morning Senator Wm. C. Hodges better known as "Homestead Bill," called attention to the grave injustice being perpetrated against the thousands of sportsmen and fishermen in this state who own small rowboats and trailers. He stated that those people who like to fish in the lakes and streams are required to buy a trailer tag costing five dollars even if they use their boats only once or twice each year; and as five dollars is the minimum amount charged for any tag the law would have to be changed before relief could be offered.

If elected governor, Senator Hodges pledged his advocacy of the change in the law so as to allow those boat and trailer to operate for at least one more than one dollar for the full year.

After speaking in Orlando, his program for the day included talks at Winter Park, before the Junior Chamber of Commerce in Orlando at noon; Saint Cloud and Melbourne in the afternoon and a final address over radio station WDBO in Orlando at 8 o'clock last night.

Senator Hodges speaks in Sanford at 8 o'clock Wednesday night, May 13, at the corner of Magnolia Avenue and First Street. Seating arrangements have been completed together with musical entertainment and a large audience is expected. In case of rain the meeting will be transferred to the Court House auditorium.

PARKING MEEYERS O. K.

MIAMI, May 12.—(AP)—The City of Miami today won a test case involving the legality of charging motorists to park on public streets.

Bompous Will Head Florida Optometrists

Houghton Re-Elected Secretary; 100 At Banquet And Dance In Mayfair Hotel

Florida optometrists, meeting in Sanford in their first state convention held in this city, today re-elected Dr. H. C. Bompous of St. Petersburg as president of the State Association, and chose Dr. A. C. Houghton of West Palm Beach as secretary of the organization for another term.

Dr. Walter Kennedy of Sarasota was elected first vice-president, Dr. A. E. Kitchin of Clearwater was chosen second vice-president, and Dr. Glenn Clapp of Miami was elected third vice-president. Elected to the new board of directors are Dr. Frank Hadley of Jacksonville, Dr. G. L. Manderville of Fort Pierce, and Dr. K. H. Oakley of Fort Myers.

No choice has as yet been made of next year's convention city, and that decision will rest with the executive board. It is considered probable that the 1937 convention of the eye specialists will be held either in the extreme western part of the state or in South Florida.

The women's auxiliary of the Optometrists Association elected Mrs. H. C. Bompous of St. Petersburg president, Mrs. J. L. Manderville of Titusville vice-president, and Mrs. A. E. Kitchin of Clearwater secretary-treasurer. The following were appointed district directors: East Coast, Mrs. Claude Beckwith of Miami, West Florida, Mrs. A. H. Holloway of St. Petersburg; North Florida, Mrs. L. L. Manderville of Titusville.

More than 100 persons attended a banquet and dance last evening in the Mayfair Hotel where all sections of the convention are being held. Dr. Henry McLaulin of Sanford welcomed the delegates, and short talks were made by many of the physicians, both men and women, who are attending the sessions.

The convention is to close this afternoon. The first session was held Sunday evening.

70 Elks Attend Banquet Served In The Mayfair

More than 70 members of the Bénévolent and Protective Order of Elks enjoyed a banquet in the Mayfair Hotel last evening and listened to an impromptu speech by "Jimmy" Wright who urged better support of the Sanford Baseball Club and of the Crippled Children's Home. There were other speakers on the program, but according to F. F. Dorner, executive ruler, Mr. Wright's unannounced address brought forth the most ready response.

E. F. Housholder, past exalted ruler, was toastmaster and speeches were made by Caspian Hale of New Smyrna, district deputy grand exalted ruler; Dr. A. B. Alexander of Dunce, Okla., representative of the Elks lodges in DeLand, Cocoa, Orlando and Tampa.

During the banquet a program of music and entertainment was given.

Position On Canal Is Given By Ellars

O. Raymond Ellars, candidate for Congress from the new fifth district, completed a two weeks' speaking tour Saturday night with one speech. He spoke at 7:30 in Sanford and at 8:30 in DeLand.

