London, with its Silver Jubilee in honor of King George and his queen, is not the only place where royalty goes in a parade. The annual Cotton Carnival in Memphis, Tenn., had its own "royal" line of march. And here are King Cotton (W. ## Chiefs Of New Deal Planning Their Vacations

### Roosevelt Hopes To Attend San Diego Exposition In Fall

WASHINGTON, May 21.—A few officers have been sent along with the Navy to the exposition in San Diego, Calif., to help plan the fall vacation for New Deal officials.

Some are taking a week off at the coming time, another the four days which include the alphabetical federal agencies.

Here are some issues from celebrities notable hope to engage in all depending on the end of Congress and other developments:

President Roosevelt—Still aiming for the San Diego Exposition, Mrs. Roosevelt—San Diego too, and maybe to her summer home at Campobello Island.

Vice President Garner and Mrs. Garner quoting the latter—"Uvalde, Texas, as usual. Could go anywhere else? Not unless we had to."

Mrs. Cordell Hull, wife of the secretary of state—"I feel we must get away. We were here nearly all last summer. I'd like to see that San Diego Exposition."

Chief Justice Hughes—A motor trip.

Justices Van Devanter and McReynolds—Trips in Europe.

Justice Brandeis—Chatham, Mass.

Justice Sutherland—Probably back to his birthplace, Buckinghamshire, England.

Justice Butler—Blue Ridge Summerville, Pa.

Justice Stone—His summer referendum gave prohibition a vic-

trage. No longer remained in the Georgia legislature yesterday as certified results of last Wednesday's

reverendum gave prohibition a vic-

EX-BUTLER SUES FOR SLANDER

John W. Johnson, ex-butler to Mrs. Charles M. Schwab, has filed a libel suit against the New York World-Telegram and Sun, charging that the newspaper published a story which he said was untrue about him.

Johnson, 50, was a butler for the steel magnate for 15 years. The major portion of the story concerned his conduct during the Great Depression.

Other details of the story were verified by Johnson, who made no claim to wealth or title.

Note: With the State Legislature in session, the following newspaper daily of the press present a column each day interesting news items and other events in the capital written by a representative of this newspaper.

LAHASSEE, May 22.—  
news of the day up here,  
is, as the passage of the  
bill which creates five con-  
stituents in the state of  
Florida has at last set-  
tled the debates at the  
legislature, although  
no move of her repre-  
sentatives, but rather through  
unfortunate postmaster ap-  
pointments in one of the other  
districts in the House and  
Senate, have some very  
important bills in 1933 and 1934  
that were passed by the  
Senate, but did not get a vote.

An effort was made in the  
House to bring the sales bill out  
of committee, and before the  
House for action, but Chairman  
Sandler of the House Finance and  
Taxation Committee which has the  
measure objected and saw his  
point.

Immediately thereafter another  
sales tax bill was introduced and  
referred to the same committee  
after an effort to put it on the  
business calendar was defeated.

The Senate skiped a bill to  
tax chain stores with the revenue  
going to schools, and the House  
struck a measure to keep exci-  
tional and gross receipts taxes  
on retail stores with chains paying  
the heaviest, and the revenue  
estimated at \$4,000,000 yearly go-  
ing to schools.

The House then called up the  
documentary stamp tax bill, the  
first in the day's consideration of  
a financing program.

An effort by Chairman of House  
Finance and Taxation Committee  
to exclude from the stamp tax  
bond transactions in Europe, particularly  
in Germany, was defeated.  
In some other states was intro-  
duced as Chairman Sandler of  
the finance and taxation committee  
said it would take away  
about half of the \$1,000,000 ex-  
pected for the state and its  
schools.

Christie said his amendment is  
intended specifically to provide  
that a tax of ten cents on each  
\$100 of stock transactions in  
each state where there is no  
no prior value would apply  
to stock transactions made  
through brokerage houses or  
exchanges in other states.

Other major amendments  
to the bill were defeated  
including one by Harry Shultz  
which would have exempted  
stocks and bonds of insurance  
company associations.

An amendment adopted by  
the Senate on page three.

TALLAHASSEE, May 22.—(AP)—A bill to levy a three per cent general sales tax to provide \$10,000,000 yearly to the public schools came up in the Florida Senate today but the luncheon recess prevented any action.

At the time a motion to delay action on the measure until to-morrow was before the Senate, but did not get a vote.

An effort was made in the House to bring the sales bill out of committee and before the House for action, but Chairman Sandler of the House Finance and Taxation Committee which has the measure objected and saw his point.

Immediately thereafter another sales tax bill was introduced and referred to the same committee after an effort to put it on the business calendar was defeated.

He also said that the obligation  
under the five power Economic  
League intended to guarantee  
boundaries in Western Europe  
should enter an alliance to  
confound that post.

She will stand by all internal  
agreements she voluntarily  
accepts.

She will not engage in any  
act for the subjugation of free  
people, since Germany has  
nothing to gain from any Euro-  
pean war.

She will not put forward any  
plan for peace because it is all  
most impossible to advance our  
own interests if their rejection  
may be regarded as certain.

It was suggested there was a  
possibility the Senator may have  
been employed on some local project,  
probably in connection with a  
census survey. "If that were true,"  
said the spokesman, "Senator  
Futch could not have been paid  
more than \$125 or \$150 monthly,  
and the survey did not last more  
than 60 days."

It was said, however, that Senator  
Futch had called at relief  
headquarters here sometime ago  
and made application for a position,  
and that several members of  
the Florida legislature have at one  
time or another been employed for  
various periods by the FERA on  
relief projects."

## FERA Officials Deny That Futch Was On Payroll

JACKSONVILLE, May 22.—(AP)—FERA officials said yesterday in the House that Senator Truman G. Futch had been paid a salary of \$400 monthly by the relief administration ever since he became head of an automobile association.

A spokesman said there was no record indicating that Senator Futch had been employed on any administrative or statewide FERA project.

## Bonnie Hill Faces Life In Penitentiary

NEW ORLEANS, May 22.—(AP)—Bonnie Hill, 23-year-old night-club habilleuse today faced a penitentiary term for plunging a knife into the heart of her "play boy," John Irving Pierce, also 23, in a crowded French quarter night club on the morning of March 22.

Her trial started yesterday morning, and, moving swiftly, ended when a jury brought in verdict of manslaughter early to-day. Sentence was deferred.

## Cities Given Oppor- tunity To Readjust Their Debt Burdens

TALLAHASSEE, May 22.—(AP)—The municipal debt refunding bill, introduced by the Legislature, was signed by Governor Shultz yesterday.

Gov. Shultz signed the bill, following the passage by the Legislature of the bill, which was expected to another leg, and which, after the passage of the bill, will be submitted to the Senate.

It will enter into force on July 1, 1936.

It will not contract mutual assistance obligations, which Hitler characterized as virtual military alliances, nor will the outer
