

School Custodian 'Loves' Job

By Mrs. E. L. Johnson
"The only way I could go back to school to be with the children I love was to be appointed custodian of the school."

These are the words of Miss Arle Mann of Lake Monroe who has been custodian of the Lake Monroe Elementary School since January, 1959.

Known affectionately to young and old alike as "Miss Arle," her daily motto is "Help Somebody Today," and according to School Secretary Mrs. Helen Stapler, she does just that!

If the children become ill at school, it is Miss Arle who helps them; if repair is needed in the school requiring a hammer, or any other tool for that matter, it's Miss Arle who "fixes it" and if the lawn needs mowing or the shrubbery needs attention, it's Miss Arle who "does it."

In addition she sweeps and cleans the floors of every room every school day, and also is responsible for raising and lowering the flag every day.

Flowers from the school grounds, planted and cultivated by Miss Arle, are placed daily on the secretary's desk in the office. One specimen seen recently on display here was a rare lavender rose which has been a special pet and is shown with much pride.

A native of Cochran, Ga., Miss Arle came to Lake Monroe in October, 1909. Today she is living in the home that has been hers since 1913, now the oldest house still standing in Monroe. She does all the carpenter repair work on the home and just this summer installed awnings over all the windows. Two of her brothers, Clark and Jack Mann, also reside there.

Miss Arle finished the eighth grade at Monroe School which at that time was two years old and had only three rooms.

During the 1923-24 school term she was appointed by State School Superintendent W. S. Cawthon to teach the sixth grade under a temporary certificate. Principal then was J. Tilden Jacobs.

After retiring as a teacher she became custodian for two and one-half years during the early 1950's. She later turned to farming which she did until 1956 when she became a practical nurse for a time.

She is a member of the Monroe First Baptist Church and has taught Sunday School there since she was 15 years old.

Miss Arle has served under five principals at Monroe School since she has been there and she has only praise for each man. The five are Roy Nichols, now teaching in Orange County; J. W. Wells, now retired; John Angel, now principal of South Seminole Junior High; Morris Ruby, principal of the new English Estates School and the present principal, James Murray.

She says "I get so much enjoyment from being able to work with the faculty members and the children that I hope to continue on working here as long as everything is satisfactory concerning my work."

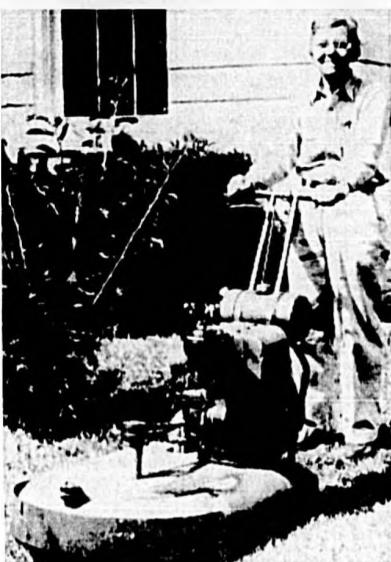

And, in this reporter's opinion, that will be a long time for this lady, who is all of 60 years young (that May) will never be satisfied anywhere else but among the young people she so dearly loves and wants to help in some way.

Plans for the celebration were made at a meeting of the group held last Friday at the Center. Mrs. Cluancy King will serve as chairman for the Auxiliary and Irving Jacobs as chairman for the Barracks. Entertainment will be under direction of Marie Dungan as chairman.

The Seventh District meeting to be held in Winter Garden on Nov. 9 was announced and all reservations should be in no later than Nov. 4 with Commander Williams Bries.

A social hour followed the meeting during which refreshments were served by the auxiliary members.

Anthony Campaello of Orange City was admitted to membership.

MISS ARLE MANN, custodian of the Lake Monroe Elementary School, never lets this man-sized power mower stop her if the school lawns need cutting. Miss Mann, who has been custodian at the school since 1959, also taught the sixth grade there at one time. (Herald Photo)

Trout Lake Proposed As Swimming Facility

A proposal for the development of Trout Lake as a combined swimming facility for Lyman High School and the Town of Casselberry was presented for consideration of the Casselberry Board of Aldermen at Monday night's meeting.

Jim Birkenmeyer, Casselberry resident and member of the Lyman Boosters Association, advised that with cooperative effort the lake could be made an ideal location for the town's annual water safety and swimming classes and for the school's swimming program and competition.

Noting the fact that Casselberry is the only town other than Sanford in the area that conducts swimming classes on a large scale, Birkenmeyer advised that it is becoming increasingly difficult each year for the town to find an available lake which also is clear enough to suit the purpose.