In both places he frankly stated his position on the cross-stem canal, a subject of interest to the voters in these fruit and vegetable growing communities, by telling them probably what he, a few days previously, had told voters in Putnam, Marion and other counties more favorable to the canal.

Many Subjects Talked At Long Commission Session

Agenda Cleared, Adjournment Taken After 11 O'Clock

The town clock struck 11 before the City Commission adjourned last night, and then after that the Commissioners reassembled as a tax adjustment board and continued to discuss City affairs for a time. All members were present with the exception of Commissioner W. R. Dupree.

The Commissioners discussed with a group of young aviators the future of the Municipal Airport, but decided to refer the matter to four local aviation enthusiasts for advice; they figured samples of cloth, but decided to leave to the mayor, clerk and the police and fire chiefs the assassination of new uniforms for policemen and firemen; and discussed requests for disregarding the zoning map, but referred several items to the Planning Commission.

The City Commission also instructed City Engineer Fred T. Williams to do some preliminary work preparatory to filing for new projects with the WPA after July 1, instructed City Clerk F. S. Lamson to invite a water engineer to attend an early session and discuss the installation of a water softener, and ordered setting aside of 11 lots in Evergreen Cemetery as a Veterans' block.

The one subject requiring the longest discussion was a proposal made by W. H. Schmidt that the City erect a platform and provide seats on the street tomorrow evening when Senator W. C. Hodges, candidate for governor, speaks in Sanford. Not a member of the board agreed with Mr. Schmidt's idea, however, maintaining that if the City provided a speaking platform for one candidate it would have to do so for others. Upon Mr. Schmidt's further request, however, the Commission finally granted him permission to park at the intersection of Magnolia Avenue and First Street a big truck on which an orchestra could be seated, and to place baseball benches on the sidewalks if he would transport the benches from the ball park to the City and back to the park after the speaking.

The airport question also consumed considerable time. Marvin Smith and Archie Byler of St. Cloud and Harold Young of Kissimmee appeared before the Commission with their request to lease the port for five years at \$1 a year. But the Commissioners were hesitant about relinquishing control of the municipal field, and Mayor S. O. Shindler, with the consent of other members of the board, appointed Ralph Wright, R. J. Reel, Volie Williams and George Deeth to a committee to work out some plan with the young aviators whereby the City's interest could be protected.

The dance of the graduating class of Seminole High School will be given in the assembly hall on the second floor of the City Hall on Monday evening, June 8. Permission was granted by the City Commission which hopes to conclude its session that evening before 10:30 o'clock, the hour of the ball.

Geo. W. Scofield of Inverness, candidate for Congress from the Fifth District, is spending today in Sanford and will speak at 8 o'clock this evening, at the intersection of Magnolia Avenue and First Street. Mr. Scofield favors the Townsend Plan and the cross-stem canal.

Simpson Talks To Rotary On Value Of Service Clubs

T. E. Simpson, newly elected president of the Seminole County Chamber of Commerce, was the principal speaker at the regular weekly luncheon of the Rotary Club held today in the Mayfair Hotel. The subject of Mr. Simpson's address was "The Service Clubs and Their Value to a Community."

Declaring that the Rotary Club, the Kiwanis Club and the Lions Club have contributed materially since their organization to a vast improvement in business ethics, not only in this city, but also throughout the whole country, Mr. Simpson declared that their influence has been most widely felt in the fight to eliminate unfair practices from business methods.

Mr. Simpson also stated that the service clubs are always a big help in trying to achieve any worthwhile goal in a community. J. L. Ingley reminded the Rotarians that this is "Hospital Day" and urged them to pay a visit to the local hospital. Pointing out some of the needs of the hospital and asking for the support of the Rotarians, Mr. Ingley's appeal was successful in securing the approval of the club for the purchase of a \$80 fracture table to add to the equipment of the hospital.