He pointed out that Trout Lake with its crystal clear water, if the banks are brought down and a dock installed, would offer a permanent solution to this problem as well as giving the school its needed training facility.

Boosters have offered to provide the labor for any work done and it was suggested that Casselberry provide the equipment.

The proposal will be taken under advisement by the Casselberry Recreation Commission and attorneys for the school board.

For demonstration purposes, McCawley used his wife as a subject placing her in the fifth state which is used for all types of surgery.

The covered dish supper, which honors members of the Oviedo school faculty, their husbands and wives and husbands of the Women's Club members, was held in the school cafeteria.

The Library Committee of the Longwood Elementary PTO met last Friday afternoon at the school for an instructive session conducted by Mrs. Carole Harrow, librarian.

Mrs. Harrow outlined and explained library procedures from the time the books are acquired and cataloged until they are loaned to the students. She also gave instructions on book lending.

Members of the library committee are Mrs. Margaret Burke, chairman and Mrs. Mona Grinstead, Mrs. LaVern Ward, Mrs. Myra Stodden, Mrs. Virginia DeVillages, Mrs. Dorothy Johns, Mrs. Virginia Buehler, Mrs. Dolores French, Mrs. Betty Rhodes, Mrs. Mary Alice Maxwell, Mrs. June Strang, Mrs. Elaine Singleton, Mrs. Betsy Nall, Mrs. Lenna Young, Mrs. Doris O'Neal, Mrs. Frances Williams, Mrs. Eloise Sweet, Mrs. Johnnie Yeoman, Mrs. Gloria Ferrin and Mrs. Vicky McGough.

Two North Orlando students from South Seminole Junior High, Misses Kathy and Martha Dean, have also assisted with the library work.

No charges will be made for attendance at the school

Slavia 4-H Boy Is State Winner In Forestry

By Jonathan S. Lukas

Jonathan S. Lukas, son of Mr. and Mrs. Paul Lukas of Slavia, was announced today as a state winner under the 4-H Recognition Program.

Making the announcement was W. W. Brown, state boys 4-H club agent with the Agricultural Extension Service.

Lukas was handed both top awards in forestry, a fountain pen and pencil set from American Forest Products Industries, Inc., and a trip to the National 4-H Club Congress in Chicago by the St. Regis Paper Co. of Pensacola. In addition to the state awards, his record will be judged against all other state winners for one of six \$400 scholarships to be given by American Forest Products.

A sophomore at Oviedo High School, Jonathan has been in 4-H work for five years and is a member of the Slavia Senior Club. Although he has concentrated on forestry and wildlife projects each year, he has undertaken several projects in soil and water conservation, gardening, tractor use and care, and public speaking.

Jonathan has served as an officer of his local club three times, including one year as president and has served as chaplain of the county council. He has won numerous county awards in public speaking and tractor, and placed sixth or better in the state vegetable judging contest for the past five years.

William Hein is local leader of the Slavia Club.

AARP Chapter Tours New DeBarry Manor

By Mrs. Adam Muller
The preview of DeBarry Manor, new nursing and retirement home on Highway 17-92, by DeBarry Chapter 64, American Association of Retired Persons, brought out 160 senior citizens from DeBarry and the surrounding communities.

A guided tour of the manor was conducted by John Jenkins, administrator, who described the facilities being provided and gave a brief resume of the plan of operation. Basic units, when completed, will accommodate 74 persons and plans include future expansion.

The Manor will provide services in four levels with flexible costs—retirement living in one or two room apartments for those in normal health; a nursing home for ambulatory patients and those moderately ill and care of those requiring convalescent care.

Hospital facilities will be provided in a "non-hospital" setting with informal living conditions at moderate costs.

A formal opening has been scheduled during the month of November with an Open House inspection by the public at that time.

The Chapter elected Mrs. Fred T. Hamilton, S. L.

Kroenberger and Elmer J. Crumbacher to three year terms on the nine member board of directors during a brief business session held prior to the tour.

Officers elected at a special board meeting following

the tour were Mrs. Charles Ulrich, president; Earl D. Merrill, vice president; Mrs. Theodore Edlemann, treasurer and Mrs. V. T. Hamilton, secretary.

German-Americans of the Sanford area... and we understand there are quite a few... have been invited to an "Oktoberfest" complete with traditional German delicacies and music, at 8 p. m. Nov. 2 at the American Legion hall in Winter Park.

Jim Reiter, incumbent longshoreman, today turned in his qualifying petition for the Dec. 3 municipal election.

A note from Edna Nichols, Longwood, to R. E. Porter: "Regarding the picture of the Horton child atop an eight-foot clothes pole in the Oct. 13 edition... would be interested in knowing height of person who hangs clothes on this line?" "The R. E. Porter's wife... and the pole is eight feet only sunk in two feet of concrete." Answer your question, Mrs. Nichols?

Employees of First Federal Savings and Loan Association, business office of the Southern Bell Telephone and Telegraph, and of Court Clerk Art Beckwith's office have won the "gold award" from the United Fund of Seminole County for 100 per cent participation in the present campaign.

Oviedo and Slavia residents were particularly interested in the Oct. 13 performance of "Bonanza" since Slavia's Michael Mikler was guest star performing the role of "Matthew," the outlaw. Mike attended Oviedo school.

Got a sweet tooth? The Candy Strippers at Seminole Memorial Hospital are selling a variety of candy with the proceeds to benefit the pediatric ward.

Many a Sanford football fan—and their number is legion—will make the trek to Daytona Beach tonight to lend their support to the Seminole as they tussle with the Sandaleros of Seaside High. The boosters club will have a sheriffess-led mob parade that promises to get the fans there safely and on time. The cars are to be at the high school parking lot in ample time to move at 6:30 p. m. Chairman Dave Marquis and President D. F. Barks will be convoy commanders.

Capt. James O. Mayo, 30, of the Sanford's fleet air program, will be interviewed at 8:15 p. m. Monday on the Channel 9 feature "Sport." R. E. Porter hears the taped interview as a sterling presentation of the \$15 million expansion planned for Sanford Naval Air Station.

Rev. Herman J. Glenske, missionary of the Lutheran Church in Cuba for nine years, will present an informal lecture on his work there at 7:30 p. m. Sunday at Lutheran church of the Redeemer, West 25th Place. Now assigned to Key West, Rev. and Mrs. Glenske are making a tour of central Florida Lutheran churches.

Civil service examination will be held in a position as police patrolman at 2:30 p. m. Nov. 2 at City Hall. Applicants must be between 21 and 30 years and be a minimum of five feet nine and 134 pounds. Applications will be accepted until Oct. 20.

Our readers should not be deceived by anything they read in this column, especially R. E. Porter's remarks. Understand police are disturbed about a report that R. E. Porter was "nursed with a turkey in public" for their turkey shoot. Officers believe us, it was supposed to be a "funny way of saying thanks for the turkey that appears in the deep freeze come Thanksgiving.

The Amendments; No. 1 Off-Year Election

No. 1
Constitutional Amendment to Article IV, Sections 2 and 20.

A proposed amendment to Article IV, Sections 2 and 20 of the Constitution of the State of Florida providing for the election of the Governor, Secretary of State, Attorney General, Comptroller, Treasurer, Superintendent of Public Instruction and Commissioner of Agriculture at the 1964 general election for a term of two years, and thereafter commencing with the general election of 1966 for a term of four years and providing that the Governor elected at the 1964 general election shall be eligible for re-election to the office the next succeeding term.

Before the voters on Nov. 3, Sen. Mack Cleveland Jr. explained this morning, is the amendment for the election of the Governor and Cabinet in the general election of 1964 for two-year terms and in the general election of 1966 and every four years thereafter for four-year terms. All future Governors except the one elected to the two-year term set up by this amendment for 1964 remain ineligible to succeed themselves.

Senator Cleveland, who will be one of the speakers explaining proposed constitutional amendments at an "election luncheon" next Thursday by civic and service club members at the Civic Center, explained this No. 1 amendment further.

Changing the cycle for election of the Florida Governor and Cabinet officers from the present one geared to presidential election years to non-presidential even-numbered years, when Congressional elections alone are held, is all that is involved in the proposed amendment considered here. There is nothing technical, complex, or abstract about this question.

Those who advocate change in Florida to get away from tying state elections to presidential elections, Cleveland said, will advance several arguments.

The first of these is a more generally accepted one which change in state elections, Cleveland said, will insure that the issue in the year

A VFL impact of the stars gets in movie shooting was brought home to 23 district units in County Judge Vernon Mize's court Thursday when they were shown a spot movie of automobile accidents.

Judge Mize explained the movie, titled "Signal," was being shown in cooperation with the Florida Highway Patrol's "Supersize Car" drive. The FHP "Wolf Pack" operated in Seminole County Oct. 4 and 5 and cited 81 motorists for traffic violations. Six extrajudicial bonds Thursday.