Visitors at the luncheon today included: Chas. Abbott of Shawnee, N. Y.; Art Kitchin of Clearwater, N. T.; E. Haines of Alhambra Springs, Dr. D. P. Galvin of Tampa, Dr. K. J. White of Ocala, Geo. E. Foster of Atlanta, Joe Scarlett of DeLand and Bill Dany of Daytona Beach, and Frances Hummel and T. E. Simpson of Sanford.

Doyle Carlton And C. Pepper In Senate Race

Short Statements Of Position Given By First Candidates For Trammell Seat

TALLAHASSEE, May 12.—(AP)—Claude Pepper of Tallahassee and Dolye E. Carlton, former governor last night entered the race for United States senator to serve out the unexpired term of Park Trammell, who died Friday.

In an 81-word statement, Carlton said: "I am a candidate before the people of Florida for the office of United States senator. Limited time compels me to ask friends to take such initiative in my behalf as they feel my candidacy deserves.

"Voluntary efforts, individually and in the formation of organizations to promote my candidacy will be deeply appreciated. If chosen for this office I will give to the people the strongest representation of which I am capable and pledge myself to a faithful and honorable service."

Pepper presented his name in a 28-word statement which said: "I desire the opportunity of presenting myself to the people of Florida as a candidate for the United States Senate to succeed the late Honorable Park Trammell."

The announcement put Pepper and Carlton in the race for the Democratic nomination, whether it is made by the State Democratic Executive Committee or in a special nominating primary. Pepper ran for the Senate in 1934 against Trammell and was defeated 103,028 votes to 98,798.

Prospect Cards Being Worked By Salvation Army

Volunteer workers for the Salvation Army will continue to carry the appeal for funds for the charity organization until every person for whom a "prospect card" was filled out has been called upon. It was stated today at headquarters. The budget was set at \$3,500, but the total at noon today had reached only \$1,387.45.

One subscription for \$25 and six for \$5 each were reported today, but the other gifts are for smaller amounts. The Elberts Crate Company was the \$25 donor and the \$5 subscriptions came from the Standard Growers, M. M. Cleveland, Walter Coleman, George Blah, Kilgore Seed Company and C. L. Beldin.

Other subscriptions are as follows: The Outlet and S. F. Doudney, \$3 each; Vera's Shop \$2; R. Tatum, Roy Williams, W. A. McMillen, T. P. Grady, Mrs. R. Deas, Mrs. W. H. Rutledge, Zelah Welch and P. F. Stafford \$1 each; and 99 in smaller amounts from 10 other persons.

WPA Orchestra To Play In Jax Tonight

The symphony orchestra of the W. P. A. is giving a most elaborate concert in Jacksonville this evening accompanied by a chorus of 175 voices.

The ensemble of over a hundred of Florida's finest musicians have begun their good will tours of the state giving free concerts wherever a community desires to have them, and will put up a small expense fund. Sanford has arranged for a concert on the evening of May 18, under the sponsorship of the Seminole High P. T. A., in the auditorium.

BOB DODSON

Bob Dodson, popular Seminole County sportsman, has announced his candidacy for constable in the Fourth District subject to the Democratic primaries in June. This is Mr. Dodson's first venture in politics.

Italy's Delegate To Geneva League Ordered To Leave

GENEVA, May 12.—(AP)—Europe's crisis deepened tonight as the Italian delegation left Geneva by order of Premier Mussolini and the League of Nation's council decided "there is no cause" to modify measures taken against Italy. These measures are sanctions decreed by the League as a result of what the League declared to be unprovoked aggression against Ethiopia. Shortly before the council's action Baron Pampoe Aloisi and the entire fascist delegation left the city.

Aloisi refused to discuss Ethiopian matters with other League diplomats in the presence of a representative of Haile Selassie. The Italian said there is no sovereignty in Ethiopia save that of Italy, no government; save that of "Emperor" Victor Emmanuel, King of Italy.