The movie, prepared by FHP, pictured actual automobile accidents, trespassing and violations, arriving and removing victims etc.

Judge Mize said 100 persons (those who have been killed this year in Florida in motor vehicle accidents) are in the 18 in Seminole County and 10,000 injured this year, "away ahead in 1962."

Earl of Home Macmillan's Successor Announced

LONDON (UPI)—Prime Minister Harold Macmillan assigned today and Queen Elizabeth promptly asked Foreign Secretary Lord Home to replace him and form a new government.

The series of moves came swiftly after eight days of agonizing appraisal and consultation that appeared to wreck the ruling Conservative party.

In choosing Home as the next prime minister, the queen obviously followed Macmillan's advice, from the school last where he is recovering from a prostate gland operation.

The decision eliminated the present Deputy Prime Minister, R. A. Butler, who had been a leading candidate for the job many times, but whose health, Home said, was not good enough to accept the post.

Macmillan's last public appearance since a heart operation in 1961 was a brief one in the House of Commons last week when he was elected to the House of Lords.

Home, 61, was born in 1905 and served in the Royal Air Force during World War II. He was knighted in 1955 and served as Secretary of State for the Colonies from 1957 to 1961.

Home's appointment as prime minister was announced by the queen in a broadcast message at 11:30 p. m. Thursday.

the state government will be improved in quality as voters make more rational state electoral decisions, should this amendment be approved. The fact that lends support to this argument is the very marked difference in types of issues in presidential elections and gubernatorial elections.

Concluding, Cleveland said: "A lesser point to be considered is the fact that cost of elections is not increased by the proposed change of the state-wide election cycle. Congressional elections must be held in all even-numbered years, and the change in scheduling state-wide elections can be effected, with no additional cost. This would not be true, of course, if the cycle had been changed to odd-numbered years."

14 Young Jet Pilots Chosen As Astronauts

HOUSTON, Tex. (UPI)—Fourteen young but experienced jet pilots will make their debut today as America's newest astronaut-cum-carrying a tentative ticket for a trip to the moon.

The rookie spacemen all male and including the first female, were chosen one week ago today to make up the nation's third, youngest and reportedly most highly educated team of astronauts.

They will compete with 16 veterans—the original seven Mercury astronauts and nine others added 13 months ago to the more advanced Project Gemini—for berths aboard U. S. spacecraft headed for lunar landings in the next five to seven years.

The National Aeronautics and Space Administration (NASA), which is carrying the \$40 billion U. S. program to conquer the moon, planned to introduce the new space pilots today in the University of Houston's Galileo Auditorium.

The 14 are selected only from among 2,500 military pilots who have logged 1,000 hours of flight time in the past 12 months.

Senate Sleuths Look At Korih Stock Suit

WASHINGTON (UPI)—Senate investigators have been looking into the role of the newly reelected Navy Secretary Fred Korih in a now settled stock manipulation suit in which Korih was a defendant, officials reported today.

Investigation began in 1961 when the House Committee on the Judiciary reported that Korih had sold 100,000 shares of Texas Instruments stock in 1959.

Korih's resignation was announced Thursday. He reportedly was appointed to the post in 1961.

Seminole Teachers Hear Candidate Karl

By Reuben Killebra
The 1963 session of the Florida Legislature was the best on record since the 1917 one from an educational standpoint, gubernatorial candidate Fred Karl told a near capacity crowd of Seminole school teachers Thursday night in the auditorium of the Longwood Educational School.

Karl said that he at first opposed the bond plan to build schools and favored a pay-as-you-go plan, but he said that it became evident to him that the state could not wait long before the need for school buildings would be acute.

Hobby Told Of Lottery Raids In Advance

TAMPA (UPI)—The FBI, taking its cue from Washington testimony that Central Florida gambling is under the thumb of a Mafia boss, Thursday arrested Harlan A. Blackburn and six associates, Blackburn, 41, of the Lake Howell area in Seminole County, was described to a Senate crime committee bearing last Tuesday as head of a central Florida lottery racket reaped "fantastic" profits.

Shrill J. L. Hobby said today he had been apprised Thursday that FBI agents would be in Seminole County to make arrests under secret grand jury indictments.

Let whose operation had been taken over by Santa Trafficante of Tampa, called the Mafia boss in Florida.

Florida authorities told the Senate committee, which got into the allegations against Trafficante and Blackburn in the wake of informer Joseph Valachi's testimony, that the central Florida gambling racket reaped "fantastic" profits.