In Rome reliable sources said a diplomatic break between Italy and Great Britain could not be avoided if England continued to press for sanctions at Geneva.

Mitchell Palmer, Former Member Of Cabinet, Dies

WASHINGTON, May 12.—(AP)—A. Mitchell Palmer, former attorney general, died at Emergency Hospital Monday after an appendectomy.

Palmer, who was 64, underwent an operation Apr. 29 and had been progressing favorably until yesterday morning when his condition became critical.

A former representative from Pennsylvania, Palmer served as attorney general during the last two years of the Wilson administration.

During the war he was alien property custodian. He was born at Moosehead, Pa., May 4, 1872. He was active as a director in a number of businesses in Stroudsburg, Pa., where he maintained a residence.

State Tentatively Rests Flogging Case

BARTOW, May 12.—(AP)—The state tentatively rested its case today against seven former policemen on trial in the Tampa flogging case. Prosecutor Rex Farrior at first said definitely the case was completed after more than four weeks of testimony, but then changed his mind and used the word "tentatively."

Pat Whitaker, chief defense counsel, declined to make any statement whether he will seek directed verdicts of acquittal or whether defense evidence will be introduced.

Last Big Name Scratched Off By U.S. G-Men

Mrs. Stoll's Kidnaper Taken On Coast Is Returned By Plane To Louisville, Ky.

WASHINGTON, May 12.—(AP)—The government checked the last big name from its list of hunted "public enemies" today as justice agents brought Thomas H. Robinson, Jr., to Louisville, Ky., by plane to stand trial for his life in the kidnaping of Mrs. Alice Speed Stoll. Government men seized Robinson at Glendale, Calif., last night, without firing a shot and hustled him aboard a plane for Louisville.

J. Edgar Hoover, head of the G-Men, said today that Robinson has admitted kidnaping Mrs. Stoll. Hoover said Robinson told federal agents his first plan was to kidnap C. C. Stoll, father-in-law of his victim, but finding the elder Stoll was not at home, he said he went to the younger Stoll's home hoping to find a second male prospective victim.

When he could not find the younger Stoll he quickly decided to abduct the woman, he told agents.

Mrs. Stoll, wife of a wealthy oil man, was slugged with a lead pipe before being taken from her home in a \$50,000 kidnaping in the fall of 1934. Federal law provides the death penalty where the victim of kidnaping suffers bodily harm.

Robinson, who was trapped because a drug store clerk noticed a "woman" customer appeared manful and reported to the police, had \$4,200 of the Stoll ransom money on his person when arrested.

Robinson had been living in Glendale two months under the name of J. M. Simons. He had grown a mustache to hide his identity. He readily admitted his identity.

The federal agents recently had captured other such public enemies as Alvin Karpis, Harry Campbell and William Mahan, wanted in the kidnapings of William Hamm, Jr., Edward G. Bremer and young George Weyerhaeuser.

Robinson, once an inmate of the Tennessee State Insane Asylum, was considered perhaps the most elusive of the kidnap fugitives, being credited with unusual cleverness.

'Bathtub' Murderer Hanged In England

MANCHESTER, England, May 12.—(AP)—Dr. Buck Ruxton was hanged in Strangeways jail today for the "Devil's Bathtub" slayings of his wife and nursemaid.

The 34-year-old physician was convicted of killing the woman by married while attending Edinburgh University, 11 years ago. Ruxton deserted his Parson wife in Bombay, India, when he came to Britain. Mrs. Violet Van Der Eket, militant campaigner against capital punishment, who attempted to stage a demonstration while Ruxton was being hanged, was held up by trucks, was jailed.

Trammell Committee Berth Goes To Walsh

WASHINGTON, May 12.—(AP)—Senator Walsh, Democrat, Massachusetts, will succeed Park Trammell as chairman of the important Senate Naval Committee.
